## "MY TURN"

By Carol Ellis

AMERICANS WORSHIP at the feet of our gods of physical strength and prowess. These Apollos can do no wrong. They bask in fame, money, sex and power. They are showered with honors and the adulation of the masses.

While the peons slave daily to keep their bills paid, these athletic gods, with little or no effort, receive millions and millions in monetary benefits. By contrast, consider those who would stoop to teach the children and attempt to improve their little minds, and receive a mere pittance for their efforts.

The message here is this: Intellect counts for nothing. Morality counts for nothing. In order to attain the pinnacle of life's success in America you must be physically strong, skillful and athletic. Then you have the power to do anything you desire; even to commit murder if you wish.

Isn't this the message which has been given to our young people from this week's verdict in the Simpson murder case?

This verdict has set race relations between blacks and whites back 134 years. That would take us back to 1861. If you don't know what happened in America that year, look it up.

This verdict has also set back any progress made recently on the problems of domestic abuse.

We are the laughing stock of the world because of our ineffective judicial system.

In order for Simpson to have been tried by a jury of his peers, there should have been 12 millionaires on the jury. Rich people don't serve on juries. They get off. Middle-class working people get off, too, because they can't afford to be off from work for long periods of time to serve on juries.

In large cities like Los Angeles, the people who serve on juries are government employees and unemployed people. These certainly are not the peers of a famous, multi-millionaire, star athletic celebrity.

Yes, justice can be bought if you have enough money. You or I could not afford a team of a dozen top lawyers, investigators and technical experts to handle our case. If I had been accused of these murders I'd be sitting on death row right now because I would have to accept the service of a court appointed attorney.

The Simpson jurors all knew he was guilty, but went for the acquittal because the defense attorneys were able to muddy the waters with side issues such as race and bad cops.

An innocent person would not have tried to make an escape with a disguise and a bag full of money immediately after the murders. An innocent person would not have written a long, soul searching suicide note immediately after being caught and put in jail. These things were public knowledge long before the trial ever began, yet they were not even brought out by the prosecution during the proceedings. Why not?

The jurors were told by the defense attorney in summation "The world out there is watching and waiting for your verdict in this case." Juries should not be concerned with public opinion and should not be asked to make a decision under those circumstances. They are usually admonished to consider only the facts of the case and ignore everything else. The judge should not have allowed that statement.

But since it was made, the jurors saved the city of Los Angeles from a siege of riots that could have ended several more lives. Plus they saved the city from several costly appeals and re-trials. I guess we should commend them for that.

Our adoration of professional sports celebrities has gone a long way toward contributing to the Simpson murder case, the Tyson rape case, and many others. America...your heroes have feet of clay.

**ALLSUPS WEST GOING DIESEL.....Major renovation and expansion at the West Allsup's store includes four new diesel pumps, shown above. The east side of the store will also feature a new paved lot to accommodate trucks. Formal opening of the newly remodeled store and diesel island is tentatively planned for October 13. ## Allsup's/Fina Reinvest In Friona & Bovina

Allsup's Petroleum, Inc. (API) and Fina have welcomed the opportunity to reinvest in the communities of Friona and Bovina by installing high-technology gasoline equipment in Allsup's store locations. The two companies have installed new lighting, canopies, tanks and fast-flow pumps, making filling up a much easier and quicker experience for customers.

The changes aren't all aesthetic, however. The two environmentally responsible companies have also installed fiberglass lines, leak detectors, state-of-the-art monitors and impressed current cathodic protection on tanks in the locations. These equipment updates greatly contribute to environmental safety and surpass requirements imposed by the Texas Natural Resource Conservation Com-

mission (TNRCC).

Communities like Friona and Bovina form the backbone of the Allsup's chain of convenience stores. In the beginning of Allsup's history, the seventh Allsup's store was located in Friona and the eighteenth store in Bovina. Allsup's greatly appreciates the support these two communities have shown to their stores and has welcomed the opportunity to reinvest in the two communities.

Fina, with its refinery located in Big Spring, Texas, feels the same way about investing in communities such as Friona and Bovina. The corporation has set objectives which make communities like Bovina and Friona in West Texas their highest priority for new locations. Since the two corporations share the objective of reinvestment in West

Texas communities, they have teamed up to make their goals a reality.

Stop by Allsup's to see what the gas is about. Friona boasts the all new Allsup's truck center, the only one in the community, at the Allsup's location at 1411 West Highway 60. An all new diesel island containing hi-flow diesel pumps has been installed, with the capability of fueling three 18 wheelers and one pickup or car at the same time. The Allsup's at 312 East 11th Street has changes in store for the customer as well. Here, customers will find all new multi-product dispensers and a new canopy.

In Bovina, at the Allsup's location at 100 Third Street, customers will also find new multi-product dispensers and a newly installed canopy.

## Christmas Bazaar Set In Friona Nov. 10-11

The Parmer County Christmas Bazaar committee is sponsoring the Friona Christmas Bazaar again in 1995. The bazaar is set for Friday and Saturday, November 10-11.

A reservation form will be mailed out in early October. Reservations will be accepted by mail only. The booth spaces are assigned on a first come-first serve basis.

The bazaar schedule is as follows: Thursday, November 9 from 4-6 p.m., exhibitors set up; Friday, November 10 from 8-10 a.m., exhibitors set up; 10 a.m.-6 p.m., open to the public; Saturday, November 11, 9 a.m.-4 p.m., open to the public.

There is a limit of two booth spaces per person or organization.

Wall tables rent for \$25 and center tables are \$20. An 8 foot by 30 inch table and two chairs. You may bring your own display racks—there will not be any for rent. Items cannot be hung on the Community Building walls. There is a \$5 clean-up deposit that will be returned once your space has been cleaned up and checked.

If you know of any other individuals or organizations that would like to participate in our Christmas Bazaar, please send their names and addresses to: Debbie Pollard, CEA-Home Economics, P.O. Box 285, Farwell, TX., 79325, or call (806) 481-3619. We would like to include them on our mailing list.

