WILL BE INTERESTING SHOW AND DEMONSTRATION

HUNDREDS OF PEOPLE WILL BE HERE TO SEE THE POWER MACHINERY

The biggest tractor and farm machinery show ever on the Plains will be held in Plainview Saturday, May 22.

Fourteen to twenty different makes and dozens of types of tractors will be shown, also all kinds of farm machinery.

The show will be held on the vacant block north of the Guaranty State Bank, and will be in charge of the local agents and also experts from the factories. These experts will explain the efficiency and salient points of the various machines.

The show will be held in the morning. In the afternoon there will be an actual demonstration on an open field.

The show and demonstration is free to everybody.

The following tractors will be exhibited at the show, the local agents being:

International—Jarvis & Barber.
Fordson—L. P. Barker Co.
Samson—Green Machinery Co.
Cietrac—C. B. Powell.
Hart-Parr and Aultman-Taylor—Tom Carter.

Gray—Knickerbocker & Clark.
Moline-Universal—Perry Motor Co.

Twin City—W. O. Speck.
Rumley—Rumley Sales Co.
Wallis—Plainview Hardware Co.
Holt—Jarvis & Barber.

Case—Vaughn & Augspurger.

The G.-O. and Avery and possibly other tractors will also be on exhibition.

In addition there will be displays of all kinds of power machinery such as combination harvester-threshers, plows, thrashers, discs, farm lighting systems, etc.

The committees in charge of the demonstration are planning to have a very interesting line-up of tractors and other farm machinery, and a large crowd of interested people from all over this section of the state is expected to attend.

With the growing demand for farm products, the continued high prices of farm labor, and the uncertainty of procuring help when it is needed, at any cost, it is not strange that the farmer is turning to machinery that will take the place of human labor.

One only has to attend the demonstrations of power machinery that are being staged by the manufacturers and dealers in different parts of the country, to realize how much interest is being taken by the tiller of the soil of these various machines.

The tractor, with its great power, ability to work in hot weather, and at the same time doing away with the services of several men, while turning out many times the work of the old method of "man and team" is, of course the center of attraction at these demonstrations. However, the motor-cultivators and immense power tillage tools arouse much interest.

Then, too, the manufacturer of these machines has found out that it saves him money as well as the owner, to have them intelligently operated, and he has established free schools where anyone who cares to may learn all about the operation and care of them.

The show and demonstration here Saturday, May 22, will be a very important one. Everyone interested in tractors should attend.

Meeting Next Monday Night

The final meeting before the Trade Excursion will be held at the city hall Monday night at 7 o'clock, when all arrangements will be gone over and everything gotten in shape to start early Tuesday morning. Everybody who contemplates going on the excursion is urged to be present.

Writing Much Hail Insurance

Since the rains begun the local agents are very busy writing hail insurance policies.

Wm. Skiba, recently from Wheeling, W. Va., has opened a radiator repair shop in the Liberty Loan bank building.

Mrs. Smith of Walnut Springs is here visiting her sister, Mrs. J. W. Boyle.

SENTENCED TO TEN YEARS IN PENITENTIARY

Swindled Frank Norfleet Out of \$45,000 on Fake Stock Speculation

E. J. Ward was sentenced to ten years in the penitentiary by a Fort Worth court last week on a charge of being one of the men who swindled Frank Norfleet, prominent pioneer Hale county ranchman, out of \$45,000 in a fake stock swindle last November.

It will be remembered that Norfleet met them in a Fort Worth hotel, a number of conspirators evidently being in the plot. They hoodwinked Norfleet into investing in a stock market speculation and took \$20,000 in cash from him at one time and \$25,000 at another. They played they were Masonic brethren of Norfleet.

Ward came to Hale county and spent several days on Norfleet's ranch as his guest.

When the bubble burst the conspirators decamped. Norfleet followed them to California and captured three of them in jail, and they were brought back to Fort Worth under arrest. He went to Florida recently to identify another. Several others have never been caught.

PLAINEVIEW COUNTRY SOAKED WITH CONTINUED RAINS

RAIN TODAY AND TONIGHT WAS 1.55 INCHES—STILL FALLING

The soil in the Plainview country is wet and muddy all the way down. There could hardly be a better season in the ground.

The rains of last week were sufficient for present needs, but the weather man evidently wanted to do a good job while at it, and early this morning a slow rain began to fall and continued all the day, at 5 p. m. the record showing .40 of an inch. The rain fell all tonight heavier and at this writing (Saturday morning) it was 1.15 inches during the night, making a total of 1.55 inches. The rain continues to fall.

These rains insure a good wheat crop, also fine crops of kafir, maize, alfalfa, millet, etc.

Foy Yancy's Remains Arrive

The remains of the late Private Foy Yancy arrived on this afternoon's train from El Paso, where he was drowned Sunday. A soldier came with the corpse.

The funeral will be held at the Plainview Undertaking Parlors Saturday morning at 10:30, with Rev. Harlan J. Matthews in charge of the service. Interment will follow at the cemetery.

His parents are Mr. and Mrs. G. W. Yancy of the Bellview community, and they have the sympathy of everyone.

Littlefield Boy Shoots Self

Fred Lichte, age 18 years, son of Mr. and Mrs. F. W. Lichte of Littlefield, accidentally shot himself Tuesday of last week, at that place, with a pistol, the bullet entering the right shoulder and barely missing the lung. He was taken to a Lubbock sanitarium for treatment.

Buys Fine Hereford Bull

Walter Cobb of Swisher county bought an extra fine registered Hereford bull from Fred Weyl, who lives three miles east of town. The bull is three years old, weighs 2,200 lbs., and is valued at \$2,500.

PLAINVIEW IS THE LOGICAL TRADING POINT OF THE CENTRAL PLAINS SECTION

Modern Stores, Big Stocks Goods. Extensive Agencies, Wholesale Houses Always Glad to Welcome Visitors

Plainview is the "Peerless City of the Plains," having the largest population of any town between Amarillo and Sweetwater.

It is situated in the center of the Central Plains and is easy of access. It has good roads leading into it from every direction, and better ones are going to be built. Trains run into it conveniently for people to come to Plainview in the morning to do their trading and get back home in the afternoon or night.

Plainview is a modern small city, with modern buildings, churches, schools, college, public buildings, paved streets, electric lights, central energy telephone system, water, sewer and fire fighting systems, machine shops, elevators, garages, etc.

