## THREE NEW MEN NAMED MEMBERS ON CITY BOARD

Development Body to Elect President Monday Night to Succeed R. K. McAdams, Retired.

Three new faces will be seen in the official membership of the Board of City Development when it convenes in regular session next Monday night. A new president is to be elected by the board. New members are D. A. Clark, Rufus Wright and Walter Boothe.

Members of the board reappointed by the City Commission Thursday night are: J. P. Majors, D. I. Herndon, J. T. Johnson, J. T. Hughes, A. Levy, John Hubbard, H. A. Bullock, R. M. Simmons, J. L. Stephenson, W. K. Beall, L. C. Tatum, James S. Irving.

W. H. Wortham and Guy E. Morris members of the old board, resigned because of their being members of the Fire Department which holds its meetings on the same nights as the Board of City Development.

R. K. McAdams, president of the Board of City Development, is the other outgoing member of that body.

Thus, with the new city commissioners installed last night the city government is again organized for the coming two years.

## CITY APPOINTIVE OFFICERS CHANGE

James Henry Beall Jr. Named City Attorney; Robert Withers New Fire Marshal

A number of appointive officers of the city were changed at last night's meeting of the new city commission following the administration of the oath of office to Commissioners L. O. Dudgeon and L. E. Musgrove.

Mayor Sheppard swore in the new commissioners.

James Henry Beall, Jr., was appointed city attorney in place of J. C. Babb; Dr. W. F. Pool is the new city health officer, succeeding Dr. C. A. Rosebrough.

Robert Withers received the appointment as fire marshal, vice Tom Morris.

Appointive officers who hold their positions are: Sam Clark, poundkeeper; Tom Taylor, water engineer; W. W. Hudson, assistant chief of police; J. F. Rowland, lakekeeper.

Mr. Musgrove, who was secretary of the water department prior to his election, will fill that position in connection with his duties as water commissioner.

Mayor Sheppard, Chief of Police Johnson and City Secretary W. H. Bartlett will be sworn in at a later meeting of the commission.

The official count of the election tickets made by the commission showed that the first count was correct. However, there was a mistake in the figures printed by the Reporter of votes received by Mayor Sheppard. It said that his vote was 454 to M. D. Willis', 257, when Mr. Willis received only 227, making Sheppard's majority exactly two to one.

## TRINITY RIVER CUTS RY. TRAFFIC PALESTINE WEST

PALESTINE, Texas, April 8.—Traffic west of Palestine on the International and Great Northern Railway is at a standstill today due to bridges being washed out near Taylor. Trains are being detoured.

The Trinity river is rising rapidly according to reports and it is expected that heavy rains of the last few days will fill that stream to such an extent as to cause a great deal of damage in low lands.

Mrs. R. T. Taylor, has returned from a pleasant visit with friends at Big Spring.

## TWO THRIFT BANKS STARTED IN CITY SCHOOLS BY GOVT.

Meeting at Hotel Wright Discussed by Bank Official

Organization of Government Thrift Banks has been perfected in nearly all the Sweetwater public schools as a result of a conference between Supr. J. G. Chapman and Mr. J. A. McLean, representing the savings division of the U. S. Treasury department in this federal reserve district. The banks in each school are operated by the pupils and in these schools business like offices have been established, with neat cards designating the desk of each bank official.

Officers have been selected as follows:

High School—Pres. Clifton Cox, V. Pres. Lelia Webb, Cashier, Ethel Harkins; Teller, Parkes Neblett; Clerk, Frank Davis; Bookkeeper, Zillah Weatherby; Faculty Advisor, Anna May Klapproth.

East Ward School—Pres. Ray Booth, V. Pres. J. C. Lankford; Cashier, Vandal Williams; Clerk, Thelma Arnold; Bookkeeper, Lena Shaffer; Teller, Chas. Stamps; Faculty Advisor, Miss Mable Browning.

Pupils in these schools entered with enthusiasm into the plan, and were greatly encouraged by the Superintendent of schools, Mr. J. G. Chapman, who makes the statement that the student not only is able to get a practical business experience, but is also taught the habit of saving and of telling his fellow students how these securities may be invested and the real value of the investment.

This Government bank plan is giving the actual business training that will be of much value when the student ends his school career.

