Symptoms Don't Always Accurately Disclose Nature of a Disease

If disease followed the definite pattern that has been classed as symptoms of each specific illness, diagnosis of various ailments would be a much less complicated matter. But any list of symptoms is meant to describe the usual course of a disease and everyone seems to have a different capacity for reacting to the germs that cause these infectious diseases, some people straying so far from the normal that only the most detailed laboratory methods can determine for sure what the sickness is in order to treat it.

Meningitis is usually considered a paralyzing sort of sickness that leads to unconsciousness, a coma that may last a long time. There are many different types of meningitis, based upon the particular brands of germs which might invade that film that covers the brain and the spinal cord. But one thing they all have in common is the capacity to change the appearance and content of the fluid that is in the spine. So when meningitis is suspected, the diagnosis must be made by examining that spinal fluid and the fluid is obtained by a puncture of the spine.

From this examination, your doctor can also tell whether meningitis is the one brand that is contagious or one of the many brands that are not. If it is contagious, the patient must be isolated at once to keep others from getting the disease. In any case, treatment for the disease must begin rapidly after meningitis is diagnosed. With proper treatment with the new drugs available today, meningitis is seldom the deadly attack it used to be.

The usual early signs of meningitis vary with the age of the person who is stricken. Infants usually get a vacant, staring look on their faces and complain loudly on being handled; they want to be left alone. Children may be suspected of having meningitis when they show a sudden high fever with delirium and convulsion and a definite pulling backwards of the head and neck. In adults the first sign is frequently a very severe and constant headache.

It is with such signs as these that the spinal puncture may become necessary. There are other diseases which may create the same signs, of course, but with meningitis ruled out, other diseases may then be considered, dis-

eases which would not require such prompt treatment as meningitis does. Even with the modern methods of treatment, the coma, the period of unconsciousness, is still a part of the meningitis picture, but the danger of the complications that marked the disease a few years ago has been lessened.

Scarlet fever is another of the diseases that evidently often fails to follow the set pattern. In recent years doctors have discovered that members of the same family have the exactly same type of streptococci germs in their throats while some members break out in the rash that marks scarlet fever and others exhibit all the other symptoms but not the rash.

From that has come the theory that this particular type of streptococci germs is responsible for streptococcal, septic sore throat and scarlet fever, all of which are different manifestations of the same disease.

Most adults are immune to scarlet fever according to scratch tests known as Dick tests which were devised especially to test immunity for that one disease. Even though you have never had scarlet fever, you may have developed an immunity through attacks of sore throat and tonsil inflammation caused by the same germs as the scarlet fever germ.

A very sore throat and inflamed tonsils, together with fever, vomiting and headache, make up the first signs of this strep-caused disease. If nothing else happens in the next few days while you're being treated with the new drugs, then you probably have a septic

sore throat. If a red rash breaks out by the fifth day, however, that particular rash of tiny red dots so close together that they look like a solid blanket of red, then you have scarlet fever.

And the definite diagnosis, in event there may be some doubt because the rash is neither solid enough nor red enough, is a couple of weeks or so later when the skin starts peeling off in flakes or layers, especially on the soles of the feet. — (Prepared by the Texas Medical Association.)

Methodist Church

The pastor and his wife will be away Sunday, attending Conference in Waco. There will be no morning or evening services.

Sunday School, 10 a. m.
Methodist Youth Fellowship at 7:00 p. m.
Wednesday choir rehearsal, 8:00 p. m.

A cordial invitation is extended to everyone to attend all services.
J. FRED PATTERSON, Pastor.

Pentecostal Church

There will be a fellowship meeting at the Pentecostal Church Monday night, June 11 beginning at 8 o'clock, advised Sister Dollie Lynch, in making the following invitation:

Everyone is invited to come and worship with us. There will be many preachers and singers from many other towns. Come and enjoy yourself.
MRS. LYNCH.

*They're Ready to
Answer ANY Call*

Telephone people have always outdone themselves when the pressure is the greatest. In local emergencies, the cool efficiency of the telephone worker has been duly praised.

In national emergencies such as the present one, you can depend on them. The telephone workers will keep running smoothly the communication that has been rightly named "the speaking voice of America's might."

My 25th Anniversary . . .