It has modern hotels, picture shows, annual chautauqua, winter lyceum course, lodges of all kinds, and is a social center.

It has modern stores of all kinds—dry goods, gent's furnishings, groceries, drug stores, hardware, furniture, electrical supplies, etc. and the stocks are large and complete.

It has more than a dozen automobile sales agencies supply stores and garages.

It has fourteen sales agencies for tractors, also agencies for all kinds of other farm machinery.

Odd Fellows and Rebekahs to Meet in Amarillo

Several Plainview members of the Odd Fellows and Daughters of Rebekah will attend the annual district convention to be held in Amarillo Wednesday and Thursday.

F. L. Brown Elected President

F. L. Brown of Plainview was elected president of the Panhandle Hardware Dealers' association at its annual meeting in Amarillo Monday and Tuesday.

Excessive Rains in Florida

Levi Schick returned this morning from a stay of about two months in Florida. He says there have been excessive rains in that state this spring.

We are no longer your new friends. We have reached that much closer relation of being old friends. Come to see us often.—Panhandle Produce Co., Phone 547.

Plainview people are progressive, courteous, generous and are always glad to welcome visitors.

Plainview is a good place to visit, whether for business or pleasure.

Plainview is a good town to trade in, for its stocks of goods are extensive, and measure up to those found in much larger cities. Just now most of the merchants are holding their semi-annual clearance sales, and are making exceptionally low bargain prices. You can save money by trading in Plainview, especially while these big sales are on.

Plainview is a good market for all kinds of products the farmer and stockman raises. There are three grain elevators, a modern flouring mill, several produce buying firms, a creamery, and a number of other buyers of farm produce. Two solid carloads of eggs are shipped out by freight each week, also live poultry is shipped out by the carload in addition to heavy express shipments.

You are cordially invited to come to Plainview, and you will be given a warm welcome. Our people want to know the people of the other counties and towns of this section—and we want to know Plainview.

So come along, and let's get better acquainted.

Notes from the African Tourists. The train carrying the Schaedel party was slightly wrecked on account of washouts, no lives lost, enthusiasm slightly wounded.

The Muntower party spent a delightful day in Galveston. Havana next stop. Who is Schaedel? Come out and hear his history Sunday evening at 6:30.

Thomason Next Tuesday Afternoon

Hon. R. E. Thomason, candidate for governor, will speak in Plainview and his supporters here urge that the people come out and hear him. He is quite an able man, is an interesting speaker and has an appealing platform.

He will speak at the band stand or in the court house.

KEEP YOUR EYE ON PLAINVIEW

Remember the Trade Excursion next Tuesday, Wednesday and Thursday. It is going to be a great trip. Better go.

The Dallas Trade Excursionists will be here next Friday morning. Give them a warm welcome. Make them remember they were in our town.

Be at the city hall, up stairs, Monday night. Final instructions for the Trade Excursion.

Remember the big tractor show and demonstration in Plainview Saturday, May 22. Be on hand.

The chautauqua will begin May 26th, and close May 31. Its going to be a great series of entertainments. Have you bought your season ticket?

Peace & Lewis Buys Garage

Peace & Lewis have bought the garage and machine shop business of W. O. Speck, and have taken charge. They will conduct an auto and machine repair shop. They are sales agents for Overland cars and have the state agency for Vulcan tires and tubes. Frank Armstrong will also be associated with them in the business.

The firm now has two solid cars of Vulcan tires and tubes en route from the factory.

Mr. Speck will give all of his efforts to the sale of Reo cars and trucks and Twin City tractors, and will occupy the building in the Ellerd block where Peace & Lewis have been doing business.

PERSONAL MENTION

C. B. Powell went to Amarillo this morning.

Dr. Green of Crosbyton was here this week visiting his son.

Mrs. Frame of "The Band Box" is in Oklahoma City on business.

Dr. K. J. Clements has returned from the state osteopath convention in Galveston.

Mr. and Mrs. R. M. Ellerd left this morning for Groesbeck, where he is an attorney in a case in court.

Miss Pearl and Dewey Lawrence of Canton are here visiting her sisters, Mesdames K. J. Clements and Wm. Skiba.

Mrs. L. F. McDonald and children also her mother-in-law, Mrs. McDonald, came in this morning to visit A. E. Harp and family.

Mrs. Bertie Jordan and mother, Mrs. A. B. Roberts, will leave Tuesday night for a visit to relatives in Snyder and Fort Worth.

Miss Rhoda Barrier went to Lubbock this morning. In a few days she will leave there for an extended visit to Arizona, California and Idaho.

A. C. McClelland and Ural Armstrong have gone to Detroit, Mich., to attend a meeting and school of instruction at the Brick Automobile factory.

Isaac Clark of Forney is here visiting his brother, Will Clark. He served in the army in France and this is the first time the brothers have been together since his return.

Mr. and Mrs. W. A. Smith of Coleman are here prospecting, with a view of locating. He is a druggist and recently sold his drug store in Coleman.

Chas. L. Gass and family of Jones county are here visiting his sister, Mrs. W. B. Armstrong. Mr. Gass was a citizen of Hale county more than twenty years ago.

Miss Leona McKinney has been in Fort Worth the past week as a witness in the cases against the men who swindled Frank Norfleet out of \$45,000 last fall. She identified them as being with Mr. Norfleet on a train coming into Plainview November 15.

Kiwanis Club Being Organized
Al Stimers, field representative for Texas and Oklahoma, is here organizing a Kiwanis club, and a meeting will be held this afternoon to select directors and invite members to join.

The club will include not more than two members of one kind of business or profession, and meetings will be held at least once a month at a luncheon at a local hotel.

Five Horses Burned
Five horses were burned to death Tuesday of last week when the barn of J. A. Everman near Lubbock was destroyed by fire.

Buy Rubber Repair Shop
Sherman Lockhart and Lonnie Sewell have bought the Quick Service Vulcanizing shop, in the rear of the Quick Service filling station, and will continue the business.

They are energetic young fellows, are experienced in their work and will succeed in their business.

Overall Buys Fine Horse
J. L. Overall recently bought at the King Bros. sale in Amarillo a registered Percheron stallion named "Fritz." The horse is three years old and weighs 1,700 pounds.

