Mrs. Holt Bakes Verbal Cake for 'Em

DISTRICT THDA MEETING AT TARLETON COMMEMORATES 25TH ANNIVERSARY

Mrs. John Golightly of Hico, who is Secretary of the Texas Home Demonstration Association, has been attending various District meetings over the state the past week. On April 4 and 5, she attended the District 8 meeting held in Stephenville at Tarleton State College.

Tuesday she was in Tyler for the District 5 meeting, and appeared on the program and also attended a banquet there on Monday night honoring the state officers of the association.

Wednesday Mrs. Golightly attended the District 4 meeting that was held in Dallas. She was a speaker on their program.

The association is composed of some 43,000 club members belonging to 2500 clubs divided into 14 districts in the state.

Each club member contributes 25 cents per year to the association, which in turn, gives each district \$100 to be used for further 4-H Club work. They give two scholarships of \$500 each to two outstanding 4-H Club girls each year. That makes a total of \$2400 they contribute to 4-H Club work.

A summary of the Stephenville meeting has been submitted by Mrs. E. W. Holt, member of the Buryan H. D. Club, as follows:

Summary of District 8 Meeting

"I knew you were coming, so I baked a cake."

When Mrs. Oden asked me to summarize the District 8 meeting of the THDA, I felt that it was an undeserved honor, but wondered how in the world that I could do it. Since piecing quilts is a chore for me and I have no taste in trimming hats, it occurred to me that since I love to cook, I'd bake you a cake.

Then too, anniversaries call for cakes, and since this commemorates our 25th year of THDA organization, it seemed more than fitting that we should celebrate the occasion.

So with the town of Stephenville as a setting, I shall endeavor to tell you my recipe. The first thing all good cooks do is to assemble the ingredients. Thanks to your presence and untiring efforts to make our '31 meeting a success. You have placed before me the very finest of materials.

I have chosen for my mixing bowl the Tarleton campus, with its colorful spring beauty and young students going to classes.

First, I sift a large heap of courtesy and smiles brought by the registration committee, with a small amount of business as the delegates and visitors begin to arrive.

Next I begin to cream the group-singing, the hearty welcome and greetings given by Dean Paul Cummins, Judge Dale Harbin and our own THDA chairman, Mrs. Elizabeth Walker, whose responsibility for this meeting did not dim her infectious smile, into a smooth mixture which is very necessary for a good produce.

Into this I stir Rev. Milley's blessings, and the sweetness of Mrs. Bryant's gracious response; which make us glad indeed that she was a woman instead of a boy.

When Mrs. Oden introduced our visitors from the State Board, I knew for sure that this cake would be good.

MRS. JOHN G. GOLIGHTLY

Roll call provided a measure of—let us say—milk, for everything must be blended smoothly, and all present have had a part in this favor.

District Judge Ernest Belcher's timely address interspersed with his untiring humor, brought to us a challenge to remember and endeavor to live by. I think this is the essence or flavor, for it will linger on after the cake is eaten.

The workshops were carefully divided into Education, under Mrs. E. P. Mayfield; 4-H under Mrs. M. B. Sparks; Legislative, under Mrs. John Golightly; THDA, Mrs. Anson Oden; Marketing, Mrs. O. R. Ricketts. This made my spices to add more flavor and bring out the richness.

I shall call the musical program, given by the College students, my leavening, for surely this music was uplifting.

Mrs. Oden's report gave us a sense of satisfaction and may be called the pinch of salt to give it savor.

Into all of this, I stirred the supper given by the Chamber of Commerce of Stephenville for the delegates and board members.

This mixture was baked in the oven of friendship, set at hospital-ity degree and came out beyond my expectations.

Next, I whipped up a frothy icing of recreation led by Hamilton, Ellis and Hood Counties. To part of this icing, the Hill County Chorus added a lovely tint. Then Mrs. Tucker's report of the NHDA added more color. I then used this lavishly.

Now birthday cakes must have candles. So with our Board members: Mrs. Almanrode with her gracious smile; Mrs. Harris with her inspiring message; Mrs. Golightly and Mrs. Oden with their efficiency and help; the Home Demonstration Agents whose efforts have made our achievements, headed by our own lovely Miss Lane, our district agent, I have the candles in place. So let us light the candles with our continued interest and cooperation, and the cake is ready to serve.

I hope that you like the taste of my cake and remember the THDA meeting in Stephenville as an enjoyable experience.

Hico and Duffau to Clash Sunday in League Baseball

By LEON LEWIS

Winners in baseball games played last Sunday afternoon are as follows:

Iredell wins over Alexander
Hico over Johnsville
Duffau over Shiloh

Alexander played a good game under trying conditions, caused by their short-stop and old faithful Roy Echols both being absent. Greenway was badly crippled in the fifth inning, and couldn't relieve Smoky. So Iredell grabbed the game by smacking Smoky for two homers and several hits.

Greenway got a bad hit to right wrist. We are afraid it is serious and will lay him up for some time. He would have taken the mound when Iredell slammed the first homer and tied the game, but his old pitching arm was in too much pain, so Manager Walker was helpless for the next four innings, while they slammed Smoky for a 10-5 victory.

Next Sunday Alexander and Johnsville will battle it out on Alexander's home ground. These teams are even in percentage won, and are expected to draw a very large crowd. If you enjoy excitement, don't fail to see this game.

Manager Sam Gilbreath and his team will tackle Iredell at the Dublin ball park this Sunday. This game should draw all of Dublin and Shiloh fans out, for I know they are behind Sam and will help him win!

Manager Charlie D. Deisher will take the Hico boys over to Duffau to match wits with Joe Stacey's undefeated champs. All of Hico will likely go see and support this game. Until next Sunday—I'll be hoping you will see these boys play, if it's not your boys, it's your neighbor's—go see them.

Postmaster Installs Slot In Side Door for Late Letter-Mailing

An added convenience for Post Office patrons has been installed at the local office, in the form of a slot cut in the side entrance where letters may be deposited after the regular mail has been tied out each afternoon at 5:30 o'clock.

This slot is to be used only for late letters which will go out on the Highway Post Office each evening. Postmaster R. B. Jackson stressed, and patrons are asked to continue using the regular box inside the office for letters and papers mailed during the day.

West-bound mail, placed in the regular mailing box inside the office after 5:30 p. m., is worked the following morning in time to go out on the Highway Post Office trip to Eastland and connections.

Other mail is reserved to be carried on the direct route to Fort Worth at 11:30 a. m., making connections at 3:30 p. m. to other points from Fort Worth.

No sign has been placed on the new mailing slot as yet, Jackson said, but it is located inside the screen door at the side entrance where the drivers and clerks of the HPO enter to pick up the mail. This improvement is in line with efforts of the Post Office Department to give better service. Postmaster Jackson also stated that a new schedule for the HPO is being worked out for better mail service, and this schedule is expected to be announced some time this month.

WITH OUR SUBSCRIBERS

Mrs. W. H. Hobgood of Iredell, in town last Wednesday on other duties, said she thought it was about time to renew her subscription and that was a good opportunity to do so. Since the date wasn't printed clearly on her mailing label, she said she wasn't sure about the expiration date, but she came in on the same date as it was paid last year.

G. E. Arnold, Iredell Route 1, who has been taking the NR so long he is now well through his second filing card (with room for 12 years each), has the habit so strong that he followed custom again last week and signed up for another year. It's always a pleasure to see and talk with him, for he is well posted on current topics.

Speaking of taking the paper a long time, Lee Trantham qualifies for one of our oldest subscribers. Last week he renewed for another year, well before his expiration date, with the remark, "I've been taking this paper as long as there has been a Hico paper." He recalls a lot of early history of this section, having lived at one time on the Barbee place, now known as the Bob Lewis place, and tells many interesting things about early-day history. It's nice to have friends like Mr. Trantham with whom to check on these things, and it's nice to know also that he respects and appreciates the home paper to the extent that he just wouldn't think of being without it, no matter how sorry it gets.

Mrs. J. R. McMillan, city secretary, paid her subscription last week when a News Review reporter called on her for election news. She discovered the expiration date accidentally, while writing a note on the back of last year's subscription receipt.

"Have missed the paper very much, and hadn't intended to wait so long for a renewal," writes Mrs. E. H. Persons, who sent a check for \$2.00, the price of a subscription to San Antonio, where she is making her home now.

Sgt. Ernest R. Martin in Wichita, Kansas, will receive all of the baseball news now, since subscribing to the News Review through Leonard Howard at the Hico News Stand.

W. J. Nix, Hico Route 5, a subscriber for a long time, came by to order a renewal to the News Review, saying that he thought his time was out, but knew we wouldn't stop his paper without notice, because of his long record as a subscriber.

Mrs. Mollie Harvey entered a renewal subscription last week for her daughter, Mrs. Billy Thomason in Brownwood, so that she could have the paper to read while visiting there. Mrs. Harvey left Wednesday for Brownwood.

From Big Lake, Texas, came a check for a renewal subscription to T. L. Wright. Those Wright boys are all right.

Mrs. O. O. Moore took time out from her duties as nurse at Hico Hospital, even though they are really busy, to renew her subscription to the News Review. She came by at the noon hour.

"Better pay up—the static's done started," said J. H. Glover, when he came in the office Friday. He said they got their paper this week, but thought they might not get another and didn't want to miss any.

Mrs. H. A. Patterson, formerly Miss Muriel Phillips, came by the office Friday to renew the subscription to her mother, Mrs. Joe Phillips.

Mrs. S. F. Battershell said, "I just want to renew our Hico paper," when she came in the office Saturday, the day after "that awful dust storm."

Best of luck to the News Review and "best regards to all our friends down there" was the wish sent by Mrs. Leslie Kinser in a letter of renewal to the News Review. She also asked if we had seen her dad (Eek Bell of Duffau) lately. "He gets around so many places and so fast that it's hard for me to keep up with him," she said. "The weather is dry at Levelland, she added, and they have had several bad sandstorms lately. A new line the Kinser place though, and they hope to "head off some of those droughts."

