## WALLER HEADS UNITED CHARITY

### ANNUAL MEETING HEARS REPORTS OF HELP EXTENDED DURING YEAR.

Mayor J. M. Waller was elected chairman of the United Charities of Plainview at the annual meeting held at the city hall Friday night. T. G. Harkey was elected vice chairman, John Lucas re-elected secretary-treasurer, and an executive committee composed of one representative from each church in the town—Baptist, John R. Rice; Methodist, Mrs. Tom Carter; Presbyterian, A. B. DeLoach; Christian, Mrs. B. H. Towery; Episcopal, Mrs. Nine McComas; Nazarene, A. C. Chambers; Church of Christ, R. M. Peace; Catholic, Mrs. C. C. Gidney; and Mrs. J. C. Terry, general.

The meeting was attended by representatives of the churches, lodges and clubs of the town, those present being W. M. Jeffus, A. B. DeLoach, John Lucas, J. M. Waller, Mrs. Tom Carter, Mrs. L. J. Halbert, Mrs. B. H. Towery, Mrs. Nine McComas, Mrs. E. Dowden, W. E. Risser, E. O. Nichols, Mrs. J. C. Terry, Mr. and Mrs. W. W. Thomson, T. G. Harkey, Mr. and Mrs. Warren Clement, Rev. H. E. Bullock and J. M. Adams. The meeting was presided over by Mr. Waller, in the absence of Elmer Sansom, chairman.

John Lucas, secretary, read the financial report of the organization for the past year, which is as follows:

Cash received from former treasurer	\$524.97
Free-will offerings and donations	151.00
Sale of 1 sack flour	1.50
Collected on note	25.00
Thanksgiving offering, 1923	22.37
Total	\$724.84
Bills paid itemized	
Ministrel expense	\$ 77.87
Coal	\$118.65
Clothing	54.71
Groceries	89.65

Bus. expense	150.00
Total	\$755.72
Cash due J. M. Waller	\$ 8.00
Cash due E. S. Sansom	31.00
	\$41.00

Cash in bank today, \$10.02. Practically all the cash received from former treasurer was from a minstrel given by home talent.

Mrs. Tom Carter, who is chairman of the visiting committee through which most of the help is extended to unfortunate and destitute people, made her report. It gave instances that were pathetic, amusing and serious; she told of having provided for eighteen or twenty widows, only one of whom has a dead husband, in the other cases the husband having deserted his wife and family without leaving them any means of support. Eight children were given over to Mrs. Carter during the year, and she provided homes for them, through

## ANOTHER SNOW COVERS PLAINS

### CROP HARVESTING AGAIN STOPPED BY HEAVY FALL OF SNOW.

The pretty weather of last week did not last long, for early yesterday morning another heavy snow begun to fall and to this morning three and a half inches had fallen, so the government gauge showed. The weather has not been cold nor is at present, and the thermometer did not get but three or four degrees below freezing.

The snow again puts a stop to harvesting of cotton and feedstuff, and also delays wheat planting, as many farmers are intending to increase their acreage planted earlier in the season.

The farmers need fair and warm weather, for there is lots of cotton and row stuff still in the fields.

However, never before was there a more perfect winter season in the ground, and the prospects for good crops next year could not be more promising. Old timers say there will be need of much more moisture to have bumper crops, with such a fine bottom season as now prevails.

The entire Panhandle and Plains is covered with snow, ranging from an inch to six inches. The snow did not extend down the caprock. Rain fell south from Plainview. The snow was heavier in New Mexico.

## OVER \$300 RAISED IN RED CROSS CAMPAIGN

### Women and Girls Sold Tags on Streets Saturday For This Worthy Cause.

A number of women and girls sold tags on the streets Saturday to raise funds for the local Red Cross chapter, and more than \$300 was secured, so Mrs. Carl Brown, county chairman of the Red Cross, informs us.

### Commissioners' Court Proceedings.

Commissioners' court was in monthly session yesterday, but practically nothing but routine matters were disposed of, including the allowing of bills and accounts.

Henry Darden having resigned as justice of the peace at Abernathy, the court appointed Geo. Ragland to fill the vacancy.

In the matter of the W. W. Laney road west of Hale Center, a jury of view was appointed, consisting of A. D. Hooper, P. H. Connally, Earl Laney, W. W. Edmonson and Frank Judkins.

### Coolidge Is a Candidate.

Washington, Dec. 9.—Announcement of the candidacy of President Coolidge for the Republican nomination for President in 1924 was made Sunday night by Frank W. Searns of Boston, who is known as his closest personal and political friend.

William M. Butler, Republican National Committeeman for Massachusetts, also a close personal and political friend of Mr. Coolidge, it was stated, will act as the President's personal representative in the campaign.

## Woodmen of World Elect Officers

J. H. Johnson again heads the local lodge Woodmen of the World as consul commander, and the following other officers were also re-elected at the annual election held Thursday night: E. J. Morehead, banker; S. S. Sloneker, clerk; J. H. Myrick, escort; C. A. Cantrell, N. B. Mayhugh and J. P. Carrington, camp physicians. New officers are Jas. A. Dunham, advisory lieutenant; Wm. H. Baughan, watchman; Ben D. Mitchell, Jr., sentry; H. E. Skaggs, auditor.

A joint installation of W. O. W. and Woodman Circle officers will be held the first meeting night in January, and a committee composed of L. D. Griffin, E. J. Morehead and A. C. Cantrell will co-operate with the Circle committee in arranging for same.

After the business session the members went to the Busy Bee cafe, where refreshments were served.

### Mexican Revolution Continues.

The Mexican revolution continues, and the insurgents have gained several victories in the country adjacent to Vera Cruz, and here and there elsewhere trouble has been caused. But, Oregon is sending an army of 25,000 soldiers out and it is likely he will put down the trouble within a short time.

adoption or otherwise, as their mothers could not support them. She said it is hard to get work for people of the class that comes within the care of the United Charities, as they are usually incompetent, and do not know how to do things; many are trifling, others are fakirs or deserve no help; some expect the people to keep them up and complain because not enough is given to them. Many cases, however, are worthy and it is the duty of the people of this community to contribute to their assistance. Three sad cases of tuberculosis were found during the year; these were in crowded homes, too. She said very often the churches interfered with the work of the United Charities by duplicating work through spasmodically giving too much to some of the families cared for. She declared that as the United Charities is composed of representatives of the churches it would be better to let it attend to all charity matters that come into its hands. It is alright for the lodges and the people to carry such Christmas and Santa Claus gifts to the poor as they desire, as the United Charities does not handle Christmas matters.

Mr. Waller told of the history of the United Charities, which was organized in the winter of 1917 to take care of the flu epidemic, and of the good work it has done since then.

Mrs. Carter, who gives her time freely to this work, told of plans for the coming year. A home talent minstrel will be given under the management of Matt Cram some time in January, and maybe five or six hundred dollars will be raised. The people will be permitted to also contribute through a tag day to be fostered soon.

## W. G. HARDING MEMORIAL

### FUNDS ARE SOLICITED IN HALE COUNTY FOR THIS CAUSE.

H. E. Skaggs has been appointed by the State Chairman, Hon. Eugene Nolte, as county chairman of Hale county, to organize the county, and to see that Hale county makes her usual good record, in all worthy causes, by contributing liberally to the Harding Memorial Fund.

Those who wish to contribute before being called upon by the committee may do so by leaving their contribution with either of the following named gentlemen: E. J. Morehead, First National Bank; Carl Goodman, Guaranty State Bank; Harry Fritz, Third National Bank.