We may not get our West Texas A. & M. College right now, but we are going ahead and educate our boys and girls to have ready for that institution when it does come, a first class body of students for a first class institution.

Mr. McLean states that he is of the opinion after attending the meeting of West Texans at the Wright Hotel Wednesday night, that no man or body of men can keep West Texas from having what it deserves, a first class school in a first class country after spending part of the week in Rural Schools of Lubbock County. Mr. McLean says we must give to the rural boy and girl first a decent building to meet in and then a school term long enough that a good teacher may be able to teach to these children the good things in life that they are entitled to.

Mr. McGee, as a representative of our Government saving division very highly praises the stand taken by the people of Sweetwater through their local editors and the Y. M. B. L. and remarks that feeling at the Wednesday night meeting express the attitude of many citizens of the State of Texas.

## FARMERS UNION DEPLORES ACTION OF GOV. NEFF

Resolutions Are Passed at Meeting Demanding Redistricting of State. Want A. & M. College.

Special to Reporter

MUNDAY, April 8.—The Wichita Valley District Farmers' Union opened its meeting here yesterday with a large attendance. The morning session was given over to organization and appointment of resolutions and marketing committees and informal addresses.

W. A. Black, representative from San Angelo, addressed the convention during the afternoon session on taxation.

Strong resolutions were reported and were unanimously adopted this evening. The first resolution stringently deplores the veto of the \$1,000,000 rural aid bill; the second resolution condemns centralization of power and commends the action by the legislature in defeating the bill to convict on unsupported testimony and quo warranto law; the third resolution demands the redistricting of the state and the establishment of the A. & M. college for West Texas, but suggests that no request for submission of the college bill be asked until the West has been given proper representation, and that an ample appropriation be asked of the Thirty-eighth legislature.

The convention will go into organization of a marketing association under the new marketing law tomorrow. The district contains thirty-five counties, or all the territory west of Fort Worth and north of the Texas & Pacific railway. Practically every county in the district was represented. F. E. Townsend of the Snyder district is chairman of the meeting.

## SWEETWATER FIRE RISK MUCH LOWER THAN OTHER TOWNS

Key Rate Reduction in 6 Texas Towns Show Much Higher Rate Than Here.

The State Fire Insurance Commission has announced reductions in the key rates of six Texas towns. The towns and the amounts of reductions made follow:

Flatonia, from 92c to 87c; Italy, from 72c to 69c; Honey Grove from 32c to 31c Garland from 82c to 81c; Matador from 97c to 94c; Gulf from 79c to 76c.

Sweetwater's present rate is 27c, a lower rate than any of the towns noted above.

## CITY SENDS THANKS TO EAST TEXAS C.-C. PLEDGE OF SUPPORT

Appreciation for the pledged cooperation and support of the East Texas Chamber of Commerce in the fight West Texas is making for justice has been expressed in the name of Sweetwater by Mayor George H. Sheppard of this city in a letter to Milton Farrier, president of the chamber, the letter being in reply to a telegram from Mr. Farrier to Mr. Sheppard on the matter of the meeting held here Wednesday night.

Mr. Sheppard's letter in substance follows: Mr. Milton Farrier, President, East Texas Chamber of Commerce, Tyler, Texas. Dear Sir:

"For Sweetwater and all of West Texas I wish to thank you for the telegram showing your position with reference to the proposed A. & M. College for West Texas and other matters pertaining to this section of the state.

"We assure you that we appreciate your attitude and support in our efforts in developing this country and had it not been for the support of other broad and liberal minded men from your section the bill never would have gotten through the house.

"We deplore the action of the governor in vetoing this bill, but assure you that the people of this Western Empire are not going to take radical steps to avenge this wrong, but are determined to be considered as citizens of Texas and will fight on for this recognition.

"I have a copy of a letter written to you by some one who signed himself as a Hunt County Democrat, commending you for your action in supporting West Texas in this fight for justice. If he were a Texas Democrat he would have signed the letter and commended your action in the matter. We cannot expect but little for the West or East so long as so many of our people's democracy are confined to one county or from the present A. & M. College north through the black land belt."

Yours very truly,

MAYOR.

