

Easter

There are several different stories of how the rabbit came to be part of the Easter story. In Germany, a poor woman hid brightly colored eggs in a nest for her children. But when the children discovered the nest a large rabbit had come and run away. The story spread that the rabbit had brought the eggs. In ancient times people considered the rabbit a symbol of the moon. Since the moon changes the date of Easter the rabbit may have been chosen as a symbol for that day.

Easter is one of the movable feasts of the Christian religion. It falls on the first Sunday after the first full moon on or after March 21. It can come before March 22 or after April 25.

The next time Easter will fall on April 19 will be in the year 1987. It comes in the early spring. Its name may have come from Eostre, a goddess of spring, or from the Teutonic festival of spring called Eostur, a season of newness and rebirth. The egg represents new life and has been the most universal symbol of the festival.

The custom of exchanging eggs began in ancient times. The Egyptians and Persians often dyed eggs in spring colors and gave them to friends as gifts. The Persians believed that the earth had hatched from a giant egg.

Christians of Mesopotamia were the first to use colored eggs for Easter. They made eggs with a hole in one end and tiny scenes inside were popular in the past. Replicas of those elaborate eggs are popular at the present time.

The cross, representing the Crucifixion of Jesus Christ, often appears as the symbol. Crosses are found in most of the Easter decorations. The buns are served at Easter. Popular in European countries the buns have a cross on top.

Attending Church on Easter Sunday in a new outfit has long been a tradition. Twenty years ago when ladies hats were still in vogue a popular song entitled "Easter Parade" had a line about the Easter bonnets.

Outdoor sunrise services have enjoyed a popularity in many parts of the United States.

Easter is the most important day in the Christian religion as people all over the world join together to rejoice in the Resurrection.

The religious days begin with Shrove Tuesday. It is the day before Ash Wednesday and the beginning of Lent.

Its name came from the old custom of confessing (being shriven) on that day.

It is generally a day of rejoicing and is the last day of the carnival season celebrated in New Orleans as the Mardi Gras.

The English call it Pancake Tuesday, and pancakes are served.

The first day of Lent is Ash Wednesday. From Biblical times sprinkling oneself with ashes has been a mark of sorrow for sin.

In the churches of the Latin Rite, ashes from the burned Palms of Palm Sunday the year before are blessed and the priest marks a cross on the forehead of the congregation.

The last week of Lent is called Holy Week and honors the events in the last week of Christ's life on earth.

The week begins with Palm Sunday. The services honor Jesus' triumphant entry into Jerusalem, where the people spread palms branches in His path.

Palm Sunday was first celebrated in the 300's by the Christian Church in Jerusalem. A joyous procession started at the Mount of Olives.

Maudy Thursday commemorates two events of Christ's last week on earth; washing the feet of His disciples, and sharing the Last Supper with them.

The name Maudy probably comes from the Latin mandatum or commandment.

Traditionally the symbolic washing of feet was carried out in many countries. In some by the King as he washed the feet of representatives of the poor. James II of England was the last to perform the rite in the 1680's.

Maudy pennies were coined and given out to the poor in the 1600's.

Martin Luther and his followers condemned the practice of washing feet. A few Protestant groups still follow it. The ceremony is intended as a visible token of Christian brotherly love.

Good Friday is mourned as the anniversary of the day Christ died on the cross. It was set aside as a holy day as long ago as the 300's in the time of Constantine.

At present the hours from noon to 3 p.m. are observed to recall the agony of Christ on the cross. Many churches hold services and often stores and places of businesses are closed during those hours.

Easter Sunday is the most important day in the Christian religion as people all over the world join together to rejoice in the Resurrection.

The Monday after Easter is the day of the egg rolling custom on the White House lawn in Washington, D.C.

Thousands of people gather to roll eggs on the lawn. All adults must be accompanied by children before they may enter the area. The practice was started by Rutherford B. Hayes in 1878.

Over Coffee

By Shelly Harris

As you read this column I am in College Station, Texas.

Quite probably with a lap full of grandchildren.

Our newest family member, Joshua Lee Henderson, arrived on Palm Sunday.

His birth heralded the beginning of my vacation.

My oldest daughter, Robyn, and her husband, George, are the parents of Joshua and Luke, who is two-years-old.

Jessica, 3, is my other grandchild. She is the child of my second daughter, Jennifer. They also live in College Station.

This morning as I prepare to leave I am so very thankful.

God is Good.

May He bless each of you as He has us.

Happy Easter.

MELISSA MORREN models a summer short set, as she is introduced and the outfit is described by Joanne Cagle, right. The modeling took place at the Women's Chamber of Commerce annual salad supper and style show Monday night.

Paris is theme of style show

As April showers fell outside, Duncan Elementary was transformed into a street in Paris creating the atmosphere for the spring fashions that were modeled during the annual Salad Supper and Style Show sponsored by the Floydada Chamber of Commerce Women's Division.

Doris McClain, president of the Women's Division, welcomed those present before she introduced JoAnn Cagle who lead the group on a fashion parade of the latest styles provided by local merchants.

Nina Copeland provided background music for the models.

Entertainment was "Paris, Texas style" as Connie Wideman, JenniSu Smith and Rodney Couch sang several songs by John Denver including "Country Roads."

Modeling in the show were: Julianne Lipham, Janyette Harrison, Kerri Pitts, Kelly Ward, Kimber Williams and Daralyn Williams.

DECA students launch drive for Girlstown funds

As everyone probably knows, a dormitory at Girlstown which housed fifty-five girls was totally consumed by a fire on April 5. No one was injured but everything was lost, including clothing, school supplies, and all other personal belongings.

DECA students of Floydada are conducting a fund raising drive to assist in replacing this great loss.

They will be selling Wisconsin Homestead Cheese and Summer Sausage, a delicious combination.

One hundred percent of the profit from this project will be donated.

The people of Floydada have always backed DECA projects and they are counting on them to rally to the cause of the Girlstown drive.

A PART OF THE LARGE CROWD is shown enjoying the bar-b-que lunch at Lighthouse Electric Cooperatives Annual Meeting last Saturday in the Floydada High School gym.

DECA STUDENTS: Floydada High School DECA club will be selling summer sausage and cheese in order to raise money for the girls at Girlstown whose dormitory was burned recently. The whole profit will be donated to the girls.

Some of the DECA students who will be selling are front row [l-r] Ricky Nichols, Carmen Powell, David Cochran, Isabell Gonzales, Joann Cruz, Rosie DeLeon and Arturo Delgado. Back row [l-r] are Phillip D. Holbert, Dorcas Baker and Terry Westbrook.

Floydada Nursing Home Happenings

BY DOROTHY NEFF

Mr. Walter Collins really enjoyed his ride to the country. Thursday afternoon, Wayne picked him up around 1:30 and carried him to the farm.

We went to Roaring Springs Ranch Wednesday afternoon on the bus. It was hot and dry. However, the residents enjoyed the trip. We had cokes and cookies for refreshments. I took pictures of the residents standing on the bridge.

We came back through Matador and visited with Mr. Lawrence's daughter, Lorene Lancaster. Those enjoying the trip were Verna McSwain, Velva Pricer, Iva Simpson, Emmitt Lawrence, Geneda Roberts and Juanita Bailey.

We have our curtains ordered for our lobby and the residents can't wait until we get to discard the old ones. I

don't know how old they are, but they sure do need replacing.

Mr. W.C. Cates and Mr. Ray Reed tied for the top place in bingo this week with three games each. Mr. A.G. Eubanks, Clara Williamson, and Velva Pricer tied with two games each. Mr. Emmitt Lawrence and Clara McNeely won one game each.

