We heard by way of the "news-paper grapevine" that Ernest Joiner, publisher of the Ralls banner down at Ralls has gotten quite a bit of mail since he was featured in an issue of TIME magazine recently.

In case you didn't see the article, ask one of your neighbors for the issue of week before last and read the Plains "spoken" newspaperman.

Joiner has gained a reputation in this neck of the woods for his caustic remarks and over a number of years has been widely quoted in several of the large Texas daily newspapers.

But this last bit of publicity in TIME has brought in thousands of letters to Joiner from all over the world.

Included in the mail are several job offers, other publicity propositions and it is reported that the deluge also contained one proposal of marriage.

This wide publicity sounds dangerous.

Many folks have been heard to comment on the workings of the Amarillo Police Department of late and this has brought to light the fact that a lot of folks from our locality take their trade to Amarillo.

This year especially, Trading at Home is liable to become a focal point with our local merchants.

Of course there are articles which you may desire to purchase that you cannot find in Friona or Parmer county.

But, many times in the past we've heard this story retold in several different stores.

"Mrs. Blank was in here and asked me if we had any whippenodjits." The merchant would then reply that "Yes, we have quite a selection of whippenodjits would you like to see them?"

Mrs. Blank would then be sounded that a "small town merchant" would have enough on the ball to stock such an item.

"Why," the customer would say, "I didn't know anyone in Friona had these and do you know I looked all over Clovis and Amarillo for them and you had some all the time. Ha! Ha! Ha!"

Of course this makes the merchant feel real good, being told that the customer had come to his store only as a last resort and then only asked for this particular item mainly for conversation.

But---what we are trying to say is this---give your local merchants a chance to serve you.

When your club, organization or what have you wants for money, donations, prizes for a promotion of your own, where do you go?

I'll bet you really get a lot of response to pleas like this from the Amarillo boys.

Nope, naturally then the FIRST place you go is downtown and hit up the local boys.

Also, who pays their taxes here, sends their kids to school here and supports our local endeavors.

By golly it doggone sure isn't Amarillo or Clovis.

Also our police are efficient, but if you do get a ticket it is done with a smile instead of a snarl.

All in all your hometown merchant is here to do you a service and all of us working together can make our home a better place to live.

Beginning this week The Star will run a page advertisement bringing out the follies of trading away from home and the advantages of making YOUR money work for YOU---this page is sponsored NOT by the merchants at Wolflin Village, but the boys up and down the Streets in Friona.

Read these advertisements, they are well presented and have a lot of meaning and truth in them.

We hope you will enjoy this series.

He is about over his busted leg now, but a week or so ago, Pappy Thornton, who is a fertilizer salesman, (and has at other times been accused of spreading same) was "sporting" a pair of crutches and a banged up leg.

We asked Pap what happened (Continued on Page 7)

TAKING OATH OF OFFICE---Mayor R. L. Fleming administers the Oath of Office to newly-elected city councilmen Deon Awtrey, center and Bill Nichols, right. The mayor told the new councilmen this was the "first swearing" you may get but not the last. The scene was at the city council meeting Monday night.

Summer Water Rates Approved by Council

Summer water rates will become effective April 20 following the approval of the members of the city council of Friona in a special session at the City Hall Monday night.

Deon Awtrey and Bill Nichols took the oath of office from Mayor R. L. Fleming Monday night and following their installation as new members of the council the city fathers got down to business.

Awtrey and Nichols replaced Ralph Smith and Forest Osborn on the council. Smith ran for re-election but was defeated by the Awtrey-Nichols write-in campaign and Osborn declined to run again.

The new water rates are the same rates that have been in effect during the past several years in Friona.

The lower rates are designed to encourage homeowners to water their lawns and flowers in order that the city may become more pleasant to live in, and present a better picture to the tourists which pass through town during the vacation months.

The rates only become effective after a person uses over 15,000 gallons of water.

From 15,000 gallons to 30,000 gallons the rate will be 15

cents per thousand; from 30,000 gallons to 50,000 gallons the rate will be 10 cents per thousand and over 50,000 gallons of water the rate slides down to five cents per thousand gallons of water used.

These rates will remain in effect until September 20.

Following the water rate change the council discussed several immediate problems and brought the new council members "up to date" on the puzzles facing the city of Friona.

High on the list is paving and increased water storage. Also the council discussed the purchase of a used street sweeper.

The sweeper in question has been in use around the city for the past week.

City manager Albert Field told councilmen that the sweeper doesn't give the service it is designed to do "right now." Field went on to say that the sweeper is in good mechanical shape, but just doesn't do a good job of sweeping.

"Whether it will sweep following adjusting by a field man or not I don't know," Field told the council.

The council instructed Field to tell the company owning the

sweeper that if they can make it sweep like it should be negotiated with them for the purchase of the machine, but if it doesn't measure up tell them to come and get it.

The matter of a misplaced bid on the fire truck was discussed.

As reported by The Star last week only one bid made its way

LION OFFICERS FOR 1959 ---- Sweeping into office the above "janitors" will head the Friona Lions Club for 1959. The men above and their positions are, Steve Bavousett, director; Marion Fite, Lion Tamer; Dr. Paul Spring, second vice president; Ralph Shirley, Tail Twister; Paul Hall, third vice president; Kenneth Williams, first vice president; Pudge Kendrick, director and George Jones, Boss Lion and president. The other officer elected but not pictured is Dave McReynolds, secretary. (He "shot" the other officers.)

G. W. Jones Named Lions Club Prexy

George W. Jones, who farms west of Friona, was voted in as the 1959 president of the Friona Lions Club at their regular meeting held in the clubhouse Thursday night.

Other officers elected at the meeting included Kenneth Williams, first vice president; Dr. Paul Spring second vice president; Paul Hall, third vice president; Dave McReynolds, secretary; Marion Fite, Lion tamer; Ralph Shirley, tail-twister and Pudge Kendrick and Steve Bavousett, directors.

Pat Foster was elected Lions Club Sweetheart earlier this year. She will replace Nancy Outland in that position.

Jones and his officers will take office in June.

Miss Outland will compete for the title of District Lion Queen at the annual convention slated to be held in Plainview during the last week of April.

Ed Skypala of Hereford Lions Club was the guest speaker Thursday night and spoke on his hobby, that of collecting old and rare coins.

Skypala told the Lions that collecting money is one of the oldest hobbies in existence and today there are about 3,000,000 collectors in the United States alone (not counting the Bureau of Internal Revenue.)

NEW AUTOMATIC LAUNDRY OWNERS----Mr. and Mrs. Calvin Martin of Friona have purchased Dave Hick's interest in Dave's Automatic Laundry at the Humble Station on Highway 60 and the Bootleg Road. They will continue to open the laundry 24 hours a day, seven days a week.

Martins New Owners Of Laundry

Announcement is being made this week of the change of ownership of the Dave Hicks Automatic Laundry in the north-west part of town. Mr. and Mrs. Calvin Martin, long time residents of Friona, are the new owners and operators.

The Martins, who returned to Friona about five years ago after living in Colorado about that long, moved here about thirty years ago from Elk City, Oklahoma.

Martin states that the same high quality service will be offered and invites everyone to use the facilities of the laundry at any hour of the day or night.

Mrs. Martin will assist her husband in the management of the laundry and at the present time no major changes are being planned.

Thieves Rifle Elk Drive-In

An unknown person, or persons, rifled the concession building at the Elk Drive In sometime Sunday night according to a report from the police department Monday.

The robbery was reported to police late Monday when workers at the stand reported to open up for the night's business.

A glass on the north door of the stand was broken out and an unknown quantity of candy, cigarettes, and weiners was taken from the stand.

No money is kept in the stand overnight.

Police are investigating the theft.

Star Wins Honor

The Friona Star won a second place award at the Panhandle Press Association convention held last weekend in Amarillo.

The Star received a handsome contest award for their winning second place for "Excellence in Typography" at the convention.

First place in this division was the Canadian Record.

The State Line Tribune at Farwell won the third place award in this division.

W. H. Graham Jr., publisher and co-owner, accepted the award on behalf of The Star at the meeting.

The new trophy is now on the wall in the Star office.

The award, for excellence in typography, sounds like a lot of Greek to the layman but as a word of explanation -- typography refers to page makeup or how the paper looks.

The Star is proud of this award and "this award will aid our incentive in making The Friona Star a newspaper the town will be proud of," says Editor Dave McReynolds.

Girls Track Meet Set For April 24

A girls' Track Meet will be held in Friona beginning at 3 p.m. at Chieftain Stadium, Friday, April 24.

Teams from Muleshoe, Bovina and Friona will compete in the events.

The meet will be divided into two divisions, freshman and high school.

Events in the meet will include 50, 75, and 100 yard dashes; 220 yard relay, 440 relay, softball throw, basketball throw, running broad jump, standing broad jump and high jump.

Two Wrecks Total \$1200 In Damages

Two wrecks in as many days ran up a total of an estimated \$1,200 in damages and two charges against negligent drivers in Friona this week.

Monday morning at 10 a.m. a 1956 Ford driven by Jimmy Norwood and a 1957 Ford driven by Mrs. Ralph Taylor collided in the intersections of Seventh and Summit Streets in Friona.

Mrs. Taylor was headed north

in her car and Norwood east on Seventh when the accident happened.

Friona Police Chief Ben Moorman charged Norwood with failure to yield right of way in this accident.

The two autos were damaged to the tune of about \$500 each.

Tuesday afternoon at 4:45 p.m. a 1951 Chevrolet driven by Eddie Bradshaw, 16, rammed into the side of a 1956 Ford driven by Eva Brand, 23, both of Friona.

This accident occurred at the Bank corner at Main and Seventh in Friona.

The Brand auto was turning west off of Main and Bradshaw turned across Main, headed west off main from the right side of the street and ran into the front right-hand side of the Ford.

Bradshaw was charged with making a turn without safety following investigation by the Friona Police Department.

Bradshaw's auto was slightly damaged and the Brand auto was damaged to an estimated \$200.

Livestock Brings Total Of \$17,000 at Auction

Darrell Jennings of Lazbuddie Furte Farmers of America Chapter showed the Grand Champion Calf at the Parmer County Junior Livestock Show in Friona this weekend and received a check for \$368.40 for his efforts.

The Jennings calf, which weighed 921 pounds was a prime steer and went to the high bidder, Carl McCaslin Lumber Inc., of Friona for their bid of 40 cents per pound.

Reserve Champion Calf honors also went to a Lazbuddie boy, Billy Hardage and the Security State Bank of Farwell picked up the tab on this animal by bidding 35.75 cents per pound for him.

Total auction receipts at the end of the chilly afternoon saw bidders exchange \$16,781.71 for the prize animals.

Dicki Gerles of Bovina showed the Grand Champion hog of the show and his animal was purchased by Cummings Farm Store of Friona at a premium price of \$283.40. Doyle Cummings took the animal with his top bid of \$1.30 per pound.

