

"MY TURN"

By Carol Ellis

IT'S AN IDEA whose time has come...shut down the government for a few days and see what happens.

If it were shut down, politicians wouldn't be riding around Washington in those gas-guzzling stretch limos for a few days. The legal aid people wouldn't be able to abuse the system by tying up the courts in useless litigation for awhile.

The Post Office wouldn't be delivering the mail, so you wouldn't be receiving all those solicitations for campaign contributions from candidates for public office.

Those examples, alone, should save enough of the taxpayers' dollars to balance the budget for quite awhile.

It is a sad commentary that we, today, do not hold our public officials in as high regard as we did some thirty or forty years ago. Probably television is to blame for the fact that we now vote on personalities and how well they come across, rather than voting on what the candidates stand for.

Who knows what they stand for, anyway? They spend all their campaign funds to discuss the transgressions of their opponents instead of addressing the issues. Then large numbers of uninformed people go to the polls and vote on candidates that they know nothing about. Is it any wonder that our government is to the point of having to shut down for awhile?

When it comes to honesty in government, I don't think there is any. If we cleaned all the crooks out of the state and federal government offices, there wouldn't be anybody left to run the country.

A recent poll showed that our young voters under the age of thirty know very little about what is going on around them, with a mere 24 per cent reading newspapers and 41 per cent watching news programs on television. This is a significant drop from a similar poll which was taken 25 years ago when 67 per cent of young people of that age group read the papers and 52 per cent watched the news.

If such a poll were to be made on older voters, it would most likely reveal some embarrassing statistics, also. We might discover that more of our age group is involved in reading romance novels and watching professional sporting events on television instead of studying the candidates and issues prior to voting day.

I don't think polls are very much more reliable than politicians. Who knows what segment of people or how many of them were involved in the polling process? It may be that such polls can be slanted to agree or disagree with just about anything, just like a candidate trying to get elected.

Frankly, I've been rather impressed with the amount of study our high school and college age kids have had on the issues which concern us in the world. They seem to care a lot more about public problems today than kids did when I was in school about a hundred years ago.

Here's some food for thought in regard to the upcoming election. Bill's cousin Alexander Ellis, who has been a voter over in Collin County for about 75 years, once said, "A liberal politician is a person who has about forty million dollars and thinks anyone who has ten dollars in his pocket ought to give at least seven of it to somebody else. A conservative, on the other hand, believes in every man for himself, but if you can grab onto some of that which the liberals are passing out, it's okay."

I took one of those unsubstantiated polls around town on the candidates who are seeking election and most folks here were of the opinion that they should write in at the bottom of their voting ballots, "None of the above."

NEW POSITION...Terri Outland has assumed duties as the new executive vice president of the Friona Chamber of Commerce and Agriculture, replacing Kathryn Goddard, who resigned her position. Terri is a native of the Friona area.

Medicare Seminar Set For "Seniors"

A seminar on Medicare 1990 and also on the Medicare changes for 1991 will be held in Friona on Tuesday, October 16 at the Senior Citizens Friendship House from 12:45 p.m.

Speaker for the seminar will be Van E. Dryden, LUTCF, a Medicare and Medicare Supplement instructor for several colleges and professional organizations. Dryden is also widely known for his educational seminars for the seniors.

Topics to be addressed in this seminar include: Medicare 1990; Law Changes Effecting Medicare 1991; DRG Structure and How It Effects Rural Friona & Parmer County; Medicare Supplements; How to Read Your Medicare Supplement; What to Shop for in a

Supplement; Traps and Loopholes; How to Do a Supplement Comparison; Understanding Your "Explanation of Medicare Benefits" Claim Forms; and Assignment vs Non-Assignment.

Dryden will also be able to help the seniors obtain free consumer information and consumer protection books on these various subjects.

Understanding the Medicare system and these up and coming law changes, could make the difference between "welfare" and "financial independence" for our seniors.

All persons interested in any of these topics are invited to attend.

"Bring your covered dish and come for lunch," says a spokesperson for the group.

Jr. High Sets Event

Friona Junior High School Library is sponsoring a pumpkin decorating contest for any sixth, seventh or eighth grader who would like to enter.

The rules are as follows:

1. The theme of the pumpkin is "my favorite storybook character."
2. Pumpkins are to be painted or done with markers, not carved. Acrylic paints or permanent markers work best. Water colors tend to run. Yarn, construction paper, pipe cleaners, etc. may be used to decorate the pumpkin. Paste or glue may also be used.
3. Carved pumpkins will not be accepted in the contest.
4. There may be only one entry per student, clearly identified with two cards: (a) one card with the student's name; (b) one with the

name of the storybook character it represents.

5. All entries are due by 9 a.m. Wednesday, October 17. They may be turned in to the library. No late entries will be accepted.

6. There will be one winner from each grade. Winners will be announced and prizes given out Wednesday afternoon, October 31.

7. Pumpkins will be returned to students after school Wednesday, October 31.

8. We encourage entries that are not overly ripe or soft, since we want to keep them 15 days.

9. Participation is totally voluntary. The project is to be done entirely by students and on their own time. Students choosing to participate must provide their own pumpkins and decorating materials.

