

# THE ENTERPRISE

AND PECOS TIMES

VOLUME XLII. NUMBER 6.

PECOS, TEXAS, FRIDAY, SEPTEMBER 23, 1921.

\$2.00 PER YEAR, \$1.25 FOR SIX MONTHS.

## RIALTO TO SHOW PEGOS IN THE MOVIES

Most of our citizens will never be able to forget Carrigien. While here in the year 1920 when the oil boom was at its height he was busy trying to erect the New Hotel and Theater building which was finally completed but not by Mr. Carrigien. However while doing some big boosting as well as boasting he succeeded in taking or in having taken motion pictures of Pecos and many of the business houses and some residences of the town of Pecos City.

This picture have been completed and for the first time were shown to quite a few of the business men of Pecos Tuesday night through the courtesy of Wasserman and Davis proprietors of the Rialto Theatre.

The first was a kind of panorama of the city taken from the top or near the top of the tower, then came the principal business streets of the town, private residences and business houses. This is the first time most of our citizenship ever appeared in the "movies." The pictures were plain and natural and were in the whole a most pleasing lot of pictures. The faces of our people were natural and lifelike. The management of the Rialto will put this picture on the screen for the public in a short time and it is safe to say that when they do if they will only let the people know they will have a record crowd to see it.

Could it be arranged to put this picture on the circuit it would do much towards putting Pecos on the map as one of the most beautiful as well as progressive towns in Texas.

## COTTON PRICES SHOULD GO HIGHER

By George B. Terrell, Commissioner of Agriculture.

The United States Government Cotton Report issued Sept. 1st, shows the condition of the cotton crop to be 49.3 per cent and the estimated yield to be 7,930,000 bales, the shortest crop in more than a quarter of a century.

Damages from insect pests, and the recent heavy rains and floods, may reduce the yield below the government estimate, especially the Texas crop.

Total carry-over is 6,499,108 bales, less 24 per cent damage and undentifiable cotton, 1,559,785 bales.

Total tenderable cotton, 4,939,323 bales.

Estimated yield 1921, 7,030,000 bales.

Total crop and carry-over 11,969,323 bales.

Or in round numbers 12,000,000 bales.

Estimated domestic consumption and exports to August 1, 1922, 12,000,000 bales.

These figures by the government virtually wipe out any surplus cotton at the end of the present cotton year, August 1, 1922.

The world's production for the crop of 1920, cotton year closing August 1, 1921, was 19,565,000 bales.

The estimated production for the crop of 1921, cotton year closing August 1, 1922, based on last year's yield of all foreign countries, is as follows:

United States	7,030,000 bales
India	2,976,000 bales
Egypt	1,251,000 bales
China	1,000,000 bales
Russia	180,000 bales
Brazil	100,000 bales
Mexico	165,000 bales
Peru	157,000 bales
All others	400,000 bales

Total World Supply, 13,259,000 bales Or 6,336,000 bales less than that for the cotton year just closed.

With such an unprecedented short crop, the price should advance at least to 25 cents per pound, and if the crop is marketed gradually, so as to give the mills their actual needs and no more, the price should materially advance, and the crop should be held down next year to actual needs of the mills in order to maintain this advance.

A circular has been sent out from Boston to the New England spinners stating that the cost of producing this cotton crop is the lowest in years, and that a price of 10 or 11 cents for cotton will yield a good profit to the producers.

Statistics furnished by the cotton growers of Texas, as to the cost of production, and carefully compiled, show that it cost above 40 cents per pound last year to produce the crop and 25.8 cents per pound this year. If the yield per acre this year, had been as much as last year, the cost of production would have been much lower.

The statements in the Boston circular as to cost of producing cotton this year, are deliberate misrepresentations, in order to bear the price of cotton. Every indication points to higher prices, if supply and demand are to control.

## LIGHT PLANT TO GIVE 24-HOUR SERVICE

It is understood that the Pecos Power and Ice Co., after having canvassed the town, believe they have secured sufficient business to justify them in running a twenty-four hour service and they are making preparations to that end.

This will be good news to all our people as this will enable them to have the much needed power and give our people many conveniences they have heretofore been denied. The new managers and owners deserve the very best that Pecos and her people can give them for they have certainly been giving splendid service since they started up the plant. Much money and time was consumed in putting the plant in shape but when they started they were ready to start from the first the service was as good or better than any Pecos people have enjoyed since the town first had lights or since they were allowed to discard the tallow candle and kerosene lamp. Many thanks and all honor to the new owners of the Pecos Power & Ice Company.

## MANN APPOINTED RECEIVER FOR PECOS DRY GOODS COMPANY

At a meeting of the creditors or their representatives of the Pecos Dry Goods Co., on the 19th of this month, or last Monday, J. L. Mann was appointed receiver and his bond placed at \$17,000 which he readily gave. It is understood the store will be kept open and the prices so reduced as to make them go and go readily, and to that end they are busy with a sufficient force marking the goods down and making ready for a great bankrupt sale which will be announced as soon as the proper preparations are made.

## WEST TEXAS C. OF C. SERVICE BUREAU

Stamford, Texas,  
Sept. 15, 1921.

To the Editors of West Texas,  
Gentlemen:

This organization, as you know during the fall of 1920 and the spring of 1921 took an unusually active part, in co-operation with other agencies, in conducting a campaign for a reduction in acreage planted to cotton and advocated a very large and increased acreage in grain and feed stuff. We agree with the statement contained in a letter recently sent out by the Texas Bankers Association through Mr. C. S. Holland, chairman of the Agricultural committee, and Mr. W. P. Andrews, their president, to the effect that the result of this campaign was very effective and that the benefits derived have been reflected in the largest grain and feed crop raised in the state for many years past. It is a fact that the largest grain crop ever known has been raised this year in West Texas.

One of the chief results of raising this great feed crop in West Texas, abundant as it is, and sufficient to carry West Texas over until the next crop, is to keep at home in West Texas a great deal of money that heretofore has gone outside to pay for feed. In order to maintain this creditable position we are asking you in your particular section to urge upon your farmers, both personally and through the medium of your local papers, to make preparations for at least a large fall and spring planting of grain as they planted in the fall of 1920 and the spring of 1921; and to further urge upon them methods of diversification of profitable crops and the increased raising of poultry and meats at all times in excess of home consumption.

We ask you to take this matter up with your bankers, your merchants and especially with your County Demonstration Agent.

At this time the West Texas Chamber of Commerce is conducting a campaign having for its purpose the marketing of as much as possible of our sorghum-grain crop on foot in the shape of poultry, dairy, beef and pork products. To this end in co-operation with the Fort Worth Stock Yards Company, Mistletoe Creameries and the A. & M. College, we are holding a series of meetings all over West Texas. Good results are already at hand.

It is unnecessary for us to say of course that there is nothing of greater importance to West Texas than the increasing of dairying, poultry raising and expansion of the beef and pork industries.

We sincerely trust that this matter may appeal to you and remain, with kind regards and best wishes,

Yours very truly,  
PORTER A. WHALEY,  
Manager.

## PARK COMMITTEE IN MOUNTAINS

The State Park Committee arrived yesterday on the afternoon train from El Paso and after an acquaintance meeting and general handshaking they were ushered to the park of the T. & P. station where Mayor Ben Palmer made a short address of welcome and told of the many good things in store for them when they visit the mountains as well as the many wonderful things which were there but which they could not see.

The party was composed of the committee of six from the House and four from the Senate besides others from El Paso and other parts of the state. In the party were those from almost every corner of the state. The party which went to the Davis Mountains consisted of some twenty people besides those of Pecos who went along to see that they had the proper attention and to show them the sights. They were met here by Representative Stewart who is chairman of the committee and who is responsible for the inspection and investigation.