We have our home all decorated for Easter. We made cute Easter rabbits for table decorations. We will have an Easter party Friday, the 17th at 2:30 p.m. in the lobby. Cake and punch will be served and everyone is invited to come out and help our residents have a good time.

Many thanks to our visitors. We enjoy everyone and welcome you back.

Visitors were: Maurice and Ella Goodwin, Melva Martin,

Ruth Scott, Dorothy Y. Davis, Connie, Randy and Chad Wideman, Dena Myrick, Earl Edwards, Vera Ownbey, Elizabeth Bobo, Marie Baxter, Mr. and Mrs. M.H. Hartness, Edna Patton, Dossia Webb, Dana, Kim and Jo Lee Ellis, Elizabeth Armstrong.

County Commissioners approve tax preparation

In the generally routine April 13 meeting the motion carried that the court accept the contract from KMK Enterprises Inc. to provide computer services in compiling the tax roll for Floyd County.

The court agreed to purchase new Selectric III typewriters for Kenneth Bain, County Attorney and Olin Watson, County Auditor from IBM at a total cost of \$1,863.

In special session on April 2 George C. Walls and C.W. Nall, District Engineer and Assistant Engineer of the Texas Highway Department met with the court to discuss Farm to Market Roads for Floyd County. Walls told the court it would be five years before Floyd County would be eligible for farm to market roads, and when the roads were allocated, it would be only five miles at a time.

The Commissioners indicated to Mr. Walls priorities for roads north of South Plains in precinct three and the Baker road in precinct four.

During the March 30 meeting the commissioners approved the purchase of motor-graders for precincts two and four from West Texas Equipment. The bids from West Texas Equipment were \$59,524 for precinct two and \$59,124 for precinct four, both with trade in on a lease purchase agreement.

INSUR-MATION

Floyd County Insurance Agency Jerry Cooper

Q. We own a rental property which will be vacant for some weeks after the present tenants vacate. We plan to make some repairs prior to selling the property. Will my present fire and extended insurance coverage be adequate during this time?
A. A 30-day vacancy period is allowed under a landlord fire policy for purposes of notification of your insurance company. You will be covered, during that time, for up to two-thirds of the appraised value with no extra charge. This is called suspense insurance. For an additional charge, you may have a vacancy clause added to your policy which will return it to full value if the vacancy period needs to be extended.

Double-ring ceremony unites lives

Chase-Sams

By Marilyn County Extension

Janet Guthrie Chase and Kenneth Neal Sams, were united in marriage, Friday April 3, in a candlelight double ring ceremony at 8:00 in Plainview in the home of Lynda McGavock.

They stood in front of a candle lit fireplace. Jerry Klein, Church of Christ Minister of Lockney, read the vows.

Standing with Kenneth was his brother Garland Sams, Jr. of San Angelo, and Mickey Nabors of Memphis. The bride attendant was Betty Boedeker, sister of the groom from Loop. The bride was given in marriage by her father Paul Guthrie of Amarillo.

The bride wore an off white suit with a lilac blouse. Her bouquet was spring flowers and yellow daisies.

Serving at the reception, immediately following the wedding was, Melody Foster, Libby Williams, Sonya Greenfield and Karen Boedeker. Baskets of rice were distributed by Heidi and Heather, twin daughters of the bride, and Natalie McGavock, daughter of Lynda McGavock.

Kinard-Frazier to marry in May

Mr. and Mrs. Roy F. Kinard announce the approaching marriage of their daughter, Terri Elaine to Kim Lee Frazier of Lubbock.

The bride-elect is a 1979 graduate of Lockney High School and is attending South Plains College. She is employed as a bookkeeper for RoJo Distributors in Lubbock.

The prospective bride-

groom is a 1978 graduate of Coronado High School in Lubbock. He is employed as a building sub-contractor in Lubbock.

The wedding will be May 8, 1981 in the Wayland Edwards Chapel of Southcrest Baptist Church in Lubbock.

The couple will make their home in Lubbock.

Stovall-Ball wed in San Antonio

The Historic Little Church of San Villita of San Antonio was the scene for a ceremony uniting in marriage, Susan Kay Stovall and Guy Floyd Ball II, both of San Angelo. Vows were repeated by the couple on Tuesday, March 24.

The bride is the daughter of Mr. and Mrs. Lawrence Stovall of San Angelo and formerly of Floydada.

The groom is the son of Mr. and Mrs. Floyd Ball of Abilene.

Grandparents of the couple include Mrs. W.W. Trapp, of Floydada; Mrs. R.M. Stovall, Plainview; Mr.

and Mrs. Guy Ball, Sapulpa, Oklahoma; and Mr. and Mrs. Ed Wnek of Amherst, Ohio.

The bride is a graduate of Floydada High School, received an Associate of Fine Arts Degree from South Plains Jr. College, and attended Angelo State University.

The bridegroom attended the University of Nebraska, and received a Bachelor of Science Degree from Angelo State University.

Following a wedding trip to Padre Island, Corpus Christi, the couple is residing at 4402 Meadowcreek Trail, San Angelo.

Nancy Willson named First Lady

The Alpha Mu Delta Chapter of Beta Sigma Phi, Floydada, met April 7 at 7 p.m. in the home of Donna Anderson.

Roll was called and answered by members Penny Bertrand, Tonya Marble, Sharon Fulton, Debbie Bertrand, Donna Anderson, Janice McCandless, Duffy Hinkle, Sharon O'Connor, Sherry Smith and Sandra Crawford. Minutes from the previous meeting were read and approved, after which President Donna Anderson reported that she had received a letter from member Revis Pernel requesting a leave of absence.

Duffy Hinkle announced that nominations for First Lady of the Year had been received, with Nancy Willson being selected as the winner.

The new First Lady of the Year is legal secretary to John R. Hollums, District Attorney, and is an active member in many civic organizations as well as an active member of the First United Methodist Church.

Nancy is the wife of Mac Willson and the mother of four daughters.

Presentation of the award will take place Sunday, May 3, in the Wall Street Parlor of the First Baptist Church, from 2:30 to 4 p.m., with everyone invited to attend.

The recent fire which swept through Girlstown, U.S.A. was discussed, and a motion was made and seconded to send a donation to help the residents of the dormitory which was destroyed.

The Chapter's annual Easter Egg Hunt for the children of its members was next on the agenda. It was decided that those wishing to partici-

pate should meet at Donna Anderson's house at 2 p.m. on Saturday, April 18, and from there everyone will proceed to the park for the egg hunt.

Founder's Day will be Friday, May 1, at 8 p.m. at K-Bob's Restaurant in Plainview. All members are urged to attend.

The business meeting was adjourned and Debbie Bertrand gave the evening's program, an exercise which gave the members a chance to test their powers of recall.

Hostesses were Donna Anderson and Penny Bertrand. The next meeting will be April 21 in the home of Sherry Smith. Installation of new officers will take place at that time.

Golightly places in art shows

Penny Golightly of Floydada recently entered in the Snyder Art Show and the Post Art Show. She placed in both shows.

On March 29, Penny won the Purchase Award at the Snyder Art Show. The award was from the First Savings and Loan.

At the Post show, she received a third place in oil. Her painting was purchased by Palmer Well Service of Post.

Paul Wiley, of Lubbock, was the judge at the Post Art Show.

South Plains News

By Mrs. Murray Julian

South Plains, April 13th: Much needed rain fell here Friday afternoon, and during the storm hail fell, winds blew fiercely, with the lightning and thunder terrifying as the cloud swept across our area. Amounts to 3 and more

didn't do much damage. Mrs. Henderson from Lockney was a visitor at the South Plains Baptist Church for Sunday School and church Sunday morning. She was here visiting her son, Mr. and Mrs. Ira Henderson and children.

