Taylor Is Elected Mayor

GETS NOD OVER GIPSON BY MARGIN OF 37 BALLOTS

Morton got its first full slate of elected officials under the aldermanic form of city government Tuesday as a good turnout of 270 persons flocked to the polls and elevated Amos Taylor to the office of Mayor.

Taylor, who has been serving as mayor pro-tem since the resignation of Roy Tarver, Jr., polled 153 votes to 116 ballot chalked

Methodist Revival To End Sunday

The First Methodist Church annual spring revival will close Friday night.

The crowds have been good. The interest is fine," Rev. James H. Harrell, pastor, said this week. Dr. Howard H. Hollowell, pastor of the Laurel Heights Methodist church, San Antonio, is conducting the meeting.

Song services are under the direction of Zed Robinson of Enochs. Services are held each morning at 7 o'clock and each night at 7 o'clock. Each evening prayer services are conducted prior to regular service.

The pastor has extended area residents a cordial invitation to attend any or all of the remaining services.

Missionary Baptist Revival Will Begin Easter Sunday

The First Missionary Baptist Church of Morton will hold a revival meeting in Morton beginning on Easter Sunday, April 17, and continuing through Sunday, April 24.

Services will be held twice daily at 10:00 a. m. and 8:00 p. m., conducted by Rev. Jack Bloxom, pastor of the First Baptist Church, Waldo, Ark. Rev. Bloxom is no stranger to Morton, having led singing at two previous revivals here.

Rev. Austin Steadman, pastor of the church, this week issued a cordial invitation to everyone in the area to attend the meeting and hear Rev. Bloxom.

Jack Was Nimble But Not So Quick Jailbreak Fails

The old expression, "in the nick of time," was an apt description of the arrival of Sheriff Hazel Hancock at the County Jail, Wednesday night to place the prisoners in individual cells.

Sheriff Hancock always takes the prisoners out of the "walk-around" at night and locks them in separate cells, to provide more security.

"If I'd been 5 minutes later, it would have been too late," he said. The prisoner, William Hunter, knowing he had received a four year prison sentence earlier in the afternoon, found that the building was getting old and crumbly. He had managed to bash a hole in one wall, and the Sheriff thinks he would have been able to get out in a few more minutes.

CAR, PICK-UP DEMOLISHED ... Midland Man Killed in Accident Near Odessa; Morton Men Only Shaken - up

Two Morton men escaped serious injury Monday night, around 10 p. m., in a two vehicle collision about 10 miles out of Midland, but the mishap claimed the life of a Midland contractor.

Don Lamar and George Auld, proprietors of the Morton Recreation Club, had been to Odessa for the purpose of purchasing another pool table. They were in Auld's 1956 Pontiac.

George, who was driving, said he was going about 50 to 60 miles per hour, traveling north, when a woman driving a 1959 El Camino Chevrolet pick-up truck, coming toward him, suddenly turned off in front of him.

Killed almost instantly was the woman's husband, a Mr. Gullup, about 42, a contractor at Midland. The woman was also badly cut and required several hours of surgery.

Lamar, who had recently suffered a broken arm, had the arm out of the cast. The mishap didn't break the arm again but it loosened the healing process so that doctors put a new cast on it. Auld escaped with cuts and bruises.

The car and the pick-up were demolished.

Lamar and Auld are back in Morton now.

Grandson Dies; Services Held At Odessa

Funeral services were held Wednesday, at 2 p. m., at Odessa for 34 year old H. J. Haggin, Odessa, former Mortonite and grandson of Mrs. H. B. Bragg of Morton.

Mr. Haggin, who worked in the oil fields when he lived in Morton, was killed in a pick-up-train collision at Odessa. The pick-up was driving burned after being involved in the collision.

His mother, Mrs. Ethel Gurst, five sisters and three brothers survive. Mr. and Mrs. H. B. Bragg were in Odessa for the funeral rites.

BULA GETS NEW SCHOOL TRUSTEE AS ROBERT CLAUNCH IS ELECTED

BULA (spl.) — Bula added a new member to its school board in Tuesday elections held Saturday.

The election of a new member to the board was assured when Guy Sanders, incumbent, declined to seek re-election.

A total of 32 votes turned out — considered by Supt. Joe Turner as a very good vote in an election where there wasn't much issue talked — and east 13 votes to send Robert Claunch to the board over two other candidates by narrow margins.

Donald Grusendorf polled 11 votes and Johnny Layton had 7 votes.

In the County School Board election, from Pet. Four, the 32 voters from Bula east 29 votes for Robert Claunch's father, Jim Claunch, who was incumbent and the only name on the ballot. Write-in votes were cast for J. O. Dane and John Hubbard.

The Bula school board now consists of the following members: Chester Setiff, J. Ray Spence, Paul Young, Dewitt Tiller and Robert Claunch.

Delores Newman Rites Are Held At Artesia, N. M.

Funeral services were held at Artesia, N. M., Monday at 4 p. m., for 14-year-old Delores Newman who was killed in a vehicle mishap near Artesia, Sunday.

Delores, daughter of J. B. Newman of Artesia, and formerly of Morton, is also a relative of several Morton families.

Survivors include the father, three brothers and five sisters all of the home, at Artesia; the grandmother, Mrs. Chess Richard of Plainview and grandfather, John Newman, Artesia and a number of aunts and uncles.

Those attending the services from Morton include Mr. and Mrs. George Newman and girls; Mr. and Mrs. Fred Newman; Mr. and Mrs. R. D. Tilley; Mr. and Mrs. Junior Richard, and Cecil Kirk. Also, Mr. and Mrs. Jerry Gillam of Enochs and Mrs. Jimmy Gilliam of Hereford.

Delores' mother died 15 months ago.

Grand Jury Brings Nine Indictments

A 121st District Grand Jury brought nine indictments against three men here, Tuesday.

The Grand Jury, in session only one day, brought three true bills against Andres Magos; a passing of forged instruments; against Archie Baker and Gene Nichols, on burglary.

In one of the oddities of law, the Grand Jury no-billed a man whom a week ago slashed another man with a knife in the local theatre, and then, according to Sheriff Hazel Hancock, the man was freed without any charge being brought in any court.

Apparently the Grand Jury thought the charge of attempted murder was too stiff, but the case didn't even get into county or JP court, on a lesser count.

Magos was out on bond, Wednesday night, having nine signers of three \$1,000 bonds. The other two men billed, were in Crosby County facing more burglary counts there. All told, Sheriff Hancock said they had admitted around 40 or more burglaries.

The burglaries the pair committed in Cochran County occurred about a month ago. They entered the offices of Windom Oil and Butane Company, Silvers Butane, both in Morton, and Lyons Grocery in Whiteface.

They might have gone undetected if they hadn't been involved in a minor car wreck in Lubbock a day later. Police there hailed them in when they were found carrying a pistol and in possession amps. These stamps were traced to Morton and local offices were called. They went to Lubbock, Sheriff Hancock interviewed the men and they readily admitted the burglaries.

Billy Hunter, charged with checking law violations, pled guilty in 121st District Court here Wednesday and received a four year penitentiary sentence.

