tracks
 -by dave

This has been "one of those week" that happens to people occasionally, but it seems that they have been happening to this unlucky soul too regular of late.

You know what I mean, everything you touch turns to crud!

As a result of this hapless week we owe several apologies. One, to the members of the Friona Oddfellows. We attended a meeting where five young people reported on their summer trip to the United Nation's (the story appears in this week's issue of the paper,) and then through one of those circumstances which happen to newspapering folk, the story was left out.

Two, to the the members of the Friona Masonic Lodge. Several light years ago Hugh Moseley asked us to take some pictures for them of their building. We took some of them then promptly forgot the other two pictures -- (the pictures are ready now Hugh!)

Three, to the Tenth Street Church of Christ, for leaving out the name of their Evangelist last week, rather than putting in the wrong name--(the right name appears in this week's paper.)

Four, to the trustees of the Methodist Church for leaving the name of the church off their add in last week's paper--(it appears correctly this week.)

So--if there is anyone who we didn't peeve last week--well it looks as if we tried to get about everyone, don't know how we missed the Baptists.

We're sorry and hope you will accept our apologies.

Our News Editor, Don Watkins, brought this following jewel to our attention the other night -- somewhere we figure that a proof reader goofed-- "Lettuce will keep better and is less likely to turn brown if you wrap your head in a towel before you put in the refrigerator."

This sounds like good advice at first glance, but upon thinking about it for awhile I don't think I'd like my head in the icebox, whether it is wrapped in a towel or not!

Glenn Reeve Sr. and a group were talking about inflation the other afternoon over a cup of coffee and Glenn told of a story that had been related to him recently.

Seems that an old fellow came in and heard the bull-session then in session turn to the subject of inflation.

He listened for a while then said,

"I don't see how you people can talk about inflation . . . (instance, about 25 years ago I bought this fine Model T Ford car of mine and paid only \$750 for it. Just the other day I was stopped in the gas station and a fellow offered me \$750 for it . . . so things are about the same as they were then!"

GUN CLUB TO MEET TUESDAY NIGHT

Members of the Friona Gun Club will meet in the Friona State Bank's Community Room at 8 p.m. Tuesday night, according to an announcement from the officers of the organization.

A film will be shown dealing with the preservation of bobwhite.

All persons interested in guns, or the film are cordially invited.

RECORDS, SOAP, CIGARETTES--You name it, Deputy Tom Atkins and Sheriff Chas. Lovelace have it in this handsome collection of "loot," much of which was taken from Farwell businesses during the past week.

Dog Barks and Jig's Up for Big Burglars

The barking of a dog roused Jim Fisher about 11:30 last Wednesday evening. Curious to see the cause of the disturbance, Fisher looked out the window and noticed a 1954 Mercury sedan being driven into the driveway of his father-in-law, Willie Hardage, in east Farwell.

From the car, three men emerged and walked swiftly eastward. The men and the car were strangers to Fisher.

The next morning, Sheriff Chas. Lovelace's telephone began ringing at an early hour, and messages poured in from all over town. Eight Farwell businesses had been struck by burglars during the night.

It was Fisher's description of the car which led to the arrest of three men suspected of the crimes, and their admission a few hours later that they had committed the burglaries. This broke one of the biggest--in terms of numbers--series of burglaries in the community's history.

Right now the three men are behind bars in the county jail, awaiting the call of the grand jury which will be some time next month. They are charged with the burglaries, and have signed confessions admitting them. Bond for each man is set at \$2500.

The men are: John Morse, 21, Clovis, a former Cannon Air Force base airman who has been out of the service about a month but who is not now employed; William Lease, 22, and Herbert Hopkins, 19, both CAFB airmen who come from Ohio and Georgia, respectively.

After Fisher told Sheriff Lovelace of what he had seen Wednesday night, an "all points" bulletin was issued to watch for the car the Farwell

man had seen near his home. Clovis was checked out but failed to yield the looked-for vehicle.

Friday morning about 3 o'clock the break came when a deputy for the DeBaca County sheriff's department in Fort Sumner stopped a 1954 Mercury and the investigation was reported (through the Clovis sheriff's department, to Lovelace. Merchandise taken from businesses in Portales and Clovis was found in the car at the time.

This brought about the arrest of the trio. They waived extradition proceedings and New Mexico officers turned them over to Parmer County. Sheriff Lovelace began grilling his suspects. At first, all three denied knowledge of anything they were asked about. Morse was spokesman for the group and appeared to be the "brains." Only he would do any talking.

Later, as the men were questioned individually, Lease changed his tune and implicated their actions. When all three were brought together again, they jointly conceded the crimes.

Morse took the sheriff to his home in Clovis (he is married and has one child) and brought out some records the men admitted taking from a juke box in the Midget Cafe.

Sheriff Lovelace then asked the man if he would permit the officers to look through his home. He refused and they said a warrant permitting the search would then be obtained, so he changed his mind and let the lawmen in. Once inside, most of the merchandise which had been taken over the past six weeks of burglaries in Clovis, Portales, and Farwell was easily found. It consisted of almost every-

(Continued on Page 8)

County Purchases New Oldsmobile

Parmer County commissioners purchased the first motor vehicle owned by the county in many years Monday. They selected a Super 88 Oldsmobile from Parmer County Implement Company, Friona, priced at \$3639.

The car was delivered Monday and will be used by the sheriff's department. It is white, but will not bear any special insignia, except the ordinary exemption license plates.

Members of the court divided over the car that should be selected. They had been advertising for bids for about a month, and had received quotations from Parmer Implement, Friona Motors, and Reeve Chevrolet, all Friona businesses. Parmer Implement and Friona Motors submitted two bids (on differently equipped vehicles) each, and Reeve's made five. The bid selected was the highest of the group.

"The court felt that it was the best buy because of the equipment and everything considered," said Judge Loyde Brewer of the decision. He presides over the court and had the unusual role of voting to decide a tie.

The Oldsmobile is a four-door sedan equipped with automatic transmission, air conditioning, power steering,

power brakes, and other accessories. The other Parmer Implement bid was slightly lower for a car less completely equipped.

Reeve's bid was \$2905.70 for an Impala Chevrolet. The two bids on Fords were \$2841.28 and \$2691.28. A difference in air conditioning equipment was the main reason for the two bids from Friona Motors.

Sheriff Chas. Lovelace has been furnishing his own car for the duties of his office for many years. He has been paid mileage on his driving by the county. The court recently decided the county could own its own car as cheaply as pay mileage on the sheriff's, so a decision to invest in a car was made.

This is not the first time the county has owned a sheriff's department car, but it is the first time in recent years.

E. G. Phipps, Friona commissioner, motioned that the court take Reeve's bid. His action was seconded by Charlie Jefferson of Bovina. The motion was defeated by J. H. McDonald of Farwell, G. W. Crain of Lazbuddie, and Judge Brewer.

The motion that passed was made by McDonald and seconded by Crain. Phipps, Jefferson dis-sented and Judge Brewer affirmed.

HOW ABOUT A LIFT?--Coach Earl Smith is asking the Chiefs to try and lift him and the machine during the second week of workouts at the Chieftain stadium.

SCHOOL OPENS TODAY--

Faculty Complete

The Friona School Faculty is now complete with the addition of three new teachers, superintendent Alton Farr announced this week.

New teachers to the system include Mr. James Wilson of Follett, Wilson recently received his BA degree from West Texas State College and will teach high school social studies. This will be his first year in the teaching profession.

Another addition to the faculty is Mrs. Viola Treider who replaces Mrs. Maude Thibodeaux as one of the sixth grade teachers. Mrs. Treider has had two years teaching experience and recently received her BA degree from West Texas State.

Hired as a first grade teacher was Mrs. Steve Bavousett. Mrs. Bavousett holds a Master's Degree from West Texas State and has had seven year's experience in the field.

A new second grade teacher in the system will be Mrs. Otho Whitefield, who holds a Master's Degree from West Texas State and who has had 18 years of professional experience.

With the completion of the

Frionans Travel To Polls Tuesday

Vote "For"

Inasmuch as The Star is of the opinion that the City of Friona is a pretty swell place to live and the city has a lot of growing room this editorial is written to urge the voters to give much thought in Tuesday's election.

This election may well be the most important election ever held in the 50-odd year history of our fair city.

The Aldermanic form of government fills the bill as fitting the type of government which we thought we had prior to July 28.

The government of the city would lie in the hands of five Alderman and a Mayor.

Presently we have two councilmen, Eddie Meil and Glenn Reeve Sr., plus a Mayor, Raymond Fleming.

Tuesday, if approved, we will have three more Alderman to fill the council.

If the voters decide not to approve the Aldermanic form of city government we'll still be in the middle, with no recognized form of government.

So, in reality, in order to progress any at all the election must carry.

We urge you strongly to vote FOR the Aldermanic form of city government and rededicate ourselves to make Friona an even better place to live and raise a family.

City To Pick Aldermen New Form Of Government

Frionans will travel to the polls Tuesday in an effort to either finally pick out a "definite" form of government for the city of Friona.

The special election is a result of a legal technicality which came apparent when the city made plans to launch an effort to get \$300,000 worth of bonds approved by voters last month.

Following a legal investigation into just what sort of government the city had, legal representatives told city officials that they wouldn't try to make any efforts toward holding a bond election until the form of government is decided.

In Tuesday's election voters

will vote yea or nay on adopting the Aldermanic form of city government, and at the same time pick three alderman to fill the seats of the city council if the Aldermanic form is adopted.

This "doublebarrelled" election is designed to save time and money for the city and speed up as much as possible the bond election which city officials feel is a "must" for Friona.

Five candidates have filed to run for the three seats and these men include:

Deon Awtry, Danny Mack Bainum, Bill Nichols, Ralph W. Shelton and Glen C. Stevick. City officials have expressed much concern over the condition of the city streets and a slice of the \$300,000 bond issue was for the sealcoating of these streets.

With the lateness of the election and an early frost the streets could really suffer, says city manager Albert Field.

Westbrook Trains In Germany

Army Pvt. Dale R. Westbrook, son of Mr. and Mrs. Bee Westbrook of Route 2, Friona, is participating in a lengthy large-scale field training exercise with the 4th Armored Division in Grafenwohr, Germany. The exercise is scheduled to be concluded August 17.

The training is designed to test the combat readiness of the 4th Armored Division, a part of the NATO shield of defense in Europe.

A truck driver in Company D of the division's 54th Infantry in Heilbronn, Westbrook entered the Army last December and arrived in Europe in May.

The 23-year-old soldier attended Friona High School, his wife, the former Mary Bell McGlothlin, is with him in Germany.

Chief Hopes Lie In Soph Payoff

After watching the Chiefs workout for two weeks now, Coach Earl Smith says, "We're going to be slow and green the first two or three games. We are going to have to depend a lot on some sophomores coming up from last year's freshman team. Until we can get a few games under our belt, we don't look for much. However, the boys all still have that desire and spirit they showed when we first began and that is going to mean a lot.

Injuries are beginning to show up a little, but that is normal during the first few weeks. The boys have to get used to the contact again after laying off for the summer."

There have been five injured thus far. Bobby Daniel has been hospitalized with a knee injury and will be out for some time to come.

Larry Drake has been slowed down due to an injury to his heel and Jobey Claiborn will be out for at least two weeks or more due to a hip injury. Tommy Barker has a slight shoulder injury and Leslie Curry has a bruised ankle.

The Chiefs will see action the first time this season when they meet the Farwell Steers in the Chieftain Stadium at 8 p.m. September 4. All fans are urged to attend this opening and give the team their full support.

BEAUTIES AND BEASTS A' PLENTY--

Slate of Events Grows for M-Days

Several beards have been spotted, and the scattered wearers of Shaving Permits are becoming noticeable as the time begins to enter the last few weeks prior to the annual Friona Maize Days Celebration.

Also, Mrs. Eva Miller has reported that several contestants names have been entered in the Maize Days Queen Contest.

These names, and pictures of the entrants will be carried in subsequent issues of The Star.

Other contests have been planned for the three-day Celebration in addition to the Beard Growing, Queen's Contests and other events.

Friona Lions have announced that the Lion Club Carrousel will be on hand to provide entertainment at the Park all week long and that several new rides will be on hand. Rides will be provided by the Lone Star Amusement Company of Amarillo the same as last year.

Also this year another brand-new auto will be given away and an addition in this department is that members of the Friona Volunteer Fire Department will give away an aluminum boat and trailer.

So, as events begin to move along co-chairmen Flake Barber and Bob Ginsburg say that they hope "this year's Celebration will be even bigger and better than last year."

A tentative schedule of events

has already been drawn up but will not be published until it is positive that this is final.

Included in the children and young people's events will be the Pie-Eating Contest, Bicycle Roadoe and other activities.

