## HALE COUNTY DEMOCRATS ENDORSE ADMINISTRATION

### BOTH PRECINCTS ELECT PRO DELEGATIONS TO COUNTY CONVENTION

The pro-administration forces dominated the two precinct democratic conventions in Plainview this (Saturday) afternoon and used the steam roller on the opposing forces. Only a few Bailey supporters showed up at either convention. Not an opposing vote was raised at the city hall convention and six voted at the court house on one question. Straight delegations were selected to the county convention, and Wilson and the administration were fully endorsed. The unit rule was invoked.

The attendance at the conventions was large.

At the city hall more than one hundred women participated, and at the court house about twenty-five. They did not take a very active part in the proceedings but they voted on every proposition.

The court house precinct has four and the city hall precinct six votes in the county convention, which is exactly half.

At the Court House  
The meeting was presided over by W. B. Martine. P. B. Randolph, E. Graham and J. F. Sander were appointed as committee on credentials. J. L. Firth was made secretary of the convention. The names of those participating were written down.

Judge L. S. Kinder made a talk on the purpose of the convention and also spoke in behalf of the administration.

Mrs. L. L. Dye, H. V. Tull and P. B. Randolph were named as a committee on resolutions, and later presented resolutions commending the administration, and instructing the delegates to vote for the administration, and some were adopted by a vote of 84 to 6.

Delegates to the county convention were elected as follows: John Sander, Mrs. L. L. Dye, L. S. Kinder, R. W. Brahan, Mrs. W. B. Martine, P. H. Andrews and Mrs. Ola Sloneker. Adjournment was taken.

At the City Hall  
Seats were put in the fire hall and nearly 300 persons attended. The names of the participants were taken as they entered.

C. S. Williams presided and J. M. Adams was made secretary. W. W. Kirk was floor leader for the pro forces.

Committee on resolutions: W. W. Kirk, L. M. Blakemore and Mrs. Tom Carter. They reported resolutions similar to those at the court house and same were adopted by a unanimous vote.

H. C. Randolph, R. C. Joiner and Miss Mollie Goode were named as committee on delegates to county convention. They named Mrs. Tom Carter, C. S. Williams, Mrs. George Saigling, W. W. Kirk, Miss Della Ansey, L. M. Blakemore, C. D. Russell, J. L. Perdus, Mrs. R. W. O'Keefe, Mrs. Nellie Leach, Mrs. O. B. Jackson, J. M. Adams and they were endorsed by a unanimous vote.

Adjournment was made to adjourn, but the people wanted speeches and Judges Randolph and Kirk were called for and responded, after which John Ellerd stepped forward and made a talk in favor of Mr. Bailey his war acts. President Wilson and his war acts. The crowd listened but gazed him at times. Mr. Williams answered him in a fiery talk, and the convention was over.

Happy Union  
J. M. Buchanan presided and the pro-administration forces won by a vote of about two to one, though on one resolution was by a close vote of 17 to 16.

Delegates—Miss Lee Buchanan, Chas. Wendt and Wm. Nix; alternates: A. K. Price, J. A. Line, and Walter Hamilton.

Other Precincts Alright  
Reports have come in that the following have sent straight pro-administration delegates—Hale Center, Peterburg, Abertatly, Norfolk, Amarillo went overwhelmingly pro-administration.

Will Attend State Meeting  
Paul Lipscomb and Wesley Upton will go to Austin the first of the week to take part in the contests at the state interscholastic meet.

Paul won in the pole vaulting district contest in Lubbock and Wesley won in the 220-yard low hurdle.

## Parent-Teachers' Association Holds Final Meeting

The Parent-Teachers' Association of Central and High School held their last meeting April 23rd at the high school.

A summary of the years work showed that we had held some very pleasant and profitable meetings.

\$10.25 has been spent for play group equipment for Central. \$10 has been paid on the canteen fund. \$5 made us a member of the National Child Welfare Committee. A fine Chickering Concert Grand piano has been purchased for high school, and will be here when the school opens in September. \$950.00 has been paid on the piano. \$31 was made selling refreshments at county meet, the balance was made up by "free will offerings."