TOP STUDENTS...Chosen for Student of the Month honors at Friona Jr. High were (from left, top/bottom) sixth graders Andrew DeLaO and Canna Ray, seventh graders Bowie Hand and Britny White, and eighth graders Jerard Lafuente and Michelle Mendoza.

Junior High Wins \$13,711 Cash Award

Friona Junior High School was one of ten area schools which was informed this week that they will be receiving a cash reward in the Governor's Educational Excellence program.

The awards were based on significant gains in student performance on the state-mandated basic skills test. On the Friona Junior High campus, 89.6 per cent of the students passed their TEAMS test, up from 82.1 per cent a year earlier.

The Friona school will receive \$13,711 for its share of the awards program.

Superintendent of Schools Hal Ratcliff said the local school district was "extremely pleased" with the cash stipend. There are certain guidelines for the use of the money, Ratcliff said.

The financial awards cannot be used to supplement educators' salaries or for athletics. Each school principal is asked to appoint a committee to determine how to use the money.

As one of the winning schools, FISSD was invited to participate in an awards ceremony in the House of Representatives, and a reception in the Capitol Rotunda. Ratcliff and principal Tommy Hancock will participate in the ceremony.

Largest stipend in this area was granted to Hereford High School, at \$60,983. Awards statewide ranged from \$10,000 to \$100,000. The funding was based on enrollment on each campus.

Gov. Bill Clements proposed the educational excellence program and helped secure state funding for it in the 1989 legislative session.

The program marks the first time that Texas schools have been offered cash incentives for academic progress.

"The primary focus of this program is to showcase the positive, to highlight the success stories that exist throughout education in Texas," the governor said. "We want to recognize and reward schools that make progress academically and that sustain high levels of achievement."

Excel Not Affected By Budget Yet

Excel Corp. was not affected by the threatened budget cutback by the federal government this week, according to Leonal Kilgore, office manager of the Friona plant.

"We have heard a rumor that packers and air traffic controllers may be exempt, in the event that (Gramm-Ruddman) has to be invoked," Kilgore said.

At issue locally would be the positions of the USDA inspectors, a loss of whom would affect the operation of the city's major industry.

Absentee Voting Starts

Absentee voting for the General Election begins by personal appearance October 17 at the County Clerk's office in Farwell.

Absentee booths will be conducted at the City Hall in Bovina October 23 and 30, and October 24 and 31 at the Credit Union in Friona.

Voters are encouraged to vote at this special time if it is more convenient.

YOUNGSTER WINS...Eighth grade student Cory Hamilton was the winner this week in the Friona Star football contest. He is presented his winning check by Terry Wilcox of Friona Motors, one of the contest sponsors. He is the son of Mr. and Mrs. Charles Hamilton.

Youngster Wins Star Grid Contest

Cory Hamilton's motto must be "If at first you don't succeed, try, try again."

Hamilton, an eighth grade student at Friona Junior High School, had a score of 17 a couple of weeks ago in the Friona Star's football contest, but that particular week three contestants had scores of 18 or better.

This week Hamilton duplicated his feat, and was the only contestant entering the fifth weekly event to have a score that good.

He received a check for \$10 for his efforts. Hamilton's only misses were Floydada-Slaton, Hereford-Frenship and SMU-North Texas.

Another youngster, Lance Looper, a seventh grader, came up with a score of 16, and claimed second place for the week and \$7.50 cash. Looper missed Denver City-Dimmitt, LSU-Florida, Minnesota-Detroit and New Orleans-Atlanta.

Six contestants correctly picked 15 games, and of these, Lonnie McFarland of Lariat captured third place, missing the Dallas-

Tampa Bay score by only seven points. He picked the Cowboys to win, 17-14, and the actual score was 14-10.

Others correctly picking 15 games were Randi Burkart, Myrtle Melton, Samuel Saiz, Tom Johnson and Alan Monroe.

Seven other contestants correctly picked 14 games, which was a good score for the week. They were Rusty McFarland, Rick Roden, Clint Mears, Dianne Morgan, Ruben Villanueva, Jr., Joe Jackson and Eddie Gauna.

Five contestants are tied for the overall lead with scores of 70. They are Scott Brown, Martha Clements, Eddie Gauna, Lance Looper and Clint Mears.

