

mack's
tracks
—by Dave

There was quite a bit of alarm over at Hursts the other day.

Seems that while Andy and Newman Jarrell were drinking their morning coffee at the Bi-Wize things "picked up" at Andy's store.

Mrs. Williams came rushing into the drug store telling Andy the store was on fire.

Naturally, this was enough to bring panic to the heart of any businessman and Andy was no exception.

Taking off like a bull moose Andy sped out of the drug store, across the street to see what was the matter.

The front area of his store was filled with smoke.

But--no blaze. After a few seconds the culprit was found.

Fortunately, it wasn't exactly a fire--but had all the earmarks of a real scorcher.

After investigation, the cause was found to be a burned out fluorescent tube which was giving off smoke.

A quick change of tubes fixed all this and the open doors let out all the smoke quickly.

So--in a few more minutes all was back to normal--all, that is except Andy's blood pressure.

We thought for a little while the other day we'd stumbled onto the reason why there are so many new autos bought and sold in the country today.

A finance company is allowing us to drive a new car at the present time. We have had the new one only about two weeks now, and the other day we'd succeeded in filling the ash tray with old cigarettes.

While filling up with gasoline, nope they haven't figured out a way to wear the new ones either, we thought we'd empty the ash tray which had gotten crowded for space.

We tugged and pulled, caajoled and cussed, but all to no avail.

Calling upon "Red Fox" Hinkle to help us, even he was unable to solve the mystery of how to empty the ash tray.

It would come out just so far, then looked as if a person would have to remove half the dashboard to get the tray out the rest of the way.

Determined not to let a common ash tray become such a foe, we turned to the employees of Reeve Chevrolet for aid.

At first even they were perplexed.

It was at this time we thought we had the reason of the country's buying so many cars. They couldn't stand the smell of old cigarette butts!

But--Charley Bainum found the answer, and as you've probably guessed by now it was simple enough--all you had to do was mash a hidden spring and the whole thing just falls out.

Oh well--live and learn.

Speaking of living and learning--

Don't reckon our politicians down at Austin will ever figure out just how much money to spend each year.

We get a report from Austin each week and this week's report is filled with the money problems facing the lawmakers this session.

As usual all the people want more handouts, and less taxes. And, as usual, the lawmakers have figured out more ways to spend the money than ways to collect it.

Boiled down, it will probably mean an increase in taxes somewhere down the line.

Everyone down at Austin, from Gov. Daniel on down, according to our report, has some idea of how to raise more money--and dish it out.

The governor advocates raising \$65,000,000 to pay off the debt in the general revenue fund (this is how much this fund will be in the red by the end of this fiscal year.) In addition, Daniel recommends raising \$72,800,000 a year to cover spending from the general revenue fund.

Sources for this money would include: a natural gas severance tax, an increase in levies on motor vehicle sales, tobacco and corporation franchises and unclaimed bank deposits, insurance policies and property, that the state would take over.

(Continued on page 3.)

School Census

Enters Last Week

Census, currently being taken in the Friona Independent School District is entering its last week and all parents of children who have birthdays between the dates of September 1, 1941 and September 1, 1953 are urged to fill out a census form.

These forms are available at the school, at Ethridge-Spring Agency or someone will help you if you phone 5322, according to Dillie Kelley, superintendent.

The census-taking is about 95 per cent completed and results will be announced in next week's Star.

THIS COMING MONDAY IS DOLLAR DAY IN FRIONA. DO YOUR SHOPPING THEN!

Friona Scouts 'Enjoy' Overnight Camping Trip

Sixteen Friona Boy Scouts and Scoutmaster Johnny Nazworth braved north winds and sub-freezing temperatures last weekend as they held their first overnight camping trip of this year.

The boys made their camp six miles north and one and a half miles east of Friona.

In spite of the cold temperatures the scouts managed to make it through the night in good style, according to Nazworth's reports.

Since Christmas most of the boys are now equipped with sleeping bags and are adequately equipped to fight the cold winds which sweep the Plains this time of the year.

Only one tent was put up at the campsite and Nazworth says

MOD Telethon Slated Over TV Saturday

Frionans will have an opportunity to participate in a TV Telethon for benefit of the March of Dimes slated to get underway over KICA-TV, Channel 12, Clovis, N. M., Saturday night at 7:30 p.m.

Friona Firemen will aid in collecting the donations here in Friona.

Those who wish to contribute to the MOD during the Telethon are asked to call 2281 in Friona.

The donor's address will be relayed to the Firemen who will go to the house and collect the donation.

Every hour over the station a list of donors will be announced and the total for the towns listed.

In addition, for every dollar contributed, the donor will be given a chance at free prizes which have been contributed by Friona merchants.

Mrs. Eva Miller is in charge of Friona's part of the entertainment program. Several local singers will be on the show

Friona Band To Be on TV

Friona High School's Concert Band will appear over Cotton John's "Farm and Home Show" over Channel 4, Amarillo, beginning at 12:30 p.m. Saturday.

The band will be the feature attraction on the show and was asked to appear on the show after the TV station officials has seen the band perform several times during the past year.

Two routines by Twirlers Nancy Outland, Sue Baxter, Mary Jane Grubbs and Pamela Sue Roden will be featured by the band.

Other numbers which the band will play on the show will in-

DISHING OUT THE BEANS--Scoutmaster Johnny Nazworth ladies out a plate of beans to a couple of hungry looking scouts. The members of local Troop 56, BSA, had an overnight camping trip last weekend and the above shot was taken about 8 p.m. Friday night at the campsite.

Optimists Plan Club In Friona

A "groundbreaking" meeting is planned for 12 noon at Sherman's Cafe Friday, in Friona for any and all persons who would be interested in establishing an Optimists Club here.

A representative of the Hereford Optimist Club will be in Friona on that day, and in addition a district official will be on hand to explain the Optimists' aims, goals and organization.

Several of the Hereford Optimists were in town last week talking to businessmen about the organization of a club here and the Friday meeting is the result of that groundwork.

The Optimists are an International Civic and Service organization with the main aim of the club directed toward the youngsters in the community.

All persons who think they might be interested in joining, or just learning more about Optimism are urged to attend the noon meeting at Sherman's Cafe, says Marvin Coffey, president of the Hereford club.

The time of the play is the present and the place is the Superior Court of New York. The beginning of the trial will be marked by the entry of Judge Heath, played by Bobby Sanders.

Play cast members will be prepared to present either of two endings to the drama, depending on the verdict of the jury.

Other cast members, all members of Friona High School's Thespian troupe, include: Donna Fields, prison matron; Frank Ready, bailiff; Carol Coffey, District Attorney Flint's secretary; and Jimmy Bainum, Defense Attorney Stevens.

Also Ted Sanders, clerk of (Continued on page 3.)

Thespians Slate Murder Drama

Karen Andre will be tried for the murder of Bjorn Faulkner in the auditorium of Friona High School here the evening of February 17 at 8 p.m. The alleged murder occurred on the "Night of January 16th."

Proceedings in the three-act comedy drama by that title will be nearly like those in an actual trial as is possible, says Mrs. Pearl McClain, Thespian sponsor, who is directing the play.

Mrs. McClain further states, "Strictly speaking, this is a play without a heroine, but Pat Cranfill has been chosen for the leading feminine part. She will play the part of Karen Andre, defendant in the murder trial."

"Neither is there a hero. The principal male role is that of the prosecuting attorney, which will be played by Gerald Daniel."

Another phase of the play that will be similar to an actual trial is that the jurors will be selected from the audience by lot and will be paid the price of the admission ticket which they bought.

Rehearsals are under way for

Another Arrested For Burglary

A second person was arrested in connection with the burglary of Bovina Implement Co. last week. Monday, Amarillo officers picked up and held for Parmer County officers J. D. Lane, 34, of that city.

Sheriff Chas. Lovelace returned him here the next day, and he will face charges of burglarizing the Bovina firm. Lane is already on probation for a bank robbery in Oklahoma City some time ago.

Slight Injury In Loop Crash

Frank McCaughey of Friona was kept overnight in the Parmer County Community Hospital following a grinding head-on crash last Friday afternoon at the intersection of Ave. J and Fifth Street in Friona.

McCaughy was driving a 1957 Ford heading west on Fifth Street.

Willie Floyd Grayson, driving a 1953 Chevrolet, was headed east on the Loop.

McCaughy attempted to turn onto Avenue J in front of Grayson and his car was struck in the front.

The Ford was sent spinning into the yard of Pudge Kendrick and Grayson's Chevrolet ended heading down Avenue J.

McCaughy was picked up by Claborn Ambulance and taken to the hospital where he was treated and kept overnight for chest injuries.

Grayson was not injured in the crash.

McCaughy was charged with

turning without safety. Both cars were heavily damaged.

Blood Typing Dates Set

At the Friday afternoon meeting of the Hi-Point Home Demonstration Club in the home of Lillie Mae Baxter, plans were made for a community wide blood typing program. All residents of the community who have not had their blood typed are asked to report to the local hospital any day during the next two weeks except Wednesday to have this done.

After the business meeting, refreshments were served by the hostess to Gertrude Renner, Cherry Ann Mingus, Betty Renner, Emma Lea Tims, Mary Joyce Barnett, and Mildred Mingus.

Chamber Banquet Feb. 24

Friona's Chamber of Commerce and Agriculture's Annual Banquet is slated for Tuesday night, February 24 in the Friona school cafeteria, announced Hollis Horton Jr., president of the CoC&A this week.

Jack Lacey, manager of the Amarillo Chamber of Commerce will be the guest speaker for the affair.

Lacy, who is known as a

"fireball" in his work at the Amarillo Chamber is well versed in the duties and functions of such an organization and will speak on the duties and relations of a Chamber of Commerce to its community.

Tickets for the affair will go on sale during the first week in February.

Horton urges all members of the local chamber who haven't

mailed, or brought in, their ballots for the new board of directors to do so immediately.

A committee will count the ballots Friday at the CoC&A offices to select the new board of directors.

A total of six men are scheduled to be elected to take office the night of the banquet.

Three men, Joe Ferrell, Hollis Horton and Bill Nichols, will remain on the board as their terms will expire next year.

Candidates for the six positions on the chamber board include Charles Allen, Steve Bavousett, O. J. Beene, Earl Chester, Douglas Conalley, Newman Jarrell Jr., Dave McReynolds, Loyd Shackelford, Jesse Sinclair, Bill Stewart, Wright Williams, Kenneth Williams, Bonnie Wilson, John T. Wilson, Deon Awtrrey, Ross Ayres, G. W. Jones and M. C. Osborn.

Faculty Tramps Play Seniors For MOD Benefit

Members of the Friona School faculty will play the seniors in a benefit basketball game in the high school gymnasium Friday afternoon at 2:30 p.m.

Admission to the game will be 10 cents for students and a minimum of 10 cents for adults.

Raymond Cook, high school principal and spokesman for the faculty "Tramps" pointed out that the seniors could not use any member of the basketball squad for their team.

Following the game there will be a cake auction, also a benefit affair, sponsored by the student council, for the March of Dimes.

Millerettes Entertain Lions Club

Members of the Friona Lions Club were entertained by the "Millerettes" at their regular meeting Thursday night at the clubhouse.

In addition to the songs by the trio, members saw a film and heard an account of the March of Dimes by Raymond and Frances Euler.

