MURDER SUSPECT TO BE RETURNED TO MINEOLA

WORKED IN RESTAURANT HERE, NOW IN AMARILLO JAIL—MURDERED UNCLE

Three sheriffs of the Plains—J. C. Terry of Hale county, Porter of Swisher county and Roach of Amarillo—had an interesting experience with a suspected murderer last week, and he is now in the Amarillo jail and will be returned to Mineola, to face charges of having been accessory to the murder of an uncle in 1917.

The party's name is Claude Blackburn, and he worked at the Crystal cafe in Plainview for about a week. Sheriff Terry received a message Saturday telling him to look up and arrest Blackburn, and saying that an uncle here might be harboring him. Mr. Terry got trace of him but he had left on the northbound train but a few minutes before. Sheriff Porter of Tulsa was called up and searched the train when it reached there, but could not identify the man, but in Amarillo he followed the man he thought was wanted and Sheriff Roach arrested him. He was identified as Blackburn and jailed.

Sheriff Terry tells us he will be returned to Mineola. It seems that he is not the murderer, but an accessory to the murder of his uncle, Bethel Blackburn.

CONTRACT LET FOR GIN IN PLAINVIEW

L. D. Harrison Will Begin Construction in a Few Days—Machinery Bought

The contract for the construction of a modern cotton gin in Plainview was awarded to L. D. Harrison last week by the stock company which was recently formed. Mr. Harrison will begin assembling material for the building at once, and begin actual construction as soon as possible in order to have the plant ready to handle the crop when it begins to come in next fall.

The building will be of corrugated iron with a base of re-inforced concrete, and the gin house, machinery, etc. will be modern in every way.

Doubts if Special Road Tax Should Be Voted Saturday

An election will be held tomorrow in Plainview commissioners' precinct to vote on a special road tax of 15c.

Mr. E. H. Perry, manager of the Ozarks Trails Scenic Route, and who takes a very active part in road matters, doubts if it would be best to vote this special tax.

He says it would bring a revenue of about \$7,500 a year into the fund, which would support a bond issue of \$70,000 and if such a bond issue was made state and federal funds to that amount could be secured, which would give \$140,000. This would go a long way toward building hard-surfaced roads in the precinct and connecting up with the Bankhead highway. He thinks the special tax, if voted, would block the issuance of bonds to take advantage of the \$200,000 already promised Hale county by the state highway commission.

W. E. PATTY RE-ELECTED SUPERINTENDENT SCHOOLS

WILLIAMS, PRESIDENT BOARD; BAIRD, VICE; SANDER, SECRETARY

The newly elected board of trustees of Plainview public school has met and organized and re-elected Prof. W. E. Patty as superintendent of the schools for another year. Prof. Patty has been at the head of the schools for the past year, and is doing good work.

Saturday the annual election of trustees took place, and practically no interest was taken, only thirty-five votes being polled. W. B. Martine was re-elected, this being his sixth term; and R. W. Brahan, Claude S. Power and M. J. Baird were elected as new members of the board.

Th board organized by re-electing C. S. Williams as chairman, M. J. Baird as vice chairman and J. F. Sander as secretary. Mr Sander has been secretary of the board for possibly ten years, except for a while when he was in Florida.

Teachers for the schools will be elected some time next month.

DO YOU ENDORSE THIS?

Viewing the whole thing, taken from top to bottom, not one single achievement of the entire Democratic administration meets with my approval.—Extract from the Wichita Falls speech of Joseph Weldon Bailey as it appeared in the Wichita Falls News-Tribune.

The campaign song of the Baileyites should be "How Dry I Am."

Texas democrats favor the league of nations. The May 1st primary will show this to be a fact.

Tuesday was the third anniversary of the declaration of war by the United States against Germany.

Each of the defeated candidates are explaining how it happened. The chief reason, it seems to us, is, the other fellow got the most votes.

R. B. Haynes, who has been editor and publisher of the Tahoka News for more than two years, has bought the business from J. L. Dow of the Lubbock Avalanche.

The editor of the News nearly had a fight with a Bailey man and a Ferguson man Wednesday. We said Bailey and Ferguson were about of a Whatness—and both supporters got mad.

The trouble with most of the supporters of Bailey is, they have lost their liquor. They have lost their personal liberty, their individual rights—and almost their faith and hope. Take some men's liquor away, and you had as well take their life.

Over at Farwell the women of the school district got out a trustees ticket of four women, went to the polls and elected them all, defeating all the men. The election was a red-hot one, and the women dejected like veterans. Hurrah for the women!

