

Several young Americans are honored guests in the News Review plant as this issue goes to press. Mrs. Armand Eubank, Don Mother of Hico Cub Scout Den 2, made previous arrangements for the visit and asked the other two dens and their mothers to join them.

The excitement generated by a visit at the printing office probably won't be as great as that inspired by Jesse Bobo, Roy French and Bill Williams last week when, in the order mentioned, they showed the Cubs how the city waterworks works, took them for a ride on the fire truck, and escorted them through city jail. The scribe described that as a wonderful meeting.

For our part we are only too happy to have the lads and their leaders with us, and feel honored to be their host. We only hope things go off on schedule and that no gremlins ball up the plans for their reception and efforts to show them a little of what goes on behind the scenes before their home paper is received in the mails.

No attempt will be made to show them all the work that goes into each issue, for that might be discouraging to potential future printers and newspapermen.

Den mothers and others who were our visitors included: Mrs. Grady Hooper, Den 1; Mrs. Armand Eubank, Den 2; Mrs. Victor Gray, Den 3.

Somebody has made a bad mistake. In chronicling the arrival of Jimmie Geary Cheek's new sister in Pensacola, Florida, the News Review's information on the little lady's name apparently was wrong.

Now we have the official news release from Fleet Home Town News Center, Lake Wales, Fla., and alibi that our inaccuracy developed in our haste to get a scoop. Which we did—we carried the news several weeks before it happened as will be remembered by close readers of this paper. Before we get in any deeper, we reprint the news release without further comment:

A baby girl was born April 20, to Mrs. Geary B. Cheek, wife of Geary B. Cheek, aviation chief machinist's mate, USN, of Hico, Texas, at the Naval Hospital, Pensacola, Fla. The baby has been named Janice Jean.

The baby's father is serving at the Naval Air Station, Corry Field at Pensacola.

They have one other child, Jimmie Geary.

"Too Much Business" was the teaser line preceding a want ad in last Sunday's Dallasian from L. B. Mayes, who has other irons in the fire and wants to let someone else in on the boom at Whitney.

People will congregate in droves to scan the unique though scanty apparel suggested by Mayes as suitable for members of the Whitney Booster Club.

"Loud sport shirt, flat-top straw hat and a cane labeled Whitney would be sufficient to start," he says. "But that's too good to last, and he apparently looks forward to next winter, for he continues: 'Later it might be well to adopt frontier pants' He thinks such a get-up, if adopted, 'should be suitable for both men and women.' We breathlessly await the decision of the Whitney Boosters."

If a personable little red-headed, blue-jeaned, pig-tailed girl, whose age can be counted on less than the fingers of one hand, should ask you if you are going to vote for her daddy, chances are that's Frisey, youngest child of Mr. and Mrs. Fred Red Harris who with her daddy and mother and next-older sister, Diane, came down from Dallas to visit with "Aunt Beas" Harris at their ranch between Hico and Carlton.

Of course the daddy is well known here especially on the streets and at the auction sales barn. Most people know he's one of the leading candidates for Lieutenant Governor of this State. But what some of them perhaps don't know is that he publicizes Hico extensively in current literature being put out by the hundreds of thousands. In cowboy attire their picture may be seen on one page of a beautiful folder along with the eldest daughter, Carol Ann, who at 13 felt the call of operatic music and remained at home.

Assigning from his duties as State Senator, the twice-wounded and decorated veteran of the USS Franklin and his family plan to enlarge and develop their Hico ranch as their future home, whatever the outcome of the election. And judging from reports received from over the State, Red is not overoptimistic in his assurance that the kind of a campaign he is going to conduct will influence that outcome in his direction. His Hico friends wish him well.

Iredell Is Still Undeclared In Bosque Loop

Festal Elkins, president of the Bosque Valley Baseball League, has submitted the following report to bring information up to date:

Iredell won over Alexander in a good game last Sunday to continue the only undefeated team in the League to date. Iredell had 6 runs on 12 hits with Alexander scoring 4 runs on 9 hits.

The score by innings:
Iredell 100 000 201
Alexander 020 300 10x
Winning Pitcher—Knutson
Losing Pitcher—W. Boucher.

Iredell had a good crowd despite bad baseball weather. Approximately 300 fans to see Knutson win his third game without a defeat this season.

Duffau defeated Johnsonville to gain a tie for second place in the league standing. Duffau had 21 runs on 21 hits, with Johnsonville scoring 4 runs on 9 hits.

The score by innings:
Johnsville 000 110 200
Duffau 526 003 23x
Winning Pitcher—Stasey
Losing Pitcher—Stephens

Bill Stasey, playing manager of the Duffau club, has won two games without a defeat so far this season. He will put his best on the field this, Sunday when the team plays host to Iredell, the league leader.

Shiloh won over Hico last Sunday by a score of 13 to 6. A good crowd was on hand for the game. This was the second win for Greenway this season, without a defeat. It kept Shiloh in a tie with Duffau for second place in the standings of the six teams.