Hunter, had served two years of a three year term, when local officers went to the prison farm to get him and bring him back here for trial. The four year sentence will run consecutively, following the completion of the three year term.

Condition Said Critical After Auto Mishap

In critical condition in a hospital are Margaret Newman, aged 16, daughter of J. B. Newman of Artesia, formerly of Morton and Gene Newman, 19, son of J. B. Newman, following an auto mishap at Artesia Sunday afternoon at 4:30 p. m. that killed Delores Newman, 14.

Margaret is said to have internal injuries, a leg broken in three places, an arm broken in two places, two broken ribs and other abrasions.

Gene has a broken leg and compound fracture of the thigh.

Pal Newman, 14, daughter of Mr. and Mrs. Lloyd Newman of Artesia and cousin of the others has head injuries and a compound fracture of the leg.

Two Plainview youths, visiting in Artesia and with the group, Charles Gene Taylor and Quincy Taylor, were slightly injured.

The car went out of control when it struck a dip on a narrow road. No other car was involved.

Indians Duel for 2-AA Track Crown At Lubbock Track, All Day Today

The Morton Indians will join other District 2-AA track teams in Lubbock today for the district track meet at the Texas Tech field.

As usual, preliminaries will be run off early in the day with the finals taking place in the afternoon.

Muleshoe is favored to cop the title on the strong legs of Don Oliver. But local coaches are high on the hopes of Morton with a well balanced performance coming through to contest the others for the title.

Morton's strongest points are Gary Willingham, middle distance runner and the 440 yard relay and mile relay teams. But others have been working hard on field events and anything might happen.

First and second place finishers in district competition qualify to compete in the regionals.

Whiteface Polls Large City Vote; Cecil Riddle Is Elected City's Mayor

WHITEFACE (spl.) — In what is described as a possible record 120 persons turned out for city election at Whiteface on Tuesday and sent Cecil Riddle to office as mayor and returned R. Thompson and L. S. Salsor office as aldermen.

Riddle, production superintendent for Western Drilling Company lived 74 votes to 46 cast for Lee D. Pond, also an oil company employee.

Riddle led the alderman ticket with 94 votes and Thompson 55. John V. Bridges polled 47 and Walton G. Miller accumulated 41 ballots in support.

Mr. Diggs, who had been ill for several months, died at 1 a. m. Monday at the Methodist Hospital in Lubbock.

Rev. Travis Ham, pastor of the church officiated and burial was in the City of Levelland Cemetery under the direction of George Price Funeral Home.

A retired farmer and service station operator, born in Paris, Texas, Mr. Diggs moved from Ralls to Claene, near Levelland in 1939 and farmed there until 1942. He moved to Levelland in 1942.

Survivors include the wife, Mrs. Cecil Diggs; a son, Lee Diggs, Levelland; a daughter, Mrs. Juanita Evans, Ralls; two sisters; Mrs. Dora Wideman of Ralls and Mrs.

Bledsoe Elects Hall and Gandy To Positions on School Board

BLEDSOE (spl.) — Bledsoe Independent School District voters returned one school board member to office and defeated another, in returns furnished the Tribune by Supt. Otis Parr of Bledsoe Schools.

M. C. Hall, who led the ticket with 37 votes, was the incumbent returned to office. Elree Gandy, who polled 21 votes was the other trustee elected.

Prices have been cut in half on all salable items, Joe Mohmood, owner, has announced.

Box Supper Nite At Three Way Is Tomorrow

A box supper and candidate speaking has been announced to be held at the Community Center on Friday, April 8th.

Everyone is cordially invited to attend the get together which is set for 8 p. m. All funds collected are to be used in "fixing up" the community center which is located at Maple, it was announced.

One New, One Holdover Trustee Get Three Way Voters Support

THREE WAY (spl.) — With a record vote cast in the Three Way Independent School District trustee election, Saturday, voters sent one school official, Morris T. Gant, to defeat and re-elected Conrad Williams.

Williams led the ticket with 70 votes out of a total of 95 ballots cast. Leon Dupler was also elected to the Board with 57 votes.

Defeated were Jack Hutchison, 37 votes; a write in candidate, Charles Abbe, 11 votes; and Gant with 8 votes.

Baker Johnson was election judge for the southwest Bailey county community.

Dave's 66 Service Sets Date for Formal Opening

A "formal opening" has been announced for Dave's 66 Service Saturday, on the southwest corner of the square, here.

David Coffman, who took over management of the station in February, has announced that six bottles of Coca Cola will be given away with each gasoline "fillup" Saturday.

And, when the bottles are returned, with tag attached, the owner's auto will be given a free grease job.

Details will be found in an ad in this publication of the Tribune.

WOD Receives More Donations

WOD (spl.) — The new additions to the 1960 drive moved the total past \$700 mark last week.

The contributions came from the Morton L'Allegro Study Club, the Whiteface Schools, and the Whiteface Schools.

The contribution from the Whiteface schools was the entire proceeds from a basketball game.

Other contributions may be made to Mrs. Fred Morrison, permanent county treasurer who is the fund drive chairman.

Diggs Services Held Tuesday At Levelland

Final rites were held at the Morningside Baptist Church in Levelland at 3:30 p. m. Tuesday for Lee Clifton Diggs, 70, of Levelland, step-son-in-law of Mrs. Eunice Oden of Morton, and relatives of several other Mortonites.

Mr. Diggs, who had been ill for several months, died at 1 a. m. Monday at the Methodist Hospital in Lubbock.

Rev. Travis Ham, pastor of the church officiated and burial was in the City of Levelland Cemetery under the direction of George Price Funeral Home.

A retired farmer and service station operator, born in Paris, Texas, Mr. Diggs moved from Ralls to Claene, near Levelland in 1939 and farmed there until 1942. He moved to Levelland in 1942.

Nobody Fooled Nancy Cagle; She Is \$66 Jackpot Who's Who Winner

The Who's Who entry of Miss Nancy Cagle, a Texas Tech sophomore, was awarded the \$66 Tuesday afternoon.

As of press time Wednesday, Miss Cagle could not be reached for comment.

She is the daughter of Mr. and Mrs. W. L. Cagle who reside approximately 12 and one half miles southwest of Morton on Route 1.

Miss Cagle's entry correctly named Mrs. Joe Gipson as the mystery Who's Who person.

Also, she correctly listed the 25 clues which identified Mrs. Gipson, founder and teacher of the "Little Folks School" here.

Miss Cagle's entry was drawn by little Miss Julie Ann Cooper, 3 daughter of Mr. and Mrs. J. F. Cooper Jr., of St. Route 2 Morton.

The Who's Who awarding was conducted at Seaneys Food Store. Entries were gathered from Merritt L. P. Gas Co., Smith Furniture See (WHO'S WHO) Page 2

Dr. Haddad is pictured here with his class in an ancient literary Arabic. Students from left to right are: Dimitry Bushen, Ann Arbor, Michigan; Frederic J. Cadora, Atlanta, Georgia; Robert E. Debrott, Ann Arbor, Michigan; and Samuel B. Grant, Jr., St. Louis, Missouri.

Watering Is Main Topic of Discussion at Council Meeting; City Orders Assessment Role Drawn Up on More Blocks

Watering will be the main topic of discussion at the City Council meeting, Monday night.

