Nazworth

Hospitalized

Verne Nazworth of Amarillo, son of Mr. and Mrs. W. J. Nazworth of Friona, was transferred from the Veteran's Hospital at Amarillo to the Veteran's Hospital in Oklahoma City Monday of this week. He was accompanied by his wife, the former Sue Gibson. The couple's two children, Charlotte and Curtis, are staying with their maternal grandparents, Mr. and Mrs. Tom Gibson, during the absence of their parents.

removed. She is the youngest daughter of the Carl Schlenkers. Saturday evening as Mr. and Mrs. Floyd Schueler and children were returning home from town, they ran into a cow. Their car was badly damaged, but none of the Schuelers were seriously injured, just bumped and bruised. Jessie Corbin, who works for Paul Hall, also had a car wreck Saturday night. The extent of his injuries have not been learned but he was taken to the Clovis Memorial Hospital.

ATTEND THE CHILI SUPPER

Everyone in the community is invited to attend the chili supper at the Parish Hall Friday evening beginning at 7:30. This supper is being sponsored by members of the Rhea Home Demonstration Club, but is open to the public. Following the supper the film, "A Tenderfoot In Europe" will be shown. An electric skillet will be given to some lucky person.

Mr. and Mrs. Jack Patterson had a surprise visit from three of Patterson's sisters last week. They were Mrs. Julie Lawson of Abilene, Mrs. Dora Bryant and Mrs. Cecil Herrington of Stafford, Ariz.

Mrs. C. D. Anderson was hostess at a party in her home Friday afternoon. Guests were Mrs. T. E. Wood, Lorene Norwood and Mrs. Bill Simms all of Friona; Mrs. Geneta Anderson and daughter, Armenta, of Anton, Mrs. C. M. Mears and Debbie and Mrs. Corda Battey.

Mr. and Mrs. Robert Schueler went to Vernon to spend a few days with Mrs. Schueler's brother and family, the Bill Gallimiers.

Danny, Darrell and Donna Garber visited in the Raymond Schueler home Sunday.

Mrs. Florian Jarecki and Mrs. Raymond Martensen made a business trip to Lubbock Wednesday afternoon.

Bauers Have Dinner Guests
Sunday dinner guests in the home of Mr. and Mrs. Franklin Bauer were Mr. and Mrs. Ervin Bauer and Jannell of Happy, Mr. and Mrs. Leroy Bauer and family of Canyon, and Mr. and Mrs. Earnest Ramm and family of Lariat; Also Mr. and Mrs. Glenn Harrelson and sons of Friona and Mr. and Mrs. Shirley Smith and Shirley Lynn of Friona.

Mr. and Mrs. Walter Schueler, Wayne Allen and Vicki and Mr. and Mrs. E. O. Woolever of Sudan spent Saturday and Sunday visiting in the home of Mr. and Mrs. Dewayne Parrish of Lubbock.

Mr. and Mrs. Gilbert Schueler and family and Mr. and Mrs. Lynn Shields and Bobby were Sunday guests in the home of Mr. and Mrs. Herman Schueler.

NEWS FROM BLACK

Mr. and Mrs. Calvin Ivie and daughter, Christi, of Lubbock were weekend guests in the home of Ivie's parents, Mr. and Mrs. Rosco Ivie.

Mrs. Lester Dean and daughters visited in the home of Mr. and Mrs. S. J. Greeson of Hereford Saturday morning. The Greesons are former residents of this community.

Wednesday visitors in the home of Mr. and Mrs. Gene Welch and family were Mr. and Mrs. Glenn Welch of Lockney.

Judy Edelman, daughter of Mr. and Mrs. Claude Edelman of Friona, spent Friday night with Linda Stone, daughter of the Travis Stones.

Mrs. Bill Carthel and Davy and Mrs. Gene Welch made a business trip to Clovis Friday.

Friday evening guests in the home of Mr. and Mrs. Bill Carthel were Mr. and Mrs.

Dick Golden, Dianna and Randy of Wildorado, and Mr. and Mrs. Travis Stone and family.

Mrs. Ellis Tatum is in Albany visiting her mother, Mrs. Mollie Dillingham and other relatives and friends this week.

Judy Shirley of the Hub community was a Saturday night guest in the Lester Dean home.

Wesley Barnett, who is attending Texas Tech at Lubbock, was a weekend guest in the home of his parents, Mr. and Mrs. Fern W. Barnett.

Mr. and Mrs. T. J. Presley are driving a new Ford. Veveca and Kevin Welch, children of Mr. and Mrs. Gene Welch, returned home Sunday after spending several days with their grandparents, Mr. and Mrs. F. B. Harkins of Plainview.

Mr. and Mrs. J. R. Braxton and sons, Jim and Ray, spent the weekend fishing and boating at Conchas Lake in New Mexico.

Mr. and Mrs. Bill Carthel and boys went to Larkin, Kans., over the weekend to visit Mr. and Mrs. Mac McLain and family. Mrs. McLain is Carthel's sister.

Mr. and Mrs. Lester Dean and family were Sunday dinner guests in the home of Mr. and Mrs. Leo Bails of the Hub Community. In the afternoon Mrs. Dean and Mrs. Bails took their children to the Clovis zoo. S. B. Dean of Muleshoe was

a visitor in the Lester Dean home Saturday.

Mrs. Merler Shirley of Friona was a Saturday afternoon visitor in the home of her daughter, Mrs. Lester Dean.

Those from our community who visited the Friona schools Monday were Mrs. Ralph Price, Mrs. Bill Carthel, Mrs. Helen Fangman, and Mrs. Bill Carthel.

Gene Welch and Bill Carthel made a business trip to Pampa Monday.

There will be a community meeting Thursday evening, March 12. Everyone in the community is invited to attend those meetings. New residents

in our community are especially urged to be present Thursday evening.

Storms Can't Ruffle Wind-Tight Roofing

Among the most important recent advancements in the home-building field are wind-resistant applications of asphalt shingles. In one of these methods the roofer cements individual shingles down to the roof with special cement. Another method is the use of special shingles that lock securely together. A third method employs asphalt shingles that have cement pre-applied at the factory.

Impala Sport Coupe—like every Chevy—has Safety Plate Glass all around.

Chevy stops quickest... goes farthest on a gallon!

Chevy showed the best brakes of the leading low-priced three in a test of repeated stops at highway speeds conducted and certified by NASCAR. Chevy also won over the other two in a NASCAR economy run—with the highest gas mileage for 6's and V8's at cruising speeds of just over 55 miles an hour.

Here's a car that knows how to get the most out of a gallon. And it's the only car in its field to bring you hydraulic valve lifters in all popular engines—6 and V8. This means smoother, quieter performance for you.

There are many other advances just as fundamental as the efficiency of Chevrolet's engines and the depend-

ability of its new brakes (with more lining area than any other low-priced car). But why not stop by your dealer's and let Chevy do its own sweet talking!

Kelley Asks Support For H-A Program

Friona citizens and their children are not going to benefit from the Hale-Akin recommendations for improved schools unless they tell the Legislature they want the program, according to Dillie M. Kelley, superintendent of the Friona Schools.

Kelley participated this week in a conference in Amarillo where prospects for school legislation were discussed.

"Many legislators favor the bills which would put the Hale-Akin report into effect," Kelley says, "But they have not heard from enough people telling them they are willing to pay the increased taxes necessary to pay the bill."