The Millerettes, composed of Nancy Outland, Jonnie Hand and LaVon Fleming sang several songs and were accompanied by Mrs. Eva Miller.

Members voted to meet February 25 at noon with the Hereford Lions club and attend the Chamber of Commerce and Agriculture annual Banquet February 24. Either, or both, of these meetings will count as attendance at a regular Lions Club meeting.

Steve Bavousett and Johnny Wilson reported on Boy and Explorer Scout activities. Both the Boy Scout and Explorer troops are sponsored by the Friona Lions.

A total of 31 members and guests attended the meeting.

FIREMEN SLATE BANQUET THURSDAY

Members of the Friona Volunteer Fire Department and their wives and guests will have a banquet in the Friona school cafeteria Thursday night at 7:30 p.m.

MONDAY IS DOLLAR DAY IN FRIONA!!

The auction will be a Chinese auction and an impromptu cake eating contest will follow this event.

All students, their parents and interested spectators are invited to attend the basketball game and cake auction Friday in the gymnasium.

Poll Tax Sales Slow In County

Saturday is the deadline for paying poll taxes in Parmer County and all of Texas. Locally at least, folks don't seem to be too excited about prospects.

Sales are down in this "off-election" year, according to Lee Thompson, county assessor-collector. Only slightly more than 1,000 citizens have qualified themselves to vote this year, so far. That's less than half of the number who would otherwise be eligible to vote.

What's there to vote on? It's anybody's guess. Right now, the only prospects are school board elections, which are pretty routine. But a vote could be called on almost any issue -- from a city or school tax bond question to a statewide election on constitutional amendments. There's not much telling.

Most folks are familiar with

the "first vote exemption," which is allowed after turning 21. They have to get an exemption to maintain their eligibility.

More confusing is the "60 or over" exemption, which eliminates the poll tax entirely. That is, it is not required to obtain an exemption; just show up at the polls and vote away. The age limit was recently reduced from 65 to 60. A person to be exempt because of the riper ages must have been 60 before the first of January of 1958.

That's where some of the confusion enters in. Poll taxes were always a year behind and it will actually be the 1958 tax that'll be paid to vote this year.

Poll taxes can be paid at the courthouse in Farwell, or Ethridge-Spring Agency in Friona. Applications are taken at the Bovina city offices.

School Attendance Records Pleasing

Attendance records of students in the Friona Schools are extremely pleasing, according to Dillie Kelley, superintendent.

Statistics gathered at Kelley's office this week show with an average total of 1,071 students in the system for the third six-weeks period the average daily attendance has been 1,013.

The attendance this year has been real good, Kelley pointed out.

Taxpayers and parents are reminded this ADA (average daily attendance) record is directly connected with amount of money that the school system receives from the state each year.

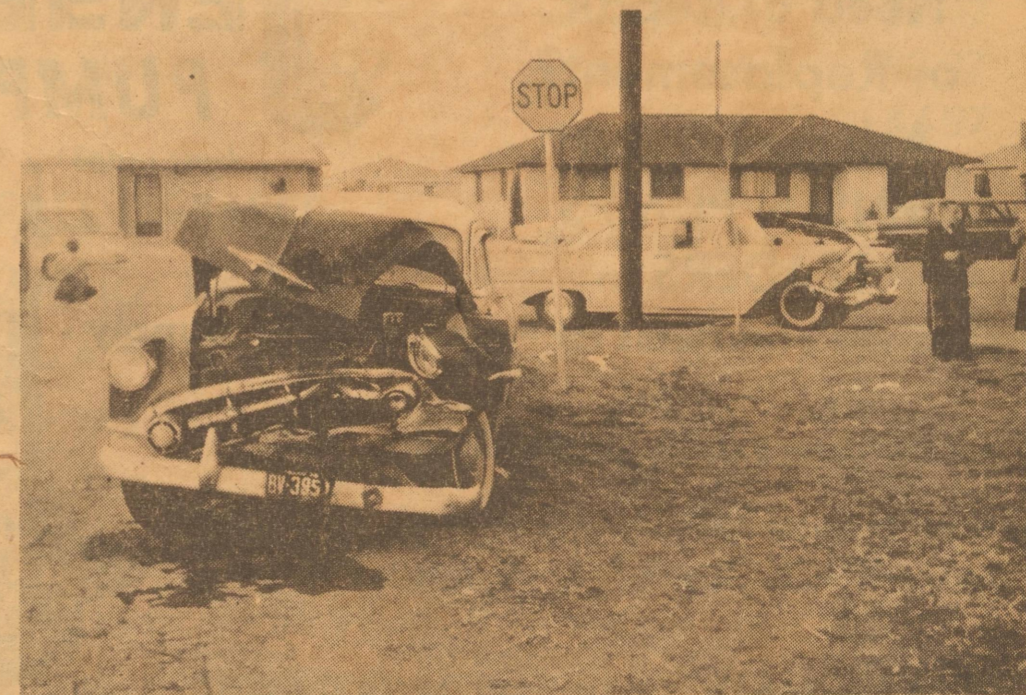

An attendance record of over 95 per cent is considered "ex-

Local Merchants Attend Market

Several Friona merchants and their families are out of town this week attending market in the Dallas area this week.

Among those who traveled to Dallas to buy new fashions and stock up on new items for their stores include Mr. and Mrs. Newman Jarrell Jr., Mr. and Mrs. Andy Hurst, Mr. and Mrs. Jesse Sinclair and Mr. and Mrs. Wesley Foster.

They are all expected to return this weekend.

NEAR TRAGEDY--One man was hospitalized and one man escaped injury in this crash last Friday afternoon about 5:30 p.m. on West Fifth Street and Avenue J in Friona. The Chevrolet, foreground, was driven by Willie Grayson and the Ford, background, was driven by Frank McCaughey, both of Friona. McCaughey was kept overnight in the Parmer County Community Hospital.

NEWLY MARRIED
 A newly married couple were looking for a house in the country and after finding one they thought suitable, they were making their way home. The young wife, after reaching home, happened to think she did not see a water closet (out house) on the place and decided to write the owner about it. Being very modest, she hesitated as to spell out the words "water closet" in the letter, so she referred to it as "W. C."
 The owner did not understand just what she meant, so after pondering awhile decided she meant Wesley Church, and answered her as follows:
 Dear Madam:
 I regret very much the delay in answering your letter and now take pleasure in informing you that the "W. C." is located about nine miles from the house and is capable of seating 1400 people. This is very fortunate if you are in the habit of going regularly but no doubt you will be interested to know that a great many people take lunch with them and make a day of it. Others that cannot spare the time go by auto and usually arrive just in time, but generally are in too big of a hurry to wait if the house is crowded.
 The last time my wife and I went six years ago and we had to stand all the time. It may interest you to know that it is planned to hold a bazaar to raise money for plush seats for the "W. C.," as they have long felt need. I might mention that it pains me much to be unable to go more frequently—it surely is through no lack of desire, but as we grow older it seems more of an effort particularly in colder weather. You's very truly,
 The Owner

Let's All Pay Our Own Way

Last week was no exception as far as the amount of "junk" mail which crosses our desk each week on its way to our File 13. But, ever since one time in the dim dark past when we threw away a letter which had a check enclosed we've made a practice of opening each one, and quickly surveying the contents before pitching them in the trash.

Every week there are three or four letters from our local politicians. In using the term "local" I am referring to everyone from Sen. Lyndon Johnson on down to Walter Rogers.

These letters come in the form of a report of the week's activities and how it effects us here in Parmer County.

Since last year, another name has been added to this list -- that of one Ralph Yarborough, sometimes referred to as a senator.

In the past we never thought too much of Yarborough, but thinking even less of his republican opponents we usually leaned toward his support.

Well, after last week we don't care if Ralph Yarborough ran against Joe Blow, Oscar Schnaltz or whoever, you can just about bet that Yarborough's name would be scratched on our ballot.

Why?

It is a simple thing. Come to think of it, Yarborough must be sort of simple too.

Anyhow, this is what has aroused our ire in this matter.

The mail we receive from Johnson, Walter Rogers, and the other men who send us these weekly reports always have used stamps on their letter.

You say, this is unusual?

Yes, in a way, you see a public official, if he so desires, can mail letters and other documents free of charge.

We would like to say right here however before we go any farther that we've only met Walter Rogers one time personally, but HIS LETTERS HAVE ALWAYS BEEN MAILED WITH STAMPS.

I believe, without exception, this man has always paid his way on this matter.

But -- Yarborough has NEVER PUT A STAMP ON A ONE OF HIS!

Well, that's ok.

When we were in service overseas, we didn't either, but what does make us mad is that Yarborough clutters up the mail -- all without charge -- or rather if the truth be known -- at your and at my expense -- with his crap!

And, that is just what he mailed out probably to every newspaper in the state last week.

A big brown envelope -- marked "Public Document -- Free."

Containing what -- a picture of him receiving the oath of public office from his father -- a justice of the peace in Chandler, Texas.

Having been raised about 25 miles south of Chandler we've heard a great deal about the Yarboroughs.

We don't have the space to go into that now. But the idea of mailing this mess out all over the state just caught this scribe wrong.

If he wanted to pay postage, ok, but using tax money to send this garbage around goes too far.

We wonder about Ralph's abilities as a senator -- personally we wonder if he would make a good hog-caller.

Have You Paid Your POLL TAX

Deadline Is Jan. 31

This Reminder Made Possible By

RUSHING INSURANCE AGENCY

Ph. 5301 Friona

Mr. Farmer:

We'd like to serve you!

We've got a lot of farm friends in this neighborhood who use Texaco products. They not only like the products, but our dependable, neighborly service, too.

We'd like to number you among our satisfied customers. We think that after you try Texaco products, you'll agree with farmers in all 48 states that they are tops in quality.

Farmers everywhere have found that it pays to farm with Texaco petroleum products. They make farm machinery last longer, and many costly repair bills are avoided by regular use of Texaco fuels and lubricants.

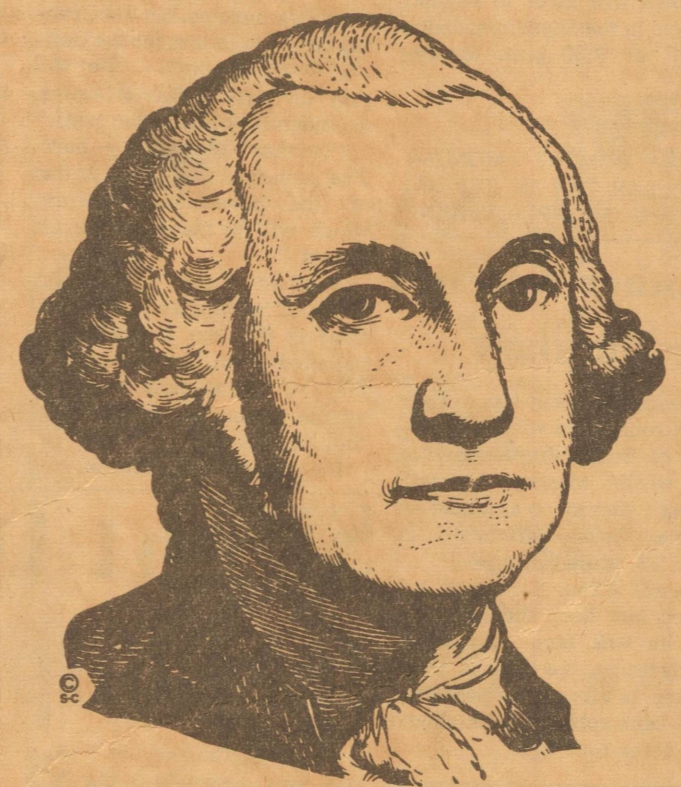

Phone us for details, or drop in—you'll benefit!

