#### Thanksgiving Proclamation

"The season has come when, alike in pursuance of a devout people's time honored custom and in grateful recognition of favoring national fortunes, it is proper that the president should summon the nation to a day of devotion of thanksgiving for blessings bestowed and of prayers for guidance in modes of life, that may deserve continuance of divine favor.

"Foremost among our blessings is the return of peace and the approach of normal ways again. The year has brought us again into re-

of amity with all nations after a long period of struggle and turbulence. In thankfulness, therefore, we may well unite in the hope that Providence will vouchsafe approval to the things we have done. the aims which have guided us, the aspirations which have inspired us. We shall be prospered as we shall deserve prosperity, seeking not alone for the material thing, but for those of the spirit as well, earnestly trying to help others, asking before all ese, the privilege of service. As we render thanks anew for the exaltation which came to us we may fittingly petition that moderation and wisdom shall be granted to rest upon all who are in authority in the tasks they must discharge. Their hands will be steadied, 'their' purposes strengthened, in answer to our pray-

"Ours has been a favored nation in the bounty which God has bestowed upon it. The great trial of humanity though indeed we bore our part as we are able, left us comparatively little scared. It is for us to recognize that we have been thus favored and when we gather at our altars to offer up thanks we will do well to pledge, in humiity and all sincerity, our purpose to prove deserving. We have been raised up and preserved in national power and consequence as part of a plan whose wisdom we cannot question. Thus believeing, we can do no less been hold our nation the will ing instrument of the Providence which has so wonderfully favored us. Opportunity for very great service awaits us if we shall prove equal to it. Let our prayers for direction in the right paths. (Under God our responsibility is great; to our own first, to all men afterward; to all mankind in God's own justice.

"Now, therefore I, Warren G. Harding, President of the United State, hereby designate Thursday the 24th day of November, to be observed by the people as a day of thanksgiving, devotion and prayer, urging that at their hearthsides and their altars they will give thanks for all that has been rendered unto them, and will pray for a continuance of the divine fortune, which has been showered so generously upon this nation.

### The NEW EDISON

CHAMBERS

OF

SURROGATE'S COURT

BROOKLYN. N. Y.

June 2nd 1921

General Wingate

commanded the 52nd Field Artillery in France. As Judge Wingate, he is now Surrogate of Brooklyn. Mr. Thomas A. Edison,

Orange, New Jersey.

Dear Mr. Edison :

I want to tell you how highly impressed

I was by the realism which the New Edison showed in the

comparison test which was given before the Reville Post

of the American Legion.

Miss Clark's recreated voice were the same as the quality.

tone and humanness of Miss Clark's living voice. With my

eyes shut, I could not tell one from the other. The same

is also true when Mr. Young played in comparison with a

Re-Creation of his own piano-playing. -- and when Mr.

Philips sang in comparison with the Re-Creation of his

own voice.

Very truly yours.

George allus Termgati -

Helen Clark
Making the Test

The test General Wingate heard was made May 25th, 1921, in the 2nd Field Artillery Armory, Brooklyn, before Reville Post No. 127, American Legion, and its friends. Miss Clark, it will be noted, stood right beside the New Edison while making the comparison.

### "With my eyes shut, I could not tell one from the other."

## Before You Buy, Hear the Phonograph That Had General Wingate Guessing!—Compare!

CERTAINLY,—you have never denied this:

That the ideal phonograph is the one whose reproduction of music can not be told from the original music.

Your reason, however, has probably insisted—
that so perfect a phonograph can

—that so perfect a phonograph can never be.

General Wingate tells you it can be—and IS! Read his letter.

Last month, Bamboschek told you the same thing:

—and he is principal conductor at the Metropolitan Opera House.

America's magazines and newspapers have printed numerous articles by leading musicians and music-critics —and they also said what General Wingate has said.

The proof of the New Edison's

perfect realism is in black on white.

We can show it to you,—and will.
Whether all this convinces you or

not, doesn't it suggest something?

Doesn't it suggest that you are

Doesn't it suggest that you are overlooking the newest, most interesting and most significant development in phonographs—unless you hear the marvelous New Edison yourself?

-Unless you compare.

-Unless you try the phonograph that does sustain the comparison-test against those which do not.

Why not make sure that your Christmas phonograph is the phonograph which will bring your family music's highest pleasures and benefits?

Come in and hear the comparisons we've arranged.

Please come—any time.
