Mr. and Mrs. Edward S. White Jr. and son, John Claude, visited in the home of Mr. and Mrs. Barton Crozier at Clovis Thanksgiving Day. Mrs. Crozier is Mrs. White's aunt.

Mrs. Leona Holcomb of Tulia spent the weekend visiting in the home of Mr. and Mrs. F. W. Holcomb and daughters, Elaine, Peggy, and Phyllis. She is Holcomb's mother.

UNITED FUND--

In the past each of the above organizations made separate drives. This caused many sore tempers and took a lot of time, both for workers, and the persons called upon. Under the present set up, the United Fund intends to roll all these drives into one community effort and budgeting the money which is collected. Fund officials point out that if there is anyone who wishes to contribute any amount whatsoever to the United Fund they may do so by contacting Allen at the Friona State Bank. Many persons are bound to be overlooked in a drive of this nature and in order not to offend anyone we extend this opportunity for them to contribute to this community effort.

The goal of \$5,000 is budgeted in the following manner:

Boy Scouts	\$1,000
Girl Scouts	825
Red Cross	1,200
Salvation Army	900
USO	150
Heart Cause	75
Cancer	50
Cerebral Palsy	50
Emergency Fund	750
Total	\$5,000

MACK'S TRACKS--

Crawling through a plowed field I gained the cover of a strip of maize. This time I took all the shells out of the gun, cleaned it out and checked it from the stem to the stern--making sure there wouldn't be a slipup again. It worked perfect. The three geese came right for me. One shot was all it took. Down tumbled one of the huge birds. Dead as a hammer, the goose lay just across the fence from me. The only thing to mar this happy moment was a barbed wire electric fence. Yep, you guessed it, in my hurry to get to the goose I got caught in the fence and shocked. But, I had proved something to myself. Thanks to John I had my first goose. Mealtime is when the kids sit down to continue their eating.

CITY COUNCIL--

much smaller scale, however. He wants only six to eight blocks. After some talk, Mayor Fleming suggested: "Let's find out how many people want paving, how much it would cost, and if we can afford it. Then we'll decide on what to do." He requested that property owners in the city (no matter where they live) who are interested in more paving contact the city hall and indicate where and how much they would like to see put in. City Attorney Bill Sheehan was a brief visitor at the meeting, offering advice on what the city's course of action should be on a threatened law suit that is the outgrowth of a police car-local car collision several months ago.

A letter has been received from Oschner and Robinson, Amarillo attorneys, demanding payment of damages to the car driven by Emily Jo Barnett which collided with the city police car July 31 in a heavy rainstorm. The city's car, driven by Police Chief Ben Moorman, met the Barnett auto in an intersection at night with visibility conditions poor. After rehashing the story, the council members decided that the wreck was an "unavoidable accident" and that they would not willingly allow the city to pay for the damages. Whether a suit will be the outgrowth is not known.

The councilmen gave the go-ahead for Christmas decorations in the city, which are behind schedule this year, but which will be put up as rapidly as the materials can be assembled and help organized to get the work done. Mrs. Cayson Jones was named city judge and will preside over corporation court starting the first of next year. She was elected justice of the peace of this precinct in the November election, and so will continue a practice of having the two offices under the jurisdiction of one person. Walter Loveless, incumbent JP, is also on the bench for the city and has been for a number of years. Usually, both courts are held at the city hall.

In minor action, the council talked about use of the city police car in work involving law activity for the county; City Manager Albert Field asked for clarification of the building code; street maintenance was discussed and a mud-removing project was launched; and replacement of a new city secretary was mulled over. Elda Hart, who has worked for the city in that capacity for over 10 years, is resigning to take another position. Field told the council that three applications for the situation have been received at the hall. Most of the city dad's comments on the job vacancy revolved around salaries and how much the city could or could not afford to pay for the work.

Mr. and Mrs. DeWayne Neel and Gerald Neel, all students at WTSC at Canyon spent the Thanksgiving holidays visiting in the home of Mr. and Mrs. Otis Neel at Hub and Mr. and Mrs. Larry Fairchild of Friona. Mr. and Mrs. Rosco Ivie spent the weekend visiting Mrs. Ivie's parents, Mr. and Mrs. G. E. Campbell, and other relatives at Archer City. The Campbells are former Friona residents. The Ivies also visited the Calvin Ivies at Lubbock before returning home. Thursday dinner guests in the home of Mrs. Alta Wyly were Mr. and Mrs. Odell Purdy, Ira, Mevane, and Wynn of Amarillo, and Mr. and Mrs. Elton Wyly, Clyde, Leta, and Paul. Mrs. Purdy is Mrs. Wyly's daughter and Elton is her son.

Lack of Interest In Rat Fight

"Not too many have ordered rat poison," is the opinion of the local chairmen of the county-wide effort to rid this area of rodents Wednesday. To order rat poison in quantity, at cost, through the local rat-killing committee persons are urged to get their orders placed for poison by Saturday. Friday is the deadline for ordering the poison through the local chairmen, who in turn, will turn the orders over to Bill Wooley of Hub, who will order the poison for the entire county. City Manager Albert Field, also local chairman for the

fields, and into towns and homes," pointed out Dr. Paul Spring of the Parmer County Community Hospital last week. In addition, Dr. Spring says that the local rats can carry the dreaded bubonic plague germs plus typhus fever. All this in addition to the rats' ability to ruin millions of dollars worth of valuable farm commodities and household equipment. Local businesses and chair-

If You Believe:

1. That you are a reasonably good farmer or rancher,
2. That you have a reasonably good equity in your business,
3. That you have a plan that will be profitable if you have proper and adequate financing,
4. That you can do your own thinking, farm or ranch management, and business planning,

Then You Should:

1. Discuss your Credit needs with a production credit representative;
2. Finance your operation instead of getting a loan against your Collateral.

Loans to Fit Your Needs:

1. Tailor made operating expense loans.
2. Three to five year term loans for capital items.

Mail Early For Christmas

Postmaster Leo McLellan joins postmasters all over the United States in urging everyone to join the "Mail Early For Christmas" campaign immediately, because there is every indication that the 1958 Christmas season will set an all time high mailing record.

He stated further that now is the time to plan your Christmas card and gift mailings. The first thing suggested was that when cards are all addressed they be checked very carefully so that each address, especially those in the larger cities, includes full name, street and number, city, zone, and state.

McLellan says that in the past local patrons have been very cooperative in the sorting of cards before they are mailed. This expedites delivery and saves time for the postal employees.

It is suggested that everyone stock ample wrapping supplies such as heavy wrapping paper, sturdy corrugated cartons, strong cord, and paper adhesive tape, for use in securely packing and wrapping Christmas gifts. The labels should be securely attached to each package and it is never out of order to include the mailing address and return address on a slip of paper inside the carton.

It must be remembered that you may include your Christmas card or letter inside the package if you add the appropriate First Class mail stamps on the package for the letter inside.

Be sure to use only First Class four cent, or seven cent

Air Mail postage on your Christmas cards. All cards sent by First Class mail may include a personal handwritten message, where as a signature only is authorized on cards that are mailed at the three cent, Third Class rate.

Postmaster McLellan stresses the fact the December 10 is the deadline for mailing Air Mail packages for overseas delivery. He further states that all cards and gifts for most distant points should be mailed first, preferably before this date and that all mail for nearby points should be mailed not later than December 17.

According to latest information released by the post office department, there are over 170,000,000 people in the United States and that means that more Christmas mail than ever before will be handled and that is why the local offices need your help in planning your Christmas mailings well in advance.

Grandfather Buried at Tulia

Funeral services for D. E. Armontrout, 87, a retired Tulia farmer, were held at 2 p.m. Tuesday from Wallace Funeral Chapel in Tulia with Harold McCollum and G. M. Covington, Church of Christ ministers, in charge.

Mr. Armontrout, who died at his home at 1:30 p.m. Sunday, was born January 9, 1871 near Waco. He purchased his first Swisher County land in 1913 and

moved there three years later. He farmed and ranched until his retirement. Survivors are a son, Monroe Armontrout of Tulia; two daughters, Mrs. Mae Ardis of Tulia and Mrs. Viola Nunn of Hereford;

Also 12 grandchildren, including Bill Nunn of Friona, and 29 great grandchildren. Burial was in the Rose Hill Cemetery at Tulia under the direction of Wallace Funeral Home.