Owing to the fact that the party went around by El Paso and were late in getting here it was impossible for them to make the desired trip and have time for the courtesies our people desired to show them, and almost immediately upon arrival here were ushered into automobiles and the start was made for the mouth of Madera Canyon where they were to spend last night. The new schedule contemplates that the party will spend today inspecting Madera and Cherry canyons and if possible reach the Abuja canyon by nightfall. Saturday will be spent in these canyons and en route through Limpia canyon to Fort Davis, and Sunday will probably be spent on the mesa west of Fort Davis.

Two trucks with provisions and bedding left Pecos Wednesday for the mouth of Madera canyon where the party was to camp the first night.

## COST OF PRODUCING 1921 COTTON CROP 25.8 CENTS A POUND

Compiled by A. W. Kinnard. Approved and Issued by George B. Terrell, Commissioner of Agriculture.

This cost is based upon reports from farmers in 56 counties who kept the cost of producing this crop. It includes cost of cotton seed for planting, the cost of breaking the land, chopping and cultivating, at current prices for labor, until the crop was laid by.

One dollar per 100 pounds is allowed for picking and 40 cents per 100 pounds for ginning. The total labor cost, including picking, ginning and wrapping amounts to 19 1/2 cents per pound, based on the government's estimated yield of 101 pounds of lint cotton per acre for Texas. Adding to this interest on the investment, wear and tear of teams and tools, taxes and other necessary depreciation, we have a total average cost of 25.8 cents per pound as the cost of producing this crop.

This is a conservative estimate. Those who produce more than one-fifth of a bale per acre will receive a profit on price of 25.8 cents per pound, but those who produce less than one-fifth of a bale per acre will not get cost of production.

It is not my purpose to advise the farmers what price they should take for their cotton, but any price under 25 cents will not cover the average cost of production and any profit on their labor and investment. The government's estimate of 7,037,000 bales is the shortest crop in 26 years when 7,161,094 bales were made, (practically the same as this crop), and it should bring 25 cents or more.

The farmers should organize for the purpose of securing the cost of production and a profit on the labor and investment, as all other business interests do, and they should not increase the acreage next year because the price has advanced, but should reduce the acreage to the bare necessities of the mills, the consumptive capacity, and purchasing power of the people, in order to secure a profitable price. They should not be required to produce the necessities of life for less than cost.

Farming must pay or the Nation will perish.

## CHAMBER OF COM- MERCE MEETING MONDAY EVENING

All members of the Chamber of Commerce are requested to meet at the rooms of said order on Monday night to discuss matters of importance. Especially all those interested in the trade trip which will be pulled off next week are earnestly requested to be present.

## NEW POSTOFFICE TO BE OPEN BY FIRST OF OCTOBER

Postmaster McKellar informs the Enterprise that he hopes they will be occupying the new postoffice which will be in the First National Bank Building where it was prior to moving into the Cowan building some years back and where George E. Sapp held forth.

The building has been repainted outside and inside and the fixtures have been shipped and are expected here almost any day now, when they will be placed as rapidly as possible and the office moved.

This building is the very best obtainable in the city and one well fitted for the postoffice so long as the business does not materially increase from what it is doing at the present time. Should another oil boom hit the town then that will make another proposition altogether. At any rate it will be a delight to the many customers of McKellar's store to be able to go to their boxes once more and unlock them and take your mail along without having to stand in line and wait your turn as our people have had to do for some months past since the Cowan building went up in flames.

## MR. AND MRS. CASEY TO MOVE TO DALLAS

Mr. and Mrs. T. Y. Casey returned Tuesday morning from a two weeks business trip to Dallas. While there Mr. Casey purchased an interest in the Dallas Storage and Warehouse Co., and is now vice president and general manager of that concern. He and Mrs. Casey will leave, probably next week, for Dallas in their beautiful car and upon arrival there will begin upon his duties in the new business. He leaves his home here and will not buy there until they have been in Dallas long enough to decide as to the location which will be desirable and suitable to their tastes.

Mr. Casey says that Dallas is a hummer and, since he has spent 25 years in Pecos and has so many friends here he and Mrs. Casey regrets that they are to leave, but the increased advantages for enjoying life and earning a competency alone is the cause of the move.

Casey is a splendid business man and gentleman and one who has taken an active interest in everything for the betterment of Pecos and Reeves county for years and The Enterprise as well as many other friends of Mr. and Mrs. Casey will regret their departure, but at the same time wish them much happiness and prosperity in their new home. Pecos people will miss them in every undertaking for the good of the town, in a business, civic or social way.

## JURY IN SHEARMAN CASE IS SELECTED

Midland, Texas, Sept. 19.—There are eleven stockmen on the jury chosen today to try C. P. Shearman and his sons, Neil and John, on a charge of murder. The three defendants are alleged to have killed Prohibition Agent C. Arch Wood at the Shearman hog ranch near El Paso last March 21. The Shearman are wealthy ranchmen.

The jurors selected are R. M. Barron, assistant cashier First National Bank of Midland, and the following ranchmen: F. W. Willmouth, A. Greenhill, W. M. Schrock, T. W. Parish, L. P. Holman, Willie Jones, R. O. Brooks, H. L. Heidelberg, A. F. McKee, J. T. Raggsdale and O. H. Willoughby.

Seventy-five veniremen were examined. Judge Charles Gibbs is presiding. Grounds on which the majority of veniremen were excused were forming of opinion as to guilt or innocence of the accused and existence of scruples against infliction of the death penalty.

The first witness to be introduced tomorrow will be W. C. Guinn, former prohibition agent, who was with Wood when the latter and Agent Stafford E. Beckett were shot to death.

The State is represented by W. M. Fryer, special prosecutor; B. W. Baker, District Attorney, and E. B. Elfers, Assistant Federal District Attorney of El Paso. Defense attorneys are C. W. Groom, John L. Dyer and L. A. Dale, all of El Paso, and T. T. Garrard, Midland attorney. The last juror was chosen at 4:45 p. m.

## PECOS AUTO CO., RECEIVES SHIPMENT OF NEW FORDS

The Pecos Auto Co., received yesterday a carload of seven Fords most of which they have already sold according to Monroe Kerr one of the firm.

## BELL NO. 1 AND TOYAH BELL NO. 2 BOTH COME INTO LIMELIGHT

BELL NOW PRODUCING TEN BARRELS PER DAY MAY BE SHOT—TOYAH BELL A HEAVY GASSER WITH PLENTY OF FREE OIL.

Not since the spring of 1920 has so much excitement and interest prevailed in the Pecos oil field. The cause of all this can be attributed to the discovery of free oil in both the Toyah Bell No. 2 and the Bell Well No. 1, or Discovery Well. Last night parties brought to Pecos the information that the Toyah Bell No. 2 had struck gas in large quantities. The news spread like wildfire and in a short time many were on their way to the well to see for themselves and investigate. Mr. Tinally of the Sunshine Oil Corporation, was one of the visitors and in conversation with The Enterprise stated that the well is probably producing one million feet of gas—dry gas at that—and with a good oil showing. He is more convinced than ever that we have the real stuff and that the Pecos oil field will be a good one and that several wells will be in before the first of the year. He is confident that the Toyah Bell will be a real oil well and that in a very little while.

Immediately upon the striking of this gas the well was shut down and preparation made to move the boiler farther away from the well and that is being done now. As soon as this is completed work will be resumed.

It looks as if Pecos might have a real gusher now at almost any time, and that the Toyah Bell and the Bell No. 1 will be the first to come in. In reality they are both in now but it may take a few days to complete them and get into the pool.