The question was brought by a owner on the farthest street in Morton, who voiced the question that when the paving project completed he might have a "lake" in front of his house.

Bob Lydick, engineer representing the firm which is engineering the paving project told the Council he was not prepared at this time to say which streets will be used as drainage streets. He said the decision would have to be made when it was determined which streets would be paved and how far.

However, Lydick made it clear that a couple of the streets would have to be designed to carry the water out of town. He minimized any fears any property owners have as to where the water will

Steve Bracken Takes Ownership Of Smith Furn.

"We will strive to continue to offer you, the residents of the Morton area, the same courteous service you received from the Smith brothers," Steve Bracken said this week in announcing the purchase of Smith Furniture and Appliance.

The firm has been re-named Bracken Furniture and Appliance. It is located just north of the Rose Theatre on North Main.

Bracken said the firm would continue to give and redeem Big Chief stamps.

A formal opening will be announced later.

Mr. and Mrs. Bracken have two children, Ronda 4, and Kim, 2. She is the former Miss Janice Baker, daughter of Mr. and Mrs. H. L. Baker of here. He is the son of Mr. and Mrs. S. J. Bracken of here.

Mr. and Mrs. Roy Smith and Floyd Smith have made no announcement regarding future work.

Former Morton Youth Injured At Levelland

The condition of Perry Lee Crockett, a former Morton resident who suffered a broken leg in a motorcycle-auto crash Friday afternoon in Levelland, was reported Wednesday as "satisfactory."

Young Crockett, 11-year-old son of Mrs. Ludean Crockett, Levelland, was taken to the Methodist Hospital, Lubbock, after examination by Levelland doctors.

(For the benefit of local residents, young Crockett is in room 519.)

His grandmother, Mrs. Alice Holt of Morton, reported he will remain in traction for at least six weeks.

The youth was injured when the motorcycle he was riding in company with another youth collided with an auto driven by a Levelland woman.

The Crockett youth, who was riding behind the other youth, was thrown from the motorcycle by the impact. Besides leg injuries, he suffered bruises about the head.

SOIL CONSERVATION DISTRICT NEWS

Several Cochran Soil Conservation District Cooperators are taking advantage of the assistance provided by the Agriculture Conservation program, and the Great Plains Conservation program in applying permanent soil and water conservation practices on their farms.

Some of the cooperators that are installing low pressure underground concrete irrigation pipelines are Don Fincaannon, J. D. Hawthorne, Billy and Walter Gerik, and Joe Beseda. This type of pipeline will be used in surface row irrigation systems, and will replace open ditches.

With concrete pipe systems approximately thirty percent of the irrigation water can be saved by eliminating evaporation and seep-

age into the soil along the ditch. Some cooperators are installing high pressure underground pipelines, such as steel, asbestos and cement pipe. This type will be used with sprinkler irrigation systems, where more pressure is needed to operate the sprinkler properly.

The ones installing high pressure lines are Ike Williams, J. B. Nicewarner, Bob Cross, Homer Thompson, E. L. Palvado, Merlin Roberts, and H. B. Spots.

be drained by emphasizing the fact that his firm is an engineering firm and that they know how to route water to its natural drainage point.

The discussion of paving of 9th street came up again as homeowners, on the street have asked for it to be paved with the exception of one homeowner who also owns all the lots on the east side of the proposed street and has emphasized he is protesting the paving.

The city fathers then adopted the paving ordinance for the second advertised set of blocks, and approved an assessment of this paving.

Minutes of previous meetings were read and approved and monthly bills were taken care of.

The telephone question came up again and it was said that General Telephone and Five Area Telephone Cooperative are in discussion about the extended area service and some sort of a solution is expected soon.

Two employees in the sanitation department were granted pay increases.

But most of the discussion concerned the paving. In addition to Lydick, Red O'Brien of Fanning Construction Co. attended the meeting and explained about various blocks which were in question.

A committee from the First Methodist Church, composed of Gene Benham and Elmer Gardner appeared to express the sentiment of the church concerning their bid to have paving completed around the Methodist Church.

James McClure appeared on behalf of Garfield Ave., John Barnes and W. M. Butler appeared in regards to 9th Street.

Mayor Amos Taylor, City Sec-

retary Joe Seagler; Councilmen R. C. Strickland, and Roy Gentry were also on hand together with George Boring, City Attorney, and Eddie Irwin. Councilmen B. Merritt and Rob Richards were absent.

The meeting was in actuality a continuation of the protest hearing, and the ordinance and assessment closed that meeting's transactions.

Another protest hearing was set for Monday, April 25th, on the second group of streets added to the paving proposal. A description of these blocks is contained in a legal ad in this week's edition of the Tribune.

Morton 7th Grade Trackmen Upset Three Plainview, one Littlefield Junior High Teams in Track Meet; 8th, 9th Grade Boys Do Well In Topflight Competition

With Charles Ledbetter and Marlon Solis leading the way, Morton's 7th graders surprised three Plainview Junior High Teams and one from Littlefield in a track meet at Plainview last Saturday. Morton competed in the 7th, 8th

and 9th divisions, and the local boys, as was expected, finished last in the 8th and 9th grade meet. But they pulled a real upset by winning the 7th grade competition. In the 8th grade meet, John

Lloyd came up with a fourth in the high jump and Bill Huckabee placed sixth in the discus toss. Points scored by Morton in the 9th grade competition came from Sam Carrasco, a fourth place and Jeff Townsend a fifth place in the

quarter; Lester Dupler fourth in the broad jump; Willard Cox fifth in the discus; Larry Beseda second in the high jump; and the 440 yard relay teams placed fourth. On that team were Mike Holland, Townsend, Carrasco and

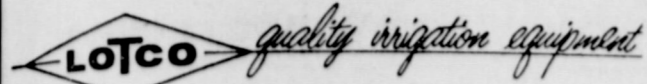

Dupler. Overall in the three divisions, Morton sent 14 boys into the finals of the meet. Ledbetter and Solis really raked up the points for Morton in the 7th grade competition.

Charlie won the high jump and the 100 yard dash and placed second in the broad jump and the 100 yard dash for a total of 16 individual points. Solis copped the 50 yard dash and placed 3rd in the 75 yard run

for 7 points. Then each picked up 2½ more points as members of the winning 440 yard relay team of Ledbetter, Solis, Marlin Rose and Sandy Wallace. Coach Pat Hughes said he was highly pleased with the competition offered by all of his junior high boys in all divisions considering they were running against AAA, and AAAA schools.

"Specials" Are Still Available

Troy Hanson, manager of the Morton Labor and Farm Association said this week that Mexican

National specials can still be obtained for area farmers. Hanson said he can get them through his association or direct. He said it takes about ten days to get a special and about four to seven days to get open order hands.

Highlights and Sidelights FROM YOUR State CAPITOL

By Vern Sanford

AUSTIN - It's nine months until the 57th Legislature comes to Austin to pass laws, appropriate money and, probably enact new taxes. But the major decisions are being made now.

Whether it's the newer weather or the dwindling time - (first primary is only a little more than a month off) - the deciding process is now going full tilt.