The Queen's Contest will be held Thursday night, Sept. 10

Gospel Meeting To End Sunday

Roy Hazelton, evangelist of Beaumont, is holding a series of gospel meetings at the Church of Christ at Tenth and Euclid. Services will continue through Sunday evening.

Weekday services begin at 8 P.M. Sunday services will be at 10:30 a.m. and 8 p.m. Elders and members of the church cordially invite everyone in the area to attend.

COACH SMITH TO GIVE LIONS FOOTBALL FORECAST

Lions club members will have Coach Earl Smith of Friona as a guest speaker give a football forecast of the Friona High School football team fortunes during the coming season.

Included in his talk Coach Smith will give a rundown of the season prospects of the other district teams.

The meeting will be at 8 p.m. in the Friona Clubhouse.

Sgt. Bagwell Goes To Guam

Staff Sgt. Johnny Thomas Bagwell will leave September 23 for Guam where he will serve with the armed forces 18 months. He and his wife and daughter, Debbie, are visiting his mother, Mrs. R. L. Truax at Perryton, and Mrs. Bagwell's parents, Mr. and Mrs. G. D. Minchew of Friona.

Mrs. Bagwell and Debbie will remain here while the sergeant is overseas.

Labor's Insect Knows No Bounds

Last week many folks in our fair country expressed surprise at a news story that came out of our nation's capitol which told of the president of the electrical worker's union threats on representatives in Congress.

The threat, or promise, came following the passage of Landrum-Griffin bill.

The union president told representatives who voted in favor of this bill that "they would be taken care of at the polls in the next election."

How far can our nation's citizens permit this evil cancer of labor power to go? Like the gangrenous growth which forms in the human body the stench and corruption in our labor picture will finally kill that very life which supports it if not checked in time.

In recent weeks there has been hundreds of thousands of words uttered, written and voiced concerning the labor bills in Congress.

There are four bills currently in Congress which every citizen should examine as best he can. These are the Kennedy-Ervin bill; House Labor Committee (Elliott) bill; Landrum-Griffin bill and the Shelley bill.

Of these four pieces of legislation it is hard at first to pick the one that best would fit our needs today.

None of the bills pack enough power to suit this writer, but of the four above we believe to the best of our knowledge that the Landrum-Griffin Bill is the one which we should support.

All the bills favor in that they are patterned after the Kennedy-Ervin bill which has been much criticized, publicized and ostracized of late.

However, the big difference in all the bills is their degree of enforcement.

Certainly it goes without saying that unless a bill has "power" or "teeth" it isn't much

better than the paper it is printed upon.

That is why we favor the L-G Bill.

All the bills contain much the same union members' bill of rights, prohibitions against extortion picketing, union financial reporting and many other provisions.

The L-G Bill "provides criminal sanctions for enforcement of individual rights, prohibits all secondary boycotts, contains all forms of 'hot-cargo' agreements, forbids most forms of organizational picketing in addition to extortion picketing and would allow the states to handle labor dispute cases when the NLRB refuses to act."

As a person who was raised in a "union town" we still respect the rights of any individual working man, but we are convinced that when labor unions step out of the bounds of reason they should expect to be slapped back in line.

When the head of such a powerful organization as the Teamsters Union exhibits the actions he showed in being confronted by Kennedy's investigations we shudder. Labor has become synonymous with Crime.

As Bootlegging and the Syndicate became synonymous during the yesteryears, Labor once a proud organization, has become tattered and bespeckled with grime and corruption.

When the average citizen thinks of Labor today the names Hoffa, Dorfman, Cohen, Dio and other infamous men who's very existence depends upon extortion, blackmail, bribery and strongarm thievery.

To quote from the Lawrenceberg, (Kentucky) News--

"How effectively and successfully we face up to our responsibilities within the next few years and meet the challenge may well depend upon the destiny of our nation and the fate of the entire free world."

of specialization living on a farm doesn't mean that you will come in contact with a wide variety of things.

Perhaps youngsters living on farms now will look back to their childhood and say, "All we ever grew on our farm was cotton, maize and wheat."

This exhibit will give children and grown-ups an opportunity to see farm animals at their best.

As many names as there are it is amusing to note the number of times a single name will turn up in the same family. For several years there has been confusion in the Agee family regarding the name "Mildred." Mrs. Reeta Agee has only two sons and both of their married girls named Mildred.

She says it has been necessary for family members to say "Elden's Mildred" and "Maynard's Mildred." Since Betty, the youngest member of the family, was married Saturday evening to Eldon Wetsel, there's sure to be more confusion.

Maybe they can clarify the situations that arise by saying, "Betty's Eldon" and "Mildred's Eldon." At any rate, some amusing incidents are sure to happen.

Mr. and Mrs. Sid Sheffy at (Continued on Page 4)

YOU SHOULD HAVE SEEN THE ONE THAT GOT AWAY-- Zollie Capps, Industrial Arts teacher in Friona High School, shows off the 4 1/2 pound bass he caught in Lake Burson Saturday. He caught the game fish on an imitation mouse.

FEWER WORKERS IN FHA
Farmers Home Administration will operate its program in Texas this year with 117 fewer employees than it had a year ago at this time according to a statement this week from Walter T. McKay, the agency's State Director. Since the break in the drought, the agency, statewide, has reduced its force by more than 27 percent and has discontinued 7 of its field offices on a full-time basis. Insofar as the employees who lost their jobs, McKay said that in practically every case the training and experience they gained during their employment with Farmers Home Administration enabled them to step into jobs with banks, PCA's and other private and cooperative credit institutions--many of them at salaries better than they had with the government. In connection with the services available to farm families, there will be no change, according to McKay. He said that during the past three years more than 12,000 farmers and ranchers paid their loans in full to Farmers Home Administration, and for the most part had reached or regained a position where private and cooperative sources can now handle their credit needs. Farmers Home Administration will continue to make loans to eligible applicants for farm and home operating expenses; for the purchase of livestock and equipment needed to put their farm programs on a sound basis and to finance farm real estate purchases and improvements.

The exam question was a real puzzler. It asked why "psychic" is spelled with a "d."
The young man in the front corner did not have the answer but he felt that he could not leave the question unanswered. Shaking his head, he wrote, "It certainly seems psilly."

Those of us who have grown up on farms know that there's nothing cuter than a baby horse unless it is a baby calf, duck, chicken, pig or other animal. However, seeing them isn't as common as it was a few years ago.
It would probably be surprising to know how many children in our area have lived on a farm all their lives and yet never seen a baby farm animal of any kind. In this age

CHEVROLET
most m.p.g.* *miles per gallon
one of 7 big bests Chevrolet gives you over any car in its field
Proof that Chevy delivers the most miles from a gallon comes from an indisputable source: this year's Mobilgas Economy Run. For a pair of Chevrolet sixes with Powerglide walked away with the first two places in their class -- got top mileage, in fact, of any full-sized car. Over the Run's long, rugged course, over mountain and desert in the long, long haul from Los Angeles to Kansas City, the winning Chevrolet averaged a whopping 22.38 miles per gallon. That's the kind of economy-engineering that keeps you saving while you drive!
BEST STYLE—It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."
BEST BRAKES—In competitive tests of repeated stops from highway speeds, conducted by NASCAR**, Chevy outstopped both of the "other two." Naturally—Chevy brakes with bonded linings are far larger, built to lengthen brake life by up to 66%.
BEST TRADE-IN—Look at the record—the used car prices in any N.A.D.A.† Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."
BEST ENGINE—Chevrolet engines have long won expert praise and, just recently, Chevrolet received the NASCAR Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines."
BEST ROOM—Official dimensions reported to A.M.A.‡ make this abundantly clear. Chevy front seat hip room, for instance, is as much as 5.9 inches wider than in comparable cars.
BEST RIDE—MOTOR TREND magazine names Chevy "the smoothest, most quiet, softest riding car in its price class." But this is one Chevy feature you really should discover for yourself, at your Chevrolet dealer's. Stop by soon!

➔ Buy at home . . . where service is more than a business

BIG JOKE

There are some folks who don't take seriously the many good arguments in favor of buying at home. Mention the benefits to be gained from patronizing home enterprise instead of the stores and service establishments in other towns and cities, and they take it as a big joke—a ludicrous effort to get their business by appealing to their community loyalty.

➔ But it's no joke. Or, if so, it's on the fellow who would be getting a bigger pay check if his neighbors gave his employer more business. Or maybe it's a joke on the citizen

whose property would bring more rent money if he and the rest of us put more of our community-prospering trade into home channels. Or perhaps it's a joke on the home town business man who would be more prosperous if so many of us didn't follow his lead and spend much of our money with city stores or mail order houses.

➔ But the real joke is on those of our children who grow up to find we have no place for them here . . . because we haven't kept our trading dollars at home to make jobs for them.

It Pays to Buy where you Live

BOY, IS SHE HAPPY!--Wonder if all the boys and girls in the area are this happy over going back to school, Barbara Loyd seems to be very pleased at the prospect. We also wonder if she will be this happy come six weeks test time.

Lazbuddie Pupils Register Aug. 28

Regular classes at Lazbuddie Public School begin Monday, Aug. 31, with registration scheduled for Friday morning, Aug. 28.

Approximately 375 students are expected to enroll. With less than a week remaining before opening day, three vacancies remain on the faculty. First and fourth grade teachers are needed in elementary while the high school home economics position remains open.

Buses will run Friday morning but children will be home by noon. Lunches will be served Monday in the school cafeteria. Students are urged to buy lunch tickets by the week or month to help make bookkeeping easier.

Extensive repairs have been made to school facilities and the area in front of the buildings has been paved during the summer.

Preceding the Friday registration will be a two-day workshop for teachers, to familiarize themselves with the school system and each other. New teachers include Scotty Windham, agriculture, a Texas Tech graduate and Mr. and Mrs. Ketchum from Hugo, Oklahoma.

The workshop will also be used by the teachers to plan the school year.

A list of the faculty includes James G. Ward, superintendent; Jack Black, high school principal; John Bond, football coach and history; Mrs. Lawrence, English and librarian; Purl Tiptoe, basketball coach, science and math; Bobby Crooks, assistant coach, seventh and eighth grades and drivers education; Windham, vocational agriculture; and Fredrick Byers, music.

Elementary faculty includes Fred Wilbanks, principal and junior high math; Mrs. Tiptoe,

first grade; Mrs. Ketchum, and Mrs. Saey second grade; Mrs. Tanner and Mrs. Wilbanks, third grade; Miss Maxwell, fifth grade; and Mr. Ketchum, sixth grade.

Football practice began Aug. 17 with 27 boys reporting. Coach Bond expects 35 boys out for practice by the time school starts. Thirteen lettermen including six starters are returning from last year's squad. Workouts begin at eight each evening.

The football schedule is as follows: New Deal, Sept. 4, here; Cooper, Sept. 11, there; Farwell, Sept. 18, there; Kress, Sept. 26, there; Wilson, Oct. 2, there; New Home, Oct. 9, here; Vega, Oct. 23, here; Bovina, Oct. 30, here; Hart, Nov. 6, there and Happy, Nov. 13, there. All games will begin at 8 o'clock except the Kress game which will be at 2 o'clock on Saturday.

Mr. and Mrs. Leon Smith, David and Tonie and Mr. and Mrs. Jim Sibert and children together with Mr. and Mrs. J. C. Redwine, Clyde, Harold and Carol are vacationing in Colorado for a few days.

Mrs. Archie Tarter passed away in the Hereford Hospital Monday morning. She has been ill for quite some time. Two sons, David and Joe are students in Lazbuddie schools. Her husband also survives.

COMPETITION

The manager of a department store put this notice in the window: "If you need it, we have it."

But in the window of a rival, a sign appeared stating: "If we don't have it, you don't need it."

back in town. They are parents of Jim Guinn and lived here several years ago.

Surely our luck has changed. It has been several weeks since we've had our telephone lines disconnected from the building on Monday morning. This condition plagued us for weeks and weeks and being rid of it sure adds to the pleasure of gathering news for the Star.

If you're bothered with mosquitoes, you will probably be interested in a recent report from the Texas Health Department. The first paragraph reads as follows: "There is a brand new wrinkle in the mosquito killing business."

The killing process, the putting of a bag of insecticide in a room, was discovered accidentally. Scientists at the Communicable Disease Center laboratory in Savannah, Ga., left work one afternoon. Inside the large lab room when they left was an unopened bag of insecticide.

Also in the room were some adult mosquitoes on which the scientists had been conducting tests and experiments, as part of the constant struggle against mosquito-borne disease.

After returning and finding the mosquitoes dead, the scientists went to work on perfecting the process. Once the technique has been perfected and proved safe, it may greatly simplify control of mosquitoes.

