

# SCHOOL ISSUES APPROVED IN RECORD VOTE

FOR LONGTIME MEMBERSHIPS IN ORGANIZATION

## Legionnaires Here Will Be Honored

**BOY WITH A PROBLEM!** — "None of the girls will be my girl friend, so I guess I'll just give two of them valentines. They won't be my girl friend, but they are pretty." Thus does the young swain pictured above describe his woes on the eve of this Valentine's Day, which is Friday. He's Jimmie Jones, 6-year-old son of Mr. and Mrs. Bobby Jones of 1116 Tahoka Road. (NEWSfoto)

**"HEARTS AND FLOWERS"** — Valentine's Day Friday also will hold double significance for Mr. and Mrs. Homer Parker of 1211 North Atkins, married Feb. 14, 1940. He is associated with Harding Motors, Inc., and Mrs. Black is employed by Burnett and Black, Accountants. Mr. and Mrs. Black have one son, now attending Miami Military Academy at Miami, and two daughters at home. (NEWSfoto)

A total of 59 persons will be honored when Howard-Henson Post 269, American Legion, meets at 8 p.m. Thursday in Legion Hall, according to L. L. Lincoln, commander.

Lincoln said 57 members will receive awards for continuous membership ranging from 5 to 35 years. "Awards also will be presented to four members for their activities during the recent membership drive," he added.

Raymond Andrews of Big Spring, 19th District commander, will be featured speaker on the program. "Plans also will be discussed for the district convention to be held here April 26-27," revealed Lincoln.

The commander said the post's recent membership drive netted about 375 members. "We still would like to obtain at least 60 more to reach our quota of 435," he said.

Award winners for the membership drive include Joe Weatherman, Wayne McKinney and Aubrey T. Jones, 12 members; and L. D. Bailey, 100 members.

Slated to receive awards for continuous membership are: W. H. Chisholm, 35 years; Tom F. Chrestman, M. J. Craig Sr., Ed. H. Crossland, Tira G. Sexton and Tom A. Smith, 25 years; and W. A. Bynum, W. V. Carter, C. E. Fitzgerald, D. L. Carter, R. A. Simms, H. M. Pyeatt, O. L. Stice, W. G. Swain, William R. Tilson and L. M. Wingerd, all with 20 years; and William T. Boggs, Earl L. Bradley, Marcus C. Chambliss, J. B. Huckabee, Dr. H. H. Hughes, Lloyd A. Keith, Edward Lee, Phillip E. Thompson, 15 years; L. D. Bailey, Ralph W. Bynum, Cecil R. Davis, Amos A. Eggen Jr., Claud C. Freeman, August Garcia, H. Glen Harris, Ralph W. Howell, Aubrey T. Jones and Newell Reed, 10 years; and Robert E. Adams, Frank Barret, J. R. Blackburn, Billy C. Bond, Jack L. Browder, James R. Burnett, Rober H. Burns, W. J. Carter, Pate F. Collier, Allyn Gert Cox, Grady Echols, and Merwyn M. Hand, Luther E. Harrell, J. D. Hanyes, Drew Hobdy Sr., B. F. Hutson Jr., Gerald F. Poshee, Harlan M. Mason, Joe A. Merritt, Clifford T. Parker, L. J. Richardson Jr., Robert E. Wilgus and Aaron H. Ziegler, all with 5 years.

**"THE POINT IS THIS"** — Quartet pictured above took part Tuesday in the annual banquet of Brownfield Chamber of Commerce. From left: Dennis Q. Lilly, chamber's 1958 president; O. R. Douglas, chamber director who emceed the event; Frank Junell, vice president of Citizens National Bank at Lubbock, who delivered the principal address, and Bob Payne, director and president of Brownfield Junior Chamber of Commerce. Not shown is Bruce Zorns, chamber's 1958 vice president. (NEWSfoto)

## TELEPHONE RATE

### Changes Approved

An amendment to the Brownfield ordinance governing General Telephone Company's charges for service was approved during City Council's regular session last Thursday.

Councilmen acted on the request of Paul Farrar, General's district manager here, that the amendment to the rate ordinance be approved as follows:

1. To change the charge for colored telephones from a one-time payment of \$7.50 to 25 cents a month.

This change, explained Farrar, will not in any wise affect the regular service charges for the black instruments. The colored telephones are considered by the company to be a special service, and the additional charge is to compensate for the same.

### New Schedule Approved

2. To set up a new schedule for installing and moving telephones, the main changes being to increase installation of residence instruments from \$3 to \$5; business installation charges from \$4 to \$7.50, and moving of inside telephones from \$1.50 to \$3.

3. To increase the monthly charges on residence extension telephone from 90 cents to \$1.

The new installation charges and the extension rate will become effective with the company's Feb. 21 billing, said Farrar. The change in charges for colored telephones became effective with approval of the amendment.

## Final Rites Are Held For Gomez Resident

Funeral services for Clyde H. Jones, 65, of Gomez Community, were held Wednesday in First Baptist Church with the Rev. Clyde R. Campbell of Hobbs, officiating, assisted by the Rev. T. L. Nipp, pastor of Gomez Baptist Church.

Jones, who moved here about one year ago from Lynn County, died late Monday in Treadaway-Daniell Hospital after an illness of several weeks.

Jones, a farmer, was a member of the Baptist Church and of the Masonic Lodge at Anson. Surviving are his wife: two sons, Clyde of Albuquerque, and Durwood of Route 2; a daughter, Mrs. Alene Hundley of Falfurrias; a sister, Mrs. Jessie Hawthorne of Anson, and four grandchildren.

## Wellman Girls Cop 22nd Win of Season

Wellman and Whiteface split a pair of District 7-B basketball games at Wellman Tuesday, Whiteface taking the boys' encounter, 51-24, and Wellman winning the girls' game, 51-48.

Ashmore dumped in 18 points to pace the Whiteface boys to victory. Jim Goza posted 12 points for Wellman.

The Wellman girls were forced into two overtimes before winning their 22nd game in 25 outings. Virginia Thornton netted 24 points and Velda Hill 17 for the winners.

For Whiteface, Powell scored 23, two more than Snodgrass.

**SCORE BY QUARTERS**  
Whiteface — 16 13 5 17—51  
Wellman — 8 6 7 3—24

**GIRLS**  
Whiteface — 12 15 11 8 2 0—48  
Wellman — 9 12 13 12 2 3—51

## CROWD BRAVES COLD WEATHER

### Tradition Marks Annual Chamber Event Tuesday

Weather failed to dampen spirits Tuesday for two major events: Brownfield Chamber of Commerce annual banquet and voting in the school bond issue.

Although the attendance might have been higher had a balmy night existed, some 235 residents and out-of-town visitors did take part in the chamber show.

And it is a show, the one time of the year when the public can meet the Brownfield chamber members and directors and officers.

Assuming his formal office Tuesday was Dennis Q. Lilly, who will serve as the 1958 president, and Bruce Zorns, vice president.

Speaker for the occasion was Frank Junell of Lubbock who apparently has instructed himself in the art: Authorities advise 13 minutes of good humor, followed by 6 minutes of serious thought, followed by taking one's seat. For his audience's thinking.

## Founders Day Tea Set By PTA Units in Terry

All PTA units in Brownfield, Wellman, Union and Meadow will take part in a Founders Day tea at 7:30 p.m., today in high school auditorium.

The occasion will be the observance here of the 61st anniversary of the National Congress of Parents and Teachers.

Life Memberships will be presented.

Speaker for the event will be Virgil R. Trout of Albuquerque, N.M.

