

FRANK BREED, a farmer, is the new city councilman, who was elected in the city election.

Powell wins easily Breed, Russell are councilmen

Incumbent Floydada Mayor Parnell Powell won a vote of confidence as he garnered all but one of the votes cast in the April 4 city election.

Powell, who is a rural mail carrier and salesman for City Auto, received 85 of the 86 votes cast in what was termed light voter turn-out. Powell ran unopposed for his fifth term.

Frank Breed, farmer, will be the new face on the Floydada City Council this year.

"I've always been interested in City government," Breed said.

He was raised in Lakeview and finished his last two years of high school in Floydada.

He and his wife, Helen, have four children: Joe Mack of Tulla; Beverly Knight of Cleveland; Pam Rogers of Crosbyton; and a son Rex who lives at the family home.

Breed will be sworn in at the regular council meeting April 14.

Also being sworn in for the 6th term will be incumbent Councilman Wayne Russell.

Russell has served the city for over 11 years during two different times. The second time he was appointed to a council seat to fill out a term, hence the odd number of years served.

There were only two council seats open and only two candidates ran. Russell received 83 votes and Frank Breed received 74.

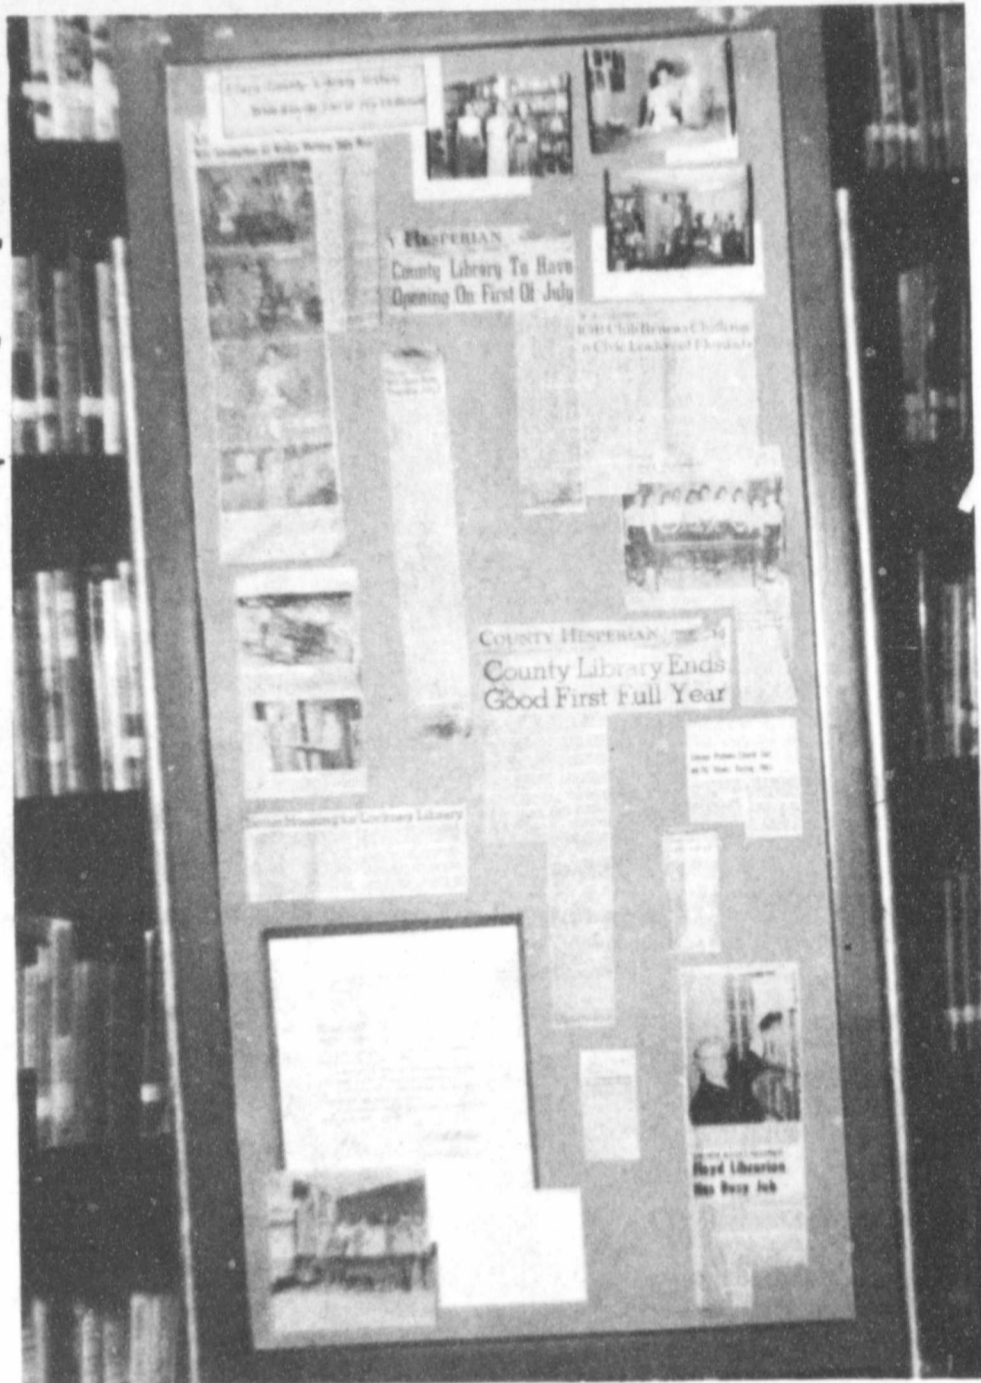

Jerry Thompson who chose not to run this year after serving as councilman for eight years, received one write-in vote.

Floydada: Larry Barbee, 82; Eugene Beedy, 81; Gary Brown, 83.

Advisors: Elvin Lyon, Tommy Hancock, Jett Major, Ryan Thompson, Ken Langley.

Orman, Hardy, Allen elected as school board trustees

Bill Orman, farmer, was elected to his first term as trustee on the Floydada School Board in the April 4 election.

The school election was the only contest in last week's local elections with four contestants running for three places.

Don Hardy, who has been serving the unexpired term of Adrain Helms, pulled in the most votes with 187. Hardy is a businessman who ran for the board position because he felt that his business experience could be of help in some of the decisions that have to be

made by the board. Incumbent Harvey Allen was re-elected to the board with 159 votes. Bill Orman received 152 votes, and June Ware, who was running for a second term, was defeated with only 85 votes.

Newly elected trustees will take the oath of office at the regularly scheduled board meeting April 14. At that time lots will be drawn for 2 year and 3 year terms.

New trustees will also be welcomed at the 14th annual dinner given by board members and administrators. The dinner is catered by the high school home economics department.