## ROBY BANKER ELECTED MAYOR BY VOTE OF 42-1

R. C. Thomas, president of the First National Bank of Roby, was elected mayor of that town Tuesday by a vote of 42 to 1.

T. E. Alvis and P. R. McWhirter were elected commissioners. All officials of the city are appointive, according to Mr. Thomas.

Mrs. P. C. Moore has returned Abilene where she spent the past two weeks with Mrs. Moore, who submitted to an operation for appendicitis. Mr. Moore is convalescing nicely and will be home some time next week. Mrs. Moore reported, unless something unforeseen happens.

## FORT WORTH'S SUPPORT GREATEST POWER WEST TEXAS HAS IN FIGHTING FOR JUSTICE IN LEGISLATURE

THERE ARE NO STRINGS TIED TO PLEDGE MADE AT SWEETWATER MEETING BY FORT WORTH CHAMBER OF COMMERCE.

## UNIONS PROTEST ACTION OF MOB IN ARKANSAS

Rejection of Brotherhood Representatives Cause of Action by Governor.

(Associated Press)

LITTLE ROCK, Ark., April 8.—Governor McRae announced today that State authorities would begin immediately the investigation of the situation resulting from the strike of the employees of the Missouri and North Arkansas Ry., and the deportation of several union executives from Harrison, Ark., on Wednesday night.

The Governor's announcement followed receipt of a telegram from Chicago and signed by the head of seven unions declaring the men ejected from Harrison were there in the lawful performance of their duty as Brotherhood representatives, and that their deportation was effected unlawfully and by an armed mob.

## Agricultural Clubs Being Organized by County Agent Calvert

About one-half of the schools in the county have been visited by the county agent in organizing agricultural clubs. Other schools will be visited as soon as supplies are received. Of the boys and girls joining the clubs, 27 will feed pigs, 7 calves; 26 will raise poultry; 25 will produce grain sorghum crops, while 26 will grow cotton. The officers elected in the various schools are as follows:

White Flat, 30 members. Herbert Kegans, President; Lowell Naylor, Secretary; Alonzo McElmurray, Club Leader.

Goode school, 14 members. J. C. Seale, Jr., President; J. D. Hunter, Vice-President; Miss Ella Mae Davis, Secretary; J. C. Seale, Sr., Club Leader.

Brownlee school, 7 members. Emil Althof, President; Adolf Hackfeld, Vice-President; Miss Oleta Fine, Secretary; J. G. Hammock, Club Leader.

Fairview school, 8 members. A. B. Fry, President; Miss Hazel Neilson, Vice-President; Erelon Sample, Secretary; Phil Mason, Club Leader.

Blackland school, 5 members. Geo. Wade, President; Geo. Dawson, Vice-President; Miss Hazel Scott, Secretary; Mrs. L. G. Anthony, Club Leader.

Ada School, 7 members. Miss Julia N. Fry, President; Miss Almarine McBurnett, Secretary; Taylor Daniel, Club Leader.

Champion school, 5 members. Melvin Gregg, President; Bertram Smith, Vice-President; Miss Bertha Wright, Secretary; W. L. May, Club Leader.

Barnett school, 9 members. John Stiefel, President; Miss Della M. Gill, Vice-President; Miss May Stiefel, Secretary; A. M. Reed, Club Leader.

Pum Creek school, 5 members. Miss Nettie McReynolds, President; Miss Lee McReynolds, Secretary; W. H. Bennett, Club Leader.

In addition to prizes for the best school record offered by the local farm organization, a well known local mail order house, having a branch house in Dallas, offers a \$250 Grafanola. These prizes are expected to intensify community interest over the county and throughout the State. The club leaders are adult farmers of the community, and were selected because of their reputation as good farmers and as community leaders. Nolan county must win that Grafanola.

Mr. Spencer Smith of Roscoe, formerly of Sweetwater, was guest of friends yesterday and attended the Baptist Women's Rally.

Mr. A. V. of the Fort Worth Chamber of Commerce spoke as follows at the West Texas meeting here Wednesday night.

"I am not going to try to tell you about how to do things because it occurs to me that you know how, but do think there is not in the United States and area the size of West Texas that contains as large a percentage of native born white Americans as does West Texas. They are a people of that type he should not expect to hear any plaintive wails from, I am glad that your message going out from here in the form of a resolution is not a petition, but is a challenge.