"Hico seems to be going forward and that is a healthy sign," wrote Mrs. Alyce Little, former Hicoan now making her home at 1114 14th Ave. N., Texas City, Tex., in her annual cheery note accompanying check for renewal. "Here it is Spring again and time for digging

ANOTHER YEAR WILL BRING SCHOOL CHANGE IN ADMINISTRATION

Vic Vet says

HOMETOWN MEDICAL CARE IS AVAILABLE AT U.S. EXPENSE TO VETERANS WITH SERVICE-CONNECTED DISABILITIES UNDER CERTAIN CONDITIONS, BUT ALL SUCH CASES MUST BE APPROVED BY VA FIRST

Four Local Officials Commissioned by Secretary of State

Austin, April 9.—Commissions for all Hamilton County and precinct officials were mailed recently by the office of Secretary of State John Ben Shepperd to County Judge Herbert B. Gordon.

The commissions which bear the signature of Governor Allan Shivers and Secretary of State Shepperd were issued to persons elected in the general elections. Governor Shivers commissioned those whose names appeared on certificates of election and qualifications prepared by the county judges for the Secretary of State, following the November elections.

State statutes require that the office of Secretary of State send these commissions to each county judge who then presents them to the officials of both the county and precinct. Shepperd's office keeps official records for all persons elected or appointed to office in the State of Texas.

Those commissioned are as follows: Forest O. Harper, county superintendent; Ira P. Moore, county clerk; C. E. Edmiston, district clerk; Pat Secret, county treasurer; Truman E. Roberts, county attorney; W. W. Young, sheriff; Billy George Wood, tax assessor; J. T. Dempster, justice of the peace, precinct 1; L. L. Hudson, justice of the peace, precinct 2; C. M. Mullenix, constable, precinct 1; E. F. Williams, constable, precinct 2; E. S. Moore, county commissioner, precinct 1; K. G. Key, commissioner, precinct 2; Fern Jordan, commissioner, precinct 3; W. H. Keller, commissioner, precinct 4.

Lincolns to retire

After 32 years in the teaching profession, Supt. and Mrs. J. E. Lincoln will retire at the end of this school year. They will realize a dream of many years when they move in May to their 1,000-acre ranch near Carlton, where last year they completed a new ranch home.

The Lincolns taught 15 years in Coolidge before coming to Hico seven years ago. Lincoln's first teaching experience was at Shiloh at \$85 a month. He then served two years in World War I and returned to teach in West Texas and in Mineral Wells. Mrs. Lincoln, the former Bertha M. Miller of Lamin, also taught in West Texas before her marriage in 1928. Their first school together was at Foreston in Ellis County. Mrs. Lincoln is a fifth-grade teacher.

Lincoln will be succeeded as superintendent by O. C. Cook, who came to Hico as high school principal this year from Taylor. Cook and his wife, who teaches the third grade, are natives of Dublin. Cook, who has taught 18 years, had previously been superintendent of schools at Mozelle, Evant, and Taylor and has been deputy state superintendent in the Wichita Falls area, with headquarters at Graham, in 1948 and 1949. In 1951 he was married to the former Allene Knott. Both have B. A. degrees, and Cook has his M. A. from NTSC. Cook has begun work on his Ph. D. and Mrs. Cook, on her M. A., at the University of Texas.

Attendance Growing, Others Welcomed to Methodist Revival

The revival now in progress at the First Methodist Church will continue through Sunday, April 15, and Rev. J. Fred Patterson, pastor, has issued an invitation to members of other churches, as well as his congregation, to attend these services.

Rev. L. Stanley Williams, superintendent of the Waxahachie District, has been preaching before good-sized crowds at morning and evening services, and is recognized as an outstanding speaker.

Prayer meetings are held each evening at 7:00 o'clock before the worship service at 7:30. Young people's meetings are at 6:45 p. m. The morning worship service begins each week day during the revival at 10:00 a. m.

GORDON S. HOLFORD

The News Review editor's brother, Gordon Scott Holford, 53, of Garland, Tex., died Wednesday at the Veterans Hospital in McKinney, where he had been a patient for ten days, undergoing treatment for injuries received during service with the U. S. Maritime Service in World War II. He was also a veteran of World War I, with the U. S. Navy.

Besides his Hico brother he is survived by his wife; his mother, Mrs. W. A. Holford; a son, C. D., and a sister, Mrs. A. J. Poore, in his immediate family, all of Garland.

Funeral services were pending at the time the News Review went to press several hours early. Burial will be at Garland.

(Continued on Page 5)

School Board and Special Teachers Selected for Hico

Grady Hooper was re-elected and Vernon H. Jenkins was elected as a new member of the board of trustees for Hico Independent School District at the election held here last Saturday. Election officials, A. A. Brown, presiding officer, Tom Griffiths and Stanley Giescke, recorded a very light response by voters.

Hardy Parker, who was not a candidate for re-election, is the retiring member of the board, and he will be succeeded by Jenkins, who is to meet with the board for the first time at a called meeting, probably this week, president W. M. Horsley stated.

Other trustees now serving are J. E. Woodard, S. E. Blair Jr., J. B. Wootton and Conda W. Salmon.

At their regular meeting last Thursday night, four special teachers were re-elected for the 1951-52 school term. They are Willie Sirman, coach; J. Doyle Love, vocational agriculture teacher; Mrs. N. H. Slater, homemaking teacher, and L. S. Chandler, elementary school principal.

Other teachers will be elected at a meeting in the near future, according to an official statement made this week.

O. C. Cook, high school principal, was elected at a previous meeting of the board to be superintendent of schools for the next school term. J. E. Lincoln, who has been superintendent here for the past seven years, will retire on July 1, 1951, at which time Mr. Cook will become superintendent.

The following feature story is reprinted from a recent copy of the Waco Tribune-Herald, written for the Hico by their local correspondent, Mrs. H. V. Hedges:

LINCOLNS TO RETIRE

After 32 years in the teaching profession, Supt. and Mrs. J. E. Lincoln will retire at the end of this school year. They will realize a dream of many years when they move in May to their 1,000-acre ranch near Carlton, where last year they completed a new ranch home.

The Lincolns taught 15 years in Coolidge before coming to Hico seven years ago. Lincoln's first teaching experience was at Shiloh at \$85 a month. He then served two years in World War I and returned to teach in West Texas and in Mineral Wells. Mrs. Lincoln, the former Bertha M. Miller of Lamin, also taught in West Texas before her marriage in 1928. Their first school together was at Foreston in Ellis County. Mrs. Lincoln is a fifth-grade teacher.

Lincoln will be succeeded as superintendent by O. C. Cook, who came to Hico as high school principal this year from Taylor. Cook and his wife, who teaches the third grade, are natives of Dublin. Cook, who has taught 18 years, had previously been superintendent of schools at Mozelle, Evant, and Taylor and has been deputy state superintendent in the Wichita Falls area, with headquarters at Graham, in 1948 and 1949. In 1951 he was married to the former Allene Knott. Both have B. A. degrees, and Cook has his M. A. from NTSC. Cook has begun work on his Ph. D. and Mrs. Cook, on her M. A., at the University of Texas.

Weekly Meetings for Cub Scouts to Be Postponed During April

At a meeting of the Cub Scout Pack Committee, scheduled for Tuesday night, announcement was made that the Cubs will discontinue their weekly meetings for the rest of this month, because of the epidemic of measles among children here.

A new sponsoring institution is being sought for the group, Cubmaster James Hampton stated. Renewal of registration for the pack will depend upon whether new leaders and sponsors can be found. This decision will be announced at a later date; meanwhile, anyone interested in assisting with leadership as denmother or cubmaster is requested to notify Hampton.

BRO. MERLE KING HOLDING REVIVAL AT DE LEON

Bro. Merle King, local minister of the Church of Christ, has been in De Leon this week to conduct revival services.

Bro. O. M. Reynolds of De Leon, who is to conduct the revival at the local Church of Christ April 22-29, was in charge of regular services last Sunday and is to be here next Sunday in place of the local minister.

SHOW MUST GO ON... Patrons at a Los Angeles movie continue watching "reel" life drama on screen while real life drama unfolds in nearby aisle. Daniel Keils, 39, toppled from balcony, suffering possible fractured hip and multiple bruises. Ambulance attendants put splint on his leg and treat him as customers watch movies.

HICO FEED STORE
Brings You Extra Farm Returns with **ARROW FEEDS**

The full line of Arrow Feed is the profit line for you. Every Arrow Feed we sell has been carefully balanced and highly fortified with vitamins and general nutrients to bring you full value and economy. We'll be glad to outline a full feeding program which we know will bring you results far above expectations. Please come in today.

- 1. Free folders on approved feeding and management.
- 2. Free nutrition service.
- 3. Free record sheets for egg, broiler and dairy production.

FREE! Informative Magazine

Send us your name and we will gladly send you free, **ARROW FEEDER**, 16-page magazine in color. Packed with stories about successful farmers and ranchers, home hints and recipes, latest developments in farm feeding and management, and other interesting items.

F. H. A. NEWS

Our regular meeting, which was scheduled for April 11, was postponed until April 18, due to six weeks' tests and persons who were to bring the program being out of town.

Theme of the program will be "The Development of Creative Leadership in the Home and Community Life." Wilma Woodard is program chairman.

H. H. S.
H.H.S. ENTERS U.L.L. LEAGUE IN CLIFTON
On Friday, April 6, the Hico High School boys and girls went to Clifton to enter in the University Interscholastic League meet.

The boys' volleyball team was up against Meridian in their first game and were defeated. In softball the girls were more successful, winning their first game with Walnut Springs, 8-3. Again they had to play Meridian in softball, and this time they were defeated.

WORMS EYE VIEW
There is a tiny, dark-haired girl in the Sophomore class who is so shy and quiet that you can hardly tell when she is around. She is about 4 feet, 11 inches tall and weighs just a mere 92 pounds. Her eyes are a deep blue.

This person's name happens to be none other than Theresia Holley. She has such a sweet disposition and personality that you can't help but love her.

Theresia is not only a darling person, but she is also a "brain." She can make straight A's on her report card without even trying hard. Theresia is always willing to help some poor Algebra student with a problem. Mrs. Segrest always knows she can rely on Theresia to get up her work, too!

