## Deadline 28th For Nominees

**YOUNG FOLKS** (i.e.—my age and younger), or even older folks who are not history buffs may have wondered in recent weeks why the nation's big news media has focused so much attention on the national election in the Philippines, as our national leaders also made the issue one of major interest.

Some might interpret this as the United States meddling in a foreign nation's business, if they do not know the background and the fact that America has had a longtime interest (both financially and politically) in the islands.

The Philippines were at the root of the cause of the Spanish-American War, when the islands were attempting to free themselves from Spanish rule. The first major battle of the war took place in 1898 in Manila Bay, where a U.S. fleet led by Commodore George Dewey defeated a Spanish fleet.

Later, Spain gave up the islands to the United States in return for \$20,000,000. So, the Philippines became a U.S. possession, much like Hawaii and Alaska.

The United States wanted the Philippines to have their own government, but realized that their people needed much help before they would be ready for independence.

Our government spent millions of dollars more in the Philippines, building schools and roads, installing sewage systems, vaccinating the people to protect them from smallpox and cholera, and drilling deep wells to provide good drinking water.

The U.S. provided civil governors for the Philippines. The first of these was William Howard Taft, who served from 1900 to 1904. This served as a stepping-stone to Taft being elected as our nation's 26th president.

When World War II broke out, the Philippines were once again involved. Because of its proximity, and also because of the fact that it was American-held, Japan made the islands one of their main objectives.

Thousands of American servicemen were shipped to the islands, where they eventually helped Filipino guerrillas drive out the Japanese in 1945.

Two of the most famous battlegrounds of the Philippines in the war were Bataan and Corregidor. The Bataan Death March was the event in which thousands of American soldiers died, and a part of the war Japan likes to forget when complaining about America's "inhuman use" of the atomic bomb to end the war.

But America's famous World War II General Douglas MacArthur led a successful comeback, driving the Japanese out of the islands, and helping to end the conflict.

The United States gave the Philippines their Independence on July 4, 1946. Money was again given by the U.S. to help repair war damage on the islands. Our country has continued to pour millions of dollars into the islands to help such things as the nation's agricultural economy become self-sufficient.

The U.S. maintains military bases on the Philippines, which have served major roles in the peace-keeping efforts in Southeast Asia.

So America has invested countless millions of dollars, as well as the loss of thousands of American lives, in this Asian country. Many of the Filipino citizens speak English, as you may have noticed from the news reports.

The Philippines have been American territory. We still provide a lot of the capital to keep the islands going. You bet America has an interest in checking into how or whether the Filipinos have learned the Democratic process we so devotedly taught them.

Deadline is approaching for nominees for the annual Chamber of Commerce awards. Nominations are needed by Friday, February 28 for the Man and Woman of the Year, Teacher of the Year, Employee of the Year and Outstanding Young People.

These awards will be presented at the annual banquet on March 13 at 7:30 p.m. at the Community Center. Entries can be mailed to the Chamber of Commerce, P.O. Box 905, or can be brought by the Chamber office.

The Chamber is making plans for a Sesquicentennial Birthday party for the State of Texas at its annual banquet. The event will serve as the community's salute to Texas' 150th birthday.

The meal will feature a standing round roast and smoked sausage prepared by K-Bob's of Hereford.

In lieu of a speaker, the Chamber is having a slide presentation about Friona and Friona people prepared, to serve as the program. The presentation will feature multi-projectors, and is being prepared by Eastern New Mexico University.

Sonia Lafuente, the reigning Miss Friona, will provide a portion of the entertainment. Also on the program will be Kelly Wied and Leslee Upton, queen pageant runners-up.

Tickets are on sale at the Chamber office on Main Street, or from any of the members of the Chamber's board of directors. **50 YEARS AGO--FEB. 21, 1936**

A car crash at the eastern edge of Clovis last Saturday night involving three of Friona's splendid young men resulted in the death of one, J.D. Curry, and the severe injury to the arm of another, Alva (Fat) Pope, while the driver, J.B. Crow, escaped without injury. The three boys had attended the county basketball tournament at Farwell earlier. The pickup in which they were riding crashed into the rear of a dump truck near the highway intersection on the eastern edge of Clovis.

**45 YEARS AGO--FEB. 21, 1941**

"I had the pleasure of attending a deferred Lincoln Day Dinner that was scheduled to have happened on Wednesday of last week, but was "dusted out" by the dirt storms that day. It was sponsored jointly by American Legion Post 206 and the Friona Chamber of Commerce. Mayor Floyd Reeve gave the welcome address, and a fine one in our

estimation."--J.W. White.

