## ALBUQUERQUE GROUP COMING... 2 RIDING GROUPS PLAN LOCAL RODEO RIDE

A total of 12 Sheriff Posse already sent word that they will compete in the riding competition at the 10th Annual "Ten Last Frontier" Rodeo, it was announced this week by rodeo secretary, Beth Gandy.

The total will insure the big parade ever held here, and there are several other posses yet to be heard from.

The highlight of the posse riding is the local posse is considered, is the decision by the Alma Lilla County Posse (Albuquerque) to make this rodeo ride in Texas this year. Each year they make one ride in Texas.

Not that the Albuquerque Posse any more welcome than any others, but since Morton has ridden for five consecutive years at Albuquerque, and the Alma Lilla posse want to show their appreciation by riding at Morton, our posse is especially proud.

That the competition for trophies at Morton will be rugged attested to by the fact that these riding groups have sent word they will attend:

Berna Lilla County Posse, (Albuquerque, N. M.); Terry County Sheriff Posse (Brownfield); Earthling Club; Scurry County Sheriff Posse (Snyder); Lee County Sheriff Posse (Livingston, N. M.); Texas County Sheriff Posse (Seagraves); Hockley County Sheriff Posse (Levelland); Roosevelt County Sheriff Posse (Portales, N. M.); Lubbock Rangers; Abernath

yh Riding Club; Lynn County Sheriff Posse (O'Donnell); and the Idalou Riding Club.

The parade will be on the opening day of the rodeo, Thursday, August 11th, at 3:30 p. m.

It is hoped that Mortonites will extend to the group of visiting riders a rousing welcome. The fact that they are here is an attestation to the fact that they appreciate the rides Morton's riders have made in their towns.

## Letter to the Editor... We Couldn't Agree More

Since Tax Discussions seem to be the order of the day, Assuming that we still have freedom of speech, May I add my twenty five cents (25c) worth?

Recent action taken by the Board of Trustees, either convinces me or assures me this "can be worked out satisfactorily" concerning some existing inequalities in values. Recognizing that true values can only be arrived at by striking a balance through several years earnings. Times are too unstable to just use a top year or two as a basis. This system of facts recognized by all Lending Agencies as being sound.

My greatest concern, I think is to be our most vital problem, that of our teachers. With all due respect to Superintendents, Principals, and what have you, they all have their proper places but in final analysis, teachers are the ones I am depending upon to teach or educate my grandchildren. To me, it seems that the teachers have been having to eat at second table.

My hat is off to all school teachers, having been denied their services in my younger years, I more fully realize their very great value.

Sid E. Williams

TO HOLD MEETING HERE...  
Shown is Rev. John Mullins, pastor of the 5th Street Baptist Church at Levelland, who will conduct a meeting here, at the First Missionary Baptist Church in Morton, Aug. 15 through Aug. 21. Services are scheduled for 10 a. m. and 8 p. m. each day of the week.

## Teacher Replacement Now Looks More Encouraging

After interviewing some 20 persons on Monday and Tuesday of this week, Supt. John Barnes said Wednesday night the teacher replacement situation was "looking more encouraging."

The Superintendent had applications for several jobs which he had anticipated difficulty in locating persons to fill. He said next week he would be in a position to announce some filling of vacancies but at this time, since he had made appointments to talk with many persons about jobs, he didn't want to make any plans for hiring teachers until he had fulfilled all his commitments to talk to persons interested.

Barnes also confirmed that information released recently (not by Barnes) listing the Vanoy's as among those who would not return has been now changed. Mr. and Mrs. Bob Vanoy have sent in their contracts and expect to teach in the Morton school system this coming year.

The superintendent said he had applications for science, social

science, English and coaching posts and had several applications for the elementary principal's post.

He said he also had some applications for the position of tax-assessor-collector, the post which Dub Hodge resigned last week.

## CITY MAN MAY LOSE HEARING AS RESULT OF BOATING MISHAP

A 21-year-old Morton man may have lost the hearing in one ear when he received severe lacerations Sunday afternoon in a boating accident at Bull Lake, between Bula and Littlefield.

Bill Kersey, who was on an outing with his wife and other Mortonites, was injured when the boat ran into him while he was water skiing.

Kersey and Earl Polvado were water skiing and Bill Gray was driving the boat. The wind caused the boat to drift, it did an about face and headed toward Kersey, and Gray was unable to get it stopped. Kersey received seven lacerations about the head, narrowly missing one eye, and one cut was deep into one ear drum. He went under the water but the skies on his feet brought him back to the surface and he was grabbed by Polvado. They rushed him to a Littlefield Hospital where he remained Wednesday.

Mr. and Mrs. Kersey have no children but are expecting a baby soon. They were on the outing together with the Earl Polvados.

and Bill Gray. The group felt that if he had not had the skies on, he would have probably drowned.

## Sunday Rites for Victim of Fire

Funeral services were held Sunday, at 3 p. m., at the Singleton Funeral Home Chapel for 15-month-old Charlette Jackson, Negro, child of Nellie Pritchett and Charley Jackson of Morton.

The infant died Saturday afternoon of burns suffered when his home was destroyed by fire Saturday morning.

The infant died at the Phillips-Dupre Hospital in Levelland at 2:15 p. m. a few hours after it was brought there.

Rev. Joe Erby, Baptist minister, conducted the services and burial was at Morton.

Survivors, in addition to the parents, include two sisters, Irene Pritchett and Billie Jean Pritchett, and three brothers, George Pritchett and Dexter Jackson, all of the home, and Billy Ray Pritchett of Waco.

## EIGHT YEAR PRISON SENTENCE GIVEN IN BURGLARY OF MORTON BUSINESS HOUSE

Three guilty pleas were accepted in 121st District Court action here Monday, and two of the men received prison sentences, one probated.

Cases were a DWI case against John David Duncan of Muleshoe, Case No. 232, and the sentence is pending.

The second case, burglary, against Leonard Ray Henderson of Odessa, resulted in a three year probated sentence. This was on the Shamrock Station burglary a few months ago.

The third case was against Billy Gene Nichols serving time in the

penitentiary, who had been brought back to Morton for trial in the Windom Oil Co. robbery. Nichols was given an eight year sentence and is to be taken back to Huntsville later this week.

The cases were tried before Judge M. C. Ledbetter.

## HUCKABEE NAMED MEMBER OF FHA'S COUNTY COMMITTEE

Appointment of O. B. Huckabee as a member of the Farmers Home Administration county committee was announced this week by Marvin E. Elliot, the agency's county supervisor serving Cochran county.

Mr. Huckabee owns and operates a farm south of Lehman.

Two other members make up the 3 member committee which works with the county supervisor to see that the best possible use is made of the agency's farm credit service program consistent with local farmers needs. The other two members are W. P. Houston and Max M. Bowers. Bowers will serve as committee chairman during the next, or 1961, fiscal year.

Each member is appointed for a 3 year term. Mr. Huckabee, succeeds B. H. Tucker whose 3 year term expired this year.