The following named persons have been appointed as committeemen to solicit funds:

Plainview: Guy Jacob, Tom Shelton, W. E. Risser, Geo. Keck, F. M. Daugherty, Carl Rosser, Mrs. Carl Goodman, Mrs. Ola Legg, and Mrs. Braddy.

Hale Center: Dr. S. J. Underwood, Robt. F. Alley, Nelson Akerson and E. B. Rosser.

Abernathy: A. G. Gilbert, Fritz Struve and Mrs. Minnie Stambaugh.

Runningwater: Fred Watson, Bob Tarwater, and R. E. Dennis.

Halfway: Dick Hooper, M. C. Cornelius.

Petersburg: A. S. J. Martin, and E. B. Shankle.

Please report funds collected to either the County Chairman, H. E. Skaggs, or either one of the committeemen at the banks of Plainview.

It is useless to dwell on the qualifications of our late President Warren G. Harding, as you are all familiar with them. This work is non-political, says Mr. Skaggs. "Do your duty, and let's show to the world that we all appreciate the exalted character and usefulness of our deceased President. The drive extends from Dec. 9th to Dec. 16th, inclusive."

### Canyon Planting Plainview Trees.

The commercial club and Canyon normal college have placed orders with Aylesworth's nursery in Plainview for many shade trees, to be planted on the college campus, along the streets and about residences in that city. The varieties are ash, honey locust and Carolina poplars.

The trees were bought at a reduced price and the Canyon commercial club is selling them to people at cost.

### Thousand Bales at Petersburg.

Commissioner N. M. Sell of Petersburg was here yesterday attending the session of the commissioners' court. He stated that up to Saturday the gin at Petersburg had turned out one thousand bales of cotton.

The gin caught up with the rush during the snowy weather of week before last, but another rush came on with pretty weather last week. The present snow stopped things again. If continued fair weather could obtain for a few days the gin would be again swamped as there is much cotton yet to be picked.

T. J. Vines, cotton buyer at Abernathy, spent the week-end here with his family. To Saturday the Abernathy gins had turned out 1218 bales, and it is estimated will get four or five hundred more bales.

### Quannah Newspaper Man Here.

Mr. and Mrs. W. S. Foster and baby of Quannah are here visiting Rev. L. W. Williamson and family.

Mr. Foster has been publisher of the Quannah Times until a few days ago, when he sold the business. He says the rains have put a fine season in the ground in the Quannah section, and prospects for good crops next year are fine.

The Fosters are in a car and will go to Waco as soon as the weather permits traveling.

### School Will Dismiss Dec. 21st.

The public schools of Plainview will dismiss Friday, Dec. 21st, for the holidays.

About thirty pupils will be promoted from the grade schools after Christmas, which will likely cause the employment of another teacher, as there will then be more than 450 students in high school.

### Olton Gin Running Full Time.

The new gin at Olton is now running full time, and had to Saturday night ginned more than two hundred gales, with about four hundred more bales piled up near the gin. The estimate is that between 750 and 1,000 bales will be handled this year. Cotton has come to Lamb county as a staple crop.

## WILL BRING 3 JAP FAMILIES

### JAP REPRESENTATIVE IS WELL PLEASED WITH PLAINVIEW TRUCK GROWING.

Three Japanese families will move to Plainview soon after Christmas and engage in truck growing on the Texas Land & Development Co. demonstration farm just east of town. They will at first grow ten or twelve different varieties of products. D. C. Aylesworth will market their products.

E. Tsutsumi, fruit grower and shipper of Belen, N. M., was here Friday and Saturday, as a representative of the Japanese, and at the invitation of the Chamber of Commerce, to inspect the Plainview shallow water irrigated district for the purpose of reporting to Japanese who wish to come here and engage in truck growing. He was taken by representative citizens to the truck farms, nursery and irrigated fields about Plainview, and was told what had been raised, and what the yield usually is. He saw the growers harvesting some of their truck crops. Mr. Tsutsumi declared he was well pleased with what he saw—and he certainly made a thorough investigation, for he is an expert in soils, water, etc.

It was arranged that the T. L. & D. Co. would lease to three Japanese families thirty-five acres of irrigated land on the demonstration farm. Three sets of houses and improvements will be erected, the land covered with fertilizer and water provided from one of the big irrigation wells nearby.

It is the opinion of most local people that the coming of Japanese truck farmers will prove an epoch in the development of the Plainview irrigated district, and that from the small beginning in a few years thousands of carloads of truck will be shipped out each season, and that great prosperity will result, and land values advance to high levels.

Mr. Tsutsumi bore letters of recommendation from Herman Blueher of Albuquerque, N. M., owner of the Grant building in Plainview, and one of the most successful commercial truck gardeners in the intermountain country.

County Attorney Seriously Shocked.

County Attorney Frank Day is a very modest young man. He is not hard-boiled nor thick-skinned like most of the other county officials.

One day last week a negro woman was brought before him on some sort of a charge and a fine was assessed. She asked the amount and Frank informed her, whereupon she pulled her skirt up above her knees, took some money out of the top of her stocking and started to hand it to him, but he had shielded his eyes with his hands and rushed out of his office into the corridor—at least that is what Deputy Sheriff Geo. Sturdevant says.

### Killed Six Deer.

Bob Horne returned Friday from a two weeks' visit at his parental home in Kerrville. While away he spent a week on a deer hunt in the mountains near Kerrville, and the party killed six deer.

Bob made the trip in his car and says there has been an abundance of rain everywhere and a fine season in the ground. The sheep and goat raisers are all prosperous.

### Santa Fe Should Extend.

Plainview, Lockney and Floydada should get busy with Fort Worth and see what could be done about an extension of the Santa Fe from Floydada to Fort Worth. We are of the opinion that when a railroad is built from the Plains direct to Fort Worth the Santa Fe will do the building. Why not let the Santa Fe know that we expect them to build and give them all the aid we can.—Lockney Beacon.

### Mails Were Delayed.

Mr. and Mrs. C. H. Buttolph of Dimmitt are here visiting their daughter, Mrs. Lockhart.

Mr. Buttolph says Dimmitt was cut off from mail service from Tulsa for nearly two weeks during the snow storm just before Thanksgiving.

### Former Plainview Woman Dies.

Mrs. C. F. Hendrix died in Amarillo Saturday. She was a daughter of J. K. Hall, and formerly lived in Plainview.

Mr. and Mrs. F. W. Hendrix went to Amarillo Sunday to attend the funeral.

### Visits From the Stock.

W. M. Whitesides, Plainview, Dec. 7, girl; named Billie Louise.

## COOLIDGE IS HEARD BY UNSEEN AUDIENCE

### Hearers Over Radio Exceed in Number Those Addressed By Any Other Man.

Washington, Dec. 6.—The unseen audience, extending to even the remotest country crossroads, which listened to President Coolidge as he read his first message to Congress, probably exceeded any that a speaker ever before addressed.

From the tiny microphone on the reading desk in front of him, the President's voice was carried out over the wires and broadcast from eight power stations at various points in the country.

While the message was being read telegrams were received in the House press gallery from Kansas City, St. Louis and Dallas reporting that every syllable was being heard by great crowds gathered around loud speakers. St. Louis asked about the peculiar scratching noise that was heard every few minutes. It was found to be the turning of the stiff parchment sheets on which the message was printed.

