

—THE CUB'S DEN—

ABOUT B. H. S.

There are about two sophomore boys that are truly getting popular. You ought to see some certain little Sophomore girls hang around them, especially at noon.

And say! Don't you think the paper is ritzzy this week? Boy, oh boy! Just look who wrote it up! Who? Why, the Sophomores, of course. We are the three B's—the Big, the Better, and the Best Sophomores—that B. H. S. has ever had.

Talk about dirt! The Meadow B. B. girls are really going to get their noses rubbed in it next year, or my name is not Oscar Putts. If Meadow does not get paid back for all the damage they did last year, well, I'll think our B. B. girls missed their calling.

I am just wondering how mad that Junior girl got at that Junior boy last Thursday because he promised her to go on a picnic, then didn't.

The poor little Sophomores are just sitting around, waiting to become Seniors, so that they can be petted and pampered awhile, and have banquets given for them.

The faculty and student body of Brownfield High School extend deepest sympathy to J. D. and Addie Stewart at the death of their sister.

MANNING GOES TO STATE MEET

The track boys that won out in the Dist. Meet April 13 and 14, journeyed to Plainview last Friday evening and spent the night in Wayland College. They arrived in Canyon about 8:30 Saturday morning and rested until the track meet started at ten o'clock.

The preliminaries were run off in the morning. All the Brownfield boys qualified for the finals, to begin at 2:30 Saturday afternoon.

They had a fine day for a track meet. The wind blew a little in the morning, but it was an ideal afternoon.

However, the only track man to qualify from Brownfield for the State Meet at Austin was Earl Manning. He won second place in the mile run.

The State Meet will be held the 4th and 5th of May.

The track men had a nice trip. Everything turned out fine even to the joking and wise cracks of Wayland Parker. Those who made the trip were, Earl Manning, Wayland Parker, James Burnett and Mr. Ledbetter.

ASSEMBLY PROGRAM

The History Club had charge of the assembly program Wednesday morning, April 18, and provided for some very good entertainment. Girlie Chapman played the guitar and Roy Ragsdale the accordion. They gave several numbers which everyone enjoyed very much. They were invited back, and the entire school hopes they will accept.

The president of the senior class, Woodrow Chambliss, again reminded the student body that their class would soon be leaving the "old High School," and after a nice little talk that aroused the sympathy of the other classes, he came to the point and announced the senior play "Youth Comes Tripping," which was presented Tuesday evening, April 24.

