## MY TURN

By Carol Ellis

**CALLS AND COMMENTS** regarding the last "My Turn" column, February 12, came in about 46 to 1 in agreement with the statements made therein.

Of course the one who disagreed came in the form of an unsigned letter. It always amazes me that the people who disagree with a point of view are the only ones who bother to sit down and write. Bill and I have to put our names on things that we say every week. The rest of you have the same privilege to voice your opinions in the form of a letter to the editor. . . and, best of all, it is FREE! The only requirement is that you must sign your name.

The dissenter was an elderly lady. . . female handwriting, female stationery. . . and she noted that she had come to this area about 60 years ago. She did not appreciate my derogatory remarks about "OUR president," particularly the part about him being "poor white trash."

Well, my dear, I did not say "poor white trash." Read it again! I purposely left off the word "poor" because Bill Clinton may have started off poor but he came into some money somewhere along the way. You don't get the kind of breaks this guy has had without having some money behind you.

As far as "which branch of the royalty" did I spring from? I'll tell you. When it comes to "white trash," it takes one to know one! I happen to spring from a rather questionable background, myself, and from nearby the same area of Arkansas that Bill Clinton came from. I wouldn't dare research too far into my own natural heritage, lest I discover that I could be among some of his many shady relatives. Guys from that area attend their family reunions just to pick up girls, you know.

My adoptive parents were very well aware of my background and they made every effort to offset that by raising me with strict, authoritarian, almost Victorian, high moral values. Bill Clinton didn't have that advantage. In fact, he isn't even a Clinton. His father was William Jefferson Blythe III, and Mr. Bill simply took the Clinton name from Roger Clinton, his mother's second husband.

Bill Clinton is the first president this country has ever had who did not come from a highly respected family background. It shows! He led the American public down the garden path to get himself elected and now, in office, he proposes plans which are detrimental to the future of the country and he uses every dirty political trick in the book to get these things passed.

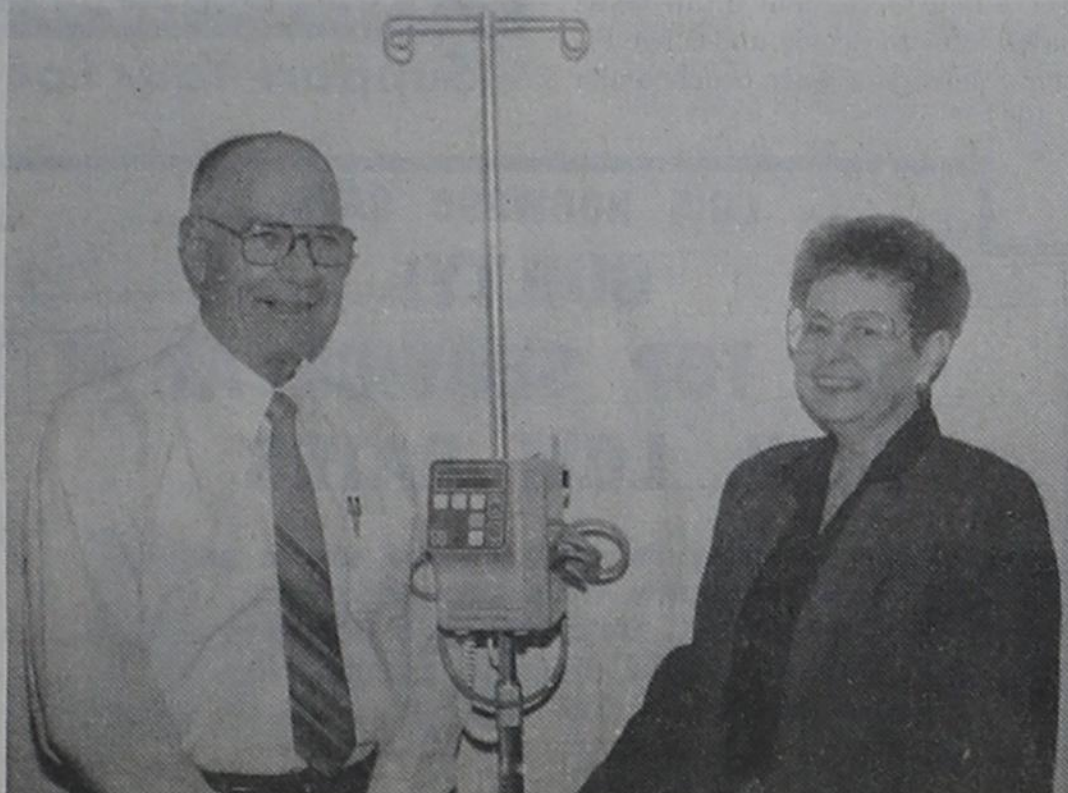

The media never gave the Reagan-Bush-Quayle faction a moment's peace during their 12 years in office. They couldn't even breathe air and do it right according to the television commentators and the newsmagazines. Well, the shoe is on the other foot now.

My elderly lady dissenter mentioned Bill Clinton's educational accomplishments and his Rhodes Scholarship. Were you aware that he did not finish his term at Oxford and he just blew off his Rhodes Scholarship? At that time, he was just too busy visiting Russia and being friendly with the elite folks of the Communist party, to attend his classes at Oxford. This is our wonderful president. . . and right at the time when our country is most needful of leadership with character and integrity. Our beloved country is fast becoming a laughing stock for the rest of the world's nations.

He likes to compare his administration to that of the Kennedy's, an era sometimes referred to as "Camelot" -- an analogy to the fanciful court of King Arthur and its fictionally romantic vision of a mythical society and its ruler. Clinton's administration resembles more of a "Cow Lot" because he has spread around just about enough "bull" to fertilize all the farms in America.

**TRADE-IN TIME....**Frona Postmaster Larry Rogers is shown with a representative of the U.S. Postal Service, which picked up the city's two postal vehicles this week for their scheduled maintenance work. Two "loaner" vehicles were left for the city carriers to use in the meantime.

**EQUIPMENT RECEIVED....**Bill Neely, hospital administrator, and Sandra Turner, president of Modern Study Club, stand beside the new IV pump paid for by the club's 1993 Project Christmas Card. Over \$4300 was raised by the club for new equipment for the hospital.

## Nominations Are Needed For '94 Banquet Honorees

Saturday, March 19 has been scheduled for the Friona Chamber of Commerce and Agriculture's yearly banquet, it was announced this week by the Chamber office.

Tickets will go on sale next week and can be purchased at the Chamber office or from any of the Chamber directors. Advance tickets will be \$15.00 for adults and \$12.50 for students. Tickets at the door for adults will be \$17.00 and for students, \$15.00.

Nominations are needed from throughout the community for man and woman of the year, teacher of

the year, most courteous employee of the year and outstanding students (boy and girl) of the year. Deadline for submitting these nominations is set for March 10.

Popular cowboy artist-poet-minister Kenneth Wyatt of Tulia will be featured as the main speaker for the banquet.

The banquet meal will be a prime rib dinner catered by K-Bob's restaurant of Hereford.

## Court OKs Bids For Equipment

Parmer County Commissioners Court met in regular session Monday, February 14, 1994 at 10 a.m. in the County Courtroom.

After the meeting was called to order by Judge Bonnie Clayton, bids were opened for a motor grader for Precinct 1. The bids were as follows: John Deere \$63,987, Caterpillar \$72,825. The bid from John Deere was accepted.

The next item considered was to open bids for a tractor for Precinct 4. One bid was received for a John Deere 4440 tractor at a cost of \$20,000. This bid was accepted.

After reading minutes of the previous meeting and accounts payable, Anne Norton reported that it would be necessary for the Court to adopt a new Investment Policy. This is an instrument giving the Treasurer the authority to invest and care for the County's money.

Doris Herington reported that approximately 83% of the 1993 taxes have been collected.

Bonnie Warren, County Clerk, reported on early voting plans. Early voting started February 16 and will run through March 1.

The meetings of the Parmer County Commissioners Court are held the second and fourth Mondays of each month at 10 a.m. All meetings are open to the public and everyone is urged to attend.

## Prayer Day Observance Is Slated

Community members are invited to attend World Day of Prayer service, March 4 at 7 p.m. at Calvary Baptist Church. Although this program is written and sponsored by Church Women United, everyone is invited to attend.

The 1994 program will try to bond us to the Bible lands and the painful circumstances under which families struggle to survive and provide for their children.

The "Go, See, and Act service will hopefully encourage participants to study and enter dialogue toward attaining peace in that troubled area," a spokesperson said.

A nursery will also be available.

## Group Sets Dinner Date March 6

St. Teresa's Ladies Society will host their annual Mexican Dinner on Sunday, March 6 from 11 a.m. to 2:30 p.m.

Admission will be \$5 for adults and \$3 for children.

The menu will consist of enchiladas, tamales, tacos, rice, beans, tea, coffee and dessert.

Take-out orders will be available.

## FISD Sets Date For Election

The board of trustees of the Friona Independent School District met in regular session on Monday, February 14.

Among the items considered were:

(1) Adopted a resolution calling a school trustee election to be held jointly with the City of Friona for Saturday, May 7, 1994, to elect three school trustees for three-year terms.

Anyone wishing in filing for the school board may sign up in the office of the Superintendent, 909 East 11th Street, from 8 a.m. to 4 p.m. each weekday.

Terms of Becky Riethmayer, Butch Preston and Mickey Harrelson are expiring.

(2) Adopted a resolution and ordinance to tax automobiles pursuant to section 11.25 (c) of the Texas Property Tax Code.

(3) The board approved contracts for administrative and guidance personnel for the 1994-95 school year.

## Absentee Voting Is Underway

Early and absentee voting for the Parmer County Primary Election is currently underway at the County Clerk's office in Farwell, and will continue through Friday, March 4.

There will also be special polling booths set up two days in Bovina and Friona before the final March 8th Primary Election.

Bovina City Hall will be the voting site for Bovina all day Tuesday, February 22 and Tuesday, March 1.

In Friona, the absentee voting booth will be set up at the Friona Federal Credit Union on Thursday, February 24 and Thursday, March 3.

## VFW Hosts Stew-Chili Meal Here

The Parmer County Memorial VFW Post #1413 and auxiliary will host a stew-chili meal, Sunday, February 27 at the Legion Hall, Sixth and Euclid.

Serving will be conducted from 11:00 a.m. until 1 p.m. Adults will be charge \$4 and children under twelve will be served for \$2.50. For take-out orders, call 247-2317.