Larry Elmore of Friona owned the Reserve Champion hog and his animal was sold to the Production Credit Association at a top bid of 55 cents per pound bringing in \$116.60.

Pat O'Brian of Bovina showed the Grand Champion Fat Lamb and his animal was bought by the Friona State Bank on their bid of \$1.53 per pound. This totaled \$125.46 for the lamb.

Gary Doshier of Farwell showed the Reserve Champion fat lamb and his animal brought a high bid of 60 cents per pound for a total of \$61.80 from the Worley Grain Company of Farwell.

Despite cold, biting weather a crowd of 200 spectators and bidders watched the proceedings held at the not-yet completed high school bus barn in Friona. A total of 83 hogs, 34 calves and 15 sheep were on the sale order and following this several other breeding animals were sold.

The annual show, sponsored by the Friona Lions Club, has been improving each year and the sponsors promise that the show will be better next year. Schwartzman Packing Company of Clovis, N.M., and Albuquerque, N.M., furnished a floor price for the hogs at \$16.50 for the hogs; Pete Buske of Friona bid the highest price for the calf floor at \$26.50 and the sheep floor was 15 cents.

Show sponsors wish to express their appreciation to Col. Bill Flippen and Col. Jack Howell, of Friona and Dimmitt, respectively for giving their services as auctioneers for the sale and Lefty Thomas of Hereford for judging.

Complete results of the show is carried in the Farm and Home Section of this paper. Donors of prize money and a list of buyers for the animals are found inside The Star.

Little People Can Break A Town

(EDITOR'S NOTE: A lot of public relations work for Friona went on over the weekend with many out-of-townners about taking part in and watching the proceedings at the Parmer County Junior Livestock Show. We didn't hear any reports like the one below, but snipped this editorial out of the Ochiltree County Herald as a reminder that if Friona is to continue to grow and prosper it is the combined job of all of us, not just the dedicated few.)

About ten years ago, D. D. Monroe of Clayton, N. M., was the speaker at the annual Chamber of Commerce banquet in Perryton, and the theme of his talk was "It's the Little People That Make a Town."

He developed the idea that a town's public relations is largely in the hands of the waitresses, the filling station attendants, the clerks in the drug stores and others whose job it is to serve the public.

These "little people" make or break a town by their attitude, he said, and we have never forgotten that speech.

It was brought out rather forcibly this week to us. We have been interviewing some applicants for the linotype operator job here at the Herald and on Sunday afternoon we talked to a man from Oklahoma who drove up that day to see about the job.

About the first thing he said was "I know I have made a mistake coming up here—I just can't stand these high prices."

We inquired into his source of information about Perryton's prices and learned that he had stopped at a service station in town as he arrived, and he asked the attendant what kind of a town Perryton was, since he was thinking about moving here.

Mrs. Gene Welch and child— T. A. Sherley spent several in the Gene Welch home.
ren spent Friday afternoon days last week as a medical visiting her mother, Mrs. F. B. patient in the Parmer County Harkins, and sister-in-law, Community Hospital at Friona.
Mrs. Earl Harkins, and her new Mr. and B. C. Day, Mr. and Mrs. John S. Thompson and Mrs. Leona Wolfe spent Thursday attending to business in Plainview.
son and Mrs. Lawrence Jackson and Belva of Summerfield were Wednesday evening guests

in and around FRIONA

WITH JUNE

There were more school contests over the weekend than we have known of for one weekend for a long time. The Junior Livestock Show for 4H Club girls and boys, and FFA boys was held in the new bus barn here. Some excellent showmanship was exhibited along with the animals that were shown.

Then there was an inter-scholastic league meet for grade school pupils at Tulia. A large number of the children who participated in the various events at this meet came home with blue ribbons. The band and choir students who competed at Canyon Friday and Saturday came home with a large number of one and two ratings.

A number of our readers will remember Mr. and Mrs. Ned Cruse and their children who moved from here to Pierre, South Dakota, a few years ago. The Cruses were our neighbors when we first moved to Friona and we learned to appreciate them very much.

Last month, Connie, the second daughter in the family was married in Seattle. This week we have a picture of Connie along with her wedding story. With the picture came an interesting note from Mrs. Cruse. It is always a pleasure to learn about former neighbors and we especially enjoyed hearing from the Cruses.

Rex and Connie are the only two of the children who are at home now. N. M. and Johnnie live near Seattle, Wash.; Glenn and Virginia are at Albuquerque; and Jimmie and Max and their families both live near their parents.

At least one out of town man noticed the flag type signs which advertised the recent revival at the First Baptist Church. In a conversation with him, he asked, "Why are so many houses in Friona for sale?"

Our first thought was "What real estate agent have you been in contact with." However, before any opinion was expressed, he went on to say, "There must be some wide awake agency here. Think every sign had the same firm name on it."

Robert L. Ripley, who was well known for his "Believe It Or Not" feature that appeared in newspapers all over the nation a few years ago, came up with one of the cleverest long tongue twisters we have ever read. It went like this: Sound Your A

Anna, an adroit, amiable and ambitious amateur at anagrams arrived, attractively attired, at an athletic association.

An adventurer, adept at abstracting abundant antiques abroad and always alluring, appeared alone, after abandoning an adjacent acrobat Anna, all alert, annoyed and austere, attracted an able attendant, as an affable aviator awaited, all attention at an academy.

Afterward, an antiquated acquaintance aboard an aeroplane, arms akimbo, approached at an alarming ascent, attaining an amazing altitude. Ample applause awaited any ambitious aviator.

After an absence abroad an accurate accountant arrived and, acting as an adorable, altruistic American, announced, "All Anna's arts and aspirations are approved!"

Anyway, an aristocratic auto appeared, astonishing all and affording an agreeable afternoon along asphalt avenues. "Another afternoon?"

Anna answered, "Adieu!"

The cutest bunch of five and six year old children in town were at school Friday of last week. About seventy of next year's first grade class

attended school that day. As usual, there was much excitement in every household where a beginner was getting ready for school.

One little boy we observed was very sure of himself when he left the car and insisted that his mother not accompany him to the room where he was supposed to go. After his mother had driven out of sight, he hesitated to go up the walk then turned and made a dash for the door.

Upon reaching the door he looked in all directions then walked in as calmly as if he'd been going to school all his life. At 3 p.m. it seemed as if the mothers were more anxious to see the children than the children were to see the mothers.

One little girl informed her mother that she wasn't ready to go home. She gave as her reason, "There might be something else I want to do. I haven't even been in all the rooms yet."

Elbert Hubbard once said, "Writers seldom write the things they think other folks think they think."

The following advice might be good for overweight persons to follow.

"Have you a secret ambition you're simply aching to spill to somebody? If you have, don't. Don't tell a soul about it! Because no matter what kind of project it is, you'll be far more likely to carry it out if you keep it strictly under your hat. It's true, believe it or not.

The idea isn't new. For years wits have wisecracked about talkers and doers. One of our pet failings is talking

things over with anyone we feel might be sympathetic toward our ambition."

So many persons we know announce to their families and friends that they are going to diet to lose some extra pounds. There is more talk about the project than there is lost weight. Maybe if the plan of keeping quiet about our proposed plan until those about us began to comment on the loss of weight we might derive more pleasure from the project.

Think the Parmer County improvement on Highway 60 is beginning at the line near Summerfield and coming this way. The caliche trucks begin passing our house about six each morning. Hearing them pass always reminds us of stories we have read about pioneers hearing rails being put in place for a new railroad.

Every time we hear a truck pass, we know that the improvement of some highway is gradually going forward step by step or load of caliche by load of caliche.

At least one of the larger manufacturing concerns in the country understands human nature pretty well. Recently a couple of guys were installing

NEWS FROM BLACK

FORMER RESIDENT SERIOUSLY ILL

S. J. Greeson of Hereford, a former resident of this community, remains in a serious condition following a recent stroke. Although he is not hospitalized, he is being fed intravenously.

Mrs. Lester Dean visited in the Greeson home Sunday.

ARNOLD FANGMAN IS DISCHARGED

Arnold Fangman, son of Mrs. Helen Fangman, is on his way home after being discharged from the U. S. Armed Forces at Fort Ord, Washington. Mrs. Fangman and her other two sons, Teddy and Charles, flew to Washington to make the return trip with Arnold.

The Fangman family is expected to return home next week after doing some sightseeing on the way.

Mr. and Mrs. Bill Carthel, Danny, Donnie and Davy were Sunday guests in the home of Mrs. Carthel's parents, Mr.

and Mrs. H. V. McCabe, at Dawn.

FISHERMEN RETURN

Dick Rocky and Fern Barnett returned home late Sunday after spending several days fishing at Possum Kingdom Lake near Mineral Wells. They reported unsettled weather there, too.

Mr. and Mrs. Travis Stone and family were weekend guests in the Alton Carpenter home at Ralls. Other guests in the Carpenter home were Mr. and Mrs. Ernest Meyer and children, Willie Roy and Wesley. Meyer is Mrs. Stone's brother.

Mr. and Mrs. Gene Welch, Veveca and Kevin visited in the Earl Harkins home in the Friona community Thursday evening.

Glenda Deaton and Donnie Lewellen, who will enter school this fall, attended the visitation day at school Friday.

Mrs. Ralph Price represented the Black Home Demonstration Club at the District HJ Convention at Wellington Thursday.

Mrs. Fern Barnett accompanied Mrs. Bill Stewart of Friona and Mrs. Dick Rocky to Amarillo Friday. The group returned that evening.

DIVISION II RATINGS ---- Standing left to right are Dianne Jennings, flute solo; Diana Taylor, clarinet solo; Kay Coffey, flute solo; Brenda Deaton, solo and Carolyn Herring, flute solo. Kneeling are left to right, Tom Gee, alto sax solo; Royce Douglas, French horn solo; David Carson, cornet solo and Bob Welch, cornet solo. This group won Division II ratings for their efforts at Canyon this weekend.

DIVISION II WINNERS ---- Jonnie Hand, solo; Johnny Miller, baritone solo; LaVon Fleming, alto solo; Suzanne Taylor, soprano solo; Joby Claborn, cornet solo and Donna Blackburn, flute solo; all won Division II ratings for their efforts at the contests at Canyon.

INTO THE LOCKER ---- D. C. Herring, behind the calf, bought the third place calf from Jan Wells at the Parmer County Livestock Show Saturday afternoon. The calf's owner apparently froze out and was ably substituted for. Pete Buske appears at the right hand side of the picture. Buske bid the floor price of \$26.50 for the calves at the show.

Sunday guests in the home of Mr. and Mrs. R. E. Barnett were Mr. and Mrs. George Brock of Lubbock, Mrs. Fern Barnett and Betty.