MOMMA! IT'S COLD OUTSIDE--Getting closer to the fire while on a camping trip last weekend are scouts Ronnie Stewart, Bill Edelman, Wayne Cason and Royce Douglas.

THE SPIANS --

the court; Charles McKenzie, Dr. Kirkland; Mary Ann Bogges, Mrs. John Hutchins (colored); Kim Caffey, Homer Van Fleet; and Craig Tannahill, Elmer Sweeney;

Also Janiece Bock, Nancy Lee Faulkner; Virginia Patton, Mada Swenson; Tommy Jay Sander, John Graham Whitfield; Adabeth Akens, Jane Chandler; Keith Taylor, Singurd Jungquist; James Gee, Larry Regan; Mary Tom Spring, Roberta Van Rensselaer; and Karen Treider, stenographer.

Tickets will be available in the near future from any member of the troupe.

TRAX--

Then, the Legislative Budget Board comes up with their recommendations--they suggest a "slight increase" for the judicial system, executive and administrative departments, hospitals and special schools, public schools and highways. Small cuts were recommended for junior colleges and higher education.

Then, it seems everyone wants in the limelight, Rep. F. S. Seeligson of San Antonio has an idea.

He wants to overhaul and "beef up" the state's tax collecting.

Shopping his list is a plan for a 1.5 per cent sales tax with food, feed and fertilizer exempted -- this plan would bring in an estimated \$67,000,000 annually.

In addition, he would do away, or rectify some tax bills now in effect and revise upward--naturally--others.

The ones he would "up" include taxes on motor vehicles, tobacco and liquor.

So--it looks like another year of fussing and fuming down at Austin and each one afraid he will be "damned if he does, and damned if he doesn't."

At a social tea at which Dr. Oliver Wendell Holmes was present, the hostess, who had put the cream of her acquaintance on parade and quite expected and looked for effusive admiration from the great man, said to him as he was about to leave:

"Well, Doctor, what do you think of afternoon tea?"

He replied in these four striking graphic words:

"It is giggle--gabble--gobble--git!"

Gospel Meeting Begins Sunday

A series of gospel meetings will begin at the Sixth Street Church of Christ Sunday morning, February 1. F. W. Mattox, president of Lubbock Christian College, will be the guest speaker. He will preach at 10:30 a.m. and again at 6 p.m.

Before assuming duties as president of Lubbock Christian College, Mattox served as dean and assistant to the president, George S. Benson, at Harding College at Searcy, Ark. Prior to that he was a gospel preacher in Oklahoma City and Los Angeles.

During the week Feb. 1 through Feb. 8, Mattox will preach twice daily at the local church. Week day services will be held at 8:45 a.m. and 7:30 p.m. daily.

M. B. McKinney, minister, joins the elders and other members of the church in inviting everyone in the area to attend any or all of the services.

IN THE COURTS

JP COURT The following case was tried before Justice of Peace Thelma Jones during the week ending January 27:

Charles K. Skinner, drunk pedestrian. *****

CORPORATION COURT The following cases were tried before Judge Thelma Jones in Corporation Court in Friona during the week ending January 27:

Ben Moreno Jr., driving wrong way on divided highway. Earnest Garcia, drunk in car. *****

"That is a falsehood!" said the teacher severely. "Do you know what will happen to you if you tell lies?" "Yes'm," said Jimmy nonchalantly. "I'll go to hell and burn."

"Worse than that," said the teacher. "You'll be expelled from school."

Sheriff, Court In Accord On Teter Case

Sheriff Chas. Lovelace has stated to the Parmer County newspapers that he was in accord with the court when he removed A. C. Teter of Bovina to the state penitentiary five days after he had been convicted of theft and embezzlement and had been sentenced to two years.

It had been reported in the papers that "following the trial, the court agreed that he would begin serving the sentence after January 1. However, he was picked up by the sheriff's department before Christmas."

The sheriff reports that Teter's sentence began the day the trial ended (December 19) and that special Judge Bill Street, who was on the bench in the stead of District Judge E. A. Bills who was ill, did not agree to allow the Bovina man to remain free for any specified length of time and did not, in fact, have authority to do so.

Sheriff Lovelace's statement: "Special Judge Street has informed us that when the defendant was asked if there was any reason why he should not be sentenced at that time, that Mr. Teter said there was no reason why he should not be sentenced."

"Judge Street further states that Teter was sentenced on December 19, at which time his sentence began, and that it was left to the sheriff if any freedom was to be given after sentencing. It is the sheriff's responsibility to convey a prisoner to prison, or cause the same to be done."

F. W. MATTOX

WEEKEND GUESTS

Mrs. Frances Howard of Abernathy and Mrs. Treva Reece and son, Ted, of Canyon were weekend guests in the home of Mr. and Mrs. A. O. Drake. During their stay here the visitors and Mr. and Mrs. Drake visited in the homes of Mr. and Mrs. Earl Drake and sons, Mr. and Mrs. Arthur Drake and daughters, and Mr. and Mrs. Bud Minor at Hereford.

THIS COMING MONDAY IS DOLLAR DAY IN FRIONA. DO YOUR SHOPPING THEN!!

Program To Be Presented

Rev. Fred L. Dean, pastor of the United Congregational Church, announced early this week that members of the Pilgrim Fellowship would present the program at the regular monthly meeting to be held in the church basement Sunday evening.

The film "The Seven Lean Years" will be shown beginning at 7 p.m. After the film refreshments of coffee and doughnuts will be served.

School Phone Numbers Cause Conflict

In order to add to the confusion already caused by several wrong numbers in the new telephone book Superintendent Dillie Kelley has announced the following phone numbers for the Friona Schools.

- Parents are urged to make a note of these numbers and use them to communicate with the schools. Superintendent's Office --- 5322 High School Principal --- 2662 or 2661 High School Ag Dept. --- 3642 Junior High Principal --- 3571 Elementary Principal --- 4781

ATTEND FUNERAL

Mr. and Mrs. Dewey Price and Mr. and Mrs. T. A. Williams attended funeral services for Hubert Selke of Abernathy Tuesday. Mr. Selke, who was a long time resident of Abernathy, was well known to a number of Friona residents.

Of Interest To THE WOMEN

Methodist Women Hold Circle Meeting In Friona Tuesday

All three circles of the WSCS of the Friona Methodist Church had regular meetings Tuesday morning.

The Kolvwia Circle met in the home of Mrs. Roy Slagle. The Bible study in the book of Isaiah was continued under the direction of Mrs. Ross Ayers. Each member gave an explanation of a specified assignment of verses in the book.

Mrs. Howard Ford presented the devotional on the 29th chap-

ter and the morning prayer was led by Mrs. Hugh Blaylock. Mrs. Slagle served coffee and rolls to the following members: Mesdames Arthur Drake, Kenyth Cass, Coy Patton, Howard Ford, W. M. Stewart, Will Osborn, H. R. Cocanougher, J. L. Shaffer, Hugh Blaylock, and Ross Ayers, and one guest, Mrs. Ralph W. Shelton.

The next meeting will be in the home of Mrs. Howard Ford February 10.

Party Fetes Lee Springs

Dr. and Mrs. Lee Spring were guests of honor at a get acquainted tea and shower in the home of Mr. and Mrs. Sloan H. Osborn Thursday evening of last week. Other hosts were the Dan Ethridges, Charles Allens, J. T. Gees, J. G. McFarlands, and Claude Osborns.

During the evening the group played bridge and 42 and the Lee Springs won high score. After receiving the gift for this honor, a table of gifts was rolled in and presented to them.

Refreshments were served from a silver tea service. The names "Lee" and "Ann" were attached to the floral arrangement which served as the centerpiece of the serving table.

Those attending or sending gifts, besides the host couples, were Dr. and Mrs. Paul Spring, Dr. and Mrs. George Anderson, Dr. and Mrs. Loyd Shackelford, Mr. and Mrs. H. E. Barnett, Mr. and Mrs. Marty Martinez, and Mr. and Mrs. Mike Pavalus;

Two Frionans Pageant Nominees

Doug Boynton, Student Government Association secretary of social affairs at Wayland Baptist College at Plainview, has announced that Janice Miller, daughter of Mr. and Mrs. Roy V. Miller, and Bobby Sartain, son of Rev. and Mrs. L. A. Sartain, all of Friona, have been nominated for the annual Beauty and Beast Pageant.

Eighty-seven Wayland students have been nominated by their classes and organizations for the most beautiful and most handsome titles. Thirty finalists, fifteen boys and fifteen girls, will be chosen by student body vote Jan. 29 in chapel. A panel of local judges will then choose the Beauty and Beast and two runners-up for each.

Presentations of the 30 finalists will be made at the annual Beauty and Beast Pageant February 12. The winners and runners-up will be named at this time.

Local Girls Attend Retreat

Three Friona girls were among 220 members of the Baptist Student Union of Texas Tech who attended the annual mid-winter retreat at Glorieta, New Mexico, early this week.

Deann Buske, Dentese Magness, and Lila Gay Buske returned home Tuesday from the camp. One of the highlights of the retreat was a snow skiing excursion. All three of the girls will visit here a few days before returning to Lubbock for the second semester.

The Maggie Hamlin Circle met in Fellowship Hall. The meeting was opened with the singing of the song, "In Christ There is No East Or West."

A new study, "Concerns of a Continent" was begun with Mrs. Eugene Ellis as program director. Mrs. Frank Spring gave a report on our neighbor to the north, "Canada."

Mrs. I. T. Graves spoke on "Union Of The Churches" and "Who Goes A' Traveling." Members present were Mesdames I. T. Graves, Eugene Ellis, Frank Spring, Jake Lamb, H. C. Kendrick, Dick Rockey, Joe Collier, and Ernest Anthony.

The Mekka Circle met in the home of Mrs. James Boyle. After a short business session, Mrs. Boyle led a study of "One In Christ -- Progresses In Ecumenicity." A study of the world council of churches and work of missionaries in Japan and Okinawa was presented by Mesdames Ray Whately, Dorothy Hough, and Jean K. Anthony.

The meditation and scripture reading was given by Mrs. George Jones. Mrs. Billy Sides led the closing prayer.

Those present were Mesdames Marion Fite, Joe Moyer, Mack Bainum, Ray Whately, Dorothy Hough, George Jones, Lucy Vestal, Billy Sides, and Jean K. Anthony.

Club Members Study Citizenship

The Friday afternoon meeting of the Northside Home Demonstration Club at the American Legion Hall featured a program on the duties and privileges of a good citizen. The program was directed by Lucy Faye Cocanougher, who was assisted by Elizabeth Gore.

One of the members, Mrs. Druscilla Paul, was observing a birthday and other members of the club surprised her with a party. The birthday cake baked by Elizabeth Gore was served with coffee.

