

SOME PESSIMISTIC; MORE OPTIMISTIC OVER OUTLOOK OF NEXT TWO YEARS

Business Men Have Divided Opinion of 1938-39. Conservation Checks Would Help Things Just Now. Automobile Industry Promise to Put Men to Work.

We have talked with a lot of men over the general outlook for the past several days, some of them in Brownfield, and those from other places, and the general trend or agreement seemed cemented on the fact that the south Plains was the cream of the country just at this time.

A local druggist believes that we are in the best shape of any country or section in Texas, or perhaps anywhere else, and believes that if those in Washington responsible for issuing checks for soil conservation last year to Terry county, would do so at once, and leave off their golf games some week end, the recession in Terry county might be retarded for the entire season. But will they? The farmers of Terry county have been waiting for these checks for months.

The most pessimistic fellow we have talked with here of late was a filling station man. No it was not the one you are thinking about. This one lives in Lubbock. He believes that this small white spot on the south Plains is gradually narrowing, and that we had better let some hands go, get our rent reduced, and make preparations to kinder slide off the precipice instead of plunging headlong. And he thinks 1939 will be worse.

He put up some mighty fine arguments too, reminding us that the south Plains was the last to feel the 1929 depression, and that production in steel and some other manufactured goods had been cut from 30 to 60 per cent, and that we would feel this sooner or later. We reminded him that the government was prepared with the good old priming machinery sooner than they got to us in 1929-33, but like lots of other business men, he's kinder lost confidence in priming.

On the other hand, we have the latest copy of Automotive Daily News before us, which seems to be a special edition, and there seems to be a very optimistic note all through that journal from the big as well as the smaller automobile and accessory plants, and after all, that is the nation's biggest industry. These companies are going right ahead, putting on more men, bringing out new gadgets for cars, better brakes, and better motors if possible, and general improvements.

No, the county has not gone to the eternal bow-wows; not even headed in that direction, and we believe that all businesses should refrain as long as possible from releasing any help that they now have. When a man or woman employee is dismissed from a job or position, there is just that many more mouths to feed and backs to clothe by the nation. Some one has to do the job.

Really Good Night Business at Wheel-Inn

The Senior and Junior Herald, together with the later's wife and little son, called on the Wheel-Inn for a feed Sunday night, and as late as it was, they were pretty busy feeding people either at tables, the counter or their cars.

Mr. Greenfield has a real nice place, original in design, and he stated that he was having an especially good night business, and hoped to greatly increase his day business when he erected his signs, a large one in front and a lot of smaller ones up and down the two highways.

Elder Fry Preached Here Sunday A. M.

Elder W. E. Fry of Levelland preached at the church of Christ here Sunday morning, the regular minister here going to that city in an exchange of pulpits, but each returned home for the night services.

Mr. Fry is a brother to James A. Fry, now of Pecos, who was minister here for three years. W. E. is county superintendent of Hockley county.

Mrs. Dee Elliot is visiting relatives in Enid, Okla.

Fred Hinson and family are entitled to a pass to the **RIALTO THEATRE** — to see — **"Big Broadcast"** Be sure to present this clipping at the box office at the Rialto Theatre. Compliment: Rialto & Herald

High School Students To Study Traffic

According to R. B. Rice district supervisor of the Highway Planning Survey who was recently in Brownfield, local high school students have been granted permission by Miss Fields, acting superintendent, to assist in a special study soon to be made of the use of state highways, county roads, and city streets by car owners living in Terry County. This is a part of a statewide and nationwide program to collect information needed in planning the construction and maintenance of highways, roads, and streets.

The information which is being collected through the local high school is an important part of the Highway Planning Survey, according to Mr. Rice. He said that both local and state school officials have cooperated fully in this work, and it is anticipated that local students will furnish a great deal of much-needed and valuable information concerning Terry County.

Mr. Rice said that the Highway Planning Survey, which is a new branch of the Highway Department and is financed both by the state and federal government, is doing several different types of work. A detailed road map is being prepared of each county. Traffic counts have been made on all state highways and are now being made on county roads; traffic flow maps will be prepared from this information. The trucks which travel on state highways have been weighed in order to find out how great a strain they impose on the road surface. The average life and cost of each of the various types of road surfaces are being studied. Amounts of money spent by cities on streets, by counties on secondary roads, and by the state on highways are being analyzed. Special tabulations are being made of tax resources and public debt. The use of the different road systems is being studied. And special safety studies will be started soon.

Candidate For Lieutenant Governor a Visitor

Senator G. H. Nelson of this district, and candidate for the office of Lieutenant Governor of Texas, was a visitor in our city Saturday afternoon, and called upon the Herald. Mr. Nelson stated that he had just completed a very satisfactory opening campaign around his old home section in east Texas, and had met with much encouragement, both from the press and people.

Speaking of radio broadcasts, the Senator stated that it would be an almost impossibility for any poor man to be elected to office in Texas, were it not for his friends, who provided such things as broadcasts, ads in newspapers, etc., as he said it would take nearly all his \$2500 lawful allowance to make the trip in his car over the huge state.

The broadcast he made over the blue network, was, he stated, paid for by friends, and he had no idea what it cost. Friends had also tendered the use of several other stations for his disposal, when he was ready to use them, he informed us.

Pierson Suspect Picked Up Here Tuesday

A young man was seen Tuesday morning slip a loaf of bread from a Lubbock Bakery delivery here, and run up an alley. This was reported to officers immediately, and a search was made around and through the alley west of the square, but he seemed to have vanished in thin air.

He finally turned up at Murphy Bros. Grocery and asked for something to eat. A hand out of odds and ends were given him, and he soon left, but John Murphy kept his eye on him while others phoned for officers. He was picked up by Constable Jim Burnett in the People's Recreation Club, where he was reading a paper.

Officers are up to this time very doubtful if he is Pierson, who escaped the asylum last week. He gives his name as Hassler, of Amarillo, and at first stated he had an uncle at Ropes who could identify him.

Elder Killion, pastor of the church of Christ, united in marriage Miss Bill Vick and Mr. Curtis Lusk, both of Loop, Texas, on Saturday, April 23.

Good News For Terry County Farmers

Judge R. A. Simms phoned us Wednesday afternoon, that in answer to a wire sent to Washington Tuesday concerning checks for farmers who complied with soil conservation and crop reduction last year, that he had received a reply that checks ought to begin to arrive right away.

Judge Simms stated that the local organization headed by the county agent's department had finished their work long ago, and that the A. & M. College had finished their check of the certificates on April 4th, and had sent them to the accounting department at Dallas, where the checks will be issued.

This large sum of money released just at this time will stimulate business wonderfully. County Agent R. N. McLain has been at the A. & M. for the past two weeks, and it is believed he will have an encouraging report for Terry county farmers upon his return.

Judge Simms believes that Terry county will get quite a substantial increase in cotton acreage.

Local Dairy First in Commercial Milk

The Pittman Dairy of this city, won first in Commercial Milk at the Panhandle-Plains Dairy show at Plainview last week. The second place was won by a Childress Dairy, and third place by a dairy in Bailey county. The Pittmans have been consistent winners with their cattle and products for a number of years, the original dairy being at Childress. R. A. Pittman is owner and manager.

It is no small honor to be a winner at this show, as some of the best dairy cattle, as well as dairy products in the state of Texas, indeed in the southwest are always shown there. We also note that a former Terryite, Mrs. Earl Cadenhead now of Morton, won seventh place with here Neufchatel cheese. The winnings by the White herd at Meadow is given elsewhere in this issue.

Possibly there may have been other winners from Terry county, but we looked over the list as printed in the Star-Telegram, Monday, very carefully but failed to see their names.

Local Baptists Report Great Convention

Local Baptist who attended the State Baptist Sunday School convention at San Angelo the past week, are carried away with the gathering and the good things they heard while there. It was estimated that more than 5000 S. S. workers were in attendance.

While this crowd could not get in one building, loud speakers were connected with the main gathering to hear such speakers as Dr. Truett of Dallas, and others. It was said to be the greatest gathering of the kind ever held by this denomination.

County Judge Simms And Supts to Austin

Judge R. A. Simms, and Supts. Homer Franklin of the Meadow school, and J. B. Bell of the Wellman schools, are leaving this week end for Austin where they go in the interest of buses for the transportation of Terry county children to and from school.

Others may make the trip, but it was not known at the time we made our inquiry. We feel sure that Supt. Baze will not go, as he has been confined to his room with illness since the past week end.

State Fire Marshall Pays Official Call

Frank Williams, the State Fire Marshall, from A. and M. College was here Monday night. He lectured, and showed pictures on the latest methods of fire-fighting equipment. The lecture was so interesting that the new Mayor, Clyde C. Coleman, and new councilmen are considering the purchase of additional fire equipment for Brownfield.

Brunk's Comedians Go to Levelland

The Brunk Tent show, here all last week, played to good houses, and on one or two nights reported that they had standing room only. Those who were able to attend, reported a good show, clean and wholesome. The aggregation are in Levelland this week, where they have a full week engagement.

Relation of Good Citizenship to Traffic Safety

We speak of a person who possesses a proper regard for law and order, and looks to the welfare of his neighbors and friends, as a good citizen. This is indeed a necessary qualification, and not only must its spirit accompany him on his confines of home or among ones neighbors but it must accompany him on his journeys through the day. It must guide him over to the right when he meets an oncoming vehicle. Down the highway we see people beginning their joyous journey, too often to have its pleasure marred by a frightful accident which tells its tragic story to the onlooker, that someone has failed to be the good citizen that he should have been. He has disregarded the laws of his country. The country which has given him protection since he was received by birth or by naturalization into its borders, and under its jurisdiction. And this fact above all must shout at him so to speak that he has disobeyed the divine commandment "Thou shalt not kill," and although he would shrink from taking life even for his own protection, he allows the exhilaration of the moment to so overpower his better judgement to the extent that he forgets there are others on the street or highway who have the same right to travel under the traffic laws and partake of the safety they afford.

If every person driving a vehicle would bear in mind that the way he handles the steering wheel or places weight on his accelerator may mean a family circle broken; this means that in many instances that little children will be bereft of the protection of parents. A like incident was enacted here last year in our home county. The father was killed instantly, the mother suffered for months and died. The little children found a home in California with relatives whom they had never known. It took only an instant to bring this tragedy about, and violating traffic laws was the cause. If an otherwise good citizen had left off driving while intoxicated, he would have saved all this sorrow, suffering and death.

If intoxicated drivers took only their own lives and safety in their hands the situation would be deplorable but when we think how many innocent ones must suffer for his folly, we stand aghast at the consequences, and wonder if citizens will ever cease to disregard the rights and privileges of others. Our government has provided us with long highways which stretch like giant ribbons through beautiful scenes of which every citizen of America is justly proud and, lest we forget, there are signs posted warning the driver that danger lurks ahead. If these are disregarded the beautiful parks and scenery will mean nothing when the eyes that might have feasted on their beauty shall have, by a frightful accident, been closed forever. Let us as American citizens resolve that we will appoint ourselves a committee of one and strive together as one person to make our streets and highways safe places upon which to travel and in a spirit of love which is the true essence of good citizenship, Resolve to be our brother's keeper.

Mrs. W. G. Hardin

Radio Interference Locator Arrives

The City of Brownfield has just received a Radio Interference Locator. If you own sweepers, sewing machines, razors, drink mixers or any appliance using arcing brushes causing radio interference, you should notify the Radio man or an electrician.

The city has an ordinance which prohibits the use of any electrical device causing radio interference.

Please turn in all complaints to the City Secretary's office and the trouble will be located. The person owning the appliance must comply with all rules or cease to use said appliance.

MAYOR AND COUNCIL
E. D. Jones, Gen. Supt.

Piggly Wiggly Putting In Additional Stands

New shelving has been added at the Piggly Wiggly store this week to take care of their ever growing stock of merchandise. You may be like us, can't recognize it when you walk in, but it is there just the same.

The space for both pickle and coffee departments were becoming crowded, and the new sections were provided to better care for these displays.

The Herald Ads Are Newsy

Local Banker Officer In Bankers Association

Last Thursday the 21, was San Jacinto day and a bank holiday in Texas, as that is Texas' birthday, the Lone Star reaching its 102nd year of existence as a free republic and later a state of the union on that date in 1836. South Plains Bankers Association always hold their annual meeting on that date, this year at Plainview.

Those attending from Brownfield from the Brownfield State Bank, were, J. O. Gillham, Vice-President, Bruce Zorns, Assistant cashier, and Buddy Gillham, bookkeeper, with W. H. Collins, of Collins Dry Goods Co., as guest. From the First National were W. R. McDuffie, Cashier, and Mrs. McDuffie; Spencer Kendrick, assistant cashier and Mrs. Kendrick. Some interesting business session were held, the meeting being addressed by Mr. Pier of the Fort Worth National on "Looking Forward." His address was rather optimistic. Another speaker from Fort Worth spoke on the FHA building plan. Rev. Jennings welcomed the bankers. All sessions were held at the Hilton Hotel.

From three to five in the afternoon, a matinee dance was given the bankers and wives, as well as guests, following an elaborate banquet at the noon hour. Delegates from Brownfield report a great time. The meeting in 1939 will be held at Midland.