SPIRITUAL PARASITES

The sacculine is a tiny animal which possesses neither legs, nor eyes, nor mouth, nor throat. But by means of its twining roots, it takes its nourishment ready prepared from the body of the hermit crab. It boards entirely at the expense of the crab, which supplies it liberally with food, shelter, and everything else it needs. Some people are like the sacculine, in that they become spiritual parasites dependent entirely upon others for spiritual strength. We need pastors, friends, revival meetings, and church attendance, but we cannot depend upon these alone for spiritual life. We must have a spiritual life of our own -- a vital, living relationship with Jesus, a constant supply and inflow of grace as a result of personal fellowship with Him. If we neglect this, the crisis will come and find us unprepared: (John 15:1-7) Our safety is to be found in abiding in Christ; Be sure to attend Sunday School and church this Lord's Day.

Connie Cruse Becomes Bride of Roger Derin

Miss Connie Cruse, daughter of Mr. and Mrs. N. M. Cruse Sr. of Pierre, South Dakota, became the bride of Roger Derin, son of Mr. and Mrs. Joel Derin of Everett, Washington, March 21. The double ring ceremony was read by minister A. E. Root of Seattle, Washington.

The bride wore a white lace sheath dress with picture hat and other accessories in white. Her corsage was a white orchid.

Derin is a graduate of Everett High School and is a senior physics major at the University of Washington at Seattle. Mrs. Derin entered school here. The Cruse family lived west of Friona about eight years before moving to South Dakota about seven years ago.

After graduating from Pierre High School, Mrs. Derin enrolled in an I. B. M. school in Seattle and after completing course accepted employment with the Boeing Aircraft in that city.

Mr. and Mrs. Derin are at home at 619 East Mercer Street, Seattle.

WEEKEND GUESTS

Weekend guests in the home of Mr. and Mrs. E. S. White and children were Mr. and Mrs. Vernie Roberts and children of Amarillo. The Roberts family had been to Seminole to visit Mr. and Mrs. Roy Campbell and children and were on their way home. Mrs. Roberts and Mrs. Campbell are daughters of the Whites.

Club Members Discuss Cookbook

Members of the Lakeview Home Demonstration Club present for the Thursday afternoon meeting in the home of Elizabeth Carmichael discussed recipes which are to be printed in a cookbook being compiled by the Parmer County Home Demonstration Council.

Each member of all home demonstration clubs in the county is to select her favorite recipe in five categories and give them to the council delegate of her club before the April council meeting. The categories are meat, casserole, salad, vegetable, preserves or canning dessert.

Following a brief business session during which plans were made to attend a 42 party at the American Legion Hall April 28 as guests of the Friona Home Demonstration Club, refreshments were served by the hostess.

Those present were Ala Mae Gibson, Vuthill Loanman, Jo Blackburn Frances Milner, Winnie Eaton, Gwen Graves and Glindean Bailey.

Juanda Jarrell Hosts Party

Helen Augustine of Spur, who was a guest in the home of her sister, Winifred Hurst, last week was honored with a bridge party in the home of Juanda Jarrell Wednesday morning.

After a bridge session, during which the guest of honor played high and Deke Kendrick played low, refreshments were served by the hostess. Others present were Lunell Horton, Fern Awtry, Mary Bavousett, Winifred Hurst and the hostess.

Thoughts are winged.

Of Interest To THE WOMEN

Rainbow Girls Entertain At Father-Daughter Banquet

Highlighting the Father-Daughter banquet at the Masonic Hall Friday evening honoring members of the Order of the Rainbow for Girls and their fathers was a program by members of the order. Pamela Sue Roden, Nancy Outland, Mary Jane Grubbs and Sue Baxter presented a twirling routine.

Following was a vocal solo "Chapel In The Moonlight" by Jimette McLean. A trio composed of Cynthia Ann Caffey, Nelda Douglas and Suzanne Taylor sang "Side by Side" with Judy Bock accompanying at the piano. She also accompanied Pamela Sue Roden, Mary Ann Boggess, Jimette McLean and Carol Coffey as they presented "Barber Shop Quartet."

Closing number on the program was "The Lord's Prayer" by Ada Beth Akens. Following the singing of the Rainbow song, Rev. Hugh Balylock gave the benediction.

Members of the advisory board for the assembly were in charge of the banquet. The emblem of the order, a replica of the merit bars and other decorations were used.

Pat Woodley, Mother Advisor, gave the welcome address. The response was given by Cynthia Caffey, Worthy Advisor. Sarah Ann Miller, past Mother Advisor, presented each girl with the merit service bars she had earned.

Guest speaker, Rev. Hugh Balylock, was introduced by Ada Beth Akens, chairman of the entertainment committee. He used the meaning of the Rainbow for his topic of discussion.

Advisory board members serving were Vera Bainum, Marie Roden, Ethel Chitwood, Eula Akens, Sarah Ann Miller, Pat Woodley and Leonard Coffey. Special assistants were Hugh Moseley of Farwell, Janice Patton, Joe and Marie Ferrell, Bill Woodley and Ouida Jones.

Miniature Rainbow emblems with a pot of gold marked places for Pamela Sue and Ralph Roden; Virginia and Coy Patton, Dolores and Bud Elmore; Mary Ann and Ranza Boggess; Linda and Irby Carlisle, Ada Beth and Um Akens; Pug and Brenda Collier; Betty and Arthur Drake; Judy and Janice Bock and Hugh Balylock; Jimette and James McLean;

Cynthia Ann and Dalton Caffey; Billie Rae and R. B. McKee; Celia Dee and Clyde Weatherly; Carol, Kay and Leonard Coffey; Dianne and Elvie Jennings; Marca Lynn and Meryle Massie;

Also the following special guests: Hugh Moseley; Nancy and Hank Outland; Sue and Bill Baxter; Mary Jane Grubbs; Sheri and Bill Woodley; and Mr. and Mrs. Joe Ferrell.

Dinner Honors Joe H. Collier

Joe Hubb Collier, the guest speaker at a revival meeting at the First Baptist Church, was guest of honor at a Moseley - Collier family reunion at the Friona club house Sunday.

After a basket lunch at noon, those present spent the afternoon visiting. Out-of-town friends and relatives who were present were Mr. and Mrs. Bob Clements of Pampa; Mr. and Mrs. Flake Paschal of Clovis; and Mr. and Mrs. Wren Barker of Artesia;

Also Mrs. R. D. Collier and son, James Ray, of Artesia; D. C. Collier and children, Tim and Mary, of Artesia; Mr. and Mrs. Carl Hudgins and daughter, Carla Ann, of Lubbock; Mr. and Mrs. Dan Johnson of Pampa; Mrs. J. R. Lawson of Kellerville; and Hugh Moseley and Wilma Liner of Farwell.

Daughter Born To Troy Youngs

Mr. and Mrs. Troy Young became parents of a baby girl at the Parmer County Community Hospital at 2 a.m. Saturday. She weighed 9 pounds, 3 1/2 ounces and was named Karen Deniese.

Karen Deniese, who has an older sister, Jan, is the granddaughter of Mr. and Mrs. Noah T. Young and Mr. and Mrs. Oscar Baxter all of Friona.

Mr. and Mrs. Ed Boggess spent several days last week vacationing in Truth or Consequences, New Mexico.

Auxiliary Members Brighten Corner

Children's Corner in the lobby of the Parmer County Hospital has been a project of the local auxiliary. At the regular meeting of this organization in the Community Room of the Friona State Bank Thursday afternoon a report was given by June Spring, chairman of the committee in charge of this project.

Money donated by Arrah B. Staley of Springfield, Mo., was used to buy shelves for the storing of toys in this corner. J. C. Blankenship and Carl McCaslin Lumber Company cooperated in the construction of the shelves.

Mrs. H. K. Kendrick gave a report on the television project. Two sets are being installed and should be available for patients to rent within the next week.

Mrs. Deon Awtry, president, conducted the business session. Thirteen members were present.

Delta Xi Chapter Has Birthday Party

The Delta Xi Chapter of the Delta Kappa Gamma observed the third birthday of the chapter with a luncheon, Saturday, April 11 at noon at the Friona club house. Hostesses were Parmer County members of the sorority.

After the luncheon, Mrs. Genevieve Howe of Dimmitt directed a panel discussion on "The Merit of Rating Teachers." Special music for the program was presented by the Millerettes, who sang "Now Is The Hour," "May You Always," "I Love You Truly," "Isle Of Capri" and "The Lord's Prayer."

Twenty-six members and one guest, Mrs. Eva Miller, were present. Members from Friona who attended were Carmaleet Truitt and Valoris Osborn.

Mr. and Mrs. Steve Struve and Mr. and Mrs. J. B. Taylor spent several days last week at Burnet. They were accompanied as far as Abilene by Mrs. Lucy Welch and Sheila Struve, who visited in the home of Mr. and Mrs. France Welch and children.

FHS Graduate Elected Officer

Helen Hamilton, daughter of Mr. and Mrs. Harry P. Hamilton of Route 1 and a 1958 graduate of Friona High School, was recently elected treasurer of the Home Economics Club at Eastern New Mexico University at Portales.

Miss Hamilton, a freshman home economics major at ENMU, has also been elected a Baptist Student Union officer for the 1959-60 school year. She plans to attend the State Home Economics convention at Silver City, New Mexico next weekend.

Elwanda Campbell Presents Program

The Wednesday afternoon meeting of the Friona Home Demonstration Club featured a program on the study of beds and bedding by Elwanda Campbell. The council delegate's report was given by Jo Nell Sims. Roll call was answered by reciting a spring poem.

Plans were made for the next program which will be on outdoor cooking at the home of Phyllis Sanders.

Refreshments of coffee, punch and cookies were served by the hostess, Christine Williams. Those present were Anna Lee Sims, Jo Nell Sims, Elwanda Campbell, Phyllis Sanders, Stella Shirley, Tiny Taylor, Marlene Drake, Christine Williams and Stella Varner.

Brocks Have Weekend Guests

Mr. and Mrs. Keith Brock and son, Phil, of Big Spring were guests in the home of Mr. and Mrs. George H. Brock last weekend.

Other Sunday guests in the Brock home were Mr. and Mrs. Steve Messenger and sons and Lloyd Messenger of Friona and Mr. and Mrs. Myrtle Jackson and son of Bovina.

Joint Party Honors Two

Debbie Hays and Susan Carmichael were honored with a party in the home of Debbie's parents, Mr. and Mrs. John Hays, Friday afternoon. Friday was Debbie's birthday and Thursday was Susan's. Games were played and birthday cake, ice cream and punch were served. Those attending were Connie McKinney, Donna Shackelford, Diann Gibson, and Terri Sue Mabry.

Mr. and Mrs. E. T. Branham of Vernon and Mrs. Bobby Bryant and daughter, Kelley, of Albuquerque were guests in the home of Mr. and Mrs. Weldon Stinger Friday of last week.

