MARFA GIRLS TAKE OFF HONORS IN DISTRICT MEET

El Paso Goes Down In Defeat Before Their Determined Game.

Thursday afternoon in a wind that made Tennis almost impossible, Annie McCracken and Evelyn Raetzsch, wrote their names in the "Big Book" of the Marfa High school, when they defeated the Girls Double Tennis Team of the El Paso High school.

The road to victory was not a path of roses in this hotly contested match, but you could see the fires of determination burning brightly in the eyes of the Marfa girls, and like the French Soldiers at Verdun, "They Shall Not Pass", the Marfa girls said, "They Shall Not Win". There were times in this match when it was anybody's match, but determination always goes a long way.

The El Paso girls took the first set by a large margin, but the Marfa girls came back and won the second set, thereby putting them on an even basis with the El Paso girls.

The last set was one of agony for the Marfa Routers, but they were repaid with victory. The score of the last set was 12-10 for Marfa.

The El Paso girls were not amateurs, in fact we think that either one of them would make Helen Willis get down and dig.

This is written Friday night and we have not been able to obtain but just a few of the results.

BOYS SINGLES—El Paso, 1st. Alpine, 2nd. GIRLS DOUBLES—Marfa, 1st. Pecos, 2nd.

CHAUTAUQUA GUARANTORS

On Thursday Mrs. J. G. Matthews the Ellison-White organizer visited Marfa to meet with the guarantors of the Chautauqua. At the meeting held at the community house a number of the guarantors being present Mrs. Matthews made an interesting and instructive talk stressing the necessity of perfecting an organization among the guarantors, so that the Chautauqua "would go over in the usual Marfa style."

Executive Committee. T. C. Mitchell, President, Mrs. Lillian Bailey, Vice-President, Forest Jordan, Secretary, Ben S. Avant, Treasurer.

Publicity Committee. Mrs. L. Bailey, Chairman, Mrs. H. H. Kilpatrick, Edwin Moss Williams, M. A. Buhler, Committee On Grounds, J. W. Howell, J. E. Gregg.

PROMINENT OIL MEN VISIT IN OUR CITY

This week a number of oil operators were visitors to Marfa. Among them were: Col. C. H. Boyles, of Amarillo, Texas, and B. Howard Bently of Los Angeles, Cal. These gentlemen are interested in Pinto Canon and were en route there to inspect the lands on which preparation is now being made to spud in a test well. Prof. Wm. Clement Loanard, a noted Geographical Research Corporation of Amarillo, Texas.

Mr. C. R. Norman, manager of the local branch of the Central Power and Light Company, left Friday morning for Crystal City, to attend a school of instruction, which the company holds once a year. Mr. Norman was accompanied by his wife and Mrs. W. T. Hirth. They were joined at Alpine by Mr. and Mrs. D. C. Littleton. Mr. Littleton has charge as manager of the Light plant at Alpine.

PUTTING MARFA ON THE MAP

At the regular monthly meeting of The Marfa Civic League was made legally complete a most important project. The signing of a contract with the White and Brown Lyceum Agency to furnish the following talent for one date each for the season 1927-28:

- 1. Three Wise Fools, play..
2. Artells Dickson Concert Company.
3. The Kingsberg Company.
4. Halwood Robert Manlove..
5. George Emerson Francis.

The White and Brown Lyceum Advance Agent is a young lady of charmingly attractive personality. The movement was delightfully launched by her to place these five numbers for Marfa's educational uplift, and the question was profoundly and ably discussed by members present.

Mrs. L. C. Brite as we realize, is most wonderfully endowed with that Godly-Given Spirit of Membership, "Unselfishness" and reflects that spirit for the welfare and betterment of the community has highly endorsed with her accurate technical business methods, this Lyceum project. Also favoring this great opportunity were: Mesdames, Yates, K. C. Miller, Arthur Mitchell, Snyder, Shields, and Bunton.

MARFA WINS SECOND GAME FROM ALPINE

Marfa Rallies in Sixth To Win From Alpine By 6-3 Score.

On last Sunday afternoon the Marfa Base ball team motored over to Alpine and matched bats with the Alpine ball team, and as usual walked off with the honors. The game resulted as follows.

Table with columns: MARFA, AB, R, H, A, E. Rows: Shannon, Howard, Bratcher, Wall, Howard, Arthur, Kilpatrick, Bailey, Lujan.

Table with columns: ALPINE, AB, R, H, A, E. Rows: Bingham, Bozarth, Alfrod, Nunnally, Dowler, Reed, Young, Youngblood, Weekly, Martin.

