AMENDMENT VOTE

County Voters OK Majority Of Items

A SUBJECT THAT we hear and see discussed in the media is the increased demand on taxpayers for our state's prison system. Texas' present prison facilities are woefully behind in the size needed to accommodate the number of lawbreakers.

This is a problem which confronts not only residents of our state, but every state in the union. A cost of crime not often considered by the general public is the drain on society that occurs after the crime has been committed, and the violator has been sentenced.

Not only does society lose these people as full-time members of the work force, and contributors to the tax-paying flow, but the general public must also foot the ever-increasing bill for their imprisonment.

According to a study we saw this week, the population of America's prisons in 1983 was 432,000, and this study is two years out of date. This includes those incarcerated in the country's 50 federal prisons, 600 state prisons, and 3,900 county and city jails.

At the time the count was made, the states of California and Texas were running neck and neck for the lead in prison population. California had just over 37,000 inmates, while Texas' count fell just under this figure.

Looking beyond the prisons and considering all forms of correctional sanction, the study finds that 2.4 million people—more than one per cent of the nation's population—are under some type of correctional care, custody or supervision. This comes out to 1.2 per cent of all adults over 18 and one in every 45 adult men.

Prison numbers are growing much more rapidly than the general population. The nationwide prison population doubled between 1973 and 1983, and has risen another 25 per cent since 1983.

In 1983, the rate of incarceration was 177 per 100,000. This was the highest rate since the government began keeping prison records in 1925.

The increase in prison population may seem strange in light of the fact that the national crime rate has shown a decline since 1980, but most authorities attribute the increase to changes by many state legislatures in regard to sentencing of criminals. Nearly all states now require some sort of mandatory sentencing, and this has caused the number of people to be incarcerated to grow.

The number of people in Texas prisons, compared to the number of cells needed, caused authorities to release a certain number of inmates within the past few years. Those released had served only a portion of their time, but were turned out so the correctional facilities could be used for those who had committed more violent crimes.

The same tough stance by the judiciary that has contributed to prison over-crowding has also been translated in a greater willingness by juries to impose the death penalty.

In May of 1984 there were 1,351 inmates awaiting execution in the United States, a 27 per cent increase from 1982, and the largest number ever.

Almost two-thirds of those on death row in 1984 were in southern prisons. Florida had the most, 214, followed by Texas, 172, and Georgia, 115.

If society continues to demand tougher prison sentencing, then it also may have to dig deeper into its pockets, in order to pay for its prison system.

UNCLE AUSTIN SAYS: The greatest and noblest pleasure which men can have in this world is to discover new truths. And the next is to shake off old prejudices.

Parmer County voters okayed most of the 14 proposed constitutional amendments which were the subject of Tuesday's election.

Voters went overwhelmingly in favor of the two proposed water amendments, which went along with the county voters always favoring anything to help our state's water supply.

Parmer voters okayed amendment number 1, 629-111, an

85 per cent margin. They passed number 2, the accompanying amendment, 613-127, or 82.8 per cent.

Voters were narrowly against proposition number 3, to permit cities or towns to relocate or replace water laterals on private property, 342-336.

Number four, which dealt with the permanent school fund, passed, 395-293. Number five, to allow the legislature to set uniform

health care provision standards for hospital districts over the state, was turned down locally, 481-182. Statewide, the issue carried by a narrow 53.3 per cent.

Proposition number six, to permit the swapping of certain prisoners by states, carried, 440-226. Number seven, allowing Chambers County to be divided into two to six precincts, was okayed, 440-226.

The amendment (number eight) to provide an additional \$500 million in bonding authority for veterans' housing assistance, passed, 362-305.

Voters objected to proposal number nine, calling for prior approval of expenditure of state appropriations, 363-288.

They approved number ten, authorizing general obligation bonds to assist in purchasing of farm and ranch land, 356-328.

Number 11, which dealt with requirements in making a criminal charge, was okayed, 405-223. Number 12, dealing with granting Texas courts the right to answer questions certified from a federal appellate court, was okayed, 403-225.

Proposition 13, providing for reapportionment of the judicial districts of the state, was denied, 322-272.

Number 14, to abolish county offices in certain counties, was approved, 373-203.

Commission Cancels Voter Booth Order

Bid was awarded to Friona Ford Sales to provide a new car for the Sheriff's Department, at the regular meeting of the Parmer County Commissioners on October 28.

The bid amount was \$11,418.07 with trade. Judge Porter Roberts broke a tie in the voting, after Commissioners Raymond McGehee and Ernest Anthony opposed the measure.

Bids for a used tractor advertised for by Precinct 2 were opened. Bids had been received from J.D. Morgan of Texico, N.M., Wooley International of Muleshoe and Thomas Rhodes of Bovina.

After some discussion, a motion was unanimously approved to accept the bid from Rhodes at \$12,500.

A bill for handling fee on commodities was approved, in the amount of \$44.75.

Consideration was given to go

into contract for retainer of a pathologist for times when the county has need of one. The contract will be made with Erdman Pathology Lab.

A certificate of deposit for \$80,000 from the Right of Way fund, maturing October 31, was renewed, with the new maturity date January 31, 1986.

The court passed a motion recinding their action at their previous meeting, in which they approved purchase of voting (privacy) booths. The matter was the subject of much discussion. The motion carried, with Anthony opposing recinding the action and Commissioner Robert White abstaining.

Soil conservation work was approved for two farms in Precinct 3. The work will be performed by county machinery when not otherwise needed, with the farmers benefitting from the work paying the cost to the county.

Chamber Planning Xmas Promotions

Ideas for the community's Christmas Shopping Season were discussed at a meeting last week at the Friona Chamber of Commerce office.

Included on the agenda was a shoplifting presentation by Friona Chief of Police Lloyd Niece. Chief Niece alerted retailers about the tactics used by thieves as well as the prosecution avenues which are available.

Discussion was also held on the upcoming Christmas shopping season. Retailers will once again be registering their customers for store gifts. These drawings will be held during the tree lighting ceremony in December at the City Park.

Be watching for further details on both the drawings and the lighting ceremony. Merchants are

also planning to once again decorate their store fronts.