"The wishes of thousands of people in every county of the state are included in the Hale-Akin recommendations," Kelley declared. "But it's very possible that the school bills won't pass unless the people speak up."

"The school needs are cer-

tainly no less today than they were when the Legislature created the Hale-Akin study two years ago," Kelley pointed out. "In fact, they are greater."

"We can't afford to lose the tremendous citizen force back of these recommendations at this time," Kelley explained. "And if we don't levy the necessary taxes to pay for them at this session, it may be years before another Legislature will be in the mood to consider again the kind of taxes needed to put the Hale-Akin type of program into operation."

Kelley pointed out Parmer county will receive another 16.2 per cent increase in the Economic Index for the school year 1959-1960. This increase will cause the Friona school district to receive approximately \$8,500 less from the State than they did in the school year 1958-1959. This is the fourth increase in the Economic Index Parmer county has received in the past four years.

STATE OF TEXAS
COUNTY OF PARMER
CITY OF FRIONA

On this the 16th day of February, 1959, the City Council of the city of Friona, Texas, convened in special session at the regular meeting place with the following present:

Glenn E. Reeve Mayor protem
Eddie Meil Councilman
Ralph Smith Councilman
Forrest Osborn Councilman

And the following absent: Mayor R. L. Fleming, constituting a quorum, at which time the following proceedings were had, to-wit:

Councilman Smith introduced a resolution and made a motion that it be adopted. The motion was seconded by Councilman Meil. The motion carried unanimously. The resolution as adopted is as follows:

RESOLUTION
BY THE CITY COUNCIL OF THE CITY OF FRIONA, TEXAS, calling an election and appointing election officials and designating the time and the place of said election.

WHEREAS, the City Council of the City of Friona has determined that by law an election is required to be held on the first Tuesday of April, and;

WHEREAS, elections officials shall be appointed to hold said election;

THEREFORE, Be it resolved by the City Council of the City of Friona, Texas,

SECTION 1. That an election be held in the City of Friona, Texas, on the 7th day of April, 1959, at which election there shall be elected a councilman for Place No. 1 and a Councilman for Place No. 3 to serve for 2 years.

SECTION 2. That said election shall be held in the City Hall within said City and that the following named persons are hereby appointed officers of said election, to-wit:

Nelson Welch Presiding Judge
George Baker Judge
Mrs. Dan Ethridge Clerk
Mrs. Rose Lange Clerk

SECTION 3. And that said election shall be held under the provisions of the Texas election code and such other laws and ordinances as may apply and that a copy of this resolution signed by the Mayor of said City and attested by the City Secretary shall serve as proper notice of said election.

The mayor is hereby authorized and directed to have a copy of this notice posted at the City hall and at two other

public places within said city not less than thirty days prior to the date fixed for holding said election. He shall also cause said notice to be published not less than two times in the Friona Star, a newspaper of general circulation published within said City, the date of the first publication shall be not less than 20 days prior to the date set for said election.

Adopted and approved this the 16th day of February, 1959.

R. L. Fleming, Mayor

TENDERFOOT -- last summer.

Members of the Rhea Home Demonstration Club are sponsoring the chili supper as a fund raising project for the club. Chili, pie, coffee, and cold drinks will be served. Prices are thirty cents for chili and fifteen cents for home made pie.

Everyone in the community and surrounding areas is cordially invited to attend the supper and stay for the program which will follow by Mrs. Elmo Dean, president.

The greatest of all human benefits is independence.

Frionans Go To Dallas

Mrs. Jim Griffith, Zaydene Deaton, Mrs. Wilbert Varner and Debra Delene left Monday morning for Dallas. Mrs. Griffith accompanied Zaydene to a medical clinic. They returned home Wednesday.

Mrs. Varner took her daughter, Debra Delene, to Baylor Hospital where she underwent surgery Friday morning. They expect to return home later this week.

TAX REFUND?

What's That

(ED NOTE: This note was received in the mail this week from the internal revenue service and with our own opinions we pass it on to you -- confidentially we almost flipped out when we saw the return address on the envelope thinking -- ye gads, not this quick!)

"Don't fret if that tax refund check from Uncle Sam doesn't show your full name," says Ellis Campbell Jr., district director of the Internal Revenue Service.

Due to mechanical limitations on the high speed electronic machines now printing tax refund checks, only the taxpayer's first initial of the given name, or names is being used.

In rare instances, where a taxpayer's surname is unusually long, one or more letters at the end of the surname may even be dropped.

This was about all the information contained in the release from the Internal Revenue boys.

And, from what I hear the government shouldn't need "high-speed electronic machines" for turning out refunds. At the rate they come in around our house an old-time book-keeper with the green eyeshade and penstaff could keep up with them.

Anyhow at this time of the year, we always remember the "Ides of March."

Gayle Potts, Cynthia Patterson, Greta Mears, and Jarrell Patterson visited Marilyn and Larry Van Potts Sunday.

in and around

FRIONA

WITH JUNE

For the past several years we have had a combination calendar and motto sitting in a conspicuous place on our desk. These little jewels come in the mail every month and we especially enjoy them. The March motto reads as follows: "The trouble with OPPORTUNITY is that it always comes disguised as HARD WORK."

There are so many different ways for rumors to get started that we hesitate to believe any story we hear until it has been verified. When the drop in price of maize was announced recently, stories of every description began to come from all directions.

One we heard told for truth several times had to do with a young farmer who lives west of town. The way it came to us was like this: A certain farmer had been talking trade with a local implement dealer concerning a new tractor. After giving the trade the merchant offered him some serious consideration, the farmer decided to make the trade.

Early one morning he came to town with an implement trailer behind his pickup in anticipation of accepting delivery of the new tractor. After reaching town the news came to him that the price drop was official, so he immediately headed west without the tractor.

Our thoughts on the subject were that such a thing could very easily have happened, so a decision was made to do some checking. Louis Welch, who is one of our neighbors, seems to keep up with the doings of farmers in the neighborhood, so we asked him to verify the truth of the story.

His answer went something like this: "That isn't a rumor. I know the story is true. I'm the farmer who reversed a decision about the advisability of buying new equipment to raise maize at the price it will be this fall."

Ducks must have some way of knowing when the season is over. The lakes in our vicinity have been literally covered with these birds for the past ten days or two weeks. Seems like they have started to their summer home earlier than they usually do.

It isn't too late to take ad-

vantage of Public School Week and visit school if you haven't done so already. All of us, who are parents, should make a special effort to take advantage of this opportunity to learn more about the way our schools are being conducted.

Far too many of us fail to take enough interest in the things our children are being taught, the methods that are being used for teaching, and the things that we should do to supplement what is being taught in our schools.

We at the Star office would like to thank everyone for the favorable comment we received about the FFA edition last week. Several requests were made for papers to be mailed out of town to former residents of this community and it is always a pleasure to have our readers compliment our efforts.

We are also grateful to the merchants and others who made this edition possible. Mr. and Mrs. J. T. Gee were both very helpful and we appreciate their cooperation, too.

The dedication of the new school buildings, which has been set for Sunday afternoon, should be a very interesting program. In digging for history of the school, Superintendent Dillie M. Kelley ran into trouble as to the exact date one building was built.