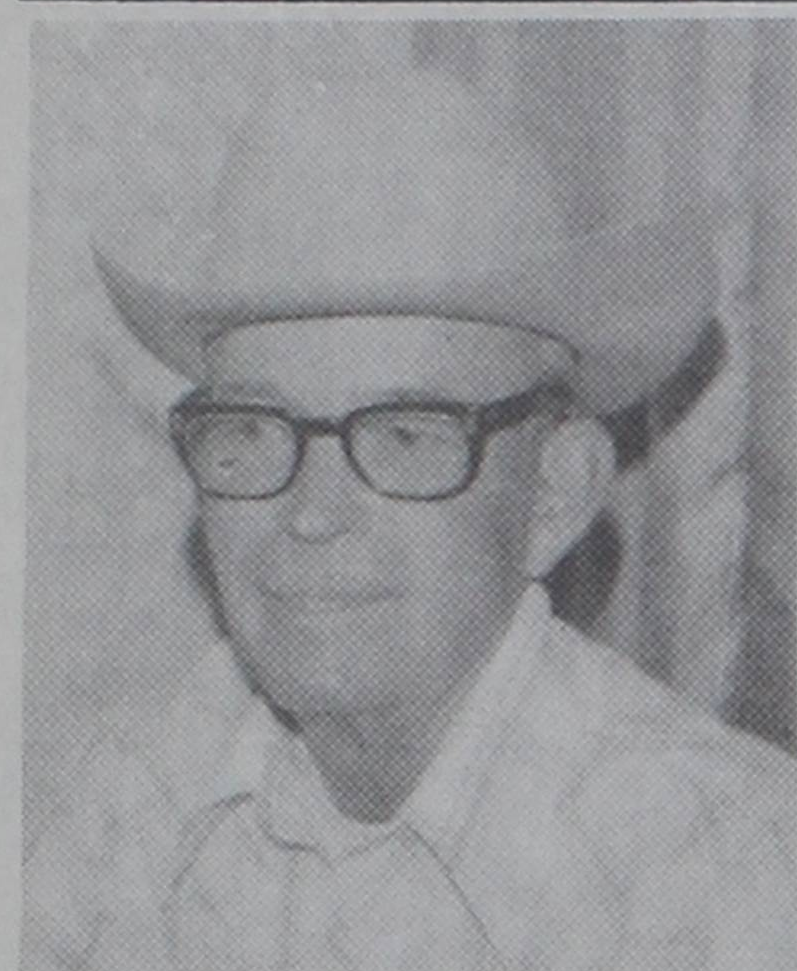

Randi Burkart, Myrtle Melton and Lonnie McFarland are a point back at 69, followed by Mal Manchee, Dianne Morgan and Mitchell Smiley at 68.

Scores of all leading contestants can be found elsewhere in this issue.

Contestants are vying for week prizes totalling \$22.50, plus the \$100 grand prize to be awarded at the conclusion of the event.

NEW EMPLOYEE...A new employee at the Parmer County Soil and Water Conservation District is Thomas Reed, a native of Groom. He comes from Stratford, and has been with the SCS for eight years. He is shown with his wife Lisa, daughter Shayli, 1½, and son Sawyer, four months old.

Pet Tips

By LOIS NORWOOD

The Friona Animal Humane Society (F.A.H.S.) reminds pet owners to check their pets (dogs and cats) for ticks and fleas as this has been a bad summer for these pests!

You need to rid your pet of these by bathing and dipping the pet. Supplies can be obtained from a veterinary clinic. If left on the pet, they are very detrimental to their health, and can even cause death.

Also, please remember that winter will soon be here. Make sure that any outside pets receive more food, and always fresh, unfrozen water.