Candidates have their literature off the presses and their campaign organizations in action. Challenges and promises are being made, mostly centered on one issue - meeting the state's in the red financial predicament.

In most areas legislators are being forced, if their announcement platforms aren't clear, to say pretty specifically what sort of new tax they would favor.

On the statewide level, it's the same. Jack Cox, with the backing of Former Gov. Allan Shivers, has come out for a 2 percent sales tax for education. Gov. Price Daniel has consistently maintained that the state's financial problem's are not so great they cannot be solved by other means.

Jake Pickle is leaving his post as director of organization for the State Democratic Executive Committee and will work in Governor Daniel's campaign. Jake Jacobson, former Daniel aid, will head the Daniel headquarters.

HIGHER COLLEGE COSTS - Next legislature probably will be asked to appropriate about 23 percent more for support of Texas' state colleges and universities.

Ralph Greener, director of the Commission on Higher Education, said an estimated \$31,400,000 more than present allocations would be needed for the 1961-63 biennium.

This is some \$15,000,000 a year more than the \$65,000,000 being spent this year. Green told a Legislative Economy Committee the extra funds would be needed to meet increased enrollments and improve faculty salaries.

Green reminded the lawmakers that part of increased cost results from the legislature's having made a junior college into a senior college - against the Commission's recommendation.

MORE YOUTH AID ASKED - Texas Youth Council has announced it will try again to get a paid parole supervision system for juveniles released from state training schools.

Legislature failed to enact this last session. Council also outlined need for establishing a home for dependent and neglected Negro children and expanding other state schools for young people.

Other two members of the Co-

uncil refused to add their support to a wide-scale delinquency prevention program proposed by Chairman W. C. Windsor Jr. of Dallas. It included such recommendations as making 12 years of schooling compulsory, keeping schools open to 5 p. m. for students with special needs, working with the Texas Employment Commission to provide more job opportunities for youngsters, more emphasis on child and family guidance centers, etc.

Louis Henna of Round Rock and Robert Kneebone of Houston said Windsor's program invaded the fields of other state agencies. SAFETY LAWS OUTLINED - Brad Smith, director of the Texas Traffic Safety Commission, has proposed a four plank platform for cutting Texas traffic toll. Planks are:

- 1. Provide driver education for every public high school that wants it. 2. Revise the 20 year-old drivers license requirements. 3. Set up a statewide chemical test for suspected drunken drivers. 4. Set up a system of traffic courts.

BRIDGE WORK SET - Texas Highway Commission has announced plans to spend \$5,216,500 in strengthening or rebuilding more than 100 bridges.

They are bridges regarded as not strong enough to take the increased 72,000 lb. load limit authorized by the last Legislature. At present these bridges are "zoned" to prevent use by trucks loaded to the limit.

SCHOOL VOTING was considered very heavy in most of the Texas Last Frontier area school districts Saturday, and there no pressing issues at stake, either.

It would seem ...

THAT FOLKS all over are coming to realize the seriousness of the situations our schools face. It's not so much a matter of how much we like this or that Superintendent any more, and not as much of a popularity contest of the men and women running for office.

voters are ...

FACED, in every school district, with either a pressing bond issue to build more rooms and supply more money; or an anticipated bond issue.

we have ...

HAD THE FIGHT, more or less, on a state level, this business of teaching profession needing more money; of either state or local sources providing more money or have the Federal Government step in, and at the same time "take over". But this fight hadn't seemed to "soak in" on the voters themselves, until recently.

a record ...

VOTE TURNED out at Three Way, a small rural school which may be bidding time until it is forced to consolidate. Bula, perhaps in an even more precarious shape also had a big vote. Morton and Whiteface both considered their vote a large one, though not near record proportions.

in this area ...

WE HAD NO intergration votes but some districts on the South Plains did have such a vote, and of course the results of those elections posed problems that must be faced by those school boards.

this business ...

OF THE COST of education is not just a big problem ... it's an enormous one. On the state level a lot of the campaigning for state offices is being carried on with the school funds as a main issue. It's not as simple as just increasing teacher pay, adding more funds to our schools for other phases of the educational program, or even adding buildings to house the increasing numbers of school children. It's a question of where this money will come from.

if it comes ...

FROM THE LOCAL level we will do more toward dictating our own school policies. But if it comes from the state level, the state will have a bigger hand in telling us what we must do to receive those funds, and Federal aid, means probable Federal control.

none of these ...

TV STARS BOOKED FOR MORTON - Boxley and Marie, who have appeared on TV several times, are the stars of "Mystorama", coming to Morton, Thursday, April 14th, sponsored by the Morton Jaycees. He is shown as he performs one of his featured acts, also shown on television, on the Ed Sullivan Show, that of causing Marie to float suspended in air with no visible means of support.

Mystorama Tickets Are Now On Sale

Tickets are on sale this week to the vaudeville - mystery production, "Mystorama" to be presented by the Morton Jaycees on April 14th.

The show, featuring Boxley and Marie, accomplished vaudeville performers with many years of experience, is a magic show featuring the sleight of hand deft of Cas Boxley, plus many of the famous elaborate settings featuring Boxley and his lovely assistant, Marie.

Among the featured acts are a

pickpocket routine; a mummy which comes to life from an Egyptian sarcophagus; the silver go from India; the levitation act where Marie is suspended in air; the spook dancing in a coked bottle; and many others that have been seen on television.

The show gets underway at 8 p. m. on Thursday night April 14. Admission is \$1.00 for adults and 50 cents for students.

Retiring workers were advised to call on the Social Security Administration two or three months before the date of retirement by John G. Hutton, District Manager of the Lubbock District Office.

"Early application for the social security benefits will enable us to attend the necessary details and avoid a delay in the payment of the first check," he said.

"Claims for the retirement and family insurance payments require some action before they can be certified to the Treasury Department for payment", according to Hutton. "By filing early, payment can be made soon after retirement."

An application should bring some evidence of his age and an earnings statement showing the amount of his wages in the last year. The self employed person should furnish a copy of his latest income tax return.

No appointment is necessary to file a claim. The Lubbock office of the Social Security Administration is located at 2878 - 34th Street. The office is open Monday through Friday (except holidays) from 8:30 a. m. to 5:00 p. m.

A representative of the Lubbock Social Security office will be in Morton, Texas on Monday April 11 at 9:30 a. m. in the Basement of the Courthouse, and will be glad to assist in all matters pertaining to Social Security.

Visitors at the County Line Baptist Church Sunday night were Mr. and Mrs. Raines and Stanley Clark of Morton, Mr. and Mrs. Frank Fleenor of Levelland, Route 3, Kenneth Chance, Norman Beauman and Richard Neucombe of Reese Air Base, Lubbock.

AS GOOD A show as it's cracked up to be, we hope everyone interested in that type of show will be sure to get a ticket and attend. It's not likely a show of this calibre will be brought to Morton again in the near future.

IT'S A MAGIC SHOW. The star of the show is a magician who has appeared on TV and many of you no doubt caught his act on the Ed Sullivan show.

