#### **Astronauts prepare** to release satellite

CAPE CANAVERAL, Fla. (AP) — Discovery's five nightshift astronauts slept in orbit 300 miles above Earth today after a nighttime launch that sent the spacecraft thundering along the East Coast and into

The astronauts and ground controllers early today successfully completed testing a complex research satellite that scientists hope will tell them where and why Earth's ozone layer is shrinking.

The sight of Earth was awesome, even from 336 miles

"We are WAY up here," astronaut John Creighton said as Discovery circled the world for the sixth time

## Citizens for Kids group sets meeting

Citizens for Kids have scheduled a meeting for Saturday at 10 a.m. in Runnels Junior High School for all interested supporters of the Sept. 28 school bond election.

Lana Schooler is the chairperson for the committee and Sherri Smoot is treasurer. The bond issue calls for \$11.75 million to build two new schools and repair other existing buildings in the district.

#### Anachronism group to form

The Society for Creative Anachronism is forming a local group and has planned an exhibition demonstration of costumes and sword dueling for Sept. 22 in the Comanche Trail Park.

Organizer Robert Black, a two-year veteran of the group devoted to promoting the medieval time period, said the public is invited to view fully dressed knights and ladies-inwaiting as they duel with swords, axes, spears and great swords during the free performance. An arts and crafts sale featuring goods from the same time period, 600 A.D. to 1650 A.D., will be featured that same day

Anyone interested in joining the Ansteorra Kingdom of Texas and Oklahoma should call Black at 264-0323 for further information.

#### **Shrine Circus sets** show for Monday

The Shrine Circus will be performing at the Big Spring Rodeo Bowl at 4 and 8 p.m. Monday.

The three-ring circus will include animals, aerialists,

acrobats and clowns. Proceeds from the circus go to the Big Spring Shrine Circus Fund, which assists with transporation and housing for parents and children who are part of the Shrine Crippled Children Fund.

# Fed lowers discount rate

Federal Reserve, struggling to bolster an extremely sluggish economy, announced today it was pushing a key bank lending rate to its lowest level in 18 years. The move came closely on the heels of a report showing consumer inflation rose a tiny 0.2 percent in August.

The decision by the Fed to lower its discount rate from 5.5 percent to 5 percent was designed to set off a chain reaction of lower interest rates throughout the economy.

Within minutes of the announcment, one of the nation's biggest banks, Morgan Guaranty, said it was cutting its prime lending rate a

half percentage point to 8 percent. It was the fourth decline in the prime rate this year and put this benchmark rate for many business and consumer loans at its lowest level since 1987

A cut in the discount rate, the interest the central bank charges to make loans to commercial banks. is the most dramatic signal the Fed can send of its intention to push interest rates lower in an effort to spur economic activity.

It was the fourth decline in the discount rate since last December as the central bank began moving with urgency to combat the country's first recession in nearly eight

years. At 5 percent, the discount rate is now the lowest it has been since February 1973.

Many analysts expected the halfpoint reduction in the discount rate to be accompanied by a quarter point cut in the federal funds rate. which now stands at 5.5 percent. The funds rate is the interest that banks charge each other for overnight loans.

The Fed's action was certain to be greeted with pleasure by the Bush administration, which had stepped up the pressure in recent weeks for further rate cuts to spur an economy that has yet to prove • ECONOMY page 12-A

# Optimism on hostage crisis

TEHRAN, Iran — U.N. Secretary-General Javier departure in Tehran today regarding the situation

TEHRAN, Iran (AP) — U.N. newspaper al-Liwaa. Secretary-General Javier Perez de Cuellar said today he hopes to make more headway soon in his efforts to resolve the Middle East hostage crisis.

In a related development, an Israeli plane today brought home an exiled Palestinian and the body of a missing Israeli soldier, representing another piece of the complicated efforts to arrange a broad-based hostages agreement that would include freeing the 11 Westerners in Lebanon.

And in Beirut, a Shiite Muslim leader said in remarks published today that one of those hostages they include five Americans could be freed within a week in part because of Israel's release Wednesday of 51 Lebanese

"The release of the Lebanese prisoners is the first step. Efforts to settle the hostage issue could was quoted as telling the the impression to families that

"One of the hostages in Lebanon will be released very soon. Maybe in less or more than a week," said Musawi, a senior member of Hezbollah, the umbrella organization for the extremist Shiite factions holding most of the hostages.

Asked to comment on reports a hostage release could be imminent, Perez de Cuellar said before boarding a special flight from Tehran to Saudi Arabia that he hoped to have "some positive results in the next days or weeks.

Asked whether this meant Western hostages held by pro-Iranian groups in Lebanon might be freed soon, he sidestepped the

question. "I am as well interested in the Lebanese, in the Israelis, and of course in the Iranians who are missing," he said. "But I cannot be too specific because I don't like to now proceed," Hussein Musawi problem and I don't want to give

# School trustees hit campaign trail

By MARSHA STURDIVANT Staff Writer

Trustees for the Big Spring Independent School District, in the midst of a campaign for passage of a nearly \$12 million bond issue, took their plea to Republican Women Thursday

"This is my ninth year on the school board and for seven years we've looked at the plight of our schools." school board President Dan Wise said at the group's luncheon.

"It's been 30 years since we had a bond election, and 30 years is a long time to have a Band-Aid, fixit mode approach," Wise said. He said this is the final option

that trustees have considered in the last seven years to solve problems facing the district. The bond issue, Wise said,

works to solve problems such as replacing existing, old buildings, complying with the minority laws in effect, repairing and upgrading existing facilities and meeting the growing population needs of the

One option trustees considered was placing the eighth-grade in the high school, but community opposition canceled that solution. Wise said. Another solution was placing all sixth grades into Boydstun Elementary, but the expense of remodeling made that impossible, he said. The decision to build new

schools was based on recommendations made by the Citizens for School Improvement Committee. 'The vast majority of that com-

# City budget proposes higher utility costs

By GARY SHANKS Staff Writer

If the proposed budget for the city is passed, water and wastewater customers will be shelling out more for their utility bills.

When last year's budget was adopted, water rates stood at \$1.63 per 1,000 gallons, plus a \$9 base

On May 1, however, the city council voted to increase this to \$1.75 and an \$11 base rate.

This was to cover additional expenses in maintaining the city's water system, said City Secretary Tom Ferguson.

This temporary increase will end Sept. 30, but new rates will be imposed at that time if the budget is passed on second reading Sept. 24.

The 1991-92 budget will allow the per-1,000 gallon rate to return to \$1.63, but the base rate will increase to \$11.50

This increase is not to cover system maintenance, said Ferguson. There is \$300,000 in budgeted funds to cover repairs and upgrading.

The increase is needed to offset the rate increase from the Col-

orado River Municipal Water District.

This increase is not to cover system maintenance, said Ferguson. There are \$300,000 in budgeted funds to cover repairs and upgrading.

Customers outside the city limits will be affected even more, as their base rate will be double that of city customers, he said.

The out-of-city customers will be paying a \$23 base rate. The cost per 1,000 gallons, however, will be the same as city customers, said Ferguson. There are no out-of-city wastewater customers, he said.

Even with the expected drop in water sales, the increases should bring revenues from \$4,100,000 to \$4,166,000, he said.

Wastewater rates have remained at \$4.25 for the base rate and 80 cents per 1,000 gallons since 1986, said Ferguson. The proposed budget, however,

calls for a \$3.25 increase in the base rate, bringing it to \$7.50. The 80 cents per 1,000 gallons rate will remain the same.

Barring unforeseen changes, the city is expected to keep these rates

through the 1991-92 fiscal year.

# Morales sues psychiatric hospital company

AUSTIN (AP) — The Psychiatric Institute of Fort Worth is ending its relationship with a business Attorney General Dan Morales claims illegally paid for patient "bounty hunting," company of ficials said

Morales on Thursday filed suit against Psychiatric Institutes of America, Inc. and PIA of Fort Worth, Inc. He accused PIA of paying Recovery Line Inc. to find crime victim patients the company could use to siphon money from state crime victim compensation funds

David Brockett, administrator of the Fort Worth institute, said in a written statement that the hospital "is terminating its contract with Recovery Line

'We have been considering this change for several weeks, Brockett said, adding that "the contractual relationship was in complete compliance with Texas

Brockett and PIA officials in Washington, D.C. did not respond to other questions about the lawsuit, 'except to say they intended to cooperate with the attorney general's investigation.

He said the lawsuit represented just "the tip of the iceberg" in an alleged kickback scam that has af-

An investigation was prompted by "an alarming rise" during the last year in payments to mental health care companies from the state's violent crime victim compensation fund, Morales said. More than \$23 million was paid from the patient referrals, Morales fund in fiscal year 1991, officials

# U.S., Soviets to quit arming Afghanistan

States and the Soviet Union announced today they have agreed to halt arms shipments to Afghanistan as a crucial step toward setting up free elections in that war-torn country

The statement by Secretary of State James A. Baker and Soviet Foreign Minister Boris Pankin also called on other nations to stop sending weaponry to Afghanistan's government and Muslim guerrillas.