**NEW BUSINESS IN TOWN.....Members of the Friona Chamber of Commerce gather to welcome Custom Cleaners to Friona at their Grand Opening on Wednesday. Dorman Smith, owner of Custom Cleaners of Hereford will operate the Friona cleaners, located at 721 Main in downtown Friona. (Photo by Ron Carr)**

**DOUGH FOR THE WINNERS.....Mark Achor, center, presents Harrol Redwine, left, and Leslee Redwine with 1st and 3rd place prize money for the week four football contest. ## Harrol Redwine Rallies For Win In FB Contest

It was a rough week for picking football winners, even for the experts.

Harrol Redwine, who lives south of Friona, was the only contestant last week to pick a total of eleven games correct. He is the undisputed \$10 prize winner for week four of the contest.

Only seven other contestants managed to pick 10 out of the 16 games correct.

Using the tie-breaker game's upset win by the Redskins over Dallas 27-23, Colby Ingram of Friona claimed second prize of \$7.50. His tie-breaker guess was Dallas 24, Redskins 16, which was 12 points off.

Third place was a tie between Roddy Berend and Leslee Redwine. Each were 14 points off on the tie-breaker. Berend predicted Dallas 30, Redskins 20, while Redwine guessed Dallas 27, Redskins 17. They will split the \$5 prize.

Other entries with 10 correct picks belonged to: Cindy Carthel, John Seright of Lubbock, Allan Haile, and Martha Clements. Twenty more entrants managed

to pick nine correct games, to at least add a respectable number toward their overall score.

The Rice-Army tie, Jacksonville's first NFL win over Houston, and regional favorite, Texas Tech's loss to Baylor, were popular "misses".

However, upsets and wild guesses were rampant, as pre-team picks rattled everybody.

Overall point total leader after four weeks is Cindy Carthel of Friona with 52.

In second place overall are Rick Carr, Tim Elmore, and Mitchell Smiley with 51 points.

Bunched at 50 points are Courtney Carthel, Steve Gartin, Joshua McDonald, and Tyson Neill.

Twenty-five others are within a mere six points of the lead in overall competition.

Contest standings and this week's entry blank can be found elsewhere in this issue of the Friona Star.

Entries must be left at the Star office, or postmarked, by 5 p.m. each Friday.

## Chieftain Boosters Will Meet

The FHS Chieftain Band Boosters will meet Tuesday, October 10 at the high school cafeteria, beginning at 7 p.m.

Everyone who is interested is welcome, stated Sharon Rector.

## Thunderstorm Leaves Nice Rain Here Mon.

A loud thunderstorm, with some of the worst lightning seen here in a long time, hit the local area about 3:30 Monday morning.

While some damage was noted due to the lightning, the storm did produce a nice amount of moisture. An idea of how general the rain was can be seen in the fact that Bovina received .97 inch of moisture and Friona .96 inch. Most of the time, the two towns' official gauge differs considerably during thunderstorms.

## Merchants Advised Of Adding 1¢ Sales Tax

Friona merchants were reminded this week by City Manager Paula Wilson that the additional one-cent sales tax that was approved by Friona voters last May went into effect October 1.

The tax rate in Friona went from 7.25 per cent to 8.25 per cent.

The extra penny is split between property tax relief and economic development.

"Our ad valorem tax rate dropped from 71 cents per \$100 to 64 cents," Mrs. Wilson said.

On funding a local economic

## VFW Plans Chix Dinner

Friona's VFW Post 1413 plans to hold a chicken dinner on Sunday, October 15, from 11:30 a.m. to 1:30 p.m. at the Post Home, Sixth and Euclid.

The menu will consist of fried chicken, gravy, potatoes, salad, green beans, and a dessert, plus a drink.

Cost is \$5 each for adults, and \$2.50 for children under 12. Take-out orders are also available at no additional charge. Call 247-2317 and your order will be ready when you arrive.

## H. C. Queen Candidates Are Listed

Six members of the Friona High School senior class have been nominated for the Homecoming Queen title.

Candidates are Courtney Carthel, Britny White, Michel Rodriguez, Jenny Hamilton, Mary Frances Cass and Yvonne Marquez.

The queen will be crowned this Friday (October 6) in pre-game ceremonies beginning at 7:40 p.m.

**NEW FIRE TRUCK.....Friona Fire Department has a new 1025-gallon tanker truck. County Commissioner John Mars furnished \$2500 from the county budget and the balance was raised by Fire Department volunteers, who also mounted the tank and pump and painted the decals. (Photo by Ron Carr)**

# Kevin Wiseman To Direct Spelling Bee

Directors are being named in the Texas Panhandle, parts of Oklahoma, New Mexico and Kansas to support the Amarillo Globe-News and West Texas State University in the annual National Spelling Bee program.

The date of the regional event in 1996 will be April 13 and the educational event is open to any student who will not have gone beyond the eighth grade at the time of the national event (June 1, 1996), or older than 16. Public, private and parochial students are eligible to enter.

Directing the Parmer County Bees will be Kevin Wiseman, Friona Junior High School principal.

Each county director will select a location and set a date for his/her county bees and notify all schools in the respective area.

All county champions are to be reported to Jeane Bartlett, Spelling Bee Editor, Amarillo Globe-News, Amarillo, Texas, no later than March 30.

The 1996 regional bee will be held on the campus of West Texas A&M University, under the direction of Judy Kelley, bee coordinator for the sponsors. She is instructor of mathematics and associate director of the Texas Engineering Experiment Station Regional Division, WTAMU.

The new champion will be the recipient of an all-expense paid trip to Washington, D.C. to represent the area in the 69th annual Scripps

## Free Shade Trees Offered

Ten free shade trees will be given to each person who joins The National Arbor Day Foundation during October 1995.

The free trees are part of the non-profit Foundation's Trees for America campaign.

The trees will be shipped postpaid at the right time for planting.