All men are not created equal, although the Declaration of Independence proclaims such to be the case. That is an absurd statement. It is true that all men are equally entitled to enjoy their rights. Democracy is one form of social organization that includes all men and is not class rule.

Editor Guy Scott of the Hale Center Record is not a jelly-fish. He isn't afraid to take sides for the right, for fear of losing business, as is the case with some Plains newspapers. He is fighting Joe Bailey just as he fought Jim Ferguson. He is for the right, and don't care who knows it. Bully for Editor Scott.

It now seems that Senator Hiram Johnson of California, and Gen. Leonard Wood are the leading candidates for the republican presidential nomination. While Johnson is far from measuring up to presidential timber, he is decidedly superior to Wood, who to our notion is about the biggest piece of camouflage in the nation.

Say what you please, the U. S. Senate made a jass-onkey out of itself when it adopted the resolution asking that Great Britain give Ireland freedom. What a roar would go up if parliament should demand that Uncle Sam give the Philippines or Porto Rico independence. It makes a lot of difference whose ox is being gored, you know. Politics is a great game—it is also very hypocritical.

In his Garland speech Bailey made this ridiculous and almost blasphemous statement: "If I have too choose between being a Christian and a free man I am going to be a free man, and so is most every other man who deserves to be free." The fact is, is any man who is not a Christian really a free man? The Savior Himself declared "Ye shall know the truth, and the truth shall make ye free." Has Bailey been a free man? Does not the record of his dealings with D. R. Francis, H. Clay Pierce, Standard Oil Co., John H. Kirby et al prove that he was their servant. Does he not acknowledge that right now he is in the employ of "the Association Opposed to the Enforcement of Prohibition"? This association is unquestionably composed principally of and financed by the liquor and beer dealers. No, Bailey is not a free man he is ordered to do this and that by vicious elements.

Looking back over the matter, we can now see that President Wilson, before attending the peace council in Paris, should have asked the senate to appoint a non-partizan commission of its members to go with him to Paris and advise with him during the council. You know "senatorial dignity" is a big thing in the minds of the senators—and doubtless a goodly part of the opposition to the peace treaty and league of nations was caused by this seemingly slight of the senate. No matter how great men become, most of them are narrow and small in some qualities, and most senators "feel their oats" when it comes to dignity. The senators insist on being looked up to, just as a second-lieutenant insists on being saluted.

LET THE PEOPLE RULE

Five hundred and fifty votes were polled in Tuesday's city election. This was almost 100 per cent of the voters of the town.

Of these 357 voted for the charter, and 100 against it. That was conclusive, and proved that nearly four to one want the charter.

For the board of city development 274 voted in the affirmative and 174 in the negative, and 103 did not care enough about the matter to vote either way. However, the 100 majority is indicative that the people believe it best to have a commercial organization supported by taxes.

The auto tax proposition pulled through with a majority of only nine, but the people did not understand this matter or there would have been little opposition.

Chas. F. Vincent was re-elected mayor by a plurality of 85 over his nearest opponent; Chas Wilson was elected by a plurality of 87 over the next man; George Saigling won over his opponent by 23 votes; Aldermen E. H. Humphreys, J. M. Waller and J. M. Malone were re-elected without opposition.

The people have spoken and the people shall rule. The city charter carried by such a decided majority that nobody should think of contesting it, even though there might be a flaw found in it. Plainview needs the new charter, because it cannot afford to return to the old town charter.

The News contended that the board of city development plan was a bad precedent in taxing people to keep up a commercial organization. The News still believes this way, but as the people want it the News bows to their will, and will do all in its power to make such organization a success. We believe in trying it out, and if it is found to be a bad thing we will make a fight to repeal it, just as we will make a fight to repeal any other section of the charter we do not believe after trial to be right.

IN A MINOR STRAIN

Why is it that a man will pass up the advice of a life-long friend and listen to a perfect stranger?

There are a lot of girls who won't be flattered. But they are all under three years of age.

A bride is led to the altar about the same way a driver leads the horse that is running away with him.

Home is a place where mother caters to the children first, her husband second and herself last.

Many a married woman who expected a new fur coat last winter had to be satisfied with a new gingham apron.

Take a good look at some of the things women marry and you will agree that love is blind.

An old maid never gets so pessimistic and hopeless that she will take a chance and eat raw onions.

We are even-minded and charitable, and all that, but there are two or three men in Plainview whom we feel like shying a rock at every time we see them.

It used to be quite a distinction to be a corner loafer in Plainview, but now there are so many loafing that it has become rather common.

Poor old political crippled Poindexter; he is out over the state making speeches for Bailey. He has been defeated for office so many times that the people of his home county have lost count.

