## FIRST HIGHLAND HEREFORD SHIPMENT TO MOVE THIS WEEK

### Ranchmen Who Are To Consign To First Sale Are Busy Getting Cattle Ready For Shipment Saturday

The Highland Hereford Breeders Association will make their first shipment of feeder calves and yearlings next Saturday. This solid train load of from thirty to thirty-five cars will be shipped to Decatur, Ill., where the first sale will take place on Tuesday, October 18th. It will be conducted on the farm of J. G. Imboden & Son, one mile South of Decatur and will consist of approximately sixteen hundred head.

Those from here who will attend the sales at Decatur, Ill., and Indianapolis, Indiana, besides the Secretary, Mr. A. C. Easterling, are as follows: W. B. Mitchell, W. P. Fischer, T. C. Mitchell, T. C. Grosson, C. T. Mitchell, Frank Jones, Milton Gillett, Lee Fischer, Richard Merrill and perhaps others.

This makes the third annual sale that will be made by the Highland Hereford Breeders Association. Arrangements were made for these sales when a committee consisting of Messrs. W. B. Mitchell, H. T. Fletcher and A. C. Easterling visited the corn belt in July, and everything looks as if these sales will prove profitable to both breeders and feeders from the great number of letters that has been received by the Association from the feeders making inquiry regarding the sales, stating that they were in the market and expected to attend their sales and make purchases.

down and when they arrive at their destination they are fresh and the shrink is practically nothing. In fact some of the cattle that has been shipped in this manner has reached their destination weighing as much as they did when they left here. At the point of sale, the feeder has the opportunity to look the cattle over, pick out the ones he wants, and buy or not as he sees fit. Another advantage at these sales is the fact that he is going to central market for feeders, the feeder makes the trip to Kansas sees what he is getting. So often in City or Chicago with the intention of buying a load or two. His expenses will be from one to two hundred dollars. When he gets there, he does not find just what he wants, but in order not to return home without buying he generally will secure something not to his liking, and as a result he will secure a class of feeders that will not prove good doers, but by buying from the Highland Hereford Breeders Association he knows that he is getting a class of cattle that has been tried and proven.

The first sale will take place Tuesday, October 18th, and the following members are making up this first shipment: W. P. Fischer, five loads of steer calves, three loads of heifer calves, J. B. Gillett & Son,

PRODUCT OF THE HIGHLAND HEREFORD BREEDERS ASSOCIATION

When the Association was organized in 1919, this section of the Big Bend country was scarcely known to any of the feeders throughout the corn belt, but since they have organized and conducted two successful exhibits and sales at Kansas City during the fall of 1919 and 1920, there are today perhaps more feeders know of our great country and the fine lot of calves that is being raised here than any other section anywhere, as the purchasers have all made money or held their money together, which has not been the case with hundreds of feeders, and one of the reasons for the success made by them was the fact that the members of this great organization is raising just such class of Herefords that do well, that responds to feed when placed in the feed lots and make wonderful gains. In fact, practically the extreme tops that has been made on both the Kansas City and Chicago markets this year, has been made by feeders who purchased Highland calves last fall.

This new system of marketing that was adopted by the Highland Hereford Breeders Association has proved advantageous to both the Association and the feeders. By shipping in solid train load consignments, better arrangements are secured with the railroad companies. Trains are routed by fast schedules, making even better time than passenger trains. A regular passenger coach is attached to the train for the accommodation of the attendants who go with the shipments and the railroad companies send one of their traffic men along with each shipment to see that the very best service is given. Stops are made at intervals to permit unloading the animals where they are fed and allowed to rest for twelve hours. The pens are bedded

three loads of steer yearlings, T. C. Grosson, five loads of steer calves and two loads of heifer calves, C. T. Mitchell, three loads of steer calves, one load of heifer calves, F. A. Mitchell, three loads of steer calves, one load of heifer calves, J. W. Merrill, one load of steer calves, one load of steer yearlings, T. C. Mitchell & Son, one load of steer calves, one load of heifer calves, Smith Brothers, one load of heifer calves, W. T. Jones Cattle Company, one load of mixed heifer and steer calves.

Their second sale will take place at Indianapolis, Indiana, on Saturday, October 22nd, and the consignments to said sale are: W. P. Fischer, four loads of steer calves, two loads of heifer calves, J. B. Gillett & Son, two loads of steer yearlings, Smith Brothers, one load of steer calves, one load of heifer calves, T. C. Grosson, three loads of steer calves, four loads of heifer calves, F. A. Mitchell, two loads of steer calves, C. T. Mitchell, two loads of steer calves, two loads of heifer calves, G. A. Monkhouse, two loads of steer calves, W. T. Jones Cattle Company, one load of steer calves, T. C. Mitchell & Company, two loads of steer calves, A. A. Murray, two loads of steer calves and one load of heifer calves.

It is the intention of the Association to hold a sale at Galesburg, Illinois, about the 11th of November, but said sale will depend on the success of the Decatur and Indianapolis sale. They have been urged to conduct sales at both Galesburg and Peoria, Illinois, as a number of the feeders in those sections have purchased calves at previous sales of the Association, and they have proven such good doers until they want to purchase again.

Continued on Page Two

**GROWING OLD**

A little more tired at close of day;  
A little more anxious to have our way;  
A little less ready to scold and blame;  
A little more care for a brother's name;  
And so we are nearing the journey's end.  
Where time and eternity meet and blend.  
A little less care for bonds and gold;  
A little more zesh in the days of old;  
A broader view and a saner mind,  
And a little more love for all mankind;  
A little more careful of what we say,  
And so we are faring a-down the way.  
A little more love for the friends of youth;  
A little less zeal for established truth;  
A little more charity in our views;  
A little more thirst for the daily news;  
And so we are folding our tents away  
And passing in silence at close of day.  
A little more leisure to sit and dream;  
A little more real the things unseen;  
A little bit nearer to those ahead,  
With visions of those long loved and dead;  
And so we are going where all must go,  
To the place the living may never know,  
A little more laughter, a little more tears,  
And we shall have fold our increasing years.  
Thrice happy, then, if some soul can say,  
"I live because he has passed my way."