The committee determines the eligibility of individual applicants for all types of loans. It also

reviews borrower's progress and aids the county supervisor in adapting the agency's loan policies to conditions faced by farmers in this area. Members are selected and appointed so that, so far as possible, different areas or neighborhoods are represented.

The Farmers Home Administration makes annual or intermediate loans to farmers who need adequate funds to buy equipment and livestock, and longer term loans to build or repair houses and other essential farm buildings, and to purchase or improve land suitable for family type farm operations.

It also advances credit to farmers or their non-profit associations to establish and carry out approved soil and water conservation practices, and to install and improve irrigation and farmstead water facilities.

## Sponsored by Rifle Club... Invitational Shooting Matches Will Be Held Here Next Sunday

Sunday is a red letter day in the minds of shooting enthusiasts of this area.

The first Invitational Shooting Matches, hosted by the Pioneer Rifle Club of this county will be held Sunday, August 7th, beginning at 9:00 a. m. at the caliche pit one mile north and one mile west of Morton.

Competition will be available in five separate events with shooting medals to the winners of each division and a plaque also to be awarded to the person with the best aggregate shooting score over the entire five events.

Separate entry fees for each event, or a total entry fee for all five events, will be levied. \$9.00 will cover the cost of entry in all events. Separate events will be:

(1) Shotgun — Competition at 25 clay pigeons, 15 yards handicap, entrance fee, \$2.50.

(2) Bench Rest Rifle — Competition at 100 yards distance, 5 rounds of ammo, any rifle and sight combination, entry fee, \$2.00

(3) High Power Rifle — Three center fire position, 100 yards distance, 5 rounds at each position, any rifle and sight combination. Entry fee, \$2.00.

(4) Pistol Competition — NRA short course, 25 yards, 10 rounds slow fire (1 minute time limit per round); 10 rounds timed fire (2 5-round strings of fire at 20 seconds each); 10 rounds rapid fire (2 5-round strings at 10 seconds each); entry \$2.00.

(5) 22 Calibre rifle — 4 positions each position, entry fee \$2.00. Anyone is invited to enter any or all of the events.

## Budget Hearing Postponed

The Budget Hearing for Cochran county has been changed to Monday, August 29th, it was announced this week.

Other commitments by certain members of the Commissioners necessitated the change, according to County Judge Glenn Simpson who said he felt the change would not inconvenience anyone.

## PETTIT BAPTIST REVIVAL MEETING TO END SUNDAY

The revival meeting which began Sunday at the Pettit Baptist Church will continue through Sunday, August 7, it was announced.

Rev. Alton West of the Johnson First Baptist Church is conducting the services weekdays at 10 a. m. and 8 p. m.

Richard Powell of Levelland is leading the song services.

Rev. Dale Lavinder, pastor, extends area residents an invitation to attend the meeting.

## City Commission Okays Transfer of Gas, Water Money to Pay City's Part of Recent Paving Program

The Morton City Commission, Monday night, at the regular meeting of the group, have made arrangements for the payment of the remainder of the city's cost of the 46 block paving program.

Having authorized payment of \$60.21 that they had in a paving fund, the City owed a balance of \$11,590.81. Monday they decided, upon word from their auditors that the borrowing of funds was legal, to borrow \$8,500 from the gas fund and \$3,000 from the paving fund to complete the paving.

The motion was made by Don [Name] and seconded by J. W. [Name].

McDermott, and passed unanimously. It also contained the fact that the money is to be paid back by general revenue money within a five year period. It was also contingent upon certain charges of water used, to be agreed upon by the city and the paving contractor, before final payment is made.

Present at the meeting were all of the Commission Members, City Secretary, Joe Seagler, Eddie Irwin, and Calvin Brown.

Brown appeared in behalf of himself and two other occupants of homes north of the Strickland Lake which recently reached such stages that flood waters entered their homes.

He asked the city to consider the drilling of a recharge well in the area to drain off the excess water and help prevent a future occurrence.

He was reminded that the recent rains were unusually heavy and certainly not expected to be repeated.

He in turn expressed belief that much of the backwater from across the highway (214) was helped to divert across the road because of the recent paving program.

He was told that most of the water from the lake drained into it from the south and not from the east.

He was also assured that a recent check by health authorities indicated that the lake was being treated effectively to prevent the breeding of mosquitos.

He was also reminded that the city had been offered the property if it would be turned into a park.

City Secretary Joe Seagler expressed the opinion that the necessary equipment for the recharge well would amount to several thousand dollars.

Commissioner Roy Gentry said they could put the problem on the agenda and would consider it.

Commissioner J. W. McDermott asked the Secretary to check with the engineers and determine how much water was entering the lake, if any, from across the highway because of the paving program.

## Bula Meeting To End Sunday

The revival meeting which began Monday at the Bula Church of Christ will continue through Sunday, August 7.

Minister Cecil Williams is conducting the meeting. Services are held twice daily, at 10 a. m., and again at 8 p. m.

A cordial invitation is given area residents to attend the meeting.

## Revival Meeting Ends Sunday At Three Way

The revival meeting at the Three Way Baptist Church continues through Sunday, August 7th.

Rev. J. Wayland Edwards of Southern Baptist Church of Lubbock is conducting the meetings at 9 a. m. and 8 p. m. on weekdays.

Rev. Byron D. Hardgrove, pastor of the church is conducting the singing.

Everyone is invited to attend any of the services.

## Added to City's Police Force

Vaughn Killian was recently hired as part time member of the Morton Police Force, it was revealed in the minutes of a previous City Commission meeting.

Killian will be night relief patrolman.

## Negro Child Dies As Home Burns

A fire of undetermined origin Saturday destroyed the home of Nellie Pritchett in the flats section of Morton, just northwest of Collins Packing Company.

Fatally burned in the fire was a 15-month-old daughter, Charlette Jackson, who was rushed to Phillips-Dupre Hospital in Levelland and died shortly thereafter.

The house and all the belongings of the family were destroyed.

Four other children escaped injury.

Details surrounding the fire were unavailable.

## CHAT and CHEW GRAND OPENING ON FRIDAY

Morton's newest cafe, the Chat and Chew, will observe its formal opening Friday from 6 a. m. until midnight.

Featured Friday will be free coffee and doughnuts, free balloons for the youngsters, and an opportunity to register for a \$10 gift meal certificate.

The cafe, housed in an all new building east on the Whiteface highway, is owned by two brothers, Carl and Wendell McInroe. Wendell McInroe will manage the establishment.

Total seating capacity is 140. A large banquet room is available by reservation for clubs, organizations and parties.

The Chat and Chew will offer short orders, steaks — lunches from 12 noon until 2 p. m. — and curb service from 11 a. m. to midnight.

Although the grand opening (see page five of this publication of the Morton Tribune) is Friday, the firm has been open all week.

Carl McInroe has been in the cafe business for the past 10 years.

## Jeter Sells Out Grocery Stock

Jeter Hardware and Grocery this week sold out its stock of groceries, it was announced by the owner, Dave Jeter.