Someone in town informed him that the corner stone had been left intact and was here in town somewhere, but his informant didn't know where it was. After some questioning, Mr. Kelley learned that the old corner stone had been used for part of the doorstep at the back door of the J. T. Gee residence.

After doing some checking and taking down some names and dates, Mr. Kelley was in possession of the information for which he was looking. It is interesting to note the places history is sometimes written.

It is supposed that the contractor that built the house Mr. and Mrs. Gee now live in also had a contract for clearing the debris from the burned school building and used the material at hand for the back door step.

Several new homes are under construction at the present. The

M. B. McKinney family will soon move into their new home on West Sixth Street. In the very near future the Calvin Talley and Ernest Anthonys will be moving into new homes just south of the Hoyt Smiths in the Lakeside Addition.

Mr. and Mrs. J. E. Knight are having a new home built on West Loop just outside the city limits. Several other new homes are under construction in the northeast part of town, too.

A lot of Frionans are watching with interest the construction of a building which will enlarge the Bi-Wize Drugstore to twice its present size. It hardly seems possible that less than three years ago Ralph Roden opened a store in the present location in even less space that the Bi-Wize now occupies.

Everyone who has not had an opportunity to see A Tenderfoot in Europe is cordially invited by members of the Rhea Home Demonstration Club to see the film following a chili supper at the Parish Hall Friday evening.

It has been brought to our attention that there is a family in our community that is desperately in need of furniture. The most pressing need is for an iron baby bed. A local group is interested in assisting this family and will be glad to call for and deliver any used furniture that residents of the area would like to give to the family.

Oscar Pope was a visitor in our office one day last week and asked us to help him get the word around that a large number of dishes are still at his house that belong to his neighbors and friends.

Following Mrs. Pope's death many persons brought food to the Pope home and failed to pick up the dishes. Mr. Pope will appreciate it very much if all of you who have dishes at his house will stop by and pick them up.

FB PREXY --

Following this short visit in the FB office West and his company attended the membership drive banquet.

BUILDING PERMIT
A building permit was issued to Wright Williams for the construction of a \$16,000 residence at the city hall this week.

STOLEN CAR -- was parked near Turner's home east of Bovina. Some time after midnight a 14-year-old boy, who had caught a ride from Amarillo to Bovina, discovered the parked vehicle and took advantage of the convenience of having the keys in the ignition switch.

The youth, who told officers he was bound for San Antonio didn't exactly make a bee line for the Alamo City. He cruised over to Plainview and was leisurely motoring around the town about 4:30 a.m. Friday morning when he aroused the suspicions of local police.

They stopped the car, made a routine check, and found it to be stolen. A call to Sheriff Chas. Lovelace resulted in a check of license plate numbers and it was found that the car belonged to the Bovina man.

When work finally reached the car's owner it was some time later, but he still knew nothing of the theft. The car was undamaged.

Another case in which Parmer County officers participated resulted in the return to Liberty of a man wanted for negligent homicide. His arrest

came about under unusual circumstances.

Thursday morning a Clovis woman lodged a complaint with the sheriff's office against Jim McBride, 26. She said that the man, also from Clovis, forced her to accompany him as she was leaving a neighboring private club late the previous night. The couple spent the night in a Parmer County motel.

Her claim was that the man made advances on her in his far after they left the club. As this was before the state line was crossed, Parmer County officials were about to turn things over to Clovis officers.

However, a check on McBride revealed he was wanted at Liberty on a charge of negligent homicide. That offense occurred over a year ago, and McBride had jumped bond and never been taken to court on the charge.

The Liberty officers came after him.

Other law enforcement activities during the past week included investigation of a theft case at Farwell Wrecking. A regulator, hose and torch was stolen Wednesday night.

H. D. AGENT'S CORNER

Jimmie Lou Wainscott

Home Demonstration and 4-H Club activities have really been buzzing this past week -- 4-H especially. 4-H clubs all met this past week. My demonstration was on lights in bedrooms and waste paper baskets.

Plans were made at each meeting for the annual 4-H Achievement event at Hub Sat. night. Also plans have been made to set up exhibits in Friona, Farwell, Lazbuddie and Black. The County-wide Junior Leaders Club will set up an exhibit in the Court House at Farwell.

My demonstration this month to Home Demonstration clubs has been on dinner for the family using chicken. Since chicken is one of the less expensive meats that we buy we decided to find some different ways of preparing it. So I ended up doing two chicken main dishes. Some of you who aren't in Home Demonstration Clubs might enjoy these recipes too. They are:

SAUTED CHICKEN

To serve 2-4 persons, use cut-up halved, or quartered ready-to-cook small broiler-fryer. In large skillet, heat 3 to 4 tablespoons butter or

margarine, or bacon drippings until bubbly. Add chicken pieces; brown quickly but well on all sides, turning with tongs. If desired, dust chicken pieces lightly with flour before browning.

When chicken is nicely browned, turn heat low. Salt and pepper chicken. Then add any of these seasonings to your taste: paprika, curry, minced or sliced onion, chives, or garlic; some minced green pepper, pimento, or celery; pinch dried thyme, rosemary, or basil; few sliced mushrooms, lightly floured; big pinch monosodium glutamate; smidgen celery, onion, or garlic salt.

Now cover skillet, and let chicken cook slowly until fork-tender -- 25 to 35 min. As chicken cooks, occasionally turn pieces over so they'll take on rich golden brown on all sides. If you like your chicken on the crisp side, uncover it during last 10 min. Just before removing chicken from skillet to hot platter, add sprinkling of chopped parsley and paprika. Serve with pan juices over all. Try sauteed chicken with huge green salad, French bread or hot popovers, and lots of cranberry sauce.

I used salt pepper, lots of paprika, chopped onion and celery. It was real good, but try some of the other seasonings too. By the way, it is a good way to fix pork chops or spare ribs too.

SKILLET HERB CHICKEN

WRESTLING

Saturday, March 7, at 8:30 p. m.
HEREFORD BULL BARN

MAIN EVENT

TAG TEAM MATCH
Taro Myaki and The Panther
vs
Sonny Myers and Joe Hamilton
2 out of 3 falls or 1 hour time limit

FIRST PRELIMINARY

Taro Myaki vs Sonny Myers
1 fall or 20 minute time limit

SECOND PRELIMINARY

The Panther vs Joe Hamilton
1 fall or 20 minute time limit

Sponsored by Hereford Lions Club

1 2 1/2 to 3 lb. ready-to-cook broiler-fryer, cut up
Seasoned flour
1/4 cup fat or salad oil
1 can condensed cream-of-mushroom soup, undiluted
1/2 cup milk
1 sliced medium onion
1/2 tsp. dried thyme
Coat chicken with seasoned flour. In fat in skillet, cook chicken until evenly browned. Add combined soup and milk; top with onion; sprinkle with thyme. Simmer, covered, basting often, 30 min., or until fork-tender. Condensed cream of chicken, tomato, onion or celery soup may also be used on these. Makes 4 servings.

CHICKEN PAPRIKA

1 3 lb. ready-to-cook-chicken, cut up
1/4 cup fat or salad oil
1/4 cup minced onion
1 cup sliced mushrooms
1 can condensed tomato soup, undiluted
1 cup sour cream
1 bay leaf
1/2 tsp. salt
1/4 tsp. pepper
2 tsp. paprika
Lightly dust chicken with

flour. In large skillet, brown chicken in hot fat until evenly browned. Add onion and mushrooms. Cook until lightly browned. Blend in rest of ingredients. Simmer, covered, stirring occasionally, 45 min., or until tender. Remove bay leaf before serving. Makes 4 servings.

