**"MY  
TURN"**

By  
Carol Ellis

AMERICA IS A PLACE where it is okay for people to think and say what they feel, even if their opinions differ greatly from the majority. The Supreme Court has stretched the point of "freedom of expression" to now include the burning of our nation's flag.

So next Wednesday, on July 4, we will celebrate 214 years of a free nation won by the blood of those patriots who felt that such freedoms were worth fighting for. They used the "Star Spangled Banner" as a symbol of these freedoms, as have the members of the U.S. Armed Services ever since then.

The real issue behind the burning of the flag is the desecration of American morality and the eventual destruction of the American spirit. Freedom of expression should not be used as a tool to justify offensive public behavior.

Who are these people who burn flags? I personally don't know any and doubt that I would like them very much if I ever came across one. They are probably the same sort of people who vandalize the grave stones of other people's deceased relatives, who shoot animals out of season, and who litter mall parking lots with their baby's dirty diapers. If they don't have any pride in themselves, of course they are not going to have any pride in their surroundings, in other people's feelings, or in the sacred symbols of the country in which they live.

I would like to meet one such person sometime and ask him or her some questions, such as: What was your homelife like? Do you love your parents? Do you believe in God? Were you ever a member of Cub Scouts or Brownies? and, Where were you when your first grade teacher was teaching the Pledge of Allegiance to the rest of your class?

I do agree that the desecration of American values cannot be solved by Congress or in the courts. Morality is the responsibility of every citizen. Unfortunately, there are an awfully lot of irresponsible and immoral folks roaming around in this free country. Fifty years ago in Colorado, there was an incident when a man was tarred and feathered for giving the Nazi salute to the U.S. flag.

Perhaps there is a simpler solution. If you should happen to exercise your "freedom of expression" on the Statue of Liberty, or the Washington Monument, or the Vietnam Memorial or even on a stalactite in Carlsbad Cavern, you would probably get carted off to the pokey and expected to pay a large fine or be incarcerated for a period of time. So why not designate the nation's flag as a national monument whenever or wherever it is displayed in public, whether it be hanging on a flag pole, or worn as a lapel pin on a person's clothing.

The Preservation of American Antiquities Act passed in 1906 under President Theodore Roosevelt gives the president authorization to set aside national monuments without the approval of Congress or the Supreme Court. Employees of the Department of Interior take care of national monuments. Any person in that capacity could see to the issuing of citations and fines against anyone found desecrating the nation's flag if it were a national monument. This would include all National Park Rangers, Land Resources Management, Water Resource workers, Historic Preservation Council, and all Fish and Wildlife Game Wardens, among others.

This is not any more far-fetched than declaring that the burning of the flag is "freedom of expression" as granted by the First Amendment to the Constitution. If you feel that the idea of making the flag into a national monument has some merit, then please write to President Bush, or clip out this column and send it to him.

You may leave a message for the President by calling 1-900-896-2220, code number 1990.

## Area Swelters Under Heat Wave

### SDW Sets Auditions On Sun.

Auditions for the high school age-group for the Summer Drama Workshop will be held Sunday, July 1, starting at 2 p.m. at the high school auditorium.

The auditions for the grade-school age group will be held at 9 p.m. on Monday, July 2, and junior high auditions will be at 1 p.m. on Monday.

The annual workshop will be held July 2-14.

It is helpful for participants to pre-register, but those who have not had the opportunity to do so may register on the day of auditions.

Mollie Marsh, a Texas A&M graduate who has returned to the university to work on teacher certification, will direct the high school production.

The high school youngsters will be working on "You Can't Take it With You," a Moss and Hart comedy about the Sycamore family and their "crazy" friends.

Returning for the third year as junior high director will be FHS graduate Michael Griffin, who will direct "Pegora, the Witch."

Griffin is a student at Wayland Baptist University, where he is an elementary education major.

Tal Lostracco, former teacher at Canadian presently teaching at Dumas, returns for his fourth show in Friona with the grade school children.

This year the younger group will perform "The Wizard of Wobbling Rock."

Summer Drama Workshop is sponsored annually by the Friona Fine Arts Council.

### AAU Track Meet Here Saturday

The Friona Track Club is hosting the 1990 AAU/USA Junior Olympics West Texas Track and Field meet, sanctioned by the West Texas AAU Assn., on Saturday, June 30, starting at 8 a.m. at the FHS track.

Tana Stephens is serving as meet director. Five age divisions will compete, from ten-year-olds through 17-year-olds.

Preliminaries and field events will be held beginning at 8 a.m. June 30. Finals begin at 4:30 p.m. Medals for the first three places in each event will be presented.

Events include the 100, 200, 400, 800, 1500 and 3000-meter runs; 1500-meter racewalk; 80-meter hurdles, long jump, high jump, discus, shot put, 4x100 meter relay and 4x400 meter relay.

A concession stand will be operated during the meet.

### City To Enforce Ordinance

"Due to the extremely dry conditions, the city will be enforcing its anti-fireworks ordinance to its fullest extent," Beelee Goodwin, city manager, said this week.

Any person or persons caught discharging fireworks within the city limits, or even having fireworks in their possession, will be subject to up to a \$200 fine per violation.

The caution also needs to be extended into the rural area as well, the city manager said.

The police department will be enforcing the ordinance to its fullest extent, Goodwin added.

**HOT ENOUGH TO FRY AN EGG...These youngsters tested the old theory about frying an egg on the sidewalk one afternoon this week. On the left is Amanda Pope, and at right April Pope, daughters of Bonnie and Mike Pope. Lindsey Neill, center, daughter of Lisa and Mark Neill, looks on with a skeptical eye.** (Photo by Rick Ellis)

### Konis Donates Art To Heritage Group

The Friona Community Heritage Society announced this week that Southwestern artist Ben Konis of Amarillo has donated a painting to the society, and that the group will be selling tickets for a drawing, with proceeds to go toward finishing the landscaping project at the Depot in downtown Friona.

"We are very appreciative of the donation. The painting is a pastel, and its value is estimated at \$2500," said Dianne Tatum, spokesman for the Heritage Society.

Tickets will be on sale from members of the society at \$2 each, and will go on sale July 4. The drawing will be held September 8 during the Maize Days celebration in Friona.

Between now and the time of the drawing, the painting will be displayed around town in various locations.

Konis, who is married to the former Jinni Landrum of Friona, moved west from New York with his family in 1969.

He says, "The whole focus of my art changed. The Indians, their heritage and customs, their land,

**BEN KONIS**

have captivated me completely. I want to portray their proud struggle and deep reverence for life in my work."

Konis paintings are widely sought after and are in many prominent collections. He has already been recognized as one of the most important and influential painters in the Southwest. His work is exhibited in one-man shows, museums, and galleries, and has been awarded many top prizes.

### Retail Committee Named By C-C

The Retail Development Committee of the Friona Chamber of Commerce and Agriculture met Tuesday with a goal of providing some support and ideas for the retailers in Friona. The members of this committee will be assisting those in the retail area in special promotions and sales and in making the people of Friona more aware of the merchandise and service of each business.

The committee will be holding a regular monthly meeting. Serving as chairpersons of the committee are Claudia Hanes and Betty Chaney. Members of the committee are Mary Pryor, Margaret Duggins, Cliff Stephens, Glenda Procter, Mickey Griffin, Chris Alexander, Joe Mejia, Marca Lynn Herring, Trel Taylor, Cleo Gauna, Ron Smiley, Clint Mears, Ruben Rivera, Daphne

### High Mark Is Set

The area has been sweltering under the worst heat wave on record during the past two weeks, with a steady diet of 100-degree-plus temperatures, and no prospects of rain in sight.

The city's all-time record high was established on Sunday, June 24, when the mercury climbed to 108 degrees. The National Weather Service at Lubbock was unable to furnish the exact details due to personnel being on vacation, but longtime weather observer A.L. (Jake) Outland said he could not recall a reading as high as Sundays in the time he has lived in Friona. All-time records were established at both Amarillo and Lubbock that day when those cities topped out at a balmy 110 degrees.

Thursday's reading made it five days in a row over the 100-degree mark in Friona. Eleven days in June have registered 100 or above; 19 days have topped out at 95 degrees or more, and 25 days have been above 90. Only .06 inches of moisture has been received during the month, and that situation is now critical for farming operations.

### July 4th Events Are Announced

Highlighting Friona's July 4th schedule will be "Fun Fair," sponsored by the Women's Division of the Friona Chamber of Commerce and Agriculture.

The event will be held at the City Park in Friona, from 10 a.m. to 3 p.m.

Activities are planned for all ages, including horseshoe pitching, obstacle course, pitching ladder, tug-of-war competition, sack races, Big Wheel races, fishbowl toss, dart throw, coke toss, face painting, a jail, and balloons. There will be seven food booths to suit anyone's appetite. The Noon Lions will have homemade sausage for sale, plus there will be burritos, ice cream, snocones,

cookies, candies, cold drinks and baked goods.

"Bring your quilt or lawn chairs and come enjoy the food, fun and entertainment," said a Chamber spokesman. Local talent will provide entertainment throughout the day. A patriotic program is planned for the grand finale of the day.

#### Temperatures

Date	Hi-Low
Saturday, June 23	87-59
Sunday, June 24	98-66
Sunday, June 24	98-66
Monday, June 25	108-65
Tuesday, June 26	103-65
Wednesday, June 27	103-71
Thursday, June 28	101-70
Friday, June 29	100-65

### Pageant Entries Are Needed!!

Clubs, businesses and organizations are urged to sponsor a girl in the annual Miss Friona Scholarship Pageant. Deadline is July 13, so those interested should call the Chamber office at 247-3491.

You do not have to have a contestant chosen in order to sponsor a girl in the pageant.

### FHS Wins Award At Nationals

More than 1,600 students and advisors representing schools from across the nation gathered this past week for the 12th Annual Technology Student Assn. National Competition in Corpus Christi, Texas.

Those who qualified to attend this competition from Friona were Shannon Cochran, Michael Reyes, Chad Rhodes, Greg Salyer, Jeff Schueler, Mike Scott and Mike Sutter. Unable to make the trip, was David Rejino.

Although the students did not receive individual awards at this competition, due to their exhibiting their projects, Friona High School was awarded the Outstanding School Award.

"Thanks to these young men for representing Friona so well. A special thanks to Terry Copley of Panhandle Concrete and Leroy Cox of Hometown Hardware for their contributions to help these students attend this competition. Also, a very special thanks to Cheryl Weatherly for getting these students to Corpus Christi and back safely," said instructor Tommy Carr.

### Awards Slated For Baseball

The 1990 awards program for Kids, Inc. Baseball will be held July 2 at 7 p.m. at the East Park.