—Rollin J. Wells.

## CHAMBER OF COMMERCE SHOWS GREAT ACTIVITY

### Move Offices To Community House; Plans For Future Adopted; N. L. Casner Elected President

Much activity has been shown in the Chamber of Commerce recently, and this is noticeable. Two very interesting meetings have been held, and in both seemed to be the consensus of opinion that the cost of the Chamber of Commerce must be cut down and at the same time more real achievement must come out of the efforts of the institution; in order to gain and hold the moral support of the citizenship of Marfa.

At the first meeting Mr. N. L. Casner was elected President and Mr. J. C. Organ, Vice President. It was decided that in order to lower expenses that the C. of C. would accept the invitation of the City Council to move their office to the Community House on a no-expense basis from standpoint of rents, heating, etc. The office of the Chamber is now very conveniently located in their new home.

On Monday night Mr. Casner called a meeting of the members of the institution and a working plan for the year was adopted and also secretary and directors elected.

It was decided that at this time we would not employ a paid secretary, but in order to keep costs down would put into effect a plan whereby the secretary's work would be distributed between the officers and directors of the Chamber by inaugurating a system of departmental work. In a word divide the C. of C. into departments with one director assigned to a definite department as chairman.

The branches as were adopted are: First, "Civic improvement" Department with Director J. C. Hamie, chairman with instruction that he enlist the services of various others interested in his department. It was suggested that one lady each from the History Club and the Mothers' Club be selected to assist him in the problem of beautifying Marfa.

The second Department is that of "Schools"—Director H. O. Metcalf has charge of this department. A great deal of good effort can profitably be spent in this particular branch of work. It was suggested to Mr. Metcalf to include on his committee the president of the Mothers' Club, the presidents of the Senior and Junior classes in the High School, Superintendent Connor and others who have the betterment of Marfa schools at heart.

The third because of the work before the Marfa citizens is that of the Jeff Davis Park and Mr. C. E. Mead was elected a director and has charge of everything pertaining to the furtherance of the cause of a State Park in the Davis Mountains. Mr. Mead will select for working members of his department, men who are familiar with the Davis Mountains. It was the belief of those present Monday that a State Park will pay for itself in keeping Texas money in Texas; aside from other advantages.

The fourth branch of work the C. of C. will undertake, is the question of good roads and Mr. Jno. Humphreys was elected a director in charge of this important department of the Chamber's activity. It is a fact that we will soon be confronted with this question in such a way that we will either have to say "go around Presidio, for we don't want good roads" or we will have to get busy. Mr. Humphreys will have several associated with him in this work.

The fifth department is that of the "Relationship between the Army and the city" and also put forth every effort to get additional soldiers stationed in Marfa. Mr. E. R. Mabey and Judge Wm. Bogel were elected jointly as directors in charge of this work.

The sixth department decided upon was "Commercial Enterprises". It is the duty of this department to at all times be on the alert to bring new industries into the community and stimulate business. Mr. H. B. Lockley was elected a director and chairman of this branch of the Chamber.

At this time there are many things Marfa should have, none more needed than an up-to-date laundry. The seventh department adopted was that of Publicity.

The eighth department is that of the "Cattle Industry"; the department to labor in conjunction with the Highland Herefords Association. This department was added, because it was decided anything that concerns our principal industry concerns the C. of C. Mr. W. B. Mitchell was elected a director and made chairman of this department.

There was also established a department of finance. Those present voiced the opinion that the people will be glad to support the organization morally and financially if things are run economically. The Finance department will have in their hands the question of obtaining funds, also of disbursing same.

The Executive committee has all other matters not definitely covered by any of the above named departments in their hands and can act on issues arising independently of the Directors. The Executive Committee consists of President N. L. Casner, Vice President J. C. Organ and Secretary A. M. Avant.

It is also the secretary's duty to distribute letters and communications to the departmental chairman under whose department the letter or communication comes.

It is believed that with the C. of C. put on the departmental basis that every phase of the work will move forward as there is someone definitely responsible for each department.

### GRIERSON RETURNS FROM NATIONAL RIFLE MATCHES

B. H. Grierson returned Friday from the National Rifle Matches at Camp Perry, Ohio. He captured the Texas Civilian team this year, which, while nine of its members qualified as Expert Rifleman, did not win any of the Grand sweepstakes. Harry, himself, however, was one of four who scored possibilities in the Leach Cup Match, a long range contest at eight hundred, nine hundred and a thousand yards, in which there were seven hundred and forty participants. This is the fourth time since 1874 that possibilities have been made in this match and Mr. Grierson modestly states that the undue success this year was owing to better ammunition.

Mrs. Grierson accompanied him to the Matches, and had the honor of winning a medal in Pistol competition, the first ever awarded a woman in this country.

It may be that we shall soon have a second Ad. Topperwein and wife in our midst, if Harry can keep his wife enthused over the shooting game.

### THE QUEEN THEATRE

J. C. Organ has recently purchased the interest of Mr. John Griffith in the Queen Theatre, and is now the sole owner.

### BAPTIST CHURCH

There will be services at 11 a. m. and 8 p. m. Sunday, Sunday School at 10 a. m. The B. Y. P. U. will meet at 7:15.

The pastor will preach both morning and evening hours, and he hopes to see a full attendance.

A cordial welcome to any who attend.