ZONE MEET TO BE HELD HERE

An American Legion Zone Meeting will be held at the American Legion Hall here Tuesday, December 9, at 8 p. m. Kal Lovelace of Vega, who is the zone commander, will be a special guest. He will also have charge of the program.

Posts in this zone are Hanson and Pleasant Valley Posts of Amarillo, Canyon, Vega, Hereford, Bovina, and Friona. Loyde A. Brewer, post commander, urges all interested Legionnaires to attend the meeting. Refreshments will be served by the local post.

Jack Fulgham Youth of Month At Petersburg

Jack Fulgham, 17 year old son of Mr. and Mrs. Weldon Fulgham of Route 3, Friona, has been selected "Outstanding Youth of the Month" by the Petersburg Jaycees and Jaycettes.

He is a senior at Petersburg High School, where he has been a member of the band and of the Stage Band organized his sophomore year. He was class favorite and played football and basketball.

In his junior year he was vice-president of the FFA, of which he has been a member since 1955. He was the highest scoring individual at the District FFA meeting and also was a member of the judging team which won second place.

He also received the Lone Star Farmer degree, highest awarded by the State association, during his junior year.

This year he is president of the FFA Chapter and has recently been selected president of the Plainview District, made up of fourteen schools. He was also selected FFA sweetheart and is president of the FFA judging team.

For the past seven years he has been a member of the First Baptist Church, as well as an active member in Sunday School and Training Union, having served as president of both.

He has been a member of the Petersburg Riding Club for three years, and lists horseback riding as his favorite hobby. He is also interested in all phases of agriculture and plans to farm after his graduation next spring.

Asked how young men and women can best serve their community, state, and nation, he replied: "Always use God as your guide."

After Jack graduates in the spring, he plans to join his mother and daddy here. They live about five miles southwest of town.

Mr. and Mrs. Joe Brown and daughters, Shelley, Allison, and Leslie, of Midland spent the Thanksgiving holidays visiting in the homes of Mr. and Mrs. Nelson Welch, Mr. and Mrs. Louis Welch, Mrs. Lucy Welch, and Mr. and Mrs. Steve Struve. Mrs. Brown is the former Melba Welch.

Dinner Party In Buske Home

Mr. and Mrs. G. B. Buske were hosts to a dinner in their home Friday evening. Guests were Mr. and Mrs. Andy Edmonson and Mrs. Marjore Magness and son, Cliff, of Lubbock;

Also Mrs. Mae Magness, Deniese and Jacquelyn, Mr. and Mrs. Charles Baldwin and daughters, Mr. and Mrs. Noyle Wood and children, Mr. and Mrs. Paul Fortenberry and children, Mr. and Mrs. A. L. Black and children, and Sue Baxter.

Girl Scout Notes

Troop 227 met Monday afternoon at the Methodist Church. The leader, Edith Johnson, directed the fifteen girls present in the making of winter bouquets. Names were drawn for the Christmas party. Frieda Floyd served ice cream bars. Janet Rushing, Reporter

Troop 358 had its regular meeting at the Methodist Church Monday afternoon. One new member, Cecelia Saiz, was present. Mrs. Billy Sides was a visitor.

THE BULWARK OF A COMMUNITY IS ITS CHURCHES

A THOUGHT FOR THE WEEK

ARE YOU MISSING THE SAVIOUR?

To be "within the veil" is to understand our heavenly citizenship, to know our holy call to realize that we are no more of the world, and to sit with Him in the heavenlies. Alas, us then, when we are content with anything less than the best.

It is a marvelous fact, however, that though Christ has rent the veil embroidered with cherubim, which curtained off the Holy of Holies, His people make many veils for themselves which screen Him from their eyes.

Some weave the veil of ritualism. Their access to God is through the rites and ceremonies of the church, and their veil is embroidered with emblems of the chalice, the paten, the altar, and all the symbols of ornate and gorgeous ceremonial. They cannot pray except in a church. They cannot feed on Christ except they eat of the consecrated emblems. Ever seeking God, they never really meet Him. Ever hearing about Him, they do not hear the Shepherd's voice calling them by name.

Some weave the veil of doctrine. It is emblazoned with creeds, definitions, and orthodox statements of truth. It is not Christ, but doctrines about Christ, which inspire them with hope. It is the death of Christ, rather than Christ who died; the resurrection rather than the Risen One; the priesthood rather than the Priest.

You may be so taken up with the correctness of your notions about the Saviour, that you miss the Saviour Himself.

Rev. M. Alvin Askins Pastor Pastor, Assembly of God Church

Mr. and Mrs. Coy Hamilton and children from Colorado Springs, Colo., spent the Thanksgiving holidays with her brother-in-law and sister, Mr. and Mrs. J. R. Harris and family.

Gayla Seaton was among group of young people attending a C. A. Convention and banquet in Plainview Thursday.

THIS IS A CAMPSITE?—Thursday afternoon, prior to the snowfall, members of the local scout troop set up a camp in the Running Water Draw south of Friona. Originally intending to spend two nights out in the open the boys were brought back to town—much against their wishes—to spend the holidays “camped out” in the local Scout Hut.

Friona Splits Pair Tuesday at Farwell

Friona's basketball fortunes came out "even" Tuesday night as the Chiefs dropped their game 44-23, while their "sisters," the Squaws, came out on top in their contest by a score of 33-19.

Wayne Rhodes was high point man for the Chiefs in their contest dropping 9 points through the basket. Johnny Lovelace, of Farwell, was high point man in the game with a total of 16 points scored.

In the girls' game Jonnie Hand was top scorer in the contest dropping a total of 16 points through the hoop, followed by Jacquelyn Magness with 9 points. High pointer for the Farwell girls was Routon with 9 points.

Friona's Chiefs and Squaws will enter their first tournament of this year this weekend at Lazbuddie. Games get underway Thursday (today.)

Monday night the 7th and 8th Grade Boys and Girls played Muleshoe with the Mules taking the edge on the four games 3-1.

The 7th Grade Boys won their game and the 8th Grade boys lost. (again books were not available in time to get data on these two games.)

The 7th Grade Girls won their contest with the Mules, downing them 28-17.

Marca Massie was high pointer with 10 points, followed closely by Rose Greeson with 9 for the Friona girls.

Lewis was high pointer for the Mules with 8 points.

The 8th Grade Girls, losing their first game this year in 15 starts, who showed superb sportsmanship in taking the loss --22-17--on the chin.

Sondra Burleson was high pointer for Friona with 7 points with Lewis for the Mules racking up 20 points for the contest.

Two new Agricultural Extension Service Publications, L-408, "An Inside Look at Texas' Agricultural Industry" and L-409, "Farm and Ranch Income Tax Management" are now available at the office of local county agents or from the Agricultural Information Office, College Station, Texas.

PHILA MAY BUSKE

Announcement Tea Fetes Phila May Buske

Mr. and Mrs. G. B. Buske announced the engagement and approaching marriage of their daughter, Phila May, to Philip Weatherly at a tea in the Buske home from 2 to 5 Friday afternoon.

Deann and Lila Gay Buske, sisters of the honoree. Others in the house party were LaVon Fleming, Nancy Outland, Judy Barnett, Linda Gee, Raye Jene Jones, Kitty Black, and Betty Agee, all of Friona, and Wanda Edmonson of Lubbock.

Those in the receiving line were Mrs. G. B. Buske, Mrs. Clyde Weatherly, mother of the bridegroom, the bride elect, Mrs. Florence Buske, and Mrs. L. M. Crow, grandmothers of the bride elect.

About 100 guests signed the register. Miss Buske is a 1958 graduate of Friona High School and has recently completed a course at Jessie Lee's School of Hair Design at Lubbock.

It's a Boy For Maynards

Mr. and Mrs. Jimmy Maynard became parents of a baby boy at the Deaf Smith County Hospital in Hereford at 10:15 a.m. Wednesday of last week.

The All-American Homemaker of Tomorrow will be announced in Minneapolis April 10 at the American Table Dinner in Leamington Hotel's "Hall of States."

The winner in this competition will receive a \$5,000 scholarship. The runner-up will receive a \$4,000 grant, third place winner a \$3,000 award and fourth place winner a \$2,000 scholarship.