The coaches will have a short game starting at 6:30 p.m. that evening.

Likewise, young ladies who are interested in participating in the pageant are urged to contact the Chamber office.

The pageant is open to girls who will be juniors or seniors during the 1990-91 school year. The Women's Division of the Chamber of Commerce will award \$1,000 in cash scholarships to those who are chosen as Miss Friona, first runner-up, second runner-up and Miss Congeniality.

The date for the pageant is Saturday, August 18. The entrants will be involved in practice sessions August 15 and 16.

"The format for the pageant has been planned in order to allow girls to participate in the activity without forfeiting enormous amounts of time throughout the summer," said a spokesman for the Chamber.

Pamela Lindley Pauling will again serve as mistress of ceremonies for the event.

Melissa Randolph is chairman of the steering committee of the pageant, which is sponsored by the Friona Chamber of Commerce and Agriculture.

Entry forms are available at the Chamber office. The Miss Friona event is a highlight of the summer, and is always the perfect way to kick off the city's annual Maize Days celebration.

### Defensive Driving Offered

Central Plains MHRM, in cooperation with the National Safety Council and operating under Texas Safety Association License No. 605, will be offering a Defensive Driving Course on July 7 at Friona High School.

The instructor for the class will be Rhonda Wilkins, Texas Education Agency License No. 2797.

Fee for the class will be \$25 in cash or money order. The class will begin at 8 a.m. and end at 5 p.m. To pre-register, call Parmer County Counseling Center, 247-3522.

# Friona Flashbacks

...from the files of The Friona Star

## 60 YEARS AGO—JUNE 6, 1930

One of the saddest affairs that has visited Friona and community in many years occurred Monday morning, resulting in the death of Paul Highfill, the fourteen-year-old son of Mr. and Mrs. J.W. Highfill, whose farm home is a few miles southeast of Friona. It appears that Paul had ridden his pony to the pasture to bring in a cow and a young calf and nothing more was known of him until the pony appeared at the home with his lifeless body attached to it by means of a small rope, one end being tied around the boy's body while the other was tied to the pony's neck. The body was considerably mangled and death had evidently resulted from being dragged or kicked by the pony.

## 55 YEARS AGO—JUNE 7, 1935

Much of the news due to appear in the Friona Star today does not appear because a first class mail sack was stolen from the Santa Fe station in Panhandle Tuesday night, which contained letters from Friona with news and advertisements, as well as hundreds of other pieces of mail. The mail pouch, according to bank officials,

## Bank Hosting Free Melon

Friona State Bank will once again host their free watermelon promotion on Tuesday, July 3 on the bank lawn.

Customers are invited to come by the bank anytime during the day for their free watermelon.

## On Your Payroll

Sen. Lloyd Bentsen  
703 Hart Bldg.  
Washington, D.C. 20510

Sen. Phil Gramm  
370 Russell Bldg.  
Washington, D.C. 20510

Cong. Larry Combest  
1529 Longworth Bldg.  
Washington, D.C. 20515

contained a large number of checks for Panhandle banks.

## 50 YEARS AGO—JUNE 7, 1940

Mr. Harley Bulls, music director in Friona Schools, has been recently appointed as seventh district chairman of the Rural School Music, a division in the Texas Federated Music Clubs. The seventh district covers something over forty-five counties, including the Panhandle and extending south beyond Lubbock.

## 45 YEARS AGO—JUNE 1, 1945

Mr. and Mrs. C.W. Owens of the Hub Community south of Friona, have received word from their son, Pvt. Juell Owens, informing them that he has been liberated from a German war prison, where he had been since the

## Ex-Resident Passes Away At Seymour

Funeral services for Phyllis Cook Sanders, 73, were conducted Monday at the Memorial Funeral Home Chapel in Seymour, with the Rev. Tommy Cullwell, pastor of the First Baptist Church in Seymour officiating.

Burial was in West Hill Cemetery of Sherman, with graveside services conducted.

Mrs. Sanders was born August 27, 1916 in Howe, Texas. She died June 23, 1990 at Seymour.

The Sanders family lived in Friona from about 1951 until 1965, when they moved to Seymour. She was very active in community activities while a resident here, and was honored by the Chamber of Commerce as its Woman of the Year in 1963.

Survivors include her husband, Jay, of the home; three sons, Ted Sanders of Washington, D.C., Tommy Sanders of Maryland and David Sanders of Plano; three sisters, Katherine Koriath of Lubbock, Thelma Darrow of Anamosa, Iowa and Velma Hahn of Santa Rosa, California.

Six grandchildren and two great-grandchildren also survive.

4th of last October, and is in good health. He was liberated April 29. Pvt. Owens has been overseas a year and took part in the invasion on D-Day and was in combat most of the time thereafter until he was taken prisoner.

## 40 YEARS AGO—MAY 26, 1950

The Friona substation of the Southwestern Public Service Company, has been completed and is ready for operation, C.D. Hardesty, district manager for the Southwestern Public Service Company, announced this week. The installation of a new voltage regulator completed the project, Mr. Hardesty added.

Vera Ann Jones was named state champion over all typing contestants throughout Texas. She chalked up a highly enviable score of 155.02 with 97 per cent accuracy at Austin recently. This surpassed the state record for both 1948 and 1949.

## 35 YEARS AGO—JUNE 3, 1955

Farmers east of Hub received two and one-half inches of rainfall Monday afternoon in a short period of time. The heavy rain washed the newly planted cotton completely away. The thunderstorm occurred halfway between Hub and Dimmitt, and will cause the farmers in that area to replant all the cotton.

Gaylord Maurer was commissioned a Second Lieutenant in the United States Air Force Reserve upon graduation.

## 30 YEARS AGO—JUNE 2, 1960

Farm-to-market roads are still being built in Parmer County in spite of the greatly curtailed state-federal program. A contract for 9.7 miles of construction on FM 1172 was awarded a Lubbock firm this week, it was announced by the State Highway Commission. James C. Kerr submitted low bid of \$128,914 on this project. It covers grading, structures, base and surfacing from State 86 (3.5 miles west of Castro County line) to Lazbuddie. Eventually, it is planned to continue this road northward to tie in with Highway 60 near the community of Black.

## 25 YEARS AGO—JUNE 3, 1965

Open House for the new \$100,000 addition to Parmer County Community Hospital in Friona will be held from 2-5 p.m. Sunday.

## 20 YEARS AGO—JUNE 4, 1970

Congressman Bob Price has been advised by the Department of Agriculture that the budget limitations have been removed to permit preliminary work to proceed on 25 watershed projects in 16 states—including Running Water Draw and Lower Running Water Draw Watershed projects in the 18th Congressional District.

## 15 YEARS AGO—JUNE 1, 1975

Graduation exercises were held for 112 members of the eighth grade class of 1975 at the Grade School Auditorium Thursday, May 29. Leading the class scholastically were Donna Rector, valedictorian, and Chris Barnett, salutatorian.

Commencement exercises for the senior class of 1975 were held in the Grade School Auditorium Friday, May 30. A total of seventy seniors received their diplomas. Top students from the class were Carol Bavousett, valedictorian; Jeanine Jarboe, salutatorian and Pam Wilcox, who presented the

## DPS Gives Summary

Capt. Rusty Davis, District Supervisor of the Amarillo Highway Patrol District comprising of 31 counties said this week that for the month of May, DPS troopers investigated five fatal accidents, 75 personal injury accidents, and 94 property damage accidents. There were six persons killed and 128 persons injured in these accidents.

Sgt. Marshall Henderson of Hereford stated that in Parmer County, the troopers investigated no fatal accidents, three personal injury accidents, and four property damage accidents in the month of May. No one was killed and eight persons were injured in these accidents.

class history.