It now seems likely that Europe will again engage in a great war, and the erstwhile allies will fight among themselves over war settlements. This country should, if the blamed fools, do get into a war, not let any of them have a pound of food, a dollar of money, no arms, ammunition, or anything else, and have nothing whatever to do with them. Those European peoples are a bad lot; they are selfish, narrow, blood-thirsty, prejudiced, ungrateful, and have seemingly learned but little from the great war.

The Pampa News tells of a Holstein cow in its town that gives twelve gallons of milk a day. The Childress Index and the Canadian Record ask if the owner feed her Alfalfa tea. While we have not made an investigation of the matter, we understand that he does and that is the secret of her tremendous lactal productions. Fellows, Alf-alf-a Tea works wonders. It is one of the great discoveries, and is destined to bless the world.

If every newspaper would do as the News, that is, throw EVERY piece of free space dope into the waste basket, and not print a single line of it, the free publicity business would soon be broken up and newspapers would get cash for such matter. There are, however, enough newspapers that use this stuff and free plates to keep the publicity agents busy at good salaries grinding it out. What fools some newspapermen be.

BAILEY'S RECORD

The Fort Worth Star-Telegram of a recent date published this story of the ex-senator "and some history."

As I supported ex-Senator J. W. Bailey in 1908 when he needed friends, and as I am today his personal friend, may I not publish a part of this public record without prejudice.

Bailey opposed Cleveland and the gold standard. Both won out.

Bailey opposed the nomination of Bryan. He was nominated.

Bailey opposed federal savings banks. We have them.

Bailey opposed parcel post. We have it.

Bailey opposed the child labor law. It was adopted.

Bailey opposed the pure food law. We passed it.

Bailey opposed the furay match bill. It is a law.

Bailey opposed free raw material. We have that.

Bailey opposed the Panama canal. Ships sail through.

Bailey opposed the federal reserve banks. They are here.

Bailey opposed the ejection of William Lorimer from the United states senate. He was cast out.

Bailey opposed the selective draft. It was adopted.

Bailey opposed our going to war with German. We went and won.

Bailey opposed the submission of the prohibition amendment. It was submitted and ratified by forty-five states.

Bailey opposed the suffrage amendment. It was submitted and will no doubt be ratified.

Bailey opposed the league of nations. It will certainly be ratified and make devastating wars impossible.

Bailey opposed the nomination of Woodrow Wilson for President. He was nominated and elected twice and today the world considers him the biggest and greatest man on earth.

Bailey opposed the nomination of Morris Sheppard. Morris Sheppard was nominated and elected at the same time the Hon. Robert Lee Henry "also tried to run."

Bailey opposed Cyclone Davis when he first entered the race for congress. Cyclone went to congress and made arecord.

Bailey favored Alton B. Barker for President. Parker got the worst beating of any man who ever ran on the Democratoc ticket.

Bailey favored Poindexter for governor. Poindexter lost.

Bailey favored Ramsey for governor. Ramsey was defeated.

Bailey favored Ball. Ball went down before Ferguson.

Bailey favored Charles H. Morris for governor. Morris got left.

At this time I cannot recall a single measure of constructive statesmanship ever favored by the senator, except he did stump the state for state prohibition in 1887 and lost the battle for us by nearly 100,000 majority.—Louis J. Wortham, editor Star-Telegram.

I forgot. Senator Bailey was an ardent advocate of the "free and unlimited coinage of both gold and silver at the present legal ratio of sixteen to one, without the aid of any other government." I am sorry to say that the senator and I lost on this for he and I both KNOW we were right then.

Judging the future by the past the attempt of the greater former senator will again fail in his effort to disrupt the old tried and true Democratic party.

This is the day of progress and reform and the people are not going to be led back into the graveyard of the dead by our big ex-senator and repudiated ex-governor.

Every loyal democrat in Hale county should resolve right now to attend the democratic precinct conventions Saturday, May 1, and vote to send nothing but true and tried democrats to other conventions. Both men and women are eligible to take part in the conventions.

If we had a silk shirt that cost \$18 we would feel like wearing it outside our trousers so people could see and admire it.

PERRY & CRAM

Real Estate

When considering the question of buying a farm, consider where values have gone all over the central states. In Iowa, Illinois, Ohio, Indiana, values have shot up to \$300 to \$600 per acre. Those farms will not bring in production a dollar more per acre than our best farms, provided the same intelligent work, and the same energy is applied to our farms. We have as good markets, as good educational facilities, as good churches, a better citizenship and a far better climate. You must reach the conclusion that it is only a matter of time until our lands will be worth as much as those of the central states. Values have never receded in Hale county, no matter what the conditions, but have steadily advanced. Our wheat crop is practically assured. The farmers who have sold out at the big prices in the central states, and hundreds from the oil fields will be coming in here this summer to buy lands. If you expect to buy, get busy and get what you want soon. Below we give a few samples of lands and homes that we have for sale. If you do not find in this list what appeals to you, get in touch with us and tell us what you want. We can supply you if any one can.