League standing to date:
Team Won Lost Behind
Iredell 4 0 0
Duffau 3 1 1
Shiloh 3 1 1
Alexander 2 2 2
Hico 0 4 4
Johnsonville 0 4 4

Schedule for Sunday, May 7:
Iredell at Duffau
Hico at Alexander
Shiloh at Johnsonville

CPA AUDITOR WORKING AT LOCAL OFFICE THIS WEEK
A. V. Booth, auditor out of Fort Worth headquarters of Community Public Service Company, has been in Hico this week going over the local office's records.

Mr. Booth stated that his visit, which is routine, more than likely will be finished this week.

HAVE YOU BEEN COUNTED?

The 1950 Census is nearing completion. These figures will stand as the population of our town for the next ten years. Every citizen interested in the growth and progress of Hico wants to see every person counted. If you live here and have not given your report to the enumerator, please do so at once.

Donald F. Pulver, District Supervisor, advises that the information may be sent to his office, Old Post Office Bldg., Abilene, Texas. Names of each person in the household, with first name and initial, relationship to head of house, sex, color or race, and age at last birthday should be set out.

Spring Jubilee at Glen Rose May 13-14 To Open Resort Season

Glen, Rose, Texas, will kick the lid off the summer season, Saturday and Sunday, May 13-14, with a two-day gala Spring Jubilee. Festivities in the resort town will start Saturday morning with a mile-long parade of cowboys, bands and commercial floats, followed by a band contest, square dance, and public dance.

Square dance sets from more than 20 Central and North Texas cities, including Calvin Moore and the Hoffman Hayloft square of WBAP-TV fame, will compete for \$150 in prizes in the square dance contest. Eleven high school and community bands have already signed up for the band contest, offering \$225 in prizes.

An open square dance, free to the public, will be held Saturday night. Jeff Knight and his boys from Meridian will play for both open and contest dancing. Horace Taylor of Meridian and others will call.

A "rock 'em and sock 'em" rodeo at the American Legion Arena is another high spot of the Saturday night program. Bronc riding, bulldogging, calf roping and steer riding will be featured, with contestants matching nerve and skill with the toughest rodeo stock that can be assembled in the Glen Rose area.

The Spring Jubilee is Glen Rose's annual party celebrating the opening of its resort and camp facilities for the summer season. There will be an abundance of free entertainment, and the public is invited to attend.

Response to Easter Seal Sale Benefits Handicapped Children

Dallas, Texas, May 2. — The Texas program of treatment for cerebral palsied children far surpasses any other work for these handicapped children, being done in the United States. Dr. J. G. Flowers, president of the Texas Society for Crippled Children, was advised of this fact by Dr. John J. Lee, national president of the Crippled Children's Society.

In other states, help for the cerebral palsied child is given in the form of clinics where cases are diagnosed and treatment prescribed. Not only are clinics held in Texas but there are 17 treatment centers where more than 2100 cerebral palsied youngsters are now receiving treatment under the supervision of therapists and volunteer medical consultant staffs.

The newest of these cerebral palsy treatment centers in Lubbock was dedicated in April. Approximately ten more cerebral palsy centers are being planned for operation in the near future.

Work in the cerebral palsy field was pioneered by the Texas Society for Crippled Children. And since it was a completely unexplored field, the immediate need for such a program has proved to be three times greater than was anticipated when the program was inaugurated two years ago.

Chicken and Egg Price Drop Handicaps Poultry Raisers

Washington, May 1.—The Agriculture Department says the price-cost squeeze on poultry men has "borne down with a vengeance" in the last six months.

The average price received by farmers for eggs rose 25.8c or 44 per cent from September 1949 to February, compared with an average decline of 13 per cent for the five preceding years, the department said.

The drop in chicken markets was almost as great, with the February average 30 per cent below the 1949 peak of 31c a pound reached last April.

Some of the costs of poultry and egg production have come down in the last six months, but not enough to cause much joy

Lions to Feed Ladies, Install New Officers

Officers to serve for the ensuing year were elected at the regular meeting of the Hico Lions Club held at noon Wednesday in Fireman's Hall. Balloting was conducted according to recommendations of the nominations, with one exception, where a change was necessary through withdrawal of the nominee.

Upon nomination from the floor by Odie Patsick the name of M. S. Norton was presented, along with complimentary remarks about the way he filled the office by appointment for the past few months. Nominations were closed and Norton was declared winner by a canvass of the vote which followed the meeting.

These officers will be installed at a special meeting to be held Monday night, May 29, at which the Lions will have their ladies as guests. Lions W. D. Bradley, Rutledge and Weldon Pierce were appointed to make necessary arrangements for the feast.

The club voted unanimously to pay traveling expenses so that the Hico School Band under direction of Lion Bradley will appear in the parade next Monday at the Mineral Wells convention. No other delegates were appointed to the convention, which will be in session three days, although some of the officers plan to attend.

Lion Patsick made an announcement about the worthiness of the appeal for donations to the Cancer Fund Drive, and requested as local chairman that contributions be left at the First National Bank.

A report was heard from the delegation which went to Iredell last Thursday night to assist with plans for forming a Lions Club in that neighboring community. A follow-up trip was scheduled for Wednesday night, with many signifying their willingness to go along.

Twenty-three members attended this week's meeting with Lion Patsick bringing a guest, R. J. Bean, president of the First State Bank, Miami, Texas.

The meal was served by the personnel of Wood's Cafe.

