New Subscriber Has Fond Memories of Prof. Randals

Among our letters from subscribers this week is one which brings further recollections of the Randals family, who were the subject of a feature story a couple of weeks ago. J. C. Walker of Bluff Dale mailed a check for a subscription and wrote the following complimentary remarks:

Bluff Dale, Feb. 26, 1951.
Dear Editor:
Perhaps you are wondering why anyone from Bluff Dale would be sending in a subscription to your paper. Well, it's like this—I was once a resident of Hico, 40 years ago.

I attended school under the tutelage of Professor Ben Randals, known as the Hico Advance School. He was one of the best friends I ever had. In fact, I thought as much of him as if he had been my own kin.

In referring to him I have often compared him to William Jennings Bryan, the orator from the Platte.

By the way, I have in my possession a letter which I received from Professor Randals 37 years ago, which I prize very highly.

Incidentally, we were next-door neighbors to Professor Randals while living in Hico.

Sincerely,
J. C. WALKER.

T. T. Roberts, Route 2, came in the office Monday to renew his paper, as he said he had been intending to do since his time expired recently.

"Like a letter from home," is the way Mrs. J. M. Anderson of San Angelo describes the News Review. Mailing a renewal check in her letter, written February 20, Mrs. Anderson said, "Today is my birthday. I am 90 years old. My daughter with whom I make my home, Mrs. Lillie Proxell, wanted to give me a birthday party, but I just wanted it like I have always had it—quiet, at home."

Mr. and Mrs. Clarence Bright of the Salem community came in Saturday to renew their subscription. "We get kinda lonesome without the paper," they said.

Believing he got his money's worth, Mitchell Bales, Route 1, renewed his subscription for another year. He said he guessed it was worth \$1.50 to make the card and file it.

While in town Saturday, Mrs. R. L. Calder paid a visit to the NR office and renewed her subscription.

Dickie Frank Jones, young son of Dick Jones, came to town with his neighbor, Edgar Elliott, Monday. As he seemed to be the one to decide when it was time to leave, we presume he brought Mr. Elliott into the office to renew his subscription. Dickie showed a great deal of interest in the Linotype machine.

"Your wheels are turning" used to be what the editor and his kid cronies liked to holler from a safe distance at visiting motorists in the early days of the automobile—just to see if they would get excited. That was the same remark made by F. V. Noland, who came up from his present haunts below the court house, Hamilton Route 1, to renew his subscription. But he didn't scare the editor, who was already scared he might miss an issue if he didn't keep his head in that infernal machine.

Mrs. John Trammell, City, who is always cooperative enough to try to hunt us up when the office seems to be running itself, displayed a further spirit of cooperation Monday by renewing her subscription and turning in some news. She is just now recovering from a recent illness which required transfusion of four pints of blood, and says she is going to stay well just for spite.

Currency to Be Displayed March 12-17

An exhibit of paper currency dating back in United States history to the Colonial period is coming to the First National Bank the week of March 12-17. The display will be shown in the interest of the public, and visitors are welcome to inspect it in the lobby of the bank during banking hours.

Only paper money will be shown, and the display is to include almost every type of note, bill and certificate which has been circulated as money in the United States from the early Colonial period to the present day.

Money tells the story of a people and has continued through the years to be interesting to coin collectors and historians as a source of study. The various series reflect trends in ways of living and depict characters of outstanding importance in history.

The large-sized notes (now often called "saddle blankets"), which circulated formerly, carry the engraved portraits of a variety of celebrities: eleven United States Presidents, seven Secretaries of the Treasury, eight Secretaries of State, several great American generals, governors of states, eminent jurists, scientists, inventors, explorers, one Indian chief, and one woman—Martha Washington—and others.

Modern currency has been made uniform as to portraits on the backs. For instance, all \$5 notes, whether a United States note, a silver certificate, a Federal Reserve note, or national currency, have Lincoln's photograph on the face and a view of the Lincoln Memorial on the back.

Except for the "demand notes," issued by the Treasury in 1861, and the first three series of fractional currency, every piece of fractional money of the United States bears the seal of the Treasury Department. The seal is in the form of a shield, showing the balanced scales of Justice, a key for Honesty, and a square for Security.

On the earlier series of United States paper currency there appeared a great variety of seals as to color, size, and arrangement. An examination of Frames 4 to 12, of the 15 frames in the display, will disclose many variations of the Treasury Department's seal. However, with the introduction of the small-sized currency in 1929, seals became uniform in size and color of ink used. There has been some variation in the position of the seal on the face of the notes, particularly on silver certificates.

The different types of paper currency to be included in this exhibit are listed below: Colonial and Continental notes, obsolete bank notes, Treasury notes of the Republic of Texas, Texas Treasury Warrants (Civil War Issue), postage and fractional currency, United States notes and Treasury notes, coin notes (payable in coin), silver certificates, Federal Reserve bank notes, National bank notes and notes of the Confederate States of America.

City and County to Cooperate In National Civil Defense Plan

Volunteer Army of Civilians Will Guard Us From Disaster

By Walter A. Shead
(This is the first of five articles on civil defense.)

A TALL, LEAN, SQUARE-JAWED, broad-shouldered man sits in a temporary office in one of the many converted government buildings, a short two blocks from the White House. His name is destined to become well known to millions of Americans. He is Millard F. Caldwell, former governor of Florida, who has been handed the tremendous responsibility of the nation's civil defense and who will head up a volunteer army of civilian Americans which will total some 20,000,000 men and women in every state of the union.

His immediate job is to weld together a small force of approximately 3,000 paid employees, approximately 1,000 of whom will be administrative workers here in Washington, the rest field officers in various states and strategic areas.

At the same time, he must start from scratch to train these people who will in turn train his 20-million-man army in an entirely new field of civilian defense warfare—a type warfare new to civilization in which the mode of defense is largely over pioneer and untrod paths, and in which men, women and children, untrained, without knowledge of possible defense—may be helplessly slaughtered by the thousands.

Governor Caldwell must come up with the answers to these questions: What can I do to protect myself and my neighbors if an atomic bomb is dropped in or near my home? What about a hydrogen bomb? What protection do I have in case a bacteriological bomb or balloon is loosed in my community? What defense is there against radiological warfare? Or the dropping of insect pests or plant disease to destroy crops and animals?

Governor Caldwell believes that it is entirely within the realm of possibility that the American people face one or all of these terrible methods of modern warfare if the nation should get into a full-scale war with Russia. The extent would depend only upon the enemy's ability to pierce our air defenses, our sea defenses and just how far the Russian's were determined to go.

So a well-trained civilian army is as essential to the nation's defense as a well-trained and equipped military force; is just as essential, and possibly more so in saving the lives of American civilians and, without civilian all-out production our military cannot move.

There are defenses to atomic bombs, to attacks against health

Sol Blair Jr. Appointed Local Coordinator for Extensive Preparation

War on the homefront will soon become a conscious thought in the minds of Hicoans, as civil defense is set up to prepare civilians in case of actual bombing, if it ever does occur here.

Although it seems highly improbable that Hico will ever be target for bombing, it is a factor which must be considered, agencies of national defense believe.

Hence, an intricate organization to educate and train the people in this preparation is being set up in every city, town and even in small communities throughout the United States.

At a meeting in the county seat last Friday, attended by W. H. Greenslit, mayor, and Richmond Herrington, fire chief, from Hico, organizational plans were set up, and E. R. Lawrence of Hamilton was appointed county coordinator of civil defense. Appointment was made through unanimous approval of city aldermen and members of the Commissioners Court present. The meeting had been called by County Judge H. B. Gordon.