To become a member of the Foundation and to receive the free trees, send a \$10 membership contribution to Shade Trees, National Arbor Day Foundation, 100 Arbor Avenue, Nebraska City, NE, 68410, by October 31, 1995.

Howard National Spelling Bee during the week of May 27. There will be other prizes although the complete prize list is not yet available.

There are two levels of competition: (1) The Junior Bee is for all elementary students, grades five and below, and (2) the Senior Bee is open to any student in grades eight and below--and can include elementary school participants if the directors so choose. Normally, a junior county winner will not compete in regional; however, if an elementary grade student should win his/her county title, this speller will be allowed to compete. Each county will have only one representative in the regional competition.

The area sponsors will honor all county winners at a luncheon on the WTA&M campus on April 13.

The study booklet, "Paideia," will be available by mid-October and the price will be 75 cents per copy. The booklets will be available from the personnel department of the Amarillo Globe-News.

### 65 YRS AGO-OCT 10 1930

The concrete foundation was poured last week and material placed on the ground for the new Wicks Hatchery. As stated, the building will be 24X60 feet, frame and brick veneer. Furlong and Dilger are doing the work. The building will house a 53,000-egg incubator, making it one of the largest in history.

### 60 YRS AGO-OCT 11 1935

Misses Lela and Ella Staley of Springfield, Missouri, were business visitors here last Saturday for a few hours, looking after their property interest in and adjoining town. The Misses Staley own the tract of land immediately adjoining the west side of town which has been cultivated by W. H. Foster for several years.

### 50 YRS AGO-OCT 5 1945

The filling station building on Main Street that was owned and

formerly operated by Sheets Brothers has been sold to the Friona Consumers Company.

During the severe rainy and chilling spell of weather that hit suddenly down upon the Friona territory and all of Parmer County last week, quite a number of our farmers and cattlemen suffered losses through the death of their cattle.

### 40 YRS AGO-OCT 7 1955

First bales of cotton have been delivered in the last week to the L&H Gin and the North Plains Gin Company, both of Friona. First area bale went to the Mills-Fleming Gin at Hub at an earlier (September 9) date. Delivering the first bale in the city was Glynn Hughes, grown on the irrigated land of Jake Lamb northwest of Friona. Gin owner Wright Williams paid a premium price of 5 cents per pound for the bale.

### 35 YRS AGO-OCT 6 1965

Rev. W. G. (Bill) Burton of O'Donnell is the new pastor of the First Baptist Church in Friona. The Rev. Burton and his family moved to Friona last weekend and he brought his first message in the local church last Sunday.

Carroll Bennett and Tom Gee will represent the Friona chapter of the Future Farmers of America at the national convention in Kansas City next week.

### 25 YRS AGO-OCT 8 1970

The Friona City Council gave tentative approval for the annexation of a block and three lots of the Carson Estate property in the northern part of town.

Building permit activity in the city of Friona during September spurred to the second largest total for the calendar year, and revived possibilities of establishing an all-time record for this year's total.

### 15 YRS AGO-OCT 26 1980

Four young ladies from Friona participated in the annual Miss Tri-County Pageant at Muleshoe last

Saturday. Holly Grimsley was named the winner of the Little Miss Tri-County title. Others participating in the contest were Laura Ellis, the retiring Miss Tri-County; Kipi Fleming, first runner-up this year; and Poppy Grimsley, a contestant in the Miss La Petite division.

The first freeze of the season was experienced in the Friona area this week, following a strong cold front which swept through the area on Thursday. Friday morning's low temperature was 26, the lowest of the fall season, apparently low enough to put an end to the growing season.

### 10 YRS AGO-OCT 20 1985

Funeral services for Stephen Glenn Messenger, 62, of Amarillo, were held Friday, October 18 in the

First Baptist Church Chapel.

A total of 1.19 inches of rain had been received officially in Friona during the past week. The temperatures dipped to 35 degrees on October 15 and 16.

### 5 YRS AGO-OCT 27 1990

Dennis Anthony ginned the first bale of cotton at Friona Farmers Co-op Gin. The first bale was ginned on October 17, and was grown north of Friona. The 1990 cotton looks to be excellent quality and yield, and the market features a much better than average price at this point.

The Chamber of Commerce has an amount of money on hand that was donated for fireworks in past years that it plans to use for new Christmas decorations, if members don't object.

If it has a key, we have a policy to fit it.

### GREG O'BRIAN EARNS CERTIFIED CROP ADVISER DESIGNATION

Greg O'Brian of Friona was recently certified by the Texas  
Certified Crop Advisers Program. The Certified Crop  
Advisers "CCA" Program is designed to establish base  
standards of knowledge for individuals who advise growers on  
crop management and production inputs. The CCA  
program is a nationally recognized, voluntary certification  
program developed through the collaborative effort of the  
public sector and the agriculture industry.

To achieve certification, individuals must pass both the  
state and the national CCA exams and must have at least two  
years of crop advising experience and a bachelor of science  
degree in agriculture or have a minimum four years crop  
advising experience. The certification program is intended for  
anyone who makes crop nutrient, crop protection materials,  
crop or environmental recommendations to producers.

O'Brian, who is employed by Friona Fertilizer, is one of  
290 Certified Crop Advisers in Texas, and one of over 3000  
Certified Crop Advisers nationwide.

# Truckers Court Disaster

Friday, September 29, was a lucky day for two cattle haulers. They are still alive, by inches.

Around mid-afternoon the cattle truck, from Whitaker Land & Livestock in Roswell, was approaching the truck-wash location about a mile east of Excel.

As he approached to start over the crossing, a Santa Fe train was approaching at 65 mph. It is not a lighted crossing and the driver claimed he was looking over to see if anyone was washing trucks and didn't notice the train until it was almost to late.

According to reports, the train engineers were so sure they were going to collide, they "hit the deck" inside the engine cab, to avoid potential debris.

The train managed to stop by the time it reached Excel, a mile away. They had "clipped" the front of the truck, tearing away the front bumper, fenders, and hood, and crushing the radiator.

