

VOL. 81, NO. 14 New hours at the Friona Star

In order to better serve customers, the Friona Star office is now open during the noon hour.

Publisher Ron Carr said, "For a long time the newspaper of-fice has closed from 12-1 p.m. for the lunch hour but it wasn't always convenient for our customers who needed to run errands during their own noon hour.

As of February 1, the Friona Star office hours will be 9 a.m. to 5 p.m. Monday thru Wednesday, and 9 a.m. to 2 p.m. on Thursday. The office will con-tinue to be closed on Friday.

The deadline to guarantee space for advertising or news articles is still 5 p.m. Tuesdays. The Friona Star is printed at the Clovis News Journal plant in Clovis on Wednesday evenings and is processed and dis-tributed every Thursday morn-

ing. "We are on the streets by noon Thursdays," Carr said. "We are proud of our newspaper and encourage our customers and readers to submit local news, announcements, articles, pictures, or information about local events.

The Friona Star office is at 916 Main Street. Phone number is 250-2211, fax is 250-5127, or email frionastar@wtrt.net.

"We appreciate the support we receive from the community and will continue with our goal of providing the best newspawe can every week," Carr

Stew supper and parents night Friday

The local Relay for Life organizers will host a stew supper at the FHS cafeteria Friday February 4 in conjunction with the Olton basketball games. The supper will be served from 5-8 p.m. Cost will be \$4 for adults and \$3 for children under 10 years

This will be the last home game of the 2004-05 basketball season and the final game on the home court for the senior players. Senior parents will be honored and the basketball king and queen will be announced. These activities will take place between the varsity girls and boys games.

Come out and support the cancer relay and the Chief and Squaw seniors in their last home basketball game.

Museum closed for construction

The Friona Pioneer Museum is installing new ceilings and completing repairs to the floor in the Museum. Regular hours on Saturday will be suspended during this construction. They will resume normal Saturday hours as soon as the construction is complete.

Weather, watch by Bill Ellis

Light moisture on four days the past week amounted to .70 inches, and pushed the January total to 2.77 inches.

That was 2.02 inches more than January of 2004. Draw your own conclusions! In fact, the January total was just .22 inch less than January and February combined in 2004.

The week's moisture included about an inch of snow the morning of Wednesday, January 5, and brought the season's snowfall to 16.5 inches, which is above average, with about 1.5 months of winter remaining!

Temperatures for the past week ranged from 71 degrees on Tuesday, the 25th, to a low of 27 on Saturday, January 29. A year ago, January logged

one day with a low of 3 grees and another at 7. Lowest temp the past month was 17 on January 15

Harrington Foundation will make area grants available

The Don and Sybil Harrington Foundation has awarded \$225,000 to be used in a competitive regional fire and emergency medical services grant process for Texas Panhandle communities.

The Panhandle Regional Planning Commission (PRPC) is partnering with the Amarillo Area Foundation to develop and implement the project.

"Protecting citizens through fire and emergency medical services is vital to our quality of life in the Texas Panhandle," said Jim Allison, president of the Amarillo Area and Harrington Foundations. "As we continue to receive more and more charitable grant requests from communities for providing these services, we partner with an agency to award the dollars available to the most decided to critical need areas of the region's emergency services network."

This grant program will mirror the program that was offered in 2001 when 15 fire and EMS departments from across the top 26 Texas Counties were able to purchase various types of equipment including; Jaws of Life equipment, fire/ rescue trucks and ambulances with the grant funding.

In the fall of 2004, the Amarillo Area Foundation board requested that the PRPC serve as the fiduciary and administrative agent in this unique effort. PRPC has established a regional advisory committee of regional fire and EMS stakeholders as a committee of their board of directors. This committee will develop the program guidelines and score applicants for recommendations to the PRPC board. As a partner in this project, PRPC will coordinate all aspects of the competitive

process so that the foundation may consider funding. PRPC will notify all eligible communities (98 fire departments and 49 non-profit/

local government EMS departments) and market the program to ensure all commu-

nities have an equal opportunity to apply. It will provide technical assistance to all interested applicants, assist in the development of grant applications to other governmental agencies, and assist applicants with the development of specs, joint purchasing opportunities and other needed assistance The PRPC recently announced the application deadline is April 13, 2005 and

the grant process includes the following features: · Eligible Projects: Vehicle, equipment and training grants.

· Eligible Applicants: Local government-sponsored or non-profit fire and EMS services located in the 26 counties in the Texas Panhandle

• Selection Process: Needs-based approach, as recommended by a local regional advisory committee, and recommended for approval to the boards of directors of the PRPC, Amarillo Area Foundation and Harrington Foundation. • Awards: 50%-50% split of costs with the local community funding the equal

portion. Entities will compete for a maximum award of a \$35,000 grant. "This collaboration fits the goal of providing assistance in the most needed projects in rural communities while providing a fair and equitable process for applications," said Allison. "We are proud to collaborate with the agency that knows best our rural communities."

Interested applicants are requested to contact Chris Coffman of the PRPC at 806-372-3381.