One of the prettiest kitchens we've seen lately is the newly remodeled combination kitchen-dining room in the home of Mrs. Mabelle Hartwell and her mother, Mrs. Charles Schlenker.

Mrs. Hartwell planned the re-doing and used a combination of pink and antiqued wood to make a very attractive room in addition to making the room larger.

These we like. Happiness makes up in height for what it lacks in length.

He who asks a question is fool for five minutes; he who does not ask a question remains a fool forever.

IN AND AROUND

(Continued from Page 2)

Dimmitt, long-time friends of ours, have a problem with the Dorothys in their family. Their oldest daughter was named Dorothy. Then when two of the boys grew up, they married girls with the same name.

Think Myrtle explained how they handled it, but the solution has escaped our memory. Seems that their daughter is still "Dorothy," Ted's wife, the former Dorothy Frances Graham, has a nickname, and Rex's wife, the former Dorothy Roberson of Bovina, is called "Dot."

Next time anyone asks us for a "sure-cure" to keep from getting old, we're going to suggest that those interested in staying young take up school teaching. Seeing Ethel Womble Wednesday was a real treat.

To avoid embarrassing Miss Womble, we will refrain from giving dates, but she was teaching when we attended school at Dimmitt a few years ago. However, she's still one of the youngest looking persons we know who were grown up at the time.

In a three way shift of places of residence last week Friona gained two new residents and lost two. After Floyd and Luan-wanna Crume moved to Littlefield, the Ben Moorman family moved into Robert Schueler's house on Washington St.

Then the Ray Foster family moved one door east from where they did live into the house vacated by the Moorman family. This left a place for Mr. and Mrs. C. A. Guinn, former residents who decided to move from Hereford to Friona.

It's nice to have the Guinns

NEWS FROM BLACK

Mr. and Mrs. Fern Barnett attended the funeral of Melvin James, 45 of Portales Wednesday. James was a brother-in-law of Mrs. Barnett, who spent the rest of the week in Portales staying with her sister.

Mr. and Mrs. Bill Carthel and boys returned home Tuesday night after vacationing at Red River then going on to Colorado and visiting with one of Carthel's sisters and family, then going on to Lakin, Kansas and visiting with another sister.

Jack Wayne and Jill Elaine Bell, twins of the Jerry Bells were brought home Wednesday from the Deaf Smith County hospital in Hereford where they have stayed since birth a couple of weeks ago.

Veveca Welch was honored on her fifth birthday, with a party given by her mother in the Hereford park Wednesday afternoon. Those attending were; Belta and Belinda Jackson, Rhonda and Jill Stephan; Linda, Connie, Steve, Gary Stone, Danny, Donnie, and Davy Carthel and Kevin Welch. Mothers attending were; Mrs. Earl Harkins, Mrs. Weldon Stephan, Mrs. Lawrence Jackson, Mrs. Travis Stone, Mrs. Bill Carthel and Mrs. Welch.

Telephone service was restored to the Hub line Thursday evening after they were put out of order by the winds on Tuesday.

Mr. and Mrs. Ralph Price and Jeffrey left Monday for Red River and plan to return on Wednesday. They plan to pick up Randy at Tucumcari on their way home. Randy has been visiting relatives in Phoenix, Ariz. the past couple of weeks.

Mr. and Mrs. R. E. Barnett spent from Wednesday until Saturday at their daughters' home in Lubbock. Mrs. George Brock returned with them on Saturday.

Mr. and Mrs. Lloyd Benger of Fargo, Oklahoma, have been visiting in the John Benger home. Wednesday the two Benger families began a short vacation by going to Carlsbad then on to El Paso and Juarez. Then to Truth or Consequences, Alamogordo, Cloudcroft and then to Ruidoso and back home Sunday night.

Mrs. G. H. Whitaker of Hereford and her daughter Mr. and Mrs. Leslie Smith and daughter of Fort Worth visited in the Woodrow Whitaker home Thursday afternoon.

Mrs. Kate McMillan of Borger spent a few days with her daughter Mrs. Johnny Benger and did some vegetable canning.

Mrs. Beatrice Brady returned to Clinton, Oklahoma, after spending the past month and a half in the home of her sister Mrs. T. J. Presley.

Sunday dinner guests in the Bill Carthel home were Mrs. Carthel's parents Mr. and Mrs. H. V. McCabe of Dawn and also her grandmother Mrs. Wayne Byrd also of Dawn. Other visitors Sunday afternoon were Mrs. Wayne Carthel, Mrs. Roy Golden and Ruby Carthel all of Hereford and Mrs. Emmett Tierce of Lockney.

Mr. and Mrs. Ellis Tatum

and Tommy and Debbie Houlette went to Ruidoso Thursday and returned Sunday.

Week end visitors in the Travis Stone home were Mr. and Mrs. David Peterson and children, Valetta, Wayland and Leslie of Wilson.

Mrs. Gertie Latta and Mr. and Mrs. Dale Pratt and Janice of Fort Supply, Oklahoma, spent week-end visiting with the John Bengers, and the Guy Lattas in Friona. They also visited the Loyde Brewers. The group all attended a picnic in Elwood Park in Amarillo Sunday and were joined by Mr. and Mrs. Harry Greene and Richard of Canyon, and Mr. and Mrs. Doyle Greene and children of Ama-

rillo. Mr. and Mrs. John Benger left the picnic and were supper guests in the home of Mrs. Benger's brother, Mr. and Mrs. Alan Bridges and family in Amarillo, before returning home.

Mr. and Mrs. T. J. Presley were Sunday dinner guests in the home of their daughter, Mr. and Mrs. Woodrow Whitaker and sons.

Mr. and Mrs. W. H. Welch of Amarillo and Mr. and Mrs. Gene Welch and children were Sunday dinner guests in the Wayne Welch home in Muleshoe.

Mr. and Mrs. Weldon Tatum and Mr. and Mrs. Alan Neff of Hereford left Monday for Conchas Lake, they plan to

return Wednesday.

Mr. and Mrs. J. R. Nazworth and sons, Dean and Billy spent the weekend at Conchas Lake.

Visitors in the Bill Carthel home Monday night were Mr. and Mrs. Harland Frye and Mr. and Mrs. Travis Stone and family.

Mr. and Mrs. Leroy Burrow and Brenda of Keyes, Oklahoma, have been visiting in the John and Johnnie Benger homes Mrs. Burrow is Benger's granddaughter.

Mr. and Mrs. Gene Welch and children and Mr. and Mrs. Weldon Stephan and girls visited in the Earl Harkins home Monday night.

Going Out Of The Way

"You came miles out of your way to visit me! Why?" exclaimed an isolated country woman who was ill. "I felt that you needed me," was the simple reply of her friend, "and I was glad to come." Soon she had the sick woman comfortable and her house cleaned.

Most of us are glad to lend a helping hand if the need lies along our regular path of activity, or if it does not inconvenience us too much. But how many of us go "out of our way" to do it? "Second-mile kindness" . . . the willingness to do more than is expected of us, in work, in sacrifice for others -- this brings the richest reward in joy.

Electric Substation To Provide Better Service

A new electric substation which will provide improved service for Farmer County customers of the Southwestern Public Service Company is being constructed about two miles south of Friona.

The new station, with a capacity of 7500 kilowatts, steps down the power from the 115,000 transmission line which runs from Hereford to Clovis, to 22,000 volts, feeding the power into the county-wide transmission system.

The project is scheduled for completion around September 15 and it will then provide the area with a two-way feed on

electric power. The present means of bringing power into the area is over the 22,000 volt system from Clovis. The new substation will now be the primary means of serving the region, with the old system being a secondary, or standby, means.

A crew of 10 men from the Southwestern Public Service Company's system of construction are building the new substation, with Cecil Markham in charge. Most of the men are making their temporary home in Friona during the construction period.

The project is part of South-

western Public Company's improvement and construction program which will see more than \$14,000,000 invested in the company's 45,000 square mile service area this year.

JOURNEY'S END

Two women who were maneuvering their car into a tight parking space gave up after a valiant struggle when the driver shut off the motor and said to her companion: "This is close enough. We can walk to the curb from here."

MANY VOLTS--This is the new substation of the Southwestern Public Service Company which is located about 2 miles south of Friona. When put into operation, it will bring better and more complete service to the company's customers in this area.

BY VERN SANFORD When we get in our boats we all of us have a tendency to rush across to the other side go to a distant spot to fish, of the lake, knowing full well

that fishing might be just as good right where we put in.

The same is true when we head for the coast. We seem to think that the farther away we go, the better fishing will be. Certainly I would not want to take anything away from the southern tip of Texas, or for that matter, from the mouth of the Sabine.

In fact I go there myself and enjoy every minute of it. On the other hand, I had occasion recently to take a comparatively short drive from my Austin home, so I did a little fishing on Copano Bay. We put in first at Glenn's bait house at the south end of the bridge near Bayside.

Next day we joined with Pat Autrey, who also runs a motel at Bayside. At Glenn's we fished with J. D. Derrough, who has been working those waters for a number of years. He knows where all the reefs are, and what hits around them.

He took us out to some of these reefs at night, to fish by one of the flares from an oil well out in Copano. On this particular night the flare had been extinguished. But when the flare is burning, dozens of boats go there every night and load up on trout.

J. D. is a bait fisherman. He doesn't care particularly for live shrimp, and says he has much better luck with frozen bait. Personally, we like a good live, frisky shrimp, but after all, we can't catch them as well as he can, so perhaps he has a point. One thing for sure, he's there when he can have all of either kind he needs, and he prefers 'em frozen.

From Autrey's place we took a look at the new bird island sanctuary planned by the Copano Club, headed by Dr. J. D. Bauer of Refugio. There we saw hundreds of shore birds making their summer homes. We saw eggs, baby birds and grandparents. There were big roseate spoonbills, egrets and herons by the hundreds.

They were nesting in the scrub oak trees that cover this

shell island. They brought in food for the baby birds from the surrounding wet lands.

This island, built of shell and thick with brush, is at the mouth of Mission Bay. The area is a wonderful spot for red fish. We caught several small ones and saw a number of large ones. Both Derrough and Autrey say that real red fishing period in Mission Bay begins in October. Anyway, they've sold me and I plan to get back there in October.

There are other nearby spots on the Texas coast which also have been overlooked by many fishermen. They include Bay City, Palacios, Port Lavaca and Port Aransas. Incidentally, Port Aransas now has another modern motel. It is the Paradise Isle, managed by W. C. Price, who formerly lived in Dallas. It is modern in every respect, with refrigerated air conditioning, TV and a radio with a marine band so you can listen to boatmen talking to one another.

Such places as the Paradise Isle motel are badly needed all along the coast. For many years accommodations on the coast

were geared to fishermen only. Groups of men usually went there, hired a boat and didn't spend too much time in their cabins. They weren't particularly interested in comfort.

Now times have changed. Families go to the coast today and trail their own boats. They want a swimming pool for the kiddies as well as comfortable rooms and good eating places. They launch their own boats, with a pair of 35 horsepower motors and the whole family goes fishing or boat riding. Some of these boat owners don't fish. They like to ride around and look at the islands and the birds, or just leisurely play around.

As a result, business has picked up even for the commercial boatmen, who find they still have about all the customers they can care for.

Right now most of the fishing on the coast is for kings, mackerel and trout. Of course, there are those who want the fighting bill fish or the big tarpon.

If you are just looking for tonnage, then go out for snapper. Raymond Muchowich, who oper-

ates the Party Boats at Freeport, says the hot weather hasn't affected deep sea fishing and that every day fishermen going out from Freeport come in with huge loads of red snapper and quite a few ling.

This is a trip that can give you more thrills and make you as tired as you've ever been in your life. You hook that big snapper down on the bottom, at about 150 feet. Then you hoist him to the top and over the side of the boat. By the time you've landed your third one you feel you have had enough punishment --but you can't quit. It's hard work--but it's fun, too!

Party boats leave the docks at 2 a.m. Some of the fishermen sleep on the way out. They are fortunate because they don't get awake enroute to the banks and then catch a tub full of fish, usually are very quiet when the boat starts back in about noon. They are plenty tired, and usually are ready to "hit the sack."

Yes sir, the Texas coast is an ideal place to take your family for this year's vacation if you haven't already had one. Or you can run down there for a couple of days at the weekend. It is worth the trip whether you fish or not. And it's worth a lot more if you fish.

Church Ceremony Unites Miss Vera Ann Jones and Beverly Barrett Banner Jr.

MRS. BEVERLY BARRETT BANNER JR.

Miss Vera Ann Jones, daughter of Mr. and Mrs. Raymond Jones of Friona, became the bride of Beverly Barrett Banner Jr. of 304 North Doty in Odessa at 7:30 p.m. Saturday in a double ring ceremony at the Friona Methodist Church. Mr. and Mrs. B. B. Banner Sr. of Greenville are parents of the groom.