Farms and Ranches

For \$25.00 Per Acre
320 acres, unimproved, choice land, southwest of Plainview.

For \$42.50 Per Acre
160 acres in Whitfield neighborhood. 3 room house; 100 ft. of sheds; 1500 bushel granary; 100 acres in wheat.

For \$85.00 Per Acre
320 acre farm, no lakes, a perfect half-section, 280 acres in cultivation, 160 acres fine wheat, 38 acres fine oats, balance already listed and ready for planting. All well fenced, 5 room house, barn, sheds, etc. ALL CROPS AND IMMEDIATE POSSESSION. About \$16,000 cash, balance time.

For \$100.00 Per Acre
640 acre farm, east of Kress, 320 in cultivation, 280 in wheat and oats; 4 room house, 2 barns, for 7500 bushels of grain, barn, chicken house, etc; 3 or 4 acres of lake. Farm rented, get 1-3.

City Property

For \$5,500
One of the best built houses in Plainview—hard wood floors, heavy oak doors, 6 rooms and bath, cellar under whole house, fine trees and lawn, 100 ft. front.

For \$2,800
Dandy 4 room house, newly painted and papered, fine garage, 100 ft. front, yard full of fruit and shade trees.
116 W. 7th Street

For \$25.00 Per Acre
A 5,000 acre ranch, one of the best improved in all West Texas. About 15,000 acres leased land goes with ranch. Nothing better. Unimproved lands near selling at \$30 to \$35 per acre.

For \$26.50 Per Acre
160 acres, 10 miles northwest of Hale Center. A perfect quarter. SNAP.

For \$65.00 Per Acre
160 acres, 1 1-2 miles from Hale Center, good 4 room house, shed stable. Nearly all in cultivation. Mostly in wheat. Farm rented. Reasonable terms.

For \$85.00 per Acre
320 acres, 1 mile from town, 280 in cultivation, 230 in wheat. No lakes. 9 room house, large barn, stock sheds and machine sheds. Farm all fenced and cross fenced with woven wire. IMMEDIATE POSSESSION AND ALL CROPS. This is a peach.

For \$5,800
Splendid 8 room house, all new, with all conveniences, east front, 6 rooms and bath.

For \$7,500
Splendid 8 room home, close in, with all modern conveniences, fine garage, chicken houses, etc. Yard full of finest fruit.

All we have to say is, why don't those radicals who are trying to overthrow this government, go to Europe where governments are easily overthrown? Most all the republicans and socialists have nothing but kind words for Bailey and his campaign. P. B. Snyder returned yesterday morning from a trip to the Ranger oil fields. Bailey is against President Wilson for the good that he has done.

About People You Know

Miner Crawford of Silverton has announced as a candidate for sheriff and tax collector of Briscoe county. He was one of the first settlers and helped organize the county March 15, 1892. He held the office from and following the organization and again in 1912-14.

Jim Lash and Mr. Stoutag were over from Plainview Tuesday in the interest of the railroad project from here to Plainview.—Silverton Star, April 2.

Rev. I. E. Gates of San Antonio, formerly of Plainview, officiated Sunday at the laying of the cornerstone of the \$200,000 Baptist church to be erected in Wichita Falls.

Milton L. Williams, formerly with McAdams Lumber Co., here, but who has been in San Benito for several months, writes to us to change his address to Shamrock, where he has become manager of the McAdams Lumber Co.

King Washed Beggars' Feet
Madrid.—Extreme brilliance marked Holy week ceremonies at the royal palace Friday. Escorted to the palace chapel by a guard attired in gala uniforms, King Alfonso, Queen Victoria and Queen Mother Marie Christine attended mass.

Later the king washed the feet of twelve blind beggars, while the queen performed the same office for twelve beggar women, who after the sovereigns had broken bread with them, left the palace bearing baskets of food.

Asks 436 Million for Roads
Washington.—Additional appropriations of 436 million dollars to wind up federal control of railroads was asked of the house appropriations committee Monday by Swager Sherry, director of finance for the railroad administration.

Should this request be granted it would make a grand total of 1,886 million dollars that congress will have voted the railroads out of the federal treasury.