School Census At Lazbuddie Shows Increase

School census figures at Lazbuddie show an increase of 22 students over last year's number. The annual survey showed 378 students as compared with 356 last year.

Beginning students registered total 43. Further breakdown shows 211 boys and 167 girls.

Members of the school board conducted the survey during January and Superintendent J. G. Ward compiled the results.

WORK BENCH IDEA

Food jars used to store nails, screws, and other bit of hardware can be kept handy without occupying space on a workbench if the lids are nailed to the underside of a shelf. The jars can be taken down and replaced with one hand.

HOME OWNERS' QUESTION BOX

Q—My wife hasn't spoken to me since I refused to buy a house she had her heart set on. I did it because I'm sure the builder failed to install a nickel's worth of insulation. Was I right? I'd appreciate an answer in a hurry.

A—Glad to help you out of the dog house. You were 100 per cent right. Even the prettiest little cottage can be a nightmare of chill drafts and high fuel bills in winter if it isn't properly insulated. Tell your wife the facts; it's been proven in exhaustive tests that 4 inches of mineral wool in the ceiling and 3 inches in walls can save as much as 40 per cent annually in heating fuel, not to mention the benefits of comfort from the even temperature this insulation helps maintain.

Q—We plan to put a new roof on our house and have been advised to leave the old roofing material in place, applying the new roof directly over it. What do you think?

A—Why not? If you use asphalt shingles, I can't think of any disadvantages to this procedure, but there are several advantages. You save money, for one thing. It takes a lot of costly time and labor to rip off old roofing and pry out all the nails. You also save cleaning up afterward, since the job of tearing off an old roof can leave an awful mess. Last but not least, leaving the old roof in place avoids exposing your house to elements in case a sudden storm blows up before the new roof is completed.

Q—As a do-it-yourself painter, I hate to wait for paint to dry. Does a commercial drying additive weaken paint?

A—Some commercial dryers may lessen the paint's durability. A new enamel now on the market dries in 15 minutes. Might be worth trying.

Q—Is it safe to use masonry nails to attach furring strips to inside of basement wall? I thought the holes might let dampness in.

A—It's safer to use new devices that are cemented to concrete, providing a nailing surface for furring strips.

Q—Is there an easy way to drive screws into hardwood?

A—Try drilling holes in wood first. Use a bit about half the size of the screw.

Insulation Lowers Cost of Comfort In All Seasons

Proper insulation makes it possible to save considerably in the costs of both heating and air conditioning equipment and their annual operation in the house plan above.

Calculations for a 1 season comfort and economy were made in three temperature zones of the U.S.—Minneapolis, Minn., Indianapolis, Ind., and Dallas, Tex. It was discovered that when a thickness of 6 inches of mineral wool was installed in the ceiling, at least 3 inches in walls, and 2 inches around the edges of the slab, that equipment costs were \$350 less in Dallas, \$200 less in Indianapolis, and \$200 in Minneapolis than they would have been if minimum insulation thicknesses had been used.

Year-around costs of heating and cooling were: Dallas, \$81 per year, Indianapolis, \$77, and Minneapolis, \$95.

A house can be re-roofed with asphalt shingles during the winter months as well as during other seasons.

Brownfield, Tex., Man Reports—

2 3/4-Bale Cotton

L. H. (Howard) Wheeler, prominent Texas farmer, says: "I farm 1,840 acres. With that much land I have to maintain high yields, year after year. Phillips 66 Ammonia helped me to do that. This past year we watched our cotton carefully, then when conditions looked right, we went in and side dressed it with Phillips 66 Ammonia. The cotton came right on along, setting a high count of squares—and of course that meant a good yield, averaging 2 3/4 bales per acre. I use Phillips 66 Ammonia with excellent results on my maize, too."

Other successful Southwestern farmers have discovered that they make more profit per

acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin... yields of sorghum grain and ensilage are increased... profits on wheat and small grains are increased through higher grain yields and improved forage... more marketable vegetables are harvested.

Phillips 66 Ammonia can be applied pre-plant or as a side dressing. It can be easily applied either by you or your distributor. See us today about your supply of Phillips 66 Agricultural Ammonia... it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

Order Your Supply of Phillips 66 Agricultural Ammonia Today!

THE BULWARK OF A COMMUNITY IS ITS CHURCHES

A THOUGHT FOR THE WEEK

CHRISTIANITY IS DIFFERENT

There is a uniqueness about the Christian faith that exists in no other religion. One might say that this difference is the crucifixion of Christ on the cross but this would be just part of the truth. Men have died for many good causes over the years without the world taking notice except in a historical sense. The wisdom of Socrates has been vindicated and everyone knows the cup of hemlock, should never have been pressed to his lips, yet the death of Socrates has never stirred the world in a great sense.

The difference in our faith that distinguishes it from all others is that we worship not a dead man, but a victorious, resurrected Saviour. It is our privilege to know Him as a living force in our lives.

Cook Of The Week

Proof of The Pudding Is in The Eating

Many residents of Friona and the surrounding area will vouch for just about anything for sale at a bake sale if they know that it was baked by Mrs. Frank Griffith. When asked about the acquisition of baking as a hobby, Mrs. Griffith replied, "I've always enjoyed cooking."

She is an active member of the United Pentecostal Missionary Society and makes adequate preparations for bake sales with this organization sponsors. Friday evening after she had made cakes, pies and sweet rolls for a forthcoming bake sale, she posed with her baked goods for the above picture.

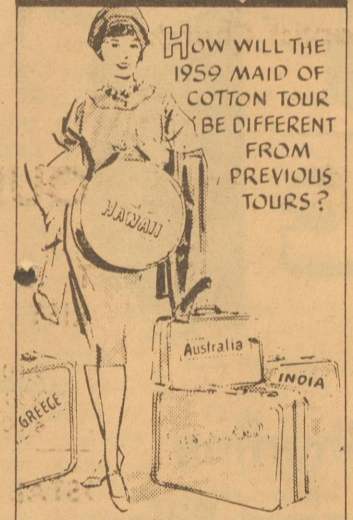

Mr. and Mrs. Griffith live in the west part of town and keep a flock of hens. Mr. Griffith said, "We have to have hens to lay eggs to make Goldie's cakes and pies good." The Griffiths have lived in this area a number of years and lived on a farm before moving into town.

Mrs. Griffith had some difficulty deciding which recipes to share with us. She has a large collection of recipes of every kind and enjoys using so many of them that picking out a few favorites was quite a chore.

One of her favorite cake recipes was given to her by Mrs. Roy Slagle and is called: **FRESH APPLE CAKE**
 1/2 cup shortening
 2 cups flour
 2 large apples
 1 teaspoon soda
 1 cup sugar
 1 cup raisins
 1/8 teaspoon salt
 1 teaspoon vanilla
 2 eggs
 1/2 cup nuts
 1 teaspoon cinnamon
 Cream shortening, sugar and egg yolks. Add raisins and apples, which have been grated, and nuts. Sift all dry ingredients together and add to creamed mixture. Fold in stiffly beaten egg whites.

