VOLUME V

SWEETWATER, TEXAS, FRIDAY, NOVEMBER 15, 1918.

NUMBER 78.

## ONCE MORE HE IS FOUND

By Associated Press: Amsterdam, Nov. 15.—Officials of the German air service have taken the German Crown Prince and his eldest son to a place of safety, according to the Tageblatt of Berlin.

## PEACE MEETING AT VERSAILLES

By Associated Press: Paris, Nov. 15.—Versailles, although not formally chosen as the meeting place of the peace negotiators, is regarded as almost certain to be the place selected for the peace conference when the Inter-Allied Council assembles today.

## 2 AMERICANS IN PRISON CAMP

By Associated Press: Washington, Nov. 15.—The list of Americans held prisoners in German prison camps announced by the War Department today include Fred Farmer of Wilmer, Texas, at Rrstatt, and Selig Reich of San Antonio, Texas, camp unknown.

## FRENCH TO HAVE CEREMONIES AT STRASSBURG

By Associated Press: Paris, Nov. 15.—The French army will make official entry into Strassburg November 25th. High officials will go to the city eight days later for ceremonies incident to the retaking of Alsace-Lorraine by France.

## RED CROSS MAIN HOPE OF PEASANTS

By Associated Press: Paris, Oct. 29.—(Correspondence of the Associated Press.)—Carrying their little bundles of household possessions the French are returning to their homes in Chateau Thierry and the little French villages around it, to Vaux, Lucy, Belleau, and the rest places now a part of American history.

They are coming back to ruins of villages and houses demolished by German and American artillery, to live in cellars and in shelter of tottering walls until they can rebuild their homes, and their return is a pitiful spectacle.

Sometimes they find no home at all. Never do they find any furniture. Often they find no food, and then the American Red Cross steps in and helps them. The woman who can dig out her stove from a heap of dirt and plaster and patch it up again so that it will burn counts herself extraordinarily lucky. One woman found remaining of all her household needs just one big salt-cellar. Forks are worth their weight in gold, and a feather bed is prized above rubies. Five thousand five hundred blankets the Red Cross shipped out to returning refugees in a single week.

The people in the Aisne will not be able to spend the winter in their own villages. The villages on the banks of the little Marne are utterly battered by shell to afford human habitations during the winter. Now, while days are warm and skies are blue, their owners can find some tiny corner or other to live in, but the rain and mud and chilly damp of a French winter will drive them, or if it does not a parental government will send them, back to their temporary homes in the uninvaded provinces to wait for spring.

One purpose in sending them home

## HOLLAND ALSO HAS TROUBLE

By Associated Press: London, Nov. 15.—The threatening attitude of the extremists in Holland who have demanded the abdication of Queen Wilhelmina is causing anxiety at The Hague, according to the Daily Express.

## THOUSANDS OF WAR PRISONERS TO BE RELEASED

By Associated Press: Paris, Nov. 15.—French war prisoners numbering four hundred and twenty thousand will be repatriated soon. This number includes those interned in neutral countries. A delegation from the French General Staff has held a conference at the German headquarters at Spa to arrange the details for bringing these men back.

so quickly was to harvest the wheat crops but there was no feed, so the Red Cross established canteens in many villages and served two meals a day free to those too poor to pay while others paid small sums. Forty carloads of food were sent to the Marne and the Aisne in a single month. A grocery store has been opened in Chateau Thierry which is already a busy town again, though the walls of its houses have been shattered and torn by shells. To keep intruders out the residents scrawl on their homes in chalk "Proprietor returned" or "House occupied."

Rolling stores and trucks tour the villages in the valleys of the Oisne and Aisne to supply the returning refugees with food, clothing and household utensils. Demands come for coffee mills, scrubbing brushes, pails, knives, forks, spoons, and pots for the people taking up housekeeping again as literally all that they left behind them when they fled has been destroyed or carried away to Germany.