Cook Of The Week

MRS. M. B. MCKINNEY

it is often necessary for her to conserve her time.

Sadie, as she is known to all her friends, is never too busy to answer whatever call for help that may come her way from baby sitting with a small child whose mother has errands to do to teaching a Bible class any Sunday morning or Wednesday evening that it is impossible for the regular teacher of the class to be present.

She grew up in Lubbock County and attended school at Shallowater. At that time her parents, Mrs. J. M. Ayers of Lubbock and the late Mr. Ayers, lived on a farm. After graduating from Shallowater High School, she attended George Pepperdine College at Los Angeles.

The McKinneys, who were married in Lubbock in 1946, have made several moves and have worked with congregations of the Church of Christ at Prescott, Arizona, Henderson, Tennessee, Melrose, N.M., Plainview, Dora, N.M., and Friona. The latest move was into a newly constructed minister's home at the corner of Woodland and Sixth Streets.

In the new home Sadie enjoys many up-to-date labor saving devices, but still sticks to her old standbys when preparing meals for her family and guests.

One of the McKinney family's favorite meat dishes is Hamburger - Onion Pie.

Heat oven to 375 degrees. Prepare biscuit dough by your favorite recipe, doubling the amount of shortening, or use recipe for short biscuit dough.

Roll dough into circle to fit 9" pie pan. Ease into pan; fork edges. Sauté 1 pound ground beef and 2 medium onions until meat has lost its color. Add 1 teaspoon salt, 1/4 teaspoon pepper, 1/2 teaspoon flavor extender and 2 tablespoons flour.

Spread in pan. Beat two eggs lightly, blend with 1 cup small curd cottage cheese and pour over meat. Sprinkle with paprika. Bake 30 minutes then cut into wedges. Makes 6 to 9 servings.

At the time a Star reporter called at the McKinney home, Sadie was preparing Lemon Chess Pie for the freezer. The recipe is unusual due to the fact that it calls for meal, which isn't ordinarily considered a pie ingredient.

LEMON CHESS PIE

Line 9 inch pie pan with pastry. In large bowl put 2 cups sugar, 1 teaspoon flour and 1-tablespoon corn meal. Toss lightly with a fork. Add four unbeaten eggs, 1/4 cup melted butter, 1/4 cup milk, 4 tablespoons grated lemon rind and 1/4 cup lemon juice.

Beat with rotary beater until smooth and thoroughly blended. Pour into pie shell and bake in moderate oven (375 degrees) 35 to 45 minutes or until top is golden brown.

Another unusual feature of this pie is that it will cut easily while still warm.

For a hurry-up dessert every homemaker needs to add the following cake recipe to her file. She will probably use it often.

TEN MINUTE CHOCOLATE FUDGE CAKE

Beat 3 eggs, 1 cup sugar, 3/4 cup flour, 1/4 cup cocoa, 1/4 cup melted butter and 1 teaspoon vanilla thoroughly. Pour into greased and floured pyrex pudding pan and bake seven to ten minutes in moderate oven.

AVOCADO SALAD

2 medium firm ripe tomatoes
1 avocado
1/3 cup French dressing
lettuce
salt

Cut out stem ends of tomatoes, slice 3/8 inch thick. Choose well-ripened avocado; strip off peeling carefully; cut into rings 1/4 inch thick, separate from seed. Arrange avocado rings and tomato slices in separate shallow pans; drizzle 1/2 of French dressing over each.

Cover, marinate in refrigerator 30 minutes. Arrange crisp lettuce cups on 6 individual salad plates, place tomato slice in each cup, sprinkle with salt, cover with avocado ring. Makes six servings.

Mrs. McKinney's favorite muffins are:

WHOLE WHEAT MUFFINS
1 1/2 cups all-purpose flour
1/2 cup whole wheat flour
2 1/4 teaspoons double-action baking powder
1 teaspoon salt
1/4 cup sugar
1 egg, beaten
1 cup milk
2 tablespoons Wesson Oil or melted shortening

Sift flour, measure, re-sift 3 times with baking powder, salt and sugar, the last time into a bowl. Combine next three ingredients. Stir quickly into flour mixture until dry ingredients are just dampened and batter has a lumpy appearance. Drop batter quickly into well-greased muffin pans, filling cups 2/3 full. Bake in moderate hot oven about 20 minutes.

Mr. and Mrs. Claude Osborn returned Saturday after spending several days at the bedside of Osborn's father, E. M. Osborn of Hope, Ark.

Mrs. Stowers Weds Charley Doak

In a double ring ceremony read by Rev. Hugh Blaylock in the bride's home at 10 a.m. Friday Mrs. Bertie Stowers and Charley Doak exchanged wedding vows. The bride wore a pink lace dress with white accessories and an orchid corsage.

The bridal attendants were Mr. and Mrs. Joe B. Collier. Mrs. Collier is a sister of the bride. Candlelighters were Mr. and Mrs. David Moseley. Mrs. Moseley is the groom's aunt.

A reception followed the ceremony. The serving table, from which Mrs. Ruby Barnett and Mrs. Hugh Blaylock served cake and punch, was centered with a white three tiered cake topped with a miniature bride and groom.

After a wedding trip Mr. and Mrs. Doak will be home here.

Delegates Present Convention Reports

Mrs. Leo McLellan and Mrs. C. W. Dixon attended the 7th District Texas Federated Women's Clubs convention at Borger Thursday and Friday of last week. Mrs. McLellan went as a delegate of the Friona Woman's Club. Mrs. Dixon is a member of the board of directors and was judge of one section of club reports.

Reports were given at the Wednesday afternoon meeting of the Friona Woman's Club at the club house at which there were

seventeen members present.

Mrs. S. E. Beaton, vice-president, conducted a brief business session.

"Projects by the Year" was the program topic. The quotation, "Each of us must practice our principles if we are to preserve our heritage." -- Judge Sarah T. Hughes.

Mrs. McLellan discussed the Penny Art and Musical Penny Fund.

Hostesses were Mesdames Charles Russell and Lem Miller. Refreshments of salad, coffee and nuts were served.

WEEKEND GUESTS

Miss Nelda Roberts, daughter of Mr. and Mrs. Floyd Roberts of Channing and Miss Helen Hamilton, daughter of Mr. and Mrs. Harry P. Hamilton were weekend guests in the home of Helen's parents. Both girls are freshman home economics majors at Eastern New Mexico University at Portales.

Mr. and Mrs. Jim McCabe and sons of Dawn and Mr. and Mrs. Clarence Behrends and children of Hereford were Sunday guests in the home of Mr. and Mrs. Bob Crozier.

Local Homemaker Prefers Simple Menus And Recipes

Although Mrs. M. B. McKinney collects recipes and has an endless number of recipes for main dishes, salads, desserts and drinks, she readily admits, "The recipes I prefer and use most often are simple and quick to prepare."

Since Mrs. McKinney, who before her marriage in 1946 was

Sadie Lea Ayers, is a minister's wife, it is possible that her preference for simple menus and recipes has developed due to the active life she leads. In order for her to have time to perform her duties as a homemaker in addition to

being a minister's wife and mother of three active children,

10 Men Indicted, Civil Cases Settled

Ten men were indicted by the Parmer County grand jury April 2. Six are in custody and their trials will be held either this week or later this month, depending upon whether they enter pleas of guilty or not guilty, and four are still at large.

District Judge E. A. Bills called in his petit jurors to hear civil cases April 6, but only one of the cases scheduled required a jury and even it was resolved in an 11th-hour settlement that permitted the jury to be dismissed.

The six men who were indicted for Parmer County crimes are J. D. Lane and Claude Yates, who are charged with burglary of Bovina Implement Company January 13; James McAlister for burglary of the Plains Farmers Gin Company office in Friona December 23;

William Sales for burglary of several Bovina service stations March 6;

James Rountree and Franklin Scalf for theft of tools from pickups, also in Bovina, two weeks ago.

All those indicted except Lane have indicated they will plead guilty and so their cases, which will require no jury, will be heard by Judge Bills Friday. Lane's trial will be Monday, April 27.

Civil cases on the docket Monday included Albert Jarvis vs. Roy Daniel. Jarvis, a worker for the Friona farmer, was suing for a total of \$72,000 damages as a result of an accident on the farm last April 22.

He became entangled in the mechanism of a mechanical post hole digger while in Daniel's employ.

He claimed his loss of earn-

ings because of the accident was \$50,000, medical expenses were \$2,000, and suffering and mental anguish entitled him to \$20,000.

The jury was impaneled and sworn in but during the noon recess a settlement was reached outside of court and the jurors never heard the story. Jarvis agreed to a settlement of \$1300.

A second damage suit settled out of court was Laquita Jones vs. Airline Vans. Mrs. Jones, the widow of L. A. Jones of Friona, sought damages of \$81,500 from the freight line.

Her husband was killed in a car wreck September 1 of 1957 on Highway 60 west of Friona. He was a passenger in a car driven by Russell Massey, also of Friona. Mrs. Massey was the third passenger.

The plaintiff sought to show

the accident was the fault of the truck which the Friona car was overtaking, and that the truck swerved out of its proper lane and forced the car to crash into a tree, killing Jones and injuring the other occupants.

Testimony was heard from accident witnesses by Judge Bills, but the settlement was made outside of his court. It was for \$8750 plus court costs to Mrs. Jones.

Still another civil case resolved outside of court was Percy Tipton vs. Commercial Standard Insurance Company. The Farwell man, who was working for Sherley - Anderson - Pitman elevator in May of last year, alleged that he was injured by fumigants and he sought workman's compensation damages.

He was allowed \$4656 and court costs by the company.

San Angelo Meeting To Discuss Ag Labor

Several local residents are planning to attend the Farm Bureau meeting Friday in San Angelo to hear Matt Triggs, Washington D. C. labor specialist for the American Farm Bureau Federation, speak on the encroachments in the field of domestic farm labor.

The one day affair will begin at 10 a.m. in the Town House in San Angelo.

Among those planning to make the jaunt to the meeting are Harry Hamilton, Jack Patterson, Raymond Euler and Roy Botkin.

J. H. West, president of the Texas Farm Bureau, says the proposed "encroachments" in the field of domestic farm labor would hurt the income of

every farmer and rancher in Texas if put into effect.

The Labor Department has proposed new regulations dealing with domestic farm workers (other than local) who are recruited through the U. S. Employment Service. Farmers using the Service would have to (1) provide housing acceptable to the Labor Department, (2) pay highest prevailing wage in an area, and (3) pay transportation costs for recruited workers.

CLARINET QUARTET---Bringing home a Division II rating the members of the Clarinet Quartet smile proudly. They are left to right, Jimmette McLain, Mikie Welch, Pamela Sue Roden and Peggy Holcomb.

Junior Literary Group Wins Three 'Firsts'

Members of the Junior Literary group composed of students in the 6th, 7th and 8th Grades won three first place awards at the Interscholastic League competitions in Tulia last weekend.