BOARD OF CITY DEVELOPMENT BEGINS ITS WORK

ELECTS OFFICERS AND COMMITTEE CHAIRMEN—WILL CO-OPERATE WITH C. C.

The newly appointed Board of City Development met Wednesday night and organized by electing Dr. J. C. Anderson, president; W. E. Risser, vice president; W. A. Donaldson, treasurer; G. V. Smith, temporary secretary.

The following directors of committees were selected from the Board members, and they will complete their committees.

Highways, transportation, rates and railroad promotion—W. E. Risser. Publicity and immigration—R. P. Smyth.

Poultry, dairying, agriculture—W. Holbrook.

Reception, entertainment and conventions—R. S. Beard.

Trade extensions and industries—A. G. Hinn.

Civic improvements and civic affairs—G. V. Smith.

The Board discussed the matter of employing a permanent secretary, and it seems to be the sense of the members to employ a competent woman to act as stenographer and look after the office work and correspondence under the direction of an officer of the Board. It also is likely that she will act as secretary of the Junior Chamber of Commerce, so that the two bodies may thoroughly cooperate in the commercial work of the town and not duplicate any efforts—and also share in paying the salary of the secretary.

The Board will arrange a proper reception for the Dallas trade excursionists, who will visit Plainview next Friday morning.

The members of the Board will meet with the city council Monday night, to discuss matters generally and be advised of just what is expected of the Board.

Piano solo—Lucille Meadows.

Declaration—Leslie Collins.

Violin solo—Alva Bair.

"The Boy Scout Movement"—Olcott Kirk.

Piano Duet—Marguerite Dorsett, and Charlotte Coleman.

Reading—"The Dead Pussy Cat"—Juanita Anthony.

The awarding of diplomas by Mr. Earl Spencer, principal of Central school.

Everyone is cordially invited to come.

REPRODUCED BELOW

FLOYDADA, Texas, 5-12-20

Mr. C. B. Powell,
Plainview, Texas.

Dear Sir:

Since I bought the two complete Cletrac outfits from you, two Cletracs, two Oliver plows and two eight foot tandem disc harrows, I have been using them in breaking sod and running a threshing machine. In breaking sod, I get just about one acre per hour with each machine without crowding the machine. It takes about one gallon of Solar oil per acre of sod and not over half gallon of lube oil per day, I think three pints would be more nearly the amount I use.

As you know, you told me the Cletrac would pull a twenty-four inch threshing machine. As I had not finished threshing, having about two thousand bushels of headed wheat headed with about two feet of straw, which had been stacked all winter, I decided to try the Cletrac on it with the 28 inch Case machine, complete with wind stacker and all complete. I really did not think the Cletrac would pull this machine very well but expected that I would manage to get it through. I was very agreeably surprised to find when I tried it, that the engine would not vary in speed, though I fed the machine all it would take and sometimes the separator would slow down or choke with the large flakes of wheat that were fed into it.

To say that I am pleased with my two machines is hardly expressing my sentiments. I would not do without them and feel like that I would be justified in paying twenty five hundred dollars each for them, if I could not get them for less. I would not sell them for that right now and do without them.

It's hardly necessary for me to say that I heartily recommend these machines to the farmers of the plains for the very good reason that they will do all the work that the farmer has to do, and do it more economically and faster than any tractor I have ever seen and I have owned six other makes of tractors myself.

I will be glad to have you send any one to me for further information and to see the Cletracs at work.

Yours very truly,
J. L. Montgomery.

is a letter from one of Floyd County's most progressive farmers. The letter speaks for itself.

We can show you many more letters from people whom you know, and from people from Canada to the Gulf of Mexico, all endorsing the Cletrac.

Come to the tractor demonstration on the 22nd and see this wonderful tractor perform.

Citation on Application for Probate of Will
THE STATE OF TEXAS
To the Sheriff or any Constable of Hale County, Greeting:
You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Hale County, a copy of the following notice:

COATS CLEVERLY DESIGNED

Nothing requires more at the hands of their designers than spring coats, for they must be made to answer many purposes. The average, sensible woman buys one that will do for the street, for traveling and motoring and demands snappy style without too much emphasis in any one direction. The new coats are usually three-quarter length and made in quiet colors of soft wools. Large pockets, ample collars and original ideas in construction give them character. This is illustrated in the coat pictured above, with sleeves and body cut in one and set on to a deep yoke, clever pockets and a narrow belt of patent leather. Models with much the same lines as this one, are made without belts and allowed to flare from the shoulders down. It is always safe to choose these loosely adjusted and roomy looking coats that hang much like a mantle on the figure.

WILL TRADE—Nearly new Oldsmobile, for rent house.—C. T. Field, at Wooldridge Lumber Yard.

WOOL SKIRTS ARE IMPORTANT

There are so many kinds of separate skirts that a little book might be written about them. But the practical skirt of wool, for daily wear, which was the forerunner of all the others, is the most important. It is made of distinct plaids, cross bars and stripes his season, in which soft dark colors are beautifully combined. The skirts are usually laid in wide or narrow box plaids according to the size of the plaid or width of the stripe. As the season advances wool skirts will be replaced by others of cotton for utility wear. These are shown now in plain white and in white striped or figured with a color. Pearl buttons sparingly used remain the favorite finish.

SMART SILHOUTTE FOR SUITS

Nothing more unusual than dark blue serge and large bone buttons make the suit shown above. With these reliable means it achieves much smartness by adopting a popular silhouette for spring. The skirt is straight the coat flares below the waist line and sets close to the figure above it.

Lost His Place.

Old man Pitzer conducted a furniture store in a neighboring town. Pitzer, like many others of his race, liked his beer, so one day between customers he stepped into the barber shop, and while waiting his turn decided he would have time to enter a saloon next door and have a glass of beer. On returning to the barber shop he was much vexed to find his turn taken by another, and after a few gruff remarks said to the barber: "When a man goes out and comes right away back in, is he out?"

Some Ordeal.

"What's the matter? You look pale and feeble."
"Been through quite an ordeal. Was up to Flubdub's house last night."
"Well?"
"And drank some home-made wine manufactured by his wife and smoked two of his Christmas cigars."—Louisville Courier-Journal.

"Barefoot Clubs" are being organized in Kansas as a protest against the high price of shoes.