To Amiens the refugees are just beginning to return but they will come soon in large numbers, and they will find the Red Cross ready to receive them. There is a big building in Amiens that was a boys school in those half-forgotten days when the city was not under shell fire. It belongs to the Red Cross now, and its class rooms are turned into strange uses. There is a big "salle de reception", where the returning refugees are sorted out and their needs ascertained. There is a canteen that serves two hot, nourishing meals a day. There is a long dormitory with beds for the weary ones who come back to find empty rooms and roofless houses. There are two dispensaries, and dispensary doctors find much to do in a country where people live precarious, hand-to-mouth existences.

The Red Cross workers furnish clothing to the shivering, shabby people, warm flannel shirts and underwear, stockings and shoes and sabots. Twelve thousand garments went out from Paris in a single day. And they furnish work for people, who must have a little money if they are to live.

They have an extraordinary way those Picardy peasants, of accepting facts. They go back to live under impossible conditions as if it were the most natural thing in the world. It never occurs to them to do anything else. There may be only one wall of a house left but it is home. "There are few ways in which American resource and energy can be better employed than in strengthening a philosophy and courage like that," says one Red Cross worker.

## U. BOAT CREWS WILL FLY GERMAN FLAG

By Associated Press: London, Nov. 15.—Crews of the German U-boats at a mass meeting held at Brunsbuttel resolved to oppose the revolution and reinstate the officers. They decided to fly the national flag instead of the red flag.

By Associated Press: London, Nov. 15.—Over one hundred men, mostly German officers, have been killed in disorders in Brussels, and soldiers' councils have been formed in that city and at Antwerp, says an Amsterdam dispatch.

By Associated Press: Amsterdam, Nov. 15.—The new German Government has issued an appeal to the peasant population asking for the formation of a peasants' council for the purpose of organizing the food supply.

By Associated Press: London, Nov. 15.—The Berlin Soldiers and Workers' Council has decided to dissolve the Red Guards, according to a dispatch from Copenhagen. Captain Von Beerfeld, leader of the Red Guards, has been dismissed for making revolutionary plans.

By Associated Press: London, Nov. 15.—The greater part of the forces under General von Mackensen in command in Romania, have joined the revolution, according to a Copenhagen dispatch to the Exchange Telegraph.

## PRESS CENSORSHIP OFF

By Associated Press: Washington, Nov. 15.—Discontinuance of press censorship in connection with the cable, postal and telegraph lines, effective at once, was announced today by the Government Censorship Board.

## AM. AIRMEN ON THE RHINE

By Associated Press: London, Nov. 15.—American airmen landed at Cologne on the Rhine Thursday, according to a Cologne dispatch to Copenhagen.

## GO TO GERMAN HEADQUARTERS

By Associated Press: London, Nov. 15.—An American mission will leave on Saturday for German headquarters at Spa, according to a French wireless dispatch received here.

P. T. Quast has been notified that his brother who recently died in Michigan left a will in which he was named as administrator. The estate consists of the home place, a forty acre farm and personal property. This will necessitate a trip to Michigan. Mr. Quast said this morning that he could not go until after the holidays and would probably delay the trip until spring unless matters connected with the estate became urgent.

## U.W.W. MEETING 7:30 TO-NIGHT

A MEETING WILL BE HELD IN THE DISTRICT COURT ROOM AT 7:30 O'CLOCK TONIGHT IN THE INTEREST OF THE UNITED WAR WORK CAMPAIGN.

SHORT TALKS WILL BE MADE BY GOOD SPEAKERS. EVERYBODY IS EXPECTED TO ATTEND.

## SENATE SEATS IN QUESTION

By Associated Press: Washington, Nov. 15.—Contests of election of two Republican Senators, Truman S. Newberry of Michigan, and George H. Moses of New Hampshire, were forecast in the proceedings today before the Senate Privileges and Elections Committee. Protests against the seating of both, who were elected on the face of the returns, were received by the committee which deferred action.