Those present were Thelma Ruth Shelton, Nellie Ray, Faye McMahan, Johnnie Stokes, Druscilla Paul, Mary Roberts, Gladys Wright, Elizabeth Gore, Lucy Faye Cocanougher, Jo Faye Brooks, Olive Massie, Jessie Douglas, and Waneta Taylor.

During the business session Waneta Taylor was elected council delegate.

Surprise Party Honors Burlesons

Mr. and Mrs. T. I. Burleson of the Hub community were honored with a surprise party Thursday evening in their home.

Mrs. A. L. Black baked a cake in the shape of the numbers one and six since the honored couple were observing their 16th wedding anniversary.

Following an evening of games, peach cobbler cooked by A. L. Black was served with whipped cream and coffee to the following: Messrs. and Mesdames John Renner, James Mabry, Weldon Stringer, Albert Cannon, and Otis Neel;

Also Messrs and Mesdames Aubrey Cannon, Rene Snead, M. J. Stacy, Johnny Hand, Bill Baxter, Jack Tomlin, Jack Shirley, T. I. Burleson, and Mrs. John Hand.

DeWayne Neel Named Officer

DeWayne Neel of Friona has been named Battle Group Executive Officer and Cadet Lt. Colonel of the West Texas State College Reserve Officer's Training Corps unit for the spring semester, according to a recent release by Capt. Robert G. Pritchett, assistant professor of military science and tactics.

Neel, son of Mr. and Mrs. Otis Neel of the Hub community, is a senior math major. He is serving as president of the Student Senate, student governing body of WTSC.

Chris Houlette To Be Dismissed

Mr. and Mrs. Dale Houlette, who became parents of a baby boy at the Parmer County Community Hospital January 10 at 8 a. m., expect to take him home from the hospital late this week.

The infant, who was named Chris Dale, weighed 3 1/2 pounds at birth and has gained one pound. He is making satisfactory progress.

Chris Dale is the first child for the couple. His grandparents are Mr. and Mrs. Charlie Phipps of Friona and Rev. and Mrs. E. E. Houlette of Hereford. Great-grandparents are Mrs. George McLean of Friona and J. S. Phipps of Wellington.

Honored On Anniversary

Mr. and Mrs. Walter Haws honored his parents, Mr. and Mrs. Leonard Haws, with a surprise party in observance of their Silver Wedding Anniversary in their home Monday evening.

Refreshments were served from a lace covered table. The centerpiece was an arrangement of white mums with silver leaves and centered with a large silver 25. The three tiered cake was white with blue wedding bells and silver wedding decorations.

Guests were Mr. and Mrs. Roy V. Miller Sr., Mr. and Mrs. Howard Mayfield, Mr. and Mrs. Earl Drake, Mr. and Mrs. L. R. White, Mr. and Mrs. Clyde Sherrieb, Mr. and Mrs. W. B. Norwood, and Mr. and Mrs. Bud Reed;

Also Mr. and Mrs. Carl Fairchild, and Mr. and Mrs. W. F. Cogdill all of Friona; and Mr. and Mrs. Henry Kinsey and Gene of Vega. The Cogdills are the parents of Mrs. Haws.

THE BULWARK OF A COMMUNITY IS ITS CHURCHES

A THOUGHT FOR THE WEEK

"LIFE'S GREATEST DIMENSION"

is the one that lies just beyond the horizon. There is nothing which God has made that he has not given us the means to accomplish in both physical and moral realms. And God has put it into the heart of man to see all. This is why the child cries for the moon and nations strive to establish outposts on the moon or Mars. Man is a dreamer, an inventor, and explorer.

Man is endowed with a bit of God, the power to mold infinite, shapeless possibilities. We may each become a creator of something better which is still awaiting our discovery in the realm of the beyond. The people were amazed at the things Jesus did, but He said to them, "He who believes in me will also do the works that I do; and greater works than these will he do. . . ." John 14:12

BINGO!—Residents of the Black Community held a Bingo and 42 Party at the Black Community House Friday night for the benefit of the local March of Dimes. The picture above was shot during one of the bingo sessions.

Club Members Draw For Pals

The feature of the Tuesday afternoon meeting of the Hub Home Demonstration Club at the Community Center was the drawing of names for secret pals for 1959. After a business meeting, refreshments were served by Taleta Mabry. Those present were Peck Stringer, Jo Hand, Jinx Snead, Jane Stacy, Billie Thurman, Lydia Tomlin, Lavon Renner, Mildred Walters, Melba Burselen, Clytie Black, and Christine Shirley.

The next meeting will be the first Thursday in March at the Community Center.

is about 2 1/2 years old. Grandparents are Mr. and Mrs. Charlie Phipps of Friona and Mr. and Mrs. Glenn Williams of Muleshoe.

Ira Millers Wed 59 Years

Mr. and Mrs. Ira Miller observed their 59th wedding anniversary with an informal family get together in their home Thursday. Members of the family met in the Miller home for the noon meal, then spent the afternoon and evening.

Other than children and grandchildren about 20 persons visited in the Miller home in the evening.

Second Son Born To Local Couple

Mr. and Mrs. Virgil Phipps became parents of a baby boy at the Parmer County Community Hospital Monday of last week. He weighed 8 lbs. 1 1/2 ozs. and was named Michael Leon.

He is the second son for the couple. The older one, Monte,

Auxiliary Has Called Meeting

The newly organized Fireman's Auxiliary met at the City Hall Monday evening of last week in a called session. The constitution and by-laws were adopted.

Plans were made for a family supper at the school cafeteria Thursday evening, January 29. Hostesses will be Mrs. Joe Mann and Mrs. Ralph Shirley.

An Iowa farmer, on his first visit to the big city, stopped in a plush cocktail lounge and ordered a beer.

"How much beer do you sell a week?" he inquired.

"About 40 kegs," said the bartender.

"I'll tell you how you can sell 80,"

"Eighty kegs?" said the bartender, amazed. "How?"

"Simple," answered the farmer. "Fill up the glasses." *

The salesman stared doubtfully at the formidable looking animal lying on the doorstep. "What breed is your dog?" he asked the lady of the house.

"Don't rightly know," she answered. "My brother sent it from Africa."

"Well," said the salesman, hesitatingly, "it's the queerest dog I've ever seen."

The lady nodded. "You should have seen it before we cut its mane off."

Lakeview HD Club Begins New Year

Eight members of the Lakeview Home Demonstration were present for the planning meeting for 1959 at the home of Jean Coker Thursday afternoon. Two new members were accepted into the club. They were Gwen Graves and Winnie Beatson.

A business meeting was conducted by the new president, Frances Milner. Others serving with her are Elizabeth Carmichael, vice-president; Glindeen Bailey, council delegate; Jo Blackburn, secretary-treasurer; Jean Coker, parliamentarian; and Ala Mae Gibson, reporter.

The following committees were appointed: program committee, Elizabeth Carmichael, Elthie Hand, and Jean Coker; finance committee, Jo Blackburn, Glindeen Bailey, and Ala Mae Gibson; expansion, education, and exhibit committee, Vuthill Loafman, Gwen Graves, and June Sutterfield.

The constitution and by-laws were re-adopted and the club goal for the year was adopted. The goal is to help the needy and underprivileged. The next meeting will be February 12 in the home of Frances Milner. Jimmie Lou Wainwright will demonstrate "A Dinner For The Family."

Sally Lewis says...

With more time being spent indoors during the winter months, we are closer to the cookie jar, refrigerator, and other sources for all-too-frequent weight-producing nibbling. A lady in Georgia has a tip: Write notes to yourself and tape them on "places of temptation" such as candy jars, cookie bins, and even the sugar bowl. You can have a lot of fun composing short verses reminding you that it's the between meal eating that puts on weight.

Do you have difficulty telling the 81-inch sheets from the 72-inch ones on your linen shelves? How about writing a small 81 or 72 on the top side of the wide hem at each corner with indelible pencil?

If you've had corrosion trouble on your large kitchen salt shakers, paint the inside of the tops

with nail polish. After it dries, open the holes from the inside with a large needle.

Dad can make a handy sander for sprinkling toy walks and drives by drilling holes (about 1/4-inch) in the bottom of a gallon or two-gallon oil can and filling with dry sand. Simply stand the can upside down when not in use.

Cold weather seems to intensify the problem of keeping toilet bowls clean and sanitary. But high priced "bowl cleaners" aren't necessary. You can remove the sources of odors and stains easily and economically with household lye. Just shake a tablespoonful into the toilet bowl and swab the interior with a long-handled brush.

There's nothing like the aroma of sizzling bacon on these chilly mornings. To turn out beautifully cooked bacon, soak it in cold water for a few minutes before putting it into the skillet or broiler. Cold water lessens the tendency for the bacon to shrink and curl. Also, turn the bacon several times for complete, even cooking.

Cliff Magness of Lubbock accompanied his aunt, Deniese Magness, to Friona Friday for a visit in the home of his grandmother, Mrs. Mae Magness. Mrs. Magness took him home Saturday and spent the night with Mrs. Marjore Magness.

Mr. and Mrs. Pat Callihan and Mr. and Mrs. Charles Rickard spent the weekend visiting in the home of Mr. and Mrs. Edkar Miller and Dale at Roosevelt, Okla. The Millers are parents of Mrs. Callihan and Mrs. Rickard.

"I haven't seen you at church lately," a minister remarked to one of his parishioners one day. "I hope you're not slipping from the fold."

"Well, not exactly," replied the man. "But my daughter's learning to play the harp and well-to-tell the truth, I'm not so particular about going to Heaven as I used to be."

Three old cronies were discussing the forthcoming funeral of a friend who was dying, in the latter's hearing. Economy was essential and this led the first to suggest that they do without a third car. The second agreed, and the third said: "Let's cut out all the cars and flowers; we'll just have the hearse."

A tired voice from the bed intervened: "If you'll give me my trousers, I'll walk."

Club Members Hear Report

At the Tuesday morning meeting of the Friona Home Demonstration Club in the home of Elwanda Campbell, Jo Nell Sims gave a council report. The program "Texas Laws Concerning Women" was presented by Joyce Wilkins.

During the business meeting it was decided to change the meeting dates to the first

He had just completed a long prison sentence and on the great day when those big gates opened and the whole world lay before him, his joy knew no bounds. "I'm free," he shouted, "I'm free."

A little girl who was playing nearby gazed at him for a few moments and then came over. "That's nothing to shout about," she said, "I'm four."

and third Wednesdays of each month. The next meeting will be an exception to this. It will be held February 11 at 2 p.m. at the home of Marlene Drake.

It was also decided to adopt as a club project a city wide house numbering program. The goal will be to get every house in town numbered. The group voted to assist with the council program of preparing cook-

books for sale. A Bingo party will be held later to raise funds for the club.

Janiece Taylor was accepted as a new member of the club. The hostess served refreshments to Phyllis Sanders, Marlene Drake, Christine Williams, Jo Nell Sims, Joyce Wilkins, Velma Jones, Stella Varner, Anna Lee Sims, Juanita Drennan, Stella Shirley, Janiece Taylor, and Edwina Field.

WE SALUTE OUR FARMERS They're hard-working and progressive!

As suppliers of Texaco products to farmers in this area, we know better than the average citizen the terrific job they do in feeding the nation and the many difficult problems they handle in stride.