## Weather Does Not Stop Record Ballot

### Spring Building Set; Trustees Study Offer

Brownfield voters overwhelmingly approved a proposed \$300,000 classroom and athletic plant expansion Tuesday in what is believed to be a record ballot for a school bond election here.

A total of 935 residents braved freezing drizzle, as well as occasional sleet and snow, to ballot in the election.

The proposed \$190,000 athletic plant met the roughest sledding, gaining approval by only 132 votes. The other two proposals had little opposition.

Judges said voters crowded the single poll in the courthouse throughout most of the day — even when the weather was worst. Observers indicated the vote possibly is the largest in a school bond election in Brownfield history.

Balloting favored the eight-classroom expansion at Colonial Heights Elementary School by a 654 to 219 margin. Athletic expansion was approved 508 to 378.

Voters approved proposition 1 on the ballot, allowing the bonds to be issued under SB 116. The approval, which was necessary to pass the other propositions, is expected to save the school district several thousand dollars through a better interest rate. Proposition 1 was approved 641 to 201.

The bond issue approval assures adequate classroom facilities here for at least another year and probably two years, according to school officials.

### Construction Is Slated

Construction is expected to begin early this spring, noted officials. "We hope to get everything ready by next fall," said O. R. Douglas, school superintendent.

Construction of athletic facilities may be delayed temporarily while trustees and architects study an offer to construct a bowl for the structure, the offer being presented by four Brownfield earth-moving contractors, revealed officials. "If the move can be made within the \$190,000 issue, it will mean much more comfort to the fans," said Douglas.

Judges for the Tuesday election were David Nicholson, Leonard Ellington, Sawyer Graham and Kenneth Frazier.

## First Evangelical Site Of Singing Convention

The Terry County Singing Convention will be held at 2:30 p.m. Sunday in Evangelical Methodist Church, 907 South Eighth.

G. M. Thomason will be in charge of the event, and the public is invited to attend, he said.

Terry 1957 cotton crop ginnings edged to 73,448 bales by mid-January, which total probably will be final count for county.

The figure represents a decrease of almost 20,000 from the 1956 total.

Latest picture in Youkum County: 18,280 bales by mid-January. Total 1956 was 26,815 bales.

## BROWNFIELD'S DIRECTOR ON WATER AUTHORITY TO SUBMIT PROPOSALS

# City Council To Study Plans For The Establishing of Canadian River Dam

Directors of the Canadian River Municipal Water Authority heard Monday a report by R. W. Jennings of the U.S. Bureau of Reclamation at Amarillo.

Jennings presented the preliminary survey made by his agency of the possibilities of building a dam at Sanford, Tex., on the Canadian River, together with aqueducts to supply member cities.

He also presented plans for repayment that might be acceptable if the project were financed by federal funds.

Present at the Monday session was Brownfield's director on the board, Lee Brownfield.

Jennings explained that the bureau survey indicates that, under most favorable conditions, the watershed of the Canadian would produce 142,000 acre-feet of water which could be used by the member cities.

"These conditions," said Jennings, "would anticipate no further development in New Mexico below the Conchas Dam

near Tucumcari and would require normal rainfall."

Another condition, envisioning a dam in New Mexico about half way from Conchas to the state line, said Jennings, would provide 126,000 acre-feet.

The most unfavorable condition which might occur, the survey indicated, would suppose a dam in New Mexico near the state line and would suppose years of drought, such as experienced from 1949 to 1957.

The foregoing condition would produce 103,000 acre-feet of water. It was estimated in the survey that the cost of the projects—built to furnish 126,000 acre-feet a year — would cost \$97,580,000, plus \$500,000 additional, in 40 years.

Of the figure, 70 per cent would be spent for transportation facilities. Two plans for repayment were presented by Jennings.

The first is based on information given to the bureau by the cities concerning their present

**"OUR HEARTS ENTWINED"** — Probably to no other couple in Brownfield is Valentine's Day Friday quite as important as it is to Mr. and Mrs. W. P. Forbes Sr. of 320 West Buckley. It was 54 years ago this Valentine's Day that Mr. and Mrs. Forbes, seated in a buggy in front of the pastor's home in Clarksville, exchanged wedding vows. The couple moved to Terry

County in 1915, and farmed and ranched in the Pleasant Valley Community until his retirement in 1946, when they moved to Brownfield. Of that Valentine marriage more than half a century ago, six children were born. In addition, Mr. and Mrs. Forbes now count 15 grandchildren and 15 great grandchildren. (NEWSfoto)

**CLINT WALKER WAS 'JACK OF ALL TRADES'**  
**Star of Television's 'Cheyenne' Series To Appear in 'Fort Dobbs' Movie Now**

One of the great success stories of Hollywood during the recent years has been the sudden rise to fame of Clint Walker, who came out of relative obscurity to become the top western star on television in Warner Bros. "highly-rated" "Cheyenne" series.

Walker will be seen starring in Warner's "Fort Dobbs" today at the Regal Theatre.

In Sept. 1955, Warner Bros. launched the "Cheyenne" series with Walker in the starring and title role.

The show was an immediate success with the public. It soared to the top of the ratings and has stayed there, beating out all opposition week after week. An estimated 40 to 50 million people watch each "Cheyenne" episode.

As a result of his tremendous pulling power on television, Walker was awarded by Jack L. Warner the starring role in Warner Bros. "Fort Dobbs," marking his debut in a motion picture feature production.

Walker, who stands six feet six inches, weighs 235 pounds and looks every inch a western hero, was a guntoin's deputy sheriff, Texas cowhand, sailor and silver prospector before he

drick were recognized when Director Burton Hackney read a chamber resolution expressing admiration for the gift and the thought behind. Other heirs were unable to be present.

The gift was the Kendrick home at 301 West Tate, to be used for a future county public library. Recognized Tuesday were C. K. Kendrick of 621 East Tate, and his sister, Mrs. O. L. Stice of 808 East Tate.

Other points of the program, in Brownfield Junior High School cafeteria, included the presentation of certificates to past directors for their work and to the immediate past president, J. L. (Dusty) Kemp.

Appreciation was expressed by Emcee O. R. Douglas for work of the BHS Mixed Chorus, FFA and FHA groups, and to Leonard Ellington for their work in preparing food and entertaining during the banquet.

**No. 2—**

sent and expected needs for water, and repayment would be made in 50 years. Water would be sold to member cities at 16.5 cents per 1,000 gallons, and the revenue used as follows:

Repayment on construction cost, \$92,832,000; interest during construction, \$5,148,000; interest during pay-out, \$97,244,000, and operational costs, \$62,445,000. Total: \$257,669,000.

Jennings explained that studies indicate the cities, to their advantage, could use more water in the earlier years than indicated by their request, thereby lowering interest costs.

A plan also was submitted using 70,000 acre-feet to start instead of 49,450 acre-feet. This plan would pay out in 50 years at a cost to the cities of 15.38 cents per 1,000 gallons.

Cost of the water is average cost to cities of the authority and is for raw water delivered. This water must be filtered and treated before it can be used in the cities.

The directors voted to carry the foregoing plans to their respective city commissioners and see if they were in favor of proceeding.

Re-elected as authority officers were Howard Hoffman as president, George Finger as vice president, and A. A. Meredith as secretary-treasurer. The directors met in Plainview.

It is to be noted, said Brownfield, that before the Canadian

**Pro Tennis Tour Slated**

The Jack Kramer Pro tennis tour will debut in Lubbock Feb. 27, featuring a top tennis match between champion Pancho Gonzales and Australian Lew Hoad.

Hoad, figured to be an easy mark for the pro champion, has proved to be a thorn in the side of Gonzales through the first 15 matches of a 100-match series.