Hico Lions Aid Iredell In Forming Club

A group representing the Hico Lions Club went to Iredell Wednesday evening to assist in organization of a Lions Club there. The plans were completed at a meeting held following a chicken dinner served in the school gym, and the following officers were named to serve for the ensuing year:

Rex Mitchell, president;
B. L. Mitchell, first vice-president.
Hayden Sadler, second vice-president.
J. C. Webb, third vice-president.
Billy Joe Fouts, secretary and treasurer.

B. F. Strong, tailwister.
H. F. McCroskey, Lion tamer.
H. J. Myers and S. U. Jones, directors for two years.

H. C. Whitley and Rev. R. L. Jenkins, directors for one year. The Iredell club is to meet on the first and third Wednesdays of each month at 7:30 p. m. Seventeen members attended this week's organization meeting, with a total of 22 members reported signed up.

Composing the group from Hico present for the initial meeting this week were Lions M. S. Norton, Weldon Pierce, Luther Knox, Paul Neel, Conda Salmon, Pete Turner, Aubrey Duzan, Herbert Wolfe, Wayne Rutledge, and Buddy Randal.

Also present to assist with organization plans were State Secretary Marlow Fisher of Austin and District Governor Ira Moore of Hamilton.

Appointments Announced At Council Meet

Appointments to the following offices were made at the regular meeting of the city council Monday night: Mrs. J. R. McMillan, city secretary-treasurer; W. R. Hampton and W. C. Watkins, superintendents of water, sewer and streets; B. F. Williams, law enforcement officer; C. C. Christopher, nightwatchman; L. L. Hudson, recorder, and Felix Strader, sanitary man.

The council met in full attendance, with H. W. Sherrard, Ernest Jacobs, Max Hoffman, Henry Davis, and Weldon Pierce present, and Mayor W. H. Greenbelt presiding.

Other business included approval of bills and preliminary motions for water and sewer line extensions. A motion carried to the effect that a 1 1/2 inch water line be extended from the McCullough residence corner across Grubbs Branch and down Hemphill street to connect with another water line and complete a circuit to take care of new water customers.

Another motion carried to estimate the cost of a sewer line extension up Cedar Street to take care of nine potential users. The council also voted to open up Pecan Street across the railroad right-of-way.

Early Fly-Killing Urged to Safeguard Health All Summer

Austin, Texas, May 1.—"Go in and out the window" is a line from a children's game which thousands of little youngsters have played for years. It may be used to describe something else, too, for flies like to go in and out windows, Dr. Geo. W. Cox, State Health Officer reports that fly infestation will be heavy this year.

So, now is the time to kill those early flies . . . before they have a chance to produce thousands more during the summer.

These pests love to buzz around in uncovered garbage pails, stables, old privies, and in homes around uncovered food. Do you have a metal garbage pail with a tight-fitting lid? Are screens on your windows and doors in good repair? Waste should be removed from stables often, for horse manure is one of the chief breeding places of flies. Children can help to keep flies out of the house by keeping screen doors closed, and swatting the flies that enter the house.

Flies carry germs on their fast-moving wings, in their tube-like mouths, and on their furry legs and feet. What are some of the diseases they spread? Typhoid fever, dysentery, and tuberculosis are spread by these insects who feed on germ-laden filth.

Clean-up campaigns, screening, and spraying with insecticides are the best methods for getting rid of flies. Special care should be used in the use of DDT, or other insecticides . . . directions should be followed carefully. Let's clean up on the new crop of flies to protect the health of our families.

State Society Tells What Texas Does To Fight Cancer

Houston, May 2. — The American Cancer Society, Texas Division, today reminded Texans that the state is taking a leading part in the nation-wide fight to conquer cancer. The Society listed the following Texas achievements:

Texas has 25 cancer diagnostic and treatment clinics. There are 13 cancer hospitals in the United States, one of them a part of the University of Texas—M. D. Anderson Hospital for Cancer Research in Houston.

Texas has 10 full-time cancer information centers, operated by county units of the American Cancer Society. These are located at El Paso, Amarillo, San Angelo, Fort Worth, Dallas, Texarkana, Austin, San Antonio, Houston, and Galveston.

Through contributions to the annual Texas Cancer Crusade the state supplies more than \$100,000 a year to the national cancer research program. Several Texas scientists are participating in this program.

Through the combined funds of the American Cancer Society and the Texas Federation of Women's Clubs, a young Texas negro completed a health education scholarship and is now teaching cancer facts to members of his race in the state.

Texas is one of the first states to establish a fully-functioning tumor registry, as a means of "following-up" cancer patients after treatment. Texas is one of the first states to combine the efforts of the various agencies fighting cancer under a single working plan. This unit is the Texas Cancer Coordinating Council—composed of the American Cancer Society, the State Department of Health, the Cancer Committee of the State Medical Association of Texas, and the University of Texas, M. D. Anderson Hospital for Cancer Research.

Notes From Subscribers Tell Friends of Interesting Facts

Mrs. Alyce Little sent a clipping this week from The Galveston News, concerning her son, Dick Little, which she says her friends here might like to see reprinted, as this is the third citation he has received on his record in the navy.