Among the other men going to Hamilton for the meeting were Fern Jordan, commissioner, and Hobart Trimble from the Olin-Carlton area.

S. E. Blair Jr. was appointed by the mayor to serve as defense coordinator for the city of Hico. "Everyone is likely to be called upon to serve in this program of civil defense," Blair said, "and we will ask the public for 100 per cent cooperation, as an emergency could happen here at any time without warning or advance notice." He believes that it is necessary for every individual to realize the importance of this preparation in order that the community will be organized to prevent hysteria in the event that something should happen.

The defense effort is essentially voluntary, but federal and state governments plan to send out trained field workers to give instruction in the more technical operations. The help of every organization in the nation and of every individual will be enlisted not only to join in the civil defense, but also to prevent fear and hysteria so that a major catastrophe may be averted.

The government has been for months making detailed studies of the bombing of European cities in World War II, of the effects of the atomic bombs at Nagasaki and Hiroshima. They have worked out pattern and effects and defenses. The public health service and the American Red Cross have worked out detailed plans for health protection. The bureau of animal husbandry and the bureau of plant industry of the department of agriculture have a plan of action for defense against release of gases, pests and plant disease aimed at animal and crop destruction.

Annual Livestock Show Is Scheduled for March 21st

Plans for the 1951 Hico Annual Livestock Show, to be held in the City Park, Wednesday, March 21, are nearing completion by the local chapter of Future Farmers of America, according to an announcement this week from J. Kyle Love, vocational agriculture teacher.

Decision was made to take out the horse division, Love further stated, but he emphasized the fact that more entries are needed to make the show a great success. If a show is to be good, it needs a lot of entries in each division, something we did not have last year. Not only in the livestock division, but a lot of emphasis was pressed on displays of all sorts, such as implement companies, feed dealers, fertilizer distributors, home appliance stores, farm appliance stores and many stores too numerous to mention here.

"If you have something that you would like to show or exhibit, you need no invitation to bring your livestock or ware to the City Park in Hico on March 21 and put it in exhibition.

"Awards and entry fees will be the same as last year, Love said. This show is for the benefit of the community, and it needs the support of the community to make it a success. For the time of the show and events, consult your local paper," he said.

"There are going to be a lot of exhibits for each and every one to see, so let's all come out to see this show; but even better still, let's all get behind it and push it farther up the hill than it got last year. We need this help, Love said.

"There will be a beef, dairy, poultry, swine, sheep and goat division in this livestock show with prize money totalling around \$75 in all the divisions. In each division there will be the breeder and feeder categories," Love concluded.

Public Schools Week Expected to Arouse Interest of Citizens

In response to proclamations by the Governor of Texas, State Education Agency, Masonic Lodge and other organizations, local schools will observe next week, March 5-10, as Public Schools Week.

Tuesday night, March 6, the band will give a fine concert in the auditorium. Friday afternoon, March 9, at 12:40 p. m. there will be a general assembly program, school officials announced. Parents and patrons of the school are invited to attend these programs or any of the classes at any time they wish to do so.

"The schools are trying to meet the needs of the public in these trying times, where national unity is so vital to our future welfare," said O. C. Cook, Principal.

Malone's Cafe Scene Of Year's Greatest Loss Through Fire

Fire of undetermined origin gutted Malone's Cafe Monday morning shortly before 2 o'clock, and destroyed fixtures therein. Walls of the frame building, at the rear of the post office, stood after the fire, which was mostly confined to the interior.

Some insurance was reported on the cafe equipment and on the building, which is the property of the J. C. Rodgers Estate. An investigation was being conducted at midweek as to the cause of the fire.

Firemen called to the scene quickly got to work pouring water from two lines connected to city mains and from the rural truck in order to alleviate the threat to Barrow-Rutledge Funeral Home and other nearby business buildings.

Royal French was first fireman on the scene after being awakened by his wife who detected smoke filling their upstairs apartment nearby. Roy turned in the alarm, got out the fire truck and had one line of hose connected before other firemen arrived shortly thereafter.

Hico Furniture Man Buys Hamilton Store

Announcement was made in Hamilton this week of the sale of the Hays Furniture Company to the Coats Furniture Company of Hico. Mr. Coats is interested in another store at Hillsboro.

The change becomes effective this week. The new management invites the public to call and they promise the same quality of merchandise and type of service that has made other establishments a success. Hamilton Herald-News.

W. B. Coats of Hico, manager of the local store, stated to the News Review this week that he and his family would continue to make their residence in Hico, and that operation of the local store of the same firm would not be affected.

Mr. and Mrs. Billy G. Wood and young son, Barry, of Hamilton were here Thursday on business connected with his duties as county tax assessor-collector.

City Dads' Jobs Go Begging As Candidates Seem Slow to File

No visible response had been made to the notice of a forthcoming city election up until press time Thursday. Mrs. J. R. McMillan, city secretary, stated that there had been no names of candidates filed for the seats of two aldermen to be filled.

Last date for filing is Saturday, March 3, at 5:00 p. m. in the election to be held on April 3, as set forth in the official notice ordered last month under the authority of Mayor W. H. Greenslit.

The election is for the purpose of filling the vacancies in office created by expiration of terms of Weldon Pierce and Max Hoffman, the latter alderman having since moved to Mineral Wells. Pierce was not notified the newspaper as to whether or not he will be a candidate to succeed himself.

Hico Girl Cagers Take Prairie Valley At First Regional Play In Dallas

The Hico Girls' Basketball Team won the first round Thursday afternoon in Regional 3-B tournament, University Interscholastic League, currently being played in Dallas at SMU's Joe Perkins Gymnasium. Coach Willie Perkins relayed the message by telephone Thursday afternoon.

The opening game of the tournament slated Hico against Prairie Valley, and was won by a score of 49-27. Jo Jaggars scored highest with 35 points for Hico.

Hico girls are scheduled to play again Friday at 4:30 p. m., when they will meet the winner of the Keller versus Red Oak game. This game will be the first of four games to be played Friday by teams in the tournament.

Semifinals will be held Saturday morning, and finals Saturday at 7:00 p. m.

RUNNERS-UP IN OLD LEAGUE DISTRICT PLAY

Hico took second place last week in district tournament finals in the State High School Girls' Basketball League. Meridian Girls were district winners in this league and will play next week for state championship at Waco.

Third place in the tournament went to the Evant team. The final games were nip-and-tuck, with Meridian winning by a few points in the last few minutes of play.

Fairy

By Mrs. Eunice Massengale

We have received about one-half inch of rainfall since our last writing. We need a few days of fair weather in order that the grain sown and corn planted, as that time is almost here. Fields are beginning to look green, but so far it is not known just how much of the grain has survived the freezing weather.

We are very sorry to report Miss Nora Abel III at this writing. She was carried to the Hico Hospital Tuesday of last week. Her condition is still unchanged.

Mrs. Margaret Jones of Los Angeles, California, is visiting old friends and neighbors at Fairy this week. She has been visiting her sister in Dallas and came to Hamilton Thursday of last week for a visit with her sister-in-law, Mrs. Rena Grogan. She attended singing at Littleville Sunday afternoon and accompanied the writer home. Mrs. Jones is a former resident of Fairy and made many friends during her residence here. All are enjoying her visit while she is here.

Mrs. Gladys Cox returned home from the Hico Hospital last Thursday after being a patient there for several days with virus pneumonia.