Another few inches and the

speeding train could have ripped the tractor apart, with the two men inside.

As it was, they suffered only

bruised egos as they explained the situation to their families from cellular phones while they waited for a wrecker from Clovis.

# FOR FRIONA STUDENTS

# College Presents New Challenge

(Editor's note: Jennifer Smith is a senior student at Texas Tech University, where she is an ag communications major. She will be writing feature articles for the Friona Star from time to time. Jennifer is the daughter of Cynthia and Paul J. Smith).

**JENNIFER SMITH**

by **JENNIFER SMITH**  
For Friona's class of 1995, high school is over. They said goodbye to the hall pass and the tardy slip. This is college. The competition has increased. The responsibility has, too. Freedom is good. Failing is not.

The Friona seniors of 1995 are now entering freshmen at universities all across the state and beyond. The differences between a small town and a university setting are too numerous to count, and

sometimes cause "culture shock" for these freshmen.

Consider a survey of the class of 1995 about their experiences with culture shock:

Seth Houston, a petroleum engineering major at Texas Tech, said "I don't think it is possible to prepare for everything you encounter. It is a huge jump in your life."

"The classes are hard. Sometimes it seems almost impossible," said Wade Hinkle, a business analysis major at Texas A&M.

Lupe Baeza is at West Texas A&M, majoring in business administration. "Friona is very conservative. There are not as many cultures in Friona as you see at college," she said.

"There is a lot of divergence in religious beliefs. In Friona there are different groups, but it is on a much larger scale here," said Chad Henry, a business management major at Tulane.

Jessica Smith, an agriculture economics/ag. business major at Texas Tech, said "It's your responsibility to get things done without someone else telling you when to do it."

Josh Snead, an ag. business major at Abilene Christian University, said "Socially, you have to know how to present yourself and to have self-confidence."

"In Friona you know everybody, but here you've got to make new friends. You've got to be more outgoing," said Davy Hamilton, an agribusiness major at West Texas A&M.

Jodi Looper is at Blinn Jr. College at College Station. She said "It's hard to find a place (to fit in) because you are not able to do everything like in high school. Sometimes I feel like I don't belong. I love Friona and I feel like I do belong there."

Alice Black, a business administration/chemistry major at Baylor, said that the best part of college is that "everything is always open."

"The worst thing about college is the food!" said Brent Beene, a pre-dental major at Southwest Texas State.

Jerard Lafuente, a drama major at Texas Tech, summed up how most people felt about the best and worst things about college:

"The best thing about college is the freedom you have and being able to start out new. This also is the worst thing about college. In Friona, everyone is someone. Here, you are just stating out; you have to make new friends and start again."

The involvement level is also a contributing factor to culture shock.

Lori Jordan is a twirler at McMurry University. Since there have been no twirlers at McMurry for years, this made her adjustment a little harder. But she said everyone else was starting to relax, so she is, too. Jordan is a business major with an emphasis in accounting.

Colby Carthel is playing football at Angelo State University and said football has helped him adjust. The team made him a part of something and gave him a basis for making friends. Carthel is a biology major.

All these college freshmen sounded excited about being at their new schools. They said they missed their friends and family, and only sounded a "little" homesick. College is a big adjustment, but most of these young people felt that Friona had done a good job of preparing them for the challenge.

## JV Tops Littlefield For 4th Win

The Junior Varsity Chieftains edged Littlefield, 8-6, in a game at Littlefield last Thursday evening, to hike their season record to 4-0.

Jesus Mata accounted for all of Friona's scoring. He scored the team's only touchdown, and added a two-point conversion that proved the difference in the game.

Abel Escobedo was the leading rusher with 33 yards gained, and Mata had 26. Orlando Rivera came up with 21 yards, and Todd Hitchcock 22.

Escobedo caught a pass for three yards, and Ramirez had one for two yards.

Quarterback Aaron King completed two of eight passes, and also gained three yards rushing.

As a team, the JV Chieftains gained 120 yards rushing and 125 total yards.

Hitchcock had an interception to pace the defense.

The Friona JV played at Tulia this Thursday.

## Graveside Services Held Here Friday

Graveside services for Garth B. Harshfield, 76, of Amarillo, were conducted Friday morning at Friona Cemetery. Ellis-Blackwell Funeral Home was in charge of arrangements.

Born in Kansas, Harshfield lived in Oklahoma and California before settling with his wife Nadine in the San Juan area in 1950. Retired after 35 years with El Paso Natural Gas, the Harshfields moved to Albuquerque in 1992.

They moved to Amarillo in 1994 and resided at 6702 Fieldstone Dr., Amarillo, Tx., 79124.

Survivors include his wife Nadine; his daughter, Marty Dodson of Amarillo; his grandchildren, Kelly Marie Penley and Chris Stallard of Amarillo; a great-grandchild, Kelly Anderson Penley III of Amarillo; two nieces, Pat McMillan and Rexanne Harshfield of Cloverdale, California.

The family suggests memorials be sent to St. Anthony's Hospice Foundation, P.O. Box 9882, Amarillo, Tx., 79105-9882.

**FOR THIRD WIN**

# Chieftains Surprise Potent Dalhart, 14-7

The first mistake that Dalhart made in their game at Chieftain Field last Friday was to kickoff to Friona, and save their option for the second half.

This indicated that the Wolves thought they could hold Friona early, and take over in good field position.

**WRONG!**

The Chieftains were backed up by the kick all right, to their own 18-yard-line.

But on their second play from scrimmage, quarterback Kyle Grimsley faked a handoff, bolted through a hole, and headed upfield.

It looked as though the junior quarterback might go all the way, 80 yards for a score. But a Dalhart defender had an angle on Grimsley and stopped him at the Wolves' ten-yard line.

Three plays found the Chieftains still on the Dalhart one, and on a gutsy fourth down call, Rusty Simmons dived in for the touchdown. Angel Vega's kick was low, but Friona led, 6-0. Only 3:04 had elapsed in the game. Dalhart surely realized they had underestimated their opponents.