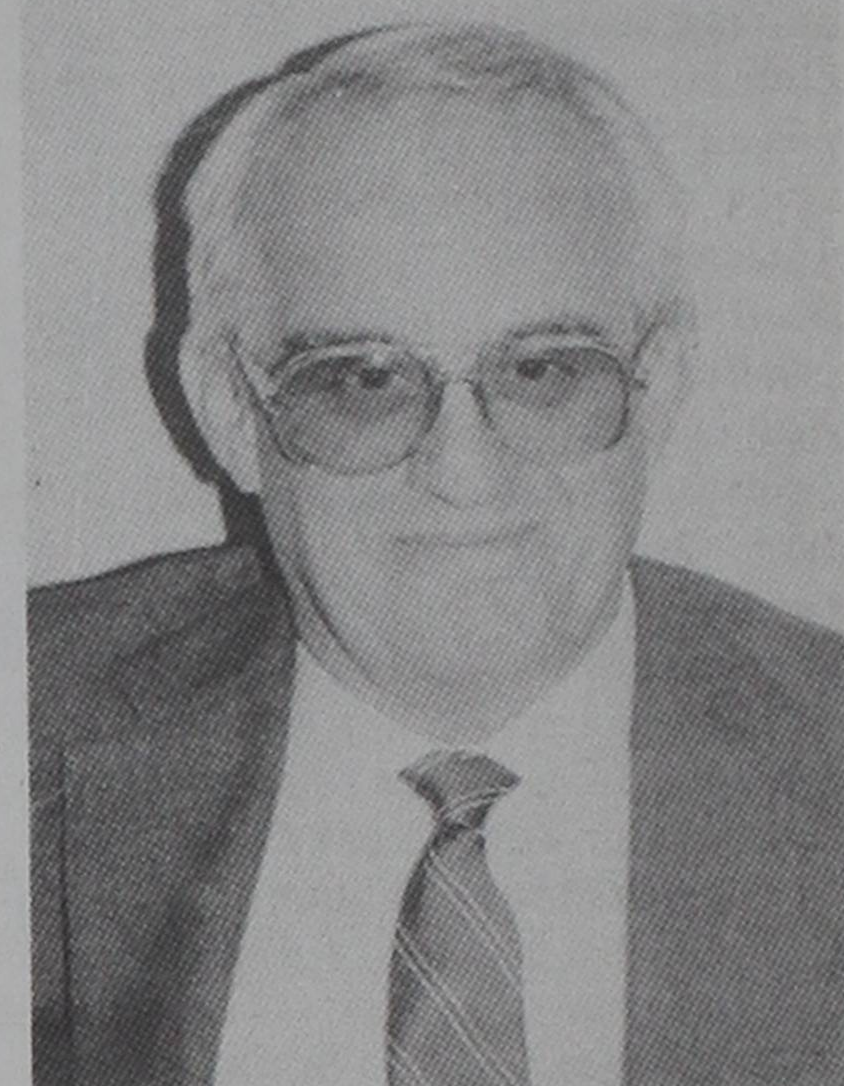

They also need a warm, dry shelter with some sort of bedding to snuggle into. In event of very severe wet weather, make arrangements to bring the pet inside.

Remember, your pet is totally dependent upon you for care, and in return, they will give you much fun, love and companionship!

MEET FRIONA STATE BANK'S EMPLOYEE OF THE MONTH

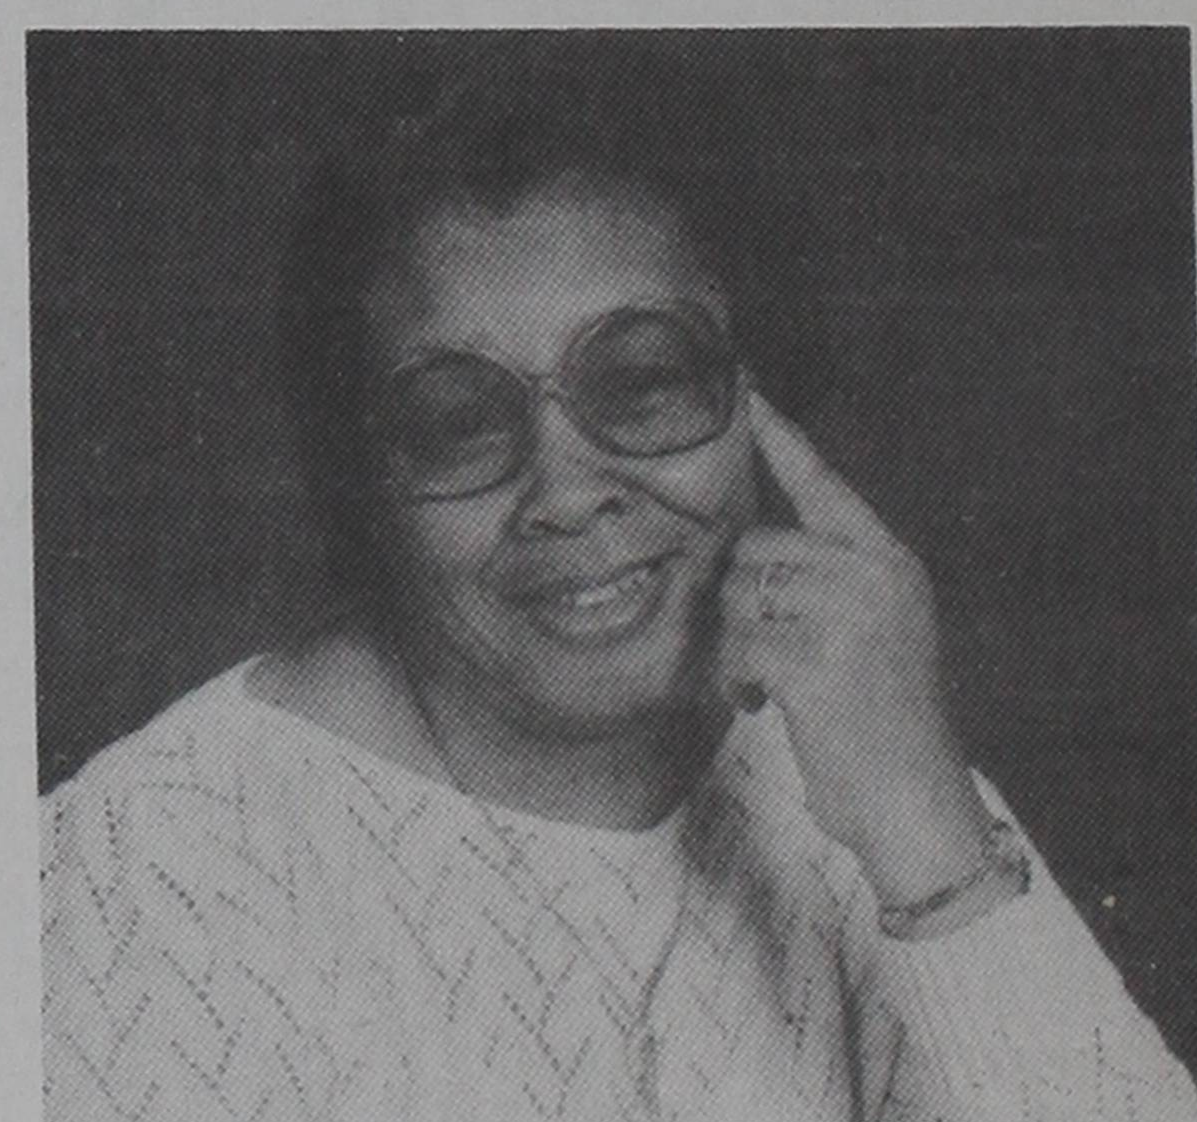

Friona State Bank is very proud to announce our new Employee of the Month, Dorothy Jackson. Dorothy joined our staff in December, 1970 in bank maintenance and as a hostess. It's not unusual for our customers to come in just to drink coffee with Dorothy.