Walter Porterfield accompanied his son, Marvin, and wife home last week and will remain until he shall have recovered from a virus attack. They live in Fort Worth.

Mr. and Mrs. Carl Ray Sellers and family spent Sunday in Dublin visiting in the home of her sister, Mr. and Mrs. D. E. Allison and family.

The writer and mother, Mrs. A. L. Newman, attended singing at Littleville Sunday afternoon.

Mr. and Mrs. E. M. Hoover were business visitors in Stephenville Saturday and returned by way of Dublin where they visited a while in the home of his parents, Mr. and Mrs. A. R. Hoover.

Mrs. Truitt Turner and little sons of Fort Worth were here over the week end to attend the wedding of her brother, Waldon Parks.

Mr. and Mrs. Leon Springer of Miles, Texas, spent several days here at their new home (the A. R. Hoover place). They were quite busy while here, trimming shrubbery and cleaning up about the place which has been vacant for several months. They were also here the first of this week, bringing down some seed coats and mak-

ing arrangements to get them sown.
Mr. and Mrs. Carl Ray Sellers, Carolyn and Jimmie Don, visited a while last Friday and Saturday in the home of his parents, Mr. and Mrs. N. S. Sellers of Hamilton, and to be with his sister, Miss Joy Marie, who is employed in Houston and was spending the week end with her parents.

PARKS-STREATER

Waldon Parks, son of Mr. and Mrs. T. R. Parks, and Miss Bobbie Dell Streater, daughter of Mr. and Mrs. Robert Streater of Lantham were united in marriage at the Ages Baptist Church last Saturday night at 7:30 o'clock, with the pastor, Rev. L. W. Allen, officiating in the double-ring ceremony. Alton Parks served as best man for the groom, and Miss Dorothy Jean Streater, sister of the bride, was bridesmaid.

Given in marriage by her father, the bride was attired in a navy two-piece suit with white trim. Her hat was also of navy with white trim, and she carried a white Bible with white satin streamers. White stock and chrysanthemums with greenery provided the altar decorations.

Mrs. Lester Roberts of Hamilton played the bridal march and was accompanied by her daughter, Miss Nancy, who sang "The Cause." Miss Doris Albene Streater registered the guests as each arrived, and Leon New and Junie Sills served as ushers.

Immediately after the ceremony a reception was held in the church classroom building, which was joyfully in blue and white decorations and laced-laid tables. Mrs. C. M. Broyles baked the three-tiered wedding cake which was very beautiful with a miniature bride and groom atop the white frosting and blue rosebud trim.

The ladies of the Ages church served delicious fruit punch and home-baked cake to the guests.

Waldon and Bobbie Dell are graduates of Fairy High School with the class of the Spring of 1948. Waldon has been attending school in Fort Worth and has also had employment there since his graduation here. They will make their home in Fort Worth.

GIRLS 4-H NEWS

The Fairy 4-H girls met last Wednesday, Feb. 21, with 19 members present. We mixed oatmeal cookies, but didn't bake them.

Mrs. E. A. Gleason brought us some baked ones, which she let us sample.
After that we learned to enter a corner on a piece of material.

EIGHTH GRADE NEWS

School was planned to be held Saturday, but because of the bad weather it was postponed.
Most everyone is reading new library books. The additions bring our total to 98. This does not include a new 15-volume Encyclopedia and several Dictionaries.

We enjoyed basketball games last week. We went to Carlton on Feb. 23, and the Fairy girls won 15-11. The boys lost a game 29-30. Shirley Clark and "Slick" Harley were high scorers. Tired and weary, we went to Pottsville following one of the hardest-fought games of the season, 32-30. Once again Harley scored highest for Fairy. If my addition is correct, we have scored 284 points to our opponents' 280. We realize this is not a large margin, meaning that we're going to work even harder the remainder of the season.

Girls Win Basketball Tournament; They and Boys Sweatered Out

The Carlton Girls' Basketball Team snapped the victory string again the past week by winning first place in an invitation tournament held at Clifton Thursday, Friday and Saturday. The local team is composed of Lunora Wittingham, Sherie Thompson and Mary Helen Walton, forwards; Wanda Jean Chambers, Johnnie D. Prossie and Geraldine Turner, guards; Helen Whitehead, Gwenda Williams, Nila Robertson and Dora Thompson, substitutes. The girls are coached by Supt. Herman Walton.

Each game was a nip-and-tuck affair, with the girls winning each game by a close decision. Thursday afternoon at 5:30 they played Jonesboro, winning by a score of 22-20. The boys lost to Cranfills Gap Thursday night.

The girls won a breath-taking game Friday night from Midway, with a score of 29-28.

Saturday night they played for the championship title against the Cranfills Gap team and won by a score of 22-21. The entire last game was played without a substitution of players, and the girls resorted to freeze tactics in the five waning minutes of the game.

The girls received for their

splendid work a lovely gold trophy, and two girls, Lunora Wittingham, forward, and Wanda Jean Chambers, guard, were placed on the all-tournament team, each receiving a silver basketball.

The Carlton Rams, coached by Aubrey Roberts, and the girls' team, coached by H. W. Walton, are sporting new basketball sweaters this week. They are white with a red letter. Those receiving sweaters were Ross Brown, Donald Williamson, Jerry Yocham, Fern Gene Jordan, Kenneth Munselle, Don Thompson, Marvin Tatum, Sherie Thompson, Geraldine Turner, Johnnie D. Prossie, Wanda Jean Chambers, Helen Whitehead, Mary Helen Walton, Inez Theiford, Dora Mae Thompson, Lunora Wittingham, and Coach Walton.

Lunora was high scorer of the tournament.

Both teams will enter the tournament at Jonesboro this week end.

Joe Turner returned home Monday from Oklahoma City, where he has been employed for several years, to visit his parents, Mr. and Mrs. Henry Turner before leaving for Roswell, New Mexico, on March 18 where he will enter service in the Air Force.

Mr. and Mrs. Jess Reeves spent the week end in Marshall with her brother, R. J. Sowell, and family and in Tyler with her brother, Hal Sowell, and family and their mother, Mrs. Hattie Sowell.

Jeff Rallsback of McLean, Mr. and Mrs. Ed Rallsback of Pampa, Sam Rallsback of Snyder, Fred Rallsback of Bay City, and Mrs. James Bone of Stephenville were called home Saturday night because of the serious illness of their mother, Mrs. S. C. Rallsback. She was carried to the Hico Hospital Saturday night, and was reported some better Monday.

Mrs. Conrad Roberson and children, Mrs. J. L. Williams and children and Mrs. Jim Pierce, visited in Dublin Wednesday afternoon with Mrs. Loyd Maikell and new baby twins, a boy and a girl, born February 17 in the Dublin Hospital. The mother is the former Miss Ella Jean Box, formerly of Carlton.

NOW IS THE TIME TO PAINT!

There is a strong chance that good paint may be hard to get soon— if today's trend to a wartime footing follows the pattern set during the last war.

Good outside house paint was short during and following war years because it was made basically of lead, titanium, or zinc oxides, all of which were then, and are today, critical war items.

Those thinking about having their home painted would do well to get it done now. The good paint is available and so is the skilled labor. Then since this is the tag-end of what we call the "off season" in painting, it is possible to get a more economical job now than perhaps for a long time to come.

WE HAVE A FAIRLY GOOD SUPPLY OF QUALITY HOUSE PAINT —How long we'll be able to keep our stocks up, no one can say.