Coolidge read in a slow, deliberate voice which could be heard easily all over the large hall of the House. His voice was pitched in a monotone. His enunciation was precise and when he desired to emphasize a phrase he slowed down instead of raising his voice.

It was as a business man laying a series of propositions before his board of directors that Coolidge went before Congress.

There was none of the appeal for party loyalty and government by parties which was so prevalent in President Harding's messages. Neither was there the lofty appeal to high statesmanship which Wilson made so eloquently. Coolidge was all business.

This attitude accounts in part for the comparative mildness of the applause. His rejection of the League of Nations brought a good hand, but his indorsement of the world court evoked only scattered applause and scarcely any from the Senators. The same was true of his rejection of the bonus. His recommendations on prohibition and railroad legislation went by without any recognition.

## Airplanes Chase Wild Geese Over Plainview

Sunday afternoon while the two airplanes were doing stunts over East Plainview a flock of wild geese flew high over the aviation field. The air planes gave chase to the fowls, and soon flew among them and caused them to break ranks. The fowls flew this and that way trying to escape the monsters that were after them. One big goose was gotten away from the flock and one of the planes chased him for quite a while. It was an interesting sight.

### High School Notes.

Basketball practice is in full blast and Coach Allen is pleased over our prospects for a winning team this year. Practice is at the city auditorium.

The seniors are making another order for class rings. The few that were ordered at first are popular, as they are good rings.

The Euglos of Wayland and high school will have a combination program Christmas.

The Euglos of Plainview high school gave a "kid party" at the high school Friday night.

The Philo Society of Plainview high have elected their new officers for the next term. They are, Willis Coleman, president; Maurine Cantrell, secretary; W. F. Smith, vice president, and Everett Lowe, sergeant-at-arms.—Reporter.

### Plainview Poultry in Amarillo.

Several Plainview poultry fanciers had prize winning chickens at the Amarillo poultry show the past week, among them being A. A. Hatchell, Buff Plymouth Rocks and Buff Orpingtons; Chas. Davis, Partridge Wyandottes; Ed Morehead, Barred Plymouth Rocks, and J. T. Hatch, White Leghorns.

### Mrs. Northcutt's Father Dies.

Mrs. I. T. Northcutt, son and daughter returned Sunday from Comanche where they had been at the bedside of her father, Rev. Jasper Creamer, who died Monday of last week.

### Chicken Show Begins Thursday.

The annual West Texas Poultry Show will begin Thursday. The coops are now being arranged in the municipal auditorium, where it will be held, and entries are now being received.

## HEARING T. P. G. PETITION ENDS

### TESTIMONY ON PROJECTED ROAD IN WEST TEXAS GOES TO I. C. C.

Austin, Dec. 6.—After nine days of strenuous work, the hearing was finished late Thursday on the application of the Texas Panhandle & Gulf for a certificate of public necessity and convenience to build from Tucuman, N. M., to a connection with the Gulf, Texas & Western at Seymour, acquire that property and extend it to Fort Worth, or obtain trackage rights from it into Fort Worth. The record is a voluminous affair and goes to the Interstate Commerce Commission, which finally passes upon the question. No recommendation is made by the Texas commission, as none was requested.

An air of mystery surrounds the matter, intensified by the refusal of the proponents to divulge their financial plans at this time. This revived the surmise that some large system is behind the proposition and does not expose itself because it would invite its competitors to get into the field at once and also of landowners to raise prices for the right of way and terminal grounds.

This was further suggested by the absence of the Rock Island and Santa Fe systems, while the Burlington and the Frisco, through the Quanah, Acme & Pacific, are on the ground contesting vigorously the certificate and, in fact, constitute the only opposition to it. Recently, at Dallas, President Storey of the Santa Fe asked Dallas citizens how they would like a direct line of the Santa Fe. This extension, if made from Trinidad, Colo., would occupy the identical territory projected by the Texas Panhandle & Gulf. This is regarded as being highly significant.

At the late Washington conference on Southwestern grouping, Commissioner Splawn developed the same situation, objecting to the Santa Fe taking over the Denver from the Burlington, but insisting that it logically should build across the Texas Plains from Trinidad. The Santa Fe officials appeared interested sympathetically at the time and Thursday Mr. Splawn asked many questions to show the desirability of this extension and the shortening of the mileage, as well as the opening of a large new area in the South Plains.

### Cotton Has Great Decline.

The price of cotton slumped over 1c a pound Saturday, following the final estimate of the government, and it slumped again 135 points yesterday.

The price for middling cotton in Plainview today is 30c lb.

There is practically no cotton coming in since the snow begun to fall, nor will there be any for several days. To Saturday about 2,300 bales had been received in Plainview. Nearly six thousand bales have been ginned in the county.

### Marriage Licenses.

Floyd Daniel and Miss Mary Jones, Dec. 10. They live in Floyd county and were married here by Justice E. A. Young.

Jesse Zimmerman and Miss Jessie Marie Workman, Dec. 8th. He lives just over the line in Floyd county, and she is a daughter of Mr. and Mrs. C. A. Workman of Plainview.

Lloyd L. Jones and Miss Alice J. Anderson, Dec. 8th. They live in Floyd county and were married here.

## WANT TO PAVE F. F. F. HIGHWAY

### PROPOSE TO HARD SURFACE THE ROAD THROUGH FLOYD COUNTY.

A. B. Brown and Zack Riley of Lockney and Mayor Frye of Floydada were in Plainview Friday.

They stated that a very active movement is being promoted in Floyd county looking to the paving of the F. F. F. highway through Floyd county, from the Motley to the Hale county line. It is proposed to issue several hundred thousand dollars worth of bonds, get twice as much more from the federal and state highway funds, in order to finance the project. The state would maintain the road after its improvement.

They urge that Hale county join them in the matter, by also paving the F. F. F. highway through this county.

The road from Lockney to Plainview should be straightened, so they say, and run along the railroad the entire distance.

"This day I will speak no ill of any man" is a powerful good resolution to roll out of bed with every morning.

Whenever you find a fellow standing on his constitutional rights, it is generally a safe bet that he means he is hiding behind the constitution.

An advertisement says: "That hollow cough is dangerous." It certainly is. It indicates that the gas tank is empty.

When nations are as willing to make as many sacrifices for peace as they make in time of war the world is going to be alright.

Under our present system of permitting the issuance of tax-exempt bonds, coupled with heavy income tax, both the government and industry lose.

It is said persistency usually wins, but as yet no one has succeeded in knocking a train off the track with a speeding flivver, but they are still trying. The nerve is good, but the judgment is durned poor.

No matter what's in store for you, you'll get to the end of the road some day—and the rest will be all the sweeter because the road was long and had rough places along it.

A scientist has estimated that a bee has to make 2,000,000 visits to a flower to make a pound of honey. This seems to answer very satisfactorily the question, "How doth the little busy bee?"

Lloyd-George "came back" in the British elections of last Thursday, and is now dictator of who shall become premier, and which party shall rule. He is one of the outstanding statesmen of the world. He held the rudder of the ship of state during the war.

Down at Wichita Falls Friday an Iowa Park banker was tried on a perjury charge, he having sworn he was elsewhere after having been identified as a member of a mob that recently flogged a man. The banker was acquitted and there was a wild demonstration and applause in the court room. Is the mob taking charge of the court houses of late months?

You can travel this country over, and wherever you go you will always find plenty to say prices in the town they happen to be living in are higher than any place else in the world. It's all bunk, all rot, and all being said just because they have heard some one else say it. Nationally advertised and standard goods are the same price everywhere, and if one wants the most and best for the money being spent, that's the sort of goods they will call for. Of course, if they prefer being stung—paying more and getting inferior goods, then, in a measure, the oft repeated assertion holds good.