Mrs. Little bragged on the editor a little bit too, with the following encouragement: "Say, Son, I'm truly enjoying your Here In Hico. Keep the good work up. You have many friends who enjoy your column."

The citation received by Chief Aviation Machinist Mate Charles G. Little, known informally as Dick by his many friends, reads: "From 30 October 1948 to 13 June 1949, Chief Aviation Machinist Mate Charles G. Little, United States Navy, while serving with Air Transport Squadron Six, 513 Troop Carrier Group (Special), Rhein-Main Air Base, Germany, distinguished himself by meritorious service in the performance of his duties as aircraft maintenance supervisor. Displaying a high degree of technical skill, leadership and devotion, Little made a great contribution to the smooth moving of his unit to Europe and its

If the editor's memory serves him right (he's too lazy to look up the record), a renewal subscription received this week from Jewell Faulk, P. O. Box 668, Fontana, Calif., was the 21st consecutive favor tendered us by this faithful reader. Mr. Faulk said in his appreciated note which nearly always accompanies his check: "Even though so many new names appear in the News these past 21 years I have been away, I still feel that the paper is a letter from home every week."

Local friends of A. T. McFadden, ex-Hicoite now living at Temple, will not be pleased with the note he added on a recent subscription renewal. "I have been very busy, and not feeling the best," he said. Let this be a warning to his bosses, Cox & Son, not to work Mac too hard. And with all these hospitals in Temple, he should be feeling very cozy. Hope so.

Americans Eat 13% More Dairy Foods Today Than In 1939

Chicago, May 2—You are eating annually more dairy foods than you did ten years ago. In 1949 the per capita consumption was 438 pounds compared with 389 in 1939, an increase of 12.6 per cent.

This information was disclosed today in a special report released by the National Dairy Council, Chicago, a non-profit research and education agency for the dairy industry to interpret the nutritious values of butter, cheese, ice cream and milk. Facts resulted from a study covering the consumption of dairy foods for 1949 compared with consumer eating habits of the prewar period, 1935-39.

Ice cream consumption jumped from 9 pounds per person in 1935-39 to 15 pounds in 1949 or an increase of 67 per cent to lead all other dairy foods for a spot on the family table. Cheese followed with a new consumption record of 7.1 pounds per person, an increase of 29 per cent. This was 50 per cent above the rate of consumption during the 1920's.

Milk and cream consumption per person rose 15 per cent in 1949 compared with the five-year period prior to World War II. Butter for cooking and spreading is on the upward swing. It showed a 3 per cent gain over the 10 pounds per person consumed in 1948, but the American consumer can eat 8 pounds more of butter annually to hit the 16.6 pound level of consumption in 1935-39. During the war years government and rationing problems restricted the use of butter.

In 1949 dry whole milk usage increased nearly a pound and non-fat or defatted dry milk slightly more than 5 pounds per person over the consumption levels of the same dairy foods in 1935-39.

Milton Hult, President of the National Dairy Council, stated milk production jumped from the prewar mark of 109 billion pounds to 119 billion pounds in 1949, an increase of 9 per cent. With milk the most widely used dairy food, about half of the milk volume from today's 24,625,000 cows is used for drinking and cooking. The other half is processed into butter, cheese, ice cream and a myriad of other products ranging from powdered milk to pharmaceuticals. The retail value of this annual output is estimated at \$10 billion.

Declaring that the consumption of dairy foods is influenced to some extent by price, Mr. Hult said milk is less expensive than most other basic foods, according to the most recent information from the Bureau of Labor Statistics, U. S. D. L. For example, meat, poultry and fish are still up 131 per cent. But milk is up only 6 per cent over prewar. All food prices are still approximately 108 per cent higher than prewar.

SENIOR NEWS

The Seniors had a party on Honey Creek Thursday night, April 20. Those present were Wanda Johnson, Barbara Rodgers, Bertha Moore, Donald Davis, Paul Allen, Wendell Burden, Bud Norrod, Benny Collins, Derel Pillington, Bobby Ratliff, Lester Simpson, Raymond Lane, Mary Nell Keller, Margaret Hampton, and Milton Williams.

We want to thank our sponsors, Mrs. Johnson and Mrs. Grey. After the party we went to Clairette skating. We all had a wonderful time.

JUNIOR NEWS

The Juniors had their play April 26. We were pleased at the amount we made on it.

We are trying to plan a party or picnic but are having quite a bit of trouble doing it.

The Juniors are in charge of the Mirror this week. Joy Griffith is acting as editor.

FRESHMAN NEWS

This is the fourth week of the last six weeks of school. School will be out May 19.

Last Wednesday the baseball team went to Granbury to play ball. We lost the game by a few scores.

Friday the team played Valley Mills and the victory was ours by several scores.

BAND

Thursday, April 27, the band went to the first annual band festival at Granbury. There was a parade in the morning and all the bands marched down town. Each band played a concert for criticism. The Hico band got second division.

Part of the band played in the massed band concert that night. We enjoyed ourselves very much. The band has three more trips scheduled before the end of school.

SPOTLIGHT

Starting with April 17 let's see who has been seen, where, with whom.

This seems to be an exciting week, since a lot of couples were out at all hours of the night. Monday night seen after the recital and play practice were Paula and Clinton, Wanda Nell and Derel, Jim K. and Billie F., Jo S. and Ralph, and Paul and Mary Nell.