STYLE SHOW

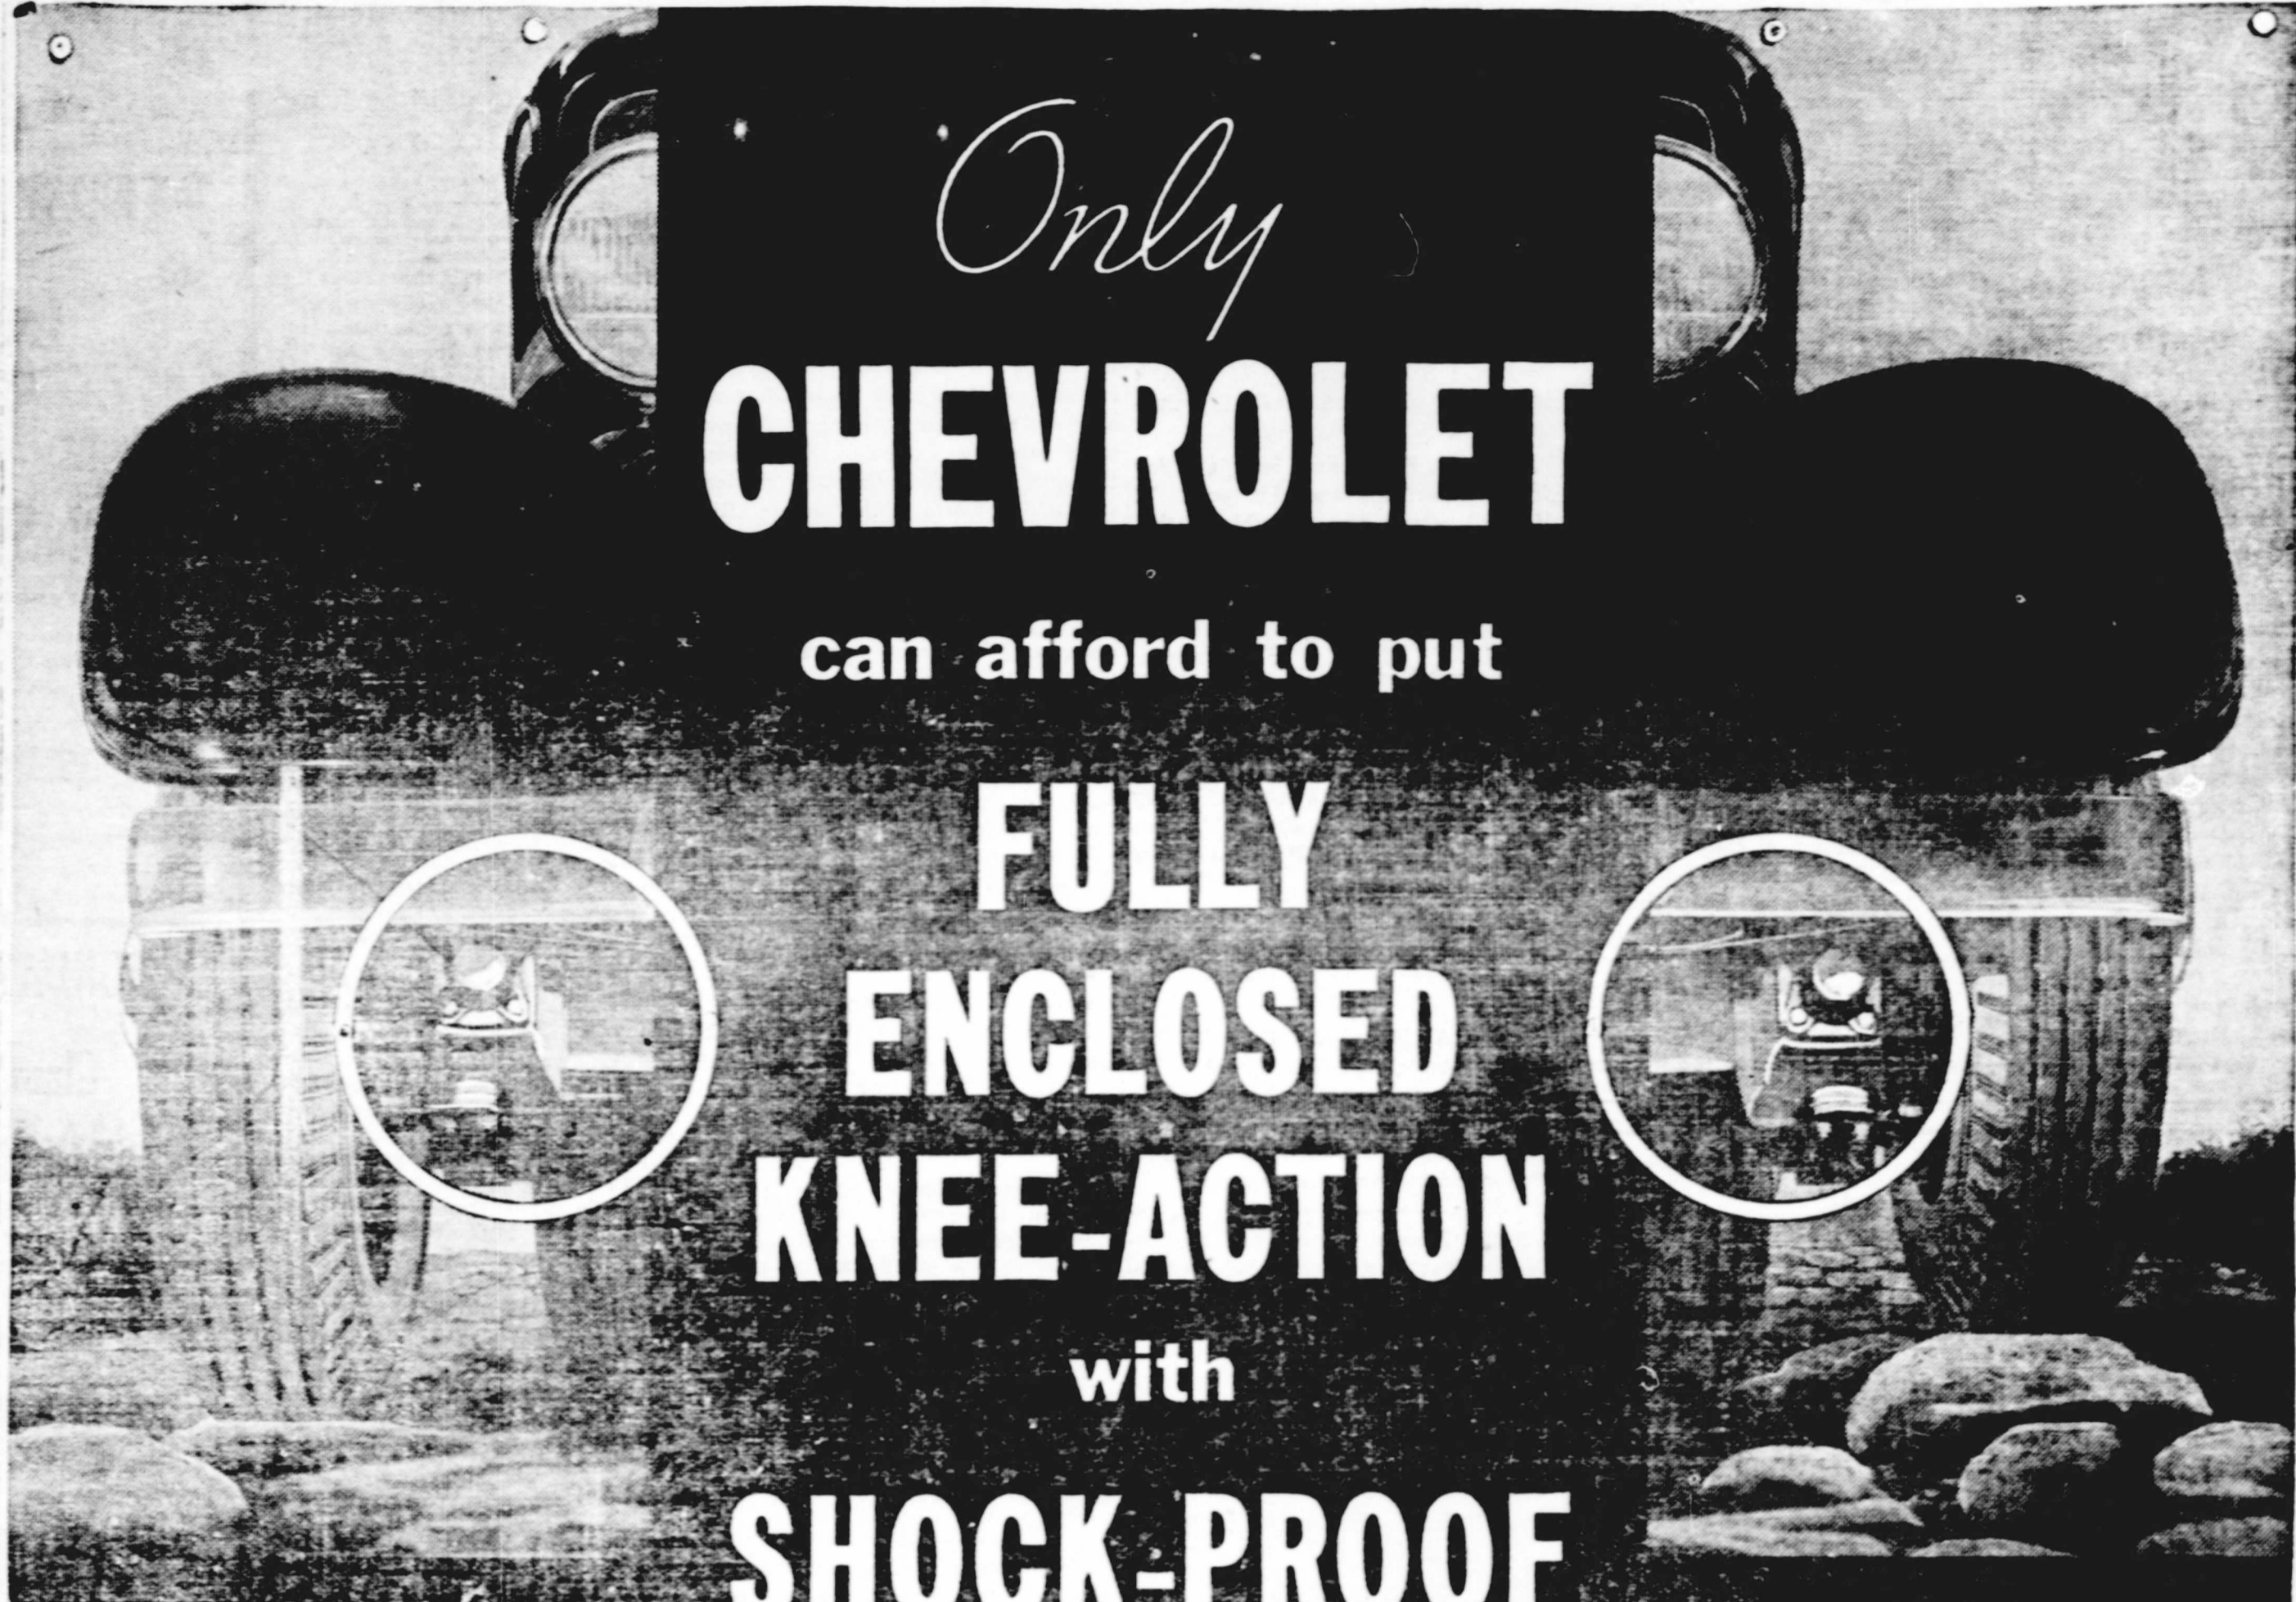

Last Friday evening from five to six the Home Economics girls and teacher, Miss Vivian Winston, served cookies, sandwiches and punch to a large number of mothers and friends. This delicious lunch was followed by a style show, presented in the B. H. S. Auditorium. Each member of the Home Economics Clothing Department displayed the garment she has made since mid-term. Mary Dee Thomas entertained with musical selections throughout the program.

HOME ECONOMICS CLUB

The Home Economics Club met Monday, April 23, 1934 characters were chosen for a short play "The Charm of an Old Album" which will be presented in chapel Wednesday, May 2, 1934. You will see them as: Grace Betty Jo Savage Ellen Bobbin (her mother) Dorothy McGlothlin The Grandmother Verna Brown Aunt Lucy Nita Bess Briscoe After a few minor matters were attended to the club adjourned.

WHO'S WHO IN B. H. S.?

- 1. What class in B. H. S. was the point men in absences, tardies and failures last month?