The Farm-Labor Union at its convention in Dallas last week set in motion a purpose to raise \$100,000 as a campaign fund to be spent in the state campaign next year, to further its interests. Efforts will be made to elect a governor and dominate the state legislature. Next year's campaign promises to be most exciting and bitterest one waged in Texas since Coke ousted the carpet-baggers. With the Farm-Labor Union, Ku Klux, Jim Ferguson and other elements, in addition to the natural ambitions of the candidates, politics will be red-hot. But, a man is a yellow-streaked fool who gets mad at his neighbor over politics.

The only countries that now owe Uncle Sam upwards of a billion dollars unfunded are France and Italy. Their combined debt to this country is a little under six billions. The total debt of the European allies to the United States amounts to \$11,328,066,747. An additional \$1,500,000,000 of interest overdue on these debts, makes the grand total nearly \$13,000,000,000. This is about \$116 for every man, woman and child in the United States. In continental Europe, France leads our debtors with a trifle under 4 billions. The debt of the United States, if these obligations were met, would be reduced more than a third. Uncle Sam should insist that France and Italy begin paying their debts.

A very formidable revolution is in progress in Mexico. The editor of the News met one or two of these revolutionary leaders while in Mexico a couple of years ago. At that time de la Huerta and his supporters were a part of the Obregon government; now they are trying to stab the president in the back. Obregon is half Indian and half Irish; he is a man of blood and iron, and we are predicting that he will soon put down the revolution, and that the leaders will be stood up beside a stone wall and shot to death. Viva la Obregon!

### MUST REDUCE TAXES.

For seven years the people have borne with uncomplaining courage the tremendous burden of national and local taxation. These must both be reduced. The taxes of the Nation must be reduced now as much as prudence will permit, and expenditures must be reduced accordingly. High taxes reach everywhere and burden everybody. They bear most heavily upon the poor. They increase the rates on transportation. They are a charge on every necessity of life. Of all services which the Congress can render to the country, I have no hesitation in declaring this one to be paramount. To neglect it, to postpone it, to obstruct it by unsound proposals, is to become unworthy of public confidence and untrue to public trust. The country wants this measure to have the right of way over all others.

Another reform which is urgent in our fiscal system is the abolition of the right to issue tax-exempt securities. The existing system not only permits a large amount of the wealth of the Nation to escape its just burden, but acts as a continual stimulant to municipal extravagance. This should be prohibited by constitutional amendment. All the wealth of the Nation ought to contribute its fair share to the expenses of the Nation.—President Coolidge's Message.

### PROHIBITION.

The prohibition amendment to the Constitution requires the Congress and the President to provide adequate laws to prevent its violation. It is my duty to enforce such laws. For that purpose a treaty is being negotiated with Great Britain with respect to the right of search of hovering vessels. To prevent smuggling, the Coast Guard should be greatly strengthened, and a supply of swift power boats should be provided. The major sources of production should be rigidly regulated, and every effort should be made to suppress interstate traffic. With this action on the part of our National Government, and the co-operation usually rendered by the municipal and State authorities, prohibition should be made effective. Free government has no greater menace than disrespect for authority and continual violation of law. It is the duty of a citizen not only to observe the law but to let it be known that he is opposed to its violation.—President Coolidge's Message.

More than 17,000 bales of cotton have been ginned in Lynn county.

### Bible Thoughts for the Week

**Sunday.**  
NO MORE FEARS.—Thou shalt not be afraid for the terror by night; nor for the arrow that flieth by day; nor for the pestilence that walketh in darkness; nor for the destruction that wasteth at noonday.—Ps. 91:5, 6.

**Monday.**  
WHY WILL YE DIE?—Cast away from you all your transgressions, whereby ye have transgressed: and make you a new heart and a new spirit: for why will ye die, O house of Israel? For I have no pleasure in the death of him that dieth, saith the Lord God: wherefore turn yourselves, and live ye.—Ezek. 18:31, 32.

**Tuesday.**  
A SUN AND SHIELD.—The Lord God is a sun and shield: the Lord will give grace and glory; no good thing will he withhold from them that walk uprightly.—Ps. 84:11.

**Wednesday.**  
MAN IS GOD'S IMAGE.—And God said, Let us make man in our image, after our likeness: and let them have dominion . . . over all the earth . . . So God created man in his own image, in the image of God created he him; male and female created he them.—Gen. 1:26, 27.

**Thursday.**  
ALL THINGS POSSIBLE.—Jesus said unto him, If thou canst believe, all things are possible to him that believeth.—Mark 9:28.

**Friday.**  
HOW TO CONQUER AN ENEMY.—When a man's ways please the Lord, he maketh even his enemies to be at peace with him.—Prov. 16:7.

**Saturday.**  
RIGHTEOUSNESS BRINGS PEACE.—The work of righteousness shall be peace; and the effect of righteousness, quietness and assurance for ever. And my people shall dwell in a peaceable habitation, and in sure dwellings, and in quiet resting places.—Isa. 32:17, 18.

England has a more democratic and representative government than the United States. Whenever a paramount question arises the ministry goes before parliament for a vote on it, and if this is not decisive all members of parliament resign and an election is held within a few days, so as to get an expression from the people. Whenever the cabinet or ministry is not in harmony with parliament or the people it resigns at once. When a new parliament is elected it convenes at once, and carries out the wishes of the people; in the United States a new congress does not meet for thirteen months after its election.

### ALLIED DEBTS.

The current debt and interest due from foreign Governments, exclusive of the British debt of \$4,600,000,000, is about \$7,200,000,000. I do not favor the cancellation of this debt, but I see no objection to adjusting it in accordance with the principle adopted for the British debt. Our country would not wish to assume the role of an oppressive creditor, but would maintain the principle that financial obligations between nations are likewise moral obligations which international faith and honor require should be discharged.—President Coolidge's Message.

### FREE TRADE WINS.

The principal issue in the British elections last week was supplanting free trade with a tariff—and though the tariff side was supported by the Conservative party under the leadership of Prime Minister Baldwin, it was defeated, the Conservative party lost its power and Baldwin steps down.

Tariffs are doomed in England. During the past fifteen or twenty years there have been several efforts to supplant free trade with a tariff, but in each instance it has met with defeat. The British are thoroughly wedded to free trade, it seems.

We have always contended that America should have free trade, and that all tariffs should be abolished.

A tariff of any kind is a special privilege to those who profit by it, and a burden to those who pay it.

A tariff is in effect as if the government held a pistol at the head of the consumer while the manufacturer or other beneficiary rifled his pockets.

A tariff of any sort or fashion is absolutely indefensible.

### MIGHT MAKE 'EM PAUSE

Word comes from Washington that our foreign debt commission is about ready to remind the foreign governments that owe us that Christmas is near, and we need the money.

To be sure the reminder will not be of a pressing nature, nor will it be as important as that of the Merchant of Venice to his debtor, for this government has no will to apply the screws to the people with whom we fought side by side so recently.

Still we have a perfect right to demand repayment of these debts, and especially so if European nations continue sinking enormous sums in standing armies and other war trappings, which are far beyond their means.

It might be a brusque demand for payment of the debts will result in nothing but cause them to pause and consider, and if it accomplishes only that, it will be worth it, for it will show them they are now indulging in nothing but vicious child's play.