The candlelight service was read by Rev. Hugh F. Blaylock, pastor of the church, before two pairs of candelabra flanked by baskets of white gladioli centered with a kneeling bench. The communion table above the altar was centered with a gold cross.

Mrs. Dorothy Hough, organist, and Mrs. Eva Miller, pianist, played the following prelude selections: "Traumerel" by Schumann, "Calm As The Night" by Bohm, "I Love Thee" by Grieg, "Angel's Serenade" by Braga, "Consolation" by Mandelssohn, "Agnus Die" by Bizet, "Intermezzo Sinfonico" by Pietro Mascagni. Traditional wedding marches were used.

Don Lewis, soloist, sang "O Perfect Love" by Barnby, "Panis Angelicus" by Franck and "The Wedding Prayer" by Dunlap.

Katie Debouy of Galveston was the maid of honor. She wore a dress of orchid silk organza over taffeta featuring a pleated skirt and fitted bodice with scoop neckline. Highlighting the dress was a satin bowed cummerbund.

Her matching flower headband was of nylon net and velvet embroidered with seed pearls. Her shoes were orchid silk. She carried a colonial bouquet fashioned around a lavender mum.

degree at Texas Tech.

Jones, a graduate of Friona High School, is a geology major. His thesis subject was "A Sedimentary Study of Dune Sands, Lamb and Bailey Counties, Texas, and White Sands National Monument, New Mexico."

Durley Wayne Hodgson, local teacher, was a candidate for a master's degree in secondary education from North Texas State College at Denton.

Lois Norwood of Friona, bridesmaid, was dressed identical to the maid-of-honor. Barbara Berry of Greenville, niece of the groom, was the flower girl.

Candlelighters were Bruce and Steven Jones of Amarillo, nephews of the bride.

Paul Banner of Greenville served as his brother's best man. Ushers and groomsmen were Billy R. Jones of Austin, brother of the bride, Charles L. Jones of Amarillo, another brother of the bride, Alton Berry of Greenville, brother-in-law of the groom, and Connie Newman of Hobbs.

Given in marriage by her father, the bride wore a floor-length gown of Rosepoint Chantilly lace over satin designed with a scalloped sabrina neckline. The molded bodice, featuring long sleeves which tapered to petal points, terminated with a point at the center front of the waistline.

Tiers of lace edged in scallops formed the magnificent skirt which flowed to a sweep in the back. Her silk illusion veil flowed from a hat of lace enhanced with sequins and scalloped edges of pearl trim. Her only jewelry was a strand of pearls belonging to her sister-in-law, Mrs. Charles L. Jones of Amarillo. She carried a lavender-throated orchid surrounded by garlands of stephanotis.

Mrs. Jones, mother of the bride, wore a steel blue lace dress with matching accessories and a corsage of white mums with silver trim.

The groom's mother, Mrs. Banner, wore a mauve lace dress with matching accessories and white mum corsage surrounded with orchid colored net.

Guests at the reception in Fellowship Hall were registered by Mrs. Louise Dickey, sister of the groom. Mrs. Charles L. Jones, sister-in-law of the bride, presided at the crystal cut-glass punch bowl.

Centering the lace covered table was an arrangement formed by the bride's bouquet, bouquets of the attendants and orchid tapers in silver candlesticks.

The three tiered white cake, topped with a miniature bride and groom and decorated with orchid colored rosettes, was served by the groom's sister, Mrs. Alton Berry. Others in the houseparty were Mrs. O. C. Jones and Mrs. R. N. Gore,

both of Friona. For a wedding trip to Mexico, City, Guadalajara and Lake Chapala the bride wore a clarinet sheath of ribbon-weave knit trimmed in satin with matching accessories.

The couple will be at home at 1206 Lincoln, Odessa.

Mrs. Banner is a graduate of Friona High School and received her Bachelor of Arts degree from North Texas State College at Denton, where she was a member of Sigma Tau Delta, English honorary fraternity; Alpha Chi, scholastic honorary; Wesley Foundation executive council; and Wesley Players executive council.

She has done special work in drama at Pasadena Playhouse, the University of Colorado and the University of Washington. For the past two years taught speech and drama at Hobbs High School, Hobbs, N. Mex.

Banner is a graduate of Texas University in Austin with a major in engineering. He is employed with the Gulf Oil Corporation in Odessa. During his two years in the armed forces he did overseas duty in Germany.

Fosters, Lambs Return From Wash., D. C.

Mr. and Mrs. Wesley Foster and Mr. and Mrs. Jake Lamb and Pat Foster recently returned from a two weeks vacation which included visits to Middleborough, Kentucky and Washington, D. C.

The trip began two Sundays back when the Fosters drove to Dallas to get Pat, who had been attending summer school. From Dallas, the two families motored to Kentucky. They were joined there by Mickey Conner, who is a nephew of Rhea Foster.

From Kentucky, they drove to Washington and remained in the nation's capital for four days. While there, they attended a session of the House of Representatives while they were discussing the much talked-about labor bill. They also attended a session of the Senate and made tours of the city itself. Wesley Foster says they had

a nice visit with Walter Rogers, but that of necessity it had to be brief in that the representatives were busy discussing the above mentioned labor bill.

The Fosters and the Lambs mailed post cards to friends while they were on their visit, and Wesley mailed an especially nice one to Hoyt Smith from Alabama. They all returned to Friona Sunday night.

Frionans Receive Degrees Recently

Two Frionans recently received master's degrees in summer commencement exercises. Billy Ray Jones, son of Mr. and Mrs. Raymond Jones and a native of this city, received his Master of Science

UNITED NATIONS REPRESENTATIVES--These five youngsters gave a talk to members of the local IOOF last week on their summer trip over the East Coast and a visit to the UN. They were sponsored by the Texas Grand Lodge of the IOOF.

Oddfellows Hear UN Representatives Report

Members of Circle 7 of the IOOF heard five youngsters, all representatives of the state organization to the United Nations Pilgrimage give a talk and show films and slides of their trip to the United Nations and other historic points in the east recently.

A packed hall of Oddfellows and Rebekkahs listened and watched as the youngsters showed films of their bus trip which began at Wichita Falls, Texas, and took them through the Ozarks, up the East Coast through Arlington, Valley

Forge, Washington D. C., and finally on to New York City and the United Nations.

The group of youngsters which told of their experiences included Pee Wee Gage of Needmore, Lee Johns of Pampa, Mildred Johnson of Pampa, Glenda Stevenson of Amarillo and Bob Robertson of Muleshoe.

Following their sightseeing tours on the East Coast the group spent an eventful week in New York attending the sessions of the United Nations.

Robertson reported on the "ins" of the UN, how they carry out their business, the

buildings, grounds and the inside duties of the UN.

Robertson also gave a report, on a short visit to the Russian Embassy. He told of the way the group was received and their final exit which came after members of the party "embarrassed" the ambassador and were asked to leave the premises.

After the visit to the UN the group traveled into Canada, down through the Midwest and home to Texas.

This trip is an annual affair sponsored by the Grand Lodge of the IOOF of Texas.

Mrs. Lucy Jones, Mgr.-Trea.

Drakes Tour Several States

Mr. and Mrs. Arthur Drake and daughters, Erna Lou, Betty, and Peggy, and Mr. and Mrs. A. O. Drake returned recently after spending about three weeks touring fourteen central and eastern states. The object of the trip was for Mrs. A. O. Drake to see the former home of her grandparents.

The group visited Mrs. Drake's cousin, Tucker Zollman, and his family at Lexington, Va. Mrs. Drake gives the following account of the trip:

"We went to see the house where my grandparents lived and also the house in which they were married 123 years ago. It was the first time I had been there in 69 years, but the country, and even the house where my grandparents were married, looked like I thought it would.

Both houses are still being lived in and are in good repair. They have been well kept and the families occupying them now let us tour the houses. My grandfather fenced off one corner of his land for a cemetery, and all the Zollmans and their colored slaves were buried there.

From Virginia we went to Washington, D. C., and spent one day. Then stopped in Chicago for two days. There we visited my two nephews, Earl and Dewey Adair, and their families and toured many places of interest.

After leaving Chicago we visited my only brother, Dr. W. B. Miller and his wife in Iowa. We also visited Art's sister, Mrs. Florence Hughes, and brother, Elbert Drake. Then stopped at Wichita, Kansas, and visited Art's cousin Clyde Eaton and his wife, Edna. This couple visited us here in 1927.

During the entire trip we drove 4400 miles and enjoyed every mile of it. We were in 14 states and the District of Columbia. The weather was nice all along the way. Our last stop was Little Rock, Ark."

When asked what part of the trip she enjoyed most, Betty replied, "I liked the flowers and green grass in Virginia."

Local Pastor Attends Convention

Rev. and Mrs. M. Alvin Askins, pastor of the Assembly of God Church, left early this week to attend the national biennial business and election sessions of the Assemblies of God in San Antonio, August 26 - Sept. 1.

Sessions of the convention will be held in the San Antonio Municipal Auditorium and the Alamo Stadium. Daily meetings will be in the auditorium and the Sunday evening evangelistic service will be conducted at the stadium. Attendance at night services is expected to exceed 6,000.

The Rev. Ralph M. Riggs, Springfield, Mo., general superintendent of the Assemblies of God, will open the convention with an address Wednesday evening, August 26. Daily devotional and evening evangelistic services will continue

tackle box, says Willard Crandall, Boating Editor of Sports Afield Magazine.

Almost a necessity as they are for yachts, marine radio telephones can be even more valuable for outboards. Radio direction finders, another new development, are of equal importance to large and small boats, while depth sounders, last of the trio of new electronic marvels for boats, even the score by being most useful for larger craft. But when the sounders are used to search for fish, their value is just as great with a standard outboard as with a 35-foot glass-enclosed cruiser.

A radio telephone is as simple to operate as an ordinary dial telephone. It clicks to the right channel, as easily as a television set. Turn the receiver switch on and listen over the speaker (a few sets have headphones instead) to be sure there's no conversation going on you'd interrupt. Then flip the transmitter switch and talk into the microphone, which is usually on a flexible cord. There is no need to be mystified by the "lingo" of talking over the air.

Radio direction finders are simply radio receivers with such extras as are essential and helpful in determining as exactly as possible the direction of any radio broadcast or signal being received. Chief of these extras is a rotating loop aerial. It is spun, automatically on more expensive sets, to whatever point gives the strongest signal. This shows the exact line the broadcast is traveling to reach the boat, but does not in itself show which end of this line the station is on.

throughout the convention. In addition, business, elections, and reports will be included in afternoon sessions.

Evening services will emphasize evangelism with six leading ministers of the Assemblies of God scheduled to speak. Each service will be open to the public.

Joy Baldwin To Be Speaker

"Our Dependence On God" will be the theme of the program at the regular fifth Friday meeting of the Interdenominational Church Women at the Methodist Church. Joy Baldwin will be the principal speaker.

A nursery will be provided during the meeting which will begin at 2:30. All women are invited to attend by Mrs. C. W. Dixon, chairman.

Guy Lattas Have Guests

Guests in the home of Mr. and Mrs. Guy Latta last week were Mr. and Mrs. Leroy Burrow and daughter, Brenda Kay, of Keyes, Okla. Mrs. Burrow is Mrs. Latta's niece.

Weekend guests were Mr. and Mrs. Dale Pratt and daughter, Janice, and Mrs. J. G. Latta all of Fort Sill, Okla. Mrs. Pratt is Latta's sister and Mrs. J. G. Latta is his mother.

Local Residents Attend Funeral

Mr. and Mrs. Eugene Nidey and daughters and Mr. and Mrs. Calvin Martin attended funeral services for Oscar Nidey at Springfield, Colo., Sunday of last week.

Nidey, uncle of Eugene Nidey, had been seriously ill several months.

Shower Fetes Betty Agee

A bridal shower at the First Baptist Church parlor last Wednesday afternoon honored Mrs. Eldon Wetsel, the former Miss Betty Agee.

Hostesses were Mesdames C. W. Dixon, E. S. Euler, Johnny Mars, L. R. Dilger, L. R. White, Roy V. Miller Sr., Herschel Johnson, H. T. Magnus and G. B. Buske.

The lace covered serving table was centered with a floral arrangement of white glads and aqua carnations. Individual cakes topped with aqua flowers and punch were served. Music was furnished by Helen Hamilton and Nancy Outland.

Those attending and sending gifts were Mesdames Harry Hamilton, Duane Martin, Charles Baldwin, Glynn Don Hughes, S. L. McLellan, Charlie Turner, Glenn E. Reeve, George H. Anderson, E. E. Taylor, W. F. Coghill, Spencer Hough and A. L. Black.

