## Council will adopt budgets and tax rates

The Friona city council will meet in regular session Monday September 10 at 6:30 p.m. in council chambers, 619 Main St. All council meetings are open to the public.

The first item of business will be to hear comments from the public regarding the proposed city budget for fiscal year 2012-2013. (See public notice elsewhere in this Star.)

The proposed 2012-2013 budgets for Prairie Acres Nursing Home and the Friona Economic Development Corporation

(FEDC) will be considered. Action will be taken on approval of appointments to the FEDC board of directors.

Item 9: Consider and take action on approval of ordinance adopting budget and making appropriation for support of city government for the fiscal year beginning October 1, 2012 and ending September 30, 2013.

Item 10: Consider and take action on approval of ordinance adopting tax rate of \$0.79/\$100 valuation for use and support of the municipal government of

the city of Friona, Texas, for the fiscal year beginning October 1, 2012 and ending September 30, 2013.

Item 11: Consider and take action on approval of tax rate and providing for the interest and sinking fund of \$0.2498/\$100 valuation.

Item 12: Consider and take action on approval of ratification of adopted 2012 tax rate of \$0.79/\$100 valuation which will raise \$106,650 more revenue from property taxes than raised in 2011.

The council will also take action on awarding bids to sell a 1996 motor grader and purchase a 1996 or newer motor grader; discuss the August payables and financial statements; take ac-

tion on vote for board of trustees places 11-14 for the Texas Municipal League intergovernmental risk pool; and consider approval of an agreement with Friona Rural Health Clinic.

Agenda items shown here make up the tentative agenda and are subject to change. The final official agenda is posted on the front window at city hall 72 hours prior to the meeting.

## Football contest starts now

The first week of the annual Friona Star Football Contest begins with the Week 1 entry form included in this issue of the Star. The contest will run 12 weeks.

Each week there will be 15 games, three each high school, college, and NFL. Each correct game counts as a point and the contestant with the most points at the end of the 12 weeks will win the \$100 grand prize. In case of a tie the grand prize will be divided.

Weekly winners will receive \$25. The contestant with the most correct picks each week wins. The two tie-breakers are important. Pick the total score in the tie-breaker games. In case of a tie on the first tie-breaker the second tie-breaker will be used. In the unlikely case of two players tying on both tie-breakers, each will be paid the \$25 weekly prize.

For our out of town contestants, the weekly entry blank will be posted every Wednesday evening on our website, frionaonline.com. Print it off, fill it out, and fax or mail it. Our fax number is 806-250-5127. Mailing address: PO Box 789, Friona 79035. Mailed entries need to be postmarked by 4 p.m. each Friday. We do not accept emailed entries and are not responsible if mailed entries do not arrive.

Only entries on the official entry blank will be accepted and judged. Copies of the entry form are okay but entries on scratch paper, notebook paper, or paper sacks will be discarded. Local entries can be dropped off in the red mailbox in front of the Star office and at Dorothy's Beauty Shop in Bovina.

If we make an error and include a game that is not played, the game will be tossed out of the judging. We will compute the weekly standings, keep account of the individual point totals, and publish them in the following week's paper.

A word of caution to contestants that fax entries. Make sure you fax a clean copy of the entry form. We often receive faxed copies that are smudged or too dark to read. And remember we need your name, written legibly, a phone number, and an address so we can mail your check if you win.

Your best chance to win the grand prize is to enter every week, starting now. We have never had a winner that has missed a week of the contest. We hope you enjoy the competition, win a few bucks, or at least some bragging rights. A big thanks to our sponsors for their support in making the contest possible. Enjoy.

## god and nature didn't create our rights

A few weeks back I subscribed to the Progressive Magazine.

I thought it would be helpful to understand more about progressives and their view of the government. These days when you subscribe to a magazine they ask for your email address to send occasional random stuff. That's fine. After all emails can be quickly deleted.

They offered 12 issues for \$14.97, a paltry sum for a look at the progressive mindset. The magazine has been published since 1909 and I'm just now hearing about it.

After receiving a couple of issues I couldn't find anything very controversial, just a bunch of opinions that I do not agree with. Progressives believe in government, the more the better.