We're glad to provide them with on-time, neighborly delivery of the Texaco products they need in farm operations... Texaco Fire Chief gasoline for real lively power and low cost operation of farm equipment... Advanced Custom-Made Havoline Motor Oil for longer engine life... Texaco Marfak lubricant for top protection of bearings.

We'd like to serve more of our farm friends in this neighborhood. Phone us, or drop in - the welcome mat is always out!

TAX FACTS #1
Selecting The Proper Tax Form

If you are one of the millions of American taxpayers who spends the lion's share of his income feeding, clothing, housing and entertaining his family, chances are there is very little you can do to reduce your 1958 federal income tax bill - but you owe it to yourself to try.

First of all, decide which of the two individual tax forms you are going to use to report your income. If you choose the wrong one, you may automatically cut yourself off from a possible tax savings.

The easiest way to file is to use the simple 1040-A Form. It's a card the size of a check, on which you answer a few simple questions and have the choice of either computing your own tax or letting the Government do it for you.

You are permitted to use the card form if your gross income consisted only of wages, dividends or interest totaling less than \$10,000, and if you did not have more than \$200 of gross income apart from that listed on your W-2 withholding slips.

Facts to Consider
Before deciding to use the card Form 1040-A, you should consider these facts:

1. Your tax will be figured from a table which allows you a deduction of about 10 per cent of your income instead of itemized deductions for contributions, taxes, interest paid, medical and dental expenses, etc.

2. There is no provision in this form for filing as the "head of household", as a "surviving spouse" or for claiming special credits for dividends and retirement income.

If you are sure that these two points would not cost you any tax savings, and your income is within the limits for filing a Form 1040-A, you might as well use this simple card form.

Whether to Itemize
When you elect to use the regular Form 1040, you still must

decide whether to itemize deductions or take the standard deduction which usually amounts to about 10 per cent of your income or \$1,000, whichever is less. Generally, you will save by itemizing deductions if you:

- (1) Own real estate
- (2) Had unusual medical expenses
- (3) Had deductible child-care expense
- (4) Suffered losses from fire, storm, accident or theft
- (5) Made fairly large charitable contributions

If you are supporting a dependent, although you are unmarried, you may be able to qualify as a "head of household" and figure your tax on a special table that gives you part of the advantage enjoyed by married couples filing joint returns.

You may qualify for a "head of household" status if you provide more than half the support of a parent, and more than half the cost of maintaining the parent's household even if the parent does not live with you. You cannot claim a "head of household" status if you file a Form 1040-A.

The 1040 Form is arranged again this year so that a taxpayer whose income was entirely from wages needs to use only the first one or two pages. Pages three and four are for other types of income and for computing the special credits for dividends and retirement income.

The instructions which come with your tax forms give further information on how to select the correct tax form. Help is also available from the Internal Revenue Service.

Corner on Cotton

What will Congress do about the cotton program? ... most experts agree that nothing very important will happen directly to cotton ... feeling is that the new program must have a trial before any sizeable changes are made ... behind the scenes a direct subsidy payment plan with restrictive payments to individual farmers is being talked, but probably won't appear on the floor of either house in the near future ... also being talked (and there may be some action on this) is the setting of a limit on the total funds for price support and on a crop-by-crop basis ... this results from an unexpectedly large price-support burden ... which has helped raise total USDA outlays from an expected \$5 billion for the fiscal year to over \$7 billion if predictions prove right ... this will equal more than two-fifths of the net income of all farm operators in the country ... the President has

pointed out that by July 1 the government will be holding farm surplus products worth \$9 billion and that the cost of such items as storage, interest, etc., will run about \$1 billion a year ... another target is the "open end" loan in which you can pull your cotton out of the loan and sell it on the market if the price makes this desirable ... Secretary of Agriculture Benson opposes most of these changes ... but he does want to abandon the parity formula and use some "market-price" method of arriving at support levels ... this method will be tested on the 1959 corn crop ... also, there is a move to allow a farmer who isn't going to utilize his cotton allotment to transfer it to someone else ... under present regulations this can't be done ... the farmer may turn his allotment back to the ASC committee for reassignment, but he doesn't have to and usually doesn't.

Secretary Benson says "... if farmers had had more freedom--and less interference from Government--their production adjustment over the years would have been more realistic."

By Jan. 31 USDA will announce cotton support price based on estimate of August 1 parity by January 31 ... choice of "A" or "B" must be made by March 16

and ASC committee notified if choice is "B" ... otherwise ASC will assume you take choice "A".

Chiefs Lose A Thriller

Friona's Squaws clobbered Canyon's girls in a one sided 74-29 basketball game Tuesday night in the FHS gymnasium and the crowd chewed off their fingernails as the Chiefs dropped a close decision to Canyon 63-60 in the final seconds.

Tuesday night's action saw the Squaws protect their undefeated status while the boys haven't fared quite so well in this, the first year of AA competition.

Friday night the boys were beaten by Tulia 78-49 and this time it was the girls who provided the thrilling finish, winning their game by a 2-point margin.

In junior high action Monday night, the 7th Grade boys played Muleshoe at Muleshoe and dropped a close game 28-24 with Gene Height the high point scorer for Friona with 10 points.

The 8th Grade boys also dropped their game to the Mules, losing by a score of 30-20, with Donnie Smith and Billy Thomas sharing high point honors with 8 points each.

Here in Friona the 7th Grade girls tromped the Mules 15-3 with Charlotte Nettles scoring 7 points.

The 8th Grade girls downed their Muleshoe opponents 27-19 with Carol Ray scoring 13 points.

In the Chief's game Tuesday night Frank Spring was high scorer for the Chiefs with 17 points recorded while Eddie Boysdun of Canyon scored 16 points.

The Chiefs sped to an early lead and held it until the half. Score at the end of the first quarter was 14-5 in favor of Friona and 25-23 at the half. The second stanza saw the Canyonites draw from behind and go ahead to win in a razzle-dazzle fourth quarter with Canyon scoring 26 points and the Chiefs scoring 25.

Jonnie Hand led Squaw scorers in their game by pouring 26 points through the hoop. M. Winn was high pointer for Canyon with 14 points.

The girls led all the way

Parmer County Land Will Be Re-Valued

Parmer County land will be re-valued for tax purposes.

In a regular session of commissioners court Monday, the change in tax values was discussed. Each of the four commissioners appointed three men in his precinct to handle the change.

The 12 men who will set the new values met with the court. They are A. W. Anthony, Sr., Jake Lamb, and D. H. Nelson, Precinct No. 1; Wilbur Charles, Billy Marshall, and R. H. Schuler, Precinct No. 2; C. C. Christian, Dick Gerles, and R. B. Rundell, Precinct No. 3; and Wesley Barnes, Elbert Nowell, and John Agee, Precinct No. 4.

No deadline was set for the men to have the new values turned in to the tax assessor's office. However, it was estimated that it would take about two weeks for the work to be completed.

New tax values will go into effect this year, County Judge Loyde Brewer says. The men will be paid \$1.50 an hour plus 10 cents a mile for the use of a car.

Best land in the county will be valued at \$10 per acre. This value will drop as low as \$4. Reason for the change is that present valuations have been in effect since the county was founded and the court feels they are out of date and unfair in many instances. A county equalization board meeting will be in May or June, Brewer says.

After a lengthy discussion, the commissioners agreed that Brewer would keep the county job of veterans service officer without pay. Brewer served in this capacity prior to being elected as judge.

Six applications for the job, which is budgeted to pay \$100 a month, were considered before the decision was made. The present arrangement is a temporary one and is subject to change, Brewer says.

In other business, the commissioners named Robert L. Ginsburg auditor for the county.

with the score by quarters, Friona led 21-8 at the end of the first; 35-14 at the half and 59-23 at the end of the third and winning by a score of 74-29.

Friday night the Chiefs and Squaws meet Dalhart at Dalhart.

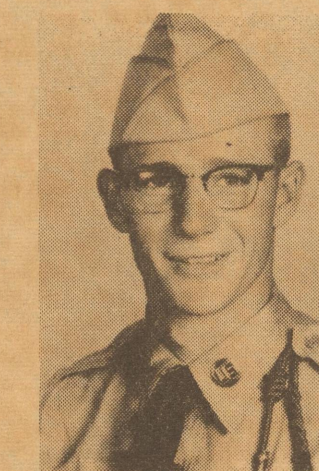

Another Arrested For Burglary

A second person was arrested in connection with the burglary of Bovina Implement Co. last week. Monday, Amarillo officers picked up and held for Parmer County officers J. D. Lane, 34, of that city.

Sheriff Chas. Lovelace returned him here the next day, and he will face charges of burglarizing the Bovina firm.

Lane is already on probation for a bank robbery in Oklahoma City some time ago.

Taylor Graduates In Germany

Army Acting Corporal Harold B. Taylor of Friona recently graduated from the 4th Armored Division's Non-Commissioned

Officer Academy in New Ulm, Germany.

During the four-week course, Corporal Taylor, who is regularly assigned as a fire direction center chart operator in the 78th Artillery's Battery A in Crailsheim, received refresher instruction in military leadership and advanced combat tactical training.

He entered the Army in June of 1957 and was stationed at Camp Chaffee in Arkansas and Fort Hood before going to Germany in December of 1957. The corporal is the son of Mr. and Mrs. Glenn E. Taylor of Route 2, and is a 1956 graduate of Friona High School.

OL Community House Proposed

All residents of the Oklahoma Lane community are urged to attend a special meeting next Thursday, February 12, for the purpose of discussing a proposed community building.

Oklahoma Lane Home Demonstration club is sponsoring the meeting at 7:30 p.m. in Oklahoma Lane Farm Supply Building in an effort to determine whether there is sufficient interest in a community building to warrant launching a drive to finance and construct one.

Refreshments will be served by the club and free entertainment will be a movie entitled "A Tenderfoot in Europe" shown by Cotton John of KGNC in Amarillo.

Oklahoma Lane Farm Supply is located 1 1/4 miles north of the churches on the Bovina-Lariat road.

New Course Offered

NEW COURSE OFFERED 14s Farm management is a new course offered without credit this semester at Lazbuddie school to senior boys who plan to begin farming after graduation. The program is designed to help students plan their farming operations for the first five years. Jack Black is instructor.

When freezing such items as nut meats, put one cup in a plastic bag, then fasten with a rubber band before adding another cup. Fasten with a rubber band after adding each cup until the bag is filled. This way you can remove the nuts in one-cup units without remeasuring or disturbing the contents when you use the nuts.

Apple Chip Cupcakes Good In Lunch Box

What's perfect for the lunch box, for informal get-togethers or just delightful snacking? Cupcakes, of course. When the cupcakes are made from packaged apple chip cake mix, they're no trouble at all. To dress them up, spread the tops with delicious butter frosting flavored with vanilla or lemon, and decorate them with bits of chocolate, coconut or candy. Serve with your favorite beverage.

Frosted Apple Chip Cupcakes
1 package instant apple chip cake mix
1-1/4 cups water
2 eggs, unbeaten
Empty cake mix into bowl. Add water and eggs. Beat 3 minutes until creamy. Spoon batter into paper baking cups, set in muffin pans, or spoon into greased and floured muffin pans, filling each cup half full. Bake in moderate oven (350°F.) 25 to 30 minutes. Makes 24 medium cupcakes.