**40 YEARS AGO--FEB. 22, 1946**

The Friona girls basketball team captured the Parmer County championship for the sixth straight year, with 22 wins out of 24 games played this year. Former locker operator, Ray Landrum, is planning to move to Colorado where he has purchased a summer resort.

Fire at the G.B. (Pete) Buske residence last night resulted in an undetermined amount of damage, with estimates running as high as \$30,000 to the new residence.

**25 YEARS AGO--FEB. 16, 1961**

Calvary Baptist Church will observe its formal dedication with services Sunday. Dr. Franklin Swanner, District Nine missions secretary, will deliver the 11 o'clock message, while Robert Lacey, former Frionan, will deliver the dedication message and Rev. Bill Burton will deliver the dedicatory prayer.

**15 YEARS AGO--FEB. 18, 1971**

**10 YEARS AGO--FEB. 15, 1976**

The Friona School Board accepted the resignation of elementary principal J.T. Gee at its regular meeting Monday night. Gee had been associated with the Friona School system for 41 years, including 17 as elementary principal and 24 as vocational agriculture teacher.

Honored at the annual meeting of the Friona Texas Federal Credit Union were Ray Landrum and Jerry Brown, retiring members of the organization's board of directors. Landrum was presented a special plaque, for service on the board since 1964.

**5 YEARS AGO--FEB. 15, 1981**

The Friona area was hit by the coldest blast of the winter on Tuesday, as an Arctic cold front pushed through the area. At one point Tuesday afternoon, winds were clocked at 30 miles per hour, and the chill factor measured 40 degrees below zero.

A total of 210 Friona voters braved the well below zero chill factor weather on Tuesday of this week to cast their ballots in the city's \$1 million water improvement bond election.

## Letter To The Editor

**PROCLAIMS MONTH...**The month of February was proclaimed "American Heart Association Month" in February by Mayor Clarence Monroe at a recent meeting. Shown representing the local chapter of the AHA is Karen Zachary.

Dear Bill,  
Sorry I haven't written sooner, but seems like so much to catch up on after all the excitement of the week or so in Texas. Enjoyed it so much, and to see all the old friends and classmates from high school and college was really something.

I enjoyed very much meeting you and talking with you. It seems that you are doing a great job and a favor for Friona folks and in the area.

I can't tell you how much I appreciated the things that you did for me and my friends and relatives in the Friona area.

Even though it has been so many years since I have been around, I enjoyed the old pictures and seeing the country again.

I appreciate everything you did so much. Thanks again for everything. I hope to get back to the area again in the near future and I certainly will come and visit with you. If you ever get to our part of the country, be sure and give us a call and come see us.

Mary Lou (Ellis), my wife, enjoyed talking with you and who knows--might be a distant relative.

Thanks again, sincerely,

## Windbreak Trees Are Available From SCS

Living in the Texas Panhandle, everyone knows the wind never stops blowing. That's why there are many values of a properly planned windbreak. An effective windbreak may provide protection from the hot, dry winds of summer to the icy winds and snow of winter.

A windbreak may reduce wind speed to one-third its normal velocity thus saving up to 30 per cent on home heating and cooling costs. Not only will the fuel bill be less costly, a windbreak will also be helpful in preventing wind damage by protecting homes, gardens, and even lawns as well as livestock.

A windbreak is an excellent method of protecting livestock from the icy blasts of winter winds and snow.

Location and arrangement is an important consideration in planning an effective windbreak. A windbreak is most effective when placed on the south and west sides in a shape of an "L" or "U" around that which is to be protected. By planting a

windbreak this will also furnish a nesting place for numerous types of birds as well as other wildlife.

In short, an effective windbreak is an inexpensive way to not only beautify a home but also reduce home heating and cooling costs by providing protection.

The Parmer County Soil and Water Conservation District can assist you in planning and designing your windbreak. This free technical assistance provides you with a design and cost estimate. To keep your windbreak growing healthy, full, and beautiful, a trickle watering system may be installed. The trickle watering system is easily installed and can be used for flower beds, gardens, and lawns as well as windbreaks.

For more information contact David Howard, District Technician-S.W.C.D., phone 247-2220 or come by the office at 1306 West Ninth Street in Friona. Deadline for tree orders is March 1.

A combination of evergreens and hardwoods makes an attractive and effective barrier.

# Library Corner

By DARLA BRACKEN

Library Hours: 9 a.m. to 6 p.m. Monday through Friday. The IRS forms are in!

**DISPLAY ITEMS NEEDED:** In the past few years students of Mickey Griffin's history classes have built various models of the Alamo, log cabins, Indian teepees, etc. If you have one of these models and would be willing to loan it to the library to display sometime during the Sesquicentennial year, please call 247-3200.