Last week an email arrived from Progressive Magazine edi-

tor Matthew Rothschild. The title of the email was *Paul Ryan Has it Wrong on Where Our Rights Come From*. Here is what Mr. Rothschild wrote. (You can form your own opinion.)

"A lot of commentators are focusing, understandably, on the exaggerations and distortions in Paul Ryan's speech. But I'd like to focus on something more philosophical.

In his speech, Paul Ryan repeated a line he delivered on the morning Mitt Romney selected him. Here's the line: 'Our rights come from nature and God, not from government.'

Let me try to unpack that one, bit by bit. I'm an atheist, so the idea that our rights come from God is a nonstarter for me. But do they come from nature?

Now I believe in universal human rights, but some mythi-

cal Mother Nature didn't bestow these rights upon us, either. No, these human rights—and the ideas and the ideals that conceived them—came from the minds of men and women who wrestled with the big questions: What is fair and just? Over time, a commonly held sense of right and wrong developed, which was then enacted into law by—yes—government.

Laws, if they are just, enable us to exercise our rights—to freedom of speech and assembly and religion and privacy, for instance. And to suffrage and our freedom to participate equally in our governance.

And to the freedom to clean air, and clean water, and safe workplaces. And government also defends our freedom from discrimination, robbery, assault, murder, and invasion, for that matter.

For all these protections, some form of popular government is needed, or the most brutish person or gang member may rule and then trample on our rights.

So, in actuality God and nature didn't create our rights, and they sure don't preserve our rights.

We did that, and we do that, by ourselves, and through our instrument, government, it is truly democratic and respectful of our finest principles.

But Ryan, by positing that our rights come from God and nature, can foist his anti-abortion beliefs or his anti-regulation beliefs upon us under the cloak of the phantom God or nature's way, neither of which is subject to rational refutation or any truly democratic debate. They are just trump cards. And he plays them cleverly."

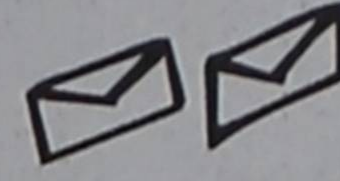

## Letters to the Editor

Dear Ron,

My view may be somewhat slanted but Ann Romney portrayed honesty, sincerity, grace, and beauty while choosing subject matter important to everyone, that being love.

Considering her health battles one should excuse some girl giggles. I believe she and her mate can get America back on a Christian track instead of a Muslim wreck.

Sincerely,  
Floyd Reeve

Dear Ron,

Thank you so very much for your generous donation to this year's Summer Drama workshop. Thank you also for covering the workshop in the Friona Star. You are always so helpful. Your donation helps keep the magic of theater alive in Friona. Thank you very much.

Sincerely,  
Allison Johnston

Gov. Rick Perry issued the following statement regarding the U.S. District Court's ruling denying Texas' voter ID law:

"Chalk up another victory for fraud. Today, federal judges subverted the will of the people of Texas and undermined our effort to ensure fair and accurate elections. The Obama Administration's claim that it's a burden to present a photo ID to vote simply defies common sense. I will continue to work with Attorney General Abbott to fight for the same right that other states already have to protect their elections."

Dear Editor:

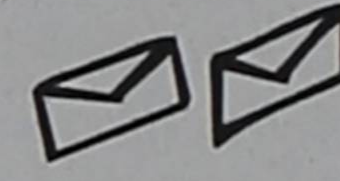

Many important decisions about cancer are made not just in the doctor's office, but also in Congress. As a cancer survivor and advocate, I know first-hand how important these decisions are to people here in Texas. Cancer touches everyone — one out of two men and one out of three women will get a cancer diagnosis at some point in their life, and this terrible disease will kill an estimated 36,820 people in Texas this year.

This election season, I want to hear what the candidates have to say on health care issues that impact Texas and, specifically, cancer survivors and their families. Lawmakers have the power to fund groundbreaking research and enact policies that help people prevent and fight cancer.

Join my efforts by visiting CancerVotes.org to learn about the impact elected officials can have on the fight against cancer. The candidates need to rise above partisan politics and talk about how they plan to save lives and make cancer a priority.