EIGHTH GRADE NEWS
We went with the High School to Clifton to the track meet week before last. We won our district by one point, 18 to 17. High point man was McKenzie.

We went to Meridian last week to a softball and volley ball tournament. The boys lost their softball game and the girls won their first game, but lost their second. Both the boys and girls lost their volley ball games.

We had a wonderful time at both places.

CO-ED CHATTER
Did you see the nice looking sailor that got off the bus about 7:45 Saturday night? If you didn't, his name was Lester Simpson. He was a Senior here at Hico High last year, but is now in the Navy, stationed at San Diego, California.

Oh, yes, Ven went to church with Mary Nell Sunday, and then they went and ate dinner together. Then to the baseball game, of course!

Joy Ann was going around on clouds from Wednesday until Sunday, because Doak was home. She is still her jolly self, though.

Shirley Prater, Betty Davis, Joann Johnson, and Betty Shook are probably all blistered now from their picnic Saturday.

Did you notice Mary's, Paula's and Mary Nell's becoming Spring dresses Monday, all made something alike?

I saw Virgil, Billy, Betty Jane, Betty Bolton, Mary, Nelta, Billy Luckie, Dorothy Randolph, Peggy, and lots more whizzing around the skating rink Saturday night. I imagine they were having bushels of fun.

When I saw Patsy Jo all lit up like a Christmas tree Monday morning, I just figured it was because Glenn had been home over the week end. Reckon?

There are so many diamonds running around here, some have two on, too. I've noticed Jo "Jaggers", "Billie Kennedy's", Mary Jo's, Mary Nell's, Patsy Jo's, and Margaret Hampton's. I might have overlooked one or two.

Bright hats are very becoming on the boys now. Fred's looked rather bright Saturday night. I also got the bright glimpse of Shorty's, Carel's, and Steve's also.

Ann, Loretta, Vanetta and Nelta went to Dublin last week, which also means we have four helpful janitors around the school for ten days.

If you want some nice refreshments after dinner just go down to the Tiger's Den and you'll find lots of nice looking things to eat. You will also find Mary and Vanetta behind the counter, and sometimes Moose (Mary Nell, that is). It is also open in the mornings, and at 3:30.

The girls and boys that play ball had a nice time in Clifton Friday, so I've heard.

Just in case you've seen a pretty white sweater on Jo Jaggers, Jean Sultz, Patsy Jo, Mary, Mary Nell, and Billie Fulcher Kennedy, well, it's the ones they wear in basketball and are very becoming. I've also noticed a nice new jacket on Jean Sherrard, Nelta, and Betty Bolton, that looks awful nice. Oh, yes, our basketball manager, Mar-

garet Hampton, also received a nice white sweater.

Oh, who did I see last Saturday night? Nobody but the sweet little blonde that I notice quite often, Harold Prater. You know, I sorta thought he was bashful, but I saw him with a "Secretary," also a sweet little blonde called Pat Jordan.

I noticed Bobby Lane whizzing along about 100 in a nice looking little hot rod in Dublin Sunday afternoon. He was also in Hico looking things over. Kinda thought it was that fella they call Wild Bill Carter.

I saw Vanetta driving a cute little blue Ford around the other day. I just wonder whose it was. But I don't have to wonder too hard, do you?

Paula was on clouds the last week when Clinton was home.

Don Ross, Steve, Jim Tooley, Gene Simpson, Roy and Duane were walking pretty slow, and talking pretty low. Reckon they could have been thinking of Six Weeks Tests? Bet they were.

Jim Kennedy came down to the Tiger's Den and bought two ice cream bars. Wonder who the other one was for.

I saw Roline Saturday night, staying pretty close behind a two-toned '41 Chevrolet. Wonder who it belonged to.

I saw Mary Nell in a nice Mercury the other day, and I couldn't tell if there was a human in there or a monkey. Oh, but only because the windshield was cracked something awful. Do you think it could have happened at the Alexander-Hico baseball game?

Well, I've run out of something to talk about, so maybe I'll think of some new things and talk about them later. O. K.?

Oh, I saw James and Paul Gilentine driving into the school yard, and things looked familiar again. Helen was getting out. Glad she's back at school.

HICO SENIOR CLASS TO PRESENT PLAY TUESDAY, APRIL 17

The annual high school senior play, "The Darling Brats," is to be presented on Tuesday night, April

17, at 7:30 p. m. in High School Auditorium. The cast is as follows: Junebug Johnson, the negro cook — Patsy Salmon
Cynthia Darling, the oldest Darling — Betty Jane Goughly
Jack Henry, the gardener — Dean Barnett
Barbara Darling, the youngest Darling — Paula Decker
Harold Darling, the Darling boy — Jim Kennedy
Theresia Darling, the prettiest Darling — Joy Ann Griffis
Agatha Erishoe, the Darlings' aunt — Jean Sultz
Rod Vinton, Cynthia's fiance — Roline Chaney
Spike Sperling, Tess's boy friend — Kenneth Johnson
A. Appleton Crabb, Agatha's suitor — Duane McCarty
Mrs. Vinton, Rod's mother, "Gloomy Gussie" — Catheryn Walker

The story of the play is as follows: Cynthia Darling, who supports her young orphan sisters and brother, is greatly perturbed because Aunt Agatha, a comely young widow, lavishes expensive gifts upon them and is spoiling them rotten. Cynthia determines to get Agatha's influence away from the Darling children (who, by the way, are far from darling — they are little hellions!) by marrying her off to Cynthia's boss, Appleton Crabb, an irascible old bachelor. Agatha is romantically interested in John Henry Judd, an impoverished cowboy — rancher, with whom she corresponds but hasn't seen since childhood.

Tess is also determined her aunt shall marry the wealthy Crabb, and she investigates Spike, her boy friend, to masquerade as Judd and cut such wild western capers that Agatha's infatuation for Judd is instantly squashed! But young Hank and Babs are equally determined that Aunt Agatha shall marry the cowboy, because they are crazy to live on his Arizona ranch. The tricks these two brats play upon Crabb and Agatha in order to make them hate each other keep the audience screaming with mirth.

RATLIFF & SON
GROCERY—MARKET

Watch the little lady park the beautiful, big car... a single finger on the steering wheel can do it now, with Hydraguide!

Beautiful to look at
Beautiful to drive

Now Hydraguide Steering does four-fifths of the work for you!

THINK of the easiest steering car you ever drove... then imagine one *five times easier to steer!* Chrysler's new Hydraguide power steering... regular on Crown Imperials and Imperial models... gives you exactly that. Here is by far the greatest single change in handling ease—and safety—you ever found in any car. At your touch on the steering wheel, the car *mechanically* provides four-fifths of the energy to turn the tires on the road. Like so much in these new Chryslers... Hydraguide is so *basically* new, so *basically* better than anything before, that *only when you try it can you ever know what it really does!*

The longest day's drive you ever made... without arm-and-shoulder fatigue at the end. Around the curves... over the hills... Hydraguide does *four-fifths* of the work!

In tight city traffic... on awkward driveways and roads... Hydraguide means *new safety, new ease, new swiftness of steering control!*

The Most **Basically** New Cars of All!

Beneath the rich new beauty of these Chryslers for 1951 are 73 different improvements and advances. Among them are the most basic new ideas in any cars for many years! Like the revolutionary new FirePower engine, of 180 horsepower, which gives owners of Chrysler Imperial and New Yorker cars the most powerful, most efficient, most all-around economical powerplant in any car today! And like the amazing new Chrysler Oriflow shock absorbers, which give every new Chrysler car riding ease with *twice* the shock-absorbing power of any other cars at any price. And with all their newness, they're built to stand by you like no car you can buy!

From where I sit... by Joe Marsh

Buzz And The Off-Key Baritones

Reverend Lester of the church on Pillsboro Road coaches his Peoples' Choir late Thursday afternoon—after high school basketball practice lets out.

Buzz Ellis pastures cows next to that church. Around 5 o'clock he used to make a lot of racket about wanting to go home. That made it kind of rough on the choir.

When Buzz learned what was going on he said to Reverend Lester: "I never yet heard of a cow that could moo on key. So, I'll just have 'em in a little earlier..."

This started me to thinking. Buzz

doesn't go to that church. And he's so tone-deaf he couldn't carry a tune in a bucket!

From where I sit, you might say that Buzz didn't have much in common with those singers. But he doesn't divide folks into groups he's "with" or "agin." Your politics, your personal preferences—or the fact that you like a moderate glass of beer—mean nothing either way to Buzz. He's a real neighbor to everybody!

Joe Marsh

Fairy

By Mrs. Eunice Massengale

We received a light rain last Friday night and have had some threatening weather the first of the week.

The small acreage of grain left, that was thought would do to leave, seems to be growing very slowly and some are plowing up the grain to plant row crops.

We were very sorry to learn of the tragic death of Alvie Wilson. The Wilson family attended church here for a number of years, until the Iredell church was established, and Mrs. Wilson had attended church here before her marriage, since childhood, with her parents, the late Mr. and Mrs. Will Wingham. We extend deepest sympathy to the bereaved family in these dark hours of sorrow. Those from here attending the services last Thursday afternoon in Iredell were Mr. and Mrs. H. R. Brummett, Mr. and Mrs. H. H. Wolfe and the writer and mother, Mrs. A. L. Newman.

Mr. and Mrs. Carl Ray Sellers received a phone call from relatives at Hamilton Saturday afternoon, informing them of the death of Mrs. R. L. Cates of the Pecan community, mother of Mrs. Dewey Sellers, also of the Pecan community. Mrs. Cates had been ill of a heart ailment for more than a year. Saturday afternoon Mrs. Sellers went to her parents' home to be with her mother while Mr. Cates carried their housekeeper, Mrs. Baxter, to her home in Hamilton to spend the week end. Very shortly after his return home, and just as Mrs. Sellers was preparing to return to her home, Mrs. Cates suffered an attack and passed away before they could summon help. She was 64 years old. Mr. and Mrs. Carl Ray Sellers and Mr. and Mrs. Woodard Brummett went over to be with the family a while Saturday night. Funeral services were held at the Methodist church in Hamilton Sunday afternoon at 3 o'clock, with interment in the Hamilton cemetery. She leaves to mourn her passing one son, Jack Cates, of Evans, and three daughters, Mrs. Dewey Sellers of Pecan, Mrs. Mamie Craig of Hamilton, and Mrs. Zenna Hartgraves of near Evans. We extend deepest sympathy to the bereaved family and other relatives. Those from here attending the funeral service, whose names we secured, were Mr. and Mrs. H. R. Brummett, Mr. and Mrs. Woodard Brummett, Carl Ray Sellers, and the writer.