## Public School Week Activities Set Locally

The celebration of "Texas Public School Week" is scheduled for February 28-March 4. "Making Connections," will be the theme of this year's campaign.

The Friona I.S.D. personnel would like to extend a special invitation to parents and local residents to visit classrooms and participate in the special projects that will be on display.

Residents are invited to enjoy lunch with the students during the week. Meal tickets, priced at \$2.50 for adults and \$1.20 for children, may be purchased at the cafeteria.

All classrooms will host Open House activities Tuesday, March 1. The districtwide schedule is: Primary Campus, 6 to 7:30 p.m. Elementary Campus, 6:30 to 8 p.m. Jr. High Campus, 7 to 8:30 p.m. High School Campus, 7:30 to 8:30 p.m.

Refreshments will be served in the cafeteria by the ARA food service staff.

Parents who have children in the Migrant/Chapter 1 Program are encouraged to visit Mrs. Connie Johnson's room (Elementary Campus #209), Mrs. Kay Snead's room (Elementary Campus #212), Ms. Janie Irlbeck's room (Jr. High Campus #18), and Mr. Alton Peak's room (Jr. High Campus #19).

The children on the Primary Campus will be able to demonstrate their computer, reading, and writing skills on the new Josten's Integrated Language Arts Program, "Dragonales." This program's design, three Macintosh computers and one printer per classroom, allows teachers and students immediate access to technology.

Using the computer as a teaching tool has enhanced the student's motivation and provided

an innovative teaching strategy for our young children.

The elementary campus will have a variety of students' work in the hallways and in individual classrooms. The Science Fair will be held in the gym.

The Josten's Integrated Learning Lab will be operating for students and parents desiring a technology challenge. The Book Fair, located in the library, will be opened for parents who would like to preview and purchase age-appropriate books.

On the Jr. High Campus, students will be displaying science projects, life science posters, geometrical models, "parts of speech" dictionaries, adjective banners, art projects and Alamo models.

The High School Campus will feature students' art projects, science projects, industrial art projects, auto mechanics repair projects, and multimedia computer programs in the gym.

The computer students will be displaying designs as well as demonstrating programs written in the BASIC language.

At 8:30 p.m., the Student Council will present "Who's Who" in High School, a recognition of students elected as Mr. and Miss FHS, class favorites, and other honors.

A mini-health fair will be located in the high school gym. You are invited to have your blood pressure checked and select informational brochures on cancer and nutrition.

Educational excellence is essential for the future of our students. Take this opportunity to witness the educational process and view the results of the educational programs a Friona I.S.D.

**NEW CONTAINERS....**Two local school children hold up examples of the new plastic milk containers which are being used, in place of the wax-type containers that were used for so many years. Showing the containers are Hope Richardson and Jacob Rando.

## Heritage Society Elects New Officers/Directors

At the annual meeting of the Community Heritage Society, last Monday evening in the Depot, new officers and directors were elected.

The two new directors are Martha Rutherford and Zelma Thorn. Dottie Osborn and Judy Cummings were due to go off the board of directors but were re-elected. Ron Smiley and Diane Tatum were the retiring directors.

Officers for 1994 will be Lois Norwood, president; Peggy Monroe, vice president; Judy Cummings, secretary; Dottie Osborn, treasurer; and Carol Ellis, reporter.

Chamber of Commerce manager Teresa Buske was elected as an ex-officio member of the board of directors to act as liaison between the Chamber and the Heritage Society.

Other directors of the Heritage Society are: Ilene Osborn, Martha Hamilton, Dave Thompson and Mary Johnston.

Lois Norwood gave a report on the uses of the Depot during the past year which included: tours by grade school classes, some club

meetings, Maize Days art show, reception for Ag Secretary Rick Perry, press conference for state FHA director George Ellis, press conference for Teel Bivins, some Women's Division meetings, and the Heritage Society luncheon in December.

Dottie Osborn gave the Treasurer's report and noted that it is now past time to pay membership dues but dues will still be accepted. She also reminded the group about sending memorial honorariums to the Heritage Society.

Peggy Monroe reported on the upcoming luncheons in the Depot which will be held each week during the month of April, and will comprise the Society's main money making effort for the year.

Teresa Buske reported on some long-term plans of the Women's Division to improve and beautify the park. Plans are to include playground equipment and restrooms. Landscape architect Sydney Dean will be working with the group to draw up plans for these projects.

# Friona Flashbacks

...from the files of The Friona Star

65 Yrs. Ago--Feb. 22, 1929

Another line of business was opened up last week in Friona, as its base, when V.E. Hart began a regular schedule of motor truck service between Friona and Amarillo. The need for such service has been apparent for some time, and Mr. Hart says he will make three trips per week, on Tuesdays, Thursdays and Saturdays.

55 Yrs. Ago--Feb. 24, 1939

About 28 of the business and professional men of this city met on Thursday night of last week at Friona High School, for the purpose of reorganizing the seemingly defunct local Chamber of Commerce.

J.A. Blackwell was elected president; C. Carl Dollar, secretary; J.R. Roden, vice president; and Loyde Brewer, treasurer.

50 Yrs. Ago--Feb. 18, 1944

## Letters To The Editor

To The Editor:  
It was March 2, 1836, when Texas' Founding Fathers gathered at Washington-on-the-Brazos for the signing of the Texas Declaration of Independence, marking a pivotal moment in history for anyone who has ever yearned to live free from the minions of tyranny and oppression.

On Wednesday, March 2, Texans will celebrate the 158th anniversary of this bold and courageous action made by brave patriots who served the Republic of Texas with distinction when the call to arms was sounded at places of honor like San Jacinto and the Alamo.

The Battle of San Jacinto was among the most significant battles in American history because it not only set Texas free, but set into motion a tide of irreversible events that brought the great Southwest into the Union.

Ultimately, 11 states, from Texas to California, joined the Union and fulfilled the dream of manifest destiny. In summing up that battle, which occurred on April 21, 1836, Texan Thomas Rusk, then Secretary of War for the Republic of Texas, wrote, 'The unerring aim and irresistible energy of the Texas Army could not be withstood.'

I hope your readers will take a moment to remember the gallant men and women who served the Republic of Texas with distinction; remember them for the freedom we enjoy today; remember them for making Texas the greatest of these United States of America.

Yours Respectfully,  
PHIL GRAMM  
United States Senator

## Scouts Honor Steve Jones

The Boy Scouts of Friona have awarded Sgt. Steve Jones a plaque for his help with some merit badge work the boys needed his help on.

"In recognition to him, the boys would like to show their pride in all of Friona's fine police department," said Scoutmaster Gary Williams.

# Happy Homemaker

By JUNE FLOYD

Sue Fowler, who has lived on a farm west of Bovina about 30 years, developed her interest in growing plants into a business, and is sharing some of her favorite recipes with us this week.

She and her late husband, Joe, and son, Robert, worked together in the establishment of a plant growing operation near their home and home grown food was a natural for them.

The Fowlers began grinding their own corn and wheat several years ago and she adapted a pancake recipe which reads like this:

### WHOLE WHEAT PANCAKES

Mix together:  
1-1/2 cups whole wheat flour  
5 teaspoons baking powder  
1/2 teaspoon salt  
1/2 cup powdered milk  
Add:  
1-3/4 cup water  
1/2 cup cottage cheese  
1/4 cup corn oil  
1 egg (beaten) may be added  
Serves three or four.

She also came up with a recipe for whole wheat bread, which turns out tasty loaves that are very nutritious as well.

We might just call it "Sue Fowler's Whole Wheat Bread."

### SUE FOWLER'S WHOLE WHEAT BREAD

Place in mixer bowl:  
3 cups whole wheat flour

1/3 cup salad oil  
1/3 cup honey  
1 tablespoon salt  
1 tablespoon or 2 packages yeast  
2-1/2 cups warm water

Beat at low speed until well mixed  
Add 1 cup water  
3 to 4 cups white, unbleached flour

Using dough hooks or by hand, mix well. Knead until smooth and no longer sticky, adding bits of flour if needed. Place in large greased container in warm place, allow to rise until double. Punch down, let rise again. Makes 4 loaves. Oil pans well, place in pan, turn over to oil well on all sides. Let rise double. Bake 350 degrees until done. Turn out of pan. Butter tops.

If any of you grow your own chickens any more, this one could be completely home grown.

### GLAZED CHICKEN & VEGETABLES

2-1/2 to 3 pound fryer, cut up  
Salt and pepper  
1 tablespoon oleo

1 onion sliced  
1 cup celery, cut up  
1 cup sliced carrots  
1/2 of red or green pepper  
1 cup tomatoes (I use Del Monte wedges)

1 clove garlic  
1/2 cup sliced mushrooms  
1/2 teaspoon thyme  
1 bay leaf

1-1/2 tablespoons cornstarch  
Salt and pepper chicken.  
Brown pieces in oleo. Add vegetables and seasoning. Simmer 30-40 minutes until tender. Adjust salt. Blend cornstarch with a little water. Add-cook 2 minutes. Remove bay leaf. Serve with rice. Serves 4-6.

She was honored as Bovina's Woman of the Year in 1976 and as the Bovina Blade's Homemaker for the Month of April, 1981.

A few years ago, Juanda Murphy was honored as Bovina Young Homemakers of America "Cook of the Month" and some of her recipes were printed in the Bovina Blade. We're sharing those recipes with you and hope you enjoy them.

### FRUIT SURPRISE

2 packages strawberry gelatin  
2 cups hot water  
1 package (large) frozen strawberries  
1 can (large) crushed pineapple  
3 bananas, mashed  
1 carton sour cream  
1 cup chopped pecans

Dissolve gelatin in hot water, add frozen strawberries and stir until thawed. Add pineapple and bananas. Pour half the mixture into salad mold and congeal. Mix sour cream and nuts; spread over layer of congealed salad. Add remaining fruit mixture. Chill until firm.

### FESTIVE CAKE

1 cup shortening  
5 eggs  
1 cup self-rising flour  
2 cups sugar  
1 cup milk  
2 teaspoons vanilla

Cream shortening, gradually add sugar, beating until light and fluffy and sugar is dissolved. Add eggs, one at a time, beating well after each addition. Combine flour, add to creamed mixture alternately with milk. Add vanilla. Use two nine-inch pans. Bake at 350 degrees 30-35 minutes. Cool in pan 10 minutes. Split each layer after cool.