Butter Frosting
1/4 cup butter or margarine
Dash of salt
2 cups sifted confectioners' sugar
1 teaspoon vanilla
Cream butter; add salt and part of sugar gradually, blending after each addition. Add remaining sugar, alternately with milk, until of right consistency to spread, beating after each addition until smooth. Add vanilla; blend. Makes 1 cup frosting or enough to cover tops of 24 cupcakes. Or vary frosting using Lemon Butter Frosting.

Lemon Butter Frosting. Use above recipe, substituting 2 teaspoons lemon juice and 1/2 teaspoon grated lemon rind for the vanilla.

Mr. and Mrs. Melvin Miller and Judy of Woodward, Okla., visited in the home of Mrs. Miller's parents, Mr. and Mrs. Ira Miller during the weekend. Poultry was first introduced to Texas by the early Spanish explorers and later by Anglo-American colonists.

OLLALARR

Of Interest To THE WOMEN

COOK OF THE WEEK--Mrs. Olive Massie stands with two of her Girl Scouts in the Friona Clubhouse as they prepare to get underway with the week's scouting activities. An active leader in the Girl Scout program for many years, Mrs. Massie has given us a few of her favorite recipes this week.

Cook Of The Week

For several months we've planned something a little bit different for our Cook Of The Week feature, but hadn't really expected to feature a cook who, in her own words, "really doesn't like to cook as well as I used to."

Perhaps the statement, "I don't really like to spend as much time in the kitchen as I used to," would have more aptly described the situation. Since Mrs. Meryle Massie spends a great deal of time working with a Girl Scout Troop and the young people at the Friona Methodist Church, she doesn't have too much time.

In addition to taking care of her duties as a farmer's wife and mother of three girls, she takes an active part in the activities of the Friona Methodist Church, Northside Home Demonstration Club and works with two groups of youngsters on a full time basis.

Mrs. Massie says, "We prefer simple dishes whether they are main dishes, desserts, or salads. And, I especially like meals that are simple to prepare yet substantial." She gave us a roast beef recipe and added, "Very often this serves as the basis of our noon meal on Sunday. With it I usually serve a green tossed salad and a simple dessert."

BRAISED ROAST BEEF
Sprinkle a 3 or 4 pound roast

with garlic salt, onion salt, and paprika until each side is well covered. Put roast into a slightly oiled electric skillet and brown each side of roast at a high temperature. When well browned on each side, turn skillet from 380 degrees to 250 degrees and cook 3 1/2 to 4 hours.

The already seasoned juices make delicious gravy when thickened. Vegetables (onions, potatoes, and carrots) may be added an hour before the roast is done.

CAMP-FIRE STEW

(For 4 People)

Several Girl Scouts with whom we are well acquainted vouch for this stew which Mrs. Massie has served at day camp.

1 pound ground beef
1 onion per pound of beef
1 can vegetable soup
1 can water

Brown meat and onions in kettle, then add vegetable soup and water. Then let simmer for 15 to 20 minutes. For a variation, cream of mushroom soup may be used instead of vegetable soup.

The favorite congealed salad of members of the Massie family is:

BLACK CHERRY SALAD
1 package black cherry jello
1 cup boiling water
1 can black bing cherries
1 can crushed pineapple
3/4 cup nuts
1 1/2 cups midget marshmallows

Dissolve jello in boiling water. Drain juice off cherries and add enough cold water to the juice to measure one cup. Pour this into jello and place in refrigerator until it begins to set.

Then stir in remaining ingredients which have been combined. Place in refrigerator until ready to serve.

Two more desserts that are very popular with members of the Massie household are Baked Red Cherry Pudding and Orange Date Cake. Members of the Friona Star staff know the cake is wonderful. Recently Olive treated us by bringing us a cake. All of us want this recipe for our personal files.

ORANGE DATE CAKE
1 pound dates
1 cup coconut
4 cups flour
1 1/3 cups sour milk

1 teaspoon soda (dissolved in milk)
1 cup oleo or butter
2 cups sugar
2 cups chopped pecans
2 teaspoons orange peel
4 eggs

Mix butter, sugar, and milk. Then add eggs, one at a time. Mix in 3 cups of flour, then fold in coconut, pecans, dates, orange peel, and remainder of flour. Bake 1 1/2 hours at 325 degrees.

Filling:
2 cups sugar
1 cup orange juice (about 3 oranges)

Let this mixture stand while you are baking your cake. Stir occasionally, but do not cook. Pour this over cake as soon as it is baked. Take a knife or meat fork and punch cake completely full of holes so filling will soak in evenly. Leave in pan until cake is just warm

and then remove. Bake at least 24 hours before serving.

BAKED RED CHERRY PUDDING
Sift together these dry ingredients

1 1/2 cups flour
1 teaspoon soda
1/2 teaspoon salt
1/2 teaspoon cinnamon
Cream together:
1/2 stick oleo
1 cup sugar
1 egg

Add the dry ingredients to this mixture alternately with the juice from one can of red sour cherries. Mix well. Then gently stir in the one can of cherries, 1 teaspoon red coloring, 1/2 cup nuts. Pour into pan and bake one hour at 375 degrees.

BUTTERSCOTCH ICING
1 1/2 cups brown sugar
2 tablespoons flour
1/4 teaspoon salt
1 1/2 cups boiling water
6 tablespoons oleo
1 teaspoon vanilla

Mix flour, sugar, butter, and boiling water. Cook ten minutes. Add vanilla and cool five minutes then pour on top of pudding. Let stand 12 to 24 hours before serving.

in and around FRIONA

WITH JLNF

The alley and parking area improvement that is being made near the drive-in window of the bank and the adjacent alley and parking area at the rear of Taylor's Barber shop is going to be very nice. The only disadvantage we see to the whole arrangement is that it is going to displace Ralph Taylor's annual vegetable garden.

For the past two or three years we have thoroughly enjoyed seeing the first signs of spring at the rear of the barber shop. Then all during the growing season we have watched the vegetables grow from tiny plants to mature ones bearing

fruit. Thinking of spring reminds us that with spring always comes a lot of litter along our streets and highways. Only last week as we sat typing near the window we observed two different people in cars as they rolled down the windows and threw out malt cups on the street.

Both of these people live here in town and are property owners. Of course, they had no idea of cluttering up the town by throwing trash out the windows, but the cups blew to the curb and finally to our front door.

We can do nothing about the

wind blowing, but much can be done about the trash if all of us will cooperate by refraining from throwing rubbish out into the streets. The accumulation of dust cannot be prevented, but paper cups, napkins, etc., can be eliminated if each of us will be very careful to teach our children to not do these things, then practice what we teach.

Anyone interested in self-improvement might like to clip the following bit of advice out and thumb tack it in a conspicuous place until the idea thoroughly sinks in. "Whatever you dislike in another person, try to correct it in yourself."

In addition to being Dollar Day in Friona, next Monday will be Ground Hog day. At this time of year we almost invariably hope that the Ground Hog will predict an early spring for us, but don't like the idea of a Ground Hog in the Middle-west or some other far away place predicting weather in Texas. Why can't we have a Texas Ground Hog prediction?

Since this is the time of year that most farm families change their places of residence, perhaps we should stop and take thought about the new people in the community. Is their a new family in your neighborhood? If so, have you called and made an effort to be helpful?

Too often those of us who have been here several years never stop to think that the newcomers in our community might appreciate a friendly gesture on our part.

The list of new comers to these parts from Lubbock County grew one name longer last week when Mr. and Mrs. E. D. Kelley and son, David, moved into the Lakeview community. The Kelleys moved from New Deal to the first house east of the Gordon Masseys on the new farm to market road.

Judging from our new telephone directory, we're guessing that telephone companies have the same trouble newspaper offices have. It just never fails that if we make an error on a person's name or a firm's ad one time we do it repeatedly.

Looking at our new directory we notice that this year Guy Latta is listed as Guy Lotta. Last year his listing read Guy Lattal. Last year and again this year Dillie M. Kelley is listed as Billie M. Kelley. Both years Mrs. Merler Shirley's name has been listed as Shirley Merler. Then, for the past two years the names of A. W. and T. E. Wood have

had an "s" added to them and Mrs. Alta Wylie's name has been spelled Wylie.

Then on the Parmer exchange we have M. C. Osborn and Sloan Osborn, who are brothers. Each year for the past two one of the names has been spelled with an "o" and the other with a "u."

Spelling names isn't the easiest job in the world and we make every effort to spell yours just like you spell it. In the event we fail, please call and advise us to that effect. We do want to spell every one correctly.

We would also appreciate having each one of you call at any time you have a news story or tip. Our phone number is 2291 and we will be listening for you to call.

CARD OF THANKS

We would like to take this means of expressing our deepest appreciation to all those who were so wonderful to us during the illness and passing of our wife and mother, Mrs. Bertha Pope. Especially do we thank you for the flowers, food, prayers, and many acts of kindness. God bless each of you.

News From RHEA
MARILYN POTTS

PIE SUPPER TO BENEFIT MOD

Everyone in the community is urged by members of the Home Demonstration Club to attend the pie supper at the Parish Hall Friday evening of this week. All proceeds from the sale of pies will go to the community March of Dimes fund.

All persons living in the community or elsewhere who desire to attend this pie supper are invited to do so whether or not they are members of the club. This event is being sponsored by the ladies of the club, but is for anyone who is interested in attending.

HOUSEWARMING FETES SCHUELERS

Mr. and Mrs. Norbert Schueler, former residents of this community who now live in Clovis, were surprised with a housewarming in their home Sunday evening.

Those from this community who attended were Mr. and Mrs. Walter Schueler and family, Mr. and Mrs. Ray Martensen, Mr. and Mrs. Florian Jarecki, and Mr. and Mrs. Raymond Schueler and family. Also Mr. and Mrs. Gilbert Kaltwasser of Lariat.

Irene Drager from Lubbock spent the weekend visiting in

the home of her parents, Mr. and Mrs. Albert Drager.

Mr. and Mrs. Franklin Bauer and children, DeWayne, Rhonda, and Carla Beth, went to Canyon Sunday and attended an anniversary dinner for Mr. and Mrs. Gus Leseburg of that city.

Marilyn and Gayle Potts visited Phyllis Kelley of Texico Sunday afternoon.

Mr. and Mrs. Charlie Callaway were dinner guests in the home of the Robert Callaways of Bovina Sunday. The occasion was the birthday of Robert, who is their son, and Shirley, who is their granddaughter.

Mr. and Mrs. Ray Martensen returned Thursday evening from Boulder, Colo., where they have been visiting relatives.

Byron Pulliam of Rosedale, N. M., visited Larry Van Potts Sunday.

SCHLENKERS VISIT KIN

Mr. and Mrs. Leroy Schlenker of Grimes, Iowa, spent several days last week visiting in the home of Mr. and Mrs. Cordie Potts and family. Schlenker and Mrs. Potts are cousins.

Wednesday the guests from Iowa, Mrs. Potts, Mrs. Ralph Wilson, and Mrs. Mabelle Hartwell, both of Friona, visited in the home of Mr. and Mrs. J. R. Schlenker of Portales.

TONSILS REMOVED

Three youngsters of this community had tonsilectomies last week. Arlo Deyke had his removed at the Parmer County Community Hospital at Friona

and Danny and Deane Schueler had theirs removed at the Deaf Smith County Hospital in Hereford. All three are reported to be making satisfactory progress.