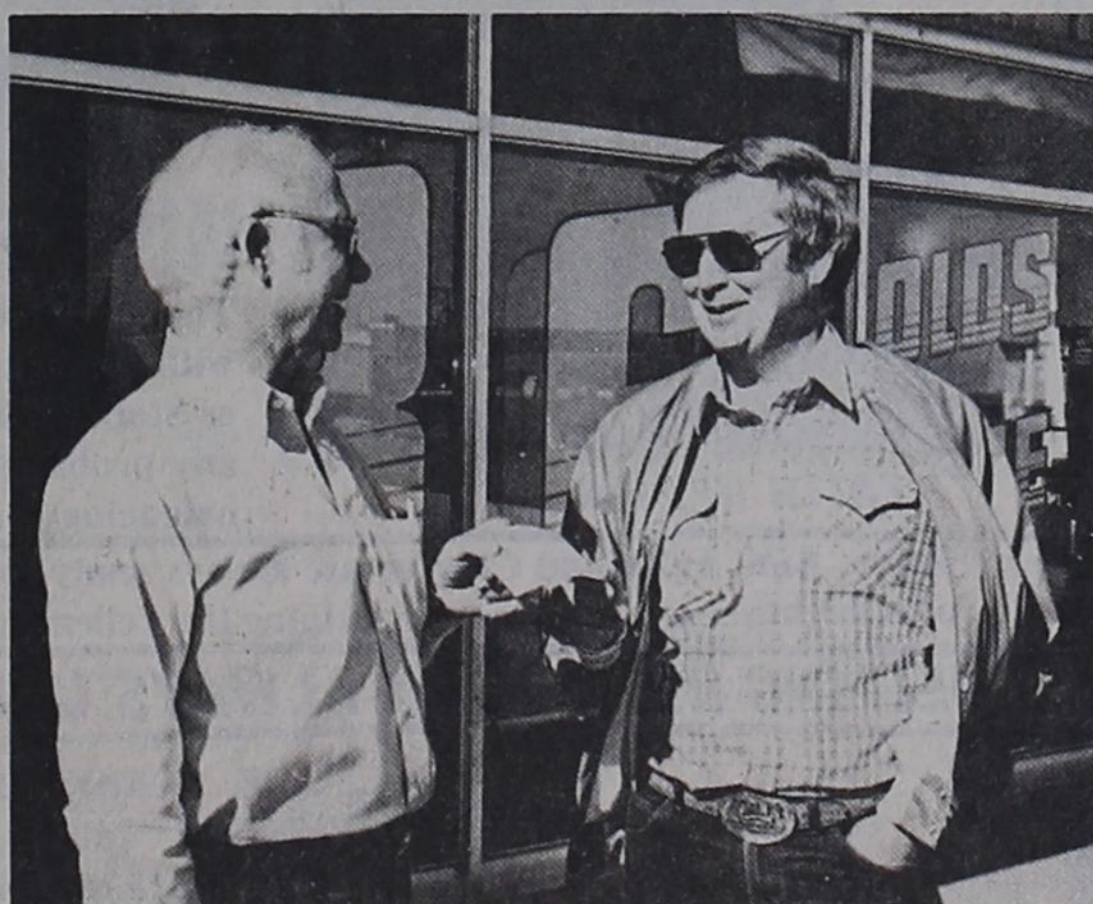

Merchants have been invited to participate in the "Christmas Open House" promotions at various businesses around town.

"Remember to 'Shop Friona First,'" says Chamber of Commerce manager Kathy Beard.

Coffee Cart Set Nov. 13

The Chamber of Commerce's bi-monthly coffee cart will be held Wednesday, November 13 at TLC Service Center, 721 Main Street.

All members of the Chamber are invited to attend the coffee between 10 and 11 a.m.

CAIN WINS....Ron Cain, right, equalled the high score of the season in winning the ninth week of the Star's football contest with a score of 21. Presenting Cain's winning check is Glenn Reeve, Jr., one of the contest sponsors.

EXAMINE FIREARM....Suzanne Tullis, left, and Jo Blackwell examine the engraved Colt 44 belonging to Texas Ranger Jim Mull. He was the guest speaker at the Modern Study Club meeting Tuesday night, November 5.

Ron Cain Equals Top Contest Score

Ron Cain was the weekly winner in the Friona Star football contest, in the contest's ninth week.

Cain equalled the season's best score, 21, which has been posted by eight other contestants, in taking the win. He was the only contestant to come up with a "21" for the week, to win the weekly first prize of \$10.00 outright.

Four other contestants correctly picked 20 games, and two of these, Bill Carter and Patti Field, will split second and third place money. They each predicted Friona 7, Tulia 6 for their tie-breaker scores.

Also picking 20 games were

Mike Field of Dalhart, whose tie-breaker prediction was 10-7, and John White of Friona, who picked the Chiefs to win, 21-14.

Several contestants correctly picked 19 games, barely missing a chance at one of the cash prizes. They were Steve Williams, LeRoy Berend, Jack Clark, Leo Escalante, Jon Field, Laura Field, Jerry Hinkle, Tommy Moss, Brenda Patterson, Bruce Patterson, Ron Smiley, Ruth Smith, Joe Tongate, James Warren and Larry White.

One of the games on the contest slate, which was listed as "Ohio St. vs Iowa St.," was counted correct on all entry blanks, since the team should have been Iowa. Another of the games, Canadian-River Road, was a tie, and was an automatic miss for all contestants.

Cain's only misses besides the tie game, were Colorado-Oklahoma State and Denver-San Diego.

Carter missed Denver-San Diego, Detroit-Minnesota and L.A. Raiders-Seattle. Mrs. Field missed Palo Duro-Amarillo, Florida State-Miami and Denver-San Diego.

In the race for grand prize, Jack Clark continued his rally. His score of 19 pulled him to within a point of the pace-setter. Ky Graham continues to lead with an overall score of 155, to Clark's 154.

Leo Escalante is in third place with a score of 152. Next comes Tommy Moss, Jon Field and Jerry Hinkle at 151. Jerry Bentley and LeRoy Berend have scores of 150.

The leading contestant at the end of the 13-week promotion will be awarded \$100 cash.

Highway Project Is Slated For County

A 21.4 mile section of State Highway 86, from south of Bovina to the East Parmer County Line, will be rebuilt beginning next year as part of a major highway rehabilitation program approved recently by the State Department of Highways and Public Transportation Commission.

The reconstruction of S.H. 86 will cost an estimated \$4.3 million, and is one of three projects in the 17-county Lubbock District that will be funded through the rehabilitation program.

Statewide, the program will improve more than 1,000 miles of highway at a cost of nearly \$306 million.

"This is the most ambitious rehabilitation program that the Highway Department has ever had through state funding," said John King of the Highway Design Division in Austin. "In the past, such programs have generally relied on federal funding to supplement state funds."

Most of the projects statewide will be completed within the next year.