In offering his sincere thanks to everyone who patronized their grocery store since they added grocery stock, Jeter said the store will continue to operate as a hardware store as it had for many years previous to adding the grocery line.

Jeter said the stock of groceries was sold to local grocermen.

## PLAN NOW TO ATTEND THE 10TH ANNUAL RODEO NEXT WEEK

Wire for the backstops has arrived and Morton School's new tennis courts should be completed in the near future.

## CITY OFFICIALLY OKAYS 46 BLOCKS OF PAVING

The City of Morton has formally approved and accepted the recently completed 46 block paving program by J. R. Fannin Construction Co., Lubbock.

The action came at a special meeting of the Commission Wednesday, (July 27) at the Hall.

The acceptance included completion of a list of costs of all phases of the program by Howard Schilling, engineer, and associates. Bacteriology reports from the city authority for acceptance.

The official order for acceptance was signed by Mayor Amos Taylor. It also authorized the execution of paving certificates to the individuals who will pay for the paving in front of their property.

The city's total cost which figured out 13.31 percent of the total, will amount to \$19,892.60.

J. R. Fannin, Ray O'Brien and Hoard Schmieding attended the meeting along with the City Secretary and members of the City Commission.

## State CAPITOL

By Vern Sanford

AUSTIN, TEX. — About a dozen state agencies thus far have presented their budget requests for the 1961-63 biennium.

As yet, none has failed to ask for more money than it's presently getting.

Many agencies cite Texas' growing population as justification for expansion. They say, in effect, that they are in the same position as the housewife who has to put another potato in the pot to set another place at the table.

Others seek to woo state funds with a "bread cast upon waters"

approach. They contend that money spent on developing the states resources will come back multiple in the form of increased state revenue.

Almost all emphasize the difficulties of luring and holding highly trained personnel at present state salaries. Some say, too, that they've been working with a too-short stick for years and need some "keep up with the times" improvements.

Budget proposals are presently being studied by the Legislative Budget Board and the Governor's staff. Each will make recommendations, and the final decision will be made next year by the Legislature.

With a money-short, tax-fighting session ahead, it won't be easy for anyone.

These budget requests have been added to those already under study: STATE PARKS—An investment in the Texas tourist industry and a potentially rich source of additional funds for the state treasury.

This is the theme of the State Parks Board in asking for a \$2,000,000 appropriation for the next two years. This is almost double the present spending level.

Of this million-dollar-a-year appropriation, the Board proposes to use \$700,000 a year for improvements, \$300,000 a year for administration.

Texas, says parks director Bill Collins, spends less on its state parks than Rhode Island. He cited figures showing that Texas would get \$81,000,000 a year more in tax revenue if each out-of-state visitor stayed in the state one more day.

GENERAL LAND OFFICE—A bigger budget is asked by the General Land Office and Veterans Land Board to assure the state's realizing full value from the resources of state-owned land.

A two-year budget of \$3,042,339 is asked.

Land Office noted the state now has clear title to 8,000 square miles of tidelands. It wants to employ a director to explore the development of three oil fields and a geological of the tidelands' mineral resources. Altogether, 29 new land office employees are being asked.

Land Office claims that for every dollar it has spent in the past 22 years, \$90.18 has been returned to the state treasury in revenue.

AGRICULTURE — Complexities of increasingly scientific farming put greater demands on the State Department of Agriculture, says Commissioner John C. White.

His "sink or swim" budget request is for \$3,061,421 for the coming two-year period. This compares with a \$1,930,966 appropriation for the present period.

White said the "chemical revolution" in agriculture today puts heavy responsibilities on his department. He also asked for more equipment and more salaries for personnel to check weights and measures.

HIGHWAYS — State Highway Department is asking for a two-year allocation of \$698,600,000.

Of this, \$348,300,000 would be for the 1961-62 period; \$350,300,000 for the 1962-63 period. This compares with \$337,000,000 spent by the Highway Department in 1959.

Most of the highway revenue comes from special earmarked sources, such as the gasoline tax, license fees, etc. Department is asking \$900,000 from the general revenue fund to be used for tourist advertising.

GAME AND FISH — Game and Fish Commission is asking for what it calls a "status quo" budget, except

for salary raises for some of its top technical personnel.

Commission is asking for \$12,034,945 for the coming two-year period compared to \$11,593,651 for the present biennium.

Executive Director Howard Dodgen declared the commission's top echelon employees are "grossly underpaid" for highly trained persons, some with master's degrees.

STATE COLLEGES — Three colleges, East Texas State, Stephen F. Austin State and Sam Houston State Teachers College, have told the Commission on Higher Education they need more money.

Excepted enrollment increases, need for higher faculty salaries and need to lower the student-teacher ratio were cited as reasons for the requests.

East Texas is asking \$2,446,555 for the first year, \$2,547,125 for the second year of the 1961-63 period. This compares with a present annual budget of \$1,676,424.

Stephen F. Austin asks \$2,063,719 for the first year, \$2,048,603 the second, compared to the present \$1,244,370 a year.

Sam Houston wants \$2,970,261 for the first year, \$2,991,190 the second. Present spending is \$2,040,677.

These requests, along with all those from state-supported colleges and universities, will be studied and screened by the Higher Education Commission before a recommendation is presented to legislative and executive budget officials.

### WHERE TO GET IT

—With new spending requests piling up, the search for new money-making plans is ranging far and wide.

Four board-based tax plans are being considered by tax hunting subcommittee of the Governor's State Finance Advisory Commission.

They are: (1) a payroll tax, paid half by employers, and half by employees, (2) a utilities customers tax adding a percentage to all utility bills, (3) a business activities tax

which would combine some of the features of payroll, gross receipts and corporate income taxes and (4) a transfer which would be similar to a sales tax.

Other ideas suggested to the panel include higher taxes on liquor and beer, sales tax on soft drinks and restaurant meals and a tax on sporting events.

"SINK OR SWIM PROPOSITION"

Texas Dept. of Agriculture Urgently Needs Funds

The Texas Department of Agriculture, which has had an increase of only one percent in appropriations from the State General Revenue Fund in the past ten years of demanded and expanded services, has now reached a point of "sink or swim" in its essential needs.

This was emphasized by Texas Agriculture Commissioner John C. White when he presented the proposed TDA budget for the 1961-62 biennium to the Legislative Budget division. These two budget agencies will draft recommendations on proposed appropriations to the 57th Legislature when it convenes in January, 1961.

In the past ten years, it was pointed out, while services and

activities of the department have been credited with a three-fold expansion, appropriations from the General Revenue Fund coming directly from the taxpayers have increased only one per cent. The expansion has been made possible by careful spending, reorganization and full utilization of all available personnel, and increased collections from programs administered by the department.

The time has now come, Commissioner White told the budget panel, when the urgent request for additional funds must be met "if the Texas Department of Agriculture is to continue to be recognized by Federal agencies, other state departments of agriculture and the agricultural industry of Texas. We are in the second half of a technological revolution. The first part was mechanical. The second part is chemical. We are dealing with a new type of scientific agriculture in which we feel our responsibilities are greater than ever before."