All we have to say is that some of the persons who run cars need rubber heads instead of rubber tires.

Don't forget about the big tractor and farm machinery show and demonstration in Plainview Saturday, May 22.

That Trade Excursion next week is going to be a humdinger. Better make the trip. It will do you and your town good.

My, my, wouldn't it be grand if everybody else would reduce their prices and let us keep our's high?

Free speech is alright, but silence often gets a person a lot further on the road to success or happiness.

The bunch on the corner is as determined this summer as they were last summer not to work in the wheat harvest.

Mr. Bryan is going to attend the San Francisco convention, which means that when he locks horns with the liquor crowd there will be an interesting scrap—and that Bryan will go home with somebody's scalp dangling at his belt.

Senator Capper of Kansas has suggested to President Wilson that sugar rationing used during the war be resorted to again to force down the price of sugar. The president still has power to take over the supply of foodstuffs of any kind and control the distribution and price. There is no question but that the most outrageous profiteering is being resorted to by the sugar men, for the price during the past several months has been increased from 11c to 31c a pound.

The recent "outlaw" railway switchmen's strike caused the cabbage growers of the Rio Grande country to lose nearly all their cabbage crops. Doubtless it would be hard to convince those cabbage farmers that railroad employees have an inalienable right to strike. The labor leader has declared that "the interests of the laborers and the farmer are identical" was fifty-seven varieties of a liar. Their interests are just opposite. You cannot mix water and oil.

THE TRADE EXCURSION

The Trade Excursion for next Tuesday, Wednesday and Thursday will prove a very important affair for the town and this section.

To visit the people of eight counties, twenty-five towns and villages, shake hands with them, know them, see their towns, stores and homes, invite them to come to Plainview, will be well worth all the time and money the trip will cost.

To advertise Plainview as a progressive modern city and the logical trading center of this section will be a great investment that will bring sure returns.

The excursion will put Plainview in the minds of the thousands of people in this section as it never has been before—and they will want to (and will) come here to see a city that has such a live bunch of boosters and enterprising citizens.

Then—it will cause a lot of us Plainview people to get better acquainted, for in a trip of three days rubbing elbows, working for a common cause, laughing and joking with each other, will make us better friends, break down any aloofness, or jealousies that may exist, and cause us to be better friends.

If you can possibly make the trip, do so. It will do you good.

Cut your weeds. They are growing rapidly since the rains.

Don't fail to hear R. E. Thomason, candidate for governor, who will speak in Plainview Tuesday afternoon at 2:30 o'clock.

After his May 1st experience it is quite safe to say that Mr. Bailey is more strongly than ever opposed to woman's suffrage. Woman's suffrage in a menace—to the political fortunes of such men as Bailey.

Other reasons why the Plains is a good place to live is there are no cyclones, floods, sizzling hot weather, malaria, ticks, red bugs and other things that make life miserable for people down in the state.

Attorney General Palmer has announced that wholesalers in sugar will be permitted to sell at a profit of 1c a pound and retailers at 2c a pound. Those charging more will be prosecuted.

Joseph Well-done Bailey says he will "continue" in the race for governor, despite his overwhelming defeat in the May 1st precinct conventions. If he imagines he is in the race he is following an hallucination. A defeated and repudiated politician to about the sorriest spectacle possible. One so overwhelmingly repudiated as is Bailey cannot hope to "come back." The other four candidates need pay no attention to Bailey—for he is down and out.

Ferguson, Okla., will soon have its railroad depot service discontinued. It is officially dead. A few years ago the town had 1,000 people, with a large salt factory, a gypsum plant and other industries. But Ferguson never had a church, and the people did not believe in schools. There were numerous fights, killings, brawls and outlawry ran riot, hence people would not bring their families there to live, and the population gradually dwindled away. "Righteousness exalteth a city." Nobody wishes to make his home where there are no churches or schools. Towns and communities owe much to good churches and good schools.

The Panhandle Hardware Men's association at its meeting in Amarillo Tuesday adopted a resolution for the repeal of the Texas pistol law, which prohibits the sale of pistols. The News regrets that the hardware dealers of this section took this action. The sale of pistols should be absolutely prohibited. Pistols are used almost solely to kill people with; they are rarely bought for any other purpose. Most homicides are caused by a too-ready pistol in the hands of a person when he is mad. The profits to be made from the sale of pistols are not near enough that they should warp the minds of the hardware dealers. A local hardware man says he is glad to lose any profits that would be derived from the sale of pistols.

Judge and Mrs. L. B. Richards of Silverton were here yesterday with their son for the purpose of having his tonsils removed.

If one were to tell you that you did not have as much sense as an Ant or a Squirrel, you would be highly insulted. Winter time don't catch either of these without a warm place to stay and food. How about you, have you stored your Winter Coal?

Buy Coal Now; Why?

First, everything points to a shortage, dealers cannot get their orders filled, although it's summer time.

Second, You can get Simon Pure Nigger-Head Coal now, the most heat for the money, you won't be able to do so later on.

Third, you can save money that is equal to 20 per cent interest on time the money is involved.

Fourth, you have got to have it if you stay here, and may possibly repeat last winter's experience, if you don't get it.

BE AS WISE AS THE ANT OR THE SQUIRREL—STORE COAL.

BETWEEN DEPOTS

IN CASE OF FIRE

To the People of Plainview:

1. You are to remember the Telephone Company will not do your talking. They make the connection only.
2. First learn the name of your street and the number of your house.
3. Report fire to operator; she will give you Fire Station; stay on line and talk to us, don't leave phone and expect the operator to do the rest, because she is not allowed to do so, as it is against rules of the telephone company. Hold to the phone; you will save time and money.
4. When you have a fire, close all doors and windows allow on one to enter because by so doing you are fanning the fire, which is all it takes to burn you up in a hurry. Call us the first thing, as we can use chemicals and avoid damage to your furniture and household goods with water.
5. Do not try to combat fire yourself; that is what we are paid for and the first five or ten minutes is the time to avoid a grave disaster. Our Number is 24 or Fire Station.
6. This is to impress on you the sooner you get connection with us the sooner we can come to your rescue.

Kindly remember these remarks as they are useful in time of need.

Rev. B. F. Gassaway of Plainview will preach next Sunday morning at 11 o'clock.

