She said she was sent here by the authorities at Garden City, Kan., after she had been deserted. The baby died on the train virtually from starvation.

The mother said she feared the conductor would put her off the train if he learned the baby was dead, so she concealed its condition by singing lullabies to it.

The mother carried the corpse through the streets of Council Bluffs one mile before reaching the city mission.

FOOT BALL IN HIGH SCHOOL

The well known machine commonly known as the Sweetwater High School Foot Ball Team is running on all eleven cylinders with the cut-out wide open. The team is light, but they are sweeping the schedule clean before them.

The district championship is settling around three teams, Sweetwater beat Stamford and Stamford beat Haskell. Sweetwater beat San Angelo, and San Angelo beat Ballinger. Sweetwater and Abilene played 9 and 0. Stamford and Abilene played 6 and 0.

The local team goes to Stamford Friday. The coaching staff of the local team feel confident that the foundation will crumble in Friday's game. The Stamford team has a boasted record of never having been beaten on their home ground. It has been remarked, that this record is going to go up in smoke Friday, by one of the local coaches.

The Season As It Stands Sweetwater holds prestige over Stamford, Haskell, San Angelo, and Ballinger. The teams yet to be eliminated are Abilene, Big Springs, and Merkel. The prophesy is Big Springs will be easy, Merkel a walk over, and look out for Abilene.

A victory for the team Friday means a lot for Sweetwater, as well as the school. So get behind the team. The local squad is in good shape, with the exception of a few bruised muscles and sprained ligaments.

It is reported that Fifa, Seales, Scott and Daniel were held out of the game last Friday. The coaches, Plumer and Lewis are looking into the future. There are several great battles a coming.

2 KILLED, HEAVY PROPERTY LOSS IN COAST STORM

J. D. CLARK'S CONDITION BETTER

The condition of J. D. Clark shows some improvement and hopes are now entertained for his recovery.

Mr. Clark fell from the Wright-Herdson building about six weeks ago and, in the fall, broke his back and so injured his spine that he soon after wards became paralyzed in his lower limbs.

An operation was performed on him in which the broken parts of his back bone were removed. His body is being rubbed daily and as a result he can now use himself better.

He is cheerful and says he will soon be well again.

HOGS BRING GOOD PRICE

W. C. Calvert has received the returns from the car of hogs shipped to Fort Worth Tuesday by the Nolan County Marketing Association. The hogs sold for 9.65, which was near the top market prices for the day.

Despite the high price of cotton, the association continues to ship hogs each month, which shows Nolan county farmers are no longer wedded to the one crop idea.

MANY RACES ENTERED FOR SAN ANGELO FAIR

The San Angelo Standard announces that more race horses are already on the fair grounds than were there last year during the fair. So great is the interest in the races in connection with the fair yet nearly two weeks away, the new stalls are being built to accommodate the large number of steeds.

This north wind reminds us that we should have kept close tab on our summer's wages.

GOOD NEWS FROM ILLINOIS

The following extract from a letter written by Hon. R. H. Miller, a member of the Illinois legislature, to our fellow townsmen, Phil Mason will be of interest to the Democrats in this part of the state.

Mr. Mason is an ardent Democrat and wrote his old time friend for the true political situation in Illinois.

Among other things the letter says: "While we always regard Illinois as a republican state, yet we democrats are encouraged this year and think we will hear of republicans who will support Wilson. Our leaders in Cook county say that Wilson will carry that county by not less than fifty thousand and perhaps by a hundred thousand. If he carries that county by anything like the latter majority he will sweep the state for unless there is a change between now and election Wilson will be materially stronger than his party, which means that Hughes will not carry the state outside of Cooke county much if any majority."

HARD FIGHTING ON WAR FRONTS

At the British Front in France, Oct. 19.—The war will last another year according to the consensus of opinion among the British soldiers and leaders. This is also the opinion of the Germans if the view of the persons count for anything.

All believe the war has entered the stage when no compromise can be expected and when victory will go to the side with the ability to stick it out the longest.

Serbian Capture Village, French Gain The Serbians have captured the village, Brod, on the western and Macedonian front, the Paris war office announced.

The French made progress last night between Lamaisonette and Blaches, according to another French statement.

All gains made yesterday by the allies have been held in the face of heavy counter attacks.