Mr. and Mrs. Leon Springer of Miles came in Saturday afternoon with the rest of their household furnishings. They report it very dry at Miles.

Mrs. Gladys Cox motored to Lam-

pasas one day last week to meet her daughter, Mrs. Charles Price, and little daughter, Cheryl Kay, of Austin. Cheryl Kay returned home with her grandmother for a few weeks' visit.

Our niece, Miss Daphne Hoover, now of Midland we suppose, since she was to go to work there Monday of this week for the Shell Oil Co., but formerly of Lubbock, had a birthday on April first, and Thursday, April 12, is the writer's birth date and the 23rd is that of our brother, Prentis Newman, and the 28th is the birth date of our granddaughter, Ruby Jean Allison, of Dublin.

Remember the cemetery working today (Friday). Since the growth of weeds and grass has been slow, like that of most everything else, we suppose only mounding of the graves and care of family lots will be the work for the day, since Mr. H. S. Pitts has the weeds and grass under good control with the use of the so-called pear or weed burner, and we find this method far ahead of the hoe, since the cemetery is located on a hillside and washes much worse if the hoe method is used as this loosens the dirt, while the burning method leaves the tury for a protection against washing. However it takes funds to keep the burning method going and we understand funds are running low. So if you have loved ones buried here, any donation you can contribute will be highly appreciated and we think if the donation method doesn't provide sufficient funds, we should arrange some kind of a community program to take care of the needs. Mr. Pitts takes much pride and interest in the cemetery and all are glad to see the added improvement in the care of our cemetery. So we hope all who are interested in the work will not forget to send in contributions to support this much needed project.

Mr. and Mrs. Y. C. Paschal of Brownwood visited Sunday with Mr. and Mrs. Oran Williford and little daughter Doren Gwen.

Mrs. Herman Sills, Mrs. Louis Abel, Mrs. Roy Blakley and Mrs. T. R. Parks were joint hostesses for a wedding shower at the school gym Saturday night honoring Mr. and Mrs. Alton Parks of Fort Worth, who were married recently. A large number of friends and relatives were present to enjoy the occasion. Refreshments were served by the hostesses, after which all were permitted to view the many nice and useful gifts the couple received.

The Britton brothers of near Hico were at the Fairy cemetery the first of the week building concrete curb work at the Akin and Young lots.

Mrs. Brittle Little had as a guest last Sunday week her sister-in-law, Mrs. Maggie B. Little, Mrs. Nell Crenshaw and mother, Mrs. Reed, all of Meridian. Mrs. Crenshaw was the wife of Mrs. Little's late husband's (Bud Little's) nephew. Her mother was 91 years old. Mr. and Mrs. Sid Dickerson of near Hico visited her last Sunday. Mr. Dickerson is her brother.

Vern Horsley of Hico spent week end with Harold Lackey.

Mr. and Mrs. Jack Lackey were Hamilton visitors Sunday.

Mr. and Mrs. Dock Lackey and children, Dixie and Suzan, Mr. Jim Grisham and Mrs. Emma Lackey visited Sunday in the home of Mrs. Margaret McClendon of Temple. Mrs. McClendon is a sister-in-law of Mrs. Lackey and Mr. Grisham.

Mr. and Mrs. Carl Ray Sellers and Jimmie Don were in Waco Monday for a check-up for Jimmie Don and repair for his leg brace.

We who are brooding chicks the electric way have been having a little static the past week, since the REA current has been cut off in the afternoons. Fortunately we ourselves happened to have both gas and electricity. We understand repairs are being made.

FAIRY SCHOOL NEWS

EIGHTH GRADE NEWS

First, I would like to thank Mary Nell for pinch-hitting for me during my absence.

Six weeks tests are here again, although we're not quite ready for them.

The committee for the making of a class will, prophecy, etc. has completed its work. The committeemen were Carlton Tudor, Mary Jones and Horace Griffiths.

The boys are now playing hard ball and the girls are playing volleyball.

Everyone is working on History notebooks because there isn't much more time to complete them.

School is being taken up at 8:30 now. We had school Saturday.

REPORTER.

Altman

By Mrs. J. H. McAnelly

Mr. and Mrs. Scott Reed and little daughter of Stephenville were guests of Mr. and Mrs. Truett Jones Saturday night.

Mr. and Mrs. John Moore and daughter, Janice, spent the week in Dallas visiting Mr. and Mrs. B. M. Moore.

Mr. and Mrs. W. J. Parish and Mrs. J. D. Parish of Bronte visited Mr. and Mrs. Harve Yocham from Sunday until Wednesday.

Mr. and Mrs. Pete Mobley and Miss Florence of Tulsa, Okla., were guests of Mrs. H. G. Land and Mr.

and Mrs. John Allen Moore from Tuesday until Friday.

H. E. Jones and Truett Jones visited Mr. and Mrs. Albert Bingham near Cleburne Thursday.

Mr. and Mrs. Emmitt Lemley and daughter, June, and Mrs. McKillup of Fort Worth visited Mrs. H. G. Land Sunday.

Mr. and Mrs. H. E. Jones visited Mr. and Mrs. R. W. Bingham in Carlton Sunday afternoon.

Mr. and Mrs. J. H. McAnelly visited Mr. and Mrs. C. F. Young in Hico Wednesday afternoon, and all visited Mr. and Mrs. W. D. Partain near Hico for a while.

SHEDS DIRT... STAYS WHITE

FOR YEARS!

DU PONT HOUSE PAINT

cleans itself!

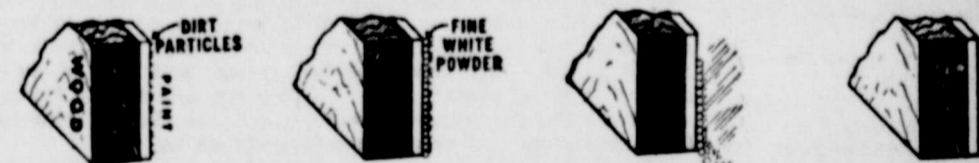

For lasting whiteness and matchless brightness make certain your painter uses Du Pont House Paint. A unique blend of pigments and oils, it actually sheds dust and grime during every heavy rain! It cleans itself! Normally, this "Self-cleaning" process starts within a few months. However, excessive soot or heavy shade, or stains from metal surfaces such as copper screening, may interfere with or delay this process.

So beautify your home with the paint that's made right to stay bright. Specify "Self-cleaning" Du Pont House Paint in Outside White or popular tints. Ask your Du Pont dealer or painter to tell you how the "Self-cleaning" process works in your area. And if the surface is bare wood or badly weathered paint, assure maximum adhesion of the finish coat by starting with a coat of Du Pont House Paint Primer.

Save the Surface and You Save All!

MAGNIFIED CROSS-SECTION SHOWS SELF-CLEANING PROCESS

1. All paints collect dirt and dirt during the first few months.
2. With Du Pont House Paint, a fine white powder forms after a few months on surfaces exposed to sun and weather.
3. Paints wash off this powder—and with it, much of the accumulated dirt and grime.
4. Self-cleaning leaves surface clean and white... keeps it sparkling white for years. This cleaning process is gradual and does not adversely affect the long life of the paint.

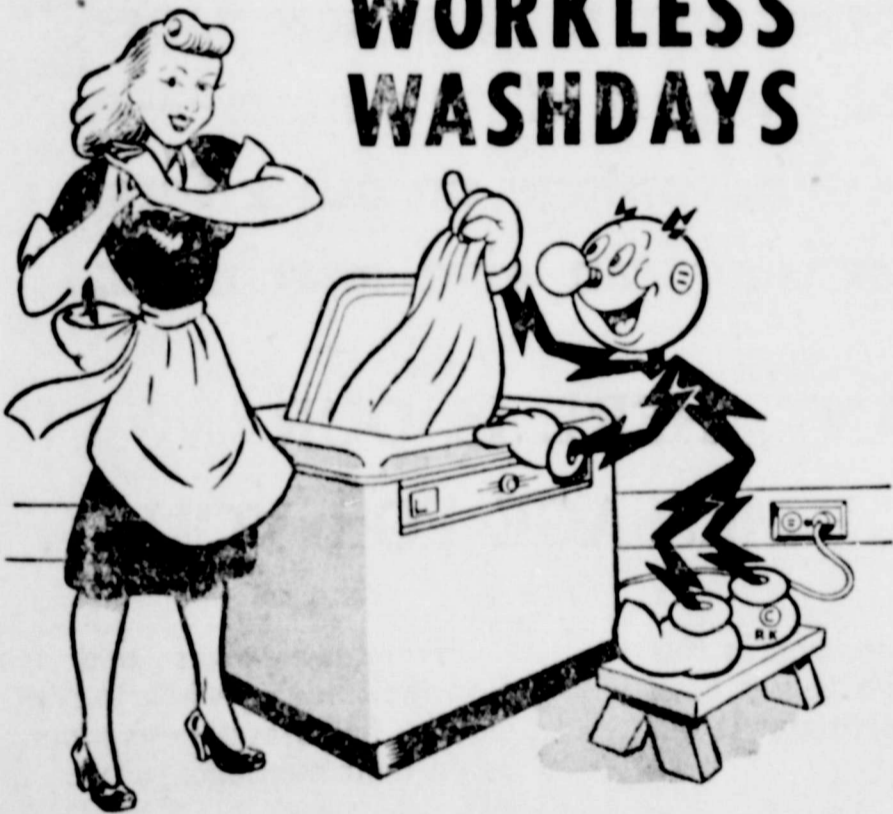

Barnes & McCullough

"EVERYTHING TO BUILD ANYTHING"

Save the surface and you save all!