Hey Ron,

Wanted to let you know that the paper carrier position for the Amarillo Globe News has been filled by me! I thought it might be a fun way to make some money and then have the rest of the day to do whatever I need to.

I have put a note in the paper telling folks who I am and to bear with me as I learn the route. I was really surprised to learn that there are a lot of houses without any address anywhere. Not on their house, mailbox, or driveway. It makes it real hard to find them!

It's also surprising to know that some folks get a paper every day, some only on the weekends, some only on Sunday, and some get a TV schedule insert on Sunday. It will take me a little while to get all of this down so if you want to print a note in the Star next week, please ask everyone to be patient with me. They have my phone number if they need to contact me.

Some days the paper gets here late and then I get the paper to the customers late. The other interesting thing I found out about Friona is that the town wakes up about 5 AM! That's why I need to have the paper delivered before then so I don't run into other vehicles while driving down the wrong side of the street tossing papers.

Enjoyed the Friona Star this evening.

It was HOT at the Chieftain game Friday. Kickoff was at 4:30 p.m. and the sun was brutal. Clint Mears, Danny Campbell and I went to cover the game. They videoed the game from an air-conditioned press box complete with pizza and soft drinks. I was on the sideline taking photos and drinking cold water from the player's water bottles. There was a big fan running with cold air for the players which I took advantage of a couple of times.

Friona was on the visitor side and the few fans that were in attendance sat in direct sun the entire game. A couple of band kids had fainting spells. I finally moved around to the Stratford side to keep the sun out of my camera and seek a little shade. We made a stop at McAlister's Restaurant after the game for deli sandwiches and I gulped down a couple of glasses of their popular sweet tea to finally

cool off.

\*\*\*\*\*

There was an accident at a dairy on FM 1172 Tuesday morning. A man suffered serious injuries when "smashed by a gate" according to police dispatch reports. Friona EMS and Parmer County Sheriff personnel responded. Aero-Care helicopter from Lubbock picked up the man at PMC for transfer.

## Panhandle Parables

### What is that smell?

BY JEFF PROCTER, Minister, Sixth St. Church of Christ

When I was in college, I opened a lid to "something" found in the back of the refrigerator that had made a transformation. Curiosity often kills the cat, but in my case, it got my goat. Whatever "it" was, the smell made me gasp. It is a horrible feeling when the scent of something detestable hits your nostrils. You turn you head, close your eyes, hold your breath and do anything to get away from it. We have all come across something with a smell that deters us. I say all this not necessarily to make light of things that stink, but as a simple reminder that sin to God really stinks.

God does not like sin, he detests it. God cannot be around sin, because not only does it smell bad, it doesn't look any better. The only thing that could make Him turn around while Jesus suffered on the cross was sin. When I was younger, I worked in a feed yard, and after a while I got used to the smell. I didn't even notice until I went home and the door was locked by my mom, until I took those clothes off outside. I wasn't allowed in the house wearing that smell. What a similarity it is with Heaven.

As Christians, we cannot let sin permeate our lives to where we don't even notice the smell. We need to clothe ourselves in righteousness, look for the sin and avoid it when things begin to smell, as you would a skunk, a rotten potato, or a rotten egg. I encourage you to take a deep smell spiritually. Does it smell like a dying soul or one that is alive and fresh?

## Does creation matter?

BRETT HOYLE, Pastor, First Baptist Church

Building a biblical worldview apart from Genesis is like building a skyscraper without a foundation in the middle of the Texas Panhandle. Psalm 11:3 says, "If the foundations are destroyed what can the righteous do?" Sadly the theories of modern science have crumbled many a Christian's foundational doctrines that are found in Genesis.

What you believe, and your church teaches about creation matters because many doctrines found in the rest of scriptures have their beginnings in the first few chapters of Genesis such as creation, the created order, humanity's uniqueness, biblical environmentalism, God's judgment, marriage, work, sin and redemption.

The great deception of the so called enlightened, evolutionary views of modern science is that God is removed from equation regarding how the universe was made, thus taking biblical foundations out from under so many key doctrines and important social institutions. For example, the Bible says marriage is one man and one woman in Genesis 2:24, but society is fighting this definition tooth and nail to accommodate sexual sin.

