Lighthouse Deficit Demands Increase

increase of rates will go into effect July 1 for rural cooperative patrons. Alton Higginbotham, manager of Lighthouse Electric Cooperative, at the annual meeting Saturday. The increase will primarily affect minimum rates, he said, and some will see an increase in their utility bill. The cooperative will be renegotiating power purchase contracts, pointing out the last contract was signed in 1972 before the price in fuel costs. The price is costing more to the power plants and the cost of mining the coal.

non-operating margins which we will use instead of patronage dividends," he said. Shorty Neff, an employee with Lighthouse since 1949, was awarded recognition for 30 years of service.

Directors elected at the meeting were Tom Porter, District seven; Henry Scarborough, District six; and James Richberg, District nine.

S.M. True of Plainview surprised the directors and employees with a verbal tribute. He said, "Good electricity and good service are the result of good management, well-qualified boards and good patrons."

Cooperative members and guests began arriving at 11 a.m. at the high school in Floydada for a barbecue meal. Entertainment was provided by a lively musical group from the Lubbock area known as the Flatland Bluegrass.

Member families received a ticket at the registration desk and drawing of prizes was conducted at intervals throughout the meeting. Master of ceremony for the meeting was Keith Thomas of Floydada.

Mrs. C.M. Miller held the winning ticket for the grand prize. Registered for the meeting were 230 members and guests.

Red Cross Opens 1980 Campaign

The Floyd County chapter of the American Red Cross opened the 1980 Finance Campaign in Floyd County this week. Chapter chairman O.M. Watson Jr. announced that the campaign would continue through May 10th. The campaign goal is \$1,200.00.

"I have always felt that Floyd County needed a closer contact with the American Red Cross," Watson said. "Floyd County citizens especially remember the Red Cross during a time of disaster. We hope that we do not have a disaster of any kind in the county but we cannot afford to wait until it happens to make our plans."

In addition to many other health services, community, and family life improvement programs, Watson pointed out that the Red Cross is the only representation our ser-

vicemen and women have in the armed forces when they need to return to Floyd County during a family emergency.

Marilyn Tate is treasurer of the county organization. Other board members include Jerry Finley, Sam Spence, Mrs. Fred Zimmerman III, Mrs. Hester Moore, Dr. S.K. Hong, Ian Moore, Fred Cardinal, and Choise Smith. Patty Cammack is Red Cross division representative with her area office in Lubbock.

Floyd County residents are urged to mail their contribution to **Red Cross, Floydada, Texas 79235** or deposit their donation to Red Cross at the First National Bank in Floydada. The money will be used to continue Red Cross projects in the county and support Red Cross activities throughout the world.

Professional Educators Announce Meeting

The Association of Texas Professional Educators announces an organizational meeting for all educators in Region XVII.

A.T.P.E. is the United Membership of the former Association of Texas Educators and Texas Professional Educators.

The 1000 members of region XVII are part of a statewide movement to preserve teaching as a profession rather than a labor union says David Howard, former A.T.E. Director.

Mary Glenn Degge of Lockney, former T.P.E. Director, encourages all members to attend and welcomes all visitors to this important planning meeting.

We will be electing regional officers and preparing for a new member campaign in the fall.

We have 20,000 members throughout the state and expect to see that membership triple next year.

The meeting will be held at Lubbock's Estacado High School at 9:30 a.m. on Saturday, April 26. All interested persons are welcome to attend.

More information may be obtained by contacting David Howard at Ash Learning Center in Plainview.

Daylight Savings Delayed

First Baptist Church will follow its usual custom of delaying the switch to Daylight Savings Time until the conclusion of the morning worship service this Sunday, according to David T. Seay, minister of education.

Central Standard Time will be observed for Sunday School at 9:45 a.m. and Worship at 11 a.m. After the morning service, clocks will be moved forward one hour.

"This schedule allows us to keep the extra hour of sleep on Saturday night, and to be rested for Sunday School and worship," said Seay. "It has seemed to work well in the past, so we will stick with it."

Teck Enrolls For Summer

LUBBOCK—Registration for the first term of the 1980 summer session at Texas Tech University is scheduled for 7:30 a.m. - 6 p.m., Monday (June 2), in the Municipal Coliseum.