For WORKLESS WASHDAYS

LET REDDY DO IT!

Why wear yourself out washing clothes the old-fashioned way? Let Reddy do it with an automatic washer and enjoy complete freedom from washday drudgery. An automatic washer does all—not just part—of the work of washing. It soaks, washes, rinses and damp dries — AUTOMATICALLY. You don't wet a hand in water — you don't even have to be there—while your clothes are washed sparkling clean. And at Reddy's low wages, you can enjoy all this for a few pennies per washing. Why not start today!

National Defense Plans To Head Subjects at Gas Association Meet

Biloxi, Miss., April 10.—The natural gas industry will take a look at ways it can help the nation's defense program when the Southern Gas Association meets here April 23 through 25 for its forty-third annual convention.

"The industry is ready to meet any demands placed upon it," said Carl H. Horne of Alabama Gas Corporation, Birmingham, president of the SGA. "There is plenty of gas for all defense demands; there is plenty of gas for all civilian needs."

But the industry must have an adequate allocation of steel to meet all these heavy demands, Horne said. Steel is necessary to extend pipe lines to defense installations, while present equipment takes care of civilian requirements, he explained.

"This is particularly true in SGA territory — the South and Southwest — where gas is the only practical fuel," Horne said. The SGA now embraces thirteen states from Virginia to New Mexico, and members from a fourteenth state — Kentucky — will be accepted beginning with this convention.

Speakers will discuss the industry's defense planning from many angles. D. A. Hulcy of Dallas, president of the American Gas Association, will sound the keynote in his address on "A United Gas Industry Speaks." Hulcy, president of the Lone Star Gas Company, is on Tuesday morning's program. Wednesday morning the delegate will hear Dr. Watrous H. Irons, vice-president of the Federal Reserve Bank of Dallas, discuss "Business in a Defense Economy."

The role of the employee also will receive close attention. A speaker at Wednesday morning's general session will be Dr. Walter J. Couper of Industrial Relations Counselors, Inc., New York, giving "An Appraisal of Employee Relations Trends." The SGA's employee relations section will hear Prof. James J. Healy of Harvard Business School discuss "Labor Relations in a Mobilized Economy," and will get an outline of manpower and wage stabilization from a representative of the Office of Price Stabilization.

Executives from the distribution side of the industry will be given tips on security measures to be taken as a part of the defense program. They also will have a panel discussion of current federal regulations affecting materials and appliances, led by Fred D. Bradley of Southern Union Gas Company, Dallas.

VETERINARIAN'S SERVICES ARE STILL AVAILABLE

Dr. Verne Scott, Stephenville veterinarian in Hico on business Tuesday afternoon, told the News Review that rumors had been circulated around Hico that he was no longer doing private practice, but was working exclusively at Tarleton State College.

This is an error, Dr. Scott said, as he is still available for calls, day or night, as he has been for the past 30 years.

CIVIL DEFENSE

Rural Units Must Supplement Metropolitan Defense Groups

By Walter A. Shead

(This is the last in a series of five articles on the civil defense program)

WHETHER YOU LIVE in a city, or a small town or on a farm in the rural areas of the nation, you have an obligation as a citizen, interested in saving your own life and the lives of your fellow citizens in the civil defense program.

Many folks in small towns or on the farms may be inclined to take the dangers inherent in a full-scale war with a grain of salt. There are no barriers to poison or nerve gases. There are no limits to biological warfare, and the destruction of the means of providing food to our military personnel may be a main objective of our potential enemy. Suppose your neighbors in a nearby city have the most efficient civil defense system possible to work out and an enemy attack knocks out large numbers of its personnel. Then it may be the duty of those in surrounding cities and towns and counties to move in as rescue teams — to care for evacuees, to improvise hospitals and many other essentials of defense work.

There are hundreds of jobs for civilians which must be filled — airplane spotters, apprehension of saboteurs, guarding against water poisoning or pollution, amateur radio operators, ambulance drivers, messengers, first aid trucks, storage of thousands of items of supply in medication and food — transport, engineers, housekeeping employees for nursing and dietary departments, cooks, laundresses, blood donors, watchmen at plants, utilities, and essential services such as dairies and pasteurization plants, immunization of small animals to prevent rabies, grave diggers, specially trained radiation detection teams, air raid shelter construction — and dozens of other essential workers.

Alert watchfulness on the part of farmers to detect dangerous diseases in their live-stock, and pests and plant disease is highly important. The bureau of animal industry already has given instruction to a large number of veterinarians in the differential diagnosis of these diseases and at the first suspicion the farmer should call the state livestock sanitary officials for prompt investigation. In many instances large amounts of vaccine must be promptly available and in any widespread outbreak, quarantine procedure and destruction of animals and their burial may be all-important to prevent spread. Special equipment for disinfecting crews should be immediately available.

The same watchfulness is essential in detection of plant pests and diseases. County agricultural agents, farmers and regional, state and federal agricultural agencies will advise which crops in their respective areas are most essential for national welfare, and therefore more likely to be the aim of biological warfare.

The state and local governments are furnishing approximately half of the three billion dollars appropriated in the national civilian defense act to provide for this nationwide program. But in spite of every thing the federal administrator may do, the responsibility of adequate defense rests at each level of local government including the responsibility for health-service operations. It is up to the state civil defense director to map out his state and to determine in each locality just what type of organization must be set up. A community then would find itself in one of three categories, first, cities within critical target areas; second, mutual aid communities; and third, mobile support communities. The folks in the small towns and rural areas would find themselves in one of the last two categories and their principal function would be to receive casualties from the nearby principal city, and to send health-service rescue teams to its aid.

The mobile support communities may be anywhere from 50 to 150 miles from the nearest principal city. And while these latter communities might not be the deliberate aim of a bombing attack, there is always the possibility of a bomber's error, as many communities in Europe and Asia discovered in the last war. The organization of these mobile support communities in rural counties are of greatest importance to the whole civil defense program. The health-service in these communities would be organized to operate as self-contained teams in such fields as first aid and radiological defense. Larger communities with hospitals or sizable clinics would also be prepared to receive casualties and should be able to supply complete surgical, burn and shock teams to disaster areas.

O. F. LATHROP'S

WHEN I BEGAN TO COME TO, I seemed to be struggling up out of a black slimy pit filled with writhing bodies and groaning men. It didn't seem worth the struggle. I just lay back and tried to sleep again. I thought I could hear those two Brooklyn guys wrangling as usual, only far off.

"Things was never like this at home, Feller could stroll down to the field and watch the Burns beating the socks off any team they played, and life was good."

"Yer seein' the world, aincha? Wotta yuh want Uncle Sugar to do — send yuh on a pleasure yatt around the globe? This is it, buddy. We're in the big fight — in Korea, remember? Yeah, Korea! Bet yuh never thought yuh'd see that heathen place when yuh read about it in the Sunday school papers."

"What Sunday-school papers?" and they were off again.

I closed my ears to that. Here came that reporter again, sliding into the hole beside us, mud all over him but his pencil still behind one ear. Only this time he seemed to have wings.

"What's the big picture?" somebody asked him, but he only shook his head and grinned.

"All I've seen is foxholes like this and frozen men huddled over the slime they call chow and trucks rumbly by. I don't know whether we're going or coming. We move up, we move back, we play hide-and-seek with those Chinks. I can't make out whether this is the big push or a retreat." He scribbled something on that dog-eared pad of his and passed us cigs. But I didn't take one. I only wanted to sleep.

There was that eternal whine overhead and something kept pricking me in the hands and feet, but that was old stuff now. I couldn't feel anything more in them — hadn't for days. If only I could stick them in Mom's old range oven! Golly, the thought of it made me go off dreaming again.

The kids playing on the kitchen floor with their dolls and blocks, the warm smells of stew steaming, and spice cookies fresh on the table; Pop coming in from the barn

grinning about the new lambs; Mary Ann running in with a fresh pie her ma had baked and sent over, that shy little look of hers from under her blonde curls making the choppers run up and down my spine. How silly to be remembering all that when I'd never see it again. Might as well close the book and leave that chapter unfinished.

Then somebody pushed the panic-button and fury broke loose again. "Let's bug out of here," some sissy-pants yelled. I couldn't hold my gun any more so I just lay there waiting. Funny how a guy could sleep with all that going on around him, but that's all I wanted to do.

Only somebody kept poking at me and talking to me and wouldn't let me be. At first I thought it was the fellows trying to get me to help them, but I knew it was a woman, and what was a woman doing in this foxhole? It was then I came to enough to know I was screwy, and the whole thing was screwy, and this whole war was screwy, and if only Harry S. were over here. I'd tell him so. But he wouldn't be.

The woman turned out to be a nurse when my eyes came open a crack, and then I could hear Mom crying and Mary Ann laughing and my Pop blowing his nose. That did it. I must have died and gone to heaven! I decided to open my eyes and see what the pearly gates looked like.

And there they all stood! Waiting for me to come out of it. I was in a nice American hospital, not one of those makeshift sheds with Red Cross nurses grimy and tired bending over you, but clean starched uniforms bustling around me and a real bed under me. And that WAS Mom and Mary Ann and Pop over there waiting for me to snap to!

I was home! I could stand anything. What did I care if my feet would be gone? Little things like that didn't matter. I'd done my job for Uncle Sugar and he'd take care of me. It was over. For me, anyway. But I still wonder about those poor guys in that last foxhole.

Did You Ever Notice How This Newspaper Is . . .

Made to Order for the People of This Community?

THEY WANT ALL THE LOCAL HAPPENINGS

They also want all the news that grows from the businesses, interests, and occupations of the Hico Area — and we shall try to see that they continue to get it.

The advertising in this newspaper is actually a part of this news — a wonderful advantage no other form of advertising can give merchants.

MR. MERCHANT, HERE IS OUR ADVERTISING MESSAGE FOR YOU . . .

Your advertising message in this paper will go into more homes than any other kind of advertising. It will cover the whole field.

Every big store in America built its fortune with newspaper advertising, and relies on it today.

Your advertising is part of the local news that everybody wants to read as well as latest world news.