'Discontinuation of Soviet and U.S. arms supplies to the conflicting Afghan sides is one of the crucial elements of this agreement," Pankin said.

The joint statement said that "a cessation of hostilities is essential for the peaceful conduct of elections during the transition period and for a lasting political settlement.

"We're for anything that will help bring a settlement," said Azim Nasser-Zia, a spokesman for the National Islamic Front of Afghanistan.

'This will be a positive step if it's followed up by a concrete plan. If assure that President Najibullah

MOSCOW (AP) — The United nothing behind it, it won't mean much." he added.

The two men also discussed the proposed Arab-Israeli peace conference, but failed to agree on a date or site for the talks. Baker said "a fair amount of work in the region" needs to be done before a

conference can be convened. The U.S.-Soviet agreement on Afghanistan is the latest sign of cooperation between Moscow and Washington. It comes two days after Soviet President Mikhail S. Gorbachev announced that Moscow would pull out thousands of troops from Cuba, a longstanding U.S. demand.

Today's joint statement said the United States and Soviet Union "call for and pledge to support a democratic and free electoral process" in Afghanistan.

The statement said the United Nations should "convene a credible and impartial transition mechanism" to move the country to free elections

Baker said one purpose of the transition mechanism was to it's just negative symmetry with would not "influence or skew the election.

The first North Korean diplomat known to have defected to the South said today he believes North Korea is one or two years away from manufacturing nuclear weapons.

A South Korean statement said today that Ko Young Hwan, 38, defected because he was disenchanted with North Korea's hardline Communist system.

## Serb rebels advance on two fronts

BELGRADE, Yugoslavia (AP) - Serb guerrillas advanced today on two fronts in war-battered Croatia, seizing a strategic town south of the capital, Zagreb, and closing in on Adriatic ports.

The loss of Kostajnica, a heavily fortified town of 8,000 people located 60 miles south of the Croatian capital was likely to be a psychological blow to the outmaneuvered Croats.

Although badly outnumbered, the Serb rebels have achieved a string of victories against demoralized Croat units and now occupy over a quarter of Croatian territory after 212 months of fighting.

# Stepping away from prejudice

Earlier this summer, after a magazine revealed that a high-ranking member of Defense Secretary Dick Cheney's Pentagon staff is gay, Cheney spoke publicly about homosexuals in the military. He defended the policy of all three services, which are committed to excluding or discharging anyone they find out is homosexual, but he was clearly less than comfortable about it, and he said he would not think of dismissing the gay man on his own staff. What this man does in his private life, Cheney said, is his own business.

And so it is. But the net result of Cheney's careful dance through the issue is that an openly gay man or a lesbian can now serve at the highest levels of the Pentagon but not as a private in the field. As policy, this is absurd.

So is that other anachronistic policy remnant: the notion that homosexuals are a security risk because they can be blackmailed with the threat of exposure. Nowadays, the only exposure most homosexuals in the military have to worry about is exposure to the military itself. If anything, the military's exclusionary policy may be creating security risks where there wouldn't otherwise

Still more absurd, with the services only expelling those whom they know to be gay, they are ousting only those who, on this score, are patently blackmail-proof.

It is in the context of all this irrationality that a federal appeals court in San Francisco recently ruled that the U.S. Army will have to come up with some valid reason for continuing to discriminate against homosexuals — or else drop the practice.

The decision should be welcomed as a dose of common sense. The court made it clear that homosexual activity on the job would be an acceptable ground for dismissal. But in the case before it, there was no misbehavior; it was only an army major's revelation that she is a lesbian that got her demoted and discharged.

Why should that be allowed? the court has now asked the Army. And following several U.S. Supreme Court decisions in race and gender discrimination cases, the appeals court has further reminded the Army that its justification for excluding homosexuals cannot be simply that their presence bothers others who are prejudiced against them.

"Private biases may be outside the reach of the law," the appeals court quoted a 1984 Supreme Court decision, "but the law cannot, directly or indirectly, give them

It's not certain what the upshot of all this will be what reasons for discrimination the Army will now present or how the court will judge them. But any step away from the thoughtless and even self-defeating prejudices of the past is a step in the right direction.

To get back to the article, the study showed that the cost of drugs to American society was between \$60 billion and \$125 billion in 1988. I deal in nickels, dimes, quarters and dollars. Sometimes even a penny means the difference between being able to make a purchase with a clear mind. The nation wide cost of drug abuse and use is comparable to \$1,250 in every U.S. home. I do not think a fifth grader is ready to leave elementary school. Our children are not allowed to be children anymore. They are forced to grow up too fast. Our administrators want to push them out of elementary school before they are ready. If the proposed \$12 million school bond passes, my daughter's class will be the first fifth grade class to leave elementary school

I realize there is overcrowding in the elementary grades, but I do not feel that taking fifth graders out of elementary schools is the answer. Is a \$12 million school bond justified for 100 new students in the whole BSISD? Tearing down and rebuilding College Heights will not solve the problem. Reopening and renovating Boydstun could ease the problem. Adding to existing elementary schools could ease the problem. \$12 million is a lot of money to spend on something that will not solve the problem of overcrowding in the elementary grades JANE HOLLAND

To the editor: In the early 1960s voters of Big Spring supported a bond issue providing for the enlargement of our high school, for a minimum capacity of 2,600 students. Financing this issue put our school district up into the higher tax

brackets in the state. Today voters are being asked to approve a much larger bond issue

But, that's another soap box all together Without the products and pro-

cesses the sciences have provided, the earth could only support about <sup>1</sup>4 its current population. That's using the broadest meaning of science, which includes all empirical knowledge, and has provided everything from the wheel to pest control.

Since science is all-important to the survival of mankind, why are we failing to teach and inspire young scientists?

This is ironic, because science is, without a doubt, the easiest subject to make interesting for the student.

I mean, in English class you can learn about prepositions and gerund phrases. In government, you learn the difference between torts and crimes. But in chemistry, you can mix a few chemicals together and pull nylon out of a glass beaker!

Pretty nifty. We have to pass the school bond or do something about the city's classroom situation. Runnels is falling apart.

But at the risk of waxing rhetorical, given the amount of money the ISD needs, how much more would it cost to reopen the planetarium? And how much would we gain by inspiring a new generation of scientists?

than that of 1960. This, with city population down as is the case with school attendance. Instead of the projected 2,600 students we have 1,100 in high school, a 72 per

cent error in projections In the meantime West Ward was closed and destroyed, and Boydstun with 12 rooms was closed, while Big Spring High School uses around 50 percent of available rooms as classrooms.

The proposed bond issue is in the amount of \$11,745,000. I have seen nothing regarding the cost of borrowing. A computer print out before me shows the cost of the above amount at 6 percent for 20 years to be \$8,579,665.13, making a whopping total \$20,324,665.00. The yearly payments willb e \$1,016,233.16.

We are told that after the old bond is paid off in 11/2 years our rates will decrease. No one can tell what rates will be from year to year. If current tax rates and/or property valuations do not produce enough money to make the yearly payments, we have no choice but raise taxes or valuations.

Many are not aware that Big Spring has been declared a 'poor school district, whatever that means. We are to get extra state aid at the expense of the 'rich' districts. Apparently we were rich enough for a substantial pay raise for teachers and administrators.

Let's make use of the other half of the high school building and Boydstun's 12 classrooms before proposing the expenditure of \$20,000,000 in a 20,000 population school district, or spend some of the 'rich' district's money in providing some extra space.

# Day goes on living

A former Navy ensign at Pearl Harbor, John Westerman, of Atlanta, Ga., had an idea. He lined up 20 Japanese veterans of World War II to come to Atlanta and apologize to American Pearl Harbor survivors for the Dec. 7, 1941, sneak attack.

The Pearl Harbor Survivors Association (PHSA) said, to paraphrase, you must be kidding. As a result. John Westerman's idea sank like the Arizona.

You want to forgive the Japanese, go ahead. It's still a free country. Thanks to a lot of things: Iwo Jima, Midway, Hiroshima, Nagasaki — to name a

They saw their comrades fall. How can you forgive 50 years of nightmares?

Recently I wrote about the U.S. government's decision not to invite our World War II Allies to the 50th anniversary ceremonies at Pearl Harbor in December.

The reason: so as not to offend the Japanese. Say what? What business is it of the Japanese who we invite? It's our ceremony. Underneath the Arizona Memorial lie our dead.

The mail was mostly in agreement with those thoughts. Actually I got only two letters that disagreed. One called me a racist The other called me xenophobic The fear of people named Xeno, I suppose.