C. S. Harrison, Pastor.

### A MARFA CITIZEN HONORED

Miss Nan Hillary Harrison who is visiting in California at present has been appointed by Gov. Pat M. Neff to represent Texas at the 1921 meeting of the Press Congress of the World to be held in Honolulu, Hawaii, Oct. 10, '21.

The Era has not been advised if she expects to make the trip, but joins Miss Harrison's friends in congratulations of the honor extended to her.

Judge K. C. Miller made a business trip to Fort Stockton Monday.

### CORNELL CASE IS SET FOR TRIAL NOV. 11

Del Rio, Texas.—By the agreement of attorneys on each side, the case against Judge James Cornell of Sonora, charged with the killing of Bill Hollman in Del Rio, June 23rd last, will be called for trial in the District Court of Val Verde county November 11th. The State's attorney J. G. Henry, will be assisted in the prosecution by J. C. Adams, of Dallas and Judge W. A. Wright of San Angelo. The defendant attorneys include Will A. Morris of San Antonio, C. C. Becher of Del Rio and Alex Collins of San Angelo. Judge Jones of Del Rio will try the case.

### CHRISTIAN CHURCH

There will be no services held at the Christian Church Sunday. The congregations at Marfa and Valentine will hold services at Brite, Texas on that day. It had been decided for the congregations at Marfa, Alpine and Valentine to meet at Pecos Pass, but owing to sickness at Alpine, the place of meeting was changed today.

### FINE APPLES

A. J. Tippitt, proprietor of the famous "Mitre Peak Orchard" near Alpine, sent the Stockman, through the kindly offices of Bruce Drake, a box of his delicious apples, and the family has been feasting accordingly. Good apples have been difficult to get in Ozona, not alone because of the operations of the railroad thieves but merely because they are hard to get; so these came in very acceptably indeed. Mr. Tippitt is shipping out the finest fruit "what is", and lots of it. A person who orders of him may depend upon getting full value for his money. And remember to spell the name right—T-i-p-p-i-t—spells the same backward as it does forward, you know.—Ozona Stockman.

### MAIL ROUTE TO REDFORD

Mrs. Elena Lopez King, postmistress at Presidio inform the New Era that the Post Office Department has now established between Redford and Presidio a tri-weekly mail service—Monday, Wednesday and Friday, leaving Redford 7 a. m. and leaving Presidio 1 p. m. each of said days. Adolfo Alvarado is at present carrying the mail with a fine double team, but later an Auto Service is to be inaugurated.

### MRS. S. E. MALEY

On Oct 2nd, 1921, Mrs. S. E. Maley suddenly passed away at the residence of her son, Mr. A. R. Maley. At the time of her death she was over 62 years of age. In December 1920 she came to live with her son. For some time her health had not been good but it was not considered serious, and so on Sunday evening last she was suddenly seized with heart failure, the immediate cause of her death. After the attack she only lasted about two hours.

Services were held Monday evening at 3:30 at the parlors of the Undertaker, after which she was laid to rest in the cemetery.

She is survived in the city by her son and a grandson, Mr. T. N. Wyatt.

### MRS. ADAIR DEAD

Mrs. Cornelia Adair, owner of the famous JA ranch near Glarendon, died last Thursday morning in London, England. Mrs. Adair was 84 years old. She and her husband were among the earliest settlers in that section.

The JA ranch property is one of the largest ranch properties in the country. The owner frequently visited Glarendon, and was on the ranch during the summer past. She was greatly loved by the large number of employees on the ranch.

Mrs. Adair was an aunt of United States Senator James W. Wadsoworth of New York, who was formerly manager of the ranch, and spent a part of his time there.

At Palo Duro, a few miles from Glarendon, is a stone dwelling which was the home place of Mrs. Adair. The ranch itself is a place of much interest to visitors of that section, running into several Panhandle counties and employing a small army of men. Mrs. Adair personally knew most of the men who were employed on her property.

Note: H. W. Reynolds, Stockman and Assessor of Presidio County, formerly for a number of years was foreman on the JA ranch.

What shall we do now, Mother being dead,  
Or say, or write, that shall express the half?  
What can we do but pillow the gray head,  
And let the Springtime write her epitaph?

**FIRST SHIPMENT OF  
HEREFORDS THIS WEEK**

Continued From Page One

Their sale at Kansas City will take place on Thursday, November 17th, and practically every member of the Association will consign one or more cars to this exhibit and sale. It will be remembered that during the sale and exhibit of 1919 and 1920, the Highland calves won first and grand champion both years, as well as winning Grand Champion at the International in Chicago last fall.

The exhibit and the sale at the Chicago International will take place Dec. 2nd, and there will be about twenty-five cars shipped to that show and sale.

The Secretary of the Association, Mr. A. C. Easterling, reports that he has received letters from Ohio, Iowa, West Virginia, Maryland and other states wanting him to hold sales in their states, and has received hundreds of letters from feeders through out the United States making inquiries regarding the sales they have already advertised.

A shipment of two car loads of steer yearlings will be made next Saturday to Eastern Pennsylvania. This shipment will be made from the herd of H. L. Krokernot, of Alpine, one of the Associations' largest breeders.

The success that the Highland Hereford Breeders Association has made since they started their organization has been astounding, but when one thinks of the personality of the members, the fine cattle that they are raising, they readily see that they have a grade of Herefords to back up their every assertion. It is purely a co-operative organization, and one never hears of a single member to say a word against the organization or his brother member's cattle. In fact every member is a booster for the organization, and that is what it takes to make a success of any organization. In fact, the Highland Hereford Breeder's Association, and the cattle members of that organization raises are today known throughout the United States, and this is made possible by the unselfish efforts of the members. Their one idea is to establish a reputation for our good cattle and they have carried this idea into effect.