Score by Innings: Marfa: 000 203 100; Alpine: 200 001 000

METHODIST HOLD REVIVAL. The revival service which commenced last week at the First Methodist, conducted by the presiding elder of this district, have been continuing through the week.

WEST TEXANS RUSH AID TO STRICKEN TOWN OF ROCK SPRINGS, TEXAS

PRESIDIO COUNTY R. C. SENDS QUOTA

KERRVILLE, Tex., April 12.—Meager reports obtainable here at 10 p. m., said 125 people were killed at Rock Springs, when a tornado struck the town shortly after dark. Mayor J. N. Lockley of the stricken town in a message appealing for aid said not over four houses were standing at Rock Springs.

In his call for aid Mayor Lockley asked that Uvalde, Del Rio and other neighboring towns be notified to send help with all haste possible.

ROCK SPRINGS, Tex., April 12.—More than 50 bodies had been recovered from the ruins of this town at midnight, and dead and injured were still being brought in. The death list is problematic, but it is conservatively placed at from 150 to several hundred.

The storm, a tornado, struck shortly before 9 o'clock, and left only four or five buildings in the town. A call for aid has been made in San Antonio, Junction, Kerrville, Del Rio, Uvalde and other towns.

The telephone office, the only means of communication, was destroyed. This message is being sent over the telephone from a phone fastened to a telephone pole one mile from Rock Springs. The operator is being constantly shocked by lightning due to its proximity and the soiled condition of the ground.

Soldiers from Bracketville, with army water tanks, have been requested, as the town's water works was destroyed, and immediate need for fresh water is felt.

A tremendous amount of hail and rain fell. The telephone operator says she must desert her post because of the deluge of rain now falling. The phone is in the open, there being no shelter at all from the soaking rain. In the pitch darkness, broken only by vivid flashes of lightning, work-

ers tonight are toiling in the rain to recover the dead buried in the ruin of Rock Springs. Outstanding among the acts of heroism and devotion to duty is that of Mrs. Jack Rote, who took up the work of telephone operator after the telephone office had been wrecked. She has been stationed, unprotected in the open one mile from town, where a phone was nailed to a post, and while her life was constantly endangered by lightning, and she is being continuously shocked. She sent out word of the disaster by putting through calls for doctors and nurses. The soaked condition of the ground and the telephone post, caused lightning to shock her severely, but she remained at her task until a deluge of rain forced her to seek shelter for a time. Rock Springs, has a population of approximately 800 persons and is located in the heart of the sheep and cattle country of Texas. No information was available as to damage done outside of the city. Rock Springs is the county seat of Edwards county, which no railroad traverses. It is situated on one of the highest points of the Edwards plateau in a picturesque country. A range of mountains on the south emerges into the plateau. The population is estimated at less than 1,000. The surrounding territory is devoted

MURPHY-WALKER COMPANY

NEW OIL TOWN

WINK, TEXAS, April 14.—The bringing in of the Gulf well in Winkler County a few days ago has opened up a major field in West Texas. The original well in this field was the Westbrook well, which came in for about two hundred twenty barrels, has gradually increased and is now reported at over 450 barrels. The Gulf well came in at 72 barrels from the top of the sand and is now reported as good as five thousand barrels a day. Oil men estimate that this well, if drilled deeper would probably be the largest well in Texas.

Winkler County, which a few months ago was a waste, is now to be the scene of the greatest activity. Oil which has built empires, is attracting investors from far and wide.

There are now twelve derricks up and much material and equipment is being rushed to the field.

The Southern Crude Oil Company has erected a modern camp about two miles southwest of the field, and in is now erecting a battery of fifty-five thousand barrel tanks. A pipe line is being hurriedly constructed from the tank farm to the P. & P. Railway, some eighteen miles south.

The new town of Wink is the sensation of the Winkler County field. Wink is located about a mile and a half south of the oil field, and is becoming one of the main centers and Crude camp. A number of business houses have been erected and many more planned for immediate construction. A post office is to be established. A water well has been drilled, and streets graded. The Texas Power & Light Company have poles on the main streets and soon Wink will be winking and blinking with electric lights. Wink is keeping pace with the rapid development of Winkler County.

The town of Borger grew from a wide place in the road to a town of ten thousand people in three months. Many predict that Wink will duplicate the record of Borger.