Registration packets may be obtained in the University Center Coronado Room Monday through Friday, April 21-25, 1:00-6:00 p.m.; according to Don Wickard, Registrar.

County Child Board Sought

The possibility of establishing a Child Welfare Board in Floyd County will be discussed tonight at 8 p.m. in the Duncan Cafeteria.

Child abuse or child neglect hurts everyone! The child, the parent, the community—all are affected. A Child Welfare Board in our county could make the difference.

This Board coordinates state and local public welfare services for children and their families and coordinates the use of federal,

state and local funds for these services.

All the Floyd County Commissioners and candidates for commissioner have been invited to participate in the discussion. Every concerned citizen of Floyd County is urged to be present to hear the views of his commissioner.

You are asked to come tonight and support the establishment of a Board and to let your commissioner know that you are behind this vital project.

Man Found His Marbles

Charley McDonald of Colorado Springs, Colorado was born between Lockney and Floydada in 1918. This past weekend he returned to the old farm where he was born in search of a buried treasure.

McDonald had shared the story with his family about how in 1926 as a boy of eight he had played with marbles on the yard at the Muncy School.

One day he decided to bury the small can of marbles near a cedar post dividing the yard from his mothers garden.

In 1928 the McDonald family moved to Lockney and later sold the farm to Ervin Bennett who cleared the place of buildings, leaving only a windmill. The place has been in cultivation since.

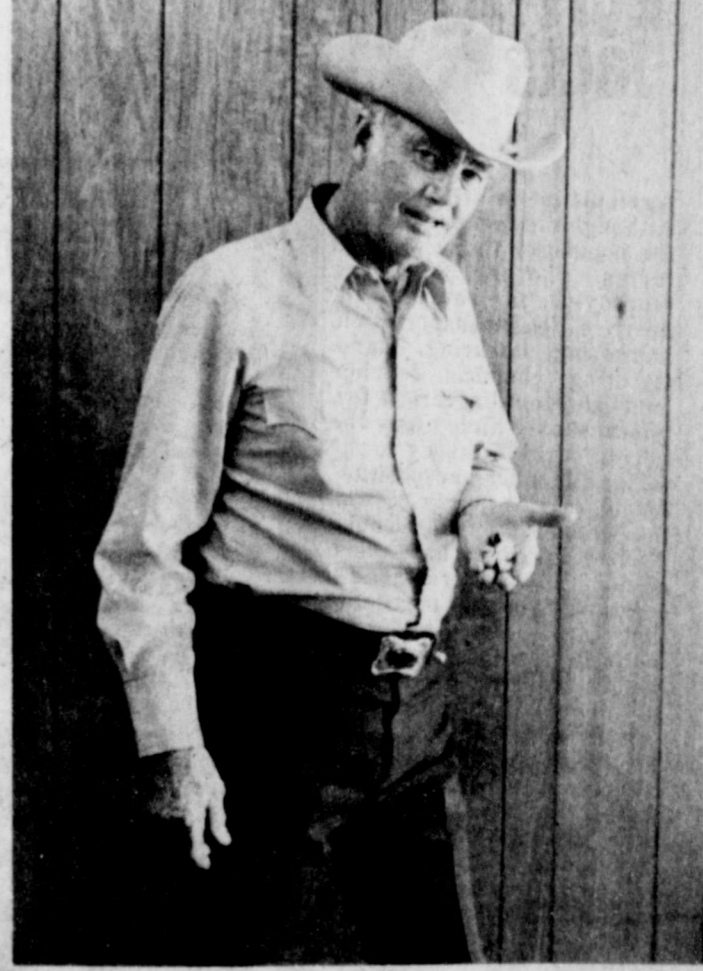

While visiting in Floydada over the weekend of April 20, McDonald, his son Phil and his family drove out to the old farm hoping that they might locate some of the marbles.

Using the old windmill to measure the distance, McDonald went back to that day over 54 years ago when as a lad he placed the can in the earth. Visualizing with his mind's eye, then bending down and searching the ground he soon found nine of the old marbles scattered over a small area close to the

place where they were originally buried.

"Through the years I have heard of people losing their

marbles, but never able to get them back. You will never know how much better I feel since finding my marbles!" laughed McDonald.