Continuing action in the U. S. this week after a 13-match Australian tour, Gonzales trailed the challenger, 9-6.

Gonzales handled Hoad with ease in nine matches last summer. However, under the tutoring of promoter Jack Kramer, the Australian boy wonder has come back when wins mean money in the bank.

The much-heralded match will be prelude by a singles event between Tony Trabert and Pancho Segura. The evening will be concluded with a doubles match.

Prayer," will be shown at 7:30 p.m. Saturday in Church of God at 405 South Third.

The film is based on the works of the Rev. Ora Roberts and is being shown by a layman of First Methodist Church of Lubbock.

**AT FOUR COUNTY AG MEETING**

**Higher Grain-Profits Through A Swine Feeding Program Is Urged Once Again**

Heard again Tuesday was the long-standing contention of many that the farmer's \$1.50 grain might be worth up to some \$4 if used in a swine feeding program.

The grain-hog possibilities were discussed for members of Four County Agriculture Committee, meeting for their monthly breakfast in Lamesa. Speaker was Paul Gross of Lamesa, Dawson County assistant agent, and he was heard by some 15 Brownfield men, along with others from Yoakum and Gaines counties.

**Advantages Compared**  
 Gross advanced his belief that "We (on the South Plains) have the farmers in the Corn Belt beat everywhere in the world, when it comes to being able to raise hogs more cheaply."

The assistant agent compared the area's natural advantages for raising hogs with those of the Corn Belt, giving the South Plains the edge in nearly every instance — with the exception of sand.

Brought into the talk was discussion of the latest trend — defined as probably lasting — of raising the meat-type hog. Lee Roy Colgan, the Dawson County agent, was quick to explain that the daily top price in the Fort Worth market were for the meat-type hog only.

Gross explained the arduous efforts to secure such a hog, and urged that any farmer in the area who was interested be content with no other type.

**Seminole Meet Set**

Among the 45 men at the event were Frank King, B. J. Tilger, Eddie Taylor and Bill Simms, all of Brownfield's FHA office; and Joe Price, manager here of Pioneer Natural Gas; R. D. Jones Jr., Terry County farmer; Jim Foy and Bob Etheredge, county agents; and — Joe Ed Sullivan, Terry County Farm Bureau service agent; Looe Miller, head here of ASC; Oliver Grote, manager of Terry County Farm Association; Joe Satterwhite, Chamber of Commerce manager; R. N. McClain and Dennis Q. Lilly, vice presidents of Brownfield State and First National banks, respectively.

Next session will be held in Seminole, where Truman Fambrough, FHA supervisor there, will present a program concerning agricultural machinery. Date has not been set.

**VISITORS FROM ABILENE**

Mr. and Mrs. Ted Hardy Jr. and Trey of Abilene spent the weekend here with his parents, Mr. and Mrs. Ted Hardy Sr. of 415 East Buckley. Ted Jr. is a senior at Hardin-Simmons.

**BY WELLMAN**

**Consolation Cups Won**

Wellman Junior High School cage teams copped consolation trophies in the annual Sundown Junior High Tournament held last weekend.

The Wellman boys rapped Sundown "B", 28-14, to win the consolation crown. The lasses took runner-up honors after absorbing a 35-30 defeat at the hands of the Bula girls. Sammie Rex led the boys with 11 points and Sherry Hulse tallied 12 points to lead the girls.

The Terry teams were among 16 cage squads competing in the weekend meet. They are coached by Clyde Strong.

He that goeth to bed with dogs ariseth with fleas.—John Sanford.

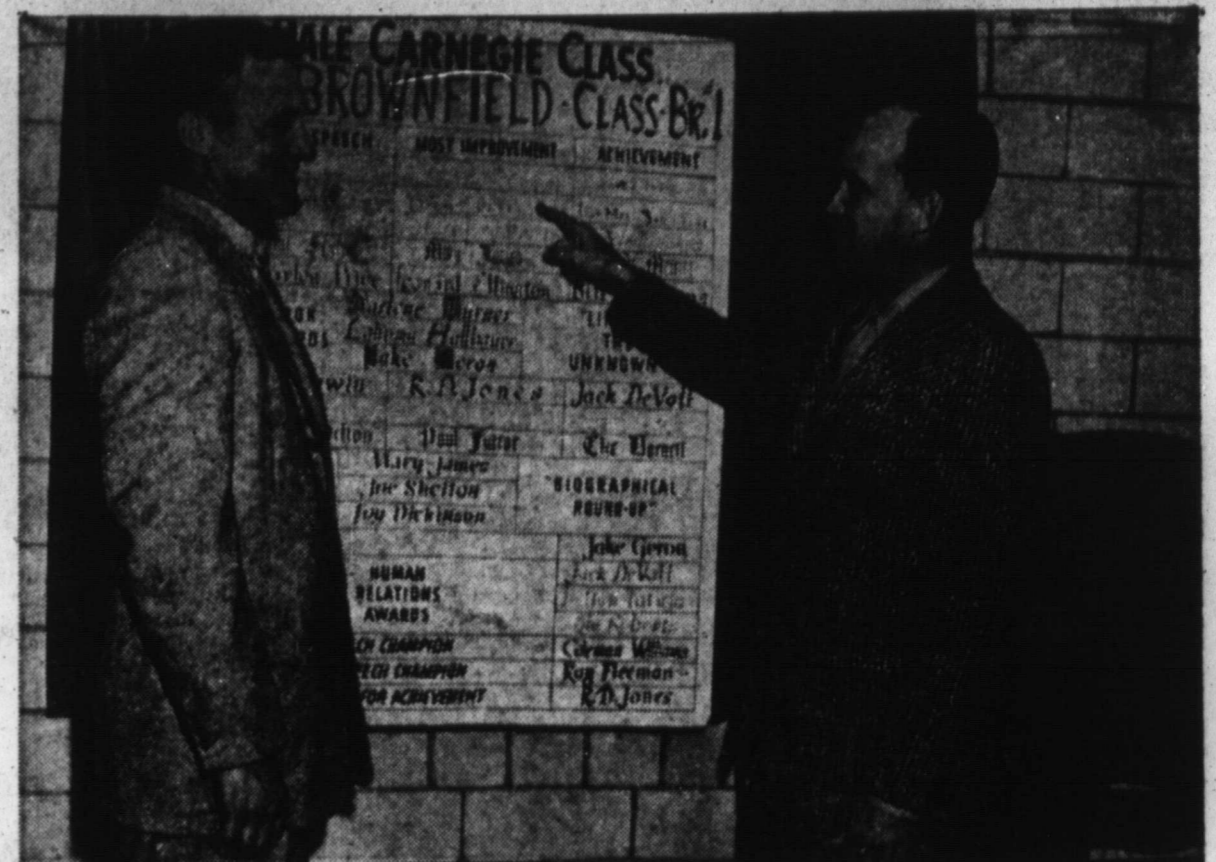

**Babe Ruth League Names Officers And Slates Workouts**

David Nicholson was re-elected to head the Terry Babe Ruth baseball program at a meeting held Monday at the Hitch-N-Post.

Other officers elected at the meeting were Troy Noel, vice president; N. L. Mason, secretary-treasurer; Burton Hackney, player agent, and Sam Privitt, chief umpire. The group set tentative workouts and registration of new youngsters for May 19-23. Nicholson explained the week is set aside for Little League graduates and youngsters who have moved to the county since last year.

Team workouts will begin the following week and the season schedule will start June 2, added Nicholson.

Babe Ruth baseball is for youngsters who are 13 to 15 years old.