Mrs. Jackson's story begins in Navasota, Texas, where she was the youngest of three children. She attended George Washington Carver School, where she met her future husband, R.L. Jackson. They married in 1949 and moved to Parmer County in 1952, where they raised four children, Faye, Robert, Vickey and Rickey.

Mr. Jackson worked for Ralph Shelton for 18 years and it was during that time that the Jacksons put all their children through college. R.L. started a new job with Friona Feed Yard in 1978, and shortly thereafter, he was killed in a feed yard accident.

Since that time, Dorothy has taken seven years of music lessons and continues to play for her own enjoyment and occasionally for her church.

Another hobby she enjoys is her flower garden and it's most likely that Dorothy will bring a pretty

Dorothy Jackson

bouquet to the bank to celebrate an employee's birthday. Dorothy also loves to cook, travel and play with her two grandchildren.

Dorothy is very active in St. Esther's Baptist Church, where she has taught Sunday School, and is currently the church secretary and treasurer. Another honor bestowed on her was in 1978, when she was chosen as the Friona Chamber of Commerce's Employee of the Year.

Dorothy says, "I have enjoyed working for the bank," and Friona State Bank invites you to stop by for coffee and offer your congratulations to our newest Employee of the Month.

Mrs. Maurer passed away October 10 at Northwest Texas Hospital in Amarillo.

Born September 24, 1901 in North Dakota, Mrs. Maurer moved to Parmer County in 1908 with her parents, Mr. and Mrs. John Gischler, who operated the first general store in Friona for a number of years. Gischler also opened the first grain-handling station in the area.

Luella married Carl Maurer October 10, 1924, in Amarillo. He preceded her in death in 1974.

She had attended Greeley College in Colorado and taught school several years.

An active member of the Union Congregational Church since a child, she had served as organist, choir director, Sunday School teacher and president of the Women's Fellowship.

She also had been a member of the Friona Woman's Club for over 50 years, serving as its president twice, and held district offices.

Mrs. Maurer had lived in Denver since 1982.

Facts About The BIBLE BY JOHN LEHTI

A CASE OF "WOMENS LIB" OVER THREE THOUSAND YEARS OLD!

IT IS RECORDED IN JUDGES, CHAPTERS 4+5 THAT DEBORAH (CIRCA 1296 B.C.)... THE WIFE OF LAPIDOTH, JUDGED ISRAEL AT THAT TIME. THIS WAS BEFORE THE ADVENT OF KINGS. WHOEVER JUDGED ISRAEL WAS ACCREDITED LEADER OF ALL THE PEOPLE. DURING THIS PERIOD, THE ISRAELITES WERE BEING SEVERELY PERSECUTED BY A CANAANITE KING, NAMED JABIN, AND THEY APPEALED TO DEBORAH TO RID THEM OF HIS DOMINATION....

... DEBORAH APPOINTED A MAN OF GREAT VALOR, BARAK, TO LEAD TEN THOUSAND ISRAELITES AGAINST THE VAUNTED ARMY OF SISERA, KING JABIN'S GENERAL, WHO HAD NINE HUNDRED CHARIOTS OF IRON! BARAK, KNOWING DEBORAH ALSO AS A GREAT PROPHETESS AND SEER, INSISTED SHE BE WITH HIM ON THE FIELD OF BATTLE AND BECAUSE OF THIS, SHE SAID THAT SISERA WOULD DIE BY A WOMAN'S HAND AND NOT BY A MAN'S... FOLLOWING DEBORAH'S ADVICE, BARAK ATTACKED THE CANAANITES FROM THE HEIGHTS OF MT. TABOR, DRIVING SISERA'S ARMY HARD AGAINST THE BANKS OF THE KISHON RIVER, WHERE HIS CHARIOTS COULD NOT MANEUVER AND, IN FACT, WERE SWEEPED AWAY BY THE WATERS, GIVING ISRAEL A GREAT VICTORY!

THE GENERAL, SISERA, ESCAPED FROM THE BATTLE AND SOUGHT REFUGE BY HIDING IN THE TENT OF HEBER, THE KENITE. HERE, HEBER'S WIFE, Jael, SLEW HIM WHILE HE SLEPT—THUS FULFILLING DEBORAH'S PROPHECY AND PLACING HER NAME NEXT DEBORAH'S AS THE TWO PERSON'S MOST RESPONSIBLE FOR THE CRUSHING DEFEAT OF THE CANAANITES!

Cubs Break Drought With Win Over FHS

If the Brownfield Cubs were winless in their first four games (which they were), then the FHS Chieftains might be thankful they hadn't played Brownfield's schedule the first month of the season.