See our skilled experts for recommendations on what kind of paint you need to do your particular job—interior or exterior. This service is free, of course, and we will be glad to provide color charts and samples, and give you the benefit of our years of experience.

APPRECIATED LETTER ABOUT FIRST GIN IN HICO

Loving, New Mex.
February 8, 1951

Dear Mr. Holford:
I read with a great deal of in-
terest, the interview you had evi-
dently had with Roy Barbee, also
the letter from Mrs. E. W. Handy,
who asked about when the first
gin was established in Hamilton
county.

I well remember Doss Barbee,
also when he was married to Miss
Eleanor Wood (who later became
the mother of Roy Barbee), but
I'm sure that Doss Barbee did not
establish the first gin in Hico, as
it must have been in the middle
1890's when he operated a gin
there. It is entirely possible that
his father, John Barbee, did erect
the first gin in that part of the
country, as he established the first
mill, flour and grist, in the town
of Old Hico, there on the banks
of Honey Creek, and I have under-
stood that he moved that machin-
ery to the present location of Hico,
when the people of the town
moved there in 1880, in November.

I'm sure that Jim Rosamond op-
erated a gin in Hico long before
Doss Barbee engaged in the busi-
ness, and it seems to me now that
a man named Ed Hickman formed
a partnership with Doss Barbee
and they erected one of the most
up-to-date gins in that part of the
country, up to that time.

Mr. Hickman lived there on the
place known as the J. N. Davis
place, about a mile and a half
south of town, on the east side of
the Fairy road, and I'm sure that
the Alice Hickman, whose death
you reported in your paper last
week as Mrs. Wily, was born on
that place.

I think it is possible that Joel
Fisher, who for many years owned
and operated the roller mill there
in Hico, operated one of the first
gins in that part of the country,
as I well remember being in the
mill there just north of the mill
when I was a lad of eight or ten
summers, or in the late 1880's, and
although I do not recall who was
acting as ginmer, a Mr. Waller
whom all OLD TIMERS there will
remember, was operating the press.

This Mrs. Handy is evidently a
daughter of Henry Moss, who es-
tablished the first nursery in that
part of the country, a little west
of where the Greyville school was
located. Mr. Moss was surely a
worker and he was well versed in
the nursery business, it being a
great loss to that part of the
country when he passed on. It is pos-
sible that Mrs. Jack Woods, who
now lives in Dallas, could furnish

some definite information about
who established the first gin there,
as since the passing of George
Crist, Mrs. Woods is one of the
oldest of the old timers in that
part of the country.

I do not know if Mrs. Nora Fag-
gard Langston is yet living there
in Hico, but she is another of
those old timers, as is J. J. (Maze)
Smith.

Perhaps I have "butted in" where
it is none of my business but I
know some of the statements I
have made are facts.

The Joel Fisher I have men-
tioned built the house where J. P.
Rodgers Jr. now lives. I have
written to Frank Fisher (son of
Joel), who now lives in Beau-
mont, Texas, and if his version of
the gin business is very different
to what I have stated I shall let
you know.

Yours very truly,
ALSEY ALFORD.

County H. D. Clubs To Make Garments For Polio Patients

By BESS BROWN
County T.H.D.A. Chairman

If our Hospitals for Crippled
Children are able to take care of
our victims this year, we must
help by making the little clothes
that are so much needed by these
institutions.

This appeal is to every woman in
Hamilton county. Your child may
be next.

All children wear clothes that
are the property of the hospital,
while they are there.

In order to get the proper treat-
ment, each child must have four
suits per day, and each child must
have a wool blanket (80 per cent
wool). These are used for Kenny
hot-packs—that saves our children
from being crippled.

How would you feel, should your
child be rushed to the hospital
with the dreaded malady, and then
could not be saved because there

NOTICE TO THOSE SEWING FOR POLIO PATIENTS

To those who are making gar-
ments for Polio Hospitals:
Please embroider with 2-strand
dark thread (black preferred)—
the size of the garment—in the
back of waist-band and neck.

This will greatly aid nurses
and attendants. If you have
made size 1, simply embroider
the number 1.
Do not use plastic or glass
buttons. They will not with-
stand the necessary washings
and heatings. If possible, get
good, strong pearl buttons—
new or used.

Please get your garments to
the Home Demonstration Agent's
office as soon as convenient.

Thanks,
MRS. BESSIE BROWN,
County Chairman.

were no clothes or blankets?
Judging from the extent of the out-
break last year, this can easi-
ly happen unless every woman
does her part.

Our victims are sent to the
Crippled Children's Hospital, 1501
N. 18th St., Waco, Texas. Our
county will work for this insti-
tution. They ask for clothes made
of any good washable material—
cotton feed sacks, white or colored,
make very acceptable clothes.

Any size pajamas (short sleeves
and short legs), size 2, 4, 6, 10 or
14 (no 8's needed at present).
Any size shorts—2 to 16, with
short legs, and elastic waist bands.
These can be worn by both boys
and girls.

Sport shirts, with short sleeves,
any size 2 to 16. These can also
be worn by both boys and girls.
Good used clothing is most ac-
ceptable. Many of the cripples
are up and about all the time and
some part-time. These can use
most any kind of clothing.

Used Army blankets, or any
other blanket that is 80 per cent
wool, would be much appreciated.
If you have one that you can
spare, please donate it. Why not
give a pie supper or some other
form of entertainment for the
purpose of purchasing one?

At the Texas Home Demonstration
Association's State meet at
Big Spring, the ladies were in-
formed of the needs of these hos-
pitals. After looking into the situ-
ation in our local unit, we found
it much worse than we had an-
ticipated.

On Feb. 17 the County H. D.
Council voted unanimously to make
the Polio Cloth Drive their good-
will project for the year.

The goal for the first quarter is
for every club member and every
other woman who will help, to
make one sport-shirt and one pair
of shorts, and get them to the
County Agent's office by March
17. These will be delivered to the
hospital at once. We have no time
to lose. The polio season will be
here in a very few weeks.

In order to avoid confusion, the
committee has assigned to each
club a size, as follows:
Blue Ridge—Size 2
Littleville—Size 4
Rock House—Size 4
Jonesboro—Size 6
Carlton—Size 8
Lund Valley—Size 10
Liberty—Size 12
Fairy—Size 6
Hico—Size 2
Union—Size 10

Every club is also asked to fur-
nish one suit each of sizes 14 and
16. Other ladies in these localities
will please make the same sizes.

In communities where no assign-
ments are made, use any size you
like. But please sew.

Please leave all garments at the
County H. D. Agent's office.
In case the office is closed, you
will find a box near the door in
which to deposit your donations.

Many ladies would sew, but they
have no feed sacks or materials.
If you will donate materials or
some odd feed sacks, it will be
highly appreciated.

Any donation of damaged feed
sacks by feed stores or mills will
be very acceptable. Phone Miss
Hander, or leave them in the box
at her office.

Any other club, church, school
or community whose members wish
to make donations on their own
will please send a list of kinds of
garments, sizes and how many.
(This is for records and publication.)
Please address Mrs. Bessie Brown,
Route 1, Box 92, Ireland, Texas.

The March of Dimes money is
inadequate to pay doctors, nurses
and hospitalization. Let us do our
part by furnishing clothes and
blankets. Where most of our hos-
pitals were prepared to care for
10 or 50 patients, they had care for
50 to 175 to care for.

Help us remedy this situation by
doing your part.