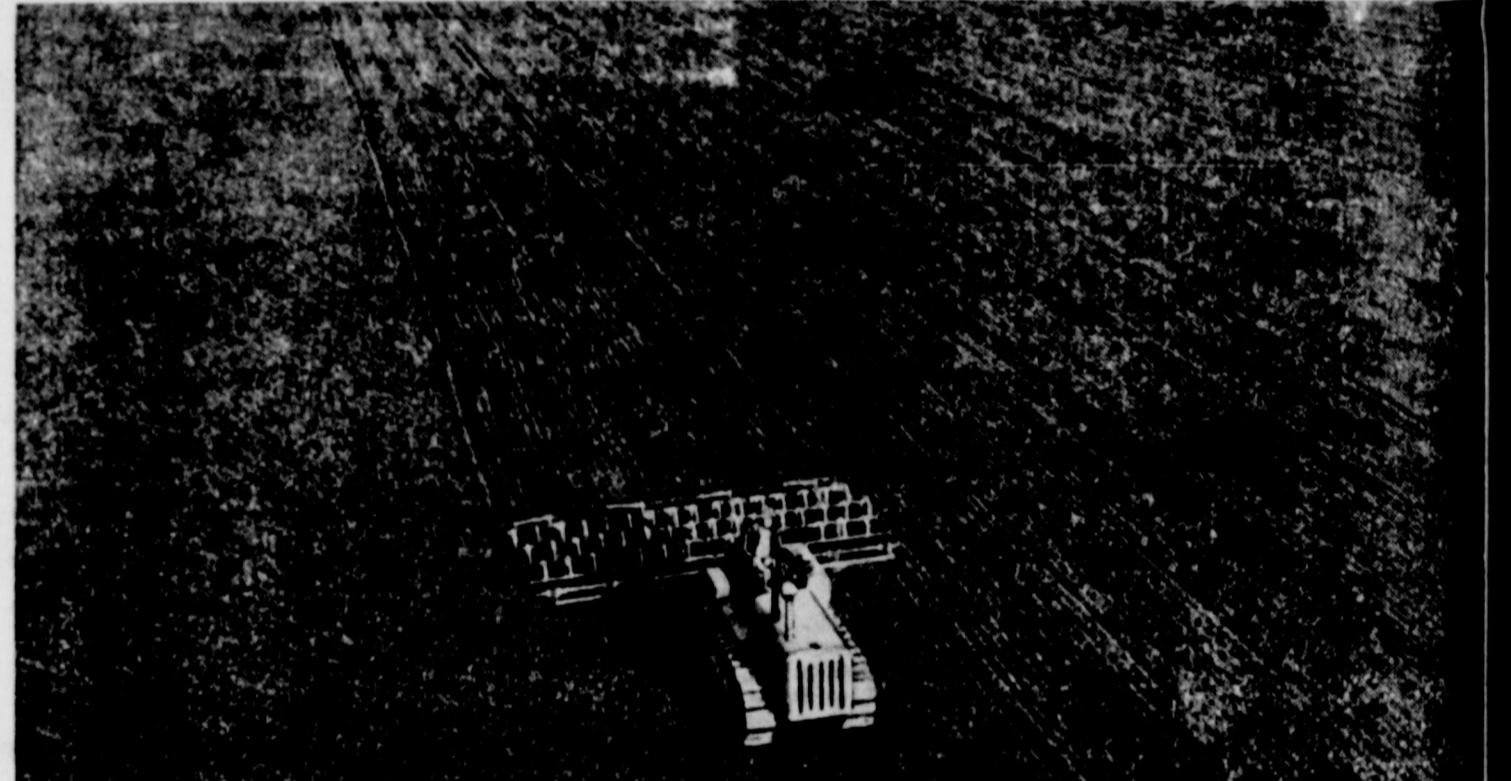

The first thing as anniversary time comes around is to express our sincere appreciation to our many customers and friends who have made our success possible.

Your business through the years has been generous and stable. Some of you have been regular customers since our very first day in business, way back in 1926, June 7.

To You We Say Thanks—

HERBERT WOLFE

A WELCOME HORSE on Any Farm

PULLING A 16-FOOT NARROW with his multi-purpose, diesel oil-burning tractor, William Gisler of Carmarillo, Cal. prepares, in one day, 40 acres of beanland for planting. This would have taken over a week with horse-drawn equipment. On U. S. farms today, 4 men do the work 14 used to do.

Oil Puts Record 178 Million Horsepower To Work On U. S. Farms

The American farmer's all-out food production drive this year is sparked by the world's greatest power plant—178 million horsepower* in mechanical energy—twice that of 1940.

This enormous energy, developed by oil, is more than that used in all America's factories combined. It is the big reason why the U. S., with far fewer farm workers, now produces 40% more food than ten years ago.

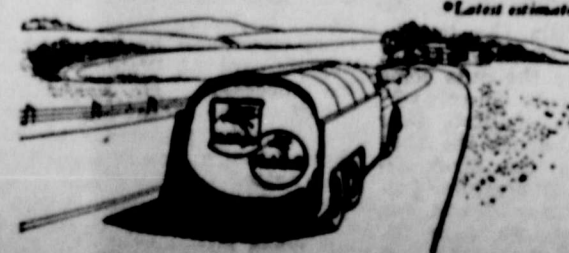

Meeting the farmer's sharply increased needs for fuels and lubricants is just part of the oilman's service to the farmer. Chemical magic, born of constant petroleum research, provides insecticides, weed killers, fertilizers and tires to further boost the yield per acre.

The oil industry's contribution on the food front is typical of its service to the nation.

In peace or war, America's thousands of privately-managed oil companies provide the public with the finest oil products in the world at the world's lowest prices.

This has come about because free men, competing vigorously over the years, have out-distanced the world in their race to out-distance each other. The benefits of this competition go to you and the nation.

*Latest estimates of U.S. Department of Agriculture.