Also Mesdames Charles Allen J. T. Gee, Dan Ethridge, Ross Miller, Tom Pruitt and Melissa, Jerry Houlette, Ellis Tatum, Giles Cobb, Leonard Haws, Sam Williams, Bert Chitwood, E. R. Day, Joe Collier, G. B. Reed, David Mosely, R. J. Renner Jr.

Relatives Of Local Women Killed In Fire

when they leaped from third story windows. Another daughter was in East Texas at the time of the fire.

The fire apparently started in the basement of the three story apartment building, but the cause is still unknown at the present time.

The Stones were cousins of Mrs. J. B. Williams.

Also Mesdames Philip Weatherly, A. S. Grubbs, Allen Stewart, Bill Stewart, Fern Barnett, A. W. Wood, Sam Jones, Baker Duggins, L. M. Crow, R. L. Houston, Paul Spring, Billy Joe Mercer, Casey Dunn, Billy Parker, Gordon Massey and Frank Truitt;

Also Mesdames Walter Cunningham, Forrest Osborn, S. T. Thornton, Ray Castleberry, F. L. Reed, Noyle E. Wood, George W. Jones, Lloyd Prewett, Truett Pool, W. B. Norwood, Joe Talley, John Wright, H. E. Barnett, J. P. Wilson and L. F. Lillard;

Also Mesdames J. H. Wise, and Bee Westbrook;

Also Mesdames W. E. Smith, O. B. Moyer, Joe Fallwell, T. E. Wood, Glen Williams, Johnny Brand, E. E. Deaton, John Burrow, Joe B. Douglas, David Carson, Pat Fallwell, Tom Lewis, Leon Massey, Wayne Stark, Raymond Fleming and Don Reeve;

Also Mesdames J. H. Wise, when they leaped from third story windows. Another daughter was in East Texas at the time of the fire.

By Ted Kesting

Just a few years ago, if you told anyone there was a radio telephone on your boat, it was just another way of saying you owned a yacht. Such instruments just weren't used on lesser craft.

In those days radio telephones were not the slim, efficient, simple-to-operate instruments that are available today, which are suitable for yachts and outboards alike. Now many efficient models are even smaller than a master angler's

ditioner out), \$12 in cash from register; Buck's Superette (cut hole in rear door), \$64.98 in cash from register; City Cleaners (pulled out door and reached in to unhook), \$12.25 in change in a money bag.

Asked the reason for the burglaries, Lease told officers "just for kicks." They have been linked with 9 or 10 similar offenses in Clovis and three in Portales.

Officers were first notified of the crimes by Alton Milstead, who opened the door of his City Cafe about 4:50 Thursday morning.

The first 18-hole golf course in the U. S. was opened for play in 1893 at Wheaton, Ill. The course was designed for the Chicago Golf Club, according to The World Book Encyclopedia.

Gasoline And Good Grades Don't Mix

The teenager hot rod enthusiast or jalopy jockey is becoming recognized as a special problem in many high schools.

He often presents a hazard to life and limb in the school area. He often uses the automobile to escape from extra-curricular activities which would be helpful to him. And all too frequently his automobile is responsible for poor grades. Sometimes it is responsible for his dropping out of school before graduation, according to an article in the NEA Journal, published by the National Education Association.

The issue came to the fore about a year ago when a high school principal at Rexburg, Idaho, found that in his senior class no straight A student drove an automobile to school, but 83 percent of the failures did. In between, 15 percent of the B students drove, 41 percent of the C students, and 71 percent of the D students.

Other principals then found a similar correlation between grades achieved and student driving customs. In some instances, however, this was not true.

It appears that among the economically privileged students, for whom the ownership and operation of an automobile presents no financial problem, a car is no particular handicap. It is a definite handicap, however, for the student who has to strain to find money for gas, oil, repairs and installment payments.

These students are apt to spend much time fussing over their automobiles to save money on repair bills, and they often drop out of school for several days at a time to get the money for payments or for operating expenses. Some even drop out of school entirely to earn the money to support their automobiles.

When the financial problem is not present, other difficulties often arise. Joy riding during the lunch hour, hot-rodding after school, and even beer-drinking in the cars are some of the disciplinary problems mentioned by various principals.

tration at school of student drivers, written requests from parents for permission for their inspection of parking areas during lunch time, use of assigned parking spaces, and requirements that buses be used for transportation to extra-curricular activities. Safety education campaigns are the rule.

Many private schools, but few public schools, have absolute prohibitions against student drivers. The school administrators in Danville, Indiana, found a few years ago that 50 students were driving to their small public high school. They undertook an ed-

ucational campaign to discourage the practice, and invoked strict regulations. By last year the number of student drivers was down to 25; this year there will be only 8.

An artist of our acquaintance, aged four, has for some time been turning out pictures he has explained to his friends and relatives as representing trees, houses, the moon, and so on. The other day, a week after the arrival of a television set in his home, he brandished an unusually fuzzy arrangement at his mother. Asked what it was, he replied, "Tooth decay."

WHIRLING JOE
"I've come to join my husband," said Mrs. Smith, arriving at the Golden Gates. "Delighted to meet you," replied the keeper. "What was your husband's name?" "Joseph Smith."
"I'm afraid that will not be sufficient for us to identify him. You see, we have quite a lot of Smiths up here. Are there any other means by which I can identify him?"
"Well, before he died he told me that if I ever kissed another man he would turn in his grave."
"Oh, I know the chap. Up here we call him Whirling Joe!"

MR. & MRS. ALLEN PARSON

Estella Scales And Allen Parson Exchange Wedding Vows Sunday

Estella Mae Scales, daughter of Mr. and Mrs. Charles C. Scales, and Allen Brents Parson, son of Mr. and Mrs. Joe Parson, exchanged wedding vows in the Scales home at 2:30 p.m. Sunday. The double ring ceremony was read by Rev. L. Axton Sartain, pastor of the First Baptist Church.

For the ceremony the couple stood before two satin decorated candelabra holding white tapers flanked by tall baskets of white mums.

Attendants were Junita Schwabb and T. E. Parson, cousin of the groom. Candlelighters were Mary Ellen and Nancy Scales, sisters of the bride.

The bride, given in marriage

by her father, wore a white street length dress of nylon lace over taffeta. Her only jewelry was a string of pearls which were a gift from her parents.

She wore a white lace bandeau outlined with satin flowers and carried a cascade of white carnations.

About 100 guests registered for the reception.

Mrs. Parson, a 1959 graduate of Friona High School, has been employed at the Bi-Wize Drug Store. Parson, a former employee of London Brothers Mobile Service, is employed at White Auto Store at Clovis.

After a wedding trip to points of interest in New Mexico, Mr. and Mrs. Parson will beat home in Clovis.

Marie Esquivel Plans Wedding

Mr. and Mrs. Santos Esquivel have announced the engagement and approaching marriage of their daughter, Marie, to Jesse Soliz of the Hub community. His parents are Mr. and Mrs. Pedro Garza.

Miss Esquivel plans a September wedding.

Deloris Fleming Weds Raymond Earl Clement In Church Ceremony

MRS. RAYMOND EARL CLEMENT

Mr. and Mrs. V. L. Stephens and son, Randy, of Lindsay, Calif., spent last week visiting in the home of Mrs. Ethel Adams and other Friona relatives. Mrs. Stephens, the former Donna Gay Stokes, is a grand-daughter of Mrs. Adams.

Mr. and Mrs. Karl Bender of Friona and Viddian Weis of Lubbock spent several days last week in New Mexico. They toured Carlsbad Cavern and visited other places of interest. Weis is moving from Perryton to Lubbock.

Group Attends Conference

Rev. and Mrs. Donald Kimbrough and children of Gotebo, Okla., visited Mrs. Kimbrough's parents, Mr. and Mrs. H. A. Hyde, last week. Saturday the two families drove to Glorieta, N. Mex., where they attended a district missionary conference at the Baptist Encampment.

Rev. Omer Hyde, district missionary from Olympia, Wash., and son of the H. A. Hydes, was also present for the meeting which lasted two days.

Other guests in the Hyde home last week were Mr. and Mrs. Truell Hyde and son and Mrs. and Mrs. C. T. Doolin all of Lubbock and Mr. and Mrs. T. S. Alair of Earth.

Humbleness is always grace; always dignity.—J. R. Lowell.

HD Club Hosts Family Party

Members of the Hub Home Demonstration club sponsored a community wide family party Monday evening. This affair is a regular project of the club.

Members and guests going to Hereford for a picnic and swimming party were the John Hands, T. I. Burlesons, Wes Longs, Buck Fallwells, Bill Wooleys, Weldon Stringers, James Mabrys, Jack Tomlins, Audrey Cannons, Jack Clarks, Jack Shirleys and Rene Sneads;

Also Mrs. John Renner and Teddy, Jimmie Lou Wainscott of Farwell, Elizabeth Worley, Larry Buckley and the M. E. McKinneys.

accident; Doris Carter, Bovina, medical;

Marguerite Bruce, Friona, medical; Mrs. Louis Stone, Bovina, O. B.; Francisco Ruiz, Jr., Hereford, medical; Agustin Lozoya, Friona, medical; Martie Brewer, Bovina, medical; Melba Dean Setliff, Friona, medical; Mrs. Kenneth McLellan, Friona, O. B.

Patients dismissed from Parmer County Hospital August 4th through August 10th:

Josephine Blackburn, Mrs. B. G. Calaway & baby boy, Mrs. Pete Leal, William Kim Philpott, Mrs. W. A. McConnell and baby girl, Jose Alejandro, Mrs. Wayne Massey, Mary Frances McGuire, Reuben C. Paurley;

Ruth Terry, Frieda J. Jackson, Louise Christian, Mrs. Delbert Timmins and baby boy, K. E. Deaton, Jake Laubhan, Mrs. Keith Garner, David Alaniz, Mrs. Kenneth Potter and baby boy;

Mrs. Don Sigle and baby boy, Julio Ortega, Steven E. Poster, Bennie B. Kent, Albert Cannon, Mrs. George Grant and baby girl, Joy Lindeman, Robert T. Eastman.

Circles To Meet Jointly

All three circles of the Woman's Society of Christian Service of the Friona Methodist Church will have a joint meeting in Fellowship Hall beginning with a luncheon at 1 p. m. September 1.

Guest speaker for the meeting will Mrs. C. C. Coffee of Lubbock. Mrs. Joe Moyer, chairman, urges all women of the church to attend.

Hospital Notes

Patients admitted to Parmer County Community Hospital August 4th through August 10th:

Steven E. Foster, Muleshoe, accident; William Kim Philpott, Muleshoe, medical; Albert Cannon, Friona, medical; Mrs. Wayne Massey, Friona, medical; Mrs. Keith Garner, Bovina, medical; Jose Alejandro, Hereford, medical; K. E. Deaton, Friona, medical; Robert T. Eastman, Hereford, medical;

Joy Lindeman, Friona, medical; Mrs. Kenneth Potter, Friona, O. B.; A. T. Eiland, Plainview, accident; Mary Frances McGuire, Friona, medical; W. C. Dalton, Bovina, medical; Gilbert Sena, Friona, accident; David Alaniz, Bovina,

of the family met at the home of Mr. and Mrs. Gilbert Boatman for an outdoor picnic supper. Those present besides the Oklahomans were Mrs. A. H. Boatman, Mr. and Mrs. S. L. McLellan and Joe;

Also Mr. and Mrs. Lloyd Rector, Larry, Ricky, Roy Don and Sherry; and Mr. and Mrs. Kenneth McLellan, Ronnie and Cliff.

New Addition To Haws Family

Ward Robin, a 7 lb. 8 oz. baby boy born at the Parmer County Community Hospital Tuesday of last week, is the newest member of the Walter Haws family.

Mr. and Mrs. Haws have two older sons, Dub and Wade. Mrs. Haws and Ward have been dismissed from the hospital. Grandparents are Mr. and Mrs. Leonard Haws of Friona, Roy Montgomery of Stinett and Mrs. Corene Montgomery of Canyon. Great-grandparents are Mr. and Mrs. W. H. Cogdill of Friona, Mr. and Mrs. Isom G. Hollabaugh of Canyon, Mrs. Ester M. Haws also of Friona, and F. J. Montgomery, Sturgis, Ky.

Light is the task where many share the toil.—Homer.

Baxter Family Has Reunion

Members of the J. W. Baxter family met at the home of Mr. and Mrs. Clarence Baxter and daughters, Mary and Helen, at Rye, Colo., Saturday for a reunion.