Aside from purely agricultural advances, Commissioner White said that new spending by the department is essential to carry on its responsibilities in enforcement of accurate weights and measures regulations. The average family of four in Texas is estimated to have a financial stake of at least \$100 a year in accurate weights and measures enforcement, he said, and this is one of the vital functions of the TDA. During 1959, even with inadequate equipment and personnel, the department was able to condemn and seize or condemn for repair a

total of 34,870 scales, pumps, weighing devices and pre-packs. Another request will be for funds to initiate a badly livestock auction market reporting service. Preliminary planning indicates that the means to initiate such a program on the part of the TDA will require an appropriation of approximately \$50,000 per year, which will be matched by the Federal government under existing cooperative agreements. Demands for such a livestock auction market reporting service have been widespread and insistent.

CITY —

water samples were shown to members of the board and bills were passed around and okayed.

It was recommended that the city purchase certain paving certificates which they had already discussed, through the general fund.

The matter of the Board of Equalization came up and H. B. Bedwell and Hume Russell had accepted to serve but the third member declined because he couldn't at this time leave his business. Two more names were submitted and they were to be contacted to see if they could and would serve (Tuesday of this week.)

The City Secretary told the group that the city taxes were fairly equal and that the board of equalization would not take long.

Commissioner McDermott urged taking more than two days, and a period of 10 days if necessary, to do the job right. They discussed obtaining from the school their card filing inventory system of local property, which the City Secretary strongly urged as the only way in which an accurate valuation check could be kept.

The Secretary also said it was in some cases difficult to obtain figures from local merchants without creating hard feelings.

In discussing the mosquito problem, the Secretary said the two members of the State Health Department found our problem here not nearly as bad as in neighboring towns.

They found mosquito larvae in old tires and other rubble and refuse lying around, but found the city's treatment of danger zones had been effective up to that point (Friday).

A discussion was also made of gas systems additions that would be needed at a later date, but the city fathers agreed that if money ran short they could borrow funds at that time, rather than borrowing funds at this date to pay for the paving, and leaving the gas fund money intact.

GROUNDS READY FOR BIG RODEO; ENTRIES IN PARADE ARE SOUGHT

Most of the odds and ends are tied together for the 10th annual "Texas Last Frontier Rodeo" according to Herb Hillman, president of the group.

Hillman said Wednesday, the arena has been prepared as well as it can be this far in advance. He was hoping for a half an inch or so of rain over the weekend to help get the turf in shape.

The rodeo stands and equipment has been painted, scrubbed and repaired.

With the large number of posses already having accepted invitations to ride, and a lot of queens scheduled to ride, the rodeo association is now issuing a call for all merchants who can, and all clubs that can find time, to enter floats, displays and equipment to help make this year's parade the biggest ever.

One of the best words issued thus far, as far as the youngsters are concerned, is that there will be plenty of free ice cream for everyone. Heretofore, the volunteer firemen and the area Shriners have distributed hundreds of ice cream bars during the parade but most of the time they have

run out of merchandise before the parade was completed. Now the posse has offered to help and the fire truck will bring up the rear of the parade offering youngsters plenty of opportunity to get to the truck and get a free ice cream bar.

Most of the rest of the details are up to the Mortonites as a whole. Just how well they will fit into and help participate in the rodeo goings-on will decide just how successful the rodeo will be.

Special Program of Events Planned During Soil Building Week, Aug. 7 - 14

Lubbock — The eighth annual South Plains Soil Building Week, which is held annually to call attention to the benefits of planting cover crops and using other conservation methods to maintain soil fertility, will be observed August 7 - 14.

Conrad L. Lohoefer, Director of Public Relations for the Plains Cotton Growers, Inc., is chairman of the Soil Building Week this year.

Promotional activities this year are planned to call attention to the importance of soil conservation, with particular emphasis to be placed on the overall integration of soil building practices into the agricultural picture on the Texas High Plains.

Gene Linn, Agricultural Manager of the Lubbock Chamber of Commerce, is co-chairman of the Soil Building Week program this year.

Working in cooperation with the Lubbock Soil Conservation District, Lohoefer and Linn have planned a newspaper, radio and television campaign to focus attention on soil building and conservation during the second week of August.

In addition to special stories in newspapers, including all weeklies in the 23 county area on the High Plains, special programs for both radio and television are planned.

Sunday, August 7 will see the kickoff of the program with special feature stories on soil building practices. These will be followed by similar articles staggered throughout the week. For the radio coverage, Farm Director Bob Stephens and Farm Reporter Bob Etheridge have prepared a series of programs on soil building which will be played over Lubbock and ten other area radio stations for use during Soil Building Week.

John Key, Lubbock Banker, is chairman of the Board of Supervisors of the Lubbock Soil Conservation District. Other supervisors include Cecil Brashear, Idalou, Secretary-treasurer; John Griffin, Lubbock, Vice Chairman; Edwin Forrest, Lubbock; and E. O. Ramsey, Shallowater.

Observance of Soil Building Week originated in 1953 and has become an annual observance not only in Lubbock County, but has spread throughout the Texas High Plains area.

In commenting about observance of Soil Building Week on the High Plains, Chairman Key said: "We who depend on the soil for most of our livelihood, are likely to become complacent toward our main resource. We should remind ourselves constantly that the soil is a 'living' thing; it responds to good treatment to bring forth more abundant crops, better animals and more full living. If not treated properly, it will even more quickly become unproductive and exert a depressing effect that becomes readily apparent in every phase of not only farm life, but city life as well."

Soil is defined as that portion of the earth which is both alive and supports life. It is composed of both organic and inorganic matter. The organic matter consists of living plants and animals and the dead remains of these, from which humus is produced. Soil bacteria convert dead plant and animal residues into humus, which is so vital to good crop production.

Inorganic material is disintegrated mineral material coming from some parent rock. This inorganic or mineral portion is made up of particles of various sizes, ranging from the coarsest to the finest, said, silt and clay. It is the intimate mixture of the clay fraction and the humus which

gives the soil the life and enables it to supply most of the nutrients needed by growing plants.

Farmers on the Texas High Plains have made much progress during the past few years in soil conservation and soil building. However, there remains much that can be done to further protect our soil and improve farm production, not only in yield, but in quality as well, Key concluded.

W. O. Fortenberry, President of the Plains Cotton Growers, Inc., and a long-time farmer-giner on the High Plains, commenting on soil building, said: "The

Plains Cotton Growers are firmly convinced of the need for more and better soil building practices. This is the main reason we have invested money in various phases so as to try and learn some of of research on the High Plains, the answers to improve the overall agriculture picture for our farmers. This is why we appropriated \$5,000 to help establish a soils testing laboratory at the new site of the Lubbock Agricultural Experiment Station. Such a laboratory will be of immense value in helping farmers test and determine proper soil conditions on our land.