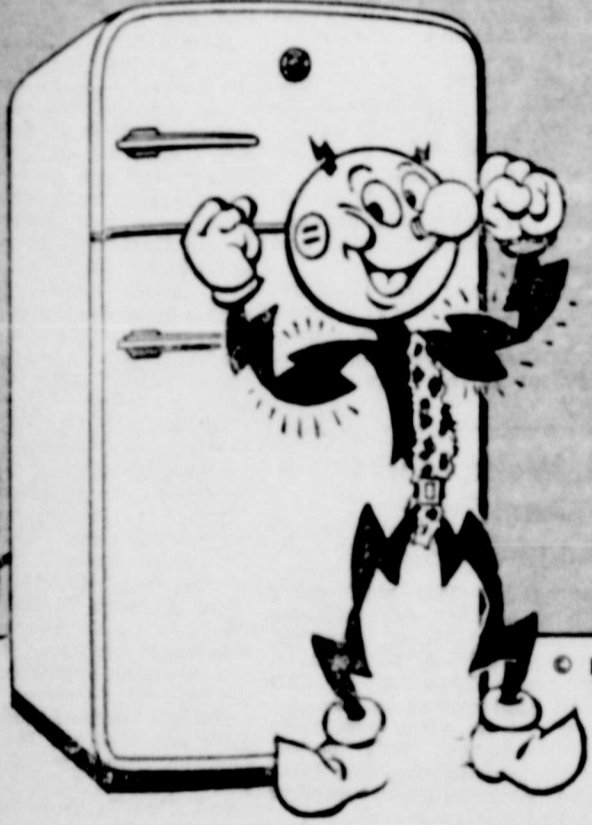

TANK TRUCK DRIVER brings fuels and lubricants right to the farm. Oilmen have constantly improved the quality of the petroleum products America uses. For example, 2 gallons of gasoline now do the work 3 did in 1925—although gasoline today is priced about the same.

LETTUCE FARMER blasts leaf worms with new insecticides. Today the average farmer raises enough food to feed 15 people—against 9 in 1920. Also, with oil-powered machinery, he no longer has to use a large part of his land to feed work animals.

H. N. WOLFE, Agent

Plenty of RESERVE POWER

for the
HOTTEST
Summer
days!

REDDY KILOWATT
Your Electric Servant

Of course, it's *Electric*

Sizzling hot summer weather provides the real test of a refrigerator and that's when you'll appreciate most the ample reserve power of an ELECTRIC refrigerator.

Just turn up the cold control of your dependable ELECTRIC refrigerator and you get plenty of power to produce the extra cold and extra quantities of ice cubes you need. And economically, too—for an ELECTRIC refrigerator operates for just a few pennies per day.

See the new 1951 ELECTRIC refrigerators now on display at your appliance dealer's or our office. You get the best when you buy ELECTRIC!

Fairy

By Mrs. Eunice Massengale

HONORED CITIZEN PASSES

There was crepe on the door-knob of our general merchandise firm of M. E. Parks & Sons, over the week end, through the passing of one of our most loved and honored citizens, Millere E. Parks, who passed away Sunday afternoon at 4:15 at the Hico Hospital, following an illness of several months due to a heart ailment. Our hearts have been deeply saddened in his passing.

Mr. Parks was always ready to help in any way with matters pertaining to the upbuilding of our community. He had served for a number of years as treasurer of the Hico Cemetery, and was still serving in this capacity at the time his illness struck. He was also a member of the Fairy School Board for a number of years. He was dependable and trustworthy, and we feel we have lost one of our most worthy citizens.

Mr. Parks entered the general merchandise business on August 25, 1911 with N. A. Leeth, now of Hico. The firm was known as Leeth & Parks. When Mr. Leeth sold his interest in the firm and moved to Hico, Mr. Parks sold an interest in the firm to his brother, C. C. Parks of Fairy. The firm then was known as Parks Bros. A few years later his brother decided to again take up farming and sold his interest to Mr. Parks and the business name was M. E. Parks Store until a few years ago when he became an associate with his two sons, Audie and Elzie. The firm name then being changed to M. E. Parks & Sons. These two fine young men are left to carry on alone, with Misses Ovie and Elsie as clerks. The eldest son, Audie, has been assisting in the firm's management since his father's illness and we feel sure these fine boys will follow in the footsteps of their dad and render the same honest and dependable service that the patrons have received in the past. The elder Mr. Parks wanted so much to live at least until August 25, when he would have rounded out the 40th year of his business career at Fairy.