New officers of the association, are Mr. M. C. Ulmer, President of the First National of Midland, also mayor of Midland, new President of the association; Paul Hardwick, cashier of the Citizens National Bank, Lubbock, the Vice-President; Dick McDuffie, Cashier of the local First National, was elected Secretary-Treasurer.

Cotton Acreage Allotment Well Under Way

COLLEGE STATION — Complete farm cotton acreage allotments have been released for 69 counties by the state AAA office at Texas A. and M. College, according to Geo. Slaughter Wharton, chairman of the Texas Agricultural Conservation Committee.

The state office is releasing the allotments at the rate of 8 to 10 counties a day, Slaughter said. The allotments include the cotton acreage quotas for each farm as provided under the new farm act plus additional 4 per cent provided by the recent amendment which added approximately 380,000 acres to Texas' cotton quota.

General allotments, which include feed crops, are complete for 13 counties, and the state office is equipped to figure and release these at the same rate as the cotton allotments, according to Slaughter.

Meanwhile state AAA workers announced that they had certified 146,963 applications for grant under the 1937 Agricultural Conservation Program for payments totaling \$24,850,327.85. The total number of applications is expected to reach 200,000, and total payments will be approximately 37 million dollars.

Homer Winston Greatly Enlarges His Place

H. R. (Old Homer) Winston has not only enlarged his place of business at the Snappy Filling Station, but has greatly improved its looks. He has built on an addition to the west of the old building and the whole works stuccoed and repainted.

This gives them room to greatly enlarge their stock of tires, tubes and accessories, and groceries that most tourists demand. Homer handles Cosden gas and oils, and guarantees them to give equal satisfaction to any.

When you are up that way, don't fail to call on Homer and see his new place whether you are in the market for anything he has or not. If he's not there, the boys will show you around.

Edwards Implement Co. Stocked For Season

The Edwards Implement Co. is well stocked for the season on parts and repairs to any kind of International Implement they sell in this section. We might state that the season is just well under way in this section, but they are ready.

They now have their spacious work shop well fitted up with all kinds of tools and a corps of workmen who understand their line and know how to make repairs as quickly and efficiently as anywhere.

T. L. Price of Post was a business visitor in Brownfield, Tuesday.

TORNADO WRECKS HOMES, KILLS THREE AND WOUNDS MANY IN LYNN COUNTY

Worst Calamity Ever to Strike the South Plains Section Hit Dawson and Lynn Counties Tuesday Afternoon. The Good Neighbor Counties Must Come to Their Rescue.

In all the history so far as white man knows, there never has been such a destructive wind storm as struck full force in a small section of Dawson county, and the OK and Draw communities of Lynn county late Tuesday afternoon. Houses in the path of the storm crumbled like paper, and even cars were smashed as if crushed in a huge press.

Three people were killed, and scores were injured, a number serious the more seriously hurt being in Lamesa and Lubbock hospitals. The dead are, Mrs. Vernon O. Caswell, 22; John Walters, 15; and Mack Walters, 40, all of the Draw community. Among the more seriously injured was Irene McKay, 13 months, two skull fractures. Lumber, torn to splinters, and household articles are scattered all over that section.

A hard wind from the southeast all day, while clouds flew over. Late in the afternoon there was some thunder and a shower in Brownfield. Up to that time it had been rather cool here, but after the shower, it became still and sultry, sure sign that a storm had passed nearby. The bodies of the killed were horribly mutilated, it is said.

Red Cross aid is already on the ground, and doing all they can to give first aid. The Lamesa CCC camp are moving in the devastated area to help clear the debris, and hunt for property blown away. Brownfield and Terry county should do all they possibly can for the people of their neighboring county in this, their greatest disaster.

A. D. Repp is Raising Chukor Partridges

A. D. Repp, superintendent of the Texas Compress and Warehouse Co., raises Indian Chukor Partridges, as a side line, and is making quite a nice go of it. He has shipped eggs and pairs to most sections of the southwest. These birds are twice the size of the ordinary Bob White quail, and it is claimed they are a hardy variety in the wild state.

Mr. Repp readily sells his eggs at 60c each. Pairs are \$15.00. Mr. Repp has gone to quite a lot of expense in preparing to raise these birds, but it is claimed that if Texas ranges can be stocked with them, it will be a hunter's paradise. Many are becoming interested in propagating the species, which was introduced in the U. S. just a few years ago.

Light Shower Fell Here Tuesday Afternoon

A light shower fell here Tuesday afternoon after the wind had blown hard steadily from the southeast for two days. Presumably we had our rain about the time of the twister over in Lynn county.

The heavy clouds were all gone Wednesday morning, and a hard wind from the west, but it subsided by noon. M. W. Luna of Plains, reported some rain south of that city. Have to wait a bit longer for a season, which is just as well, as the ground is still cold.

Checker Tournament Sunday at Legion Hall

On next Sunday a large group of good checker players will meet at the Legion Hall in a county-wide game to determine who will become the local champions.

Up to date the following names have enrolled as contestants: Marshall Kendrick, R. L. Bowers, D. R. Holder, Sam Houtchens, W. W. Cowan, W. H. Jackson, Guy T. Nelson, Glover and Son, I. A. Lowe, and many others are expected to enter.

Bring Whole Family In For Tradesday

Monday is Tradesday again in Brownfield, and the merchants have responded quite liberally with specials for the occasion. So bring the family to town, and let's all enjoy the day together.

And don't forget to bring along your tickets. They might be useful to you. The usual program on the east side of the square in the afternoon.

Mrs. George Bailey of Jacksboro, Texas has been visiting her brother, Jess Smith and family.

Mr. Cleve Barrier of Lubbock was in Brownfield transacting business, Tuesday.

Grasshopper Control Fight Under Way

COLLEGE STATION — The fight to combat the worst grasshopper infestation in history is under way with the arrival of 37 carloads of bran and 14,800 gallons of sodium arsenite from federal sources, according to R. R. Reppert, etomologist of the Extension Service of Texas A. and M. College and state grasshopper control leader.

Texas has been assigned 7000 tons of bran and 140,000 gallons of sodium arsenite by the Bureau of Entomology and Plant Quarantine, which administers the government's grasshopper control program. This material will be matched by farmers who will receive allotments of poison mash through county agricultural agents and county grasshopper control committees.

Entomologists have known for over six months that more than 100 Texas counties would suffer a severe hopper infestation, and general entomologists have heped the Texas Grasshopper Control Committee make advance plans to hold down crop damage.

While the hatch is still incomplete, hoppers have emerged in record numbers in most of the counties where damage is expected. Only in the Panhandle are the hoppers still in the egg stage. The recent cold wave did little to reduce grasshopper numbers.

County agricultural agents, county grasshopper control committees, and farmers are ready to combat the insects. Experience has shown that control is simplified when poison mash is scattered around the places where hoppers hatch out before they multiply and spread to fields. A similar program last year saved Texas farmers 6 million dollars and returned more than a hundred dollars for each dollar spent.

Control measures will begin around May 1 in the counties where the hatch is most advanced, Reppert said.

Child Health Day to Be Observed Sunday

AUSTIN, Texas, "Texas, this May 1, has cause to celebrate its annual May Day — Child health Day as an expression of better child health this past year over the state," Dr. Geo. W. Cox, State Health Officer, said.

Throughout the length and breadth of this state on May 1, children will gather in celebrations which include play, games and exhibitions of special ability which has been developed. The children themselves are celebrating another year of life, in most cases, we hope, a year in which there has been increased health and enjoyment.

The State Department of Health joins with the individual child in the celebration of these gains.

"Today we celebrate the fact that the maternal mortality rate during the past year was lower than any previous year in the history of the State of Texas. This means more mothers living to care for the children of Texas, to encourage them and assist in providing them happiness. The fact that diphtheria has continued its retreat and that the death rate from this disease is the lowest in the state, together with the lowest death rate from typhoid, in history, is to be celebrated, Doctor Cox added.

"These facts we accept with true pleasure and joy in that we may have had some share in the reduction of these rates. A great deal remains to be done and the battle is only begun. It is my desire that the State Department of Health, all agencies interested in the child, every county and every community within this state may work unceasingly during the ensuing year, day by day, that May Day — Child Health Day 1939 will afford us many more things which we may celebrate," Doctor Cox concluded.

TOM HUNTER AGAIN ENTERS TEXAS RACE

Tom Hunter of Wichita Falls again has entered the race for governor of Texas, hurling defiance at the state political machine and pledging himself to a fight for the plain people.

Hunter is expected to live up to the campaign as it progresses as he is a good speaker and a hard fighter.

J. L. (Lee) Lyon
W. B. (B) Martin

FOR JUSTICE PEACE PRE. NO. 1
F. M. Burnett
J. W. Oliver
G. C. Aschenbeck.
R. E. Shugart

The article elsewhere in this issue from the pen of a local lady should be read and pondered by every person who drives a car. Are you a good citizen or a road hog?

According to E. R. Eudaly, dairyman of the extension department of the A. & M. College, one-fourth of Texas farms do not have a milk cow on them, and that Texas farms could add 242,000 additional cows without increasing the commercial milk quantity.

And just before we get overly excited about the nation spending two billion dollars in pump priming, let us remember that the folks that are in fairly good circumstances, on up to the millionaire class spend around two billion dollars on what might be termed non-essentials, luxuries, if you please, such as chewing gum, tobacco, chewing, dipping and smoking, drinks, paints and

powders, etc. But who is going to quit a habit that gives us a thrill just to feed the poor? We'll stay with our habits if we bust a hame string.

The opening address of Attorney General McCraw didn't bring out anything new. Like most other candidates, new taxes were taboo, was opposed to general sales tax, but thought we should adopt the child labor amendment to the national constitution. Believed that departments could be consolidated or arranged to save money.

A local husband alleges that his wife failed to get home when her companions of a tour did recently, because she is left handed, and when she tried to thumb a ride, motorist thought she wanted to go back the other way. The wife denies, and says the whole story is fabrication and impertinent to the cause in question. Both are still living under the same roof, however.

We get about three bushel baskets of propaganda of one nature and another each week, lots of which we never open, as we have learned to tell at a glance just what is inside an envelope. But occasionally a new one pops up, and our curiosity gets the best of us. One particularly last week, which aimed a blow at any unicameral legislation in Texas, was a purported interview with a Judge G. E. Price, of Nebraska, who with U. S. Senator Norris, were said to have fathered the measure through the Nebraska legislature. In this purported interview, Judge Price seems to have reversed himself, and makes a statement that the last two legislative sessions in that state, instead of saving the taxpayer money, have been the most costly on record. However, the Herald believes that, if given a fair trial, it would be the better method and inspire real statesmen to seek legislative seats.

For the past few current issues of Liberty Magazine, a Dr. George B. Raymond has been giving readers a rather radical story entitled "Doctors Don't Tell," in which according to information given us, was a purported expose of medical practices. According to the April issue of the Journal, official organ of the American Medical Association, both the articles as well as perhaps the author are purely fictitious, and that the "doctor" possibly practiced deceit in obtaining his license to practice, if he has them. Local physicians tell us that they have been quizzed by patients lately, about the matter. It is a well known fact that doctors don't discuss diseases which is sound ethics, but we have never had a family physician that refused to try to explain just what the trouble was with any member of the family, who was ill, in language anyone could understand.

Poke Jarrol over at Setha knows of a candidate who claims that he will get taxes lowered if he is elected. The candidate had never thought of the idea before until he wanted an office. In fact, he had never paid any taxes himself and paid no attention to the things that did not worry him. It was when he traded for a second-hand flivver and had to pay a license tax that he started to squeal about taxes.—Donley County Leader.

Probably most of us have professed religious beliefs that to many other enlightened people appear to be ridiculous and absurd. The editor of this newspaper may be subject to as much criticism in this respect as anybody else. But of all the absurd and non-sensical religious rites that we ever heard of, some of those staged by the Pope and the so-called Catholic Church take the cake. This canonization of dead people—making saints of them—is too utterly foolish for sensible people to pay any attention to. And yet we are told that 150,000 people stood hours in Vatican City in Rome Sunday, while Pope Pius canonized three persons long since dead; waiting for him to appear on his portable throne and to go through with a lot of ceremonies that they couldn't understand. The canonization ceremonies were attended with all the glitter and pomp of the coronation of an ancient oriental king. The thing that con-

cerns us is that all this ceremonialism flaunting itself in the name of religion, with its un-American retinue of potentates and priests, is gaining a strong foothold in our own country. We can not believe that the really enlightened and sensible people of this country actually believe in this canonization business, the praying of people out of purgatory, the conversion of bread and wine into the actual flesh and blood of Christ in the sacrament, or the power of the Pope to punish and to forgive sins against God. They are captivated with the pomp and the magnificence of Roman ritualism and ceremonialism. So, they join in with the crowd and begin kow-towing to the Pope as a puppy fawn to the feet of his master. And we have men in high position in this country showing a pretended deference and respect to the Pope and his satellites just for political reasons. It's enough to make one sick away down deep in the stomach.—Tahoka News.

To go just a bit further, Bro. Hill, the modern protestant denominational world, is trying to borrow a lot of the Catholic thunder. Take for instance Easter. They are trying to make a great thing out of that, for weeks before the day arrives, in a religious way, when in fact the word is not used but one time in the Bible, and that is in the King James Version. The American Standard revised version does not use the word "Easter," at all, but gives it the right usage, "Passover." There are a number of other things we could mention Bro. Hill, that are used now, that was undreamed of in New Testament times, but this is a secular and not a religious journal.