"The Plains Cotton Growers, Inc., is happy to cooperate in observing this most important week, Soil Building Week."

Ammonia promotes peak wheat production from start to finish

Leading West Texas farmers like DAVID ACKER put down 120 lbs. ammonia per acre on wheat land

David Acker of Nazareth, who farms 400 acres, says: "I wouldn't put in a wheat crop without applying ammonia. Phillips 66 Ammonia promotes vigorous plant growth... good color... larger heads... bigger yields. I put my ammonia down at the rate of 120 pounds per acre, usually around the end of August."

"On maize land, I put down about 100 pounds of ammonia per acre. Last year on 165 acres I averaged 5800 pounds per acre, after a 1000 to 1500-pound hail loss," he reports.

Thousands of Texas farmers are using Phillips 66 Ammonia to help assure top net profits per acre. Actual field reports prove that Phillips 66 Ammonia (1) boosts wheat and small grain yields (2) increases maize yields (3) produces more high grade cotton (4) improves forage production.

See your local Phillips 66 Ammonia Distributor now. You can depend on better ammonia service.

# Little League Season Ending Game Picnic, Swim Party, Is Big Success

The Morton Little League ended on a note of true enjoyment for the boys of the league and their families Saturday with a picnic, swimming party and season ending night game.

About 40 of the boys swam from 5:30 to 6:30 p. m. About 110 persons joined in the picnic at the County Park which began at 6:30.

The group then went to the ball park where the managers acted as umpires and each five teams played each other team one inning of baseball.

The total of 10 innings of baseball lasted about 2 1/2 hours with the team scoring the most total runs in their four innings of play determined the winner.

In true Little League fashion the competition was extremely close all the way until the 9th inning when the Sox, the cellar dwelling team in the league, scored six runs off the Pirates, and wound up winners of the event with 9 runs, compared to four for the Pirates; three for the Cards, two for the Giants and two for the Cubs.

The Sox had a total of 14 boys out for the game, the Cards had 10; the Pirates had 10, the Giants had 9 and the Cubs had 8.

## Okla. State Exes To Meet Aug. 7th

High Plains Chapter of Alumni and Former Students of Oklahoma State University will regale each other with tales of former student days at their first annual picnic at McKenzie Park, in Lubbock, Sunday afternoon, August 7.

Bob Stanford of Plainview, club president, stated in announcing the picnic "an invitation is extended to all Oklahoma Staters to come. Just bring a picnic basket and your family. The Aggie get-together will commence about 1 p. m. August 7. Just follow the signs at the park entrance to the picnic site."

Officers of the High Plains "Aggie" association in addition to Bob Stanford are C. H. Janeway of Plainview, Chester Mitchell of Lockney, Delmar Hayter of Amarillo, district vice presidents; and Mary Jane Stanford of Plainview, secretary-treasurer.

# EDITORIAL...

## Check Your Authority First . . .

Although the estimated value of the Morton school district under the proposed raise last week was listed correctly in the story about the first special board meeting last week at \$12 million; it was incorrectly listed in another story in the same paper. . . a typographical error listing it as \$22 million.

Of course none of this makes any difference now, except that the Tribune feels it owes an apology to any reader who read only the one story during this past few months concerning the new program. They could have had the impression that it was \$22 million.

It might have made a difference last week if some of the unhappy taxpayers were harassing the school board simply on the basis of this incorrectly listed valuation.

The fact that it was correctly referred to on at least three occasions during the past three months should have given taxpayers an ample insight into the fact that one story last week obviously contained a typographical error.

The fact that typographical errors occur every week in every newspaper is regrettable, but perfection is impossible to maintain. Add to the typographical error, the fact that actual errors in relating or relaying facts are made, and its easy to see how this can be upsetting.

This is very comparable to the situation which has taken place so many thousands of times in this town where people, by word of mouth, in so many instances with no malice at all, relay information for fact, which is not fact.

All of this can mean simply that we the public have two important failings. First of all, as citizens, we have a duty to check with the official source of any pertinent point, not trusting as fact, information passed by one who is not supposed to be the authority. The newspaper failed in this duty before, we will do so again. But insofar as we foresee a situation that could be highly damaging to

someone or to some policy, we must constantly be on the alert to re-check information.

The public also has a role in this, which is not always assumed. First of all, they must never look to or consider information in the newspaper as the official word or final action. The newspaper is merely a chronical of events.

On the other hand, to dismiss any problem as one which does not exist because "what someone has said is obviously gossip," or what has been read is "obviously wrong," is also to not exercise his duty as a citizen.

If we would all make an effort to check with final authority on pertinent points, before passing the information along to another, we might be less apt to create false ideas and impressions.

We cannot afford to, no matter how hard we try, overlook mistakes made in the operation of government, which affect the public, and just pretend that they didn't occur. We cannot afford to, be complacent when our fundamental liberties are attacked. . . whether by mistake or deliberately. But neither can we afford to, because of our own selfish purposes, allow ourselves to become inflamed to the point where we can neither reason correctly discuss intelligently, or argue fairly for our rights. If we do these things, we stand to lose our rights.

Constant awareness to the dangers will lead to fair and right decisions. Constant participation in public affairs by the public, will lead to fairer consideration of all economic segments of the public.

When we accept a job as a public official, we accept certain duties and obligations. Sometimes even the official doesn't even know the exact extent of his duties under law. More often, it is the public that doesn't know.

Awareness and education; alertness and consideration; understanding and participation, are the duties of us all.

## Committee for Good Gov't Explains Amendments To Be Voted On In Nov.

(Note: The following was released by the Committee for Good Government, Austin.)

Texas voters should look to the month of November 1960, as another time of decision, for it is in this month which a General Election will be held.

At this time a new President will be elected. His running-mate, the Vice President, on the Democratic ticket will be a Texan. All other elective offices both National and State, will likewise be voted upon.

There will be much pre-election campaigning and hallyhoo by both Democratic and Republican Candidates. And, because of the publicity in the newspapers, and on radio and TV, interested voters will be afforded ample opportunity to study the various candidates and their respective platforms.

At the same time Texans will again be called upon to amend their Constitution, but the four propositions, which will be submitted for approval or rejection are not likely to attract as much attention

as the candidates. Nevertheless, these amendments should be carefully studied by every voter, because such involves matters of finance even though the specific subject matter of the amendments is unrelated. The amendments will be headed as follows:

"PROPOSED CONSTITUTIONAL AMENDMENTS TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960."

Amendment No. 1 would authorize the Legislature to create a Hospital District including Lamar and Hidalgo Counties, and County Commissioners' Precinct No. 4 of Comanche County.

Amendment No. 2 would increase to three and one half percent (3 1/2%) the maximum permissible interest rate on bonds hereafter issued by the Veterans' Land Board.

Amendment No. 3 would allow an annual salary for Members of the Legislature of not to exceed \$4800 per year, and a per diem allowance of not more than \$12.00 daily for the first 120 days only of each Regular Session, and for 30 days of each Special Session of the Legislature. The Regular Session would be limited to 140 days.