The Bell Well last Saturday struck the oil in a gray lime formation and since that time has been drilling ahead slowly with the purpose of getting information of the productivity of the formation, so that should the big production of free oil they are hoping to reach not be found at an early day they may be able to shoot the well at the proper point to get the very best results. From the time the saturated lime formation was struck the well continued to produce an increasing amount of oil each day.

At this time about ten barrels per day of pure high grade gasoline oil is being forced into the hole from the gray limestone.

Competent drillers and oil men say should the well be shot now it will make a very big well.

## OTHER OIL DOPE.

Guy Covey of the Guarantee Oil Co., is again in Pecos and has this week let the contract to Tom Simmons for a 700 foot hole to be finished with an eight inch casing on section 11, block 70, better known as Dry Lake. Mr. Covey states that if they do not bring in a well at this or a lesser depth they will continue to drill until they do bring in a well there. This well is to be drilled on the edge of Dry Lake where some time since they started another well some five hundred feet distant which had to be abandoned for the time on account of the water which filled the lake and covered their machinery. This new venture is on higher ground and will be pushed to completion, says Mr. Covey. Since the first well was put down only 235 feet and not only gave out a strong gas pressure but good indications of a real oil well at that depth, the company hopes and expects to get real production here in less than 500 feet, but the contract calls for 700 feet and with the understanding the hole is of sufficient size at that depth to continue on down to production.

According to Mr. Covey the work is to be started some time next week. All who have seen this first well of this company about five hundred feet from the new venture and watched the formations of same believe they are on good ground and that they will get production if they go on down to the proper depth.

J. A. Lee of the Toyah Natural Oil Co., was in town yesterday and reports that they are again drilling steadily in his well near that of the El Paso-Saragosa well in an effort to test out the shallow sands found in the latter well at a depth of 420 feet. This company has just installed a new engine and made other repairs which had been giving them much trouble and are now making good time. Since starting up and up to yesterday when Mr. Lee was in the Enterprise office they had made eighteen feet. This well is now only about sixty feet from the oil struck in the El Paso-Saragosa well which they are now trying to develop. Mr. Lee informs the Enterprise they are now running two shifts.

The Trans-Pecos finished underreaming and setting casing late yesterday afternoon and are now ready to begin drilling in earnest after having disposed of the water and sands which had been giving them trouble. Manager B. J. O'Reilly says that everything is now setting right to make holes providing nothing unforeseen occurs to prevent, and he is a hustler at that. He had been handling the bull wheel all afternoon and came in all besmirched with mud and grease and tired out after a hard day's work.

The Pinal Dome are still waiting for a new fishing tool which is a combination socket with which they hope to extract the tools from their well in the eastern portion of Loving county. Mr. J. A. Lee has just returned from a visit to that well and says that he thinks the location a most excellent one and that that looks like a real oil country to him.

The Sunshine cable had not arrived yesterday although they were expecting it on yesterdays train. As soon as it arrives work will be resumed on the Laura. President Tinally states that as soon as the first well is brought in work will be begun immediately on all six of the Sunshine wells.

## PECOS TRADE TRIP TUESDAY NEXT WEEK

Preparations are going forward for the "get acquainted" trip of the Pecos business men managed by the Pecos Chamber of Commerce. The party will leave Pecos Tuesday morning about 8:30 o'clock and will make the first stop at Bagstow. After spending about two hours in renewing acquaintances in that place and viewing the town the party will leave at 11 o'clock for Pyote where dinner will be eaten, and the party will visit Monahans and then proceed to Grandfalls where supper and breakfast will be served. The party will camp out for the night. The next day the party will visit Imperial and Beunavista, eating dinner at the latter point and returning to Pecos that night. Trips to other section of the Pecos territory will be announced later.

A number of the business houses are preparing banners for their cars on the trip, and are preparing business cards to be used in getting acquainted with the local people.

Aside from the feature of getting better acquainted with their customers the trip offers an opportunity to see the reservoirs and irrigation projects east of here on the Pecos River.

## OIL KING GRILL TO BE RE-OPENED

Sam Johnson informs The Enterprise that he has made arrangements to again open the Oil King Grill in a few days. Mr. Johnson was the first to open this popular hostelry and under his management it did a thriving business and was, indeed, a popular eating house and received many compliments from the traveling

### DODSON KILLING CALOMEL HABIT

Don't sicken or sallow yourself or paralyze your sensitive liver by taking calomel which is quicksiver. Your dealer sells each bottle of pleasant, harmless "Dodson's Liver Tone" under an ironclad, money-back guarantee that it regulates the liver, stomach and bowels better than calomel without making you sick—15 million bottles sold.

### SAN ANGELO MAN DESCRIBES FLOOD

"There was no excuse for anyone being caught in the San Antonio flood," said William R. Johnston, a salesman for the Martin-Glover wholesale house here, who with Mrs. Johnston was in San Antonio from Thursday afternoon until Saturday night and witnessed the entire disaster that swept the Alamo city. Mr. and Mrs. Johnston returned home Sunday night. They had intended to stay in San Antonio for two weeks.

"We arrived in the city Thursday afternoon," Mr. Johnston said, "and after driving through the business district we went to Breckenridge Park and made our camp. We had hardly pitched our tent until it began to rain. There was no wind, just a steady hard downpour, the very kind we need out here and which I was hoping we were getting in West Texas.

"About 6 o'clock, policemen came through the park and told campers who were on the lower side of the bank of the river to come up where we were, on a bank some 12 to 14 feet higher. It kept on raining and the river kept on rising. Not in great floods, but a steady rise of a couple of feet or more an hour. The rain continued to come down and it seems to me any sensible person would have known enough to get away from the low part of the city where there was danger of overflow.

**Went Up On Hill.**  
"As the night passed on the river continued not only to rise but the flow of the water was much more rapid and policemen who were patrolling our side of the bank reported to us that the water was going down the main streets of the city. At a little after 11 o'clock the patrolmen ordered us out of our camp and directed us to go to the Japanese Garden on the bluff above us, where there would be no possible danger.

"All the Fords in the park were stuck. The wet weather had drenched every part of the machinery and we could not budge. Campers who had other cars took hold of us and dragged us along until our engines started. By the time we got out of our camp the water was standing six inches over this ground and rising fast.

"The rain continued the rest of the night, but the water did their worst damage the first few hours before dawn. Of course the light, water, gas, and telephones were out of order early in the evening. The water, light and power company's engines were in the cellar of their building and of course the first overflow water went into these places and completely flooded these machines.

**Big Stores Under Water.**  
"The city and the big stores sustained the heaviest losses. All the wooden block pavement, all the brick pavement and a large part of the macadam was washed away. Saturday morning I got inside the business district before the soldiers who were guarding the streets had received instructions to keep people out of these sections. All along the river buildings had fallen in. A big garage had been undermined by the stream and all its cars had tumbled into the river.

"The Gunter Hotel had what looked to me to be about six feet of water in its lobby. In Frank Brothers Store the water reached almost the same height. As well as I recall the water was about six inches over the show cases. What was true of these two establishments was true of the hundreds of other business houses along Commerce and Houston streets. Every basement in this section of the town was filled up. In these basements were thousands of dollars worth of goods. These were practically a total loss.

"About two inches of sediment was left by the flood. This slimy mud covered everything. It will require thousands of dollars for the city to repave its streets and bridges and rebuild its municipal property. There can be no estimate placed upon the value of the goods lost until inventories are taken.

print them fast enough for the newsboys to get far from the little job office where they were issued. We left Saturday evening for home. It rained a soaker up as far as Brady. We were certainly disappointed when we came home in the dust."—San Angelo Standard.