Had Terry County Herald... Terry County's Oldest Business Institution

Vol. 21 Brownfield News-Herald, Thursday, Feb. 13, 1958 No. 13

## Indian Missionary Speaks To Church

George B. Masoji, elder and missionary of the Presbyterian Church of Kolhapur, India, spoke to members of First Presbyterian Church about his work as treasurer and director of stewardship of the Kolhapur Council of Churches.

Organized in 1955, the council comprises 47 churches. Masoji brought a message of hope concerning the seeds of christianity sown 125 years ago in India. He reported a breaking

down of the caste system, and a new interest in christianity being taken by members of the higher castes.

On being offered a scholarship to an American university to work on his doctorate, Masoji asked that he be allowed that time and money to visit churches and schools of America. His desire was to take back to India, not a doctor's degree for himself, but a knowledge and understanding of a better way of life for India, he said.

Masoji was a supper guest of the Junior and Senior Westminster Fellowship groups.

## Band Parents Club Has Monday Party

Band Parents Club of Brownfield High School met at Seleta Jane Brownfield Clubhouse Monday evening for a banquet.

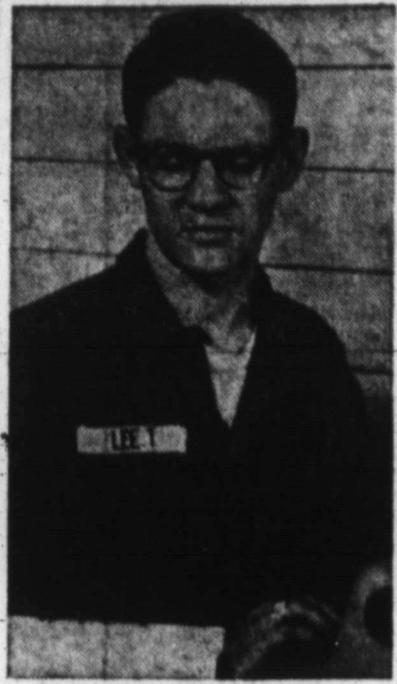

Mrs. Lee Brownfield, chairman of the social committee, was in charge of arrangements, with Mrs. Grady Goodpasture making introductions.

Following the banquet, 42 and bingo were played. Women taking bingo prizes were Mmes. Goodpasture, Johnnie F. Venable, Tess Fulfer and Fred Smith.

Men taking prizes were Lee Brownfield, Ted Hardy and Ed Wilder.

A red and white color scheme was used in table and room decorations.

SOCIETY? CALL 2188

PVT. THOMAS LEE

## Plains Soldier Set To Complete School

Pvt. Thomas G. Lee, son of Mr. and Mrs. Steve G. Lee of Plains, is scheduled to complete the basic Army administration course Feb. 14 at Fort Leonard Wood, Mo.

The course includes training in typing, record keeping and Army clerical procedures.

He completed basic training at Fort Carson, Colo. The 21-year-old soldier is a 1954 graduate of Robert Lee High School and attended Hardin-Simmons University in Abilene. He was employed by Baker's Grocery in Robert Lee before entering the Army.

## Miss Juanita Prestridge, Formerly From Brownfield, Is Wed On Sunday

Miss Juanita Prestridge of Irving and a former resident of Brownfield, daughter of Mrs. Judge Prestridge of Grand Prairie, and Jesse Briggs of Irving were married at 5:30 p.m. Sunday in the home of her aunt, Mrs. C. B. McKinney of Irving.

The Rev. Edward S. Bayless, pastor of Oak Cliff Methodist Church, read the double ring ceremony. Mr. and Mrs. Ray Ables of Irving were the couple's attendants. Vases of pink flowers added to the setting.

The bride wore a blue crepe with an orchid corsage. The matron of honor's dress was of aqua taffeta.

A reception followed the wedding, with a pink wedding cake

being served with lime punch. Mrs. Briggs attended Brownfield High School. Her husband is employed by Timco Company of Grand Prairie, and they will be making their home in Irving.

Attending the wedding from Brownfield were Mrs. Margaret Harred of 317 West Buckley and Mrs. Tom Harben of 406 East Buckley.

## Susan Smith Given Brownie Card, Pin

Susan Smith received her pin and card in a special investiture ceremony when Brownie Troop 309 met Friday afternoon in Girls Scout House.

The meeting was opened with "Fairy Ring" and songs and "Brownie Promise." Vicki Daugherty, Kaye Boroughs and Susan Smith were elected patrol leaders.

After a safety lesson, the rules were observed as marshmallows and weiners were roasted over the fireplace. The "Vanish Ceremony" closed the meeting.

Attending were the above girls and Billie Hensley, Sharon Sue Doss, Nora and Lucille Hollerman, Nina Williams, Claudine Peters, Gladys Noel, Sheryl Franks, Mrs. J. D. Williams, leader, Mrs. Carl Peters, assistant leader, and Mrs. C. P. Doss and Karen.

When an individual thinks of nothing but business and making money, the time will come when he can think of nothing but business and money.

## Valentine Coffee Held

The home of Mrs. O. L. Stice at 808 East Tate was the scene of a Valentine coffee Tuesday morning.

Hostesses with Mrs. Stice were Mmes. Harry Cornelius and Herbert Chesshir. Assisting them were Mmes. Leonard Chesshir, Walter Hord and Clovis Kendrick.

The table was covered with a lace cloth and had a center arrangement of red carnations accented with hearts. Crystal dishes complemented the silver tea service. The Valentine motif also was carried out in room decorations.

About 100 called between 9 and 11 a.m.

## IN HOME AT 315 TAHOKA ROAD

### Mrs. Downing Entertains Her Sisters

Mrs. W. B. Downing of 315 Tahoka Road entertained three of her sisters Sunday. They were Mrs. E. B. Wright of Dimmitt, Mrs. Lyda Royalty of California and Mrs. Boyce Cardwell of Lubbock.

Mrs. Tom May of 202 East Cardwell, their sister-in-law, visited with them and entertained that evening. Calling were Mr. and Mrs. Roy Herod, Bill Linder, Mr. and Mrs. Ben

MISS BONNIE TUCKER TO WED DARWYN CARLILE — Pictured is Miss Bonnie Tucker, daughter of Mr. and Mrs. Allen Tucker of 319 North Fifth. Her parents have announced her engagement and approaching marriage to Darwyn Carlile of Texas Tech, son of Mr. and Mrs. Jack Carlile of Albany. The Rev. Jones W. Weathers, pastor of First Baptist Church, will officiate at the double ring ceremony, to be read Feb. 23 in the home of the bride-to-be. Hour for the wedding is to set later. Miss Georgia Martin of Lubbock and Ben Carlile of Texas Tech, brother of the prospective bridegroom, will attend the couple. Miss Tucker attended Brownfield High School. Her fiancé is a graduate of Albany High School and is now a sophomore at Texas Tech. After the wedding, they will make their home in Lubbock.

Monnett, Mrs. Thurman Skains Murphy May and Kimberley, and children, Mrs. Bruce Zorns and children, Mr. and Mrs. the sisters in over two years.

## Dacrons that commute from South to summer!

Taking a cruise this year? Or simply yearning for warmer weather here at home? Either way, you'll be smart to pick up one or both of these dresses by L'Aiglon! They're sunshine fashion at its prettiest! What's more, the no-iron Dacron may be washed and dripped-dry.

24<sup>95</sup>

For wandering fashionables under tropic moon or sun: spun rayon sheath with cardigan or printed Orlon. White, pink or blue—each with matching sweater. Sizes 10 to 20.

Dacron shirtdress embellished with lace, tucks and tiny ball fringe. To wash and drip-dry. Pink, blue or white. Sizes 8 to 18.