Although the Chieftains went on for a 14-7 win, handing the Wolves their first loss of the season, and completely dominating the game in the statistical department, the victory was not an easy one for the Chiefs.

"We dominated the game offensively and defensively," said Coach James Morton. "But we weren't in control of the game."

The Chiefs were flagged 13 times, including seven in the fourth quarter, when 65 yards in penalties denied the team a chance to put the game away. Earlier, the team also missed opportunities to score when they were in the "Red Zone."

Regarding Simmons' touchdown, Coach Morton said "Rusty's got a nose for the goal-line, so Kyle made the correct read."

The Wolves, who came into the game averaging more than 400 yards per game, ran their first three plays and had to punt.

It would have been the same on their second offensive series, except that Friona was called for roughing the kicker, on a very close call. Thanks to a quarterback sack by Quint Ellis, Dalhart had faced fourth and 20, but the roughing call gave the visitors an automatic first down.

A 30-yard penalty against Friona (you explain it, we can't) helped Dalhart move to Friona's 34-yard line as the second quarter opened. But Ellis knocked away a fourth down pass and Friona took over.

Grimsley hit Andy Kendrick with a nifty 15-yard gain, as the Chieftains drove to the Dalhart 24. But a fourth down pass by Friona fell incomplete.

The Chiefs then took over the ball with 3:59 to play in the half. Simmons bulled for a first down at midfield on another fourth down gamble with 42 seconds showing on the clock.

Two plays later, Grimsley connected with Raymon Flores, who caught the ball despite close defense, turned and ran into the end zone for a 12-0 lead. Kendrick ran around right end for what appeared to be two points, but the officials said no. If you were at the game or saw the film Monday night, you would bet the farm that Andy did, indeed, make the goal-line.

"Raymon just took the ball away from the defender," Morton said in regard to Flores' brilliant catch. That sent Friona to the half with a 12-0 lead, plus a lot of confidence.

Dalhart took the second half kick and drove 30 yards into Chieftain territory. However, on a big third down play, heralded Wolf QB Ryan Cunningham completed a 22-yard pass—but it was to a player with the wrong-colored jersey. Kendrick made an outstanding catch, to give possession to his team at the Friona 16.

The Chiefs, paced by the running of Kendrick, David Shelby and Grimsley, held onto the ball for over nine minutes in a sustained drive. "That really helped our

defense, but we were unable to score," said Coach Morton.

Grimsley hit Flores again during the drive, and Friona had it at the Dalhart six. But facing fourth down at the visitors' two, the Chiefs shunned a field goal, which might have given them a 15-0 lead, and went for the yardage. This time Dalhart turned them back.

The disappointment was salvaged somewhat when Ellis sacked Wolf quarterback Cunningham on Dalhart's first play, giving Friona a safety and a 14-0 lead. (Cunningham, termed "in the grasp" of Ellis, intentionally grounded the ball, and that is the same as a sack).

Time and again the Chiefs denied Dalhart's passing game. But on a fourth and seven from Friona's 30, Cunningham connected with Josh Reynolds, and the PAT made the score 14-7, which aroused the Wolfpack.

Dalhart got the scoring opportunity when they intercepted Grimsley for the only time in the game.

In the next ten plays, Friona was flagged four times for 45 yards, and it almost cost the Chieftains the game. Then the Wolves were given five downs on their final series, but couldn't complete a pass on "fifth down" and Friona was able to run out the clock.

"Our defense really rose to the occasion," said Morton. "Dalhart came in averaging 400 yards per game, but we held them to just 77 yards. But we still didn't get the respect we deserve. The Dalhart coach was quoted in the Amarillo paper saying their offense just had an 'inept night,'" he said.

Regarding Tulia, Morton said "The pressure will be on us to win. They're real quick and have a sound defense. They switched to a wishbone from an 'I' offense, so it will be interesting to compare our wishbone to theirs," Morton said.

## 8th Braves Top Wildcats

Friona's eighth grade Braves beat Littlefield last Thursday, 18-0, to remain unbeaten for the season with a 3-0 record.

Offensively the Braves were led by Nathan King, who threw for 85 yards. King completed six of 12 passes.

Joseph Bandy also gave the Braves another pass that went for a touchdown, to Landon Martin on a play that covered 35 yards. Bandy also gained 95 yards rushing on 12 carries, and scored a rushing touchdown.

Friona's other touchdown came on a 23-yard run by Sergio Campos, who gained 70 yards on seven attempts, finishing as the second leading rusher. Adrian Cruz had 10 yards rushing and 20 yards receiving.

Defensively the Braves were led by Daniel Rosales, who had six tackles, Landon Martin, Sergio Campos and Chuck Mills, all with four; Celio Tafoya, Cruz, Bandy, Daniel Wiseman, Jesse Allen, Rolando Torres, all with two.

Colby Ingram had an interception for the Braves. The team was playing at Tulia this Thursday, then begins district play the following week against Shallowater.

## Jr. Team Wins Vs. Littlefield

Friona's combined seventh and eighth grade team beat Littlefield, 22-6 last Thursday.

The Braves were led by Mark Goff, who rushed for 112 yards and scored two touchdowns on just six carries.

Josh Bails added 25 yards; Jerry Rodriguez had 20 yards and a two-point conversion. David Romero also had 20 yards. Tyson Neill caught a pass for a two-point conversion, from Robert Gonzales.

The Braves' other touchdown came when Gonzales intercepted a Littlefield pass and returned it 50 yards for a TD.

Defensively, Josh Bails led with ten tackles. Mark Goff, Romero and Gonzales all had eight. Oscar Hernandez, Abel Santiago and Antonio Diaz had six apiece. Jerry Rodriguez, Michael Ortiz, Jason Phillips and Clint McCoy all had three tackles.

The team evened its record at 1-1.