### COCONUT FILLING (between layers)

1 cup sugar  
1 cup milk  
1 pound frozen coconut  
12 large marshmallows  
1 teaspoon vanilla

Combine sugar and milk, bring to a boil. Add coconut and marshmallows, boil over medium heat 5 minutes. Remove from heat. Stir in vanilla.

### CHOCOLATE FROSTING

2 cups sugar  
1/2 cup margarine  
1 cup evaporated milk  
2-1/2 tablespoons cocoa

Combine all ingredients; cook over medium heat to softball stage, stirring constantly. Remove from heat. Beat until thick enough to spread. Use on outside of cake.

### PICKLED OKRA

Small okra are best to use. Wash okra and dry very good. Pack okra into jars. Add:  
1 button of garlic  
1 small hot pepper  
1 teaspoon dill seed  
Make a brine of:  
2 quarts of vinegar  
2 quarts of water  
1 cup salt

Heat to boiling. Pour over okra in jars and seal. Let set for 6 weeks. Makes 14 pints.

Juanda and Don have lived in Bovina about 40 years and have been active in just about every project the town has engaged in.

He's a farmer and she's a homemaker.

The following two recipes were copied from an October 28, 1981 edition of the Bovina Blade.

### CHEWY FUDGE BROWNIES

1 cup shortening  
3 cups sugar

## Students Make W.T. Dean's List

Seven Friona students were on the fall semester Dean's List, recently announced by West Texas A&M University.

These students had a 3.85 grade point average.

This is a list of Friona students: Rocio Baeza, Nathan E. Brockman, Janet L. Burlerson, Manda K. Daniel, Trisha L. Gibson, Jennifer L. Harris, and Cristalyn R. Ichtertz.

A total of 750 students earned this honor.

## KING JEROBOAM--THE IDOLATOR!

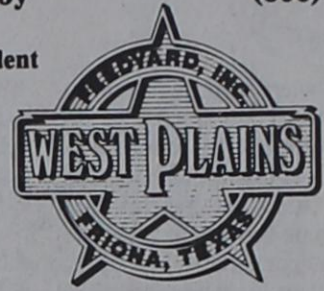

THE WORSHIP OF IDOLS IN ISRAEL WAS NOT UNCOMMON. STARTING WITH AARON, WHO FASHIONED A GOLDEN CALF IN THE WILDERNESS, IT REARED ITS HEAD EVERY SO OFTEN THROUGH VARIOUS INDIVIDUALS AND AT INTERMITTENT TIMES BUT THE MAN TO WHOM, HISTORICALLY GOES THE FULL BLAME IS KING JEROBOAM, THE FIRST KING OF THE DIVIDED KINGDOM OF ISRAEL (THE TEN TRIBES). BY HIS DECREE, A GOLDEN CALF WAS SET UP IN TWO PLACES IN HIS KINGDOM (I KINGS 12:26-30; II CHRON. 13:8). ONE IN BETHEL AND THE OTHER IN DAN. FROM THAT MOMENT ON, HE WAS KNOWN AS THE KING WHO MADE ISRAEL SIN! JEROBOAM FELT THAT HIS NEW KINGDOM WOULDN'T LAST VERY LONG IF THE PEOPLE HAD TO TRAVEL TO JERUSALEM (IN THE KINGDOM OF JUDAH) TO WORSHIP AT THE TEMPLE. SO HE SET UP THESE PLACES OF WORSHIP AND FURTHERMORE MADE PRIESTS OF PEOPLE WHO WERE NOT OF THE TRIBE OF LEVI, THUS COMPOUNDING HIS SINFUL WAYS TO A GREATER DEGREE. IN HIS REIGN OF TWENTY TWO YEARS (I KINGS 14:20) THOUGH HE DID MANY GOOD WORKS THEY WERE...

...NULLIFIED BECAUSE OF HIS SINFUL DISOBEDIENCE TO THE LORD GOD!

## Flutist & Genealogist Present Club Program

The program at the Tuesday evening meeting of Modern Study Club at Friona Woman's Clubhouse, was presented by guest Sharon White, flutist, presented "On Wings of Song," by Mendelssohn; "Gavotte," by S. J.

Gossee; and "Greater Is He That Is In Me," by Lanny Wolfe.

She was accompanied by Johnnie Walters, pianist. "Exploring The Family Tree," was the title of a genealogy discussion, which was presented by Carol Ellis.

She displayed a montage by Dr. David Rindlesbacher of West Texas A&M and a quilt top incorporating family photos, which was created by Vernell Cunningham.

The purpose of the program was to learn more about genealogy. The president, Sandra Turner, gave some interesting facts about the program subject in her welcome address. A recent nationwide survey indicated that genealogy is the third most popular hobby with Americans and that the most complete records are kept in Salt Lake City.

Roll call was answered with an interesting fact or myth about families of members.

During the social hour, refreshments were served to three guests, Carol Ellis, Sharon White and Judy Cummings, and nineteen members by the hostesses, Mary Lou Taylor and Estelle Caffey.

## Gov. Proclaims School Board Recognition Month

Texans benefit every day from the dedicated energies and countless hours devoted by a group of more than 7,000 men and women in every community across the state. These public servants are elected to serve by local constituents and receive no compensation for their tireless efforts. These men and women are the local school board members of Texas.

This month, nearly 1,050 Texas communities will honor the dedicated service of the public school trustees during "School Board Recognition Month." The goal is to build awareness and understanding of the important function an elected board of

education plays in communities and schools.

Governor Ann Richards has called upon all Texas citizens to recognize the important contributions of these men and women and focus attention on the vital role these public officials play in the education of Texas' Children.

The men and women serving Friona Independent School District and their years of service are: Kathryn Goddard (1982-1994); Butch Preston (1987-1994); Becky Riethmayer (1986-1994); Danny Black (1987-1994); Mickey Harrelson (1991-1994); Mike Martin (1992-1994); and Alan Monroe (1993-1994).

**HEATHER ANN SMITH AND JEFFREY LYNN SCHUELER....Doris Smith of Friona and Mr. and Mrs. Herbert Schueler of the Rhea Community announce the engagement and approaching marriage of their children, Heather Smith and Jeff Schueler. The couple will exchange wedding vows Saturday, June 4 at 2 p.m. in Calvary Baptist Church of Friona. All friends of the couple are cordially invited to attend. The bride-elect, a current senior at Friona High School has plans to attend Central Texas College after high school graduation. The prospective bride-groom is a graduate of Friona High School and is currently in the United States Army. After his three years of active duty, Jeff plans to attend college.**

## Wanted:

### Citizens to help the government make decisions on health, safety and environmental issues at Pantex Plant

The Pantex Plant, located 17 miles northeast of Amarillo, is the nation's primary assembly and disassembly plant for nuclear weapons. Citizens affected by the plant have asked the Governor's Office, the Environmental Protection Agency and the Department of Energy (DOE) to establish a Pantex Plant Citizens' Advisory Board. This board will be an independent group to advise the DOE and various state and federal agencies that regulate Pantex on health, safety, environmental and waste management issues.

The first eight nominees of the PPCAB have been selected by a committee made up of citizens from the Panhandle. These eight nominees now have the task of selecting the remainder of the board. Their intent is to nominate a diverse and balanced advisory board as quickly as possible. Thus, in addition to considering the applications that have already been received, they welcome applications from citizens in the Panhandle who are able to represent the views of such groups as:

- \* Academia
- \* Area Residents
- \* Labor
- \* Local Government
- \* Regional residents
- \* Current, or past, Pantex Employee
- \* Agriculture Community
- \* Business Community
- \* Environmental Groups
- \* Public Interest Groups
- \* Other Affected Groups

Applications to serve on the Pantex advisory board can be obtained from any of the first eight board nominees, who are listed below:

- Mavis Belisle, 335-1715
- Lowell Cranfill, 477-4496
- Trish Neusch, 358-2622
- Patrick Padilla, 477-3850
- Denise Price, 358-7736
- William Seewald, 353-8486
- Jere White, 537-3607
- C.E. Williams, 883-2501

**DEADLINE:** Applicants must be hand delivered to one of the eight PPCAB nominees or faxed to (806) 355-3837 by 5 p.m. Feb. 28. Applications may also be sent to the Canyon post office box listed on the application if they are postmarked by Feb. 25.

## Did You Know?

By GEORGE RUSHING

Omniscient: having infinite awareness, understanding and insight; possessed of universal or complete knowledge.

Adoniram Judson was born in Malden, Massachusetts, in 1788. His father was a pastor and his mother Abigail, was a gentle, cultured woman. Adoniram learned to read at the age of three. When he was 10, he learned navigation from a retired sea captain, and he learned classical Greek by the time he was 12.

At 16 Adoniram entered Providence College (renamed Brown University shortly after he began his studies). Here he met a young man who was to become his best friend, Jacob Eames. Jacob Eames was quick of wit, smart and loved to study, but he was also an atheist.

After three years at Brown University and before his graduation, Adoniram declared himself an atheist. After graduation he returned home and told his parents of his new beliefs. His father tried to reason with him but to no avail. His mother wept and prayed for her son.

He soon left for New York City to seek his fortune. But after a year there, disappointed with his life, he started west. He stopped at his Uncle Ephriam Judson's home and here he met a young man his own age. But this young man was at perfect peace with himself and with his God. This Adoniram could not understand, for he had no peace.

Adoniram left the next day still traveling. That night he came to a small town and stopped at the inn to take a room for the night. The only bed left was in a room shared with a young man that was ill and dying. But the innkeeper said there was a curtain separating the two beds if Adoniram didn't mind the distraction. Adoniram spent the night wondering about the young man next to him. Was there a God? Can a man have peace even as the young preacher he had met the night before? Is there a personal God who moves in the lives of people even as his father had said? He went to sleep not having the answers.

The next morning he awoke and paying his bill prepared to leave. He asked the innkeeper how the young man had made the night? "Oh!", the man said, "he died early this morning." Do you know who he was? asked Adoniram, "Yes", the innkeeper said, "he was a young man from Brown University." "His name?" "His name was Eames, Jacob Eames."

How he got through the next few hours, Adoniram was never able to remember. Only the words lost, lost, lost echoed through his mind. The truth of Scripture struck deep in his heart. He knew that his

father was right. He knew that Eames was lost! Lost for eternity!

Adoniram Judson was one of the first missionaries ever sent from America to Foreign Lands. He spent his life in Burma with the Burmese people.