THAT TIME IS HERE — Mrs. Gordon Patton of 806 South Sixth, and her two children, Dana, 1, and Debra, 3½, were among early license plate purchasers here this week. Tax office employees report purchases have been slow since the plates went on sale Feb. 1. Vehicle owners were urged to get their plates early, before the April rush. (NEWSfoto)

## State Capital NEWS

By Vern Sanford

BY VERN SANFORD  
Texas Press Association

AUSTIN—One of the hottest topics at next July's precinct conventions likely will be whether such conventions should be held any more.

Gov. Price Daniel has suggested abolishing the precinct conventions. His premise is that much of the infighting that afflicts the Democratic Party in Texas originates in these neighbor-against-neighbor squabbles. He proposed instead the electing of delegates (one per precinct) to the county conventions by direct vote at the primary.

Governor Daniel pointed out that the conventions sometimes are controlled by a minority group within the area. Many

more people, generally, vote in the primaries than bother to come back to the voting place a second time in one day for the precinct conventions.

Electing delegates by direct vote, contended the governor, would do away with "rump conventions" and contests over which precinct delegation is entitled to seats at the county conventions.

Governor Daniel's recommendation, made at the State Democratic Executive Committee meeting, came as a surprise counter-offensive to the DOT's "cod of ethics" campaign. DOT (Democrats of Texas) is a liberal group, openly backing the governor for control of party affairs. Spearhead of its drive is the "code

## Wellman Soldier Is Honored As Coach At Ft. Riley, Kansas

Army Specialist Third Class Don E. Stevens, son of Mr. and Mrs. Houston E. Stevens of Wellman, was a guest of honor at a recent dinner held for the 1st Division's 2nd Infantry basketball team at Fort Riley, Kan.

Specialist Stevens coached the team.

He entered the Army in August 1956 and received basic training at Fort Carson, Colo.

The 24-year-old soldier was graduated from Lamesa High School in 1952, Howard County Junior College in 1954 and Texas Technological College in 1956. He also attended the University of Corpus Christi.

categories except the property tax have increased at least 10 per cent since 1956.

PRICE OF PROGRESS—Relocating utilities in the path of the new interstate highway system is going to cost Texas cities more than most officials had originally thought.

Atty. Gen. Will Wilson ruled that state-federal funds may be used only in a limited way to pay for utility moving. Specifically, said Wilson, they may be used to pay for relocation of sanitary sewers and for other utilities, such as water and power lines, only if they must be moved completely outside the road right of way. Cost of re-locating water, power and gas lines within a right of way must be paid for by the city or utility company.

Texas League of Municipalities protested the interpretation, said it would cost Texas cities as much as \$20,000,000 to comply. Chief source of disgruntlement to the city officials is that under the same federal building program, cities in other states are not required to meet this cost.

No PRICES FOR SPECS — No mention of price can be made in an advertisement for eyeglasses until the State Supreme Courts clears up questions about the new optometry law.

High court turned down the request of an optical company to suspend the temporary injunction against price advertising until the test case is heard on March 5.

Rival groups of optometrists are at odds as to what kind of advertising should be permitted. One group contends the law passed last spring clearly prohibits certain types of solicitation. Another agrees with the Nov. 18 Attorney General's opinion that the law is unconstitutional because improperly drawn.

At present, says the report, Texas Taxes are derived 45 per cent from property; 22 per cent sales; 16 per cent, severance; 17 per cent, all other sources. Basic pattern has not been changed since 1941, but all

TEXAS—In a year of predicted recession, the dip in Texas business will be less noticeable than for the nation generally.

This prediction is made by the University Bureau of Business Research on the basis of figures for past recessions. In 1948-49 national figures dropped 19 per cent; Texas, 6 per cent. In 1953-54 the national drop was 11 per cent; Texas, 8 per cent.

Expanding industries and a growing population were noted by the Bureau as explaining Texas' favored position. A period of even greater activity was foreseen for the 1960's.

SHORT SNORTS — Ballot positions for the nine proposed constitutional amendments to

ings or contests.

TRUST LOSS CUT—Net loss to creditors of US Trust and Guaranty Co. will be \$1,967,886, reports State Auditor C. H. Cavness.

US Automotive Service had assets of \$4,893,269, said Cavness, partially offsetting the \$6,861,155 in US Trust liabilities.

Cavness' audit of the liquidation division of the State Insurance Department suggested some tightening of methods of handling and selling property in receivership.

US Trust creditors still cannot be paid. Suits filed by groups seeking preference have not been settled.

GENTLER SLIDE FOR

be voted on Nov. 4 have been determined by a drawing in the Secretary of State's office. No. 1 positioned position went to the amendment which would give legislators a \$7,500 annual salary.

Veterans Land Board has agreed to try to sell the remaining \$87,000,000 in bonds allowed under the program as rapidly as possible. Aim is to get the program rolling again without waiting for possibly more favorable interest rates.

Land Office reins are now in the hands of new Commissioner Bill Allcorn, appointed after the resignation of Earl Rudder.

McBRIDE PONTIAC  
1019 Lubbock Road Brownfield, Texas

Plainview, Tex., Man Reports—  
"I Got a 2,000-lb.-per-acre Increase on 575 Acres of Grain Sorghum."

Lem Brock, of Plainview, Tex., says: "I put down 100 pounds of Phillips 66 Agricultural Ammonia on 575 acres of irrigated maize land, and got an average of 2,000 pounds of grain increase per acre. I also put down 100 pounds of Phillips ammonia on castor beans and got an increase of 500 pounds of beans per acre. Also, by using Phillips 66 ammonia I got 1½ bales of cotton to the acre in an unseasonable cotton year."

Other Southwestern farmers have discovered that the 82% nitrogen in top quality Phillips 66 Agricultural Ammonia helps them to get more profit per acre, through higher yields and lower production costs.

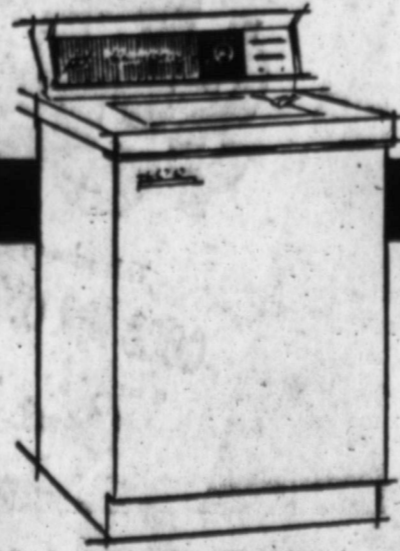

They have found that, by using Phillips 66 Ammonia, they get more cotton that grades out higher at the gin; yields of grain sorghum grain and ensilage are increased; more marketable vegetables are harvested, and profits on wheat are increased through better forage, and higher yields of grain.

See your Phillips 66 Agricultural Ammonia distributor about profitable Phillips 66 Agricultural Ammonia, the 82% nitrogen fertilizer.

Call your nearest Phillips 66 Agricultural Ammonia Distributor

### Terry County 4-H Survey

By LINDA HENSON and STANLEY FARRAR

Terry County 4-H Council met Saturday in The Party House, with 10 members present to discuss plans for activities here during National 4-H Week, March 1-8.

Attending were Genell Cornett, Janice Davis, Linda Henson, Jan Holder, Diane Montgomery, Winnie Shults, Carol Stewart, Lynn Dill, Stanley Farrar, Fred Sedwick, Doug Crabtree and Miss Betty Hillis, home demonstration agent, and Bob Etheredge, assistant county agent.

The next meeting of the council will be at 9 a. m., March 1, in The Party House.