Those winning top honors at the meet included 5th Grade Picture Memory Team, 5th and 6th Grade Spelling and Spell-

ing 7th and 8th Grade.

The 5th Grade Picture Memory Team is composed of Frieda Floyd, Patsy Rule, Phyllis Holcomb, Tim Herring, Jill Blackburn, Tommy Sherley, Gail McGlothlin, and Willie Grace Grubbs. Alternates are Sheri Tannahill, Eldon Long, James Carroll Wilson and Bobby Horton.

Larry Hollis Squyres and Karen Sue Osborn tied for first place honors in the 5th and 6th Grade Spelling contest.

Iva Ben Parr was awarded a first place ribbon for his declamation in the 5th and 6th Grade first place for her efforts in the girl's 7th and 8th Grade Spelling contest.

Johnny Mabry won a fourth place ribbon for his declamation in the 5th and 6th grade section while Monte Sue Welch won a third place ribbon for her efforts in this division.

Greta Mears and Jimmy Stokes were awarded fourth place ribbons for their declamation efforts in the 7th and 8th Grade competition.

David Talley, Ed Whatley, assisted by Clair Savage, alter-

Hi School Hi Litter

By Judy Smith

Congratulations to those receiving ratings in the choir contest at Canyon. The ratings are as follows: Suzanne Taylor-II, Jonnie Hand-II, LaVon Fleming-II, Robbie Osborn-III, Carolyn Wines-I, Gerald Daniel - I, and Johnny Miller - II. The choir, itself, received a II both in sight reading and in performance.

Saturday, the junior high band went to Canyon for their contest. A number of the students having solos received ratings of I's and II's.

The junior-senior banquet is over and the juniors have quietly gone to planning their variety show. The show which is scheduled for April 17 is being planned by Phyllis Bainum and several of her committee members. Anyone having suggestions as to local talent may see Phyllis at their earliest possible convenience.

Last week having been F. H. A. week we surely en-

joyed the homemade candy sold at noon.

The Best Way of Life

Buy... where your trade helps to sustain prosperity you can enjoy

it depends on what you like, of course. There is the warm neighborliness... the dignity and satisfaction of life in a community like ours... and there is life as it is lived in the cities... as one of the scrambling herd... where neighborliness is viewed with suspicion... and squalor is the lot of anybody who gets pushed aside in the rat race.

- Those of us who live here have already voted our preference... for this more tranquil smaller community unit

as a way of living. We like churches where everybody knows everybody else... and schools where we know our children's teachers... and they know us. We like living that is more calm, easier, safer... and we like business dealings with neighbors we can depend on.

- But happy communities don't just grow... they have to be built. It takes revolving money... local trade volume... to build and maintain and enrich our chosen way of life.

*It Pays to Buy
where you Live*

Sale Scenes at Junior Stock Show

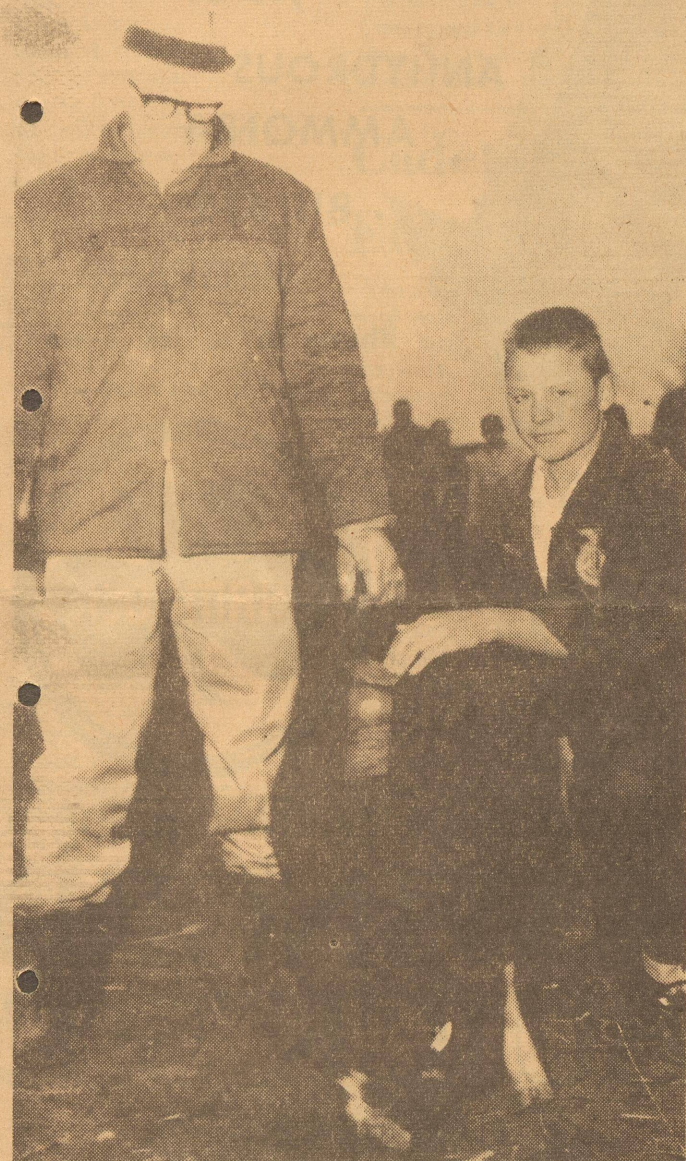

Grand Champion Calf

GRAND CHAMPION CALF (left) Owned and sold by Darrell Jennings of the Lazbuddie FFA Chapter to Bill Nunn of Carl McCaslin Lumber Inc. of Friona. Darrell got a premium of 40 cents per pound for his handsome Hereford and following this picture warmed up after he found what price the animal brought in the sale ring. RESERVE CHAMPION CALF (right) Owned and sold by Billy Hardage of Lazbuddie FFA Chapter to Bob Anderson of the Security State Bank of Farwell. The black Angus calf brought young Hardage a premium price of 35.75 cents per pound. Despite the "East Texas" weather bidding got hot and heavy during the calf sale which was the last item on the sale ring of the Parmer County Livestock Show. The show was held in Friona Friday and Saturday of last week and sponsored by the Friona Lions Club.

Reserve Champion Calf

Grand Champion Hog

GRAND CHAMPION HOG ---- Dickie Geries of Bovina holds his rosette proudly on his champion hog which topped the show and was purchased by Doyle Cummings, left, of Cummings Farm Store Inc. of Friona. Purchase price of the Grand Champion hog was \$1.30 per pound for a total of \$283.40 for young Geries. RESERVE CHAMPION HOG (right) was owned by Barry Elmore of Friona and brought a bid of 55 cents per pound from Martel Levec of Plainview Production Credit Association of Muleshoe. Young Elmore took home a check for \$116.60 for his hog. A total of 85 hogs were on the Sale Order of the show this year.

Friona Ensembles, Solists Win Honors

Friona band and choir members chalked up a total of seven first division marks and 16 second division marks at the Region XI solo and ensemble band and choir contests held last Friday at the West Texas State College in Canyon.

Those winning division I ratings included Ira Bruce Parr for his trombone solo, Iva Ben Parr with her trombone solo, Sharon Reeve for her flute solo, David Talley, a solo on a bass clarinet, Carolyn Wines for her alto solo song, Gerald Daniel for a baritone solo and Girls' Trio, Nancy Outland, LaVon Fleming and Jonnie Hand.

A long list of Division II's were listed by the Friona students and Dick Bentz, director of the band and choir says he was "well pleased with the student's individual and group efforts at the contests."

Bentz reports that the contest was judged "pretty rough" this year and many of the competing bands found themselves with many Division III's and lower ratings.

In the instrumental division of the contests Diana Taylor, clarinet; Carolyn Herring, flute; Dianne Jennings, flute; Kay Coffey, flute; Donna Blackburn, flute; Joby Claborn cornet; Bob Welch, cornet; David Carson, cornet, Royce Douglas, french horn, Tom Gee, alto sax won Division II ratings.

A clarinet quartet, composed of Jimmette McLain, Pamela Roden, Peggy Holcomb and Mike Welch won Division II ratings.

In the vocal department Jonnie Hand, soprano; Suzanne Taylor, soprano, LaVon Fleming, alto and John Miller, baritone all won Division II ratings for their solos.

The Friona Choir was awarded Division II ratings on their performance and sight reading efforts.

The band instrumental and solo contests were held Saturday with the vocal events preceding them on Friday.

Students and accompanists making the trip to Canyon included:

Jonnie Hand, Suzanne Taylor, LaVon Fleming, Carolyn Wines, Johnny Miller, Robbie Osborn, Gerald Daniel, Nancy Outland, Mrs. Eva Miller, Sharon Reeve, Mrs. F. W. Reeve, Kay Coffey, Carol Coffey, Carolyn Herring, Diana Taylor, Dianne Jennings, Brenda Deaton, Pat Foster, Royce Douglas, Nelda Douglas, Tom Gee, Gary Rennef, David Talley, Iva Parr, Bob Welch, Mikie Welch, David Carson, Janet Smith, Donna Blackburn, Joby Claborn, Ira Bruce Parr, Karen Trieder.

Members of the High School Girls Choir are:

1st Soprano -- Monte Baker, Karen Bails, Margie Carlton, Erma Lou Drake, Jonnie Hand, Sally Hough, Francis McGlothlin, Carolyn Parker, Juanita Schwab, Jolynda Stokes, Jodelia Taylor, Suzanne Taylor, Johnny Tomlin, Lois White;

2nd Soprano -- Phyllis Bainum, Carolyn Baxter, Janis Dickerson, Delores Elmore, Maxine LaFavers, Nancy Outland, Lanette Prichard, Adelle Smith, Judy Smith, Mary Tom Spring, Lawanna Towry, Rita Turner, Sue White;

Alto -- Winette Beaton, Joan

Beaty, Robbie Boggess, LaVon Fleming, Virginia Fulks, Debbie Hawkins, Linda O'Brian, Janet Smith, Jean Wilson and Carolyn Wines.

Santa Fe Makes Change In Service

In recent changes made in operation of the San Francisco Chief, due in Friona at 11:30 a.m., Friona has been made a flag stop. If no passengers on the train desire to get off here or parcel post to be delivered has no perishables, the train no longer stops.

Oscar Hellman, local Santa Fe agent, announces that this change has been made in an effort to speed up service across the nation. He further explains that any person or group desiring to ride the train may do so if enough time is given in advance of the train's arrival here.

Parcel post carried by this train will go through to Clovis and then return to Friona by truck later. First class mail service will be handled in the usual manner except that the mail pouches will be hung for the train to pick up without making a stop.

"Now, frankly," warned the doctor, "I must inform you that this is a very serious operation. Four out of five patients do not survive. Is there anything I can do for you before I begin?"