"It seems to me that we people here as representing West Texas have made clear to the people of the State at large and to everyone who shall read this resolution that we mean strictly business. Whether or not it is practicable or feasible or wise at this time to discuss the division of the State, I cannot say. I do know, however, from my experience as a public man that the fact of a possibility of the State being divided has entered into this matter has given us tremendous power, and will continue so as long as we have that club up our sleeves.

"I have a message for you from Fort Worth. We will fight with you tooth and toenail. Whatever this meeting shall decide upon or whatever shall be decided upon as a result of this meeting in the prosecution of those things we are tonight doing for the finest and heartiest of cooperation.

## FARMERS PLAN DISTRICTING OF GRAIN STATES

Move Started For Each District to Appoint Directors Who Will Form Governing Body.

(Associated Press)

CHICAGO, April 8.—A committee of seventeen representing Farmers Conferences in assembly here today to form a cooperative grain marketing system, submitted a plan for a division of the grain market centers, each with a director as a representative in the Farmers National Cooperative organization.

When the districting has been approved the delegates from each section will caucus and choose a director and these will form the controlling body of the National body.

## Rat Poison Kills Three Children at Coleman; Are Buried

COLTMAN, Texas, April 8.—Gladys May Jenkins, six year old daughter of W. B. Spaulding, visiting in the home of W. B. Jenkins, are dead and the three year old daughter of Jenkins is not expected to live, from effects of rat poison found in the yard and eaten by the children. Burial was made in the city cemetery this evening.

J. O. Spaulding of Panhandle, the father of six-year-old Emmalee Ada Spaulding who died in Coleman Tuesday night, as the result of eating rat poison while at play, spent the night in the city, enroute to Coleman to attend the double funeral today of his little daughter and the 3-year-old daughter of Mr. and Mrs. W. B. Jenkins, whom his wife and little daughter were visiting. Parties from Coleman came in early this morning in an automobile to accompany him to Coleman.

**AMERICA'S GIFT TO WORLD.**  
It may be, as Meredith Nicholson has suggested, that America's gift to the world will not be an artistic gift at all, but an ethical one. Each country seems, like each person, to have some peculiar gift to give to humanity. England gives poetry to the world—there has never been in any other country such a procession of poets as have passed through England in the last 600 years—and Germany gives great music to it. What is the gift that America will give? I am interested in Meredith Nicholson's opinion that the gift may be a higher standard of justice, a greater range of freedom, remarks St. John Ervine in Century Magazine, though contemporary life in the United States hardly convinces me that his opinion is sound. In any event, America must produce a literature of her own. If her gift to the world is to be a nobler ethic than the world now possesses, then she cannot fail also to give the world a noble literature. All great writing is fundamentally the expression of a powerful individuality. One expects to find the greatest literature in that country where individuality has the freest play. Is that country America?

Many large business establishments today will not hire a new employee until he has submitted to a more or less thorough physical examination to determine his fitness for the duties he will be called upon to perform. This requirement has seemed harsh to some, but it really is as much in the interest of the prospective employee as of his employer, says Pittsburgh Chronicle. The examination frequently discloses hitherto unsuspected defects that may be remedied, thus contributing to his efficiency. This scheme has also been extended with good results to industrial concerns and it has played its part in the widespread "safety first" movement.

"Speak the kind words, they are needed so—" run the words of an old hymn. Every day we let opportunities pass when we might have spoken that much-needed kind word. To our families, our friends and to passing acquaintances, the cheerful words are stepping stones on the hills of life. Neighborly deeds and appreciative "Thank you's" are of more benefit to the living than roses on the graves of the dead.

Every now and then some European statesman modestly rises and suggests the possibility that the United States may cancel the debt owing to it by the European nation which that statesman represents. And at such times every American citizen feels a distinct sensation as of someone pulling gently but firmly on his lower extremities.

An authority says depreciation in the value of one's automobile may be claimed as income tax exemption. The best way of calculating the depreciation, probably, is to forget the sudden and great appreciation of a 1918 model that is redeemed by a truck when the truck driver is in the wrong.