Tuesday night seen riding around were Louise and Earl, Paula and Clinton, Jo S. and Ralph, Charlotte and Buck, Mary Nell and Paul and Betty and Wendell.

Wednesday night there were a few couples around such as Mary S. and Fred J., Charlotte and Buck, and Jo and Ralph.

Thursday at the Senior picnic were Bertha and Milton, Lois and Donald, Paul and Mary Nell and Benny and Brbara seemed to be having a nice time. Seen skating were Jo M. and Bobby R., Wendell E. and Frances McCullough, Margaret H. and Raymond Lane, Jim and Billie Jean, Jean S. and George K., Myrna and Roline and Oh! Betty Jane, what was so interesting in the corner at the skating gym? Seen at the show at Stephenville were Joy and Dwain.

Friday night Mary S. and Fred J. were together. Also at Stephenville were Lois R. and Monte M. and Dorothy R. and Doak S.

Saturday seems to find everyone in different directions. At Hamilton were Patsy J. and Roy Mc, just fooling around (so Pat says.) Jo S. and Ralph and Jo and O. J. seem to like rodeos or though it seems. Also seen were Benny T. and Carol G. In Stephenville were Betty and Neal with Roline and Myrna, Clinton and Paula, Lois R. and Cecil H. and Lois G. and Donald. At Dublin were Joy and Dwain. Skating at Clairette were Jim and Billie F. and Mary Nell and Paul.

Sunday evening and night were Paula and Clinton and Charlotte and Buck Mary Jo and Royce and Betty and Wendell were at church.

Monday night after play practice Jo and Ralph were riding around.

Tuesday night the Juniors had their class play. It seems that everyone was there. At the play and after it were seen Paula and Clinton, Jo and Wendell, Jim and Billie Jean, Myrna and Roline, Jo and Ralph, Mary Nell and Paul, and Charlotte and Buck.

It seems that Wednesday night, since there was no show the couples just stayed home.

Thursday night skating were Jim and Billie Jean, Betty and Wendell, Mary S. and Bobby R., and Jo and Ralph. At the show in Hico were Myrna and Roline, Paula and Clinton and Joy and Dwain.

Friday night Mary S. and Bobby and Jim and Billie Jean and Betty and Wendell were at the Ranch party.

Saturday night Mary and Bobby, Betty and Wendell, Paula and Clinton, Jim and Billie Jean, Myrna and Roline, Patsy and Roy, Mary Jo and Royce, Barbara and Garland, Charlotte and Buck, Jo and O. J., Jean and Don, and Jo and Ralph.

Sunday night at church were Charlotte and Buck. After church Joy and Dwain were together. Fred J. had two girls for a while but later he got rid of one of them.

THE "GIVE AND TAKE" SHOW, heard every Saturday over CBS, revolves around the sparkling personality of heavy set, dynamic **John Reed King**...

John Reed King... As emcee of the popular daytime audience participation show, King exhibits an amazing mike technique developed during his 12 years in radio...

J. R. KING... His smooth but booming voice, combined with ease of manner and essential good humor, make every performance of "Give and Take" a warm, interesting and enjoyable episode for the theatre audience, as well as for the millions who listen to the show at home.

Perhaps the key to John's amazing success as a radio "master of ceremonies" is the fact that he really likes and understands people... A Princeton-trained psychologist, he gets a great kick out of interviewing and questioning the hundreds of men and women who participate in the "Give and Take" show. He was 16 when he got his first job in radio—announcing for an orchestra... Since then he has covered all types of broadcasts and special events... He has interviewed thousands of women on "Give and Take" and his other radio and TV shows and has decided that there is only one thing they are really sensitive about—their weight!

"I've given away so many refrigerators on "Give and Take" I get fan letters from ice cubes," he claims. And he's just the kind of a guy who probably answers them, too... Friendly and intelligent, this husky six-foot quismaster is as informal as a village postmaster and more unpredictable... Studly engineers sport gray hair like winter wheat when King grabs a mike and dashes about in the audience, one lone bow tie in a swirl of sequins and shopping bags.

King has unbounded optimism in the future of audience shows in radio and television. "Unrehearsed programs have the verve and zip of a frisky puppy on a postman's picnic."

Game, Fish and Oyster Commission Working For Benefit of Anglers

Austin, May 2.—The new exploration and research program launched by the Gulf States Marine Fisheries Commission is viewed by the Executive Secretary of the Texas Game, Fish and Oyster Commission as bearing great promise for commercial and sport fishermen.

The undertaking will emphasize examination of fish life in previously uncharted angling areas in a broad step toward developing new fields of profit as well as of recreation.

For the average Texan, particularly the inland residents, fishing ordinarily means matching wits with a wary catfish or trying to outguess a fighting black or white bass, or even to lure a tasty crappie or other pan fish to the stringer. Expanded fresh water facilities stress the land lubber's needs. But the scope of the game and fish department does not end there.

For, down on the coast, a vast industry is centered around providing boats, tackle and guides for the throngs living in that area and for visitors from inland Texas and from far beyond. Just as vital and probably a greater economic asset, is the commercial fishing industry which brings in the shrimp, oysters and other marketable salt water species.