Lockney. Mr. and Mrs. Raymond Upton arrived home Saturday night from out near San Francisco, California where they had gone the first part of the week to be at the funeral services of Raymond's brother, Houston Upton. They flew out there and back to Santa Fe and Los Alamos, New Mexico.

Mrs. Ursel (Garnie) Taylor has been in the Lockney Hospital since Tuesday night of last week, and has been quite ill, suffering with a diabetes trouble. We are hoping she will soon be able to come home.

they don't want to have to go through anything like that very soon.

Mrs. J.P. Taylor was hostess in her home Wednesday of last week for a Hobby Club meeting. Mrs. Mulder held the business meeting, and after the program refreshments of snacks, coffee, tea and Big Red cake were served. Those who were in attendance were Mmes. Fred Marble, Leighton Teeple, Fred Fortenberry from Lockney, Letha Mulder, Keith Marble, Kendall Cummings and hostess Mrs. (Trudie) J.P. Taylor.

Mrs. Sylvin Kinnibrugh remains in the Nichols Clinic in Plainview this Monday, and we trust she soon will be able to come home. She had surgery last Wednesday.

WMU Day for the Baptist Women will be held down at the Baptist Assembly Grounds south of Floydada on May 3, with registration beginning at 9:00 a.m. Music and program will be held during the morning, with luncheon served in the cafeteria at 12:30. Associational meetings will then be held after lunch, at 1:30 p.m.

Mrs. Cecil Osborne went to Muleshoe Friday to visit her mother, Mrs. Corda Taylor, and spent the day with her.

Jim Harper, who once lived here, but is now of Lake Stamford, was at the Lockney

Hospital this past Thursday, taking tests and checkup.

Dr. and Mrs. Wm. E. Barnes of Commerce, Texas are the parents of their first child, a boy, born at 12:30 p.m. Sunday morning, April 12. He weighed 7 pounds and 3 ounces, and he has been named Jason Bradley. Mrs. Barnes and baby are in the Citizens Hospital at Greenville, Texas. Mrs. Barnes is the granddaughter of Mrs. Murray Julian, and this is Mrs. Julian's first great-grandchild, and Mr. and Mrs. Kendis Julian are uncle and aunt of Mrs. Barnes. We extend congratulations to the family, and the new baby boy.

HOUSEHOLD ORDER?

Have you considered the affairs you would handle for your family if you should die? Most of us don't like to think about death, but that is the best reason to put off your estate.

Planning involves many items which may be required to you, such as estate taxes, gift taxes, and Texas Inheritance Tax.

Marvin Sartin, County Extension Service, Floydada, April 23, said the most up-to-date information on these matters will be given at the presentation to the participants and interests of the county, so if you have questions or interests in this area, jot them down and bring them with you.

The meeting will begin at 10:00 a.m. at the County Office, Agricultural Building, in Floydada. A calendar now and attend this timely and helpful meeting!

STICKY WORK

Removing price tags and other household items is sticky work, but it's not hopeless. Several methods will prevent damage to metal, plastic or glass. A bit of "trail-blaze" may be necessary to get the best method in mind, so if one procedure doesn't work, try another.

Don't use strong solvents until you have adequately tested them on a small area. Material might soften, scorch or damage the surface. There are suggestions for removing four of the most common kinds of labels:

Pressure-Sensitive Adhesives: Labels that are applied from a backing or pressed in place on a surface are pressure-sensitive. Often, these can be peeled off the surface. Adhesive that remains can be rubbed off with your fingers similar to the "thumb-roll" method.

Purple Price Marks: To remove purple price marks, use a cloth or paper towel dampened in a solution of half chlorine bleach and half water. This method will remove these marks that sometimes are transferred to kitchen counter tops and other similar surfaces.

Water-Soluble Glue: Any label that was attached by moistening the adhesive with water requires a very simple procedure for removal: simply soak it in water, if possible. One way to soak the label without soaking the product is to saturate a sponge or several layers of paper towels with warm water and place it over the label. This method works effectively on water-soluble glue, but if used mistakenly on pressure-sensitive adhesives, it can make them more difficult to remove.

Appliques: Appliques are decal-like products sometimes placed on the bottom of a bathtub or shower for more slip-resistant surfaces. Through use, appliques show signs of wear or discoloration, and then it's necessary to remove them. Often the applique and all its adhesive can be pulled up easily. More often, the top layer of the applique will separate, leaving a thin film of adhesive on the tub or shower surface. To remove the film, get a grip on the edge with your fingernail, or get underneath it with a sharp-edge scraper. If the adhesive tears, try another edge, working toward the center until all traces of the applique are removed. If the film is too thin to scrape or peel off, try working a generous amount of commercial pre-wash spot remover underneath the film to work on the adhesive. Allow the solution to soak through the adhesive for about 30 minutes, then scrape up the residue. Take special precautions with fiberglass-reinforced plastic tub and shower units. Manufacturers of these do not recommend the use of strong solvents, abrasives and other preparations which can cause serious damage to the smooth protective finish.

on some adhesives. Whatever you choose, work the solution underneath or through the label to release the adhesive. If you try cleaning fluid, remember it can soften some plastics. One cleaning-fluid procedure is to saturate a folded white cloth or paper towel with the solution, then place it over the label or tape for a few minutes, and when the adhesive softens, rub the label with another cloth or towel.

Calvary Baptist Church plans fun filled Easter weekend

Saturday, April 18, members of the Calvary Baptist Church will be having an old fashioned Easter Egg Hunt for adults and children. Hoping the weather will be nice, everyone is looking forward to this outing. A bus will leave Saturday, April 18, at 1:00 from the church to go to Lake Mackenzie, where the hunt, fellowship and a supper will be held. Prizes and posters for the hunt are being donated by the Woodsmen of America.

Iantha Smith presents program on Hawaii

President, Rhonda Guthrie, called the meeting of Texas Alpha Sigma Upsilon, Chapter of Beta Sigma Phi, Floydada, to order on April 7, in the home of Barbara Cocanougher.

Barbara served refreshments of dips and chips as the meeting began. Mary Emert reported the bank balance and reminded everyone that all dues and fines were due by the last meeting in April to balance the books for the new year. The members voted to work on this year's scrapbook at their next meeting and final plans will be made for the Founder's Day program.

The program was given by Iantha Smith on her recent trip to Hawaii. Everyone tasted the fresh fruit from Hawaii. She had

pineapple, bananas, coconut, papaya, and nuts to eat and pineapple juice to drink.

There were lots of pictures, books, pamphlets and even a newspaper dated back to the bombing of Pearl Harbor.

Iantha demonstrated the proper technique of the Hawaii Hula dance, and told about the Hawaii Luau she went to where they served fish and poi and roast pig along with lots of fresh fruits. By the time she finished her program everyone wanted to go to Hawaii.

The following members were at the meeting: Barbara Cocanougher, Iantha Smith, Rhonda Guthrie, June McLaugh, Vikki Yeary, Mary Emert, Barbara Edwards, and Pat Franklin.