Public hearings set for HUD grant

Two public hearings have been scheduled on Floydada's final application for a \$397,000 Community Development Block Grant from the U.S. Department of Housing and Urban Development.

The first hearing will be held at 2 p.m. tonight at the Floydada Fire Station.

The second hearing is set for 7:30 p.m. Tuesday, April 14, at the city council room at City Hall during the regular city council meeting.

The hearings are scheduled to give citizens an opportunity to review the proposed use of the Block Grant funds and ask questions about the program and provide input for incorporation into the final application.

Written proposals and comments from citizens about the Block Grant program will be accepted for consideration until the time of the second hearing.

A copy of the city's preliminary application, which has already been approved, is available for public inspection upon request at city hall during normal business hours. In addition, written materials explaining the Block Grant program will be available at the two public hearings.

The final application, city officials say, is largely a matter of formality and there appears little doubt the city will not get the \$397,000, a relatively small amount by Block Grant standards.

The funds will be used for several purposes:

—\$225,000 for housing rehabilitation.

—\$ 95,000 for acquisition and relocation of housing.

—\$ 20,000 for clearance and demolition.

—\$ 32,000 for code enforcement.

—\$25,000 for general administration.

With the funds included for general administration, no tax money will be needed to manage the program.

"Fantasy" is banquet theme

The Floydada High School Band held its annual band banquet last Saturday night, April 4, at 7:30 p.m.

The theme was "Fantasy Island," and the Duncan Elementary Cafetorium was transformed into an island paradise. Murals, palm trees, volcanoes, even real water falls and fountains helped to set the mood for the evening.

Guests were met at the grass hut door by eighth grade band students and were presented leis as they were escorted to their table.

The meal consisted of fish and chicken with all the trimmings and was catered by Southern Seas in Lubbock.

The program for the evening was introduced by Penny Kirtley, band president, and was a "roast" of the band director, Bruce Kenner.

Four students came to the podium and told funny remarks and stories about Mr. Kenner. After the roast, Mr. Kenner presented several students with awards.

Outstanding freshman was Sheree Cannon, sophomore was Tammy Boothe, junior was Treva Hambright and outstanding senior was Kevin Noland. These awards were voted for by the band members.