Final Tribute Paid Mrs. L. E. Waldrep, Early Hico Settler

Mrs. Cassander Waldrep, 90-
year-old mother of Mrs. George
Oxley of Hico, passed away Friday
at the local hospital, where she
had been under treatment about
a week. Funeral services were
conducted from the Barrow-Rut-
ledge Funeral Chapel Saturday at
1:00 p. m., with Rev. Len Dalton
of Hamilton officiating. Burial
was in Honey Creek Cemetery.

Mrs. Waldrep, the former Cas-
sander Moody, daughter of Mr.
and Mrs. Thomas Moody, was born
December 13, 1860, in Paulding
County, Georgia.

She was married to the late L.
E. Waldrep and they were early
settlers of Hico, where they reared
a family of nine children.

Survivors include four daugh-
ters, Mrs. Oxley of Hico, Mrs.
Amelia Turner, Tahoka and Mrs.
Mollie Bosley, Snyder, Mrs. Davie
Tidwell, Dallas; five sons, John of
Tahoka, Elijah of Pottsville,
George of Dallas, Moody of An-
drews, and Dallas of Stephenville;
23 grandchildren, 51 great-grand-
children and 6 great-great-grand-
children.

Four sons and two grandsons
were pallbearers. All of the chil-
dren and their families attended
the services.

Funeral Services Held For E. T. Stubbs, County Resident 52 Years

Funeral services for E. T.
Stubbs, who died Tuesday at the
home of his daughter near Valley
Mills, were held at his residence,
Route 1, Jonesboro, Wednesday.
Rev. A. J. Calder officiated in the
services at 2:30 p. m. Burial was
in Boggy Cemetery, with Barow-
Rutledge Funeral Home in charge
of arrangements.

Born July 28, 1878, in Blanco
County, Mr. Stubbs had been a
resident of Hamilton County for
52 of his 72 years. He was a mem-
ber of the Baptist church, and had
been engaged in the farming busi-
ness.

Survivors include, besides the
wife, Mrs. Emma Stubbs; two
daughters, Mrs. Grace Brock and
Mrs. Charlene Hennessey, Valley
Mills; three sons, Clifford, Har-
vey and G. B. Stubbs, all of the
home, Route 1, Jonesboro; also
one brother, Leo Stubbs, Linton
Springs, Texas.

Carlton H. D. Ladies Study Importance of Eating the Right Foods

"By eating right foods, we stay
healthier," Miss Ethel Hander told
the Carlton Home Demonstration

Club members who met February
22 with Mrs. Elton Samford as
hostess.

Each lady answered roll call
with "A Leader, and Why She
or He Is a Leader."

Mrs. H. E. Davis gave the
Council report.

Each lady in our club is to make
a pair of pajamas, size 8, to be
sent to the Crippled Children's
Hospital in Waco. Every club in
Hamilton county is participating
in this project.

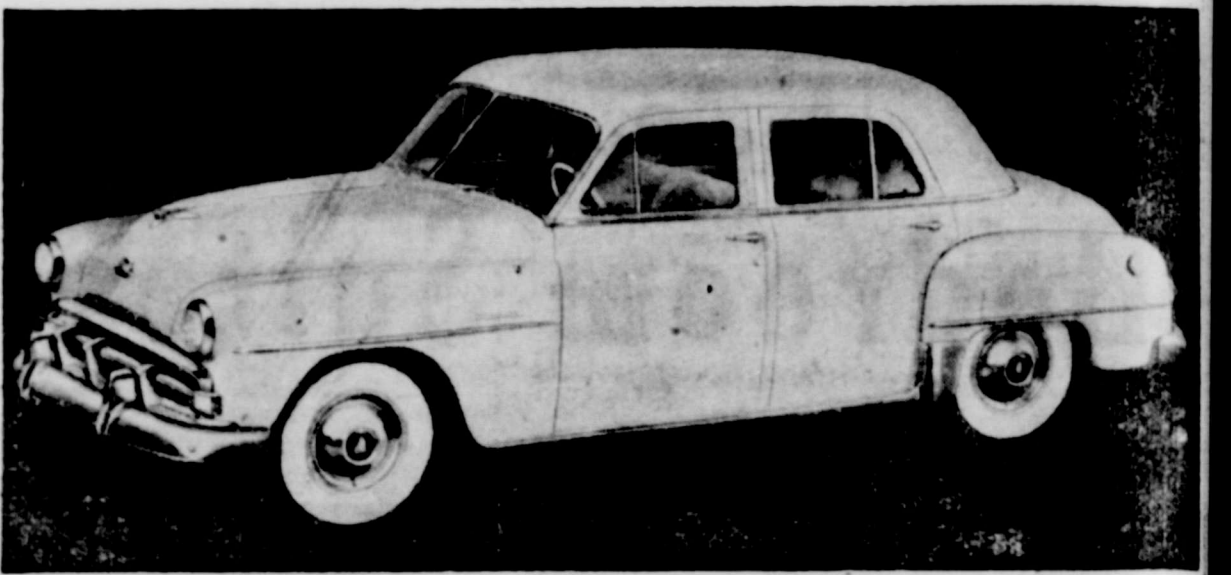

Mrs. Cyrus King was nominated
as T. H. D. A. candidate from
the Carlton club.

Miss Hander, County H. D.
Agent, had a most interesting pro-
gram comparing quality of the
same foods after different meth-
ods of processing. She also
brought out methods and grades
for planning, making, and caring
for lawns.

Mrs. Samford spoke on "Devel-
oping Leadership, and Its Respon-
sibilities."

Refreshments were served to
11 members and four visitors.
Those present were: Mrs. L. V.
Cooper, Mrs. Joe B. Sharp, Mrs.
Sam Sharp, Nita and Linda, Mrs.
Avery Coffman, Mrs. Lynn Har-
bour, Mrs. Walker Curry, Mrs.
H. L. Williford, Mrs. J. S. Flow-

The New Plymouth Cranbrook Four-Door Sedan

Featuring improvements which produce unprecedented roadability and riding qualities, the beautifully redesigned 1951 line of Plymouth cars have numerous mechanical improvements and have retained traditional roominess. Shown above is Plymouth's Four-door Cranbrook sedan.

New Plymouth Combines Beauty and Riding Ease

Detroit, Mich.—Spectacular new
qualities which produce driving and
riding ease heretofore unknown in
automobiles of any price feature the
new line of Plymouth cars. Comb-
ining smart new body lines with
unprecedented interior luxury, the
new Plymouth will go on display in
dealer showrooms throughout the
United States Saturday, Jan. 13.

Designers have given the Plym-
outh a striking new silhouette, and
refinements in the interior are in-
novations in the lowest price field.
The styling improvements retain the
traditional roominess of the cars.

Easier to drive and more comfort-
able, the new cars have greater
beauty, more safety features and
broader ranges of vision than ever
before.

Engineers say the new "Safety-
Flow ride" takes the bounce and
wallop out of bumps. A new applica-
tion of hydraulic flow control in
the shock absorbers provides a more
gradual change of resistance during
spring deflections and thus a softer
ride when driving on average roads.
It also exerts extra resistance on
rough roads to a degree where driver
and passengers are almost completely
freed of the discomfort of being
jolted around.

The "Safety-Flow ride" is one of
the greatest contributions to driving
comfort and safety in recent years,
according to D. S. Eddins, president
of Plymouth Motor Corp.

"The new Plymouth gives you
roadability never before offered in
any car," he said. "There is no
necessity for steering wheel fatigue
to control the car on difficult roads.
The driver is no longer required to
focus full attention on the condition
of the road. He may be more watch-
ful of oncoming traffic, pedestrians,
curves, crossroads and other poten-
tial hazards."