Those taking the examination were Mary Ann Stacy, Raye Jene Jones, Mary Tom Spring, Freida Jackson, Luann Hardesty, Robbie Boggess, Janiece Bock, Pat Cranfill, Elaine Holcomb, and Johnnie Tomlin.

Ten Girls Enter Contest

The annual Homemaker of Tomorrow Day was observed by home economics girls in Friona High School Tuesday.

This year they competed for \$106,000 in college scholarships and an educational tour which will include the middle west in addition to historical sites in the east.

Each school Homemaker of Tomorrow will receive a homemaking pin manufactured by Josten's which represents the slogan, "Home is Where The Heart Is."

The All-American Homemaker of Tomorrow will be announced in Minneapolis April 10 at the American Table Dinner in Leamington Hotel's "Hall of States."

The winner in this competition will receive a \$5,000 scholarship. The runner-up will receive a \$4,000 grant, third place winner a \$3,000 award and fourth place winner a \$2,000 scholarship.

Those taking the examination were Mary Ann Stacy, Raye Jene Jones, Mary Tom Spring, Freida Jackson, Luann Hardesty, Robbie Boggess, Janiece Bock, Pat Cranfill, Elaine Holcomb, and Johnnie Tomlin.

College Students Visit Home Folks

Several Frionans who are attending college at various schools in Texas, New Mexico, and Louisiana spent the Thanksgiving holidays with their parents and friends.

Also Lila Gay Buske, Margaret Mabry, Melba Neel, Jan Edelman, Wesley Barnett, Philip Weatherly, Don Reeve, Ardith Rolan, Don Lewis, Bobby Sartain, Jimmy Mabry, Wayland Hinds, DeWayne Neel, Randy Dickson, Weldon Fairchild, Gerald Neel, Donald Loafman, and Graham Prewett.

Frionans Take Exam

Mrs. G. B. Buske and Phila May and Mrs. A. S. Grubbs and Ruby left Wednesday morning for Austin where Phila May and Ruby will take the state board examination for cosmetologists.

A. L. Blacks Fete Guests

Mr. and Mrs. A. L. Black entertained a group of friends in their home with dinner Friday evening. Guests were Mrs. Mae Magness, Deniese and Jacquelyn, Mr. and Mrs. G. B. Buske and family, Mr. and Mrs. Charles Baldwin and family, Mr. and Mrs. Noyle Wood and family, and Sue Baxter all of Friona.

Also Mr. and Mrs. Andy Edmonson and Mrs. Marjore Magness and son, Cliff, of Lubbock.

Naomi Class Has Dinner

Families of the members of the Naomi Class of the First Baptist Church were guests at the annual family Thanksgiving

dinner at the church Monday evening of last week. Special guests were Rev. and Mrs. L. Aston Sartain, Charles McKenzie, and Mr. and Mrs. Charles Baldwin and baby.

Others present were Messrs. and Mesdames George Brock, O. B. Moyer, Bee Westbrook, Clyde Hays, Dewey Price, Truett Pool, Fred Dennis, Casey Jones, Roscoe Parr, T. E. Wood, and Dennis Robards.

Shower Honors December Bride

A surprise lingerie shower in the home of Mrs. Larry Fairchild Friday afternoon honored Phila May Buske, who will become the bride of Philip Weatherly December 27.

Those attending and sending gifts were Doris McFarland, Celia Dee Weatherly, Sue Baxter, Raye Jene Jones, Nancy Outland, Jacquelyn Magness, La Von Fleming, Lila Gay Buske, Linda Gee, Judy Barnett, Mrs. Clyde Weatherly, Mrs. A. S. Grubbs, and Mrs. G. B. Buske.

PARTY HONORS JILL BLACKBURN

Woman's Club Plans Party

At the Wednesday afternoon meeting of the Friona Woman's Club at the Club House, plans were made for a Christmas party.

Those attending are also to bring a wrapped gift for a gift exchange. Price of the gifts is not to exceed \$1.50. It was also decided to send a donation to the Texas Tuberculosis Association at Austin.

Following the business meeting a Thanksgiving program was presented. The quotation used was "O Lord, that lends me life, Lend me a heart replete with thankfulness."

Refreshments of coffee, pumpkin pie, nuts and mints were served by the hostesses, Mrs. V. R. Jordan and Mrs. Mabelle Hartwell, to fifteen members.

A man never adds to his stature by treading on others.

CHRISTMAS TREE SAFETY

DON'T let the tree dry out. Put it in a container filled with water and sand.

DON'T use inflammable ornaments, or leave opened gift wrappings under the tree.

DON'T take chances on frayed wires, loose connections and overloaded circuits.

and remember . . . "lights out" when you retire or go away for the evening.

DO BE SURE you are fully insured to cover current costs in event of fire.

The MOST PRECIOUS GIFT YOU CAN GIVE YOUR FAMILY - IS SECURITY!

When all of the presents have been passed out, when the celebrations and the excitement have all simmered down, give some quiet thought to the year-round protection you are giving your family.

83.5% of the 1958 goal of \$175,000,000.

"Under a recent change in Treasury Regulations, individuals who hold F and H Bonds that mature after September 1, 1958 may invest the proceeds from the maturing bonds in E and H Bonds without regard to annual purchase limits," Spring announced. "This information should be of interest to hundreds of people in this area who hold maturing F and G Bonds," he concluded.

Mr. and Mrs. David Smith and daughter, Sharon Sue, and Mrs. O. C. Rhodes and children, Cleatus, Howard, and Darla visited relatives at Mountain View, Oklahoma, several days last week. They returned to Friona Saturday.

"Three phases of crippling" will be the theme of the 1959 campaign. They include polio, arthritis, and birth defects. A 15-minute film showing how the program will be expanded is available for showing to organizations and groups in the county. The film may be scheduled by appointment. Groups wishing to use it should contact Magness, phone IVanhoe 6-3671 in Farwell.

At the December 16 meeting, campaign supplies for the various communities in the county will be distributed. For this reason, Magness points out that it is "very important that community chairmen and their workers attend the meeting."

Parmer County Hits 95 Percent Of Bond Quota

During the month of October the citizens of Parmer County purchased \$1,611 in Series E and H Savings Bonds.

This announcement was made recently by Frank A. Spring, Chairman of Parmer County's Savings Bonds Committee.

"Sales for the first ten months of this year totaled \$84,665," Chairman Spring reported. "We have now achieved 95.1% of our 1958 goal of \$89,000."

Sales in Texas during the first ten months of 1958 were \$146,136,258 which represents

Elsewhere \$4 Per Yr.

United Fund Of Friona Area

This week the windup of another "drive" is underway in Friona and the surrounding communities.

This drive, formerly known as the Community Chest, has a new name, but still is designed to serve the same purposes--namely helping those organizations which come to aid us when called upon.

In addition to serving the citizens of Friona, this drive will help those people who live around this area when the need arises. Under the new name of The United Fund of Friona Area, this drive is the one drive which incorporates all these worthy organizations into one central fund, and the money which is raised is budgeted out to the several organizations involved.

Included in this United Fund are the Boy Scouts, Girl Scouts, Red Cross, Salvation Army, USO, Heart Cause, Cancer Cause, Cerebral Palsy and Muscular Dystrophy. Another part of the fund is designed for emergency uses in our own area here.

All in all, we think this United Fund will suit the needs of our several communities better than the old way of raising money.

In the past, up until last year, each of the above mentioned organizations put on a drive of their own.

People got sick and tired of being "driven."

But now, the officials of the United Fund hope this one concerted effort will fill this need.

Naturally, there are a few "two percenters."

By this, we mean there are a few national organizations which refuse to take money which is raised through a United Fund campaign.

One of these is the March of Dimes. They have their reasons for this attitude we know, but at the same time, we feel the United Fund is the better way to cause less confusion, and from experience we know it is easier on both the folks conducting the campaign and the ones who are called upon to contribute.