In addition, Mr. Kenner selected Darryn Boothe to receive the Band Director's Award, Melissa Morren to receive the Arion Award, and Terri Lloyd to receive the John Phillip Sousa Award. All three girls were cited for their musicianship, leadership, and scholastic achievement.

After the banquet, Sheldon Sue provided music for the prom, which was also held in the cafeteria. Punch for the prom, as well as backing for the banquet was sponsored by the Floydada Band Boosters.

SENIOR BAND HONOREES—Three Floydada High School senior girls were presented special awards Saturday night at the annual band banquet. They were [l-r] Darryn Boothe who received the Band Directors Award; Terri Lloyd received the John Phillips Sousa Award and Melissa Morren received the Arion Award.

Open House for Lockney's Cogdell Clinic

More than 150 guests from Floydada, Silverton, Kress, Lubbock, Plainview, Crosbyton, Aiken and Lockney attended the open house for Lockney Hospital's Cogdell Clinic. Mrs. D.M. Cogdell, Jr. attended representing the Martha Ann Cogdell Hospital Trust Fund. From this fund \$150,000 was given to Lockney General Hospital for the new clinic.

New items of medical equipment bought through the Memorial Fund and Equipment Fund were on display. They included a wheel chair, carrier, Gomco machine, suction machine and stand, 16 blood pressure cuffs for patient rooms, and I.V. and flow pump at a total cost of \$4,166.91.

The memorial fund was set up for donations in memory of loved ones to be

used for medical equipment. Five years ago this fund was used to purchase a heart monitor and defibrillator with the help of the Rotary and Lions Clubs. Each gave \$1,000 toward this fund. Equipment which cost \$5,000 through the Memorial Fund was set up for donations that are not memorialized. Neither David Niman for 16-year-old son had sought re-

Mrs. R.C. Mitchell donated a color painting and Mrs. Gene Sherman donated a painting to the new clinic. Mrs. Mild and Mrs. Roy Holly loaned paintings for the open house. We hope more local artists will be able to donate their work.

Copeland new mayor; Wofford, Kring winners

Lockney City Councilman Copeland easily defeated assistant Clarence Ansley to become the first new mayor since 1965. Copeland received 284 votes to 146 for Ansley.

In council elections, Kenneth Wofford and Gail Kring out-distanced other candidates to win election. Wofford, the top vote-getter in the council elections, received 323 votes to 240 for Lawson Rowell. Kring got 240. Lawson Rowell finished third in the balloting with 141 votes. Roger Stapp finished fourth with 101 votes.

Wofford and Kring, who were sworn in with Copeland at Tuesday's meeting, succeeded Thurman and Bobby McCormick on the council. Neither Davis, who had been a councilman for 16-years, nor McCormick sought re-election.

432 votes were cast in the council elections, slightly higher than the 412 cast in the 1976 elections.

Copeland, 72, succeeds Claude Brown as mayor. Brown had been the city's chief executive since 1965 and did not seek re-election, primarily because of health reasons. Brown had been mayor longer than anyone else in the city's history.

Copeland, with the exception of six years between 1954 and 1960, has been a councilman since 1941, a total of 34-years. Copeland has been a Lockney Councilman longer than anyone else in the city's history.

Shaw, Jackson win school board seats

Kelton Shaw won a second three-year term on the Lockney Board of Education and Keith Jackson was elected to his first term on the board in last weekend's elections.

Shaw received 295 votes and Jackson had 236.

Bill Bigam finished third in the balloting with 191 votes while Amelia Rodriguez was fourth with 101 votes. A total of 412 votes were cast.

Shaw operates the Patterson Grain Elevator Co., Inc., and he has farming interests.

Jackson, a farmer, will replace Kenneth Brosch on the board. Brosch, who had been a member of the board for nine years, did not seek re-election.

The new school board members will be installed next week at the regular monthly meeting of the school board.

Terrell hired as Pizza Gold manager

Floydada's Pizza Gold has a new manager, Melvin Terrell, who took over management Sunday. Terrell, who grew up in Floydada and attended Floydada High School before leaving fifteen years ago, said "I've enjoyed being back in Floydada and seeing old friends."

The new Pizza Gold manager has extensive experience managing Dairy Queen restaurants. Most recently he has been living in Brownfield. "Managing a pizza restaurant is different than one that specialized in hamburgers," said Terrell. "The buffet arrangement is a whole different concept."

Terrell has a wife Helen, who is also a former Floydadian, four children, and a granddaughter. Three of the children live in Brownfield, and the fourth lives in Oklahoma City.