Psalms 139:1-6 "O Lord, Thou hast searched me and known me. Thou dost know when I sit down and when I rise up; Thou dost understand my thought from afar. Thou dost scrutinize my path and my lying down, and art intimately acquainted with all my ways. Even before there is a word on my tongue, behold, O Lord, Thou dost know it all. Thou hast enclosed me behind and before, and laid Thy hand upon me. Such knowledge is too wonderful for me; It is too high, I cannot attain to it."

**Thinking about drilling a well or installing a CENTER PIVOT IRRIGATION SYSTEM?**

Interest rates are the lowest since 1970. Our improvement loan rate is currently 6.95% fixed for 10 years. A \$35,000 center pivot financed for 15 years will have an annual payment of \$3,380 for the first 10 years. A 10 year loan would cost \$4,971 per year. You can't hire a hand to move pipe this cheap. Take advantage of low rates. Save labor; Save water! Rates change every Wednesday.

# Town Talk

By June Floyd

Call 247-3681 With Your News Items

Sue Procter had business down in the Iowa Park area early last week, so the Town Talk editor tagged along and had three fun filled days visiting friends and family.

As we were driving down by way of Plainview, Floydada, Paducah and Vernon, we noticed tiny bits of green in some of the fields; however, we saw very few fields of wheat that looked very good and decided all of them were irrigated.

As we began our descent off the caprock, we noticed some color in the mesquites but everywhere we went it seemed that rain was badly needed.

Spending Tuesday night and Wednesday in Wichita Falls was a real treat for me. Visiting with Matt and Betty Brown really brought back pleasant memories and getting to visit with his mother, Flossie Brown, was a special occasion.

The Browns are all former residents of Friona and asked me to bring greetings to all their former friends and neighbors. Incidentally, Flossie, who will be 97 this fall, still lives alone. She has help several days each week and is interested in what's going on in the world around her as well as her family members, friends and neighbors.

We spent Wednesday night in Tipton, Oklahoma, where my daughter and son-in-law, Geneva and John Osborn, live. They work with the Tipton Home, but had Thursday off from their office duties, so we had a nice visit before starting home.

Enroute home we saw some real good looking wheat near Altus and from Wellington to Clarendon and on home it seemed that the closer we got to home the browner and drier things became.

About 2 p.m. Thursday we stopped at Sam Hill's in Clarendon for a late lunch. This turned out to be a very special treat.

I ordered a chopped barbecue beef sandwich and have never eaten one that tasted better or had a more generous serving of beef.

The building which houses Sam Hill's is built like a barn and the inside is attractively decorated with early American farm and ranch memorabilia. The service was superb and I suggest that the next time you are traveling that way that you make it a point to be in Clarendon when you're hungry and hunt up this fine dining place. A small windmill with the letters B A R B Q reading vertically marks the location.

Brad Beck was on duty at the time we were there. He's a part of "The Beck Family," owners and operators of the Pit Bar-B-Q place in conjunction with West Texas Cooking Company, which is a catering service.

Among the many many interesting things decorating the walls was the following poem. I enjoyed it immensely and hope you do, too.

"Outside my window a new day I see.

Only I can determine what kind of day it will be.

It can be busy and sunny, laughing and gay

Or boring and cold, unhappy and grey.

My own state of mind is the determining key.

For I am the only person I let myself be.

I can be thoughtful and do all I can to help

Or I can be selfish and think only of myself.

I can enjoy what I do and make it seem fun

Or gripe and complain and make it hard on everyone.

I can be patient with those who do not understand

Or belittle and hurt them as much as I can.

But, I have faith in myself and believe what I say,

And, I personally intend to make the best of each day."

Recent out-of-state visitors in Friona were Mr. and Mrs. Randall Roberson, who live in Madison, Tennessee.

Mrs. Roberson is the former Stormi Upton. The couple visited with her mother, Martha Mars; maternal grandmother, Minnie Knight, and other relatives and friends.

By the way folks, if you have a ticket for the 1993-94 Hereford Community Concert programs, Tuesday, March 1 will be the last opportunity to use them in Hereford this season.

It seemed to me that the Frionans attending The Hungarian Virtuosi Orchestra performance a couple of weeks ago were very small in number.

The only ones I saw were Hollis and Lunell Horton, John and Kathy Gurley, Jo and Lee Witten, Billy Dean and Lillie Mae Baxter, W.D. and Reba Buske, Ilene Osborn, Martha Rutherford, Martha Hamilton and Edith Johnson.

That is, unless we count Leonard and Thelma Coffey, who are now living in Clovis and Mr. and Mrs. Bertram Jack who live in the Bootleg area.

In my opinion, the program was one of the finest we have seen in the years I have been attending.

It would be interesting to know how many Frionans went skiing last weekend. From the reports I have heard most of them went to Red River and I've only heard of two minor injuries.

Sherry Atwell received a sprain and had to be a "lodge bunny" the rest of the time and Kathryn Goddard received a slight injury which did not keep her off the slopes.

Gary, Kay and Josh Snead spent the long weekend in Abilene. The other members of that family, Holly and Charlie, are students at Abilene Christian University.

Mark Wood, son of Ronnie and Suzanne Taylor Wood of Pampa, is participating in an intercollegiate golf tournament in Hawaii this week.

He's a graduate of Pampa High School, where he played golf four years; and former student of Snyder Junior College, Snyder, Texas, which he attended two years on a golf scholarship.

At the present time he's playing his second year at Texas A & M University, College Station, where he is a senior.

Four members of the A & M golf team flew to Hawaii on Wednesday and participated in a practice round on Friday.

Since that time they have played several rounds and in the first one Mark was the highest scorer on his team. The low on the round was 69 and Mark scored 70.

His maternal grandmother, Gerry Taylor, and paternal grandparents, Noyle and Lorena Wood, are anxiously awaiting more information about these rounds.

His paternal great-grandmother, Vela Wood, also lives here.

Fairrie Parker and Marlene Drake returned home Friday afternoon after spending three weeks visiting kith and kin in Central and East Texas.

The couple's first stop was in Waco, where they spent two weeks visiting in the home of Bobby Drake and children, David and Lacey.

Enroute to Denison, where they

## High School Honor Roll Announced

were guests in the homes of Lucille Manor and Mr. and Mrs. Ray Bellows, they stopped in DeSoto for an overnight visit in the home of Ralph and Waneta Taylor.

The Taylors, former Friona residents, are in the process of building a new home in DeSoto.

They also visited in the home of Mr. and Mrs. Jack Bellows in Ector and with Opal Wortham, who lives in Tom Bean.

Ray and Jack Bellows, Lucille Manor and Opal Wortham are Fairrie's siblings.

Fairrie reported, "We had a wonderful trip. I always enjoy the time I get to spend with Bobby and the children and with Ralph and Waneta, but getting to see my brothers and sisters is a special treat."

Sharon and Teddy White spent the weekend visiting in Abilene, Texas, where their daughter, Elaine, is a senior at McMurry University. They returned home Sunday evening.

Weekend visitors in the Floyd home were Willie and Debbie Eaton and children, Kayla and Will, who were enroute from Altus, Oklahoma to Kearney, Nebraska, where they will be making their home.

Also, Richard, Frieda, Brandon and Barrett Dickson of Ruidoso, New Mexico. The Dicksons had spent a couple of days attending Lubbock Christian University Homecoming.

Things surely were quiet for a day or two after everyone departed. Isn't it strange how much having small children around adds to the enjoyment of life?

Kayla and Will Eaton are 3 1/2 and 1 1/2 and Barrett Dickson is 4 1/2. They all played well together and furnished entertainment for those of us who are older.

This little jewel was copied off the wall of Sam Hill's in Clarendon Thursday afternoon:  
"One measure of a man is how much he cares for those who can do nothing for him."

**KRISTI LA'NELL BRITTING AND TOM HUSTON ENLOE...**Karen Britting of Ozark, Arkansas, Lee Britting of Farwell, Texas and Tom and Sherry Enloe of Albany, Texas announce the engagement and approaching marriage of their children, Kristi Britting and Tom Enloe. The couple will exchange wedding vows on Saturday, June 18 at 11 a.m. at Calvary Baptist Church in Abilene, Texas. The bride-elect graduated from Friona High School and West Texas A & M University and is currently employed by Abilene High School. The prospective bride-groom graduated from high school at Albany High School and Hardin Simmons and is also employed at Hardin Simmons University.

TRADE SHOW BOOTHS....Ag Expo exhibitors demonstrated their products at the first annual New Mexico Expo in Portales in 1993. The 1994 trade show will be held March 2-4.

## Second Ag Expo Set At Portales

Farmers in this area are reminded to make plans to attend and register to win a brand new 5'x14' stock trailer at the second annual New Mexico Agricultural Expo, March 2-4, in Portales, New Mexico. More than 150 exhibitors are scheduled to attend the three-day event at the Roosevelt County Fairgrounds.

The Ag Expo will include a trade show, ag related seminars, Antique Tractor Show and Auction and several other activities.

The trade show will be open from noon until 5 p.m. on Wednesday with exhibitors on hand to demonstrate their products and services.

Wednesday evening, the Annual Farm/City/University Banquet, sponsored by the Roosevelt County Farm Bureau, Roosevelt County Chamber of Commerce and Eastern New Mexico University will be held at the ENMU Campus Union Ballroom.

The banquet will start at 7 p.m. and the featured speaker will be the nationally renowned motivational speaker Ed Foreman. Ed is formerly from Portales.

On Thursday, the Expo will be open from 9 a.m.-5 p.m. An

Thursday will also include the first annual Antique Tractor Show and Auction. The auction is being coordinated by Mike Archibeque, owner of Bill Johnston Auctioneers. The tractor show and auction will include over sixty consigned tractors.

On Friday, the Expo will be open from 9 a.m.-4 p.m. An organized tour of Williamson Cattle Ranch will leave the Expo grounds at 9 a.m. At 1:30 p.m. a brief seminar titled "Maximizing Stocker Cattle Profitability," will be held. The drawing for the trailer will be held in the pavilion at 3 p.m.

Tickets for the Farm/City/University Banquet can be purchased for \$12 at the Roosevelt County Chamber of Commerce, Roosevelt County Farm Bureau or at the Expo Office.

Admission to the Expo is free and concessions will be available at the fairgrounds. For more information about the Ag Expo, please call the Roosevelt County Chamber of Commerce, (505) 356-8541 or (800) 635-8036.

organized tour of local dairies will leave the Expo grounds at 9 a.m. At 1:30 p.m., Dr. John Smith will present a dairy seminar on the issue of BST.