## 10 YEARS AGO—JUNE 22, 1980

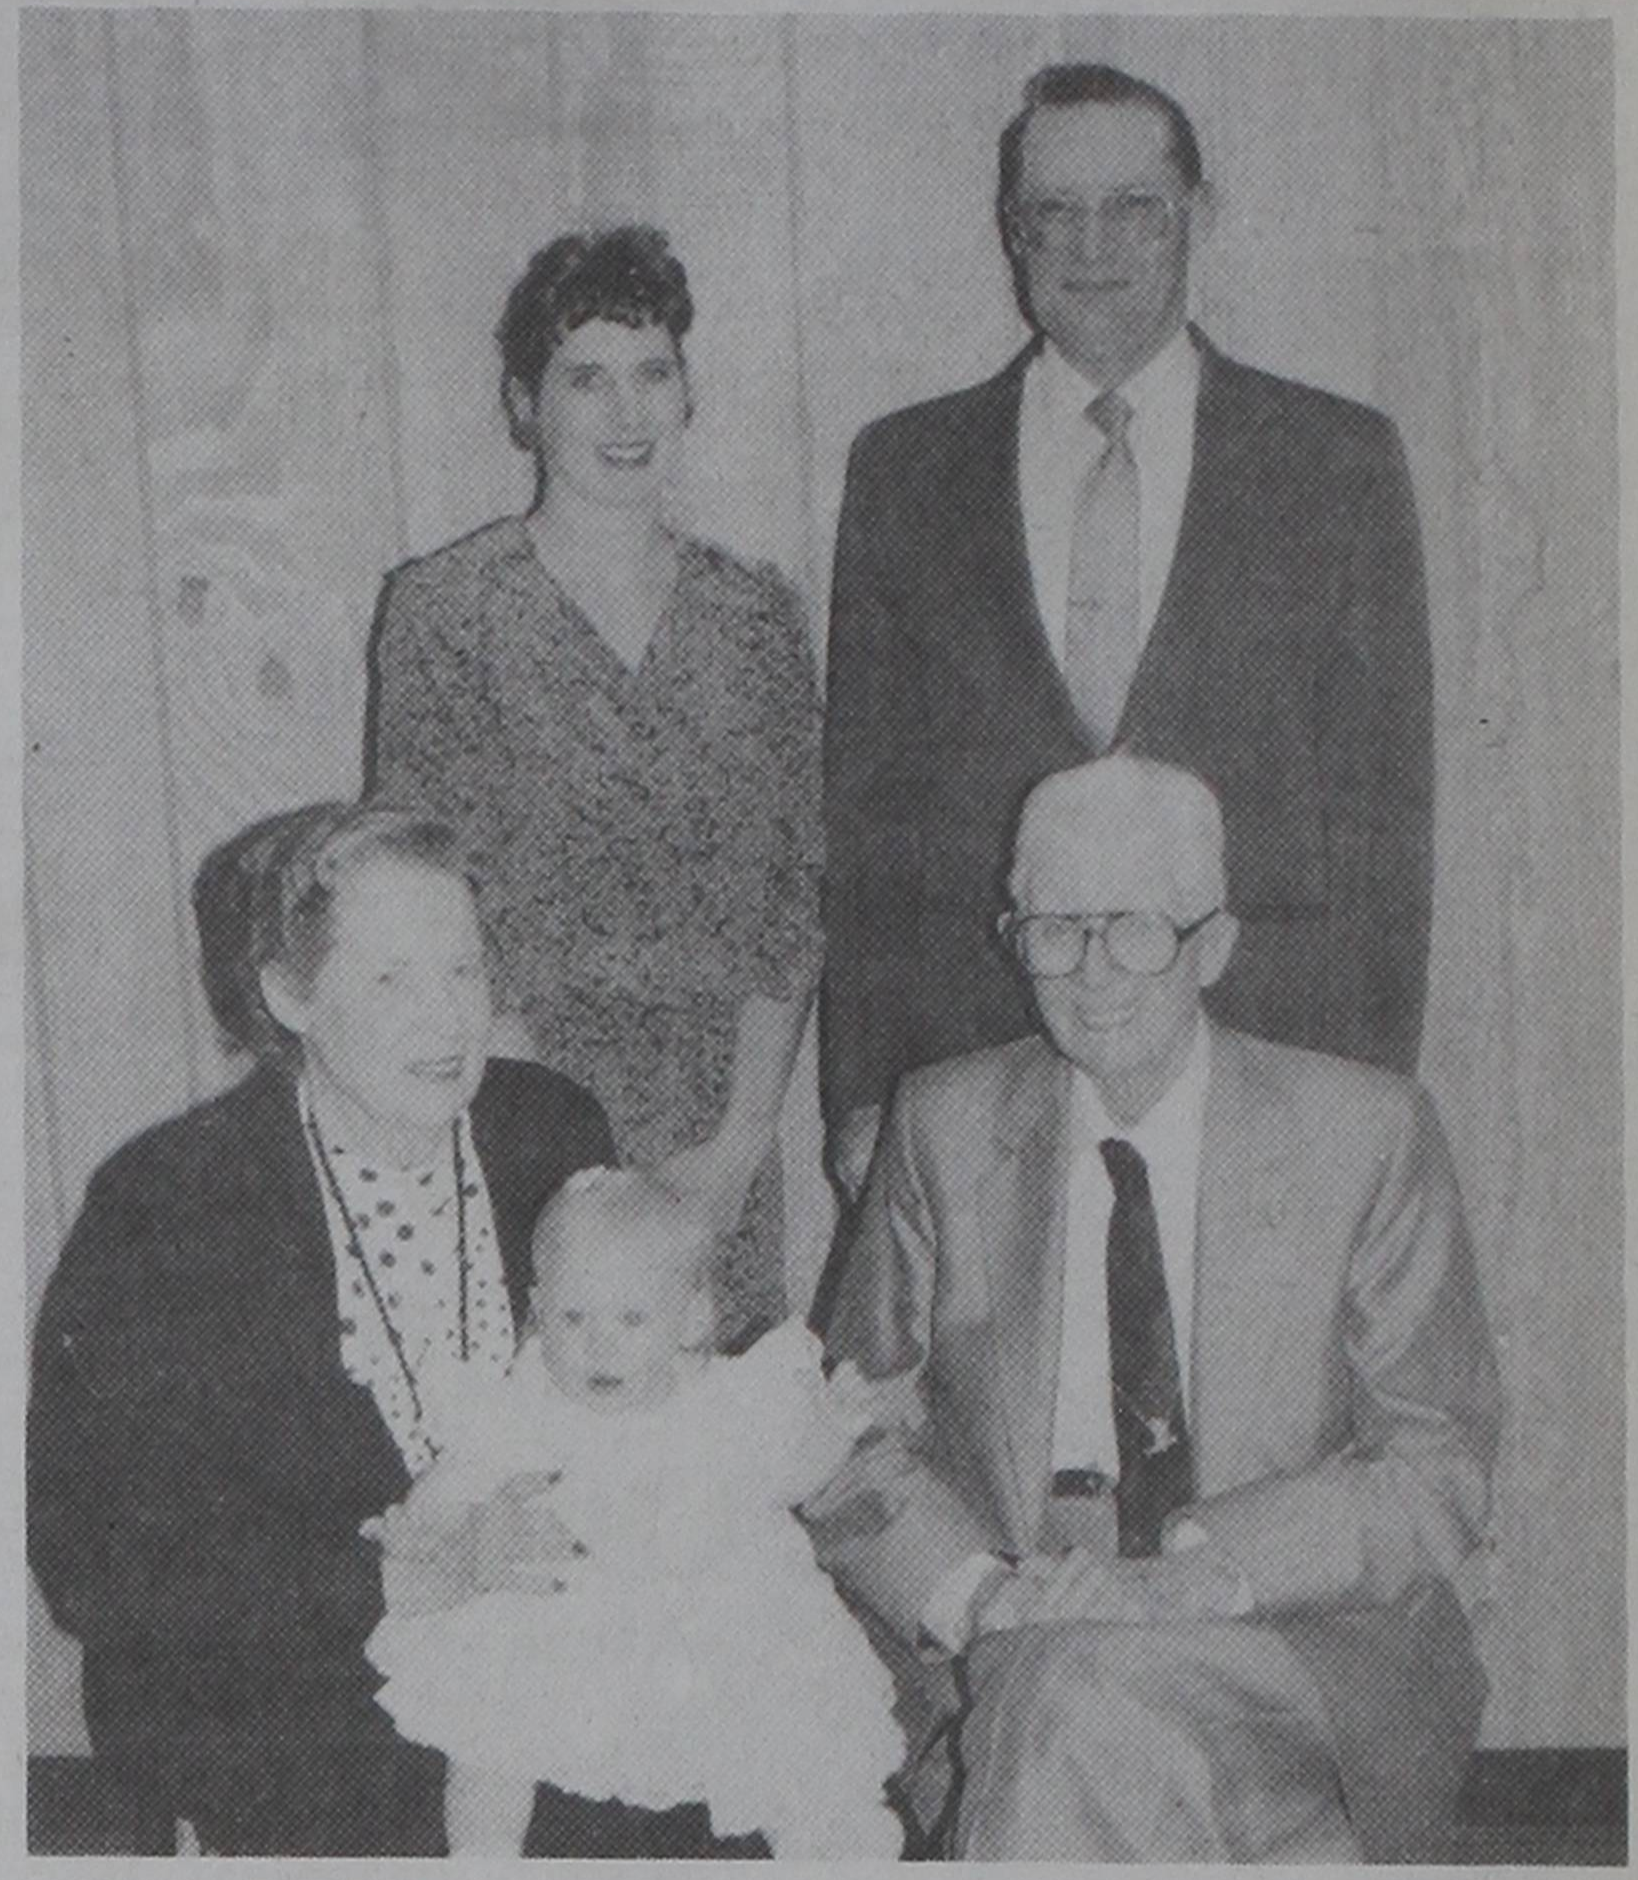

Violent weather made a pass at the Friona area again this week, as a cloud bearing hail and a tornado funnel menaced the eastern and southern portion of the area. A number of Friona residents spotted the funnel in the cloud as it moved across the area just before sundown. One resident of the area southeast of Friona, Patsy Bandy, made a picture of the funnel cloud.

The first load of wheat was delivered to Friona Wheat Growers on Monday, June 16 by Ernest Osborn. The first load of barley had been brought to the elevator by Merle Massie on Thursday, June 12.

## 5 YEARS AGO—JUNE 16, 1985

Harvest of the dryland wheat and barley is well underway in the Friona area, being accomplished around rain showers. Producers and elevator officials are geared for a bumper crop of wheat.

William P. Kuvlesky, Jr. has joined the staff of the Friona Field Office of the U.S.D.A. Soil Conservation Service.

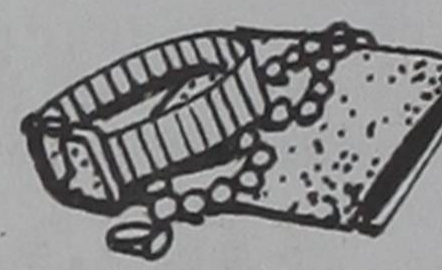

**FIVE GENERATIONS....** The Millers-Osborns-Moores got together for a five generation photograph in May. Standing are Deirdre Miller Osborn with her father, John C. Miller. Seated are Sarah Ann Miller of Amarillo, holding Adrienne Osborn, with the great-great-grandfather, David E. Moore of Roswell, N.M. seated right. Adrienne is nine months of age, and Mr. Moore, who enjoys excellent health, observed his 101st birthday on June 27.

**Signs Of  
 Stroke**

Suffering a stroke can be a  
 frightening experience, particularly  
 for the person who is unaware of  
 what is occurring.

A stroke is an instantaneous  
 disruption of the blood flow to a  
 certain portion of the brain. When  
 fresh blood is not received by a  
 section of the brain, the cells are  
 deprived of needed oxygen, and  
 damage results. The body function  
 that is controlled by that particular  
 part of the brain is then damaged  
 either temporarily or permanently.

Some strokes result from  
 blocked arteries that literally starve  
 the brain of blood. The arteries are  
 simply too clogged with fatty  
 deposits to allow enough blood to  
 reach the brain. Other types of  
 strokes that are more serious in  
 nature are like hemorrhages that  
 leak into the brain tissue or small  
 clots which break loose from the  
 arterial wall and block the artery.

According to medical experts in  
 Methodist Hospital's Rehabilitation  
 Institute, the following are  
 warning signs of a stroke:

- \*Dizziness;
  - \*A temporary loss in memory or  
 mental ability;
  - \*Numbness or weakness in the  
 face, arm or leg on one side;
  - \*Garbled speech or new  
 swallowing problems;
  - \*Eye problems, including  
 temporary loss of sight or double  
 vision; and
  - \*Recent onset of severe head-  
 aches.
- A person also can experience a  
 temporary "little stroke," called a  
 transient ischemic attack, and not  
 even be aware of it. The following  
 may signal that attention is needed  
 to prevent a future, more serious  
 stroke:
- \*Blackouts;
  - \*Falls which have no explan-  
 ation;
  - \*Temporary loss of vision;
  - \*Dizziness; and
  - \*Temporary weakness in the  
 limbs.