### FURTHER IMPROVEMENTS NOTICEABLE

A few of the handwritings on the wall may be noted as follows: The money market is easier. Time loans have been made for short 30 day periods at 5 1/2 per cent, the lowest in some years. Each new issue brought out in the investment bond market is readily snapped up, thus clearing the shelves of dealers. This, too, is very noticeable in the increased volume of investment business.

Grain is on the uplift. While there seems to be no shortage to put up prices in grain, as is the case with cotton, due to the heavy export demand, it is predicted that this will clean up the surplus, and that the wheat growers will once more make money.

The railroads experienced a most profitable month in July, and when the reports are in for August it is said that that month will show up even better than July.

There had already been a jump of \$2.00 on pig iron, and quotations have advanced this another dollar per ton. The demand for copper both at home and abroad exceed new production and imports, which should wipe out the present surplus on copper, and naturally affect the price.

The cotton crop for the year will probably be short between four and five million bales, this based on the Government estimate up to August 25. There has been much foreign buying of cotton goods, and the mills will be taxed for a good many months.

As is known, the oil business is always the first to show recovery. The big companies are fast getting all available storage filled, and then they will have crude to sell, and THEY WILL KEEP MARKING UP THE PRICE. Crude has advanced some to date, premiums are being paid, and it is predicted that further advances will be rapid and regular.—Oil World.

### MAN MADE CRIMES

Quoting the thought recently expressed by former Vice-President of the United States Thomas R. Marshall, "the average attitude of indifference to the enforcement of law in the United States results from the creation of too many crimes by legislative enactment." Mr. Marshall continues: "No law carrying a penalty such as would make its infringement a crime, is passed in England unless the demand for such a law is almost universal. This makes its enforcement sure and certain."

How different it is in the United States. A few agitators or professional reformers get together and by thorough organization contrive to create a semblance of a demand, and then by constantly harrassing legislators, secure a passage of a new law creating another "man-made" crime. Many times the law is passed in order to become rid of agitators. Again legislators vote for it because of their over-estimation of the political influence back of it. In most cases it is understood that after the first flurry is over, the people will pay but little attention to the law's provisions. It is well known that no law can be effective unless there is a genuine desire on the part of the people that it be strictly enforced.

There are more laws on the statute books in America than in any other country in the world, and Americans have less respect for its courts than any other people in the world.—Farm and Ranch.

### CITATION BY PUBLICATION

The State of Texas To the Sheriff or any Constable of Reeves County— Greeting: You are hereby commanded to summon E. O. Dwyer by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, to appear at the next regular term of the Justice Court of Precinct No. 2, Reeves County, Texas, to be held at the office of W. E. Morton, in Toyah, Texas, on the 22nd day of October, A. D. 1921, then and there to answer a suit filed in said Court on the 18th day of July, 1921, in suit No. 181, wherein John T. Henry is Plaintiff, and E. O. Dwyer is Defendant.

Plaintiff's demand being for the sum of One Hundred Fifty (\$150.00) Dollars, together with six (6) per cent thereon from the 1st day of March, 1921, until paid, the same being money borrowed from this Plaintiff by Defendant. Also Plaintiff seeks to establish an attachment lien on a certain Oakland Six Automobile, which is now being held in custody by virtue of Writ of Attachment already served. Herein fail not but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand officially at office in Toyah, Texas, this 22nd day of September, A. D. 1921.

W. E. MORTON, Justice of the Peace, Precinct No. 2, Reeves County, Texas.

Number 181 in the Justice Court, Precinct No. 2, Reeves County, Texas, John T. Henry vs. E. O. Dwyer, Citation by publication.

Issued this 22nd day of September, A. D. 1921.

W. E. MORTON, Justice of the Peace, Precinct No. 2, Reeves County, Texas.

### CITATION BY PUBLICATION

The State of Texas To the Sheriff or any Constable of Reeves County— Greeting: You are hereby commanded to summon E. O. Dwyer by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, to appear at the next regular term of the Justice Court of Precinct No. 2, Reeves County, Texas, to be held at the office of W. E. Morton, in Toyah, Texas, on the 22nd day of October, A. D. 1921, then and there to answer a suit filed in said Court on the 18th day of June, 1921, in suit No. 181, wherein Fred Kewin is Plaintiff, and E. O. Dwyer is Defendant.

Plaintiff's demand being for the sum of Twenty Nine and 50/100 (\$29.50) Dollars, due upon a sworn itemized statement of account also for an establishment of an Attachment Lien on an Oakland Six Automobile, now in the hands of the Sheriff of this County, by virtue of a Writ of Attachment, which has been duly issued out of this cause.

Herein fail not but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand officially at office in Toyah, Texas, this 22nd day of September, A. D. 1921.

W. E. MORTON, Justice of the Peace, Precinct No. 2, Reeves County, Texas.

Number 181 in the Justice Court, Precinct No. 2, Reeves County, Texas, Fred Kewin vs. E. O. Dwyer, Citation by Publication.

Issued this 22nd day of September, A. D. 1921.

W. E. MORTON, Justice of the Peace, Precinct No. 2, Reeves County, Texas.

### CITATION BY PUBLICATION

The State of Texas To the Sheriff or any Constable of Reeves County— Greeting: You are hereby commanded to summon F. S. Burt by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, to appear at the next regular term of the Justice Court of Precinct No. 1, Reeves County, Texas, to be held at the office of Max Krauskopf, in Pecos, Texas, on the 17th day of October, A. D. 1921, then and there to answer a petition filed in said Court on the 5th day of May, 1921, in suit No. 1254, wherein O. J. Green Mercantile Company is Plaintiff, and F. S. Burt is Defendant.

Plaintiff's demand being for the sum of Sixty Nine and 9/100 (\$69.09) Dollars, due upon a sworn itemized statement of open account for groceries furnished; also the establishment of an Attachment Lien upon one Star Drilling Outfit, including rig, engine and machinery, and belonging to Defendant, F. S. Burt, and located near Pecos, Texas, which has been attached by the Sheriff by virtue of writ of attachment issued out of cause.

Herein fail not but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand officially, at office in Pecos, Texas, this 17th day of September, A. D. 1921.

MAX KRAUSKOPF, Justice of the Peace, Precinct No. 1, Reeves County, Texas.

Number 1,254 in the Justice's Court, Precinct No. 1, Reeves County, Texas, O. J. Green Mercantile Co. vs. F. S. Burt, Citation by Publication.

Issued this 17th day of September, A. D. 1921.

MAX KRAUSKOPF, Justice of the Peace, Precinct No. 1, Reeves County, Texas.

### CITATION BY PUBLICATION

The State of Texas To the Sheriff or any Constable of Reeves County— Greeting: You are hereby commanded to summon L. B. Adams by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, to appear at the next regular term of the Justice's Court of Precinct No. 1, Reeves County, Texas, to be held at the office of Max Krauskopf, in Pecos, Texas, on the 17th day of October, A. D. 1921, then and there to answer a petition filed in said Court on the 16th day of July, 1921, in suit No. 1274, wherein J. A. Hardy is Plaintiff, and L. B. Adams is Defendant.

Plaintiff's demand being for Thirty Five and 35/100 (\$35.35) Dollars, due upon a sworn itemized statement of open account, filed herein, for garage repairs and labor; also for the establishment of an Attachment Lien on one drilling rig about thirteen miles north of Pecos, Texas, belonging to Defendant, L. B. Adams, and which has been duly attached by writ of attachment issued in this cause.