Desperate fighting occurred yesterday on the Somme front, Berlin announces in consequence of efforts to pierce the German lines on the Morval front. The attacks continued from day break this morning until noon and the attacks are said to have failed particularly under German fire.

The German positions were either held or recaptured after being lost. The repulse of the allied attacks with heavy losses on the Saloniki front was reported in a Bulgarian official statement today.

Bucharest, Oct. 19.—Bulletin—The Rumanian troops are pushing back the invading Austro-German forces on the Transylvania frontier. At Praetial, according to the official statement the Russians drove back the Teuton units beyond border Rumanians also claim to have gained ground in Bran Defile.

ACCEPTS POSITION WITH J. P. MAJORS, JEWELRY

Prof. W. W. Woodward who recently moved here from Mineral Wells and will have charge of the band has accepted a position with J. P. Majors the jewelry and will devote a part of his time in assisting in caring for the growing business at that popular store. Mr. Woodward is an expert jewelry having spent many years in that business, and a most courteous gentleman. Mr. Majors is fortunate in securing his services.

Brownwood is among the last cities of the state to adopt the City Manager plan. One by one the progressive towns and cities are adopting that plan and we have not observed any of them shying from it. The Reporter has watched its oncoming with a degree of misgiving, but it certainly has some big advantage over the old plan.

Warn Farmers Against Cotton

By Associated Press:—Austin, Oct. 19.—Farmers of Texas are being warned by Fred W. Davis, state commissioner of agriculture against overproduction of cotton in 1917. Commissioner Davis has pointed out that it could be far better for the farmers to raise 3,000,000 bales next year and get 20 cents per pound, than to raise 6,000,000 bales and get only 10 cents per pound.

In a statement, Commissioner Davis said he feared the high price of cotton this year might result in farmers raising a much greater crop next season. He declared there were other farm products besides cotton, consequently the farmers should diversify.

STATE OFFICIALS MAKING ESTIMATE

By Associated Press:—Austin, Oct. 19.—At the request of H. B. Terrell state comptroller, estimates are not being made by the heads of various departments of the state government and also by the heads of eleemosynary and educational institutions as to the cost of operating for the next two fiscal years.

This information will be inserted in the annual report of the comptroller and also to be furnished the finance committee of the senate, and the general appropriations committee of the house, at the next session of the legislature.

It is confidently expected by the comptroller's department that these estimates will total over \$15,000,000 should the appropriations made by the last legislature for the support of the government be taken as a barometer. These estimates will be in the hands of the comptroller by November 1st.

3000 Amer. Single Taxers In Mexico In Session

By Associated Press.

Laredo, Oct. 19.—Bare three thousand Americans remain in the republic of Mexico, as compared with the 100,000 or more who live in that country prior to the Madero revolution in 1911. These figures were recently compiled here by an American who concluded a ten weeks' tour of the republic at this border point. His estimate and distribution of the American citizens below the border is:

Mexico City, approximately 300 Americans.
Tampico, approximately 900.
Panuco oil field district, near Tampico, 200.
Scattered through Sonora state, 350.
Scattered through Chihuahua state, 250.
State of Nuevo Leon, including Monterrey, 100.
Guadalajara, 15.
State of Puebla, 60.
Vera Cruz, 50.
San Luis Potosi, 12.
Quertaro and Guanajuato, 20.
Torreon, 30.
Isthmus of Tehuantepec, 25.
Five hundred additional Americans, he said, are scattered through various other states and cities of Mexico, mostly at points remote from railroads, where they are engaged in ranching or mining.

BELLEVILLE, Texas, Oct. 18.—A petition has been filed in district court here wherein Governor James E. Ferguson prays for \$50,000 damages for alleged libelous articles appearing in Texas newspapers over the signature of Charles H. Morris. Morris, defendant in the suit, was the governor's opponent in the Democratic gubernatorial primary last July.

In a suit filed recently at Brenham, the governor prayed for \$50,000 damages against C. H. Morris, son of Temple and the Temple Telegram Publishing Company, making the same general allegations.

HAM-RAMSEY LAUNCH CAMPAIGN AT AUSTIN

Austin, Texas, Oct. 17.—The much talked of and by many much dreaded Ham-Ramsey meeting has gotten under good headway and thousands attended the meeting last night. Dallas, Oct. 19.—The second annual Single Tax Conference, under the auspices of the Single Tax League of Texas was opened here today for a two days session by President Roy Bedichek of Austin. Two hundred or more delegates from Texas and Oklahoma were expected to be on hand for the conference.