The fact that Louisiana, Alabama, Georgia and Florida share the same outlook was a mighty factor in harnessing up the coastal team along with the Fish and Wildlife Service to get the job done.

The Executive Secretary, who is vice-chairman of the organization said the marine biologists foresee great new opportunities in the deeper sea areas distant from the shoreline—areas which have never been developed for spot fishing or for commercial fishing.

Two vessels obtained from the Fish and Wildlife Service have been outfitted. One will be equipped with all kinds of fishing gear to do exploratory work off the shore. The other will specialize in research—a sort of marine scientist's dream. It will check the water temperature and record currents and other data which vitally affect fish life. It also will be rigged to study the water for fish life. The entire life cycle of microscopic organisms necessary of the denizen of the deep will be charted. The affect of the new trade stimulant will be felt far beyond the coastal boundaries.

Fish Stocking Progress
The Chief Aquatic Biologist of the Game, Fish and Oyster Commission has observed that ranchers and farmers, in utilizing all possible resources to better living conditions, are finding wildlife an indispensable factor. To this end the trend is toward stocking ponds and tanks with fish. Some farm ponds that are only an acre in size have produced three or four hundred pounds of fish annually.

Proper management and education have had an important part in this development. The popular opinion of laymen that the more fish planted in a lake, pond or tank, meant more fish and better fishing has been discounted by the biologists. This has permitted distribution of fish fry over a greater area, with consequent benefit for all.

There is a definite limitation to the number of fish a certain area can support. If the place is overstocked, and without the proper balance of species the result is runt fish and disappointed anglers. Thus when land owners send in their applications, the Game Department judges by the description of the pond, tank or lake what kind and how many fish are needed. The landowner or tenant has a part in this planning too. He has to describe the area and to be particularly accurate in stating whether his waters are being stocked the first time, or are being re-stocked.

Lee Trantham celebrated his 84th birthday Tuesday, May 2 and stated that he had lived in Hico since 1886. His wife is 80.

Businessmen Wise Spruce Up Stores, Stock Up, Advertise

Many small retail stores and service establishments become casualties or produce low earnings because the operators fail to avail themselves of information which would help them succeed, according to Ray L. Miller, Regional Director, of the U. S. Department of Commerce in Dallas, Texas.

Ten factors which can lead to success in retailing are discussed in leaflet prepared by the Department and issued as part of a series of "Small Business Aids" which are designed to help small businessmen improve their operations. Desirable location, skillful buying, adequate financing, effective stock control, sound merchandising, proper pricing, adequate records, good service to customers, a friendly personality and good housekeeping are factors generally associated with successful business operation, the leaflet points out.

The greatest service the retailer can give his customers is to provide the merchandise they want when they want it. Failure to furnish such service results in the loss of many profitable sales and sometimes the future patronage of the customer.

Good housekeeping is a valuable contribution to the success of retail stores and service establishments. Some stores attract customers because they are well-ordered; others lose customers because of fresh paint, good ventilation and their disorder. Adequate light, orderly arrangement of merchandise invite patronage, said Miller.

Chickenpox Common Communicable Disease Prevalent At This Time

Austin, Texas, May 2.—Has chickenpox come your way? If it has, or if it does come your way in the future, the first thing to do is to call your physician, says Dr. Geo. W. Cox, State Health Officer.

Chickenpox is a common communicable disease caused by a virus. It occurs most frequently in the winter and spring among children, less than 15 years of age. The virus is present in the discharge from the mouth and nose and from the small blisters which contain a watery fluid. Chickenpox is very contagious and is probably spread by direct contact with the patient. Chickenpox begins from about 14 to 21 days after exposure, usually with feverishness and loss of appetite. Within about 24 hours, the skin breaks out in small raised, rose-pink spots which change into blisters. The blisters quickly become crusted with scabs which eventually fall off. The scabs are not contagious. Each crop completes its course from rose-pink spots to crust in from two to four days.

Scratching or picking at the blisters may cause serious sores and disfiguring scars. The doctor will probably suggest a remedy to relieve the itching, which may be severe. Usually the child is not very ill and begins to feel better in from one to three days.

Warning—Chickenpox is an entirely different disease from smallpox. But when a person has not been vaccinated, mild smallpox is sometimes mistaken for chickenpox, because the early symptoms are strikingly alike. Smallpox is a serious disease which spreads rapidly among unvaccinated persons.

At the first signs of what appears to be chickenpox, call your physician so that an early diagnosis can be made. If he finds that the patient has smallpox, prompt vaccination may save other members of the family and outsiders, who have been exposed, from an attack of the disease.

New Contest Added To 4-H Club Program In Texas For 1950

A brand new contest has been added to the 4-H Club program in Texas and 20 other states, the National Committee on Boys and Girls Club Work has announced. Named the 4-H Public Speaking Program for 1950, it will be conducted through the State Club office and County Extension agents. If any state prefers to conduct a 4-H Radio Speaking program, or a combination Public Speaking and Radio Speaking program, it may do so, according to the announcement.

Among the suggested subjects are: What 4-H Club Work Has Done For Me; My Home and My Community; Making the Farm and Home Safer; Agriculture and Petroleum; How 4-H Club Work Contributes to Good Citizenship; Homemaking as a Career; What 4-H Members Can Do to Promote Good Government. Talks must be original.