The concert given by Prof. Crabb and other musicians of local fame, netted us \$142.80, we receiving the entire income from this entertainment.

75 per cent of the profits of the Elks and High School ball game, netted \$51.00 for the first game and \$91.60 at the second game. These with a few other donations make us \$600.00 now in the bank with about \$250 yet to raise.

Mrs. Peterson has offered 50 per cent of the profits from the "Rose Maiden" and Mrs. Barnes will give a play some time soon for the benefit of the piano fund and these two numbers we expect to put us "over the top."

We wish to make this public statement showing how much money we have received and publicly thank all who have assisted in the work, our musicians, the Elks, High School ball boys, the teachers and pupils of the high school, who have sold tickets and contributed to the fund, also the teachers and pupils from the ward schools, who have contributed and assisted in the selling of tickets, and the business men who responded so generously to our first call for donations.

Next year the Horner lyceum of nine numbers will be given in Plainview under the auspices of the Parent-Teachers' association, and we hope with your assistance and cooperation to be able to handle this work and by that means make money to procure other needful things for both Central and High School.

MRS. W. R. BLOCKSON, Pres

The News has a letter from A. E. Tunberg, formerly of north of Plainview, but who several months ago moved to Wausa, Neb.

"I note that the Plainview district is some short of moisture this spring. We would indeed be glad to share with you. We are having excess moisture. Snow and rain all this month, and very little farm work done. We are nearly a month behind on farm work now. But it may all spell a bumper crop. With kind regards, I remain."

## PLAINVIEW POPULATION 4,025 1,210 INCREASE SINCE 1910

### INCREASE 43 PER CENT IN TEN YEARS—SUBURBS NOT INCLUDED

The Census bureau gave out Plainview's population—the first of the week. While we haven't seen the figures, we are informed it is 4,025, an increase of 1,210 people or 43 per cent gain over the census of 1910, when the showing was 2,815.

While many people thought the town had a population of more than five thousand, those who were best informed did not expect a much better showing that was made.

It is quite evident that very correct enumeration was made.

The census took in only the corporate limits, and did not include Seth Ward addition, which has more than two hundred people, and the fringe of houses just outside the city limits—hence the real population of the town and its suburbs is about 4,500.

The town has enjoyed a steady and substantial growth, without any mushroom boom of any sort. Each year a number of new residences have been erected, but not at any time sufficient to care for the families wanting homes.

About sixty-five new brick business houses have been erected in the town during the decade, and all these are occupied and there are demands for a number of others. Property values have increased greatly.

Plainview has no reason to complain at its growth and continued prosperity.

Plainview continues to be the largest town between Amarillo and Sweetwater.

## Will Sit as Special Judge

Judge H. C. Randolph of Plainview has been appointed special associate justice of the court of civil appeals in the case of Shelton versus Trigg, to act in the stead of Associate Justice Wm. Boyce who is disqualified.

This case grows out of the purchase by D. C. Trigg and Steve Trigg and J. M. Shelton of the XIT Ranch and involves the settlement of the partnership affairs, during the conduct of the ranch business for four or five years.

The fact that approximately one million dollars is involved in the suit, together with the prominence of the litigants makes the case one of unusual interest.—Amarillo Tribune.

## Knocked Down by Auto

W. H. Brush was knocked down and run over by a rapidly moving car at the southeast corner of the square Saturday, and was painfully injured. The driver of the car did not stop and extend aid, so we are told, hence will likely have to pay a heavy fine, as the serial number of the car was secured and turned over to officers.

## Pope Buys Case Home

J. B. Pope, Sr., has bought the home of Frank Case, in the extreme northwest part of town, and he and his wife have moved into it.

They are parents of J. B. Pope Jr., and Mrs. R. S. Beard, and have moved here from Polytechnic, Fort Worth. Mr. Pope is a prominent pioneer ranchman of the Plains and has extensive holdings.

## BAILEY IS REPUDIATED BY TEXAS DEMOCRATS

Mr. Roos tells interesting stories of the heroic work of this Red Cross dog in the hospitals. After being severely wounded by a piece of shrapnel, it continued to take canteens of water to the wounded soldiers.