"Yes," said the patient, "help me on with my pants."

DIVISION I WINNERS --- Winners of a Division I rating for their efforts last weekend at Canyon are left to right Iva Parr, trombone solo; David Talley, bass clarinet solo and Sharon Reeve, flute solo.

Frionans Attend Highway 60 Association

A delegation of Frionans attended a Highway 60 Association meeting in Amarillo Monday evening.

The group making the trip

Schueler Does Practice Teaching

Public schools in 35 Texas cities are cooperating with North Texas State College this semester in the training of prospective teachers. The NTSC school of education has placed more than 450 college students in these cities as student teachers.

Those enrolled in the program include Arnold Schueler of Friona. The son of Mr. and Mrs. Robert H. Schueler of the Rhea Community, he is teaching at the Northwest High School in Justin.

included Mr. and Mrs. Grady Dodd, Mr. and Mrs. Flake Barber and Bill Raney.

They discussed advertising campaign ideas as presented by the National Highway 60 Association at the Amarillo meeting and saw movie slides of proposed signs and advertisements which are planned all across the nation promoting the use of Highway 60.

Dodd will attend the national association meeting which will take place in Pawhuska, Okla., during the middle of May.

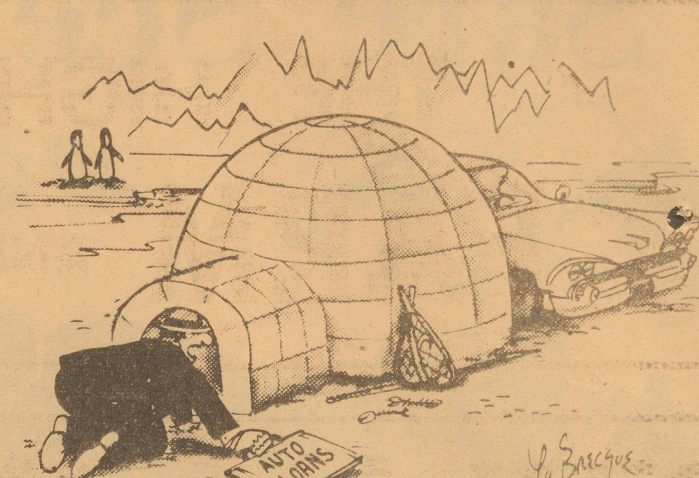

Dodd is Friona's official delegate to the association.

A journey of 1,000 miles begins with one pace.

Time is the best advisor.

Brownie Troop 144 met at the Methodist Church Monday afternoon at 4. After studying the Girl Scout Laws the history of the World Association of Girl Scouts was discussed. The hostess, Becky Turner, served candy.

Those present were Terri Sue Mabry, Vicki Moorman,

What if you have an accident a thousand miles from home?

Will you know where to turn for help?

You will know, if you've bought your car insurance through an independent agent in your community—a man you know and trust. Just as you would get in touch with him if you had an accident in your own block, you can get in touch with one of his fellow agents anywhere in the country.

There are over 100,000 independent agents in the United States who display the seal below. So, even 1,000 miles from home, you know there's an experienced independent agent as near as the nearest phone. You know that he can be at your side without delay, day or night, to protect your interests.

This seal identifies over 100,000 independent insurance agents across the country. Any one of them will be glad to assist you in any way, from getting prompt repairs to filling a claim.

Only an Independent Insurance Agent Can Display This Seal

150,000 FAMILIES HAVE ALREADY MADE THE MAGNIFICENT CHANGE TO

THE CLEAN WINGED STYLE OF BUICK '59!

Next time you look through your windshield at the unmistakably clean, sleek tail of a Buick '59... take a moment to envy its owner...

He owns THE Car... "hottest" thing on wheels today. He owns THE style that's farthest ahead both in public notice and in future trade-in worth.

He commands the most efficient automobile power plant in America today. (Buick's new Wildcat engines not only deliver an important increase in actual miles per gallon... but when you take car weight and performance into account, they get more out of each gallon of gas than any others.)

He stops with Buick's exclusive braking system. (Fin-cooled, front and rear, aluminum drums in front.)

When he wants to speed up or slow down, he feels the quick answers of the smoothest transmissions of all... (only Buick combines Twin Turbine* or Triple Turbine* transmission smoothness with Wildcat getaway.)

But why not find out for yourself? This car's quietness of motion. Its comfort of roominess and ride. Its willingness to do exactly what you wish of it.

You'll live so much better in a Buick '59. Let your Quality Buick Dealer show you why... and how easily the man in the Buick could be... YOU!

Visit your Quality Buick Dealer soon. He's anxious to show you why your family belongs in the next 150,000 to make the magnificent change to Buick '59!

*Optional at extra cost on some models.

TO OWNERS OF CARS IN "THE LEADING LOW-PRICED 3" You'll be surprised how easily you can own a Buick Le Sabre instead! Be sure to ask your Buick dealer about "THE MOST IMPORTANT \$200 IN THE AUTOMOBILE WORLD!"

THE HIGH PLAINS FARM AND HOME

3771 Acres Added Under B Plan

Parmer County cotton farmers increased their 1959 cotton allotments by 3771 acres under the new, so-called "B" plan recently. Under this plan they will be allowed to produce up to 40 per cent more cotton but with lower government price supports.

The 1959 allotment for regular or A plan cotton is 44,313, which means that the county will increase its acreage by about 8 1/2 per cent to a figure of 48,084 acres.

So, the total of B plan cotton allotments in the county this year is 13,199. That represents the original A plan, plus the amount that the B plan increased the first allotment.

Parmer County farmers were not far out of line in the general trend to B plan plantings, although, as had been suspected, were the larger cotton allotments prevailed in counties on the South Plains, greater participation was received.

choice program will have 130,293 additional acres to plant this year giving them a total allotted acreage of 2,265,044.

While participation in the "B" choice program was much lighter than expected by most agricultural observers across the nation, the High Plains area had about 15.2 per cent participation while the national participation was 15.7 per cent.

Plains Cotton Growers, Inc. members in the 23 counties will have more acreage available to plant this year than was available for planting in 1958. However, total allotments last year were greater, 2,279,436 acres against 2,265,044 acres for 1959, but last year farmers put 145,778 acres in the soil bank and there will be no soil bank this year.

Also farmers for 1959 took approximately a 6 per cent acreage cut. However, the additional 130,293 acres received by farmers who selected the "B" program pushes the total acreage available for planting higher than that acreage last year.

In Texas farmers who selected the "B" choice will receive an additional 428,121 acres and this pushes the total state acreage available for planting from 6,846,757 to 7,274,878 acres.

Nation-wide farmers who selected "B" received 1,023,529 additional acres and upped the total cotton acreage from 16,310,000 acres to 17,333,529 acres.

The 23 member counties of the PCG with increase average the PCG with increase acreage and total county allotments are given below.

County	Increase	Allotment

FRIONA MOTORS FRIONA W. HWY. 60

THE PARMER FARMER

by W. H. Graham Jr.

Snow in April isn't really unheard of on the High Plains, but it is at least deserving of passing mention.

While we do recall having seen flakes in the air during this month of spring several times before, we can't recall the last time it snowed enough or remained cold enough long enough for a snow cover to be on the ground. That very thing happened Sunday morning though.

We bet it will be a good while before the Parmer County area records another April 12 snowfall.

It's been a long time since we've seen farmers so concerned -- even worked up -- about the farm labor outlook. On top of the other bad news they've been getting from the government recently, farmers are now informed that the Labor Department is planning to drastically tighten regulations governing the importation and employment of Mexican national laborers. Furthermore, the inclusion of both these and domestic laborers under the Minimum Wage and Hour Law re-enactment is, for the first time ever, being seriously considered.

As a consequence, farmers are up in arms, and rightly so, we think, about the proposed new executive edicts governing labor on the farm. We have noticed that the agitation against these new moves seem to be the hottest on the South Plains where more Latin Americans have their permanent residence; but even on this part of the High Plains farmers are indicating their concern.

It would certainly be time well spent for every farmer of this area to take an interest in what is happening. Heretofore, such propositions have always seemed far removed and no one has given them much worry.

There are two things that farmers who don't want the yoke of organized farm labor around their neck should be doing. One is to attend the meetings that are being held around the country to both keep themselves informed, and to contribute their interest to efforts to keep the new regulations off. One will be in San Angelo Friday, sponsored by the Farm Bureau.

Another is to write, wire, or phone Senators Johnson, Yarborough, and Congressman Walter Rogers. Inform them what would happen if the Labor Department is allowed to go through with its new edict covering farm laborers.

Unless something is done, and done quickly, the farmer may very well find that 1959 became the year when Mexican National labor got to be too expensive and was too much trouble to use.

It also might be the year that the farmer had to start paying either \$1 or \$1.25 minimum wage to laborers, paying them time and a half for time put in over 35 or 40 hours, and complying with a host of other ruinous unjust and unnecessary regulations.

This is serious, fellows, and we hope you take action; now. The background of all this trouble stems from organized labor elsewhere in the country. For example, there are supposed to be between 4 1/2 and 5 million persons in the United States who are unemployed, and who are unable to find a job.

We think it would be interesting to know just how many of these people can't get a job, and just how many don't really WANT a job.

The idea is that the importation of Mexican labor in the Southwest is creating further surpluses in the labor market and that farmers should be required to use domestic labor before they can import any more Mexicans, and furthermore, that such domestic labor be accorded the same wage and hour protections that our largest industries now give.

Talk about a rough deal. That would be it!

H. D. AGENT'S CORNER

Jimmie Lou Wainscott

County 4-H demonstration contests: The county 4-H demonstration contests will be held in the courthouse in Farwell Saturday. A story on this appears elsewhere in this section.

Need a dress that can go to town, to church, on trips, or in formal social gatherings? A well-chosen street dress will look fine at any of those occasions, with only a slight change in accessories, say extension clothing specialists.

There are wonderful fabrics, colors and a variety of styles to choose from. Many stores have sales from time to time, where careful shoppers can find additional savings.

Current fashion offers many extreme styles. Before you buy, consider how many seasons you will need to wear the dress, and what color, style and fabric best suits your own individual needs.

Helpful suggestions on choosing becoming styles, colors and fabrics for street dresses are given in a new bulletin written by extension clothing specialists entitled, "BUYING A STREET DRESS." It tells what special qualities to look for in a street dress, and what to look for on labels.

Get a copy of the leaflet from your county home demonstration agent's office.

Your daily meals should supply you with many different nutrients, according to extension foods and nutrition specialists. You need protein for growth and for repair of the body; minerals and vitamins for growth and to keep the body functioning properly; and fat and carbohydrate for energy.