Brownfield broke out of their doleful slumps with a 28-0 win over the slumping Chieftains. It was the third time this season a team had used the Chiefs for their first season win.

With one-half of their individual rushing tandem, Ismael Rocha, on crutches on the sidelines, Friona's offense sputtered throughout the game, and never put together anything resembling a sustained drive.

So well did the Cubs shut down Friona in the first half that the team had no first downs and a net of one yard at the half.

Has Meeting

The Friona Woman's Club met at the Clubhouse October 10. President Geneva Williams was in charge of the meeting.

Eula Bradshaw conducted roll call, with members responding with "What the club means to me." Lillian McLellan gave the treasurer's report.

Fern White gave a federation report. The meeting closed with members repeating the club collect. Mabel DeLong was the hostess.

The second half didn't improve a great deal, although Curtis Brady had runs of seven and eight yards on consecutive plays for the Chieftains' first first down of the game, and Chad Hamilton sliced through the line for an 11-yard gain on the team's next possession, and that accounted for Friona's main offensive output for the night.

And if Friona's rushing department was sagging, consider the team's passing statistics for the night:

Junior quarterback Scott Houston completed only one of eleven passing attempts during the game, having two passes intercepted. The team's only completion, designed to be a screen pass, resulted in a net loss of eight yards.

Brownfield took the opening kickoff and moved 75 yards in eight plays to take the lead in the game when Eric Jackson raced 33 yards up the middle. The kick made it 7-0 in favor of the visitors.

A few minutes later Friona had to punt, and the Cubs' receiver appeared to lose the ball, but picked up the pigskin before it went out of bounds and raced 50 yards up the east sidelines for Brownfield's second touchdown. The Cubs had a 14-0 lead with only 6:19 gone in the opening quarter.

The visitors drove to Friona's 11 yard line before the first quarter

ended, but a field goal try was wide left.

Early in the second quarter the Cubs' Raymond Martinez intercepted Scott Houston at the Friona 25 and raced all the way to Friona's two.

Brownfield was penalized back to the seven, but on third down Noel Garcia hit Blake Decker in the end zone and Jamey Cantrell's kick made the score 21-0, and that turned out to be the halftime score.

Brownfield had the ball at the Friona 13 at the end of the opening half, but a 30-yard field goal attempt again was wide.

With Friona able to generate only the two unrelated first downs in the second half, the visitors again took advantage of a Friona turnover for the second half's only points.

Houston fumbled at his own 24, the ball finally recovered at the Friona 15. Two plays later, Garcia crossed the goal-line on a keeper play, and the PAT kick brought the final margin of 28-0.

A further highlight for the visitors was the fact that the first time they had to punt the kicker got his foot into a good one and it went from his own 15 to Friona's 15—a healthy 70-yard kick.

Thank You

We would like to express our sincere gratitude to all
of our family and friends who helped Richard through
his recovery from heart surgery.

The cards, flowers, food, 'phone calls, visits, prayers,
prayer-grams, and time spent sitting with family at the
hospital are greatly appreciated. We would like to give a
special thanks to Dr. Tracy Totten and the hospital staff,
to ambulance driver Larry Martin, and paramedic
Bobby Davis for taking care of Richard.

Sincerely,
Richard and Lillie Perkins and Family

Thank You

Words cannot express our gratitude for the love and care you've
shown to us in the loss of our beloved husband, father and
grandfather. God used you mightily to manifest His love toward us
as He surrounded us with friends and loved ones. We thank you for
the food, cards and visits. May our Lord return to you blessings
many-fold.

Prairie Acres Party Line

By CAROL DELEON

Well, we have had some more changes around Prairie Acres. Deb Hendley will be our Director of Nurses and Brenda DeLaPaz is Assistant Director of Nurses. It sure is a relief to have these positions permanently filled.

I was asked to mention that we are interested in forming an Auxiliary, to come in once or twice a week to do volunteer work such as crafts, play games, visit, walks outside, etc. If anyone is interested, please contact Debbie Sweatt, Dawn Widner, or me and we will set up a meeting and hopefully get it going.

This week's Thank-You's go to: Christina Wright for volunteering her time to come in and do fingernails, read newspapers, fill water pitchers, or just about anything she is needed to do; Lois Norwood for bringing magazines; Mr. and Mrs. Charlie Wise for magazines; the Girl Scouts for starting the Adopt-A-Grandparent program which our residents will get as much or more from than the Girl Scouts will; Becky Riethmayer for the magazines.

And, finally, thank you to Valoris Osborn for sharing the cakes with us. People like her let us know that the care and love we give our residents are appreciated and reminds us that it really is worth the little extra that we give.

I would like to express our sympathies to the family of Melvin Hassenpflug. He was a brother to Elmer Hassenpflug, who is a resident of Prairie Acres.

County Delegates Attend Convention

Homemakers from across Texas gathered at the Amarillo Civic Center October 2-4 for the 1990 Texas Extension Homemakers Association state convention. This was the 64th state convention for the group of homemakers. The attendance for the three day convention was 903.