Floydada girls track team heading for the regional meet

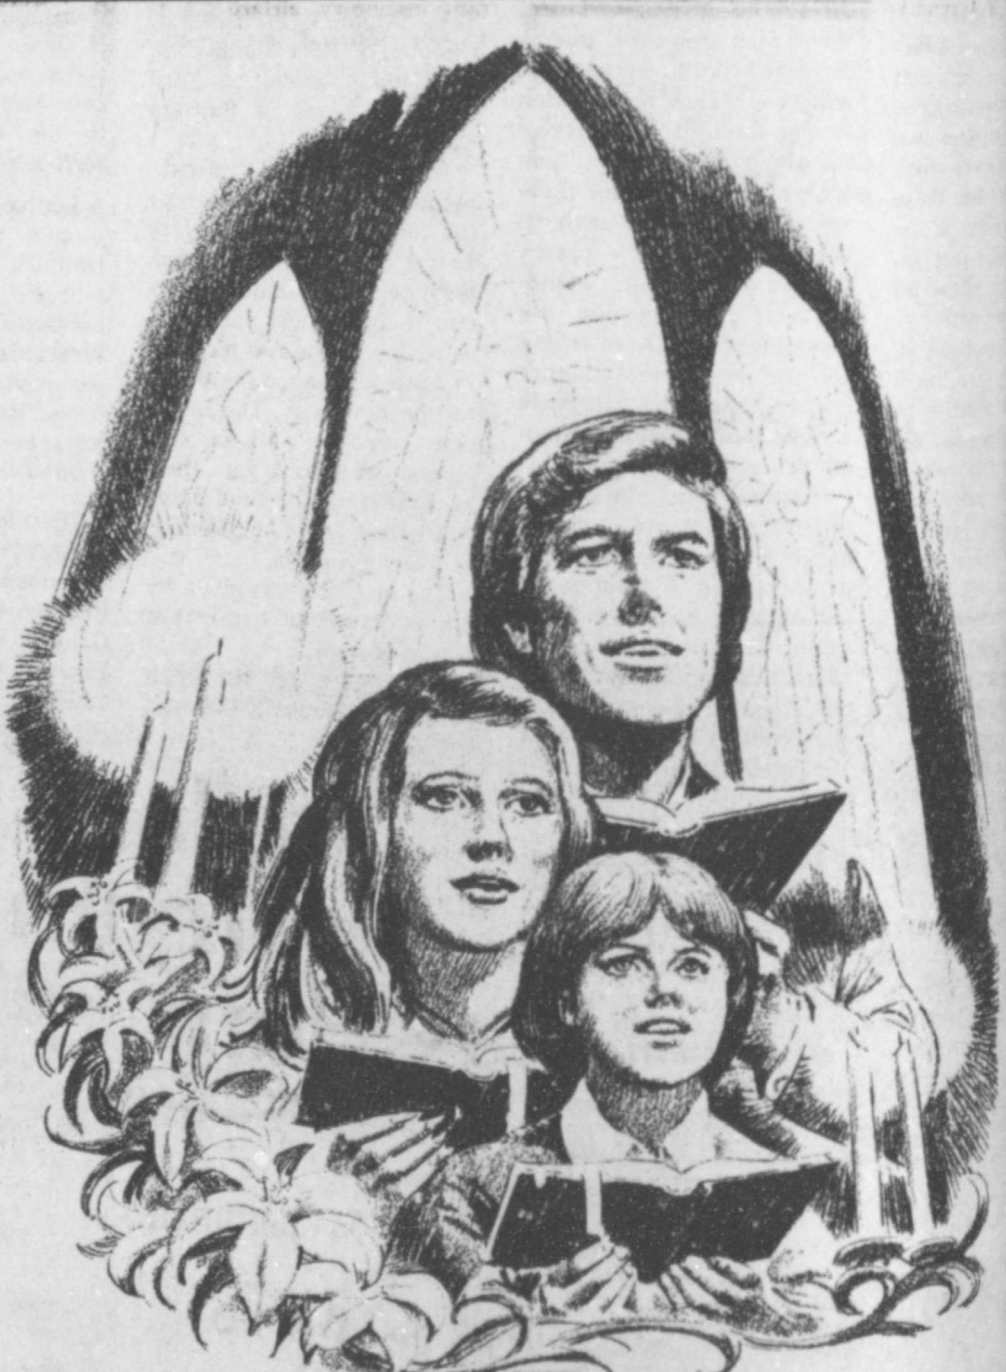

The Floydada girls track team won the District 3-3A championship for the third year in a row at Abernathy last Thursday.
The team totaled 173 points while Tulia had 133 and Childress finished with 81 1/2 points.
They placed first in the three relay races and got a 1-2 finish in the triple jump.
Floydada will be taking the most team members to regional out of all the teams who competed at the meet.
There will be nine individuals and all three relay teams who will be going to regional which will be held in Lubbock April 24 and 25.
Regional qualifiers are those who finished 1st or 2nd in an event.
This is the fifth team title Floydada has gotten this year with only one second place out of the five.
Team Totals: Floydada 173, Tulia 133, Childress 81 1/2, Idalou 74, Abernathy 68 1/2, Lockney 27.
400 Meter Relay — 1st, Sandra Robinson, Karla Williams, Sylvia Coleman, Triss Coleman, 52.2.

County officials commended on splendid accomplishments

County jail passed inspection for certification Wednesday morning.

For county jails is the Texas Commission on Standards and Inspection.

Director, supervising inspector, and staff officials and staff were commended on their splendid accomplishments.

made the certificate Monday afternoon at a meeting with Judge Choise Smith, Sheriff Fred Cardinal.

Floyd County Jail is only "about 80" miles in Texas which is compliance with commission standards.

added that "this is the result of one person, working together. The officials should be proud to be able to achieve this result at minimum cost."

achieved compliance with the Texas Jail Standards and with continuation at this level.

compliance with the laws of Texas serves you as these rules have been tested and upheld on numerous

occasions by the Federal courts," Slater added.

He concluded: "I would like to add my congratulations to these officials. It is a pleasure to work with them."

The jail standards official noted that checks are made "at least annually" to assure that the jail remains in compliance.

He added that a continuous program is necessary "to meet the demands of society today."

"The intent of the Commission is to provide written rules reflecting minimum standards for the construction, equipment, maintenance, and operation of county jails; for the custody, care, and treatment of inmates in county jails; and for programs of rehabilitation, education, and recreation in county jails; rules providing for the reasonable enforcement of such minimum standards; rules providing for consultation and technical assistance to local government officials with respect to county jails, including review and comment on plans for the construction and major modification or renovation of county jails; rules for regular inspections of county jails and reports from local government officials on the condition of each county jail; and rules of procedures and practices before the Commission," Slater said.

LOCKNEY STUDENTS Ralph Scheele and Maribel Torrez (right) draw speaking order from a hat held by Shirley Morton for the contest sponsored by Lighthouse Electric Cooperative this week. Ralph and Maribel both won all expense trips to Washington, D.C. by giving the best speeches on the topic, "Rural Electric Cooperatives — Good For All Americans."

Lighthouse Electric names speech contest winners

Names of the winners of a speech contest sponsored by Lighthouse Electric Cooperative were announced this week by Alton Higginbotham, General Manager.

High school students whose speeches qualified them for an all expense paid Rural Electric Youth Tour trip to Washington, D.C., are Maribel Torres and Ralph Scheele of Lockney.

Maribel is a member of the Lockney High School Band, a representative to the Student Council and a member of the Future Teachers Association.

Ralph Scheele is a member of the 4-H Club, Band, President of the junior class, member of the National Honor Society, and incoming vice-president of the Student Council.

Ralph and Maribel were among eight high school students from the area served by Lighthouse who gave speeches on the subject, "Rural Electric Cooperatives—Good For All Americans."

They will be among 40 young people from all over the state participating in the

Texas Tour to the nation's Capitol city in June.

Expenses of the youth tour are shared by the several co-ops in Texas which sponsor "Rural Electric Youth Tour" contests similar to the one sponsored by Lighthouse Electric Cooperative.

BBB warns on false advertisement

BBB/South Plains is cautioning the media, especially print media, on doing business with a company by the name of RETAIL OIL ASSOCIATION, Drawer 427, Heflin, Alabama 36264.

A copy of advertising recently placed in newspapers around the country by the Retail Oil Association offers a 50 cents per gallon rebate on various fuels on payment of a \$5.00 fee to the company.