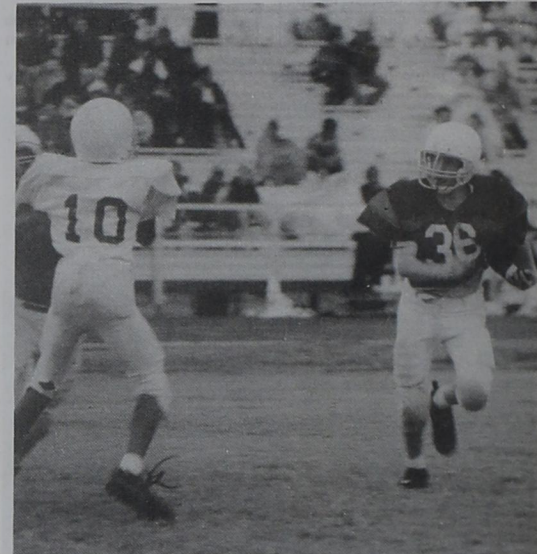

**HEADING NORTH....**Friona quarterback Kyle Grimsley (13) comes around left end for a nice gain against the Dalhart Wolves last Friday at Chieftain Field. Grimsley rushed for 106 yards, and passed for 83 more to pace the Chieftain offense in its 14-7 upset win over previously unbeaten Dalhart.

## FHS Holds High Rank In Statistics

The Chieftain football team continues to rank high in regional stat compilations.

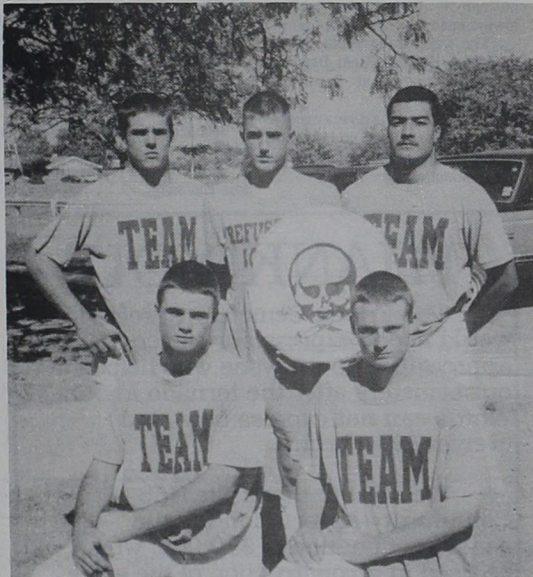

In the Amarillo Globe-News, Friona ranked first for class 3A teams in team defense, giving up 610 yards, 152.5 per game. This ranked the team second to Denver City in the A-J.

Amarillo showed Friona third in offense to Dalhart and Sanford-Fritch, while Amarillo had the Chiefs second only to Slaton with its 328.3 YPG average.

Andy Kendrick was second in rushing in Amarillo's list with his 337 yards and 6.7 yards per carry. He ranked fifth in Lubbock.

Kyle Grimsley was fourth among passers in both Lubbock and Amarillo's list with his 360 yards (4 TDs).

Rusty Simmons was tied for the scoring lead with several players in the Panhandle with his 30 points. However, in the A-J, he has to settle for seventh place.

**GUY WARREN EARNS CERTIFIED CROP ADVISER DESIGNATION**

Guy Warren of Friona was recently certified by the Texas Certified Crop Advisers Program. The Certified Crop Advisers "CCA" Program is designed to establish base standards of knowledge for individuals who advise growers on crop management and production inputs. The CCA program is a nationally recognized, voluntary certification program developed through the collaborative effort of the public sector and the agriculture industry.

To achieve certification, individuals must pass both the state and the national CCA exams and must have at least two years of crop advising experience and a bachelor of science degree in agriculture or have a minimum four years crop advising experience. The certification program is intended for anyone who makes nutrient, crop protection materials, crop or environmental recommendations to producers.

Warren, who is employed by Wilbur-Ellis Company, is one of 290 Certified Crop Advisers in Texas, and one of over 3000 Certified Crop Advisers nationwide.

**FRIONA ARTISTS ASSOCIATION**  
PRESENTS  
**"ARTIST OF THE MONTH"**  
**SUE ANDERSON**

Guest artist of the month for October is Sue Anderson of Anton. Her oil paintings will grace the lobby of Prairie Acres Nursing home this month. She is pictured here with her sister Velma Lovvorn of Farwell who is an RN and the Assistant Director of Nursing at Prairie Acres. Sue paints mainly in oils but has done some pastel work, also. She has only been painting for the past five years and has shown a natural ability for art. She is currently studying with Mary Evelyn Grep of Lubbock.

**PRAIRIE ACRES NURSING HOME**  
The public is invited to view the art in the lobby at Prairie Acres each month.

# Out Here

By RON CARR

The jokes have already started. "Hey, O.J., what's the first thing you plan to do now that you are a free man again?"

"I want to get my cap and glove back."

Hertz plans to have O.J. back as a spokesman with a brand new slogan--"At Hertz, we can get you there so fast, you will have an hour to kill."

And so it goes, as the most watched, mishandled, bungled up trial of all times ended.

O. J. spent a lot of money, but no doubt now that he is free, he can make it back.

The county of Los Angeles spent more than \$8 million in tax dollars to prosecute the case, then lost while thousands cheered in the streets at the not guilty verdict.

The jurors spent only four hours to deliberate on eight months worth of testimony. One male juror gave the raised clenched fist "power" sign as he left.

Maybe they were all anxious to get started on their books, and TV interviews, and enjoy their own fifteen minutes of fame. I am sure they all plan to profit to some extent from the experience.

Several have already said that they thought he did it, but the prosecution didn't prove it beyond the treasured "reasonable doubt."

The Goldman and Brown families are suing O.J. in civil court, where he will be required by law to give a deposition and testify in the wrongful death suit brought by the families of the victims.

We are probably not through seeing O.J. on television yet. He has declared that he, personally, will now track down the killers. Don't hold your breath on this one.