"We have already completed

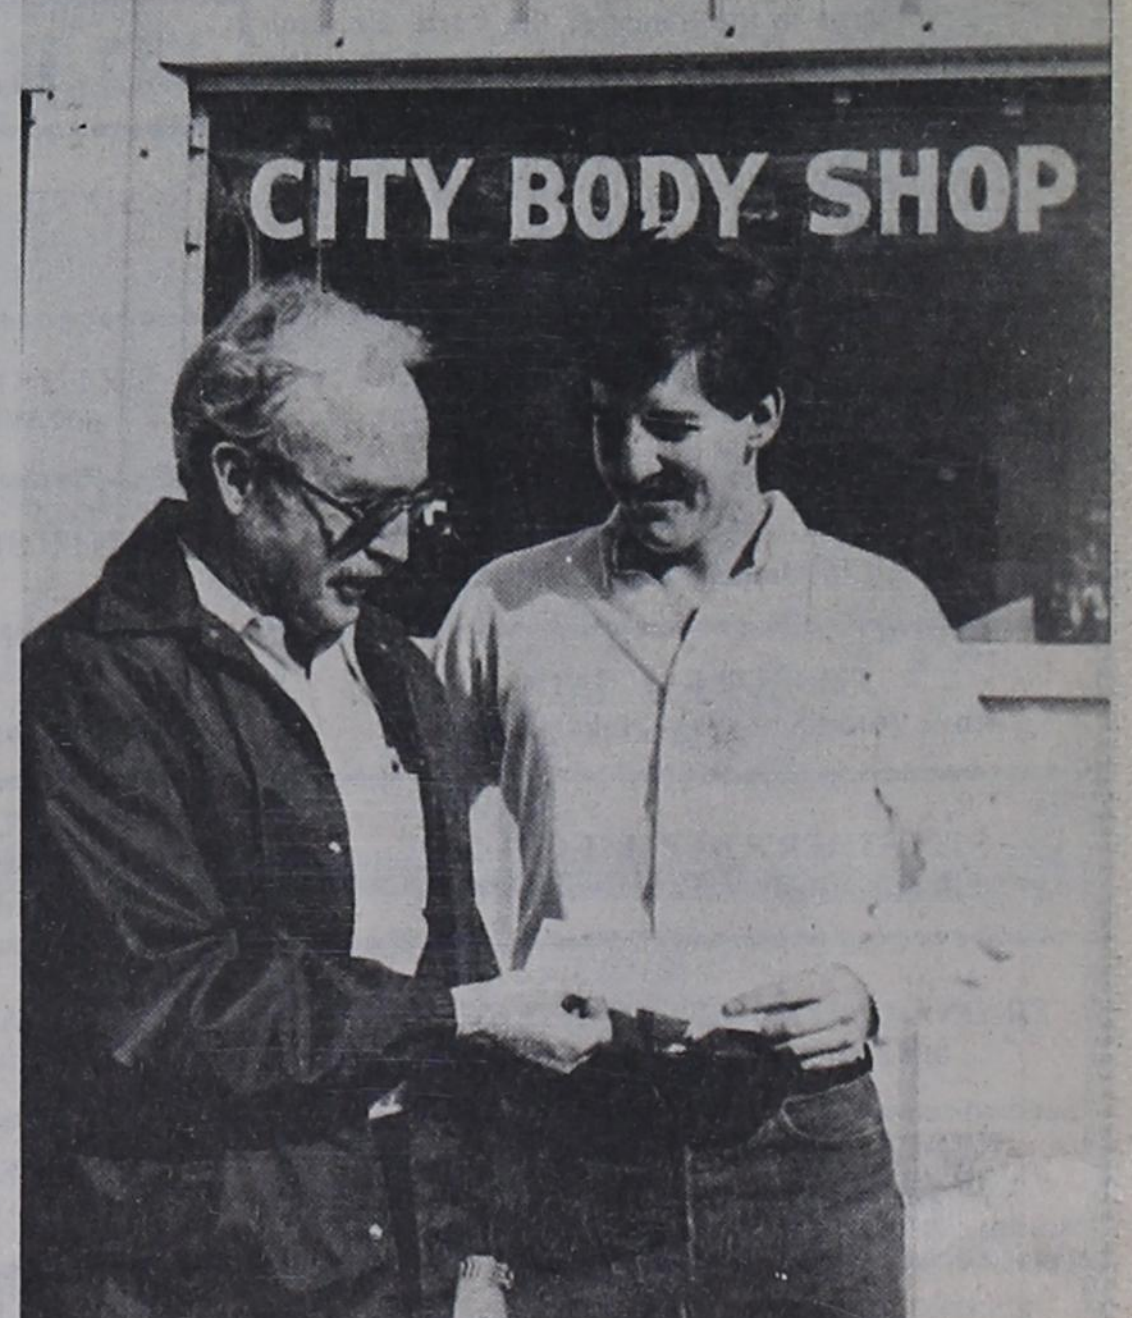

Commodities Distributed Here Nov. 14

Surplus government cheese and butter will be distributed in Friona on Thursday, November 14, at the county barn, Sixth and Columbia.

Distribution for persons who are sixty years old or older, or handicapped persons, that qualify according to the eligibility guidelines, will begin at 8 a.m. Persons under sixty years old that qualify will begin picking up their food at 9 a.m.

Those coming for the food items are asked to bring their own bags.

The food items will also be distributed at the Community Center in Farwell; the county barn in Lazbuddie and the Community Action Center in Bovina on November 14.

EIGHTH WEEK....Clint Mears, right, was the winner of the eighth week of the Friona Star's football contest. Contest sponsor Leonard Coffey of City Body Shop acts as check presenter.

Friona Flashbacks

....from the files of The Friona Star

55 YEARS AGO--NOV. 7, 1930

A telegram received by J.D. Thomas, attorney for the Friona Independent School District, states that the attorney general of Texas has approved the bonds for Friona's new \$60,000 school building, voted at a recent election and which have been in controversy since that time. This action wipes away all legal opposition to the sale of the bonds which will be sold immediately, and work of construction of the new building will go forward at once. The school building which will be erected at the north end of the athletic field, will be 250 feet long and 85 feet wide. It will be one story high and contain a large study hall, gymnasium and nine class rooms, and will relieve the present congestion in our schools.

50 YEARS AGO--NOV. 1, 1935

County Agent Alex R. Bateman

has notified the wheat growers of the county that Saturday, November 9, will be the closing date for making application for signing Wheat Contracts and requests all who are interested in signing one of these contracts to call at the Maurer building previous to that time and make their application for contract.

45 YEARS AGO--NOV. 1, 1940

The contractor, who has the job of building the new club house, now being erected by the members of the Friona Woman's Club and the Junior Woman's Club, with his force of workmen, have been making rapid progress with their work, and the building will soon be ready for use. It is a frame building with a veneer of red and gray stone, which when completed, will make of it one of the most picturesque buildings in Friona.

35 YEARS AGO--OCT. 26, 1950

Paving of the Oklahoma Lane-Bovina nine-mile strip was assured this week with a letter from District Highway Engineer S.C. McCarty to Parmer County officials. This project, costing some \$84,000.00 is financed through state and federal funds under the Farm-to-Market portion of the Federal Aid Highway Act of 1950, and it is scheduled for construction sometime within the next two years. Likely its construction will commence next summer, but it is part of a two-year program now being formulated by the highway department.

30 YEARS AGO--OCT. 28, 1955

The City of Friona this week was tendered deed to ten acres of land, covering the present cemetery sight, for care and development as a perpetual care park. G.B. Buske, cemetery association president, and the directors delivered the deed to the city after several conferences and discussions, wherein all agreed upon need of cemetery improvement. Lots will be sold by the city, and for some time the cemetery association also will assist in lot sales.