ACUTE APPENDICITIS

Will Colquitt was stricken with an attack of Acute Appendicitis and was taken to El Paso Thursday evening, for an operation. He was accompanied by his wife and Milton Gillett.

LATER: This morning as we go to press Mr. Bounds received a telegram from Mrs. Colquitt stating that Mr. Colquitt was successfully operated on immediately after reaching El Paso, and that today he is doing well.

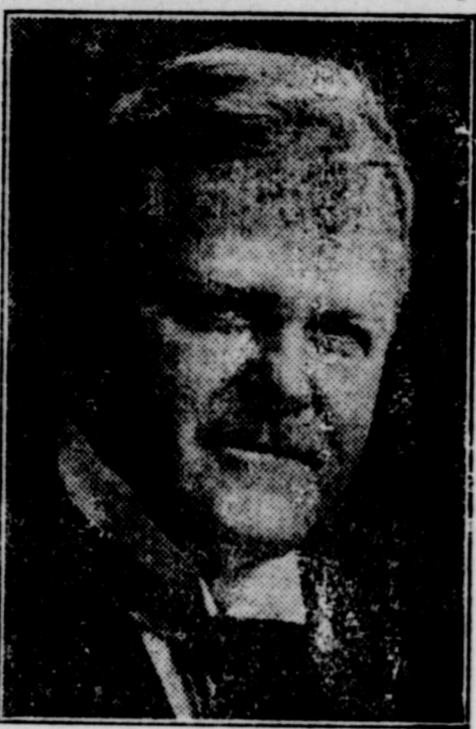

METROPOLITAN PREACHER IS IRISH WIT.

Dr. Alexander Cairns Speaks at Chautauqua.

"The Goose That Lays the Golden Egg" is the title of the sparkling address to be given at Chautauqua by one of the most popular metropolitan preachers of the United States. Dr. Alexander Cairns is the pastor of one of the greatest churches in America. The building in which he preaches every Sunday in Newark, New Jersey is the finest piece of pure Gothic architecture in America.

Dr. Cairns is an unusual man in every way. To begin with, he is an Irishman with a well-developed native Irish wit which bubbles and bursts forth in everything he does. It shows to particularly good advantage on the platform where he speaks with a Niagara Falls-like deluge of oratory, and as one of his hearers put it, tickles everybody "from two to toothless."

The Ellison-White Circuit, on which Dr. Cairns is to appear, makes a habit of securing out-of-the-ordinary attractions. Dr. Cairns is not the common type of Chautauqua lecturer. He taught four years in Japan in his earlier years and then became a college professor in America. He is a poet and preacher as well as a teacher and speaker. He has memorized three

hundred and seventy-five poems, which he weaves into his addresses, and has been in demand all over the East as a popular speaker at banquets, conventions, business men's gatherings and great church laymen's organizations.

In addition to his eloquent oratory, Dr. Cairns is a clever and forceful writer. He writes a column "Right Angles" which is syndicated to scores of the country's leading newspapers and read every day by millions of people.

We have the finest beef the market affords, Corn fed. Fresh cures Hams, and Breakfast Bacon.

CITY MEAT MARKET, Phone 230

BAPTIST CHURCH NOTES

Superintendent and Mrs. Fred Gray of Shafter entertained Mrs. T. S. Moore and Carver, Rev. and Mrs. S. F. Marsh and Miss Hilda at dinner Sunday evening. After dinner a service attended by almost the entire American population of Shafter was held in the public school building.

Mrs. Carl substituted for Mrs. Fuller last Sunday morning, and Mr. Marsh substituted for Mrs. McCracken.

Sunday morning we will have special music appropriate to the resurrection season. There will be no preaching Sunday evening.

Brother Glascock reports having seen brother Millican at Valentine Sunday where he preached with two broken ribs. This injury was sustained when his card overturned somewhere down the country. Brother Millican was very glad that he was alone at the time of the accident as he might have killed anyone who had been with

CHRISTIAN CHURCH NOTES

There was a good and interesting crowd at the morning worship last Sunday. Several went with the minister to Alpine for a service at the evening hour. A large crowd welcomed us and we had a splendid service together. There is a fine group of people in Alpine.

Next Sunday should be a great day for the Christian people and all who love the Christ and the power of His Kingdom.

We will have special Easter music, and sermon for the morning hour, but no service at the evening hour on account of the Methodist revival.

Let's make this a great Easter for our experience.

M. A. Buhler, Pastor.

him, and he thought he might have his fractured ribs attended to when he got to El Paso. So much for being young and aggressive.