On February 5, the U.S. District Court for the Northern District of Alabama, Eastern Division, issued a temporary restraining order directing the U.S. Postal Service to detain incoming mail addressed to the Retail Oil Association pursuant to 39 U.S.C. 3007, pending the conclusion of administrative proceedings initiated against the company by the U.S.P.S.

The order was based on the Court's finding that "...there is probably cause to believe that Defendant is engaged in conducting a scheme or device for obtaining money through the mail by means of false representations..." On February 11, the Court issued a preliminary injunction ordering continued detention of mail addressed to the Retail Oil Association.

The U.S. Attorney in Birmingham has requested that he would appreciate any information leading to the whereabouts of a Mr. Don Brattek who signed an insertion request as Advertising Director of the Retail Oil Association. IF YOU HAVE ANY INFORMATION, PLEASE CONTACT THE BBB IMMEDIATELY. Call 763-0459 or toll free, 1/800/692-4466.

Governor proclaims May 3-9 clean air week

Governor William P. Clements has proclaimed May 3-9 Clean Air Week in Texas. In his proclamation, the Governor urges individuals, businesses, industrial leaders, organizations and government agencies concerned with the health environment to pledge themselves to more effective action for clean air for ourselves and future generations.

The Texas Air Control Board, the State agency with responsibility for controlling and abating air pollution, and the American Lung Association of Texas are co-sponsoring Clean Air Week at the State level. "Energy conservation is the theme for this year's Clean Air Week because of the relationship between energy production and air pollution," said Alan K. Pierce, M.D., president of the American Lung Association of Texas.

TABC Executive Director Bill Stewart said, "Because air is our most precious natural resource, it is important that air quality be maintained by limiting the amount of air pollutants. We

hope that Texans will use this special week to become more aware of the relationship between energy use and environmental pollution and will think about ways to conserve energy."

"For example, oil and gas processing and electrical power generation, although vital to our well-being, contribute to the pollution burden borne by our air. Even applying the best available control technology to abate plant emissions cannot completely control the release air contaminants. We can help reduce the air pollution burden and save our precious resources by using mass transportation or car pools and by adjusting thermostats and hot water heaters," Stewart said.

Pierce said, "Our future respiratory health depends greatly on the choices we make about how much energy we use, how we generate it, and how well we control the pollution that results."

"The most effective, quickest and least expensive means of reducing our na-

tion's dependence on oil -- energy conservation -- will best protect the public health from air pollution," said Pierce.

Explaining that Texans must work together to keep the air clean, Pierce suggested several ways to help reduce air pollution:

- do not burn leaves and trash;
- keep automobiles properly tuned and keep pollution control devices maintained;
- use car pools and public transportation and walk rather than ride as much as possible. Remember, the more cars on the road, the more pollution.
- conserve energy in the form of electricity and gasoline. The more energy we use, the more pollution we create.

To learn more about air pollution and what you can do about it, write the American Lung Association of Texas, 7701 North Lamar, Suite 104, Austin, Texas 78752, or the Texas Air Control Board, 6330 Highway 290 East, Austin, Texas 78723.

Smithlawn first cottage-style in America

Smithlawn Maternity Home is serving its 2,000th Smith girl since their beginning in 1960.

As the first cottage-style home in America, Smithlawn provides a responsible alternative for an expectant mother. She can live in the five bedroom brick home in complete confidentiality as she furthers her education and receives top medical care from various local hospitals.

The average stay in the home is three months. Girls who stay longer have more time to elaborate on the decision of giving up their baby to the Smithlawn Adoption Agency, established in 1966.

Smithlawn elder Joe Phillips says that women's attitudes have changed many times in the past 20 years. "Now -- even though

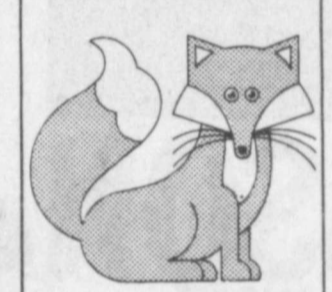

abortion is easy to come by, there is a growing conviction against it. Girls are more family oriented," Phillips said.

Staff Director Howard Hulett said, "We try to help the girls find a more contributing life." One girl had come to Smithlawn as a member of a theft ring and a ward of two states. After leaving Smithlawn, she had Tennessee connections inform Hulett of her newly directed life which was a result of the guidance and direction she received while in the home.

The maternity home and adoption agency are supervised by Smithlawn Church of Christ and supported by church affiliations in Texas and surrounding states.

For information contact Howard Hulett or Carol Anderson at (806) 745-2574.

Plainview annual art show May 3

Plains Art Association 21st Annual Spring Art Show will begin Sunday, May 3, from 3-5 p.m., and run through Sunday, May 17.

The art show will be held at Harral Fine Arts Complex on the campus of Wayland Baptist College, 1900 West 7th, Plainview.

All entries must be hand delivered to the above address on Thursday, April 30 between the hours of 10 a.m. and 6 p.m. There will be a \$4.00 per entry fee for PAA non-members and a \$2.00 per entry fee for PAA members with no limit on entries. Membership dues are \$10.00.

Except for Purchase Awards, the PAA will charge a 20% commission on all sales from the show. Artists will price their own work or mark it nfs (not for sale.)

Categories will include **Works under glass:** drawings, watercolors, pastels, prints, mixed media. **Works not under glass:** oils, acrylics and mixed media; **Photography:** black and white, color, and handtoned work; and **Other art forms:** sculpture, pottery, stichery, jewelry, enamels, etc.

The art show will be open

to all area artists over the age of 16.

Appropriate ribbons will be given to winners in each of the four categories.

The judge, Mr. David, Rindlisbacher, Art Professor of WTSU, Canyon, will be treated by the PAA with lunch at the Far East Restaurant, 910 Hwy. 87, Plainview on Saturday, May 2, from 12 noon to 1 p.m. Show winners will be announced. Those interested in attending and having lunch with the judge are invited.

Immediately following the luncheon, all of those interested are invited to go to Harral Fine Arts Complex for the judge's critique of the art show.

The show will be open to the public beginning Sunday, May 3, with an open house from 3 to 5 p.m. at Harral Fine Arts Complex. Presentation of awards will be made at 4 p.m.

For more information concerning the show contact Mrs. David Poole, Chairman of the Show, at 296-9316, or Mrs. Robert Butler, President, Plains Art Association at 293-8734.

A 23-year old Plainview man has been sentenced in the U.S. District court in Lubbock, Texas for defrauding the Social Security Administration.

According to Ray Purcell, Manager of the Plainview Social Security Office, David A. Brown pled guilty to two counts of giving false information to the Social Security Administration and concealing that he was no longer a full-time student in order to continue receiving social security benefits on the record of his deceased father.

Brown was sentenced to five years supervised probation and \$1,000.00 fine on each of the two counts.

Mr. Purcell said that this conviction resulted from a joint investigation by agents of the U.S. Secret Service in Lubbock and the Social Security Investigators in Dallas.

and family. June and Bob Landry of Plainview.

Mrs. Frank Dunn and other friends were in Lubbock part time seeing Mrs. Oleta Collier who is very ill in a Lubbock hospital.

Mrs. Charlene Finkner of Lubbock spent Sunday with her parents, Mr. and Mrs. Fulkerson.

Mrs. Dunn was in Matador Thursday attending the meeting of a study club.

Mr. and Mrs. Mike Carroll of Plainview visited Sunday with his parents, the Morris Carrolls.

Week before last the Gordon Mayfields were in Henrietta for showers and wedding of their oldest grandson.

Bill Thomas of Lockney came by Sunday and picked up Mr. and Mrs. Hal Thomas and all attended church at South Plains Baptist Church.

The Floyd Philosopher
Editor's note: The Floyd Philosopher on his Johnson grass farm makes a few final remarks on the hostage or- deal this week.