(A message from the Texas Department of Public Safety)

**Public Notice**

TO ALL FORMER AND CURRENT INTRASTATE WIDE AREA  
 TELECOMMUNICATIONS SERVICE (WATS/800) SUBSCRIBERS:  
 Southwestern Bell Telephone Company has instituted a Class  
 Action Lawsuit seeking judicial approval of a settlement reached in  
 Docket No. 7297, an inquiry of General Counsel of the Public Utility  
 Commission of Texas into possible overcharges which occurred between  
 September, 1976, and February, 1987, due to rounding practices, on  
 bills of intrastate WATS/800 customers sent by Southwestern Bell and  
 other telephone companies which concur in Southwestern Bell's tariff.  
 The suit is styled "Southwestern Bell Telephone Company, Plaintiff,  
 vs. MCI Telecommunications Corporation, A Member of the Class of  
 Texas Intrastate WATS and 800 Service Customers Who Paid Overtime  
 Charges From September 1976 Through February 1987, Defendant,"  
 and identified as Cause No. 471,460 in the 126th Judicial District  
 Court of Travis County, Texas.

Pursuant to the settlement, while not admitting liability,  
 Southwestern Bell, the other local exchange telephone companies in  
 Texas, and AT&T Communications of the Southwest, Inc. have agreed  
 to pay refunds to those WATS/800 customers who paid overtime  
 charges attributable to the rounding practices for intrastate WATS/800  
 services at any time between September, 1976, and February, 1987.  
 The refunds will be based upon either the actual or estimated amount  
 of overtime charges attributable to such rounding practices. An exact  
 refund will be determined for customers able to produce copies of  
 their WATS/800 service bills. For customers who do not have copies  
 of their WATS/800 service bills to establish actual overtime charges  
 paid, an average refund of \$4.53 to \$5.95 per WATS/800 service line  
 per month will be applied. All claims will be subject to verification.  
 The refunds will also include interest at the rate of 7.80% per annum.

**Claim Forms And Additional Information**

Those customers who think they may be entitled to a refund or  
 who desire more information must call 1-800-782-3026, 8:30 a.m. -  
 4:30 p.m., Monday through Friday, or write to WATS Refund Pool  
 Administrator, One Bell Plaza, Room 670, P. O. Box 650376, Dallas,  
 Texas 75265-0376, to request a WATS Refund Information Package.  
 The WATS Refund Information Package will contain further informa-  
 tion regarding the lawsuit and eligibility for a refund, a description of  
 documentation required to support a customer's claim for refund,  
 and a refund claim form to be filled out and submitted requesting a  
 refund. REQUESTING A WATS REFUND INFORMATION PACKAGE  
 DOES NOT OBLIGATE YOU IN ANY WAY.

All claims for a refund must be received by the Refund Pool  
 Administrator by Friday, October 5, 1990, and all rejections of the set-  
 tlement (that is, requests for exclusion from the class action lawsuit)  
 must be received by the Court by Wednesday, September 5, 1990.  
 Only those who respond by filing a claim or by filing a rejection of the  
 settlement, as explained in the WATS Refund Information Package,  
 will receive notice of future developments in this proceeding.

Persons who wish to obtain further information may also contact  
 the Public Utility Commission, Public Information Division, at (512)  
 458-0257 or (512) 458-1221, teletypewriter for the deaf.

# Angler's Corner

By M.D. McCALLUM

In the first week's column, we discussed how the walleye could see better in dark conditions than most any other fish. This is due to the fact that the fish's eyes are constructed in such a way as to be light sensitive. Research has shown that walleyes contain only red-green cells in the eyes, which means that they see most everything in shades of red and green. This does not imply that only red or green lures should be used as the condition of the water changes the shade of the lure at different depths. Orange and yellow top the list of preferred colors followed by shades of red, green and blue. Experimentation with these colors will indicate what to use. Keep track of the water clarity and color.

Like the black bass, the walleye also has an extremely sensitive lateral line on the sides of its body to help in locating forage through vibrations caused by movements made by the forage. They also have extremely good hearing and any noise will send them away from the area you are fishing. They are known to have a good sense of smell but is not as

important as the other factors mentioned above.

In murky water a walleye will rely more on lateral line nerves, hearing and smell to locate their prey. In clear water, eyesight is more important.

With the sun high on the water or on a clear day more sunlight penetrates the water driving the fish deeper. When cloud cover moves in the walleye goes shallower usually on the windy side of the lake. Combine this information with color, water clarity, available forage and weather to locate the most likely spot the walleye will prefer.

While luck has a lot to do with getting your stringer filled, limiting the amount of luck needed will improve the number of fish caught on any outing. You can eliminate a large percentage of a lake by simply getting familiar with the walleye's preferred habitat and forage.

Minnnows, nightcrawlers, waterdogs and frogs are good choices in live bait. A walking or sliding weight placed in front of a swivel will keep the weight from sliding down on top of the bait and will also slide forward on a strike thereby reducing the amount of

tension felt by the fish. A fixed weight will increase the pressure and may cause the bait to be quickly rejected, sometimes before you feel the fish.

While fishing outside of the canyon on Conchas a short distance from the north marina, I spotted a man working one small spot of water about 200 yards from the shore. I could not see what he was using, but his presentation was vertical. He was using a bow mounted trolling motor to maintain position and seemed to pretty well stay in one spot.

He boated at least three fish before leaving the area. Total time spent on this spot was probably a little less than an hour. Of course I fired up the bass boat and sped to the spot to check the depth which ranged from 40 to approximately 65 feet. My LCD showed what looked like a large pile of rocks with numerous bait fish.

After I returned to the marina, I spotted the man cleaning a nice catch of walleye none of which seemed to be under two pounds. I never saw him return a fish to the water which would indicate quality fish were caught. Upon closely examining the tackle in his boat I remember seeing several live-bait rigs. Keep your eyes open, observe other anglers and above all, remember the fish's preference in habitat, color and forage.

If you prefer trolling, try to get the bait down as deep as possible. Move along the windy side and use as many rigs as the law allows and you can handle. Since trolling usually produces an instant hook-set, dial your drag down in tension after hooking the fish then ease the boat to stop and play the fish. If

your drag is set properly, you should not break off or lose the walleye. I would strongly recommend that you do not immediately shut down the boat and under no circumstance should you throw the boat in reverse unless you have an extremely high transom or like to bail water.

Before closing, let's discuss the use of personal flotation devices (life jackets). When fishing deep water, especially if you are alone, it just makes plain good sense to wear one. Laying one at your feet or nearby will do you no good at all if you go into the water unexpectedly. Even with a boat partner a floating cushion with a life line attached is necessary unless your partner is willing to go in after you.

I'm sure most of you read the sad story a short while ago about two game wardens drowning after their boat apparently hit a stump and threw them into the water. The article stated that they were not wearing life jackets which is extremely rare with lake officials and wardens. While we do not have many stumps in the water, there are numerous rocks just under the surface in most of our area lakes. The lack of rain has lowered many lake levels thereby increasing your chance to hit a rock. If your boat does not have a depth-finder then you are running blind in the water. Relying on topographical information learned in previous years will not help with low water levels. Inquire at the local marina or ranger station about any new hazards within the lake.

Till next week, keep those lines tight and good luck.

## Fireworks Injuries Involve Children

Sometimes the Fourth of July "bombs bursting in air" are the last things a child's eye will ever see. Last year more than half of all fireworks-related eye injuries happened to children, warns the Texas Society to Prevent Blindness.

Fireworks injuries of all kinds soared 10 percent in 1988, up to a new total of 10,200. Eye injuries in particular tend to be severe. In one study, 40 percent of the reported cases caused permanent eye damage, visual disability or destruction of the eye.

Consumer Product Safety Commission statistics show that in 1988, 45.6 percent of fireworks eye injuries requiring hospital emergency room treatment struck children 5-14 years old. This is a sharp increase from the year before, when the same group accounted for 32.9 percent nationwide. Even very young children were injured. Last year 7.6 percent of fireworks-related eye injuries occurred to tots under the age of 5, up from 6.1 percent from 1987.

Most injuries result from mishandling fireworks. Accidents occur when they are held in the hand, when attempts are made to relight apparent duds or when bending directly over fireworks to ignite them.

While a number of states have banned the private use of fireworks, most still permit Class C devices to be used. This category includes pieces that contain no more than 50 mg of black powder. Bottle rockets, roman candles and sparklers are common examples. Together these have caused the overwhelming majority of serious injuries to the eyes.

The Texas Society to Prevent Blindness warns against the private use of fireworks. Unfortunately, the range of state laws and illicit market make fireworks readily available. If you are going to use fireworks, the following safety rules are recommended:

\*Check local laws regarding use of fireworks. It may be illegal to use fireworks within the city limits, or within the county you live.

\*Never allow children to use fireworks. Even sparklers are dangerous.

\*Fireworks should only be used outdoors in a clear area away from homes, buildings and combustible materials.

\*Be sure others are out of range before lighting fireworks. Many firework injuries occur to innocent bystanders.

\*Never handle or attempt to relight a firework that does not go off. Keep water nearby for emergencies and for dousing malfunctioning fireworks. Drench thoroughly before discarding the dud firework.

\*Never ignite fireworks in a container. Glass and metal containers can easily shatter.

For more information on preventing blindness and preserving sight, call the Amarillo/Panhandle Branch of the Texas Society to Prevent Blindness at

359-4431. The National Center for Sight, an information resource of the National Society to Prevent Blindness, has a toll free number: 1-800-221-3004.

**MR. and MRS. ESTIS BASS....**Estis and Zonah Bass will be honored with a fiftieth wedding anniversary reception Sunday, July 8 from 2-5 p.m. at the Friendship House, 1410 N. Washington, Friona. Hosts for the reception will be their children and spouses, Barbara Bass, Bette and Charles Jones, Charles and Pat Bass and Troy and Karene Bass. They have nine grandchildren and two great-grandchildren. The couple was married in the Methodist Church at Hobart, Oklahoma, June 30, 1940. They moved to Friona in the spring of 1943. No local invitations will be sent, but all friends and relatives are invited to attend.

## DPS Offers Safety Tips For Holiday

Major V.J. Cawthon, Regional Commander of the Texas Department of Public Safety said, "Everyone looks forward to happy holidays, especially the 4th of July; but the sad thing about all holidays is that a number of people will lose their lives in traffic accidents."

He stated that as in years past, the Department of Public Safety will conduct "Operation Motorcade," whereby, all available area troopers will be on the streets and highways attempting to make them a safe place for the Texas traffic to travel.

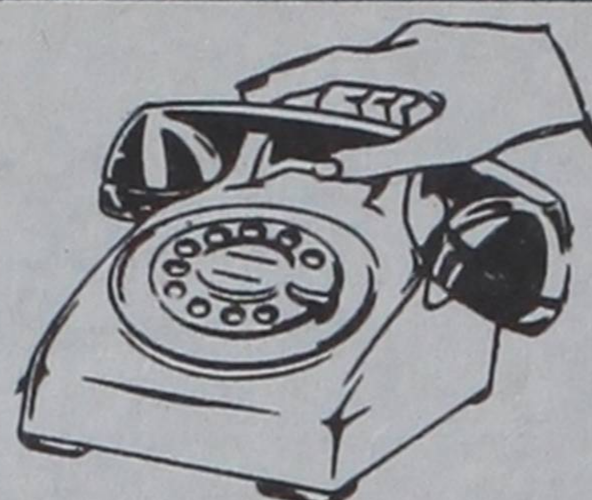

Cawthon stated, "Our troopers will be especially watchful for those hazardous drivers who refuse to slow down, run stop signs, pass

in no passing zones, and who drink and drive."