This was the first time in six years every member of the family had been together. Those present were Mr. and Mrs. Lonnie Baxter and Mr. and Mrs. Charley Baxter and sons, Kenny and Bobbie, all of Clovis;

Also Mr. and Mrs. Bill Baxter and daughters, Sue and Ann; J. W. Baxter and Janiece Bock; Mr. and Mrs. Louis Baxter and sons, Lynn, Tommy and Stevie; Mr. and Mrs. Calvin Martin and Mr. and Mrs. J. W. Baxter all of Friona;

Also Mr. and Mrs. Miles Robbins of Blunt, So. Dak.; Mr. and Mrs. Joe Baxter and sons, Victor and Guy, of Walsh, Colo.

Dinner for the group was served at San Isabel Lodge with Mr. and Mrs. J. W. Baxter as hosts.

Boatman Family Has Picnic

Mr. and Mrs. B. E. Todd and Linda Ann, Cynthia and Garry Boatman of Oklahoma City have been visitors in the homes of Mrs. A. H. Boatman and other relatives.

IF PRACTICE MAKES PERFECT, Mrs. C. H. Fallwell, better known as "Ma", should be the best cook in town. She has been cooking and serving meals in her home in the same location since 1929. Her regular boarders have numbered from two at the beginning to as many as 35 during the time there was a shortage of cafes here following the fire at Mary's about three years ago.

COOK OF THE WEEK

Cooks Lots, Yet Rarely Uses Conventional Recipes

"Ma" Fallwell, who operates a boarding house and dining room in her home in the east part of town isn't a native Texan, but she has lived on the High Plains almost 60 years. She was born in Kentucky and moved to a farm near Hereford with her parents, the late Mr. and Mrs. Ed Short in 1900. Soon after Mr. and Mrs. Fallwell moved to Friona in 1929, Mrs. Fallwell decided to rent her extra bedroom to two working girls and in the deal agreed to prepare meals for them. At the time Zola Coventry, who was employed by the Santa Fe Elevator, and Faye Singleterry, an employee of Crum Real Estate, moved in to board in the Fallwell home, meals were 25 cents each.

In discussing conditions down through the years, Mrs. Fallwell said, "At that time I could serve as good meals for 25 cents as I can now serve for \$1." She further stated, "My first two boarders still live here. Later Zola married Preach Cranfill and Faye married Elroy Wilson."

At the present time Mrs. Fallwell rents seven rooms and feeds an average of two dozen persons three times each day. Anyone who has ever eaten with her will vouch for the fact that she always feeds good. When asked about recipes for quantity cooking, Mrs. Fallwell said, "I rarely ever use a recipe. Down through the years I have developed a system so that I can prepare whatever amount of meat, vegetables or dessert that I feel I'm going to need without conventional recipes."

For the past six years Mrs. Pete Hollis has been Mrs. Fallwell's assistant. The two do all of the work but do not can or freeze vegetables. Upon being asked about home preservation of fruits and vegetables, Mrs. Fallwell replied, "We don't have time for anything except cooking, cleaning and washing dishes. It is necessary for us to take all the short cuts to be able to serve as many as we do. We make use of all the mixes and short-cuts available."

For a number of years Mr. Fallwell operated a wrecking yard near the family home, but in recent years ill health has forced him to retire. The couple are parents of three sons, Buck and Artis both of Friona and Ardean of Fayetteville, Ark.

They also have eight grandchildren. At the present time Marca Lynn, daughter of the Ardean Fallwells, is visiting in the Fallwell home.

When asked for a favorite menu, Mrs. Fallwell said, "When you want to please most men, just feed them steak, creamed potatoes and apple cobbler."

The oldest boarder Mrs. Fallwell has from the standpoint of length of time is Loyd Messenger. He has lived in the same room about six years.

Mrs. Fallwell offers the following suggestion for a quick tasty meal. She uses the main dish sometimes to fill in when she has more hungry people than she has planned for.

"If you have a cup of diced leftover chicken, you can use it as the basis of a tasty main dish. Add 1 can cream of chicken soup blended with 1/2 cup milk and a bit of diced green peppers or cooked carrots; Heat

and serve over hot biscuits." "Buttered green beans and jellied cranberry sauce go well with the chicken and hot biscuits."

Mrs. Fallwell and Mrs. Hollis do a lot of baking and recommend the two following recipes:

QUICK FRUIT COBBLER
1 cup flour
1 cup sugar
2 teaspoons baking powder
1 cup milk
dash of salt
Beat all ingredients together. Open large can of fruit and heat until almost boiling. Pour batter in baking dish in which 1/4 pound of butter has been melted.

Pour hot fruit over top and bake in 350 degree oven until batter rises to top and is brown.

ICE BOX COOKIES
1 cup shortening
1 1/2 cups sugar
2 eggs
1 teaspoon vanilla
3 cups sifted flour
2 tablespoons baking powder
1/4 teaspoon salt
1 cup chopped pecans
Cream shortening thoroughly and add sugar gradually. Cream until fluffy. Add beaten eggs and vanilla. Beat well. Sift together flour, salt and baking powder. Add to sugar mixture and mix well.

Add pecans and form dough into two rolls about 8 inches long and 2" thick. Wrap in waxed paper and store in refrigerator or freezer. When ready to bake, slice into 1/8 inch slices and place on greased baking sheet. Bake 8 to 10 minutes at 375 degrees.

L. J. McKenzie Has Birthday

L. J. McKenzie, long-time resident of Friona, observed his 80th birthday Sunday. Children attending his birthday dinner were Mr. and Mrs. R. A. Mc-

Kenzie and sons, Bill and Jim Rob, of Bronco, Texas; Mr. and Mrs. L. J. McKenzie Jr., De Rid and Betty of Levelland;

Also Odel and Edal McKenzie of Portales; Mr. and Mrs. M. E. Kuykendall and sons, Jack and Virgil, of Hereford; Mrs. Keith McKenzie of Richmond, Calif.;

and Mrs. W. W. Hulen of Fort Worth.

A huge birthday cake centered the linen covered table. The entire group joined in the singing of "Happy Birthday."

The afternoon was spent singing songs with violin and guitar accompaniment.

Party Honors Three Couples

Mr. and Mrs. Dave McReynolds, Mr. and Mrs. Don Watkins and Mr. and Mrs. Ronny Ferguson were guests of honor at a party in the home of Mr. and Mrs. Tom Lewellen Friday evening of last week. Each couple received a baby comforter.

Refreshments of ice cream and cake were served. Those present, besides the host couple and guests of honor, were Mr. and Mrs. W. H. Graham Jr. and sons, Ronnie, Hal and John, and Laurie Cooper of Farwell;

Also Mr. and Mrs. Forrest Osborn and sons, Carl and Teddy, Mr. and Mrs. Glenn Floyd and daughters, Freida and Susan, Mrs. Sally Kindstrand and daughters, Cindy and Carrie, David and Tommy McReynolds, and Delton Lewellen;

Also Lois Norwood, Margaret Mabry, Geneva Floyd, Tommie Lou Lewellen, Gerald Floyd, Vernon Stewart of Bovina, Maxine LaFavers and Kirk Matlock of Lubbock.

Mr. and Mrs. A. O. Drake and Arthur Drake spent Sunday visiting in the home of Mrs. Frances Howard and son, Josh, at Abernathy.

Mr. and Mrs. George Treider spent several days last week visiting Mr. and Mrs. Dale Treider and sons, Ricky and Chris. Chris is the newest addition to the Dale Treider family.

Presbyterian, Baptist and Methodist churches.

All single boys over 15 meet for services in a group named Bloyd Youth Association. They meet in the Nabertacle. This year Kim was elected president of the youth group. He served as vice-president last year. Cynthia Ann served as historian. Mr. and Mrs. Deon Awtrey and children, Ronnie and Sharen, joined the Caffey's for four days during last week.

Sandra Wright To Wed

Dalton Caffey's Attend Camp

Tommy Taylor

Mrs. W. C. Wright of Plainview, formerly of Friona, has announced the engagement and approaching marriage of her daughter, Sandra Lou, to Tommy Lee Taylor, son of Mr. and Mrs. James A. Taylor of Bovina.

Wedding vows for the couple will be read at 2 p.m. Saturday, September 5, in the First Baptist Church at Bovina. No formal invitations are being mailed but all friends of the couple are invited to attend the ceremony and the reception in Fellowship Hall.

Pay attention to the future: you will spend the rest of your life there.

Quality You Can Measure by your car's Performance

STOP THE BAD ONES--A worker in the Gregory Produce shed at Lariat picks damaged potatoes, and other foreign material that shouldn't go into the shed from the conveyor that takes the spuds from the water trough inside the shed to be graded and sacked.

Potatoes Near Harvest Finale

Potato harvest at Lariat and Friona is drawing to a close with about one week to go at Lariat and two or three at Friona.

This year has seen the price drop under the profit line of about two dollars per hundred and stay there most of the year, which means that growers have generally marked this one off as a loss. Currently, No. 1's are selling for about \$1.85. Price has been as low as \$1.50 but growers have been reluctant to harvest them for anything under \$1.75.

Buck Gregory, owner of Gregory Produce in Lariat, says his shed will finish operations next week. The shed was closed for a period of two weeks recently because of an illness in the Gregory family. About 50 acres have yet to be harvested.

Gregory says the spuds have been in the ground so long that they now require "color wax"

before leaving the shed. Also, the ground has become so hard that it breaks into clods and the potatoes have to be gathered by hand.

"Growers can't make a profit selling potatoes at the price they've been all this season," Gregory says. "Most of them will lose money."

Yield in the Lariat area has been better than expected. Hail severely damaged the crop early in the summer and the vines recovered slowly. About a half crop was expected but Gregory says his crop turned out about 150 sacks per acre so far.

Friona Growers and Shippers have about three more weeks harvest to process. But carrots, which started coming into the shed Wednesday of last week have already taken the lime-light away from low-priced spuds.

John O'Haugherty, salesman

for the Friona concern, says this yield will apparently be good and the early harvested ones have been selling for \$20 per ton, which although it isn't top price, still leaves the grower room to make a good profit.

There are about 600 acres of carrots in the Friona area.

THE PARMER FARMER

by W. H. Graham Jr.

The government has forecast a 10 to 15 percent decrease in the nation's production of grain sorghums this year (as compared with 1958), but to judge from the appearance of the crop on the Plains, our 1959 production will exceed considerably even last year's big crops.

One cannot help but wonder as he drives through the area, just where all that feed will go when it begins to come from the fields in a brownish-red torrent.

You may have noticed that during the past few weeks we have carried several articles

in this Farm and Home section devoted to the feeding of livestock on the farm. We plan to have more stories along the same line.

This is definitely an established trend, and it makes sense from several standpoints. We have the grain, and we can't sell it at a high price, so the idea is to "convert" it into eggs, poultry, pork or beef. Naturally, the success of this idea depends altogether on market conditions for these commodities into which the grain is converted.

In recent years (the past two especially) the low price of feed and the relatively high prices of beef products has made the practice worthwhile for red meat producers. And, feeding is definitely on the increase and will continue to grow in importance as the years roll by. The West Texas Chamber of Commerce conducted a survey which indicates that only about two-thirds enough beef is being produced in the Plains area to supply our own needs. . . the rest being "imported" from other parts of the nation. Clearly this is a situation that should be--and will be--corrected.

But, it will take time, and while this revolution in agriculture is taking place, what do we do with the three million acres of grain sorghum we'll have on the Plains this year? A good question. And there aren't any good answers. At least we haven't found anyone who thinks they have this problem figured out.

The result will be another year of low prices with Uncle Sam being the biggest customer.

"You don't mean to say you went to that expensive place to have your photograph taken?"

"But, my dear, they take marvelous photographs. Molly went there and you couldn't recognize her!"

Further Cotton Irrigation Will Damage Quality

Farmers will have to stop irrigating their cotton soon, regardless of the number of bolls it has put on to now, in order to harvest a crop of quality lint according to County Agent Joe Jones.

Jones says August 25 was the date cotton irrigation should have stopped, but if the first frost comes later than usual, irrigation might increase yields slightly.

"Farmers can't hope for very

high yields and high quality both on cotton that was hailed out and had to be replanted late in the season," Jones says. He advises them to shoot for high quality since efforts for top yields will probably be nipped in the bud by winter.

As long as irrigation continues, the cotton will continue to put on new bolls and the old crop will mature more slowly than if hot dry conditions prevail. A cooler-than-usual summer with heavy rainfall have combined with the fact the crop was started late to make the time between now and the first freeze a crucial race.

"Any square put on after September 1, will not have time to make an opened boll," the county agent says. This statement is based on his experience in Parmer County, and information supplied by the Texas Agricultural Extension Service, which conducted experiments on the experiment station east of Lubbock.

According to a report published by the extension service, from 132 to 165 days are required for cotton to progress from planting to emergence. Included in this period are 50 to 65 days required for white blooms to become open bolls

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

President Roy V. Miller and Legislative Chairman H. P. Hamilton attended the District II Policy Development meeting in Lubbock last week. Reports on the Educational Forum in Salt Lake City a few weeks ago were heard. Aside from these reports, the meeting was devoted to working out means of getting people of local Farm Bureaus to express themselves in the coming annual meetings so that resolutions coming from these groups will actually represent the membership. These methods will be used in the October convention of Parmer County Farm Bureau which we hope all farm members will attend.