You get thousands of Show Windows. People can SEE what you have to sell, pictures, prices, descriptions.

Hometown wives and mothers plan their buying while they're reading the hometown newspaper. And so do their menfolks.

The hometown newspaper is more carefully read than any other advertising medium, and its readers show that they believe in it.

Your national manufacturer and distributor will join you in advertising the products you have to sell.

On this basis may we solicit your business for our mutual benefit?

MRS. DON WADLINGTON

MISS LOIS TABOR

Miss Carpenter, Don Wadlington Married Sunday
Miss Wanda Jean Carpenter, daughter of Mr. and Mrs. Tullos Ely Carpenter, became the bride of Donald Ray Wadlington, Sunday afternoon, April 8, at 2:30 o'clock in the home of Stanley Giesecke, Church of Christ minister who officiated in the ceremony. The bridegroom is the son of Mr. and Mrs. Vance Wadlington of Clair-ette.
Miss Mary Jo Carpenter was her sister's bridesmaid and Royce Lee Mackey, a friend from Clarette, served as best man. Others present for the wedding were close relatives.
Given in marriage by her father, the bride wore a powder-blue gabardine suit and white accessories. She wore a white carnation corsage, and carried a white Bible topped with a white lily.
The bridesmaid wore a suit of gray briderman rayon, and carried a bouquet of white iris.
Mrs. Sherman Roberson, aunt of the bride, was hostess at a reception in her home immediately following the ceremony. Mrs. Roberson and Miss Mary Carpenter presided at the serving table. A beautiful three-tiered wedding cake, topped with a miniature bride and groom, decorated the table, and the couple cut the first slice of the cake, after which it was served, with hot chocolate, to 20 guests present.
After the reception, the couple left for Dallas, where they are at home at 4707 Garland St.
The bride's traveling attire was a dress of navy blue acetate rayon.
Mrs. Wadlington has lived in Hico all her life, and she attended schools here. Since her graduation from Hico High School, she has been attending Providence School of Nursing in Waco.
The groom attended schools in Clarette, and is now employed with Bell Telephone Company in Dallas.

Couple Surprised On Occasion of Golden Wedding

Mr. and Mrs. Tom Powers were honored Sunday with a surprise celebration of their 50th Wedding Anniversary at the home of their daughter, Mrs. Charles W. Roberson, in Stephenville. All their children except Tommy Powers and family of Bakersfield, Calif., were able to be present on this occasion.
A large two-tiered cake, decorated with a Golden Anniversary motif, was served to the following present: Mr. and Mrs. A. G. Knowles and two children, Bobbie Joyce and Jerry, Amarillo; Mr. and Mrs. Johnny Burns, Lawton, Okla.; Mr. and Mrs. Joe Powers and children, Ronnie and Terry, Bakersfield, Calif.; Mr. and Mrs. Roberson and family, and the honored couple.
The couple were married April 9, 1901.

Plan Now to Enter Flower Show May 5, Garden Club Urges

"Are you growing something special for the Annual Spring Flower Show?" The Garden Club Committee asks that question this week, in the hope that "every home in town will enter plants or flowers of some kind to make the show the best ever."
The fifth annual flower show, sponsored by this club, will be held Saturday, May 5—just three weeks from this Saturday. Committees have been appointed and a set of rules drawn up for publication at a later date.
The schedule of exhibits will include two sections, horticultural and arrangements. Several different classes of arrangements have been suggested for this year's show, and exhibitors are requested to look for the rules, which will be printed in the local paper in time to plan for the show.

HICO GIRL ELIGIBLE FOR JOURNALISM FRATERNITY

Denton, Tex., April 9.—Miss Frances Angell of Hico, senior journalism student at Texas State College for Women, is eligible for membership in Kappa Tau Alpha, national journalism scholarship fraternity. Members are selected from the upper ten per cent of their journalism classes, on the basis of grades for three and a half years at TSCW.
Daughter of Mrs. Bryan Angell of Hico, Miss Angell is the Thursday editor of The Daily Lass-O, TSCW student publication, and a member of Theta Sigma Phi.
The TSCW chapter of Kappa Tau Alpha is one of two in Texas colleges.

Talent Scouts Select Former Hico Girl for Hollywood Directory

Dallas, April 9.—Around the 20th of March, 15-year-old Lois Tabor, now living in Dallas, received quite a surprise upon opening her mail box and finding a card from the Professional Hollywood Screen Guild advising her that their talent scouts had selected her for an interview.
Out of an estimated 10,000 Dallas girls of Lois's age, only 60 were to be selected to join with 1,940 other girls of that age from other metropolitan areas of the United States to have their pictures placed in the Hollywood Professional Screen Guild Directory, which represents 125 studios such as R. K. O., Paramount, etc. This directory is used by these studios to select new starlets, and even certain types needed for a new movie. On the 24th of March, Lois appeared for her interview and was chosen to appear in this directory alongside glamorous Lana Turner and other well known celebrities who, as young girls just like Lois, were selected for this directory because of some outstanding attractiveness.
Hollywood always looks for something different—not just the typical American girl. The Professional Hollywood Screen Guild representatives informed Mr. and Mrs. George Tabor that they selected Lois because she is "different;" they said she is the type who will hold the interest of the American people. They were particularly attracted by her unusual, refreshing and expressive eyes. So when the 1951 Hollywood Professional Screen Guild Directory comes off the press in August, Lois Tabor will be "amongst them" and eligible for screen tests, photographic modeling, such as billboards, and many other exciting careers.
Lois is the granddaughter of Mr. and Mrs. O. E. Meador of Hico and Mr. and Mrs. Ira Tabor of 504 S. Storey, Dallas.

CLAIRETTE H. D. CLUB MEETS IN HOME OF MRS. JOE ALEXANDER

The Clairette Home Demonstration Club met in the home of Mrs. Joe Alexander Friday afternoon, April 6, with Mrs. Vance Wadlington presiding.
Mrs. John G. Gollyright read the summary report as given by Mrs. Wm. Holt, of the District 8 meeting held in Stephenville, April 4 and 5. (A copy of the report may be seen elsewhere in this paper.)
Mrs. Zeb Carter gave a demonstration on "Step-Saving in Bed-Making." Mrs. Carter pointed out that to assemble all needed bedding and place it in the center of the bed in order to be used, and to make up one corner at a time; upon reaching the fourth corner, the bed will be completely made with only one trip around it. She also gave good pointers on making the bed so that it would stay neat.
Mrs. Reno Dunbar, local registered nurse, gave a demonstration on "Bath for the Home Patient." Mrs. Dunbar assembled her materials: two basins of tepid water, soap, two towels, bath cloth, powder and alcohol, also extra papers. She gave the patient a bath, showing how a careful rinse should follow the soap-bath, and the care in applying the powder so as not to disturb the patient's breathing, and how to hold the bath cloth so the ends would not trail upon the patient with an extra drip of water. After the bath, Mrs. Dunbar made her patient comfortable by adjusting the pillows suitable to various resting positions. She also stressed that the home nurse should be gentle, patient and quiet, always using tact and kindness in reminding company not to stay too long in the sick room.
Fifteen members and three visitors attended this meeting, with Mrs. Robert A. Clark enrolling as a new member.
The next meeting will be with Mrs. S. O. Durham on April 20.

IREDELL ITEMS

by Miss Stella Jones, Local Correspondent

Dr. D. D. Tidwell and wife and sons of Brownwood spent the Easter holidays with his parents, Mr. and Mrs. C. L. Tidwell.

Mr. and Mrs. W. E. Boyd Jr. and baby have moved to the residence of Mr. and Mrs. Collier.

Miss Thelma Hudson was in Clifton this week.

Miss Stella Jones was in Hico Thursday.

Mrs. Joel Hudson is visiting her daughter, Mrs. Rhodes, of Hico. She has improved since her illness, of which all are glad.

Mrs. Theo Wilkerson is visiting his grandmother, Mrs. Lou Kramer.

Mrs. Dorothy Kennedy and son, Harold, and grandson of Fort Worth spent the past Saturday with her parents, Mr. and Mrs. C. L. Tidwell.

Mrs. Nellie Davis returned Friday from the Holt Hospital in Meridian, where she was operated on Tuesday. She is doing nicely.

Mr. and Mrs. Robert Sawyer and son of Fort Worth spent the week end with his mother and other relatives.

Mrs. Ince was in Fort Worth Friday to see her nephew, Thurman Tucker, who is playing baseball with the Cleveland Indians.

Mrs. Ernest Allen spent the past week in Fort Worth with her daughter, Mrs. Dugger. Their little daughter accompanied her home. Mr. Dugger is ill and in a hospital.

Mr. and Mrs. Frank Hughes spent the past week end in Fort Worth with their daughter, Mrs. Clyde Helzer, and family, and their son and wife.

Mr. and Mrs. Archer and her parents, Mr. and Mrs. Irvin Jackson of Seminole, spent Sunday with Mr. and Mrs. Andrew Jackson.

Mr. and Mrs. Ralph Phillips and daughter of Nocona spent Sunday with his sister, Mrs. Otis Oldham, and family. They also visited in Hico.

Mrs. R. T. Wallace left Monday for Dallas for a visit with her daughter, Mrs. Byrum, and family.

Mrs. Gregory of Walnut Springs is here at the bedside of Mr. Echols. Also Billy and Georgella of San Antonio are at his bedside.

The last Quarterly Conference of the Methodist Church was held last Sunday. Good reports were heard from the pastor and others. Rev. Johnson preached a fine sermon. After the conference the lunch was spread. Rev. Johnson returned thanks. There was plenty of food. All ate plenty and there was some left. All of it was fine and was enjoyed by all. The service was also enjoyed.

Mr. and Mrs. Pete Musick of Fort Worth spent the week end here.

Saturday afternoon while in town a relative of the little Sowell boy told me he asked his mother didn't Jesus love little children. She said, "Sure he does." "Well, I am going to him for I am tired here," was the reply. Since I started writing news for the Hico paper in 1925 this week was the first time I have written up three obituaries in the same week. I have written two before, but never three.