- 2. What Sophomore boy is becoming the girls "ideal man"?
- 3. What teachers in B. H. S. are disappointed in the Sophomore class?
- 4. What boy won a trip to Austin to represent B. H. S. in track?

CHEVROLET When you pay the price of a Knee-Action car, you naturally want *genuine* Knee-Action and all that goes with it. You want the new gliding ride at its best. You want the huskiest, sturdiest front-end you can buy. And, of course, you want shock-proof steering. You pay for them all—but you get them all, in the low-price field, only from Chevrolet. The reason is simple. Fully-enclosed Knee-Action wheels are costly to build—so costly that only Chevrolet, world's largest builder of cars, can afford to make the necessary huge investment in new machinery—and still keep prices among the lowest of the low. Only Chevrolet has the resources and the assured volume of sales that permit this extra production cost. Chevrolet does it because Chevrolet believes that, to **KEEP ON SELLING THE MOST CARS, YOU MUST KEEP ON BUILDING THE BEST.**

HISTORY CLUB

Monday, April 23, the History Club didn't have a program assigned and as you know we had a joke contest the preceding Monday, and Mr. Penn won the prize — one lonesome penny. Well, Mr. Penn ordered a sucker for each member and we're telling you, we enjoyed the program! Three cheers for Penn!

H. E. PICNIC

On Friday evening, April 20, the Home Economics Club members,

and guests motored out to Rich Lake for an outing. They left Brownfield High School at 5:30 and after a few minor troubles they arrived at their destination and began preparations for supper. Scrambled eggs, breakfast bacon, pickles, bread, fruit and hot cocoa was served. They returned home about 8:30, tired and dirty, but each declaring that it had been the most enjoyable entertainment of the year. Mrs. Flem McSpadden and children, and Mrs. Stricklin, spent the past week end with relatives at Littlefield and Sudan. They report plenty lake water up there.