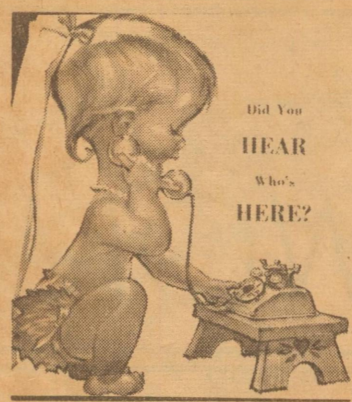

Donna Kay Osborn of Rosedale visited Cynthia Patterson Sunday afternoon.

The Carl Schlenker family spent Sunday afternoon visiting in the home of Mr. and Mrs. Herman Schueler. The Schuelers are Mrs. Schlenker's parents.

Mr. and Mrs. Herbert Schueler visited in the homes of Mr. and Mrs. J. T. Stehr and Mr. and Mrs. McWhirler at Dimmitt Sunday evening.

The Lutheran's Mens Club meeting Thursday evening was well attended.

Mr. and Mrs. Sloan H. Osborn returned from Hope, Ark., Monday of last week after visiting Osborn's father, E. M. Osborn of that city and helping him celebrate his 89th birthday.

Farmers Setting the Stage

1959 Big Year For Fertilizer

Parmer County area farmers are setting the stage for another big show this fall, with the biggest display of land preparation in history. Their winter and "early spring" land preparation activities are breaking records on every hand.

The reason is not so much that area farmers just happen to have started to believing in thorough land preparation practices this year. It's mostly because of a very uncooperative after-harvest season in 1957 and early 1958 which discouraged -- or outright prevented -- normal farm work.

Many farmers do not stick with what could be called really full-scale land work year in and year out. Some deep break for instance, this year and then skip breaking the following year in favor of chiseling or some less time and money consuming technique.

Lots of farmers have lots of different formulas for keeping their land in top shape and the way they want it for the farming they want to do. The weather of last year, though, has lined nearly all of them up in favor of an early and thorough start on this crop year, since normal activity has reduced to such a great extent for the previous year.

That's the reason so many tractors are laboring around the clock to get the soil tilled the way farmers want it for what they hope -- and plan will be -- another big crop year.

Each year that crops are grown under irrigation on the High Plains, more and more farmers are converted to the idea of better land preparation as a means of helping increase yields under these intense farming methods.

As a general rule, land working has been satisfactory, since the weather has been open (comparatively speaking) and sufficient moisture has been left in the soil from last fall to make the soil work well.

It appears that the 1959 crop year will set another record in the Parmer County area in use of commercial fertilizers.

Farmers have discovered that each year their land is under irrigation the high withdrawals of soil nutrients with such heavy cropping practices increases the need for supplementing natural plant foods.

Fertilizing takes its place along with plowing so far as getting ready for a crop is concerned. Most often, it is begun just after the crop from the previous year has been taken off and the stubble shredded or plowed in. Then, fertilizer is often applied before planting time to make sure the food is available or the plants when they come up.

Nitrogen is the most commonly used fertilizer, because it is the one that crops use the most of in growing. Nitrogen alone has been the fertilizer standby of many a farmer on the High Plains in years past.

However, other needs are being felt now, including the now almost-universal practice of combining phosphorus with nitrogen when fertilizing cotton. In the case of applying fertilizer in advance of planting, the county agent, Joe Jones, has this suggestion:

"If you are planning to use nitrogen and phosphorus on your cotton land, use markers when putting the fertilizer on so that when you come along later and do your listing the lister ridges

On the subject of breaking, County Agent Joe Jones comments, "It is certainly beneficial in some years. It is one of the best ways there is to loosen up the ground down to nine or 10 inches."

will be over the bands of fertilizer."

Different practices are required for different crops. Some farmers use nothing but nitrogen on their grain sorghum, but nearly all use nitrogen combined with phosphorus for cotton, regardless of whether they farm "tight" or "sandy" types of land.

Fertilizing for grain sorghums is now in the planning stage and most farmers will get started on this work in advance of planting time. The county agent believes that farmers should well consider coming back with an additional side dressing of nitrogen fertilizer in about 35 days.

"Sidedressing and top-dressing is getting to be more popular every year," says Jones. For one thing, it doesn't keep the farmer's investment in fertilizer tied up as long as some other methods, and for another it insures a supply of plant food when the crop needs it. It is not subject to the common hazard of leaching out of the plant root zone by pre-irrigation.

School Sets Meeting Series For Farmers

First in a series of meetings of interest to Farmers will be Thursday, February 5, at 8 p.m. in Lazbuddie School Auditorium.

Subsequent sessions will be February 12 and February 26-28. The former will be a soils management program and the latter will be a welding school in the school shop.

Topic for the initial meeting will be water conservation and a representative from High Plains Underground Water District will be on hand to discuss methods of conserving water. Also a topic for consideration will be possible legislation for the control of well

THE HIGH PLAINS FARM AND HOME

Day in and day out the work grinds forward on farms in the Parmer County area, as farmers undertake probably the greatest land preparation project in the history of the High Plains. Much early tillage was postponed because of poor weather conditions last season, and nearly all operators are out to make this a "catch up" year. This is a farm near Bovina.

put down and what farmers can do to avoid such legislation that might lead to a type of water rationing.

Jack Black, vocational agriculture instructor at Lazbuddie, has arranged the meetings and urges all interested county farmers to attend.

"I was making big money," one prison inmate boasted to another, "about half an inch too big."

NEWS FROM THE FARM BUREAU

By **RAYMOND EULER**

The personnel, officers and directors of Parmer County Farm Bureau wish to express their appreciation to you people who called last Saturday for the open house in your new office. Expression of appreciation for the flowers sent by several businesses and individuals is also in order. No count was taken, but we all felt that the reception was wonderful, and more people came by than anyone really expected. If you didn't make it, please come in at your convenience.

Among those visiting was Allen Webb, State ASC board

..... **PETE'S**

Ph. PO 3-5252 Clovis, N.M.

member from Dimmitt. He told us that the board has recently approved a re-seal plan for grain sorghum. This will give farmers an opportunity to hold their grain longer for a possible increase in market price.

.....
Friona's drive chairman for MOD, Frances Euler, brought the dime board from the bank in Friona for open house. She expresses her appreciation for the fine response to that appeal, which netted about \$40 that day. We were out at Black Friday night where they counted nearly \$200 from their bingo supper evening. We'll be out at Rhea this Friday night for their MOD pie supper. You're invited too.

.....
The legislative and membership committees met Monday night. We don't have a report on their actions at this time, but will have next week.

We do have weekly reports on Austin legislative activities, including Farm Bureau's efforts to promote legislation requested by the membership last November. Rural roads and REA are two of the most important ones, but there are many others, of course.

.....
Members whose dues come due in March will be billed about two weeks early in an effort to get them in before the drive period. This will save individuals time, gas and trouble, besides saving some money in the office. If you receive yours in this early billing, please send it in, says Jack Patterson, Chairman of membership.

.....
Consider this: "Take away the wicked from before the king, and his throne shall be established in righteousness." Proverbs 25:5

Red Foley on TV Program

The popular "Jubilee U.S.A." television program, starring one of America's most beloved entertainers, Red Foley, is now being presented on the ABC-TV network by Massey-Ferguson, Inc., manufacturers of farm equipment handled in this area by Bovina Implement Co. It is seen here every Saturday night starting at 7:30 p.m. on Channel 7.

Lazbuddians On Bus Trip

DENTON--Alex Dickie, Jr., president, Texas Farmers Union, announced today that the annual Texas Farmers Union Washington bus trip will leave from the Marchon Hotel in Wichita Falls, Friday morning, January 23 and will arrive in Washington Sunday evening, January 25.

Farmers Union delegates will call on members of the senate, house of representatives, and the Department of Agriculture in an effort to pass a "realistic bargaining power farm bill for family farmers."

The legislation sought by Farmers Union will be along the line of realistic production control to enable farmers to demand and get, a fair price for what they do produce, says Dickey.

Another proposal would be for a nation-wide, low interest, REA type loan for farmer owned cooperative marketing and processing plants which would enable the farmer to hang on to his product further along the line. Another approach advocated by Farmers Union is direct payment approach on farm commodities.

They will be in Washington for a period of four days and return to Texas on February 1.

The list of delegates include Mr. and Mrs. C. C. Matthews, and Mr. and Mrs. C. C. Graef, Lazbuddie; Mr. and Mrs. Clyde Weatherly, Friona.

"The Place Where Most People Trade" Friona, Texas Wednesday, January 28, 1959

Mr. Farmer, if you are in need of any farm equipment, new or used, you will find one of the largest selections in the Southwest at Parmer County Implement Company. PCICN

It seems that two little youngsters in the first grade were let out of school at recess time. The bell rang and they dashed out in the yard and played around, and some planes went overhead, and one said to the other, "What kind of a plane was that?" The other fellow said, "That is a 102-F, it has one of those new J-79 engines in it, and it can go 900 miles per hour." And the other fellow said, "Well, there is a better one coming out, it has a different kind of engine in it," and they got into a big discussion about these planes. This went on all through the recess period, and then the bell rang again and one kid said to the other, "Now we have to go in and string those damned beads." PCICN

Need to trade for a late model car? We have a very good selection of late model cars that are exceptionally clean and ready to go. Come by and we will make you a deal you can't afford to miss. PCICN

Texas also has the world's deepest well, located 13 miles east of Fort Stockton in Pecos County. The well is now over 23,000 feet. The drilling rig is owned by the Phillips Company. PCICN

America's most modern and versatile Land Leveler. Yes, that's Eversman -- and we sell 'em. See them today. PCICN

It's very difficult to stick to a light diet. It takes about a ton of will power to take off ten pounds of excess weight. PCICN

With the International 350 Utility you can put more horsepower in the harness, more power control on every job with the new International 350 Utility tractor! See how it paves the way to peak-power profits with faster, easier, all-job performance. PCICN

Conversation at our house as school starts: David: "John Bill, I wish we were twins." John Bill: "What for?" David: "Then I could go to school one day and you the next." PCICN

Turn on full power. Tackle toughest soil. McCormick trail type and fast hitch disk plows can take it. See us today for size and model to match your plowing jobs and be sure to ask for the special "Dry Weather" price on all disk plows. PCICN

The College freshman had pestered his father for a new car. On a visit, his father pointed out the ancient vintage cars in the parking lot. "But, Dad," the lad protested, "those cars belong to the faculty." PCICN

A Southern soldier passed away and arrived at the gates of eternity. "Gee," he gasped, "I didn't know Heaven would look so much like Texas." "Son," said the gatekeeper, "this isn't Heaven." PCICN

Watch how straw a stubble -- tangled, heavy stalks -- waist high cover crops roll under the knee-high beam of a new McCormick Moldboard plow. For fast, trouble-free plowing, try one of our new Moldboard plows today. PCICN

Grandfather: When I was your age I thought nothing of getting up at 5 a.m.
Grandson: I don't think much of it, either. PCICN

Disk deep in toughest conditions -- disk accurately in light, loose soils -- the torsion frame permits uniform disking in uneven, hard or rocky fields. See the new McCormick #37 wheel controlled tandem disk harrow today. PCICN

CLABORN'S AMBULANCE PH. 2311 FRIONA

Bug Survey Favorable

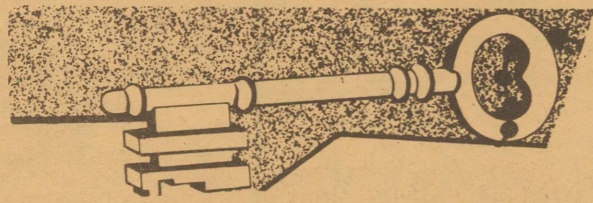

Unlike some portions of the eastern part of the High Plains which three weeks ago had reported a buildup in greenbug activity in wheat fields, Parmer County's condition is reported good this week after a survey.