Mr. A. C. Easterling, the Secretary, accompanied by his wife left for the East Wednesday morning, where he will attend all of these sales, and will be gone until sometime in December. He will go from here to Kansas City where he will spend a couple of days. From there he will go to St. Louis and then to Decatur where the first sale will take place. He has been exceedingly busy the past two months making arrangements for the sales, making up his advertisements, working with the transportation committee, arranging with the stockyards company, the auctioneer, and the thousands of things that has to be done when a series of sales are undertaken and he has been ably assisted with the members of the organization. The President of the Association, W. B. Mitchell has also been very busy as well as having to look after his ranch interests.

\*\*\*\*\*

The following article was published in the Chicago Daily Drivers Telegram of September 20th:

**HIGHLAND CATTLE COUNTRY  
PRODUCES WHITEFACES OF  
STRONG FEEDING VIGOR;  
HERDS VIRTUALLY  
PUREBRED**

Nature has done many things for many sections of the cow country down in the southwest, and it seems to have done just a little bit more for the Highland Hereford Cattle country, in the Davis mountain areas east of El Paso, Texas, than for others. The Highland country is a plateau of 3,000 square miles area, a mile above sea level, and lying east of a range of mountains from which an unending supply of water is drawn. Here is sunshine, tempered by altitude the year around, the best grazing land that is known in the southwest, covered with gramma grass, both varieties. The whit gramma will grow to a height of 30 inches and yield as high as a foot hay to the acre. Both the white and black gramma grasses a great bone and flesh maker under these conditions, and Highland Herefords come off this grass in good condition the year around.

The fine provisions of nature for cattle in the Highland country have been supplemented by the breeders in bringing water to their ranches. In bringing water to their ranches, in one instance for example, water is carried through a pipe line for 14 miles to the cattle on grass, saving both the tramping out of grass and the loss of weight by the cattle in otherwise necessary pilgrimages of many miles to water holes.

Standing out as a paramount accomplishment of the Highland Here-

ford Breeders' Association in cattle production is the use of purebred whiteface cows. No good bull has been too good for the breeders in the quarter century average life of the big herds in the Highland country.

The annual output of calves is about 25,000 head, making a yield of approximately 12,500 steer calves for the market yearly. Then too, there is the by-product of cows that are culled from the herds and whose places are taken by the continually recurring production of young heifers that grow up in the herds. Headquarters of the Highland Hereford Breeders' Association is at Marfa, Texas. A. C. Easterling, Marfa, is secretary.

Below we publish a few of the hundreds of letters received from former purchasers, testifying to the merits of Highland calves and yearlings:

**BEST LOT CALVES EVER BOUGHT**

Valley Falls, Kansas, May, 1921.  
Mr. A. C. Easterling, Secretary,  
Highland Hereford Breeders' Assn.,  
Marfa, Texas.

Dear Sir:  
In reply to your letter about the calves which I bought from your sale in Kansas City last fall, I say that they have wintered well. They were the best lot of calves I ever bought. I now have them on a good blue grass pasture. I shall have their picture taken this summer and will send you one. Will be in the market this fall for some more of your calves, both steers and heifers, but expect to wait for your sale at the Royal.

Yours truly,  
JOHN A. BROZA.

**NEVER HAD CATTLE DO BETTER**

Shelbyville, Mo., February 19, 1921.  
Mr. A. C. Easterling, Secretary,  
Highland Hereford Breeders' Assn.,  
Marfa, Texas.

Dear Sir:  
I received your booklet and it was very interesting to me. I feel interested in your country from the fact that I have 120 head of your fine heifer calves to feed every day. You have a fine grade of cattle. I never had cattle do better than these calves are doing. They are putting on better than two pounds per head per day. When I ship these calves I expect to top the market with them. Will let you hear how they finish up and sell.

Yours respectfully,  
ARNOLD BROTHERS,  
By M. W. Arnold.

**ARNOLD BROTHERS TOP THE  
YEARLING MARKET**

Arnold Brothers, feeders and shippers of Shelby County, Mo., topped the day's yearling trade with a load of steers and heifers mixed that sold at \$9.75 per cwt. This equals the highest sale of yearlings in full loads this year. The heaves were of Hereford breed and originated in the West as feeders. In addition to the yearlings Arnold Brothers also had in two cars of heaves that sold well. M. W. Arnold was here with the stock—Daily National Live Stock Report, St. Louis, Mo., March 8 1921.

The heifers referred to above when sold to Messrs. Arnold Brothers 433 pounds and when marketed 100 days later, weighed 663 pounds, a gain of 220 pounds. When killed they dressed out 57 1-2 per cent cold beef.

**CALVES WEIGHING FROM 1000 TO  
1050 POUNDS**

Kingston, Mo., June 24, 1921.  
Mr. A. C. Easterling, Secretary,  
Highland Hereford Breeders' Assn.,  
Marfa, Texas.  
Gentlemen:

I am in receipt of your letter of May 3d relative to a load of yearling steers purchased at your Kansas City sale last November. We run the cattle on grass during the winter as there was very little snow, they got grass nearly all winter. We now have them on feed and I think they will weigh around 1,000 to 1,050 pounds. They will be in splendid shape for market within the next sixty days, or ninety days, probably better than the market looks like it will be.

Yours very truly,  
LEE BRIDGEWATER.

**WHY HEREFORDS MAKE THE  
BEST FEEDERS**

Herefords make the cheapest beef because they have the natural aptitude to fatten. The animal upon which the breed was founded were selected because they showed this easy-fattening characteristic, a characteristic that has never been lost sight of by Hereford breeders, that has been carefully developed and become fixed to the extent that is unerringly transmitted from generation to generation.