An election was held at the school house last Saturday to elect one trustee, Henry Sammann, being elected.

The Hale county singing convention will meet at this place the fifth Sunday in this month. Everyone is invited to be with us and help to make it one of the best conventions we have ever had.

Messrs. and Mesdames Clay Williams and Earl Raper went to Sunset last Sunday. The Floyd county convention having met there that day.

W. J. Williams and family of Hale Center were visiting "home folks" last Wednesday and Thursday.

Several from our community were regular attendants at the tent show in Plainview last week.

Robert Hall and wife of Whitfield were visitors at the Grover Lemaster home Sunday afternoon.

Several from this community are attending the closing school exercises at Liberty this week.

Mrs. D. R. Williams is very sick at this writing, but we hope for her recovery soon.

F. G. Hudgins, who is making his home with his son, Frank, left last week for Lubbock and Crosbyton for an extended visit with relatives.

There will be singing at the Grover Lemaster home next Sunday night to try out the new song books and rehearse some special music for the convention.

Panhandle-Plains Meeting, June 3

The annual meeting of the Panhandle-Plains Chamber of Commerce will be held at the headquarters in the city hall at Amarillo June 3.

The June meeting will be the first anniversary of the Panhandle-Plains Chamber of Commerce.

The reports will show that of the 38 counties whose commercial interests are served by the organization, 22 are active members.

Purina feed especially helps for it is a balanced ration worked out by feeding experts. We sell Purina feed and we buy the eggs—all that you can possibly bring to us.

The dry weather was a bit of a set back to the gardens, but in town most of us have plenty of water for irrigating, and in the country at least the garden can be watered so don't delay the planting for a rain. Our seeds don't care whether the water comes from under the ground or from the clouds. If you give them half a chance they will surprise you in how quickly and satisfactorily they will "get up and grow." After the rain you will be still busier so it's a good time to get the garden thoroughly under way. We want to supply the seeds.

The time of the Trades Excursion is getting closer—don't wait until the last minute to get ready. You will want to put out some dope advertising Plainview and your particular business. Of course the printing shops will appreciate your orders coming in early. Let's all get busy and make this a banner Trades trip. Certainly we're all going.

Cliff says there is still room at his curb for more automobiles and wagons to drive up and be loaded out quickly. He "kicks" our Plainview Produce Co. store about being so situated that the curb is generally crowded and folks can't get to the door as easily. He wants to show you at Gibbs' Cash Grocery just how quickly he can get you on your way when you are in a hurry.

It's not too late to set eggs for hatching—in fact some of the best birds of the big breeders are hatched in June. This country needs every thoroughbred bird possible as well as every thoroughbred hog, dairy cow, etc. and we are unqualified in favor of more and better livestock for the South Plains. Of course more hens will mean more eggs and more dairy cows will mean more cream and we do hope to get our share of both.

Mr. Plainview Booster!

Join the crowd of Enthusiastic boosters, and let's make Plainview the Pride of the Plains.

The livest bunch of boosters ever on any excursion leaves Plainview Tuesday morning at 7:15 a. m.

Let's put some pep into this event—be there when the big procession starts.

Final arrangements at the big meeting Monday night, City Hall. Don't depend on the other fellow, be there yourself.

CHAMBER OF COMMERCE

Store News

It's getting close to a good rain according to Foster, the weather man, and some of the local prophets. That sounds good. It means that you will have more cream and eggs to sell us and possibly you may be in better mood for us to sell you more. It's just about time to stock the summer pantry and we have everything needed in quality and at prices that will please you.

Some of the more advanced season vegetables and fruits are coming in daily now. You will be surprised how they will vary your menus. If you are seeking something different in food phone us each morning after the express comes in and we will try to offer timely suggestion by telling what new has arrived.

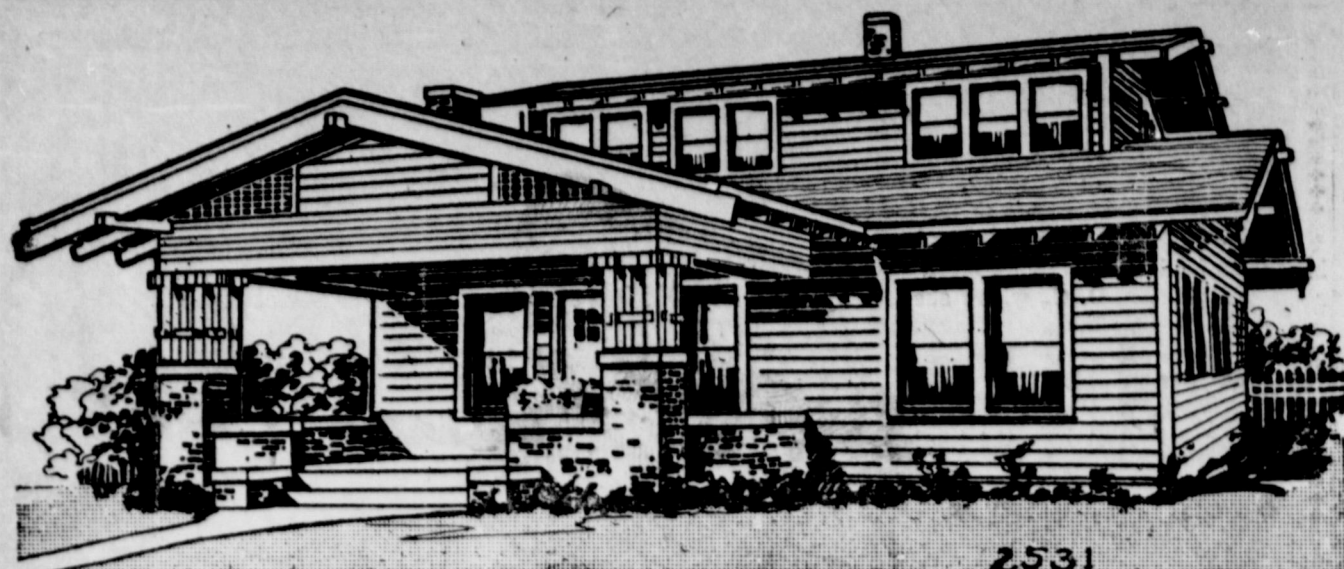

There used to be a just complaint about canned goods. Before the canning processes were perfected there were manufacturers whose products were somewhat dangerous to eat. With improved processes and care in preparation practically every known food is now presented in delicious form and carried to all corners of the world in cans. Very often you will find canned foods cheaper and more wholesome than any other kind. If it's in a can in Northwest Texas we are very apt to have it. Ask us for what you want in this line. We'll be pleased to tell you just what we have.