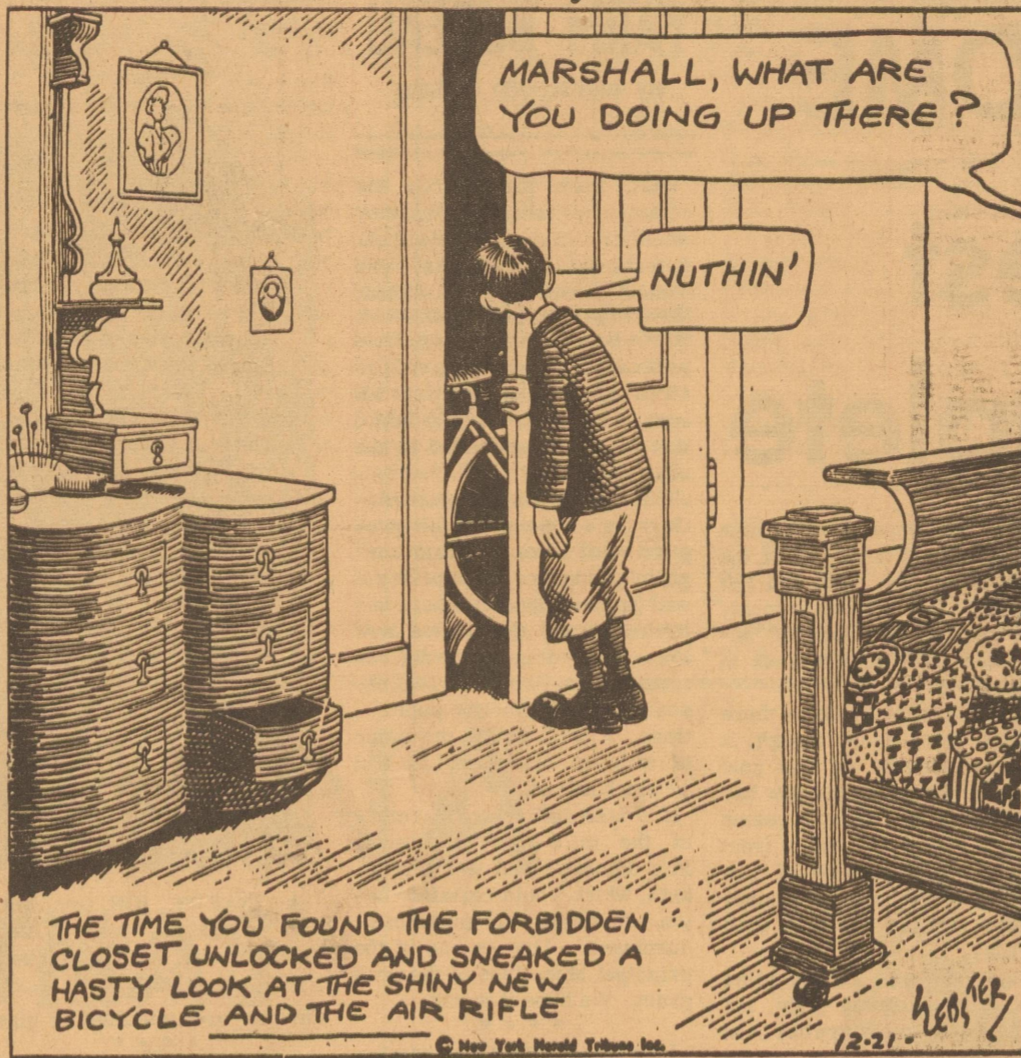

The United Fund is the ONLY COMMUNITY EFFORT to raise money for the charitable organizations of our area.

If other drives are conducted later on--- they will not be a part of the United Fund, but are being conducted on their own.

We hope the good people of our region will recognize this and give what they can afford to the United Fund.

The United Fund is designed for our community, and the bulk of the money raised will stay in our area to help our local folks.

The Thrill That Comes Once in a Lifetime A WEBSTER CLASSIC

IT SEEMS ONLY YESTERDAY

(Taken from the files of the Friona Star, Friday, December 8, 1933.)

WEATHER

The weather for the past week has been bright and mild with no moisture in any form, either rain, hail, or snow. This condition continued until Tuesday morning when the wind changed to the north and blew rather furiously throughout the day, a dry, cold wind.

FRIONA WILL PLAY MULESHOE FRIDAY IN LOCAL GYM

Friona basketball fans will have the opportunity to enjoy another splendid game in the way of a double header at the local gym to-night (Friday), when the Chiefs and Squaws will meet the Muleshoe boys and girls for their first contest of the season.

By this it is not meant the first game for the Chiefs, but the first game against Muleshoe. Muleshoe is reported to have two good teams this season and this game promises to be interesting from the start to finish and the local fans are urged to be present and enjoy it.

TIMES ARE NOT SO BAD

A survey of local prices as pertaining to Friona indicates that times are not so bad as they might be, and, indeed, are not so bad as they have been during the past two or three years.

For instance, butterfat is now bringing 21 cents as compared to 11 cents at various times in the past. Eggs are not so high now as they were a week ago, but 20 cents beats 11 cents quite a bit.

Maize, as a row crop and feed grain, at 58 cents a hundred is much better than 20 cents a year ago, and maize and kaffir and hegar heads at seven dollars a ton is much better than three dollars.

And mill feeds such as bran at \$1.20 and shorts at \$1.40 is not so bad as it was when they were from \$2.00 to \$2.50 a cwt., and you can now get a 50 cent block of salt for 45 cents, and a 100 pound bag of cottonseed meal for \$1.45.

While it is true that food-stuff and clothing has gone up in price, the fact remains that everyone who will work or who wants work here can get it either on the farms or on the PWA and at very liberal wages.

THOSE GOOD APPLES

One day last week we, of the Star office, were most heartily pleased to see our good friend, W. C. Fallwell, enter our sanctum with his arms just literally running over with big red apples, and we were surprised and much more pleased when he began pouring them out onto our desk and saying, "Eat 'em and see how good they are."

see how good they are."

LILLARDS ARE BACK FROM MONTH'S TRIP TO SEVERAL STATES

Mr. and Mrs. L. F. Lillard and their mother, Mrs. G. W. Maurer, recently returned from a tour of nearly four weeks duration during which they traveled four thousand miles, mostly over some of the best roads or highways in America.

Their first main objective was a visit with relatives and former friends of Mrs. Maurer in Asland County Ohio, which they reached via Oklahoma City, Little Rock, Arkansas, and Cincinnati, Ohio, at which latter city they spent two days visiting with Mr. and Mrs. Emil Clemen, who formerly lived near Friona.

Leaving Cincinnati they journeyed to Ashland County, Ohio, which was the former home of Mrs. Maurer, and where they spent two weeks very pleasantly.

On leaving Ashland County they headed homeward, driving to Chicago, where they spent three days seeing the wonderful sights at the Century of Progress, before resuming their homeward journey, which they made by way of Kansas City, Missouri, at which place and vicinity they spent five days visiting relatives and friends, after which they resumed and completed their journey, arriving here safe but tired and well pleased with their vacation.

Mr. Lillard says that during all this long tour the highways were of the best and in A-1 condition with every convenience along the way that one could need or desire, this with one exception, which was that part of their route which lies in Deaf Smith and Parmer Counties.

This portion of Federal Highway 60 and State Highway 33 Mr. Lillard says might be called fair for the days of the horse and wagon. Mr. Lillard says this fact is known from the Atlantic to the Pacific and is considered an "eyesore" by tourists, who take pains to avoid it by as many miles as possible, thus depriving this region of this vast amount of "tourist patronage."

LETTERS TO THE EDITOR

Dear Editor:
Thank you so much for advertising our play in the Friona Star. We feel that you played a great part in making our play a success. We really appreciate it.
The Junior Class

When a bride wonders what's gotten into her husband during their first meal at home, he'd probably like to know, too.

WHAT OTHER PAPERS HAVE TO SAY CLIPPED QUOTES

AROUND TOWN, from The Hereford Brand--

Weather prophets, amateur and expert alike, Tuesday were happily sniffing the air and strongly predicting, or not-predicting snow for Thanksgiving. We don't agree that only fools and new-comers forecast the weather in West Texas. It's a popular past-time and one in which everyone can participate. If you don't guess right, you try to be as quiet as possible, and if you do happen to hit, then

you are entitled to crow all around town. One of our favorite stories about West Texas weather remains the oft-quoted remark by an Arctic explorer who pityingly declared, after checking a thermometer that hovered around 40 below and vainly peering through whirling snow, "Gosh, 'I'll bet it's cold in Amarillo this morning."

DESKIN WELLS, in The Wellington Leader--
Surely this is a joke. Monty

Mitchell was in the office the other day and was talking about a recent cotton conference about grades and prices. Monty said that Secretary Benson said that the farmers ought to quit planting spotted cotton. This reminds me of the time about the late C. L. Geesey was lecturing Jeff Greer on his choice of cottonseed. Mr. Geesey said: "Those certified seed you bought were no good. I have been out inspecting the blooms. Some are pink and others are white."

several Girl Scout troops have made them and the girls do a wonderful job.