CRUELTY TO THE HELPLESS

Real men throughout the world have a contempt for one who would abuse a cripple. Even an enemy when he is made helpless, though not innocent, no brave man will kill or even impose upon.

No one with the remotest appreciation of what is meant by right and wrong will take advantage of one who is weak-minded.

A child is less deserving of abuse than a cripple, for the reason that the cripple can at least voice in words his defense, while the child has not even that protection.

Also the cripple may have been before his infirmity aggressively offensive to the one who is mean enough to impose upon him in his crippled state, but the child has been neither.

We justly would call him who would abuse a cripple a brute, but to call one a brute who abuses a little innocent child would be to eulogize him; also it would be an insult to the brute creation.

To say that one who willfully punishes a child that has not attained to the age of responsibility a fiend should excite the resentment of Satan himself.

To call such a one a coward is to compliment him. To say that he is a tyrant is to flatter him.

Unsparring condemnation has always been the verdict of humanity for those who would commit offenses against weak and helpless grown people. But more especially is this true of crimes and offenses against little children.

And more cruel, more inexcusable and demonish than all is one who punishes his own child to an extreme that constitutes cruelty.

A child CANNOT deserve CRUEL treatment, no matter what its offense.

Until a child has arrived at an age of at least some responsibility he is incapable of committing an offense.

And failure to go to the defense of a child is as reprehensible as would be to attack upon him.

One feels constrained to believe that theimps of darkness themselves would slam the door of the bottomless pit in the face of one who is guilty of cruelty to a little helpless, innocent child. It can hardly be imagined that the prince of darkness himself would tolerate such a one in his dominions.—Ex.

HARMONY—

We are glad to report the little daughter of Mr. and Mrs. Buford Hobbs getting well, the burns on the face, hands and legs were not so bad as was thought at first, there are no burned places on its body.

Rev. Jesse Young the Methodist pastor held a meeting, night services only, last week closing last Sunday. Mr. and Mrs. C. A. Wilhite visited Mr. and Mrs. H. F. Maner in Lubbock last Sunday. Mrs. Maner is Mrs. Wilhites' sister.

Miss Anna Lou Hobbs now has a diploma from a beauty course, which she completed in Lubbock, and will soon establish a shop of her own we understand.

The drought continues in our community and farmers are wishing for

rain, but most of the land is listed. The weather forecaster for the Dallas News gave it out last week that we will have a wet summer.

Attention Brownfield School Patrons

Are you familiar with Brownfield's Public School System? It's aim and aspirations?

The West Ward P.-T. A. will sponsor a program on Tuesday, May 3rd, at 8 p. m., at the High School Auditorium. The subject "Our Public Schools" is to be treated in panel discussed by Supt. M. L. H. Baze; member of the School Board, W. R. McDuffie, Sec; of the Chamber of Commerce, J. E. Shelton and Judge R. A. Simms.

The public is urged to be present. Miss Ruby Nell Smith, daughter of Mr. and Mrs. J. S. Smith, who is taking journalism at Tech, was a pleasant caller at the Herald office, Saturday.

CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Terry County, Greeting:

HEREIN FAIL NOT, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Brownfield, Texas this 18 day of April A. D. 1938. ELDORA A. WHITE, Clerk, District Court, Terry County. 40c

SHERIFF SALE

THE STATE OF TEXAS, COUNTY OF TERRY:

WHEREAS, on the 11th day of September, A. D. 1930, the State of Texas recovered a judgement in the District Court of Terry County, Texas, against Paul M. Ivy for the sum of \$14.00 Dollars with interest thereon at the rate of 6 per cent per annum from the 11th day of September, A. D. 1930, until paid, and the further sum of \$28.71 costs of suit; and

WHEREAS, said judgement decree described the foreclosure of the lien created, established and continued on the lands, lots and property hereinafter described, by reason of the levy and assessment of taxes and of the delinquency therein, the said taxes remaining unpaid and due to the State of Texas and the County of Terry, and as the same lien then existed and at any time theretofore existed by reason of such levy and delinquency and at the dates and for the years 1922, 1923, 1924, 1927,

and 1928, and against the property so described and set forth as follows, to-wit:

Lot No. 9, Block No. 23 of the Santa Fe Addition to the town of Brownfield, Terry County, Texas; and

WHEREAS, on the 27th day of October, A. D. 1930 the then duly elected and qualified Sheriff of Terry County, Texas, levied upon the above described land as the property of the defendant, Paul M. Ivy, and afterwards advertised the same for sale at the courthouse door of Terry County, Texas, such sale to be held, and the same was held, on the 2nd day of December, A. D. 1930, being the first Tuesday of said month, and

WHEREAS, on the 2nd day of December, A. D. 1930, being the hours of ten o'clock A. M., and four o'clock P. M., at the courthouse door of said county, in pursuance to the order of sale and said advertisement, sold said property at public outcry to the highest bidder, and there being no bidder for such land the same was bid off to the State for the amount of said judgement, interest and costs adjudged against said property, to-wit: The sum of \$42.78 Dollars and said State being the highest and best bidder for same; and

WHEREAS, the said property has not been redeemed within the time prescribed by law.

NOW, THEREFORE, notice is hereby given that by virtue of the authority vested in me by law, on the 3rd day of May A. D. 1938, being the first Tuesday of said month, between the hours of ten o'clock A. M., and four o'clock P. M., on said day at the courthouse door of said county, I will offer for sale as under execution, in behalf of the State of Texas, and sell at public outcry to the highest bidder for cash, all the right, title and interest of the said State of Texas in and to said property.

DATED at Brownfield, Texas, this 13th day of April A. D. 1938.

C. D. GORE, Sheriff of Terry County, Texas.

By S. C. WHITE, Deputy. 38c

SHERIFF SALE

THE STATE OF TEXAS, COUNTY OF TERRY:

CITY ORDINANCE

NO. 1162. AN ORDINANCE PROVIDING FOR THE CHARACTER OF ELECTRICAL INSTALLATION AND SERVICE REQUIRING PERMITS TO BE APPLIED FOR AND TAKEN OUT BEFORE ANY ELECTRICAL INSTALLATIONS HAVE BEEN MADE AND FIXING THE FEE FOR SUCH PERMITS...

1. In order to insure the payment of fees and charges herein fixed and in order that all electrical work covered by this Ordinance shall be made to comply with the requirements of this Ordinance...

2. When the fees herein required is paid, and when the provisions of all Ordinances of the City relating to licenses and deposits are complied with and the applicant has executed a bond in favor of the City for \$500.00...

3. After certificate on all work has been issued by the inspector the deposits herein required shall be returned.

4. In the installation of the electrical wiring, fixtures and apparatus, the rules and requirements of the National Board of Fire Underwriters in force at the time the work is done...

5. MINOR REPAIRS: If fixtures are changed and replaced with other fixtures and no change in the size of wire is made no permit shall be necessary.

6. If any part of electrical equipment in or about any building within the City is found to have been installed in violation of the provisions of this ordinance...

7. ALL ENTRANCE WIRES must be in conduit with entrance conduit and cover where wires enter, and an approved safety switch box.

8. KNOB AND TUBE WIRING: Electricians must install an approved outlet box at each plastered outlet for new work. Except surface switches and surface work...

9. FRAME BUILDING: No structure whose walls are wholly or in part constructed of wood, stucco or iron clad shall be hereafter be built or moved into the fire limits...

10. GAS CONNECTIONS: All gas connections for heating purposes or lights must be made with pipe or flexible rubber tubing and equipped with valves for the purpose of cutting off the gas.

11. BUILDING PERMITS: No building, wall structure or part thereof or additions to buildings within the City of Brownfield, shall be erected, added to or removed...

12. LOCATION OF METER: Each meter and switch shall be installed in convenient location on an open porch, or in some other accessible place where said meter and switch may be read and tested...

13. No telephone or telegraph or bell wires or other signal wires shall run so as to come in contact with, or nearer than five inches to light or power wire, unless such light or power wire, is protected by porcelain tubes, flexible tubing or metal armor or conduit.

14. It shall be unlawful for any person, firm, incorporation, as principal, agent, servant or employee, for himself or itself or for another firm incorporation, to install, alter, add to, connect with, or change any inside electrical wiring, fixture, appliance, apparatus, machinery, equipment work after receiving notice from the inspector to cease using or furnishing such current until the defects in such work have been repaired and a certificate issued thereunder; or to hinder, impede or interfere with the inspector, or his authorized deputy, in the discharge of his duties...

15. Any person, firm or corporation violating any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor and shall be fined not less than One Dollar and not more than \$100.00.

16. The following fees shall be collected by the City Secretary in advance, to-wit: A license fee of \$10.00 which license fee shall be for one year.

17. For issuing a permit to install a motor for power, 50c. For issuing a permit for buildings \$1.00.

18. For inspecting, wiring or fixtures on new work. On outlets 1 to 5 20c each. All over five outlets Ten Cents each. Switches being considered as outlets.

19. For fixtures the charge are per socket and will be one half the rate of outlets.

20. For inspecting electric signs with 20 sockets or less 5c for each socket over 20 sockets 3c each.

21. For inspecting one horse power motor or less 50c; motor 1 to 8 horse power \$1.00; over 8 horse power, \$2.50.

22. For inspecting each motor-generator 2.50.

23. Permit for erecting a electric sign 50c.

24. Inspecting each motion picture outfit \$2.50.

25. The fact that there is no ordinance of the City of Brownfield requiring a permit for the installation of electric wiring and fixtures and inspection of same or the resultant danger of fire caused by faulty installation, creates an emergency and public necessity that all rules be suspended, and the same are hereby suspended, and this Ordinance be enacted at the meeting of its introduction, and first reading, and it is so ordered.

26. The above Ordinance passed by an unanimous vote, and approved this 27 day of April, 1933, and shall be in full force after passage and publication.

ATTEST: CLYDE C. COLEMAN, Mayor of City of Brownfield. ROY M. HEROD, City Secretary.

CITY ORDINANCE NO. 311. BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BROWNFIELD:

1. That Ordinance Numbered Three Hundred Eleven (311) be amended and the same, together with all past amendments thereto, shall be as follows:

2. FIRE LIMITS: The following shall be and are hereby declared to be the fire limits of the City of Brownfield: Blocks Numbered 24, 23, 22, 21, all of 35, 33, 52, 51, 50, 36, all in the original Town of Brownfield, Terry County, Texas.

3. INCUMBUSTABLE CONSTRUCTION REQUIRED WITHIN THE FIRE LIMITS: Every building erected, altered or enlarged within the fire limits of the City shall be constructed wholly out of stone, well burned brick, tile, or tile and brick, or reinforced concrete and the roof shall be constructed and covered with incombustible material and have a fire wall above the roof not less than 2 feet in height. All wooden iron clad and stucco buildings are prohibited in the fire limits.

4. FRAME BUILDING: No structure whose walls are wholly or in part constructed of wood, stucco or iron clad shall be hereafter be built or moved into the fire limits as herein designated, or that may hereinafter be designated and established except as follows:

(a) Temporary one story buildings used by builders during construction, to be moved immediately upon completion of the building.

(b) Any existing frame, stucco or iron clad building, now situated within the fire limits, which may hereinafter be damaged by fire, decay or otherwise to an amount greater than one half its then value exclusive of the foundation shall not be repaired or rebuilt, but the same shall be torn down and removed.

5. GAS CONNECTIONS: All gas connections for heating purposes or lights must be made with pipe or flexible rubber tubing and equipped with valves for the purpose of cutting off the gas.

6. BUILDING PERMITS: No building, wall structure or part thereof or additions to buildings within the City of Brownfield, shall be erected, added to or removed, until a plan of the proposed construction addition or other improvements, alterations or repairs shall be made, until a plan of the proposed work and the material to be used shall have been submitted to the City Secretary, who shall, if in accordance with the provisions of this Ordinance issue a permit for the proposed construction, addition or repair.

7. LOCATION OF RESIDENTS: No private residence shall be built within the City Limits closer than 25 feet from the front property line the lot upon which it is erected; nor closer than five feet to the nearest property line on the side thereof. No building shall be built closer than 10 feet to another building on the same property and there must be at least 5 foot clearance of buildings on adjacent property to prevent the danger of fire. All residences, the cost of construction of which is \$1500.00 or over, the owner thereof shall also, at said time, construct immediately outside of and adjacent to the property line in front of said building, a cement sidewalk not less than four feet wide and the full width of the lot on which located less any drive ways used to enter therein.

8. BUILDING PERMITS shall be issued by the City Secretary upon application therefor upon the payment by the applicant of the following fee:

Buildings of which the construction costs is less than One Thousand Dollars the sum of \$1.00.

Buildings of which the construction costs is from One Thousand Dollars to Two Thousand Five Hundred the sum of \$2.50.

Buildings of which the construction costs is above \$2500.00 the sum of \$5.00.

9. It shall be unlawful for any person, firm or corporation to hereinafter erect, construct, remove, remodel or repair any building or structure within the City limits of the City of Brownfield without first having complied with the provisions of this ordinance, and any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be fined not to exceed One Hundred Dollars.