## MAY BE RELEASED

By Associated Press: Washington, Nov. 15.—Candidates for commissions at officers' training schools may be released from the army immediately if they desire, the War Department announced today. If they elect to remain and finish the courses they will be commissioned and placed on the 'inductive list.'

## NAVAL TERMS BEING MET

By Associated Press: Paris, Nov. 15.—Naval terms of the German and Austrian armistices are being carried out rapidly.

R. L. McCaulley is spending the week in San Angelo.

W. R. Timmons of Roby was in the city yesterday.

Mr and Mrs. Don Clayton are spending the week-end in Eastland.

## MEETING OF TEACHERS TO BE JUBILEE

Dallas, Nov. 14.—The Texas State Teachers' Association, meeting in Dallas on Thanksgiving, promises to be a peace jubilee, with national and state educational leaders studying, analyzing and discussing changes in school methods, practices and course of study necessitated by after-war conditions.

President W. B. Bizzell has arranged a program including Governor W. P. Hobby; Dr. R. E. Vinson, President of the University of Texas; Annie Webb Blanton, State Superintendent of Public Instruction; Superintendent P. W. Horn of Houston; Hon. E. A. Peden, State Food Administrator; C. S. Meek, Superintendent of Schools, San Antonio, and other prominent Texans.

Governor Charles H. Brough of Arkansas; Julia Lathrop, Secretary of the Children's Bureau of the U. S. Department of Labor; George D. Strayer of Columbia University, President of the National Educational Association, and Dr. Robert McNutt McElroy, Educational Director of the National Security League, will speak at meetings of the association.

Most of the nationally known speakers will appear Saturday according to President Bizzell's program. The Dallas committee on arrangement is preparing for a large crowd, and is especially pleased that teachers who may not be able to leave their duties for other days of the association, will hear its most noted speakers on Saturday, November 30.

## WILL SPEAK FOR RED CROSS

Judge George T. Wilson will go to Dallas November 22nd to attend a meeting of speakers who will devote the week of December 9th to the Red Cross.

R. K. McAdams, chairman of this district which embraces fifteen counties, received a telegram from state headquarters this morning stating that an intensive campaign had been made necessary on account of peace. The Red Cross will be the agency through which America will minister to the hungry and homeless in Europe. State headquarters asked Mr. McAdams to secure a speaker from Sweetwater. He presented the request to Judge Wilson who immediately volunteered.

## R. R. OFFICIALS IN SWEETWATER

A committee composed of about fifteen railroad officials of the K. C. M. & O. Ry. Co., Mo. Pacific Ry. Co., and Kansas City Southern Railway, visited our city this morning, and remained two hours in company with a representative body of our business and professional men. It is understood that this committee was appointed by General Eldson, Federal Manager for a number of railways, including the K. C. M. & O. Ry. Co., for the purpose of inspecting the various roads and

meeting the citizens of the more important towns on each of the lines, in order that the Government may have first hand information on the general

conditions of the territory along the various lines of railway.

The officials spoke in a complimentary manner of Sweetwater. They

all agreed that West Texas is on the verge of great prosperity, that the union depot facilities at this place are inadequate, and that the conditions would have to be remedied at an early date.

The committee was composed of high officials of the Southern Pacific, Kansas City Southern, and K. C. M. & O. Ry. Co.

### COTTON HAS FRISKY DAY

By Associated Press: New York, Nov. 15.—Cotton advanced ten dollars per bale within a few minutes after the market opened here today. After heavy buying there was a reaction of almost fifty points on realizing by the local brokers.

Mrs. L. W. Dennis has returned from Abilene.

### NOTICE FROM BARBER'S UNION.

### NO MORE FLOUR RESTRICTIONS

Judge Ellis Douthit, County Food Administrator, has been advised that effective November 13th, the regulation requiring the purchase of wheat substitutes, is no longer in force.

You may now buy wheat flour without purchasing any substitutes and you are not limited to the purchase of a given amount.

STATIONERY! If in need of ter office.