The comet that is going to visit us next June will struggle up closer to the earth than has any of its predecessors. But we should not object to a celestial visitor bearing such an aristocratic and hyphenated name as Pons-Winnecke.

It is said that if the word "please" were left out of all the telegrams sent in the United States in a year \$3,000,000 would be saved. Are the telegraph companies willing to lose that three million, and are we willing to save it at the expense of politeness?

**LOCAL AND PERSONAL**

"The State shall be divided into Senatorial districts of contiguous territory according to the number of qualified voters, as nearly as may be, and each district shall be entitled to elect one Senator."—Section 25, Article III, Constitution of the State of Texas.

"The Legislature shall, at its first session after the publication of each United States decennial census apportion the State into Senatorial and Representative districts, agreeably to the provisions of Section 25 and 26 of this Article."—Section 28, Article III, Constitution of the State of Texas.

"The Senators shall be chosen by the qualified electors for the term of four years; but a new Senate shall be chosen after every apportionment, and the Senators elected after each apportionment shall be divided by lot into two classes. The seats of the Senators of the first class shall be vacated at the expiration of four years, so that one-half the Senators shall be chosen biennially thereafter."—Section 3, Article III, Constitution of the State of Texas.

"Taxation shall be equal and uniform. All property in this State shall be taxed in proportion to its value, which shall be ascertained as may be provided by law."—Section 1, Article VIII, Constitution of the State of Texas.

"The United States shall guarantee to every State in this Union a republican form of government."—Section 4, Article IV, Constitution of the United States.

The State of Texas today is violating the letter and the spirit of all of these provisions.

**"Dad Busher's Girl" Draws Big Crowd of Nolan School**

Thursday night the citizens of the Nolan school community filled the school auditorium to its full capacity to see the big Three Act Drama "Dad Busher's Girl." The cast was composed of local talent and each actor acquitted himself with credit. The play was true comedy all the way through and the audience first smiled then laughed and wound up with a scream. All the folks that could not laugh stayed at home.

In addition to the play J. K. Polk Harris was there with his fiddle and those who have heard Uncle Polk fiddle, know what a treat that was. E. L. Carter a regular "bear-cat" banjo-picker from Maryneal was there and with the local musicians of Nolan furnished the musical atmosphere.

The Nolan ladies also held a pie supper and a nice sum was realized from that source. The proceeds of the entertainment will be used for the benefit of the Nolan Baseball Club, which according to Manager L. E. Kirby will be the best ever this season.

**The Story of Our States**

By JONATHAN BRACE  
XLII.—IDAHO

THE year 1889 saw the stars in our flag increase from thirty-eight to forty-two, for four states were added to the Union in that year. In 1890 two more states were admitted, the first of which was Idaho, so that during these two years the manufacturer must have been kept busy turning out new flags with the proper number of stars.

Idaho is very mountainous and the name is derived from the Shoshone Indian word meaning "gem of mountains."

The first white explorers were undoubtedly Lewis and Clark on their memorable trip in 1804-5.

Idaho was a part of Oregon territory, which was jointly occupied by British and Americans until the Treaty of 1846 definitely turned over to the United States the country south of the 49th parallel. In 1863 Idaho was organized as a territory, with an area three times the size of the present state, as it included Montana and part of Wyoming. The next year Montana was set off for a territory by itself, and in 1890 Wyoming was organized so that in 1890 when Idaho was admitted as the forty-third state of the Union, its area was reduced to 83,888 square miles. Even so it ranks as the eleventh state in size.

The rapid settlement of Idaho was due to the discovery of gold, the same cause which so rapidly built up the adjacent states. It was in 1882 that gold was found at Coeur d'Alene in the northern part of the state, and miners immediately flocked to the state in great numbers.

There was serious labor trouble in the Coeur d'Alene section in 1892 and again in 1893, when martial law was established until peace between the miners and mine owners was effected.

Idaho is fifth from the end in the list of states according to population, and accordingly has but four presidential electors. But the state is developing rapidly.

## WOULD PROBE LEGION CLAIMS

International Association of Rotary Clubs, Shocked at Reports, Orders Nation-Wide Survey.

Aroused by charges of the American Legion that the government has failed in its duty toward disabled veterans of the World war, the board of directors of the International Association of Rotary Clubs has ordered a nation-wide survey of the situation "to prove whether American Legion reports are based on hysteria or upon actual facts."