And if I was any guy that had dated O.J.'s former girlfriend, Paula Barbieri, while he was in prison, I would be long gone now that O.J. is out. He doesn't seem very friendly to guys that mess with his girlfriends. Remember, they never

found the knife.

But, I'm sure he found the Lord while he was in prison. I know his family believes that God returned the verdict and set O.J. free because they said they prayed the entire time.

I guess that means that God doesn't particularly care for the Goldmans and the Browns, since their prayers were not answered. The God that I have been taught about doesn't play the game that way.

What irony that the night O.J. was released and went home to his now famous Rockingham mansion, there was so much traffic that the LAPD blocked off streets and kept people away.

Wonder if O. J. appreciated his "friends" at LAPD for their help after he spent eight months mocking them and accusing them of all sorts of bad things.

If I had been the LA Police Chief, I might have just let the crowds do what they wanted and put my officers somewhere else.

Doesn't matter though. O.J. is

free and cannot be tried again for the crime. Time will diminish our interest in the whole mess, unless something dramatic happens in the meantime.

The legal analysts that got rich by signing on with the TV stations to summarize the trial every hour and on every newscast, will have to go back to relative obscurity.

Seems like a lot of "former" prosecutors were around. With results like this one, it wouldn't surprise anyone if Marcia Clark and Chris Darden are soon "former" prosecutors. Let's keep all trials off TV from now on.

However you feel about it, neither one of us can change it. Not Guilty. He didn't do it. That is what our justice system says.

Guess I will go by the bank and get \$10,000, get my gun and passport, jump in my Bronco and go out to the cemetery to grieve at my ex-wife's grave.

Wait a minute! My ex-wife is not dead. Hallelujah! Think I will just go home to supper instead.

### A Message From Dorman Smith- Owner of Custom Cleaners of Hereford...

*Question: Why didn't you operate a full service cleaners in Friona?*

*Answer: I explored every option available to me when I purchased Cleo's Cleaners. I arrived at the decision to make it a pick up station for several reasons.*

- \* Added cost of operating a separate plant
- \* Cost of updating equipment
- \* Annual costs of OSHA requirements
- \* Annual costs of EPA requirements
- \* Cost of hazardous waste disposal
- \* Annual costs of super fund clean-up.

*It is difficult to operate a plant without sufficient volume to cover the above costs.*

CINDY RANDO

## C. Rando Honored At FHS

By Cindy Rando

Cindy Jean Rando is the daughter of Linda Rando. This is her first year in the M.O.C.T. Program and she is being employed by Bi-Wize Health Mart. She is a 16 year old junior at Friona High School.

By being in M.O.C.T., students can get some experience working in different job fields. They receive on-the-job training so they can become better workers.

M.O.C.T. allows students to go to school and work part time in the mornings or afternoons. It also teaches students responsibility. It will also help them make decisions in the future. This is a great program for students to join.

Thank you Mike and Claudia Hanes for giving me that opportunity to work.

# Town Talk

By JUNE FLOYD

Call 247-3681 With Your News Items

Leslee Floyd.

Today, September 25, 1995 is the eighty-ninth birthday of one of Friona's most respected "grand old ladies," Louisa Wilson, who was born near Des Moines, Iowa, in 1906.

She came to Parmer County that same year. She arrived at Bovina by train on December 2, 1906 with her mother, the late Mrs. Charles Schlenker, and some older siblings and was met by her father and older brothers in what was then the closest depot to the land her father had purchased in the Rhea community.

She grew up in that community and graduated from Friona High School before her marriage to the late Ralph G. Wilson.

Their first home was on a farm near O'Donnell, Texas. However, the following year they moved to the Rhea community and lived there until they moved six miles west of town in the early forties.

Since Ralph's death, Louisa has continued to live in their second home in that area, which they built in the late sixties. One of the most used rooms in the house is her craft room.

For many many years, Louisa was associated with the Girl Scouts and taught them many crafts. Now she uses the room mostly for

quilting. Her daughter, Mamie Lou Welch, who lives a few miles farther out, assists her with putting the tops, linings and filler in the frames.

On Sunday, Mamie Lou and her husband, Louis, and several other family members honored Louisa with a birthday dinner in her home.

Others attending were Jan and Bill Bogard from Lubbock; Gay Bingham from Amarillo; Holly and Tim Smith and Blaire and Hayes Jones of this community.

Congratulations, Louisa, and may you have many more.

(The Town Talk editor had the privilege of being a near neighbor of the Wilsons for more than twenty years.)

\*\*\*\*\*  
Another of Friona's "grand ladies" had a birthday recently, too. She is Claire Blanco, who had hers on September 16.

She has only lived here two and one-half years, but was here several years before serving in the capacity of care giver to Charles Allen and the late Irene McFarland.

During her first two stays here, Claire liked us so much that she decided to "pitch her tent" with his and become a permanent resident April 14, 1993.

Her special birthday treat this year was a visit from one of her daughters, Marilyn Garrett, who lives in Bellflower, California. She's the secretary for the tape ministry of Calvary Chapel in Downey, California, so her time was very limited.

Upon her arrival at Amarillo Airport, she was met by her mother, Patsy Talley, Nola Faye Vestal and Kathrine Blackburn. Before returning to Friona, this group had lunch at the Olive Garden.

For a few days, Claire and Marilyn took in the Maize Days festivities. Enroute back to Amarillo, they were accompanied by Nola Faye Vestal and had lunch at K-Bob's in Hereford.

Claire reported, "It was so good to be able to show Marilyn Friona

and every time she comes she likes it better."

\*\*\*\*\*  
Recent out-of-town guests in the home of Charles Allen have been Dalton and Irene Riley of Oklahoma City; Tom and Hildegarde Riley of Hesteria, California and Joyce and Gene Marshall of Bonham, Texas.

The routine of the Allen household changed drastically while the visitors were here.

One of the caregivers, Hazel Britt, reported, "While Charles had company we just prepared the meals then left it up to the family to take it from there."

Dalton and Tom are brothers of the late Melba Allen and Joyce is her daughter.