Don't fail to give your chickens plenty of water and to keep it fresh during these hot days that are approaching. An egg is mostly water and you can't expect your hens to manufacture them without lots of water. Good feed helps to and the

WE always assume that you are as anxious to save time as to save money. We don't cut corners and slight your job to make way for the next, but we do save many a minute by cutting out false motions, by having things handy and ready and knowing our job from top to bottom.

To My Friends and the General Public I have sold all my stock in the Lubbock Sanitarium Co. to my associates, Drs. Krueger, Overton, Hutchinson and Peebler.

Since I have been in Lubbock I have enjoyed a very large practice and I trust my patients and friends will continue to patronize the Lubbock Sanitarium. It is an institution second to none. I cheerfully recommend Dr. Krueger, who succeeds me in charge of the surgical work, as an able, conscientious surgeon. He has been connected with the institution for about a year.

I thank the people of the great Plains country for their patronage in the past. Very truly yours,

Junior Fair at Chautauqua

An entire day of the chautauqua will be given over to the children and will be known as "Junior Fair Day." It will be a typical fair, with exhibits that are seen at all well regulated fairs—chicken and pet animal shows, side shows, a clown band, performers of all kinds.

A supervisor will be here to train the children and direct the fair, and all children of fifteen years and under are invited to take part.

SKIRTS OF TWO MATERIALS

Handsomest among sport skirts made of rough silk and heavy satin weaves, are those made by combining two colors, or a plain with a striped or plaid pattern. Georgette crepe is also used in combination with these silks and satins for the upper half of plain skirts. Almost without exception these straight-hanging skirts are gathered at the waist and worn with a girde made of the silk.

White and deep blue in a rough silk make the elegant skirt shown above. The blue is set in, in bands that are graduated in width and the simulated pockets are in blue. Other colors are used in the same way, with white.

\$180,000 Farm Sale

Among the real estate transfers filed with the county clerk is deeds conveying 1,280 acres of farms nine miles northeast of Plainview from C. W. Wilson and B. C. Holle to Mollie Gholson and C. C. Smith, same being sections 14 and 17 in block D5.

The purchasers are Eastland county oil people, and some oil properties figure in the deal.

This property was bought from the Texas Land & Development Co. six years ago for \$100,000, and the owners have grown heavy crops on it most every year since. Their profits have been very large on the deal. All of it is in cultivation. Mr. Smith has moved to the property and will manage it.

See No Decline in Prices
Washington—While reports to the federal reserve board indicate extravagance, reckless spending and speculation are less prevalent now than during the winter, officials call attention to number of factors which they assert will operate against an early decline in prices in a broad way. Here are some things the public must pay during the coming year, according to all indications, which will take more money from the national pocketbook.
A billion dollars more for coal than last year.
Increased freight rates of a billion or more to pay higher wages and make railroads yield 5 1-2 per cent on their value.
A billion for soldiers' bonuses.
A 4 billion dollar national budget.
Continued high prices for wheat and other foodstuffs because of short domestic crops and large world demands—according to pre-harvest cal-

culations—and because of a scarcity of farm labor and high-priced lands.
Twenty-five cents or more a pound for sugar.
Republicans Elect District Delegates
The republican congressional district convention was held in Amarillo and Frank Exum of Wheeler county and W. C. Kenyon of Amarillo selected as delegates to the national convention. J. H. Wilson of Hardeman county was named as presidential elector and McDee Bybee of Childress county as alternate.
A straw vote taken on presidential candidates at the close of the convention resulted as follows: Lowden 8, Wood 4, Harding 3, Johnson 6, Hoover 1.

Plains Lands Better Values
Mr. and Mrs. J. V. Boston of Kress are visiting at Tipton, Tillman county, Okla. He writes back that land is selling at \$125 to \$200 an acre there, and that Plains lands at their present prices are a much better investment. That country is very pretty and there has been plenty of rain. The principal crops are cotton, corn, wheat, oats and alfalfa. He is already longing for the good pure water of the Plains.

Good Barns Make Better Farms---

No farmer is highly successful who allows his cattle and horses to "run down." Good shelter is necessary to keep them in prime condition. Good shelter means commodious, comfortable barns.
Stock protected from cold winter weather and the cutting winds and rain of spring and fall will not require as much food as if they were unprotected. Grain and forage stored in a good barn will stay bright and retain the food value it had when stored away. And farm values are increased by good barns.
We can help you build better barns. In addition to supplying Long-Bell trade-marked lumber and other high grade building material, we will be glad to discuss all your building plans with you.
This service, of course, is absolutely free.

The Rumely Oil Pull A Time Tested Tractor

BUILT IN FOUR SIZES—STANDARD DESIGN AND GUARANTEED IN WRITING

Ten years ago the Oil Pull tractor was first introduced—apioneer in the tractor industry. Those ten years have proved invaluable—both to us, the makers and to you, the man who needs the tractor. They have given us a chance to put the Oil Pull to test under every kind of work a tractor will be called upon to do.

Furthermore, these ten years have proved that we started right and that the principle upon which the Oil Pull was built ten years ago was correct today, for the lowest running cost and longest life. To you, the man interested in getting the most from the tractor investment, this ten years record forms a basis for judging tractor values. Continuous service over a period of years is the only REAL basis upon which any tractor's performance can be judged.

Now that the rains have come and conditions are favorable you will be interested in what the Oil Pull can do for you on your farm.

ALF-AIF-A TEA IS INDEED A GREAT BEVERAGE

Newspapermen All Join In Singing Its Praises After Being "Shown At Amarillo"

Alf-alf-a tea, the new beverage with a kick, invented and manufactured in the private still of Editor Jess Adams of Plainview, was introduced to the members of the press at Amarillo, Saturday. Fortunately Jess saved the two cases until last or there would have been more pen pushers inside the jail looking out than the four unfortunates who were pinched on a very serious charge—Canyon News.