"The other employees at Pizza Gold are the same," said Terrell, "only the manager is different. We've still got the same great pizza and great service."

Keys are evasive creatures

BY MARGIE SAVAGE

Keys are evasive little creatures. Never in the right place when you need them. Never where you leave them.

They are little critters with only one eye and a long pointed rick-rack nose. They have little feet and maybe even wings tucked in some-

where on their silver bodies so that they can fulfill their fond desire for travel. They like to take vacations in far-away and exotic places.

Their favorite Shanghi is the Isle of Lost Keys. The Isle is usually located under a cushion--a chair cushion, a sofa cushion, or a car seat cushion. There it is dark and warm and hardly anyone ever finds them. They can play on their white beaches of gum wrappers, their pools of bottle caps. They can play

"Dust Ball" all day. There they can have bits of candy, cookie crumbs, and sometimes popcorn for snacks. They can reunite with their old friends, the Lincoln Penny, the Buffalo Nickel, the Liberty Quarter and the Roosevelt Dime. Keys can lead the "Life of Riley" on the Isle of Lost Keys. Keys have a sense of

humor and like to pull pranks. One of their favorite jokes is locking themselves inside a closed car. There they merrily laugh as a wire coat hanger tickles their stomachs. They also like to hide. Deep inside a pocket or purse is the best place.

To control their activities, they are usually put on chains. There they all hang around together. Being clever rascals, they act of one accord and all get lost together.

The most often heard conversation around most households most mornings might go like this:

Husband: "Have you seen my keys?"
Wife: "Did you leave them in your pants?"
Husband: "Yes, they were there last night. By the way, where are my pants?"

Wife, "They're in the washing machine."

Child, "Where is my locker key?"

Mother, "It was on your dresser."

Child, "Ouch! Here it is in my shoe."

Keys like to pull pranks. For all their wanderings, keys are very particular about their homes. They simply can not function in a

dirty lock (it must be their allergies). It simply breaks their little noses if they are forced into someone else's groove. For example, although I have tried many times, a car key will not open a post

office box. A post office box key will not open a car door. Neither will open a house.

They may look alike and be part of the same chain gang, but they are very much individuals.

National Bank Charter approved

The sun is setting on Mansfield's days as the second largest Texas city having only one bank.

Preliminary approval for the organization of the First National Bank, Mansfield, was granted March 12 by the Comptroller of Currency in Washington D.C., said David Tapp, president of Fort Worth's Overton Park National Bank and representative for the new bank's organizers.

The bank, to be located on the northeast corner of Walnut Creek Drive and U.S. Hwy. 287, will be affiliated with the Overton Park National Bank, organized three years ago.

Principals involved with the bank's organization are 12 directors, including Tapp, of the Overton Park National Bank and local residents Freddie Joe Ivy, vice president and general manager of American Developers and Contractors, Dallas, and Dennis H. Withers president of Trinity Forge.

Ivy is the son-in-law of Johns and Vera Cox of Lockney. His wife is the former Nova Jean Cox of

FREDDIE JOE IVY

Lockney.

The original bank charter application was submitted March 20, 1980 and it was accepted for filing last July 29.

Mansfield State Bank protested the charter application and hearings were held October 29 in the office of the Regional Administration of National Banks in Dallas, the local office of the Comptroller of Currency.

Mansfield State Bank Chairman of the Board Danny Swafford stated opposition last October to the

acceptance of the new charter citing there was not enough business in Mansfield to support two banks.

In a March 18 telephone conversation, Swafford declined to comment on the new bank's preliminary approval.

Despite the earlier protests and with last week's message from Washington, the new bank is scheduled to open in early 1982.

Prior to that opening, however, \$1.5 million in capital must be raised by selling 150,000 shares of stock at \$10

per share. The residents of Mansfield and the surrounding area will be offered 37,500 shares of this stock.

The process of interviewing for a bank president will soon begin and one should be hired within the next six months, said Tapp. The would-be president, who will be required to reside in Mansfield, will then be elected to the board of directors. Tapp also indicated other Mansfield residents would be asked to serve on the board. Both Ivy and Withers have been proposed as directors.

"We want it to truly be a Mansfield bank," said Tapp.

Final approval, or the certificate of authority, will be granted after officers and directors have been named, the stock shares sold and the building constructed, said Tapp.

The contemporary designed building will include four drive-through banking lanes, night depository and safe deposit boxes. All bank services, including business and consumer loans, NOW accounts and Certificates of Deposit, will be offered.

Mr. and Mrs. Joe Breckenridge and family were visitors at the Assembly of God Church Sunday.