CHARLEY McDONALD FINDS MARBLES—After 54 years Charley McDonald returned to the old farm and found nine marbles which he buried as a boy.

Single Adults Plan Retreat In May

First Baptist Church of Floydada will sponsor a Single Adults Retreat May 2-3 at Plains Baptist Assembly. Tom Kennedy, minister to single adults at First Baptist Church in Lubbock, will be the retreat leader.

Single adults in Floydada are invited to participate. Those wishing to attend should register with David T. Seay, minister of education,

by Sunday, April 27. Cost per person is \$12.00 which covers room and three meals.

The retreat will begin with the evening meal at 7 p.m. Friday. Afterwards, Kennedy will lead the group in the topic of "Developing a Christian Single Adult Lifestyle". There will also be a time for recreation and snacks.

The Saturday morning sessions will cover "The Role of

the Single Adult in the Church" and "Intimacy and the Single Adult". The retreat will conclude with the noon meal Saturday.

"Too often society and our churches are geared to meet the needs of the married couple and families," said Seay. "This is just one effort to help meet the needs of a segment of our population that is experiencing a tremendous growth rate as a

result of increased divorce and many adults who are waiting until later in life to marry. I hope many single adults will take advantage of this opportunity to deal with some of the particular problems and situations which they confront as singles," Seay concluded.

Plains Baptist Assembly is located in the canyon south of Floydada and east of the Ralls highway.

Commentary:

Sen. Lloyd Bentsen

There are some heroes who never will star in ticker-tape parades. Their deeds will go unsung. It is this way for officers in the Central Intelligence Agency.

Public acclaim could harm the outcome of delicate, dangerous missions which CIA officers perform worldwide.

Ever since George Washington first sent Americans behind the British lines, we've recognized the crucial need for intelligence information.

When information provided by CIA officers helps to anticipate crises, our nation can prevent them or be better able to cope. We live in an increasingly hostile world. We confront a Soviet Union that shows contempt for human rights, national sovereignty and international law.

Individuals who perform hazardous intelligence work deserve our support and appreciation. They serve at great risk, doing vital tasks. The anonymity of their profession mandates that their work often go unheralded. While their failures are frequently criticized, their successes are generally unknown.

I have introduced before the Senate a bill to provide benefits for dependents of those officers who die in the service of their country. It would give one year's salary to widows and children of CIA officers killed in the line of duty.

I hope no money will ever be paid out under this bill. However, our nation owes a debt to those who are killed. We can only begin to repay that debt by providing benefits to their dependents. Such benefits are already available to employees of the State Department killed under similar circumstances.

The bill has been carefully drafted and is narrow in focus. I fully expect it to become law this year.

The need for such a law is long overdue.

Two displays at the CIA headquarters remind officers daily of the purpose and risk inherent in their work. On the south wall of the central lobby in that building are carved the words from the Book of John, Chapter Eight, Verse 32:

"...ye shall know the truth and the truth shall set you free."

On the north wall of the lobby are 35 stars. Each of those stars is a memorial, honoring a CIA employee whose life was lost in service of country. The names of many of these dedicated Americans can never be revealed.

But we are familiar with the name of one: Richard Welch, CIA Station Chief in Athens, Greece. Terrorists assassinated Welch in December 1975 as he and his wife returned to their Athens home from a Christmas party.

Welch had been listed officially as a special assistant to the U.S. Ambassador. But shortly before his death the Athens News, an English-language newspaper, identified him as a top CIA official in Greece.

Officers like Welch risk their lives on a daily basis. They often work under extreme pressures. I hope that passage of my law will cease some of the pressures an officer feels concerning his family's security.

There are eight medals awarded by the CIA for heroism or meritorious service. All of the medals are anonymous; recipients, or their survivors, can't tell anyone about the award.

The highest medal they can bestow is the Distinguished Intelligence Cross, awarded for "...a voluntary act or acts of exceptional heroism..."

There is also an Exceptional Service Medal, for those killed in the line of duty.

When that particular medal is awarded, God forbid, let's see it accompanied by a full year's pay. It's a small enough gesture of gratitude for the sacrifices our intelligence officers may be called upon to make for their country.

If we want to have a good, capable intelligence service, we must show the people in that service that we stand behind them.