### Inspect our Tubes and You will Save Big Tire Loss

Inspect the tube in your tire regularly. The tube is the heart of the tire and the motorist should pay as much attention to the quality of the tube as he does the tire.

Unfortunately many motorists don't realize this and they will shove a poor tube in a quality tire with the result that, very soon, the tube blows out and the tire goes with it, and the tire dealer is wrongly blamed. Look over your tubes, and see if the "life" is gone from the rubber, replace them with new ones. Don't try to make your tube last until they blow out for that is a shameful waste of money.

## VOCATIONAL TRAINING FOR DISABLED MEN

By Associated Press:  
Washington, Nov. 13.—Offices are now open in fourteen of the chief cities of the United States to receive the applications of disabled soldiers and sailors of the American army and navy for free education to equip them for the vocation for which they are most fitted. These offices have been established by the Federal Board for Vocations and are in the following cities: Washington, Philadelphia, New York, Boston, Atlanta, New Orleans, Cincinnati, St. Louis, Dallas, Denver, Chicago, Minnesota, San Francisco and Seattle.

At each office are stationed men to advise the disabled fighters as to what they are entitled to receive, a medical officer and a man to obtain employment for them when they are ready to go to work. It is promised by the Federal Board that applications will be sympathetically considered with the best interests of the disabled man in mind.

While receiving re-education the government will pay the disabled man \$65 a month and in addition will provide him with the funds necessary to pay educational fees. Each man accepted for re-education will be sent to an institution giving special courses in the line he has chosen or he will be given instruction in any industry he wishes to learn.

During his training period allowances will be made by the government to his dependents such as wife, children and mother. These will be fixed in proportion to the amount they received while he was in active service.

When the disabled man has finished his training the Federal Board promised to have employment ready for him. After he has gone to work again his compensation from the War Risk Insurance Bureau begins and will continue unaffected by the amount of his earnings.

In making these announcements the Federal Board for Vocational Education states:

"The worst mistake a disabled man can make is to drift into a low grade, unskilled occupation. Without any

Benson of Whitesboro; Private Andrew Carey of Wolfe City; Private Thomas S. Crowder of Katy; Private Lawson P. Lee of Dime Box; Private Ralph H. Neely of Adamsville.

**Wounded Slightly:** Private Bradford O. Suggs of Leming.

training he must compete with the normal man in a line of work where brute strength and physical fitness alone count and there can be no doubt as to the outcome when work becomes slack. Every consideration requires that a disabled man should obtain permanent employment at a desirable age in the position for which he is best fitted or for which he can become best fitted. Otherwise his career will consist of alternate periods of more or less undesirable employment, idleness, trying to live on his pension and picking up an occupation. No self-respecting veteran of this great war can afford to be placed in this position. There is only one escape by which these men may make their future safe and that is if training is necessary to obtain it through the Federal Board for Vocational Education.

"The temptation to take these low grade, unskilled jobs is very strong while war prices prevail, especially as pay is higher because there is a lack of help, and the quality of the work is not looked at too closely; but jobs commanding war prices and employing large numbers of particularly skilled or unskilled hands are not always going to exist. They are soon going to shrink to normal conditions. What then? The answer is unfortunately very simple. The law of supply and demand is not going to stop working because there have been some men who have been soldiers and who incurred disabilities in defense of the country. If there is only paying work for so many hands, the supply of hands must be cut down. When this happens, the man who can not turn out as much or as good work as a sound man is going to lose his job, because of his deficiency and the sound man is going to keep his job. That means the disabled man will be out of a job and will drift about from one temporary employment to the other, meeting rebuff after rebuff and becoming of less value as time goes on.

"The antidote for such a condition is offered free by the United States government."

## ..Your Liberty Bonds..

that were paid in full with application have arrived and are ready for delivery.

The Government urges you to enlist your dollars for the duration of the war, and keep your bonds in a safe place.

Fire and Burglar Proof Safety Deposit Boxes available at this bank for that purpose rent for only \$1.00 and up, per annum.