The Friona High School Band passed another milestone in its history Tuesday night in the Buffalo Stadium at Canyon. The band entered the marching contest for the first time and received a superior or first place rating for its performance.

25 YEARS AGO--OCT. 27, 1960

Sealed bids were opened Tuesday afternoon at Parmer County Community Hospital on the hospital's proposed addition. Panhandle Engineers and Construction Co. of Amarillo submitted a low bid of \$53,263. Seven other bids were submitted ranging to \$64,792. The addition will contain 3,250 square feet and will extend from the main entrance of the hospital south for 108 feet. Part of the present building will also be altered and changes will be

made in office arrangements. McMurty and Craig are architects for the addition. If the Amarillo firm's bid is accepted by the directors, work may be completed soon since the bid only specified 84 calendar days for construction time.

20 YEARS AGO--OCT. 28, 1965

Deposits at Friona State Bank as of October 1, showed a healthy climb of 17.2 per cent over the total for the same date a year ago, a quarterly statement issued by the bank revealed this week. Total deposits as of October 1 this year stood at \$6,492,126.17, which was a net gain of \$947,868.77 over the figure of \$5,544,257.40 which was on deposit at the bank October 1 of 1964.

15 YEARS AGO--OCT. 29, 1970

The new Community Shelter Plan for Parmer County indicates that there is public shelter for most of our people, according to County Judge Archie Tarter. The plan provides official information that will tell the people what they need to know to have the best chances for survival in the event of a nuclear attack.

Mrs. Dean's Rites Are Held Thursday

Graveside services for Bonnie C. Dean, 71, were held Thursday, November 7, at 2:30 p.m. in the Friona Cemetery with Rev. Archie Echols, pastor of the First United Methodist Church of Friona, officiating.

Arrangements were by Ellis-Blackwell Funeral Home.

Born January 14, 1914 in Kiowa County, Oklahoma, Mrs. Dean had been a resident of Parmer County since 1979, moving here from Los Angeles, California. She was preceded in death by her husband, Clarence L. Dean in 1969. She was a Baptist. Mrs. Dean died Tuesday, November 5, in Prairie Acres Nursing Home in Friona.

Survivors include three sisters, Ruby Glidewell of Oklahoma City, Oklahoma, Ora Mae Anthony of Friona and Thelda McElreath of Hobart, Oklahoma; two brothers, Olen Beddo of Hobart, Oklahoma

BONNIE C. DEAN

and Ervin Beddo of Colleyville. Pallbearers were A.W. Anthony, Ernest Anthony, James Anthony, Darrell Anthony, Estis Bass and Vance Crume.

Services Conducted For Mrs. A. Lewis

Funeral services for Mrs. Audie M. Lewis, 89, were held Thursday, November 7, at 10:30 a.m. in the First United Methodist Church of Friona with Rev. Archie Echols, pastor, and Rev. D.J. Bennett, officiating.

Burial was in the Friona Cemetery under the direction of Ellis-Blackwell Funeral Home.

Born June 5, 1896 in Marysville, Texas, she moved with her family to Hollis, Oklahoma in 1903. She married E.H. (Hop) Lewis September 6, 1915 in Hollis, Oklahoma, where they made their home until 1937, when they moved to Parmer County. Mrs. Lewis was a member of the First United Methodist Church. She died Tuesday, November 5, in Parmer County Community Hospital.

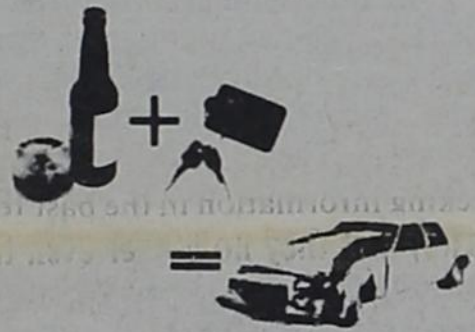

She was preceded in death by her husband, Hop Lewis, September 27, 1984, and by one son, Dan Lewis, in 1967.

Survivors include one son, Hop

Lewis, Jr., of Duncan, Oklahoma; two daughters, Mrs. Waneta Taylor of Friona and Mrs. Margie McCarty of Carlsbad, New Mexico; one sister, Christine Gilliam of Lubbock; nine grandchildren; sixteen great-grandchildren and two great-great-grandchildren.

Pallbearers were grandsons, Barry Lewis, Danny Lewis, Randy Lewis, Michael Taylor, George McCarty and J.C. Kelly.

Tips Given Toward Aiding Wildlife

Pheasant season will open December 14. Prepare now for an enjoyable hunt by not doing a few things and, simultaneously, protect your soil resource.

Don't burn playas, corn stubble, and grain sorghum stubble. Tall weeds in playas provide excellent winter cover for pheasant. Acre for acre, grain stubble is less suitable winter cover than playa

vegetation, but fields of grain stubble contribute many more acres of winter cover throughout the Panhandle.

Don't overgraze playas. Tall, thick, stands of grass and weeds are the qualities that make playas prime winter habitat. Grazing that reduces the height and thickness of the stand will decrease the value to pheasant.

Don't disk or plow under corn and grain sorghum stubble. Waste grains of corn and grain sorghum are important winter foods for pheasant. Disking or plowing buries most of the grains.

The Parmer County Soil and Water Conservation District and the U.S. Soil Conservation Service encourage you to practice good pheasant habitat management. Improving the habitat of the popular game bird will also reduce soil erosion in the Texas Panhandle.

Letter To The Editor

To whom this concerns, which is The City Manager, City Employees, Mayor, and City Councilmen:

This which has been going on has been going on long enough. There are not many self-employed people in the City of Friona, which own and operate dirt work equipment. But it seems that any work that is dirt work that has to be done with heavy equipment that concerns the City of Friona, always goes to one particular man that has his business in Friona.

We feel that it should be against the rules and regulations for the city employees to always see that their relatives always receive or get the jobs that are to be done. We are not saying that we always should get the job, but we feel that it should be announced that the City is accepting bids. Everyone in this area should have the privilege of getting to bid on a job that concerns the City and the taxpayers of this city.

On the particular job that is underway east of town there were no bids taken. But, the one man that always seems to get to take part in the jobs for the City, is taking part in this one too!

We are in this business to make a living and to give everyone an honest day's work for an honest day's pay. All we are asking is that we have a fair chance at least to make a bid.

STRIPPING UNDERWAY....Harvest of the area's cotton crop is in full swing, as the crops have benefitted by several days of dry weather. Most fields of cotton have opened nicely in recent days, to aid the stripping work.

Crop Insurance Meeting Slated

Federal Crop Insurance Corporation (FCIC) Deputy Manager Edward Hews from Washington, D.C., FCIC Board of Directors member Ed Askew and other crop insurance officials will be in Nazareth, Texas to hear farmer views on the crop insurance program on Thursday, November 14. Any farmer who wishes to share his comments on crop insurance is invited to attend.

"These sessions will be conducted in an 'open mike' manner," noted FCIC Deputy Manager Hews, "and we hope that everyone who has some thoughts about the program will take the time to share their views."