REFUSES TO GET OLD— FINDS HOBBY AT 70

Fort Worth, April.—Dr. Clinton Lockhart, professor of Old Testament and Semitics at Texas Christian University, estimates that he has held at least 18,000 class recitations and preached 4500 sermons in the 56 years that he has been teaching and preaching. He has delivered sermons in 10 states and has traveled in 15 foreign countries. Dr. Lockhart has studied 11 languages, which he lists as, Latin, Greek, Arabic, Hebrew, Syriac, German, French, Italian, Spanish, Arabic and English. In mentioning English, he said that he had studied it

"very little." "The study of most of these languages was necessary, I thought, for the persuasion of the study of the Bible," Dr. Lockhart said. "My visits to most of the foreign countries in which I have traveled were primarily for the investigation of Bible lands." Dr. Lockhart was president of T.C.U. from 1906 to 1911, his office covering the period of the fire in Waco and the subsequent removal of the institution to Fort Worth. He is now 76 years old. On his 70th birthday he decided he was "getting into a rut," and so he took up the self-study of the violin. "I can play a few of my favorite

hymns," Dr. Lockhart reports. "But I don't pretend to be a violinist. I play only for my own amusement, though I suppose the results would be even more amusing to my friends!" **FREE FLOWER EXCHANGE** The Maids and Matrons Club are conducting a Free Flower Exchange again this year at the Bell-Endersen Hardware. It will be held next Wednesday. Please label each bunch of plants or seed you send or bring in. Sam C. Arnett, president of the Citizens National Bank of Lubbock, and another gentleman, were here Wednesday afternoon.

OLD TIMER LEAVES TERRY

To my many friends, and I hope that includes everyone that knows me in Terry county, as I hope I am not leaving a single enemy in Terry county—old Terry is all right if the sand would only lay still. I am not burning any bridges, so I won't be afraid nor ashamed to come back, and will if I want to. M. C. Ammons. Senator Arthur P. Duggan has appointed Dick McDuffie of this city as a member of the Advisory Committee of the Texas Centennial for Terry county. The first meeting will be in Austin in the Senate chamber of the capitol, June 6th.

West Texas Feeders' Day at Spur Station

Six questions pertaining to farm feeding problems are being asked 100 yearling steers. The questions are to be answered in a 112-day feeding test to end May 4. The questions are:

- (1) Can a part of the grain ration be replaced with cotton seed? (2) Can cotton seed be profitably used in place of cottonseed meal? (3) Is silage more profitable than dry roughage? (4) Does it pay to grind milo heads? (5) Does it pay to grind roughage? (6) How much mineral should be added to a ration?

For twenty years the Spur Station has been conducting feeding tests with cattle and sheep to secure additional information pertaining to the feeding value of West Texas feeds.

Many other feed lot problems have been studied at the Spur Station, and the information obtained has been invaluable in promoting the finishing of livestock.

If West Texas is to develop as a feeder section as it should, it is certain that an intelligent use of the rough feeds will be necessary.

DO YOU WANT AN ELECTRIC REFRIGERATOR?

Then By All Means See the New NORGE

Let our salesmen show you its many features that make it an investment that will repay for itself again and again for years to come.

Do You Want to Make Easy Payments?

It is not necessary to deny yourself the pleasure of owning a NORGE until you have saved enough from your budget to pay for one in full.

Do You Have a Trade In?

We will give you due consideration to any proposition you have to offer.

BROWNFIELD HARDWARE

Horse Races at Amarillo Fair June 15-25

AMARILLO, April 23.—Although the bugle's call of 'boots and saddles' is several weeks away, interest in the coming Tri-State Fair's horse race meeting here has already reached an unprecedented high.

Inquiries from horse owners, jockeys, stablemen, and others are pouring into the local office daily. Fans are asking about grandstand admission prices and the system under which pari-mutuel certificate system will be held.

With seven events daily and at least three of them thoroughbred races scheduled, fans will see some of the classiest horse flesh and racing in West Texas.

The meet will open on June 15 and close with the great Panhandle Derby on June 25. No races will be held on Sunday.