This Ordinance shall be in full force and effect from and after its passage and publication. Passed this 27th day of April, 1933.

ATTEST: CLYDE C. COLEMAN, Mayor of City of Brownfield. ROY M. HEROD, City Secretary.

CITY ORDINANCE NO. 1163. AN ORDINANCE CREATING AN INSPECTION OF PLUMBING AND DEFINING HIS DUTIES, PROVIDING FOR THE LICENSING OF PLUMBERS AND FIXING THE FEE THEREFOR, PROVIDING FOR PERMITS AND FIXING A FEE THEREFOR, PRESCRIBING THE MATERIAL TO BE USED IN ALL PLUMBING DONE IN THE CITY AND THE MANNER OF ITS INSTALLATION AND INSPECTION BEFORE USE, DECLARING AN EMERGENCY, AND FIXING A PENALTY FOR VIOLATION OF THE ORDINANCE.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BROWNFIELD:

1. The Superintendent of City Utilities of the City of Brownfield is hereby appointed and designated as inspector of plumbing in the City.

2. DUTIES OF INSPECTOR: The inspector of plumbing shall have power, and it shall be his duty, where any building, premises or construction contains any improper or defective plumbing or connections, or where the same has been installed without a permit as provided for by Ordinances of the City, to immediately cut off, or cause to be cut off, the water and sewer connections thereto until such defective plumbing or connection or construction is made to fully comply with the Ordinances of the City of Brownfield, and a certificate of inspection shall have been issued permitting connections.

3. LICENSE: From and after the passage of this Ordinance, all persons, firms or incorporations desiring to engage in the business of plumbing or act as plumber's helpers or assistants, shall before engaging in said business make application to the City Secretary for a license therefor, which said license shall state whether as contractor or helper or assistant, for a Master Plumber a license fee of \$10.00, which license fee shall be for one year.

4. BOND ALL master plumbers, licensed to carry on a plumbing business, shall, before the license herein provided for issues, and before any work is done, make and deliver a bond in the sum of \$1,000.00 to the City of Brownfield, conditioned on the faithful performance of the duties of Master Plumber and all laws and Ordinances relating thereto.

4-a. DUTIES OF PLUMBERS OR ASSISTANTS: All work upon any sanitary sewer or in connection therewith, or work done upon any of the mains, pipes or connections to the water works, shall be done in good and workmanlike manner, and in accordance with the rules and regulations now or hereinafter in existence, including this Ordinance.

5. INDEMNITY: The City of Brownfield shall be fully indemnified and held wholly and harmless from any and all costs, injury or damage on account of any injury or damage done or sustained to any person or property in the prosecution of said work, or as a consequence of the doing of said work, or that may arise out of, or be occasioned by the performance thereof.

6. That said licensee carrying on any such plumbing business shall replace, in a good and workmanlike manner, and restore any portion of any street or alley which may be opened for the purpose of making any connection with any gas, sewer, water pipe or main, and shall refill all such excavations and excavations to good condition for all streets and alleys as before such opening or excavation was made; Provided, that if said openings and excavations is not refilled and restored as herein provided and such work approved by the Inspector, it shall be the duty of such licensee to do so promptly upon notice from the inspector, and failure of said licensee so to do after notice, within three days, said failure shall be reported to the City Council which may thereupon cause the same to be made and charge the expense thereof to the licensee and the findings of the City Council shall be final and conclusive of the costs thereof.

7. If such licensee shall, in any way, injury any sanitary or storm sewer, meter, meter box, or any pipe or any equipment belonging to the City of Brownfield in making any connection or disconnection or do any work whatsoever, or shall fail to make such connections or disconnections in accordance with the rules, regulations or Ordinances of the City, the injury or damage shall be paid by the licensee upon the determination of the City Council of such injury or damage.

8. REVOCATION OF LICENSE: Any license issued hereunder may be revoked by the City Council at any time, upon charges filed by any person or upon its own motion after notice and hearing.

9. LICENSE NOT TRANSFERABLE: Each license and each permit shall be personal to the party named and shall not be transferred, nor the name of the licensee be used either directly or indirectly by any other person for doing plumbing work in the City.

10. Any Plumber, firm or corporation engaged in plumbing work in the City desiring to construct or install any fixtures in any building, or to connect any other which may have been disconnected, shall first obtain a permit therefor from the City Secretary.

11. FEES: The sum of \$1.00 for one fixture, or nothing in for one fixture, and 50c for each additional fixture, shall be paid as a permit and inspection fee for the fixtures proposed to be placed in the work described in the application for permit; which sum or sums shall be paid by the plumber to who the permit is issued at the time of application therefor. By the term FIXTURE as used herein is meant water closet, sink, bath tub, basin, drinking fountain, soda fountain, lavatory, laundry tray, sanitary catch basin, and all other receptacles that may be classed as plumbing fixtures. The permit and inspection fee shall apply to all floor and ceiling drains, connecting with sanitary sewer, septic tanks and sewers, fees to be same as plumbing. A fee of \$1.00 shall be paid for outside closets and connections which covers inspection. Special permits may be issued where fixtures are to be installed which cannot be practically constructed in accordance with all the provisions of this ordinance.

12. FIXTURES AND MATERIAL: All receptacles used for water closets, urinals or otherwise, for the disposal of human excreta, shall be constructed of material impervious to moisture and that will not corrode, hard natural stone, cast iron, white porcelain and enameled on the inside, brass or lead.

13. FLUSHING RIMS: All water closets and pedestal urinals shall be provided with flushing rim constructed so as to flush the entire interior surface of the bowl thereof with water as after in this ordinance provided.

14. OPEN PLUMBING: All plumbing fixtures shall be installed and finished in a neat and workmanlike manner, and shall be finished with a coating of oil or paint and shall be finished with a standard malleable galvanized threaded fittings up to one inch and above two inches may be standard cast iron galvanized threaded fittings.

15. LEAD: Lead pipe used for waste vent or flush pipe must not be of lighter weight than that known to the trade as EXTRA LIGHT.

16. VENTS: Where cast iron soil pipe vents are called for, vents for kitchen sinks, basin and bath tub in private residences in one and two story, may be vented with galvanized steel pipe reamed full pipe size and galvanized malleable iron fittings; size of these vents per single fixture as follows: One and one half inch for kitchen sinks, and one and one quarter inch for bath tub and basin.

17. SEWER PIPE must be of the best grade of vitrified salt glaze tile and all fittings of the same material.

18. CLEAN-OUT: plugs must be brass screws, the body of which may be either cast iron or brass.

19. BRASS FERRULES shall be of good quality of brass compound of a mixture that will fuse readily with plumber's solder, free from sand holes, flaws and other defects, uniform in thickness and at least four and one half inches long.

20. DRUM TAPS shall not be of twelve inches below the ground surface, and where laid in the street or alley, not less than two feet below the ground surface. Water pipes under buildings must be eight inches under the ground to point of raiser and not suspended to timber or exposed to cold air.

21. The service supply to each residence must be properly equipped with drain cocks and stops and if duplex or containing more than one family the stops shall be so constructed that one may be closed without interference with the other; main supplies to any bath room shall not be smaller than three quarter pipe; connection with hot water heaters must not be smaller than half-inch and increased according to capacity and coil.

22. Every building in which a water closet is installed shall have at least one four inch pipe waste and vent stack extending through the roof at least one foot three inches, and for every branch of twenty five feet or more vent for same shall extend full size to vent stack or through the roof. All branches and changes of direction must be made with Y and 1-8 bend. All joints in cast iron pipe must be made with oakum and soft pig lead poured into the hub of pipe and joint caulked until water and air tight. A soil or waste line shall in no case be of less diameter than the trap and fixtures it serves.

23. Cleanouts shall be placed at bottom of each main, and shall be same size as pipe up to four inches. All vent stacks passing through roof must be flushed with sheet lead or copper. Each and every fixture must be re-vented and have water seal trap as close to fixture as possible.

24. Sewer shall not be less than four inches in diameter. All connections at main shall be made with Y and 1-8 bend up to eight inches. Where main is larger than eight inches special permit must be had to connect therewith. Sewers shall be laid in uniform grade with not less than one fourth inch fall to the foot. Tile may be used to within three feet of building with bell holes provided and joint to be caulked with hemp well cemented. Top of pipe to be twelve inches or below grade. Each building shall be served with an individual house sewer from main to house. Sewer shall not be less than two feet deep at the gutter where house sewer runs into the street. If the grade of sewer is such as not to permit a depth of two feet below surface, it shall be laid with extra heavy cast iron pipe with the joint made as herein provided for soil pipe and an extra heavy cast iron increaser must be used where the cast iron pipe receives the sewage to tile sewer or house drain. All joints on lead pipe or between lead and brass pipes must be plumber's wiped joints. Cast iron rust joints shall be made by caulking a gasket of oakum tightly into the hub with cement. All connections between lead and cast iron pipes must be made with extra heavy brass ferrules, wiped into lead pipe, caulked into pipe connecting therewith. Connections on brass pipe and between brass pipe and iron pipes must not be made with slip joint on sewer side of trap.

25. Fixtures with earthenware traps connected directly with soil or waste pipes shall have solid brass floor plates soldered to the lead bend or pipe fastened to the floor, joints shall be made gas tight with asbestos graphite, lead or white lead or other approved substances.

26. TRAPS: Each bath tub shall be provided with a lead four inches by eight inches or larger. Shower baths shall be provided with trap of seal not less than two inches. Inlet and outlet of trap must not be less than two inches in diameter. A shower installed independently of bath shower must be wasted through a double drainage. Trap for lavatory must be extra heavy lead or brass tubing trap with seal not less than one and one half inches in depth and a discharge capacity of one fourth inch pipe. Traps for kitchen sinks must be extra heavy lead or cast brass taps with not less than one and one half inches and a discharge capacity to equal one and one half inch, pipe provided with trap screw and cleanout. Traps for urinals must be cast iron or cast brass traps with seal not less than one and one half inches and a discharge capacity equal to a two inch pipe, provided with lead or trap screw, or so connected as to afford access in case of stoppage. Traps for lavatories, sinks, urinals or extra fixtures which connect with screw pipe must be cast brass. Traps for wash trays shall be drum taps of no smaller dimension than four inches by eight inches. Heavy lead and onbe trap may be used for battery of three trays. Outlet shall not be less than two inches in diameter.

27. Bars and soda fountain waste through a cast iron basin not smaller than 18x18 inches and vented as other fixtures. Waste must be with cast iron traps with at least four inch seal.

28. Waste pipe for kitchen sinks in any hotel, restaurant or boarding house or other public cooking place must be run into grease traps made of cast iron. Two to four sinks to have 18x18 inch waste. Traps and waste sizes to increase with number of sinks and connections to it with cleanout on sewer side of trap. All sinks to have cleanout flush with floor.

29. Waste pipes for dental cuspidors may be connected with drum trap with one and one half inch outlet for one to four cuspidors, two inch outlet for five or more.

30. All traps shall be placed as near the fixture as possible, and in no case shall the trap be more than two feet from waste outlet of fixture; all traps shall have at least one and one half seal. The discharge from any fixture must not pass through more than one trap before reaching house drain; traps placed below the floor shall have a brass trap screw for cleaning, in plain view, flush with floor and must be accessible.

31. Garage and wash rack drains shall discharge into cast iron sand traps provided with removable receptacle to remove mud, etc. Traps to be not less than 20 inches in diameter and 30 inches deep and to be provided with four inch waste and be re-vented.

32. Floor, cellar and area drains may discharge into catch basins which must have a water seal trap of deep pattern. Catch basins of cast iron not less than 18x18 inches with cast iron cover. Cellar and area drains where connected directly to house lines must be protected by back pressure valves and be re-vented. Catch basins shall be considered as fixtures and shall be installed accordingly.

33. WASTE FROM ACID SINKS: Where there is a discharge of industrial waste with high acid contents the drainage shall be through a pipe of acid resisting metal, if placed on the outside of the building, such pipe may be vitrified earthenware pipe, with caulked and cement joints, and be properly trapped before entering

the sewer or drain. In no case shall corrosive liquids or other spent acids liable to destroy or injury drain, sewer, soil or waste pipes discharge into them without being thoroughly diluted or neutralized by passing through properly constructed trapped dilution or neutralized catch basin, such catch basin to be automatically with sufficient intake of water or neutralizing medium or substance so as to make its contents non-injurious before being discharged.

34. PROHIBITED MATERIALS AND CONNECTIONS: No material shall be used or connections made other than herein specified.

35. STEAM BOILERS: All persons are prohibited from connecting pipes whereby high pressure steam boilers may be supplied with water direct from City mains; all such boilers shall be provided with a tank, or other receptacle of sufficient capacity to hold at least six hours supply of water in case a pipe district being shut off for repair mains, fire hydrants or make connections or examinations; and the City will not be responsible for lack of water for steam boilers for any purpose.

36. RIGHTS TO CONDEMN: The plumbing inspector shall have the power, and it shall be his duty, to condemn any work heretofore or hereinafter installed, when, in his opinion, such work is unsanitary, and dangerous to the health of the community.

37. HOT WATER HEATERS: No person, firm or incorporation shall install or connect a hot water heater for heating water by the use of gas, natural or artificial, unless the same be provided with a metal hood and properly vented according to the size of the heater opening. Vent pipes concealed in walls must be covered with asbestos or run through tile to prevent danger of fire.