And it might be the demand will wake the people up, if it gets to them, and if they are awakened, possibly a cleaning out of alleged "diplomats" will result—and that is something which would be worth while.

The Dallas News is having a great time poking gibes at the grand jury for not returning indictments against those who recently took a man out and flogged him. It seems that most everybody in the county knows who the guilty parties are except the grand jury, and that some invisible force is keeping it from returning indictments. The victim has identified a member of the grand jury as one of the mobbers.

### SYNOPSIS OF THE MESSAGE

#### PRESIDENT'S RECOMMENDATIONS AS MADE IN MESSAGE TO CONGRESS.

Recommendations made by President Coolidge to Congress include:  
Adherence to policy of refusal to ratify covenant of League of Nations.  
Establishment of permanent court of international justice with reservations indicating refusal to adhere to League of Nations.

Extension of aid to Russia; withholding of recognition until that Nation returns to "ancient ways of society."

Noncancellation of debts and interest due from foreign Governments.  
Immediate reduction of taxes and abolition of right to issue tax-exempt securities.

Adequate merchant fleet, operated as now by the Shipping Board, until it can be disposed of advantageously to private interests.

Resumption, in a moderate way, of public improvements.  
Consolidation of railroads and reorganization of freight rate structure.

Appointment of a commission to revise Federal statutes; provision for additional judges; appointment of a commission to simplify Federal Court procedure; prison reforms; two independent reformatories, one for women and one for young men; creation of bureau of criminal identification.

Strengthening means for enforcing Federal prohibition.  
Strict antilynching law and creation of a commission to study the negro problem from industrial and economic angles.

Maintenance of civil service and its extension to include first, second and third-class postmasters and field forces for prohibition enforcement.

Annual appropriation of \$5,000,000 for public buildings in Washington.  
Regulatory legislation covering aviation, radio interference, loading of ships, Alaskan fisheries and revision of Federal Trade Commission procedure.

Strengthening of both army and navy; more airplanes and more submarines; perfection of defenses of Panama Canal.

Child labor and minimum wage amendments to Federal Constitution; creation of department of education headed by a Cabinet member.

Restriction of immigration by selection at the source; immediate registration of all aliens in this country.

Adequate care of veterans of wars; enlarged hospitals for veterans; but he opposes granting of a bonus.

Creation of a commission to act in emergencies to prevent coal famine and enactment of legislation to increase coal supply and make it constant.

Reorganization of Government departments as proposed by joint committee, with exception of consolidation of War and Navy Departments.

Relief for farmers by enabling the farmers to aid themselves.  
Sale of Muscle Shoals with condition that it be used in production of cheap fertilizer for American farmers.

Federal relief for reclamation work.  
Continued Federal aid for highway construction and reforestation.

Maintenance of the Monroe Doctrine with a broader vision as to its application.

### PRESS COMMENT.

It was charged in a neighboring newspaper that only those without children in the public schools were opposed to the free textbook law. This is not the case. School men are uniformly against the law, and the school men are in position to best understand the meaning of "free" textbooks. The press of Texas is practically solid in opposition to the "free" textbook law, because the editors realize the fallacy of the act. Texas let a cog slip when the people were induced to vote for the law, and we were one who approved it at the time. The "free" proposition has turned out to be a very expensive proposition for the state, and will likely get worse from year to year.—Canyon News.

#### Southeastern Grain Rates:

The Interstate Commerce Commission has issued orders putting into effect December 9th, 1923, the new rate scale on grain shipments between points in West Texas and the Southeastern States.

The reductions in this tariff range from 5c to 23 1-2c per 100 pounds, which we hope will enable our dealers to get back into the Mississippi Valley and the Southeastern trade.

Come to the News and take a look at our Christmas cards and see if you don't think they are just about the handsomest you ever saw. They are not expensive.

## \$3,000 INCOME 25-ACRE FARM

**KANSAS MAN MAKES MORE THAN OTHERS ON 160 ACRES.**

By M. N. Beeler in Kansas Farmer.

Can you imagine the scorn with which men who count their land holdings by the section would view a 25-acre farm? Then you have some idea of the fun neighbors of Sam Robins had when he announced his intention to truck farm his small tract. They said that gardening was a job for women and small boys. Robins says his experience indicates the work is too heavy for boys and they cannot be depended upon. Furthermore he says running a truck farm is a mighty good business for a man. He is turning off a greater volume of business from his 25 acres than many farmers get from a half section and his profits are as big and maybe a great deal bigger.

They no longer laugh at him in Cimarron County and Gray County now, and his fellow members have elected him president of the local farm bureau.

"With the schooling I have, I do not know where I could get a job that would pay me \$3,000 a year," said Robins one day in the spring. "A young fellow with only a high school education couldn't earn that much in the city or if he did, he'd have to spend a large part of it for living. On this little truck farm, I have had an income of \$3,000 for my labor and my living expenses have not cost me a great deal."

"But when I announced my intention of starting a truck farm, folks around here laughed. They said gardening was a job for the women folks and little boys. I found it a man's job, and I have turned off a volume of business equal to that of a good many farmers who had 320 acres of wheat."

"I undertook truck gardening because it seemed less hazardous than wheat. There was a good market for vegetables and I had a small piece of land that was well adapted to their production. If I went into wheat farming I would need a great deal more land and a lot of expensive equipment. On this tract of 25 acres I decided I could do all the work myself, and thus sell a maximum of my own labor. In wheat farming I would be idle nine months of the year and would sell a minimum of my own labor with the crop. You see it takes a world of hired help to prepare the seedbed, sow, harvest and thresh a crop of wheat."

Robins has a battery of three wells with which he irrigates the tract. He uses a centrifugal pump for elevating the water to the surface. He trucks all his produce to Dodge City, where he finds a ready market. Twenty-one acres of his land is devoted to garden crops and 4 acres is seeded to Sudan grass for his two Holstein cows. He also has a couple of brood sows whose litters consume waste products and provide family meat.

Last summer he grew 14 acres of Big Stem Jersey sweet potatoes and harvested 3,400 bushels of first class potatoes from the tract. This year he has a succession of potatoes planted so that the harvest season will last longer. The first planting, or early ones, he expected would be ready August 15. Other vegetables are asparagus, rhubarb, tomatoes, beans, peas, lettuce and similar crops. His plan is to keep his land busy. As soon as one vegetable is matured and harvested, he plants another. In this way the turnover is increased and he gets two and three crops of quick growing vegetables from the same land in a season. Failure is practically unknown since he depends upon irrigation for moisture. The land is exceptionally fertile and he is taking good care of it.

"More and more farmers along the Arkansas will adopt different methods as wheat failures increase," Robins remarked. "In the future more vegetables will be grown and there will be dozens of small truck farms, such as mine, along the valley. The land is well adapted to vegetable growing and there is an unlimited market right here at home. This territory is too far from the usual sources of truck to get a fresh supply daily. Consequently the only way the people can get it is for farmers to grow it."

"This land at \$200 an acre is too expensive for the extensive type of farming that is practiced in growing wheat. As its value increases farmers will have to turn to something that will give better returns. Of course they can grow spring crops under irrigation, but for a good long time there is a bigger opportunity in producing vegetables."

Robins said he tried single cropping with wheat once and went broke. He was able to see the light after that demonstration and sought something that was safer. He says that his production costs are rather high, especially with the amount of intensive labor, and the irrigation plant and the manuring that is necessary, but at that he has a safer proposition than if he were growing wheat. He need have no hesitancy in following the practices that will give best returns, for his artesian wells insure plenty of moisture for a crop. He has been truck farming since 1920.