SUNDAY VISITORS

Visitors at the County Line Baptist Church Sunday night were Mr. and Mrs. Raines and Stanley Clark of Morton, Mr. and Mrs. Frank Fleenor of Levelland, Route 3, Kenneth Chance, Norman Beauman and Richard Neucombe of Reese Air Base, Lubbock.

District 2-AA Literary Events Are Scheduled

Literary events of District 2-AA will be held at Muleshoe High School on Friday, April 8th, it was announced this week by Tom Pate, Morton High School Principal.

Morton did not compete in the district one-act play contest, won by Muleshoe, but will send several students to Muleshoe to compete in other events on the TIL slate.

Principal Pate especially is high on the local school's chances to place high in the shorthand competition.

JUDGE LEDBETTER

SPEAKS AT ENOCHS Judge M. C. Ledbetter was in Enochs Sunday to talk to members of the Enochs Methodist Church. The pastor, Rev. Thomas Hatcher, was ill.

UNDERGOES SURGERY

Mrs. O. L. Tilger of Morton and Mrs. Arlee Bernard of San Angelo left Wednesday for Cuero, Texas

to be at the bedside of their father, W. M. Harryman, formerly of Morton, who is to undergo eye surgery, April 6th at Baham Hospital at Cuero.

DAIRY FOODS CONTESTS
The 4-H Dairy Foods Contest on Saturday will emphasize the use of dairy foods in the diet. You can eat your milk as well as drink it, so there is really no excuse for not getting enough of this important food daily.

Dairy foods, such as cheese, ice cream and other dishes made with milk, will bring milk's important nutrients into your meals. Everyone needs milk. It's an excellent source of protein — the same kind of protein found in red meats. And, it's very important for riboflavin, one of the B-Vitamins, as well as many other food values. Milk's major contribution, however, is calcium; it accounts for nearly three-fourths of the total in average diets. Grown ups as well as children must have calcium to keep their bones and teeth strong and healthy.

Adults need about 2 cups of milk a day, or other foods that give the same amount of calcium. Children need at least 4 cups. Youngsters in the family go for such combination refreshers as milk shakes, floats or other drinks made from milk and ice cream.

If you attend the 4-H Dairy Foods Contest Saturday in the County Activity Building you may learn several new ways of adding milk to your meals.

H. D. COUNCIL MEETING
The regular meeting of the Cochran County Home Demonstration Council will be held Tuesday afternoon, April 12, beginning at 2:00 o'clock. Mrs. Edward Brownlow, chairman, will preside. The Bake Sale will also be Tuesday at Doss Food Store.

CLEAN ALL WOOLENS BEFORE YOU STORE THEM
Before storing those winter woollens be sure they are clean. This will help guard against moth damage and keep your garments looking better for a longer period of time.

Examine all garments carefully and clean or wash as directed on the label.

Before washing, give special treatment to spots and stains. Also measure your knitted garments so they can be pulled back into shape after washing.

Moth-proof woollens before you store them. Dry cleaning kills all forms at the time of treatment, but does not insure permanent protection. Garments placed in sealed paper bags immediately after cleaning will be protected indefinitely.

You can moth proof washable woollens when you launder them. Directions for doing this are given in the Extension Leaflet 156, "Clothes Moths". Copies are available from this office.

FOOD FOR LENT
Recipes presented under this section are good at any time of the year.

CHEESE FONDUE
4 eggs, well beaten
2 cups soft breadcrumbs
1/4 teaspoon salt
2 cups hot milk
1/2 pound cheese, shredded (2 cups)
Combine all the ingredients.
Pour into a greased baking dish

and bake at 350 F. (moderate oven) for about 40 minutes - or until set and lightly browned on top. Serve at once.

FROZEN CHEESE DREAM
2 cups cottage cheese
2 Tablespoons lemon juice
1 cup sugar
2 c. sour cream

Press cottage cheese through sieve. Add lemon juice and sugar; beat until smooth and blended. Stir in sour cream and mix well. Pour into refrigerator tray. When mixture is frozen around the edges turn into chilled bowl and beat with rotary beater until smooth but not melted. Return, freeze until firm. Cut into 6 servings. Serve with fruit.

EAST ELEMENTARY STUDENTS SING... Lions Vote to Bring Citizenship Course To Morton, Working With Other Clubs

Nine students of the Morton East Elementary School were guests of the Morton Lions Club at their noon luncheon on Wednesday.

The students, who attended with their teacher, Miss Bobbie Hamilton, sang a medley of four songs for the club after the luncheon, featuring George Williams and Charlie Hill.

Other guests for the day included Bro. Austin Steadman, Al O'Brien, of Lubbock, Max Hamilton and John E. Holloman of Socorro, N. M.

After a discussion, the club voted to sponsor the bringing of the LCC Class on Citizenship to Morton to start as soon as possible.

John Barnes, chairman of the Chamber of Commerce Committee, told the group that the date of May 5th had been set as the day to have an all-out, community-wide meeting, and to form the Chamber of Commerce.

Where to LOOK for CLUES... RULES

Clues may be hidden in ANY ad in this group ad. When a "Star" appears in any of these ads, it means that additional advertising for that merchant appears elsewhere in this issue of the Morton Tribune, and additional clues may be hidden in any of those

ads, also!

Clues will be scattered... there may be from one to five clues in any ad... or none. This is a contest of skill... and we intend to do our best to outwit you. We invite you to do your best to outwit us!

Grid of advertisements for various businesses including food stores, beauty salons, tire companies, and hardware stores. Each ad includes a name, address, phone number, and sometimes a star icon indicating a clue.

RULES

1. This is a family fun contest. Entries welcome from every member of the family old enough to fill out his or her own. You may submit one entry per person at any or all of the Sponsoring Merchants whose ads are in the row that is heavily bordered this week... but only one entry per person at any one store (more than one will disqualify all entries of that person for that week). Anyone can enter unless a member of your family is employed by the MORTON TRIBUNE. Sponsoring merchants, their families, (and their employees and families) are most welcome to enter EXCEPT during weeks that entries are brought into the Sponsor's place of business.

2. Nothing to buy. Use any slip of paper for entry blank. DO NOT put your entry in an envelope. Not necessary to be present at the drawing to win.

3. WHO'S WHO may be anyone in the Morton trade area. Clues to his or her identity will be hidden ONLY in ads of Sponsoring Merchants (this means any ad in this section or any ad of the same merchant elsewhere in the paper). When star (s) appear in any ad in this section, it is your warning that other ad (s) of the same merchant (in which there may be clues) appear elsewhere in the paper. Clues will be scattered... many ads will have no clues while others may have as many as five. Beware of false clues; there may be some! This is a contest of skill and we intend to do our best to outwit you. We'll be delighted if you succeed in outguessing us, in spite of our best efforts.

4. If, by coincidence, the name of WHO'S WHO (or other facts about him or her) happen to appear in news items, editorial matter, or other places in this newspaper, these will not count as clues.

5. To enter, write down the name you think is WHO'S WHO. List all the clues you can find in all the ads of the Sponsoring Merchants in this issue. Don't forget your own name and address! Then drop your entry at the business location of any Sponsoring Merchant WHOSE AD IS BETWEEN THE HEAVY BORDERS IN THIS SECTION. You may enter at all four if you wish. There are no other places where entries will be accepted... and MAIL ENTRIES WILL NOT BE ACCEPTED.