All 4-H girls who are 13 years or older and who are interested in entering the individual

### Study Club Chooses Arabia For Subject

Mrs. E. B. McBurnett Jr. moderated the program on Arabia when Junior Woman's Study Club met Monday afternoon in Seleta Jane Brownfield Clubhouse.

Mrs. Buddy Orr assisted by giving a synopsis of the life of Aga Khan. Mrs. L. G. Moore was hostess for the meeting.

Spiced tea and cake were served to Meses. Tom Adams, Homer I. Nelson, Baxter Loe, Joe Woods, Bill Gorby, Don Hewitt, Alton Martin, McBurnett Jr., Uilee McPherson, Edwin Moore, Orr, Harley Rodgers and the hostesses.

### MRS. DULANEY HERE

Mrs. Jeff Dulaney and son, Jeff, of Albuquerque, N.M., are visiting her parents, Mr. and Mrs. Frank F. Wier of 911 East Lake.

There, going will be the county agents and all interested 4-H boys and girls who will be showing in the April event.

Terry County Farm Bureau is providing the bus to take us to Plains, and fathers of the boys and girls also are urged to be with us. Letters will be mailed this week to all livestock exhibitors with details of the Plains trip.

**BROWNFIELD MEMBERS HELPING OBSERVE 50TH ANNIVERSARY**

# Born in Texas, The Nazarine Church Has Recorded A Phenomenal Growth

Members of Church of the Nazarene, located at 261 West Tote, currently are observing that denomination's 50th anniversary. The Rev. Howard Smith is pastor.

The following telegram from the President of the United States helped initiate the year-long event. It was sent to Dr. Hardy C. Powers, Board of General Superintendents, Church of the Nazarene, Kansas City, Mo.

"To the members and friends of the Church of the Nazarene, joined in the observance of their denomination's fiftieth anniversary year, I send greetings!

"For half a century, by faith and work, you have grown in service to a wide community.

"In this tradition, I am sure your fellowship will continue to flourish in devotion to God and neighbor." — Dwight D. Eisenhower.

The following history of the church was compiled by O. Joe Olson, layman, Church of the Nazarene.

"The Church of the Nazarene was born marching and it hasn't quit!"

In this descriptive fashion, Dr. Hardy C. Powers, chairman of Nazarene general superintendents, summarized the 50 years of amazing growth and achievement by the denomination which is celebrating its golden anniversary throughout 1958.

Several simultaneous observances are scheduled during the year in the 4,500 Nazarene churches, including Easter Sunday, April 6; a "week of witnessing" as a denomination, Oct. 5-12; and Thanksgiving Sunday, Nov. 23, 1958.

Start at Pilot Point

The statement by the Nazarene leader referred to the struggling, rather insipid beginning of the denomination in a small brown tent at Pilot Point, Texas, on October 13, 1808. This was the official birthday of the church.

Delegates representing 228 small churches with 10,414 members in the East, West and South had gathered for the union. The strongest common bond was belief in the Wesleyan doctrine of entire sanctification, also known as heart purity or perfect love.

Comparative Figures

The Nazarene march of evangelism, both at home and abroad, has continued since its founding. The statistical summary tells the graphic story:

At the start, in 1808, 228 churches with 16,414 members; Sunday school enrollment of 7,780; church property worth a total of \$500,000; and per capita giving of \$13.44 the first year.

Now, at the start of the anniversary year, Nazarenes have 4,497 active churches and 292,194 members; Sunday school enrollment of 632,125; church property worth \$169,705,560; and per capita giving of \$133.77 in 1957 was a record high.

Another way of emphasizing this is to point out that per capita giving has increased 10 times during the denomination's 50 years.

Membership has increased 30 times and Sunday school enrollment by nearly 100 times. The value of church property today is more than 340 times what it was at the start in 1808.

"God has blessed us out of all measure," said a Nazarene leader.

The Nazarene church has been one of the fastest growing churches in modern American Protestant annals. Its record is unique among smaller denom-

inations that hold to the Wesleyan doctrine.

Denominationally, the Nazarenes now rank 30th in membership, 15th in Sunday school enrollment, and 9th among denominational publishing houses in sales volume.

A strong missionary emphasis continues from its early days. The church foreign program has grown steadily. Now there are 341 fulltime missionaries engaged in thirty-three world areas. Many more are planned for the future.

Offerings for Missions

For more than 25 years, each Easter and Thanksgiving a special offering for world missions is received. In Easter, 1957, this totaled \$807,376. As tangible evidence of gratitude to God in this anniversary year, Nazarenes will seek to raise \$2,000,000 for world missions in two special offerings in 1958.

While members give all the praise to God for achievements of the half century, others analyzing the denomination's history cite various factors as contributing to the success. In addition to able leadership and a comprehensive spiritual program with emphasis on young people's work and foreign missions, observers say that Nazarenes always have had "a sense of mission, strong faith in God, and willingness to work."

The esprit de corps among Nazarenes is strong. The church is regarded as something of a phenomenon in religious history in that it is not the result of a split-off from another group so much as it is the merging of many independent holiness groups.

In a real sense, the Church of the Nazarene is the ecumenical movement — in action! Since its natal day, in 1808, no less than 12 smaller groups and denominations harmoniously have merged. The last two to come in were British-International Holiness, Mission and The Calvary Holiness Church — making a united holiness front in the British Isles.

The Church Described

The Church of the Nazarene rightly has been described as a "middle-of-the-road" orthodox Protestant denomination. It is evangelical and evangelistic. It does not believe that "speaking in tongues" is infallible proof of receiving the Holy Spirit.

It is neither extremely ritualistic nor ultra free in its mode of worship. Its doctrines are similar to those of the old Methodist Church, but in evangelistic emphasis it is closer to the Free Methodist or Wesleyan Methodist groups.

Nazarenes hold to all the historic doctrines of the New Test-

ament including belief in the Triune God, plenary inspiration of the Scriptures, original sin, the atonement of Christ for the whole human race in justification, regeneration and adoption of all penitent believers in Christ;

Also, that believers are to be sanctified wholly, following the New Birth, through faith in Jesus Christ; the bodily resurrection from the dead and in the final judgment.

Tithing, or returning the scriptural tenth to God, is a church standard rather than a condition of membership, but a large percentage of Nazarenes tithe scrupulously, placing the denomination among the leaders in annual per capita giving in the nation.

A general superintendent said recently, "Our people do not have a 'holier than thou' spirit or outlook. Our pastors and people are encouraged to cooperate fully in every moral and righteous force of our day."

Government of Church

The church has a congregational, or representative, form of government.

On the national level, general superintendent is the highest elective office, corresponding to bishop in some churches.

## Terry County Public Library Receives Gift of Books From Alpha Omega Group

Terry County Public Library was recipient of 26 volumes for the children's division when Alpha Omega Study Club made the presentation at a bridge luncheon Tuesday in Seleta Jane Brownfield Clubhouse.

Miss Olga Fitzgerald, librarian for Terry County Public Library, received the books from Mmes. Arlie Lowmore and D. Harris, members of projects committee of Alpha Omega Study Club.

The luncheon menu was

## 'Christian Action' Is Studied by WSCS

Mrs. W. B. Downing led the program, "Christian Action on The March," when Faith Circle of WSCS of First Methodist Church met with Mrs. Cleve Williams of 405 West Powell Monday morning.

The program was conducted as a group discussion with a business meeting following.

Those attending were Mmes. G. S. Webber, Williams, Erie Proctor, R. L. Cornelius, Florrie P. Early, Ben Hill, J. W. Hogue and Don Ballew, a visitor.