### PLAGUE EFFECTIVE

State Health Officer Commends Work of Texas Health Association.

Dr. W. H. Beazley, State Health Officer, interviewed recently in his office at Austin, said, "I am glad to endorse the work of the Texas Public Health Association in its campaign to reduce tuberculosis in Texas. This Association, during the past several years, has actively co-operated with the State Board of Health in many important matters. Their informational campaign regarding tuberculosis and the need for tuberculosis hospitals in the various counties in Texas, together with the Modern Health Crusade, which is teaching thousands of children health habits, is a most effective and useful adjunct to the State Department."

"Tuberculosis, throughout the United States, has been reduced during the past nineteen years over 50 per cent. This means that every man, woman and child, living today, will live two and one-half years longer than he would had tuberculosis continued as it was in 1904 when the death rate was 202 per 100,000. In 1921 the tuberculosis death rate was 99 per 100,000."

"The Texas Public Health Association, is incorporated under the laws of the State of Texas, as a charitable and eleemosynary institution and is supported entirely by the Tuberculosis Christmas Seal Sale. I hope that the citizens of Texas will see to it that the Texas Public Health Association is better financed this year than ever before, in order that the campaign against tuberculosis may be continued even more effectively than in the past."

### Abilene Defeats Amarillo.

Abilene, Dec. 8.—The Golden Sandstorm team of the Amarillo High School assumed a funnel shape for a few minutes here Saturday afternoon and threatened to wipe out the Abilene Eagles, but the Eagles soared above the momentary storm, bared their talons and swept the Sandstorm back across the great Staked Plains for a complete and devastating defeat. The score was 48 to 0.

With the game went the Interscholastic League title in Districts 1, 2, 3 and 7, and Abilene enters the semifinals for the State title.

The Sandies fought gamely throughout, but could do nothing with the superior teamwork and brilliant individual playing of the Abilene team.

### Christmas Motif Used at Bridge Party.

One of the prettiest parties of the season was that on Friday afternoon when Mrs. B. Thomas was hostess to the Oreades Bridge Club. The rooms were beautifully decorated with Christmas poinsettias and holly festoons, and the lights were shaded with the Christmas colors. The poinsettia flower was also featured in tally-cards and in the salad course which was served at the close of the afternoon by the hostess.

High score for the afternoon was won by Mrs. Paul Barber, for the club members, and tied by Mrs. Paul Pierson and Mrs. Otis Shropshire, for the guests.

The guests of the club were Mesdames R. E. Meyers, Philip Flamm, Sam Curry, J. L. Nisbet, Paul Pierson, and Otis Shropshire of Duncan, Oklahoma.

## CHURCHES

### Will Preach at Christian Church Next Sunday.

Elder S. J. Shettleworth and Elder Jasper Bogue, district evangelist, are making a tour of the Plains Christian churches, and the former will preach at the Christian church in Plainview Sunday morning at 11 o'clock. He is said to be a very able preacher. A cordial invitation is extended to everybody to hear him.

### Baptist Church Notes.

Last Sunday the pastor preached at both hours to good crowds. At the night service there was one profession of faith and six additions to the church.

Next Sunday's services as usual. Sunday school at 9:45, Junior B. Y. P. U. s at 3:30, Intermediate B. Y. P. U. s at 6:30, Senior B. Y. P. U. s at 6:30. Young people are urged to attend these services. Preaching services at 11:00 and 7:30. A quartet will sing at night and other special music will be arranged for the morning.

At the night service the pastor will say some very plain things about the desecration of the Sabbath by the airplane circus last Sunday. Don't miss his talk.

Prayer service Wednesday, 7:30. — Harlan J. Matthews, Pastor.

### Church of the Nazarene.

A. W. Luckett of Coleman visited his brother-in-law, R. W. Magill last week.

Riley and Barlie Foster entered school Monday.

The boys of our school are very proud of their manual training work which was begun last week.

Our H. E. C. C. girls are beginning their basket making this week.

We thank the trustees for the work they did on our yard and school grounds, in general, last week.

### SUNSHINE.

Dec. 5.—Walter Coffey and family drove to Lubbock Saturday to visit relatives. They returned home Sunday.

Vernon Boyd visited home folks during Thanksgiving holidays.

Mr. and Mrs. Hobby Thomas spent the week end in Hale Center visiting J. E. Cox and family and Mr. and Mrs. Ivey Moon.

Ed Cunningham who has been visiting his sister, left Thursday for his home in Wichita Falls. Mr. Cunningham has charge of an insane asylum and just had a fifteen days' vacation.

There was no Sunday school Sunday on account of the bad weather, but we hope to have it this Sunday.

Several of the Center Plains boys and some from our community went on a coyote hunt Sunday but were not successful.

Mrs. Ellice Givens of Olton visited her mother, Mrs. McClain last week.

### ABERNATHY.

Dec. 6.—Mrs. Ernest Goeth of Abilene, spent last week-end visiting relatives and friends here.

Mrs. W. E. Patty of Plainview is here visiting her sister, Mrs. Isdale. Mrs. Patty helped us out in our Thanksgiving program by singing a special solo.

Mrs. Jack Nettles of Meadow and son, are visiting in the home of E. H. Crow and family for a few days.

O. N. Crow of Plainview was in town the early part of the week to attend the funeral of his sister, Mrs. D. O'Neal.

C. C. Donnell of Oklahoma came in last Friday to visit his father, C. E. Donnell and his sisters, Mrs. H. D. Smith and Mrs. W. A. Richter, for several days.

Mr. Heath of Frost, Texas, is among us this week looking after his mother's interests here. She owns a quarter section of land which joins the town section on the south. At present it is being farmed by Mr. J. M. Fields who is considered one of the best farmers of this section.

Elmo Bettis who is at present connected with various real estate firms of the Plains country and making Sweetwater temporary headquarters, is a pleasant visitor among us for a brief spell. His presence calls to memory some of the good old days when the oil boom here was at the height of its glory, and building air castles was our principal occupation.

E. P. Maupin once a citizen of our town, now located at Friona, Texas, came down Saturday to spend a few days with friends and relatives and look after some business matters.

The club met Thursday afternoon, November 29th, with Mrs. Joe Ramsey as hostess. The next meeting will be with Mrs. H. E. Rantz, Thursday afternoon, December 13th, with Mrs. J. O. Castle as leader.—Review.

### HALE CENTER.

## WE ARE ALL TIED IN WITH OUR COMMUNITY

Plainview is the home of all of us who live here. Our comfort and happiness and prosperity is all involved with the welfare of the city—how good a place it is to live in and do business in. Every citizen and every business and industry in Plainview depends upon every other citizen and business and industry for equal responsibility in building this city to be what every good citizen wants it to be—a good city in every respect.

To accomplish this we must all work together with a spirit of tolerance and understanding. We must recognize that a good city is built by no single factor. Each business and industry and citizen must add something to the process of development.

Good lighting and power service is necessary in the building of a good city. This company fully appreciates its responsibility. It seeks to cooperate with every other concern and every citizen of Plainview so that its contribution to civic growth may be equal to the needs of the present and future.

## ADJOINING COUNTY NEWS

### DIMMITT.

Dec. 10.—Judge C. F. Kerr returned Thursday from Austin, where he went as Castro county's representative to the hearing of the Texas, Panhandle & Gulf Railroad. His report was very favorable and he thinks there is very little doubt but what Dimmitt will have a railroad in the near future.