Bob Degenhart of Kiawah Island, S.C., was a Navy lieutenant commander in the Pacific during the war. He wrote that he didn't know which had made him the sickest - seeing what was left of Pearl Harbor shortly after the attack, or returning years later to the memorial to see Japanese tourists laughing and cheering when they were told how suc-

cessful the sneak attack had been. . "My blood boiled both times,

Wrote 85-year-old Alice Mathis of Atlanta, "Why should we fear offending these people when they were plotting massacre while the diplomats were smilingly negotiating in Washington?

A letter signed "World War II Vet," said, "Germany's back strong as ever and so is Japan. Next thing we know, they'll be carving up what's left of the Soviet Union.

Eleanor L. Jones of Atlanta wrote, "I was 14, listening to the radio account of the attack . . . my feelings haven't changed much since. I don't think the Japanese mentality and inbred desire for conquest has either. Just the tactics.

Said C.K. Cook of suburban Marietta, Ga., "Offend them Hell! We should stop trading with

And this from Harold L. Criner, also of Marietta, who wrote his father served in Guam and Saipan. "I concur with telling the Japanese to put it where the Rising Sun doesn't shine. Forgiving means forgetting. At

the outset of William L. Shirer's "The Rise and Fall of the Third Reich," he quotes this from Santayana: "Those who cannot remember the past are condemned to repeat it. So sorry, Xeno.

# Local children take a stand for Christ

A total of 131 students and teachers gathered around flagpoles last Wednesday morning at Goliad, Runnels, and Big Spring High School, to "claim their campus for Christ.

The special meeting was a direct result of a campaign sponsored by the Southern Baptist General Convention of Texas. The campaign challeng dd students to take a stand for Christ by meeting around their flagpole on Wednesday morning for a special student led prayer meeting.

Under the Equal Access Act, the meetings were legal as long as they were being led by students. Youth ministers and pastors attended as observers only

At the high school campus, many students shared excitement over the prayer meeting and were quick to point out that it was only the beginning.

'This morning, we met here to claim our campus for Christ and we are going to continue to do that daily. We are not going to back down to peer pressure," said junior Lloyd Wells. Wells challenged students at the meeting to meet with him daily at the flagpole every morning for prayer. "The purpose of this meeting

was to bring others to Christ," said junior Shandie Casey. "By being here, we showed our friends and our teachers what our Lord means

at other high schools around the state Wednesday, students at Forsan High School ringed the flagpole, praying for the school. The students also sang religious songs as the flag was raised.

Freshman Rhonda Gunter was grateful she got up earlier for the meeting. "I want to thank the Lord for leading me here because He means so much to me," said

#### Midway plans revival **Briefs**

A Houston pastor will be the guest speaker at a revival to be held this week at Midway Baptist

Calvin Pearson, pastor of First Baptist Church, Bay Area, in Houston, holds graduate degrees from Dallas Theological Seminary and Southwestern Baptist Theological Seminary in Fort Worth. In addition to his pastor responsibilities, Pearson is also the principal of a private Christian school which his church operates. Midway pastor Todd Nivens

describes Pearson as a man with a "soft-spoken but direct" style of preaching. He also said that Pearson is very gifted in relating to others.

"Calvin is genuinely interested in others. When he asks how someone is doing, he really wants to know." said Nivens. "His two top priorities are his Savior and his family. He also has a real burden to see people everywhere come to know Jesus in a personal way."

Nivens said that Pearson's ministry is to first teach the church membership to work as a team and then to share his faith

Jeff Mize, music minister of Northside Baptist Church in Corsicana, will be directing music for the revival. Nivens describes Mize as "a man with more talent than you can imagine. He has a beautiful voice, writes his own music, and also plays the guitar and the keyboard.

Nivens said that Mize is involved in all areas of ministry besides music. "He is active in hospital visits, personal witnessing, and any other area that he can be available to do." Mize and his wife, Anna, have two children.

Nivens said the reival will a two-fold theme. The first half of the event will teach the church membership to "be a part of God's team" while the second half will be dedicated to "evangelizing the lost.

The revival begins September 12 and runs through September 18. Services are at 7 p.m. each night and the public is invited to attend. Midway Baptist Church is located on the I-20 service road near Moss Lake Road.

# Keeping God's love and justice in balance

DEAR DR. GRAHAM: I believe that any religion that teaches us to be afraid of God is wrong. God is perfect love and He is not to be feared. I think that the idea that God gets angry at people and even sends them to hell is in error. — T.N.

DEAR T.N.: Have you ever thought about the logical conclusion of what you believe? If (as you claim) God is only a harmless, sentimental being who dismisses sin with a smile and never does anything about the evil in this world, then there is no justice in the universe. If what you believe is true, then we can commit violence and evil against other people without any worry or restraint, because God will never judge us or call us to account for it. The Hitlers of this world have nothing to fear, nor do they have

any reason to change their ways. But this is not true. Yes, the Bible tells us that God is perfect love. But the Bible tells us He also. is perfectly holy and just. "Your

Billy Graham

eyes are too pure to look on evil; you cannot tolerate wrong' (Habakkuk 1:13). We need to keep both God's love and God's justice in balance, for both are

The Bible warns that "man is destined to die once, and after that to face judgment" (Hebrews 9:27). But the Bible also says that God loves us, and because He loves us He has done everything possible to make our forgiveness possible. He did this in Jesus Christ, who took upon Himself the sin and death and judgment that you and I deserve. We deserve only God's judgment — but Christ stepped in and took the judgment

Don't create your own idea of God out of your own imagination; that is idolatry. Instead, realize your own need of God's forgiveness, and turn to Christ for your salvation. "Salvation is found in no one else, for there is no other name under heaven given to men by which we must be saved" (Acts 4:12)

**DEAR DR. GRAHAM:** What is the so-called "New Age" movement? I hear a lot about it, but I don't really understand what it means. Is it really a new form of Christianity? — Mrs. V.J.

DEAR MRS. V.J.: The New Age movement is not an organized, coherent system of ideas or a single organization. It does, however, include a number of ideas which have gained popularity in recent years, and which generally claim to stress the spiritual side of life over the material side.

It is not, however, a form of Christian faith, and in fact many

of its main ideas are opposed to Christian faith. In their quest for spiritual sensitivity and reality many people, for example, have come to believe in such things as reincarnation and "channeling." or attempts to contact the dead. Many believe in mystical spiritual powers which can be manipulated or controlled for human gain through such means as crystals or pyramid-shaped items. Most New Age teaching is

Those holding these views would deny that God is the supreme creator of the universe who stands above His creation; "We are all gods" some of them would say. To them there is no sin, in the sense of a breaking of God's law, and thus there is no need for redemption through Jesus Christ. They would, therefore, deny that Jesus is the unique divine Son of God who died

The Bible reminds us that only in Christ "are hidden all the treasures of wisdom and knowledge" (Colossians 2:3). It warns us, therefore, not to be misled by "hollow and deceptive philosophy, which depends on human tradition" (Colossians 2:8). Many people today have a sincere hunger for truth and for God. My prayer is that they would open their hearts to Jesus Christ, for only He can satisfy their deepest longings for God.

earliest Christians meet in separaté church buildings? I have a friend who says that Christians should only meet in small groups in homes, because that's the way the earliest Christians met for worship. I don't agree with this, because I find great help in my church. —Mrs. W.E.

DEAR DR. GRAHAM: Did the

DEAR MRS. W.E.: While I don't doubt your friend's sincerity and her desire to be faithful to the Scriptures, the New Testament actually indicates that the

first Christians met in many different kinds of places.

The earliest Christians (i.e., those in the New Testament, particularly the book of Acts) met wherever they could - and since their numbers were small and there were enough places, it was not necessary for them to construct separate buildings. For example, since the earliest Christians were mainly Jewish (believing that Jesus was the fulfillment of the Old Testament promise of the Messiah) they met in their old places of worship - the temple or their synagogues. After the beginning of the Christian Church on the day of Pentecost we read that "Every day they continued to meet together in the temple courts" (Acts 2:46)

When this was not possible they would use homes or any other place that might be available even the open air (see Acts 16:13) or a hired public hall (see Acts-

# inmates 'hacking' out

HERALD WASHINGTON BUREAU

WASHINGTON- Rep. Bob Wise, D-W.Va., is more afraid of federal prison inmates using floppy discs and computers rather than old-fashioned hacksaw blades to "hack" their way out of

Wise called federal Bureau of Prisons officials on the carpet earlier this week to get reassurances that the bureau's three major computer systems are protected from criminal "hackers," both in and out of prison.

"Needless to say, the information in the bureau's data base could be of extreme value to organized crime and the drug cartels," Wise told prison officials and representatives of the Justice Department.

