### TODAY'S EDITORIAL

The higher up in life that a man goes, the more necessary it becomes that he shall co-operate with other men. Any man's success depends largely upon the efforts of others, and anyone who is not willing to share his success with these others very seldom has much success to share.

## BOYS vs. CHICKENS

At the recent Country Life Conference held in St. Louis, a moving-picture film was shown of a farm boy and his prize flock of chickens. The film demonstrated that the birds were fine because the boy had a scientific knowledge of chicken culture, and that he had applied his knowledge to the care of his flock. But the boy was a mounth breather and showed further effects of malnutrition. The trame thing about the picture was that the chickens were having a better chance than the boy.

The idea of encouraging children to raise thoroughbred poultry and live stock is wholesome. It should be promoted to a greater degree than it is at present. On the other hand, it must be borne in mind that the greatest asset is neither live stock nor poultry. but boys and girls. They themselves are entitled to as scientific care as they are taught to give the animals that they raise. In order to develop into a strong man or women every child must have a well-balanced diet which is eaten at regular periods; long hours of sleep in a well-ventilated room; activity as expressed in wholesome work, study and play in struction concerning the care of the body; and periods of physical examinations by a reliable physician.

Frequency and average-load capacity (1% tons) loom big in 1924 buying plans. The Speed Wagon has hustleability, and is without economy-competition for carrying from 500 to 2500 pounds. Its nimbleness puts more profit-producing hours into the hauling day.

Big trucks, big investment, big overhead, big depreciation, big weight, limited roadability, slow travel, restricted service, excessive idle time, they belong to vesterday!

Superseding them is the Speed Wagon, with: moderate size, small price, minimum overhead, negligible depreciation, relatively light weight, flexibility to suit the traffic or trunk road, power and traction to travel wherever a passenger car will go.

And to supplement versatility to fit the haulage needs of nearly 300 lines of business; body convertibility to suit the load; service-facilities from more than 2000 Reo dealers; stability of design (10 years without radical change); centralized responsibility, because the Speed Wagon is a Reo entirety."

Lottie Pickford, charming and viacious sister of Mary and Jack Pickord, starring in the world famous white slave picture "The House of Bondage," will be shown at the Queen Monday and no children will be admitted under 16 years of age.

This is a picturization of Reginald Wright Kaufman's, books which is claimed by many to be almost too vivid to be acceptible to the average audience. The film story, which is told in six reels, is very realistic. Inmanagement, realistic not sensationalism. Plays dealing with the social problems are of complex nature at best. That they may give publicity W. T. HIGHTOWER, Re-Election to conditions as they exist so that these problems can be remedid, and \* yet not offend the public sentir.ent in any way is no easy task. It is generally believed by many social workers that the dangers of immoral places existing in the larger cities should be known, that young and innocent may be warned and certainly this photo play shows great sincerity ···· of purpose and a natural secvence by

ROBS CALOMEL OF NAUSEA AND DANGER

Medical Virtues Retained and Improv ed-Dangerous and Sickening Qualities Removed

The latest triumph of modern cience is 'de-nauseated" calomel tablets known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters non a wider field of popularity,purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account o fits sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water-that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, and a purified system and a big appetite. Eat what you please. No

Calotabs are sold only in original, ealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calo