A Real Live Opportunity for Someone In and Around Plainview

The Avery Line of Motor Farming, Threshing and Road Building Machinery offers a real opportunity in the motor farming business. Tractor Farming is here. It has proven to be a money making success for those farmers who are now using motor power. Accordingly, the agency for the Avery line complete of Motor Farming Machinery, offers a real opportunity and means money to the man who is the Avery dealer in this town.

The Avery Line gives any dealer the sale of the complete line of tractors for any size farm and every kind of work, and a complete line of tractor drawn tools and tractor belt driven machinery.

This includes six sizes of tractors—8-16, 12-25, 14-28, 18-36, 25-50, and 40-80 H. P.—all built alike with the same standardized design, and two small Avery tractors, the Model "B" 4-cylinder 5-10 H. P., and the Avery 6-cylinder light weight tractor.

Light and Heavy "Self-lift" Moldboard and Disc Plows to fit every size tractor; Single and Double Row "Self-Lift" Listers; Power Operated "Self-Adjusting" Disc Harrows and Drills. Four-cylinder One-Row and Six-cylinder Two-Row Motor Cultivators; Roller Bearing Threshers in all sizes, for individual, farmer-company and custom work; Silo Fillers; Portable and Skid Motors; Disc Harrow and Drill Hitches; Fuel and Water Tanks.

All these tractor outfits are one-man outfits; all the tools are operated from the tractor platform. They are all "Power-Lift" and self-adjusting, and all tractors are coupled instantly at the edrawbar, or belted instantly to an machine.

This complete line of Motor Farming Machinery means that sooner or later someone will handle the Avery line in this community. The business is here; the opportunity was never better. Why not take on this line? You can make yourself the motor farming specialist in this territory with the Avery line. Don't wait for some one else to make you wish you had the Avery line. Write me at once and I will be glad to call on you.

Fordson Tractors are manufactured by the Ford Motor Company and sold in almost every city, town and village in every country on the globe. They are the one best bet in the tractor world today. They are light in weight, economical in every way, including price. They are worth one hundred cents on the dollar on any farm and will save many times its price to the owner the first year. We have them on many of the best farms in Hale and adjoining counties, and any owner we offer as reference.

Forty-Eight Week School Plan

Amarillo public schools will adopt the forty-eight week school plan. By this plan the school year is divided into four terms, each term to be of twelve weeks and a week's vacation. It will give the teachers continuous employment, keep the school buildings in use the whole year, permit the children to enter any term and mean greater efficiency.

The test will be watched with much interest.

HALE COUNTY NEWS

HALFWAY

April 8—Foggy, damp weather this morning. Begin to look as if that looked-for rain is coming.

Some of the men have been building a fence around the church lot this week. This will add greatly to the appearance and convenience of the church property.

Mr. and Mrs. J. W. Dye left Tuesday in their car for a trip to New Mexico.

Mrs. Wm. Barrett, who has been quite sick the past ten days is now improving.

Miss Irma Clark and Miss Minnie Bell Club spent last Saturday and Sunday with Miss Clark's parents at Westside.

Miss Almira R. McComas came home from Canyon, last Friday night, returning Sunday.

Our school has begun rehearsals for a day to be given at the close of the term.

At the election last Saturday E. F. Sevier was elected as school trustee to succeed J. E. Shropshire, whose term had expired.

Mr. J. E. Shropshire spent the first of the week with her sister, Mrs. Y. S. Harbison, in Hooper community. Mr. and Mrs. Harbison are the proud parents of a fine boy who arrived on Monday.

Our school boys played the Runningwater boys a game of base ball last Friday. The game resulted in a victory for Runningwater.

Misses Allie and Velma Hooper entertained week-end guests from Plainview.

PETERSBURG

April 8.—"Winter still lingers in the lap of Spring." We have had thick ice this week. Easter was the coldest day since January.

L. C. Claitor returned from Fort Worth and other points east Thursday. He reports higher winds down there than he ever has seen on the Plains.

Austin Phillips and Miss Beatie Cooper were married Friday. Congratulations from friends are extended.

Dude Shankle, who is now with Carter-Houston Co., in Plainview, visited his parents here Sunday. Miss Gladys Harden came over with him and visited with Miss Annie Hegi.

Edgar Boaz of Anson has been the guest in the homes of W. E. Dendy and Knox Dendy recently.

Miss Bessie Gartin was in Lockney Friday and spent a few hours very pleasantly with Judge and Mrs. Stallbird.

Al Donnelly of Amarillo, who is traveling for the Layton Pure Food Co., spent the week end here.