Most Bible students are aware of the fact that the number seven comes up more often than any other number as you read either the New Testament or Old Testament. Recently we were looking through a book that was entitled "Pierce's Memorandum & Account Book". It was printed at Buffalo, New York in 1889. Among the many interesting things we ran across was the following:

THE TEN SEVENS
7 years in childhood's sport and play
7 years in school from day to day
7 years at trade or college life
7 years to find and place a wife
7 years to pleasure's follies given
7 years by business hardy driven
7 years for fame, a wild goose chase

7 years for wealth, a bootless way
7 years for hoarding for your heir
7 years in weakness spent, and care
Then die and go you know not where.

Another interesting item was the following poem which advertised Dr. Pierce's Pellets:
The Old & The New
The old-style pills! Who does not know
What agony they caused--what woe?

You walked the floor, you groaned, you sighed,
And felt such awful pain inside.
And the next day you felt so weak,
You didn't want to move or speak.
Now, Pierce's "Pellets" are so mild
They are not dreaded by a child.
They do their work in painless way

And leave no weakness for next day;
Thus proving what is oft confessed,
That gentle means are always best.

The poem was followed by this advertisement, Dr. Pierce's Pellets are unequalled as a Liver Pill. Smallest, cheapest, easiest to take. One tiny, sugar-coated Pellet a dose. 25¢ a vial, by druggists.
When we first began to hear singing commercials a few years ago, we thought advertisers had come up with something new. Now it seems that these little jingles set to music are just a revival of poems used more than fifty years ago.

The late Charles Evans Hughes said, "A man has to live with himself, and he should see to it that he always has good company."

is and around

FRIONA

WITH JUNE

Have you ever heard anything so "contagious" as the Nevada fever? Seems that just about everyone who hasn't been planning to go. It reminds us of the rush to South Dakota a few years ago. Who knows?? If the trend continues, there may be a Friona, Nevada, in the not too far distant future.

In the meantime, Friona, Texas, continues to grow and make improvements. A lot of street cleaning and repairing has been going on lately, the Euler building looks as if it is almost ready for occupancy, the parking area around Ross Terry's Garage in the west part of town is being improved, drive-in banking comes closer to us, and a lot of other improvements are being made around over town. The A. H. Hadleys, who have lived south of town a number of years, have purchased Roy Wilson's house and plan to move into town as soon as painting and re-decorating is completed. Some of the prettiest dried flower arrangements we have ever seen have been made lo-

THE HIGH PLAINS FARM AND HOME

NEWS FROM THE FARM BUREAU

By RAYMOND EULEL

Cotton Harvest 85-90% Complete

There's more to a high Plains cotton harvest than just jerking the lint off the stalk, but that's the first thing that must be done, and--from the farmers' standpoint--about the most important.

This primary phase of mechanized cotton harvesting is from 85 to 90 percent complete in the Parmer County area this week. The weather has straightened up and allowed farmers to do their stripping almost at will since Sunday.

For the gins of the area, there's still plenty of work to be done. On most gin yards, the cotton is piled high in as many trailers as can be gathered up, and crews are running the whining machinery around the clock to get the work done as soon as possible.

Irrigated cotton this year has seldom--if ever--been better. Its quality approaches the all-time standard set in 1956 and the yield is probably slightly more than in that record-breaking season of two years ago.

On top of that, the loan is up, the market good and farmers are very pleased with the way that their No. 1 Money Maker is going this year.

Yields of two bales and over are not unheard of, although they are admittedly not a part of the norm. Usually, the yield is from 1 1/4 to 1 1/2 bales, with a lot of 1 3/4 farmers thrown in to help average things off.

What may or may be prophetic of another rugged winter was the light snow of last Thursday--Thanksgiving Day. The

snow, accompanied by high winds, buzzed down out of the north Thursday night and left a deposit over the entire county area that did not melt off before the first of this week in many spots.

That was not because there was so much snow, though. It was on account of the cold weather. The thermometer had hovered at or below freezing for several days after a front moved in Wednesday of last week, and this streak of nippy weather did not warm up until Tuesday.

Light showers fell in some area spots Saturday night, but on the whole, moisture has been very minor. That goes for the snow, too, which was powdery dry and contributed little in the way of wetness.

Well, corn growers in the commercial area decided they would try raising corn without government restrictions and without penalties, and without the high support guarantee, Farm Bureau has promoted this program for some time, and desired to have it apply to all basic commodities. It is hoped that it can be extended in the near future.

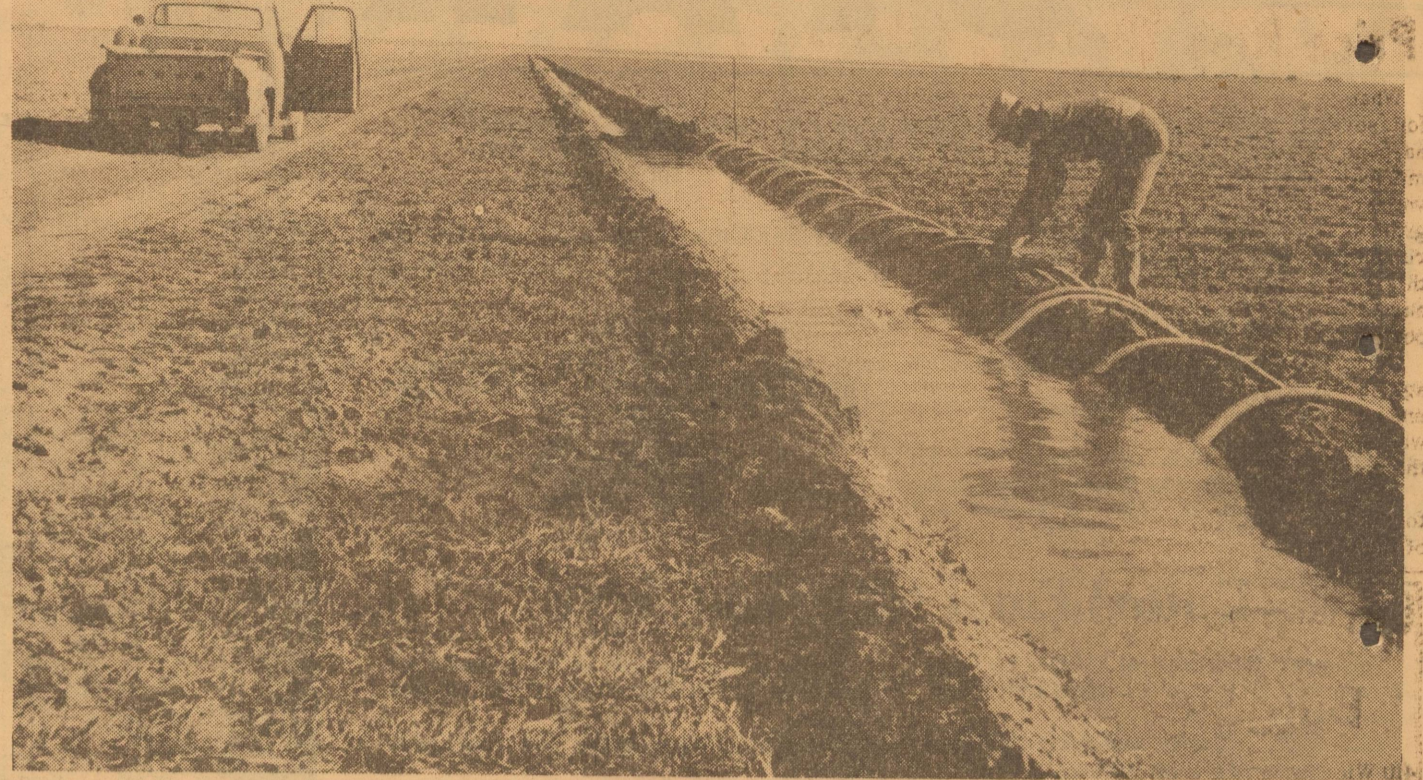

There have been many calculations as to the effect this program will have on grain sorghum producers. Some say it will up the support; others say it will bring them to a new low. According to the figures from Texas Farm Bureau research and promotion publications, it will bring the price of milo to between \$1.90 and \$2 per hundred.