Have you planted your garden?

Anyway, the overall craze sent the price of overalls up, even if it didn't reduce the price of regular clothes.

Get ready for the Plainview trade excursion. It will be May 18, 19 and 20.

The fact is, there are too many men in Plainview who are earning their bread by the sweat of some other fellow's brow.

There is but one good thing about Senator Borah of Idaho, and that is he is opposed to Gen. Leonard Wood for the presidency; and that is enough to cover a multitude of sins.

We have observed that it is invariably the man with a shady reputation who kicks most against prohibition enforcement agents searching homes without warrants.

### PUTTING CART BEFORE HORSE

The local telephone will tomorrow increase its rates.

Its service is not what it should be—not worth what it is now being paid.

It says if it gets the raise it can and will improve the service. Why not improve the service, and then ask for higher rates?

Why put the cart before the horse? We believe the patrons would be in a better frame of mind toward paying the increased rates, if the service was first improved.

When the telephone company made a raise eighteen months ago it promised better service and we all know what was the result.

Will history repeat itself?

No matter how high wages may be, the average family will spend all it gets.

The editor of the News is one of the most talented musicians on the Plains. There is nobody who can excell him playing a phonograph by ear.

If there were good fishing streams near Plainview the crowd on the crowd on the corner would greatly diminish. Fishermen are always lazy.

The Amarillo Tribune declares that Editor Fred Haskett of the Childress Index" will next be writing poetry. If he does, we will insist on firing him from the Panhandle Press association. Editor Loomis of the Canadian Record is a poet—and goodness knows one poet is enough for all Northwest Texas.

The report that four of the members of the Panhandle Press association were arrested in Amarillo Saturday for being drunk on Alf-alf-a Tea is untrue. They were arrested on a charge of having the night before, in a hotel room, spent several hours instructing an Oklahoma wholesale paper man the gentle art of playing the festive game of draw poker. He was a very apt pupil and at the end of the school of instruction is said to have possessed all the money, watches and other valuables of his instructors.

## Store News

Some more winter weather in the summer time and yet we have to plan right along to suit the tastes of our customers whatever the weather changes may bring in varying tastes. It takes a mighty complete stock of good things to eat to meet such conditions and yet we are always able to suit our customers.

Sure we're wearing overalls—one reason is that we so seldom get to sit down that they wear well all the way round and while we keep the most sanitary sort of stores yet in handing potatoes, (when we can get them) and "sich" stuff the overalls keep our Sunday clothes looking a little better. They say overalls are for the working man—so they are just the sort of thing we need.

Some folks don't stop to bother with traveling men—say they are too busy and they don't need anything. We look at everything they have to offer and when it is something new that looks like it would satisfy our friends and customers we stock some of it. That is why you can come here with safety any time and find just what you want. We can't always buy everything we want but we sure get for you all the best things the markets afford.

Those fresh vegetables keep coming—weather conditions are not the best at the sources of supply and yet we have standing orders with the truck garden centers to keep us and you supplied with all possible fresh vegetables. Again we suggest that you phone us each morning to see what has come in for the day.

We "sorter" made a bust when we said we wanted "rotten" cream. The fact is that we want more and more cream and we got a little over enthusiastic. We can use fresh cream and sour cream in any quantities that you can supply it and we have your check ready to sign just as quick as you get the cream unloaded and we can test it.

One lady said that she didn't just exactly like our talks and yet she admitted she was reading everyone of them and often found suggestions that caused her to phone our store. Funny, isn't it just how folks feel and think about things.

Don't forget for a minute about that trades excursion—it's a big thing for Plainview and for the merchants and out-of-town customers. Make your plans to go a'l three days. May 18, 19 and 20 and don't let anything get in the way and prevent you from going. Help put Plainview on the map and boost to the limit.

Now and then we get a rise out

## The Ever-Favorite Jersey

The above is from a recent photograph of prize-winning

"FALFURRIAS NOBLEMAN"

Junior and Grand Champion Bull of enviable fame in Jerseyland. Owned and exhibited by E. C. Lasater of Falfurrias, Texas.