Herefords are recognized today as the premier grazing animal. They attain a higher finish and produce better quality beef on grass alone than any other animal. Practically without exception, the record prices at the market centers for grass cattle have been made by showing a preponderance of Hereford blood.

Herefords mature the earliest. They endure extremes of climate. They are more rugged of constitution as a breed, more active and energetic in the pursuit of a livelihood and will keep in better flesh where feed is scarce and difficult to get than any other breed.

The Hereford can be finished and marketed as prime beef at an earlier age and with a greater weight of carcass than any other breed. The meat of the Hereford "Baby Beef" is not veal, but mature beef, lacking the excess fat of the older animal. Repeated tests have shown that gain can be put on a young animal at a less cost per pound than it can be put on one of mature age, and therefore there is more profit in feeding a young animal than there is in feeding an old one.

The calves are uniformly larger than those in herds where blood of other beef breeds predominate. Hereford females are not only prolific breeders but are the best of mothers, dropping strong calves and rearing them. Their calves are uniform in color, and possess superior qualities as feeders and stocker cattle, and for that reason command a premium over those of other breeds at the market centers. When finished, both as baby heaves and as mature heaves, the Herefords command a higher price at the hands of packers. Seventy-five per cent of the top sales made at the market centers the a preponderance of Hereford blood. This applies to dry-lot baby heaves, grain-fed, medium and heavy heaves past year have been cattle showing and grass heaves.

They make the cheapest beef, are the best grazers, mature earlier, are the hardest breed, prolific, least susceptible to tuberculosis, brings the highest prices, are the most economical beef breed and are today the most popular beef breed, therefore the feeder who is contemplating purchasing feeders, stockers, or any cattle of the beef producing breed, should secure Herefords.

**THE IRISH PARLIAMENT**

Dal Erin, Dail Eireann, frequently seen in the newspaper reports, is the name of the present Republican Parliament in Ireland. In ancient times a common name for Ireland was Eire, nominative case; Eireann or Erin, possessive; Eirinn, objective. The Dal was an assemblage somewhat like the English Knights of the Shire, its duties being of a legislative character. Hence Dal Erin (pronounced Dhawl Airin) means the Parliament of Ireland.

**NOTICE OR SHERIFF'S SALE.**

The State of Texas, County of Presidio.

By virtue of an order of sale issued out of the Honorable County Court of Dimmit County, on 27th day of August 1921 A. D., by the Clerk thereof, in the case of the Standard Motors Finance Co., Inc., a corporation of New Orleans, La., versus Uel E. Burleson No. 315, and to me as Sheriff, directed and delivered, I will proceed to sell for cash, within the hours prescribed by law for Sheriff's Sales, on the 10th day in October A. D., 1921, it being the 10th day of said month, before the Court House Door of Presidio County, in the town of Marfa, the following described property, to-wit:

One Ford Ton truck, Moline Stake body, Model No. 1920, Motor No. 4360065 motor containing four cylinders.

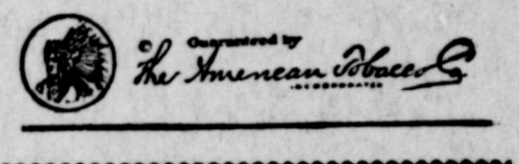

Sold to satisfy judgment for \$648.34 with six per cent interest on \$84.56 from July 13th 1921 at the rate of ten per cent per annum and to foreclose a chattle mortgage as it existed Jan. 7th 1921, levied on as the property of Uel E. Burleson to satisfy a judgment amounting to \$648.34 in favor of the Standard Motors Finance Co. Inc., and costs of suit.

Given under my hand, this 26th day of September, 1921, Presidio County, Texas.

Beautiful Suits \$25.00 at Milady's Shoppe.

### CITATION

THE STATE OF TEXAS,  
Presidio County, Texas.  
To the Sheriff or any Constable of Presidio County—GREETING:

You are hereby commanded, That you summon, by making publication of this Citation in some newspaper published in the County of Presidio if there be a newspaper published therein, but if not, then in a newspaper published in the nearest County to said Presidio County, for four consecutive weeks previous to the return day hereof Juan Contreras whose residence is unknown, to be and appear before the Hon. County Court, at the next regular term thereof, to be holden in the County of Presidio at the Court House thereof, in Marfa, Texas, on the 5th day of December, 1921 then and there to answer a Petition filed in said Court, on the 13th day of

October A. D. 1921, in a suit numbered on the docket of said Court No. 315, wherein Haymon Krupp & Co. is plaintiff and Juan Contreras is defendant.

The nature of the plaintiff's demand being as follows, to-wit: Being a suit on account for goods, wares and merchandise and to foreclose attachment lien on goods, wares and merchandise and fixtures levied upon as the property of Juan Contreras on the 13th day of August, 1921.

Herein Fall No. And have you before said Court, on the first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed same.

Given under my hand and seal of said Court, at office in Marfa, Texas, this, the 4th day of October A. D. 1921.

(Seal) J. H. Fortner, Clerk County Court Presidio County, Texas.  
By Lorene Settle deputy. 18-1

Follows Golden Gate Coffee, money back if not satisfied—Murphy-Walker Co.

### NOTICE SALE REAL ESTATE

THE STATE OF TEXAS,  
County of Presidio.