Amendment No. 4 would give the Legislature authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest.

Voters should study these amendments carefully, and watch their newspapers for further discussions of these amendments. Above all, plan now to vote!

(The amendments to be voted upon are published in this issue of the Tribune.)

ATTEN REUNION  
Mr. and Mrs. G. E. Worley attended the Worley family reunion in the home of a brother D. S. Worley of Roswell, N. Mex., last week. There were 38 members of the family present.

There are no dinosaurs in Texas and there are no payments have been made by me as Administratrix, from the said Estate: Those previously set forth herein and no other.

Just travel twenty miles west of Cleburne to the town of Glen Rose, and you can see for yourself.

There you will find fossilized dinosaur tracks along the beautiful Paluxy River.

They have a fine specimen on exhibit downtown too. (Buck) Freeland, Williamson is Rose, as it is a well-known vacation and health resort . . . famous for its mineral water.

### Linda Karen Welch, Thomas E. Wall Exchange Wedding Vows, July 28th

In a double ring ceremony performed at the First Methodist Church of Enochs by Rev. C. C. Dorn, former area pastor, Miss Linda Karen Welch and Thomas Edwin Wall were united in marriage, Thursday, July 28.

The 8 p. m. rite united the daughter of Mr. and Mrs. W. L. Welch of Star Route, Maple, and the son of Mr. and Mrs. A. N. Wall, Morton.

Given in marriage by her father the bride wore a white lace over tulle street length dress with big puff sleeves and a round neckline. Her shoulder length veil was edged in lace and extended from a tiara of seed pearls. She carried blue and white carnations.

An arch of candelabra with white candles and standing baskets of pastel flowers formed the setting for the ceremony. Mrs. Jesse Motes sang "Always" and "The Lord's Prayer" accompanied by Mrs. John Gunter, pianist.

Lenda Landers served as Maid of Honor and Roxanne Street of Muleshoe cousin of the bride, served as flower girl, and another cousin, Matthew Street of Muleshoe, was ring bearer. Johnny Sample of Houston was best man and Will Welch of Star Route, Maple, and Ernest Wilson of Morton were ushers.

The bride's mother wore a white eyelet sheath dress with blue accessories and carried blue carnations.

The mother of the bridegroom was clad in a pale green dress with white carnations.

The reception which followed the ceremony was held in Fellowship Hall of the church. The table was laid with a lace cloth over pink satin, and with a flower arrangement reflecting the bride's bouquet as a highlight. It contained a bowl of pink punch and a three tiered cake trimmed with wedding bells.

Serving the refreshments were Misses Gaylene Fred, Loretta Sinnacher, Harriet Sinnacher, Joyce Wilson, Marilyn Cupp, Pat Ligon, and Glenda Fowler. Many guests from surrounding communities were present.

The bride wore a string of pearls belonging to her grandmother, Mrs. M. C. Street, a new wedding dress, a borrowed veil and a blue garter.

The couple took a wedding trip to Dallas. The bride chose a navy blue sheath dress with white accessories and a corsage of white carnations for traveling attire.

The bride is a student at South Plains Junior College, Levelland and the bridegroom, a graduate of New Mexico Military Institute at Roswell with two semesters at South Plains Junior College, is a student at Elkins License School Dallas.

WASHINGTON AND  
**"SMALL BUSINESS"**  
By C. WILSON HARDER

One of the most unusual measures before Congress is a bill that would levy a 1% tax on the advertising expenditures on television stations, with the funds being raised in this manner to promote the formation of, and subsidize the operation of so called educational TV stations.

Such a measure, if passed, would, of course, give government a strong financial interest in, and C. W. Harder control over, a segment of the mass communication facilities of the nation. This, in turn, could lead to almost anything.

But it is interesting that although a government subsidy raised from taxes is considered in this TV matter, so far Congress has taken no action to remove the barriers against widespread operations of pay TV stations.

Yet, if the public, which theoretically owns the air waves, were to be given a choice of paying for programs it wishes to see, or watching those sponsored by advertisers, it appears that a great many startling revelations would come to light.

For one thing, it would probably destroy the present myth existing as to the hold TV programming has on the public.

In polls taken on this matter, when people were asked what type of programs they would be willing to pay for that are now currently being aired, there were very few who

they would pay, except for certain big sporting events.

It seems quite obvious that the big TV networks, given a choice of collecting a tax from their advertisers to support educational TV stations, as opposed to permission to compete with them, would take the former as the lesser of two evils.

Yes, there seems to be a great fallacy. Why should anybody be taxed to provide other people with TV programming that presumably would be educational.

The nation's newspapers are highly educational. Yet nobody suggests taxing somebody or other to keep newspapers educating. Of course, no newspaper would accept a subsidy from a governmental bureau to begin with, but the offer has never been made either.

There seems entirely too much hue and cry over television, giving it a status it perhaps does not deserve.

As it stands today, there is a high degree of monopoly control over the TV facilities. To tax this monopoly to subsidize a bureaucratic controlled monopoly facility, even if under the guise of educational, appears to be nothing more than compounding the situation.

On the other hand, unrestricted permission for pay TV, would not only open up new avenues for independent enterprise, but undoubtedly the public, released from viewing captivity dictated to by a few all powerful network monopolies, would be better served.

Ancient Rome in its crumbling days used the principle of taxation to provide free amusement for the people, and look how that situation ended up.

The Friendly Neighbor Club met in the home of Mrs. Gilbert Wilson, Thursday, July 28. Business was taken care of and the evening was enjoyed by quilting. Purch, cake and cookies were served to the following members, Mesdames Tolbert Blackstock, Tracy Enos, Bert Darland, Evelyn Sandefer, J. W. Pond, LeRoy Wilson, Joyce Wilson, C. Smelser, Lawrence Nesbitt, the hostess, and several children.

The next meeting will be in the home of Mrs. C. R. Smelser of Maple on August 11.

The group put up Mrs. Lawrence Nesbitt's friendship quilt on Friday, at the Gilbert Wilson home and during the afternoon, Mrs. Darland and Mrs. Nesbitt visited at the Wilson home. Mrs. Nesbitt found her quilt in the frames half quilted.

**AMERICAN LEGION TO MEET**

Tonight (Thursday) is the regular first Thursday night meeting of the local American Legion Post in Veteran's Hall. All veterans are invited to attend. Scheduled action includes the election of officers to serve with the new commander of the post.

**Hello Fellow Americans:**

Lady Bird and I have just come back to the ranch from three of the most exciting days of our lives and we want to share some of our experiences with you.

Aboard the plane that carried us almost 5,000 miles were thirty-eight of our friends from Texas newspapers, radio stations and television stations. Twelve of these people represented weekly papers. You would have been proud of the way they spread Texas good will everywhere we traveled.

The big turbo-prop Viscount set us down first in Kansas City. I had lunch there with the Grand Old Man of the Democratic party - Harry Truman. He's lost none of the fire and steed of his soul that made him one of our most colorful - and decisive - Presidents.