Dear editor:
I guess about everything that can be said has been said about Iran and the freed hostages, but a couple of

remarks by an Iranian leader have stuck in my mind.
When I say leader I mean whoever claimed to be the leader that week, because not only did Washington not know who was in charge from one week to the next, neither did the Iranians.
Anyway, the leader bragged about defying the United States by holding the hostages a year and two months.

"We have rubbed the nose of the United States in the dust," he said.
This is like an underworld character, on sticking up a bank and holding some customers in the vault for ransom, saying "I sure rubbed that bank's nose in the dust."
The other remark by a leader, following the release of the Americans, was

"There is no proof that we mistreated them."
I believe something must have been lost in the translation. If somebody locked me up for a week, not to mention a year and two months, I'd sure calculate I'd been mistreated.
With such mysterious thinking as that, I won't be surprised if Iran sends us a bill for food and lodging for

the hostages, wear and tear on their handcuffs, damage to boots used in kicking shinbones, replacements for blindfolds, time lost from work while demonstrating before TV cameras, and janitorial costs for sweeping up the ashes of burned American flags. The bill will probably come with postage due.
Yours faithfully,
J.A.

Drug Abuse program to air on Sunday, April 26

If you're a parent or a youngster concerned about drugs, don't miss the television special "Teenage Drug Abuse — What Can Parents Do?" from 4-6 p.m. (ET), Sunday, April 26.

This show, which will be carried live by public broadcast and cable services around the country, will create an open forum in which viewing parents, youngsters

and a panel of experts can discuss the practical, everyday problems of drug abuse. Produced by ACSN with promotional assistance from Drugfair retail drug chain,

the special will feature Dr. Robert Dupont, former president of the National Institute of Drug Abuse and current president of the American Council on Marijuana; William Barton, direct-

knowledge on the subject and the results will be shared with the nationwide audience. Other viewers around the country also will be able to participate via a toll free telephone number.

The ACSN special is being incorporated as part of Drugfair's "Straight Talk on Drugs" educational campaign which was endorsed by the White House Office on Drug Abuse Policy.

Viewers will be able to participate in the program through the innovative QUBE system and a toll free phone-in. QUBE, operated by Warner-Amex Cable

Communications Company, will be used to poll home viewers in Columbus, Ohio. The panel will pose pertinent drug abuse questions to assess the average parent's

knowledge on the subject and the results will be shared with the nationwide audience. Other viewers around the country also will be able to participate via a toll free telephone number.

If you're looking around for things to do which suggest the possibility of summer coming eventually, here's a simple project which may be the answer to the picnic table you never got around to or for which there isn't enough lawn.

Similar to TV trays, except designed for lawn parties, these tables are made by first designing a pattern (round, square, oval or freeform) for the table top. A good size is about 19 inches in length, wide enough to accommodate a meal. The legs are 26 inches high, cut from 3- to 5-plywood and designed in the shape of an upside down "U", so you'll only need two leg pieces instead of four.

You can hinge the legs to the top to fold for storage. Cut out a circular hole in the top to accommodate a large tumbler. You may want to cut a circular recess for a paper plate. Stain or paint - and throw a lawn party at separate tables.

ACSN also produces and makes available nationwide special issues on drug abuse, clean air and women in a changing society.

ACSN is a nonprofit network providing a 64-hour-per-week schedule of educational and community service programming to affiliates in nearly 30 states. In addition,

A rainy day.

"Good Lord, Harry, you just had it all this. They ought to lock up us. We must have flipped. We really can't afford it!"

I looked around the reception hall of the local country club. Table after table had been set up for the wedding feast. An orchestra was tuning up to the side on a raised stage. Waiters were scurrying around with buckets of champagne. Others were going through the ceremony of uncorking the wine. And it was all on me.

Mrs. Hillman, second cousin to the groom, passed by and grabbed my arm to say something I couldn't understand. But I smiled at her while I said to my wife, Martha, "Don't worry. I told you I had a way to pay for it. So you might as well enjoy it. Eat, drink, dance."

Now Mrs. Hillman was holding Martha's hand, babbling away. Martha smiled back at her but otherwise she was not paying any attention. Out of the corner of her mouth she said in a pained voice, "But I do worry. I'm a born worrier. What do you have in mind? A second job? Selling the house? Or just taking every last cent out of the bank?"

I wondered what the chances were of departing a glass of the champagne as I waved to the departing Mrs. Hillman. "Nope, not the house," I said in a large chunk of those U.S. Savings Bonds.

"The Bonds? Oh, Harry, you clever devil you, I'd forgotten about the Bonds, that a lifesaver."

I had almost forgotten them, too. But that's one of the good things about U.S. Savings Bonds. You buy 'em and

Around The County
By Jett Major
FLOYD COUNTY EXTENSION AGENT

The long overdue rainfall that everyone in this area has been waiting for finally arrived in most parts of the county last Friday. It did not fall quite as slow as many of us would like to have seen it fall, but what did stay in the fields will certainly give the wheat a boost and will help build up the subsoil moisture needed for planting, especially on the dryland acreage.

The Lick and Aiken communities received the heaviest rainfall with over 4 1/2 inches being reported. Lockney, Sandhill and Sterley all received 2 1/2-3 1/2 inches of rainfall. High winds and some hail accompanied the rainfall which fell so hard and fast that run-off was a serious problem all across the county. Many producers were well on their way to completing much of their corn planting when the heavy rains hit and washed away furrows in low areas of the field and floated seed out in other areas. Some replanting will no doubt have to be done. Some of the more mature wheat stands suffered some hail damage, but the rainfall did more good than harm to all of the wheat which was

burning up prior to Friday. Lower rainfall amounts were reported in the northwest and northeast corners of the county with about 1 to 2 inches falling in these areas. The southeast part of the county received no rainfall. Rainfall in the west and southwest part of the county ranged from 2 to 3 1/2 inches. A threat of blowing sand existed following this hard rain, but the weekend weather helped alleviate this threat by providing the area with the calmest winds it has seen in over a month.

With the arrival of warm soil temperatures and adequate subsoil moisture, many cotton farmers will be gearing up to plant cotton as soon as the fields dry up from the last rainfall. I urge those considering planting their cotton before May to monitor weather forecasts closely and remember that Floyd County is still due one last freeze. It is up to the producer to gamble on whether or not that cold spell will come this year, but with the cost of cottonseed and fuel as high as it is today, it might be wise to gear up to go fishing instead of planting this week.

Block-Reagan farm policy to be topic at Farmers Union meeting

A farm policy forum entitled "What We Can Expect From A Block-Reagan Farm Policy" will be held Tuesday, April 21, from 7-10:30 p.m. at the Massie Activity Center, sponsored by the Floyd County Farmers Union.

Featuring very open and straight forward discussion of key farm issues by Dr. Ron Knutson. Dr. Knutson is Policy Specialist for the Texas Agricultural Extension Service and served on President Reagan's Agricultural Transition Task Force. He has the most current and complete information available concerning policy trends and outlook as

they affect the people in the Rolling Plains.

A free barbeque meal, catered by King's Restaurant, at 7 p.m. Donations will be accepted.

At 7:45 p.m. Dr. Ron Knutson will present his program on farm policy measures including target prices, loan rates, parity price, parity income, rates of return, and cost of production.

A 9:00 a discussion will be held with Joe Rankin, Texas Farmers Union vice-president, presiding. This will be followed by a question and answer session.

Everyone is invited to attend.

Garrison attends stockholders meeting

Mr. Carroll Garrison of Silverton, has just returned from Houston where he represented the Federal Land Bank Association of Floydada at the 26th Annual Stockholders Meeting of The Federal Land Bank of Texas. The meeting, held at the Houston Oaks Hotel, was attended by members of 60 Federal Land Bank Associations in Texas. There were about 750 persons in attendance.