6. This week's contest starts when you receive this issue, and closes at 4:30 p. m. Tuesday of the following week. At that time (4:30 p. m., Tuesday) a drawing will be held. The first entry drawn that correctly identifies the WHO'S WHO will win \$10.00. If THAT entry also lists every correct clue, (and no false clues) hidden in all ads of Sponsoring Merchants, the Bonus Jackpot of \$56.00 will be given. Whenever this bonus is not won it will be added to next week's BONUS... which will continue to grow until it is won! Winning the BONUS requires a PERFECT list of correct clues... the exact number and all copied correctly. Family participation gives you a better chance to win the jackpot. Your wife, husband, or some bright-eyed youngster MAY spot a clue that you miss! Got any detective blood in you? Think you can outwit us? Remember you can't win if you don't enter... Fix up your entry NOW!

County Line Baptist Church Plans List Of Achievement Projects To Be Tried

Two of the Achievement Program Committees met Tuesday evening at 8 o'clock at the County Line Baptist Church to plan projects for the Achievement Program.

1. Conduct a paint-up, clan-up fix-up campaign; put names on mail boxes.
2. Use full power and facilities of church in case of individual or community disaster.
3. Provide transportation for church services.
4. Promote fire and crime prevention. Study juvenile problems and their correction.
5. Keep community dry. Study alcohol and narcotic problems.
6. Pastor can be available for speeches before all civic and religious groups of Community.
7. Organize a recreation program for every age and open facilities to fellowship. Promote community fellowship.
8. Conduct Easter sunrise services. Have Christmas pageant. Erect Nativity scene outside church at Christmas. Have student night for returned college students, during the Christmas or spring holidays.
9. Honor graduates each spring.

The pastor James A. Kelly met with each of the committees.

To Bring Records Up To Date . . . 18th Decennial Census Should Reveal Interesting Facts of Texas' Growth

Ten years of population change in Texas will be measured by the 18th Decennial Census of the United States to be conducted this month by the Bureau of the Census Department of Commerce. The new statistics will bring forward the information last collected in the 1940 Census.

In 1850, when it was first enumerated in a Federal census, Texas had a population of 212,592. One hundred years later census takers counted 36 times that many Texans or a total of 7,711,194.

Texas has always grown, populationwise, at a more rapid pace than the Nation as a whole. Records at the Census Bureau show that in 1900 the State had a population of 3,048,710 or 14 times as many people as were counted in 1850. The rate of growth in the twentieth century ranged from 10.1 percent between 1930 and 1940 to 27.8 percent between 1900 and 1910.

The numerical increase of 1,296,370 for the decade 1940 to 1950, the largest in the history of the State, represented a gain of 20.2

percent over the 1940 population of 6,414,824. Texas moved from sixth to fifth place among the States in population in 1910, passing Missouri, only to be itself passed in 1940 by California. It was sixth in population according to the Seventeenth Decennial Census (1950) following New York, California, Pennsylvania, Illinois and Ohio.

Texas, originally a part of Mexico, won its independence by revolution in 1835 and 1836, and continued as an independent republic until 1845, when it was annexed to the United States and admitted to the Union as the twenty-eighth State. At this time it included areas now comprising parts of Colorado, Kansas, New Mexico, Oklahoma and Wyoming. In 1850 with the transfer to the United States of the territory now in these other States, Texas assumed practically its present boundaries.

The State has a land area of 263,513 square miles. In 1950 there was an average of 29.3 inhabitants per square mile as compared with an average of 24.3 in 1940.

The 1950 urban population of Texas comprised 4,383,060 persons or 62.7 percent of the population of the State. This urban population was living in the 272 urban places in the State and in other territory in the urban-fringe areas of the 12 urbanized areas in the State.

The rural population of Texas comprised 2,873,134 persons, or 37.3 percent of the population of the State. Of the rural population, 361,654 persons, or 12.6 percent, were living in the 195 incorporated and 33 unincorporated places of 1,000 to 2,500 inhabitants.

The 254 counties in Texas range in size from Loving with a population of 227 to Harris with a population of 806,701. Between 1940 and 1950, 108 of the counties increased in population as against 134 in the previous decade. The most rapid rate of increase between 1940 and 1950 was experienced in Andrews County, which had nearly four times as many inhabitants in 1950 as in 1940. In four additional counties — Ector, Midland, Moore, and Orange — the population more than doubled over the 10-year period. As in the previous decade, the largest numerical increase was recorded in Harris County, which had an increase of 277,740. The combined increase of Harris and Dallas, Bexar, and Tarrant Counties the three other counties which had increases in excess of 100,000, accounted for more than three-fifths of the population gain for the entire state.

In 1950 there were 719 places in Texas incorporated as cities, towns or villages and 47 unincorporated places of 1,000 inhabitants. Of the 5,080,431 inhabitants of the incorporated places, 467,765 were living in the 461 places of fewer than 2,500 inhabitants. There were 105,869 persons living in the unincorporated places, 51,105 of whom were in the 33 places of 1,000 to 2,500 inhabitants. The incorporated places in Texas ranged in size from Belcherville town with a population of 31 to Houston city with a population of 596,163.

There were 12 urbanized areas in Texas. Of the 2,815,499 persons living in urbanized areas, 2,466,140 were in the 12 central cities of the urbanized areas and 349,359 in the urban fringe areas. The urban fringe areas had 197,025 persons living in 34 incorporated places and 152,334 in the unincorporated parts.

RANCHERS EXPECT GOOD YEAR — Reflecting the age-old Texas philosophy that everything depends on rain, most Texas ra-

chers are featuring a smile this spring. Members of the Texas and Southwestern Cattle Raisers Association meeting in Austin said wet weather had put a "season" in the ground. Prolonged cold meant a lot of expensive feeding, but, in general, the cattlemen look to this year as one of the best ever. Amid the optimism U. S. Secretary of Agriculture Ezra Benson warned against too-rapid expansion of herds. It will almost certainly result in a sharp drop in prices, said Benson. Benson noted that in the past two years cattle in the U. S. had increased by almost 4,000,000 head a year, double the rate he felt the consumer market can easily

absorb. He estimated there were a record-breaking 101,000,000 head of cattle in the country at the start of the year. This is "not yet excessive," said Benson, but he urged that future increases be "moderate". Governor Daniel warned the cattlemen to watch the import situation. Governor's Exhibit A was the Texas oil industry which has suffered crippling setbacks from the competition of lower-priced imports. Secretary Benson opposed raising import barriers. He suggested that losses would offset gains in that a \$4,000,000,000 export business in hides and tallow would be choked off. Dolph Briscoe of Uvalde, former legislator, was elected president of the Cattle Raisers Association.

CATTLE MEASURES URGED — Cattlemen voted to seek governmental action in these areas:
1. State and federal agency help to enable railroads to operate more efficiently and economically.
2. Legislative enactment of a stronger trespass law to protect landowners.
3. Full authority for the Texas Animal Health Commission to direct the brucellosis eradication program begun under a law passed by the Legislature in 1959.
4. Confirmation by the U. S. Secretary of Agriculture of the Association's right to carry out its brand registration and inspection program.
5. Launching by the USDA, as quickly as possible, of a screw-worm eradication program in the Southwest similar to dramatically successful Florida program.