Millere E. Parks was born to Mr. Robert and the late Mrs. Josie Parks near Fairy on April 30, 1889, and spent his entire life in this community. On November 24, 1910, he was married at Silvertown, Texas, to his childhood sweetheart, Miss Nora Mae Baker, who had moved with her father, brothers and sister to Silvertown following the death of her mother, Mrs. A. J. Baker. To this union five daughters and two sons were born, namely: Mrs. Ora Mae Fulbright of Kerrville, Mrs. Ruby Jo Driver of Texas City, Mrs. Cleoyne Miller of Fort Worth, Misses Ovie and Elsie Parks, and Audie and Elzie Parks, all of the parental home. They also reared two small daughters of Mrs. Parks' sister, Mrs. Ida (Baker) Cable and Earl Cable, following the death of Mrs. Cable when the youngest daughter was about two weeks old. These are Dorothy, who is now Mrs. Bay, singer who resides in Kansas and was unable to be here for funeral services, and Mrs. Frances Lightfoot of O'Donnel, Texas, who was here with her husband, Mr. and Mrs. Parks gave these two children the same love and devotion they gave their own children and their acts of kindness to them will always be remembered by people of the Fairy community. Mr. Parks is also survived by six grandchildren as follows: Kenneth, Nelda Jo and Patsy Driver, Kirby D. and Paul Edward Fulbright and Ronald Keith Miller. Other survivors include four brothers, Bernice, Ersie, Coy and Tellus Parks, all of Fairy; two sisters, Mrs. Emma McAdams of Cranfills Gap and Mrs. Bessie Jordan of Cleburne; and his aged father, Mr. Robert Parks of Fairy, who lived just across the street from the M. E. Parks home and a scene that will always be a sacred memory to all was this son, during his active lifetime, escorting his aged father across the street to his home for his meals which had been their custom since the death of Mrs. Robert Parks in August of 1944. His eldest brother also preceded him in death in infancy. He is also survived by many nieces and nephews.

Mr. and Mrs. Parks united with the Church of Christ of Fairy in August, 1920, being baptized at the same baptismal service. He had served the church as an elder for almost 20 years, and took much pride and interest in the church and was always a generous supporter of the church whose members deeply regret their loss, as do many friends who likewise mourn his passing.

Funeral services were held at the Church of Christ Monday afternoon at 4:00 o'clock, with Ministers, O. O. Newton of Royce later, O. O. Newton of Royce City (former pastor here), J. O. Gafford of Brownwood, and L. J. Wood of Fairy, officiating, and Darman Newton of Hamilton conducting the song services.

Active pallbearers were E. M. Hoover, Ovie Brummitt, H. C. Beck, Bill Lackey, J. T. Jackson and H. O. Richardson, all of Fairy. Honorary pallbearers were C. W. Brunson, E. C. Brummitt, W. E. Goynne, E. C. Allison, H. R. Brummitt, H. H. Wolfe, T. L. Betts, H. S. Pitts, Oran Williford, H. E. Sills, L. V. Houser, Irvin Jones, P. L. Cox and Benn Gleason, all of Fairy; N. A. Leeth, George and Christopher, B. B. Gamble, and Christopher, all of Hico; C. L. Woodward, all of Hico; T. B. Harper, Goldthwaite; C. M. Tinkle and B. D. Corrigan of Hamilton, and W. M. Bertelson of Cranfills Gap.

Flower girls whose names were secured were Misses Louise and

Gwenn Jackson, Linda Lou Goynne, Shirley and Doris Aleene Streeter. A very large number attended the funeral services and the very bountiful floral offering was one of the largest ever to be displayed for a funeral service at the church. Their many friends extend deepest sympathy to the family and other relatives in this dark time of sorrow. May they look to God, who doeth all things well, and be ever mindful of the good life he lived and follow in his footsteps.

W. E. Goynne and R. W. Lackey were in Waco Thursday night to attend a special Masonic meeting at the Grand Lodge Temple. Mr. Goynne also spent Saturday at the Masonic Home and School in Fort Worth in a business meeting with other Masonic Grand Officers.

Mr. and Mrs. Chester Wood and Mr. and Mrs. Carl King were in Ballinger last Friday to attend funeral services for Miss Thelma Midgley who was a cousin of Mrs. Wood and Mr. King. She died on Wednesday night of a heart attack.

Edward Grimes, who is stationed in Tennessee, spent the week end with his parents, Mr. and Mrs. Johnnie Grimes, and daughter. He came in by plane to Waco and was met there by his parents.

Mr. and Mrs. E. M. Hoover carried their daughter, Mrs. Ralph Spencer, and little son, Ralph Donald, to Breckenridge last Saturday where she joined her husband at the home of his parents. He has been employed at Big Spring, but learned recently that he will be stationed at Lubbock, and they will not have to make the move to Big Spring. They have resided at Lubbock for the past few years. Mrs. Spencer and baby had spent the past two weeks visiting her parents.

A miscellaneous wedding shower honoring Mr. and Mrs. Thomas Slater of Waco was held at the school gym last Friday night, with Mrs. Crockett Slater, Mrs. Maudie Driver, Mrs. Grady Anderson and Mrs. Emmett Anderson as hostesses. Refreshments were served to those present. The honorees received many nice and useful gifts.

Mr. and Mrs. Wayne Laceywell and children of Beaumont and Mr. and Mrs. Witt Laceywell and daughter of Olton, Texas, are visiting at this writing with their mother and brother, Mrs. Ada Laceywell and Pat. Witt and Wayne and their families spent a few days last week at Buchanan Dam, fishing. They were joined there over the week end by Mr. and Mrs. Scott Blackley and Lera Jane and Mr. and Mrs. Roy Blackley, all of Fairy; Mr. and Mrs. W. N. Bridges of McGregor; Mr. and Mrs. Buck Bridges and two children of Beaumont; and Mr. and Mrs. Jim Burris and daughters of Brady. They were there over the week end.