In order to overcome the skepticism of his fellow craftsmen, J. M. Adams brought up from his home town of Plainview, two cases of that most delectable brew known as Alf-alf-a Tea of whose marvelous properties he has been telling the "gang" for more than a year past. Those "Missourians" are now convinced that this South Plains beverage, while still a substitute, is an excellent drink and there can be no doubt that its popularity in this section will increase rapidly from this on.—Southwest Plainsman, Amarillo.

Jess Adams, editor of the Plainview News, so it is said has no doubt about who got the wine at Canadian. He said after listening to Editor Loomis' poem at the Panhandle Press Meeting that he knew where some of it found its way. Jess tried to counter-act the wine by giving Loomis some Alf-alf-a Tea but Loomis was too wise and just held the bottle under a table and let the contents empty into a spittoon. That act gave us a clue to Loomis and the lost wine.—Childress Index.

Jess Adms made his promise good by taking two or three cases of "alf-alf-a Tea" up for the bunch to sample, and all seemed well pleased with the sample. There is no longer any doubt that alf-alf-a tea exists.—McLean News.

Some of the press boys are writing that Jess Adams passed off a substitute for his Alf-alf-a Tea at Amarillo. We have known Adams for several years and if there is one redeeming trait about him it is his honesty. He stands for honest government, honest officials and honesty in all dealings of every kind. We don't believe Jess Adams is guilty and don't think anyone should stoop so low as to accuse him of adulterating the beverage that has made Plainview famous.—Clarendon News.

That fellow Jess Adams of the Plainview News is a game guy. He appeared before the press association with two cases of bottled alfalfa tea, totted in Plainview from the fruit of the vine; and for a few minutes the irrigation committee was decidedly busy. Our hats off to you, Jess.—Canadian Record.

Bituminous coal production now is running short approximately 3,000,000 tons a week or about 25 per cent under present demand, according to

reports to the United States geological survey. Railroad car shortage is blamed for the short coal production.

At the conclusion of the Saturday afternoon's program, and after adjournment, Jess Adams of the Plainview News sprung his surprise, and made good his promise to prove that he had not been stalling all these months about this alfalfa tea. He had shipped to Amarillo 48 pint bottles of what he claimed to be his celebrated alfalfa tea. We all drank of it and testified to its refreshing qualities. What the stuff he brought up there contained we are all left to conjecture. No one got drunk, as it was impossible for a pint of this brew to produce the necessary intoxicating effects. It is the private opinion of the writer that this stuff Jess brought to the press meeting was nothing else but wild-cat hollow liquor. There is one thing that makes us believe this. Just before adjournment the police of Amarillo raided the convention hall and arrested four of the delegates and took them to the police station in the huldum wagon. These men arrested were Mills Johnson of the Barnhart Type Foundry, C. W. McGowen of the Western Newspaper Union, L. G. Waggoner of the Miami Chief and the fourth offending visitor we have forgotten his name. The charge lodged against them at police station was that they had gotten full of alfalfa tea the night before and pulled of a jazz dance in their rooms. How Jess escaped we did not learn. One report said that he climbed out of a window onto the roof when he heard the police coming.—Lockney Beacon.

Mr. Dodson Warns Against Use of Treacherous, Dangerous Calomel

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your drug store and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you tane calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if

WANTED ALL HE COULD GET

Elderly Passenger in Airplane Was Looking for Some Thrills for His Good Money.

Last summer Kokomo, Ind., had the usual airplane pilot who took passengers up for \$1 a minute. The pilot was approached one day by a man who was easily within earshot of eighty years. The pilot took him aboard and soared around in "straight flying." In order not to give the elderly passenger any thrills that would be dangerous to his heart action. After the customary fifteen minutes he slid gracefully to the ground and motioned his passenger to alight. The old man complied, and then walked up to the aviator.

"Say," he exclaimed, "are you a real flyer? What about Immelman turns, barrel rolls, loop-the-loops, nose dive, tail spin, falling leaf, pancake, and so on? Can you do any of those things?"

"Sure," replied the aviator, "but I did not think you cared about any of those things. They are a trifle risky, you know, and might upset your stomach."

"Well, I paid for a good ride and I expected some of those things," the passenger countered, "and I would like to get them. Give me all you got. Tumble around in the air like a porpoise in the ocean."

The aviator told him to climb aboard and he would accommodate him. He gave the passenger "all he had."

"That's fine!" exclaimed the passenger, as he climbed out of the cockpit the second time. "That's the way I like to ride!"—Indianapolis News.

VAST RICHES IN OLD MINES

Wealth Awaits Lucky Prospector Who Can Find One, Though Many Are Known to Exist.

We are all familiar with Sir Rider Haggard's "King Solomon's Mines" nor was he by any means the first to put forward the theory, though in a romance, that many old and but half-worked mines might yet await the patient toil of the searcher. Except in cases where there had been long-continued use, it is not at all improbable that there are ancient mines ready to reward the intelligent methods of today. But now in Idaho, we are told, "the lost" gold mine of the Upper Salmon river district has been rediscovered. A rich ledge had been found by two prospectors and worked by them a little; then they fell out and a Spokane policeman, who had the secret from one of them, sought the mine for 20 years; then he fell out, and now it has been found anew, to enrich the finders, for the ledge proper is said to be from four to six feet wide with a rich quartz streak that shows the gold shining in its grasp. The gold has always been there and somebody for many years has believed it to be there; it only needed to be found to add another to the romances of fact.

Fine Home for Young Singers.

Appreciative of the contribution to music made by the Paulist chorists, and desirous of giving them the opportunity to develop their art, John D. Rockefeller, Jr., has placed at their disposal as their home a fine old house and grounds on Washington Heights, New York city, known as Libby castle. The house was built 25 years ago and is now one of the landmarks of the city. Its architecture is a combination of medieval Norman and Spanish. There are 50 boys there now, ranging from ten years up to seventeen. They have been recruited from almost every state in the Union and every level of society. Together with the course in music they receive a fine academic education that prepares them for entrance into the higher schools and colleges, says the New York Times. The grounds around Libby castle also make it possible for them to get the proper physical training.

An Egress.

A Southerner recently saw at a railway station in Canada an old negro, says the Columbia State, looking helplessly about him.

"What's the matter, uncle?" he inquired. "Lost your way?"

"No, thank yuh, boss, not so you kin call it los', but I is lookin' fer a colored ooman."