With Your ... COUNTY AGENT

By Homer E. Thompson
NEW RANGE CATTLE TEST AID TO BRUCELLOSIS PROGRAM

A new method for testing range cattle is resulting in major savings to beef producers in their efforts to eradicate brucellosis, an important livestock disease. The method is based on use of a screening type blood test of cull and dry cows on the way to or during slaughter. Animals tested each year must equal 5 percent of all cows in the area. Another important requirement is that owners vaccinate at least 80 percent of all eligible calves each year. Successful use of this test to recertify Benton County, Washington, as a modified-certified brucellosis area marks a major advance in the battle to eradicate this costly disease. The county was officially recertified effective March 15. A modified-certified area is one in which no more than one percent of the cattle or 5 percent of the herds are affected with brucellosis. Certification is for 3 years. Continuous testing makes recertification possible, but for beef producers it has meant rounding up at least a fifth of all herds in the certified area every 3 years.

The advantages of the new method are shown in the Benton County test. During the 3 years prior to March 15, 1960, brucellosis was found — and further tests required — in only 11 of a total of 601 beef herds in the county. Under alternate recertification procedures, it would have been necessary to test a total of at least 120 herds. As a result of the new method, 92 percent of on-the-ranch testing was eliminated. This reduction in ranch testing saves the majority of beef producers the expense and labor of handling cattle, as well as eliminating the possibility of injury to the animals themselves. Since all herds in an area may be included in this continuous screening program, any infection is likely to be detected before it has an opportunity to spread.

RECORDS CAN HELP IN COST CUTTING SEARCH
Can your production costs be cut? This is a vital question which every farmer or rancher must answer for himself. Prices of production items continue to rise, while prices received for most farm products keep dropping.

The tough problem is to find ways to hold the margin between receipts and expenses. One method is to watch closely for ways of cutting expenses that affect potential profits.

Items of fixed cost may not be reduced greatly. These are such things as rent, taxes, interest and depreciation on buildings and equipment. Variable costs such as feed, seed, labor, fertilizer and pesticides may offer some savings if managed carefully.

CONTROLLING OUT DOOR FIRES
Out door fires — the uncontrolled and dangerous kind — are closely connected with both the weather and people.

Auto Sticker Deadline Apr. 15

The time for auto inspection stickers to be issued for 1960 is almost upon Texas motor vehicle owners. The deadline is April 15th, a week from Friday. Latest reports from the Department of Motor Vehicle Inspection indicates there still are around 30 percent or more of the vehicles not inspected and motorists are urged to get this chore taken care of so as to avoid the last minute rush.

By April 16th, all autos must have the 1960 inspection sticker on their windshields. Official inspection stations in Morton are Mahan Motor Co. and Allsup Chevrolet. The inspection costs \$1 for the sticker, if everything on the vehicle checks out okay.

Willingham 2nd In Amarillo Relays 880-Yard Run

Morton's cindermen, with only a handful of their competing Saturday in the Amarillo relays, garnered three points in the track meet involving some 31 teams of Class 4-A, 3-A, 2-A, A and B calibre. Gary Willingham posted the Morton points as he finished second to Davis Dallas of Clayton, N. M., in the 880 yard run. Morton's mile relay team finished sixth in that event, not high enough to garner any team points.

Here are some "Common sense" good practices:
1. Before doing any outdoor burning, check local regulations and obtain a permit if required.
2. Pick a wind-free, dampish day for trash or brush burning.
3. Pick a spot well away from buildings and clear a good sized strip of earth around the pile of trash or brush to be burned.
4. Have some fire fighting equipment and adequate help available.
5. Burn small amounts only and soak embers in water thoroughly when the burning is finished.
6. Keep brush and grass mowed close around all farm buildings. Better still keep a broad strip around the buildings freshly plowed.

Go MODERN Go LIQUID FERTILIZER

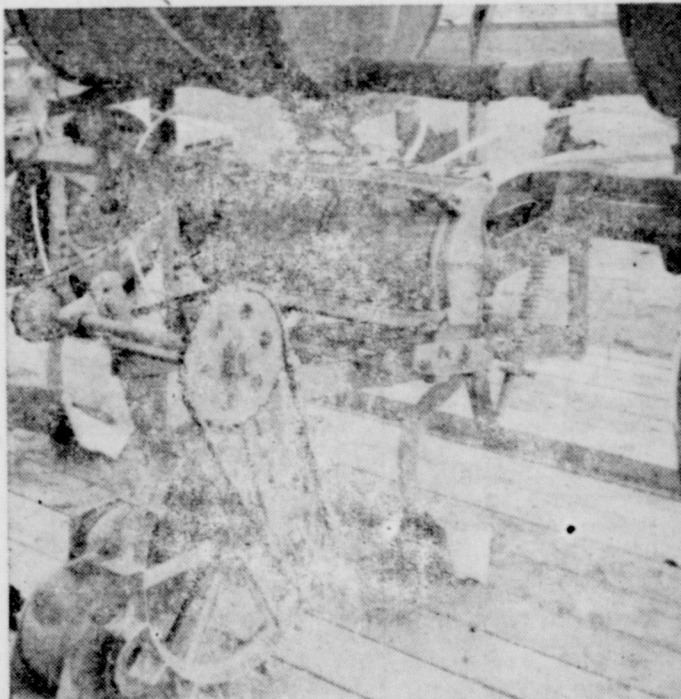

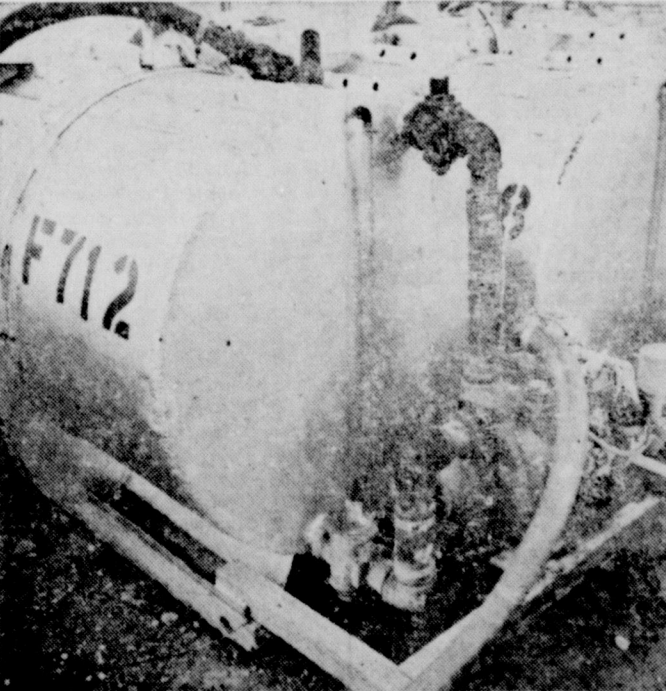

MODERN —
LIQUID FERTILIZER RIG

You are not buying just another fertilizer rig. This unit was specifically designed and built for use by South Plains farmers. It is sturdily constructed of the finest materials — ruggedly built to give acres and acres of trouble-free service. Built into each fertilizer rig is proven capabilities that take the guess-work out of fertilizing. Basically, your Liquid Fertilizer rig consists of chisels, tubing, sprockets, barrels to hold the liquid and a trail-wheel driven squeeze pump to give you uniform application at any speed. Go by Morton Spraying and Fertilizer Co., Inc., and let them show you the many advantages of a Liquid Fertilizer Rig.