## LONGTIME RESIDENT

# Frank A. Spring Will Receive 60-Year Award From Masons

The Grand Lodge of Texas will confer a 60-year service certificate and pins upon Brother Frank A. Spring at Friona Lodge #1332, Seventh and Ashland Avenue in Friona, on Tuesday evening, March 1, 1994.

The occasion begins at 8 p.m., with Brother J.B. Noland of Hereford Lodge #849 officiating. Masons are urged to attend, and the public also is invited to attend this open meeting. Light refreshments will be served.

Spring is the first member of Friona Lodge to be honored with a 60-year membership award. Up until now, a 50-year award is the most conferred on a local lodge member.

The longtime Friona resident and retired banker was "raised" in the Farwell-Bovina Lodge, which met on Main Street in Bovina, October 16, 1934.

He joined the lodge with the late Dan Ethridge, his longtime business partner. Hurschel Thurston, a local minister, also attended the lodge meetings with Spring.

He recalled that among the members of the Farwell-Bovina Lodge at that time were John Aldridge, Sam Aldridge (relatives of the Springs), Pres Abbott, a well-known Bovina oldtimer, and Reagan Looney.

"It was something to do of a social nature," said Spring, pointing out that this was long before television, and radio was just getting started.

"I remember getting my first radio set. It had earphones. I could sit at my home in Friona and listen to music from a station in Kansas City, Missouri. We thought it was magic!" the longtime resident said.

"We also had the picture show in Friona, and a lot of people went to it. You'd be surprised. During the

Depression, they'd use their cream and egg money to go to the show," he recalled.

The young people didn't have automobiles like they do today, so this sort of activity was not available.

But early-day organizations drew a lot of interest due to the lack of activities.

"Any organization today has problems, due to television, athletics, and the large number of activities. It's hard to get people out for anything today," he said.

Spring was working as a bookkeeper for Friona State Bank at the time he joined the Farwell-Bovina Lodge. He went to work for the Friona bank shortly after graduating from Texas Tech.

He left the bank in 1936 and worked for the International-Harvester company for three years. He later managed the Chevrolet dealership in Muleshoe for a year before returning to Friona. He bought out Ethridge's insurance agency, when he decided to move to Houston. He sold general insurance, life insurance and real estate, and served a time as school tax collector.

Spring also rejoined the bank. With four other partners, he bought the bank's controlling interests in April of 1944. He retired as president of the bank in 1971 after 38 years of service.

When the Friona Lodge #1332 was organized in April of 1951, Spring moved his membership from the Farwell-Bovina lodge and became a charter member. He said he hasn't been real active in local lodge work recently, but has maintained his membership faithfully.

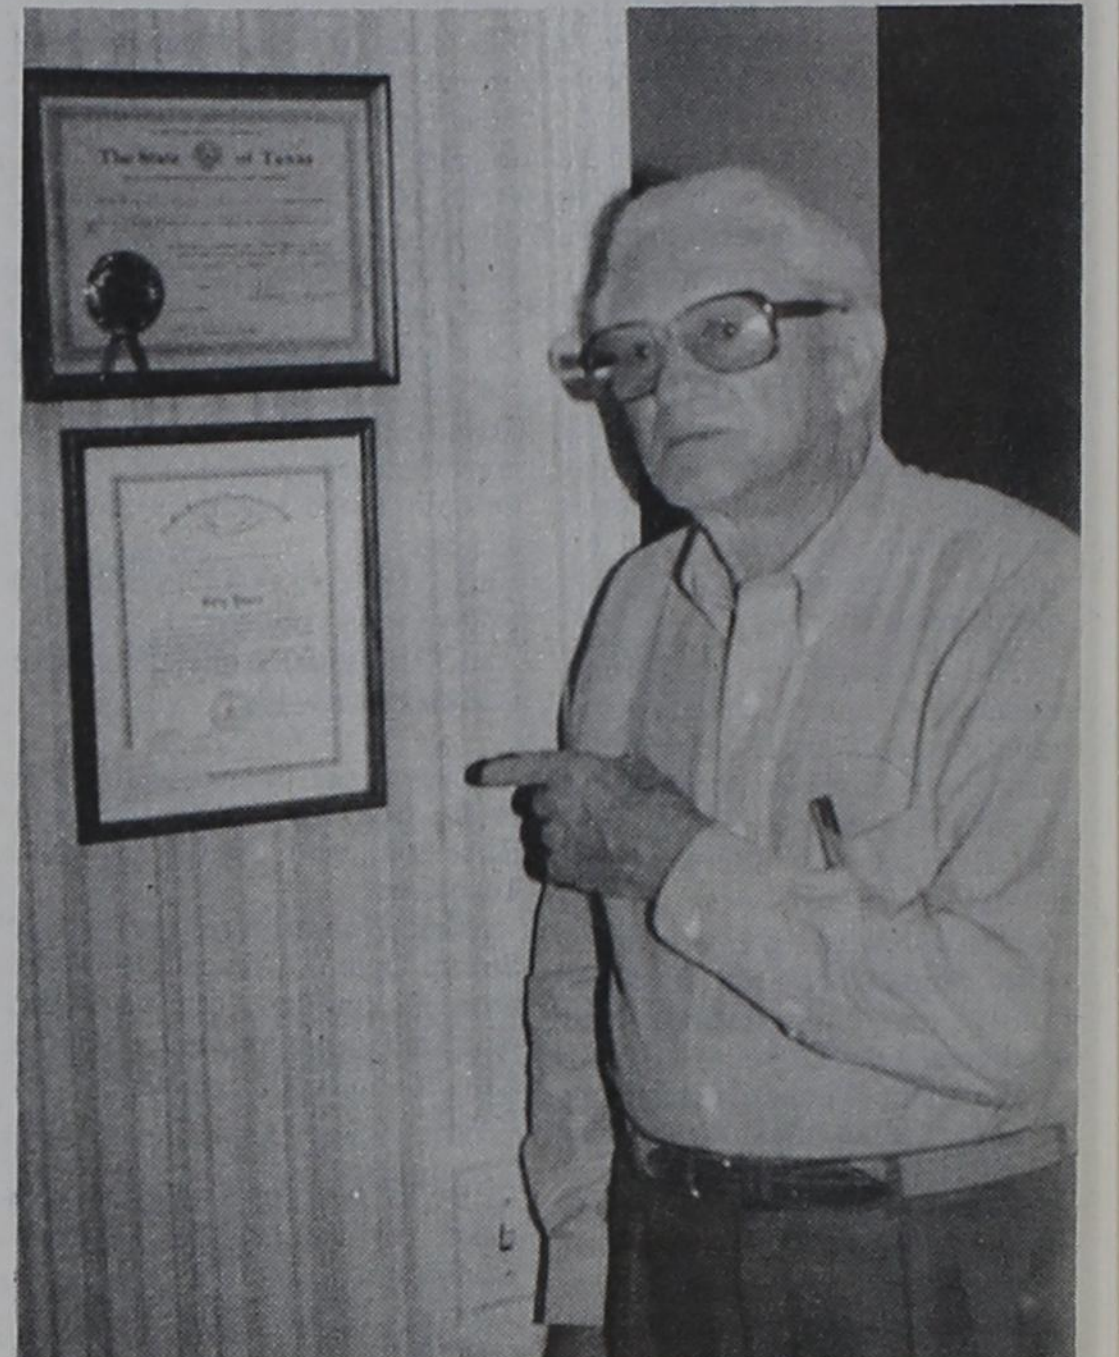

Since his retirement 24 years ago, Spring and his wife Ethel Ruth have enjoyed summers at their

cabin in Colorado, where he fishes for salmon, and she enjoys playing bridge with her friends.

Mrs. Spring is recovering from recent neck surgery, and Spring said he had to become cook and housekeeper. "I've always baked bread, and could make a salad, but I had to get out my cookbooks this time," said the Parmer County oldtimer.

He also holds another distinction. Frank A. Spring's birth certificate is the "Number 1" certificate on record in Parmer County--October 9, 1907. The county had just begun to register births that year.

He was born in Bovina, and went to school there. The Spring family moved to Friona in 1925.

SPRING TO BE HONORED....Longtime Parmer County resident Frank A. Spring will be honored on March 1 with a 60-year membership award from the Masonic Lodge.

## Parmer County Soil Badly Needs Additional Moisture

Parmer County producers within the High Plains Underground Water Conservation District No. 1 need two to eight inches of water from precipitation and/or irrigation to bring the five foot root zone soil profile to field capacity before the 1994 spring planting, according to pre-plant soil moisture survey data released by the Water District and the USDA-Soil Conservation Service (USDA-SCS).

Soil moisture readings are taken by lowering a neutron probe into a permanently-installed aluminum access tube at each monitoring site in the Water District. These sites are chosen based upon the soil type, the variations in the saturated thickness of the Ogallala Aquifer which indicates possible well yields, and typical farming operations in the area.

Soil moisture sites were also analyzed by crop type. For cotton, soil moisture readings indicate an average of 0.20 inches per foot in the top three feet, increasing to 0.70 inches at the five foot depth.

Sorghum shows an average of 0.35 inches of available soil moisture per foot in the top three feet, increasing to 0.75 in the next two feet. Wheat shows 0.70 inches available in the top foot of the soil, 0.40 inches at the three foot level, and 0.70 inches at the five foot layer.

Corn has the highest available soil moisture due to irrigation. The top foot of the soil shows 0.90 inches of available soil moisture, 0.60 at the three foot level, and 1.10 inches at the four and five foot levels.

Generally, each foot of soil holds two inches of soil moisture or a total of about 10 inches in the five foot root zone soil profile.

Data was collected at the Parmer County soil moisture sites in mid- to late-November. Since then, very little precipitation has fallen to replenish the soil moisture. Recent snows have added small amounts of moisture, but farmers are encouraged to check moisture conditions at the two and three foot levels.

Historical data shows that above-average crop yields are more likely when the five foot root zone soil profile is at or near field capacity at planting. Any precipitation received between now and the start of planting will improve soil

moisture conditions and influence prospective crop yields.

Furrow diking will help maximize the benefits of any rainfall that occurs prior to spring planting. Maintaining furrow dikes during the growing season will continue to benefit crops by keeping rainfall on the field to be soaked into the soil.