Sixteen men have served the church in this capacity. Five general superintendents currently in office have served a total of 45 years in that position and have spent practically all their lives in the Nazarene Church. They are: Drs. Hardy C. Powers, G. B. Williamson, Samuel Young, D. L. Vanderpool and Hugh C. Benner.

Program Is Started

Currently, a building and relocation program is underway in Kansas City. Two major buildings have been constructed and are in use on a 21-acre tract purchased in 1950 at Sixty-third street and The Paseo. These are the \$500,000 Theological Seminary, opened in May, 1954, and the \$450,000 headquarters building occupied six months later. A new publishing house, costing \$2,000,000, is the third building contemplated.

Surmounting the handsome, Roman brick headquarters building, in which are offices for all general church executives and departments, is a large, revolving world globe. This is illuminated from within at night. It is a striking and symbolic reminder of the ear-riding mission of the church, "to spread Scriptural holiness to the ends of the earth."

## Terry County Public Library Receives Gift of Books From Alpha Omega Group

made up of the favorite recipes of members.

Mrs. Tommy Hicks was elected delegate to attend District Convention in Childress.

Mrs. William Cope took high at bridge and Mrs. Fred Smith second high. Bingo prizes went to Mmes. James Thurman and Earl Jones.

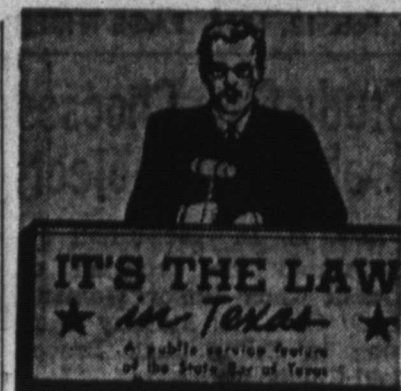

Those attending were Mmes. Perry Bear, Marion Bowers, Lee Brownfield, P. R. Cates, W. T. McKinney, Jack Cleveland, Cope, Doug Cox, E. H. Farrar, Truett Flache, A. J. Geron, Grady Goodpasture, Jake Gore, Harris, Hicks, Jones, Lowmore, Britt Pounds, Smith, Thurman and E. Y. Wilder.

## Resident Has Birthday With O'Donnell Sister

Mrs. R. L. Hamm of 515A East Main spent the weekend in O'Donnell, visiting in the home of a sister, Mrs. Hattie Haney.

Both women celebrated their birthday Saturday in the home of Mrs. Haney's daughter, Mrs. John Earls.

CLASSIFIED? CALL 2188

IT'S THE LAW  
The Nazarene Church  
A 50th Anniversary  
of the Birth of Jesus

Back in pioneer times our forefathers found they could keep track of the family history pretty well with a few notations on the flyleaf of the family Bible. But life's not quite that simple any more.

Great-grandpa wasn't covered by social security or workmen's compensation. He didn't have a bank account or safe deposit box, a car and a dozen home appliances being bought on time payment, or a half-dozen insurance policies.

We have taxes great-grandpa never heard of and wouldn't have believed if he had. And had you asked him for a certificate to prove his birth, he'd have thought you'd taken leave of your senses.

The point of this is that the average American today has a good many important papers to keep track of. There are birth certificates, receipts, copies of tax returns, sales contracts, and a host of other papers. With a little tidy record-keeping, you can make life easier for yourself and your family when you are gone.

Here are some suggestions:

1. Get a heavily bound notebook folder or file folder as a central collecting point for all the records of your affairs.
2. Put your especially important papers in your safe deposit box, but make a list of those papers and a brief summary of their contents to put in your home file.
3. Get for your files copies of birth certificates for all members of the family, and add them to the file. Add your marriage license or at least a statement as to when and where you were married and by whom.
4. Insert your will or a copy of it. If your will is kept elsewhere, include a note telling where it may be found.
5. During the year, put into the file your income tax withholding statements and receipts for expenditures which may be deductible. Then keep a copy of each year's tax return in the file.
6. Make a list of all the stocks and bonds you own and where they are.
7. List all the places you have lived and worked and the names of persons there who you know. Include the schools you have attended and the dates you left or were graduated.
8. If you may have benefits coming under a profit-sharing plan where you work, make a note of that too.
9. If you're in doubt about whether an item should be included, put it in.

WHICH IS BEST? — BHS Vo-Ag students, who study dairy cattle judging this month, often ask themselves, "Which cow will produce the most milk?" when they see pictures such as these. See the adjoining story to see which bovine is considered tops.

## Brownfield Vo-Ag Students Study For Dairy Cattle Judging Team

After this month's study, Brownfield Vo-Ag students should know what it takes to make a good milk cow, according to Walter Meyer and Bob Becker, Vo-Ag instructors.

All students are participating in the study which consists primarily of picture classes.

At the end of the course, scores will be averaged and the top four students will become members of the dairy cattle judging team which will participate in several contests this spring.

First competition will be Saturday at Floyd, N.M.

In the pictures above, FFA judges gave the nod to the cow on the right. They conceded that the other cow had several good points, but not enough to out-weigh the top selection.

The cow on the left shows considerable dairy temperament and good body capacity, they said. However, her udder is attached too low in the rear, causing it to sag badly.

The judges also noted the udder is cut up in the fore attachment, constricting milk flow to a degree.

The cow on the right, they explained, probably is a younger animal, which is believed to be the reason she does not

show the body capacity of the bovine on the left.

The top-rated animal has a shapely udder, a straight top line and a good head and neck, explained the students. She should be a better producer than the other cow, they said.

## Parents Feted By Girl Scout Troop

Girl Scout Troop 12 entertained their parents Monday afternoon in The Party House with the assistance of their mother's committee.

The motion picture, "The Wider World," was shown for the study of "International Friendship." Sponsored by the World Association of Girl Guides and Girl Scouts, the picture depicts girls of Mexico, Finland, United States and Burma, demonstrating that service is basic to Girl Guides and Girl Scouts of all countries.

For closing, the program the girls sang "Our Chalet" and "Girl Scouts Together."

Parents attending were Mmes. Bonner Lytle, Henry Fugitt, C. E. Barton, Charlie Green, E. B. Parrott, E. B. Armstrong, H. A. Dodd, Johnny Benson, D. L. Pemberton and Mr. and Mrs. Truett Flache.

Scouts present were Pamela Jane Shirley, Daphne Pemberton, Suzanne Lytle, Stella Rice, Nancy Ann Benson, Linda Faye Odom, Elaine Flache, Carolyn Callaway, Janette Boren, Janie Fugitt, Randa Barton, Glenda Bounds, Rita Flippin, Pamela Parrott, Mitzel Ann Dodd, Ava Beth Neel, Frances Dishman and Judy Faye Green.

PI WI better This i of Job Ou —pre asurr and e Deere furthe Ker.

By VERN SANFORD  
Eventually every owner of an outboard motor boat faces this problem: Should I leave my boat in the water, or should I buy a trailer?

That's exactly the question that was asked by one of the readers of this column. And I'll try to answer it.  
Leaving the boat in the water continually calls for the monthly payment of a stall-rental fee. It's either that or ownership of a dock. And owning one is far more expensive than renting. But there are many other angles to consider, besides the docking cost.

A fellow who keeps his boat in the water all the time always has it available for immediate use. He saves time launching and loading, not to mention the cost of buying a trailer. Something else too—he eliminates the problem of where to store the boat and trailer. Also the problem of transporting trailer and boat from home to lake.

Loading and unloading a boat, at best, is no easy matter. It requires at least two persons to do the job, even for the smallest runabout. And usually it necessitates leaving your car in a not too desirable location—with the added possibility of theft or damage to car and trailer.