Wise is chairman of the House Subcommittee on Government Information, Justice, and Agriculture. He called Wednesday's hearing in response to a Bureau of Prisons Inspector General's report earlier this year that said the prison system's computer security was generally unsophisticated and weak.

Thomas Kane, assistant director for information policy, said the federal prison system which has 60,000 prisoners — is in the process of adopting the 21 recommendations made by the inspector general's office.

For example, he said that all employees with access to the bureau's computer systems would be given individual passwords that would establish an "audit" trail for supervisors.

Kane also assured Wise that the bureau's most sensitive information - such as an inmate's location and security problems — are

"Those terminals are kept in separate areas, behind locks, and only authorized people have access to them."

> **Thomas Kane BOP** official

kept in a system called SENTRY. Inmates do not have access to computers that are linked to that system, he said.

'Those terminals are kept in separate areas, behind locks, and only authorized people have access to them," Kane said. He acknowledged that some inmates were allowed to use personal computers, but those computers were linked to a general data base that did not contain any sensitive information.

Wise was not so easily placated. He noted that an inspection report on FBI computer systems showed that occasionally the bureau had hired subcontractors to do computer work, only to discover that convicted felons and other security risks were entering the data.

"I imagine we have people (in prison) with considerable abilities and with nothing to do with their time except read computer magazines and think about ways to break into the system, he said

He then asked Kane whether the bureau had security "teams" with the job of trying to break into bureau's computer system or defeat any other security

John Hardwick, chief of information systems for the bureau, replied that no security violations had ever occurred

# Prison bureau says no Lincoln 'answer man' ready for questions

SPRINGFIELD, Ill. (AP) — Was Abraham Lincoln a Christian? Did he drink? And just how honest was he? Thomas Schwartz says he doesn't have all the answers, but as Illinois' "Lincoln answer man" he'll try to find them.

From his office in the basement of the Old State Capitol, the curator of the state's Lincoln Collection finds much of his time is spent not on the collection but in responding to inquiries about the 16th president.

It can be a call from the Australian ambassador on the accuracy of a quote, a Florida woman asking about the authenticity of a letter, or a movie researcher wanting to know all that has been written on Lincoln's dialect

Sometimes it can even be a call from one of President Bush's speech writers, as was the case when the White House was preparing for a shift in Bush' no-newtaxes pledge.

The speech writer said she wanted to verify a Lincoln quote that was one of Bush's favorites. Bush could recall only the phrase "to think anew. About an hour later Schwartz

cond annual message to Congress: "As our case is new so we must think anew and act anew. By Schwartz's calculation, the 36-year-old historian has only a

50-50 chance of answering ques-

ed with his soul and whether or not any of the recollections of ministers can be believed where they claim that in private conversations he made a profession of "People are very much concern- Christ," Schwartz said.

"There's evidence to suggest when he was in New Salem he. wrote a tract condemning Christianity. ... Supposedly, the offensive text was taken and thrown into . the heating stove so that Lincoln's future political career would not be ruined.

Schwartz said it is also unclear whether Lincoln was a man of temperance

There's evidence of Lincoln delivering a speech on the evils of drinking, but there's contradictory evidence as well.

"Brandy was used in cooking in; order to preserve foods and it was used as a base for many of the common home remedies that are. described in a household book that Mrs. Lincoln had," Schwartz said.

As to whether Lincoln deserves the moniker "Honest Abe," there's no question in Schwartz's mind.

"All the accounts we have from other lawyers at the time, they den't claim Lincoln was the best lawyer, but they'll always talk about how he's a reputable man, reliable," he said.

Schwartz is Illinois' second "Lincoln answer man" since the curator's position was created in 1958. He took the job in 1985.

Before then, Schwartz had worked for the Illinois Historical Survey and as a graduate student assistant on the Lincoln collection at the University of Illinois. At Illinois, he began his dissertation on Andrew Jackson's foreign policy - work he has yet to complete.

#### Panel warns \$10 of of loss Fall Shoes & Bags with this Ad of airline Summer Shoes 60% Off PANDORA'S CLOSET competition

WASHINGTON (AP) - A continued trend toward an airline industry dominated by a few large carriers could inreaten competition and passenger services, a research panel said Thursday.

"The loss of too many carriers . . . could reduce the amount of competition to below a level needed to discipline pricing," the Transportation Research Board said.

Passenger benefits such as improved service and generally lower average fares that have resulted since federal regulation ended 13 years ago could be in danger, it

Some have predicted that the airline failure rate could leave the nation with as few as three major carriers, and the report said that might not be enough to retain true

competition. "If as many as five or six major carriers survive the pending shakeout, the committee believes that pricing will remain com-

petitive," it said. Of 17 airlines formed between

1979 and 1985, 14 no longer fly. Two major airlines, Braniff and Eastern, have ceased operations in recent years, joining a long list of merged or failed airlines.

Pan American Airways, once the flagship airline of the United States overseas, is selling off its assets; Continental Airlines has sought the protection of the bankruptcy laws.

Trans World Airlines has defaulted on some of its multimillion dollar debt and other smaller lines are in financial trouble as well.

"Several trends suggest the industry will continue to concentrate, which at some point might threaten the benefits achieved during deregulation," the report said. "The emerging industry suggests evolution toward oligopoly, but also displays a substantial amount of competition.

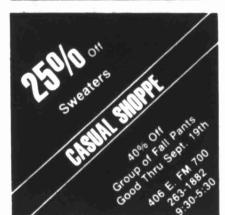

"To date, this competition has generated many benefits for consumers. The freedom given to managers by deregulation to realign their routes and costs has resulted in a more efficient industry. Average fares have increased more slowly than costs, although most bargains occur in markets where three or more carriers compete for service.'

The panel, an arm of National Academy of Sciences, also recommended that a study consider the reorganization of the Federal Aviation Administration, including an option to transform it into either a public-governmental corporation or a congressionally chartered private corporation.

In the meantime, it urged the FAA to beef up staffing and inspection as part of a vigorous effort to maintain safety as the airline industry struggles with its financial problems.

# Cheney defends Persian Gulf war coverage

Secretary Dick Cheney and media representatives still differ on press restrictions that were imposed during the Persian Gulf War, but they are going to discuss how to improve coverage of future combat.

## Economy

• Continued from page 1-A conclusively that it has escaped from recession

The Fed said the rate cut was in response to "concerns about the ongoing strength of the economic expansion." It said the move was also in response to extremely sluggish growth in the nation's money supply and weak lending by commercial banks.

The Fed said the rate cut also was taken in light of improving news on inflation. The announcement came shortly after the government released a report showing consumer prices rose just 0.2 percent in August. For the whole year, prices have been rising at an annual rate of just 2.7 percent, far below last year's 6.1 percent increase.

In another report highlighting the weak economy, the government said today that retail sales fell 0.7 percent in August, the biggest setback in seven months and further evidence that weak income growth is preventing the key consumer sector from helping to

revive the economy. Overall, retail sales totaled a seasonally adjusted \$152.3 billion, down from \$153.4 billion in July, the Commerce Department reported. The 0.5 percent increase in July was unchanged but June's estimated 0.1 percent gain

## Estacado (1-0) at Big Spring (1-0)

A true test for the Big Spring Steers. The No. 7 ranked Lubbock Estacado Matadors are called by Steers coach Dwight Butler the 'best Estacado team'' he's seen in his four-year tenure at Big Spring.

The Matadors are experienced, big and fast. The Steers are young, lean and mean. This game could go two ways — both in Estacado's favor. The Mats could get on a roll and a young Big Spring team will "freak out" and the assault will begin, or... the Steers will keep their composure. Here's opting for the second theory

The Steers will get their first true experience in a real war; they won't win, but they'll handle it well.

## C-City (0-1) at Stanton (0-1)

Two teams that desperately need three things — overcome injuries to key players, score some points and win a game.

The Colorado City Wolves are without halfback Kevin Green. The Stanton Buffalos are without quarterback John Eric Wycoff. In laymen's terms, that means there won't be much scoring in this one. Both teams will use the pass more. The reason? C-City needs another alternative without Green and Stanton has gotten back wide receiver Kenny McCalister, a deadly threat.

This one's a tossup, but give it to the Wolves because they have less players going both ways. It will tell off in the fourth quarter. Colorado City 13, Stanton 7

The Cowboys showed they have some punch last week, narrowly losing to Class 2A Van Horn, while the Bearkats looked very much like the number-one team in Class A by rolling over Forsan.

As tough as Grandfalls might be, the memory from last year, plus the home-field advantage, plus the Bearkats' awesome talent tips the scales decisively in Garden City's favor.