Mr. and Mrs. Carl Ray Sellers, Carolyn and Jimmie Don, Mrs. Eunice Massengale and Mr. and Mrs. Leon Springer spent last Sunday in Dublin visiting in the home of the former's sister and daughter, Mr. and Mrs. D. E. Allison, and family. The visit was in honor of Mrs. Allison's birthday which is Tuesday, June 5.

Next Saturday, June 9, is the birth date of our deceased husband, J. O. Richardson, and also that of our six, Mrs. Gladys Cox, and Sunday is the birth date of our son, H. O. Richardson.

Mrs. Maudie Driver, who has been visiting here with relatives, returned last Saturday to her home at Sweetwater.

"OLE SARGE"

NEED OF ARMY NURSES ANNOUNCED—The American Medical Association and the American Hospital Association have endorsed the expansion goal of 3,000 additional nurses for the Army Nurse Corps. Interested applicants will find complete information concerning this career at the nearest U. S. Army and U. S. Air Force Recruiting Office.

AIRMEN LACKING TERM AT COLLEGE PERMITTED TO RETURN.—All airmen who lack either one semester or six months of work for an undergraduate or college degree will be given a chance to return to college. The final semester plan will benefit many airmen who enlisted before completing their last semester of college. In order to qualify for this program, candidates must present certified proof from an accredited college that they can complete the requirements for a degree in a period of six months or less.

ATTENTION, HIGH SCHOOL GRADUATES.—All graduates are reminded that after one year of military service they become eligible for the yearly examinations for entrance to West Point Military Academy. Complete information at the nearest U. S. Army and U. S. Air Force Recruiting Office.

LARGEST RESERVE TRAINING ENCAMPMENT TO BE HELD.—In the largest Reserve training encampment ever held, 118,000 officers and enlisted men in units of the Army's Organized Reserve Corps will receive 15 days of intensive training at 151 camps during the summer. The training will be conducted under the overall supervision of the Chief, Army Field Forces, and the six Army Commanders.

ARMY ADOPTS NEW ALL-TEMPERATURE GREASE AFTER EXTENSIVE TESTING.—A new grease which performs equally well in tropic heat or Arctic cold, has been adopted for use on all Army vehicles and artillery pieces. This, the result of long research. See you in the papers.

SARGE

HAVE A BETTER KITCHEN

Country living needn't deprive you of the city conveniences such as automatic garbage disposing. The farm kitchen, or that of any country or suburban home where city services are not available, can make use of this modern convenience that eliminates the garbage problem.

Electric food waste disposers, which grind wastes into tiny particles and flush them into the sewage system, have long been used with septic tanks. The extra load placed on the system may require somewhat more frequent cleaning, but the unit's usefulness outweighs this disadvantage.

If you are building in the country, or are planning to install a food waste disposer to an existing septic tank, here are a few pointers that sewage engineers agree should be followed.

To assure trouble-free operation, it is recommended that a tank with 500 gallon capacity be used. Food waste disposers will operate satisfactorily with smaller tanks if the family is small, keeping down the volume, but it is safer to use the larger tank.

Another recommendation is that any grease traps be eliminated or bypassed. The amount of fats found in average home food wastes are solidified and broken up by the action of the disposer. This permits the fats to pass through pipes and drains to the septic tank which can easily take care of the load.

Be sure the man who installs your septic tank knows his business, and let him know that you plan to use a food waste disposer.

CLAIRETTE COUPLE FETED ON GOLDEN WEDDING DATE

Many friends and relatives in and around Clairette, and others from out of town were present in the home of Mr. and Mrs. J. B. Mayfield on the occasion of their 50th Wedding Anniversary celebration Sunday, May 27. The couple were fortunate in having three of their four children present on that day: Mr. and Mrs. W. B. Mayfield, Berger; Mr. and Mrs. Jack Mayfield and family, Clairette; Mr. and Mrs. W. E. Henderson and family, Cranfills Gap. One son, J. P. Mayfield, and his family of Ravendale, Calif., were unable to attend.

Refreshments of punch and cake were served at open house between 2:00 and 5:00 p. m. Over 150 guests called and brought many beautiful gifts, and extended best wishes to the couple.

CONTRIBUTED.

Looks like the DULUX on your Refrigerator!

DU PONT DULUX SUPER-WHITE ENAMEL

Ask your painter to use DULUX Super-White the white enamel is the same type of finish used on refrigerators and other home appliances. It produces a smooth, glossy finish for long-lasting protection and beauty.

- ★ Excellent coverage—high hiding
- ★ Resists chipping, cracking and marring
- ★ Retains its high gloss through repeated washings

Students Who Missed Qualification Tests May Make Them Up

Austin, May 31.—Students who were scheduled to take the Selective Service college qualification test on May 26 and did not due to circumstances beyond their control, may get a chance at a later date.

Brigadier General Paul L. Wakefield, state Selective Service director, has been advised to this effect in a telegram from Major General Lewis B. Hershey, national director of Selective Service.

Previously, test rules made it impossible for any student to take the test if he missed it for any reason.