Eddins called the new development
a major step toward restful motoring.
More confidence is gained by
driving or riding in a new Plymouth
with the "Safety-Flow ride," and as
a result there is less driver and
passenger fatigue, he said.

The lines of the new Plymouth

have been beautified. An appearance
of massiveness combined with smart
streamlining is induced by a new
grille, beautifully redesigned front
fenders and hood, a wider wind-
shield and a larger rear window.
Narrower windshield pillars together
with the wider windshield provide
additional lateral vision. To utilize
fully the greater vision through the
new rear window, the rear view
mirror is two inches wider. The
chair-height front seat and the new
design of hood and front fenders
permit the driver to see the road
nearer the car.

There are numerous mechanical
improvements. Windshield wipers
are electrically operated, and are of
the single-speed, self-parking type.

A unique pressure-vent radiator
cap, which has been added as stand-
ard equipment, permits the cooling
system to be operated at atmospheric
pressure during normal driving con-
ditions. Under high-load, high-tem-
perature driving conditions, the new
radiator cap provides a pressurized
cooling system to allow high coolant
temperature without boiling or loss
of anti-freeze.

All Plymouth engines now have a
built-in by-pass cooling system per-
mitting water circulation and result-
ing in more uniform temperature
throughout the engine during the
warm-up period. The new system
consists of a passage in the cylinder
head and block providing direct ac-
cess to the water pump, and a
choke-type thermostat to regulate
coolant flow to the radiator.

The generator output has been
raised to 45 amperes, an increase of
five amperes, providing greater elec-
trical capacity for the operation of
car accessories. The new hand brake
"T" control handle is more accessi-
ble, and, as on former models, it
operates independently of the foot
brake as an added safety measure.

In the convertible club coupe, the
spare tire is mounted vertically as
in other coupe and sedan models,
rather than on the trunk floor.

The new Plymouth interiors offer
the finest selection of upholstery and
trim and the most harmonious color

schemes in the company's history.
The colors which have been chosen
provide throughout the interior a
pleasing combination of shades in
harmony with the car's exterior
color. Designers say the interior is
an unparalleled achievement in com-
bining practicality with luxury.
Always noted for spaciousness, Plym-
outh now has even more head room
and more room to stretch out in
comfort in the rear seat.

To go with the high quality of the
upholstery, there is a handsome new
instrument panel which features a
more convenient grouping of con-
trols, newly shaped instruments and
improved coloring and lettering for
easier checking while driving.

The wide, deep chair-height seats
all the other traditional Plymouth
features for driver and passenger
comfort have been retained.

There are nine body-types in the
new Plymouth line: the Concord
series includes a two-door sedan and
a three-passenger coupe as well as
the two all-metal utility models, the
Suburban and the Savoy; the Cam-
bridge series has a four-door sedan
and a club coupe; and the Cranbrook
series includes a four-door sedan,
club coupe, and a convertible club
coupe.

The Suburban and the Savoy, with
their smart, distinctive lines are all-
purpose vehicles. They have the
beauty and comfort of a sedan, and
by simply lowering the rear seat
flush with the floor they become
sturdy cargo carriers for farmers,
salesmen, sportsmen, tourists and
others who require large cargo cap-
acity. The Savoy, called the "country
club companion" of the Suburban,
provides a greater variety of luxu-
rious interior appointments and more
exterior refinements to enhance the
car's striking appearance.

Among the "high-price car" fea-
tures which are retained are the
cylinder, 97-horsepower engine with
a 7 to 1 compression ratio, the com-
bination ignition and starter switch,
automatic electric choke, super-
cushion tires, safe-guard hydraulic
brakes, and safety-rim wheels.

Great Spiritual Film Coming Next Week to Hico Theatre's Screen

Final arrangements have been made for the showing here of "The Prince of Peace," new \$2,500,000 Hallmark Production, in Cinecolor, that has been breaking attendance records everywhere. It was announced here this week by J. T. Hitt, manager of the Hico Theatre.

This unusual, two-hour attraction is a complete unit in itself, according to Manager Hitt. The breathtaking beauty of the Wichtas are the background for the powerful, moving story.

It is because "The Prince of Peace" is so tremendous in scope, so beautiful in color, so sweeping in grandeur and so human in its theme that it is breaking box office records from coast to coast. Its glorious and thrilling musical score and strong sermon-on-film has caused clergymen of every faith and educators at all levels to call the film the most important motion picture ever to come out of Hollywood.

According to one critic the film makes its appearance at a time when the world needs it most. "There are people in Hell who could have been saved by this picture," he said.

"The Prince of Peace" is a movie for the entire family. Father and mother will thrill to its majestic beauty while little brother and sister will delight in the new six-year-old child star, Ginger Prince, making her first appearance.

"The Prince of Peace" will be shown three times daily at 2 p. m., 7 p. m. and 9 p. m. when it comes to the Hico Theatre next week for a two-day engagement, Tuesday and Wednesday, March 6 and 7.

Actual Experiences Among Arabian People Told by WSCS Visitor

The Woman's Society of Christian Service met at the Methodist Church Tuesday afternoon to complete their study of "Near East Panorama," the subject of their past four sessions. Mrs. Odie Patsick was leader of the program. Mrs. Marvin Marshall gave a brief resume of "Pearls Are Made," a supplementary book used with the study.

Visiting ladies from Hamilton were Mrs. Frances Edgar, District Chairman of Missionary Education, and Mrs. Tom Patrick. The latter, who had lived 11½ years in Arabia, talked on the life and hardships of Arabian people (especially of women and girls).

Visitors from Iredell were Mrs. A. N. Pike, Mrs. Blakely and Mrs. Tidwell.

Local members present were Mrs. S. E. Blair Sr., Mrs. Morse Ross, Mrs. Annie Waggoner, Mrs. Edgar Elliott, Mrs. George Stringer, Mrs. John Haines, Mrs. J. W. Richbourg, Mrs. Roy Stevens, Mrs. W. R. Hampton, Mrs. Lusk Randalls, Mrs. Bob Duncan, Mrs. J. E. Warren, Mrs. J. H. Baldrige, Mrs. W. H. Greenslit, Mrs. Fred Rainwater, Mrs. John Rusk, Mrs. J. Fred Patterson, Mrs. Guy Eskins, Mrs. B. B. Gamble, Mrs. Fred Jones, Mrs. J. P. Owen, Mrs. Patsick and Mrs. Marshall.

Mrs. Stubblefield, 79, Succumbs Saturday, Funeral Here Sunday

Mrs. W. A. Stubblefield, resident of Hamilton county for nearly 37 years, passed away Saturday morning at the Hico Hospital following a serious illness of short duration.

Funeral services were conducted Sunday afternoon at 3 o'clock at Barrow-Rutledge Funeral Chapel by Rev. L. H. Davis and Rev. J. Fred Patterson. Burial was in Hico Cemetery.

Pallbearers for the service were W. C. Randolph, W. M. Horsley, R. A. Herrington Jr., E. B. Fellers, B. A. Dunklin and J. A. Hughes.

Mrs. Stubblefield was Miss Mary Mitchell Foster before her marriage October 23, 1887 to William Anderson Stubblefield. Born and reared in Houston County, Texas, she and her family moved to Bosque County in 1907. They settled near Fairy in 1914, where they lived until five years ago, when they moved into Hico. They were the parents of six children, two of whom died in infancy. Last year the couple celebrated their 63rd wedding anniversary with a reunion of all their children and families.