Roy Gartin won some of the honors Tuesday at Plainview when the athletic contest took place.

Our boys basket ball team are very proud of the victory over the Abernathy team in Plainview Saturday during the meet.

The ladies of the Methodist church are furnishing the parsonage. The box supper was quite a success \$131, being realized, which will help towards the necessary furnishings.

The young people gave the newly-weds, Mr. and Mrs. Austin Phillip a shower Monday night.

What is looking fine and the gardens are doing fairly well. Strawberries are blooming, but we fear the fruit is killed.

ANCHOR

April 7.—This community is beginning to need rain since the recent high winds have begun.

The high winds of the past two Saturdays did much damage to the wheat around these parts.

Miss Leota Vaughn and sister, Mrs. S. A. Rowe of Crosbyton, were visiting with their aunt, Mrs. S. E. Leckliter, returning home before Easter, taking with them their cousin, Edith, to be present at the wedding of Miss Leota, which took place at Lubbock March 28th.

There were quite a number of the Anchorites in Hale Center Monday.

There is quite a bit of sickness such as tonsillitis and colds reported in this community since the recent cold spells.

Mrs. S. E. Leckliter returned home from Crosbyton Friday, where she had been to spend the week visiting friends and relatives and taking a week of much needed rest. She reports wheat looking fine in that country, and a large acreage.

Our school is progressing nicely. The box supper was a success. We netted \$123.50 for which we want to thank the young men as well as the old men for their liberal help.