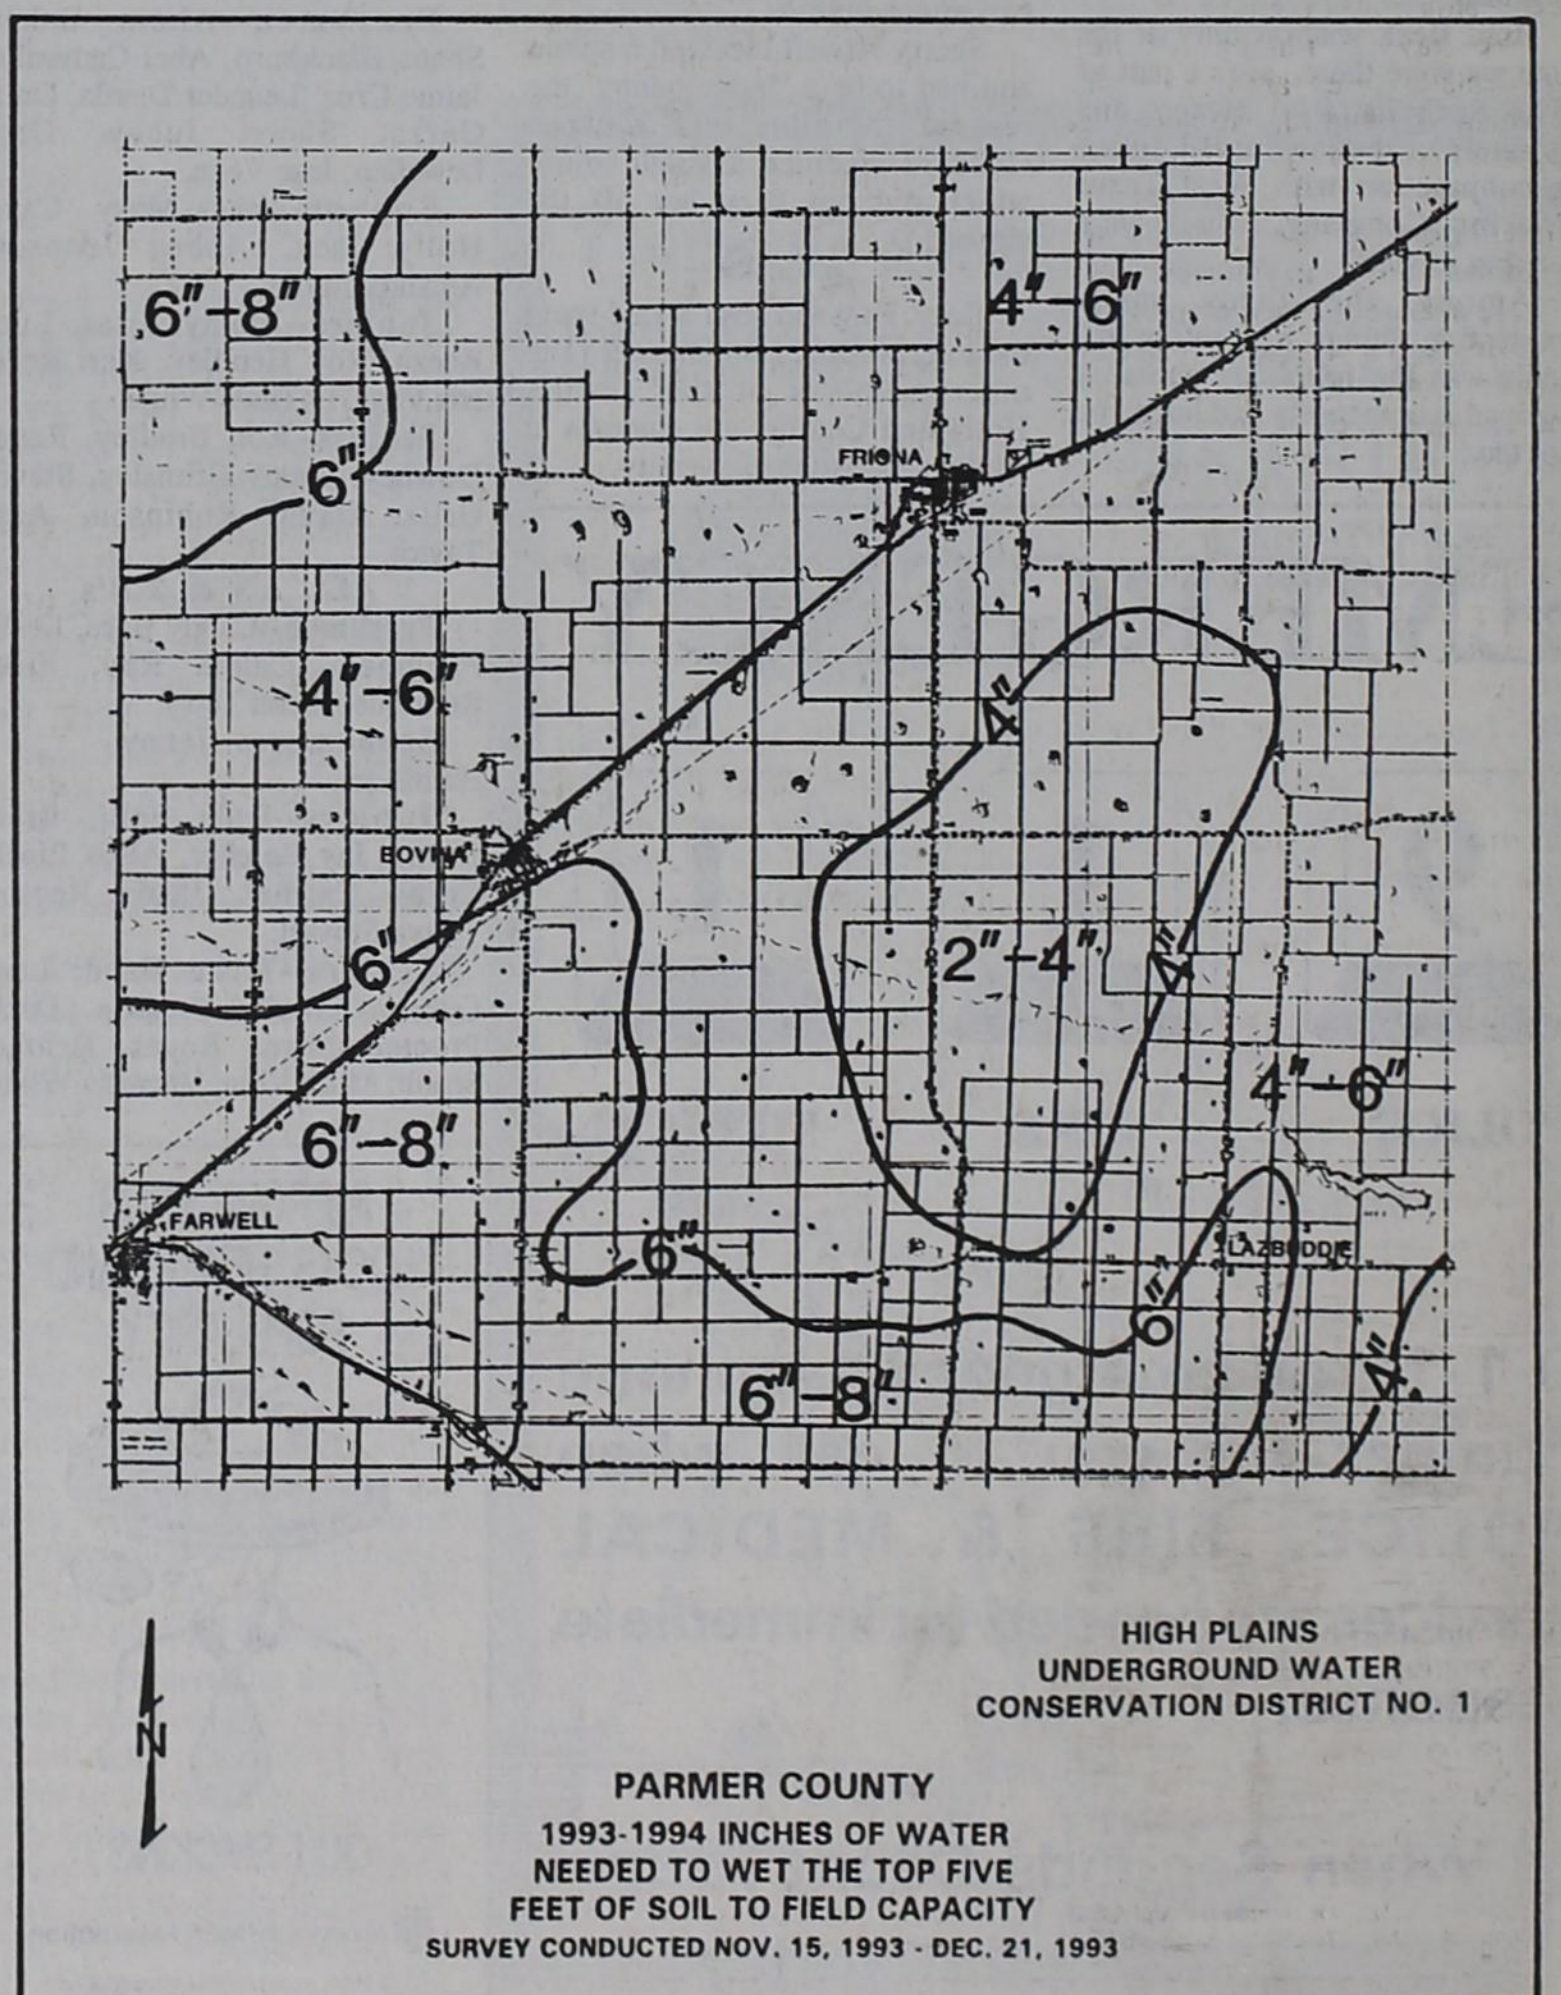

The annual pre-plant soil moisture survey data informs irrigators

about general plant-available soil moisture conditions across the 15-county Water District service area.

"Irrigators can use this information to estimate the amount of water needed to bring their soil to field capacity without over-irrigation. Producers should remember that this information reflects general soil moisture trends and should not be used in place of individual testing on their farms,"

says Wilfred E. "Willie" Crenwelle, USDA-SCS soil scientist.

Copies of the regional and/or Parmer County soil moisture survey maps are available by contacting your local USDA-SCS field office or the High Plains Underground Water Conservation District No. 1, 2930 Avenue Q, Lubbock, Texas, 79405-1499 or by calling (806) 762-0181.

## Help Your Heart

American Heart Association

Make Time For What's Important — Your Life

It's true: You can make time for what's important. So, for a New Year's resolution, why not regularly pencil in physical activity on your schedule? You're never too busy for your heart.