**TEXAS TRIVIA:** Speaking of Texas history, on January 24, 1839 the Texas State Library and Archives was founded. On January 20, 1891 the first public library in Texas opened in Galveston. In February, the Goddess of Liberty was added to the top of the Texas State Capitol Building on February 26, 1888.

Friona Citizens are going to have several opportunities to participate in Sesquicentennial activities during the year. Let's support our community's efforts toward the celebration.

In a spring-like January we loaned 2,027 items compared to 1,525 one year ago, to 855 patrons, compared to 657 in January, 1985. We registered 30 new readers, 20 in 1985, and Story Hour attendance was 96 in four sessions compared to 48 in three sessions in January of 1985.

Special thank yous to our volunteers for Story Hour during January: Doris Smith, Linda Evans, Brenda Patterson, Betty Lamb, Socorro Perez and Debbie Grable.

The Friona Chamber of Commerce Women's Division hosted a reception for a prospective doctor for Friona on January 18, at the Library, and plan to host a reception for another physician Friday, February 7. These women are working very hard for the betterment of our community in so many ways. We need to applaud their efforts and to let them know we appreciate them. They do a fine job of presenting Friona in its best light.

**IN BI-DISTRICT GAME**

# Squaws Claim Last-Second Playoff Win Against Canadian

If the TV series "Fantastic Finishes" considered high school basketball, then we should submit the Squaws-Canadian bi-district game film for their consideration.

The Squaws, who were eight points down with less than six minutes to play in what had been a very low-scoring game, came on with a great finish to pull the game out of the fire and advance to the area round of the state playoffs.

Kelly Wied's shot from about 15 feet was true to the mark with five seconds left on the clock, and that proved to be the winning margin for the Squaws in the 36-35 final score.

Friona held only three leads in the game—the first one at 2-0, late in the fourth quarter at 32-31, and then the one at the end, which counted the most.

After Miss Wied's basket, Canadian called time with three seconds left. But then the Wildcat player trying to inbound the ball was called for travelling and that wrapped up the win.

Canadian almost completely shut off the Squaws' inside game, limiting Kerry Cain to only eight points, Ronda Ratcliff to six and

holding Lacy Osborn scoreless. Miss Cain's total was less than half her season's scoring average.

Miss Wied had opened the scoring by hitting from the right corner after a minute of play for a 2-0 Friona lead. Canadian then tied the score and took a 4-2 lead.

Mika Maddox tied the game with a long jump shot at 4-all, with 4:55 left in the quarter.

Two baskets by Canadian gave the Wildcats an 8-4 lead, and Miss Cain responded with jump shots to keep Friona two points back. But the Lady Wildcats got the last two-pointer to post a 12-8 lead at the end of the quarter.

Shannon Atwell started the second quarter scoring with a pair of free throws, and Miss Cain hit her favorite shot to tie the score at 12-all 6:54 before halftime.

But Canadian scored ten unanswered points to grab a 22-12 lead. The Squaws could not get a shot to fall in six long minutes of clock time.

Finally, Ronda Ratcliff made a jump shot on a follow shot, and was fouled. Her free throw also was true, to crack the scoring drought, a minute before halftime.

Miss Atwell collected two more free throws in the final minute before intermission, which came with the Wildcats enjoying a 25-17 lead.

The Squaws made a couple of threats in the third quarter. Misses Ratcliff and Wied each scored, to cut the Canadian lead to six points, 27-21, and then Miss Maddox scored on a fast break after Miss Atwell's steal, for a 29-23 score.

But the Squaws missed chances to cut the lead, and were further hindered when Miss Cain received her third foul with four minutes remaining in the half, and sat out the rest of the period.

Canadian still had its eight-point lead, 31-23 when the quarter ended.

The Wildcats came out in the fourth quarter and worked the ball almost two minutes without taking a shot. Finally, Miss Maddox broke up the stall by fouling, and this changed the pattern of play.

After Canadian missed its free throw, Miss Wied hit from the side, Miss Cain made a jump shot, and after the Squaws' full-court press stole the Wildcats' in-bounds pass, Shannon Atwell made a

**JUBILANT SQUAWS...Members of the Squaw team are shown after being presented the bi-district trophy at Amarillo last Friday night.**

follow shot to bring the score to 31-29. A minute later, Miss Atwell connected on a long jump shot, and the score was tied, 31-all, with 2:51 left to play.

Miss Ratcliff hit the front end of a 1-1 shot to give Friona its second lead of the game, 32-31 at the 1:57 mark, but suddenly things swung Canadian's way.