The Rotary organization has endorsed the Legion's consolidation program for the relief to the disabled and will support the Legion's efforts to obtain its enactment into law, according to Chesley H. Perry of Chicago, secretary-general of the Rotary clubs' organizations.

"The 50,000 American business and professional men who form the 800 Rotary clubs of the United States, have started out to gather the actual facts in their respective communities with regard to the manner in which the United States government is handling the cases of disabled ex-soldiers," Mr. Perry stated in a letter to F. W. Galbraith, Jr., commander of the Legion.

"The Rotarians have been shocked by the disclosures made by the American Legion regarding the circumstances surrounding the rehabilitation of Uncle Sam's disabled ex-service men. Each Rotary club is appointing a special committee to investigate conditions in its community and report to the club. Every club will then report to the headquarters office of Rotary in Chicago. The result will be that from 800 communities in every part of the United States will come evidence of business and professional men to prove to the American people whether or not the American Legion reports are based on hysteria or upon actual facts so revolting and heart-rending as to cause the whole American people to raise their might and do justice to the men who sacrificed themselves for their country."

The Legion's national commander asserted that his organization will welcome the Rotary investigation.

"I hope its findings will be given the widest publicity," he said. "It will be found that the Legion has not overstated the case in any particular."

## LEGION MAN IS LEGISLATOR

California Member of National Executive Committee Also Serves as Maker of Laws.

Although he was forty-one years old when the World war started, Charles H. Kendrick of San Francisco, Cal., member of the national executive committee of the American Legion, served with distinction in the army, and was cited by General Summerall, commander of the Fifth Army corps, "for display of exceptional devotion to duty while under bombardment by the enemy's guns" during the Meuse-Argonne offensive.

Mr. Kendrick was educated in the public schools of San Francisco and is engaged in the selling of real estate and development of agricultural lands.

Commissioned a captain in the Remount service in August, 1917, Mr. Kendrick trained at Camp Dix, N. J., and was sent overseas in July, 1918, attached to the Twenty-sixth division as remount officer. He served with that division during the St. Mihiel drive, and at the opening of the Meuse-Argonne push was made remount officer of the Fifth Army corps. After the armistice he was promoted to major and discharged from service in February, 1919.

Mr. Kendrick's devotion to Legion affairs during the time he was a member of the state executive committee led to his selection as representative of California on the national body.

### Press Women Are Interested.

The Women's Press club of New York city has become interested in American Legion welfare work and has adopted a ward at Fox Hills hospital, Staten Island, New York, containing 65 disabled veterans. The club's committee visits the hospital twice a week supplying the men with articles of clothing, tobacco and reading matter. An item sponsored by the club of "Purina" brand "hardened" or "white" boxes for the various hospitals where ex-service men are being treated has become popular with relief organizations. The school children of Leonia, N. J., collected funds and bought a window box for the hospital.

Virginia Auxiliary Convention. The first convention of the Women's Auxiliary of the Virginia Department of the American Legion will be held May 13 and 14.

## Ky. Will Preserve Mansion Where "Old Kentucky Home," Was Written

(Associated Press) FRANKFORT, Ky., April 8.—Governor Edwin P. Morrow today issued a proclamation calling upon "fond expatriates from the Kentucky soil that gave them birth" to contribute to a fund for the purchase and preservation of Federal Hill, the ante-bellum Kentucky mansion where Stephen C. Foster wrote "My Old Kentucky Home, Goodnight."

Federal Hill lies about a mile from Bardstown, which is thirty-nine miles south of Louisville. The Governor's proclamation was said to be unique among state documents, both because of its subject, now almost a national anthem and its extra-territorial character.

It recites in part: To Every Expatriate From Kentucky in All The World:

"At Federal Hill, a homestead and estate, near Bardstown, Kentucky, Stephen C. Foster wrote and composed that most loved and famous of all American songs, 'My Old Kentucky Home, Goodnight.' The homestead and surroundings still remain essentially as they were in that Summer Time of 1852, when 'The corn-tops were ripe and the meadows were in bloom,' and as they were in 1795, when the mansion was built.