USDA to visit Parmer County

50¢

Representatives of USDA Ru-ral Development will be at City Hall, Council Chambers Room, 623 Main Street in Friona, on Tuesday, February 15, 2005, from 10 a.m. until noon. A representa-tive will assist individuals with applications and provide information about the various hous-ing, community and business and cooperative programs. USDA Rural Development's

housing programs offer loans and grants to very low, low, and moderate income persons in towns and cities meeting certain population requirements. Programs offered assist qualified persons to buy, build, repair, or maintain a home.

The community programs enhance the quality of life for rural Texans by providing funds to governmental entities, nonprofit organizations and Indian Tribes to enlarge, improve or construct schools, libraries, medical clinics, assisted living centers, public buildings, community centers and fund new and improved water

and wastewater facilities. USDA Rural Development's business and cooperative pro-grams provide the needed capital to expand economic opportunities and development in rural areas throughout Texas by working with banks and community lenders. There is no minimum loan size and the maximum loan

Staying connected

It is a great age to be living in isn't it?

This week I have revisited part of the past and seen glimpses of the future. And I enjoy both. As an old and late friend, Gillis Reid, said to me at his 80th birthday party years ago, "The longer I live the less I feel the same way. I know. But that's okay. I don't re-

ally need to know a lot more than I know right now. I just want to stay connected and enjoy the ride.

My high school basketball teammate Al Podsednik called me this week. He lives in Hous-Since our 40th Hillsboro High School reunion seven years ago, Al has been a subcriber to the Friona Star. We keep up with each other and our high school coach David Dewitt through the paper and mail. We don't so much keep up with each other as we stay connected to the past. Al and I are 66 and 65 years-old now, far removed from our 15-16year-old careers at Hillsboro

High. Also received a call from

(Tr

Dave Barnett this week. He is Rick Barnett's brother and Wesley and Doris' boy. Dave lives in Little Rock, Arkansas, works for the financial firm of Smith-Barney, and was considering advertising his financial planning talents in the Friona Star as well as sending some financial articles to us.

OUT HERE

by Ron Carr

I'm not sure I have ever met Dave. I think I did once when he was visiting during a Maize Days or July 4 holiday. Enjoyed talking to him. Dave is married, has two little ones and one on the way and likes to stay connected to Friona and the area through the newspaper. We had a nice chat about people and places. Thanks for your call Dave.

Also received a note from another former Frionan, Dianne Morgan (Walser). She sent a note with her renewal. Dianne lives in Prosper, Texas, a few miles from Frisco north of the Dallas area. My second oldest daughter lives in Frisco. I wrote about the Thanksgiving shopper crowds at the Stonebriar Mall in Frisco and Dianne's note

said she visits the mall and yes it is often a mess. Thank you too Dianne for staying connected.

Of course being connected today means email, camera phones, PDAs, Blackberry's, centrino processors, laptops, and satellites. This electronic age we live in amazes me on a daily basis.

Ten years ago if we took a picture of a bunch of kids like the one on the front page this week, we would have to ask the kids to stand still for a few minutes while we wrote down their names to go with the picture. That is because we used film and would have to develop it later and hope it was good enough to use. Sometimes after we developed the picture we would take it back to the school to identify the kids but that was double trouble.

Digital cameras solved the problem, made all of us more efficient, and allowed newspapers like ours to take a picture and have it on a page in a matter of minutes. With a digital image you can identify the

people in the picture as soon as you take the picture.

I also went over to the junior high this week to take the pictures of the kids on the back page that collected money tsunami victims. We lined the kids up and took the pictures quickly to minimize their time away from class. Then I brought the digital pictures back to the office, picked the three we would use, and emailed them to principal Kevin Wiseman.

Off the email Kevin identified the students and emailed the names back to us and they were on a layout page in matter of minutes. As an added bonus, the junior high got to keep the pictures we emailed and no doubt will print them off on the school's color printer and hang them in the hallways. Many of our readers have

emailed us pictures for the up-coming Valentine bragging pages. Like Mark Zachary from Abilene. Mark stays connected by subscribing to the Friona Star and through his parents. Gene and Karon who live in Friona and are employed by Friona ISD. Mark emailed some Valentine pictures and his mom Karon came by to pay for them. Not a bad deal Mark. We appreciate you reading the paper.

For those who bring in their pictures we are able to scan them into the computer and let them take the pictures back with them. In years past you would have to leave your pictures with us and come back later, if you remembered, to pick them up,

We all seem to be connected in many ways during this phase of history. Me and Al and Coach Dewitt lived and played and grew up in a simpler, more black and white world. Little could we have imagined the gadgets that influence our lives today

It has been an interesting lifetime. I'm glad we all made it this far. Let's stay connected.

HOMETOWN

HEALTH

To take care of a cold or the

An agenda for a better America

As great a nation as America is, there are always areas we need to address to manage changes in our economy and society. To that end, I recently joined my Senate colleagues to announce "top ten" legislative agenda for the 109th Congress to set clear goals for the next two years to try to make our country a better. First, we are going to beef up our national security and

support our military families. I am committed to expanding our resources to respond to bioterrorism and to acquire better technology to help the Department of Homeland Security detect, prevent, and apprehend terrorists. The families of those soldiers making the ultimate sacrifice for freedom deserve our eternal gratitude. So we will work to increase the military death benefits to \$100,000.