Another dessert that Mrs. Griffith especially enjoys preparing is **GINGERBREAD WITH ORANGE SAUCE**
 Cream together 1/2 cup butter (or other shortening) and 1/2 cup sugar. Add one well-beaten egg. Measure and sift together 2 1/2 cups flour, 1 1/2 teaspoons soda, 1 teaspoon cinnamon, 1 teaspoon ginger, 1/2 teaspoon cloves, 1/2 teaspoon salt. Combine 1 cup molasses and 1 cup hot water.

Cotton Quiz

FOR THE FIRST TIME THE MAID OF COTTON WILL GO AROUND THE WORLD.

QUESTION BOX

Q—Can I paint over rust?
 A—Yes, if you buy one of the new paints available especially for rust. Scrape all the old scale off first.

Q—My daughter has a toy electric organ that operates on two flashlight batteries. Is there any way to convert this to house current?
 A—It's tricky, but it can be done. Well-stocked radio supply stores will sell you a small transformer for about \$2 that will reduce the current to the correct amperage.

MRS. FRANK GRIFFITH

To first mixture add the dry ingredients alternately with liquid, a little at a time; beat after each addition until smooth. Bake in paper-lined pan, 9" x 9" x 2" in moderate oven 45 minutes.

Serve with orange sauce which is made by blending 1 cup granulated sugar and juice of two oranges. Pour mixture over hot gingerbread. Serve at once.

One of Mrs. Griffith's favorite main dishes is **HAMBURGER CHOW-MEIN**
 1 tablespoon shortening
 1 cup cooked rice
 1 teaspoon soy sauce
 1 cup chopped celery
 1 cup chopped onions
 1 can celery soup
 1 can mushroom soup
 1/4 cup water
 1/2 teaspoon salt

1/2 cup chopped almonds
 2 lbs hamburger meat
 Brown meat in shortening, pour off drippings and add remainder of ingredients. Place in a 2 quart baking dish and bake in moderate oven. Serve on chow-mein noodles.

Another of Mrs. Griffith's favorite cakes is **BANANA NUT CAKE**
 1 1/2 cups sugar
 1/2 cup Crisco
 3 bananas
 1/4 teaspoon salt
 2 cups flour
 4 tablespoons sour milk
 1 teaspoon soda dissolved in the milk
 2 eggs, separated
 1 cup nuts
 Cream Crisco, sugar and egg yolks. Add bananas, milk, salt, and flour. Mix thoroughly then fold in beaten egg whites.

Group Training Termed Success

Last week's nightly joint meetings for group training at Bovina First Baptist Church were termed successful by church members. Excellent attendance and high interest were proof to spokesmen that Parmer County churches had an interest in joint studies.

Members of the Farwell, Oklahoma—Lane, Lazbuddie, Friona and Bovina Baptist Churches met each evening in the Bovina church for a Group Training School. The training was in preparation for revivals

Personals

Mr. and Mrs. Frank Spring, Mr. and Mrs. Granville McFarland, and Mr. and Mrs. Sloan H. Osborn returned Tuesday after attending the banker's convention at Dallas during the weekend.

Mr. and Mrs. Curt Seigrist and sons, Gary and Larry, and Donnie Dean Marshall and Mrs. Ernest Smith all of Elk City, Okla., were weekend guests in the home of Mr. and Mrs. Oscar Baxter and children.

Mrs. Miles Robbins of Blunt, S. Dak., is visiting her parents, Mr. and Mrs. J. W. Baxter, and other relatives and friends this week.

Mr. and Mrs. Lawrence Martin and children were Sunday dinner guests in the home of Mr. and Mrs. Eugene Nidey and daughters.

Sunday guests in the home of Mr. and Mrs. Clarence Martin and children were Mr. and Mrs. Jim Baxter and Patricia, Mr. and Mrs. Calvin Martin, and Mr. and Mrs. Bertram Jack.

Booklet Shows Way To Low-Cost Comfort

Want to be more comfortable in your home, and save money in the bargain? You can. A new booklet, "Insulation and Your Home," tells how in clear, concise words and illustrations.

It's available from the National Mineral Wool Association, 2906 Americas Building, New York 20, N.Y. Enclose 10 cents to cover handling and mailing costs.

Of Interest To THE WOMEN

Mary Officer Presents Program
Missionary Society Meets
In Rule Home

A program on health was presented at the Wednesday afternoon meeting of the Friona Woman's Club by Mrs. Mary Officer. A report on arthritis was given by Mrs. C. W. Dixon. Mrs. Paul Spring spoke to the group on the need for more nurses.

Mrs. L. R. Dilger presided as chairman during a brief business session. Mrs. V. R. Jordan was voted as president of the day in the absence of Mrs. Joe Moyer.

Piano selections were presented by Larry Anthony. Refreshments were served by the hostesses, Mrs. E. S. White and Mrs. A. H. Boatman. There were two guests and 18 members present.

Keith Battey Completes Course

Army Pvt. Keith D. Battey, son of Mr. and Mrs. Lloyd Battey, completed eight weeks of advanced individual armor training February 20 at Fort Knox, Ky.

During this training, Battey qualified as a driver of the Army's medium tank, passed proficiency tests with the .30 and .50 caliber machine guns and qualified as a gunner with the 90 millimeter tank gun.

Battey, who is a 1955 graduate of Friona High School, was employed in Fort Worth prior to his enlistment and received basic training at Fort Chaffee, Ark., before going to Fort Knox.

Club Members Study Shrubs

At the Thursday afternoon meeting of the Lakeview Home Demonstration Club in the home of Vuthill Loanman, Francis Milner demonstrated yard beautification. She showed several different types of cuttings and the proper method for setting them out. She also discussed the care of the shrubs.

During the brief business session plans were made for a money making project for the club.

Refreshments were served by the hostess to Ala Mae Gibson, Belle Maynard, Gwen Graves, Jean Coker, and Francis Milner.

STERLING GRAHAMS ENTERTAIN GUESTS

Sunday evening dinner guests in the home of Mr. and Mrs. Sterling Graham and Gail were Mr. and Mrs. Eugene Bandy, Johnny and Clay, Mr. and Mrs. Jerry Bell and Jay, and Mr. and Mrs. Larry Fairchild.

Also Mr. and Mrs. Ross Miller and Kent, Mr. and Mrs. Gerald Taylor and Debbie, and Mr. and Mrs. Burkie Hand.

Mary Dorcas Class Meets

Nine members of the Mary Dorcas Sunday School class of the First Baptist Church met in the home of Mrs. W. M. White Friday afternoon for the regular business and social meeting.

The Bible study, which was based on the 20th chapter of Matthew, was conducted by Mrs. White. Refreshments were served by the hostess. Those present were Mesdames Otis Massey, W. M. White, Florence Buske, Rosa Anderson, B. C. Day, W. M. Lloyd, George M. Baker, J. B. Farland, and J. H. Wise.

Renner's Tour Deep South

Mr. and Mrs. Rudolph Renner Jr. and children, Phyllis, Lana, Conrad, and Micki, returned Wednesday evening after spending two weeks vacationing in the southeastern section of the United States.

They toured seven states and visited friends and relatives. At Fort Benning, Georgia, they visited in the home of M. Sgt. and Mrs. Neal Warren and son, Billy. Warren and Renner were service buddies during World War II.