"The place is under option to be purchased by popular subscription in Kentucky, to be converted into a historic shrine to perpetuate the glory of the song, the memory of the great American-composer and the universal desire to honor its consecrated associations. It is to be maintained and protected, when acquired, under the authority and control of the State.

"Now, therefore, I, Edwin P. Morrow, Governor of the Commonwealth, do make and send this proclamation, with greetings, to all 'fond expatriates from the Kentucky soil that gave them birth; to the children of such as have passed on and left behind the heritage of pride in their origin; and to those who have listened to that song of home under the shadow of other hills, the sunlight of other plains or beneath the quiet stars of alien skies, and who have felt the thrill of its deathless beauty and pathos.

"You also are privileged and invited to join with the sons and daughters of Kentucky in a contribution to this fund, which shall be used along to preserve the home of the song that is your song and our song."

"Given under my hand as Governor of the Commonwealth, this 2nd day of April, 1921.

## ROWAN CASE GOES TO ABILENE COURT

DALLAS, April 8.—Albert L. Rowan charged with murder in connection with the robbery here last January of the substitution, today was granted a change of venue in Dallas County Criminal Court and his case will be tried in Abilene, Taylor County. No date was given.

## MRS. CRUTCHER LEAVES FOR CALIFORNIA

Mrs. S. W. Crutcher will leave on Saturday morning's train for Amarillo, where she will be joined by her son, Charles, enroute to California, who has been transferred from the base hospital at Hampton Roads, Va. to the base hospital at San Pedro, California, where he will receive an honorable discharge from the navy.

They expect to spend several months in California, while Charles recuperates.

Mrs. Thos. Trammell will accompany her mother as far as Amarillo and remain over Sunday.

The B. Y. P. U. of Zone 3, will have a meeting which promises to be full of interest at the First Baptist Church next Sunday from 3 to 4:30 p. m.

### GO TO SUNDAY SCHOOL

Yesterday morning at the 10 o'clock service a splendid meeting was held. Everyone entered into the spirit of the service. Good singing, good talks, each one feeling that it was good to be there.

At 7:15, 67 young people met Brother Huston. Splendid results are being felt from these young people's meetings.

Preceding the meeting Brother Huston sang with violin and piano accompaniment by Mrs. Drago and Mrs. John Perry. "I Know That My Dearm Will Come True."

These gospel solos never fail to bring a sweet spiritual message to many hearts.

The pastor, Rev. R. A. Stewart, preached a soul stirring sermon on "The Work of the Holy Spirit," to a large audience that responded most heartily to an appeal for a higher Christian life. We are hoping to have 100 young people in the 7:15 service this evening. We urge parents and friends to use every effort to get them there.

The revival has launched a campaign for a "Go to Sunday School Day," next Sunday, for the entire city. Let's double every Sunday attendance, in every church in the city next Sunday. Just bring two.

Come to the revival service 7:15 and 7:45.

### BAPTIST ASSOCIATION

**A Cow Kicked Over a Lantern and Chicago Burned**

MRS. O'LEARY of DeKoven Street, on the west side of Chicago, on Sunday Evening, October 8, 1871, took her little coal oil lantern and went out to the barn to milk her cow.

The Cow kicked over Mrs. O'Leary's Lantern—the straw scattered about the barn floor took fire—and that was the beginning of the great conflagration that destroyed Chicago.

For two days the fire raged. It swept an area of over 2024 acres, and destroyed 17,450 buildings. It rendered seventy thousand people homeless. It caused a money loss of one hundred and ninety million dollars. It took a toll of two hundred lives.

That was a costly kick. It kicked Chicago into disaster. If Mrs. O'Leary's barn had been lighted by electricity the kick of her cow could not have endangered the lives and property of her neighbors.

Electric light and power spells SAFETY PLUS SERVICE. It means greater comfort and convenience, with economy of time and energy. It makes brighter, better, SAFER living and working conditions.

Your electric light and power system is active evidence of the PROGRESS that has been made in SAFETY PLUS SERVICE since that Sunday evening when Mrs. O'Leary lighted her lantern and Chicago burned.

## GERMANY WILL LIKELY SUBMIT NEW PROGRAM

Semi-Officially Announced That Germany is Making Effort to Interest U. S. in New Move.