As incentives for outstanding achievement in the contest, gold-filled medal awards are provided for the boy and girl winner in each participating county by the Pure Oil Company. State awards comprise a set of silverware in a handsome chest for the outstanding girl, and a standard American made 17-jewel gold watch for the top ranking boy.

Winners on both county and state levels will be determined on the basis of 50 per cent on what the participants say, and 50 per cent on how they say it.

County Extension agents will furnish complete information regarding this new contest.

Program on Hawaii Given Review Club At H. E. Cottage

Mrs. Marvin Marshall gave one of the best programs of the year in her review of the Hawaiian Islands at the April 27 meeting of the Review Club. Mrs. John Appley was hostess at the Home Economics Cottage.

All members were present with the exception of Mrs. W. F. Hafer. Mrs. L. N. Lane, associate member, and Mrs. J. A. Guyton, honorary member, were present. Guests were Miss Jo Ann Mosley, Mrs. W. P. Mauk and Gay Goodman.

In the business session, the Club heard a report from the program committee that the yearbooks were ready for the press.

From a national meeting of Federated Clubs in Florida, Mrs. Marshall, club president, received a request urging club members to vote in opposition to "compulsory medicine." The vote will be taken at the following meeting.

Refreshments of congealed pineapple salad and tea were served. Excerpts from Mrs. Marshall's discussion of the Hawaiian Islands are given below:

Mark Twain said of Hawaii, "the loveliest fleet of islands that lies anchored in any ocean." They are in mid-Pacific, two thousand miles from the nearest continent and a thousand miles from an inhabited island—the most isolated spot on earth.

The climate has won for the islands, the name, "Paradise of the Pacific." The highest temperature in 44 years was 88 degrees; the lowest, 56 degrees.

The native people of Hawaii belong to the Polynesian race, and they came to the islands about 1500 years ago. They found no living creatures, save small insects and birds. They found no snakes or monkeys.

Fairy

By Mrs. Eunice Massengale

We received some rainfall last Saturday with a cool nother over the week end and on Monday night we received more rain, which was needed on crops and gardens.

We were sorry to learn that Mr. and Mrs. Steve Walker of near Baird were killed during the tornado there last Friday. They were the father and step mother of Mr. Hoyt Walker of Marble Falls, but formerly of Fairy. We extend sincere sympathy to them in their deep sorrow.

News was received here Sunday of the death of Mr. J. W. Stewart, who was visiting in the home of his daughter, Mrs. Lillie Bishop of Clairette. Mr. Stewart and family resided in the Mt. Pleasant community near Fairy for many years and had many friends here who were grieved to learn of his passing. A granddaughter Mrs. Walter Abel, who resides near the old Stewart home place is the only relative residing in this immediate community. Mr. Stewart is survived by six daughters and two sons, Mrs. Core Thomas, Iredell; Mrs. Lillie Bishop, Clairette; Mrs. Florence Shepard, Hico; Mrs. Wallace Oglesby, Cranfills Gap; Mrs. A. D. Palmer of Lorraine and Mrs. C. C. Gibson of Kermit. The sons are Noel Stewart of near Cranfills Gap and Brooks Stewart whose address we failed to obtain. One daughter, Mrs. Amy Glover of Cranfills Gap passed away in May, 1945, and two children died in infancy. He is also survived by a number of grand-

children and great-grandchildren and four great-great-grandchildren. Mr. Stewart was born in Alabama in 1868 and came to Texas when just a young man where he was later married to Miss Mollie B. Johnson, who passed away in 1909. She being the mother of the eleven children mentioned above. In 1911 he was married to Mrs. Greenwood, who passed away several years ago. Her children, Mrs. Lucille Battershell of Hico and Mrs. Gertie Mullens of West Texas and another daughter, Ola of Waco also survive. Funeral services were held at the Clairette Baptist Church with a grandson, Rev. Cecil McLittle of Sterling City, assisted by Rev. Davis of Hico conducting the services. Interment was in the Clairette Cemetery by the grave of his first wife, who passed away at the age of 37. We extend deepest sympathy to all in their bereavement.

Mr. and Mrs. Alvin Hicks and family, also their daughter and husband, Mr. and Mrs. Christian of Hico attended church here last Sunday and visited in the home of her sister, Mrs. T. J. Jackson and family. Mr. and Mrs. Carl Ray Sellers, Carolyn and Jimmie Don and her mother, Mrs. Eunice Massengale, visited Sunday with their sister and daughter, Mr. and Mrs. D. E. Allison, Ruby Jean and Darrel of Dublin. Last Friday was Ruby Jean's fifteenth birthday. The writer baked her a cake and carried to her, along with gifts. Those from here attending the funeral services of Mr. Stewart last Monday whose names we secured were Mr. and Mrs. Ted Arrant, Mr. and Mrs. John Abel, Bill Abel, Mr. and Mrs. Walter Abel and family, Mrs. Gladys Cox and Mrs. Eunice Massengale. Mr. and Mrs. Carl Ray Sellers and little son, Jimmie Don were in Waco Tuesday having the baby fitted in an ankle brace to correct conditions resulting from an attack of polio last November.