Whereas, on the 6th day of April, A. D. 1920, Wenceslao Garcia, of Presidio county, Texas, executed, acknowledged and delivered to the undersigned, as trustee for the uses and purposes as hereinafter set out, his certain deed of trust, whereby the following described real estate was conveyed to the undersigned, as trustee, to-wit:

Lying and being situated in Presidio county, Texas, and being that tract or parcel of land, granted by the State of Texas to Ysidro Bella, by patent number 123, Vol. 20, dated at Austin, Texas, September 7th, 1887, situated on the waters of the Rio Grande, about four and one-half miles N 56 degrees W from Presidio, and described by metes and bounds as follows: Beginning at a stake set for the S E corner of Pre-emption survey 328; Thence N 50 degrees E 1249 Varas, to a stake and mound; Thence S 40 degrees E 497 varas to stake on the West line of survey 351, in the name of McKinney and Wil-

liams; Thence S 30 de grees W along said line 1328 varas to a stake on the bank of the river, set for the S W corner of said survey 351; thence up the river north 40 degrees W 951 varas to the place of beginning, containing 160 acres of land, and

Whereas, said deed of trust was executed for the purpose of securing the prompt payment of the following described note: Dated at Marfa, Texas, April 5th, 1920, for the principal sum of \$15000.00 due six months after date, with interest thereon from date until paid at the rate of ten per cent per annum, the interest payable as it accrues, both principal and interest payable at Marfa, Texas, said note signed by the said Wenceslao Garcia, and payable to the order of John Humphris, said note containing the usual default clauses and ten per cent attorneys fee clauses, and reciting that it is secured by the deed of trust above described upon the 160 acres of land, above described, which said deed of trust is of record in Volume 57 of pages 366-369 of the records of Presidio county Texas, to which reference is here made and same is made

a part thereof for a complete description of said note and said land, and the terms and conditions of said deed of trust; and upon which said note there is now due, according to its tenor and effect the sum of Eighteen Hundred and ninety seven and 50/100 (1897.50) Dollars; and,

Whereas, said deed of trust contains the following condition:

"In case default or failure to make prompt payment of said indebtedness or any part thereof when the same becomes due, then and in that event the said trustee is hereby authorized and empowered, and it shall be his especial duty, at the request of the payee or holder of the above described note, to sell the above described property to the highest bidder for cash, at the Court house door of Presidio county, Texas, at public outcry" after given notice as thereon specified; and,

Whereas, default has been made in the payment of said note, the same is long past due, and both interest and principal, as therein specified remains unpaid; and John Humphris, payee and holder and owner of said note, has this day by

written instrument, requested me, the undersigned, as trustee, to exercise the authority and power given and granted me in said deed of trust, and sell said land, above described, for the satisfaction of said note, principal and interest, and apply the proceeds from such sale as in said deed of trust specified;

Now, therefore, by virtue of the premises, and the authority vested in me under and by virtue of said deed of trust, above set out, and the terms and conditions therein specified, notice is hereby given, in the manner and for the time as required by law, that on the first day of November, A. D. 1921, being the first Tuesday of said month, between the hours of ten o'clock a. m. and four o'clock p. m. on said day at the court house door of Presidio county, Texas, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said Wenceslao Garcia, which he had on the 6th day of April, 1920, and at this date in and to said property.

This the 6th day of October, A. D. 1921.

H. O. METCALF, Trustee. 18-3

### MAIL BANDIT

Deputy U. S. Marshal A. H. Woolher passed through Marfa Tuesday enroute for Louisiana, with one B. F. Singleton. According to the El Paso papers Singleton is charged with participation in the robbery of mails at De Ridder, La. It is claimed that a mail pouch containing \$12,000 disappeared while in transit from the postoffice to the train.

Singleton had a large deposit in the First National Bank and was about to purchase a half interest in a garage. He denied the charge and stated he was anxious to return to Louisiana at once in order to give bond. He claims to have come to El Paso for his health.

Our stocks are complete in every department with only the best and newest grades and styles.—Mitchell-Gillett D. G. Co.

### CARD OF THANKS

El Paso, Texas, September 30, 1921. To the Citizens of Marfa.

Dear Friends: We wish to thank most sincerely, the ladies and gentlemen who treated us so royally when we were in your city a few days ago.

We beg to assure you that we shall always remember that treatment, and when the Davis Mountain Park is established, we trust we will spend many happy hours in your vicinity, and assure you we shall always remember you with pleasure.

Sincerely yours,

Separate Committee: T. D. Fairchild, C. F. Richards, D. M. McMullen, L. W. Davidson, H. L. Darwin, R. M. Dudley.

House Committee: C. G. Thomas, H. R. Sherman, Sam C. Lockey, N. L. Williams, R. E. Singler, J. E. Quaid. CANOVA COFFEE is noted for its strength and aroma, making it economical and delicious. Griffith Grocery Co.

### GOOD FIRE RECORD CREDIT

Hon. Jno. T. Hamie, Mayor, Marfa, Texas.

Dear Sir:

I am giving you below a statement showing the amount of savings to the people of your city due to the "Good Fire Record Credit" and the fifteen per cent reduction under Amendment No. 111, to the General Basis Schedules, which reduction became effective February 1st, 1921. The fifteen per cent reduction, as set forth in Amendment No. 111, applies to the following classes:

- 1st. Dwellings and furniture, Owner, frame.
- 2nd. Dwellings and furniture, tenant, frame.
- 3rd. Dwelling and furniture, Owner, brick.
- 4th. Dwellings and furniture, tenant, brick.
- 5th. Barns, stables and outhouses, private.
- 6th. Automobile garages, private.

The reduction of 15 per cent, referred to above, applies to either or all of the Classes, 1 to 6 inclusive, wherever located, whether it be in city, town, village or on the farm or within or without the corporate limits of such city or town. The Good Fire Record Credit is, in a sense a contingent credit and can only be allowed by this Department to those cities and towns that are able to qualify under the rule permitting us to grant it. This credit is based upon the loss ratio of the city or town for three years, preceding the calendar year during which the statement is filed with the State Fire Insurance Commission. For each five (5) per cent, or fraction thereof that the losses sustained by fires are less than fifty-five (55) per cent of the premiums received a credit of three (3) per cent will be allowed, with a maximum credit of fifteen (15) per cent.