Friday the high school basketball team went to Hereford and trounced the high school team there to the tune of 21 to 18 in favor of Dimmitt.

A snow storm and blizzard raged here the 27th, causing considerable damage to the telephone exchange, breaking down some 50 poles, and burying some of the lines under four feet of snow, but by Saturday night, four days after the storm, nearly every telephone of the 175 was in working order again.

Our merchants have been very busy the past week buying Christmas turkeys. They bought and shipped out some 10,000 lbs., most of them going to Clovis, N. M.

Rev. J. A. Lindley filled his regular appointments Sunday.

Mrs. Tom Tate, who underwent a very serious operation at the sanitarium at Hereford last week, is reported to be getting along real well, and thinks she may be able to return home this coming week.

Mr. and Mrs. C. H. Buttolph went to Plainview Sunday on business and to visit their daughter, Mrs. J. S. Lockhart.

### TAYLOR.

(Swisher County.)

Dec. 8.—The pie supper Friday night was a success and well attended. The sum of \$60.89 was realized. County Judge Graham of Taylor was present and delivered an address. A pie was raffled off to the ugliest man and Judge Graham got it, the pie bringing \$1.79. Miss Vera Stambaugh got the cake for being the prettiest girl, it bringing \$23.05.

Mr. and Mrs. Elmer Bass and Mrs. F. J. Springer visited the school during the week.

### National Guard Officers Here.

Capt. Rutherford of Amarillo, senior instructor for the National Guard in Texas, and Capt. Scruggs of San Antonio, division inspector of artillery, were here yesterday inspecting the local artillery unit.

### Old House Is Burned.

Friday night the fire department was called to an old vacant house on the Wayland farm southwest of Wayland college, which was on fire and was totally destroyed.

T. A. Bordeaux, age 70, got an arm jerked off while at work in the light and power plant in Amarillo.

## You can avoid winter motor troubles

**P**AY attention to winter lubrication and your winter motor troubles are over. Sunoco Motor Oil is the best winter lubricant you can put in your crankcase.

- 1—Sunoco flows freely in cold weather, because it contains no paraffine wax to make it sluggish. At low temperatures it lubricates thoroughly, saves your battery, and makes hand cranking unnecessary.
- 2—Sunoco absorbs water. This means freedom from scored cylinders, broken oil pumps, and cracked crankcases caused by the water that condenses in the crankcase.

We will gladly drain the old oil from your crankcase and refill with the type of Sunoco recommended for winter use in your car. This service is free. Our only charge is for the new oil.

## CALOMEL GOOD BUT NEXT DOSE MAY SALIVATE

IT IS MERCURY, QUICKSILVER, SHOCKS LIVER AND ATTACKS YOUR BONES

Calomel salivation is horrible. It swells the tongue, loosens the teeth and starts rheumatism. There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and cannot salivate.

Calomel is a dangerous drug, besides it may make you feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No salts necessary. Your druggist says salts necessary. Your druggist says if you don't find Dodson's Liver Tone acts better than treacherous calomel your money is awaiting you.

## GIVING OUT

The Struggle Discourages Many a Citizen of Plainview

Around all day with an aching back, Can't rest at night; Enough to make any one "give up." Doan's Kidney Pills are helping thousands.

They are for kidney backache; And other kidney ills. Here is convincing proof of their merit:

Mrs. W. M. Megert, Hereford, Tex., says: "My back often got sore and lame and ached a good bit of the time. My kidneys have also been weak and a pain shot through my back and shoulders when I stooped. When I felt any of these symptoms coming on I began taking Doan's Kidney Pills and a few have never failed to relieve me of all the trouble in a short time. I am glad to say a few words in favor of Doan's because I know they are a reliable kidney remedy."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Megert had. Foster-Milburn Co., Mrs., Buffalo, N. Y.

## DENOUNCES AN OIL SWINDLER

DR. COOK HEARS SCATHING DENUNCIATION OF HIMSELF BY JUDGE.

In sentencing Dr. Frederick A. Cook to the penitentiary Federal Judge John M. Killits gave one of the most scathing denunciations ever heard in court at Fort Worth.

"Stand up Cook!" was his command. And it was not the order of a judge having a weak, irresponsible criminal before him. Instead, the voice of the judge, indicated and his later words substantiated the indication that he was calling before him a man of brilliant mind whom he utterly loathed.

"What have you to say for yourself?" he asked. Dr. Cook said nothing. He stood leaning against the clerk's desk, his eyes to the floor. Not a muscle twitched nor did any sign of emotion pass over his face.

"So you can say nothing," and there appeared a well defined sneer in the tones of the court's voice—"You have come to the point where your peculiar personality fails you. You have come to a milestone in your career which you cannot face.

"You can't come to the mountain and the latitude is beyond you." And this, it was clear to the audience, was said to apply to Dr. Cook's claim of having climbed Mt. McKinley and reached the North Pole.

"The twentieth century should be proud of Dr. Cook.

"History gave us Ananias and Sapphira. They are forgotten, but we still have Dr. Cook."

Then turning to Dr. Cook, Judge Killits said, "Cook, this deal of yours is so damnably rotten that it seems to me that your attorneys must have been forced to hold their handkerchiefs to their noses, to have represented you. It stinks to high heaven. The way I feel about you, I wish I were not so circumscribed. You should not be allowed to run at large at all.

"I know you have your ill gotten gains put away. Your counsel came to me and asked what your bond would be. I set it too low. They said that you could not make it but it is a sheer waste of sense to say you can't. They must be under the spell of your peculiar personality.

"You have stolen this money from widows and orphans, and those who, approaching old age, made one last effort to secure their declining years. If you had any sense of honor or decency, you would form a new trust and let this money be distributed back to those people from whom you stole it.

"It should not be given to your wife or daughter by those means so easily arranged. It should go back to those, who, though destitute and in poverty stricken circumstances, sent it to you—those persons who were saving for a burial fund, but who were caught by the luring letters sent out by you, written by Cox and Stephens, over your signature.

"Today I had a letter from a woman, old and nearing blindness. She invested every penny she had with you. And there was another letter. It was the most pitiful thing I have ever read in a lifetime of pitiful experience.

"An old lady, crippled and bedridden had sent you her last penny in the belief that she was protecting her last years.

"Oh, God, Cook, have you no decency at all? Are you not haunted at night by these pitiable figures? How can you sleep? If it were not for the fact that you probably will be tried again in Ohio I would give you a stiffer sentence than I have in mind. And thank God, if the government so desires, it can try you in every jurisdiction where you sent one of those lurid, flamboyant letters.

"I will not try you in Ohio. I could not, but I know what those colleagues of mine will do for you there. One contact with you is enough for me.

"I am voicing the feeling of the decent people of the community. They have given me a royal welcome since I arrived here—they have let me know what their minds are on this question—those who had brains enough not to fall for your peculiar personality, your poker face, false face, or whatever it is and they want to be rid of your kind. What I am saying does not sting you at all, but it is your last chance. I am not going to do you justice, for I think you will get the balance somewhere else. You ought to be paraded as a practical warning in every state where you sold stock," and with this stinging statement, Judge Killits passed sentence.

In thanking the jury Judge Killits said:

"You have done your duty here in a manner creditable to you and your community. The district attorney eloquently told you that this trial was very, very important, and you have finally met the issues in the right way. There is no question about that.

"In all the books there is no case that will parallel this one. There have been swindling cases, but nothing so atrocious, vicious and abhorrent as this one.