Greer Lackey of Burleson visited the Baptist Church with his mother, Rosa Lackey and Mr. and Mrs. Craig DuBois and family.

We missed Mrs. R.C. Guest again Sunday at Church and regret that she had another flare up. After appointment the 21st in Lubbock, we hope that she will be greatly improved.

Mr. and Mrs. Carl F. Lemons visited with Jim Harper who recently underwent lung surgery and is a patient in the Methodist Hospital in Lubbock. While they were there Wednesday they visited with his wife Joyce and his daughter Shirley Merideth who were also there. Jim was much improved and looked forward of being home again.

Rev. and Mrs. Vance Mitchell attended a Sectional Spring Convention at the Assembly of God Church in Childress Tuesday. Her father Rev. H.E. Barnard of Eakly also attended the convention and returned home with the Mitchell's and spent Tuesday night with them.

Rev. and Mrs. Vance Mitchell and girls went to Crosbyton Sunday to a surprise birthday dinner for Bro. Mitchell's mother who is 75. The dinner was given in another son's home, the Gary Mitchell's who made the occasion a complete surprise. All of her children were present and a number of grandchildren. The event became a reunion for Minnie Mitchell and family.

Norma Welch visited Janette Lackey in Floydada Wednesday and found her much improved.

Norma Welch also visited Clara and Albert Mize Wednesday evening and Edna Beth Tye was also present. Albert is gaining strength and is much improved from his recent illness.

Chad Fortenberry, little son of Carla and Donnie Fortenberry of Amarillo is spending this week with his grandparents. Mr. and Mrs. Durrel Fortenberry and great grandparents, Mr. and Mrs. Robin Fortenberry.

We regret that Garland and Mary Ann Tucker are

moving this week to Lubbock after living in Cedar Hill for many years. They have been good neighbors and active in civic and church affairs. Neighbors and friends helped them Monday with their move. We wish them much happiness in their new home and we won't forget the memories they left in Cedar Hill.

Durrel and Latrice Fortenberry hosted a supper in their home Friday evening as a farewell to the Tuckers. Ruth and Robin Fortenberry were also present.

Fred and Jewell Fortenberry hosted a supper Saturday evening in their home in Lockney for the Tuckers. Others present were Mr. and Mrs. Cephus Fortenberry, Mr. and Mrs. Robin Fortenberry and Evelyn Winn.

Veda and Walton Wilson had lunch with Mr. and Mrs. A.S. Mize Sunday. Other visitors during the day were Sybil Teeple of Silverton and Cecile Fyffe of Floydada.

Linda Lemons and son, Vance Lyn who was born March 29 returned home Tuesday from the Lockney General Hospital. His sisters, Twyla Dawn and Traca Dusk were very happy over their new brother.

Among the visitors in the home of Mr. and Mrs. Phil Lemons this week were the W.T. Coopers, the Carl F. Lemons, Mr. and Mrs. Cephus Fortenberry, Mr. and Mrs. Craig DuBois, Mr. and Mrs. Jerry Lackey, Kay Shackelford of Plainview, Latrice Fortenberry, Mr. and Mrs. Marvin Lemons and family and Glenda Kay Thompson.

Johnnie Dell Cogdell and Grace Lemons were among those that attended the opening of the Lockney General Hospital and the Cogdell Clinic in the Lockney General

Hospital Sunday afternoon. There were 151 guests registered and toured clinic. Punch, coffee and cookies were served. The D.M. Cogdells of Cedar Hill presented \$150,000 to build the clinic that was completed recently and it certainly is a beautiful building that will better benefit the patients in this area.

Grace Lemons spent Sunday night in the home of Mr. and Mrs. Marvin Lemons and family.

One of the first purchases of an aspiring handyman or anyone who lives in a house or apartment is a hammer. Simple enough until you see the array of hammers offered in various weights and specialty constructions. However, the workhorse and the most versatile is a sixteen ounce curved claw hammer. But, what kind of handle should you select? That's a matter of choice. Wooden handles are fine, but can break. Tubular and solid steel handles are virtually unbreakable. The tubular handle is lighter than the steel. A fiberglass handle is also practically indestructible and transmits less shock to your hand and arm when in use. As you move to different projects, you should begin considering more specialized hammers such as the mallets, the sledge, the mason's and tacks. But, for starters and all purpose work, you can't beat a sixteen ounce curved claw.

Flying Queen Camp applications due

Applications for the 1981 Flying Queens Summer Basketball Camp at Wayland Baptist College are now being accepted, according to Cathy Wilson, camp director.