Someone asked Mr. Truman what he thought of the Democratic ticket. "It's a winner for sure," he said. "What did you think of the Republican Convention, Mr. President?" another reporter asked.

"Worst in history," Mr. Truman replied.

The outbreak of Hurricane Brenda delayed our arrival in Hyannis, Massachusetts for my conference with Senator Kennedy. The piket - Captain Rueben Cage of Blanco, Texas and First Officer Jerry Dickson, of El Paso - who became the father of a new baby girl during the trip - brought us in for a perfect instrument landing when the visibility was only 175 feet.

Senator Kennedy and I sat up until 1 a. m. We talked about the weeks of the session, the coming campaign (Senator Kennedy accepted my invitation to come to Texas), and we also compared gray hairs. After the young men had gone to bed, I stayed up and worked until 3:30 a. m.

Lady Bird "took" to the Kennedy's home. It is a large, comfortable, pleasant house on Cape Cod. Jacqueline has furnished it with early American antiques and I almost didn't get Lady Bird away from her inspection tour

**in time for the press conference.**

Before we left Saturday, Senator Kennedy and Jackie came aboard our press bus and told our folks how happy they were that Texas had sent such a fine group of men and women along on the trip.

Saturday afternoon we were in Nashville, Tennessee where we were guests of Governor and Mrs. Buford Ellington.

I spoke that night to a Democratic rally of ten thousand people and when Governor Ellington introduced me, he had to send his State Troopers out into the crowd to ask the folks to stop applauding. Governor Ellington told me that Tennessee hadn't seen a turnout like that "in a long, long time."

Every Southern state was represented and the Governors of Florida, North Carolina, Alabama, Virginia and Kentucky predicted a sweeping victory in November.

More than ten thousand people waited under the hot sun in Monticello, Iowa when we arrived there Sunday afternoon. Their enthusiasm got the best of me and I spoke for one hour - interrupted 61 times by applause.

They listened attentively as I outlined the vigorous action I hope the Democratic Administration takes on the farm problem next January.

I like these folks. They're big hearted, friendly, eager to erase barriers between people and willing to consider new ideas. I really felt at home there - especially when Lady Bird and I visited a 300 acre farm near Monticello. The big black Angus and the Guernseys would have made us proud in Texas - and the chocolate cake melted in my mouth.

It was a good - and productive - trip. Three very tangible results came out of it.

1) Senator Kenor Kennedy spelled out once and for all his convictions that the next Vice President will play a decisive role in Government affairs.

This is what he said in his press conference:

"We are very fortunate to have See (LYNDON) Page 10

'Who's Who' Still Drawing Interest

Requests regarding the operation of the Who's Who continue to come into the Morton Tribune office. The latest was a request from J. C. Buchanan, Jr., a Morton ex-who is now manager of the Winnsboro Chamber of Commerce, Winnsboro. Buchanan writes: "I have been hearing quite a bit about your mystery person activities that you have been running in your paper. I would appreciate it if you would send me the rules and how you set the program up and how it works, etc." J. C. is the son of Mr. and Mrs. J. C. Buchanan, Sr., of Morton.

Jaycees Meet At New Cafe

The Morton Jaycees had the honor of "opening" the new Chat and Chew Restaurant in Morton Monday at their luncheon meeting. The group was to meet at the restaurant for their meeting this week and owner Carl McInroe went ahead with the plans, even though he still had a lot of last minute details that needed to be tended to before the restaurant was really ready to open. Ten persons were on hand for the meeting including Max Hamilton, new member; and Morgan Copeland, guest.

To Attend Meeting Church Members At Lubbock

The First Assembly of God Church, Morton, will have Sunday School Sunday morning at 9:45 o'clock and most of the members will go to Lubbock to attend a camp meeting with morning and evening services. The camp meeting started Tuesday night and continues through Thursday, August 11. The camp meeting is at the Assemblies of God District Camp Grounds on South Ave. H.

WANTED BY THE FBI

SMITH GERALD HUDSON One of the FBI's "Ten Most Wanted Fugitives," Hudson is sought for his August 2, 1957, escape from the Pennsylvania State Penitentiary where he was serving a 10- to 20-year term for the brutal 1951 shotgun slaying of a Pennsylvania man. A federal complaint charging Hudson with unlawful interstate flight to avoid confinement for murder was issued on August 26, 1957, at Scranton, Pa. Hudson is a white American, born at Rostraver, Pa., on March 1, 1928. Approximately 5 feet 8 inches tall and weighing about 183 pounds, he has brown hair, blue eyes, a medium complexion, and a medium-stocky build. He has a 1/2-inch linear scar on the first joint of his left thumb, a 1/2-inch scar on the outer edge of his left eyebrow, and an appendectomy scar. He has worked as a coal miner, farm-hand, laborer, and truckdriver and likes most sports, particularly swimming. Previously convicted of interstate transportation of a stolen motor vehicle, murder in the second degree, and involuntary manslaughter, he is regarded as belligerent and often violent when drinking to excess. He is considered armed and extremely dangerous and capable of killing without hesitation. Anyone receiving information concerning the whereabouts of this fugitive should immediately notify the nearest FBI office, the telephone number of which can be found on the first page of local telephone directories.

**THIS DISCUSSION**, which naturally is "hot and heavy" over the school district tax situation, has now resolved itself on another interesting point of law, which we hope, by the time this paper gets into print, will be explained in detail on page one.

but, as of...

**THIS WRITING**, the question

### TIMBER TOPICS

#### WOOD FOR FUEL

Almost everyone enjoys the cozy heat of a fireplace in winter and each of us prefers a certain kind of fuelwood for his fire. General preferences of long standing frequently lead to misconceptions regarding wood, such as the notion that oak and other heavy hardwoods have a higher fuel value than pine. Such is not the case. In fact, pound for pound, the wood of pine and other similar resinous species will generate more heat than the hardwoods. However, the heat from resinous woods produces a hot, quick fire which also consumes the wood and releases the heat quickly. As a result, it is difficult to maintain a uniform temperature when burning resinous woods, because the heat is intense at first and then quickly cools.

The denser hardwoods take longer to ignite and when burning, release their heat more slowly than pine. Long experience has taught us to start our fire with hickory, res with pine and to make oak, or similar hardwood species.

MORTON, TEXAS

has now developed as to just what is the authority of the Tax Equalization Board of an independent school district. Do they, in fact, have the power to adjust differences in tax valuation on property as so many people have always been led to believe?

or, is it...

**A TECHNICAL POINT** of truth that they can only recommend or suggest such changes to equalize the taxes, and is it true that the actual point of acceptance or rejection of a new tax value falls upon the school board, or the school board, or the school's Assessor - Collector.

we know...

**FOR A FACT**, that in some instances, the decisions of Boards of Equalization have been accepted at their face value and the changes were made. But in view of the sudden question on where the actual authority lies, naturally few want to step forth and say this is "what we did or didn't do."

what we hope...