It is also anticipated that more of the milo will go directly into domestic and world markets, which would certainly begin depletion of government surpluses. This is one of the principal objectives of the program. We hope it works.

John Gregg, field representative for the National Cotton Council, met with Parmer County Farm Bureau directors Monday night. He listened to the regular course of the meeting, and then reported upon activities of the Council. He displayed copies of consumer advertising copy that has been used in the past two or three years. He explained that contributions to the Council by farmers was used very little in this advertising program, except to get support of manufacturers and merchandisers of cotton products. We think Mr. Gregg is doing an outstanding job for the producers of cotton in this area.

President Kaltwasser reported to the directors that he and other Farm Bureau presidents had spent a day at the Lubbock cotton classing office, observing methods. He reports that he believes every effort is made, under the circumstances, to give the farmer the benefit of doubt, when there is indecision. But Kaltwasser, and the classers too, believe much more accurate classes will be given when automatic sampling

Automobiles were offered to consumers "completely equipped" for the first time, in 1910. In 1957, makers of automotive parts and accessories increased their advertising in newspapers by 141 per cent over the previous year.

A SNAPPY JOB for this time of year is "making a set" on irrigated wheat. This is Homer Lindeman of the Hub Community, who has about 200 acres of wheat. He ferti-

lized with 100 pounds of anhydrous ammonia. Many farmers are winding up or have finished their first winter waterings.

Cotton Burrs Back Whar They Come From

Cotton burrs are returning to the land on some of the most progressive and up-to-date farms in the Parmer County area. It costs money to return the burrs to the fields, but farmers who figure all the angles consider it an investment--not an expense.

This fall, the Parmer County Soil Conservation District chose James Mabry of the Hub as the outstanding conservation farmer of the year. One of the reasons was for his care of his soil, and one of the practices he's sold on is putting cotton burrs back on the land.

This year, Mabry is applying eight tons of burrs per acre. This is a heavy application, and produces good results. The tilth and permeability of the

soil are improved, as is the water-holding capacity--an important consideration for farmers of this area. Organic matter is aided, too.

Many cotton burrs produced on the High Plains are consigned to the burr pit where they are destroyed by fire. However, in recent years progressive farmers have been converting this by-product of the cotton industry into useful channels.

County 4-H Party Saturday at Hub

Joe Weldon Jones of Bovina presided at a Monday night meeting of the recreation committee of the County 4-H Council in the home of Mr. and Mrs. Bruce Billingsley.

Richard Chitwood led the 4-H pledge and the president turned the meeting over to the recre-

ation leader, Cooper Young, and the group planned the county party to be Saturday at 7:30 p.m., at Hub Community Center.

Boys are to bring 25 cents and girls are to bring four sandwiches and six cookies. All 4-H Club members 12 years old and older are invited to the party and may bring their parents, leaders, and guests. Men will play dominoes.

Present for the planning meeting were Young, Jones, Mary Anne Hardwick, Barbara Rea, Virginia Rea, Judy Billingsley, Chitwood, County Agent Joe Jones, Mrs. Gene Rea, Bruce Billingsley, and Janis, Richard Chitwood, reporter.

When someone speaks of a "conservationist," most people think of the SCS personnel. It's true that their title is "conservationist," but this should be applied to a farmer or rancher as well. Part of the Soil Conservation District objective is that every farmer and rancher become a conservationist.

A conservationist is a man who sees the land. To him, it isn't just a mixture of sand, silt, clay and rock, but rather it is the gift of God to man to be used to produce the food he must have, the fiber for clothes and shelter and the beauties so necessary for the enjoyment of living.

To him, the soil is a living thing. The soil has needs and capabilities as does man or beast. The needs of some soils are few, to produce a hundredfold; others have much greater needs to produce even tenfold.

Since the soil is a living thing, it has a way of telling the good husbandryman just what its needs are. He can read the signs and treat it in keeping with the needs. Again just like a man or beast, some soils are suited for one use, others another.

Just as all men are not of a temperament to be doctors, neither are all soils suited for growing cotton. The conservation farmer or rancher uses the land for the purpose for which it is best suited, and treats it in accordance with its needs.

A conservationist shares his knowledge and findings with his friends and neighbors. He isn't selfish in the use of his knowledge for only his own financial gain, but shares this knowledge because he loves the land and has a desire to see it protected and improved.

A conservationist is aware that no nation can progress beyond the limits of its soil, and that our whole civilization depends on what we do to conserve our remaining land and restore the mined-out fertility.

In 1922, several makes of cars introduced gasoline gauges on their instrument panels. Last year, gasoline and oil advertisers invested over \$30,000,000 in newspaper advertising.

McCormick trailing-type disk plows may be obtained in sizes to match the power of your tractor. These plows will turn furrows as deep as nine inches, from 7 to 10 inches wide. Come in and let us show you one of these plows soon.

Mother: What happened to your water-proof, shock-proof, rust-proof, unbreakable, anti-magnetic watch? Son: I lost it.

The draw bar on the McCormick disk plow is fully adjustable to match plowing width and tractor drawbar height. For the best plow on the market, see the McCormick disk plow.

THE HAPPY HOMEMAKER

By JUNE FLOYD

SOIL CONSERVATION: DISTRICT NEWS

Do you still have left over turkey in the refrigerator or freezer? If so, maybe you would like to try one of the following recipes for combining turkey and rice and making a tasty dish for a noon or evening meal. Of course, left over chicken could be substituted for the turkey in any of these recipes.

- One of the nicest things about these recipes is that they are easy to prepare. Some of the others are that they are low in cost, and suitable for the whole family or guests of any age.
- RICE 'N TURKEY DELISH**
- 3/4 cup milk
 - 1 can condensed cream of mushroom soup
 - 1/8 teaspoon pepper
 - 2 1/2 cups coarsely diced turkey
 - 1 cup seedless grapes or 1/2 cup plumped raisins
 - 3 cups freshly cooked white rice
 - 1/4 cup slivered toasted almonds

Success in life is knowing how to be happy IN SPITE OF...

Combine soup, milk and pepper in a saucepan. Add turkey and grapes or raisins; heat gently just until hot. (A high temperature changes delicate turkey flavor.) Check for seasoning and add more if desired.

Spoon over hot rice on a platter or serving plates. Top with toasted almonds. Serves 4 to 6. To prepare plumped raisins, place raisins in collar or sieve and steam for six or seven minutes.

RICE 'N TURKEY LOAF

- 2/3 cup uncooked white rice
- 1 1/3 cups water
- 1 teaspoon salt
- 3/4 cup milk
- 3 eggs
- 2 1/2 cups finely chopped turkey
- 1/4 cup finely chopped green pepper
- 1/2 cup chopped pimento
- 2 tablespoons minced onion
- 1 1/4 teaspoons salt
- 1/8 teaspoon pepper

Add rice to water and salt in a 2 quart saucepan. Bring to a vigorous boil, turn down heat, cover and simmer 15 minutes. Turn off heat but leave covered for about 10 minutes. Then stir in remaining ingredients and mix thoroughly. Pour into a well greased 1 1/2 quart loaf pan and set in a shallow pan of hot water.

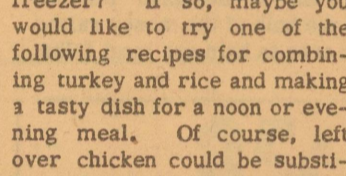

Bake in moderate oven 1 1/2 hours or until a silver knife inserted in center of loaf comes out clean. Remove loaf pan, run knife around inside edge and let loaf stand 10 minutes. Turn loaf out onto a plate, then invert on a platter so browned top of loaf will be up. Serve with a mushroom or celery soup sauce. Makes 8 generous servings.

In a list of household suggestions we read recently this one was included, "When putting window panes in, run a putty over the putty so that it will be pliable enough to work into cracks well." The idea is good, but where in the world would anyone get a hot poker these days? Or, even a poker??

"The Place Where Most People Trade" Friona, Texas Wednesday, December 3, 1958

Mr. and Mrs. Charles Bainum and son, Jimmy, visited with their sons, Wayne and Kenneth, over the holidays. The Bainum boys are in the air force and are stationed at San Antonio. This was the first time Mrs. Bainum had seen her grandson, who belongs to the Kenneth Bainums. She also enjoyed visiting with her granddaughter, who belongs to the Wayne Bainums.