Three week-long camps are scheduled: June 7-13, June 14-20, and June 21-27. Enrollment is limited to 135 youngsters each week. "We still have a few vacancies all three weeks, but each session fills up by April every year," noted Wilson, who is head coach of Wayland's Flying Queens basketball team.

Girls between the fifth

grade through high school are eligible to attend any of the sessions. However, Texas UIL rules prohibit high school girls who compete on any varsity athletic teams from participating in summer camps.

A talent show is scheduled each week, as well as planned entertainment and free time.

Campers will be housed in modern residence halls on the Wayland campus. Members of the Flying Queens will serve as dorm counselors, and meals will be prepared by an experienced staff and served in Wayland's modern dining hall.

Cost for each session is \$100 per camper and covers tuition, room, meals, insurance, entertainment, and a personalized camp T-shirt. A \$40 deposit is required with the application.

Persons wishing more information or applications for admissions should contact Wilson at 1900 W. 7th, Plainview, Texas 79072, or call (806) 296-5521 as soon as possible.

Basically, yes. It doesn't give you much to talk about at parties. People don't quote their passbooks.

Your savings account just sits there quietly. Insured. With interest guaranteed. Earning you money, day in and day out.

Investments are fine when you can afford them. But remember the money you save at A Full Service Bank is always available when you need it. And it will continue to earn a guaranteed rate until the day you do.

Agricultural development grows in SPS service area

Sam Thomas, manager of agricultural development for Southwestern Public Service Company in Amarillo, has announced that 4,453,878 fat cattle were produced in 1980 in the 45,000 square mile area served by SPS.

These and other statistics are revealed in a recently completed feedlot survey by SPS. The survey, conducted annually by Thomas' agricultural development department since 1963, is quoted throughout the United States by agricultural experts as the most authoritative source of information on the production of fat cattle in the Southern Great Plains area.

"We surveyed the same number of feedlots as in 1979 and the capacity in 1980 came to 2,638,000, a reduction of about 3%," Thomas said. "The impact to cattle owners was an estimated loss

of \$222-million but the feedyard industry still contributed approximately \$11-billion to the business community, while the farm sale value exceeded \$2.9-billion."

Thomas said the interest cost at 16% for the time the animals were in the feedlot would amount to \$241,248,385, or \$49.32 per animal, about 5 cents per pound live weight or 8 cents on dressed weight.

The survey has made a major contribution to the development and growth of the industry and has been especially valuable in the vertical integration that has occurred in the SPS service area.

"Copies of the survey will be available at Southwestern Public Service Company offices in about 60 days," Thomas said.

Brucellosis fight is succeeding

West Texas cattle producers are making significant progress in controlling brucellosis, Dr. John Holcombe, executive director, Texas Animal Health Commission, Austin, reports.

Currently, there are less than 300 herds under quarantine in the 133 counties of the West Texas Class A Control Area, Dr. Holcombe noted. That is less than two infected herds per county.

Brucellosis is a highly contagious disease of livestock. It centers in the

reproductive organs and causes abortions, weakened calves, sterility, and partial loss of milk production.

Under the Texas brucellosis program, Texas is divided into a Class A and Class B control area. In the Class B control area, which comprises the other 121 counties in Texas, there are about 2,000 herds under quarantine.

to be contragulated for their work in this effort, and we are sure they will intensify their dedication," Dr. Holcombe said.

Dr. Obie Oliver, Brownwood, federal veterinarian supervisor with the Class A control area, said he is pleased with response from cattle owners in West Texas.

He explained several meetings have been held in that area explaining the program. "Ranchers show a great deal of interest; they are requesting herd tests. I am confident we can control and eventually eradicate brucellosis in West Texas," Dr. Oliver said.

Scholarships are offered to 4-Hers

Present and former 4-H members may be eligible for \$5,750 in college scholarship grants if they meet requirements set by the Cooperative Extension Service.

All but one of the grants are valued at \$1,000 each, and primarily are for young people planning careers in agriculture, or such related fields as forestry, veterinary medicine or animal science. The other scholarship, valued at \$750, has no limits placed on choice of study. These scholarships are provided by private sector donors and arranged by National 4-H Council, a not-for-profit organization serving the 4-H program.

The Warren scholarship, established this year in memory of Gertrude L. Warren, a pioneer 4-H leader often described as the "Mother of 4-H," is a \$750 grant awarded to one present or former 4-H member matriculating this fall at an accredited college, university, technical or trade school. The recipient can major in any recognized field of study and must have been influenced by 4-H in selecting a future career.