The session in Nazareth is part of a nationwide effort by two teams of FCIC officials to tap producer feelings and experiences with the crop insurance program. Meetings are being held in a dozen rural communities and are aimed at obtaining crop insurance customer views on the proven production method of guaranteed yield protection, proposals to

adjust insurance unit definitions, and the performance of the delivery system.

"A number of proposals have been presented to the Board and we have moved forward in a few areas," FCIC Board member, Askew, said, "we want to know how these things are working out and what remains to be done to make crop insurance the best protection the farmer can buy."

FCIC Deputy Manager Hews noted that "the crop insurance program is the primary form of disaster protection available to the American agricultural producer. We want to be sure that we are selling the best product in the most effective way at a price today's farmer can afford."

The session will begin promptly at 1:30 p.m. in Nazareth at the Community Center on Thursday, November 14, and will continue for two hours. Participants should direct their remarks to experiences with crop insurance or why they do not use the crop insurance program.

Roots & Branches

By CAROL ELLIS

There are a few rules which should be noted when you become involved with genealogy. Nothing difficult. Common courtesy and thoughtfulness will suffice in most instances.

First and foremost is the use of the SASE (self-addressed, stamped envelope). Anytime a request is made for information, whether writing to a cousin, another researcher, a courthouse clerk, a librarian, or what-have-you, don't fail to enclose an SASE. You are expecting this person to look up some information for you. Don't expect them to also look up your address and provide postage and envelope.

Okay, so you're going to have to put one envelope inside another one. This is not the occasion to use those dainty pink and mauve envelopes which came with a box of thank you notes. Tiny envelopes do not get the type of results which you are after. In replying to your request for family data, your correspondent may have to include several pages of xeroxed materials; possibly even copies of legal-size documents. A standard business-size envelope should be enclosed by first opening the flap and then fold in thirds. If you have some idea ahead of time that several pages of data may be forthcoming, then a larger brown envelope with extra postage should be enclosed.

Courtesy dictates that you should offer to pay your correspondent for the cost of copying the requested information. If you are also sending data to the person, then it will generally be accepted that a fair exchange has been made, and no money will change hands. However, it is still nice to make the offer.

One of the unwritten rules of research is... "no more than one or two requests per letter to the courthouse clerk or librarian." Most courthouse people have been so bombarded by genealogists seeking information in the past few years, that they no longer even try

to keep up with the requests. Still it doesn't hurt to make the attempt. There are a few out there who are interested in preserving their area history and they may find time to answer your request. Give her some clear, concise information to go on. She'll need names, dates if you know them, or the approximate year of the date you are seeking.

If your letter goes something like this... "What was the name of Uncle Josiah's first wife? We don't know when they got married, but I am sure that you must have heard of him because he was the best-loved person in the town for many years"... don't expect to get an answer.

If you think that your request may not get results, you could ask that your letter be passed on to an interested party. A busy clerk might not mind passing your letter along to a local historian who would be more interested in giving you the help you are seeking. If you are writing a cousin for family data, suggest that they give your letter to some other relative who may be interested in the history of your family.

The correct form for showing dates in genealogical data of any kind, whether charts, lists, narrative, or what-have-you, is: day of the month first, then the month spelled out or abbreviated and then the entire numerical year. If you put '85 who is to know if it is 1985, 1885, 1785, 1685, etc? PLEASE cease immediately to list the number of the month as part of your date. A date written 6-11-64 could be June 11, 1764, 6th of November 1864, or who knows what.

You say there is not room on most charts and/or family group sheets to spell out the month. Well, then, write tiny, or lap over into the margins. You can save a little space by not using periods or spaces, as: 6Nov1764 which uses 8 spaces, whereas 6-11-1764 uses 9 spaces. You'll be saving the sanity of some future researcher, honest!

BAND PERFORMS...The Elliott String Band will perform a benefit show Saturday, November 23 beginning at 8 p.m. at the Old Lyceum Theatre. Members of the band are James D. Elliott, Clayton Elliott, Tracy Garrett and Buck Kos.

Clovis Band To Perform Nov. 23

The Elliott String Band will be performing a benefit show at the Old Lyceum Theatre for the purpose of raising funds to further the restoration of the theatre. The show will be on Saturday, November 23 at 8 p.m.

The band, well known in West Texas and Eastern New Mexico is composed of four members, James D. Elliott, Clayton Elliott, Tracy Garrett and Buck Kos.

Jim Elliott, a native of Clovis, is the band's leader. He plays the fiddle and sings lead.

Clayton Elliott, his son, does the guitar work for the group and sings both lead and harmony. He has been performing for eleven years. Clayton is also an actor having appeared in the Lyceum production of Dirty Work in Clovis.

Tracy Garrett of Amarillo is the mandolinist. She is a versatile

musician, sings both lead and harmony and does the group's vocal arrangements. She has been performing for the past ten years.

Buck Kos, also a native of Clovis, provides rhythm for the group playing the upright bass. He has for many years had a love for music.

The group is available for entertainment at various occasions such as parties, banquets, grand openings and celebrations. They are known for old time country, gospel, traditional, and bluegrass, performing with acoustical instruments.

The show will be held Saturday, November 23 at 8 p.m. Ticket prices are \$3.00 for adults, \$2.00 for Sr. Citizens and students. Tickets are available at the Lyceum Theatre or the Lyceum Barber Shop.

Sarpalius Names Executive Assistant

Sen. Bill Sarpalius today announced the appointment of Robert Hinkle as his executive administrative assistant. Hinkle, 28, began his duties October 14 and will be based in the senator's district office in Amarillo.

"We're extremely lucky to have someone with Robert's skills in the district office," said Sarpalius, D-Canyon. "He's an extremely bright and talented individual and his service will be invaluable to the 31st Senatorial District."

Sarpalius said Hinkle's primary responsibilities will include overall management of the district office, handling of constituent inquiries and problems and operation of the Sarpalius Mobile Office, which travels throughout the district seeking constituent input about government affairs.

Hinkle said he is looking forward to the challenges associated with the position.

"Since I moved to Amarillo, I have developed a tremendous respect for the people of the High Plains," he said. "I very much look forward to serving them and stand ready to help in any way I can."

Hinkle comes to the Senate office from KVII-TV, Channel 7 in Amarillo, where he had been working since 1981. During his four years at the station, Hinkle served as a reporter, assignments editor and political editor.

His other work experience

includes a stint at KVII-TV in Sherman, where he served as a reporter and anchor of the station's 6 p.m. and 10 p.m. news programs. He also worked at a radio station in Denison as a news and public affairs announcer as well as a play-by-play announcer for high school football games.

Hinkle was graduated from East Texas State University in Commerce with a Bachelor of Science degree in radio-television and business marketing. He and his wife Robyn, a advertising executive, live in Amarillo. They have a son, Scott, who is eight weeks old.

School Lunch Menu

WEEK OF NOVEMBER 11-15
MONDAY--Chicken strips, potatoes, gravy, green beans, hot rolls, cake and milk.