Thomas H. Benson, president, in his report to the stockholders, stated that there was an increasing demand for new loans in 1980. This was the second largest year of loans closed in the Bank's history, with 3,774 loans closed for a total of \$322.3 million. This compares to 1979 figures of 3,960 loans closed, for a total of \$337.8 million.

"In this period of historic high interest rate, the advantages of the variable rate were apparent with our members paying rates somewhat below the prevailing rate," Benson explained.

Speakers for the meeting included, Sonja Hilgren, National Farm Editor for United Press International; Peter Carney, Fiscal Agent for the Farm Credit Banks and Gerald P. Carr, former commander of Sky lab and a vice president of Bovay Engineering.

The Federal Land Bank of Texas makes long-term loans on farms, ranches and rural residences and currently has 37,500 loans for approximately \$1.8 billion outstanding.

The Federal Land Bank Association of Floydada makes and services loans in this area. Members of the board of directors are: Carroll Garrison, Malvin Jarboe, Dorris Jones, John Irwin, and Stuart Dixon.

Others attending the meeting from this area were Mrs. Carroll Garrison, Mr. and Mrs. Stuart Dixon, and Mr. and Mrs. Donald Cranford.

USDA to make no 1980 crop corn; sorghum deficiency payments

The U.S. Department of Agriculture will make no deficiency payments on the 1980 crops of corn and sorghum, according to Edward Hews, acting administrator of USDA's Agricultural Stabilization and Conservation Service.

Under current legislation, deficiency payments are made to producers when the average market price received by farmers during the first five months of the marketing year October through

Hens produce methane gas

Aided by technology, 200,000 laying hens can generate about 66,000 cubic feet of methane gas every day, according to a speaker at the recent Texas Commercial Egg Clinic at Texas A&M University.

Dr. Ed Fulton at Tarleton State University has designed an anaerobic digestion plant that converts animal wastes to methane or bio-gas and fertilizer. Such a plant would cost about \$281,000 and would be feasible for poultry operations with 40,000 or more laying hens.

Methane from the plant would be a direct energy source for heating and cooling and could also be used to generate electricity.

A look into the future for cattle raisers, discouraging

(COLLEGE STATION)—Major keys for survival of the cattle business in the decade ahead will be flexibility, discipline and cost control, a nationally recognized livestock market analyst said here.

Taking a tough look at the cattle industry, Bill Helming of Overland Park, Kansas, said from the middle of 1982—and particularly from the early part of 1983 through 1986—the cost of production as it relates to owning and raising a cow and calf will exceed the value received.

Helming is president of Livestock Business Advisory Services, Inc., an independent market outlook, research and risk management consulting firm that serves virtually all phases of livestock production as well as many agri-business firms.

Helming was lead-off speaker for the Beef Cattle Short Course of the 1981 Texas Animal Agriculture Conference at Texas A&M University.

"Flexibility means that producers must know where they are in the cattle cycle. They should be flexible about using more forage and less grain and should think of themselves as a vital part of the food industry—a part that can adjust to consumer trends," Helming said.

The agricultural economist defined discipline as "having a constant plan of one to three years, and being able to take advantage of volatility in the marketplace."

Cost-control, or equity preservation, relates to the individual cow-calf operator figuring every way he can hold the line on costs.

"Producers can seek ways to use less energy, try to reduce capital costs and fight inflation at every turn," Helming explained.

Beef today is neither cost nor price competitive with other sources of protein, and consumers are more restrained in their demand for beef, he warned.

"At best, 1981 and '82 will have a flat, sluggish inflationary economy, which will see little improvement for beef," he said.

Costs of producing beef, however, will continue to accelerate sharply higher, he predicted.

Helming challenged livestock producers to "become more effective risk managers—rather than risk takers—as they produce a protein source of food."

In the next several years, more major industry adjustments will still be necessary, according to Helming. The price between feeder and fed cattle must narrow, and the new grading system will make adjustments necessary in that area. Grain, which will increase in price faster than beef, will hasten a change in feeding practices. Cattle will be fed grain 100 days or less in the near future, he predicted.

Consumers, Helming said, are very price conscious. "About 50 percent of the beef consumed in the U.S. today is in ground beef form and is moderately priced."

By 1990, from four to six beef processing firms will be processing about 90 percent of the beef produced in the U.S., Helming said.

Livestock owners need to move ahead vigorously to maintain a positive image and achieve greater cost production efficiency, the economist added.

"Those who choose not to become better managers will find the cattle business in the next 10 years to be very disappointing financially, not much fun—if any—and indeed discouraging," Helming concluded.

Little damage caused by increasing greenbug population

Greenbugs are increasing rapidly in many area wheat fields. Some fields have already been damaged by these pests. In many cases wheat is making good growth and although greenbug populations are increasing they are causing little damage. Beneficial insect activity is increasing rapidly in many fields also.

Field inspection is the only way to make sure control measures are needed. The number of greenbugs present coupled with the amount of damage they are causing and the number of predators and parasites are important factors to consider at this point in the growing season. Information in the following table may serve as a guide in determining the need for treatment.

Plant height	Number of greenbugs per linear foot
3-6	100-300
4-8	200-400
6-16	300-800

Irrigated small grains or fields with adequate moisture can withstand larger greenbug populations than fields under moisture stress. Greenbug populations

may be much higher in a field than another so including many checks is essential.

Lady beetles can be feeding on greenbugs. Lady beetle adults in a foot of row can greatly reduce the number of greenbugs that are increasing in some fields. "mummies" (light brown, shriveled greenbugs) are about a week before they are killed by the parasites.

The insecticides available for greenbug control in wheat are as follows:

- Methyl parathion (4 pints/ac.)
- Parathion (8 lb./ac.)
- Di-Syston (8 lb./ac.)
- Cygon 400 or Dethion (4 pints/ac.)

Over production of hogs not all "doom and gloom"

(COLLEGE STATION) — What was to have been "hog heaven" for producers this time of the year has turned out to be a general "bust" situation because of too many hogs.

"Hog prices are currently much lower than we expected because producers did not reduce numbers as they had indicated they would last September," explains Dr. Ernie Davis, Livestock marketing economist with the Texas Agricultural Extension Service, Texas A&M University System.

"We've got \$42 hogs instead of \$50 hogs because marketings during this past January were up 1 percent from January 1980 instead of down 7 to 9 percent as predicted," he notes.

Davis reasons that these factors had something to do with the increased marketings: some carryover of marketings from December into January, a

milid winter that has resulted in a finish faster, some liquidation of breeding stock, and some dropping of June-August pig crop.

Market hogs should bring the first \$100 per 100 pounds during the past January 1980 instead of down 7 to 9 percent as predicted, he notes.

A possible decline in Texas Safety strength to port Texas Association

Liquid herbicides should be in battle against mesquite

Ranchers battling mesquite brush should consider flying on a liquid herbicide in late spring and early summer.

Since herbicides for mesquite control must be translocated from leaves to stems and roots to be most effective, spray when leaves have extended fully and have turned from light to dark green. Soil temperatures at the 18-inch

depth should be 75 or higher.

Elay spraying 10 to 15 gallons per acre of a liquid herbicide, if possible, on a sprayed area for at least 10 days before rain. Notes a range brush specialist with the Texas Extension Service, Texas City System.

TSTI to inform FHS about programs offer

Becky Kennan, Admissions Representative for Texas State Technical Institute in Amarillo, will be in Floydada, Wednesday, April 22, from 9:30 a.m. until 11:00 a.m. Kennan will talk to Floydada High School students about the programs and training offered at TSTI-Amarillo.