Hard luck dogged the family while the Bainums were gone. Dudley, who lives in Amarillo, came home Sunday to have a cyst on his ear treated, and Mrs. Bainum's father, Mr. Bartlett, got pretty sick Wednesday and had to go to the hospital for a few days. However, things are back to normal now.

McCormick trailing-type disk plows may be obtained in sizes to match the power of your tractor. These plows will turn furrows as deep as nine inches, from 7 to 10 inches wide. Come in and let us show you one of these plows soon.

Mother: What happened to your water-proof, shock-proof, rust-proof, unbreakable, anti-magnetic watch? Son: I lost it.

The draw bar on the McCormick disk plow is fully adjustable to match plowing width and tractor drawbar height. For the best plow on the market, see the McCormick disk plow.

The Bud Elmores thought

they were in pretty bad shape, trying to live in their house while the remodeling was going on, and they were almost through when they had a gas explosion one day last week. Actual damage was slight but smoke and water really did ruin the old and new part of the house and the Elmores are still cleaning house.

It is never safe to ride on old, worn tires. To save time and money, trade your old tires for new finer Goodyears. More people ride on Goodyear tires than on any other kind.

Farm Boy: How do you get a girl to marry you, Rueben? Rueben: Well, if she don't want to, you can't, but if she does, there ain't hardly no way to prevent it.

Mr. and Mrs. Ramon Smith and family attended the funeral of Mr. Smith's mother in Milford on Monday. They returned to Friona Wednesday.

You can do back-breaking jobs sitting down. Equip your new or present Farmall or International tractor with your choice of our complete line of attachments--from loaders to post hole diggers.

Friona's American Legion Auxiliary played Santa Claus a little early this year. They took food to several needy families in town this making it possible for them to have a happy Thanksgiving.

PCICN

One of the cleverest parties we've heard about was given by the Louis Welches Saturday night. On a hall table was a toy donkey pulling a small cart with a banner reading "Nevada or Bust." Bridge tables were oil cloth covered and lights were old time kerosene lamps.

Napkins were huge red and blue bandanas. Lately it has been almost impossible to get enough men folks together to have a bridge game. Most of them are going to or returning from Nevada.

Call us for a demonstration of the clod-buster to pull behind your breaking plow. Saves disking your land, preserves moisture and packs soil. A demonstration on your farm will convince you that you need this clod-buster.

PCICN

Mr. "Goose" Ramey, who talked to the Lions and their ladies Monday night, said most of the wild geese keep returning to his place winter after winter. When asked, "Why?" he replied, "Well, a little food, kindness, love, and age will gentle most anything from geese to women."

PCICN

Newt Gore was in North-west Texas Hospital at Amarillo the first of the week, but is home again and feeling much better. The Gores have sold their farm recently and will soon be moving to Mrs. L. M. Crow's farm south of Friona.

Big Switch In Feed Grain

Price Rise Thought Likely by Bureau

What has been talked about for several years has finally happened. The nation's commercial corn growers have voted to end a government program of long standing that will rub out acreage restrictions on this crop. In return, they will have a smaller government support price.

Controls on corn ended a week ago in the national corn referendum, and the new program was approved by 71 percent of the corn growers voting.

This is very significant news to the grain sorghum growers of the High Plains and the Par-

mer County area in particular. The reason is because grain sorghum has long competed in the same market with corn as a feed grain, and the things that affect one crop affect the other.

With the price of corn decreasing, and the possibility of even greater production raised since controls have ended, it might first appear that grain sorghum growers can take little comfort in this new development.

However, at least one group, Farm Bureau, thinks grain sorghum prices will increase next

year. Their logic has an official ring to it since the government has agreed to support grain sorghum at a ratio commensurate with its feeding value compared to corn (and another minor factor or two).

Estimates now made by the national farm organization indicate that the corn support price for next year, which is a "weighted" average of the price for the past three years but not less than 65 percent of parity, will be between \$1.12 and \$1.15 per bushel.

In that case, grain sorghum will be supported at somewhere

between \$1.90 and \$2 per hundredweight (national average). Support price this year is \$1.83.

Boiled down, the indications are that, Farm Bureau is convinced, that local farmers will get from seven to seventeen cents more a hundredweight for their grain sorghum next year.

That will make lots of area farmers mighty happy if it pans out. It also could have a noticeable effect on the "A & B option" now being offered farmers who can plant 40 percent more cotton than their allotment if they accept a lower price support. The prospect of higher feed grain prices is certain to discourage use of the option.

Barley, oats and rye are also to be supported in relation to their feeding values compared with corn. Thus, all feed grain crops are thrown together for the first time in a reduced emphasis government price support program. Previously, grain sorghums, as a non-basic commodity, has received a fluctuating price support left entirely to the discretion of the secretary of agriculture, while corn, as a "basic," has had price supports set by law.

National average prices for these other feed grains are estimated to be: barley 91 cents, rye 95 cents, and oats 58 cents a bushel.

and pretty soon no program of any kind unless somebody comes up with something that will stop the trend. Farmers Union has the program, it just needs your support.

If you will notice, the same means used in a different way is being used to lower the price of cotton, and consequently later on program at all. This hocus-pocus A & B plan business is only a trap and cotton can only suffer for it.

Some of the Parmer County families who will be present as delegates at the convention Friday and Saturday, Dec. 5 and 6 at Mineral Wells are: Mr. and Mrs. Gene Phillips, Mr. and Mrs. Clark from Lazbuddie; Mr. and Mrs. Leon Smith and Junior Matthews.

Alternate delegates are: J. C. Redwine, Euel Mitchell, James Welch, and Don Schumann.

T. O. Lesly, the Lazbuddie local president, will serve on the state resolutions committee this year. Rouel Barron will be the Parmer County representative on the board of convention directors. Everybody is invited to go to the convention if possible.

Farmers Union Report

Farmers Union convention time is here again. This is a time to which a majority of the Farmers Union members look forward with great anticipation. It is a time when old friends come together and new friends are made. It is a time of cooperation, for this is where state policy is formed, where state resolutions are passed and where Farmers Union gets an overall picture of the agricultural situation throughout the state.

This is where Farmers Union lays its campaign plans in their fight for parity of income for the family farmer in this great state of Texas.

Now is the time if never before when farm people need Farmers Union and vice versa. Our economic security is being threatened on every hand by various bureaus, governmental and otherwise. Farmers Union contends that under the present circumstances, price supports are an absolute necessity and must be maintained at a level affording parity of income with other businesses.

Take a look at the corn situation. All controls were voted down which was exactly what Benson and the Agriculture Dept. wanted to happen. Their plans for this were laid last year when they saw to it that the man who planted corn from fence to fence fared just as well price wise and loan wise as the man who complied with the acreage program.