PASS COMPLETION....Chieftain Brent Gatlin (33) looks as though he is giving a "safe" signal as Lonnie Phillips is about to snag a pass (lower left) from Jeff Brown. Although the Chiefs made good yardage, Tulia scored a 30-0 win.

Big-Play Hornets Top Chiefs, Gain Post-Season Playoffs

In their games prior to meeting Tulia, the Friona Chieftains had been able to shut off the "big play" virtually without exception, even against district champion Idalou.

But the Hornets, clinching the runnerup playoff spot in District 2-AAA, stung the Chieftains with four plays that sent the Chiefs reeling in the 30-0 loss.

Tulia had scoring plays of 49, 80, 67 and 57 yards on their four touchdowns. This is a combined 253 yards on just four plays. The Chieftains went into the game giving up just over 110 total yards per game in eight previous games.

It was doubly frustrating for the Chieftains, who were able to control the ball for much of the game, having the ball for 68 offensive plays to 44 for the Hornets, and controlling the ball for much more clock time.

But the Hornets proved that if you have the speed, you don't have to run many plays to win ball games. Friona had good field position after holding the Hornets on their first series and forcing a punt. A short Tulia punt gave Friona the ball at the Hornet 49. But the Chiefs fumbled the ball on their first handoff, and Tulia was given a great chance.

And the Hornets made the most of it, although Friona played some good defense and forced Tulia into a third down and 25 situation at the Friona 49. At this point quarterback Todd Lacey found speedy Steven Powell over the middle with a pass. Powell took the ball at about the 25, and raced into the end zone for the game's first score. The kick gave Tulia a 7-0 lead with 8:30 to play in the opening quarter.

Friona took the ball on the ensuing kickoff, and looked as though they were determined to tie up the ball game.

Lonnie Phillips had gains of 10, six, four, eight and six; and Brad

Moyer added runs of six, five, and two, as the Chieftains steadily moved the ball up the field.

But after reaching the Hornet 16-yard line, Friona found themselves facing a fourth down with a yard to go. Intending to go for the yardage, the team was called for delay, moving the ball back to the 21, and bringing on Sam Montoya to try a field goal.

But Tulia blocked Montoya's kick, and Friona came away empty-handed for their 56-yard drive.

As if to add insult to injury, Tulia's Merwyn Parker broke up the middle on Tulia's first play, and sped untouched 80 yards for a touchdown. What could have been a 7-7 game was quickly a 14-0 Tulia lead.

Nor was Tulia through exhibiting its talent in the first half.

Friona took the kickoff and drove to its own 45, picking up the team's fifth first down of the game, before Jeff Brown had a pass intercepted. The Chieftain defense held, and forced a Tulia punt, which went into the end zone.

The Chieftains could not move, and punted the ball back to Tulia, at their 43.

Powell got around the corner and outraced the Chieftain defense 57 yards for Tulia's third score. The kick gave Tulia a 21-0 lead with 5:52 to play in the half.

Jimmy Williams sparked a Chieftain drive after the third Tulia score, gaining 13, 14 and 10 yards in three consecutive attempts, as Friona again advanced the ball into Tulia territory.

But an offside penalty against the Chiefs, coupled with one for having an illegal receiver downfield killed this particular drive and again forced a punt.

On the illegal receiver penalty, Friona had completed a pass, Brown to Phillips, which would have moved the ball inside the Tulia 30, and kept the drive going. But the play was called back.

A few minutes later Friona got the ball back and advanced to midfield on a nine-yard run by

Williams and a four-yarder by Moyer, only to cough up the ball for the second time when the ball went squirting forward.

Tulia completed a pair of quick passes, and with one second left on the halftime clock, Billy Williams booted a 27-yard field goal, to run the Tulia lead to 24-0.

It seemed that everything the Hornets had tried worked to perfection, while Friona was consistently coming up inches short.

The Chieftains took the ball for the second half kickoff, and Leroy Mercado made a great return out to the 46 yard line.

Phillips, Mercado, Moyer and Williams each made impressive gains, as the team controlled the ball for the first six minutes of the quarter. Friona advanced the ball to the Tulia seven yard line.

But on a third down play, Mercado was thrown for a five-yard loss back to the Hornet 12, and on fourth down, the Chieftains' frustration continued. Quarterback Brown attempted a bootleg play, and saw an opening to the outside. But while attempting to get outside, Brown tripped over his own feet and went down at the 13.

That turned out to be the team's last good opportunity to score, and perhaps could have turned the game's momentum around.

The teams exchanged punts through most of the rest of the game, as except for one play Friona effectively shut down the high-powered Tulia offense. And Montoya boomed punts of 43, 48 and 61 yards to keep the Hornets backed up.

But after the 48-yarder, Powell

got loose one more time, on his 67-yard scoring jaunt, for the game's final margin.

Brown got his passing arm limbered up in the fourth quarter, completing passes to Mercado for 13 and 18 yards and one to Phillips for 12. But Tulia intercepted on the game's final play, perhaps a fitting end to Friona's frustration.

Texas Customers of SPS:*

Check your electric bill carefully this month.

Your share of our fuel-cost savings.**

You will find a credit on your electric bill this month. It's your share of savings resulting from our management's decision to use coal fuel instead of gas for generating electricity. We also saved by working out cheaper fuel and fuel transportation contracts.

At SPS, we work to keep the cost of electricity as low as possible.

SOUTHWESTERN PUBLIC SERVICE COMPANY

*SPS customers in New Mexico, Oklahoma and Kansas have already been enjoying reduced fuel costs through their automatic fuel-cost adjustments.
**This is a one-time credit. It reconciles an over-recovery of fuel revenue resulting in Texas from a fixed fuel factor set in October 1983. The credit you find on this month's bill was figured exactly on your actual electricity usage, on a per kilowatt-hour basis. We're returning this savings to you with interest at 11.56%.

8th Grade Tops Tulia By 12-6

The Friona eighth grade Braves downed their Tulia counterparts, 12-6 in a game played at Tulia last Thursday.

Andre Duran was the main cog in the Friona offense, gaining 293 yards of the team's 390 yards.

Duran scored twice on runs of 90 and 63 yards, and for the game had 293 yards on 17 carries. Benny Vasquez added 63 yards on 15 attempts, and Berny Trevino had four yards in two tries.

Brian Brogden completed a 30-yard pass to Shannon Cochran for the rest of the Braves' offense.

Defensive statistics showed Bennie Trevino with eight tackles, Vasquez with six, Darran Procter and Brogden, four; Hector Perez, three; Berny Trevino, five; Duran, three; Sutter and Cochran, one each.

The win made the team's season record 5-3 going into their final game against Littlefield Thursday.

7th Grade In Win Number 5

The seventh grade Braves scored a 28-14 win over the Tulia seventh graders at Tulia last Thursday. The win was the team's fifth straight, and made their season record 5-2.