The Wildcats scored, then used a Friona turnover for a three-point lead, 35-32 with just 1:18 left to play.

However, Miss Atwell and Company weren't through. Shannon hit on another jump shot from the top of the key with just 35 seconds left to bring the score to 34-35.

Then, with Canadian trying a fast break with about 20 seconds left, Miss Atwell stole the ball under the Canadian basket and the Squaws took over. Friona called time out with 12 seconds left.

The Squaws were to look for Miss Cain under the basket if she was open, otherwise Miss Wied would shoot from outside. Sure enough, the Wildcats had Kerry

covered up, so the pass went out to Miss Wied.

Kelly's shot found the bottom of the basket, and Friona's fans went wild. Canadian's time out only prolonged the situation.

Forced to take on more responsibility, Miss Atwell found herself in the role of high scorer, with 12 points. Both Misses Wied and Cain had eight points for the game.

"Canadian did a good job of taking away our inside game. But we promised at the pep rally to give 110 per cent, and the kids really did," said Coach Vicki Hatton. "Our pressure in the fourth quarter made the difference," added the Squaws' first-year coach.

# Cold Shooting Costs Squaws

It was an untimely night for the Friona Squaws to come up with one of their coldest shooting nights of the season.

The Squaws, hoping to qualify for the regional basketball tournament, could not get their shots to fall, and saw the Brownfield Lady Cubs come from behind for a 40-36 win.

The game was played at Lubbock Coronado Gym before a crowd estimated at 1,200 fans, predominately cheering for the Squaws.

Friona broke out to a 12-2 lead in the first quarter, and could have put the Lady Cubs in an even worse hole, except for the fact that the team's usually good free throw shooting suddenly went sour.

Shannon Atwell's shot from the side gave Friona a 2-0 lead and Kerry Cain's layup a minute later made it 4-0.

Brownfield got on the scoreboard, but the hustling Squaws reeled off eight unanswered points. Miss Cain hit a jump shot; Miss Atwell made one of two from the line, Miss Cain rebounded Atwell's missed shot for a goal, and Ronda Ratcliff grabbed off a shot by Cain and put it in, adding a free throw on the foul.

This shot the Squaws into a 12-2 lead with 1:26 left in the quarter.

Brownfield rallied for two baskets, and then the Squaws' shooting began to unravel.

Kelly Wied missed a 1-1 attempt at the line with 31 seconds left, and Glenda Ellis likewise missed her first shot with four seconds remaining. The Squaws could have had a 16-7 lead, but had to settle for 12-7 at the buzzer.

After Miss Ratcliff's layup gave Friona a 14-7 lead to start play in the second quarter, Miss Cain quickly drew her second foul, and went to the bench. She sat out the rest of the quarter.

Brownfield scored a pair of baskets to trim the margin to 14-11, but Miss Ratcliff's turning jump shot made it 16-11 with 6:30 left in the half.

Friona was out-doing the Brownfield press and drawing fouls. The team had gotten the 1-1 free throw situation before the opening quarter was over.

But Miss Wied again missed on a 1-1 situation, and Miss Ellis, fouled in the act of shooting, missed both of her shots. What could have been a 24-11 lead was still just 16-11 as Friona failed to convert.

Miss Ratcliff sank another jump shot for an 18-11 score, but 40

seconds later, even this usually most-reliable free throw shooter failed to convert, and after Brownfield made it 18-13, Miss Ellis missed her fourth straight from the line.

Miss Ratcliff again made a jump shot for a 20-13 Friona lead 1:29 before the half, and Lacye Osborn made good a rebound shot sandwiched around a pair of Brownfield goals.

This brought the halftime score to 22-17 in favor of the Squaws, but fans realized that the team could have had around ten more points, and knew from the explosive nature of the talented Brownfield team, that they really needed those missed points.

The Squaws were looking sluggish before halftime, and they started that way in the third quarter. It only took Brownfield 1:27 to tie the score, on a basket and a three-point play.

Kerry Cain's jump shot gave Friona a 24-22 lead, that turned out to be their last lead, with 5:40 left in the quarter. A minute later, Miss Cain drew her third personal foul and again went to the bench, with the score tied, 24-all.

Brownfield scored a pair of baskets in a 30-second span for a 28-24 lead. But Miss Osborn made a rebound shot, and Miss Wied a layup to tie the score at 28-all. Friona had gotten the ball on a turnover as they pressed the Cubs.