At Pensacola, Florida, they visited Cotton and Kay Renner and son, Robin. One of the most enjoyable experiences for the Frionians was deep sea fishing. They report an enjoyable vacation and the entire family was impressed with the many spots of interest they toured.

Baby Girl for Charles Shorts

Mr. and Mrs. Charles Short became parents of a baby girl at the Parmer County Community Hospital at 4:03 Thursday afternoon of last week. She weighed 6 lbs. 12 1/2 ozs. and was named Jena Kay.

The Shorts, who have three older children, Lola Marie, Mary Lynn, and Charles Dennis, live in the east part of town.

Film to Be Shown

Plans have been completed for the regular family night at the Congregational Church Sunday evening. A film, "A Tenderfoot in Europe" will be shown. This film was made on Cotton John's European tour last summer.

Everyone in the community is invited to attend the program which will begin at 7:30 by the pastor, Rev. Fred L. Dean, and members of the congregation.

Schools Need Library Books

Members of the progressive Study Club report that the response to sales of books for the primary grades has been very good, but that only a few volumes have been purchased for children in the upper grades and high school.

There will be a book tea in the school cafeteria Sunday afternoon following the dedication of the buildings. Everyone interested in helping build an adequate library for our schools is encouraged to attend the book sale Friday or attend the tea Sunday afternoon.

Cotton Quiz

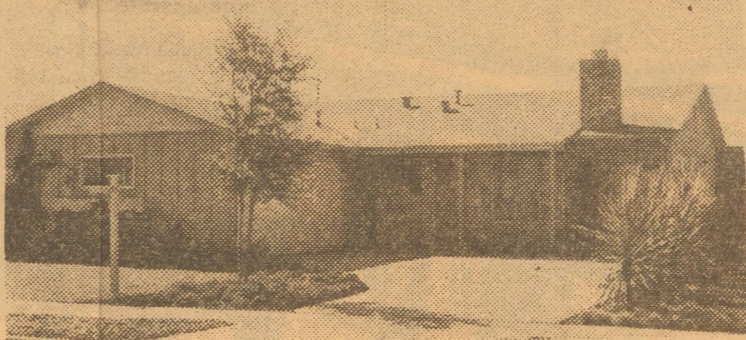

HOW DOES COTTON MAKE HUNTING SAFER?

BRIGHT YELLOW CANVAS COATS MAKE IT EASIER TO DISTINGUISH THE HUNTER FROM THE GAME.

To restore sheen to cotton chintz curtains, add a small piece of wax (about the size of a walnut for one pair of curtains) to a hot starch solution. Stir in the wax thoroughly before dipping the curtains.

Dress up your ironing board with a new gay print cover made of color-fast cotton that won't shrink. It will fit any standard size board, and there's a choice of four pastel colors or three print patterns.

Planned Exterior Colors

Scientifically-planned color on the outside of homes makes a better neighborhood as well as better houses.

This is one of the axioms of color consultants Albert and Nancy Rubey, a man-and-wife team who are leaders in their field in the San Francisco Bay area.

Talents and training such as the Rubey's offer is one reason California development builders are leaders in offering entire developments that are planned to be more pleasing to the eye and to the inborn good taste of most prospective home buyers.

The photograph shows an example of one of the Rubey's most recently color-styled homes. The house, priced at \$18,000 and located in a development of 275 homes in the East Bay area of Hayward, is simply standard size board, and there's a choice of four pastel colors or three print patterns.

Pre-Hung Panel Door Saves Time, Money

Families who plan to build a new home or remodel an old one can save both time and money by installing pre-hung panel doors. These doors, made of ponderosa pine, come in a complete unit consisting of door, frame, and hardware. The door is pre-hung in the frame at the factory.

All the carpenter has to do is slide the unit into the rough opening, level it, and nail it in place. These units come in all sizes and in many styles, including modern and traditional like fabric which resists wrinkling. They are available for both interior and exterior use.

There's no need to sprinkle your cottons several hours before ironing. A new steam iron sprays, steams, or dry irons as you wish.

Even a new father can be a quick-change artist, thanks to a new cotton diaper that snaps on and off of baby.

When sewing with cotton corduroy, finish the seams by pinking. This prevents fabric from shedding nap.

Cotton hopsacking, a burlap-like fabric which resists wrinkling, is a strong newcomer in fashion this spring.

at 11:00 - 11:15 A. M. over

KMUL

1380 KC - Muleshoe

Her husband claimed she was so dumb she put her cake in the ice box and couldn't understand why it didn't get any frosting on it.

Woman, looking at greeting card rack: "Do you have a get-well card that hints that she's not as sick as she thinks she is?"

Bake a loaf of Pineapple Date Bread—each slice promises extra good eating at meal time or snack time. Sift together 2 cups sifted enriched flour, 1 tablespoon baking powder, 1/2 teaspoon salt and 3/4 cup sugar into bowl. Add 1/4 cup hydrogenated shortening, 3/4 cup crushed pineapple, drained, and 1/2 teaspoon vanilla. Mix well, then beat 2 minutes. Add 2 eggs. Beat 2 minutes more. Add 1 cup chopped dates and blend well. Bake in greased paper-lined 4 1/2 x 8 1/2-inch loaf pan in moderate oven (350 F.) 1 1/2 hours.

Success formula: Think up a product that costs a dime, sells for a dollar and is habit forming.

If you're just beginning to sew, a basic pattern of cotton muslin will help you with your fitting problems.

A man drove his sleek, powerful, 1959 car into the filling station. "Fill 'er up," he told the attendant.

After a while the attendant called to him, "Better shut your engine off . . . you're gaining on me."

Corner on Good Looks

Cabinet Solves Problems

As long as most rooms are rectangular in shape, homes will have problem corners.

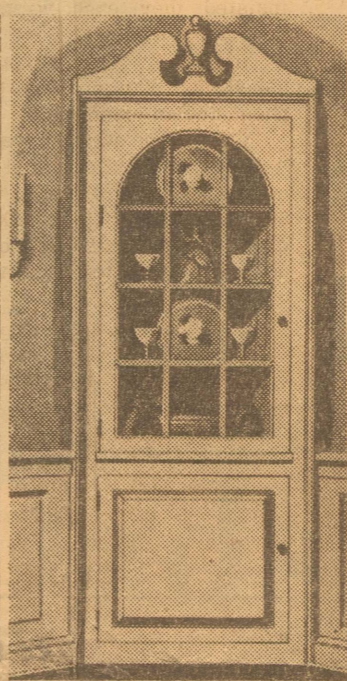

One of the best ways to solve the problem of empty corners is with a china cabinet of ponderosa pine, such as the one in the drawing.

These cabinets can be used successfully in any room of the house, and are ideal because they offer storage space below in addition to protected, dust-free display shelves for cherished items that shouldn't be hidden away.

China cabinets of ponderosa pine come in a wide variety of styles, ranging from contemporary to early American.

Building materials dealers carry them in stock. They come in clear, unfinished ponderosa pine that can be painted or stained to harmonize with room decor.

Many of the cabinets are shipped in handy cartons. Usually, the fronts are assembled, with the body portion in parts for quick assembly.