Matters pertaining to the single-tax method of taxation were foremost on the program, including discussions and addresses on the subject. J. J. Pastoriza tax commissioner of Houston and widely known for his advocacies in tax reform is treasurer of the organization and will have a prominent part on the program.

Among the matters to be discussed are the future of tenant farmer in Texas, and the increasing number of persons who do not own their homes in the cities. It was predicted by some delegates that within a few years the advocates of single-taxation would have resolved themselves into a strong political factor.

BEAUTIFUL WEDDING

At eight o'clock Tuesday evening occurred an Autumn wedding of unusual beauty, when Mr. James Butler of Sulphur Springs and Miss Ruth Bertram were married at the home of the bride's mother, Mrs. J. F. Bertram on Oak Street, in the presence of a few close friends of the family. Rev. G. S. Hardy the bride pastor officiating in a most impressive manner, using the ring ceremony.

The home was beautifully decorated with glorious pink and white chrysanthemums, ivy and ferns. The reception suite being thrown into one spacious flower adorned apartment. In the music room where the ceremony took place the decorations were most artistic. An improvised altar had been arranged with back ground of ferns and ivy filling a corner of the room, on either side stood ivy and fern festooned pedestals, topped with brass Jardines of pink and white chrysanthemums.

Mrs. Robertson and Miss Hardy assisted Mrs. Bertram in welcoming the guests at the door. The brides book in which the guests registered, was presided over by Mrs. Joe Mighell, herself a recent bride.

Preceding the ceremony, Mrs. Olen Collins and Miss Eura Williams sang, "Rose of my Heart," Miss Mary Hardy, playing their piano accompaniment. With a piano and violin duet accompanied by Miss Irene Dulaney and Miss Lois Petter, Mrs. Tom Flack sang, "I Love You Truly," with the same performers the inspiring strains of Lohegrin's Bridal March was next sounded. Rev. Hardy entered and took his place in front of the beautiful floral altar. He was followed by the Maid of Honor, Miss Jessie Butler, the groom's sister and Mr. John Perry as best man, who took their places on either side.

The bride and groom followed them and took their place, directly behind the floral pedestals, facing the officiating minister, completing the picture of pre-nuptial loveliness. During the ceremony soft, sweet, music was played, which swelled into Mendelssohn's wedding march as the recessional.

After the ceremony an informal reception was held, giving an opportunity for extending congratulations and good wishes which were many.

Many beautiful and costly presents of silver, cut glass, and linens were on display, testifying to the high esteem and popularity of the contracting parties.

The bride is the only daughter of Mrs. J. F. Bertram and has lived here since little girlhood days, when she came from Sulphur Springs, where even then, she knew the groom, and Dan Cupid had marked her with his arrow, and what was girl and boy admiration, grew into the true love of man and womanhood.

Miss Bertram is accomplished as she is beautiful. She is a pianist of ability and talented artist as well, having studied both music and art in Southwestern University and elsewhere under special teachers. She has always taken a prominent place in all the social and church life of the city and her place will be hard to fill.

The groom is the son of Mr. and Mrs. J. B. Butler of Sulphur Springs. He holds the responsible position of head bookkeeper in the City National Bank of his home city. He too was educated at Southwestern University. He is one of the rising young men of his locality and has a large circle of friends who will watch his rise in the world with interest.

The bride wore a traveling suit of dark green broad cloth with hat, boots and gloves en suite. She carried an arm bouquet of white ostrich plume chrysanthemums and lace ferns tied with tulle ribbons.

The maid of honor wore a suit of apricot gabardine, trimmed with fur and carried an arm bouquet of pink chrysanthemums with satin streamers. The bridal house party all wore exquisite gowns of unusual beauty and Mrs. Bertram wore a silver gray taffeta gown, beautifully designed.

Mr. and Mrs. Butler left on the ten o'clock train for a honeymoon trip to the State Fair and other points for about ten days arriving in Sulphur Springs next week, where they will go at once to their own home.

IN AFTER YEARS

In after years—when baby is older—you will appreciate a true photographic record of baby's growth. The sweet baby age seems to satisfy now. And it does. But in later years the time will come when you "would give anything for a picture as the child was then."

We understand this feeling and we know just what you will most appreciate. Why not make us "Baby's Official Photographer"—you will never regret it. You will thank us many times for the suggestion.