He encouraged all drivers and passengers to buckle up and to reduce the chances of death or injury in case of an accident. He stated that this practice should go hand in hand with the voluntary compliance of the traffic laws.

"If you, as a motorist, would drive and treat your fellow motorist as you would like to be treated on the roadway, you can help in making this a safe holiday. Remember to slow down and 'Drive Friendly, The Texas Way'," stated Major Cawthon.

Keep in mind to slow down a little and live a lot, "Don't Drink and Drive and Buckle Up" at all times.

## Prairie Acres Party Line

By JANICE STOWERS  
Prairie Acres has had an exciting week this week with our share of activities--even with the heat. Friday, twelve of our residents dared to stay up past their bedtime and had an adventure to City Park to hear the Country Caravan. We felt like this year's show was exceptional. It was even worth the hours of lost sleep to be able to enjoy the lovely entertainment!

We would like to thank Mike Perry from RTC truck line and Lee Romo for the large bag of corn. Fresh produce is always a blessing and our residents had a fun time shucking corn out on the patio.

We would like to thank Anna Mae Thomas for coming and playing the piano for us this week at meal time. We appreciate her devotion and love for the residents here.

We would like to thank Gary and Lori Holcomb for donating a large jigsaw puzzle. We love our new expansion to the front lobby because we have a place to leave puzzles out so anyone can work on them at will. Thank you, Holcombs.

As I wrote previously, we had two sheep dogs in our patio area. Because we have such a limited space, we felt that these animals would be happier with more running space. Our residents have been missing the dogs so much that we will be getting three registered Pit Bull puppies to keep them company during their cute puppy stage. There is nothing like the companionship of a four-legged friend, and we feel that these residents are entitled to every wish that they want, no matter the work or the cost.

The idea of pet therapy originated at a meeting in Austin several years ago with the Texas Department of Health. It was suggested to long-term care facilities throughout the state to initiate such programs for the benefit of the residents. We are happy to be cooperative with the program and we always receive high ratings from the State for our cooperation with their suggestions.

We had a donation to the LOVE Fund made this week in memory of Bill Gibson from Tommie and Joe Mercer.

## "Join The Team" Spot the Hazards!

One of the most important fixtures in the conduction of electric current are those familiar utility poles. These sturdy giants hold the wires high above the ground, out of the reach of children and livestock. Once in a great while, however, weather conditions or accidents will dislodge or break one of these poles, causing the wires to sag or break, and resulting in extremely hazardous conditions. Should you come across a damaged or fallen utility pole, contact Deaf Smith Electric Cooperative immediately. Crews will be dispatched at once to correct the situation. If possible, remain on the scene to warn others of the hazard until repair crews arrive. Responsible Electric Accident Control Today is everyone's concern.

A public service message by:

**MR. and MRS. JEAN K. ANTHONY....** Jean K. and Ora Mae Anthony will observe their fiftieth wedding anniversary, Sunday, July 8 with a reception at Friendship House in Friona from 2-5 p.m. Hosting the reception will be their son and daughter-in-law, Darrell and Sharon Anthony of Amarillo, and a niece and her husband, Jean and Bob Curry of Spencer, Oklahoma. The couple was married July 20, 1940 at Hobart, Oklahoma. They have lived in Friona 45 years. The couple has three grandchildren. Friends and relatives of the couple are invited to attend, as no local invitations will be sent.

## Heart Association Honors Volunteers

A dozen volunteers from the Parmer County division of the AHA attended the final meeting of the fiscal year on May 14 at the home of John and Evelyn Mars.

The group enjoyed a cook-out prepared and served by the executive board and their able assistants.

Debbie Wright of the regional American Heart Assn. headquarters in Amarillo was welcomed by president Leland Hart.

Mrs. Wright commended those present and gave a recap of the activities in this division.

Hart presented pins and plaques

to a number of volunteers, including Anita and Eddie Hall, June Rhodes, June Floyd, Virgil Ichtertz and John Blackwell.

Hart said, "I couldn't have asked for a greater group of people to work with since I became a part of this AHA chapter."

He turned over the presidential duties to John Mars. Vice president is Homer Lindeman, and secretary-treasurer is Frankie Lindeman. The new officers were elected at the group's March meeting, and their terms start in July.

## Harrington Center Receives Grants

Allen Edmundson, Ph.D., director of the x-ray crystallography lab of Harrington Cancer Center's new Research Institute, got good news recently in the form of funds to complete this grant year in the new lab plus funding for next year and additional funding for the five years following that.

Edmundson's grants, called M.E.R.I.T. awards, are given by the National Institutes of Health and only the top one per cent of scientists in the U.S. receive this funding. M.E.R.I.T. (Method to Extend Research in Time) status gives Edmundson uninterrupted financial support and frees him from time-consuming paper work involved in traditional grant renewal applications so he can devote his efforts to research. M.E.R.I.T. status is not applied for but rather awarded to researchers in recognition for their consistent commitment to excellence demonstrated in previous research.

Edmundson says he received the first M.E.R.I.T. award given in 1986 from the National Cancer Institute of the National Institutes of Health to the intermountain west region during his years at the University of Utah. He was also one of the first awardees when the NIH program began. Edmundson's award marks the first time Harrington Cancer Center has received a NIH grant.

Among the research Edmundson and his team will pursue include correlating the structure and function of antibodies. "We'll continue our studies of multiple myeloma (multiple tumors of the blood), arthritis and lupus erythematousus," says Edmundson from his desk in the new lab.

The award gives Edmundson \$144,000 to finish this grant year. An additional \$340,000 has been awarded for next year with \$230,000 of that designated for direct use. His M.E.R.I.T. award has also been approved to be extended from July 1, 1991 to June 30, 1996 for approximately \$1-2 million.

**ALLEN EDMUNDSON**

Edmundson earned his Ph.D. from Rockefeller University while working with Nobel Laureates S. Moore and W.H. Stein. He did his post-doctoral work with Sir John Kendrew, Nobel Laureate, in the Laboratory of Molecular Biology in Cambridge, England.

Recruiting local researchers is one of the methods Edmundson uses to make Amarillo a recognized scientific hub nationally and world-wide. Top science students from Texas Tech, WTSU and other area schools have the opportunity to be research assistants in the x-ray crystallography lab.

To schedule tours through the new lab and through the Harrington Cancer Center, call (806) 359-4673. For more information about Harrington Cancer Center's programs and services, call 1-800-274-HOPE.

—CHIROPRACTOR—

### WORKER'S COMP COVERS

For injuries which are job-related, Worker's Compensation will compensate the patient. This applies to chiropractic treatment as well as other types of health care. In fact, because of the savings in both time lost and costs, insurance companies are very favorably disposed to chiropractic treatment of injuries.

What kind of savings? Well, for every day a worker is off the job because of a job-related injury, it costs Worker's Comp, the company, and the individual money. Anything which can reduce the amount of time lost is a

money-saver, and, over the years, chiropractic treatment has proven itself extremely effective in returning workers to full activity after certain types of injuries.

Of course savings in money may not be your primary interest, but it should be in your interest to be returned to full and vigorous health in the shortest possible time, and with the least chance of complications.

*Facts About The* **BIBLE** *BY JOHN LEHTI*

"LET'S GO HUNTING!"

IN TODAY'S LANGUAGE THAT PHRASE BRINGS TO MIND A PLEASANT DAY IN THE FIELDS WITH A GOOD DOG, THE TAKING OF A PHEASANT OR TWO—FINE SPORT! NOT SO, IN BIBLICAL TIMES! TOO OFTEN IT WAS A CALL TO THE UNPLEASANT DUTY OF RIDDING THE COUNTRYSIDE OF SOME BEAST OF PREY—USUALLY THE FEROCIOUS LION! THE BOOKS OF THE BIBLE CONTAIN MANY REFERENCES TO THE LION AND, ALTHOUGH HARDLY A ONE CAN BE FOUND TODAY IN WHAT IS TERMED THE BIBLE LANDS, THE AREA ABOUNDED WITH THEM IN THOSE TIMES.

ANCIENT WRITINGS, PAINTINGS, AND SCULPTURE, HAVE REVEALED MANY RECORDS OF LION HUNTS. THE PLENTITUDE OF YOUNG KIDS, LAMBS, ELDERLY PEOPLE, AND SMALL CHILDREN, ALL EASY PREY, ATTRACTED THESE BEASTS AND, WHEN THEIR DEPREDATIONS BECAME TOO NUMEROUS, A LION HUNT WAS ORGANIZED TO WIPE THEM OUT, OR AT LEAST DRIVE THEM OUT OF THE AREA.

THIS DUTY USUALLY FELL TO ROYALTY AND THE UPPER CLASSES BECAUSE THEY HAD HORSES AND CHARIOTS AND PLENTY OF SOLDIERS OR SERVANTS WHO WERE EXPERT WITH BOW AND ARROW. ALTHOUGH HORSE RACING HAS BEEN CALLED "THE SPORT OF KINGS," YOU MAY BE SURE THAT LION HUNTING EARNED THIS TITLE LONG BEFORE—EXCEPT, UNFORTUNATELY AT TIMES, IT WAS FAR FROM WHAT WE TODAY WOULD CALL SPORT!

Sixth flight: 1. Terry and Charlotte Fields 151; 2. David and Michelle Hoblit 155; 3. Jerry and Joyce Loflin 151.

## Firemen Issue Caution

The Friona Volunteer Fire Department urges residents of Friona to use caution in regard to fireworks during the Fourth of July period.

The Department said that the current conditions are drier than we've ever been used to, and is a critical fire-hazard stage existing throughout the area.

"We're not trying to put a damper on anyone's celebration, we're just stating facts," said a spokesman for the department.

## Boy Born To Rick Sharpes

Rick and Becky Sharpe of Hannibal, Missouri are the parents of a baby boy born Sunday, June 3.

The baby weighed eight pounds, fourteen ounces and was twenty-two inches long. He has been named Ryan Lance.

The new arrival has an older brother, Randy, 3½ years old.

Grandparents are Jimmy and Nancy Norwood of Friona, Richard Sharpe of Atlanta, Georgia and Mary Sharpe of Hannibal, Missouri.