Cecelia Schueler of the Rhea E.H. Club was the voting delegate for Parmer County. She attended the convention October 3-4. Donna Schueler of Rhea E.H. Club is the Parmer County T.E.H.A. chairman for 1989-90. She attended the workshops on Thursday morning, October 4 along with 1990-91 T.E.H.A. chairman, Carla Mann of Friona E.H. Club and Patti Zachary of the Friona E.H. Club.

Also attending was Zandy Potts of the Rhea E.H. Club. Rochelle White, the Parmer County Extension Agent, attended the convention for the three days.

Dr. Jennie C. Kitching, assistant director for home economics, spoke to those assembled on Tuesday night. The keynote address was given on Wednesday morning by Barby Fairbanks Eide of Professional Productions. She spoke on "Volunteerism and the Butterfly Effect."

Delegate sessions were held Wednesday afternoon. They covered "What You Can Accomplish With A Resolution," "Literacy: The Situation: Extension Homemakers: The Solution" and "Associated Country Women of the World/Our World Association." While delegates attended their work sessions, others watched demonstrations on Home-Based Business, Body Recall and Festive Breads.

Wednesday evening, TEHA directors of the 15 districts, gave reports on the activities of the Extension Homemakers in their area this past year. Speaker Jan Roper then showed the group how to get through the tough times by

"Laughing Through Life's Stages."

State program of work committee chairmen presented workshops on Thursday morning. They covered subjects on recycling, how to lead a group, how to find what your rights are in a given situation and other timely information.

Delegates and club members who attended these workshops will carry the information back to their counties. E.H. Clubs will present programs in these areas next year.

Anyone interested in attending an Extension Homemaker Club meeting in Parmer County may find out when and where they are meeting by contacting the County Extension Agent of Parmer County, Rochelle White, at 481-3619.

The convention highlight was Thursday evening. A formal banquet, catered by the Big Texan, was enjoyed by those attending. The installation of state officers for 1991-92 was held in the auditorium followed by entertainment by the "Texas" Dancers of West Texas State University and A.M.

A Banker Influenced the Civil War as Much as Any General

Historically, the federal government has raised money by printing, taxing or borrowing. The most creative method is borrowing.

The government has been borrowing money since it was first empowered to write an IOU. Most of this money was borrowed through bonds and used to pay the cost of wars. It was not until the American Civil War, however, that the ability of a government to borrow money played such a vital role in a war's outcome.

According to author John Steele Gordon, who has written extensively on this subject, "The fact that the North succeeded (in inventing more new ways to raise money) and the South did not, played no small part in the outcome."

Both sides began by printing money. In the North, banks and

the federal government began paying their debts in "greenbacks." By 1865 there was \$447 million in greenbacks in circulation.

The Confederacy issued more than \$1.5 billion worth of Treasury notes during the war. Although these notes were "redeemable in gold and silver two years after independence was achieved," the South did not have the ability to tax and raise money as efficiently as the North.

The most unique borrowing scheme, however, was devised by Philadelphia banker Jay Cooke. After the first Battle of Bull Run in 1861, Cooke marshaled his political and banking associates to collect more than \$2 million in a matter of hours on the credit of a three-year treasury note.

As a result of this ingenious scheme, Cooke was made an agent of the federal government. He immediately devised the "five-20" bond, which would be purchased by thousands of small investors.

The bond got its name from the maturity. It could not be redeemed in less than five years or more than 20. Meanwhile, it paid 6 per cent interest in gold.

Cooke marketed these bonds so aggressively that by May 1864 he "was actually raising money as fast as the War Department could spend it, about \$2 million a day..." Gordon writes.

Unfortunately, Cooke's bond drive also had far-reaching negative effects. In the eight-year period from 1857 to 1864, the national debt rose from 93 cents per person to \$75 per person.

From a historical standpoint, Cooke influenced the outcome of the Civil War by extending into the future the cost of vital war material. The South was unable to do this, and their supplies and materials virtually vanished. From an economic perspective, Cooke devised a mass marketing way to raise money that is effective today.

For good or bad, Jay Cooke, a banker, probably influenced the outcome of the American Civil War far more than any battlefield general.

Town Talk

By June Floyd

Call 247-3681 With Your News Items

Four Frionans returned home early Saturday morning after spending about ten days sightseeing and visiting places of interest in Oklahoma, Arkansas, Tennessee and Missouri. Members of this foursome were Edith Johnson, Jo Blackburn,

Luella Drake and Marlene Drake.

Two highlights of their stay in Nashville, Tennessee were taking a boat ride on the General Jackson and attending the Grand Ole Opry.

They spent several days in the Branson, Missouri-Eureka Springs, Arkansas area and attended several plays.

Eufaula Ethridge was dismissed from Parmer County Community Hospital Wednesday afternoon and is convalescing at home. She had been a medical patient six weeks.

Wednesday evening she reported, "It's so good to be at home."

The two Hereford Crow sisters came down to Friona on Sunday for a get together with the three who live here. These five had lunch together at the home of Jewel Robason.

Others present were Myrl Buske and Lillian Jones of Friona and Dophene Betzen and Sue Inmon of Hereford.

Afternoon visitors in the Robason home were Mr. and Mrs. Gerald Barnett of Los Alamos, New Mexico; and Madge Crow and Patsy Talley, both of Friona.