Herein fail not but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

**FUND FOR STOCK AND FARM LOANS TO BE READY SOON**

Thousands of dollars, within the next few weeks, will be placed to the credit of Texas cattlemen, bankers, trust companies and loan companies as Government loans, relieving immense financial pressure and liquidating numerous debts that have been carried for many months.

This was the announcement Monday by Marion Sansom, chairman of the newly-formed Agricultural and Livestock Loan Agency of the War Finance Corporation. Sansom, whose committee will have jurisdiction over Texas and New Mexico, said the agency awaits only the arrival of banks and the organization of the committee to begin operations. Banks are expected to arrive Tuesday. The committee will hold its organization meeting Tuesday morning and the blanks then will be forwarded to banks throughout the State. Sansom estimated that within a week after an application has been made the money will be in the hands of the applicant.

**Committee of Three.**

Tuesday's organization meeting will be held in the Burk Burnett building, where permanent headquarters of the agency probably will be maintained. At this meeting an executive committee will be employed. There will be no local sub-committee. Sansom, who has been in Washington for the last two weeks in the interest of establishing the Fort Worth agency explained Monday how operations will be carried on and how the vast Government fund of \$1,000,000,000 will be placed in the hands of the agricultural and livestock interests of the country.

Livestock men must apply to their banks, he stated. The banker will pass upon and endorse the application. It then will be forwarded to the Agricultural and Livestock Agency here, where the committee of three will act. In the event it meets the approval of the committee, the loan will be forwarded to the War Finance Corporation at Washington and, with approval of the loan there, the money will be placed to the credit of the applicant at any bank he names. Loans will be made on agricultural products and livestock, the amount to be fixed by the banker, determinate upon the value of the security, the moral responsibility, etc. They will bear 6 per cent interest, with an added charge by the bank which must not exceed 2 per cent. They are to be for periods of one year, with the privilege of renewal.

**Loans Also to Bankers.**

Not only will the loans be made to livestock men and farmers, but they may be made to bankers, trust com-

panies and loan companies, on paper which they already are carrying. In this way, banks which have paper aggregating thousands of dollars will be able to liquidate it through blanket loans covering all notes they hold.

Sansom said Monday that he had severed interest with all commission firms in which he has been active and will devote his entire time to the War Finance project. He sold his stock in the Cassidy Southwestern Commission Company and retired as its chairman some time ago, he said.

It is probable that other territory will be added to the Fort Worth agency's jurisdiction, he said. The Texas-New Mexico district already embraces an immense amount of the livestock and agricultural business of the country.

Operations of the agency, Sansom said, will do much to relieve conditions in this section. "It will mean the liquidation of thousands of dollars worth of debts, better prices for stock and for agricultural products, and a general improvement in all lines of business that thus will be affected," he concluded.—Star Telegram.

**BETTER FARMING IN TEXAS IS PLANNED**

Plans for a united campaign for better agriculture in Texas, to automatically take care of cotton acreage reduction, were made yesterday at a meeting of representatives business men from various parts of the State at the Texas Farm Bureau headquarters.

It was brought out at the meeting that during the last crop year more diversified farming was practiced in Texas than ever before, resulting in a marked increase in the production of grain, feed stuffs and live stock and the betterment of general conditions.

"We believe the prosperity of the State depends on the same program of safe farming for the year 1921-22," a committee appointed on resolutions reported.

**Committee to Direct Work.**

**A TONIC**

Grove's Tasteless Chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless Chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c. (Advertisement)

A central committee of seven members was appointed to take entire charge of the campaign, to select a manager and to do everything possible to make the program effective. This committee is composed of Nathan Adams, Dallas, chairman; Warren Andrews, president of the Texas Bankers' Association, Fort Worth; John T. Orr, president of the Texas Farm Bureau Federation, Dallas; D. E. Lyday, commissioner markets and warehouse department, Austin; Henry Colt, Renner; Olney Davis, president Texas Ginners' Association, Plano; and James Z. George, general manager of the Texas Chamber of Commerce, Dallas.

The meeting yesterday was called by E. F. Shropshire, manager of the cotton division of the Texas Farm Bureau, for the purpose of getting the campaign under way.

**Other States Included.**

While the work will be centralized by the organization in Texas, plans were also made to co-operate with other States in the South to make the program of more diversified crops and less cotton generally effective. Thomas B. King of Memphis, Tenn., representing similar organizations in that section, attended the meeting and gave assurances the same plan

will be followed there. Mr. King announced that a meeting of special representatives of all the States involved will be held in Memphis about the middle of October in order that plans may be unified and the campaign carried on in a comprehensive way.—Dallas News.

Voliva is wrong. A man isn't bald because he's smart. He's bald because hair restorers won't restore.—Arkansas Gazette.

And though you build your house in the depths of a forest, the bill collectors will make a path to your door.—Hartford Times.

**No Worms in a Healthy Child**

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Price 25¢ per bottle. 60¢ per bottle. (Advertisement)

**A pipe won't burn your tongue if you smoke P.A.!**

Get that pipe-party-bee buzzing in your smoke-section! Know for a fact what a joy 'us jimmy pipe can and will do for your peace and content! Just check up the men in all walks of life you meet daily who certainly get top sport out of their pipes—all aglow with fragrant, delightful, friendly Prince Albert!

And, you can wager your week's wad that Prince Albert's quality and flavor and coolness—and its freedom from bite and parch (cut out by our exclusive patented process)—will ring up records in your little old smokemeter the likes of which you never before could believe possible!

You don't get tired of a pipe when it's packed with Prince Albert! Paste that in your hat!

And, just between ourselves! Ever dip into the sport of rolling 'em? Get some Prince Albert and the makin's papers—quick—and cash in on a cigarette that will prove a revelation!

**PRINCE ALBERT**

the national joy smoke

**LIFT OFF CORNS!**

Apply few drops then lift sure, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of Cincinnati genius. It is wonderful.

Prince Albert is sold in tippy red bags, tidy red tins, handsome pound and half pound tin humidors and in the pound crystal glass humidors with sponge maintainers.

Foreign Advertising Representative THE AMERICAN PRESS ASSOCIATION

Life is too short to harbor ill will by individuals or sing songs of hate by nations. Those who harbor a grudge against some neighbor do more harm to themselves than to their neighbor.

THE FOUNDATION OF CIVILIZATION

The human race cannot live in social relations without some kind of agreement. If we may theoretically assume that an individual could live solitary and isolated from all others of his species, that individual, while living in such isolation, would be independent of conventional agreements.

Of course we cannot assume that the race ever lived habitually under such conditions of individual isolation, for the perpetuation of the species would have been impossible.

Without going into detail in recounting the probable development of the race into tribes and nations, the point is, that "two cannot walk together unless they are agreed."

From this statement it becomes evident that OBEDIENCE TO LAWFUL AUTHORITY lies at the foundation of all social life, and hence of all civilization.

Now, all this may seem to be trite and commonplace, and so it is. But from the number of people in this country who fail to respect the government, the laws, it needs to be repeated and reiterated continually.

There can be no reasonable doubt that the propaganda is making headway. The sooner such efforts are suppressed, the better it will be for law and order.

We have all become too generally tinctured with the idea that if a law doesn't please us we are under no moral obligation to obey it.

Take for instance, the prohibition law. It cannot be said that prohibition was adopted hurriedly and without mature deliberation upon the part of the people.

No wonder that the failure to enforce law is resulting in organizing secret masked mobs for the purpose of accomplishing that which the courts of the country fail to accomplish—OBEDIENCE TO LAWFUL AUTHORITY.

Considering its bias and the fact that it already has expressed itself as a calamity, the following from the Wall Street Journal should be very interesting reading to the cotton growing section of the country.