## **Grady (0-1) at B-County (0-1)**

This is the game of the week for area six-man fans

Two teams looking for their first win of the season will collide tonight when the Grady Wildcats travel to Gail to take on the Borden

Grady opened the season on a sour note, falling on the short end of a 48-14 score against Midland Christian. The Coyotes, meanwhile, had their chances against New Home, but mistakes cost them in their 39-37

The Wildcats are probably better than the score indicated, and coach Leandro Gonzales and his team definitely know how to win, as three straight trips to the playoffs indicate.

However, it is the feeling in this corner that Borden County will use last year's loss to Grady in the playoffs as that extra amount of motivation needed to take home a win.

Borden Co. 35, Grady 22

## **Sands** (1-0) at Loraine (0-1)

The Sands Mustangs, ranked fourth in the state six-man polls, will seek to keep their record perfect when they travel to Loraine to take on the Bulldogs tonight.

Sands barely broke a sweat last week; coach Randy Roemisch emptied the bench early in the Mustangs' 50-0 rout of Hermleigh. Loraine, meanwhile, opened their season by losing to El Paso Jesus Chapel.

The Bulldogs should prove quite a bit tougher opposition than Hermleigh, and Loraine has the home field advantage, but it won't be enough against a powerful Sands squad.

The Mustangs go to 2-0. Sands 48, Loraine 6

## Klondike (0-1) at Whitharral (1-0)

Houston's space-age offense back to the stone age Thursday night and probably ruined the Heisman Trophy hopes of David Klingler.

The second-ranked Hurricanes shut down Houston's recordbreaking quarterback and Gino Torretta threw four touchdown passes to humble the No. 10 Cougars 40-10.

Klingler, who threw nine touchdown passes in Houston's season-opening 73-3 rout of Louisiana Tech and set an NCAA record with 54 TD tosses last season, didn't get one against Miami's dominating defense until the final 3

He completed 32 of 59 passes for only 216 yards, 83 fewer than his lowest total last season, and was sacked five times before a stunned crowd of 71,842 and a national television audience.

'They had a dominating defense and a dominating offense," Klingler said. "That's how easy it

It was Miami's 39th straight victory at the Orange Bowl, tying Notre Dame for the second-longest home winning streak in NCAA history.

"It's one of the great efforts I've ever been around," Miami coach Dennis Erickson said. "Any time you hold down a quarterback like David Klingler, it's a great accomplishment. The game, which dragged on for

3 hours and 54 minutes, was the longest in Miami history. But it must have seemed even longer to Houston. The Cougars (1-1) had more

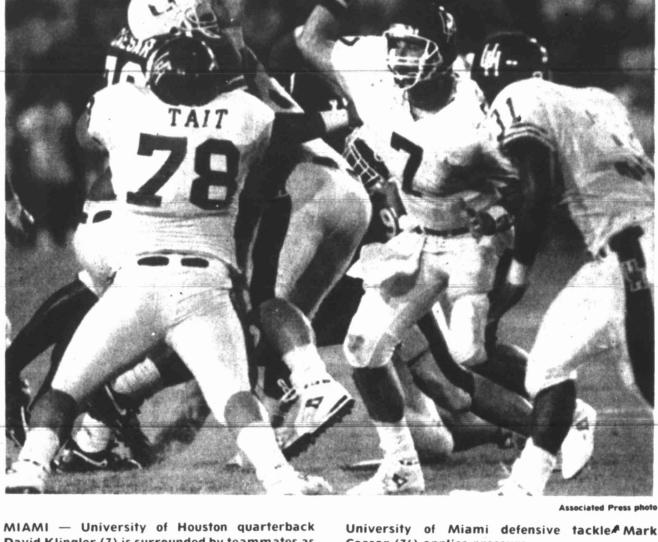

penalties than points in the first half against Miami (2-0), whose defensive line was too quick and strong for Houston's inexperienced offensive front. "We knew we had to get in Kl-

"Everybody asked how we'd stop Klingler. Nobody asked how they'd stop us," Torretta said. "Usually, everybody talks about our offense. It was nice being the underdog for

After exchanging inflammatory remarks in pregame interviews, both sides stopped talking to the media for several days. But Miami linebacker Micheal Barrow said there was a steady flow of trash talk during the game.

"This was the bad boys' bowl game," Barrow said. "If you dominate someone, you're allowed to talk trash to them.

Thomas had TD catches of 2 and 71 yards, while Williams' receptions covered 33 and 51 yards. Miami's other points came on a 2-yard TD run by Martin Patton and a safety that occurred when Houston's Chris Pezman snapped the ball over the head of punter Charles Langston and out of the Cougars' end zone.

Houston, which gained 702 yards against Louisiana Tech, had only the first half against Miami. The carries for the Hurricanes. Cougars, who averaged 47 points 7-yard scoring pass to Marcus for 156 yards.

138 yards while Williams caught four passes for 126 yards Stephen three first downs and 76 yards in McGuire gained 120 yards on 19

There were a total of 31 penalties and 587 yards per game last for 314 yards in the error-plagued season, were held without a game. Miami was flagged 17 times touchdown until Klingler threw a for 158 yards and Houston 14 times

# Lady Steer harriers out for sixth straight

By STEVE BELVIN Sports Editor

It's good new and bad news for Big Spring High School cross country coach Randy Britton. The good news is that he has more runners out for the program. The bad news

One of the main questions for Big Spring cross country is whether the Lady Steers can win their sixth consecutive district cross country crown. The Lady Steers will be hard-pressed to repeat because San Angelo Lake View has a number of veteran runners returning from last year's squad that finished second to Big Spring.

Lady Steers squad, which includes six freshmen, two sophomores and four juniors. The two returning runners from last year's district championship squad that finished seventh at regional are juniors Elizabeth Lopez and Shawnda

Last year Lopez ran a season-

year at regional Wilson ran a 14:51. A new bright spot for the Lady Steers is transfer Hope Martinez of Eldorado, a junior. Last year Martinez finished 17th at the Class AA state cross country meet.

Last week in Big Spring's first is that most of them are meet of the season in Abilene, Martinez finished first, but was disqualified because she ran off the course. Britton said it was hard to tell how accurate her time of 12:00 was because it's not known how much she veered off the course.

Britton said that right now Lopez and Martinez are the top runners on the squad.

"Elizabeth didn't run because she was at the football game with Britton has 12 runners out for the the band. Hope Martinez ran real strong, she looked powerful," he stated

Britton said he's two runners away from having another good Lady Steers team. "We need two girls to come forward and run,' said Britton. "They (younger runners) haven't seen (what it takes to be competitive) because they are best 13:37 over a two-mile course at so young and inexperienced. the regional meet in Lubbock. Last Sometimes it takes three or four

Britton said he isn't conceding

the title to Lake View, however. 'We're going to do our dad-gum best to defend our title. We've got some promising people, but they're just so young. They don't know yet what winning a district championship is," he said.

"If Lake View does win this year, they'd better hold on to their britches next year because we should have a pretty good team next

Britton has 21 runners out for the Steers squad. But of those 21, only four are returning lettermen. Broken down, there's five freshmen, eight sophomores, four juniors and four seniors. It's the most runners Britton has had come out for the team in six years.

A crushing blow to the team, however, came when junior Jackie Lynn moved to Ruidoso, N.M. Last year Jackie was the team's number one runner, running a 17:10 over a three-mile course. He also ran a 1:59.90 in the 800 meters in the spring.

The returning lettermen for the

Steers are senior Sammy Gonzales, junior Lee Christian and sophomores Jerry Trevino and Mark Rocha.

Christian will be the number one runner, having clocked an 18:44 last season.

Britton said the promosing newcomers include freshmen Andrew Garza and Nathan Trammell and sophomore Chris Martinez.

"From those six everyone else still has to prove themselves," said Britton. "I've been kind of easier on them than I have in the past. Being such a young team you try to look for people you can build a necules around. If you run them too hard they won't be around as juniors and seniors. But I'm going to get hard on them.

'If Jackie had been around we might have had a chance to push somebody, but we're not giving up yet, we just have to have some people come forward and prove they are competitive runners. Big Spring will be competing in

Odessa Saturday morning at 9 a.m. at the University of Texas Permian Basin course.

# Steers JV whitewash Monahans, 28-0

Steers junior varsity ran its record to 2-0 by dominating the Monahans Loboes 28-0 here Thursday night.

The Steers put up a stellar defensive performance and got a big offensive game from quarterback Wes Hughes to garner the victory. Monahans only managed four

first downs against the Steer defense. Hughes, a transfer from Ackerly, threw two touchdowns passes and ran for another. He also was perfect on all four extra points. Big Spring scored on its first two

possessions of the game. Hughes threw a 25-yard pass to wingback Mike Oliva and Hughes scored on a 15-yard run. In its first possession of the third

quarter the Steers substained a 70-yard scoring drive. It was capped off with a 35-yard pass from Hughes to to tight end Todd Big Spring's final score came in

sold-out three-game series tonight at Atlanta, with Los Angeles trailing by one-half game.