MODERN — "Squeeze-pump"

THE SECRET — Yes, the secret to the success of our newly-designed Liquid Applicator is this very modern and efficient squeeze-pump, with drive-wheel and chain-drive system for best results. It is as nearly fool-proof as possible and specifically designed to give you acres and acres of trouble-free service.

MODERN — Field "Nurse Tank"

One question that is often asked: "How do we get the fertilizer from the dealer to the field?" Here again is where we come to your rescue. You do not have to buy a 'nurse tank' because we loan it to you. It can be carried on a pick-up, trailer, or truck, depending on the size of the tank required. And best of all, the gasoline motor necessary to take the handling and work out of this type of fertilizer operation, is mounted on the 'nurse tank' and by it's use you have a "filling station" type of operation. There is no heavy lifting, no need for excess labor — and with the Liquid Fertilizer operation you are able to fertilize more acres per day, applying the correct amount of plant nutrients at a savings which will amaze you.

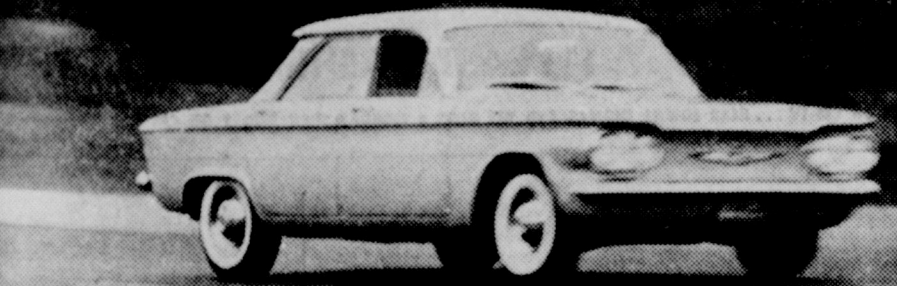

If you're still pondering the use of LIQUID FERTILIZER...
Ask the man who used it last year and you'll "GO MODERN"

"...the most significant engineering advance" of 1960

Motor Trend Magazine

Corvair named "CAR OF THE YEAR"

"Four-wheel independent suspension totally unlike any other U.S.-built car" ... "air-cooled aluminum engine ... not dependent on the properties of a liquid coolant" ... a rear-mounted transaxle "allowing a flatter floor and a lower roofline. . . ." These are some of the praises heaped upon Corvair by the editors of Motor Trend—the world's largest general automotive magazine—in announcing their coveted Car-of-the-Year award. Other cars didn't even come close. The Motor Trend experts, who evaluated every make in the country, were unanimous in their decision, published in the April issue. But, unless you have personally driven a Corvair, you can't appreciate what this engineering achievement really means in combining compact car economy and agility with big car ride, room and sure-footedness. Drop down to your dealer's, take a trial drive and then judge the Car of the Year for yourself!

IT'S THE LAW . . . Origination of "Philadelphia Lawyer"

Frequently, when a problem is particularly perplexing, someone will exclaim that "this would confuse a Philadelphia lawyer." The term takes on special significance when it is remembered that it has a close connection with one of the most important cases in American legal history — The seditious libel trial of John Peter Zenger in 1735.

Zenger was the printer and publisher of a paper known as the New York Weekly Journal. Unfortunately, he made the unhappy mistake of criticizing the administration of Royal Governor Cosby of New York in the public print. The tyrannical Cosby had Zenger jailed and thus began a dramatic and important event in American history.

Zenger had editorialized that the Governor had deeds to lands destroyed, judges arbitrarily displaced, new courts established without the consent of the Legislature and had denied the right to vote to certain landowners. All of these accusations were based on fact but truth was held to be no defense in a prosecution for seditious libel, which was defined as "a written censure upon public men for their conduct as such." Inconceivably as it is today, the English courts had taken the position that the greater the truth the more serious the nature of the libel.

Zenger was brought to trial for his published remarks and almost immediately his New York counsel were disbarred because of the resistance they offered in his defense. After disbarment they secured the services of Andrew Hamilton of the Philadelphia Bar to continue the defense. Hamilton was the foremost lawyer in the American colonies and the term "Philadelphia lawyer" was long used as a special compliment in his individual honor.

Hamilton offered his services to Zenger without fee. Displaying great moral courage he defied the judges who were controlled by the by the Governor and told the jury that it was not considering the cause of just a poor printer. Instead, it was considering the cause of "the liberty both of exposing and opposing arbitrary power by speaking and writing truth". At the conclusion of the trial the Chief Justice instructed the jury that the printed words of Zenger were libelous and that if the jury found he had published them, as he had, then Zenger should be found guilty. Under such circumstances it was obvious that Zenger would be convicted.

Fortunately, the jury, which was not controlled by the Governor, defied the court. Zenger was found not guilty. America had a free press and as Governor Morris, one of the members of the Constitutional Convention was later to remark, "The trial of Zenger in 1735 was the germ of American freedom, the morning star of that liberty which subsequently revolutionized America."

SCHOOL VOTING CLOSE AT MORTON; REYNOLDS, McDANIEL GAIN SLIGHT EDGE; CAFFEY, GAINER WIN AT WHITEFACE; BOARD V-P GOES DOWN

(Ed Note: The following information, reported in the City Edition of the Dollar Day Paper, is reprinted so that those who do not get a Dollar Day paper or get the regular edition, can have the complete election results of all area school districts in one paper.)

In a school election that was a real sizzler for closeness — Morton Independent School District voters elected Glen McDaniel and J. C. Reynolds to the Board by the margin of a handful of votes, Saturday.

A total of 313 voters — considered a good turn out — gave McDaniel 163 votes and Reynolds 157. C. E. Luper polled 149 votes and Woodrow Self, 142. The number of mutilated

ballots, was seven, just under the total which would have been needed to change the outcome of the vote.

In Pct. One, J. D. Hawthorne received 105 votes to be re-elected to the County School Board.

Out-going Morton Board members are Raymond Ross and Hadley Kern.

The total vote recorded was slightly above the 286 that voted last year but well under the record of 610.

At Whiteface, one incumbent was unseated and one was re-elected as 135 voters turned out — considered a good vote.

C. O. Caffey led the ticket with 82 votes. Lenard Gainer, an incumbent on the Board polled 76 votes. Charles Cumpston garnered 63 votes and J. W. Allen, vice-president of the Board was unseated, polling 47 votes.

L. W. Bills, unopposed as a candidate from Pct. 2 on the County School Board was an overwhelming winner, Weldon Skinner, Whiteface Superintendent said, but he did not have his vote total.