Text of the official telegram received is as follows:
 "Students who were issued tickets for the May 26th test and were precluded from taking test by circumstances beyond their control should write immediately to the Selective Service Examining Section, Educational Testing Service, P. O. Box 586, Princeton, N. J., explaining the circumstances and returning their ticket of admission, if available. New ticket will be issued for later test in deserving cases. Copies of this telegram mailed to local boards this date."

Loans

FEDERAL LAND BANK Farm Loan at 4% interest. To buy a farm or ranch, to build a new home, or to repair one, to make any improvements. "Let's Talk Live Stock"

By TED GOULDY

Fort Worth, June 1.—Full effects of the ten percent rollback ordered by the Office of Price Stabilization May 20th just began to bite into livestock prices the latter half of the past week at Fort Worth and other points around the major livestock market circle.

Packer compliance with these maximum permissible prices was not mandatory until the first few days in June and as a result, prices have in the main been above compliance levels.

Prices around \$1 and more lower have been instituted and further declines appear to be in the works.

Hog prices rallied following the approach of a new quota period and due to some additional quotas being handed out in glutted market areas. Hogs promptly regained the losses that had been in effect as the quota squeeze tightened.

Claude McCann, South Texas Cattleman, sent us a wire this week telling us about the facts and figures the cattlemen are giving the congressional committees in Washington relative to the rollbacks. Claude says these figures prove that many marginal cattle producers will be knocked out of the business by the first ten percent rollback.

He says even efficient operators will be knocked out by the additional rollbacks slated for this Summer and Fall.

Actual case histories of "cost of production" of calves reveals that it costs more to produce calves than the selling prices will be under the rollbacks.

Another factor is the prospective large slaughter of calves and cows which will result from dumping them on the market when producers see that the game is a losing one. These cows and calves will be needed to produce the beef in the months and years ahead and once they hit the slaughter house, they are gone forever.

An odd feature of the news this week is that the New York wholesale dressed meat trade reported that steer beef short loins, sirloins and ribs are ranging from \$2 to as much as \$10 per hundred under the permissible ceiling prices.

"Sumpin' cockeyed" somewhere, when ceiling prices are needed on meat in such abundant supply that the wholesalers can't even get the ceiling price for it.

Well finished fed steers continued to sell at record prices for this time of the year at Fort Worth. Some 45 club yearlings from Canyon, Texas, FFA boys sold at \$37, and some others at \$33 and \$35. Commercially fed steers including about eight loads from Marvin Beauchamp of Dumas sold around \$35 to \$36, and Howard Beauchamp had some fed heifers on the market at \$33.75.

Some fat cows from C. T. and J. E. White of Brady sold to \$27 and \$28, and some fair to good fat cows from Sealing and Ewing of Clay County drew \$26.50 and averaged 1,925 pounds.

Sheep and lambs of all kinds are selling at record high prices for this time of year at Fort Worth. Clipped fat lambs at \$30 to \$31.50 tops and Spring lambs at \$33 to \$34 are strong.

Old sheep also are selling unusually well considering the fact that the runs have been the largest of the year. There has been no break in prices on any kind of sheep. Canner ewes at \$13 to \$14 and fat ewes at \$17 and \$18.50. Old wethers around \$20 and two-year-olds up to \$25 and \$26 are especially noteworthy prices.

Feeder pigs which dropped \$1 per hundred late last week remained at the lower levels in spite of the improvement in butcher hog prices. It is believed that many hog feeders are taking a dim view of the prospects for good hog prices since they have been so consistently below beef, veal or lambs for so many months.

Altman
 — By —
 Mrs. J. H. McAnelly

Claude Weinhart of Jefferson City, Mo. is visiting Mr. and Mrs. Wayne Cozby and daughter, Waynell.

Mr. and Mrs. W. J. Parish of Breton visited Mr. and Mrs. Harve Yocham Tuesday.

Mrs. Truett Jones is ill in the Hico Hospital at this writing. John Moore was in Dublin last Thursday morning.

A few from this community attended a memorial service at Hamilton Wednesday night.

H. E. Jones and Martin Bingham were Hico visitors Thursday afternoon.

Mr. and Mrs. Clell Malone of Clifton visited Mr. and Mrs. Wayne Cozby and Waynell Wednesday.

Just a few attended the Altman cemetery working Thursday, May 31, and cleaned it nicely.

CARD OF THANKS
 We wish to express our appreciation of the many kindnesses and sympathies extended to us in our recent bereavement.
 People were so kind to us. We want to thank them for the lovely flowers, food, and many kind deeds.

Caution Required In Use of Insecticides Containing Poison

Recently a new insecticide highly poisonous not only for insects but also for man and animals has become available commercially, said Dr. Geo. W. Cox, State Health Officer. It is known under the trade name of "Parathion" and has proven quite effective for certain agricultural uses.

Because of its extremely high toxicity it would be desirable if its use could be restricted to a few individuals who could make a business of applying it and educate and equip themselves so as to insure the maximum of safety. In Texas and a number of other states, however, there are no laws making such restricted use possible. Therefore, a brief statement of warning is being offered.

"Parathion in the pure state is a brownish liquid with a high boiling point and a peculiar odor. It mixes but slightly with water, but is completely soluble in alcohol, acetone and certain other similar solvents. Under factory conditions it is usually mixed with a powder such as talc or bentonite as a carrier and appears on the market as a powder which has absorbed the parathion.