A \$1,000 scholarship, donated by Educational Foundation of Alpha Gamma Rho, goes to a current 4-H member who will be enrolled as a college freshman this fall. The recipient must be planning to major in agriculture, forestry, veterinary medicine or a closely-related field.

Allied Mills Inc. donates scholarships to two present or former 4-H members who will be enrolled as college juniors this fall and plan to major in animal science.

Two former 4-H members currently enrolled in a college of veterinary medicine can each earn \$1,000 scholarships provided by Champion Valley Farms, Inc., Recipe Division.

All scholarship applicants must have completed at least one year of 4-H work.

Winners are selected by the Cooperative Extension Service and are announced prior to the 60th National 4-H Congress, November 29-December 3, in Chicago, Illinois.

Present and former 4-H'ers who are interested in applying for these scholarships should contact their state 4-H

leader at the land-grant universities, or county extension offices for more information and special application forms.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

Around The County

FLOYD COUNTY EXTENSION AGENT

Pastures and wheat fields continue to green up in the county as we approach the third full week into spring. Both irrigated and dryland wheat fields are responding to the warm temperatures and moisture received in February and March. As the wheat continues to stool out and grow, however, additional moisture is needed on the wheat to keep up with its demand on soil moisture during this period of rapid growth. Top soil moisture ranges from low to adequate at the present time, but subsoil moisture is deficient due to the drought experienced last summer.

Greenbugs continue to be a problem in some areas, but the severity of the insect damage is decreasing with the increased growth rate of the wheat. Land preparation, pre-watering and watching the wind blow have been the main activities across the county this past week. Onion seeding and transplanting is about two-thirds complete in

the county and bell pepper planting should begin late this week or early next week. Total acreage of onions and peppers will be down considerably this year in comparison to previous years due to the poor growing conditions experienced last year and the ever-present migrant labor problems. Corn and sorghum planting began last week in the county. Producers are urged to monitor soil temperatures before considering planting cotton and soybeans early this year. I am sure that many of you are anxious to start planting a little early this year because of the warm temperatures that we have been experiencing the last few weeks. Just remember that this area usually has one last cold spell around Easter.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

A BIGGER WORLD

There comes a time, even in a chick's life, when the way must open to a greatly expanded world. When his confining shell no longer allows proper growth, he makes a point of throwing off his shackles and steps out into a big, strange world.
This comparatively simple phenomenon is paralleled in human existence as each child grows toward adulthood, and reaches out for the wider horizon. What he finds there will depend in great part on what he has been taught.
For this reason the early and continued guidance of Christian home and church are all-important. From these things the foundation of faith is built. Through faith and understanding the shackles of fear and bondage are dispelled, and your child grows spiritually strong to meet the ever-widening horizons and challenges of a modern world.

Mrs. Smith of Lockney also Mrs. Hudson came Sunday, and Mrs. Mize came Saturday.

The Revival at First Baptist Church got off to a good start Sunday, being held by home talent, Pastor Bradley and music director.

We are all sad at the passing of another of our beloved Senior Citizens, a long time resident of our city, Mrs. W.C. Sims. She died Saturday morning. Funeral will be this Monday afternoon at First Baptist Church.

Mr. Vernon McPeak and his daughter, Mrs. Verna Lynne Stewart flew out to Richmond, California on Thursday for the funeral of his sister, Jessie McPeak Brown on Friday. After the death of husband and parents many years ago she with some relatives moved to California.

Mrs. Brown passed away on Sunday, March 29, in a nursing home in Danville, California after a short illness. She was 95.

Among survivors were a sister, Mrs. Mamie McDaniel of Salinas, California and the brother, Vernon McPeak of Floydada.

Insurance Agency Jerry Cooper
LOCKNEY

Q. Is it possible for a small businessman, such as myself, to offer a retirement supplement to my employees without completely depleting the company's assets?
A. A deferred compensation plan may be the answer. A definite amount can be paid each year to the employee, upon retirement, through company-owned and funded life insurance on - but not taxable to - the employee. Payments are not made in the employee's name, thus saving him liability from current income taxes. Cash values remain part of the company's assets. The insurance can be surrendered at the employee's retirement and the cash value used to make retirement payments which are tax-deductible by the company, thus saving tax dollars for both the company and the employee.

Social Security News

BY VIRGINIA DEWITT

It is easy for people who receive social security checks to arrange to have them deposited directly into an account in a financial organization, such as a commercial bank, savings bank, savings and loan association, Federal or State credit union, or similar organization.