38. PENALTY: Any person violating, or caused to be violated, any term or provision of this Ordinance shall be guilty of a misdemeanor and upon conviction, shall be punished by a fine of not less than One Dollar nor more than One Hundred Dollars; and in addition thereto the City Council may declare the license of any such person forfeited and may revoke the same.

39. This Ordinance does not repeal or in any manner effect the provisions of Ordinance No. 1160, passed and adopted August 9, 1937.

40. EMERGENCY CLAUSES: The fact that a great deal of the plumbing now in use and being installed in the city is unsanitary and dangerous to the health of the people residing therein, creates an emergency and public necessity that the same be passed as an emergency measure and the rules are suspended and this Ordinance enacted and passed and approved on this 27th day of April, 1933, and the same shall be in full force and effect after the publication thereof as by law provided.

Passed by unanimous vote of the City Council and ordered published.

ATTEST: CLYDE C. COLEMAN, Mayor of City of Brownfield. ROY M. HEROD, City Secretary. R. L. GRAVES, City Attorney.

YUQUI ADOPTING MODERN DRESS

LUBBOCK, Texas, April 25.—Gadual adoption of civilization's products by Yuqui Indians of Sonora, Mexico, proved to be the most distinctive "find" of Texas Technological College's third Yuqui expedition which returned here this week.

Dr. William Curry Holden, head professor of history and anthropology at Tech and leader of the expedition, explained upon his return that many of the Indian women and children have begun wearing modern slippers besides discarding many of the petticoats they customarily use. Also several of the Yuqui men have abandoned traditional sandals for modern oxfords. However, the use of sandals is still predominant.

The expedition set up headquarters at Torin, Sonora, where for five days it observed "La Fiesta de Gloria" Easter festival of the Yuqui Indians. Motion pictures as well as still photographs were made of the ceremonies. These pictures will serve as complimentary material for the Yuqui studies begun by the first Tech group in 1934.

Members of the party included Dr. Holden; Dr. C. J. Wagner, chief of surgical staff at West Texas Hospital, Lubbock; Dr. G. C. Turner, Lubbock dentist; Dr. J. C. Anderson, Lubbock optometrist; Winston Reeves, college instructor in news photography; Reeves Henly, editor-elect of the Torinford, college newspaper; and Winford Baze and Lewis Jones, Tech letter men, cooks and drivers of the expedition supply truck.

Another expedition to the Yuqui territory which is located approximately 70 miles southeast of Guaymas, Sonora, will probably be made within the next three or four years, Dr. Holden said.

Notice to Bidders

Bids will be received and opened by Terry county at the Court House at Brownfield, Texas, until 10 o'clock a. m., on May 14th 1933, for the purchase of One Full Type Diesel Tractor of Approximately 60 Horse Power, said tractor to weight approximately 21000 pounds, and a used Caterpillar 60 Tractor to be taken as part payment, and notice is given that warrants will be issued in the maximum sum of \$4000.00, payable serially, last maturity not later than May 15, 1942, bearing interest at the rate of 5 per cent per annum, interest payable semi-annually.

The right is reserved to reject all bids.

R. A. SIMMS, County Judge, Terry County, Texas.

DOES ADVERTISING PAY?

Open the pages of the Albany News this week and look at the big fat ads coming from all over the country. Now—these people don't give a continental about the old home town paper; they don't give a darn for grand old Shackles county, but they've got some-thing to sell—and by a proven test, the Albany News is one of the best advertising medium in this whole country—so they found the Albany News, and for years they've been patronizing the News in the pattern of salesmanship. Now it's not guess work with them—they check up on every ad they send out to find out whether it pays to advertise in the Albany News or not—and to that end, our foreign advertising has increased with the years.

Now look over the pages of the News and look at the nice big ads—not little shillblasters—but 40 and 50 inches—and these ads bring the bacon home.

Well, I can't hardly keep from cussing—here's the home merchant and here's the medium right at his front door. He can step out and call on them anytime, and it'll get results, but the foreign advertiser is way up yonder, he don't give a darn for the Albany News or the editor, but he wants to sell goods, hence he buys space in the News.—Dick McCarty in Albany News.

Mrs. Bill Lyle and sons, Billie and Don, were brief visitors in Brownfield, Wed. afternoon. They paid the Herald a short call.

Yes, sir, that home butter Bandy Produce sent us mixed with "Loosanna" syrup and hot biscuits mighty well. Thanks!

Try our Want Ads for results

In addition to gathering material on the Easter festival, the expedition continued studies of health and customs of the Yuquis. Three Lubbock physicians, members of the party, worked among the Indians, giving them the benefit of modern medicine besides studying the general conditions.

Members of the party included Dr. Holden; Dr. C. J. Wagner, chief of surgical staff at West Texas Hospital, Lubbock; Dr. G. C. Turner, Lubbock dentist; Dr. J. C. Anderson, Lubbock optometrist; Winston Reeves, college instructor in news photography; Reeves Henly, editor-elect of the Torinford, college newspaper; and Winford Baze and Lewis Jones, Tech letter men, cooks and drivers of the expedition supply truck.

FORRESTER

Slim Chavis, Arnold Baldwin and Billie Zachary all went to Plainview to the dairy show, Wednesday. They report some mighty fine stock there. W. J. Baldwin who has been on the sick list is some improved but not feeling any too good yet. Elmer Edwards and Arnold Baldwin went to town to the show Thursday night. A. R. Baldwin and D. F. Mathis took some fat hogs to market Thursday. Mr. and Mrs. Cecil Warren are the proud parents of a six pound girl which arrived to stay with them, Tuesday the 19th. At the shower of Mrs. Cecil Warren on Wednesday there were several there, and lots of useful gifts. Well, we are having some cloudy, threatening weather, but no moisture to speak of at this time. Mr. O. M. Edwards of the Hunter community has gone to Hot Springs for treatment. He will be gone about two weeks. G. E. Zachary of near Anson was up one day last week, returning home the next day. Billie Zachary went down to Jones county one day last week has not returned yet. Mr. and Mrs. D. F. Mathis was over Sunday to see Mrs. Mathis' father, W. J. Baldwin, who is on the sick list.

GOMEZ

Mrs. Ray Dry was the charming hostess to the South Side Club on Friday, April 22. The regular meeting had been postponed for two weeks on account of sand storms. Hand work and machine work featured the afternoons entertainment. Mrs. Bartlett won the prize for solving a word of jumbled letters. A lovely surprise package was presented each guest with the request to knot open until reaching home. The gift packages were found to contain the hostess's own handiwork. A dainty plate of sandwiches, cake and iced punch were served to the eight members and six visitors. Mr. and Mrs. Garland Fore left Tuesday for Dallas where they will place their little son for treatment. On Wednesday of last week Mrs. Isaac Lloyd celebrated the 83rd milestone in her life with a grand birthday celebration which began in the morning with the arrival of relatives and friends. The crowd began arriving about 10 o'clock and continued up into the afternoon. At noon a covered dish dinner was served and songs and reminiscences featured the afternoon's diversion. The many beautiful and useful gifts presented the honoree, lovingly known as "Grandmother," showed the high esteem in which she is held by the entire community. Thirty-five guests called during the day or sent their regards with gifts. Mrs. J. A. Brizbee has been on the sick list. Mr. and Mrs. Lee Walker and family attended the Panhandle Plains Dairy Show at Plainview last Friday. Mrs. J. J. Whitley and daughter, Mrs. Jack Parnell of Santa Anna, Calif., visited relatives in Lubbock on Thursday of last week. On last Thursday evening Miss Nora Grigg was the charming hostess to "The Live and Learn Leaders Club." The business session was followed by interesting parlor games. Delicious refreshments of tuna sandwiches, cookies and iced tea were served to the twelve members present. Mr. Lawrence Whitley is recovering from a nail wound in his foot sustained while at work with his poultry. Several from this community attended the rabbit drive near Meadow last Friday. Mr. George McLeroy was a guest last week in the Kellie Sears home. The Missionary-Explorer, John Yates of the Malay States held his audiences spell-bound when he lectured at the School Assembly, Wednesday morning on "Jungle Terror." He exhibited trophies peculiar to the life of man-eating Savages who live in the Mystic Isles. Mrs. R. A. Whitley spent the week end with relatives in Abilene. Several from this community attended church services at Happy Sunday afternoon. Miss Beatrice Daugherty returned Sunday from the Quemado Valley where she visited several days with relatives. Mrs. Gola Irvin and son, Royce, visited relatives in Stonewall county during the week end. Mrs. Mary McMullan and children visited relatives in the Johnson community Sunday. Mr. and Mrs. A. A. Harkins Jr. and children were Sunday afternoon guests in the M. L. Kinley home. Mr. and Mrs. Bob Whitney and daughter of Brownfield and Miss Dora Mae Carter, Ida Mae and Billie Jean Harkins were Sunday afternoon guests in the L. H. King home. Dan Lawson of Fort Worth, representing the Color Print Co., was a visitor here Monday. First Plows of Tree Branches The first farm plows were made of crooked tree branches and worked by man power.

PLAINS

Miss Ora Anderson, Mrs. H. H. Heath, Mrs. Bettie Criswell, Mrs. J. H. Morris and Mrs. F. M. Cox attended the dairy show in Plainview, Tuesday and Wednesday of last week. Mr. and Mrs. J. H. Lynn were called to Guthrie, Sunday, by illness of Mrs. Lynn's mother. They were accompanied by Mrs. Sallie Forrester and son and Miss Winnie McLaren. Mrs. E. J. Cobb and daughter returned to their home at Tatum, after spending a week with her parents, Mr. and Mrs. L. D. Camp. Mr. and Mrs. L. D. Camp and Walter Anderson were shopping in Lubbock, Tuesday. Mrs. Addie Frazier of King county is here visiting her sister, Mrs. J. H. Lynn. Mr. and Mrs. William Calahan, Mr. and Mrs. W. K. Calahan and Mrs. W. H. Hague attended the show in Brownfield, Saturday night. Mrs. Ralph McClellan and Miss Wilma Martin visited in Portales, N. M., last Sunday. Joe Ellison was on the sick list last week. Mr. and Mrs. Bob McDonnell are having a new house built in the southeast part of town. Mr. Warner Hayhurst and Lorene Albright visited in Oklahoma over the week end.

DUMAS

Mr. and Mrs. Roy Elmore spent Sunday afternoon with her parents, Mr. and Mrs. J. B. Bryant. This community was greatly shocked Thursday night at the sudden death of Jessie Bryant. Doctors reported it spinal meningitis. The community joins the bereaved ones with sympathy. Mr. and Mrs. Dock Johnson spent Sunday with Mr. and Mrs. J. W. Elmore. Mr. and Mrs. Earnest Wright are visiting Mr. and Mrs. W. H. Schulz at Wellman this week. Mr. and Mrs. Elmer Batteas and children are visiting Mr. and Mrs. Geo. A. Wright this week. Mr. and Mrs. Horace Jones and children, Mr. and Mrs. H. W. Schulz spent awhile Thursday evening with Mr. and Mrs. Geo. A. Wright. Mr. and Mrs. Smith of Hobart, Oklahoma are moving to the place that Tom Pruitt vacated. We welcome these people to our community. Mr. and Mrs. Jack Louder of Lubbock passed through Brownfield en route to Big Spring on a short business trip. The Woodman Circle will meet in regular session Friday night at the Woodman Hall.

CLUB CAFE BEING REMODELED

Messrs. Gene West and Joe Patterson, owners and proprietors of the Club Cafe are remodeling their kitchen and have installed a fine new stove. The Club is one of the most modern and up-to-date eating house in Brownfield and noted for its delicious steaks and chops.

HOCKLEY COUNTY SINGING CONVENTION MEETS

According to Geo. D. Denton, President of the Hockley County Singing Convention, they will meet next Sunday, May 1, in Levelland. All Terry countians are invited and they promise this will be one of their best.

CAR SALES REPORTED BY TEAGUE MOTOR CO.

J. W. Nelson, Lubbock, 2-door Plymouth. Norman Hyman, city, 2-door Plymouth. W. E. Childers, Seagraves, 2-door Plymouth. F. A. Jordan, Seminole, 2-door Plymouth.

The Club Cafe, one of the most popular in the city, reports their business still holding up well. This cafe never closes, and especially popular with those who are up late at night.

Bob Locker, who for the past few years has been in and out of the city, was here this week.

RAILROADS BOOST TEXAS BUSINESS

Texas benefited substantially from the expenditures of the railroads in 1937 for materials, supplies, fuel, new equipment and payrolls, it is revealed in a special study which has just been completed by the Bureau of Railway Economics of the Association of American Railroads.

Railway purchases in Texas last year totaled \$23,074,728, the report shows. Of this sum, \$23,070,759 was spent for materials, supplies and fuel, while \$3,969 went for new equipment (not including that built in company shops). These purchases were made in 603 towns and cities located in 10 of the 254 counties of the state.

Wages paid to railway employes in Texas during 1937 amounted to \$79,286,059.