While for several days last week the cotton trade was watching the movement of a tropical storm headed toward the Gulf a more violent one was brewing in its midst.

That outlook is far from reassuring. The great carry-over of 9,000,000 bales of American cotton in different parts of the world must soon be understood by all.

Without going into detail in recounting the probable development of the race into tribes and nations, the point is, that "two cannot walk together unless they are agreed."

me, I am, Cordially yours, MAX GOODMAN, 621 Kitteridge Bldg. Denver, Colo.

The Enterprise gets many letters similar to the above which it cannot answer. Some one who can furnish maps such as above will please answer, if there be such.

School was done; and red shone the sun On the Titian hair of our Littlest One, As homeward her eager steps she turned,

And then—ah then, she was kissed again, And swiftly borne from mortal ken; Leaving our world without a sun,

PECOS PUBLIC SCHOOLS OPEN MOST AUSPICIOUS TERM

The Pecos School opened Monday with the largest enrollment in the history of the school, there being 410 enrolled on the first day. One hundred and twenty of these are High School pupils. This is the most creditable showing the school has ever had in point of numbers as well as in the number of high school pupils. The school was opened Monday with songs, and a prayer by Rev. Magee, after which talks were made by Superintendent P. J. Rutledge and the different teachers. All the graduates of the last term who were present were called on for talks and each one made a very creditable showing.

The business course in the High School this year bids fair to rival the work done in any business college where students have to pay tuition and go to the expense of travel and board. The course consists of Shorthand, typewriting, bookkeeping and commercial Arithmetic. There will be something like thirty students enrolling in the courses. The schedule is arranged to get the best results. It will particularly be attractive to any town people who might be interested in taking a course in business subjects. Bookkeeping is given from 10:40 to noon, Shorthand and typewriting come the three last periods of the day beginning at 1:40. Commercial arithmetic will be given in the spring semester. The graduates of last year and previous years are especially invited to come back to school and undertake these subjects. The school proposes to give the same kind of training given in any business college in the subject offered and will guarantee to make the student just as efficient as the college will with the same effort.

The following are the teachers and positions they fill: P. J. Rutledge, Superintendent. R. B. Norman, Principal, Mathematics. Mrs. J. W. Brooks, English. Miss Mary Nelson, Spanish. Joe R. Humphrey, History. Miss Myra Hillard, Commercial. Miss Doris Williams, Home Economics. Mrs. Wylie Cole, Principal Grammar School. Miss Minnie Blackmon, Intermediate. Miss Lula Womack, Intermediate. Miss Annie Hope, Intermediate. Miss Clara Rutledge, Primary. Miss Ora Wilson, Primary. Miss Velma Womack, Primary. J. S. Moore, Janitor.

Bring your Shirts and Collars to Pecos Hand Laundry, Phone 27. One block South of fountain. (Advertisement)

averaged 1,279,000 tons, the total output for the month being 34,538,000. Although this is an increase of some four million tons over July, it is far below normal for August. In the eight years preceding the lowest figure for August occurred in 1914. Yet even then it was 37,751,000.

If the remaining four months of this year yield no greater output than the first eight months the total for the year will be less than 400,000,000 tons, a low which has been unheard of since 1909. Anthracite production also declined during the above mentioned week. Estimated output was 1,790,000 net tons, which is a decrease of 103,000 tons when compared with the week preceding. Production for this same week last year was only 1,114,000 tons, but this figure cannot be used for comparative purposes since the low production was occasioned by the strike, which suspended operations at many mines beginning September 2, 1920.

Because of the continued weakening of foreign demand, the movement of soft coal fell off considerably during August. Total export were 2,902,000 net tons which is a decrease of 19.4 per cent as compared with July.

NOTICE BY PUBLICATION Whereas, the State of Texas, Through its County Attorney, did on the 21st day of September, A. D. 1921, file in the District Court of Reeves County, in the State of Texas, its petition in Suit No. 854 on the Civil Docket of said Court, being suit brought by the said State of Texas, as Plaintiff against Unknown Owners as Defendants and the nature of the Plaintiff's demand as stated in the said petition being an action to recover of the Defendants as the owners of the land returned delinquent for the taxes due thereon for the years 1915, 1916 and 1917; and Whereas, the names of said owners are unknown and upon the affidavit of Clem Calhoun, County Attorney having been made, setting forth that said owners are unknown to the affiant, as the Attorney for the State of Texas, and after inquiry, cannot be ascertained.

The following notice is, therefore, to cite all interested parties and to make parties Defendant by notice in the name of the State of Texas, and the County of Reeves, directed to all persons owning or being in any way interested in the lands therein described delinquent to the State and County for taxes, and to be published in a newspaper in said County, one time a week for three consecutive weeks, in the manner and style following:—

Whereas, the State of Texas, Through its County Attorney, did on the 21st day of September, A. D. 1921, file in the District Court of Reeves County, in the State of Texas, its petition in Suit No. 854 on the Civil Docket of said Court, being suit brought by the said State of Texas, as Plaintiff against Unknown Owners as Defendants and the nature of the Plaintiff's demand as stated in the said petition being an action to recover of the Defendants as the owners of the land returned delinquent for the taxes due thereon for the years 1915, 1916 and 1917; and Whereas, the names of said owners are unknown and upon the affidavit of Clem Calhoun, County Attorney having been made, setting forth that said owners are unknown to the affiant, as the Attorney for the State of Texas, and after inquiry, cannot be ascertained.

(Legal Advertisements)

November Term of the District Court of Reeves County, and State of Texas, being the next regular term thereof to be held at the Court House thereof at Pecos, Texas, on the 3rd Monday in November next, to-wit: on the 3rd day of November, A. D. 1921, and show cause why judgment shall not be rendered condemning said land, and ordering sale and foreclosure thereof for said taxes and costs of suit.

Witness my hand and official seal at my office in Pecos, Texas, this 21st day of September, A. D. 1921. S. C. VAUGHAN, District Clerk of Reeves County, Texas. Issued this 21st day of September, A. D. 1921. S. C. VAUGHAN, District Clerk of Reeves County, Texas. By C. E. ALLISON, Deputy. First Issue September 23, 1921.

NOTICE BY PUBLICATION Whereas, the State of Texas, Through its County Attorney, did on the 21st day of September, A. D. 1921, file in the District Court of Reeves County, in the State of Texas, its petition in Suit No. 854 on the Civil Docket of said Court, being suit brought by the said State of Texas, as Plaintiff against Unknown Owners as Defendants and the nature of the Plaintiff's demand as stated in the said petition being an action to recover of the Defendants as the owners of the land returned delinquent for the taxes due thereon for the years 1915, 1916 and 1917; and Whereas, the names of said owners are unknown and upon the affidavit of Clem Calhoun, County Attorney having been made, setting forth that said owners are unknown to the affiant, as the Attorney for the State of Texas, and after inquiry, cannot be ascertained.

The following notice is, therefore, to cite all interested parties and to make parties Defendant by notice in the name of the State of Texas, and the County of Reeves, directed to all persons owning or being in any way interested in the lands therein described delinquent to the State and County for taxes, and to be published in a newspaper in said County, one time a week for three consecutive weeks, in the manner and style following:—

Whereas, the State of Texas, Through its County Attorney, did on the 21st day of September, A. D. 1921, file in the District Court of Reeves County, in the State of Texas, its petition in Suit No. 854 on the Civil Docket of said Court, being suit brought by the said State of Texas, as Plaintiff against Unknown Owners as Defendants and the nature of the Plaintiff's demand as stated in the said petition being an action to recover of the Defendants as the owners of the land returned delinquent for the taxes due thereon for the years 1915, 1916 and 1917; and Whereas, the names of said owners are unknown and upon the affidavit of Clem Calhoun, County Attorney having been made, setting forth that said owners are unknown to the affiant, as the Attorney for the State of Texas, and after inquiry, cannot be ascertained.