All a person has to do to arrange for direct deposit is complete a direct deposit form SF-1199. The form is available at any financial organization. A monthly benefit check contains all the information needed to complete the form.

Completing the form only authorizes deposits into a person's account. Only that person, or someone authorized by that person, can make withdrawals.

Some advantages of direct deposit are:

—No worry about a check being lost or stolen.

—No need to be home when your check arrives. The money is available in an account even if the person is out of town.

—Time and transportation costs are saved and there's no standing in line to cash the check.

—It is safer to keep money in an account than carrying a lot of cash.

—A check book provides a written record of expenditures.

—Money earns interest in a savings account.

More information about direct deposit can be obtained by calling our toll-free number, 1-800-392-1603 or you may contact our office located at 1401-B West 5th Street in Plainview, Texas. A free leaflet, "Direct deposit of your monthly benefits," can be obtained by calling the office or the toll-free number.

South Plains College begins Fall registration

South Plains College in Amarillo is encouraging students to start preparing now for the Fall Semester. They are encouraged to look at the available programs

and which program best suit them. This includes checking the time of attendance, and the financial assistance

available. Financial assistance is available for students who want to attend the 1981 Fall Semester. Students should make an appointment. In an application can now be seen if they qualify

for financial assistance. The need for applying early is to insure that all paper work can be completed before registration and the student will understand his situation while there is time to plan a positive outcome.

The financial aid applications are now ready and can be picked up in the Financial Aid Office located in the Wheeler Building at 708 Yonkers.

This includes the Family Financial Statement (FFS), which is used to apply for financial aid programs available on the Plainview campus, and the Basic Educational Opportunity Grant.

Programs available include training in a variety of areas, including Secretarial Skills, Business, Licensed Vocational Nursing, Child Development, Mid-Management, Auto Mechanics, Human Services, Radio and T.V. Servicing, Welding, and specialized assistance in basic reading and math skills.

Be sure that you plan for the future. Take control of your life and look into the training programs being offered in your home town area. The training of the future is in vocational education and Plainview has a variety of vocational programs. For additional information, contact 293-3605.

This week marks the beginning of a new series on Mobil funded Masterpiece Theatre. "Therese Raquin" is a three part dramatization of Emile Zola's haunting tale of passion, adultery, and murder. Kate Nelligan, Frank Langella's beautiful victim-turned-lover—in the movie Dracula, a Brian Cox star as the guilty lovers, Therese and Laurent, who commit a crime of passion and then must cope with the horrifying psychological aftermath. This sounds like one of Masterpiece Theatre's best, it airs Sundays at 8:00 p.m. Many of PBS' most faithful followers are people middle aged to elderly. One of this audience's favorite programs is Over Easy hosted by Hugh Downs and Frank Blair. The program may be seen on Channel 5 each weekday at 6:00 p.m., and then it is repeated the following morning at 10:30. Monday's guest is Rosemary Clooney, one of the 50's most beloved and beautiful singers. One of public broadcasting's highest rated programs, Over Easy is the only daily television series that explores the changes that Americans experience throughout their adult years. New co-hosts will be on beginning Fall of 1981. They are Mary Martin and Jim Hartz, former co-host of the "Today" show. On that same Monday evening at 7:00 Leonard Bernstein conducts Mahler's "Resurrection" Symphony. The two hour celebration of Mahler's magnificent symphony features solos by Dame Janet Baker, mezzo-soprano, and Sheila Armstrong, soprano, with the London Symphony Orchestra accompanying. And of course, everyone knows of Bernstein's talent. Tuesday at 9:00 is a special hosted by Ed Asner. Tomorrow Came Much Later is a unique chronicle of a trip made to the Holocaust countries by 19 students from Cleveland Heights High School in Ohio. Mrs. Bertha Lautman, a survivor of Birkenau death camp, traveled with the group and it is her reaction and feelings about returning to the camp where she was held prisoner for over three years that brings the Holocaust experience even closer to home. Wednesday brings us another Mark Russell Comedy Special. It airs at 8:30 p.m. Following Russell's satire on politics is a fascinating documentary on a folk culture that is often unaware of the modern, choosing instead to keep past values and pursuits alive. The people of the Ozark mountains are portrayed on They Tell it for the Truth: Ozark Storytelling. For people who are aspiring for the great in tennis playing, join Vic Braden's Tennis for the Future Saturday night at 7:00. Coach Braden will teach you winning form. If you know of anyone interested in tennis, let them know about this series. Write me and tell what you'd like to see more of in programming. The address is KXTX-TV, P.O. Box 4359, Lubbock, TX 79409.