SPECIAL EASTER SERVICES

Special Easter services will be held at the Marfa Presbyterian church Sunday morning at eleven o'clock. The sermon will be given by Dr. R. L. Irving, pastor.

MARFA TAKES 63 POINTS IN DISTRICT MEET AT ALPINE

The following are some of the winners at the District meet held at Alpine:

Studebaker Big Six

now outsells the *combined* total of *all* the other cars in the *world* of equal or greater rated horsepower

THE COMMANDER—with Big Six performance heightened—with One-Price prices lowered—is smashing records right and left.

It is smashing records of speed, records of hill climbing, records of sales.

No sedan with horsepower equal to that of the Big Six, according to the ratings of the Society of Automotive Engineers and of the National Automobile Chamber of Commerce, sells for less than \$4000. To get Big Six power you must pay more than double Big Six prices.

As a result of this big value in power, the Big Six has outsold all these other high-powered cars—eights as well as sixes. Today, as a result of the astounding performance of the new Commander

models, sales of the Big Six are far in excess of the combined totals of all other cars (those manufactured in the United States and also those built abroad), which equal it in rated horsepower.

Command a Commander

No words, but only your own hand on the steering wheel, your own foot on the throttle, can tell you why men are trading in cars that cost twice as much, to secure the superior power and performance of The Commander.

Phone us and we will give you an opportunity to drive The Commander yourself—to appreciate why it has been called "the greatest post-war engineering feat"—why Studebaker salesmen have nicknamed it "the Ball of Fire."

The Erskine Six is now on display. This Little Aristocrat offers a new standard of comfort, performance and economy at its price. See it in our showroom.

Artists of Ability Coming With French Marionettes

Will Appear in Alpine On May 12th.

It is always difficult for an audience to conceive the amount of ability, patience, and back-breaking work that the artists who handle marionettes have to go through. These artists are combed from the leading studios of the country, promising singers, and instrumentalists who have taken a fancy to puppets.

Since such celebrities as Gorgon Craig, Maurice Maeterlinck, George Sand, and many others saw fit to give their genius to the puppet theatre, it is not surprising that the Marionettes should attract hordes of artistic temperament.

The training of the individual for the work takes at least six months of the most severe kinds of labor, both in the vocal interpretations and the handling of each puppet. The onlooker does not realize the difficulties attendant upon each production where each puppet is balanced differently, requiring totally different technique than its predecessor. The art of being able to concentrate on dialogue and the movement of the puppet at the same time is the most difficult imaginable.

In Jean Gros' French Marionette's Company will be found artists who can sing, play instruments, and make a puppet so natural that the audiences will gasp at the reality of it all.

At the afternoon performance the Marionettes are to present "The Adventures of Huck Finn" from the famous book by Mark Twain. This play is in seven scenes and contains every trick that Marionettes can possibly do—over sixty lifelike figures will appear in settings more beautiful than formed on the regular stage. This production is highly delightful both to adults and the younger generation. The evening performance will be "Midsummer Night's Dream" with music from Mendelssohn's composition.

NOTICE—Marcel, 75c. Retrace 25c. Ann Davis, Phone 290.

TO THE OLD-TIME COWBOY.

I Noticed a certain fellow
As I walked the streets today
His face was tanned by the
Western Sun
And his hair was turning gray.

I felt like I'd found an old friend,
Though the man to me was
strange.
But he was typical of that fearless
type,
"The old-time cowboy of the range."

I stood on that street and pondered
Long after he'd turned away.
For I shall never forget that Texan
As he stood on the street that day.

He was typical of those true hearts
and brave,
The fearless pioneers
Who blazed the trails, during Indian
days,
With great herds of long-horned
steers.

Progress pushes and time rolls on-
ward,
And things change in appearance
and ways,
We see fewer of those sun-tanned
men,
Those heroes of the "early days."

The Nation should never forget
them,
Those men so tried and true,
Who wrestled the West from a
Wilderness
And bequeathed it to me and to you.
—R. L. Brothers Jr., in the Cattle-
man.

MRS. T. M. WILSON RETIRES AS PRESIDENT OF P. T. A.

After three years of efficient service as president of the Parent Teachers Association, Mrs. T. M. Wilson, announced at the closing session of the past year that she was not a candidate for re-election. That her work has been appreciated was indicated by the hearty vote of thanks and confidence that she was given by the body Mrs. Wilson will continue to take an active interest in the work of the Association.