The review discloses that, for the nation as a whole, the railroads last year paid \$1,133,361,468 for the more than 70,000 different items which they use. Materials, supplies and fuel cost \$966,383,000 and expenditures for all new equipment (except that constructed in railway shops) totaled \$166,978,468. More than 12,000 towns and cities located in 2,638 of the 3,072 counties of the United States derived direct benefits from

DOES YOUR RADIO NEED REPAIR?—If so, phone me at 48 or see me at Knights Hardware Store. Clyde M. Dallas.

this large volume of railroad buying. In 1937, the country's rail carriers also distributed \$1,983,990,485 in wages to their employes, the report says.

Sales in Texas Better Than Other Sections

AUSTIN, Texas, April 25.—Retail sales in Texas continue to make a far better showing than in the Nation as a whole, according to the Bureau of Business Research of The University of Texas. Aggregate sales, as measured in dollars, during March of a representative group of department stores, dry goods, and apparel stores, men's and women's specialty stores were only slightly below those of the corresponding month last year and

exceeded those of February by almost the normal seasonal amount, the report said.

Reports from 106 retail establishments showed total dollar sales during March of only 2.4 per cent below those of the like month last year, while the increase over February was 21.6 per cent. The fact that Easter came in March last year whereas this year it came in April lends further optimism to the current showing.

CLOE JOHNSON CASE WILL BE CONDUCTED

District Attorney Truett Smith is in district court in Lamesa this week. He reports that the Mrs. Cloe Johnson murder case, transferred to Lamesa from Garza county, will probably be continued on account of the absence of witnesses.

Mr. Smith further states that the grand jury has already returned 24 indictments at Lamesa, ten of them charging cattle theft against two men.—Tahoka News.

Cleve (Texas) Holden and Cleve (Arkansas) Holden, and the later's wife and daughter, Miss Divien, were down last week visiting in the Stricklin home. The Texas Holden is a brother, and the other a cousin of Mrs. Stricklin.

Messrs. J. A. and Joe Roberts Jr., and wives, Coahoma, were up the past week end visiting their sister and aunt, Mrs. Jack Stricklin, Sr., before she left for California.

NOBODY'S BUSINESS

By Julian Capers, Jr.

AUSTIN — Democratic voters of Texas, with the openings of both major candidates for Governor behind them, this week were studying platforms and opening addresses of Bill McCraw and Ernest Thompson, while the boys who pull the political wires were working 18 hours a day in both camps, angling for the support that will put their men in a runoff contest next July.

The McCraw opening at Arlington,

birthplace of the Attorney General, was all that the McCraw managers expected. Utilizing every ballyhoo trick in the bag, the competent staff of McCraw press agents assembled a crowd that packed a city block on Arlington's square, including 1800 who rode a free special train from Dallas. McCraw outlined his platform in a carefully prepared, serious address which pleased his crowd, and the thousands who listened on the radio.

Platforms Parallel

Meanwhile, the political experts were analyzing the McCraw and Thompson platforms, and finding that the Attorney General tracked the trail blazed by Thompson about 90 per cent of the way. The differences between them will constitute the main issues of the campaign. McCraw advocated ratification by the State of the Federal Child Labor amendment. Thompson opposed it, and urged a State law to regulate child labor. McCraw declared for higher taxes, if they are needed, from "corporate interests," specifically mentioning natural resources pipelines and public utilities. Thompson would seek additional revenue, if needed, from a luxury tax and nat-

ural resources, urging lower utility rates through state regulation, instead of increased state taxation to hike rates to consumers. Both pledged economy, no new taxes, opposition to a sales tax. Thompson favored a tax on luxuries, if needed, while McCraw called a luxury tax the same as a sales tax.

McCraw made rather broad claims for the credit for abolishing hot oil, lowering gas rates, developing the oil industry, defeating Federal Oil Control, and other achievements in which both the Railroad Commission and the Attorney General's office have participated. There is likely to develop some pretty lively differences of opinion as to who brought about these blessings, as the campaign progresses.

Draft Ferguson Movements

Like the proverbial nine-lived cat, the third term talk for Mrs. Ferguson refuses to die, even in the face of Jim's announced refusal to enter the two-time woman governor again. In San Antonio, this week will see a mass meeting, headed by "liberals" who resent interference by Rangers with San Antonio's traditional "wide open" gambling and sale of liquor by the drink, with the announced intention of drafting Ma as a candidate. T. H. McGregor, shrewdest political mind in the Ferguson camp, was to deliver the principal speech.

Tom Hunter, the Wichita Falls veteran, jolted the McCraw enthusiasts considerably, when he dropped his hat into the ring for a third ef-

fort at the governorship, as forecast last week in this column. Hunter got around 239,000 votes last time against Jimmie Allred, and the best guessers here think he will poll a substantial vote again. He classified Thompson and McCraw as being political blood brothers, and figuratively beat the Hunter breast in agony over the State's unhappy situation. He will miss Boyd Gatewood, veteran pulicist, who wrote the clever gags that enlivened Hunter's last campaign, Gatewood having died of a sudden heart attack on the eve of Hunter's announcement.

Montgomery Landed

To Julian Montgomery, State Highway engineer, went the plaudits of good roads enthusiasts gathered in Austin for the Texas Good Roads' association's annual meet. During six months service, Montgomery—who stepped into an admittedly very hard job as successor to capable Gig Gilchrist—has not only carried forward the road building activity of the state without pause, but has advanced the planning program materially, so that when Federal funds for the 1939 program become available June 30, Texas will be far out in advance of most States with a carefully planned and engineered program to begin putting highway coin in circulation, relieving unemployment and improving roads, immediately.

The good roads folks made a highly popular choice, too, when they elected Lowry Martin, civic-minded and popular publisher of the Corsi-

cana Sun, president. Another popular publisher, Joe Leonard of the Gainesville Register, was made a vice president.

Gas Rate Suit Ends

Ending a bitter legal fight that has paraded through courts in Dallas and Travis counties, representative of the Railroad Commission and the Lone Star Gas Co. reached an agreement here under which the Commission's employees will be permitted to examine the books and records of the gas company in El Paso and other cities, pending decision of the appellate courts, of the Commission's right to assume original jurisdiction in gas rate matters involving incorporated towns and cities. The gas company first sought an injunction preventing the Commission from exercising such jurisdiction; then the Commission sought to enjoin the company from interference with it in exercising such jurisdiction. The ultimate outcome of the matter may affect the regulation of gas rates in many Texas towns and cities.

SEMINOLE PLANS FOR NEW SCHOOL BUILDING

An election has been called for the Seminole Common Consolidated school district April 30, for the purpose of voting \$75,000 bonds to build a new school building for Seminole. W. C. Hendrick, consulting engineer of Fort Worth was here Monday and met with the school board to discuss plans for the new building. The Seminole consolidated school district, containing 750 square miles, is the largest district of its kind in the United States. Eight school buses serve the territory. The overcrowded conditions in the school this year, the school officials state, demand that additional school room be provided.—Seminole Sentinel.

SOFTEN WATER AND SAVE

Andy Stricklin of the Terry County Herald at Brownfield says it cost the people of Brownfield \$2,628.00 extra and above what it should for soap, due to the fact that the city water is hard, and that the cost of softening it would be nothing like that figure.

Something especially interesting to Littlefield, too, however, in the clos-

ing paragraph, in regard to softening the water which says:

"Perhaps such a step would stop stain on the teeth of local children so prevalent here, and which chemists say is caused by chemicals in our drinking water. If city officials are interested, they can get in touch with Mr. Isbell at Jacksboro, Texas."—Littlefield News.

AN EDITOR'S PRAYER

Blessed are the merchant's who advertise, for they have faith in their business and their prosperity shall increase many fold.

Blessed is the woman who sends in a written account of a party or a wedding, for she shall see the details and names of her guests correctly reported.

Blessed are those who do not expect the editor to know every thing but who will whenever an interesting event occurs in which they are interested report it, for they shall have a better newspaper in their town.

Blessed are they who get their copy in early for they shall occupy a warm space in the editor's heart.

Blessed are they who co-operate with the editor in his efforts in behalf of the community, for their town shall be known to all men, far and wide as a good place in which to live and do business.

Blessed are those who do not think they could run the paper better than the editor runs it—Yes thrice blessed are they because there are so few of them in the community.—Muleshoe Journal.

HAVE AN APPLE

If a lawyer as an ordinary individual offered you an apple he would say, "Do have an apple," or something similar. But if he were requested to put this in writing, the chances are he would turn in something like this:

"I hereby give and convey to you all and singular my state and interest, right, title, claim and advantage of and in said apple, together with all its rind, juice, pulp and pips and all rights and advantages therein, with full power to bite, chew, cut and otherwise to eat the same, or give the same away, kith or without the rind, juice, pulp or pips, anything herein-

after of in any other means of whatsoever nature or kind whatsoever to the contrary in any wise notwithstanding.—Bell Telephone News.

Jess Morton, 46, of Lamesa, was killed last Sunday morning in a highway collision with a Midland car. Mrs. Norton, as well as people in the Midland car were hurt.

R. E. Cleveland was over Wednesday. Asked about new oil wells, he said Yoakumites didn't pay much more attention to a new oil well now than they did an off color cow.

Joe Bailey and family of Lubbock were down the past week end visiting relatives, and attending to business. Joe, former employee of the Herald but now with the Avalanche-Journal, was a pleasant caller at the Herald office.

Teacher: "Why don't you study to become a pharmacist?"

Country Boy: "Don't have to. I was raised on the farm."

Teacher: "William, give me an example of returning good for evil."

William: "We shouldn't try to kill time just because we know that time is going to kill us."

Isn't this the real problem of Beer —and almost its only problem?

THERE ARE people, of course, who steadfastly and sincerely believe beer to be intoxicating, or its use sinful, harmful, or a first step toward use of "hard liquor."

Just as sincerely we hold that the weight of the evidence is overwhelmingly against them...that beer is a mild, wholesome food beverage...and that "there is nothing more promising to combat the evil of too much alcohol than the opportunity of drinking good beer."

No...it is not in beer itself, we believe, that its gravest problem lies, but in those conditions, undesirable to us all, which sometimes surround its sale.

How should that problem be handled... by brewers, by retailers, by consumers, and by the public authorities? On its handling, we believe, depends the ultimate success or failure of the art and science of brewing, with all its manifold contributions to human pleasure and happiness and to the farm and industrial welfare of this country.

In that belief, a short time ago the Brewers Foundation was organized... to align the brewing industry with forces working for the public good in this country.

Our underlying motive... to perpetuate and promote our industry... is of course obvious. But equally obvious, we hope, is the fact that our interests coincide with the public interest.

Important progress has been made. Brewer-members of the Foundation... already represent nearly half the production of beer and ale in the United States; and these members are

pledged, individually and collectively, to the Brewers Code, one significant clause of which is as follows:

"We pledge our support to the duly constituted authorities for the elimination of anti-social conditions wherever they may surround the sale of beer to the consumer."

Being practical men, we promise no miracles. We cannot immediately or effectively "police" the quarter-million points where beer is sold (nor, to be fair, have we legal authority in many cases to do so). Nor can we, immediately, bring about full compliance with the law among all retailers, nor honest enforcement by all authorities.

But a beginning has been made...and we do promise that you will see results from it.

How far we can go, and how soon, depends very much on ourselves...but partly also on you.

Public opinion, once aroused, can operate to bring about honest enforcement of existing laws. Restriction of your patronage only to legal, respectable retail outlets can and will operate to raise retailing standards. Public preference for the products of Foundation members* will bear witness of your approval both to members and to cooperating retailers, and will encourage them to renewed efforts.

This is, therefore, at once a statement of our objectives and an appeal for your support, without which we must fall short of our high hopes. We urgently invite your full and sympathetic cooperation.

AROUND THE CLOCK
by e. g. d.

The Chamber of Commerce is cooperating with the Postal Department and will supply air-mail envelopes to those who wish to send letters during Air-Mail week (May 15 to 21) and help make the National Air-Mail week a big one.

The cleverest advertising scheme for Brownfield is being made possible and has been agreed upon by local officials.

The Brownfield "cachets" show the trade territory together with the statistics showing the growth and giving the proofs that Brownfield is the fastest growing LITTLE CITY in West Texas.

It is the desire of the post-office department to have every person in this community to send at least ONE letter during the National Air-Mail Week.

Three more weeks of school — and the old saying "it will be a task for life to fulfill its promise to you" will be passed on to the season's graduates—the occasion always old and always new.

Old Zog, zoggled along in a rut for 42 years until he found an American maid to share his Albanian throne with him — wonder if all these powers on the thrones and powers behind the thrones will help any towards "World Peace."

The importance of homes is emphasized in the following lines:

Dirty little finger marks
Imprinted on the door,
Funny charcoal stickmen
Upon the bath-room floor,
Fuzzy-wuzzy teddy-bears
That sit in every nook,
Berry jam and bread crumbs
In Mother Goose's book;
Watson needs no spy-glass
To look about for clues,
For here's a pair of rompers
And there's a pair of shoes;
Our lonely house is bright now
With happiness and joy
And any Sherlock Holmes would know
We've got a little boy.

There is a movement on foot to provide city mail delivery service—the only thing intervening is the lack of necessary sidewalks and numbering of the streets and houses.