Although examples abound, the point is that if the foundations laid in the Bible are increasingly ignored by our society and even by many churches we should expect a devolving into more gross and blatant sin. Our only hope is a wholehearted return to the Lord and His Word, which is truth, which sets us free to live in loving relationship with Him.

Brad Stowers (15) signals touchdown as Francisco Martinez (13), on the ground, scores his second touchdown late in the Stratford game. Teammate Adrain Prieto (75) looks on. Martinez scored both touchdowns in the Chiefs 56-14 loss to the Elks. More action photos from the game at frionaonline.com.

## JV Chiefs 12 Stratford JV 34

The junior varsity Chieftains opened the season last Thursday vs. Stratford at Canyon. The Chiefs compiled 171 yards of offense to Stratford's 272 yards.

Quarterback Dallin Woods completed 7 of 16 passes for 99 yards, one touchdown, and two interceptions. Leading rusher

was Ediladio Garcia with 57 yards on 6 carries. Garcia and Brent Hickman each scored a touchdown. Adrian Nunoz caught three passes for 62 yards.

Coach David Towner said: "This week we played a very good Stratford JV team. We did struggle during the game but as the game went along we

did have a few bright spots. On defense Sergio Meza forced a fumble that was recovered by Manuel Grado. Offensively Ediladio (Eddy) Garcia played well catching one pass and rushing six time for a total of 75 yards and a touchdown. Next Week we are open and then play at River Road on September 13."

## Squaw volleyball update

By Coach Bryan Masse

The Friona Squaws beat Melrose Tuesday night at Friona gym.

The JV got off to a slow start in a first game loss 24-26. After game one the girls started to not beat themselves with unforced errors and won the last two games 25-18 and 25-19.

The varsity, coming off some tough losses at the Clovis Tournament, showed no side effects and beat Melrose 25-5 in the first game. The next two games were closer but the Squaws were still able to win fairly easy with scores of 25-18 and 25-16.

One of the reasons the Squaws competed in the Clovis tournament was to play teams who are better than our regular season opponents as we prepare to go to work correcting our mistakes.

At Clovis the Squaws started the day off right with a sweep of Lovington two games to zero.

Next the girls came out with a split with one game each against 5A Clovis. After Clovis came Espanola and another split.

Then we played Tatum who had not lost a match and beat the Squaws in a 2-0 sweep. In the last game the Squaws again split with Del Valle. Friona finished 5 and 5 in pool play and got the points for 4<sup>th</sup> seed.

I was a little disappointed how we finished pool play. We started off okay but had some mental mistakes which cost us getting the 2<sup>nd</sup> or 3<sup>rd</sup> seed. The girls faced Palo Duro in the first round of bracket play. The ladies came close but Palo Duro prevailed 3-0. I thought we played good in some spots but we did not win points 20 through 25 so even though it was 3-0 the games were still within our reach.

On Saturday morning the

Squaws had a re-match with 4A Espanola. We had a 2-0 game lead and were close to closing it out but the girls from Espanola caught fire and came back to win game three and the match 3-2. It was disappointing to lose but is all part of the growing process.

Even worse that the tough loss was within less than an hour the Squaws had to take the court against 5A Hobbs. The ladies fought hard before losing 3-2. We had our chances in both matches and did not pull it off. Even though we did not win a match in bracket play we played hard, got better, and found out that we do have things to work on but we are also very capable of being a good volleyball team. The work these girls did this summer is starting to pay off. We just need to keep improving and be more consistent.

ron carr photo

The Squaws will play River Road here Tuesday, September 11. JV starts at 5pm followed by the varsity.

## Chiefs lose opener to Stratford

The Friona Chieftains opened the season on a very hot Friday afternoon at Dick Bivins Stadium in Amarillo. The 4:30 p.m. game time assured a hot afternoon on the artificial turf for the Chiefs.

It also affected the fans attendance as an unusually sparse Friona crowd endured the sun shining on the visitor's side. The early start, hot weather, a long weekend, plus harvest time kept many fans away.