Those programs include: Auto Body Repair, Aircraft Mechanics, Auto Mechanics, Boot and Shoe Operations, Commercial Art in Advertising, Construction Technology, Cosmetology, Drafting and Design, Diesel Mechanics, Electronics, Interior Design, Industrial Maintenance, Meat Processing and Marketing, Printing, Professional Truck Operations, Saddle and Tack Making, Technical Office Training, and Welding and Fabrication.

Kennan will give her presentation in TSTI's Mobile Career Center which seats 25 students comfortably and is equipped with a video tape playback unit and screen.

Texas Schools may soon provide "The Arts In Education" program

Interested in your child having an arts experience?

School districts throughout Texas may soon provide these activities, if they apply for financial assistance to bring professional artists into their schools.

"The Artists-in-Education program will place professional performing, visual and literary artists in accredited school districts to bring an enriching arts experience to children of all ages," announced Allan Longacre, Executive Director for the Texas Commission on the Arts.

Deadline for applications is May 1. Assistance awards will be announced in May for the 1981-1982 school year.

"Although the creative activities are aimed primarily at school children, teachers as well as the entire community take part too," Mr. Longacre explained.

Eligible sponsors may be any accredited school district, Regional Education Service Center, local government group, or a non-profit tax-exempt organization such as a museum or an arts council. Organizations may pool their financial resources

and then apply to TCA for matching funds for the program.

"Artist residencies may range from one week to a full school year," Longacre said. "For the short or long term, those involved learn much about self-expression and communicating creatively."

For applications and further information, contact TCA Education Coordinator Marilyn Scheiferdecker, toll free at 1-800-252-9415, P.O. Box 13406, Capitol Station, Austin, Texas 78711.

Pinewood Derby success

Three Cub Scouts from Floydada and South Plains competed in the Pine-wood Derby Thursday, April 15.

Double elimination races were held for each boy to race on the track set up at Hut.

Prizes were awarded to the 1st place: Eric Green, 2nd place: Chad Williams, Brent Gibbs, Shawn Jeter, Tim Grand, David Cortinas, Miles Meredith, Ryan Burns, Michael Goen, Adam Cates, Cody Dennis, and Kevin Stringer.

Cub Scouts participating from South Plains were Cory Mulder, Brian Teeple, Tim Julian, Bryan Henderson, and Tracy Bailey.

A special thanks goes to Bud Crump for his help in setting up the racing forms.

Refreshments were served to everyone.

Governor proclaims bicycle safety week

Governor William P. Clements proclaimed April 1981 as Bicycle Safety Week in Texas to honor all bicyclists of the state.

Bicycles have long enjoyed a reputation as a recreational activity. And as fuel costs continue to rise, bicycles are being utilized as a source of transportation.

Unfortunately, however, bicycles are most vulnerable to accidents. As a result, bicyclists are too often victims of crippling accidents.

"Obey all applicable traffic regulations, signs, signals and markings."

"Observe all local ordinances pertaining to bicycle operation."

"Keep right, drive with traffic, not against it. Ride single file."

"Drive your bike defensively; watch out for the other guy."

"Watch for car doors opening or for cars pulling out into traffic."

"Don't carry passengers or packages that interfere with your vision or control."

"Never hitch a ride on a truck or other vehicle."

"Exercise extreme care at all intersections, particularly when turning left."

"Use hand signals to indicate turning or stopping."

"Protect yourself at night with the required reflectors and lights."

"Ride a safe bike. Have it inspected to ensure good mechanical condition."

Woodrow Wilson. Ragtime. The Great Houdini. The year is 1913 and a new Bell telephone begins ringing throughout the land. Ah, those were the days...

Now you can relive those days with Southwestern Bell's new Country Junction* telephone — a happy blend of yesterday's spirit with today's technology.

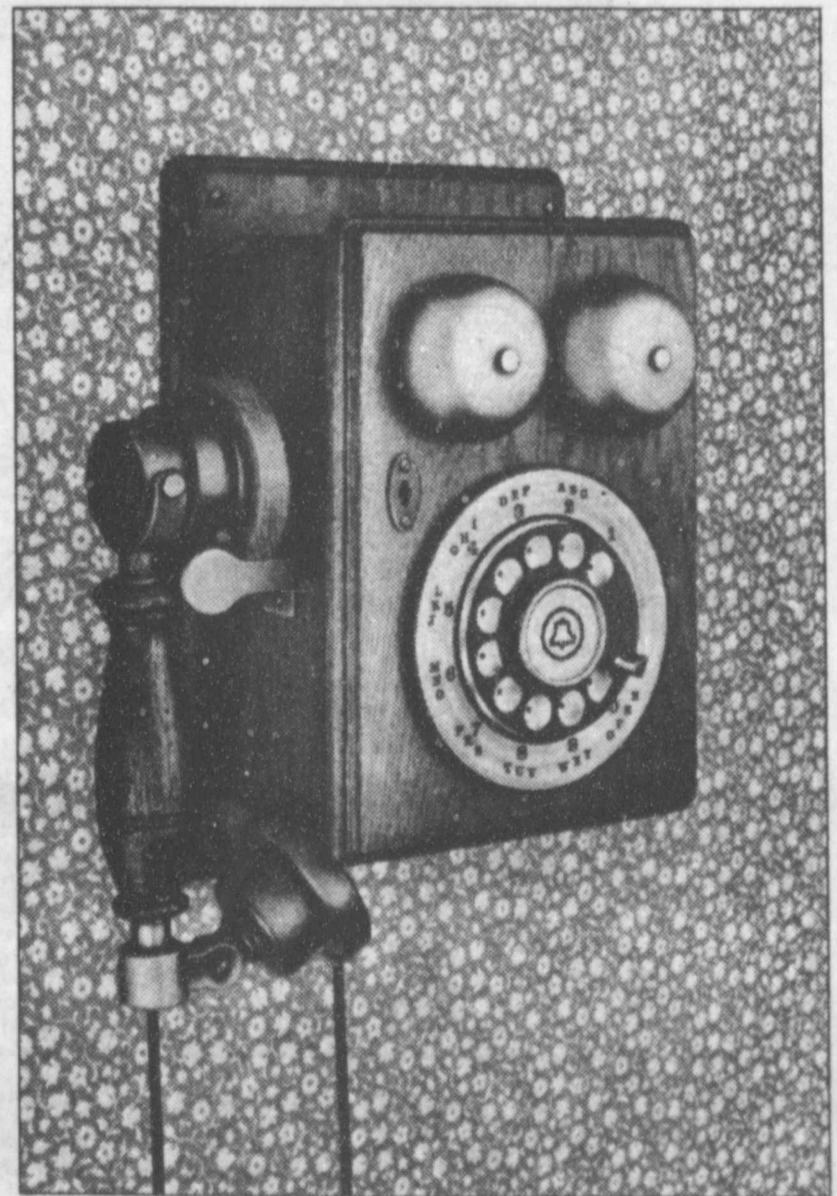

Lovingly handcrafted in natural oak and antiqued nickel trim, the Country Junction phone is a classic that blends with period settings and makes an attractive statement with the crisp, cool lines of contemporary taste.

No matter where the telephone is placed — kitchen, den, family room, living area — this is a phone that will be seen and admired. Because it has modular components, installing it is as easy as hanging a picture.

In a busy, bustling world, the Country Junction telephone is a pleasant reminder of those times when all phone conversations began with the voice that smiled.

Slowing down the rising costs of anything these days. Even your electricity.

You've got someone working on it for you in the Southwest. Southwestern Public Service is using Wyoming coal to make electricity in its new power plants. Because some of the old plants run on fuel that just plain costs too much.

Electricity could cost a lot more than it does. But thank goodness it doesn't — because of coal.