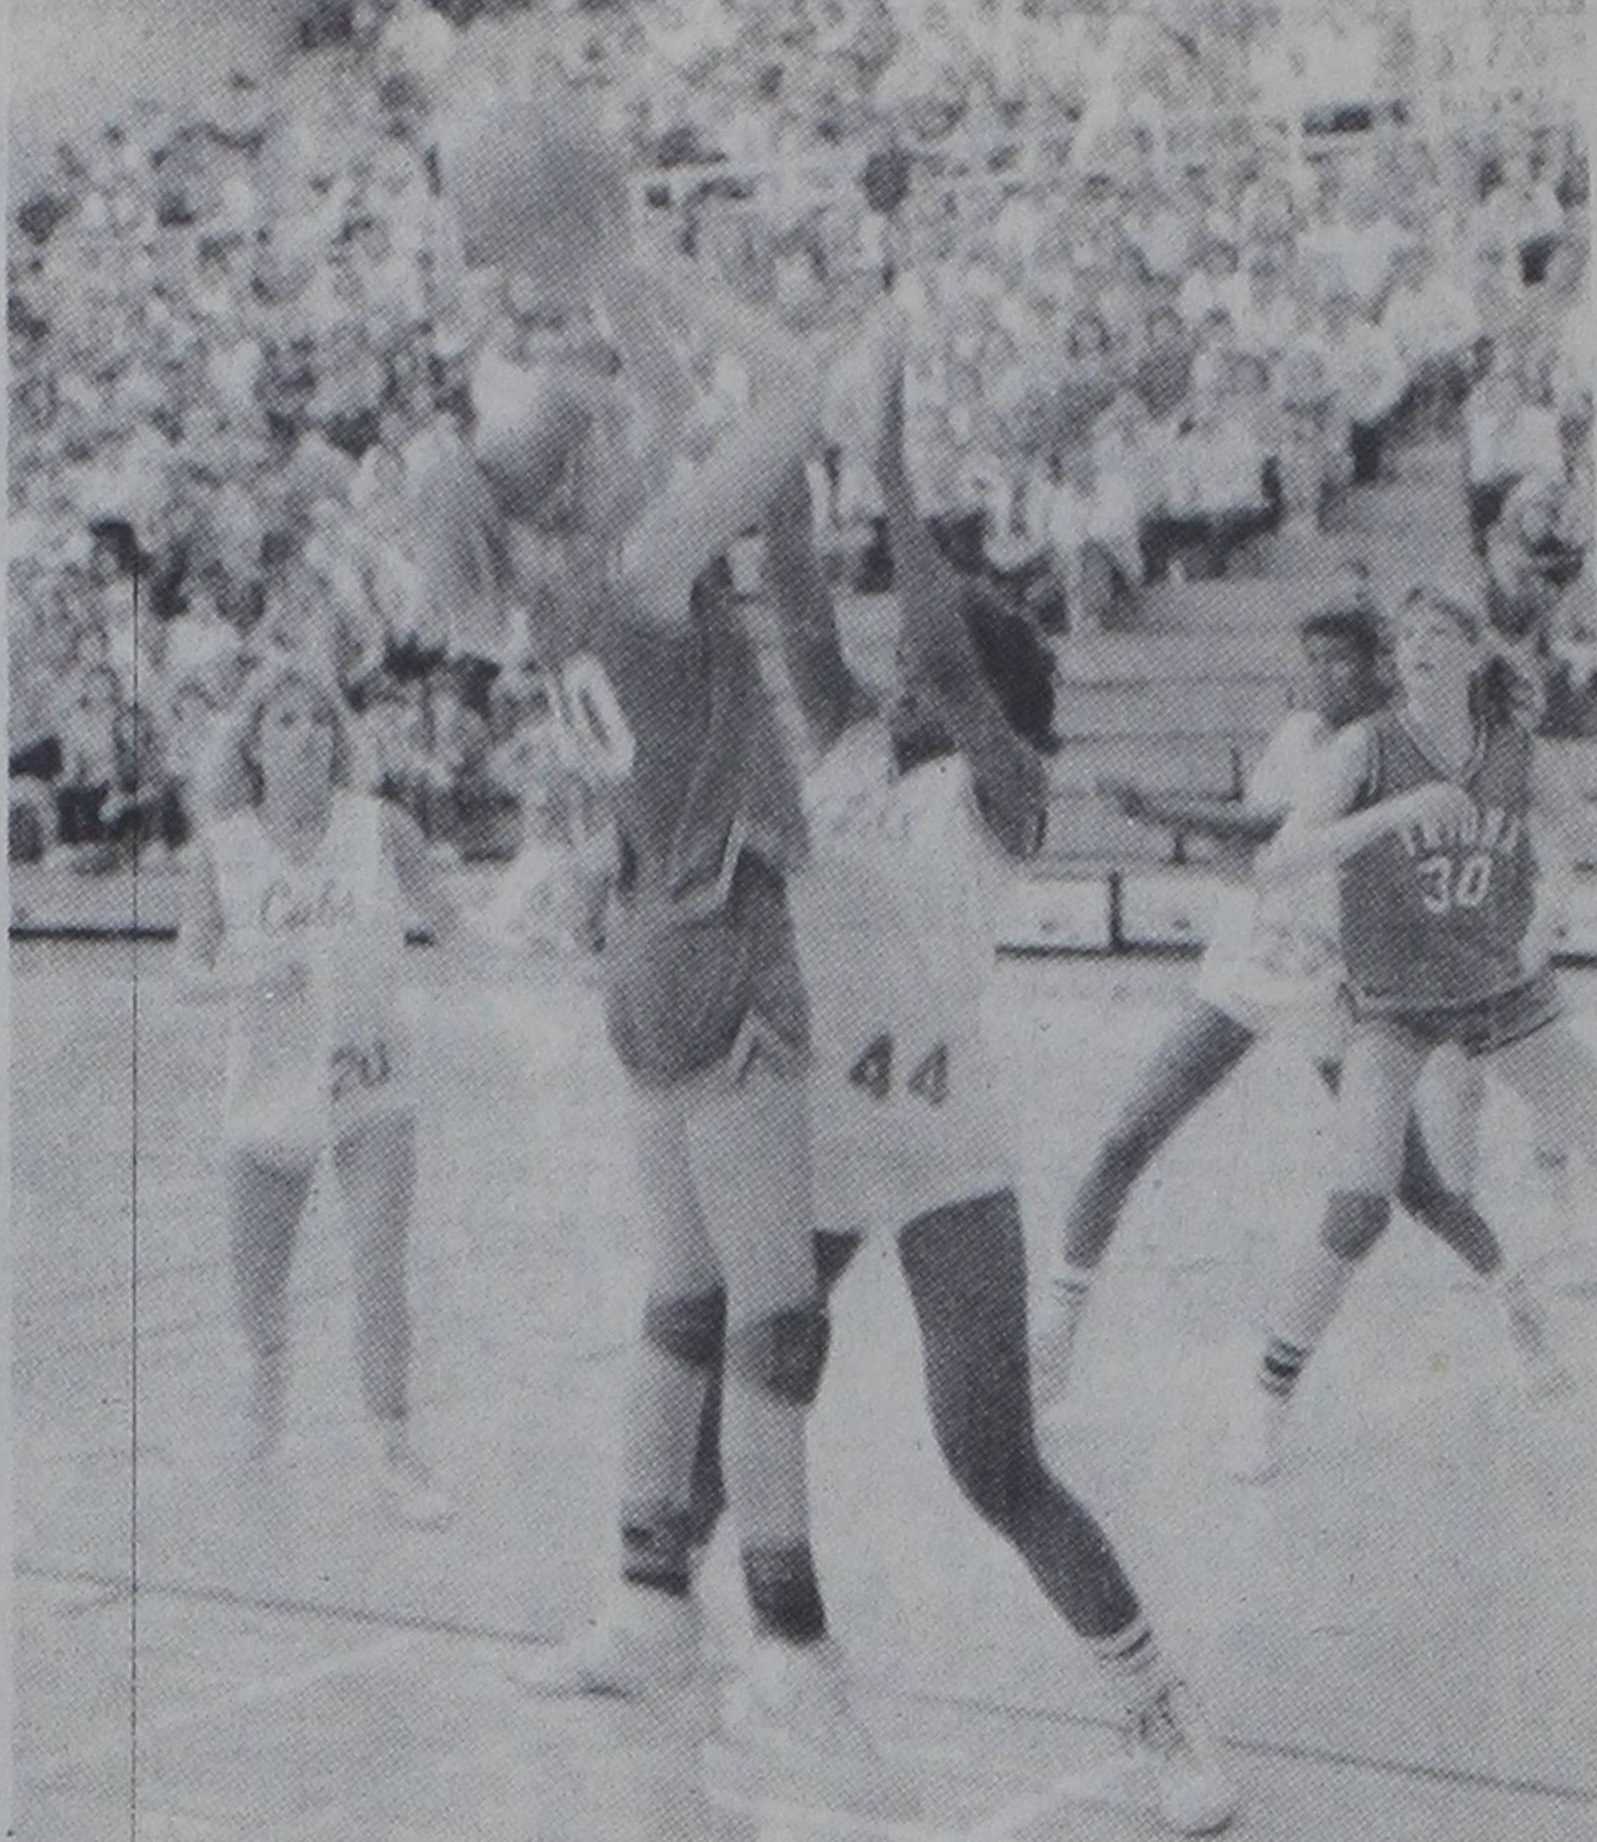

The two teams swapped baskets, Miss Atwell keeping it tied at 30-all. But Brownfield scored last to take a 32-30 lead at the end of three quarters.