Great-grandparents are Madge Crow of Friona, Dora Norwood of Friona, Agnes Litchfield of Knox City, Missouri and Alta Sharpe of Monroe City, Missouri.

## Clinic Set For Area Youngsters

A two-day "On Your Own" clinic and babysitting workshop will be held Tuesday and Wednesday, July 10 and 11 at the Friona High School Homemaking Room from 9:30 a.m.-3 p.m. daily. The workshop is for all children in the Friona area.

The first day of the clinic will focus on how to care for yourself when you are on your own. Topics will include what to do in an emergency, CPR and fire safety. Also, Mary Blinderman of Southwestern Public Service will conduct a Kid's Cooking School at 11 a.m. on July 10.

The topic of the second day of the clinic is babysitting. Children will learn child safety, how to care for young children, how to set fees, how to interact with parents and entertainment for children.

Each day the children should bring a sack lunch.

Please call the SPS office in Friona at 247-2221 or Rochelle White at the County Extension Office in Farwell at 481-3619 for reservations.

The Educational Advisory Council of the Home Economics Committee and the Parmer County Extension Service are sponsoring these workshops.

## It's A Boy For Couple

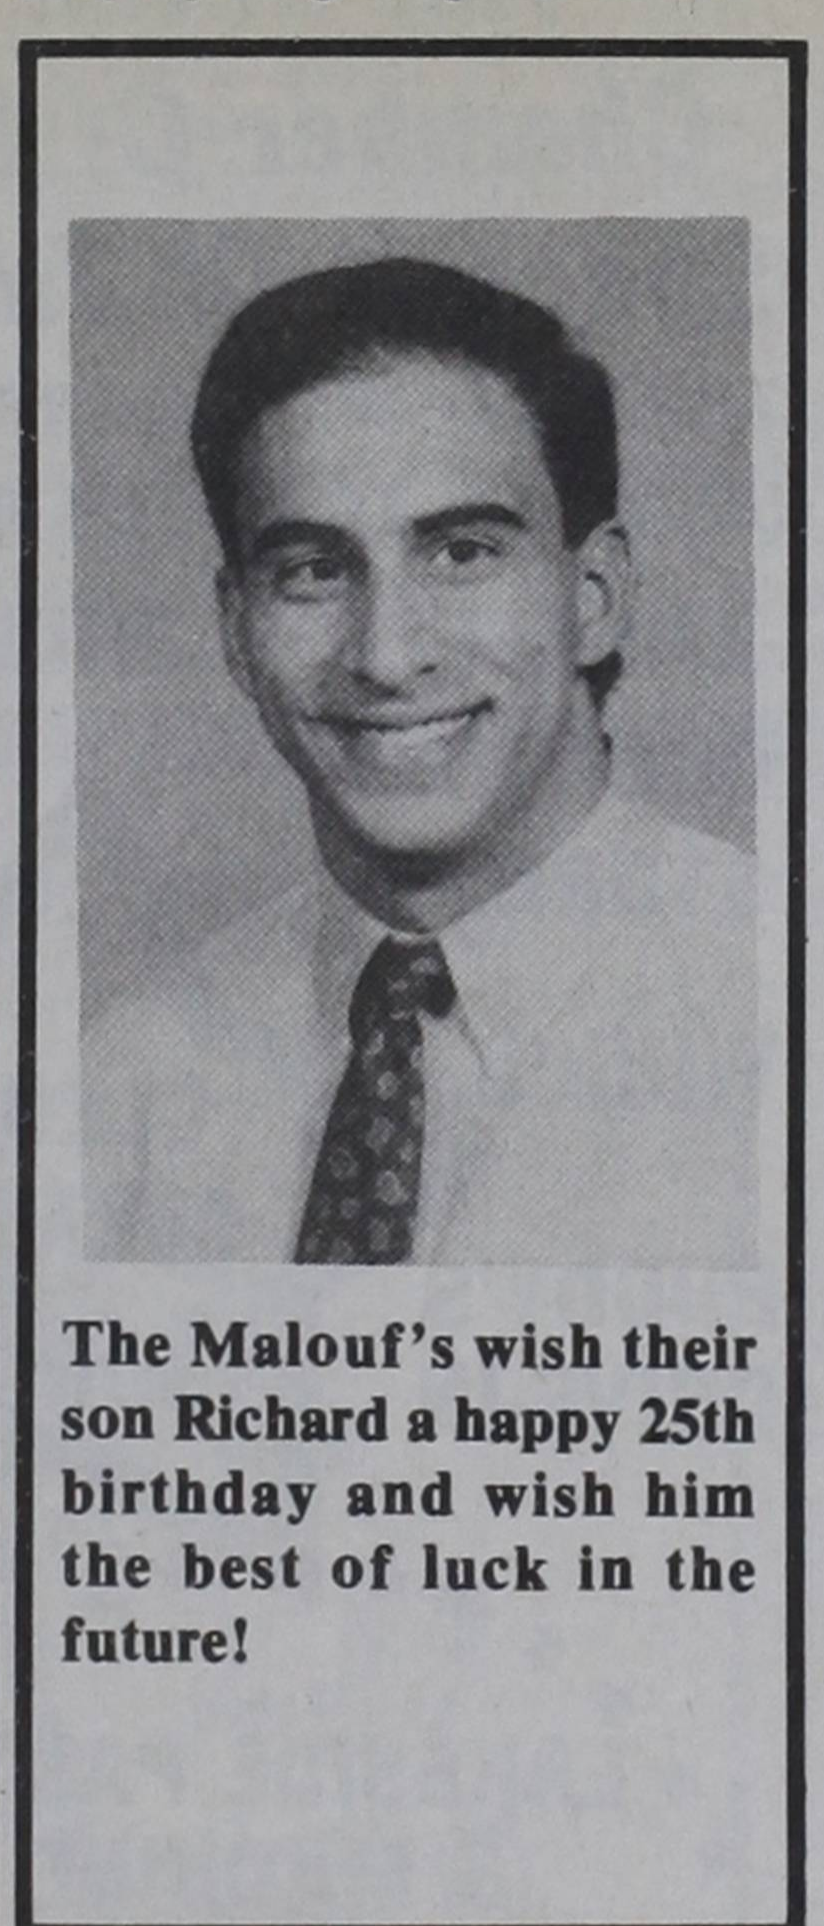

Mr. and Mrs. Derek Price Griffin of Heflin, Alabama, are announcing the arrival of a baby boy, D'Kota Chance, on Wednesday, June 6.

The new infant weighed six pounds, eight ounces and was 19½ inches long.

Grandparents are George P. Griffin of Delta, Alabama, Betty S. Griffin of Ashland, Alabama and Charles and Betty Jones of Ashland, Alabama.

Great-grandparents are Worth and Buella Dunaway of Craigford, Alabama, Eva Griffin of Lineville, Alabama, Estis and Zonah Bass of Friona and Lillian Jones of Friona.

Anna Anthony of Friona is the baby's great-great-grandmother.

**LEA ANN EDWARDS and TIMOTHY GLENN LUST ....Mr. and Mrs. Tommy Edwards of Dalhart, formerly of Friona, are announcing the engagement and approaching marriage of their daughter, LeAnn, to Timothy Harold Lust, son of Mr. and Mrs. Glenn Lust of Lazbuddie. The bride-elect graduated from Spur High School and is now attending Angelo State University, San Angelo. The prospective bridegroom graduated from Lazbuddie High School and is also attending Angelo State University. The couple will be married Sunday, August 5 at 6 p.m. at the Central United Methodist Church, Dalhart.**

## Library Contests Winners Named

Winners of the various summer contests sponsored by the Friona Public Library were announced this week.

In the bookmark drawing contest, the two top winners were Sarah Hendley, eight, daughter of Ab and Deb Hendley and Abel Camarillo, 11, son of Rosalio and Alicia Camarillo.

Other first place winners were:

Coloring: Monica Santellana, five, daughter of Joe and Dianna Santellana; Amber Wyly, seven, daughter of Gerall and Mary Beth Wyly; Kayla Wyly, eight, daughter of Criss and Karen Wyly; and Shannon Gregory, 14, son of Steve and Debbie Gregory. Sarah Hendley also won first place in the writing contest.

Final results were--bookmark, eight and under: 1. Sarah Hendley; 2. Jamie Escobedo, seven; 3. Jamie Slagle, seven; 4. Kayla Wyly, eight; 5. Jason Jesko, seven; 6. Tania Hand, seven; nine years and up: 1. Abel Camarillo, 11; 2. Shannon Gregory, 14; 3. Colby Patterson, nine; 4. Tony Williams, ten; 5. Carrie Cox, nine; 6. Casie Escobedo. Pat Scott, elementary art instructor, served as judge in this year's contest.

Coloring contest results were--five years and under: 1. Monica Santellana, five; 2. Kristin Butman, three; 3. Courtney Baxter, five; 4. Cindy Moss, five;

5. Holley Hand, five; 6. Brock Field, four; ages six and seven: 1. Amber Wyly, seven; 2. J'Lond Jarecki, seven; 3. Dusty Clark, six; 4. Chance Butman, six; 5. Victor Espino, six; 6. Tania Hand, seven; ages eight and nine: 1. Kayla Wyly, eight; 2. Casie Escobedo, nine; 3. Sarah Hendley, eight; 4. J.D. Aronco, eight; 5. Jamille Hand, eight; 6. Gaines Butman, eight; ages 10 and up: 1. Shannon Gregory, 14; 2. Lucy Aronco, 11; 3. Brandi Gregory, 11; 4. Holly Jack, 12; 5. Elizabeth Arellano, ten; 6. Tony Williams, ten. Local artist, Vuthill Loafman, served as judge in the coloring contest this year.

Anne Spring, local mystery enthusiast, served as judge in the mystery writing contest for 1990. Winners were named as follows: 1. Sarah Hendley, eight, "Captain Snook"; 2. Ericka Godoy, 11, "Who Is Bigfoot and Where Did He Come From?"; 3. Kayla Wyly, eight, "The Money Pit"; 4. Fabiola Godoy, nine, "Bigfoot"; 5. Tania Hand, seven, "The Mystery for the Cat"; 6. Jason Slagle, ten, "Flying Fish"; honorable mention--David Rutiaga, nine, "Ice Cream Sundae."

Winning entries will be on display at the Library through July 15. The librarians wish to thank all participants and judges for a great contest.