"Its toxic effect may result from breathing the dust, as a result of swallowing contaminated substances, or by absorption through the skin. The latter may be indirect absorption such as from contaminated clothing.

Safe use is dependent on the use of precautionary measures so as to prevent contact. The user should seriously study and observe these precautions. The user should also be alert for symptoms of poisoning so that a physician may be in attendance without delay should he be needed. Atropine, a potent medicine, has been mentioned as an antidote. It should be borne in mind that this is another poison about as dangerous. If improperly used, as is parathion. It should only be used under competent medical direction.

O. E. S. Open Installation

The Carlton Chapter No. 949, Order of Eastern Star, held open installation Thursday night at the Masonic Hall. The installing officers were:

Foster Wizenant, Installing Officer, Stephenville.
Mary Nevilyn Warren, Dublin, Installing Marshall.
Installing Chaplain Nina Jones, Installing Secretary Maribeth Hitt, and Installing Organist Iris Harper, were all of Hamilton.
Installing Warden and Installing Sentinel were Paul and Carrie Neel of Hico.

Officers installed were:
Worthy Matron, Ruth Self.
Associate Matron, Marie Sharp.
Associate Patron, Virgil Battershell.
Secretary, Lila Coffman.
Treasurer, Polly Cozy.
Chaplain, Ila Belle Jordan.
Associate Conductress, Ila B. Battershell.

Conductress, Mary Jane Cox, Adah, Zula Walton.
Ruth, Sallie Yocham.
Esther, Mary Partain.
Martha, Lorena Stidham.
Electa, Allene Roberson.
Organist, Waldene Reeves.
Warder, Blanche Morgan.

Earl Ray of Athens visited Sunday with his sister and brother, Mrs. Jim Anderson and Delmer Ray, and his niece, Mrs. Jim Ray Anderson, and family. Martha and Leslie Ray Anderson accompanied their uncle home for a visit.

Mr. and Mrs. Dock Morgan, Joyce and Jimmy Ross of Spade, Texas; Mr. and Mrs. Loyd Funk and three children of Levelland, and Mrs. Viola Waldrop of Fort Worth were visitors Friday with their aunts and sisters, Mrs. Art Ward and Mrs. J. N. Clark and husbands.

Mrs. M. D. Powers is visiting in Eastland with relatives.

Mr. and Mrs. Layman Smith are the happy parents of a fine 8 lb. 6 3/4 oz. boy, Michael Charles, born May 29 in the Hico Hospital. The mother is the former Miss Melba Jean Proffitt. The young father, a student the past year at the University of Texas in Austin, was commissioned a second lieutenant in the ROTC Saturday.

Mr. and Mrs. Bobby Moring and daughters, Deborah and Belinda, of Cotton Center came in the past week for a vacation with their parents, Mr. and Mrs. E. L. Fine, and his her grandfather, J. S. Minter.

Mr. and Mrs. J. F. Hollis and son of Electra spent Saturday night with her aunts, Misses Mattie and Alice Rogers.

Mr. and Mrs. M. J. Carmichael of Paducah were visitors in Carlton Monday. They were on their way to Port Lavaca on a fishing trip.

Mrs. Dock Finley is spending this week in Ranger with her husband, who is employed there.

Mr. and Mrs. J. N. Clark and Mr. and Mrs. Art Ward attended the Morgan reunion held Sunday in Goldthwaite.

Jeanette Woods of Purves is visiting her sister and husband, Mr. and Mrs. Sidney Lee Fine, and baby son.

Armo Turney of Fort Worth visited Saturday with his brother and sister, Lee Turney and wife, and Mrs. Sid Fine.

Mr. and Mrs. Charley Dyer are visiting in Dallas with their sister and brother, Mr. and Mrs. J. R. Hill and husband and Mr. and Mrs. Floyd Callan.

Mr. and Mrs. Dallas Spell and son, Jimmy, and Mrs. Margie Glacial

of Dallas, Mr. and Mrs. Frank Stidham of Stephenville, and Pete Stidham and two sons of San Angelo were week-end visitors with their aunts, uncles and mother, Mrs. Lorena Stidham, Miss Pattie Lynch and Joe Lynch. Miss Pattie returned to Dallas for a visit with her nieces.

Sunday visitors in the Fern Jordan home were Mrs. Jordan's brothers and sisters, Le Roy Simons, wife and daughter, Wanda June, of Dallas, Mrs. Luther Lambert and Davis Simmons of Clifton and Mrs. Joe Cummings of Valley Mills.

Mrs. A. E. Blanchard of Stephenville and Dan Anderson of Fort Worth spent Wednesday night with their mother and grandmother, Mrs. Lillie Anderson and Mrs. J. H. Tull.

Mr. and Mrs. George Wright of Longview spent the week end with her parents, Mr. and Mrs. Will Jordan.

Mrs. J. B. Lowe returned home Friday afternoon after spending several weeks at Stamford with her daughter, Mrs. J. C. May, and family. She was accompanied home by her daughter, Miss Marile Love, of Amarillo.