Mrs. Stricklin Leaves For California Visit

Mrs. Stricklin Sr., who has had two spells of flu since February, and seemed not to overcome the later attack satisfactorily, was advised by her physician to seek a lower altitude for awhile. She was carried to Lubbock, Sunday afternoon to visit with her friend, Mrs. Bill Lyle and rest until Monday afternoon, when she left by Santa Fe for Long Beach.

Mrs. Stricklin has a sister at Long Beach, a brother in Los Angeles, and her mother and three other sisters live at Redlands and San Bernardino. She will visit and rest some six weeks before returning home.

THE METHODIST CHURCH

All usual services will be conducted at the church Sunday. Let us hope the steady growth in the Sunday school will continue. A good and steady increase is always better than a boom, and is more easily conserved. There is a good class for every person, young or old. A meeting is being planned for an early date. Watch for announcements.

Visitors and strangers are always welcomed. Bring your friends to this friendly church. The door is not only always open with the latch-string on it, but there is someone to welcome you and your friends at all the services.

A "Mother and Daughter" program followed by a lovely Banquet was enjoyed by a nice crowd of young people who comprise the Y. W. A., an organization of the Baptist church. The affair was held at the Baptist church, Tuesday night at 8 p. m. Hostesses for the evening were Misses Addie Stewart and Johnnie May Jenkins.

Mrs. Money Price accompanied by Mrs. M. E. Jacobson, Mrs. John Cadenhead of Meadow, and Miss Mary Jo Luna of Plains left Tuesday morning for Childress to attend the district convention of Women's clubs. They will return Thursday.

Last Monday afternoon the ball game played for the benefit of the School and Woodman Circle resulted in the following score: West Ward Teachers 23; Woodman Circle 20. The school band played in the usual pleasing way.

W. M. S. NOTES OF THE BAPTIST CHURCH

A general business meeting in which all the circles participated, met at the church last Monday with an attendance of fourteen.

Next Monday the various circles will meet in the usual manner with the following ladies as hostesses: Annie Long Circle, Mother Green, Lottie Moon Circle, Mrs. A. M. McBurnett.

Lockett Circle, Mrs. Rudolph Moorhead.

Reagan Circle, Mrs. C. A. White. Excitement flushed little Jimmie's countenance as he pointed his fork at the wiggly little worm in his salad and said: "Oh, Mother, I've found a vitamin."

W. M. S. ACTIVITIES

Methodist W. M. S. met at the church Monday at 3:00 p. m. After a short business session Mrs. Arnett gave a most interesting report of the meeting of the Annual Women's Missionary Conference which met in Snyder, April 21, 22 and 23.

Mrs. Downing told about her visit to the Missionary activities in Hot Spring, N. M. She had the pleasure of meeting one of our Missionaries from China, and told of many interesting things she had related.

After these reports Mrs. Webber led the lesson from "The Radiant Heart." She was assisted by Mrs. Glynn Harris and Mrs. Chaney.

Those present were, Mesdames Carpenter, Gillham, Thompson, Jesse Cox, J. F. Cox, Toome, Williams, Harris, Breedlove, Arnett, Webber, Longbrake, Downing, Chaney, Thomason, Singletary, Howard and Linville.

BAPTIST CHURCH

There is a definite effort being put forth to secure the money necessary to begin the work on the Baptist church building. It is desired that those who have promised to give on the building would pay up their amounts by Sunday, May 1st. Those who haven't given yet are urged to make their offering now. The business friends who are interested in the progress of the church life of the community should have a worthy part in the building.

There was a large audience at all the services Sunday. Let there be a marked increase Sunday.

Sunday School, 9:45; Preaching, 11:00 and 8:30; B. T. U., 7:00; Mid-week Service, 7:45; Monday Night Young People's Service, 7:30; Friday Night Choir Practice, 8:00.

Attend any or all of these services. —Avery Rogers

CHRISTIAN CHURCH

A splendid attendance last Sunday and evening, which was very encouraging. We invite all of you to be back next Sunday.

Sunday School, 10 a. m., W. B. Stinson, Supt.

Worship and Sermon, 11 a. m., Text, 1. Peter 1:4.

Evening Sermon, 8 p. m., subject, Higher Ideals.

Christian fellowship is a great part of our services.

D. H. Beebe, Pastor

TOM THUMB WEDDING

The Tiny Tot Theatre, under the direction of Mrs. Merton Bell, was presented in its initial appearance last evening, at 8:00 o'clock, in the high school auditorium. The outstanding feature of the program was THE TOM THUMB WEDDING, in which all of the parts were played by juvenile characters. It was a most delightful reproduction of the adult ceremony and was both amusing and entertaining. Each tiny actor and actress portrayed his part with the greatest of ease, providing a clever take-off on the modern weddings.

In addition to the wedding, there were other playlets and dialogues, climaxed with Tom Thumb's First Wedding Anniversary. More than 20 children participated in the program.

The casts of the various selections included: Cynthia Tankersley, Donald Wayne Address, Scharlyn Daniell, Jackie Jacobson, Morgan Copeland, Jr., Dolores Gillham, Frances Jane Wier, Nancy Wier, Aurelia Ann Cobb, Joy Sue Stell, James Clinton Rambo, Larry Rambo, Robert Lee Rigdon, Helen Crockett, Ramona Pittman, Faye Louise Greenwood, Tom Adams, Marion Wingerd, Thelma Joyce Boucher, Robert Bruce Knight, and Odell Quante.

Miss Viola Brown played the accompaniment for the wedding.

Mrs. M. B. Sawyer have returned from a visit with their daughter, Mrs. Raymond Barrier and family in San Antonio. While there another daughter, Mrs. Tillman Stitt and little daughter, Elizabeth came from Brownsville to visit her parents and sister for several days.

CHURCH OF CHRIST

Sunday School 10:00 a. m.
Preaching 10:50 a. m.
Preaching 8:00 p. m.
Ladies Bible Class, Tues. 10:00 a. m.
Bible Study, Wednesday 8:00 p. m.
The public is cordially invited to attend these services.

MAIDS AND MATRONS CLUB

ON Tuesday the Maids and Matrons Study club were guests at the home of Mrs. Roy Wingerd, and an unusually interesting program was enjoyed by thirteen members, including Mesdames Redford Smith, Lee Brownfield, J. L. Randal, David Perry, John Turner, Frank Wier, E. C. Davis, Jim Graves, Money Price, Jim Teague and Misses Olga Fitzgerald, Gertrude Rasco.

Roll call was responded to with scenes from Texas History suitable for pageantry. "Texas Our Texas" was sung in unison by club, after which the following program was presented.

Odd Texas—Some unknown facts about our State—Mrs. Garrett Daugherty.

Texas Prose Writers—Mrs. Roy Wingerd.

Selections from Texas Poets—Mrs. John R. Turner.

Selected Tales from Coronado's Children—Mrs. Lee Brownfield.

An ice course was served at the close of the program.

MRS. TOM COBB ENTERTAINS

The Silver Tea given in the home of Mrs. Tom Cobb was a very lovely affair socially and added twenty-five dollars to the "Seleta Brownfield Club House Fund."

Mesdames J. E. Moore and Redford Smith presiding at the handsomely appointed Tea Table. The color theme of rose and green was carried out in the dainty refreshments and the beautiful flowers used throughout the entertaining suite.

TRIO OF HOSTESSES ENTERTAIN MUSIC CLUB, TUESDAY

Mrs. L. Nicholson's home was the scene of a most delightful meeting Tuesday afternoon when Mesdames Will Alf Bell, W. H. Dallas and Nicholson were co-hostesses to the Centex Harmony club.

Mrs. M. G. Tarpley was leader of the program. Life and pen pictures of officers of the Music Federation were as follows:

"Our National President," Club discussion.

"Our State President," Miss Fitzgerald.

"Our District Organization," Mrs. Tarpley.

Mrs. Bruce directed three choruses: Bells of St. Mary's; Texas our Texas; Home on the Range.

"Influence of Music Today," Mrs. Wingerd.

Piano, Left hand solo, Mrs. W. H. Dallas.

Club members were served delicious pineapple shortcake and iced tea. Those attending were Mesdames Toome, Murphy, Powell, Bruce, Carter, Herod, Jones, Bell, Smith, Teague, Turner, Tarpley, Wingerd, Dallas, Nicholson; Misses Brown and Fitzgerald.

Mrs. W. H. Adkins of Crystal Falls who has been visiting in California spent last Wednesday night with her sister, Mrs. Chas. Moore and family.

Mrs. W. B. Tudor and Mrs. Morgan Copeland were Lubbock visitors, Tuesday.

LOCAL LADY LOSES BROTHER

Mrs. R. L. Graves, wife of Judge Graves of this city, has the sympathy of the entire community in the loss of her brother, W. Boyd Gatewood, prominent writer and newspaperman at Austin last Friday. Also the death of his wife, Monday, which was attributed partly from shock and partly pneumonia.

Mr. Gatewood graduated from New Mexico Military Institute in 1909, and lived for a short time in Brownfield several years later, but his work started with newspapers belonging to the Hearst Syndicate on the Pacific coast at both Los Angeles and San Francisco. He had also worked for them in Oklahoma City, Chicago, and New York, but for the past few years had made Houston his home and had been engaged as re-write editor for the Post.

He had also been connected with the New Orleans Picayune and Atlanta Georgian, but for the last two years had been a fiction and free lance writer. He directed Tom Hunter's campaign for governor two years ago, and was in Austin Friday to start the management of the campaign of another prominent candidate for governor, when stricken, and died before a doctor could reach him. He was 46 years of age.

Besides Mrs. Graves, sister, he leaves a daughter, Mrs. Louise Wier, and a granddaughter, Louise Gatewood, both of Houston.

Mr. and Mrs. Jim Graves and Warner Hayhurst went to Oklahoma City, Sunday to meet Mrs. Hayhurst and little son who have been at the Mayo Bros. Clinic in Rochester, Minn., the past two months.

Homer Winston and Jack Hart have returned from a fishing trip. They had a whale of a good time and even brought home some fish.

Mrs. Louise Conley of Quanah, Texas, with her daughters, Garland and Joan, have been visiting her sister, Mrs. Joe J. McGowan.

The Lions Club is planning a Summer Round of entertainment including a Rodeo, Carnival and Barbecue, and a Soft Ball Team which is creating a great deal of interest. The Lions Club always puts things over in a big way.

Mr. and Mrs. Charles Randal of Seymour and Miss Mabel Burgess of Graham were guests of Mrs. J. L. Randal on Thursday, San Jacinto holiday.

CHEAP FOOD For the Body is Like CHEAP OIL In Your Car You Will Find Only the Best at the CLUB CAFE

FOUR MEN AND WIVES SAIL TO HUNT GOLD

Eight adventurous young Americans, four men and their wives are at sea today on a modern gold hunting argosy to the Wilds of the Andes in Columbia.

The gold seekers sailed yesterday aboard the auxiliary schooner "Beloit." They will pass through the Panama Canal and land on the Pacific Coast of South America.

The party includes Mr. and Mrs. Malcolm S. Morris, Buffalo, N. Y.; Mr. and Mrs. Vincent N. Silver, Enid, Okla.; Mr. and Mrs. Theodore A. Kibby, Edmond, Okla.; and Mr. and Mrs. Kenneth J. Latimer, Bedford, Va.

These persons will be remembered by many in Brownfield who knew them while they were here last summer as members of the Gulf Research Corp.

Mr. and Mrs. John A. Martin and Mr. and Mrs. Bob Woodward, who have been located near the Bennett field, are being transferred to Beaumont.

NO Noise ... for it has no moving parts in its freezing system

Save with the refrigerator you hear about—but never hear

SHOWER HONORING MRS. AVERY ROGERS

The lovely home of Mrs. W. A. Tittle was thrown open to a host of friends Tuesday afternoon when Mrs. Tittle and Mrs. R. L. Bandy were co-hostesses at a delightful party honoring Mrs. Avery Rogers.

Complimentary to the honor guest, Mrs. Roy Ballard decorated the entertaining suite with beautiful pot plants.

Punch and cookies were served to forty guests.

Miss Sue Stephens visited friends in Brownfield the past week and returned to her home in Plains, Friday.

Mr. and Mrs. W. B. Collins were over from Lamesa last Friday visiting Mr. and Mrs. W. H. Collins and Mr. and Mrs. Wilson Collins.

A series of broadcasts beginning May 1, will be heard over KFYO in Lubbock in which Junior and Senior High School pupils will be presented by their teacher, Mrs. Dallas. The May 1st program will present the following students: Vivian Seale, Clea Garner, M. J. Akers, Donald Seale, high school students; Frances Joyce Rambo, Wanda Joyce Finney, Patsy Frank Ballard and Zelma Swinney, Junior high school students.

Luke Medford has moved to Electra, Texas, where he is employed by Cicero-Smith Lumber Co., of that city. His family will move in a few weeks when school is out.

Kearney Scudday, old-time resident of Brownfield now of Foran was visiting relatives and friends the past week end.

E. G. Alexander Drug Company Inc

THE PRESS SURVIVES

If all the utterances of the prophets of doom could be compiled into a single volume they would provide some delightfully amusing reading. The extreme pessimist, thank God, is usually wrong. The dreadful things he sees ahead rarely happen. The hopeless outlook he presents is usually tinged by his own jaundiced disposition.