## Community Calendar

**The Friona Independent School District Board of Trustees will meet in its regular monthly meeting at 7:30 P.M. on Thursday, July 5, 1990 in the Board Room of the Friona I.S.D. Administrative Offices, 911 East 11th Street, Friona, Texas, 79035.**

The agenda for this meeting is:

1. Approve minutes of last meetings.
2. Hear from any patrons who might want to address the Board at this time.
3. Consider adding baseball to the athletic program at Friona High School for the 1990-1991 school year.
4. Elect a voting delegate to TASA-TASB Convention.
5. Personnel report by the Superintendent.
6. Receive the tax collection report for June.
7. Consider adoption of TASB Policy Update 36 that incorporates the most recent State Board of Education rules.
8. Report on School funds:
 

A. Snack Bar	C. Supt. Activity
B. Cafeteria	D. Local Maintenance
9. Consider any budget amendments that might be necessary at this time.
10. Pay June bills.
11. Re-schedule annual planning session.
12. Work session on 1990-91 budget.

## Artists Re-Elect Officers

The Friona Amateur Artists Association met recently and re-elected the same slate of officers from last year. These include: Bobby Wied, president; Wilda Millican, vice president; Judy Cummings, secretary-treasurer and Carol Ellis, reporter.

Two new members have joined the group. They are Rita Beene and Joy Morton.

At the recent meeting there was a discussion regarding a regional art show to be held at Maize Days.

An art workshop to be conducted by Bobby Wied has been scheduled for July 16 through July 20. Be watching for more details on these events in the future.

**RENA BURNETT and MATT DAVIS...** Leroy and Betty Burnett of Friona and Roger and Valeria Davis of Dimmitt announce the engagement and approaching marriage of their children, Rena and Matt. The couple will exchange wedding vows Friday, August 17 at 7 p.m. in the First Baptist Church, Dimmitt. The bride-elect is a 1988 graduate of Friona High School and is currently employed by the Texas Corn Producers Board. The prospective bridegroom is a 1986 graduate of Dimmitt High School and is engaged in farming. The couple will make their home in Dimmitt. All friends and relatives are invited to attend the ceremony.

## Homes Sought For Exchange Students

Host families are being sought for high school exchange students from Sweden, Norway, Denmark, Finland, Holland, Austria, Switzerland, Germany, Spain, Portugal, France, Italy, Brazil, Ecuador, New Zealand, Australia, Japan, Thailand and Yugoslavia for the school year 1990-91 in a program sponsored by the American Intercultural Student Exchange (AISE).

The students, ages 15-17, will arrive in the United States in August, 1990, attend a local high school and return to their home countries in June, 1991. The students, all fluent in English, have been screened by their school

representatives in their home countries and have spending money and medical insurance.

Host families may deduct \$50.00 per month for income tax purposes.

AISE is also seeking American high school students, ages 15-17, who would like to spend a high school year in Sweden, Norway, Denmark, Germany, Switzerland, France, Spain, New Zealand or Australia or participate in a five week summer host family stay throughout Western Europe.

Families interested in either program should call toll free, 1-800-SIBLING.

### The Legal List Is Alive and Well

In 1973 the U.S. District Court of the District of Columbia repealed what had become known as "Rule 23." This rule had been established in 1937 and was essentially a list of investment criteria to be used in selecting and screening securities.

To appreciate the significance of Rule 23 and the Legal List it established, one must first understand why it was created and what it did for investors.

The story of Rule 23 and the Legal List actually began in the Depression years of the early 1930s. The excesses of speculative investing were being felt by both individuals and institutions. As a result, courts across the country were forced to take action in an effort to protect future beneficiaries of trusts and estates.

In 1937 the U.S. District Court in the District of Columbia, with the guidance of Standard & Poor's Corp., established a Legal List of investments suitable for trust funds.

At first the list consisted primarily of ultra-conservative, public-utility debt obligations. However, an astute attorney, Bernard J. Nees, was able to find certain railroad bonds that met the restrictive criteria while yielding more than 10 percent and selling for less than 50 cents on the dollar. It was a matter of finding bargains without sacrificing quality.

In 1947 the same U.S. District Court revised Rule 23 to allow up to 40 percent of an estate or trust to be invested in equities from a new and expanded Legal List.

Nees, who continued to use the list when representing his clients, believed the strict criteria, now reasonably expanded, could be successfully applied to professional management of a mutual fund. In 1952 he joined one of the nation's oldest and most-respected research and management companies to offer, for the first time, shares of a unique fund.

By 1973 the lessons of the Great Depression were remembered only in history books. Many trustees and fiduciaries appealed to the courts to abolish the Legal List, thereby removing the harsh restrictions and allowing greater flexibility in an effort to become more competitive in managing money. Ultimately, Rule 23 was repealed and replaced by the "Prudent Man" rule, which holds fiduciaries and trustees responsible to act with "care, skill, prudence, and diligence."

It may well be a good idea, however, to remember some of the more specific, rigorous standards that served as the criteria for the Legal List. Here is a sample:

\*The ratio of current assets to current liabilities for most industrial companies must be at least 1.5 to 1, or their bonds must

be rated at least A- or A3.

\*Banks, insurance companies and other financial institutions must have capital funds (stock plus retained earnings and surplus) of at least \$100 million.

\*All securities must have paid a dividend in, at least, nine of the past 10 years.