(Associated Press)  
PARIS, April 8.—It is semi-officially announced here today that fresh proposition on reparations is expected from Germany. Unconfirmed reports state that Germany is making another effort to interest the United States by negotiations between Karl Bergman, German Under-Secretary of the Treasury and Rowland Boyden, formerly American unofficial representative on Allied Reparations. Commissioner Boyden is now in Vienna enroute to Constantinople it is understood.

### "T. E. L." S. S. CLASS ENJOY MEETING

The ladies of the "T. E. L." class of the Baptist Sunday School, held their monthly business and social meeting at the hospitable home of Mrs. Silas Gorge Wednesday afternoon.

Mrs. B. L. Beach, class president, presided over the meeting with the newly elected secretary, Mrs. H. C. Scott in her place.

The meeting opened with the singing of the class song, "My Faith Looks Up to Thee."

Mrs. W. H. Stamps read the scripture lesson, Luke 11:1-13. The topic for next Sunday's lesson is "Public Health," the one great subject in which we are all vitally interested.

A most clever "2001 fellowship" idea suggested by Miss Rosa Breedlove, librarian of Simmons of Simmons College at the class' last meeting was adopted yesterday. It is called the "capsule plan." The names of all class members were written on tiny slips of paper and inserted in capsules. Each lady then drew a capsule and the name drawn becomes her "big sister" for three months, and they are responsible for their well being during that time. Please them to go to church, Sunday school etc., and if they should become sick, send them fruit and flowers, and visit them, too, of course. Should they be so lucky as to have a birthday during that time remember them with a nice little gift and all during these activities keep their identity a well guarded secret at the end of the three months when another drawing will be made and the identity of each "big sister" of the past three months will be revealed, and we are wondering how many will be "surprised."

The Lord's Prayer was repeated in concert at the conclusion of the meeting.

Mrs. S. J. Jackson and Mrs. T. W. Williams added pleasure to the meeting with a vocal duet, Mrs. R. C. Crane playing the accompaniment. Victrola music added to the afternoon's entertainment.

The hostess served a most delightful sandwich course. Mrs. Hern will be next hostess May 4.

Mrs. J. L. Landrum left yesterday for her home in Stamford, after carrying the "keys of Sweetwater" for the past ten days. She was the guiding spirit of the great Sweetwater Manufacturing Exposition of last week and has every reason to feel proud of its success. She also made a splendid talk at the West Texas "Protest Meeting" at the Wright Hotel Wednesday evening.

## GREECE UNABLE TO CARE FOR ALL WOUNDED SOLDIERS

Queen Sophie Appeals to American Red Cross at Paris for Nurses, Supplies.

ATHENS, April 8.—Wounded Greek soldiers are arriving here in such large numbers from Smyrna and Brusa fronts that the sanitary authorities of this country are unable to care for them properly.

Two thousand arrived at Piraeus Thursday. It was found that facilities for caring for them were entirely inadequate. Queen Sophie has applied to the American Red Cross at Paris for trained nurses and supplies. Four classes of doctors have been called out by orders of the government.

### Can A Bale of Cotton "Go" By Parcels Post? Nolan Did It.

Possibilities of what might be done in the way of shipping by parcels post were demonstrated yesterday when a bale of cotton was brought to market from the Nolan community by W. H. Hollowell, mail carrier of the Nolan Motor route.

While the cotton was not designated as parcel post matter, it went through the routine along with the packages of eggs, butter, hatched chicks and pure bred land originating in the corn and maize fed circles of progressive Nolan.

Postmaster Crane and employees of Sweetwater Post Office had an idea when they saw the mail car come in that some mail order house had opened up at Nolan and was bidding for Sweetwater trade by sending in a lot of catalogues.

### TOO MUCH REDUCTION SAYS HUBERT TOLER

In the classified columns of yesterday's Reporter an ad appeared over the signature of Hubert Toler saying that the charge for mechanical work at Maxwell-Chalmers Service Station on Oak Street had been reduced to 31 cents an hour.

"Too much reduction," said Hubert in speaking of the typographical error, "what I wanted to say is that the charge for mechanical work had been reduced 50 cents an hour from the former charge," which instructions have been followed as a glance at the classified columns will show.