David Caballero came up with his best game of the season, gaining 206 yards on 18 carries and scoring two touchdowns.

Rafael Torres likewise scored a pair of touchdowns, and gained 80 yards on 14 attempts. Harvey Sanchez contributed seven yards on two tries.

On defense, Steven Dickson led the way with seven tackles. Bryce McMurtrey and David Caballero had five tackles each; Anthony Padilla came up with four; Rafael Torres, Lupe Reyes, Wes Drake and Gary Stowers had two each; Harvey Sanchez, Brian Walker and Daniel Saiz had one apiece.

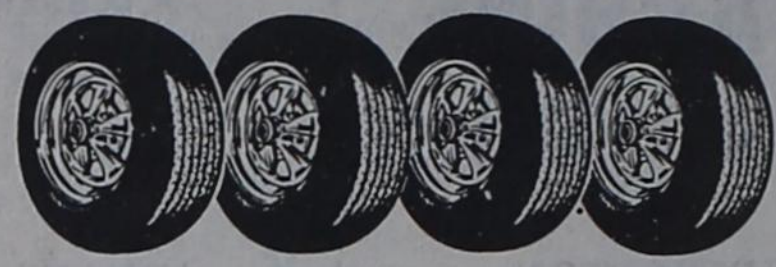

BANK EXAMINER?...Robert Neelley, right, president of Friona State Bank, was attired as "Inspector Clouseau" last Thursday when employees dressed for Halloween. He puts on his act with junior high principal Cecil Maddox.

Heritage Society Names Officers

The board of trustees of the Friona Community Heritage Society, in a recent called meeting, elected officers for the newly formed group.

Lazbuddie 4-H News

By BRETT THOMAS

The Lazbuddie 4-H Club met October 14 in the Lazbuddie School Cafeteria.

The members planned programs for the coming year. Some of the programs include: swimming safety, the care of show animals and personal health.

Three new members were welcomed to the club. They are Joanna and Deon Gallman and Diana Cozby.

Cookies and Cokes were served to those present. The next regular club meeting will be Monday, November 11.

Officers are: Beth Thompson, president; Beelee Goodwine, vice president; Lois Norwood, secretary; and Diane Tatum, treasurer.

The next meeting of the Heritage Society will be Tuesday evening, November 12 at 8 p.m. in the Ethridge-Spring meeting room. Membership is still open to any and all who are interested in preserving the history and heritage of Friona for future generations. Dues are \$5.00 per person.

The group is currently involved in money-making projects to raise money for the purpose of moving the old Santa Fe Depot building to its proposed site on the City Park. Approximately half the money needed for this project has been raised.

Donations and memorials may be deposited to "The Depot Fund" at Friona State Bank. The Heritage Society is a non-profit corporation and all donations including the membership fee are tax exempt.

COSTUME WINNERS....Some of the costumes at the Methodists' Halloween dance were caught by the Star camera. From the left are Julie Howard, Shannon Cochran, Dan Neelley, Richard Ellis, Kyle Wilkins and Dustee Gee. Richard's headless man was named the contest winner.

Hospital Auxiliary Continues Project

The Hospital Auxiliary met Tuesday, November 5, in the Sun Room of Parmer County Community Hospital with nineteen members present.

Cherry Wells, president, called the meeting to order. It was announced that the fall rummage sale was a great financial success.

A new flexible fiberoptic sigmoidoscope is badly needed for the emergency room and most of the current funds will go toward the purchase of this instrument.

It was decided to keep the rummage sale open until further notice and the hours will be from 2-5 p.m. on the first Thursday and Friday of each month at the old Blossom Cottage on Main Street.

The auxiliary will hold their regular meetings on the first Tuesday of each month at Blossom Cottage at 2 p.m. where they would like to accept donations of rummage from hospital friends.

If unable to deliver rummage, please call an auxiliary member who will arrange for it to be collected.

Valoris Osborn was welcomed as a new member.

The meeting was adjourned with the next scheduled meeting set for December 3 at 2 p.m. at the Blossom Cottage. Members need to make note of this meeting.

Friona Woman Tells Of S.C. Vacation

Grace Parr and her sister, Maesie Flynn of Bovina, went by plane to Greenville, South Carolina, where Grace's son, Kim Parr and his family met them. The Parr family lives in Landrum, South Carolina.

While there, they visited with Kim's in-laws, Mr. and Mrs. Nelson Lewis, who have just recently moved from Friona to South Carolina. Mrs. Lewis is a retired school teacher and taught in Friona for many years. Mr.

Lewis is also retired and has spent time writing several books.

The family took a 300-mile tour into North Carolina on a foliage tour—which was beautiful, going through the high country. They traveled through the Great Smoky Mountains, National Park, Blue Ridge Parkway, and the Mount Mitchell State Park. Mitchell State Park is 6,684 feet high and is the highest peak in Eastern America. The day they were there the

temperature was 28 degrees.

The bus tour took them by Asheville, where the Biltmore House and gardens are located and the house was built in 1890 and surrounded by formal gardens on a 12,000 acre estate.

North Carolina ranks seventh in the production of apples in the United States and the orchards are located in five general areas, Blue Ridge Mountain area, Brushy Mountain area, Smokey Mountain area, and Mt. Mitchell south mountain area. Apples are for sale everyone one travels.

Leaving Landrum, they traveled to Ladson, South Carolina, where their niece and her husband live. They are Mr. and Mrs. C.K. McKnight. C.K. is a retired U.S. Army Air Force officer. Ladson is a suburb of Charleston, South Carolina.

Here they took a three hour bus tour to view Old Charleston. They saw the old slave mart museum and the Port of Charleston. Some of the largest ships in the world dock at this historical port.

Here they viewed the First Baptist Church built in 1822 and the Baptist organization dates back to 1699, oldest in the south. They saw St. Michael's Episcopal Church, the cornerstone of this church was laid in 1753. The bells, clock and organ for this church were brought from England. The bells have crossed the Atlantic five times. They were once seized by the British during the Revolution and shipped to England and after the Civil War, they were sent to England for repairs.

The City Hall was erected in 1801 and this intersection is referred to as The Four Corner of Law, so named because of each corner house. They were:

NATURE'S MAGNIFICENT LIVING SPECTACLE is this gigantic live oak tree seen on vacation, when Grace Parr and her sister, Maesie Flynn of Bovina, made a trip to South Carolina recently. The tree is over 1400 years old and its largest limb measures 10 feet in circumference. The limb-spread is 151 feet and the trunk is 22 feet around. The tree shades over 14,500 sq. feet of ground and is located six miles south of Charleston, South Carolina on the way to Kiawah Island.

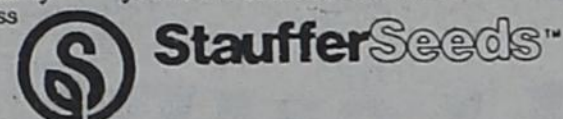

What name keeps cropping up in cornbelt conversations?

Farmers across America are talking about the big name in seed corn: Stauffer Seeds.