To be sure, regular physical activity helps you get in shape and control your weight.

Most important, you can help reduce your risk of heart disease.

You can best improve the condition of your heart and lungs by participating in vigorous aerobic activities 30 to 60 minutes, three to four times a week, the American Heart Association says. You can walk briskly, run, swim, ride a bike, roller skate or jump rope, among others.

But, the AHA says, even low-to-moderate-intensity activities can help. For example, you can go on a pleasure walk, climb stairs, work in the yard, do moderate-to-heavy housework and dance. Try to gradually build up to more vigorous exercises for 30 minutes. And make sure you do them on a regular basis.

Before you start, it's best to see a doctor if you're over age 40, have been inactive, and have heart disease or other medical problems.

Ready now? Good. Get a copy of the American Heart Association Exercise Diary by

calling your local office or dial 1-800-AHA-USA1 (1-800-242-8721).

The diary — or any other kind that you use — can help you hold yourself accountable.

You can see what you've accomplished and set goals. In the diary, you can record:

- The date of your session.
- Your activity (walking, swimming, dancing, etc.).

- How long and/or how far you performed your activity. You can measure most activities such as pleasure walking and swimming by distance in laps, miles or kilometers. Measure other activities such as aerobic dancing and yard work in minutes, hours, etc. If you can't exercise for a full 30 minutes, then try two 15-minute exercise sessions each day.

- Comments. Anything special about that session? For example, it was your first workout in a week, you had a cold, it was raining, etc.

Training logs may take time to complete, but they can help you get started. So make time for what's important — your health, your life.

## Prairie Acres Party Line

By Carol McIntosh

First of all, Prairie Acres and myself want to tell everyone in the area "hello."

Next, I want to announce our "Resident of the Month," Hattie Turner; and our "Employee of the Month," Carol Jackson. Congratulations to these two!

We have a number of new residents that we want to welcome: Tom and Nannie Rhodes and Alice Moore from Bovina; Hubert Ellison from Farwell, and Anna Anthony from Friona. Please come by and visit them any time you can.

We also have a new employee at Prairie Acres. His name is Gary Silvestri, and he is an addition to our maintenance department. We want to welcome Gary to our staff.

"Thank yous" this week go to the Brothers Keepers group from the Church of Christ for the pretty flower bouquet; Bovina Methodist Elementary Sunday School class for the hand-made plant decorations; the Jay Dufur family for the flowers they donated; Wana Brewer for the calendars, the Methodist Ladies for having hair care for the ladies, Frances Euler for the afghans and laprobes she brought to the residents, the Joe Wilhelm family

for the beautiful plant they brought for the nursing staff to enjoy, and to anyone that I may have overlooked.

We want to express our deepest sympathies to the following: the Clifford Leake family (Clifford had been a resident since January 21, 1994); the J.D. Hargrove family (a resident since August 4, 1992) and to the Joe Wilhelm family (Joe had been a resident since February 10, 1994).

The following donations have been made to our Love Fund:

In memory of Pauline Godfrey, J.D. Hargrove, Clifford Leake, John Miller, Jack Tongate, Hazel Weir and Jack Walker--Jerry and Ruby Cowger; In memory of Eunie West and Allie Mae Wilshire--John and Jo Blackwell.

"When a man is all wrapped up in himself, he makes a pretty small package"--John Ruskin.

Fifty-two FFA members from Parmer County will join other 4-H and FFA members from throughout Texas for showing competition at the upcoming Houston Livestock Show, February 19-March 6 at the Astrohall.

These FFA and 4-H exhibitors compete in one of two divisions of the Houston Livestock Show--the junior show division. The other division, the open show, attracts its exhibitors from the world's agricultural industry, who are primarily professional breeders and ranchers.

Entries in both the open and junior shows combines with horse show entries to make the Houston Livestock Show the world's largest.

Competing in the show from Parmer County FFA chapters are: Friona--Dalinda Black, Deven Black, Shane Blackburn, Dustin Campbell, Kyle Grimsley, Tania Hand, Melissa Hardin, Jeremy Hart, Ray Martinez, Erik McInroe, Charlie Milner, Gerrod Salyer, Kevin Schueler, Monty Schueler, Wade Schueler and Jessica Smith.

Lazbuddie--Savannah Black, Seth Black, Cody Clark, Lacy Clark, Jody Copp, Kayla Copp, Holly Engelking, Shana Foster, Staci Foster, Clay Hurst, Jason Jesko, Dawnda Magby, Eric Magby, Garrett Magby, Mandy Magby, Cade Morris, Kia Morris, Justin Puckett, Michelle Puckett, Brice Redwine, Jarah Redwine, Shannon Redwine, Tobin Redwine, Jeffery Seaton, Craig Smyer, Adam St. Clair, Cole St. Clair, Justin St. Clair, Edward Terry, Wayne Terry, Jason Thomas, Tray Thorn, Triston Thorn, Laura Via, Brandon Walker and Justin Winders.

Representing 878 Texas 4-H Clubs and FFA chapters, the junior show is expected to draw more than 11,000 entries this year. A variety of animals are shown in the junior show division: market steers, market swine, market sheep, market poultry, beef and dairy heifers, breeding sheep, goats, commercial steers and breeding rabbits.

The four market animal categories (steers, lambs, barrows and poultry) represent animals raised by the exhibitor as food sources. Top animals in each of these categories are eligible for their individual market auctions. Total money paid in 1993 at the four junior show auctions exceeded \$3.5 million.

"The most significant part of our livestock show is the junior show," said Steve Woodley,

Houston Livestock Show and Rodeo manager. "It represents Texas youth and their commitment to education, discipline and agricultural development."

A unique addition to the open livestock show this year will be the Ratite Show. Emus, ostriches and rheas will be exhibited on Friday, March 4

THE AMERICUS BRASS BAND

## Brass Band Sets Hereford Performances

The Americus Brass Band is regarded as America's premier Civil War reenactment band and will bring its critically-acclaimed show to Hereford for a special presentation on Tuesday, March 1.

The two-act show entitled *HONOR & GLORY: CIVIL WAR MEMORIES*, is an historically accurate portrayal of 4th Georgia Infantry Regiment band, one of only two confederate bands to remain intact throughout the entire war.

Playing authentic instruments, the 14 musicians and 3 singer/dancer/narrators not only play the marches, quick steps and drills that accompanied the troops during conflict, but also fill the theatre with the sounds of the concerts and balls that helped create a whole new national musical identity.

Presented by the Community

Concerts Association, the show will begin at 8 p.m. at the Hereford High School Auditorium.

Founded in 1976 by a group of music students at California State University at Long Beach, *THE AMERICUS BRASS BAND*

has been featured in the soundtracks of the oscar-winning movie *"GLORY"*, the ABC miniseries *"THE NORTH AND SOUTH"*, the CBS movie *"ONCE UPON A TEXAS TRAIN"*, and the NBC miniseries *"SON OF THE MORNING STAR"*.

The Americus Brass Band was founded in 1976 by a group of music students at California State University, Long Beach. Originally attracted to Civil War reenacting, the founders sought authenticity in dress and instrumentation as well as music.

## Junior High Band Students Do Well At Tech Festival

Not all students were skiing down a snowy slope on Saturday, February 19, as twenty-four members of the Friona Junior High School Band traveled to Texas Tech to compete in the annual Tau Beta Sigma Solo Ensemble Contest.

"Mr. Polson and I are quite proud of our students efforts," stated Ron McWilliams, band director. "They really put their best foot forward and received the maximum in benefits."

Students were judged on their performance of a prepared solo taken from the official U.I. L. list of prescribed music in Texas.

Soloists judged Division I, or superior, received a medal. Those

soloists judged Division II, or excellent, received a certificate.