Most foods contain more than one nutrient. But no single

THE RAIN WAS NICE and some parts of the Parmer County area, especially those in the Lazbuddie community, received enough to make further pre-watering unnecessary. However, the first of this week it was "business as usual" for most farmers, and the majority didn't even shut off their wells during the wet spell. The purpose of this picture, made on a Rhea farm, is to show the difference of the wetness of the irrigated land and the remainder of the field. It's noticeable.

food contains all the nutrients in the amounts you need. To get all the nutrients you need, select some items for every meal from each of these major food groups -- fruits and vegetables; milk and milk products; meats, fish, poultry and eggs; and bread and cereals.

To combine these foods into tasty, attractive meals is easy to do, but it does take planning. Suggestions for doing this job are given in "GOOD MEALS EVERYDAY," a colorful bulletin written by foods and nutrition specialists.

Ask for a copy at your county home demonstration agent's office.

on any phase of the following subjects according to information compiled by County Agent Joe Jones and Home Demonstration Agent Jimmie Lou Wainscott.

Girls may compete in dairy foods preparation, poultry marketing and utilization including cutting up a chicken or preparation of foods using chicken or eggs; and vegetable preparation.

Boys are to compete in tractor operators contest, rifle contest and soil water and range conservation division. Only boys

enrolled in the tractor maintenance program are eligible for the first division.

Both boys and girls may enter an electric team demonstration, public speaking contest or give a safety method demonstration.

The salesgirl was describing a new fourpiece outfit a model was wearing. "If you remove the bodice, you have a playsuit. If you remove the skirt, you have a sunsuit. If you remove anything else, you have a lawsuit."

"The Place Where Most People Trade" Friona, Texas Wednesday, April 15, 1958

Our daddy just accidentally dropped in at a candy factory the other day and when he learned that they were still making horehound candy, he bought a pound for old times sake, although he admits he never could stand the stuff.

PCICN

Consider this: A farmer can't keep machinery rolling on "gone" tires. On the average (All Parmer County farms are above average) farm there are 40 or more wheels to keep rolling -- so farmers tire needs are continuous. Let us put Goodyear tires on your farm equipment for long miles of trouble-free service. More people ride on Goodyear tires than on any other kind.

PCICN

Our third grader, John Bill, is just beginning to study science at school and is really fascinated by all the things he reads in the new science books. The other day he told his teacher, "Miss Phillips, God sure put lots of things in the world for us to learn about."

By W. H. GRAHAM JR., County area's agricultural fortunes, showed a further decline in 1958. It dropped an average of 2.34 feet under Parmer County.

This, however, is the smallest decline measured since 1955 when pumping became very heavy and enough statistics were available for an accurate measurement of water table conditions.

REVIVAL

April 19-26

REV. O. B. (BUDDY) TESTERMAN

of the First Baptist Church
Cleburn, Texas

Evangelist

SERVICES

7:30 p.m. Prayer Service
8:00 p.m. Preaching
10:30 a.m. Preaching

Hydrologists who are carefully observing the underground water in storage under the irrigated High Plains are unanimous in their agreement that the 1958 rapid decline of the table in 1958 was due almost altogether to reduced pumping, which was in turn directly related to an increased amount of moisture in natural form during the year.

In 1947 the table declined 3.11 feet, and in 1956 the drop was 3.8 feet. Measurements taken prior to that time are not sufficient in number to produce an accurate data base, but it is generally believed that relatively heavy pumping of the more than 2500 wells now in general use produce a decline in the table of around three feet a year.

That being the case, the seven years of heavy pumping in the Parmer County area have lowered the water level an average of around 20 feet.

The recharge of the underground supply through natural means is calculated to be less than one per cent of the rate of present withdrawal amounts. Artificial recharge to stimulate the rate of recharge has shown promise but as yet has not had widespread application.

Measurements in observation wells are obtained around the first of the year during what is usually the slack pumping season. It will be noticed that during the early months of 1959 when the measurements were being taken in Parmer County that data on 16 wells was not

obtained. Dave Sherrill, district irrigation agent, says that such blanks in the information are usually the result of pumping during the time measurements are being taken.

That in itself is an indication that area farmers may be set to use more water than ever this year, because they were either watering wheat or pre-irrigating during the time of the year when field men find it most likely that the wells will be idle.

The tabulations run by Farm and Home this week were taken from the statistics appearing with this article, and it will be noted that only 30 observations wells have measurements for all three years listed. Averages were derived from those 30.

The average depth to water in the Parmer County wells this year was 189.28 feet. When measurements were made last year the table was 195.94 down. The year previous put the water at 183.83 feet below the surface.

Some interesting things to note about Parmer County water:

The shallowest observation well is near Lariat in the southern part of the county, where the depth to water is 105 feet. The deepest well is in the northern part of the county where it is 288 feet to water.

Officials found three wells

where the water table came up instead of declining. Those wells were Nos. 366 near Black, 384 near Friona, and 369 in the northern part of the Lazzard community.

In 1955, Parmer County's underground water resources were inventoried by actual measurement of the water bearing sands and the water in storage was placed at 16,380,000 acre feet by the High Plains Water District.

That gave Parmer County the most water in the district, and, in fact, established this county in the minds of many authorities as the most generously endowed county in the state in terms of water in storage available for irrigation.

There are many theories about the life expectancy of our underground water supplies. If the average annual decline is three feet and the average saturated portion of the water-bearing Ogalalla sand formation is 200 feet, then the water might be expected to last for 30 years.

This would be without consideration of any recharge, or expectations of the return of a wet cycle which would reduce the amount of pumping required.

Furthermore, as the water table declines, wells are deepened and pumps are lowered to keep fetching it to the surface. Costs of lifting the water increase rapidly as the depth of the lift increases. Even the modern turbine pumps cost a lot to buy, run and maintain when they are lifting water great distances.

If the cost of pumping continues to rise, this may discourage pumping to some extent. That is, it may become uneconomical to pump water and continue some farming practices.

It is also expected that long before the supply becomes depleted that artificial recharge, better use of water that is pumped, and other now almost insignificant factors will come into the picture.

In the meantime, the table continues its steady drop; a sign to farmers that conservation of this most valuable resource is a foremost consideration for the sake of the next generation; perhaps even this one.

Use of cattle and poultry manure as a source of plant nutrients and organic matter can mean profits in increased production and decreased fertilizer costs, reminds Bill Bennett, extension soil chemist. In general, a ton of dairy manure will be about equal to 100 pounds of 8-4-8 while a ton of poultry manure will equal about 100 pounds of 20-16-8.

NEWS FROM THE
FARM BUREAU
BY RAYMOND EULER

AFL-CIO Union Leaders have demanded that congress revise Federal Wage and Hour Laws to provide a seven-hour day, 35-hour work week for an estimated 20 million American workers. If labor insists that the 35 hour week should command the same income as the 40 hour week, the cost of manufactured items bought by farmers would increase approximately 12 percent.

Texas Farm Bureau is sponsoring a farm labor meeting in the Town House Hotel in San Angelo beginning at 10 a.m. Friday, this week. The purpose of this meeting is to try to prevent extension of the wage and hours law to include agricultural and retail work-

ers. Several Farm Bureau leaders from this area will be in this meeting, and you are urged to be there whether you belong to the Farm Bureau or not. Chambers of commerce will be represented, too.

Gilbert Kaltwasser, who has served as Farm Bureau President since July of 1955, stated in directors meeting last week that due to health and other reasons he felt he must resign. He felt, he said, that he should step aside as president, although he would continue to be active in every way he could.

Kaltwasser has, without a doubt, traveled more miles in behalf of Farm Bureau people than any other president since its organization in Farmer County. Issues affecting the farmer are increasing and Gilbert was always present when a meeting was called anywhere in the country to try to solve a problem. Vice-president Jack Patterson was instructed to select a nominating

committee to replace Kaltwasser. Patterson did not feel that he could fill the vacancy the balance of the year.

Roy V. Miller, chairman of the wheat committee took most members of the committee and others to Dimmitt Monday night to attend a meeting in the interest of wheat farmers.

Kenneth Neill contributed the hay for the stock show, and Roy Miller, FB Sec-Treas., sent his truck to bring it in. Farm Bureau has been securing bedding for these projects ever since we can remember, and sometimes it becomes quite a job. One year we had to go out and bale it from the wheat fields

ourselves. CONSIDER THIS: It is joy to the just to do judgement; but destruction shall be to the workers of iniquity. Proverbs 21:15

SOIL CONSERVATION DISTRICT NEWS

Some "close-to-home" studies on the relationship between foliage removal and plant root development were made at Iowa Park during 1957 by Soil Conservation Service technicians.

Native sideoats grama plants were transplanted to barrels in early spring. Three barrels, each 4 feet deep, were used. Beginning May 23, 1957, one grass was clipped to a height of one inch each week to represent overgrazing; another was clipped at 2 1/2 inches each month to represent proper use, while the third was left undisturbed.

The three samples were removed from the barrels on September 27, and soil washed from the roots. The overused grass that was clipped at the one inch height had produced a few roots to a depth of two feet but the majority of the roots had penetrated only six inches. Proper use, or the 2 1/2 inch clipping reduced the total volume of roots, but did not materially reduce the penetration which was 3 1/2 feet and was the bottom of the container. The undisturbed plant produced roots of uniform density to the bottom of the barrel.

Soil Conservation Service technicians at Seymour made an interesting study in 1953-54 on the comparison between amount of grass cover, depth of moisture penetration and forage production. The study was made on a deep hardland range site following a 6-inch rain in October, 1953. Three areas within a few yards of each other were selected. Amount of cover on each was determined by clipping and weighing the air dry material. On one plot with 3,000 pounds of cover per acre, moisture penetrated to a depth of 32 inches; on another, with 1500 pounds of cover per acre, depth of moisture was 19 inches; the third plot, with a cover of 500 pounds, had a moisture penetration of only 9 inches.

In August, 1954 the three plots were again clipped and weighed. Plot 1, with 3,000 pounds of cover per acre had grown 6,800 pounds of forage; Plot 2, 4200 pounds and Plot 3, 3600 pounds. Surely whenever percolation of water is reduced, runoff is accelerated.

It's the rain you keep that counts and management of your grasses makes the difference.

the bottom of the vase and can draw water easily. Cut flower stems under water to keep air bubbles from forming in the stems.

4. Three to four inches of water is enough for tulips and daffodils in an arrangement.

5. All flowers love light. It is a good idea to turn the vase once a day to keep the flowers from turning all in one direction towards the source of light.

6. If tulips should droop, you can straighten them by placing them under an overhead light. When the light is strong you can actually watch the flowers lift their heads. Be careful, though, not to bring the bulb too close when using light in this manner.

7. If your tulips and daffodils come from the garden, cut the stems with a sharp knife, near the bottom. Be sure not to take more than one leaf with each flower. The leaves are needed to produce food for the new bulb forming underground that will produce the flowers for next spring's garden.