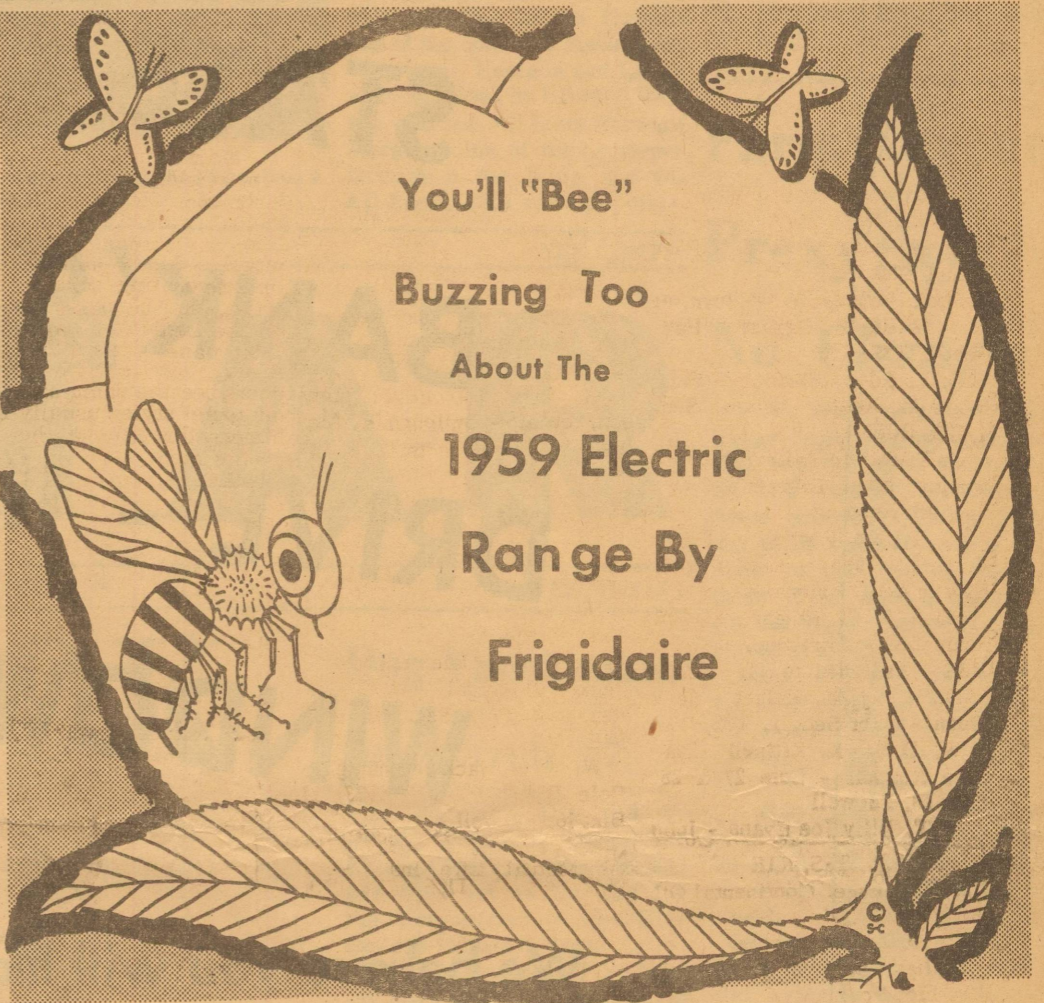

Excessive use of heavy machinery in farming operations tends to pack certain types of soil into unproductive hardpans or to form hard layers of soil just below plow dept. This condition reduces the soil's ability to absorb water at the surface and slows the permeation into the subsoil. Normal root development of planted crops often is restricted. Prevention is the best way to deal with problem.

White Roof Reflects Heat, Stops Weather

A roof of white asphalt shingles gives any house three distinct advantages. These are the modern smart appearance of white, the ability of white to reflect much of the summer sun's heat, and the durability and weather resistance of asphalt shingles surfaced with millions of rock-tough mineral granules.

Small houses get a fourth advantage. A white roof gives an illusion of height, making the house look bigger.

Cotton satin, in white and pastel colors, is a new favorite in little girls' petticoats.

The Gals Won Awards Also

Due to a mixup and the loss of a piece of paper with the names, county girl 4-H winners were omitted from the awards story appearing in last week's Farm and Home.

The gals were right in there with the boys and are due the same recognition. Here they are and what they have been outstanding in:

CANNING -- Cheryl Mills, 1st.

CLOTHING -- Linda Monk, 1st; Katie Nell Blackstone, 2nd; Maurene Hammonds, 3rd; Sherry Dean, 4th.

DRESS REVUE -- Joy Ingram, 1st; Mivinda Drennen, 2nd.

ELECTRIC -- Virginia Rea, 1st; Judy Billingsley, 2nd.

FOOD PREPARATION -- Iva Ben Parr, 1st; Rose Ann Greeson, 2nd; Gerry Sue Mabry, 3rd; Janice Billingsley, 4th.

FROZEN FOODS -- Donna Mills, 1st

GIRLS' HOME ECONOMICS -- Judylyne Koelzer, 1st; Brenda Deaton, 2nd; Velma Ann Faith, 3rd; Charlotte Seaton, 4th.

RECREATION -- Pat Chitwood, 1st; Barbara Rea, 2nd.

GOLD STAR -- Barbara Rea.

Receiving their year pins were Rose Ann Greeson, Iva Ben Parr, Barbara Rea, Virginia Rea, Velma Ann Faith, Brenda Deaton, Pat Barker, Mary Coffey, Janice Billingsley, Terri Sue Mabry, Judy Koelzer, Katie Blackstone, Patricia Chitwood, Judy Billingsley, Joy Ann Ingram; Janet Buckley, Claire Savage, Patricia Fallwell, Mivinda Drennen, Sherry Dean, Diana Gibson, Maurene Hammonds, Nan Lillard, Freda Floyd, Jan Mills, Patsy Lloyd, Charlotte Seaton, Cheryl Mills, Donna Mills, and Linda Gleason.

Speech is the gift of all, but thought of few.

THE FARMER FARMER

by W. H. Graham Jr.

Almost before hopes could be raised, hopes are fading that something may be done to correct the very arbitrary and unjust action of the USDA in reducing sorghum supports to \$1.52 two weeks ago.

It is almost impossible, they keep telling us, to get something changed at this time of year. Planting has already begun in some parts of the nation, including the South and Coastal Bend parts of Texas.

If this is logical, it is hard for us to understand why the Department would have postponed announcing price supports until after March 16 if they had not been pressured to reveal them sooner.

Furthermore, we are of the opinion that it is not a legislative remedy that we seek, but a just interpretation and application of the law that is already on the books.

It surely was the intent of lawmakers to write a program for the entire feed grain industry . . . that was the reason for the overhaul . . . to end commodity discrimination. The result is that we now have greater discrepancy than ever before.

If the administration would have come out and said they intended to slice supports to 60 per cent of parity on milo that would have been one thing. To cajole growers into believing that a new and fair program was being written and then to toss all reform into the trash can is quite another thing.

It is small wonder that so many sorghum growers (Farmers Union and Farm Bureau believers alike) are galled by the bureaucratic act.

A major life insurance company, holder of about \$12 million in mortgages on High Plains farm property, is taking a long look at water usage and what part management has to do with how long the supply may prove useful.