Charles reported, "We had four wonderful days together."

A special treat was going to the home of Hollis and Lunell Horton, Tuesday evening, for ice cream and cake. The only out-of-town trip was to the El Monterrey in Clovis for an evening meal. Joe Hub and Jerry Collier were special guests.

\*\*\*\*\*  
My most sincere apologies go to all persons concerned in the previous paragraphs. They were written one week ago, but due to a trip to High Plains Baptist Hospital in Amarillo and an emergency appendectomy on Tuesday, the copy

did not make it to the typesetter in time for last week's paper.

I returned home Thursday afternoon and am making satisfactory progress. I deeply appreciate the care and concern which have been shown me.

\*\*\*\*\*  
Sandra Goodman of San Antonio was recently involved in a car accident and received several broken bones. She is the daughter of Andy and Kathleen Carr of the Hub community.

Kathleen has been down in the Alamo City since the accident.

\*\*\*\*\*  
Frankie Allen, who had been a surgical patient at Northwest Texas Hospital in Amarillo ten days returned home Wednesday and is making satisfactory improvement.

\*\*\*\*\*  
Odell Holley was released from the local hospital Wednesday. He had had by-pass surgery at High Plains Baptist Hospital in Amarillo and been released on Wednesday of last week.

He is making satisfactory progress at home.

\*\*\*\*\*  
Stormi and Amber Roberson of Madison, Tennessee returned home Thursday evening after spending a week visiting local kith and kin.

\*\*\*\*\*  
Stormi is the daughter of Martha Mars and the sister of

\*\*\*\*\*  
Out-of-town visitors in the Floyd home during the past week have been Ola Bowers and Ann Wilson of Seagraves and Gerald and Jana Floyd.

\*\*\*\*\*  
Two members of the Friona Star-Bovina Blade staffs were honored with an "in office" birthday party Wednesday morning.

Scooter Russell of the Blade and Marlene Mueller of the Star, were the honorees. Birthday cake and coffee were served.

**ARTIST OF MONTH--**Friona Art Association announces the guest artist of the month is Sue Anderson of Anton. Her oil paintings will grace the lobby of Prairie Acres Nursing home during October. She is pictured here with her sister Velma Lovvorn of Farwell who is an RN and the Assistant Director of Nursing at Prairie Acres. Sue paints mainly in oils but has also done some pastel work. She has only been painting for the past five years and has shown a natural ability for art. She is currently studying with Mary Evelyn Grep of Lubbock.

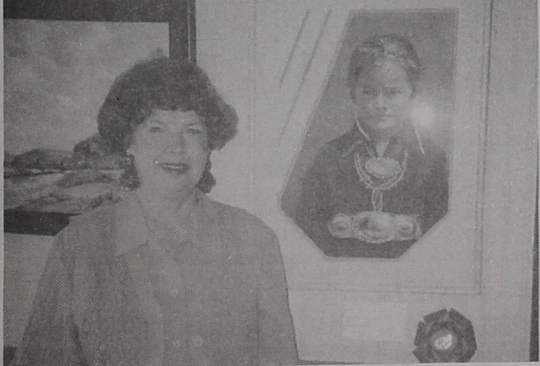

## Friona Fall Art Show Results Announced

Friona Art Association's annual Fall Art Show was held at the Depot during Maize Days with 49 works of art entered and over 300 people toured through the Depot to view the show.  
Jackie Hinderliter of Clovis won Best of Show with "Mother's Concho," which was a pastel work of a little Indian girl.  
Elizabeth Eisenbraun of Clovis won the People's Choice award for her pastel portrait of an elderly woman with large staring eyes.  
Two merchant's awards were offered. Bonnie Dutton of Friona won an award from Don's After-Hours Photography with a pastel portrait of her grandmother. Marie McCubbin of Amarillo won a merchant's award from Mr. Marcos Frames of Farwell with a watercolor painting "The Prize."

## YOUR EYES

### Dry-Eye Syndrome

Without our noticing, tears wash over our eyes many times a minute, keeping them clean and comfortable. What happens when there aren't enough tears? Dry, irritated, painful eyes. Your optometrist can help.

Older people are more likely to suffer from dry-eye syndrome, and women are extra-susceptible at menopause. Indeed, there seems to be some correlation with reproductive hormones; that's why some women's eyes are affected by their menstrual cycles. Dry eyes may also be a side effect of drugs like oral contraceptives, antihistamines or antidepressants.

Do contact your optometrist, especially if the discomfort persists, because excessive dryness can damage the eyes. It may be that eye drops called "artificial tears" may be all you need to relieve the symptoms. Contact-lens wearers may need to switch to eyeglasses for a while.

### Speculating: Buying Cars By Moonlight.

To paraphrase Gen. George S. Patton, taking calculated risks and being rash are two very difficult things. Most investments carry some risk, but it need not be speculative risk. Many would-be investors, though, don't understand the difference between speculating and investing.

To illustrate the difference, consider this example: A man wants to buy a car. He takes the time to look at a number of cars, carefully evaluating their handling, performance and price. The man evaluates all potential risks and rewards before he buys. He is investing. Speculating, on the other hand, would be like buying a car by moonlight--you haven't looked at the merchandise carefully enough to really know what you're getting.

Clearly, investing means carefully evaluating and selecting securities or mutual funds that meet your needs. Stocks or stock mutual funds would allow you to take part in the growth of the economy.

More and more people are discovering the value of investing. The Mutual Fund Fact Book, published by the Investment Company Institute, estimates that from 1982 to 1992, the average percentage of discretionary

household assets invested in mutual funds more than doubled--from 6.8 per cent to an all-time high of 15.8 per cent. Many investors own mutual funds because they offer professional money management, diversification and a systematic means for achieving long-term financial goals, such as securing a comfortable retirement or sending a child to college.

With such a big increase in investing, evidently more Americans are following the advice of Mark Twain, who said there are two-times in people's lives when they should not speculate: when they can't afford it, and when they can.