We recall particularly right now the forecast uttered years ago by a representative of metropolitan journalism. A dismal future he predicted for newspapers large and small. The radio, he believed, would soon supplant news print and printers ink as

the medium to convey knowledge and information to the general public. That was almost 15 years ago.

What he did not visualize was the fact that people are not likely to close their interest in the printed word. They hear speeches and news comments on the radio but this merely whets their interest for the more detailed and more accurate reports which follow in the press.

It is further to be realized that the printed word alone leaves an accurate record of what has been reported. It can be considered at leisure. It offers no opportunity for a brilliant orator or an excited announcer to convey a distortion in interpretation. The press, we hold, has lost none

of its appeal and influence with changing times. True it may be unable to tell people how to vote. In the heat of a partisan contest over candidates and issues people are disposed to do their own thinking.

But by presenting the facts without fear or favor the press can still exert a profound influence upon the course of public affairs. So long as it adheres to the principles of ethical and honest journalism and keeps abreast of the currents of change in this changing world its place is assured.

We predict that it will go on for years to come and provide its critics with many opportunities to predict its early demise.—Clarendon Leader.

TEXAS SHOULD DO AWAY WITH POLL TAX

There are now only seven states in the United States, seven out of forty-eight that longer have a Poll tax law, and require payment of a tax for what should be the Constitutional right of every man and every woman to cast a Free ballot in a Free country, and Texas is one of those seven, the others being Alabama, Georgia, Mississippi, South Carolina, Tennessee and Virginia.

And the press of three, Alabama, Tennessee and Virginia is receiving support of the citizenry to repeal that law in those states, just as it should be repealed in Texas.

Texas is one of the largest populated states in the Union yet in 1936 we cast but 734,485 ballots, and lack of Poll tax payments or the

REAL RELIEF FOR SORE MUSCLES

For fifty years Ballard's Snow Lintment has been the favorite for easing the muscles made sore by overwork or too much exertion, strains, sprains, and bruises. Get a 30c or 60c bottle and keep it handy. Nelson Pharmacy and other Drug Stores.

SCHOOLS MAY CLOSE if ITCH and IMPETIGO spread among the pupils. Stop ITCH or IMPETIGO CONTAGIOUS SORES at once with BROWN'S LOTION. You can't lose; this liquid-antiseptic is sold and guaranteed by Nelson-Primm Drug Co.

cost of them was undoubtedly the reason. Pennsylvania polled 2,353,798; California with a population about the same as Texas polled 1,766,836 votes, or more than twice as many as were polled in Texas. Thousands of white persons in Texas free born, are practically disfranchised through the Poll Tax law. They either won't or can't pay them—probably more in the former classification than the latter, because the census of white people of voting age in Texas is 2,430,433—and less than a third of them voted in 1936.

Poll Tax is an ancient law, the last one enacted being levied by England in 1869.

As a result of Poll tax, we have a "controlled" election. Proof is easily found in that "Ma" Ferguson carried the state for Governor while polling only 15 per cent of the electorate. It just couldn't happen in a Poll Tax Free state.

Some of our laws—many of them are as obsolete as the dodo is dead—and some of them either need repealing—or embalming.—Amherst Argus

Political Announcement

All county and precinct Democratic candidates are invited to meet in the District Court room at Brownfield in the afternoon of Monday, May 2, at 2 p. m., for the purpose of arranging a schedule of speaking dates for the county.

SPRAY ROSES FREQUENTLY

"I find that there is one simple point in aphid control that is overlooked by a majority of rose growers," says Melvin E. Wyandt, rose specialist of Painesville, Ohio. "It is simply that they should spray often. Now don't misunderstand me. Practically all rose growers know that they must spray with a good insecticide to control aphids, but they do not realize that aphids multiply rapidly."

And effective spray for aphid control is made by mixing one to two teaspoonfuls of nicotine sulphate in a gallon of water and adding a little dissolved laundry soap. Nicotine sulphate is a poison which kills by contact—the method necessary with sucking insects such as aphids—and in addition, being volatile, it gives off fumes which also kill, making it doubly effective.

BULL'S EYE

OLIVIA DeHAVILLAND twangs a mean arrow even if she only has one string to this bow. You'll see her next in Warner's "Gold Is Where You Find It."

AMHERST WOMAN IS MOTHER OF 64-YEAR-OLD TRIPLETS

LEONARD, April 23.—Workers of the Texas old age assistance commission were puzzled when they received the application of Mrs. M. E. Nix, 88, of Amherst, for a pension. On the form on which she applied, she listed the ages of her three children as 64.

The commission thought the entry was a mistake and sent an investiga-

tor for an explanation. Thus it was brought out that she is the mother of triplets who are believed to be among the oldest living triplets in the United States.

The triplets are Mrs. J. J. Aldridge and Mat Nix of Amherst and Mrs. F. N. Rigney of Leonard. They were born September 27, 1873, in Polk county, near Duckworth, Tenn. The attending physician was Dr. John Calhoun Garner, a cousin of Vice President John Garner.

Mr. and Mrs. Nix brought their family to Texas in 1888 and settled in Fannin county and for many years made their home in and near Leonard. Mr. Nix died in 1908 and since then Mrs. Nix has made her home in Amherst.—Lubbock Avalanche.

TECH 3RD ANNUAL FIESTA APRIL 30TH

Over 7,000 High School students, faculties and athletes will be guests at Texas Tech's third annual Fiesta which will be held in Lubbock Saturday night, April 30. The Fiesta will be highlighted by a football game between Texas Tech and Sul Ross Teachers of Apline.

During the afternoon the visiting faculties, students and athletes will be offered an interesting program consisting of a tennis match between Texas Tech and West Texas Teachers college of Canyon; a baseball game between Lubbock and Clovis of the Texas-New Mexico league and a tour through the various buildings on the campus.

One of the most interesting parts of the program will be a demonstration by 800 women physical education students and 700 men members of the physical education department which will be a pre-game attraction. During the half the R. O. T. C. unit of Tech will offer a review and the Texas Tech band will parade and play.

Terse Commentaries on People and Places . . .
 . . . Gentle Iconoclasm with Politics Eschewed

BY DR. JAMES E. POPE
 Special Washington Correspondent

EDITOR'S NOTE—Dr. Pope's opinions are his own, and his articles do not necessarily always reflect the editorial policies of this paper.

HOBNOBBING WITH BANDITS

John Bull, international strategist, and Benito Mussolini, international bandit, celebrate a new Anglo-Italian agreement—and war-scared nations, grasping desperately at any and all straws, hail it as the harbinger of European and world peace. While fervently hoping it will bring peace and security to this harassed earth, we cannot altogether refrain from lifting our brows in polite wonderment. Is J. Bull subtle or glib? So precious a thing as world security could well be purchased at almost any price—provided we get what we bargain for—but can England and the rest of the world be sure of themselves when dealing with such cutthroats and highjackers as Mussolini and his side-kick in crime, Hitler? Would not the terms of any agreement, no matter how binding, give way to their national interests, or, more likely, to personal ambitions. If one or both of these international gangsters ever found it expedient or profitable to ignore even the existence of such a treaty?

And what price does Britain pay for the doubtful privilege of holding to her bosom as a trusted ally, this archfiend and criminal, this murderer and assassin of ignorant and defenseless Negroes—Benito Mussolini? Is England anxious to condone, and in condoning, sanction and approve Italy's slaughter of unarmed Ethiopians? Downing Street, in offering official England's recognition of the high-handed invasion and criminal conquest of helpless Ethiopia by the barbarous Mussolini as just and lawful acts, must be dosing millions of self-respecting English people with bitter pills that are hard, indeed, to swallow.

Our mother country, which is also the mother country of almost half of the civilized world, bargains with a modern Cain—while the blood of Abel cries up from the soil of Abyssinia! And may God help Londoners some dark night—if Benito ever falls into the error of thinking he holds the upper hand!

Officially and unofficially in Washington, the consensus holds that England can do whatever she pleases, and jolly well do it without the loan of our cat for rescuing burning chestnuts—when she gets too many in several fires at one and the wrong time. It is also mentally observed, unofficially of course, that expediency and inventions in low cunning for diabolical diplomacy may be the daughters of necessity—in Europe—but achievement through trickery by tricksters will not survive one moment after it ceases to work advantageously for the crafty tricksters who

tricked it. England may be our mother country—we cannot help that now. Even a mulatto, the child of two human skunks—one white the other black—is ashamed of both his parents. So we, at times, are almost persuaded to renounce or vehemently deny our national parentage. At least, we cannot show very much of enthusiastic pride in our political ancestry while England bargains with assassins.

IT CAN'T HAPPEN TO YOU? HALF OF SYPHILIS CASES INNOCENT

It can't happen to me. The American public's fondest invitation to troubles lies in those five words. It's the same cock-sureness that allows us to think of war's slaughter in terms of other nations blasted. The same ostrich attitude that looks at a smashed automobile and its cargo of mutilated dead—looks and looks away to say: It's horrible! But it can't happen to me.

The public refusal to face facts because they're uncomfortable is the factor that has geysered syphilis in America to its preeminent position of the nation's number one killer.

"Appalling! There are terrible conditions, but they can't apply to me!" But they can. Readily contagious, syphilis today is a disease to which none are immune—not a sin. State health authorities and syphilologists will tell you that the disease is contractable in any one of 20 ways—that its innocent and unconscious acquisitions are legion.

Surgeon General Thomas Parran wrote: "From my own findings I should estimate that half of all syphilis infections have been acquired innocently." It can be incurred from kissing, from a pipe or cigaret, from a recently soiled drinking cup, napkin, handkerchief or bath towel, from borrowed razors and combs.

A family disease, it has spread quietly yet unnecessarily in childbirth from infected parents. And as it has spread, it will continue to do so until the public taxes deliberate action in cutting such transportation short.

SECOND BUDDING OF FRUIT TREES ARE LEAF SHOOTS JONES SAYS

Scientific explanation of fruit authorities is discouraging to farmers who have been watching with interest the second budding of trees, resulting from warm weather's succeeding the recent cold spell.

Don L. Jones, superintendent of the agricultural experiment sub-station

east of Lubbock, said new shoots are leaf, rather than fruit buds, and probably will not be productive. Fruit buds, which precede the leaf blossoms, rarely have a second growth. Jones said trees "set back" by freezes rarely produce fruit that year and that "our only hope for fruit production lies in the late blooming varieties."—Lubbock Avalanche.

Anne Wallace and her All-Girl Band played to a large and appreciative crowd at the Auditorium, Saturday night. Mr. Tankersley is booking the finest music on the market and the Auditorium has gained recognition as being the nicest place to dance in this part of the state.

Bert Elliot was down from Tech to spend the week end with his sister and family, Mrs. Pete Tiernan.

Mrs. W. B. Tudor took her mother, Mrs. S. J. Dixon to Lubbock where she will visit her sister.

Miss Mozelle Treadaway, second grade teacher has been ill the past week and her sister, Mrs. Arnett Bynum has substituted for her.

Two suspects, a man and woman, are being held at Hobbs, N. M., in the Frome murder case.

Religious Rights Stressed at Fair

NEW YORK (Special)—A tribute to the constitutional right of freedom of worship will have a prominent part in the statutory to be placed upon the \$50,000,000 Central Mall of the New York World's Fair 1939. Grover A. Whalen, president of the Fair corporation, announced.

Mall Structures At New York Fair To Break Records

NEW YORK (Special)—Not only will the New York World's Fair 1939 be the largest exposition in history, but it will have the most luxurious Central Mall ever designed, a mile-long walk to cost \$80,000,000. Grover A. Whalen, president of the Fair corporation, announced.

In addition to the Tylon, tallest triangular spire ever raised, and the Pansphere, largest ball ever made by mankind, the Mall will form a setting for the largest portrait statue fashioned since the Egyptians hewed the likeness of Ramses II from rock in the land of the Nile. It will portray George Washington as he arrived for his inauguration exactly 150 years previous to the opening day of the Fair. It will be 65 feet tall and its mass will be more than 500 times that of an average six-foot man.

The tallest sundial ever erected, supported by a life-size tree sculptured by the celebrated Paul Marchon, will actually tell time for Fair visitors, for the numerals denoting the hours of the day will be set in a huge, circular plot where the sundial's shadow will fall from 50 feet above.

More than a million plants and a thousand trees will be used in landscaping the Mall.

Control

CONTROL BOARD AT COSDEN REFINERY

The picture at left shows panel of control instruments for controlling heat, pressure, etc. of the Dubos Cracking Unit.

Most Modern Throughout

In keeping with the Cosden policy of maintaining the highest possible standard in the quality and uniformity of its products, the new modern equipment known in the oil refining industry.

For the past 5 years a constant and consistent program of improvement and enlargement has been followed. Only recently the refinery completed the installation of newest type hot oil charging pumps, which are driven with improved quality of the products.

Another new installation which has proven very satisfactory is the new continuous treating system, which has recently been installed.

And now, Cosden is spending another \$600,000 in addition to further increase the volume and quality of production of **COSDEN HIGHER OCTANE GASOLINE**

Stop at the sign of the **COSDEN TRAFFIC COP**

Octane Rating Machine at Cosden Refinery

THE OCTANE RATING MACHINE (shown above) registers an accurate rating on any gasoline and is constantly used in the Cosden laboratory to keep absolute check on the octane rating of each run of gasoline.