But whichever Stauffer Seeds™ hybrid you select, you can count on a high yield and a good harvest.

Word is that Stauffer Seeds offers a complete line of high performance hybrids. Some are bred for standability. Others for disease resistance, stress tolerance or early vigor.

If you want to learn more about the big name in hybrids, talk to me, your Stauffer Seeds seedsman

JOHN JARECKI

PHONE- 265-3307 or 247-2177

Municipal Government (City Hall), County Court House, Federal Government (U.S. Court House) and God Law (St. Michael's Church).

They later visited the Heyward Washington House. This house was built in 1770 and was the home of Thomas Heyward Jr., a signer of the Declaration of Independence. George Washington resided here on this southern location in 1791. They viewed the east end of the Cooper River Bridge, from Charleston is Patriots Point, home of the World War II Aircraft Savannah. They saw the world's first nuclear

powered merchant ship.

They were on Sullivan Island and Fort Moultrie which is located there. In 1776, Colonel William Moultrie and about 400 South Carolina men beat off nine warships, during the American Revolution. Their fort was later replaced by the present fort built between 1807 and 1811 and used during the War Between The States. They saw City Market, in use for more than 167 years, and is on Market St. It was the first general market in Charleston.

They visited nine islands and Maesie said Kiawah was her favorite. It is twenty miles south of

Charleston and is the newest resort island along South Carolina's coast. This 10,000 acre island was once the home of Kiawah Indians.

They spent one day on Folly Island, combing the beach for several miles and enjoyed a picnic. Here they gathered many beautiful shells and Maesie said the big job came later when they had to wash and boil the shells for about twenty minutes, taking the animals out, then dipping them in muriatic acid, drying and spraying with glaze.

They saw lots of interesting sights along the way and will treasure the memories of this trip for years to come.

YOUNG GOBLINS... These young spooks were caught by the camera last Thursday night at the local Halloween Carnival.

HALLOWEEN SPOOKS... These children were photographed by the Star camera at the Young Homemakers' Halloween Carnival last Thursday night.

Shoot Is Scheduled

The Turkey Shoot Sweepstakes, co-sponsored by the Friona Volunteer Fire Department and Field and Stream Magazine, has been scheduled for November 9-10 at 1 p.m. each day.

The shoot will be held a mile east of Friona on Highway 60, at the Trap House.

It was scheduled earlier, but was postponed due to a conflict.

Competitors will be shooting for a number of prizes in the nationwide competition, including a one-week vacation to British Columbia, Canada.

Ranger Gives Club Program

Texas Ranger Jim Mull of Plainview was the guest speaker at the Modern Study Club meeting Tuesday night, November 5.

Evelyn Hughes opened the meeting with "The Ranger's Prayer." Ranger Mull spoke on the "History of the Texas Rangers" and told the club and their guests about the modern Texas Rangers and what his duties are.

Hostesses, Mary Pryor, Winifred Hurst and Vera Beil, served refreshments to twenty-four members and guests. Guests were Wesley Foster, Roy Miller, Leonard Coffey, Bill Nichols, Jim Tucker, Geneva and Larry Summers.

Water Dist. Committee Met Oct. 29

On October 29, the Parmer County Committeemen of the High Plains Underground Water Conservation District met in a dinner meeting to discuss the upcoming January election, changes that are necessary in the election procedures to comply with House Bill 332 and other matters of interest to the committeemen.

Currently, Parmer County residents are represented on the county committee by: Billy Lynn Marshall of Bovina, Jerry London, John R. Cook and Robert Gallman, all of Friona, and Wendol Christian of Farwell.

During the meeting, staff members informed the committeemen that in order to comply with legislation passed during the last legislative session, changes would need to be made in the years in which the committeemen were elected.

The staff explained that on August 5, the District Board of Directors approved an amendment to Rule 4, which modifies current election policies. This rule states that beginning in 1986, each county shall elect committeemen only in years when District Directors are chosen for the District Director's Precinct in which the county lies. The amendment to this rule states that counties in Precincts No. 3 and No. 4 will elect committeemen in Presidential Election years beginning with 1988, and that counties in Precincts No. 1, No. 2 and No. 5 will elect committeemen in the even-numbered years between Presidential election years beginning in 1986.

In its action, the Board stated that the purpose of these changes was to re-establish staggered and overlapping terms in office for committeemen.

It's A Boy For Barnetts

David and Jana Barnett of Friona are the parents of a baby boy born Sunday, November 3, at 3:54 p.m. in Deaf Smith General Hospital, Hereford.

Named Beau Tanner, the new arrival weighed eight pounds, one ounce and was twenty inches long. Beau is the first child for the couple.

Grandparents are Mrs. Jerry Brown and Mr. and Mrs. Doyce Barnett, all of Friona.

Great-grandparents are Mrs. Luella Drake, Mrs. Ruby Barnett, Mr. and Mrs. R.V. Brown, and Mr. and Mrs. Rudolph Renner, Sr., all of Friona.

If you or someone in your family has a birthday coming up soon, call the Friona Star at 247-2211 by Thursday noon and report it.

Special Education Board Has Meeting

The advisory board for the Parmer County Special Education Cooperative held its initial meeting of the year Monday, November 4 at the Special Education Office in Friona. Charles Turner, director of Special Education, presided.

Members attending were: James Craig, elementary principal, Farwell; Mrs. Elizabeth Phillips, junior high instructor, Farwell, Freeman Melton, elementary principal, Friona; Charlene Shafer, special education resource room instructor, Friona; Rev. Gary Smith, pastor, Congregational Church, Friona, and Mrs. Adena Carlyle, elementary school instructor, Lazbuddie.

Members unable to attend were Mrs. Randy Johnson, Parmer County Child Welfare Board, and Mrs. Pearl Cervantez, Community Action program, Bovina.

The purpose of the advisory board is to provide public awareness of the Special Education program in Parmer County schools and allow input from regular education and community service individuals concerning the needs of handicapped children.

The program agenda included an overview of the Special Education program for Parmer

County, funding procedures and budget for 1985-86, and a demonstration of the computerized management systems dealing with student records and the Special Education library materials inventory.

G. Kaisers Have Boy

Mr. and Mrs. Gordon W. Kaiser III, Olathe, Kansas are the parents of a baby boy born Friday, November 1, at 5:50 a.m. in Kansas City, Missouri.

Named Jordan Scott, the new arrival weighed eight pounds, twelve ounces and was twenty-one and one-half inches long.

Scott has one older brother, Sean Daniel, two years old.

Grandparents are Patty S. Corbell of Friona, Gordon W. Kaiser, Jr., Oklahoma City, Oklahoma, and Ed and Ruth Moory of DeWitt, Arkansas.

Great-grandparents are Mr. and Mrs. John H. Smith of Fort Smith, Arkansas and Mr. and Mrs. Gordon W. Kaiser, Sr. of Napa, California.

Mrs. Rose Sanders of Fort Smith, Arkansas is the child's great-great-grandmother.