The total amount of savings over the entire State for the year 1921, to the insuring public, under Amendment No. 111, covering the six classes, above outlined, will amount to approximately, \$1,232,095.98.

The total savings to the citizens of those cities and towns enjoying a good fire record credit, two hundred and fourteen (214) in number, for the year 1921, will amount to approximately, \$2,831,419.20.

The saving to your city, under the Good Fire Record Credit for the year 1921, amounts to \$2,727.15, while the savings due to the 15 per cent reduction on the dwelling classes (1 to 6 inclusive) as enumerated in Amendment No. 111, would amount to \$818.14, or a total saving under both reductions of approximately, \$3,545.29.

As an incentive to your citizens to strive to save their property from destruction from fires, and in this way maintain the present maximum credit of 15 per cent for Good Fire Record, which they are now enjoying, permit me to offer the suggestion that the information, herein disclosed, be given to the press of your city.

If the premiums received by the companies are not sufficient to pay the losses, expenses and permit them to earn a reasonable per cent profit for their services, they must accept either one or two alternatives—refuse to write such a class, or increase the rates sufficiently to enable them to pay the losses, expenses, and have a little left for their trouble.

Proper fire protection, and fire prevention, practically applied by every citizen, without fear or favor two of the most essential methods to bring about a reduction in fire insurance rates.

Very truly yours,

T. M. Scott, Com.-Sec.  
Sept. 27, 1921.

### LEGISLATORS GIVEN SERIES OF SURPRISES

Balmorhea, Texas, Oct. 3.—The recent trip through the Davis mountains and the adjacent lowlands, was a series of surprises for the members of the legislative party, most of whom were making their first trip through west Texas.

They, for the most part expected to find some very rough and very scenic country, fit for state park purposes and were not disappointed. But they did not expect to find such wide expanses of what, at first, they were inclined to call "uninhabited country".

They were surprised by the vast areas of land under individual ownership and by the "magnificent distances" not only between communities but between homes.

One of the first surprises encountered, after leaving the railroad, at Pecos was the beautiful irrigated Toyah valley with its 13,000 acres of alfalfa and orchards, and the eyes of the committee were opened to the possibilities which will follow the development of water in the canyons proposed to be included in the state park.

Another surprise was experienced when at breakfast following the first night in camp they were served with some of the finest cantaloupes they had ever eaten, grown in the vicinity of Pecos and were given, as part of the lunch they were to eat while on a horseback trip through Madera canyon, Bartlett pears, averaging more than a pound in weight each, from the Splittgarber orchard, not far from the entrance to the canyon.

While in camp in Limpia canyon, on the outskirts of Fort Davis, the camp fare was varied by the bringing in of boxes of apples and other fruit and kegs of cider from the large and well kept orchards in the vicinity of the old historic military post. The visitors were further surprised when they learned the great number of carloads of fruit shipped each year from Fort Davis and of the tonnage of honey shipped from Balmorhea, Toyahvale and Saragosa, in the Toyah valley.

LOST two cranks from my Dodge car.—Finder please return to—Wm. Mimms.

When in a hurry for your groceries ring 288. We believe you will like our service. Griffith Grocery Company.

Ladies, read Mrs. Lockley's ad.

### THE STELLAR UNIVERSE

Would you like to know how large the stellar universe is? In the opinion of astronomers it is one million light years in diameter, and, since light travels 186,000 miles in a second (that means that it is about 5,869,713,600,000,000,000—almost six quintillion—miles from one side of the universe to the other. More than a million solar systems the size of our own could be placed end to end without bridging the space. How many such systems the universe could contain we refuse to calculate.

## ONE BRAND— ONE QUALITY— One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

CAMEL QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigaretty aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

# \$10,000,000 AID FOR VETERANS

Red Cross Provides Friendly Service of Many Kinds to Army of Disabled.

BULK OF WORK BY CHAPTERS

2,397 of These Are Helping Ex-Service Men Obtain Benefits U. S. Provides.

One field of Red Cross service alone, that of assisting disabled veterans of the World War, entails expenditures \$4,000,000 greater than the aggregate receipts of the Annual Roll Call of 1920. The American Red Cross announces in a statement urging a widespread increase in membership at the Annual Roll Call, November 11 to 24. At the present time National Headquarters and the nation-wide chain of Chapters of the Red Cross is spending approximately \$10,000,000 annually for the relief of disabled ex-service men and their families, while the aggregate receipts from last year's Roll Call were approximately \$6,000,000.

It is in the 2,289 of the 3,000 Red Cross Chapters which still are helping solve the veteran's problem of adjusting himself to a normal civilian status that the greater part of the cost of this service is borne. Of the total sum spent for veterans' relief last year, National Headquarters expended a total of more than \$2,600,000, while the remaining disbursement of approximately \$7,000,000 represents the contribution of Chapters in this country-wide effort to assist the Government in providing the aid sorely needed by these men and their families.

### An Ever Expanding Problem

That the problem of the disabled service man is ever-expanding and probably will not reach the peak before 1925, is the assertion of well-informed Government officials and that 2,397 Red Cross Chapters regard it as their most important work is evidence that the expansion is in nowise confined to a particular section but is, on the contrary, nation-wide. At the end of the fiscal year, June 30, 1921, there were 26,300 disabled service men in the 1,692 United States Public Health Service, Contract and Government Hospitals and Soldiers Homes, and that number is increasing at a rate of 1,000 a month.

Thousands of these men receiving medical treatment, compensation and vocational training from the Government today, started their efforts to obtain them through the Red Cross Chapter. The Chapter, acting as the disabled man's agent in claims against the Government, informs the man as to the procedure necessary to gain for him that which is provided him by Federal statute. His applications for compensation, medical treatment and training are properly filed with the aid of the Red Cross Chapter.