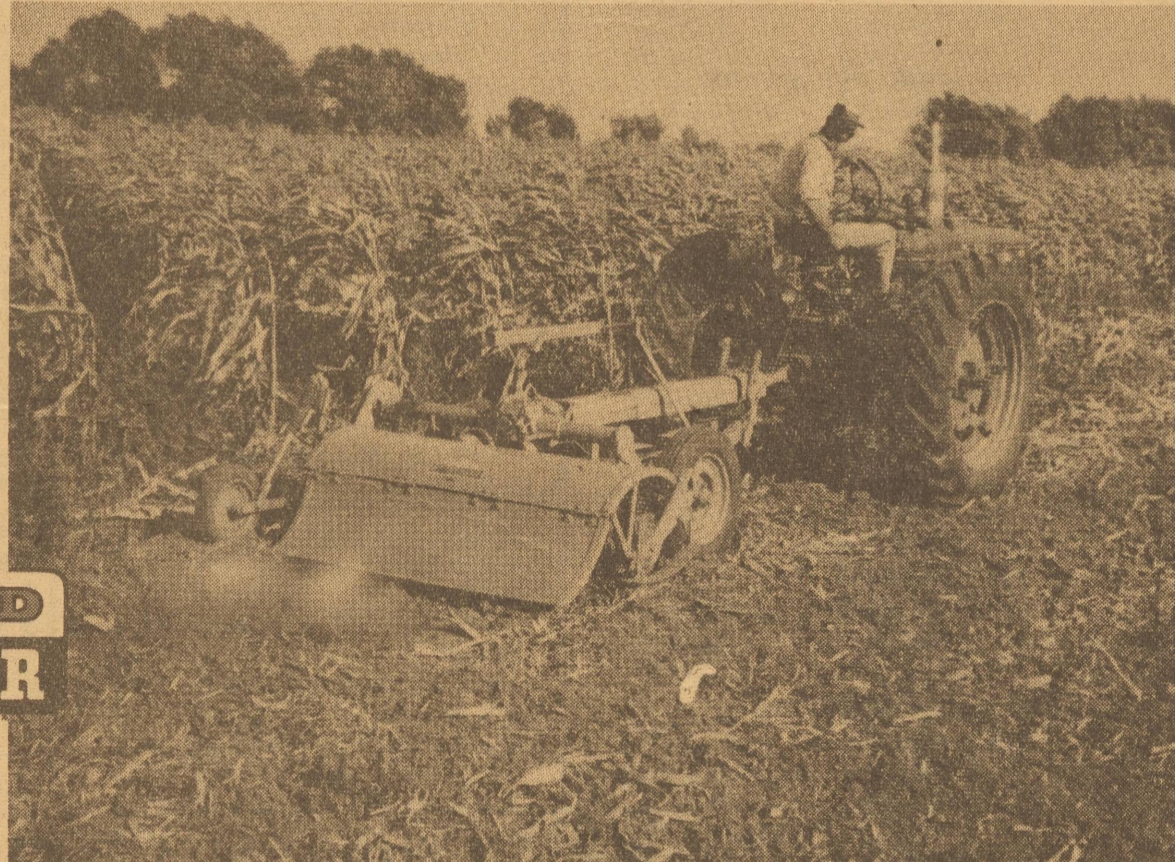

Naturally, under this kind of program, controls were voted off. Now, no corn program

A NEW CONCEPT - ROTOVATION

Here's The Answer To Heavy Stubble!

The Howard Rotovator is a new machine, working on the principle of the garden-sized roto-tillers. It brings all of the roto-tiller advantages to full farm size and makes shredding unnecessary, does a far better mulching job than disking, to end all problems with heavy stalks and stubble.

HOWARD ROTAVATOR

Does 3 Jobs in One!
eliminate shredding, disking, floating.

The Rotovator has been demonstrated on several Parmer Co. Farms and proven its merits. However, we'll be glad to arrange a demonstration for you to see how the machines do three jobs in one operation.

LEE THOMPSON

Tax Assessor and Collector

Parmer County, Texas

59 Cotton Allotment 44,165 Acres

The 1959 upland cotton allotment for Parmer County is 44,165.3 acres.

This represents a reduction from 1958 of 3,081.5 acres. The 1958 cotton allotment for Parmer County was 47,246.8. These figures indicate that each cotton farm in the county will have an allotment for 1959 which is approximately, but not quite, seven percent less than the farm had in 1958, says Prentice Mills, ASC office manager.

This reduction in allotment will not apply to farms whose 1958 allotment was 10 acres or less because the law provides that the allotment for such farms shall not be reduced below what it was in 1958.

Parmer County cotton growers will receive official notice of their 1959 farm acreage allotments for cotton early in December.

In 1959, two allotments for upland cotton will be established for each farm, and if marketing quotas are in effect, each farm operator will have an opportunity to choose the one he wants to comply with and to

register his choice at the county ASC office.

If he elects the "regular" (choice A) allotment and complies with it, he will be eligible for price support at the full level available--not less than 80 percent of parity for 1959.

If he elects the choice B allotment (which is 40 percent larger than the choice A allotment), and complies with it, he will be eligible for price support at a lower level. This would be 15 percent of parity less than under choice A.

If marketing quotas are not in effect, only "regular" allotments will be available and price support will be at 50 percent of parity as directed by law.

A vote on cotton marketing quotas for the 1959 crop will

be held on Monday, December 15. The result of the vote will determine how next year's cotton crop will be marketed, the kind of allotment program in effect for the crop, and also the level of price support available to cooperators. These are questions that concern every cotton grower. Farmers are eligible to vote in the referendum if they engaged in the production of cotton in 1958.

The 1959 allotment announcement has been anxiously awaited by Parmer County cotton growers. They will be making some serious decisions about next year's farming soon and the allotments will have a definite bearing.

Parmer County is receiving about two percent less of a cut than the nation's producers as a whole, who were notched back nine percent. This is because of this county's favorable history of cotton production trend.

Used to figure the county's base allotment for 1959 are the average is favorable for most farmers.

In conversation with County Agent Jones the other day, we took note of something he said that ties in with the above appraisal. Joe says that there's just no such thing as an "ideal year" from the standpoint of weather, for a diversified cropping system such as we have in this part of the Plains today.

Joe points out that a cold, wet fall such as we had last year is just the thing for starting a good wheat crop, but it is pure murder for the cotton farmer and doesn't help the grain sorghum man, either.

The same thing's true in the spring. Wet, cool weather really brings on the wheat but it delays or prevents success-

years 1953 through 1957. Thus, 1952, which was a year in which about 22,000 acres were grown, was dropped for historical purposes and 1957 was picked up. Over 40,000 acres were grown last year. The obvious trend to greater production helped offset the apparent reduction in store for the coming year.

In 1960, when 1953 is dropped for figuring history (there were close to 100,000 acres of cotton that year--the last year before controls), Parmer County will start heading down again.

However, local farmers shouldn't figure too closely on this. One year ago the "take your choice" allotment option offered this year was not considered likely of passage. In other words, the picture could definitely change in a year's time.

ful early season cotton planting, which is so often the key to a good crop at this latitude and altitude.

Then, as the growing season advances, the cotton needs plenty of hot weather to develop. This hot weather may make it impossible for the farmer to keep his grain sorghum wet enough even though he runs his irrigation wells full tilt. Also (depending on the state of the crop), the wheat can be hurt by a sudden hot spell--just as it was this year.

So, it's pretty much the case that there just isn't any pleasing EVERYBODY with the weather. Also, it might be pointed out that this year, which did have its rough spots, as every farmer knows, is proving to be one of the best ALL-AROUND years we could hope for.

We've thought this over and have decided that Joe's right.

If the readership of this column is cut in half this week, we'd venture to say that it's no fault of ours. Seems as if everybody has hit out for the hills. The hills of Nevada, that is.

So far, we haven't run into

anyone who knows the full story on the "homesteading fever" that has enveloped this area, but we do know that a lot of our farmer and businessman acquaintances are more than just lookers, and that they are quite serious about getting in on the deal.

The story is going the rounds that the government has opened up a big acreage (was it millions, or thousands?) of public domain land in Nevada for homesteading. Through some broker in that state, this land is being parceled out a half-section at a time for 25 cents an acre.

The rules are one half to a customer--no more, no less, and some improvements have to be made. We understand these to be fencing, putting down an irrigation well, and breaking out a certain percentage. This part of the deal's pretty hazy to our sources, so don't bet on it.

At any rate, a lot of fellows have decided they can't possibly get hurt much at prices like those, so are lining up for their share. Some have

bought sight unseen (we sure don't recommend it), but most are going out for a look. Whether they buy or not, everybody seems to be enjoying the trip. We notice a few suspicious signs about

this deal. One is that the buyers--or prospective buyers--are all men who are ganging up in cars for the ride. It seems as if you just can't get to the land without going through Reno!

THE PARMER FARMER

by W. H. Graham Jr.

Probably, the 1958 cotton harvest is nine-tenths over. That is, the farmers' part of the cotton harvest. The gins will still have a lot of work to do before they can look up from the grindstone. As cotton is the latest of our major crops, folks are beginning to add up the totals to see just what kind of a year 1958 has been. Most are finding that it stacks up something like this:

WHEAT--a good year. One of the best, both for irrigated and dryland, in a long time.

MILLO--a good year. Comparable with 1956 and 1957 from a yield standpoint, although per-acre average is probably up slightly. Much better late-season and harvest conditions than in year previous.

COTTON--a good year. In many respects as good as 1956 although grade may not quite measure up. Better prices, increased yields are closing the gap, though, and from an over-all standpoint, 1958 was a good one for the cotton growers.

Of course, adverse weather, unusual insect trouble, well breakdowns or other factors caused unusual hardships in localized areas. Some farmers actually came out shorter this year than last, and 1957 was a pretty poor one. However,