Carr Retires As School Nurse

Thirty years ago Gertrude Carr moved to the Floydada area with her husband and two sons. She was a Registered Nurse and was offered the position of School Nurse. "I didn't want to take the job because I didn't know anything about school nursing," Mrs. Carr said. Mr. I.T. Graves, school superintendent at that time, insisted. That was in 1949. This May Mrs. Carr will retire after 30 years of serving as School Nurse in Floydada.

She graduated from the School of Nursing at Lubbock Memorial Hospital now called Methodist Hospital, and practiced nursing at Paducah Hospital.

In 1937 she married Westly Carr. He bought farm land 17 miles from Floydada in 1949 and moved his wife and two sons into a house they had built themselves. Mrs. Carr still lives in that same house at Harmony Community. Westly Carr died in 1976.

Mrs. Carr was the first School Nurse in the system. At that time Andrews Ward, the High School and Della Plains made up the district.

The first thing she asked the School Board to buy was hearing and eye testing equipment. They complied the first year.

No student immunization was required at that time. Mrs. Carr instituted the program of D.B.T. vaccination. Later on the T.B. testing program was started. They check the students every three years. At first Mrs. Carr did all of the testing then later the T.B. association came in to help.

Shortly after the new High School was built, another School Nurse, Mrs. Cosby was hired. She has worked with Mrs. Carr for the last ten years.

Quality Leadership In Floyd County

Editorial

In last weeks edition we ran an article on Ricky West, Floyd County Government Trapper.

This week we received a report on testimony given before a House subcommittee in Washington by Texas and Southwestern Cattle Raisers Association President John S. Cargile of San Angelo.

Cargile strongly endorsed legislation that would strengthen controls on the needless slaughter of livestock by predators.

Calling for control and not total eradication of predator species like the coyote, he said existing programs are ineffective in stemming the multi-million dollar problem.

Until animal damage control programs are extended to public lands like Fort Hood, in Central Texas, no effort to stop free-roaming predators will be successful, Cargile said. The mammoth military reservation, like other federally-controlled land pockets, represents a

breeding ground from which predators can reinfest control areas.

In the Southwest, as documented by a 1978 study conducted by the U.S. Fish and Wildlife Service, an estimated 92,000 baby calves out of 8.38 million born annually are killed by predators. On today's market, these calves have a value of \$350.00 a head. The resulting loss to cattle producers alone then is \$32,268,000.

"Economists agree that increased productivity is one of the best tools we have to combat inflation. It is the public interest to control predators effectively, so the livestock can help stem unnecessary losses and can do its part in producing more food for our country. H.R. 6725 provides the direction for an effective ADC program and we urge your support of its passage," Cargile said.

Agriculture is still on top! Although only about 4.5% of the population today work on farms, another 25% are employed in related industries. Food transportation, marketing, financing, manufacturing, chemical development and textiles are a few businesses which push the agricultural industry to the nation's number one position, accounting for nearly 25% of the Gross National Product. As bad as things have been economically, Americans still spend only about 17 percent of their income after taxes for food. In a majority of the world's countries the amount of income paid for food exceeds 40%. In just 25 years the percentage of disposable income spent for food in the United States has decreased more than 28%! Equally as dramatic as this decrease is the increase in selection and quality of foods available... last time anybody counted there were better than 11,000 food selections.

Runners To Compete

Area joggers interested in some friendly competition are urged to be on hand here Friday, April 25, for Wayland Baptist College's 17th Annual All-College Track and Field Meet.

The annual event will feature a Masters 1,500-meter race at 5:15 p.m. in J.V. Hilliard Field on the WBC campus. The race immediately follows the Meet's opening ceremonies and will launch the finals in all running events.

Open to all runners who can complete the distance in less than 10 minutes, the Masters 1,500-meters (nineteen-tenths of a mile) is different from usual competition. Each entrant must predict his or her finishing time with the winner being the person who comes closest to his or her predicted time.

Thus, the last finisher could still be declared the winner.

T-shirts will be awarded to the top three placers, and there is no entry fee for the race. All runners should check in at the starting line by 5 p.m.

Wayland's All-College Track Meet, held in conjunction with Big Weekend each year, is one of the top collegiate track events in the Southwest annually. Defending champion West Texas State University, coached by former Wayland All-American Randy Lightfoot, will be on hand to defend its 1979 title against a field of 8-10 other teams.