"It's good for baseball, and it's good for the city of Atlanta," Lasorda said. "I have many dear friends in Atlanta. I wish they were 10 games behind in second place, but this is going to be exciting, three games there and three games at home. All their fans will be out there pulling for the home team. I look forward to seeing 50 or 60 thousand in the stands

Both teams won Thursday night: Atlanta beat San Diego 5-1 behind left-hander Charlie Leibrandt and Los Angeles survived 10 innings for a 6-2 victory at Houston.

Atlanta, 41-20 overall and 25-7 at

home since the All-Star break, extended its winning streak to a season-high seven games The Braves had steadfastly

By STEVE BELVIN Sports Editor

probable Friday night at Memorial

They shot themselves in the foot several times and still managed to come away with a 21-18 upset victory over the number five ranked Lubbock Estacado Matadors.

The Estacado team came into the contest a big favorite over the Steers. What they got was a big dosage of a stingy Steer defense and a big play Big Spring offense. What made the win so unlikey was that Big Spring turned the ball over seven times, leading to all three Estacado touchdowns.

The Steer defense, led by the likes of strong safety Pat Chavarria, middle linebacker Lance Reeves, defensive tackle Monty Lindsey, end Sal Trevino and the rest of their buddies, did a beautiful job of bottling up an explosive Estacado offense.

The Steer defense was so dominant that only once did the Estacado offense cross midfield on their own Big Spring enjoyed a 369-189 advantage in total offense. If not for four Big Spring interceptions and three lost fumbles, the game could very well have been a

Steers coach Dwight Butler heaped praised on his team's effort, especially the defense. "The kids really got after it, and you can remember this, it's defense that will get you to the playoffs," said Butler. "It was really a strange week, the kids were never tight. This was the best week of practice we've ever had, it was real upbeat. I never got nervous because of the

The Steers dominated the game but found themselves trailing 18-13 going into the fourth quarter. It was a wierd turn of events. The Matador offense had the ball only two, three-down series in the quarter, yet the Mats managed two touchdowns.

The touchdowns came in lightning-like form — in one minute and three seconds to be exact. The first bolt of lightning came when outside linebacker Bobby Whitehead intercepted Gerald Cobos' pass and returned it 95 yards for a score. The second bolt of lightning came when cornerback Richard Gilbert intercepted Cobos' pass and returned it 45 yards for a score.

All of sudden Big Spring's 13-6 lead had turned into an 18-13 deficit.

"Those interceptions were one of those deals that Gerald blew one and on the other one he was trying to do too much," said Butler. "He did a great job of checking off. that's something we never did

The biggest key was after they The Big Spring Steers did the im-returned the second interception for a touchdown. The kids got in a huddle and said 'enough of this crap'. Gerald told me we should go back to the basic stuff.

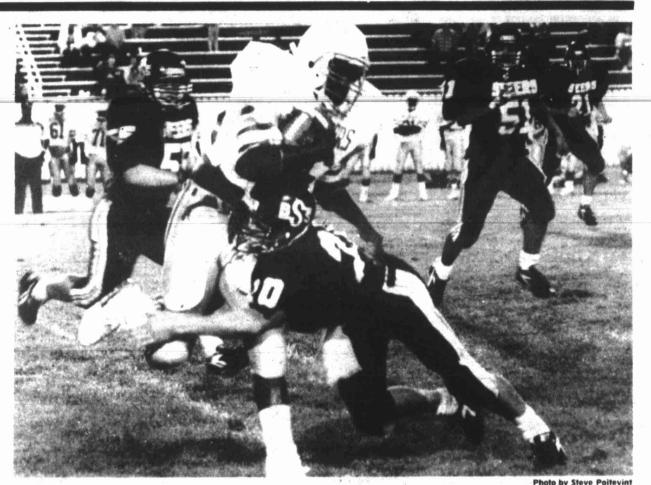

Although he suffered four interceptions, Cobos ran the offense well. He completed 11 of 21 passes for 166 yards. He also made a few valuable yards on option keepers in key situations.

Cobos and the Steer offense came out hot in the opening series after forcing Estacado to punt. On the first play of the game Cobos did a play action fake, rolled to his left and hit a wide open Pat Martinez for 49 yards to the Estacado 18yard line. A clipping penalty stalled the drive back, along with a pass to Chavarria that was dropped at the Estacado 12.

Big Spring moved the ball at will in its second possession, moving to the Estacado 21. The big play in the drive was a 32-yard run by Maurice Evans, which was called back 10 yards at the point of holding. On fourth down Cobos' pass was picked off by Tajae Allen at the Estacado 10

Estacado's first score was set up when strong safety Johnson intercepted a Cobos pass at the Big Spring 28. From there it took Estacado three plays to score. The big play was a 19-yard scramble by quarterback Zebbie Lethridge Lethridge scored on a bootleg play from four yards out. The extra point attempt was blocked.

Big Spring mounted another impressive drive later in the second quarter, mainly behind the dives of wingback Chavarria. Then the turnover syndrome hit Big Spring again. First Chvarria was at the end of a 12-yard gain and fumbled into the arms of Estacado defensive end Chris Kelly. Kelly rambled for a few yards before he was hit and fumbled. Rickey Gonzales recovered for the Steers at the Estacado 41. In all it was a 20-yard gain for the Steers

But on the very next play Chavarria fumbled again and Estacado recovered, halting another Steer drive.

Big Spring got on the scoreboard right before halftime however. They marched 55 yards in only three plays. It started with a 24 yard pass to Chavvarria and ended with a Cobos escaping heavy pressure and finding Oscar Cervantes for a 32-yard scoring strike with four second left. Cobos missed the extra point and the game was tied at halftime.

The Steers scored in a hurry in

the third quarter. Nick Roberson took the kickoff, headed down the right sideline and scampered 65 yards to the Estacado 18. Two plays later Chavarria came around on a wingback reverse, pulled up

and fired an 18-yard scoring strike to Roberson. Cobos' extra point

gave the Steers an 13-6 lead. That set the stage for the Estacado's comeback, via the two interceptions returned for touchdowns. The Matadors failed both times at the two-point conversions. In return, that set the state for Big Spring's comeback.

Big Spring's final scoring drive came after Estacado fumbled at it's own 29. The big play in the drive was a screen pass to Darius Hill. Hill almost lost his balance on the catch, then cut back against the grain, making at least four Matadors miss him. He was finally tackled at the two. Two plays later Cobos from the one. Hill scored the two-point conversion off a pitch

# Wolves win defensive struggle over Buffs

By MARCELLINO CHAVEZ
Staff Writer

STANTON — The Colorado City Wolves came into Buffalo Stadium after losing their first game, but rebounded to down the Stanton Buffalos 9-0 in a defensive struggle here Friday night.

The visiting Wolf Pack struck first, causing a turnover deep in Buffs territory and set up shop at the Stanton 15-yard line. From there fullback Mark Smith ran past the Stanton defenders and scored the first points of the ballgame.

Junior Frank Briseno attempted the point after, but the kick went wide to leave the score 6-0 in favor of the visitors with 3:54 left before halftime.

The Wolves kicked off to Stanton and the Buffs took over at their own 33-yard line. Four plays later the Wolf defense forced another Buffalo punt.

With good field position, C-City began their second scoring drive at midfield with less than two minutes on the clock. From there junior QB Kelly Ramsey found David Castillo first for a 10-yard toss and in the next play he again connected with flanker Mark Monroe for a 24-yard gain.

With eight ticks left for the half to end, Briseno connected on an 18-yard field goal to give his teammates a 9-0 lead going into the locker room.

"We felt we needed to get some points before we went into the locker room and maybe we could hurt them mentally if we came away with at least three points," said Colorado City coach Tom Ramsey.

"Kelly (Ramsey) did a good job of finding Mark (Monroe) on a deep out, and he did a good job of catching the football and going outof-bounds to set up the field goal."

Stanton got a break in early in the ballgame as punter Rick Posey attempted to kick the ball. The Wolves tried to block the kick, but were called for roughing the kicker, giving the ball back to the

home team.

After both teams stopped each other on the next series of plays, the Buffs got the ball back with 6:21 left in the opening quarter on their own 28-yard line. On the first play, QB Jay Huckaby found Kenny McCalister for a 19-yard gain moving the pigskin close to midfield. Three good runs by running backs Allen Prough and Jim Bob Kelly moved the ball close to the C-City 20-yard line.

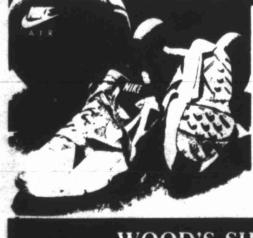

Huckaby found McCalister again for another first down and the Buffs appeared to be knocking on the Wolves door. A fine defensive wall kept the home team at bay. Stanton lost the ball at the Wolves 23-yard line.