Farmers who think their supply of irrigation water will affect them only so far as their ability to pump this water to irrigate crops is concerned, just aren't facing up to the facts.

There is an increasing awareness on the part of bankers, merchants, and the "common folks" who make the High Plains their home that their hopes for the future are clasped tightly to the supply of our ground water.

The manager of the farm mortgages department of this company notes, rather penetratingly: "One of the ironic things in the High Plains area is that many places with the weakest water are presently selling for the highest prices. Today, we are unable to loan in some of these areas, because we are unable to project their water supply, under the current usage, for a period long enough to justify a 20-year loan, a 15-year loan, or even a 10-year loan."

This is what we have been talking about for the past year or so. Sooner or later those who do the buying and selling

PRECISION MACHINING See Stan Parmer County Pump Company Friona

WELL DRILLING STATISTICS FOR JANUARY

During the month of January, 107 new wells were drilled and registered with the District office; 8 replacement wells were drilled; and 4 wells were drilled that were either dry or non-productive for other reasons. 307 permits were issued by the County Committees. The permits issued and completed wells follow by counties:

| County | Permits Issued | New Wells Drilled | Replacement Wells | Old Wells Deepened | Dry Holes Drilled |
|------------|----------------|-------------------|-------------------|--------------------|-------------------|
| Armstrong | 1 | 1 | 0 | 0 | 0 |
| Bailey | 26 | 4 | 0 | 0 | 0 |
| Castro | 7 | 10 | 1 | 0 | 0 |
| Cochran | 15 | 5 | 0 | 0 | 0 |
| Deaf Smith | 16 | 3 | 0 | 0 | 1 |
| Floyd | 23 | 10 | 2 | 0 | 1 |
| Hockley | 59 | 21 | 1 | 0 | 0 |
| Lamb | 45 | 15 | 1 | 0 | 0 |
| Lubbock | 58 | 25 | 0 | 0 | 0 |
| Lynn | 32 | 11 | 1 | 0 | 2 |
| Parmer | 17 | 2 | 2 | 0 | 0 |
| Potter | 0 | 0 | 0 | 0 | 0 |
| Randall | 8 | 0 | 0 | 0 | 0 |

of farm property are going to wake up to the fact that a cotton allotment is worth some money, but not nearly so much as the irrigation water that makes that allotment produce good profits.

We believe that those who are thinking things out, as is this hard headed businessman, realize that the value of our water makes up a good two-thirds to four-fifths of the value of our farms!

The man goes on to say he and his counselors are disturbed about the negligent manner in which much of this very valuable natural resource is being used.

One observation he makes is, "If the farm management is particularly wasteful of water, it is undoubtedly wasteful of other things. Surely, a man is wasting money if tail water runs down a road ditch, and is lost for all eternity for the use of farmers in this area."

It seems that investors are beginning to realize that a good appraisal of a piece of farm property takes more than "a full pipe of water and a 100-acre cotton allotment." That water may not be there too much longer if it is not cared for, and that cotton won't be worth much then.

In short, the business of water use and conservation is coming out of the "experimentation" realm into the area of day-to-day living.

THE HAPPY HOMEMAKER

BY JUNE FLOYD

Do you like to broil meat or sandwiches for hot lunches? If so, what you need is one of the new Broilerettes which are available. This 12 inch two piece broiling pan helps prevent scorching, burning, and smoking, since all fat drains off the meat that is being broiled.

The top piece may be used as a collander and the bottom piece makes a handy baking dish. The cost is about \$2.50.

Foreign dishes are fun to serve. This statement appears in a beautifully colored book that came to our desk recently. Most of us know that members of our families enjoy Mexican food and have an assortment of recipes for different Mexican or Spanish dishes, but do we experiment enough to know whether other foreign dishes would go over or not. Two of the recipes that have pictures accompanying them would make nice additions to any noon or evening meal are being copied from the book. One is for a substantial salad and the other is for a dessert that would go well with a meal that needed some building up. HOFERKAMP HOT GERMAN SALAD There's delightfully piquant sweet-sour flavor in this version of a favorite German salad. Be sure to use the celery seed because it gives characteristic German-style flavor. This recipe makes six to seven servings.

Farmers, Here's Facts About COTTONSEED DELINTING

By the wet acid process you need to know! Your seed can be fuzzy, Flamed, gas delinted, saw delinted or wet acid delinted. We recommend the wet acid process.

Here's Why:

1. Seed stays in contact with the acid for a period of only 30 seconds or less.
2. Water is used to neutralize.
3. Does not eat the bags.
4. Wet or green seed can be safely delinted.
5. Can be safely stored and used for a period of several years.
6. Does a more thorough job on angular leaf spot and other seed borne disease prevention and control.
7. Heat is used only to dry seed after the acid has been washed off.
8. Planting 12 pounds per acre, the cost is less than 10 cents per acre more than using the regular acid process.
9. More uniform planting.
10. More even stand.
11. Quicker emergence.
12. Plant faster
13. Get bigger yields.
14. Gravity table floats out the weak seed
15. Treating prevents seed rot-ting even in cold damp weather.
16. No sticks, stems, or lint to clog up the planter.
17. In warm soil seed will sprout in 12 hours--a stand can be had in 4 days.
18. Less moisture required for germination.
19. For only one lb. of lint cotton per acre you can have your seed delinted using the wet acid process--the safest of all types of delinting.

FIRST FEDERAL Savings & Loan Association
Clovis

Ingredients:
8 strips bacon
1/2 cup beet or cane sugar
1/2 cup apple cider vinegar
1/8 teaspoon black pepper
3/4 teaspoon celery seed
1 tablespoon grated onion
1/4 cup chopped green pepper
1/4 cup chopped whole canned pimientos
3 1/2 cups hot cooked rice
2 hard cooked eggs
Fry the bacon in a skillet until crisp. Pour off and save the fat as it cooks out of the bacon. Remove the bacon, measure 1/3 cup fat back into the skillet. Stir in sugar, vinegar and black pepper.

Cook slowly to dissolve the sugar. Add celery seed, onion, green peppers, and pimientos. Taste and add sugar if desired. Stir in the rice. Crumble the bacon and stir in. Dice one egg and gently stir in. Serve hot or warm, garnished with the other egg which has been sliced.

SOUTH PACIFIC COCONUT RICE
This luscious dessert is from the Philippines. It's different and delightful with golden toasted coconut. Makes six large or eight small servings.

Ingredients:
1 1/2 cups firmly packed light brown sugar
1/4 cup butter or margarine
1/2 cup milk
3 cups warm cooked rice
1 cup toasted coconut
In a skillet or saucepan, mix brown sugar, butter or margarine

...he'll do this ONCE- then he'll buy an **ELECTRIC Clothes Dryer!**

"Today's a great day for me -- friend husband earned a day off from work and volunteered to do the wash for me. I see him now lugging a heavy basket of wet clothes out to line -- watch his fingers turn blue as that icy wind bitterly blows... whoops... he just dropped a shirt, and it's a mess. (I can't tell what he's saying, but I'll bet he's thinking about an electric clothes dryer) and I think I'll be ready for him -- I'll call the Reddy Kilowatt dealer right now about models and prices. Everybody tells me there's one to fit any budget. Say, here's an idea -- if you don't have an electric clothes dryer then get your husband to hang out the wash -- just once is all it'll take."