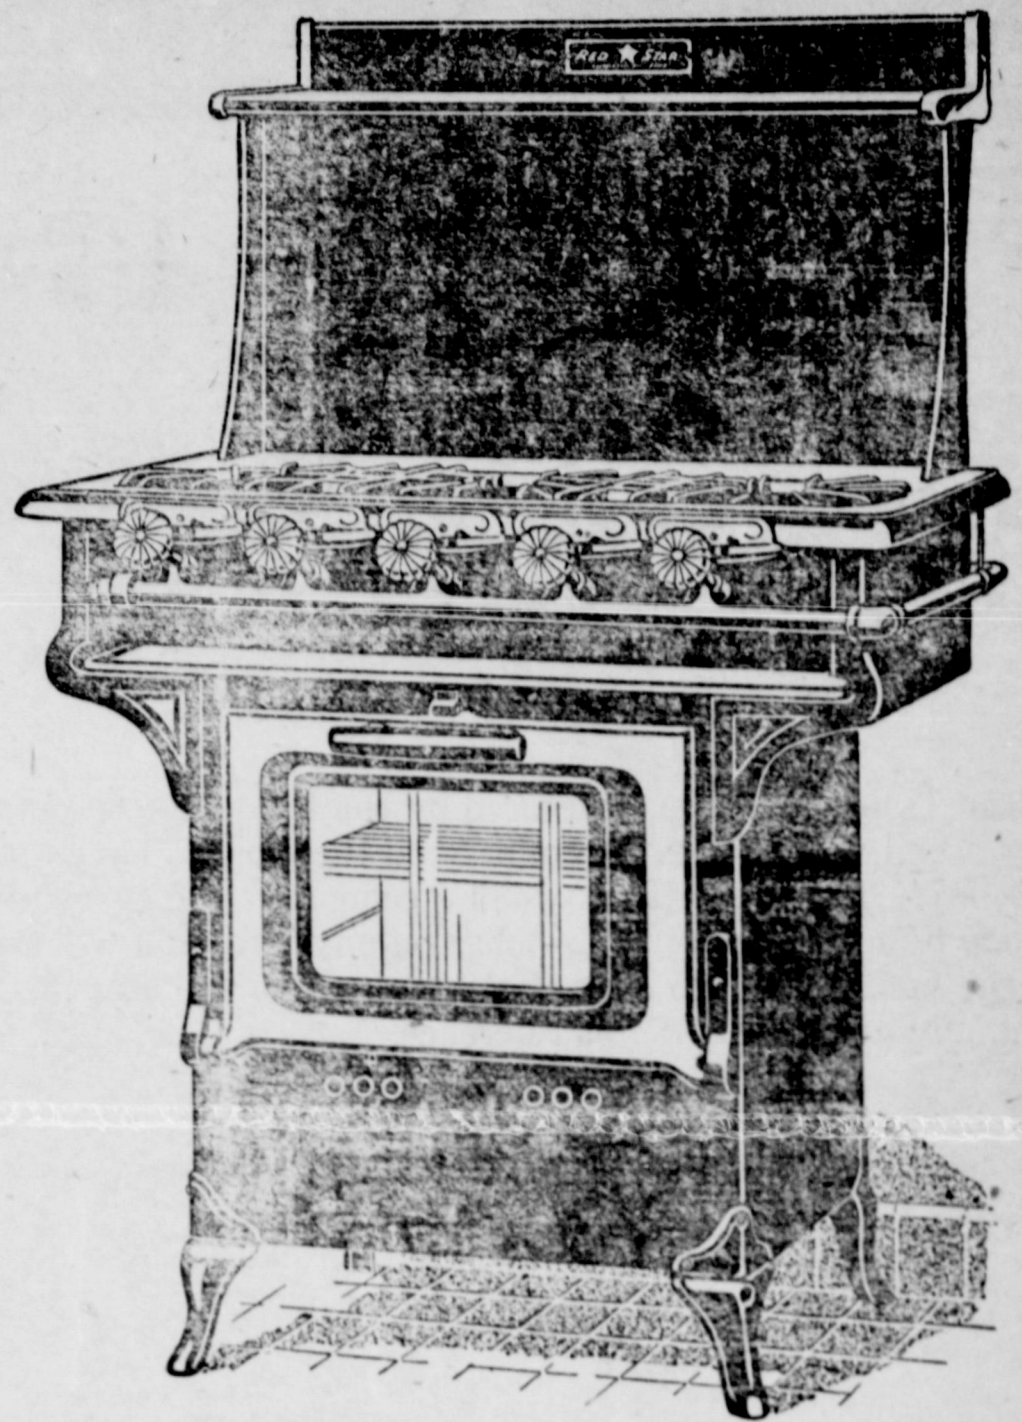

Robert H. Fort and Miss Virgie May Shackelford were quietly married last Wednesday night the home of the bride's parents.

Mr. and Mrs. M. H. Barrington have gone on a prolonged visit to relatives and friends at their old home in Williamson county.

Mr. Etitor, what has become of those oil drillers or oil talkers that were going to begin that oil prospect-

RED STAR VAPOR OIL STOVE

Works Like Gas

Is the most modern oil stove made. It produces a heat equal to a gas burner. It gives the best service, is economical, sanitary, simple to operate, its oven bakes perfectly, and the Red Star is made to last many years' hard usage. It roasts, bakes and fries—for its heat is easily regulated. The Red Star is handsome in design, and made in a number of sizes and styles. Burns kerosene, gasoline or distillate.

Wilson Seldom Walks

Washington—The decision of President Wilson to spend the summer months at Woods Hole, a Massachusetts resort, means he will not actively resume his executive duties before fall, if he ever does. He probably will go north in June.

His advisers believe it will be necessary for him to rest almost as completely as he has since his health broke down in September.

The president walks very little. Whether this is because of extreme weakness or because a paralytic stroke is feared, cannot be learned. White House attaches do not care to discuss it.

A WORLD REBUILT

*By the Golden Rule
not by the rule of Gold*

THIRTY denominations of the Church are uniting in a simultaneous campaign in the week of April 25th-May 2nd.

They are uniting because the task before the Church is too great for any one denomination; because there must be no duplication of effort; no waste.

These churches know that the world needs many things; but it needs Faith most of all.

They know that there can be no final solution of our economic problems that is not a spiritual solution, based on the teachings of Jesus Christ and His Golden Rule.

They have had the courage to survey the whole task, and to ask for a budget large enough to sustain (1) the work abroad, (2) the work at home including the church's part in the huge task of Americanization, (3) the colleges and (4) hospitals supported by the Churches, (5) the religious training of the young, and to provide (6) a living wage for the Church's ministers.

The budget is large in the aggregate; yet if each person who loves America would increase his contribution by only a few dollars the whole amount would be easily subscribed.

We face the task of rebuilding the world. Let the cornerstone be a strong and vital church in every American community; and the measuring rod by which the builders build must be the Golden Rule.

Marriage Record This Year

Washington—Approximately 1 1-4 million weddings will be celebrated in the United States during 1920, establishing a new matrimonial record for the nation, it is estimated.

On the basis of latest census bureau marriage and divorce reports, this will be an increase of approximately 209,000 weddings over 1916, when the total was 1,040,778.

PRESS COMMENT

Jess Adams of the Plainview News has abandoned his race for the Legislature and will continue to give his undivided time to editorial duties. Good men are needed in the Legislature, but in our opinion there is no more useful occupation than being publisher of a good county seat paper. Publications of that class are the backbone of the country. They are greater forces in the molding of public opinion than the big dailies.—Amarillo Tribune.