"When we decided that they would not score on us, we dug in and that was probably the single key to the whole ballgame," said Ramsey.

Stanton coach Bill Grissom said his team had a mental lapse. "When we had that long drive deep into their territory, and were turned back, that changed the momentum of the ballgame," said Grissom. "We lost our composure and we had a mental breakdown."

The first quarter ended at a 0-0 deadlock with neither team able to punch the ball across the plane.

In the second quarter, the Wolves were forced to punt back to the home team with the Buffs again receiving good field position. Stanton put on a razzle-dazzle play with Lorenzo Marquez tossing a pass to McCalister for a 32-yard gain and

# Mr. Mendez goes to TD land

By LORNE FANCETT For the Herald

COAHOMA-The Coahoma Bulldogs gave an exciting performance in their home debut as they defeated the Winters Blizzards by the score of 40-19.

The game was a thriller from the first drive to the very last, and the crowd loved it. After an unsuccessful opening drive by the Blizzards, losing 15 yards in three plays. Jamey West's punt was blocked by Bulldogs Mike Mendez and recovered by Coahoma at Winters 12-yard line

Unfortunately for the Bulldogs they couldn't capitalize on their newly gained fortune because on the next play they fumbled the ball back to Winters. After a short drive by the Blizzards, again resulting in negative yardage, the Bulldogs got the ball back.

Misfortune was once again with the Bulldogs with quarterback Brent Elmore's pass being picked off by defensive back Jody Guy and brought to the Blizzards' own 24.

Again the Bulldogs were at the short end of the stick as Winters' Johnny Rodriguez took a Albert Bernal pass for 59 yards, bringing the ball down to Coahoma's 27-yard line. Four plays later the Blizzards got the ball into the end zone and grabbed an early lead, 7-0.

This lead would not last for long thanks to Mr. Mendez. On the ensuing kickoff, Mendez returned the ball 85 yards to put the game at 7-all

The defense of the Bulldogs again made their presence felt as they held the Blizzards' to negative yardage on the next series of downs and forced them to punt. Add to the woes of Winters a bad punt and you have the Bulldogs on the Blizzards'

The offense of Coahoma was to make good use of the position their defense helped put them in as fullback Steven New ran the ball through Winter's defense and into the end zone. With the PAT attempt blocked by Monte Baker, the score was 13-7 in favor of Coahoma.

The Bulldogs continued to be effective on offense as Mr. Mendez scampered 51 yards to the end zone on their next series of downs. With a Elmore pass to wide receiver Matt Coates on the two-point conversion, Coahoma led 21-7.

It was at this point that the game began to get a little strange. After holding the Blizzards' offense and forcing a punt, Coahoma's offense took the ball down to the Winters' 14 and on the next play proceded to turn the ball over on the one-yard

Two plays later the Blizzards returned the favor as they fumbled the ball away to the Bulldogs on their own four-yard line.

Coahoma, not to be outdone by this sense of generosity, proceded to fumble the ball in the end zone on the ensuing play

The Blizzards used their new found fortune to move the ball down to Coahoma's 21, but had to settle for a 39-yard field goal from Jamey West. This left the score 21-10 in Coahoma's favor at the half.

The third quarter started off for the Bulldogs on a positive note as Mr. Mendez ran the ball 66 yards on the first play from scrimmage, bringing the ball down to the Blizzards' 10. Two plays later Mendez brought it home and with the PAT kick successful, Coahoma found themselves in the driver's seat with a 28-10 lead.

Winters offense then decided that it was better if they were on the field rather than their defense and formulated a 16 play drive that resulted in taking more than six minutes off the clock and added three more points to their score on West's field goal from 35 yards out, leaving the score 28-13.

The two teams then decided that a little more craziness was in order as the Blizzards' offense, after their defense held the Bulldogs, coughed up the ball giving Coahoma field position on their

line. The next play running back Jim Calcoat took the ball in, cutting Coahoma's lead 28-19.

The offense of the Bulldogs' sputtered on the ensuing possession, but thanks to a 68 yard punt from kicker Bryan Sledge, their defense encountered the Blizzards on their

Three plays later the defense forced Bernal to turn over the ball on a broken pass play, giving the Bulldogs the ball on Winters' four vard line

Again the Mike Mendez show came into view as he took the handoff on the first play into the end zone. With the PAT kick bouncing off the goal post and landing off to the side, the score was 34-19.

The Coahoma defense kept up its excellent play, forcing the Blizzards to turn over the ball on the second play of the next drive, leaving Coahoma with the ball at Winters

It was at this time that the Bulldogs sustained their longest series of plays in a drive, a whole seven plays, to have Coates bring the ball in on a nine yard pass from Elmore. With a failed PAT, the score was 40-19, which held until the end of the game.

Mike Mendez, who ended the game with 180 yards on 15 carries, paid compliments to his MVP-like performance. "The line blocked well and there were some big holes there," said Mendez. "Good down field blocking. Also Kirby Brown's

The Coyotes spotted Grady an early 6-0 lead, then clamped down on the Wildcats en route to a 42-12 victory here Friday night

The Borden County defense took a rubber band approach to the game — bending, but rarely breaking. The Coyotes' offense, meanwhile, took a little while getting started, but once it did, it steamrolled the Wildcats for almost 400 yards total offense.

After the game, Borden Coach Bobby Avery credited his defense with a superb effort.

"I thought they did a good job," Avery said. "The line's big but they're young. But they stopped them when they had to.

Although they struggled for most of the game, the 'Cats wasted little time getting on the scoreboard. On their first play from scrimmage, Gilbert Cortez — who ended the game with 187 yards and two scores on 26 carries - took an endaround handoff from Joel Morales and outraced the Borden County defense for a 68-yard touchdown.

The conversion kick failed, but Grady led, 6-0, with 8:58 left in the first quarter.

The teams traded possessions before the Coyotes' offense finally got untracked, marching 50 yards in seven plays. The big play was a 22-yard run by Brandon Adcock that gave Borden a first down at the Grady 18. Four plays later, Clint Wills passed 13 yards to John Paul Harris to tie the game at 6-6.

The Wildcats threatened to score in the second quarter, marching to the Coyotes' 10 in eight plays. But, on second and goal, Adcock stepped in front of a Timmy Garza pass, giving the Coyotes the ball at the nine-yard line.

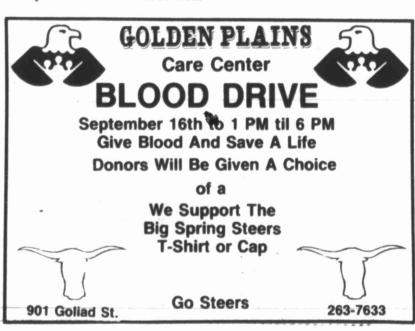

From there, it took Borden only three plays to score. Adcock rambled for 14 yards, Harris followed with a 19-yard scamper to Grady's 37 and Wills scored from

there. Richard Buchanen's PAT kick gave the Coyotes a 14-6 lead with four minutes left in the half.

The score that probably broke Grady's back came right before halftime. Harris started things by intercepting another Garza pass. Wills scrambled 39 yards to the Grady nine, and Adcock plunged over with no time left to give the Coyotes a 20-6 lead at halftime.

In the third quarter, Grady again marched deep into Borden territory, reaching the Coyotes 4-yard line. On third and goal, however, Harris broke through the line to drop Cortez for a three-yard loss and Cortez was stopped short of the goal on the next play, giving Borden County the ball.

## Long-time El Paso coach dies

EL PASO, Texas (AP) — Bowie High School Coach Robert "Chicky" Castaneda, who coached at five El Paso schools in his career, died Friday of heart failure and internal bleeding. He was 53.

Castaneda had been in poor health since spring, his friends said.

Castaneda had coached at Canutillo, Cathedral, Socorro and Jefferson high schools during his long coaching career in the area.

This was Castaneda's sixth season with the Bowie Bears. The Bears lost their season opener against Riverside 29-6 last week. The Bears were scheduled to play Ysleta Friday night. Jerry Milsapps, El Paso Independent School District athletic director, 411 W. 4th

appointed Ed Reveles interim

"Chicky had told me all last week that he felt good," Milsapps said. Castaneda entered the hospital early this summer because of internal bleeding.

Castaneda was well known as a strong defensive coach

"His teams had good discipline," Millsapps said.

Funeral arrangements were pending at Martin Funeral Home.

# Garden City takes pride in Bearkats'

Garden City High School students, top row, left to right, Jennifer Jones, Jenny Hunter and Karla Jones, and, kneeling, Jenny Phillips, proclaim that the Bearkats are number one.