Officers elected for the ensuing year are: President, Mrs. R. S. McCracken; 1st Vice-President, Mrs. Wheeler; 2nd Vice-President, Mrs. Jno. Humphris; 3rd Vice-President, Mrs. W. H. Colquit; Secretary, Mrs. McKie Mitchell; Treasurer, Mrs. J. J. Franklin.

Led by the indefatigable membership committee, Msdames Colquitt and Brown, the school is almost 100 per cent P.T.A., i. e., every child in school is represented by a parent or some other person in the membership of the P.T.A. That this has been a good year is indicated by the fact that at the final session the treasurer reported \$150.00 on hand though the expenditures have been heavy for several months. The interest also was maintained to the last as 30 members were present.

Preceding the business session a program of European and Colonial folk dances was put on by Miss Nell Wilson's class. They were assisted by Misses Willie Jo Darracott and Annie McCracken who rendered several violin selections.

CITATION IN PARTITION AND DISTRIBUTION

THE STATE OF TEXAS,
To the Sheriff or any Constable of Presidio County, Greeting:

Whereas, on the 18th day of March A. D. 1927, Carlos Herrera Jr., Executor of the Estate of Carlos Herrera, Sr., Deceased, filed in the County Court of Presidio County, Texas application for the Partition and Distribution of said Estate, and alleging that Carlos Herrera, Jr., Sesario Herrera, Jose Herrera, Florentine Herrera, Lucas Herrera, Juana Herrera Rivera, Maria Herrera Rivera, Raquel Herrera Ter-cero, Concha Herrera Vasquez, El-auderia Herrera Hernandez, Tomasa Herrera Rodriguez, Reyes Herrera, Eduardo Herrera, Enrique Herrera, Margarita Herrera, Maria Herrera, Alfredo Herrera, Alberto Herrera, Silberio Hernandez, Tomas Hernandez, and Teresita Hernandez, are entitled to a share of said Estate:

Therefore, you are hereby com-manded to summon and require the said above named persons, and all persons interested in said Estate, to be and appear before said County Court at the next term thereof, or said term of the Court House of Presidio County, in Marfa, Texas, on the 1st Monday in June A. D. 1927, then and there to show cause why such Partition and Distribution should not be made.

Herein Fail Not, but have you then and there before said Court on the said first day of the next regu-lar term thereof, this writ, with your return hereon, showing how you have executed the same.

Witness, J. H. Fortner Clerk of the County Court of Presidio County. Given Under My Hand and seal of said Court, at my office in Marfa, Texas this the 21st day of March A. D. 1927.

Issued March 21st, 1927.
J. H. FORTNER,
Clerk County Court Presidio County

Mr. and Mrs. H. O. Metcalfe, and family, were visitors in El Paso this week, the guests of Mr. and Mrs. N. L. Casner. While in El Paso Mr. Metcalfe attended the Annual meeting of the El Paso Presbytery, as representative from the Marfa Presbyterian church.

NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS

No. 1089

Notice is hereby given, to whom concerned, that C. L. Thomas, the postoffice address of whom is Marfa, Texas, did on the 30th day of March A. D. 1927, file his application in the office of the Board of Water Engineers for the State of Texas, in which he applies for a permit to appropriate of the unappropriated waters of the State of Texas, from the Alami-to creek, a tributary of the Rio Grande in Presidio County, Texas, sufficient water for irrigation purposes, to be diverted by means of a diversion dam, the headgate to be located at a point which bears N. 68-20 W. 253 varas from the N. W. corner of Survey No. 311, Block No. 8, G. H. & S. A. Ry. Co., on the left bank of the Alamito Creek, in Presidio County, Texas, and is distant in a southeasterly direction from Marfa, Texas, about twenty-three (23) miles.

You are hereby further notified that the said C. L. Thomas proposes to construct a diversion dam, said dam to be two (2) feet high, and one hundred (100) feet in length, the head gate to be four feet wide, one foot head, capacity about eight second

feet and to divert therewith sufficient water for the irrigation of not to exceed 16.2 acres of land in Presidio County, Texas, fully described in said application.

A hearing on the application of the said C. L. Thomas will be held by the board of water Engineers for the State of Texas, in the office of the Board at Austin, Texas, on Tuesday, May 31st, A. D. 1927, beginning at ten o'clock a. m., at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board, at Austin, Texas, this the 31st day of March, A. D. 1927.

John A. Norris,
C. S. Clark,
A. H. Dunlap

Board of Water Engineers.
Attest:
A. N. McDonald, Secretary.