"This is a cold-blooded, deliberate confidence game. There is no ques-

## Anti-Klan Bill Passes.

Oklahoma City, Dec. 7.—The Senate anti-Ku Klux Klan bill, prohibiting the wearing of masks but minus provisions regarded by its supporters as necessary to make the act sufficiently drastic, passed today by the lower house of the Oklahoma legislature.

The action brought to a close the controversy which waged for weeks in both houses of the assembly during which the Ku Klux Klan and its activities and former Governor J. C. Walton's spectacular opposition to the organization formed the chief issue.

The measure would become operative 90 days after executive signature.

The vote for passage was 71 to 15.

## Coolidge Joins Church.

President Coolidge has become an actual member of the First Congregational church of Washington, D. C. He was nurtured in that faith but when he came to manhood he neglected to "take membership." He was reported to have held back because he did not like "denominationalism" and that one should be a member of the church universal. Good enough, as far as it goes, but one soon finds on trying to practice it, that an indefinite membership has few satisfactions and amounts to very little in the way of promoting the cause of Christ. There can be no government without organization, neither can there be a church on earth without it. Christianity, to prevail, must be organized and Christian life to count, must be expressed through the church.

## HIS FIRST USE OF THE RAZOR

Time When Parents, and Everybody Else, Should Carefully Refrain From Making Any Comment.

When young men enter the period of learning how to shave, some mothers and fathers make the mistake of trying to help them along, of trying to ease their suffering a little here and there. But that is time wasted. Young men in that period of life cannot be reached with kind words or soft ministrations.

Johnny MacFarland was told one day by his older sister—eleven months older in years, and therefore about eight years older in her own opinion—that if he did not start shaving immediately she would run away from home or something. Johnny replied that if he thought anything he did would have any such pleasant effect he would promptly do it, then went upstairs and began to look at his chin in the looking glass and finally locked the bathroom door, lathered himself up with his father's shaving soap, took his father's old-fashioned razor and carved off a piece of his face that would have satisfied Shylock and perhaps even made him reckon that he had turned over a bit on the deal on the side.

That was Tuesday, says the New York Sun.

On Wednesday he came home from school at noon and picked a fight with his sister over nothing and talked her right down into a crying spell, while his father stood right there beside him and kept saying, "See here, now! See here, now! See here, now!"—a unique and remarkable achievement, taking it all in all.

Thursday he came home in the middle of the afternoon with a safety razor. He started right in shaving and he shaved off and on until six o'clock. He shaved off most of his profile and left on most of his hair. At the table his sister chaffed him gently about landscape gardening and ditch digging and one thing and another, but instead of his rising up and doing something awful, as his father expected him to do under the circumstances, he just sat there in his chair and did nothing save eat a piece of celery and gaze up over his sister's head, through the wall, and on into the middle of next week, as if he were foolish.

Friday he—  
But he went to the store for a week. No need to dwell on the morbid details. He got over it after that and his mind cleared up, and so far as his folks could see was not weakened any to speak of. But if he had fallen in love right after learning how to shave he would have been a gonner—his mind would certainly never have got through that, too.

## Woman Chooses Husband.

While in some parts of the great Indian empire the Hindu wife is so subjected to her husband that she is not supposed to sit at table with him or even look him in the face, in the province of Travancore, on the other hand, "matriarchy," or the rule of woman, survives almost in its pure state.

In marriage the woman chooses her husband and he comes to her house to live, says the Detroit News. Until quite recently she could dismiss and divorce him whenever she felt like it. Now, however, divorce is by mutual consent. The woman is the head of the family. She owns property in her own right. When she dies her property passes on to her children, but that of her husband on his death passes on to his mother's nearest kin.

There are no child marriages in Travancore, such as prevail throughout the rest of India, where there are millions of child widows. This province has less illiteracy than any other state in India. Its people claim they are the most progressive, prosperous and happy in all India.

## Catch Faint Sounds.

The air was full of talk and music countless centuries before man invented wireless broadcasting. Any number of other creatures whom we never hear and never can hear are busy talking to each other.

All sound comes to the human ear in the form of vibration. Our ear is so constructed that it can catch only a range of seven octaves of sound, constituting 30 to 30,000 vibrations a second.

Dogs, cats and many other creatures can hear a lot of sounds that we miss. Take your dog out for a walk by the side of a wood at night and see how he keeps pricking up his ears as he hears noises too indefinite for the human ear to catch.

Watch two cats in a room. One will suddenly cock an ear, turn its head and listen. A moment later it will suddenly get up and cross the room.

For some reason a woman's ear can catch a higher pitched sound than a man's. A woman can often hear a bat's high note, for instance, that is inaudible to a man.

## Her Choice.

A little girl came to the Brightwood branch library very much elated over her first few weeks at school. She especially enjoyed the little dance games and said to the interested librarian that two boys had asked her to dance that morning.

"Indeed," said she; "which one did you take?"

"Oh, I took the cleanest one," was the quick reply.—Indianapolis News.

## CITATION BY PUBLICATION.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Hale County—GREETING:

You are hereby commanded, that you summon, by making publication of this Citation in some newspaper published in the County of Hale, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published once each week for four consecutive weeks previous to the return day hereof, E. Musselwhite whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Hale, at the Court House hereof, in Plainview, on the Second Monday in January, 1924, same being the 14th day of January, A. D., 1924, then and there to answer a Petition filed in said Court, on the 6th day of December, A. D., 1923, in a suit numbered on the docket of said Court No. 2275, wherein Joe L. Cox is plaintiff and E. Musselwhite and J. W. Holland are defendants.

The nature of plaintiff's demand is, suit against defendant E. Musselwhite on one note in principal sum of \$300.00 and one for \$700.00 dated Sept. 15th, 1915, with 6% interest and 10% attorney fees, payable to Mc. Dozier, due Sept. 1st, 1922 and 1923, respectively, and secured by Vendor's Lien on Northwest one-fourth of section No. 127, Block A, Cert. No. 146, original grantee A. & B. containing 160 acres of land in Swisher County, Texas, as described in deed to said land from E. U. Berry and wife to W. R. Scheihagen, also on six Vendor's Lien notes dated Sept. 1st, 1920, payable to the order of plaintiff at Plainview, Texas, as follows, one for \$300.00 due Sept. 1st, 1921, one for \$500.00 due Sept. 1st, 1922, one for \$900.00 due Sept. 1st, 1923, and three for \$1000.00 each due Sept. 1st, 1925, 1926 and 1927, respectively after date, with 8% interest, the interest due annually ad 10% additional attorney fees, said notes providing for maturity of all unpaid notes if any principal or interest is not paid when due, that same have been matured, also alleging that defendant E. Musselwhite assumed payment of the Mc. Dozier notes herein described as part

purchase money for said lands and also executed the above described notes to plaintiff as part purchase money for said lands and that plaintiff is the legal owner of all of the notes herein described, that plaintiff and his wife on Sept. 1st, 1920, conveyed said lands to defendant Musselwhite and retained Vendor's lien in said deed to secure payment of said notes and that the notes also acknowledge the same lien, and asks for enforcement of the lien against all defendants, alleging that defendant J. W. Holland is asserting some claim to said lands but whatever claim he has is inferior to that of the plaintiff and for judgment against Defendant Musselwhite for amount due on said notes, principal, interest and attorney fees and for costs and writ of possession.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Plainview, Texas, this 6th day of December, A. D., 1923.

(Seal) W. D. Darby, Clerk  
District Court, Hale County, Tex.  
By M. Lella Ansley, Deputy.