Jim Hawkins, survey entomologist from Texas A & M, who checked six fields in the county last weekend, reports low infestations. In three fields only one "bug per linear foot was spotted. In three others the count was one to two.

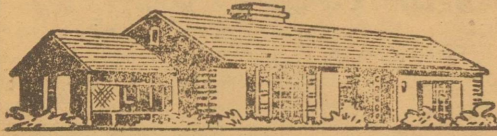

mid-morning when the temperature was low and there was no insect activity. Therefore, it is felt that some were overlooked," he says to slightly qualify his survey. However, he and the county agent note that their findings are certainly less than alarming.

"These checks were made in

Farmers in the area had been asked to keep a close watch on their fields for possible buildup and subsequent damage to young wheat crops. During cold weather greenbugs continue to multiply although their natural enemies are at a standstill. As a consequence, when warm weather returns and insect activity begins in earnest, the greenbugs seem to take command suddenly.

Many farmers are now winter irrigating wheat, and in this connection County Agent Joe Jones points out that it is a mistake to assume that flooding water down the rows drowns or washes out greenbugs. It doesn't.

Not only does watering have little control on the "bug population, but even application of fertilizers and other non-insecticide farm chemicals doesn't either.

Control is most effective on warm days when conditions are ideal for greenbug activity. At that time the spray which is applied can get a good kill.

Farmers Union Report

There are men in America today who advocate that the Government keep hands off agriculture and offer no help whatsoever regardless of the disasters which may prevail. They sneer at any help that might be given as a handout, or brand it as some attempt to attach the farm vote, but labor is organized and maintains fair wages for millions of American workers through organizations for this purpose.

The investors in public utilities, railroads, power companies, airplane companies, shipping lines, etc., are protected by the government either by a guarantee of fair returns of capital through rates charged or by outright subsidies. Manufacturers are largely protected by "administered prices", or by shutting down production when the demand for its products is low. The farmer, on the other hand has not as yet been able to come up with an organization or system for maintaining farm prices. Nor is there such a few farmers yet that their leaders may fit production to market needs and hold up profits.

If the farmer cannot use unions, government regulations, or administered prices, what must he do? When improved machinery and modern know how make unlimited production a price beyond anything ever known before, something should be done.

Some people look at our big crops and surpluses and say that production controls have failed, but who knows what our surplus would have been without the controls. Except for cotton, tobacco, and possibly one or two other crops, there has never been a real effort to control production. Wheat controls have been haphazard and the corn program has been a farce. Farmers Union stands for a strong program for all farmers which will assure a parity of income.--Bill Wooley

Wash-and-wear cottons do not need to be separated from other cotton garments when machine laundered. They can be washed and tumble dried at the normal setting and temperature for cotton.

THE HAPPY HOMEMAKER

BY JUNE FLOYD

There are many many wonderful recipes for congealed pies, cakes and salads. Many of us have difficulty getting the mixtures to turn out of the containers without tearing at the edges.

If you have this trouble, try unmolding any congealed dish by loosening the edges with a grapefruit knife with a curved blade. This kind of knife is also handy for loosening muffins from baking tins.

The newest congealed recipe we have tried is

LEMON CHEESE CAKE
2 tablespoons unflavored gelatin
1/4 cup cold water
2 eggs, separated
1/4 cup milk
1 teaspoon salt
1/2 cup sugar
2 cups (1 lb.) cottage cheese, sieved
1 6 oz. can fresh-frozen lemonade
1 teaspoon vanilla
1/2 cup heavy cream, whipped

Blend gelatin and water; melt over low heat, then cool slightly. Combine slightly beaten egg yolks, milk, salt, and sugar. Stir over hot water until thickened; do not boil.

Remove from heat, stir in gelatin; mix well. Cool in bowl of cold water, stirring constantly. Remove and add cottage cheese, thawed and undiluted lemonade, and vanilla.

NORTH PLAINS LAND

320 ACRES: 1-8" well on natural gas. This half is nearly perfect. \$150.00 per acre, \$12,000.00 will handle it.

640 ACRES: 1-8" well, 240 acres of wheat, \$75.00 per acre, terms to suit buyer.

Choice 640 Acres: clean land, extra good 8" well, lays on pavement. 200 acres of good wheat. Priced at \$150 per acre. \$46,000 down, balance in 10 years, terms, 5% interest.

640 ACRES: unimproved with extra good 10" well, land lays from level to sloping. 233 acres of wheat. Priced \$135.00 per acre, terms can be arranged.

320 ACRES: unimproved with a good 8" well, all perfect but about 20 acres has some slope. Close to Sunray. Priced \$175.00 per acre. Another 160 acres available adjoining this 320 with an 8" well.

Fold in whipped cream, then egg whites, beaten until stiff but not dry. Pour into crust. Sprinkle with crumbs which have been reserved from the crust. Refrigerate at least 2 hours.

GRAHAM CRACKER CRUST:
Blend 1 cup graham cracker crumbs and 1/4 cup butter, melted. Press 2/3 of this mixture into the bottom of an 8 inch pan or dish. Reserve the other 1/3 to sprinkle on top of the dish.

Cobblers always make easy to make easy to serve desserts and are generally welcomed by the men in your family. One that we especially like is:

HEARTY PEACH COBBLER
1 No. 2 1/2 can cling peach slices
1/3 cup sugar
1 1/2 tablespoons cornstarch
1 1/2 cups sifted all-purpose flour
3 teaspoons baking powder
3/4 teaspoon salt
1/4 cup shortening
1/2 cup plus 2 tablespoons milk

1 tablespoon melted butter
1/2 cup brown sugar (packed)
1 teaspoon cinnamon
1/2 cup chopped walnuts
Turn peach slices into a 6x10 inch baking dish. Blend sugar and cornstarch together and stir into the fruit. Sift together flour, baking powder, and salt. Cut in shortening. Blend in milk. Turn dough out onto a floured board and roll to 6x9 inch rectangle.

Spread with butter and sprinkle with brown sugar, cinnamon, and chopped walnuts. Roll as for jelly roll, and cut into 1 inch slices. Flatten slices with a broad spatula. Place over peaches. Bake in a moderately hot oven for 35 to 40 minutes or until well browned. Serve warm.

Baby Corn: "Where did I come from, Mamma?"
Mamma Corn: "Hush darling; the stalk brought you."

Lazhuddie 4-H Club News by Gary Brown

The meeting was in room 11 in the High School building. The meeting was called to order by President Harrol Redwine. Eugene Houston read the minutes of the last meeting. The Pledge Leader led the Pledge. Calvin Mason gave a demonstration on care of hogs before a show. The meeting was then turned over to Joe Jones and he talked to us about the March of Dimes Drive we are to have. Also J. B. Young talked to us about the Tractor Maintenance Program that is going to start.

FARWELL JR. 4-H Club News by Mike McKown

The 4-H meeting was called to order by Dale Gober, president. Doyle Johnson led the 4-H Pledge. We are to raise money for the March of Dimes on January 24. There will be an Achievement Program at the Hub Community Center February 21. Cotton John will be the speaker. Doyle Johnson and Larry Donaldson are to give a demonstration on the care of baby pigs at our next meeting.

These two-year-old Arizona Cypress evergreens on the Leo Bails place south of Friona are doing fine. Part of the reason for their good growth is protection afforded by old tire casings. County Agent Joe Jones is removing a casing to check condition of one of the trees.

SETTING OR RE-SETTING SHRUBS

This is a good time to organize shrubs into screen or foundation plantings around the home, according to Miss Sadie Hatfield, extension homestead improvement specialist. Any shrubs that dot the lawn and complicate mowing may be re-set at this time.

To save work later, consider the potential size of the tree or shrub, when choosing a location for setting or re-setting. Large growing plants are not suited for planting around the wells or foundation of the average home. They do make excellent screen plantings to give privacy to the work or recreation area of the landscape. Some large plants that require very little water are the althea, ligustrums, Arizona cypress, cherry laurel, crape myrtle, evergreen sumac and others. Nearly all of the

The supervisors of the Parmer County Soil Conservation District plan to have Arizona Cypress seedlings available to farmers and ranchers again this year. Definite plans for the sale of the trees will be made at the supervisors meeting to be held during the first week in February.

SOIL CONSERVATION DISTRICT NEWS

For the first quarter of this year the Soil Conservation Service has received 221 referrals to date requesting assistance under the ACP program. All of the referrals are for the construction of pipelines for irrigation water with the exception of five. Four of these five are for land leveling and the other for diversion construction.

Service these referrals so that everything is in order for construction to begin will take considerable time. We realize that many of you need the lines to water your wheat. Therefore, the SCS will approve these

referrals as soon as time and weather conditions will permit. Your patience and understanding will be greatly appreciated.

For those who are planning to establish grass this spring on your soil bank land or under the Great Plains Conservation Program there are a few important things to remember in order to get a good stand of grass.

First, there should be a good dead sorghum residue standing in which to seed grass. This residue should be in 24-inch rows or less and in a good dense stand in order to get a good stand of grass.

Another factor in establishing grass is to plant the grass at the right depth and in a firm seedbed. Grass seed can easily be buried too deep.

Planting time is also important. For the grasses to be planted in Parmer County, plantings should not be made after February 15 and not later than May 15 for best results. Exceeding these dates either way will decrease your chances of securing a good stand of grass.

hollies should be used in screen planting rather than placed around the house.

Keep the size of your house in mind when you choose foundation plantings. For the low, ranch type house, which is popular in some areas of the State, true shrubs, that is shrubs that will not grow over 8 to 10 feet, are best suited. There are many that are drought and insect resistant. Among these are rosemary, lavender, the dwarf junipers, spirea, dwarf pyracantha, nandina, abelia, native agarita and others.

For more information on planning your landscape, and choosing shrubs adapted to your area, visit your local county extension agent's office.

When to prune shrubs is a problem which concerns many gardeners, says Miss Hatfield. An easy rule to remember is this: if shrubs bloom early, prune them early. The reason is fairly obvious. Early blooming shrubs start forming buds for next year's flowers right after their petals fall in the spring.

THE
Brillion
PLOW PACKER
Makes "Once-Over" Tillage
a reality

Save valuable moisture when you plow by following up your operation with a Brillion Plow Packer. Lock in the moisture by breaking the plow furrow slices and gently compacting it leaving a fine moisture capping mulch on the surface. By packing when you plow you save time, labor and money plus valuable moisture. . . PACKERS ARE AVAILABLE AT MAURER MACHINERY IN WIDTHS OF 4-5-6 FEET.