J. M. Adams, editor of the Plainview News, has withdrawn from the race which he entered for representative from this district. Mr. Adams says there are several reasons why he has withdrawn from the race but the chiefest of which is that he simply does not want the office, and believes he can do more good at home. Well, he might, but there is a need for good honest men in the legislature, and we are not acquainted with Mr. Tilson, but we were counting on Mr. Adams being elected, and "knewed" there would be something doing when he got down to the capital. We are really sorry that Mr. Adams did not run on and go to the legislature. Joe Bailey has already told his followers that it is important that the next legislature be "Baileyfield" if he does what he hopes to if elected. It is just as important, and probably more so for the real good of the State that the legislature be extremely anti-Bailey, and the people should see to it that anti-Bailey men are elected.—Lubbock Avalanche.

Chance for Argument

Fred Hasket of the Childress Index is going to match a scrap with Jess Adams of the Plainview News. Plainview is the original and undisputed home of registered domestic rabbits, and they raise them on alfalfa seed for food and nothing but de-natured alfalfa tea for beverage. They grow big enough and fat enough and sassy enough at Plainview, that is, the rabbits do, to whip any dog ever raised in Childress. Childress is the home of the champion Giant Poland China swine, but they should keep off the rabbit industry. And now listen to this story from the Index:

"Dan Warren, local breeder of registered New Zealand rabbits, sold one order this week to a customer in Chillicothe, amounting to \$180. Mr. Warren has been a rabbit fancier for several years and has individuals in his rabbits that cost about \$100 each. He has made the business a paying one and at the same time reduced his meat bill no little amount."

Rabbits worth \$100 each, Herefords bigger than Percherons and worth \$2,000 each, Giant Poland Chinas big as steers and worth \$5,000 each. All Panhandle products. Great is the Panhandle.—Canadian Record.

A Check on Speculation

Washington—The administration measure, under which the federal reserve board hopes to effectively check speculation, was passed Saturday by the senate and now goes to the president.

Under the bill, discount rates at each of the twelve reserve banks with the "approval, review and determination of the federal reserve board, may be graduated or progressed in the basis of amount of advances and discount accommodations extended by the federal reserve bank to the borrowing bank."

See Weakening in H. L. C.

Washington.—Nation-wide reports from federal reserve bank officials disclose their opinion that the post-war era of "extravagance and reckless buying" by the public is nearing its end.

Relief from the high prices for the consumer will not be obtained completely until present stocks are absorbed in practically all lines, according to the board's view. Manufacturers everywhere, however, were shown to hold the view that the peak of high prices has been reached and to expect a gradual recession.

Bets a Ten-Spot

We will give any Bailey man a ten dollar gold piece who will show us a public speech Joseph ever made for the 'Sale of Liberty Bonds' the Red Cross, or in defense of a democratic candidate for president, since 1908; or that he (Joe) voted more often with the democrats than he did with the republicans. Fact is, when the Old Guard was in congress, Joe Bailey marched step by step with it as now he is marching step by step with the republicans in their criticism of Woodrow Wilson and all he stands for.—Hale Center Record.

Silverton is to have a new state bank.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being generally influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

Take "Dodson's Liver Tone" Instead!

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, they shortly lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly. No humbug.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Plainview people recommend Doan's Kidney Pills. Could you ask for stronger proof of merit?

Mrs. R. L. Boruff, Plainview, says: "When I first began using Doan's Kidney Pills my back and kidneys were in an awful condition. At times I couldn't do my work and would have to be down and couldn't get around for a week or two at a time. There was a steady, bearing down pain through the small of my back and when I stooped over sharp knife-like pains would catch me in my back, so that I could barely straighten up. I suffered day and night from this trouble and every muscle in my body was sore. I often became so tired I could hardly stand up and suffered quite a bit of the time from headaches. My kidneys didn't act right at all. I saw Doan's Kidney Pills advertised and bought two boxes at R. A. Long's Drug Store. They gave me instant relief. Two boxes of Doan's cured me of every symptom of kidney trouble."

Prepare For Promotion

In the old days, a bookkeeper was a merr jotter-down of figures. He toiled long hours over masses of numbers that had no real meaning to him in their relation to the business. His only interest was to make two separate groups of figures equal the same thing. Often, he couldn't get a "balance" except after repeated trials.

The bookkeeper was the office drudge.

But business school education has changed this condition. Today the educated bookkeeper has been elevated to a plane of high importance. By his ability to obtain and interpret the figure facts of a business, he has become a factor of vital importance in modern business management.

Watson's Business College can fit you to be a bookkeeper of the new type. To make our training even more effective and to fit our students for positions where they will be asked to take charge of mechanical accounting systems, we have installed a