Following is information about an educational contest we are sponsoring locally: The United Nations has 18 initialed agencies and affiliates operating, plus 3 or 4 others being proposed by UN promoters.

We doubt that there are 1/2 dozen people in Parmer County who know the descriptive titles indicated by the initials of 1/2 dozen of these 18 UN agencies. We doubt that those who do, could give any idea of the stated objectives of those agencies they might name, to say nothing of the apparent non-stated objectives being promoted in the various fields of Internationalism, as opposed to Nationalism, which includes Americanism, through the United Nations.

Remember that it is through the UN that most of America's domestic and foreign decisions are being made. (The U. S. Supreme Court has frequently referred to the United Nations Charter in making final decisions) and that this is an important and powerful agency that is determining your future, and that of coming generations in America. We hope you will seriously evaluate its worth as

you consider it in the light of traditional Americanism.

We feel that we will be doing an educational service if we can encourage some study of this little-understood organization. We hope we find that someone know a lot of the answers, but you may win by answering just one. We hope there will be a lot of response from you, the people. To the man or boy, and woman or girl who gives the most correct answers to the questions below, we will gladly give a nice, new Timex Wrist Watch.

HERE ARE THE SIMPLE RULES OF THE CONTEST:

1. Give your name, Parmer County Address and age.

2. Mail or bring your written or typed paper to the Farm Bureau Office in Friona not later than October 1, 1959.

Here is what we would like to have you tell us:

1. How many times is the word CHRISTIAN and the name GOD, mentioned in the UN Charter or Creed?

2. Below are listed the 18 initialed, officially operating agencies of the United Nations, and one proposed additional agency.

A. Give the full title indicated by the initials.

B. Briefly state the intent or purpose of the agency.

The agency initials are: 1. IAEA, 2. ILO, 3. FAO, 4. UNESCO, 5. WHO, 6. BANK, 7. IFC, 8. FUND, 9. IACO, 10. UPU, 11. ITU, 12. WMO, 13. IMCO, 14. GATT, 15. UNICEF, 16. UNHCR, 17. UNSF, and 18. UNEF. (19., SUNFED, is a proposed additional agency for which funds have not been appropriated).

NEWS

"The Place Where Most People Trade" Friona, Texas Wednesday, August 27, 1959

A friend of ours with four children is very vitamin conscious. She was discussing the nutritive value of food. Brown beans are full of vitamins and food value, but she says most folks soak beans overnight, drain then cook them.

She maintains that the vitamins are drained off. The beans should be cooked in the water in which they are soaked. Are you pouring the bean vitamins and food value down the sink drain?

Our two year old granddaughter loves to eat squash. She prefers to have it stewed, but always gets mixed up when she wants her mother to cook it and asks, "Can't we have mash for dinner?"

We have the combine you want and need on your farm--16 foot platform--14 or 18, also with 46" wide feeder, cylinder straw rack and cleaning unit, 80 horsepower IH 6-cylinder engine. Save your crop with International equipment.

Luxury and glamor, new convenience and practicality means the new Oldsmobile. Try one soon. You'll enjoy the looks and feel of Oldsmobile.

Dr. and Mrs. Paul Spring and Mr. and Mrs. Charles Allen are spending a few days in Red River. Think about half of Friona has been in Red River this summer.

Mrs. Dave McReynolds and sons, David and Tommy, are visiting her parents in Palestine, Texas, this week. Shirley hopes to bring her mother

back to Friona for the Maize Days celebration.

Big acreages call for the big strong International 650. Big power to handle 5 and 6 plow loads without a whimper. For the biggest in power see the big International W450.

Company at our house this weekend was our mother's sister, Mrs. Ray Wilson from Merkel, and the two Lubbock grandchildren, Beth and Jay Jordan. Also our two college-going daughters.

Now pick and shell your corn in one easy operation and save plenty in equipment cost, too! Use the McCormick corn unit on your combine. Come in and let us show you this new two row corn unit.

Even a mosquito doesn't get a slap on the back until he starts working.

Your present tractor may be the sweetest running rig in the neighborhood, but does it really make your time count as big as it should? With today's labor scarce and costly, you can't afford a tractor that doesn't handle all of your work with a minimum of time and effort. You get more in less time with International tractors. We have the size tractor you need.

Any automobile is glad to go to church on Sunday if it has a good guide.

Mr. and Mrs. Elroy Wilson will soon have a new home to move into. It is being built just north of the Ed Boggess

and 20 to 25 days for blooms to become full grown bolls. A cool damp September could slow maturing and make even more blooms, and squares stop short of good quality cotton. So as farmers cut off their irrigation motors they can start hoping for a break in the relatively cool, shower punctuated weather that can cut this year's production drastically.

Chop 45 TONS of corn silage AN HOUR

home on Prospect Street. You really should drive by the Boggess home. They have so many roses and such a lovely lawn.

McCormick trailing disk plows are easily and quickly adapted to the widest range of plowing conditions. Ask to see these plows.

Tickets for a "money" doll containing \$25 one dollar bills are on sale by members of the Progressive Study Club. Money will go to buy an ice-crusher for the Parmer County Community Hospital. Tickets are ten cents each and the doll will be given away during Maize Days.

You do not have to be present to win. The "money" doll is on display in the window of the Friona State Bank.

Says our neighbor: "I wish I knew as much positively as I did when I was seventeen. A real education is what you learn after you know it all."

When you need some really good stainless steel cookware, call Mrs. Tommie Parker at 2971 and she will be glad to give you a demonstration in your home. Tommie has recently accepted the agency for Lustre Craft cookware.

Old lady to little girl: "When I die, I'm going to leave all my money to my cat."

Quickly the small child asked, "And when you die, will you please leave your cat to me?"

THE HAPPY HOMEMAKER

BY JUNE FLOYD

With the beginning of school most homes in which school age children live will be keeping better schedules than have been kept during the summer. This is generally good and especially so from the standpoint of having regular hours for sleeping.

Most of us do not realize the importance of proper amounts of sleep for every member of our families. It is true that we can go for a period of time without enough sleep, but most medical authorities tell us that it is very unwise to do so.

In a recent magazine article, written by a medical doctor, dealing especially with the health problems of older people the following statement appeared: "A person never outgrows the need for eight hours sleep and three pints of milk every twenty-four hours."

One of our favorite publications is Round Up of Oven Meals presented by Reddy Kilowatt. This pamphlet, published by the home service department of Southwestern Public Service Company, is available at any local office of the company.

If space permits, we plan to give you one complete oven meal

each week for the next few weeks. The first one consists of pork chops with olives, spicy onions, fresh frozen broccoli, nut bread, molded Waldorf salad and banana Betty.

Procedure: Place pork chops in a covered baking dish on the lower rack. Place onions in a covered casserole on the lower rack. Place frozen broccoli with 1/4 cup of water in a covered pan on either the lower or upper rack.

Place the nut bread, uncovered on the upper rack. Place banana Betty, uncovered, on the upper rack. Prepare salad in the morning. Just before serving unmold and garnish.

PORK CHOPS AND OLIVES
6 pork chops
1/2 teaspoon salt
dash of pepper
1 1/2 tablespoons shortening
1 5-oz. jar stuffed olives chopped (save liquid)
3/4 cup hot water
4 large potatoes, peeled
1 large onion, chopped

Sprinkle chops lightly with salt and pepper, and brown slowly in melted shortening in a heavy skillet. Add olives, olive juice and water and simmer for 10 minutes. Cut potatoes into fourths and place them in an oiled baking dish.

Sprinkle with onion and arrange chops on top. Pour liquid remaining in skillet over all. Cover and bake at 375 degrees for 50 minutes, or with an oven meal. Yield: 6 servings.

SPICY ONIONS
12 medium onions
1/2 teaspoon salt
dash of pepper
1/2 cup catsup
1/2 cup honey
Parboil onions 5 minutes.

ANOTHER CATTLE FEEDING OPERATION is successfully engaged in by Joe Blair, who farms south of Texico-Farwell near the state line. Above is a bird's eye view of him at work giving his mixed herd of steers their "breakfast" of rolled oats and hulls. Below, he makes an adjustment on his home-made machine that takes the hard work out of getting feed to the stock. Blair fed about 100,000 pounds of grain last year, says he'll increase the use of this locally produced commodity this year. He has the herd on a quarter section that was once all in cultivation but since has been seeded back to grass and pasture (sudan) especially suitable for this.

Drain, season and place in an oiled baking dish. Combine catsup and honey and pour over onions. Cover and bake at 325 degrees. Yield 6 servings.

NUT BREAD
1 tablespoon shortening
1 cup sugar
1 egg
2 1/2 cups sifted enriched flour
3 teaspoons baking powder
1 cup milk
1 cup chopped nuts

Combine shortening, sugar and egg and beat well. Sift flour and baking powder together and add alternately with milk to the egg mixture. Add nuts and pour into an oiled loaf pan. Let stand for 20 minutes. Bake at 350 degrees for 50 minutes or with an oven yield.

BANANA BETTY
4 medium bananas
3 tablespoons sugar
1/2 teaspoon cinnamon
1 1/2 cups graham cracker crumbs (20 crackers)
1/4 cup butter or margarine
1 9-oz. can crushed pineapple
few drops lemon or lime juice
3 tablespoons honey
Peel bananas and slice 1/4" thick. Add sugar and cinnamon to crumbs and blend with softened butter. In a well oiled baking dish arrange alternate layers of crumbs, pineapple and bananas. On each layer of bananas add a few drops of

lemon juice and a little of the honey. Top crumbs; dot with butter. Bake at 350 degrees for 30 minutes. Serve plain or with lemon sauce.

MOLDED WALDORF SALAD
1 package lemon gelatin
1 cup hot water
1/2 cup cold water
1 1/2 cups diced red apples
1/2 cup chopped nuts
2 tablespoons sugar
2 tablespoons lemon juice
1 cup diced celery
1/4 cup diced sweet pickles
Dissolve gelatin in hot water. Add cold water and chill until

Pарmer, Castro Continue To Lead in Irrigation

Pарmer and Castro Counties continue to lead other counties in the High Plains Water District in acreage under irrigation. A survey recently completed by D. W. Sherrill, district irrigation agent, shows that Parmer farmers have 400,000 acres of land under irrigation and that their neighbors in Castro water 407,393 acres.

These figures were obtained in cooperation with county agents who keep close tabs on the number of wells, the well output, and other factors on irrigation on the local level.

Statistics obtained from all over the district can be noted in the tabulations accompanying this story. Some things that need explanation or emphasis:

Parmer County is shown to have only 2,400 irrigation wells. This is considerably smaller than other counties which irrigate large acreages, and can

be accounted for by the comparatively large output of our wells on an individual basis.

That is, most Parmer County irrigation wells still pump a full 8-inch pipe. To the east and south, in many cases High Plains farmers have found it necessary to drill additional wells to maintain the pumping capacity once available with only one well. For example, notice how the number of wells in Lamb and Lubbock Counties is double that of Parmer.

Notice how a diminishing supply of water in the eastern counties, particularly Floyd, has encouraged recharge wells. (It also should be pointed out that much of the District's original recharge well emphasis began in the eastern counties.)

Also, the reduced supply available apparently has encouraged a much greater net-

work of underground concrete pipe in some counties, particularly Lamb and Lubbock.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Arrangements have been made for a wildlife meeting in the community room of Friona State Bank September 1 at 8 PM.

A film entitled "Bobwhite through the Year" will be shown by Bob Cozier of the SCS. In this film, remarkable close-up photography allows the spectator to watch from a distance of only a few feet, a year in the life of a covey of bobwhite quail.

Beginning in the spring, a pair of quail hatches a brood of chicks and brings the strongest to adulthood by winter. It shows the importance of food and cover to quail and the benefits the birds get from the farmers' soil and water conservation measures.

Everyone interested in preservation of wildlife is invited to attend. Information on how and when to order quail will be available at the meeting.

The quail, pheasant, dove, rabbits and other wildlife grown on farms and ranches provides most of our hunting. Even big game such as deer, antelope, and wild turkey comes from privately owned lands.

Most of our wildlife crop is grown and harvested on land used mainly for cultivated crops and livestock. This means that farmers and ranchers are the key to abundant wildlife. Therefore, the land use decisions of farmers and ranchers can cause an abundance or a scarcity.

Judy Billingsley Wins Bake Show

Judy Billingsley, daughter of Mr. and Mrs. Leon Billingsley of Farwell took first place honors at the county 4-H bake show held Monday at 9:30 at the Parmer County Court House. Her entry was banana nut bread and cookies. She will be the Parmer County entry at the Tri State Fair in Amarillo on September 19.