The Cubs got on the scoreboard first for the four-point lead, but Mika Maddox sank a 20-foot jump shot and Miss Cain made a jump shot for a 34-all tie with 6:00 remaining in the game.

But Brownfield scored a pair of baskets, and Friona failed to score on three straight trips downcourt, which severely hurt the Squaws' chances.

Finally, Miss Cain's jump shot pulled the Squaws within two at 36-38 with 1:07 remaining in the game, and after Friona stole the ball, fans had visions of another "fantastic finish." But Miss Wied, whose shot had won the game at Amarillo's bi-district playoff saw her shot from the side bound off the rim. That would have been the tying basket.

Brownfield rebounded, took the ball downcourt, and worked the ball around, winding most of the last minute off the clock as the Squaws desperately tried to get the ball.

**FOLLOW SHOT...Lacye Osborn makes a follow shot in Friona's area game against Brownfield Tuesday. Guarding Miss Osborn is Debra Williams of the Cubs. In the background is Ronda Ratcliff, closely guarded by Cheryl Swoops. Brownfield came from behind for the win.**

Friona was finally forced to foul to stop the clock, and Brownfield's Debra Williams made both shots, for the final margin of 40-36.

"Our shooting was 'way off, and that was the difference," said Coach Vicki Hatton, pointing out that the team hit only 30 per cent of its shots from the field, and only two of 11 from the line. After getting the 1-1 situation early in the first half, Friona never went to the line in the second half.

"But the girls gave it all they had, from start to finish, and I appreciated that. I told them not to think about this game, but to

remember those big wins—over Tulia, Dimmitt and Canadian. Maybe we've started a new trend in girls basketball at Friona," concluded the Squaws' first-year coach.

## 1986 Football Schedule Released

Friona High School's football schedule for 1986 was announced this week by head coach and athletic director Tommy Moss.

The schedule is perhaps the most ambitious one ever tackled by a Chieftain team. It includes one class 4A team from Texas and a class 4A team from New Mexico. Three of the non-district opponents are new faces on the schedule, and one has never been met before by the Chieftains on the gridiron.

Pampa, a member of District 1-4A, will be met for the first time ever. Portales, N.M., will be met for only the sixth time, and first time since 1962.

Former district mates Idalou and Olton will be met as non-conference opponents. Idalou was a district member the past two years. Olton hasn't been on the schedule since it moved to class

District opponents Muleshoe and Tulia will visit Friona, while the Chiefs will be required to play three games away from home: Littlefield, Dimmitt and Floydada.

The always-tough River Road Wildcats will once again be met in the season opener.

## Sherrill Gets Work Bid

The Parmer County Commissioners last week awarded the contract for repairing the district courtroom to Sherrill Lumber of Bovina.

Sherrill bid \$14,987. Other bidders were O.D. Cole and Jimmy Meeks, both of whom submitted lower bids than Sherrill. County Judge Porter Roberts said the commissioners felt that Sherrill's bid was the "best bid."

Repairs will include new ceiling tiles in front of the balcony plus matching tiles under the balcony (the part which collapsed in December), a new carpet for the

floor, rearranging the judge's bench and raising it six inches, rearranging the courtroom, putting the jury box on the south side of the room instead of the present north side and closing the windows.

In other business, the commissioners agreed to rent its new voting booths to governmental units wanting to use them for \$50 per unit on a first-come, first-serve basis. Lazbuddie Schools have inquired into their possible use in their election.

The next commissioners' meeting was changed to February 20

because the commissioners will be attending a school at Texas A&M starting February 24. All the commissioners, except for Tommy Williams, and Roberts are expected to attend.

Two citizens asked for help on paying their gas bills. One was turned down; the other received \$181.81 from the commissioners.

In other business, the court approved the payment of bills for foster care on Parmer County residents, in the amount of \$3,599. This amount will be reimbursed to the county.

If you haven't been out to the new Dairy Queen, which opened for business about one week ago, you've missed a special treat. This facility, which is located on the north side of West Highway 60 almost directly across the street from White's Auto, is the fulfillment of a long time dream of Mildred Arnold Landrum.