With reference to Jerseys in general, we quote the following from The American Jersey Cattle Club, in a recent issue of The Country Gentleman:

"In hot Southern Texas, or the Cold Canadian Northwest, Jerseys uphold their reputation as profit-producing cows. Hale, hardy and accustomed to thrive in varying climates.

"Always efficient yielders of the richest quality milk—always dependable and gentle—always a pride to their owner.

"Jerseys consume less feed than any other breed. The nutrition of the feed goes from cud to udder—not to beef and bones. Jerseys produce a silk that averages 5.37 per cent butter fat. The finest butter and cheese sold on the market is made from Jersey milk.

"One Jersey is enough to prove why she is called the Pride—Prize—Profit Cow."

If you want more Jerseys on your farm, and it is a matter of finances, come in and talk it over with us.

of a contemporary about our chick feed—that only helps advertise us and that balanced Purina feed. The Purina mills have experts who study the needed ingredients then they proceed to make feeds that answer the purpose. The standard of their chick feed is as high as their human foods and you know that for years they have served the public with quality products. If you would have your chicks healthy and strong and make rapid growth use Purina Chick Feed.

Now is the time to plan for those prize winning pumpkins, watermelons, and such garden truck if you expect to exhibit and be successful at the proposed district fair. When you decide just what vegetables you will want to show (or to eat for that matter) make out your list for the sort of seeds "that get up and grow" and bring it to us.

Another fellow said that he enjoyed reading these talks—that he wasn't in a position to buy much but that he sure liked the way we tell it to him.

Chautauqua will be here before we know it and it means that you will have to plan lunches at home or on the grounds or in your car, for time will be too much taken up with the entertainment to spend much time bothering about cooking. We have the complete assortment of lunch goods that will appeal to every taste.

Tickle the palates of your hens, make them lay more eggs, then bring us every one that that lay. We can use all that you can bring us and you are assured that the price we pay is as high as you can get anywhere.

Phone us often—we like to answer the phone. If one number is busy try the other one. Despite the fact that Cliff is trying to put one over on us in gross sales we are willing that you should phone him if our phone is too busy to answer.

# SOME TELEPHONE FACTS

IT COSTS MORE to furnish Telephone Service today than it did a few years ago.

THE COST OF ALL MATERIALS AND LABOR has increased in the past few years, but telephone rates have remained fixed. IT IS NOW IMPERATIVE THAT TELEPHONE RATES BE SLIGHTLY INCREASED IN ORDER TO MEET THE CHANGED CONDITIONS.

We have not been earning anything like a reasonable return and we must increase the rate to our patrons to a point where we can earn a small return on the investment.

The new rate will not yield a reasonable return, but it is imperative that we increase the rate to a point where we will not suffer a loss. The readjustment of telephone rates, however, is nothing like that in other lines, proportionately, but they will enable us to survive and properly fulfill our obligations to the public.

If your poultry is causing you grief,  
An' the life of your chickens is brief,  
Just go to the 'Phone,  
Order LEE'S GERMOZONE,  
And it will give instant relief.

Poor hatches made Mandy quite sore,  
The eggs seemed no good any more,  
She tried EGG-O-HATCH  
Brought out the whole batch,  
And now she has chickens galore.

Poor Bill found fresh eggs rare and few,  
He didn't know just what to do,  
Till LEE'S EGG-O-LATUM  
Kept eggs so he ate 'em,  
And He's happy now all the year thru.

Sweet Katie was blue as the dickens,  
She had so much grief with her chickens,  
So she hurried in to see,  
What the matter could be,  
GERMOZONE cured up her sick'ns.

I am only able to secure a limited amount of Simon Pure Nigger-Head Coals, having to take a portion of inferior coals to secure the same. If you want to get the most heat for your money, you had better buy Simon Pure Nigger-Head Coals early.

Operators advance prices to dealers, who must of necessity advance to Consumer.

This means that the man who delays putting in his winters coal, will have to take inferior coals, at higher prices.