The

PERSONAL

Dee Davis, merchant of Toyah, was in Pecos Tuesday of this week.

Miss Julia Magee left Monday for Fort Worth to matriculate in the T. C. U. for the ensuing year.

Miss Gussie Richburg is in Barstow where she has a position in the public school this year.

Miss Carrie Glover is teaching at Porterville this year. The school opened Monday.

Miss Aileen Love opened school at Dubose Monday where she will teach for the ensuing year.

Woody Cowan will go to Austin Saturday where he will enter school at the State University.

Edward Warn left last week for Houston where he will enter Rice Institute for the coming year.

Mrs. Tom Hart of Toyah, is in Pecos with her sister-in-law, Mrs. Will Cowan, for a few days this week.

Misses Mozelle Bryan and Francis Hubbard left Sunday for Belton to enter Baylor University.

Miss Evelyn Slack left Sunday for Austin where she will enter the University.

Mrs. E. Wadley and little daughter, Genice, is here from the ranch on a visit to her mother, Mrs. W. B. Boles.

Cowboy Hock Stephenson of Fort Stockton was over last Friday, "meddling with the herd."

S. A. Brannen left the latter part of the week for his home in East Texas after a three week's visit to his sister, Mrs. F. P. Richburg and family.

Rev. and Mrs. H. L. Magee and daughter, Mary, Mrs. W. A. Hudson and Mrs. Ed Vickers went to Midland Wednesday to attend the Camp-WilHITE nuptials.

Mrs. Jim Cox and children and Mrs. Cox's mother, Mrs. Weas Roberts, left yesterday for El Paso where they will make their home. Jim having gone on ahead of them where he has secured a situation.

Mrs. Martha Adams and Mrs. P. A. Herbert of Saragosa, were Pecos visitors Tuesday of this week. They were looking well and stated that the rain around in the vicinity of Salt Draw was heavy and the roads not any too good.

Jim Prewitt left Saturday for College Station where he entered the A. & M. College for the school term of 1921-22. Jim is a hard student and a reliable boy who will make good anywhere he is found.

Mrs. Nellie L. Gantt of Washington, D. C., was met in Dallas by her son, J. F. Gantt, who accompanied her to Pecos Friday, and Saturday morning they boarded the P. V. S. for Balmorhea for a visit to Mrs. J. F. Gantt and baby son, J. F. returned to his work after a few days, but the mother will remain for some time for a visit.

Mack Kyle left Saturday for Dallas where he will enter again this year the Terrell School for boys. Mack is a fine young man and attended this same school last year and made good and his friends are expecting him to do even better this year.

While Mack is a six footer and apparently able to take care of himself anywhere his mother, Mrs. Sid Kyle, had just a little rather have him near her.

T. W. White, J. R. Walker and J. S. Harvey all of Slaton, Texas, are here for a few days on business connected with the oil game. They have interests here and feel that the time is opportune for them to stay on the ground and watch developments, which look better now than at any time in the history of the Pecos oil field.

They were pleasant visitors at the Enterprise office and will keep posted when they return home through the Enterprise.

A. Hurst, a prominent farmer of Royse City, and also owner of a splendid alfalfa farm up the valley as well as pasture and oil lands in the neighborhood of San Martine, was a Pecos visitor Thursday and paid the Enterprise office a very pleasant visit. He is a very agreeable gentleman and apparently a good business man. He states that times are hard in his section the same as every where else, but that since the cotton has begun to come upon the market things are loosening up and times are getting much better.

F. N. Clifford, manager of the Chamber of Commerce of Yoakum and president of the Texas Commercial Executive association, was a visitor in town Wednesday, coming here to join the Davis Mountain Park Committee. He is a booster for Boosterville and an old newspaper man of some distinction. Mr. Clifford was a pleasant visitor at the Enterprise office and stated that he was pleased with the appearance of our city.

Mr. and Mrs. Sid Kyle were in from their splendid ranch Tuesday laying in a supply of eats and shaking hands with friends and looking as fine as ever. They left as the clouds were gathering for the big rain which fell later and although it looked as if they would get wet before they reached home they said they were going to take chances and go home any way. They are fine people and one of the most hospitable ranch people in this section of the country.

Tommie Anderson left Sunday for Dallas where he will be in school this year.

Mrs. Geo. K. Jackson is the guest this week of Mrs. John Hibdon and other Pecos friends.

Bob Ligon and his sisters, Misses Cornelia and Lucy, are visiting this week at the ranch.

Mr. and Mrs. Jo Camp of Fort Stockton, Mrs. Jim Camp and Mrs. H. T. Collier went to Midland Wednesday to attend the wedding of Ray Camp and Miss Mary WilHITE.

Mrs. J. P. Gillardi and child left recently for their home at Frederick, Oklahoma, after a most delightful visit to her parents, Judge and Mrs. J. W. Wadley.

Mrs. Tom Crum and children have moved into town from the ranch and the children have entered our splendid school. They are occupying the Alley place.

Mr. and Mrs. Lee Ligon left Monday for Mineral Wells where they will be for a few weeks drinking the famous mineral waters and taking baths at the noted resort. It is hoped they will return home much improved in health.

Mayor Ben Palmer has been on the puny list for the past week. While he is up and about he has been complaining and is not feeling like a two-year-old by any means.

Hill Hudson came in the forepart of the week from San Antonio and will probably be here for some time. He is looking fit and fine and is growing into a strong man both in business ability and physically.

Joe Camp, a former Pecos boy accompanied by his wife, brought Messrs. Hugh and Roger Livingston over from Fort Stockton last Sunday. The Livingston boys took the east bound T. P. to Marshall, where Roger, the youngest entered school.

Rev. W. A. Fulbright, Methodist pastor at Toyah, was a pleasant visitor at The Enterprise office Wednesday and looking bright and happy.

E. F. Fuqua, the honey and alfalfa salesman of Saragosa, was a business visitor in Pecos Wednesday and left a nice order for job printing at The Enterprise office. Fuqua is a hustler as well as a rattling good fellow.

Miss Anna Boles left last week for Fort Worth where she will be in school at the Texas Woman's College. Miss Anna is a bright girl and will make an apt student.

Miss Mildred Carson of Van Horn, who has been in Pecos for a few days visiting her aunt, Mrs. Sid Cowan, left Monday for Fort Worth where she will visit until the latter part of the week when she will leave for Austin and enter the University of Texas for the ensuing year.

Misses Jessye Heard, Alice Morrison, Myrtle Ruhlen, and Zara Sims left Monday for Denton where they will enter the College of Industrial Arts. They were joined at Barstow by Misses Francis Miller, Thelma Dodson, Mabel Patrick and Bessie Sewell who will also enter C. I. A. at Denton.

Jim Frame, formerly T. & P. station agent here, but now of Ancho, N. M., surprised his many Pecos friends by dropping in town for a short while Saturday. He with his wife, his daughter and son-in-law, Mr. and Mrs. B. E. Penix, and their little child were returning to their homes in New Mexico after a visit to Mr. and Mrs. Frame's son down the road a ways. Jim called at The Enterprise office to shake hands with the editor. He is looking fine and dandy and is in better health than for years. Mr. and Mrs. Frame have many friends here who were delighted to see them again and to see for themselves that Jim is really getting fat.

The City Pharmacy has a nice window display which is a credit to the town and should be investigated by those who care for the best and want to help the store which gives you the service and the price and stands for the best interests of the town. Tom McClure is a booster and is running a good clean business.