Prices to the grandstand will be 75 cents, tax included. Special rates for seasonal box seats may be obtained by writing Ted Taylor, Fair Secretary.

The Pari-mutuels will be conducted absolutely in accordance with the Texas law. M. F. Mitchell, famous

Arlington Downs and other famous tracks mutuel men, will be in charge of the pari-mutuels here.

Bets will be accepted in denominations of \$2 and up. All payoffs are figured on the basis of \$2 bets. In mutuel betting, all odds paid are the result of the number of backers on each horse.

DEATHS

Little Joyce Lavern Blanton, the one and one half year old daughter of Mr. and Mrs. A. C. Blanton, died on the 19th, and was buried the 20th in the Forrester cemetery.

The little infant son of Mr. and Mrs. Claude C. Baker of the Wellman community, passed away on the 20th. The little fellow only remained on earth a little more than a week to bless this home.

P.T.A. to Help in the Roundup of Children

Austin, Texas.—The largest roundup in the history of Texas will be started in May when every Parent-Teacher Association in the State will join hands in their annual campaign, known as the Summer Round-Up of Children.

Each local Parent-Teacher group endeavors to have the parents who have children ready to enter school visit their family physician and dentist for the purpose of having a complete physical examination made of the child and then to encourage the corrections needed.

Children grow very rapidly during the first six years of life, and during this rapid growth, physical defects are apt to develop which may cause permanent damage if not corrected early.

Inability to see or hear well is a serious handicap for the child beginning school. He cannot progress as rapidly as one who sees and hears normally. As a result the child is frequently held back, not because they are mentally slow but because of defects.

We had a card this week from Lawrence Stewart, who is headquartered at Haifa, Palestine, while constructing an oil pipeline for a British firm. He reports that he spent the Easter holiday in Jerusalem.

John Howard was up from Haskell county attending the funeral of his brother-in-law, A. K. Huckleberry, and visited relatives here for several days.

Rev. Ed Tharp and John S. Powell were Amarillo visitors Tuesday.

Mr. and Mrs. Roy Ballard transacted business in Amarillo last Friday.

Dallas Rabbi Heads NRA Adjustment Board

Announcement has been made of Dr. David Lefkowitz to serve as chairman of the Dallas NRA Adjustment board, according to Sherwood H. Avery, Dallas executive assistant to H. P. Drought, State NRA Compliance Director for Texas.

Other members of the Board are: Walter Hogg, president, Dallas Cotton Mills, employer representative; and Clyde F. Vaugh, employee representative.

"The Board will serve as an appellate body in cases where an equitable adjustment has not been made by other NRA agencies," Mr. Avery said.

"Services of the three members are volunteered without compensation in the work of making effective the provisions of the NRA codes," Mr. Avery said.

Mrs. Lenora Lee Boulin, aged 20, wife of John Boulin of this city, passed away about 5 o'clock Tuesday morning, leaving a husband and an infant child. Funeral services were held late that afternoon at the First Baptist church, conducted by Rev. J. V. Vinson, following which the body was laid to rest in the Brownfield cemetery.

Mrs. Sidney Buckler of Shreveport, La., is visiting her sister, Mrs. John S. Powell.

FAT GIRLS! HERE'S A TIP FOR YOU

All over the world Kruschen Salts is appealing to girls and women who strive for an attractive, free from fat figure that cannot fail to win admiration.

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses and does it SAFELY and HARMLESSLY.

It's the little daily dose that takes off the fat and brings that Kruschen feeling of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

HIT DEPRESSION ON THE CHIN

One reason why revival of the construction industry is regarded as being so vitally important to recovery by most authorities is that the bulk of the employment it would provide is where it is most needed—among skilled and unskilled laborers.

In 1930, 2,500,000 persons were employed by the building industry. About 1,000,000 more were employed in construction work in other industries, bringing the total to 3,600,000.

Again, it is reliably estimated that for every worker actually employed on a building job, another worker is employed behind the line in industries supplying necessary supplies.

Today American industry is expanding as rapidly as it can. And the individual should follow that lead, by building and repairing his own property now, while prices are still down.

Editor J. W. Baldwin was down last Friday from Levelland to make up his Rotary attendance. He had the misfortune of losing his father on the 9th, and his aged mother passed away Sunday the 15th.

Jim Cunningham of Yoakum county, was a business visitor here Wed.