Johnny Dean Sowell

Johnny Dean Sowell, son of Mr. and Mrs. Oliver Sowell, was born July 4, 1944, at Hico, and died at Fort Worth at the Methodist Hospital Wednesday night, April 4, 1951, at 1:45 a. m.

He was taken to the Harris Hospital the first of the week, pending a serious operation.

He had been ill for some time. All was done for him that could be done. This was his first year in school. He attended the grade school in Iredell. He was loved by his teacher and schoolmates, and also by all who knew him. He was a manly little boy, and will be greatly missed by his parents and others. He was an obedient son. It is very hard on the parents and other relatives to give up little children, but God knows best. His life's work is ended.

He is survived by his parents and one brother, Charles Lee, and his grandparents, Mr. and Mrs. W. J. Sowell of Hico and Mr. and Mrs. J. J. Johnson of Roswell, New Mexico, and also a number of uncles and aunts and other relatives.

The funeral was held Friday afternoon at 3 o'clock in the Iredell Baptist Church, with Rev. Fowler of Brownwood in charge. He brought a beautiful message in the presence of a large host of relatives and friends. The floral offerings were beautiful. The casket was opened and all looked at him. He looked very sweet. Many of the relatives and friends shed tears. He is gone, but not forgotten.

T. and Arthur Dunlap, Luther Sowell and Herman Sowell were pallbearers. He was laid to rest in the cemetery east of town. Barrow-Rutledge Funeral Home of Hico had charge of arrangements.

The parents and other relatives have the sympathy of their loved ones in the loss of their loved one.

The out-of-town relatives who attended were Mr. and Mrs. Carl Greenwade, Mr. and Mrs. Vawter, Mr. and Mrs. Leo Johnson and sons and Mr. and Mrs. Beadle Pack and family of Fort Worth; Mr. and Mrs. J. C. Johnson and children and Mr. and Mrs. Page Wade and daughter of Brownfield; Mr. and Mrs. Alfred Johnson of Houston; S. Cox and Bill Cox and son of Valley Mills; Mrs. Paul Pike and daughter of Sweetwater; Mrs. W. J. Sowell of Hico; Mr. and Mrs. W. J. Johnson of Roswell, New Mexico, and the parents, Mr. and Mrs. Oliver Sowell and son of Hico.

A. C. Smith

Mr. A. C. Smith was born July 11, 1879, the son of Mr. and Mrs. A. P. Smith of Lumpkin County, Georgia, and passed away April 3, 1951 at 1 p. m. He was better known as Mr. Bud Smith.

He was married to Miss Nora Sparks Dec. 21, 1901. To this union six children were born, two boys and four girls; Mrs. Homer Whitley, Mrs. Wick Simpson and Mrs. Luther Meador of Iredell and Mrs. Arthur Guinn of Hico; Bryan Smith of Addicks, Tex., and W. B. Smith of Fort Worth.

He was ill for a long time. The ambulance had come to take him to the Hico Hospital. They had put him on a stretcher and placed him in the ambulance when, without a moment's warning, he passed away.

He was converted and joined the Iredell Baptist Church in the summer of 1915. He was a faithful member and attended services as long as he was able. He had heart trouble, which kept him at home a great deal. His wife and children did all they could for him. He and his wife had lived in their home in town for three years. He was a retired farmer. For the past 40 years he had been a resident of Bosque County and had reared his family close to Iredell. He was well known for having been in near Iredell for so many

years. He was a law-abiding citizen, and was on the right side of everything that was for good.

His wife and children will miss him. He was a devoted husband and father, and all were his friends. Iredell and community were made sad when he passed away. His life's work is done and he is at rest for ever more, and is watching and waiting for his loved ones and friends in the beautiful heavenly home where partings will be no more.

Besides his wife and children he is survived by one brother, Frank Smith of Waco; one sister, Mrs. Jim Shaw of Valley Mills; eight grandchildren and two great-grandchildren.

The funeral was held Wednesday afternoon at 3:30 in the Iredell Baptist Church. Barrow-Rutledge Funeral Home of Hico had charge of arrangements. Rev. Lloyd Lester, a former pastor but now of Electra, brought the message, assisted by Rev. Ellis, in the presence of a host of relatives and friends. The church could not hold all the people. Most of the business houses closed for the funeral services. The floral offerings were large and beautiful, and spoke of the high esteem in which he was held by his friends.

The pallbearers were Messrs. Ed Lawrence, John Fred Ward, Lee Hudson, Crockett Clauser, W. W. Oldham and Homer Gosdin.

The remains were laid to rest in the new cemetery.

Mrs. Smith and children and the other relatives have the sympathy of their many friends in their loss of their loved one, but God knows best.

Out-of-town relatives who attended the funeral were Mr. and Mrs. Ed Lett of Dallas, Mr. and Mrs. Douglas Smith and Raymond Smith of Valley Mills, Mr. and Mrs. E. Smith, Mr. Joe Smith, Mr. and Mrs. Frank Smith of Waco, Mr. and Mrs. Tom Sparks of Dublin, Miss Ola Sparks, Mr. Tom Bill Davis and Mrs. J. B. McGuire of Miles, Mrs. Ennis Dawson of Stephenville, Mrs. Flossie Hudson of Big Spring Mr. and Mrs. A. C. McAden and daughter of Waco, and Mr. and Mrs. L. J. Everett and baby of Dallas.

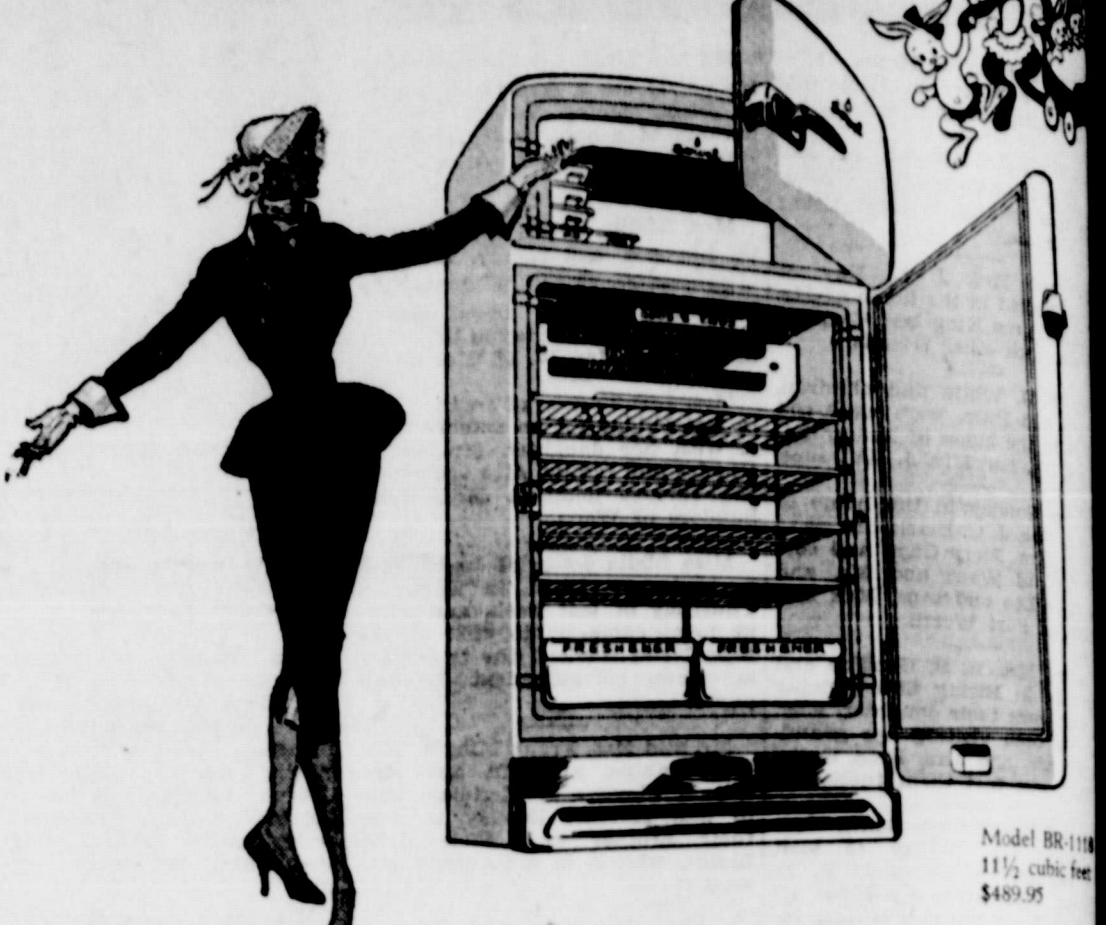

Out-of-town friends here for the funeral were Mrs. Vella Harris of Fort Worth, Mr. and Mrs. Joe Meador of Clifton, Mr. Gus Kruger and Mrs. Albert Rinehardt and Mrs. Ruder of Coryell City, Miss Grace Simpson of Dallas, Mr. and Mrs. Emmett Harris of Walnut Springs, Mr. and Mrs. Bill Guinn, Mr. and Mrs. Edward Guinn, Mr. and Mrs. Virgil Parker, Mr. and Mrs. Walter Pruitt of Hico, Mrs. Joe Golbow of Addicks, Mrs. Roy Lawrence, Mr. and Mrs. Lem Weeks, Miss Pearl Holt and Mrs. Will Fouts of Duffau, Mr. Omar Robertson of Meridian.

The children from out of town were Mrs. Arthur Guinn and husband and Mr. Bryan Smith and wife of Addicks, and W. B. Smith and wife of Fort Worth.

The grandchildren present were Mr. Doak Simpson of Camp Fanning, Ark., Tom Simpson of A. & M. College, Mr. and Mrs. Stanley Whitely and Miss Joyce Whitely of Dallas, Miss Ginger Smith of Fort

NATIONAL SURVEY OF LEADING POULTRY NUTRITIONISTS REVEAL DEFICIENCIES ARE COMMON IN POULTRY

By Dr. D. H. LeGear A recent national survey of the leading poultry nutritionists reveals that 80% of all the poultry flocks in our country suffer to some degree from "borderline deficiencies." These borderline deficiencies vary greatly from flock to flock, but conservative estimates show that 4 out of 5 poultry flocks require additional amounts of Vitamins A, D, B1 and Riboflavin (B2), as well as such important minerals as Calcium, Phosphorus, Manganese and Iron.