### Many Forms of Assistance

If there is delay before the man's claim is acted upon, the Red Cross Chapter lends the man money to meet the imperative needs of himself and his dependents.

Most vital to the man's gaining full benefit from the Government's care is keeping his mind free from worry about his home. Keeping the veteran's family from hardship of every kind and informing him of its welfare is another province of the Chapter. Free from fear on this score, the man's recovery and advancement usually is rapid.

Every month during the last year, the American Red Cross has given service of one kind or another to an average of 129,215 former service men and their families. An indication of the extent of the faith reposed in the Red Cross Chapter is to be found in the fact that there were 356,544 requests for friendly aid in the solution of personal problems.

### 448 Workers in Hospitals

While the man prior to entering Government care deals largely with the Chapter, afterward he comes into contact with the service provided by National Headquarters. There are 448 Red Cross workers in the United States Public Health Service and contract hospitals and other institutions in which these men are being cared for, whose duty is to provide for his recreation, help him with his compensation claims, keep him in touch with his family; in short, meeting his every need outside of that provided by the Government. While these are a few of the responsibilities of the National Organization, they are by no means all. Among other Red Cross accomplishments for the year are:

It handled 70,732 allotment and allowance claims.

It delivered through its Chapter organization, 63,655 allotment checks to veterans who had moved from the addresses furnished to the Bureau of War Risk Insurance.

It provided a special fund of \$10,000 for medical assistance to men under vocational training.

It made \$2,495 loans totaling \$400,000 to men taking vocational training, of which 85 per cent has been repaid.

### Red Cross Gives \$310,000 to Aid 'Clean-Up' Drive

An appropriation of \$310,000 for Red Cross work in connection with the "clean-up" campaign instituted by the Government to bring the claims of all disabled service men who are entitled to Federal aid before the proper government bureau for action, has been made by the American Red Cross. The Executive Committee of the American Red Cross in making the appropriation authorized the appropriation of \$35,000 of this sum to the American Legion to defray the expense of the Legion representatives assigned to the various districts of the Veterans Bureau.

The remainder of the appropriation was authorized for apportionment among the several Divisions of the Red Cross for carrying on that part of the "clean-up" work that falls directly upon the Red Cross organization.

### Young America Sends Vast Relief To Needy Abroad

Various relief projects of the Junior American Red Cross in European countries resulted in helping 237,000 destitute children during the last fiscal year, according to the annual report of the American Red Cross for that period. The growth of the activities of the Juniors abroad is manifested by a comparison which shows this figure is 200,000 larger than that of the previous fiscal year.

The National Children's Fund raised by school children, members of the Junior American Red Cross, was drawn upon for \$420,557 for these projects. Receipts for the National Children's Fund during the last fiscal year totaled \$155,317.

**America Succors Russians**  
Food, clothing and medical relief costing \$700,000 has been provided by the American Red Cross for the thousands of Russian refugees stranded last year in Constantinople and vicinity.

Fennel, Marfa, Ft.

Ladies, read Mrs. Lockley's ad.

### STATEMENT OF THE OWNERSHIP

Management, Circulation, etc., required by the act of Congress of August 24, 1912, of New Era published weekly at Marfa, Texas, for October.

State of Texas, County of Presidio. Before me, a Notary Public in and for the county aforesaid, personally appeared H. H. Kilpatrick, who, having been duly sworn according to

law, deposes and says that he is the Business Manager of the New Era, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse side of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher New Era Printing Co., Marfa, Texas, Managing Editor and Business Manager, H. H. Kilpatrick, Marfa Texas.

2. That the owners are: L. J. Britz, K. C. Miller, A. M. Avant.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: None.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full

knowledge and belief as to circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

H. H. Kilpatrick,  
Sworn to and subscribed before me this 3rd day of October, 1921.  
(Seal) H. O. Metcalf, Notary Public.

Steam kills the germs and makes the milk vessels absolutely clean and sanitary. The Dairy will deliver at your house 1 bottle or more. Phone 59.

## WANTED

the name and address of any person printing, publishing or circulating an "oath" purported to be the Knights of Columbus "oath" in which the members of that society are represented as proscribing those of other religious beliefs, etc., etc. This so-called "oath" is false and libelous, the invention of the enemies of both religion and country, and all persons are warned against distributing the same.

The publication of this so-called Knights of Columbus "oath" has been condemned by a Committee of Congress, by prominent committee of citizens in various parts of the country. Persons publishing the same have been found guilty of criminal libel in a number of cases and the highest courts in various States have sustained these convictions.

This circulation of the alleged Knights of Columbus "oath" is part of a propaganda based on bigotry. The record of the Knights of Columbus in the recent war were in the ranks and as welfare workers with those in the ranks is the best refutation of this malicious libel.

Upon receipt of the name and address of those publishing this libel, the Knights of Columbus will undertake to investigate and, if evidence warrants, will everywhere prosecute criminally the publishers.

### Knights of Columbus

WILLIAM J. MCGINLEY, Supreme Secretary, New Haven, Conn.  
JAMES A. FLAHERTY, Supreme Knight, New Haven, Conn.  
Note—Pamphlet showing decisions of courts, and the real only pledge taken by the Knights of Columbus, will be mailed on request.

## THE WOMAN'S TOGGERY

WOMAN'S WEAR, MILLINERY, TOILET ARTICLES

MARFA, TEXAS

### SPECIAL ATTENTION LADIES:

I have gone to market to buy goods, and as the cash counts now, I expect to bring back some real values in Hats, Ready-to-Wear Dress Goods, etc.

My stock will be all new and my prices will be made to make things move quick.

Every thing will come by express and will be open for your inspection about October 1st, at my residence.

Yours Truly,

Mrs. Leonard Lockley.