Home from Extended Trip

Mrs. Eliza Jones, her sister, Mrs. W.E. (Mollie) Burleson and friend, Mrs. Allene Henry both of Floydada returned home recently from a springtime tour to points of interest from Texas to Florida and a Nassau Cruise.

They toured Vicksburg, Mississippi Battleground and a local guide recreated the "seige" of Vicksburg in 1863 at the 80 acre National Military Park. One of the highlights in Alabama was the "First White House of the Confederacy" in Montgomery that had personal property and were relics of Jefferson Davis.

Among tourist attractions they visited in Florida the next three days was a tram tour of St. Augustine, the Nations oldest city, beach of Atlantic Ocean, Cypress Gardens, and The Fountain of Youth. They were impressed by the Kennedy Space Center and the continuing exploration of outer space. A point of interest was the Manned Spacecraft Operations building and viewing a space trip transport weighing six million pounds. They also enjoyed Walt Disney World in Orlando.

They sailed from Miami on the Emerald Seas cruising hotel ship with 980 other passengers aboard. They visited the charming, bustling Nassau Island with its de-

lightful shops, surrey rides and native straw markets.

They continued to the Bahama Island Paradise with a general tour of the island including Fort Fincastle, that has twelve and fourteen feet thick walls with several rooms, under tons of rock, and the Water Tower, a glass bottom boat ride and seeing where the Shah of Iran resided when he was there.

When they arrived back at Miami Beach they toured Silver Springs, one of Florida's most beautiful attractions, the Gulf of Mexico through Pensacola to Mobile, Alabama. Here they had a 35 mile guided tour of the Azalia Trail. At Bellingrath Gardens, where they had a hurricane in September, men were setting out truck loads of 5 feet and taller trees in full bloom. They could not tell by looking which trees had been transplanted.

In Louisiana, their sight-seeing tour included Bourbon Street, Notre Dame Seminary, St. Louis Cathedral and French Quarters in New Orleans. In Mississippi they enjoyed the Natchez Pilgrimage, and attended the colorful and historical show, "Confederate Pageant."

The last night of the tour, the tourists were entertained with a farewell dinner at the Hilton Hotel in Dallas. When they arrived in Amarillo, they were met by their first sandstorm in eighteen days.

Pat Walker's method works . . . for grandmothers, mothers and daughters.

3 generations of successful Pat Walker patrons.

Juanita Weaver of Houston was so delighted with her Pat Walker Figure Perfection treatments that she soon brought along her daughter, Pam and later her mother, Mrs. Mildred Wells. After a few months, we took this picture of a very happy grandmother, mother and daughter. Mrs. Wells lost 34 1/2 inches and 23 pounds. Juanita lost 25 inches and over 15 pounds. Pam lost 19 inches and 15 pounds. They all look just great. It's not a question of age. Anyone can look younger and more beautiful with the Pat Walker method.

A TOTAL APPROACH TO FIGURE PERFECTION

The exclusive Pat Walker method is a total approach to your figure problems. That's why it is effective for women of all ages . . . regardless of bone structure.

Passive Exercise

Safe, passive exercise tones your tissue, improves your circulation, helps firm and trim your figure. No special clothing is required and you need not disrobe. We are neither a spa nor a gymnasium.

Sensible Control of Food Intake

Our experienced counselors will help you with sensible control of your food intake . . . you probably won't even think of it as a diet, and certainly will not crash diet. We are not a diet club.

Individualized Treatments

Pat Walker has recognized for years the importance of individualized programs. Your needs and your neighbor's needs may be very different. The first step in any Pat Walker program is a free figure analysis to determine exactly what kind of program you need and to tell you exactly what it will cost.

Positive Motivation

An important part of any figure program is motivation. If you are self-motivated enough to start, our counselors are experts in keeping you resolved to succeed . . . because most of us have used the Pat Walker method to overcome our own figure problems. Many of our successful patrons decide to make a career out of helping others "lose weight and lose it like a lady."

Pat Walker's

Figure Perfection Int'l.