M. H. Pior has his new garage and filling station completed and is now busy between times putting up signs and moving into the new building which is very much up-to-date and makes you feel like you have entered a real city when you drive in under shelter to fill your car with gas or have your tires filled with air. Call around and see just what he has to offer you in the way of up-to-date service.

Whitney C. Martin of Fort Stockton, is now a citizen of Pecos and has employment in the Enterprise office. He is an all-round country printer and will assist in the quicker service of delivering that better grade of printing to those who care for nifty jobs.

Mr. and Mrs. George K. Jaskson, who have been on the Collie-Love ranch near Hoban for the past six years where Mr. Jaskson has been the efficient foreman, are leaving this week to take charge of the Miller Brothers' ranch west of Toyah in Culberson county. This is the old Charles Tinnin ranch and is said to be one of the best pastures in that section of the country and as it has not been stocked for some time the range is very fine.

G. A. Sackse and daughter, Rhoda, of Fort Stockton, were Pecos visitors last Friday. Miss Rhoda came over to confer with the State Superintendent of Public Instruction in regards to school work.

Mrs. Arthur E. Hayes and children returned Saturday from Los Angeles, California, where she went some time ago to attend her sick mother, and afterward for a visit. They report a most delightful time.

Arch W. Bell of the Los Pecos Syndicate, returned this week from an extended business trip in California.

A good rain fell Tuesday afternoon which covered a good portion of the county and will be of great benefit to stockmen.

Miss Ruby Brown will leave Saturday for her home in El Paso after a most delightful ten days' visit with her aunt, Mrs. Lou Duncan.

J. E. Easenwine will leave today for Menard on a business trip of a few days.

Miss Minnie Mitchell arrived in Pecos Friday of last week from Artesia, New Mexico, for a visit to Mrs. Ed Vickers and other friends. Miss Minnie at one time had charge of the telegraph office here.

Miss Dora Belle Harkness of Toyah, is in school at the Texas Woman's College, Fort Worth.

Guy Covy came in this week from the east where he had been for the past few weeks. He is one of the promoters of the Guarantee Oil Company and is one of the men who stick. He states that the money markets of the east are showing signs of loosening up to some extent and that he hopes to see things getting normal in a short time now. His company has made arrangements for the putting down of another well on their property in the Dry Lake country. The contract has been let for a 700 foot well which will enable them to go on down if they do not get production at that depth or a lesser depth, and he says they propose to go on down to oil. The other well which had a fine showing was drowned out some time back by the heavy rains which filled the lake in which the well was started and prevented them from continuing the work, which will be again proceeded with as soon as the present well is put down and the lake either drained or dries up.

THE CHURCHES

CATHOLIC CHURCH

CHURCH OF CHRIST

Our revival meeting begins Sunday. Let us give it a good start by attending every service the opening day. Be at the Bible school at 10 o'clock, and remain for the morning worship.

HOMER L. MAGEE, Pastor.

CATHOLIC CHURCH SERVICES

The Rev. D. J. O'Donovan left here last week to visit his parents in Ireland, whom he has not seen for many years. He has been succeeded as Rector of the Pecos and Toyah Missions by the Rev. Victor C. Jannes.

Father Jannes is a Pennsylvanian, who has had six years experience of missionary work in New York, Colorado and New Mexico. He comes here well recommended by Bishop Schuler of El Paso. The Mass and Communion Service for the American Catholics of Pecos will be held on next Sunday morning, Sept. 25, in the Catharine church, at eight o'clock. An instruction will be given on "Man's most important duty, the Worship of God."

Service will be held in the Mexican church at 9:30.

EPISCOPAL CHURCH

Hereafter every two weeks on Thursday night at 8:30 and the same afternoon at 5 p. m., there will be a study class at the St. Marks Episcopal church. An invitation is extended to all. Next service will be held July 21st.

CHURCH SOCIAL

The delightful home of Mr. and Mrs. W. O. Cowan was the scene Friday evening of last week at a watermelon feast and church social given by the Sunday school. A most delightful time is reported.

BIRTHS.

The stork has been quite busy in Pecos since last issue of the Enterprise and has visited at least three homes.

On Sunday, September 18th, at the home of Mrs. G. B. Gunn, a son was delivered to Mr. and Mrs. Ralph Hocky. The young man weighed seven pounds and is as bright and assertive of his rights as if he weighed a hundred. Mother and son are doing nicely.

The stork visited the home of Mr. and Mrs. Will Cowan on Saturday, the 17th, and left a son which has taken charge of the home and bids fair to be as strong and robust as his daddy. The mother and son are doing nicely.

Mr. and Mrs. Carl Smith are the happy parents of a seven pound son, born on the 18th, last Sunday. Dr. and Mrs. I. E. Smith are again grandparents for the second time and are as happy as the fond parents of the youngster who bids fair to be the ruler of the domain.

Mr. and Mrs. W. W. Chatham of Toyah, are the happy parents of another daughter, born to them some ten days ago.

Mr. and Mrs. G. A. Maley are visiting in Marfa this week.

Misses Velma Murdock and Vearl Teague of Toyah, left Thursday for Denton to enter school at the College of Industrial Arts.

Mrs. R. H. Fowler and children, four in number, of Friendship, Arkansas, came in Sunday for a visit with her sister, Mrs. W. R. Rhoades. They expect to remain for three or four weeks and are favorably impressed with our little city.

Overall and Jumpers washing for the Garage men done at the Pecos Hand Laundry, every Friday. Phone 27, one block South off Fountain 1\*

CAMP-WILHITE

Ray M. Camp of Fort Worth, and Miss Mary Ruth WilHITE of Midland, were united in marriage at the Christian church in Midland, Wednesday evening.

The ceremony was performed by Homer L. Magee of Pecos, assisted by I. H. Teel. These young people were both reared in Pecos, and of the many who have made good, they are among the best. They will make their home in Fort Worth where Mr. Camp is employed as religious editor of the Fort Worth Star Telegram.

We are sure every citizen of Pecos joins the Enterprise in extending to the happy couple best wishes for a prosperous and happy life.

The following Pecos people attended the Camp-WilHITE wedding in Midland Wednesday night: Mrs. H. T. Collier, and Howard Jr., Mrs. Jim Camp and daughter, Miss Nancy, Mrs. Ed Vickers, Mrs. W. A. Hudon, Mr. and Mrs. Homer L. Magee, and Miss Mary Magee.

REVIVAL MEETING

A revival meeting begins at the church of Christ next Sunday. Pastor Evangelist I. H. Teel will preach, and Ezra Jacks of Dallas will lead the singing. Mr. Jacks has been engaged in revival work in Texas several years and comes highly recommended as a song leader, soloist and whistler.

Minister Teel has had much experience both in revival and pastoral work. These men assisted by the christian forces of Pecos will be able to accomplish much good, and we urge the attendance and co-operation of all the people.

Services each evening at 8 o'clock. Mr. Teel will not arrive until Monday, but the local pastor, assisted by Mr. Jacks will have charge the opening day.

THE "TARANTULA" IS OUT AT LAST

The "Tarantula," the high school annual, is off the press and has this week been distributed to those who ordered copies. The type was set in Carlsbad for this edition by the Current and Moran & Hubbs did the printing which is a very creditable job in matter of arrangement and press work. The pictures are clear and they are numerous. This is the first to be gotten out by the Pecos high school and the work is well done and shows that the boys and girls who are responsible for this effort were on to their job and fully capable of the work entrusted to them.

The Enterprise acknowledges receipt of a copy from Moran & Hubbs, the printers, for which it tenders to them its thanks