Also well worth considering is the possibility of damage to the boat while loading and unloading, as well as in transportation to and from the boating locale.

**Time Element Important**  
Important to most of us is the fact that it takes far more time to get aboard—from the moment you decide to go boating—if you have to be bothered with hitching and unhitching a trailer, and unloading and reloading the boat. A boat already in the water is ready for instant use—or almost so—depending on whether you first have to remove a tarp and tidy up a bit.

Then there's the maintenance problem of the trailer—small but ever present.  
Finally, and as important as any feature to most of us, is the matter of finance... the cost of buying a trailer, an annual license, and insurance.

Now, let's look at the other side of the picture... the advantage of having a trailer... and not keeping the boat in the water all the time.  
In the first place the cost of building a dock, or the expense of stall rental eventually would pay for the trailer.

Another mighty important point to consider is the advantage of moving the boat from one lake to another. In Texas with its many lakes and rivers and the Gulf Coast area available for fishing or boating this is a highly important point in favor of trailer ownership.

I kept a 14-foot fiberglas Fleetform boat in the water for a year before buying a Little Dude trailer, so I speak from some experience when I say that keeping a boat in a public dock has its worries even though the dock is well guarded. While there isn't as much fear of someone stealing your boat or your motors from a public dock, as from a private dock located in some remote spot on the lake, there is the ever present worry about pilfering.

If you are going to have your boat readily accessible so that you can take your friends and business acquaintances boating on a moment's notice, you must leave in it all the necessities of boating. Namely gas tanks, a battery, several life preservers and a couple of oars.  
In addition, a fellow should take along a few extras. For instance, I never go out day or night without an emergency spotlight with a built-in red blinker—a Burgess Radar-Lite—and I've been mightily glad on more than one occasion that I had it along. Ever present is an extra long coil of rope, an anchor with rope attached, several bumpers, and at least two mooring snubbers.  
In toto that's not much. But they are "loose" items, and they can be stolen. All of which adds up to the fact that pilfering items from a boat is a constant worry unless the dock is well guarded. I have heard of more than one person who has lost a motor, not to mention the smaller items.  
**Beware of "Borrowers"**  
Then there's another problem. The temptation to joy riders. Every so often one reads of thrill-seeking kids who, out of sheer bravado, "borrow" a boat. Some are not too careful with them either. It was only last year that four boys commandeered a brand new runabout and, after a wild midnight ride, finally sank it in Lake Austin. The boat was less than 24 hours old, and the kids were less than 21 years.  
More and more outboards are coming equipped with keys. But a youngster bent on borrowing can shoot one out in short order. Sort of like locking your motor to your boat. If they are going to steal it, a lock won't make much difference.

There is another kind of "borrowing" too. The honest kind. Some people think nothing of asking you to loan them this or that. How valuable it is makes no difference. No man likes to loan his boat. But your borrowing friends are more likely to ask for the loan of your boat if it's already in the water.  
A regular problem of all motor boat owners is "gassing up." You gotta have the petrol to percolate. Some of the lakeside gas stations are virtually inaccessible to all but the expert boatman. Far too many are in difficult to reach locations.  
With our trailer, however, we just drive up to a Humble station, gas up the car, tell 'em to put white gas in the boat's tanks (along without board motor oil) and roll on our merry little way. Sure lots easier than trying to fill up while in the water.

Not all stations carry outboard oil and white gas. But most Humble stations do. If not, they do have regular gas. It's next best. But avoid the high octane, treated stuff. It tends to gum up your motor, especially after long periods of inactivity.  
There's something else to consider. If you leave your boat in the water, keep your eye on the weather. Heavy rains may fill your boat. And a sudden rise in the lake level may cause you plenty of trouble, even sinking.  
Once a year every boat owner should take his boat out of the water and give it a good cleaning. Scum will collect on the bottom of any boat—fiberglass, metal or wood.

**"MY FAVORITE RECIPE"** — Pictured is Mrs. Garvin Smyrl of Route 4 preparing her favorite recipe, lemon pie. Her directions: Blend one cup sugar and 1-3 (scant) cup sifted flour. Add one cup milk (heated to scalding in double boiler and a pinch of salt, stirring constantly. Cover mixture and steam five minutes. Add one tablespoon butter and two beaten egg yolks. Put on low burner and cook for two minutes, stirring constantly. Remove from fire and add three tablespoons lemon juice and two teaspoons grated lemon rind. Pour into baked pie crust and cover with meringue: Beat two egg whites and add three tablespoons of sugar. Beat until very stiff. Add 1/2 teaspoon lemon juice and 1/4 teaspoon vanilla. Cover pie and brown in oven. Though Mrs. Smyrl is manager of the cafeteria in Jessie G. Randal School, she still finds time to cook special treats for her family. (NEWSfoto)

## Let's Talk Livestock!

By TED GOULDY

**FORT WORTH** — The trade on cattle and calves continued along the come-back trail at Fort Worth Monday. Trade was strong and very active at Fort Worth Monday in the cattle division. Slaughter calves, stocker cattle and calves, and canner and cutter cows were

higher, some slaughter calves registered 50 cents to \$1 higher than late last week.

Canner and cutter cows had but recovered recent losses. Steers and yearlings as well as bulls and fat cows walked up strong prices, with the fed heaves as much as 25 cents or more higher.

Good and choice slaughterers and yearlings cashed at \$3 to \$26.50 and common and medium sorts sold from \$15 to \$22. Fat cows drew \$16 to \$18, and canners and cutters sold from \$10 to \$16.50, some big weight dairy breeds in the \$16.50 to \$17 bracket matching the recent highs on those kinds.

Bulls sold from \$14 to \$19. Good and choice calves cleared at \$23 to \$26.50 and common and medium sorts sold from \$17 to \$22. Culls cashed at \$14 to \$17. Good stocker- steer calves sold from \$24 to \$28 and stocker heifers of similar kinds

sold from \$25 downward. Stocker- steer yearlings cashed at \$25 downward.

**SHEEP AND LAMBS STEADY LAMB TOP \$24, GOATS UP**

Sheep and lambs were fully steady at Fort Worth Monday. Goats cashed at unevenly higher prices. Good and choice slaughter lambs cashed at \$22 to \$24, the higher figure on some milk fat lambs. Shorn lambs with No. 1 pelt, but rather heavy at 107 pounds, cashed at \$23. Stocker and feeder lambs were scarce. A few good grade woolled slaughter lambs sold at \$22.50.

Medium to good yearling and two-year-old muttons sold from \$18 to \$20, those at the higher figure having rather short pelts. Canner ewes sold from \$9 to \$10. Two loads of aged bucks, mostly recently shorn, sold for \$7.

A number of consignments of goats appeared in the run

and slaughter goats of all classes ranged from \$7 to \$8.50. Stocker goats cashed in the \$9 to \$11 bracket.

**HOGS SELL STRONG TO 50c HIGHER**

Hogs were strong to 50 cents higher at Fort Worth Monday as choice butchers topped at \$21 to \$21.50, and medium and good kinds sold from \$18 to \$20.50. Heavy weights failed to strengthen and sold from \$19.60 downward in most sales. Sows cashed at \$15 to \$18. Pigs cashed at \$15 to \$18.

Tell me thy company, and I'll tell thee thy manners.—Roger L'Estrange.

## Palo Duro Canyon Featured in Humble Travelers Booklet

The Panhandle's Palo Duro Canyon is featured in a one-page travel guide being mailed this week to 100,000 motorists in Texas and New Mexico.

The travel promotion piece, prepared by Humble Oil & Refining Company, invites motorists to visit the "massively beautiful" canyon and enjoy trail-riding, picnicking, camping, hiking and scenic drives.