By STEVE REAGAN Staff Writer

GARDEN CITY - The chant of "We're number one!" is almost as much a part of football as offtackle slants and screen passes. Every team worth its salt would dearly love to make that claim.

At Garden City, it's becoming an accepted fact.

Garden City, located about 27 miles south of Big Spring in Glasscock County, is home to the Garden City Bearkats, a nearunanimous choice as the best Class A high-school team in Texas.

Dave Campbell's Texas Football, the Associated Press and the Texas High School Football Association, among others, have proclaimed Garden City as number one. The lone dissenter is the Harris Ranking System, which lists the Bearkats as number two behind Valley Mills.

The reason so many pollsters are high on the 'Kats is fairly obvious. The squad has 26 lettermen about a quarter of the student body — returning from last year's state quarterfinal team.

The team has eight offensive and eight defensive starters returning from 1990, not to mention four players — James Soles, Jim Bob Scott, Eric Seidenberger and Jody Bradford — who earned all-state recognition.

The offense has been among the

state's statistical leaders for the past few years, and the defense if last Friday's 49-0 shellacking of Forsan is any indication — has become quite adept at stopping

Although this is the first time in anyone's memory that the team has attained such a lofty ranking, the community and school have accepted the news with an almost nonchalant calm.

Almost.

People entering the town from the north will notice a sign stating, 'Now entering Bearkat country. Similar signs dot the town, noting homes of players, coaches and school officials. Even Glasscock County Sheriff Royce Pruitt's home is not immune; a sign in front of his house identifies him as the "Bearkat Sheriff."

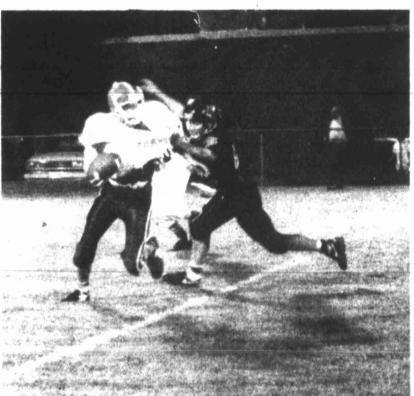

"The support (for the team) has always been there," said Linda Cypert, secretary for the county underground water district. "But with the high ranking . . . support has increased, definitely."

I'm excited for them," said Jenny Hunter, a senior at the high school, "and I'm looking forward to their success. I'm a senior, and some of them are my classmates, so I know they want to go to state.'

the team. "We have a lot more people at the games than we used to."

"I'm real excited about it," high school junior Jenny Phillips said. "I've been watching them for two years...and I saw it coming.... Everybody's pulling together rooting for the football team."

The architect for the team's success is fifth-year head coach Sam Scott. The Bearkats had a losing season his first season, but have made the playoffs the past three years.

Like almost everyone else in the community, he accepts the number-one ranking calmly.

"The nicest thing (about the ranking) is all the prestige that comes with it," Scott said. "It's great for the coaches, it's great for the players, the program, the school and the community.

"It's what you work for — to be the best in anything you do," he added. "It's great to get the recognition."

Scott also said the team has reacted positively to being tops in the state.

"(The coaches) don't have to work as hard motivating the players," he said. "The kids showed up the first day of two-a-days (in August) ready to work. When you're ranked 100th, sometimes it's hard to get the players to work. "We've got a good group of upperclassmen this year who are taking care of business," Scott said. "It's like we tell them, "When it's time to play, play hard, and when it's time to work, work hard."

The downside to being on top, he added, is that the team has a large target figuratively painted on its back

"You realize that every Friday, the people you play are going to be playing head and shoulders above normal to beat you," Scott said. "But there's no doubt we're where we want to be. We say, 'Bring 'em on.'"

Support for the team, he added, has increased this season.

"It's better this year than it's ever been," he said. "Of course, that's to be expected; if it hadn't, there'd be something wrong."

Soles, who is recovering from arthroscopic knee surgery, said the team welcomes the challenge of maintaining the top ranking.

"Most of all, everybody respects you," Soles said. "We work harder now that we're number one, because we know we have something to prove . . . I think we have more people coming out to see us now that we're number one."

"There's a little added pressure, becuase people come after you harder," he said, "but that makes it fun.

Students at Garden City High School have taken pride in the Bearkats' number-one ranking in the state Class A football polls. Signs and posters, such as those pictured here, can be found throughout the town.

# Aggies open season against LSU

COLLEGE STATION (AP) -Texas A&M opens its college football season Saturday against a Louisiana State University team whose starting lineup was shuffled in the wake of a 31-10 loss to Georgia a week ago.

The Aggies will open with an offensive line that returns one starter from last season and that's a concern for coach R.C. Slocum.

"We have to be smart as coaches

things that they can't do," Slocum said. "We're going to play aggressive, have assignments down and keep assignments busts to a minimum. We'll try not to make the big mistakes that stop drives."

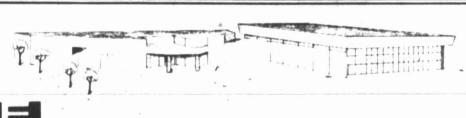

Injuries to veteran running backs Randy Simmons and Keith McAfee has made redshirt freşhman Greg Hill a starter. Slocum calls Hill the fastest Aggie

and not ask them to go out and do runner since Curtis Dickey.

"We just want him to go out and have fun and not worry about making mistakes or doing it all." Slocum said.

Slocum may have a hard time holding the 5-11, 190-pound speedster's enthusiasm back.

"I'd be satisfied with 100 yards," Hill said. "I just want to have a 100-yard average when the season

run with 6:52 remaining in the third quarter. Once again, Smith kicked in the point after, giving the Bronchos an additional seven points.

Marion and Spiller each scored in the third quarter, with Courcy adding the final touch.

Givens ran in from 38 yards out with 1:02 to go in the third quarter, and with Smith's kick, took the score to 49-28

Killeen's last score came with 10:29 remaining in the game on a James Potter reception of a 32-yard pass from Spiller. And -that's right, folks -- it was Courcy on the kick again. (He didn't miss all night!)

The Bronchos made a valiant effort to save face with two more scores in the last quarter. The first by Chad Rood and the second by Spud Moore, both on passes from Hatman. Smith's kick was good on one PAT, but the attempt for two failed after the second TD, making the final score 56-41.

# Twins down Texas in last at-bat

ARLINGTON (AP) — You may pull ahead of Minnesota, but those pesty Twins are always in your Julio Franco and into short center rear-view mirror. That's how they've put together the best record in the major leagues.

The Twins won their 17th game in their final at-bat Friday night with a four-run 10th inning keyed by Kent Hrbek's three-run homer in their 7-3 victory over the Texas. Rangers.

"Finally, we were able to put a crooked number up on the board in the 10th," Twins manager Tom Kelly said. "Seventeen wins in your last at-bats is a lot, I guess. I don't like playing from behind. I'd like to be five or six runs ahead."

Minnesota has come from behind to win 36 games this season while the Rangers have dropped 38 games after holding a lead.

Again, the Rangers builpen crashed and burned as the pitching staff blew three leads. Closer Jeff Russell, appearing in his third consecutive game, yielded a two-out RBI single in the 10th to Kirby Puckett for the go-ahead run, then served up Hrbek's three-run shot, his 17th.

Russell has allowed seven hits and six runs in his last 22-3 innings, including a pair of homers.

Puckett's sharp grounder glanced off the glove of second baseman field, allowing rookie Lenny Webster to score. Webster singled with one out off loser Kenny Rogers, 9-10.

"That's the idea, to keep it in the infield," Rangers manager Bobby Valentine said of Puckett's brokenbat single. "Two outs, it's seemed to happen all year. The third out has been real elusive for us.'

Terry Leach, 1-1, pitched 2-3 of an inning for his first victory since May 3, 1990.

The Twins, who maintained their 8 1-2 game lead over the Chicago White Sox in the American League West, had dropped five of their previous seven meetings with

"We're fortunate in our ability to come back," kelly said. "But you have to credit the pitching for the comebacks. Our long men have been able to hold the other team. The pitchers are really the key in that situation, not the hitters."

Minnesota relievers allowed six bottom of the third. hits in eight innings of work

"The ability to come back is the mark of a great team," reliever Steve Bedrosian said. "These guys of his career.

all have the guts to keep playing hard and never quit.

"The bullpen has certainly done well and the hitters have done their job. it's a team effort. We've picked each other up all year and I guess that's the difference between a first-place team and everybody

Rangers starter Kevin Brown threw five-hit ball over seven innings, striking out five and walking one before giving way to Terry Mathews to start the eighth with a 3-2 lead.

The Twins pulled into a 3-3 tie when pinch hitter Barry Larkin drew a one-out walk and pinch runner Jarvis Brown stole second and third. Chuck Knoblauch delivered a two-out bloop double for the tying