It was a rough start for the Chieftains as the Elks of Stratford scored the first 35 points in the game, leading 28-0 at the

half. The final score was 56-14. The Chiefs scored once in the 3<sup>rd</sup> quarter and once in the 4<sup>th</sup>, both touchdowns made by Francisco Martinez on 5- and 6-yard runs. Diego Licerio was good on the two extra points.

Sophomore quarterback Mason Loflin got the starting nod. He completed 4 of 17 passing attempts and had two interceptions. Three completions went to senior Brad Stowers for 40 yards and Licerio caught a 5-yard completion. Martinez gained 104 yards on 12 carries, Eduardo Rojas was 6 for 57 yards, and Stephen Dominguez gained 17

yards on 6 carries. Dominguez also had the Chiefs only interception in the game.

Friona tallied 241 offensive yards, 196 rushing and 45 passing. Stratford had 488 yards, 350 rushing and 138 passing. Coach Mike Prokop said the Chiefs still have a lot to learn but are working hard.

The Chiefs are open this week and host River Road for a homecoming game at Chieftain Field Friday September 14. Game time is 7:30 p.m. with homecoming queen festivities beginning about 7 p.m. prior to kickoff.

## LIBRARY CORNER

by Darla Bracken

fridarla19@yahoo.com

### “A New Leaf in a Parchment of Leaves...”

“A Parchment of Leaves” is the title of a very good book by Silas House of Arkansas; it is such a descriptive phrase. The feel of fall is in the air as of this writing! Isn't it strange how the beginning of school always seems to bring this change about? Fifty-five degrees, wow! Watch for the beautiful falling leaves! And with school always brings Story Time at the Library for Preschoolers. This year is no exception other than that it is the beginning of our 50th year of operation. So many children have come through the doors of our library in that time whether it was the doors of the Women's Federated Clubhouse in 1963, the former lobby doors of the old Syndicate Hotel from 1968 to 1982 or the foyer of our present day facility at 109 W 7th. It is a new beginning of sorts as we will soon welcome a new addition to our staff also in the circulation clerk position. We want to welcome our new group of young readers for “Reading is Sweet...Bee a Reader!”

Whether you and your family visit our library in-house or online or both, we want you to be able to take full advantage of all of the services our library offers. We want to serve you. We have a new look to our website and we invite you to visit. Same address at [www.frionalibrary.org](http://www.frionalibrary.org). Your library card and pin number allow you to access a variety of services and the use of a number of databases. As a *TexShare* library, we are part of a statewide network of databases and as a participant in the *Harrington Library Consortium* we share access and resources to libraries all around the Texas Panhandle—all at your fingertips. Our automated catalog even has pictures of the books! That has become commonplace, but it is still an awesome capability.

On the website, you can watch for new books in an online version of “New on the bookshelf”; we will try to keep you posted. We will also keep in touch on Facebook.

Library Memorials have been received by: Cody Bracken, Rex Brackens, Tom Jarboes, Owen Drakes and Betty Louise Rector to KENNETH MCLELLAN; Wessie Hand, D.C. Herrings, Tom Jarboes, Hollis Hortons and Kent Pattersons to MAMIE LOU WELCH; Kent Pattersons to LESTA LEE NEILL; Kent Pattersons to GINGER QUINN; Hollis Hortons to DOUG WHATELY; Mitchell Smileys to CONSUELO CRUZ GUTIERREZ; Tom Jarboes & Rex Brackens to DOROTHY ELLIS; Tom Jarboes to JOHN HAND; Joyce Wells to SYBLE

HEWITT; Mitchell Smileys and Kent Pattersons to CHARLES RAMAGE; Emma Lou Stewart and Betty Louise Rector to RONNIE MCLELLAN; Jim Bob Jones to ROBERT KYLE BAKER; Bill Baileys and Betty Louise Rector to LAURETTA BROOKFIELD; Rex Brackens, Gene Goodners and Larry Johnston to EVA KIM-BROUGH. General donations have been made by Marcia Muth Miller and Jody Ellis of Santa Fe. We appreciate each of your kind and generous donations.

Story Time starts Thursday, September 6, 2012 at 10:30 a.m. for the Public. Register anytime for “Reading is Sweet...Bee a Reader!” See you there...

P.S. As I type this to send to the STAR, it is nearly 100 degrees, where did the cool go?