**MORE THAN** anything else concerning this tax problem, is that before the discussion all subsides, that someone comes up with (1) the technical point of authority; (2) a reasonable attempt to solve the dilemma; and, (3) an answer that at least is acceptable to the majority.

although people...

**GET TOUCHY**, and actually selfish, when it's their pocketbook which is concerned, we have always believed that most people want to pay their fair share of taxes. What they object to, and what makes them fight so hard against, is the knowledge, or belief that their tax money is being wasted, and the knowledge or belief that others are not carrying their share of the load.

to feel that...

**THE VARIOUS** groups are not genuinely concerned about this matter would be unfair. If the school board hadn't been interested they wouldn't have met twice last week to discuss it. If the spokesmen for a huge group that met with the board hadn't been concerned, they would never have appeared.

we've been asked...

**THE POSITION** of various persons involved in the discussions. We think it can aptly be shown that most of the people who came

### MONUMENTS

- BRONZE MARKERS
- STONES IN ALL COLORS
- SAMMY LEVERETT SINGLETON FUNERAL HOME
- MORTON, TEXAS

to the front to discuss the problem, were looking for an equitable solution.

although we...

**AS INDIVIDUALS**, often align one individual with another, simply because both are arguing for a solution to a problem, the fact is that two men may have different views as to what the solution should be. We certainly are being unfair if we attribute any alliance that is not admitted by an individual.

if the members...

**OF THE EQUALIZATION** board hadn't been concerned they wouldn't have gone to check legality of their position, and just what power they do have, under law.

regardless of...

**WHO IS**, in the end, fairly or unfairly saddled with the blame for the inequalities that exist, the shining fact remains that people have a right to know who is responsible, what group has what authority, and what is being done.

we ought not...

**LET PEOPLE** go on thinking that a Board of Equalization has certain authorities, if they do not. We ought not make the taxpayer responsible for his true rendition if it is not his responsibility.

we ought not...

**BLAME THE SCHOOL BOARD** for acceptance or rejection of equalization board recommendations, if they are not responsible for it.

to say it is...

**A SIMPLE MATTER** for anyone to get at the final answer would seem to us to be hogwash, regardless of who makes the statement. Several persons, including this reporter, made more than a simple effort this week, and had considerable difficulty in finding the legal answer.

laws are...

**WRITTEN**, edited, argued and adopted (also voted). Later they are again defined, argued, appealed, and repealed. It is no shame for a citizen to seek a final answer, and it is no shame for a lawyer to need many an hour to come up with the final answer.

because...

**WHEN IT'S ALL** said and done, his opinion may be overruled in court, and it may also be the basis for the complete re-interpretation of a law by higher authorities.

we are not...

**IN THE LEAST** sorry for any "stirring up" of the waters that we have caused; even though, we always, and have proved it so before in print, are sorry when we are responsible for a misinterpretation or misprint. But in the end we want justice for everyone who pays taxes, rather than for an exalted few who can pay for the expense of a fight to protect their particular position. We believe the majority of folks feel the same way.

while we are not...

**IDEALISTIC ENOUGH** to believe that perfect equality is possible; neither are we stupid enough to believe that there are not now of won't ever be persons who would deliberately press for and perpetuate inequality in their own personal favor.

somewhere in...

**BETWEEN** lies the solution.

### VISITED BROTHER WHO

#### IS SERIOUSLY ILL

Rev. and Mrs. H. T. Clarke and grandson Ronald Phillips spent last week visiting Rev. Clarke's brother Fred Clarke of Tulsa, Oklahoma, who is seriously ill. They also visited a sister, Mrs. C. A. Rabb and family. Later they went to Oklahoma City to visit another of Rev. Clarke's sisters, Mrs. Carl Stapp and family and two of his brothers, Charlie and David Clarke and family. They also visited Mrs. Clarke's sister, Mrs. Alfred Spell and family.

Mrs. Clarke's niece Miss Alfredo Spell returned home with them and will work in the store until College starts.

### Rehearsals Set For School Band

A rehearsal of the Morton band prior to the participation in the rodeo parade has been called for Tuesday, August 9th, at 6:00 p. m., at the band hall.

In issuing the call, band director Bill Hulse, asked that all members of next year's band make a special effort to attend the rehearsals so they can get off to a good start in this year's band program.

Hulse also reminded that regular rehearsals before school for the band get underway on August 15th... the Monday after the rodeo.

### Need Driver for Dallas Bus Trip

Bill Hulse, band director, is looking for a bus driver with friends or relatives in the Dallas area, who can afford to spend a week in Dallas, the week of August 14th.

Eleven girls from this area will go to Dallas for the SMU

Twirlers Camp. Hulse needs a reliable bus driver, with commercial driver's license and experience at bus driving, to take the girls to Dallas. The man or woman driver can take his or her family along and will have no duties at Dallas. All the driver needs to do is take the group to Dallas and be ready when it comes time to return them back to Morton.

Anyone interested should contact Hulse immediately.

### HOUSE SHOWER SET FOR FIRE VICTIMS

There will be a house shower for Mrs. Nellie B. Pritchett, Saturday night, August 6th, at 8:30 p. m., it was announced this week. The place will be the Ira Miller Cafe, Morton.

Mrs. Pritchett's home burned Saturday morning destroying everything. Anything given will be appreciated. Contact Mrs. Bibbie J. Crouch for further information, phone 2916.

### Equalization Board Has the Power To Adjust Values on All Properties

Considerable discussion was held this week concerning the actual powers of the School Tax Equalization Board under Texas Law.

### Equalization Board Forced to Change Date of Meeting

The Board of Equalization of the Morton Independent School District did not meet, Monday, because of the recent action of the school board in "going back to the old tax schedule."

There just wasn't enough time since the Board's action to refigure all of the taxes that would need refiguring, Duh Hodge, Tax Assessor-Collector, told the Tribune. He said notification of a new Equalization Board meeting date would be announced in the near future.

Members of the Equalization Board are H. B. Barker, chairman; Odell Fulton and J. R. Kuykendall.

**HOSPITAL BOARD TO MEET**

The Memorial Hospital Board of Managers will meet Thursday (tonight) night at 8 o'clock in the hospital dining room.

Senator Johnson's assistance in carrying out the program. If we are successful in November, I think Senator Johnson can play a role as Vice President greater, more influential, and with greater benefit to the public than any Vice President in recent times.

2) Southern leaders evidenced a quality of unity unlike any we have seen for a long time. I came away from Nashville convinced that the people of this Country want to free Americans together before they want to be anything else, and that they wanted me to speak to them not as a Southerner to a Southerner or a Protestant to a Protestant, but as an American to Americans.

3) Senator Kennedy and I cemented our relationship as running mates. There is no tension between us and we are not "poles apart" as our opponents insinuated in Chicago. Instead, we are united in a common purpose of opening the New Frontiers of America and bringing to all of our people a better life in the days ahead.

### Meeting Was Well Attended