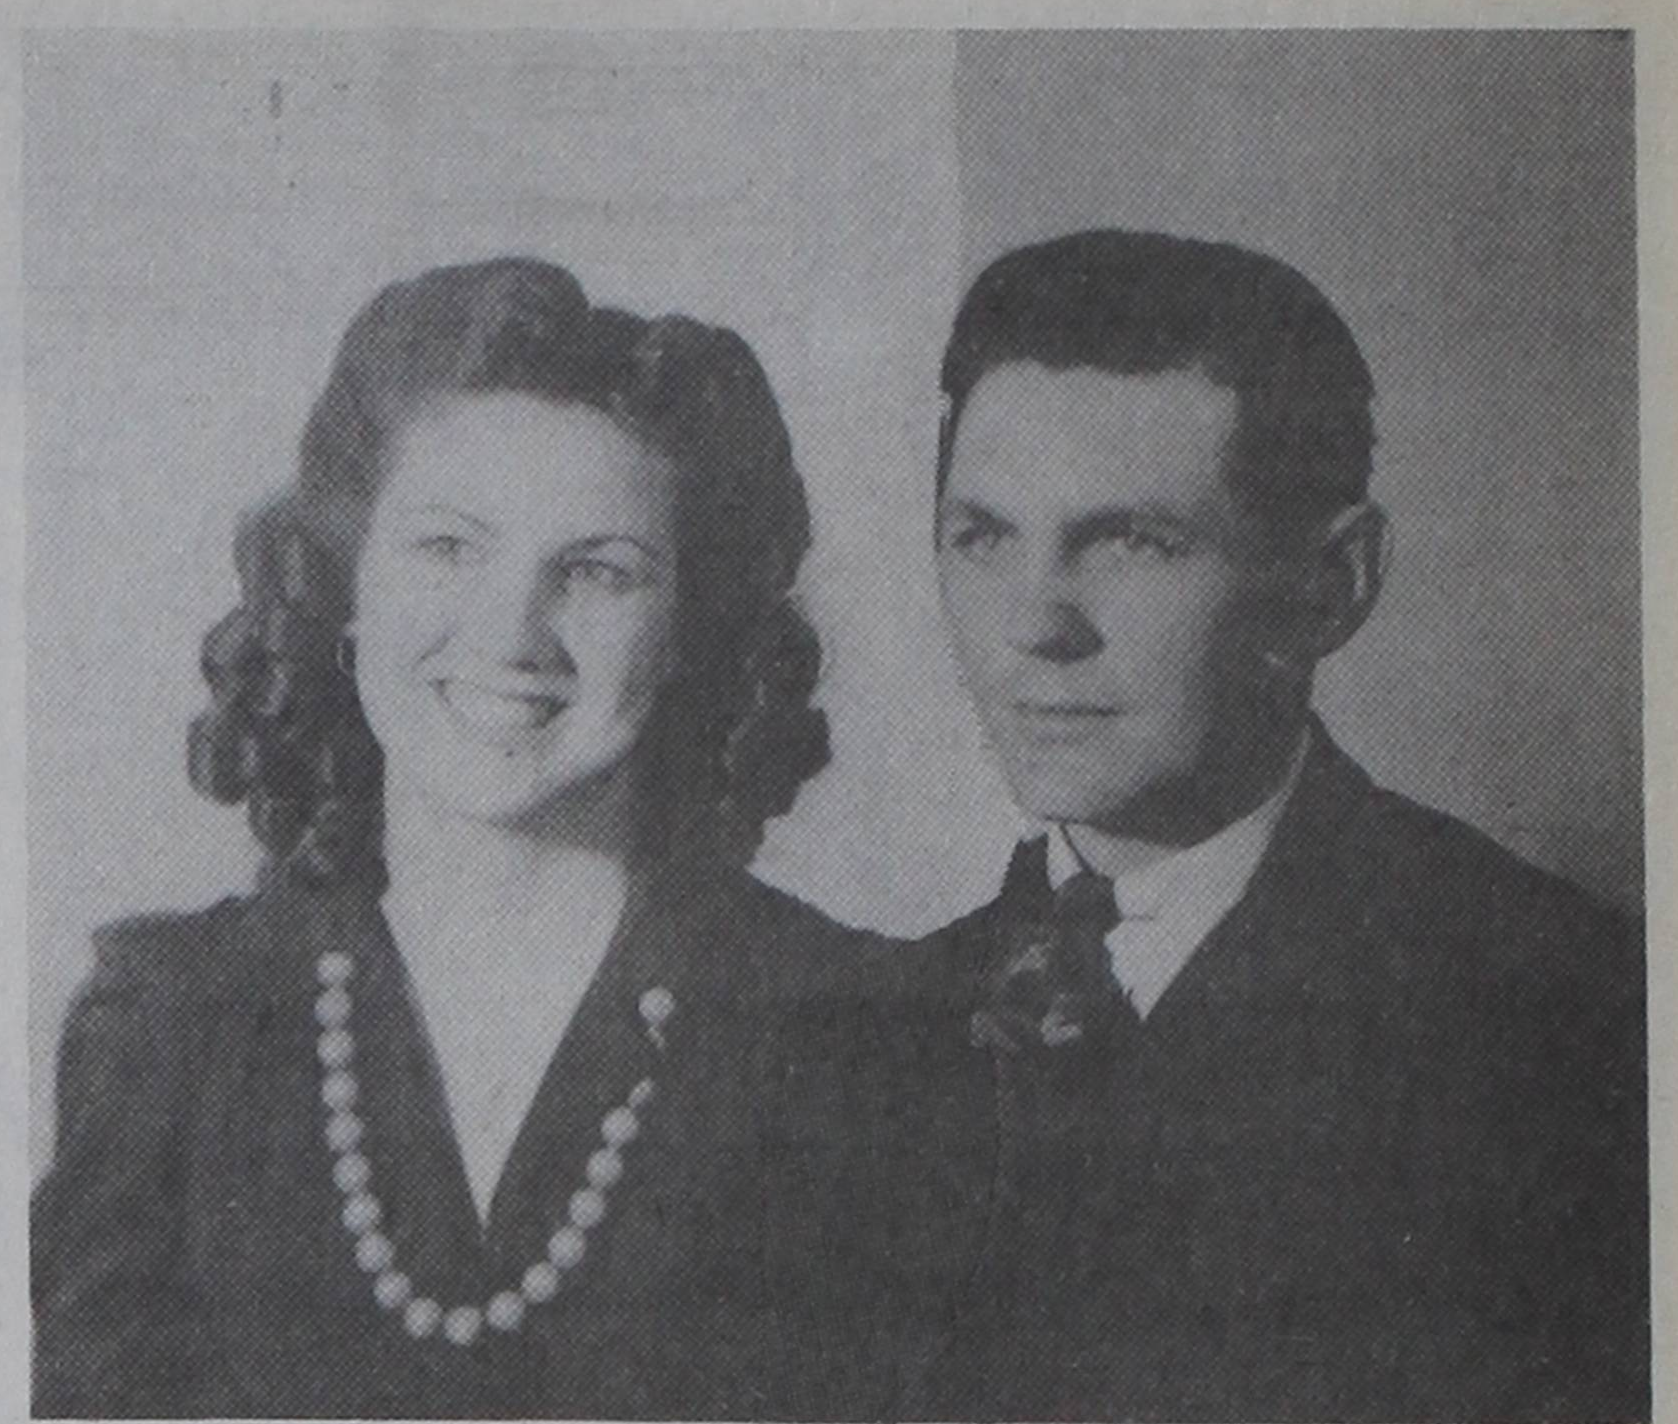

\*All securities must have earned more than they paid in dividends in at least four of the past five years.

\*All companies must be listed on the New York, American, Midwest, or Philadelphia Stock Exchanges.

\*All companies must meet specific criteria for return on capital for their common stocks to qualify for the portfolio.

Time has demonstrated that Nees' philosophy of finding value in quality issues by adhering to rigid criteria not only protects investors in bad times, but also wears well in good times.

Although Rule 23 is gone, the Legal List criteria are alive and well.

**MR. and MRS. JOHNNY W. HAND....** Jonnie Williams of Ft. Worth, Texas and Wessie Weatherley of Friona announce the fiftieth wedding anniversary of their parents, Johnny W. and Elthie Hand of Friona. The couple was married in Clovis, New Mexico on July 2, 1940. In 1943, they purchased the "old Boren" place approximately eight miles southeast of Friona in the Lakeview community. They have made this their home their entire married life. They had three daughters, Jonnie Morene, Weslie Marlene and Jenny Lee (deceased, 1950). The couple also has three granddaughters and one grandson: Kellijon Nance of Dublin, Heidi Johnson of Ft. Worth, Ashlee Gee and Dustee Gee of Friona; and one great-grandson, Karson Nance of Dublin.

## Happy Birthday Friona Folks....

**WEEK OF JULY 1-7**  
Friona residents having birthdays next week are:

**July 1--** Geneva Williams, Richie Malouf, Karen Wied, Mae Magness, Ruth Terry, Gregg Nichols.

ROBERT KECK

## R. Keck Graduates At Hartley

Robert Keck, son of Eva Gay Keck of Hartley and Royce Keck of Levelland, graduated from Hartley High School on June 3.

He was named the salutatorian of his graduating class, having achieved a grade average of 92.22.

Keck, an Eagle Scout, was named the DAR Good Citizen for Hartley in 1990. Other high school honors have included being a member of the National Honor Society, was on the "A" honor roll, was active in varsity basketball and tennis, was named all-district in basketball this past year and received the Athletic Academic Achievement Award for maintaining high grades while actively participating in athletics.

He has also taken part in UIL one-act play competition and the UIL science district contest.

He plans to attend Texas Tech University in Lubbock, where he will pursue an engineering degree.

Frionans traveling to Hartley for Robert's graduation were Mr. and Mrs. Herman Nibert, Mr. and Mrs. Owen Drake, Wes and Misty, Trell Taylor and Jeremiah Norwood.

Let's have a rain dance on Main Street and see if we can get some rain to fall our way!!! I can't remember when it has been so dry and hot for so long. Oh, yes in the "dirty thirties" it never rained and we nearly blew away or got covered up in sand.

If you can remember those days, you are an old timer and a senior citizen. What memories, but hopefully our turn for a good refreshing rain will be soon.

Reports are that water consumption totals for our city have been heavy and draining on our water system. Water wisely and conserve our supply. We never miss the water until the pressure gets so low that your sprinkler, dishwasher, washing machine or bath water will not run. It can happen—conserve it.

Ralph and Waneta Taylor spent the weekend at Carlsbad, New Mexico with Waneta's sister, Margie McCarty. They enjoyed their visit but also reported that it was hot there, also.

Mary Ford and Melody Drake escorted five young ladies to Six Flags in the Dallas-Fort Worth area. They reported that the weather was not as hot there as it was when they returned home. In fact, they enjoyed a rain and missed the Wet and Wild part because of the rain, which they enjoyed.

Those making the trip along with Mary and Melody were Lee Ann Ford, Misty Drake, Darla Procter, Misty Renner and Jodi Looper. A good time was had by all.

Charlie and Lou Morrison went to Marble Falls to visit their daughter and family, Marie and Robert Saiz, Charlie and Phillip. They brought the grandsons back with them and they are enjoying them. They will be going back home the first of July.

Clytie Black is a surgical patient at Deaf Smith General Hospital and reports are that the second surgery was a success and we hope that Clytie will be back among us soon.

Ruth Drager, Elizabeth Kaltwasser and Martha Schueler attended the Lutheran Missionary League for Women at Austin for

three days. Ruth said this was truly a great experience and then she went on to Giddings for a Durrenberger family reunion. This is Ruth's side of the family tree.

This is always a good time for anyone to meet with kith and kin and recall old times and meet the new family members!

Tommy and Wanda Jones are anticipating a visit with their daughter, Marilyn Harkey and granddaughters. Her husband, Deon Harkey, is on Naval duty overseas and it was a convenient time for Marilyn to come back home.

Ruth Schwab Renner met her son, Randy and Kathy Schwab, at Oklahoma City for a visit and to meet her latest grandson. Randy and Kathy Schwab live at West Fork, Arkansas and they met in Oklahoma City for the visit. Randy is engaged in the woodworking business in West Fork, Arkansas and Ruth has some of Randy's handiwork in her home.

Clyde Renner, her husband, was engaged in wheat harvest and could not go with Ruth, but she had a safe trip anyway. Maybe next time, Clyde.

J.P. and Jonell Sims flew to Austin to attend a district commander's training course for the American Legion. J.P. will be the 18th District Commander for the next two years.

Roy and Eva Miller attended the class reunion of 1930 for Nennekak, Oklahoma last weekend. Eva reported that five members of the class attended and she thought that was a pretty good record since the class was not very big to start with. Eva's twin sister, Eileen Miller, went with them to the reunion. She also was a member of this class, and after her college work returned to Nennekak to teach for several years. They visited with Eileen's granddaughter at Chickasha, Oklahoma and visited their side of the family's cemeteries. They were pleased to find the property well cared for.

Don't you like surprises? Maybe not if you are on the receiving side but to plan one and have it to be a total success is fun. Mike Roberts and Pat Roberts Shirley did just

# Town Talk

By Geneva Williams

Call 247-3249 With Your News Item

this for their parents' 40th wedding anniversary in Abilene on June 16.

Richard, Pat and boys came from Houston. Jean said they thought this would just be a quiet time with Mike and Pat and family but it turned out that the whole family tree was present.

Porter's sister, Norma Jean Chisom, and her daughter, Becky and family, were there and Jean's sister, Eva and Lawrence Jackson from Lamesa with two of their grandchildren and one great-grandchild.

Noel and Louise Tugwell, Jean's brother from Ben Wheeler, Texas, and their daughter and husband, Carolyn and Harry Boyer from Justin, also attended.

Jean, I hope that I have reported this correctly, but if not, you will know that the rest of us share your forty years with Porter and wish you both many more happy wedding anniversaries!

The Foreign Language Club of Friona High School has been a busy group of young people this year. They have been raising money to make a trip to Six Flags and they fulfilled their dream the first part of this week.

About thirty of these students and their sponsors, Tara Wales, Antonia Salaz and Terry and Peggy Wilkerson, and their faithful bus driver and friend, Raymond Delgado, boarded the school bus at 7 a.m., drove to Amarillo, had breakfast at McDonald's and then to the airport in Amarillo.

They flew Delta Airlines to the DFW airport. They took a shuttle bus from there to Six Flags and spent nine hours of fun there.

Then they boarded Delta back to Amarillo at 10:30 p.m., arriving in Amarillo at 11:30 p.m.

The trip back to Friona must have been long but with all the fun these young people had I am sure they did not mind it. This was the first time for a lot of these students

to see Six Flags as well as for Raymond Delgado who had fun, too.

This is another example of the fact that not all of our young people are on the "wrong side of life," but that we have the majority of young people who enjoy doing good things and working for their space in life.

Good sponsors and good parents make trips like this a real success story and hopefully will inspire other school groups to do something like this. We are proud of you and your sponsors.

July 4 Funfest will be next week. Hopefully our heat wave will be broken, but if not, surely we can stand a little more heat so let's all support Funfest. It takes a lot of work and effort to put this program together and the participating clubs and organizations are to be commended for their efforts.

Buddy and Betty Wiseman have a good reason to be proud of their grandson, Heath Proctor, son of Mike and Cynthia Wiseman Proctor. Heath is a member of Folley's All-Star Band and has been for three years. This band is made up of high school students from Texas, Oklahoma and Arizona.

They stay real busy marching in different parades and different type functions. Heath plays the trumpet. On June 16, they were in

Chicago to march in the parade to "Just Say No To Drugs." This was at the National Mayor's Conference and the Mayor of Houston, Kathy Whitmire, is president of this organization.

When Mayor Whitmire arrived in Chicago, eight of the trumpet players of the band played the fanfare for her. Only the brass and percussion section of the band were in Chicago, Thanksgiving Day, November, 1989 when they played at halftime in the Cotton Bowl and January, 1990, they played for the Houston Livestock Show and Rodeo.

Heath is also a member of the Whataburger Band and they will be starring at the All Star High School football game in the Astrodome, Houston on July 31. Just another example of the good that our young people can and do perform and yet they never get the headlines that the trouble makers get from the news media. Keep up the good work, Heath.

Call June Floyd next week for your Town Talk items. We enjoy hearing from you.