FREE Trial treatment and Figure Analysis

You are invited to call for a courtesy treatment and figure analysis without obligation and from the analysis we will tell you where you are going to lose, and how long it will take. We will tell you exactly how many treatments you need and the exact cost of your correction.

The meeting will be May 14 at 11 a.m. Please bring unwrapped gifts to sell at the auction. Auctioneer will be Dot Cummings. Roll Call will be: "My Most Embarrassing Moment" and the Thought For the Day will be given by Mrs. Letha Mulder.

Weather is fair, and getting dryer and dryer. Nearly planting time, ready for some garden stuff. Wheat is beautiful regardless.

Services were so good at Calvary Baptist; good attendance, dinner at the church, and real spring weather afterward.

Mr. and Mrs. Fred McDougle of Crosbyton visited Sunday afternoon with her parents, Mr. and Mrs. Henry Brewer.

Mrs. Roe Jones had her daughters, and more, at home over the weekend. These were Wanda Huckabee and daughter-in-law of Stevenville, Christine Perry of Petersburg, Clara Hale of Amarillo, Helen Melton of Plainview, and a granddaughter, Ann Ball and family of Nebraska.

Word has come from the Hal Thomases who are in California with her sister who has been seriously ill. Mrs. Price Scott seems much better.

Miss Vera Meredith's company last week: On Thursday were Brother and Mrs. Clay Muncy, Mrs. Jewel Walters and Mrs. Lucille Carroll; Friday were Mrs. McPeak and Mrs. Gwen. Mrs. Clay Muncy came Saturday and Monday.

Mr. and Mrs. Clarence Ashton had a long distance visit with their daughter

Francis from Hartford Connecticut Sunday.

Sunday afternoon Mr. and Mrs. Thomas Warren, Mrs. Ola Warren, Mrs. Fred Batey, and small sons Jason and Justin of Mr. and Mrs. Jimmy Owens went to Muleshoe. They visited the Paul Stouts. It was the birthday of a small granddaughter, Madeline Stout. She was 5 years old.

Thursday was a nice day for Senior Citizens. There were about 90 present, good visiting, good dinner and good music and devotionals.

We sympathize with Mr. Field and family in the passing of his wife, Mrs. Jettie Field. She was such a lovely, sweet person. We Senior Citizens also miss her.

We also grieve with one of our former Center girls, Dorothy Anderson Thompson, and family on the awful accident that took the life of her husband, Odell Thompson.

Let us remember all these sorrowing friends in our prayers, also those in the hospital.

Brother Payne has not been feeling well, but was in the Pulpit Sunday. We hope he will soon feel better.

Mrs. Wiley Rogers and Mrs. F.A. Faulkenberry visited Mrs. Frank Dunn Saturday afternoon.

Mrs. C.M. Meredith has been in Dallas several days visiting her children there.

All reported a lovely visit with the other lodges attending from Lockney and Abernathy.

On Saturday April 19 Lockney Odd Fellows and Rebekah Lodges hosted the South Plains Association attended by Hubert and Ruby Davis.

Floydada. Hubert won first place on giving the warden's charge and both were judged on several of the Degree works.

A lovely month is April... With breezy, lively days... A perfect time for parties And very special days!

Bill Dodson we are greeting... He always wears a smile... He's such a friendly fellow And will go that "second mile".

Our Mrs. Neff is with us... Her years are 93... But she is not complaining She's happy just to "be".

We welcome Mr. Marble... He's here to make his home... And may his stay be pleasant With happiness full blown!

Our Mrs. Velva Pricer Dates back to 1902... She is such a pretty lady and such a nice one, too.

Lets sing the birthday ditty... To cheer these ones along... So, everybody ready And join right in the song!

Thursday April 17 was party time at the Floydada Rest Home with ladies of the City Park Church of Christ as hostesses.

Residents and guests were ushered into the dining room and the honorees were seated at the "honor" table. Their places were marked with special cards.

We are always in need of bibs or lap robes.

Bill Dodson has enjoyed visiting with his two sisters Mrs. Jack Moser of Perkins, Oklahoma and Mrs. R.R. McConnell of Rockaway Beach, Missouri this week. They are here to help their brother celebrate his 77th birthday.

Mrs. Worth Howard brought out two beautiful spring bouquets Friday, one for the piano and one for our activity case. They make the home smell so good.