Becoming a member of the Methodist church at an early age, Mrs. Stubblefield later united with the Baptist church, where she was a faithful and active member until she was unable to do further work on account of ill health.

Survivors besides her husband are three daughters, Mrs. Lucy Bell of Amarillo, Mrs. O. O. Marchant of Kemp, and Mrs. Travis Smith of Hico; one son, Wesley Stubblefield of Hico; three sisters, Mrs. Addie Dominy and Mrs. Della Stubblefield, both of Kennard, and Mrs. Callie Key of Groveton; also five grandchildren and five great-grandchildren.

Relatives and friends from out-of-town who attended funeral services were Willie Bell and Mr. and Mrs. Jesse Bell, Amarillo; Mr. and Mrs. Allen Bell and Shirley Ann, Fort Worth; Mr. and Mrs. O. O. Marchant, Kemp; and Mrs. Merle Ganoe, Peta and Sue, and Mrs. Alvin Young, all of Stephenville.

SERVICE IS IMPORTANT TO USERS OF BUTANE AND PROPANE GAS

Prompt service is of the utmost importance to the people who depend on either Butane or Propane Gas at any time of the year; but it is even more important in times of bad weather. Therefore it is gratifying that we have been able to keep all of our customers supplied regardless of conditions.

PLENTY OF GAS

In spite of forecasts of shortage of this kind of fuel many times in recent years, we have been able to secure a plentiful supply for all of our regular customers and have maintained sufficient surplus to service a limited number of new customers and to take care of emergency calls from people that we do not usually supply.

STORAGE CAPACITY

Our ability to supply you with plenty of gas at any time is due to the fact that we have a storage capacity at our plant sufficient to bridge the shortages that have occurred and that will continue to occur every winter.

Sunday night, Feb. 25, Mr. Jesse Gandy of Meridian came and delivered a layman's day message. He was accompanied by his wife, and the message was fine and was enjoyed by the good crowd. After we were dismissed, most all of the crowd remained and sang for a while. The singing was led by Mr. Gandy.

Mrs. Pearl Thompson returned to her home in Hamilton Monday, after a visit of two months with her aunt, Mrs. Patterson.

C. W. Hughes Charles Wallace Hughes was born December 22, 1894, in Iredell, Texas, and passed away at his home near Cleburne February 23, 1951, at the age of 56 years, 2 months and 1 day.

He was a veteran of World War I, and no doubt that he was a good soldier, serving his country well. Most of his life was spent in and around Iredell.

He was converted in 1917 and lived a good Christian to the end. He was born and reared here and had many friends. He had been away from here a few years, but all remembered him. He was a devoted husband to his wife who will be very lonely now. He was a loving father to his children who will miss him very much.

Besides his wife he is survived by two sons, Harold and Charles, of Cleburne; five daughters, Betty Lou, Jackie and Alma Laura, all of Cleburne, Mrs. Ray Thompson of Knox City and Mrs. Carroll Wadde of Cleburne; four grandchildren, three brothers, Frank of Iredell, Burt of Weatherford and Fred of Fort Worth; two sisters, Mrs. Hyde Hamilton of Dallas and Miss Clara Hughes of Iredell.

The body was brought here for burial. The funeral of this well-known man was held Saturday afternoon at 2 o'clock in the Baptist church. The funeral was in charge of undertakers from Cleburne. Rev. Ellis delivered the message in the presence of a large crowd of relatives and friends. The floral offerings were beautiful. The pallbearers were Messrs. Wick Simpson, Homer Whitley, Homer Goodin, R. A. Fellers, Bryan Bateman, and Sam Simpson. All were permitted to look at him and he looked very natural and peaceful—just as if he were asleep in Jesus.

The remains were laid to rest in the cemetery east of town. The wife and children and other relatives from here have the sympathy of their friends in the loss of their loved one.

MR. AND MRS. ROBERTS FHA GUESTS AT ASSEMBLY

Mr. and Mrs. Truman Roberts were guest leaders for a panel discussion on "Teen Age Problems" held in the High School Auditorium on Thursday afternoon, February 22. An interesting discussion on such problems as blind dates, making and keeping a family budget, using the family car proper age for dating, and sharing family responsibilities were discussed.

Members of the local chapter of Future Homemakers of America who were on the panel were Margaret Hampton, junior; Shirley Prater, sophomore; Duane McCarty, senior; Jimmy Kennedy, senior; Gene Simpson, sophomore; Mary Jo Carpenter, junior; and Peggy Goodloe, freshman.

Mr. and Mrs. Roberts proved themselves very capable leaders who are interested in teen-agers and their problems. The high point of the discussion was that if youth proves that they are capable of assuming responsibility to their parents they may expect more privileges. The chapter expresses their thanks to Mr. and Mrs. Roberts and members of the panel for a most interesting program.

Concert to Be Given Tuesday Night Marks Public Schools Week

The Hico Band is having a concert in the Hico High School Auditorium March 4 at 7:30 p. m. There will also be a few numbers by the choir. Everyone is cordially invited to attend this program, planned to coincide with Public Schools Week. No admission charge will be made.

The All-District Band met at Breckenridge Saturday, February 24, and gave a concert in the American Legion Hall at 7:00 p. m. Hico was represented by seven band members. This was the last All-District Band Concert for this year.

There will be a Band Clinic in Hico March 14. The following towns will be represented with their bands: Dublin, De Leon, Gorman, Granbury, Hamilton and Glen Rose. In charge of this clinic will be Maurice McAdow and Manuel Meyer from N. T. S. C. at Denton.

WORM'S EYE VIEW

No, hum! After all the excitement of last week's basketball tournament, our old school just doesn't seem the same. Everyone around here tries to snooze through most of their classes, catching up for lost sleep. A visitor to the school would think the kids were practicing to be "Rip Van Winkle."

Mary Sherrard and Virgil Grey are so interested in each other that they just ignore all of us. Whenever you see Mary, Virgil won't be far away.

Betty Bolton has been studying madly for tests this week. Paula and Jay are talking about their boy friends. Rolline and Marynell have just slipped out of English class, as usual. Mrs. Angell is slowly tracking them down.

Shorty and Fred are sleeping peacefully, but how they could do it is beyond me. Sitting behind them is tiny Joann Johnson, talking as fast as the can.

Peggy Goodloe is arguing with Margaret Brown about the price of eggs in Korea! Me? Oh, I'm just tired of keeping up with everyone in school.

GRADE SCHOOL GIRLS TEAM WINS TROPHY IN IREDELL CAGE TOURNAY

Hico played in the Iredell tournament starting Feb. 22. The girls and boys played Alexander. The girls won with a score of 23-20. High point girls were Warren and Ellis, with 8 points each. The boys lost with a score of 37-21. Meador, with 8 points, was high point man.

The girls went back Friday night and played Three-Way and won by a score of 12-11. Warren was high point girl with 8 points. They went back again Saturday night and played Iredell in the finals. Iredell won with a score of 21-11. Warren again was high point girl. The girls received a second place trophy which was very pretty. They enjoyed playing in the tournament very much.

The next games will be played in the Duffau tournament.

Wanted: Two Hours Each Month Devoted To Son's Cub Work

Parents of the members of Cub Pack 97 met last Thursday night at Scout Hall in a called meeting to discuss a program for the boys, which has been outlined by the Den Mothers and Cubmaster James Hampton. The program outlined was a result of the donation of the use of the school workshop, authorized by trustees of Hico Independent School District. J. Doyle Love, vocational agriculture teacher, is supervisor of this work.