Keep the soil moist, watering whenever it is dry to touch. Keep the plants out of extremely high temperatures (over 75) such as may occur in south and west windows on bright, sunny days.

Here is how you may carry over an Easter lily: After the plant is through blooming, continue to keep it in a bright location, water and fertilize it. Don't cut off the top of the plant, but let it wither and dry naturally.

When the soil warms up, plant the Easter lily outdoors in a sunny, well drained location with about 8 inches soil over the top of the bulb. The

plant will remain dormant until August, then will send up a new shoot which will bloom if the frost is not too early. In the following years it should bloom in July.

Roses sold as holiday pot plants will make good garden plants. After the plant is finished blooming indoors, cut off old flower clusters and keep the plant growing in a sunny location. Prune it back if it becomes leggy. When weather conditions permit, plant it in the garden, pruning it back immediately before planting.

Wisdom is the conqueror of fortune.

Treasurer's Report

REPORT of Mabel Reynolds, County Treasurer of Farmer County, Texas, of Receipts and Expenditures from January 1 to March 31, 1959, inclusive:

THE HAPPY HOMEMAKER
BY JUNIE FLOYD

Since growing flowers and sharing them with friends is enjoyed by just about every homemaker we know and this is the beginning of the blooming season for some locally grown flowers, we plan to share some helpful hints on cutting and caring for flowers with our readers.

The following paragraphs of this column were swiped from Margaret Turner who writes The Womens Angle in the Lubbock Avalanche Journal. When we lived in Lubbock County we read her column daily and enjoyed it very much.

"This is the time of year for tulips and daffodils. Whether you get the flowers from the florist, as a gift, or from your own garden, here are a few simple rules to keep them fresh for several days longer than you may have thought possible.

The Dutch Bulb Growers, drawing on 400 years of experience with tulips and daffodils, offer the following advice:

1. Wrap the flowers in several folds of newspaper, using string or elastic bands. Then plunge the flowers into cold water up to their necks, allowing them to stand for three or four hours in a cool room. The newspaper will keep the stems in an upright position while they grow tough and firm in the cold water.

2. Use a sharp knife in cutting flower stems. Scissors will pinch the stems and make it hard for them to draw up water. The more water in the stems, the firmer they will be.

3. Flower stems should be cut at a slant before being placed in a vase. That way they will not rest flat against

Junior Stock Show Winners Announced

Darrell Jennings, Lazbuddie FFA boy, had the grand champion calf at the Parmer County Junior Livestock Show in Friona last weekend. The calf brought \$368.40 and was bought by Carl McCaslin Lumber, Inc.

Reserve champion honors were taken by Billy Hardage, also of Lazbuddie. Security State Bank bought the calf for \$357.14. The animal weighed 999 pounds.

Complete results of the show:

STEEPS-8c/cent
GRAND CHAMPION--Darrell Jennings of Lazbuddie.
RESERVE GRAND CHAMPION--Billy Hardage of Lazbuddie.

CLASS I LIGHT STEERS (up to 650 lbs.)--Harold & Carol Redwine, first; Jan Wells, second; Rex Wells, third; Danny Smith, fourth; Dwaine Phipps, fifth.

CLASS II--MEDIUM WEIGHT STEERS (650 - 1,000 lbs.)--Darrell Jennings, Bobby Redwine, Jim Roy Wells, Dennis

Howell, Craig Coon.
CLASS III--HEAVY STEERS (over 1,000 lbs.)--Billy Hardage, first; Clements Bros., second; Richard Chitwood, third; Clements Bros., fourth; and Ronnie Wood, fifth.

HOGS
GRAND CHAMPION FAT BARROW--Dickie Gerles of Farwell.

GRAND CHAMPION FEMALE--Bobby Spears of Bovina.
RESERVE CHAMPION FAT BARROW -- Larry Elmore of Friona.

RESERVE CHAMPION FEMALE--Dickie Gerles of Farwell.

BERKSHIRE LIGHT BARROWS--Dickie Gerles, first; Bobby Daniel, second; Jim Greeson, third.

CHESTER WHITE LIGHT BARROWS -- Danny Miller, first; Linda Greeson, second; Gary Coker, third.

DUROC LIGHT BARROWS--Ben Rejino Jr. first; Calvin Mason, second; Calvin Mason, third.

HAMPSHIRE LIGHT BARROWS--Clements Bros., first; Mike Ellis, second; Joey Taylor, third.

LANDRACE LIGHT BARROWS--Tommy Barker, first; Tommy Barker, second; Larry Crow, third.

POLAND LIGHT BARROWS--Gary Johnson, first; Joe Tarter, second; Larry Webb, third.

TAMWORTH LIGHT BARROWS--Friona FFA, first, second, third.

CROSS BRED LIGHT BARROWS--Larry Elmore, first; Larry Elmore, second; Charles Ray, third.

BERKSHIRE HEAVY BARROWS -- Craig Coon, first,

Bruce Billingsley, second; Oneil Greeson, third.

CHESTER WHITE HEAVY BARROWS -- Bobby Gleeson, first; Bobby Gleeson, second; Pat O'Brian, third.

DUROC HEAVY BARROWS -- Jimmy Seaton, first; Ben Rejino Jr., second; Jimmy Seaton, third.

HAMPSHIRE HEAVY BARROWS -- Richard Gordon, first; Tommy Scales, second; Lee Gibson, third.

CROSSBRED HEAVY BARROWS -- Charles Frye, first; Jesse Shirley, second; Jesse Shirley, third.

BRED GILTS
DUROC -- Doyle Mabry, first; Reggie Hays, second; Joe Mabry, third.

HAMPSHIRE -- Bobby Spears, first; Don Clements, second; Joey Taylor, third.

LANDRACE -- Mike Robertson, first; Billy Loanman, second.

POLAND CHINA -- Dean Wines.

OPEN GILTS
BERKSHIRE -- Dickie Gerles, first; Richard White, second.

DUROC -- Larry Drake, first; Maynard Greeson, second; Tommy Scales, third.

HAMPSHIRE -- Don Clements, first; Eric Vance Rushing, second.

LANDRACE -- Larry Crow, first; Marion Anderson, second; Marion Anderson, third.

POLAND CHINA -- Allen Wilcox, first; Domino Trevino, second; Joe Riddle, third.

PEN OF THREE -- Linda & Bobby Gleeson, first; Mike Ellis, second; Tom Gee, third.

PEN OF FIVE -- Joey Taylor.

SOWS
CHAMPION SOW -- LaVerne Mabry.

DUROC -- Robbie Osborn, first.
HAMPSHIRE -- Connie Ray, first; Billy Loanman, second.

LANDRACE -- Jim Roy Wells.
POLAND CHINA -- Doyle Wasson.

SPOTTED POLAND CHINA -- LaVerne Mabry.

SOWS & LITTERS
CHAMPION SOW & LITTER -- LaVerne Mabry.
HAMPSHIRE -- Charles Love, first; Connie Ray, second.
DUROC -- Tommy Scales.
SPOTTED POLAND CHINA -- LaVerne Mabry.

GRAND CHAMPION FAT LAMB -- Pat O'Brian of Bovina.

RESERVE CHAMPION FAT LAMB -- Gary Doshier of Farwell.

CHAMPION (Fine Wool Division) -- Jim Greeson.

FAT WOOLS -- Jim Greeson, first; Gary Renner, second; Ted Renner, third.

SOUTH DOWNS -- Pat O'Brian, first.

CROSSBREDS -- Gary Doshier, first; Don Veritto, second; Gary Doshier, third.

PEN OF THREE FAT LAMBS -- Gary Doshier, first; Jim Greeson, second; Gary Brooks, third.

PEN OF 5 FAT LAMBS -- Jim Greeson, first; Gary Brooks, second.

BREEDING EWES -- Charles Shuk, first; Harold & Carol Redwine, second.

BREEDING RAMS -- Harold & Carol Redwine.

Parmer County Men To Meeting

Farm Bureau leaders from all over Texas will meet in San Angelo April 17 to discuss ways to combat proposed federal control of domestic agricultural labor. A delegation from Parmer County will be on hand.

Principal speaker will be Matt Triggs, Washington, D. C., labor specialist for the American Farm Bureau. The one-day meeting will begin at 10 a.m.

"If we are to be effective in heading off these back-handed attempts to unionize farm labor, it will take the concerted effort of everyone involved," says J. H. West, Texas Farm Bureau president.

The Labor Department has proposed new regulations dealing with domestic farm workers who are recruited through the U. S. Employment Service. Farmers using the Service

would have to (1) provide housing acceptable to the Labor Department, (2) pay highest prevailing wage in an area, and (3) pay transportation costs for recruited workers.

The Farm Bureau president said that the net effect of these proposed regulations would be to force all farm labor users to pay higher wages, and, in some cases, pay round trip transportation costs for long distances.

West said that unless Labor Secretary Mitchell can be convinced of the bad effects these proposals will have on agriculture, the Labor Department will publish them in the Federal Register and they will become law.

To Increase 1959 Potato Acreage

(Editor's Note: This is the fourth in a series of articles on new crops in the Parmer County area. Next week's will concern the Friona area vegetable deals, and the following Bovina's.)

Potatoes in the southern or "sandy land" part of the Parmer County area will probably increase in acreage this year. At least they will increase for Buck Gregory, owner of the Lariat potato shed.

The Lariat farmer will grow 225 acres of spuds this year, which will be up from the 175 he planted last year. In addition, he will probably come through with about 125 acres of fall potatoes to boost his total to around 350 for the season.

Things haven't been too cheerful for the potato producers of the High Plains recently. In fact, 1956 is the last good year the area potato growers have had.

The business has been a little bit risky for some of Gregory's neighbors who have been raising potatoes and putting them through his Lariat facilities. Several have dropped out,

and so far as he knows, he is his only customer this year.

There are, of course, other farmers in the Lariat - West Camp - Muleshoe area who will raise spuds. But most of these will go to Muleshoe sheds.

Gregory planted his potatoes from March 16 to March 26 this year. The seed stock this year has been of good quality and the price of seed has been lower, he reports.

Marketwise, things look favorable this spring. Potatoes are selling for about \$3.25 a hundred in the Chicago markets, and this is considered a healthy sign.

However, potato growers of the Plains emphasize that advance information of this type certainly shouldn't be counted on. It's what the price is at harvest time that counts, and potatoes, being a vegetable crop, have a way of fooling even the expert buyers and sellers.

It has definitely been established over the years that the irrigated High Plains can produce good potatoes, and in a respectable volume. But the main trouble with production from this area is that it often finds itself squeezed between the mammoth output of such states as California and the Southern producers when marketing time rolls around. That has always been a major drawback.

Potatoes, as a matter of fact, are the nation's most widely raised vegetable crop. They are found in substantial acreage from Maine to California and from Florida to Idaho.

That means competition in the strictest sense of the word between local growers and those from all over the country.