Mrs. Landrum has been in the Dairy Queen business a long time and has been in Friona most of the time since 1973 or 1974. She spent a lot of time planning details of what she wanted and with the assistance of her husband, Ray; the contractor, Delton Lewellen and his helpers and J.G. Baker, one of Friona's most capable woodworking artists, came up with a first class eating establishment any town could be proud of.

Visitors are impressed with the gleaming white tile of the floor, the four solid oak tables, which are centered in the building, the booths on two sides and the trash containers beside the door.

The oak tables were made by J.G. Baker and Kent Patterson made the trash containers, so they are different from the ones you see in most Dairy Queen Restaurants.

Congratulations Mildred and crew. It is good to know that in the new location the quality of food and drinks hasn't changed and that customers still get the same courteous service.

It is good to be home after an absence of seventeen days. This fall and winter, I've missed both our snows. I kind of like snow, but maybe it is good to miss extremely cold weather, ice and such like.

Some of the pictures I've seen look as if they had been made in Winter Wonderland, so I know Friona was beautiful to look at. I've been to Tipton, Oklahoma,

where I spent two weeks plus with John, Geneva and Heather Osborn and the eight other girls who share Little Top Cottage on the Tipton Children's Home campus with them.

There's never a dull moment when a family has three seniors, two sophomores and four junior high and elementary students. Helping Melody, the youngest member of the group and a third grade student, with her homework was an interesting experience.

Enroute home Monday evening I flew from Love Field to Amarillo. A few minutes before our flight was called, Judge Bill Sheehan, a former Friona resident, who now lives in Dumas, joined the waiting passengers. On the plane we sat together and visited all the way.

He and his wife, Mary, who is the coordinator for the gifted and talented students program in the Moore County Capitol City, and Dave and Shirley McReynolds, also former Friona residents, recently spent an evening playing bridge. Dave, a former Friona Star editor, is the manager of the Dumas Chamber of Commerce and Agriculture, and Shirley is an employee of one of the banks there.

The Sheehan girls, Mary Margaret and Kathleen, both live in the Dallas area, and the boys, John and Jack, live in Austin. Think Bill said they have four grandchildren--all boys.

Isn't it interesting to see all the Texas Sesquicentennial things? One of the things on my MUST DO list this summer is to keep up with the Wagon Train's progress and at least watch it as it passes through our area.

By the way, did you know Ben Konis designed the official poster

for the Texas Sesquicentennial? Think this was announced some time ago by the State of Texas Poster Committee for this year's celebration, but I didn't know about it until early this week.

The home of J.T. and Lilah Gaye Gee has been brightened several times recently by the presence of David and Kathryn Goddard and children, Jon and Julie, who have been living in Castle Rock, Colorado, less than a year.

Before long the Goddards will be at home in the former home of Taft and Velma Lovett out in Western Addition. Having them in our community several years was a treat and it is going to be good to have them back.

The Gees recently spent the night at the Baptist Children's Home at Portales. Mrs. Gee's brother, Deane Rodgers and his wife, who retired to Ralls, Texas last year, are living there temporarily.

Rodgers, who was administrator of Baptist Children's Village near Jackson, Mississippi, many years, is serving the home at Portales as interim administrator.

Little Heath Gammon, who had his first birthday Wednesday, proudly announces to anyone who cared to listen, "I'se one," as he held up the forefinger on his right hand.

On Sunday he was honored with a party in the home of his parents, Mark and Tammy Fairchild Gammon, who live southeast of town. Special guests were his great-grandparents, Mr. and Mrs. Otis Neel and Julia Fairchild, all of Friona.

Other guests included three of his grandparents, Letha Gammon of the Lazbuddie Community, and Larry and Paula Neel Fairchild of Adrian.

Also Vicky and Jeff Fairchild, Adrian; Sarah, Seth and Savannah Black, and Cindy, Aaron, Nathan and Audra King, all of the Lazbuddie Community.

Recent visitors in Friona have been Mr. and Mrs. Roy Lee Jones of Ruidoso, New Mexico. Mrs. Jones, the former Charlene McFarland, is a sister of J.G. McFarland, Katie and Ilene Osborn, Lora Mae McFarland, Martha Clements and Geraldine Taylor.

or full irrigation...  
Pioneer has you  
covered!

### 8493

We just can't say enough good things about the performance this hybrid has shown under dryland or limited water conditions. On farm after farm, it produced outstanding yields of high test weight, hard textured grain even under extreme heat! 8493 has excellent root and stalk strength and outstanding resistance to Biotype C and E greenbugs. If you grow sorghum on the Plains, try this one!

### 8333