The parents of these cubs did not represent each boy, as leaders had hoped they would, and the parents, the Den Mothers and Cubmaster voted unanimously to allow only the boys whose parents have signed for them to be enrolled in the workshop. This policy was adopted for the safety of each boy. The following rules were set up for the Cub Scouts to abide by:

1. The boy will not be admitted to the workshop without his registration card.
2. Parents are to be responsible for their boys' transportation to and from the shop.
3. Meetings will start promptly at 7:00 p. m. and end at 8:30 p. m.
4. Dues are to be paid in advance (\$1.00 per month).
5. Dues are to be payable at the first of each month and not later than pack meeting, which is the first Thursday in each month.
6. Boys will not be admitted to the shop unless dues are paid by the time stated in Rule 5.

Parents, if you were not at this meeting, you do not know how disappointed your boy was; so won't you please try to attend the pack meetings? These meetings are the first Thursday in each month. Don't you think you owe your boy two hours of your time each month to help him along with Cub Scouting? It is a wonderful organization, so please be present at the next pack meeting and sign for your son if you are interested in his Scout work.

A CUB SCOUT'S MOTHER.

CARD OF THANKS
We are most grateful to those who so kindly extended their sympathy during the illness and loss of our loved one, Mrs. W. A. Stubblefield. Our heartfelt thanks go to those who sent food and flowers, and to the doctors, nurses and hospital staff.

"Let's Talk Live Stock"

By **TED GOULDY**

Fort Worth, Feb. 23.—There were four major developments in the livestock industry during the past week which were noted at Fort Worth.

1. Packers were caught in a squeeze between prices they can get for the meat at their ceiling levels and the fact that stocker and feeder buyers were getting the bulk of the calves since their prices are restrained only by the degree of optimism with which they view the future.
2. The sharp advance of stocker prices, especially calves and yearlings.
3. The rumors that Washington Administration circles are girding for a battle which would separate ceiling prices and wage controls and that there is some talk of abandonment of the parity principle in Washington circles.
4. Increasing indications that hogs will be the first livestock and meat to have ceilings imposed nationally and that dates between the first and 15th of March are the popular guess as to when this will happen. Rumor has it that \$24 is the top being talked of for hogs.

Some small packers were reported to be cutting down slaughter operations because of their inability to get sufficient numbers of calves. Most packers were limited to paying around \$35 to \$36 for fat calves (they could pay more but would lose a great deal of money if they did and had to sell the meat at ceilings) and the kind of calves which would attract such packer bids were bringing from \$37 to \$40 as stockers and light calves sold to \$45, and baby calves reached \$50 to \$65 per hundred. The F. M. Richards Estate, Brady, had some baby calves at \$50 and averaged around 160 pounds. Some 170-pound calves sold at \$65 later in the week. Joe LaRoe, Kaufman, had some 260-pound calves at \$45. J. S. McDowell, Ranger, had some 340-pound mixed steers and heifers at \$42. One load of 300-pound calves bought in the country at \$29 last week, brought \$43.25 this week.

In the steer and yearling line, Nelson Davis, Buckholts, had 27 mixed yearlings at 670 pounds at \$32.50 and 12 Brahman at 774 pounds at \$32.60. L. E. Robinson, O'Donnell, had two loads of 533-pound steer yearlings at \$41, and 501-pound heifers at \$38, and some 715-pound yearlings at \$37. B. T. Gardner, Winters, had 30 steers at 925 pounds at \$35.50.

A new all time record for heavy steers was set as a load of 21 weighing 1,107 pounds from Werner Bros. of Coleman County drew \$37.

G. A. McClung again proved the value of creepfeeding calves when he sold around six loads of yearlings at Fort Worth that averaged about \$70 pounds from his Johnson County ranch which topped at \$37. Mr. McClung is a strong believer in keeping his calves on the mend at all times and feeds them steadily from the time they will eat. His success in topping the market time after time reflects the success of this type of operation. The yearlings he sold this week netted around \$313 per head.

J. W. Tabor, Goodlett, had two loads of \$33.25 yearlings that averaged 677 pounds. M. S. Wells, Childress County, had some heavy mixed steer and heifer yearlings that scaled 1,005 pounds at Fort Worth and brought \$35.50. Several strong sales in the feeder department included 15 head from Mr. and Mrs. J. D. Cartwright of Terrell at 961 pounds at \$34. R. L. Kincaid of Crowell had some 680-pound feeders at \$34 at Fort Worth. Hunt Oil Company, Winona, had 31 feeder steers of 887 pounds at \$34 and the plainer end were 17 steers of 897 pounds at \$33. W. M. Covington, Alford, marketed 17 yearlings at 437 pounds at \$40.

New all-time high Fort Worth record for milk fat lambs was set at \$38.50 this week when Andy Taylor of Plainview had 41 head that weighed 89 pounds at the price. A. L. Neal of McCulloch County set a new all-time Fort Worth record with 380 clipped yearlings (they were clipped the day before they were sold) at 117 pounds at \$28 per hundred. A new all-time Fort Worth record for woolled feeder lambs was set by Paul Kropp of Floyd County, the 66 head weighing 98 pounds at \$37.50.

The weaker hog market this week was credited to heavier receipts around the market circle. The dressed meat trade in the East was sharply lower as the week ended, reflecting in part the roll-back of some packer prices and also probably caused by consumer resistance to high prices in some degree.

CUB SCOUTS PLAN EXTENSIVE PROGRAM AT SCHOOL WORKSHOP

The Cub Scouts met Thursday, Feb. 22, in regular meeting at the Scout Hall. Announcement was made that dues for all Cub Scouts and parents will be \$1.00 a month. Another meeting was scheduled for this Thursday for all Cub Scouts and their parents. J. Doyle Love will be in charge of the workshop recently allowed for use by the boys. James Hampton, Cubmaster, is in charge of supervision also. The boys expect to gain many advantages from their work at the shop.

Rat Control Week Proclaimed for County Observance Next Week

County Judge H. B. Gordon has proclaimed the week of March 5 to 9 as Rodent Control Week in Hamilton County. A campaign, similar to the one actuated last fall, will be held throughout the county with meetings in 12 communities, sponsored by the Hico and Hamilton Chambers of Commerce.

Truman E. Roberts, president of the local C. of C., this week announced a schedule of meetings as outlined by T. G. Peters, president of the Hamilton C. of C. Mr. Peters urged citizens to attend the public meetings in their area. In this section of the county, meetings will be held as follows: Hico, Thursday, March 8, 2:00 p. m., high school auditorium; Fairy, Thursday, 9:30 a. m. at school; Carlton School, Friday March 9, 9:30 a. m.

The campaign will be under supervision of R. E. Aday, of the Fish and Wildlife Service of the Federal government. Having had over 13 years of experience in dealing with rats, Mr. Aday is qualified to explain the use of Warfarin, the poison to be used; he also plans to give further information on control of rats. He will explain methods of keeping rats out of barns and homes, and will inform the public of other practices intended to reduce the losses caused by this pest.

In announcing the campaign, Mr. Peters stated: "At each of the meetings, Warfarin will be placed on sale for 30 cents per pound. It is urged that you will not send children to buy this Warfarin. We want you there, so you will know how to place this poison so it will be most effective. Also don't buy for your neighbor but bring him along so he will receive the full benefit.

"Let's all try to make Hamilton County a safe place to live by destroying the disease carrier—the rat."