To build good quality eggs, uniform in size and with strong shells, requires a continuous supply of vitamins and minerals. Even minor deficiencies of these important elements, particularly Vitamin D, Calcium and Phosphorus, result not only in inferior grades of eggs but also in lowered egg production.

It is suggested that all poultry raisers who are not completely satisfied with their production and profits try this new formula. 4 out of 5 will enjoy great benefits from it.

SUBSCRIBERS—

(Continued from Page 1)

in the good earth, but today we've a cold norther and that gives me an excuse to stay indoors and I love it," she said. Now, Alyce, you get right out in that yard and start things to growing with that green thumb of yours—someone from around here might come down that way and they wouldn't recognize your yard without you and a lot of other pretty things in it.

One of our faithful subscribers since 1930 (and doubtless longer), Mrs. J. B. Pool, Hico Route 3, came by Saturday to renew her subscription to the News Review. She retains her interest in Hico and its people and possessions, and not long ago, with her two daughters, inspected the Highway Post Office infirmally after having missed it on its maiden voyage.

"Everybody ought to take the home paper," believes Sam Priest, Hico Route 4. So practicing this belief, he renewed his subscription to the NR Saturday.

B. E. Trimmer of Hutchins, Texas, was back in Hico Friday and Saturday to visit his parents, Mr. and Mrs. Sam Trimmer. He reported his father to be resting better Saturday after several weeks illness, during which time he has been in the Hico Hospital. While here, Mr. Trimmer said he remembered the News Review when it was operated by the Alton family, and having formerly been a reader, he became a new subscriber.

E. G. Shaffer, Hico Route 5, came by the office Saturday to request that his name be placed on the subscriber list again. His time had been out about two months, he said, but he never could think to come by when the office was open.

Geary and Mayme Cheek now live in New Orleans, La., at 4690 Franklin Ave., in case any of their old friends wish to write them, which they should. Really, we should, too, for we always get a

friendly, chatty letter along with their renewal. But they understand, we trust, and will take this as an answer to their letter and congratulations on the good news about their youngest child, Janice Jean, who is now closer to the doctor since Chief Geary got the Navy to transfer him from Panama to the Crescent City. Mayme reports Geary and their son, Jimmie, just fine but says she's beginning to realize that raising a family takes up a lot of one's time. One objection she has to her new address is that the home paper arrives later in the week than it did when they were living in Florida. We'll have to look into that, and have some kind of an excuse before their next visit which they plan for some time between now and Christmas.

The News Review staff are happy to have Mrs. C. W. Polk back on the subscriber list. She has always been a good friend of the paper, and besides having her on the list, we want her to have an excuse to visit with us now and then.

Mrs. Dorothy White, Billy and Devalca, of Dallas slipped off from W. J. (who had to work) last week and came to Hico for a visit. Dorothy reported Devalca, victim of polio who was hospitalized for a long time in California, now going to school in Dallas and very well adjusted to the situation. That son, Billy, who accompanied her to the office, ought to pick on somebody his size when he goes to fighting, though, and lay off his mother.

Morse Ross, whom we lost as a good radio shop advertiser when he went to carrying route mail out of the Hico post office, wants his own copy of the paper each week even though he totes a load of them out every Friday. He has read the paper at various addresses prior to, during, and following the war, and we are flattered that he still wants to read it. Or is it Shirley that does that?

Joe Powers, accompanied by his brother-in-law, Aubrey Knowles, came by the office Monday and subscribed again to the News Review so that his wife (the former Quata Burden) can read it and tell him what has happened in the hometown. Joe, personally, doesn't care to read it—we quote. However both those guys seemed pretty interested in what's going on around here and commented on how much things can change after you're gone for a while. They both came back with their families last week end on a vacation, and timed it so that all of them were together at the same time to surprise their parents, Mr. and Mrs. Tom Powers, on the occasion of their anniversary of fifty years of matrimony—but that's another story, and it's on another page of this issue.

Chiggers Can Spoil Your Summer—But You Can Spoil Theirs

Austin, Tex., Apr. 9.—With a few well placed bites a tiny little six legged animal, so small it's hardly discernible without a microscope, can make a red-eyed, itchy insomniac out of a sound sleeper.

Whether you call them red bugs, harvest mites, chiggers or Eutrombidium affredugeus, their scientific name, State Health Officer George W. Cox warns you're due to meet them this spring and summer, especially in lawns of Bermuda grass.

Chiggers, Dr. Cox says, can spot an unkept lot a block off, and take to those places like a hungry chicken takes to corn. When you are enjoying a lounge outside on a balmy spring evening, they'll go to work. The itching starts at bedtime, and continues all night. Seems as though chiggers have declared open season on humanity beginning about May and lasting until cold weather of fall and winter reduces their (the chiggers') numbers. Contrary to common belief, Dr. Cox says, they do not burrow into the skin, but merely attach themselves by their mouthparts and suck blood until they're gorged.

That severe itching is caused by an anti-coagulant material they inject into their host, according to the health official. Favorite spots seem to be feet, hands, and stomach. Secondary infection in the form of boils and sores results from persistent scratching.

Dr. Cox says chiggers are tough to control in heavily wooded sections, but in lawns, camp sites, and picnic grounds where grass can be cut close, the job can be done inexpensively and without much trouble.

He recommends dusting or spraying the area with crude benzene hexachloride at the rate of 2 to 5 pounds per acre.

"Your summer will be more pleasant for the effort," the doctor advised.

DUFFAU

A good crowd attended the Shiloh-Duffau ball game at this place Sunday. Many visitors from different places were present.

We are sorry to report Mr. and Mrs. Will D. Elkins are both on the sick list with pneumonia.

Mr. and Mrs. Jim Linch of Temple, former residents of this place, visited with their old friends, the W. C. Fouts family, Sunday.

Mrs. Templeton of San Angelo visited the Wilburn Templeton family over the week end.

Mr. Morrison of Mineral Wells visited Mr. and Mrs. J. D. Hutson and family Sunday.

Mrs. Miniard and daughter, Patsy, visited friends in this community Sunday afternoon.

First game of soft ball—Selden 12, Duffau 8; second game—Duffau 22, Selden 19.

Wayne Lindsey of Fort Worth visited his parents, Huel and Mrs. Lindsey, Sunday. Also visiting the Lindseys was Mrs. Ola Moore of Kopperl, who is a sister of Mrs. Lindsey.

Mr. and Mrs. Hugh Witt and son of Stephenville visited his parents Sunday.

Mr. Seay of Brownwood spent Sunday with his daughter, Mrs. Pestal Elkins.

Bobbie Dan Cavitt, wife and family and Bill Witt, wife and family were Sunday guests of E. M. Cavitt and wife.

L. B. Giesecke Jr., wife and family spent Sunday with Mrs. Giesecke's parents, Mr. and Mrs. Tom Drury.

Mr. and Mrs. Willard Lay of Stephenville visited Mrs. Lay's parents, J. C. Kierease, wife and family, recently.

Duffau Versus Shiloh

Billie Joe Stacey, our very efficient manager of the Duffau ball team, asked me if I would give the highlights on the Sunday April 8 baseball game. We failed to see any highlights except a few thrilling home-runs.

It was a mediocre affair and never was exciting—or, as one fellow said—"I got many times my two bits' worth."

The score was: Duffau 26, Shiloh 7.

Duffau got 20 hits, made 3 errors, while Shiloh got 8 hits and made 8 errors (unofficial).

We are expecting a better game next Sunday, April 15, when Hico invades this place. You will get a general description of this game in the Hico News Review. If you don't take the paper, better subscribe today. (I smoke John Ruskins, Mr. Editor).

HICO STUDENTS AT TSC PRESENTED IN CONCERT

Three Hico young people, Myrna Sparks, Bob Ratliff and Neal Garner (of Route 6), members of the Tarleton State College chorus, a choir composed of 55 TSC students, made two appearances this week when they joined with the Southwestern Symphony Orchestra from South Texas State College, San Marcos, in presentation of a concerto, "The Requiem."

The first program was held in Tarleton Auditorium Monday evening, and the second, Wednesday evening in San Marcos.

The Tarleton Chorus, under the direction of Royal Brantley of the music department at TSC, traveled by chartered bus to repay the visit from members of the symphony orchestra of STSC.

Both the chorus and orchestra were directed in unison by the Italian director of the symphony orchestra.

FAIRY H. D. CLUB LADIES STUDY INSECT CONTROL ON PLANTS AND SHRUBS

"Be alert and watch for two kinds of insects on your shrubs—the biting kind and the sucking kind," said Miss Ethel Hander in a Home Demonstration Club meeting in the home of Mrs. G. K. Lewallen Friday afternoon, April 6, starting at 2 o'clock.

The president called the house to order. As Miss Hander had to leave early, she gave her part on the program before the business meeting. She urged that insecticides be kept handy to control insects when they are first noticeable. She demonstrated how to prune a shrub and why it is done. Several different insects were passed around, named and discussed—where to look for them and how quickly a sucking insect can ruin a shrub before one can detect the damage.

Roll call was answered with the names of insects that bother most.

Mrs. Bill Lackey led in a roundtable discussion of interesting places in Texas.

The meeting was adjourned to meet next with Mrs. L. J. Wood on April 27.

Delicious refreshments were served to Mrs. L. J. Wood, Mrs. C. H. Boyd, Mrs. Chester Wood, Mrs. Carl King, Mrs. J. F. Harris, Mrs. Fred Payne, Mrs. Louis Abel, Mrs. C. J. Lackey, Mrs. O. R. Wilford, Mrs. J. J. Jones Jr., Mrs. Bill Lackey and Mrs. Jasper Jenkins.

REPORTER.

PREACHING AT ROCKY

Bro. Pip Ramsey of Arkansas will preach at Rocky Church this Sunday and every Sunday night, according to an announcement made this week.

Everybody is invited to attend.