Parents of the Crow sisters, the late Mr. and Mrs. L.M. Crow, were pioneer residents of Friona.

Hazel Weir has been dismissed from Parmer County Community Hospital, where she spent several days as a medical patient.

Her daughter, Eunice Jeffers, who has been here, returned to her home in Aurora, Colorado Saturday.

Mr. and Mrs. John Blackburn returned home Friday after spending nine days visiting in the home of Mr. and Mrs. Craig Howard and daughters, Cara and Sara.

Mrs. Howard is the former Brenda Blackburn.

John reported, "Things are sure different down there. Cara attends a high school where there are 3,000

students. She is a freshman and plays in the band."

Sara attends a junior high and there are just 2,000 students there.

"We had a nice time," John reported. Then went on to say, "When you fly down there and back, you surely do not see much on the road."

Fannie Meeks of Little Rock, Arkansas has returned to her home. She spent several weeks here visiting her kith and kin.

She's a sister of Mrs. Bill Stewart and the late Dan Ethridge and has visited here many times before.

Wilma Johnston of Kingston, Oklahoma, is a surgical patient at High Plains Baptist Hospital in Amarillo. She had surgery Wednesday morning and expects to be dismissed within the next few days.

She and her husband, Elvin, are former residents of Friona and Bovina.

Town Talk's report about Friona connected football players on the Hereford Longhorn team didn't come out quite right. Chad Clements, who is a junior at Texas A&M University, College Station, and his brother, Brett, a graduate of the same school, are both former members of the team.

Apologies go to all who were included in the report.

At least two Friona residents (and probably more that I don't know about) attended the Balloon Festival in Albuquerque, New Mexico, last weekend.

This is one of the most colorful events in the entire Southwest and attracts visitors from all over the country.

Joan and Jenny Ahrhart were accompanied to the Duke City by Shannel Woodard of Lubbock. In addition to attending the extravaganza, these three visited with their kith and kin there.

Shannel's mother, Janet Woodard, is Joan's cousin. Jim

and Sheryl Snead and children, Layle and Clint, also live there.

If "seeing pictures is the next best thing to seeing the event," is true, I had the privilege of doing the next best thing. Joan made a large number of beautiful shots of the events of the day.

One of Anna Anthony's grandsons, Gary Biggers of Amarillo, was featured in a picture on the front page of the Scene section of Tuesday evening's Globe-Times.

This young man is the son of the late Howard and Kathryn Anthony Biggers and spent a lot of time in Friona during his growing up years.

After having been named "Teacher of the Year" for the Amarillo Independent School District for 1990, he was tabbed for the title of "Region XVI Secondary Teacher of the Year."

He teaches English, humanities and vocabulary at Amarillo High School and was an honored guest at a reception hosted by Gary Stevens, area manager-external affairs for Southwestern Bell Telephone Company, statewide sponsors for the regional contest, and Amarillo Independent School District Superintendent John Wilson, Monday evening.

The Lloyd Rectors have had some more company. Fred and Grace Krase of Oswego, Illinois came Wednesday of last week and spent two days and nights.

Mr. and Mrs. Krase are in the "Snowbird" group the Rectors

know from South Texas. Krase is an avid golfer, and was able to play a round one day with Lloyd and the next day with Ralph Shirley.

The couple also visited with the Allen Stewarts while here, as they also are acquainted with that Friona couple.

Mr. and Mrs. Krase left Friona for Albuquerque, N.M., and then will be heading for South Texas.

Betty also said that Lloyd had brought in an October mess of beans, and she hopes that's the last one for the season.

All our readers who are Senior Citizens need to keep in mind that the third Tuesday of the month comes early this time.

Every time a new month begins on Monday or Tuesday it seems that the regularly scheduled noon covered dish luncheon comes before we have time to think about it.

This time it will be on the sixteenth. Festivities begin about 10 a.m. with a game session. Lunch is served at noon and a program and second game session follow.

Roy V. Miller, Sr., president, joins all members in inviting everyone who is interested to attend.

Life is a one way street. No matter how many detours you take, none of them lead back. And once you know and accept this, life becomes simpler. Because then you know you must do the best you can with what you have and what you are and what you have become.

Gas. It's A Natural.

When it comes to doing things better for less, nothing works like gas. Naturally.

Nothing heats your home, heats your water, cooks your food, or dries your clothes as efficiently. Or as cost-effectively. Or as cleanly.

What's more, no other form of energy helps to protect our environment - or our economy - quite like natural gas. Leading scientists state that the use of natural gas can guard against many of the environmental problems facing us today. And, virtually all of the natural gas we consume in the United States is produced right here in North America.

As for reliability, when's the last time your natural gas went off?

Use natural gas for your household energy. For cleanliness, cost-efficiency and reliability, it's a natural.

Gas. It's a natural.

Electricity is safe
DON'T MAKE IT SAVAGE!

Don't touch that dial! The news will be over in a moment so don't make a headline of yourself. Electricity and water can be a lethal mixture. Follow the guidelines provided by the electric cooperative and don't put electric appliances, gadgets, toys or outlets near a bathtub, damp basement, standing water, or swimming pool. Electricity is safe but carelessness or misuse can make it savage.