Baccalaureate services will be held at the school gymnasium next Sunday night, May 7. On Monday night, May 8, the P-T.A. will entertain with a get-together social at the gymnasium for their last program of the year. Graduation exercises will be held on Friday night, May 19.

Our school will close the 19th of May with a basket lunch served at the noon hour. There will be some ball games and other forms of entertainment. The "Wedding of the Flowers" presented last Friday night by some 60 children and sponsored by Miss Nelda Poe, faculty member of our school, was well attended and enjoyed by all present. Mrs. Guy Lockhart of Pidooke spent Tuesday with her mother, Mrs. V. H. Heyroth, Tuesday being her mother's birthday. She brought a birthday cake and nice gift. Mr. and Mrs. W. E. Goynes and daughters attended the home coming at Tarleton State College in Stephenville last Sunday.

Miss Nell Joiner, nurse at Snyder, was week end guest of her sister and family, the B. A. Gleasons.

LOCAL GIRL APPOINTED TO STAFF OF NEWSPAPER PUBLISHED AT TNCW Denton, Texas, May 2.—Miss Frances Angel, daughter of Mrs. Bryan Angel of Hico, has been appointed Thursday editor of the Texas State College for Women Daily Lass-O student newspaper, for the 1935-36 school year.

Miss Angel, junior journalism major, is a member of Theta Sigma Phi, national journalism fraternity.

W. A. Cox Buried Here, Was Pioneer Resident of Hico

Walter Arris Cox, 76, Spanish-American War veteran and former resident of Hico, passed away April 25 in the Veterans' Hospital in Dallas after a long illness.

A resident of Dallas for the last two years, Mr. Cox was a pioneer rancher, insurance and real estate agent in Seminole, Texas. He was active there for 36 years in civic and religious circles, being a charter member of the Presbyterian Church.

Born in Baldwin, Mississippi, he came to Texas in December, 1885 with his parents, Mr. and Mrs. W. J. Cox, and his two brothers, Howard and Oscar, settling first in Hico, where he lived for twenty years or more.

In San Angelo he enlisted for service in the Spanish-American war, serving with Company E, Third Texas Infantry. Later he lived in Miles, Texas, and went to Seminole in February, 1912.

After having been agent for the Camden Fire Insurance Company of New Jersey for 23 years, he was presented with a plaque, in recognition of his efficient and outstanding work with the company.

Funeral services were held Wednesday morning, April 26, at Sparkman-Brand Funeral Home, with Dr. W. A. Welsh of East Dallas Christian Church conducting, assisted by Chaplain McLaughlin and Chaplain Nelson from the Veterans Hospital. Services were concluded by the Fitzhugh Lee Camp 4 in Dallas, of which Mr. Cox was a member. Burial was in Hico, with committal services conducted by Rev. William LeMay, pastor of the Hico Christian Church.

Funeral Services At Clairette Monday For J. W. Stewart, 81

Funeral services for James William Stewart, 81, were held at 2:30 o'clock Monday afternoon at the Clairette Methodist Church with a grandson, Rev. Cecil McIntire of Crystal City, and Rev. L. H. Davis, pastor of the Hico Baptist Church officiating. Burial was in Clairette Cemetery, with Barrow-Rutledge Funeral Home in charge of arrangements.

Mr. Stewart was born December 26, 1868, and passed away Saturday night in Clairette at the home of a daughter, Mrs. R. H. Bishop. Born in Alabama, he came to Texas in 1908, having married Mollie Rebecca Johnson on January 26, 1888, who died March 29, 1909. They were the parents of eleven children, two of whom died in infancy, and a daughter, Amy, who died in 1945.

In 1911, he was married to Millie Janie Greenwood, who preceded him in death September 6, 1941. In 1925 he moved to Mitchell County, and lived there until six weeks ago. He was a member of the Oak Street Baptist Church in Colorado City.

Survivors include six daughters, Mrs. J. F. Thomas of Iredell, Mrs. R. H. Bishop of Kermit, Mrs. E. C. Gibson of Kermit, Mrs. E. Shepard of Hico, Mrs. A. D. Palmer of Lorraine and Mrs. G. D. Oglesby of Cranfills Gap, two sons, A. B. Stewart of Colorado City and N. E. Stewart of Cranfills Gap; two step-children, Mrs. Lucille Battershell, of Hico and Mrs. M. D. Mullins of Talco; 23 brothers and two sisters; 23 grandchildren, 37 great grandchildren, and four great-great grandchildren.

Palbearers were Grady Wolfe, Les Dowdy, Earl Mayfield, John Golightly, W. E. Alexander and H. Self.

Cub Scout Scribe Says Den Two Has Fun At Friday Meeting

April 28, Den 2, Boy, we had a good meeting tonight. We met at our Den Mother's and worked on program for county fair and worked on our Mother's Day gifts.

First we went to the water works. Mr. J. R. Bobo showed us all the machinery. Next Mr. Roy French took us for a ride on the fire truck. Gee, we had fun! Then we went through the jail. After that we came back to the house and worked some more. Then we had refreshments.

We would like to thank Mr. Bobo, Mr. French and Mr. E. F. Williams for the nice time.

Steve Oglo,
Keeper of the Duckskin.