"Your wife?"

"No, boss, I ain't never seen her, but I ax de gemmum at de ticket winder how you git out huyh, an' he say, 'You fin' a nigger on dat side.' And, boss, it been so long sence I seed a colored lady, I been mighty glad to know hit. An' I been goin' f'um side to side eber sence, an' boss, I cayn' fin' her nowheres."—Savannah News.

Turtle Eggs in Chow.

Boiled turtle eggs are a novelty which has been added to the mess of the United States marines on duty at the naval station at Guantanamo Bay, Cuba.

Two 200-pound turtles were captured recently by marines while sailing a small boat on the bay. When they were killed more than 100 eggs were found in each.

The egg of the turtle when removed from the body has a soft shell. The egg itself is about the size of a hen's egg. The inside resembles in taste and appearance the yolk of a hen's egg.

The eggs are boiled hard, and the shell is peeled off like the outer skin of an onion.

French War Memorials.

France was threatened with a deluge of monuments and tablets commemorating the victory of the poilu, when Clemenceau stepped to the fore and vetoed many propositions advanced by artists and persons interested from a financial standpoint. He thus saved Paris and the provincial cities from many exhibitions of gratitude perpetuated in marble, wood, stucco and plaster.

The Tourist club of France has built perhaps the most dignified memorial to the men who fought to save their country. Near the place on the Marne where in 1914 the Germans were pushed back from their march to Paris and where in 1918 the great offensive of the allies started, the Touring club chose the top of a hill and there built a chapel over the door of which are the simple words: "The Benediction of a Prayer in Eternal Remembrance."

No sir-ee, bob!

No premiums with Camels—all quality!

CAMELS quality plus Camels expert blend of choice Turkish and choice Domestic tobaccos pass out the most wonderful cigarette smoke you ever drew into your mouth!

And, the way to prove that statement is to compare Camels puff-by-puff with any cigarette in the world!

Camels have a mild mellowness that is as new to you as it is delightful. Yet, that desirable "body" is all there! They are always refreshing—they never tire your taste.

Camels leave no unpleasant cigarettey aftertaste nor unpleasant cigarettey odor! Your say-so about Camels will be:

"My, but that's a great cigarette".

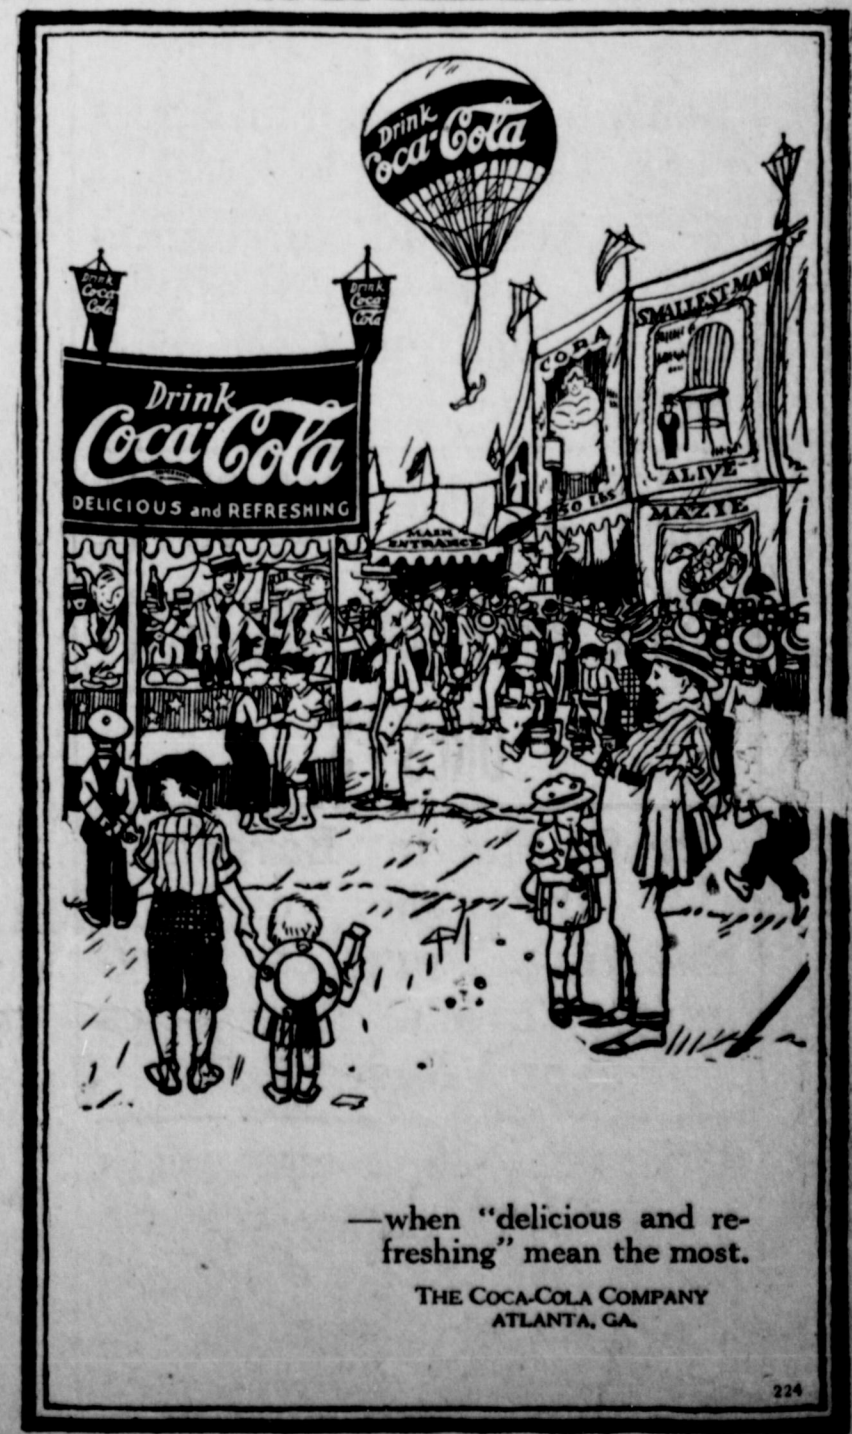

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 20 cents, or ten packages (200 cigarettes) in a glassine paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.