Mr. and Mrs. Neal Gerreald and Mrs. Fred Boettner of Hamilton visited Wednesday afternoon with Mrs. Gerreald's mother and sister, Mrs. J. H. Tull and Mrs. Lillie Anderson.

Wayne Harbour, who was seriously injured a week ago in a car-bicycle accident, was brought home from a Temple hospital Sunday and is doing fine.

Fern Gene Jordan, a student at Howard Payne College at Brownwood, spent the week end with his parents, Mr. and Mrs. Fern Jordan.

Mr. and Mrs. Douglas Vaughan and children of Fort Worth and Mr. and Mrs. Adolph Proffitt and daughter of Comanche were week-end visitors with their parents, Mr. and Mrs. Charley Proffitt, and their sister, Mrs. Layman Smith, and new baby son. Mrs. Vaughan remained for a longer visit.

Mrs. Avery Coffman and Joe Arlan visited the past week in Ranger with her husband, who is employed there.

Mr. and Mrs. Herman Walton and children, Mary Helen, Butch and June, returned home Friday after a week's vacation spent in Austin, San Antonio and Brady.

Mr. and Mrs. Howard Stuckey and Jean of Waco visited Sunday with their parents, Mr. and Mrs. W. L. Fisher and Mrs. M. B. Stuckey.

Mrs. Eva Laws of Cisco visited last week with her mother-in-law, Mrs. G. E. Laws, and her sister, Mrs. Fred Geye accompanied her daughter, Mrs. Dow Self and sons and Mr. and Mrs. A. T. Roberts and Kay as far as Granbury Tuesday, where she spent the day with her son, Nolan Geye, and family while the others were shopping in Fort Worth.

Hicoans Invited to Fort Worth June 16 For MacArthur's Visit

Fort Worth, June 7.—Hico citizens were invited today to take part in the southwest-central Texas welcome to General Douglas MacArthur in Fort Worth on June 16.

Bert E. Godfrey, president of the Fort Worth Chamber of Commerce and co-chairman with Mayor J. R. Edwards of the MacArthur visit arrangements committee, today issued this invitation:

"Fort Worth is planning a big, typical Texas welcome to General of the Army Douglas MacArthur, Mrs. MacArthur, and Arthur MacArthur. We want all our neighbors to come to Fort Worth to help us pay honor to our distinguished guest. We will be looking forward to seeing many citizens of Hico here on June 16 to help welcome the General."

General MacArthur will be met in Dallas by Mayor Edwards and Mr. Godfrey. A police escort will bring the General to downtown Fort Worth where a parade is scheduled at 10 a. m.

At 1 p. m. the General will make an address at Farrington Field, Gates to the field and stadium will open at 10 a. m. to accommodate the anticipated overflow crowd.

VACATION BIBLE SCHOOL BEGINS AT 8:30 MONDAY. WORKERS LISTED BELOW

On Monday, June 11, at 8:30 a. m. the First Methodist Church will open its doors to the first classes of the annual Vacation Bible School, according to announcement from Mrs. B. B. Gamble, superintendent of the classes. The change of time was agreed this week by Rev. J. Fred Patterson, general superintendent, and other teachers in the school.

The school will continue through Wednesday, June 20, for children in beginners and intermediate groups. The following teachers and workers have been announced: Mrs. Wayne Rutledge, Mrs. W. H. Greensill, Mrs. R. E. Goodloe, Mrs. George Griffiths, Mrs. J. Fred Patterson, Mrs. George Martel Stringer, Mrs. M. I. Knudson, Mrs. E. H. Randalls Jr., Mrs. Alvin Casey, Mrs. Morse Ross, Mrs. W. R. Hampton and Mrs. Morgan Moon.

Miss Margaret Hampton is to be the music director, and Miss Louise Blair, handicraft director. Mrs. J. B. Ogle is assistant music director. High school girls who will also assist are Peggy Goodloe, Shirley Prater, Betty Shook and Betty Davis.

In charge of refreshments will be Mrs. A. D. Horton, Mrs. A. E. Denman and Mrs. Gilentine.

FirePower
ACCEPT NO SUBSTITUTES . . . because there aren't any!

Chrysler's new FirePower engine has rocked the automobile business right down to its roots.

Quietly, behind all the laboratory talk of "engines of tomorrow" . . . Chrysler has built a revolutionary engine for you to drive today!

It can give you 180 horsepower, to surpass any other engine in any other car. It develops its power in its own new kind of way!

But you don't have to "baby" it . . . or give it fancy quality gasoline to get that 180 horsepower performance!

FirePower takes any regular grade gasoline you care to buy . . . and adds its own new "mechanical octanes" to the power-giving octanes of the gasoline itself.

The result is something new and startling in responsiveness . . . and in safety, too. You get quicker and smoother control of when and how you move than you have ever felt before.

It's the engine of tomorrow . . . on the road for you today . . . and your Chrysler dealer invites you now to try it, in the all-around most astonishing new car you ever drove!

180 HORSEPOWER
Here's the new Hemispherical Combustion Chamber that's the heart of Chrysler FirePower. Its new, designed-in "mechanical octanes" make regular grade gas do what best premium grades can't do in any other engine you can drive today!

Chrysler FirePower Finest engine ever put in an automobile