Miss Billingsley recently won first place in the county dress review and took part in the district contest in Amarillo.

Winning second place was Janice Billingsley, daughter of Mr. and Mrs. Leon Billingsley of Farwell and third place winners were Patsy Chitwood, daughter of Mr. and Mrs. Dee Chitwood of Lazbuddie and Judy Koelzer, daughter of Mr. and Mrs. B. N. Koelzer of Lazbuddie.

Entries this year were quick loaf bread, rolled cookies and 4-H food record books. They were judged by Mrs. Janie Fletcher, county Home Demonstration Agent from Carson County.

The girls served coffee and some of their bread and cookies to the county commissioners during the day to show how good "4-H cooks" really are.

Those entered in the contest were Marianna Gammon, Judy Koelzer, Carol Ann Miller, Marsella Mayfield, Katie Nell Blackstone, Linda Gleason, Sherri Tannahill, Patricia Tannahill, Susan Blair, Judy Bill-

4-H COOKS pose with their products during the judging of the Parmer County 4-H bake show held in Farwell Monday. They are left to right Sherri Tannahill, Terry Sue Mabry, Pat Tannahill, Susan Blair, Patsy Chitwood, Judy Koelzer, and Carol Miller.

IS YOUR WATER HEATER A DRIP?

Do you wonder when that drip is going to turn into a geyser and your water heater is going to blow off like "Old Faithful"?
 You do? Well, you're in the market for a modern water heater — an electric water heater.
 Electric water heaters are just about childproof. They're insulated all over — the elements are inside out of sight — and they're flameless.
 Speed? Quick recovery electric water heaters will top any water heating method for speed.
 So if you want safety, speed, efficiency, cleanliness — and the hottest water inside with the coolest feeling outside — you want a quick recovery electric water heater.

ASK ABOUT LOW WATER HEATING RATE!
 You get real economy with Reddy's big bargain water heating.

NOT ALL TEENAGERS ARE DELINQUENT—

Trust, Understanding Necessary For Normal Teenage Growth

BY DON WATKINS
To be trusted is a greater compliment than to be loved and, going along in the same vein, what loneliness is more lonely than distrust?

How many times have I heard the expression, "Why are so many of our young boys and girls going bad?" I couldn't say as to how many times. Neither could I answer fully that question. There is an accumulation of so many detrimental forces, it would be extremely difficult to pick out just one and say, "Here it is. Here is the reason he or she went bad."

But you can say, "I believe these particular factors had a great bearing on this person's character." And the particular factors I wish to discuss for a few moments are strictness and mistrust held toward young people by so many of their very own parents.

Please do not jump to hasty conclusion. No-one believes stronger than I in seeing that young people obey their elders. However, it can certainly be overdone. Domineering parents have been the cause of many young people leaving home and being committed to penal institutions.

Hand in hand with dominance is mistrust. I honestly, sincerely and whole heartedly believe the only reason parents are domineering is simply because they do not trust their own children.

This mistrust may begin slowly at first. It may not amount to anything, but the seed is there. The seed, like all seeds, continues to grow; continues to ripen until it catches complete hold and becomes an obsession with the parents.

After this, the young person's life is sorely miserable. So, too, is the adults'. The son or daughter can't come in without being plied with all sorts of questions. Where have you been? Who were you with? What have you been doing? And sometimes on and on and on. I am not making this up folks. These are psychological case histories of some of our worst young people that bear this out.

And it is just common sense to realize there are times when young people need to have their own particular brand of freedom. They have to be on their own on different occasions during their pre-adult lives, and during these days of teenage bliss, they should be treated with absolute UNDERSTANDING AND TRUST.

God willing, I shall soon become a father, and I sincerely hope and wish and silently pray in my own fashion that I will have the wisdom it requires to rear children. But this I do already know; if I can't believe and trust in my own child, then something is wrong with me, not the offspring.

I hope my children may grow up to be like so many of the fine young people I have known since coming to Friona. Never, (and I mean this so very sincerely) never have I known young people who were so good,

so wonderful and so right in their attitude and actions toward life. This certainly reflects a mutual understanding and trust between offspring and parent. Young people like Pamela Sue Roden for instance, Pamela is the daughter of Mr. and Mrs. Ralph Roden of Friona. She will be 16 years old September 4.

PAMELA SUE RODEN

Pam was elected class favorite in both the sixth and seventh grades. She earned a letter in girl's junior high basketball in both the seventh and eighth grades and was co-captain of the freshmen team.

This fall she will be a member of the sophomore class and it will be her second year as a Majorette of the Friona High School Band.

She is a member of the Future Homemakers of America, has maintained an "A" average scholastically, and helped teach Vacation Bible School at the Methodist Church. Pam has done something else that should be mentioned above all. Something that portrays the unselfishness, warmheartedness and tenderness young people possess.

EVERY Sunday after church for two years, Pam has visited her bedridden grandmother to sing and play the piano for her. Her grandmother looks forward to these visits eagerly, and Pam hasn't missed yet.

Isn't that nice? Isn't it a wonderful feeling to know there are young people like this in

our community? As I have said before, just look around and observe. That's all there is to it. And while you're looking, you might notice Dale Smith, 18 year old son of Mr. and Mrs. Lewis Smith.

DALE SMITH

Dale is a recent graduate of Friona High School. He was valedictorian of the 1959 graduating class. In 1958 he was chosen "Best All Around Boy" by the American Legion, was a member of the Science Club his junior and senior years, acted in both the junior and senior plays, a member of FFA for three years and was president of the Senior Class.

He was elected "Most Courteous Boy" during his senior year and was a member of the Annual Staff his junior year. He plans to enter Wayland College this fall and major in physics and math.

Now I'm sure if most folks have observed this young man, who is a teenager, they will agree that not all teenagers are delinquent.

And, if this isn't enough, let's discuss Karen Turner a few moments. Karen is the 15 year old daughter of Mr. and Mrs. Bill Turner of Friona. She will be a sophomore this fall.

While in Junior high, Karen was a member of the choir, girl's basketball team, tennis team, pep club and was one of a girl's trio that sang at the

eighth grade banquet.

KAREN TURNER

She will be a cheerleader this fall, a member of the Trebelaires, a member of the Thespians, high school choir and the Future Homemakers of America.

Karen says her hobby is singing, and I'll have to say she's very good. I've heard her.

Another young person in our community who is in the teenage category is Ronnie Castleberry, 17 year old son of Mr. and Mrs. Ray Castleberry.

RONNIE CASTLEBERRY

Ronnie will be a senior this fall. He has participated in both football and basketball in high school for three years, as well as participating in the junior high athletic program.

He was a member of the Future Farmers of America for one year and has earned a letter from Friona High School for both the football and basketball teams.

Another young person in our community who is a wonderful asset is Brenda Collier, 15 year old daughter of Mr. and Mrs. James Collier. Brenda will be a sophomore this fall.

BRENDA COLLIER

She has been a member of the girl's basketball team in both high school and junior high. She earned her freshman letter this past season.

She was a twirler for the eighth grade and will be a Majorette for the Friona High School Band this next season.

I have talked with the parents of MOST of these young people. Not all, but most. I believe I am safe in stating they have mutual UNDERSTANDING AND TRUST in their homes, and from

the character displayed by these young people, it PAYS OFF.

News From LAZBUDDIE

BY MRS. C. A. WATSON

PENDERGRASSES RETURN FROM WEEKS VACATION

Mr. and Mrs. Jess Pendergrass and Susan and his sister, Stella returned Sunday from a vacation in Colorado, Wyoming, Utah and New Mexico. They were at Yellowstone Park soon after the earthquakes in that area and stated that earth tremors were still bad. They also visited in Salt Lake City, Utah, and took several tours in the city.

The J. B. Jennings family is vacationing in the mountains of New Mexico this week.

Mr. and Mrs. Olan Parker from San Diego, Calif., and Mrs. Ruth Tanner from Spring Dale, Ark., were guests in the Davis Gulley home last week.

Among those attending the Primitive Baptist Association meeting in Portales last weekend were Mr. and Mrs. E. A. Parham, Mr. and Mrs. T. Gleason, Mr. and Mrs. C. A. Watson, Y. B. Mayfield and Mrs. Josie Smith.

Mrs. J. R. Harris, president of the bowling association, reminds all members to attend a meeting of the association which will be held at 8 o'clock Thursday in the Bailey County courtroom. Speaker for the event

Tarter Funeral Conducted Tuesday

Final rites for Mrs. A. L. Tarter of the Lazbuddie community were conducted from the Lazbuddie Baptist Church at 2:30 p.m. Thursday, Rev. Roberts of Lubbock officiating. He was assisted by Rev. Bill Curry, pastor of the church.

Mr. and Mrs. Wyle Bullock and Debra attended the funeral of their grandmother, Mrs. A. C. Henry, at Rule Tuesday. Girls in Parmer County who wish to enter in the Maize Days celebration are reminded to get in contact with Eva Miller by Sept. 7.

Mr. and Mrs. Andy Brown, Mr. and Mrs. Albert Clark and Mr. and Mrs. D. V. Ivy and Christy left Friday for a trip to Ruidoso.

Members of the Green Thumb Club met Friday in the home of Mrs. F. A. Grimsley for a regular meeting. The study was on culturing dahlias. Mrs. Grady King reported that the club is open for new memberships and that visitors are welcome.

Mr. and Mrs. C. D. Gustin and Donnie and Jerry Don Glover are in Hot Springs for a visit.

Mr. and Mrs. T. O. Lesley welcomed the birth of a son on Thursday, August 20. The little boy weighed 8 pounds 2 ounces at birth and was named David Ray.

Sunday guests in the J. R. Harris home were Mr. and Mrs. Kenneth Heady and Carl, Mr. and Mrs. Coy Hamilton, Donnie,

Survivors besides her husband and two sons, David, 17 and Joe, 15, include her father, J. G. Gowin; three sisters, Myrtle Hulst, Amarillo; Bertie Bodkin, Tulsa and Neva Barrett, Quitaque; two brothers, Charles Gowin of Quitaque and Johnny Gowin of Lawton, Okla.

Burial was in the Muleshoe Memorial Cemetery under the direction of Claborn Funeral Home.

Debbie, Rusty and Terry and Jack and Clifford Heady from Lubbock.

Saint abroad and devil at home.--Bunyan.

U.S. OIL.

Indispensable in our way of life... vital to our national defense

In the 100 years since the drilling of the first oil well in the United States, the usefulness of petroleum has been often demonstrated in many ways . . . It is an economical and efficient source of energy and a raw resource convertible through petrochemistry into innumerable useful materials. . . It is indispensable in our way of life, and vital to the national defense.

The United States has found, produced, refined, and used more oil than any other nation. This has made petroleum products a feature of the abundant American life. Americans use more petroleum products than any other people on the globe.

The past is prologue to the future. During its second century, oil can serve you and your grandchildren, and the nation, as well or better than ever before.

It is comforting to know that today's reserves are ample for today's needs. And if incentives to undergo the heavy risks involved are continued, there is no doubt that more oil will be discovered and produced to replace the oil we use . . .

The Humble Company, incorporated in 1917, has participated in the development of new and better ways to find and produce oil, and in the research that has improved petroleum products and discovered countless new uses for oil and natural gas. Humble is a major producer of U. S. oil, with production extending all across the southern tier of states from

Florida to California. Marketing operations are carried on in Texas, New Mexico and Arizona. Humble's Baytown refinery, near Houston, is one of the great refineries of the world. (Humble Pipe Line Company, a major transporter of crude oil and finished products, operates more than 9000 miles of pipe lines in Texas.)

HUMBLE OIL & REFINING CO.

Vega, Texas, Man Reports— More Uniform Production of Quality Seed Wheat

C. G. Richardson, owner and operator of Richardson Seed Co., produces high quality, high germination seed wheat. Mr. Richardson says: "We watch all of the things that will give us higher quality seed—both grain sorghum and wheat. For example, we have a clean farm, free of weeds. We use the latest and best cleaning and handling equipment. "And," he continued, "we use Phillips 66 Ammonia to give us more uniform and higher quality yields of seed wheat. We apply 100 pounds of ammonia pre-plant on wheat land; and we plow down 125 pounds of ammonia in the fall on our maize land."

Other successful Southwestern farmers have discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin . . . yields of sorghum grain or ensilage are increased . . . profits on wheat and small grains are increased through higher grain yields and improved forage . . . more marketable vegetables are harvested. Phillips 66 Ammonia can be easily applied either by you or your distributor. See us today about Phillips 66 Agricultural Ammonia . . . it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

Order Your Supply of Phillips 66 Agricultural Ammonia Today!