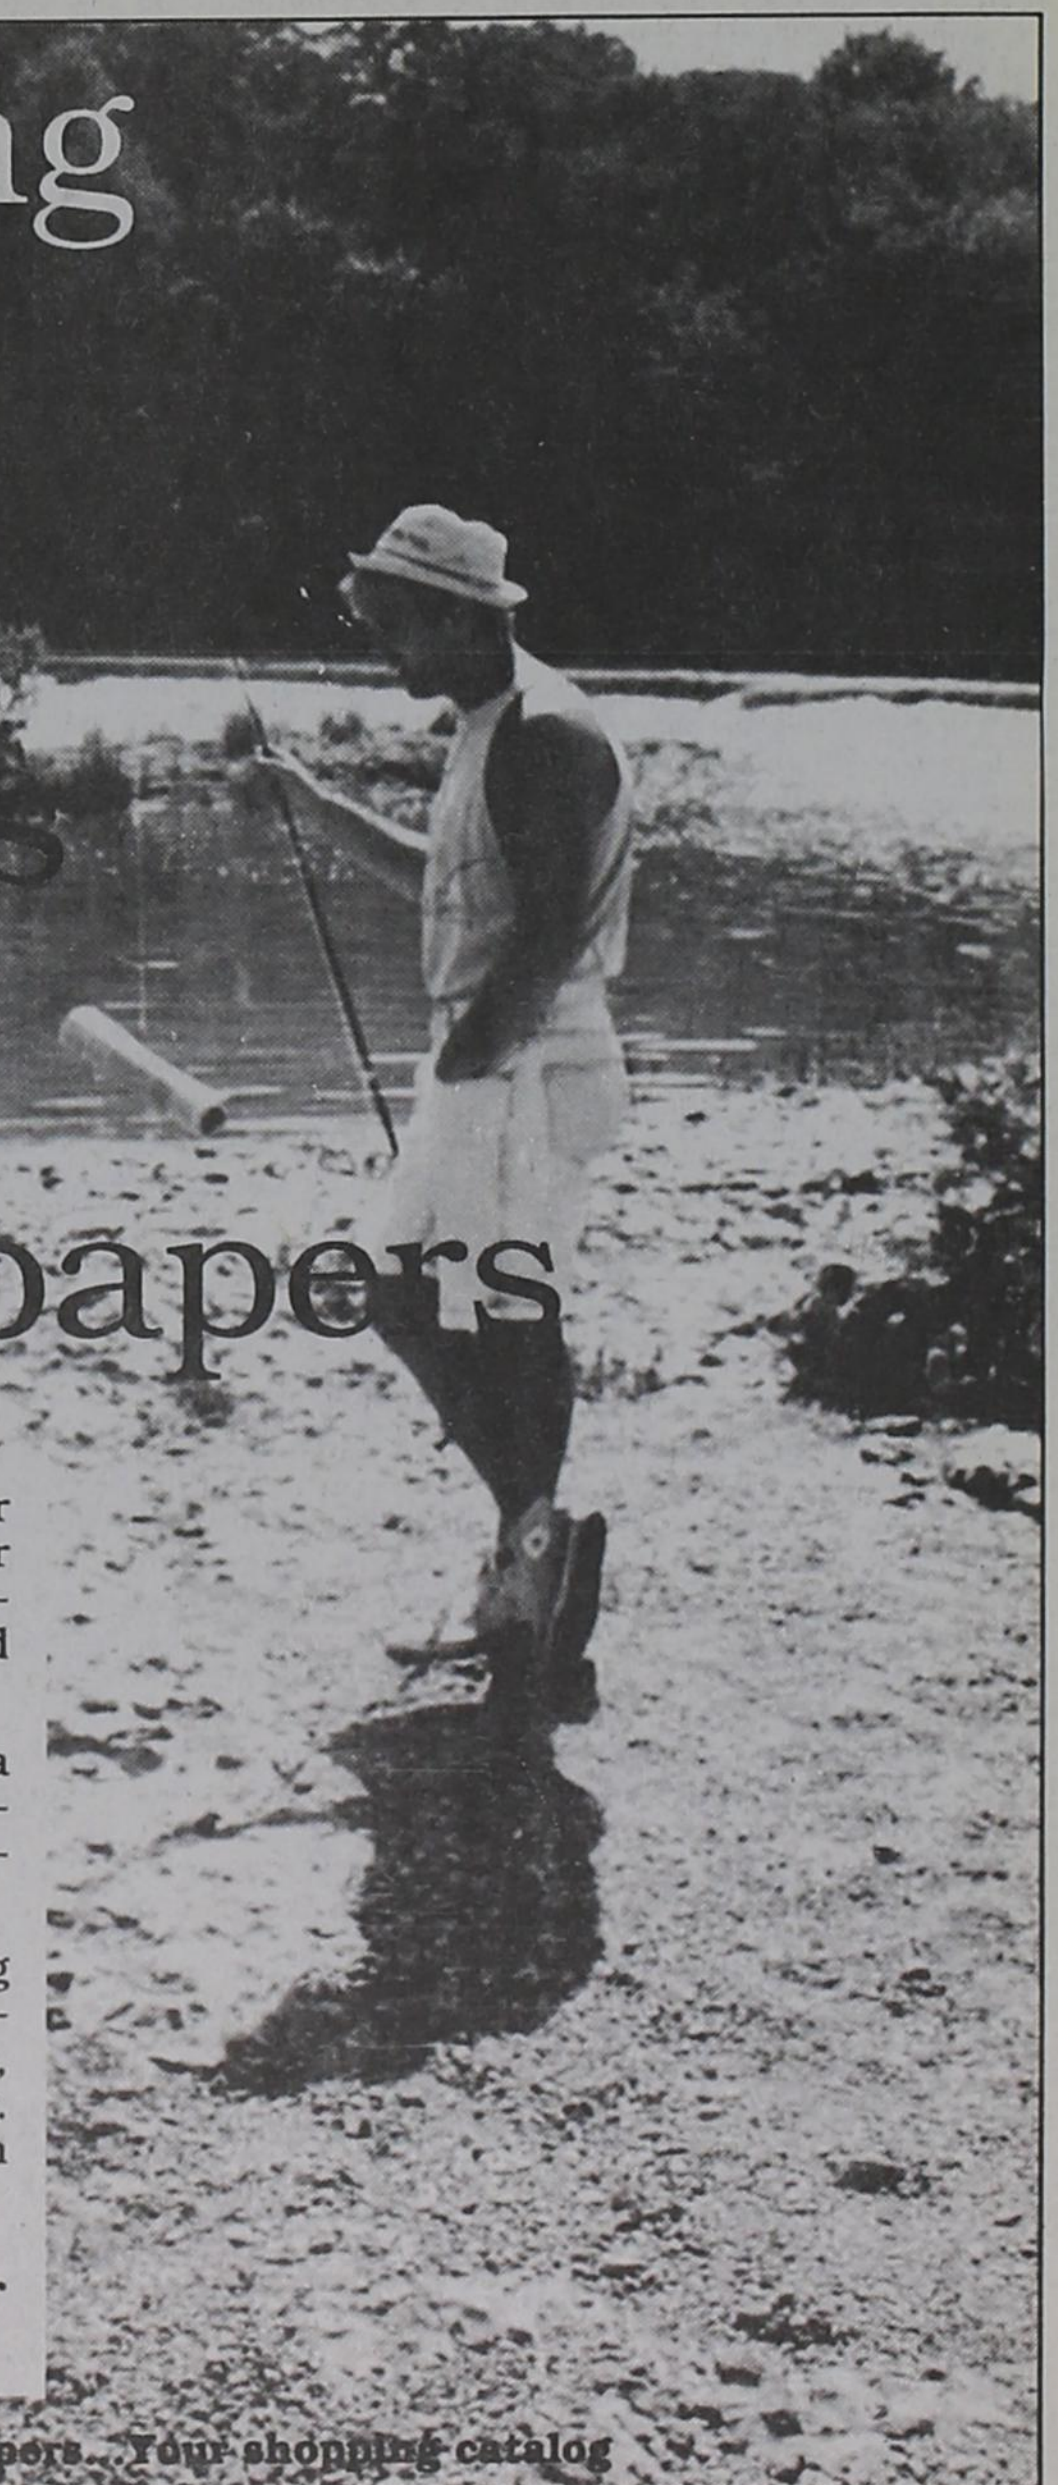

Although none of the Friona band participants received a lower rating than Division II, students were being judged with a I-III rating system.

Those students receiving a Division I were: Sarah Hale, Dalinda Black, flute; Kayla McCoy, Jody Mullins, clarinet; Carrie Cox, bass clarinet; Tony Williams, alto saxophone; Bobby Raymond, baritone saxophone; Lance Field, Gabe Goodwin, Joey Pena, Sandra Gonzalez, Armando Perez, cornet; Joni Johnson, French horn; J.D. Aronce, trombone; Jesus Nava, Jesus Mata, Jeremy Roth, baritone; Jason Slagle, Cecil Cooper, tuba; and Alicia Smith, snare drum.

Those students receiving a Division II were: Ruby Aronce, Ericka Godoy, Chris Rodriguez, clarinet; and Stacey Field, French horn.

"Special thanks should go to Mrs. Johnnie Walters for her help with the accompaniments. As usual, she did a terrific job," McWilliams further stated.

Misty Drake, the daughter of Owen and Melody Drake, is a senior in Friona High School.

Misty is 18 years old and is involved in the Marketing Education Program. This program is excellent because it prepares high school students for what lies in the future. It also teaches students to be more responsible.

Valuable experience is gained from being in the Marketing Program. Being in this program, students get a head start on basic business skills necessary for getting a job while in college and even later on in life.

Misty would like to thank Hi-Pro Feeds for giving her the opportunity to work for them. She would like to thank all the employees, but she would especially like to thank Iona Renner, Libby Procter and Laura Coffey for teaching her the skills she needs.

**The Value of  
Capital Gains**

Prior to 1986, long-term capital gains received special tax treatment. When an investor realized a capital gain on an investment held longer than one year, only 40 per cent of the gain was taxed. The remainder of the gain was exempt from taxes to compensate the investor for risk-taking, furnishing capital growth, losing income while the investment grew and depreciating capital through inflation.

Then, the Tax Reform Act of 1986 eliminated this special treatment, and all capital gains were taxed as ordinary income. The objective of increasing capital gains tax rates was to increase tax revenue. However, historical evidence overwhelmingly indicates that the way to increase tax revenue has been to decrease capital gains taxes. When Congress lowered the capital gains tax rate from 40 per cent to 28 per cent in 1978, and reduced it again to 20 per cent in 1981, revenue from capital gains taxes increased 184 per cent.

Critics argue that rising inflation and generally higher stock prices--not lower tax rates--caused the increased tax revenue during that period. However, during that time, the Dow Jones Industrial Average and the gross national product

increased at only half the rate of capital gains tax revenues. Since 1986, when the capital gains tax rate was raised from 20 per cent back to 28 per cent, tax revenues have taken a significant tumble, falling dramatically every year since 1987. In 1991, for example, capital gains tax revenue was projected to be \$268 billion. The actual amount was \$108 billion.

The reason for this decline is that taxpayers have the choice to delay capital gains or not to take them at all. Capital gains are not taxable until the year in which they are taken. It appears that when capital gains taxes are lower, taxpayers are more willing to liquidate investments and pay the taxes. However, when the capital gains tax is higher, profit-taking is postponed, and tax revenues fall.

Fortunately, the recently passed budget plan did not increase the capital gains tax rate. In fact, the plan restored some of the benefit of capital gains by offering a 50 per cent exclusion for gains on certain investments held at least five years.

When tax rates on capital gains are low, capital transactions increase, profits are taken, and tax revenues rise. The incentive for investing encourages growth. Growth means jobs for people, and jobs translate into increased tax revenues for our federal government.

**SOCIAL SECURITY TAXES  
ARE GOING UP.**

Under the new tax law, millions of retirees are going to pay more taxes on their Social Security benefits. If you're among them, you could be taxed on as much as 85 percent of your Social Security income.

Don't take chances with your retirement income. I'll be happy to provide a free computerized report that will help you determine what portion of your benefits may be subject to taxation. We can also look at strategies to help reduce your tax burden.

**YOUR EYES**

**Can You Prevent  
Cataracts?**

There's an old saying in the health field that everyone will get cataracts eventually--if they live long enough. Today we've learned that good health habits can postpone the condition and maybe even prevent it. Research points to three kinds of damage.

Exposure to ultraviolet light seems to promote cataracts. Studies with Chesapeake Bay boatmen, and others who have spent their lives in the sun, indicate that wearing sunglasses that offer ultraviolet-ray protection and a hat with a brim can slow the formation of cataracts.

Smoking increases the risk of cataracts, and the risk rises with the number of cigarettes smoked. Smokers are twice as likely to develop cataracts, and some 20 per cent of cataracts are caused by smoking.

Diet seems to be the third key. If, as it seems, the eye is damaged by free radicals--certain reactive oxygen molecules--then diets rich in antioxidants like Vitamins C and E and beta carotene may forestall or prevent cataract formation.