Our top domestic priority is to preserve and strengthen Social Security for future retirees. According to the 2004 Report of the Social Security Board of Trustees, beginning in 2018, the program's benefit payments will exceed the amount of payroll taxes being collected. The time to act is now, because every year we delay makes the cure that much more painful. I support President Bush's plan to offer younger Americans voluntary, personal ccounts and we will consider other proposals to ensure this

venerable program is there for generations to come. Also high on our list is legislation to make our tax code fairer, more efficient, and much simpler. Over the past decade the length of the federal tax code has increased by 48 percent, requiring the average American to spend 23 percent more time filling the forms. We must do better. Adopting a less complex tax system will achieve greater tax fairness and be a significant boon to our economy

Promoting strong families is another priority. When we passed family tax relief in 2001, including a greater child tax credit and relief from the marriage penalty, we did so under the constraints of a 10-year limit. Those tax cuts were among the most effective ever passed and generated significant economic growth. Working families really saw the difference in their disposable income. So we want to make this permanent. People need to know that in 2011, they're not going to have to pay \$1,500 more, on average, because the marriage penalty is back. As a Texan, I will also work to keep the sales tax deductible from federal income taxes.

No list of legislative goals would be complete without a comprehensive energy bill. To boost our national and economic security, we must increase domestic energy production as well as our energy efficiency. A good start would be to enhance incentives for alternative energy such as wind, solar, and cleanburning coal.

We also want to sustain the job creation momentum we started with passage of tax relief in each of the past four years. Congress should make these tax cuts permanent to reduce the tax burden on individuals and small businesses and free up investment to create new employment opportunities for all Americans.

Our fellow countrymen also need to be fully prepared to compete in the 21st Century. Learning is a life-long process. From pre-school Head Start programs to improvements in primary and secondary education, we want to encourage accountability and results. Addressing the cost of higher education and providing incentives for Americans to enter the teaching profession are key aspects of our agenda as well.

An addition item on our list is to rein in out-of-control class action lawsuits, which prop up costs for consumers and harm the economy. This legislation would establish federal jurisdiction where the amount in controversy exceeds \$5 million and any member of the plaintiff class is a citizen of a different state than the defendant

We must address problems in our health care system. This includes measures to make vaccines more readily accessible, improve public health preparedness, and increase the availability of affordable health care coverage through association health plans and expanded health savings accounts.

We want to promote families and protect children. The Child Custody Protection Act would strengthen state parental notification laws by making it a federal offense to transport a minor across state lines to circumvent these statutes.

We have a lot to do in the 109th Congress. Together, we can get the job done, which is why my number one priority is always istening to my Texas constituents and representing their views in

WT awards diplomas To fall graduates

Degrees were officially conferred on 454 West Texas A&M University students during fall commencement exercises Decem-ber 10, 2004 at the WTAMU Event Center. The University awarded 342 baccalaureate and 112 master's degrees.

Graduates with an overall grade point average of 3.50 or higher were recognized as honor graduates and wore gold honor cords. The three levels of honor recognition are Summa Cum Laude (3.90-4.00), Magna Cum Laude (3.75-3.89), and Cum Laude (3.50-3.74). The WTAMU Class of 2004 included 13 graduates with Summa Cum Laude honors, 20 students with Magna Cum Laude honors and 40 with Cum Laude honors.

The graduating class represented 10 states and 71 Texas cities and towns

Friona graduates included Jimmy Arias, Master of Education, Administration; Randy L. Hardin, Master of Education, Instruc-tional Technology; Heather M. Jeter, Bachelor of General Studies, General Studies; and Angela R. Thompson, Bachelor of Business Administration, Accounting.

CCC announces fall graduates

The following Clovis Community College students graduated in the Fall 2004 semester and are eligible to participate in the commencement ceremony to be held on Friday, May 13, 2005.

Students from the Bovina/Friona area were Christopher Dopp, Associate of Applied Science in Graphic Arts; Luisa Cruz, Associate of Science in Business Administration; Patricia Rocha, Associate of Applied Science in Nursing; Penny Dutton, Associate of Applied Science in Nursing, Honors; Tommy DeLeon, Associate of Arts in Liberal Arts; Evangelina Pacheco, Certificate of Comple the Amarillo Museum of Art opens ings, and woodblock prints, Indian, in License Practical Nursing. the Achievements in Art: The Pri- Gandaran, South and Southeast

Cowboy poetry breakfast Feb 12

Well-known cowgirl poet, Sara Gill Northcutt of Miami and Canyon, will headline at the next Cowboy Poetry Breakfast Satur-day morning, February 12, starting at 8 a.m. at the Big Texan Steak Ranch, 7700 I40E.

This tiny dynamo has performed at the State Fair in Dallas, the National Cowboy Culture Symposium in Lubbock, and at some Cowboy Morning Breakfasts, as well as at area events, some of them with her husband, Jimmy, a member of the Regimen of the High Plains and Civil War fame. They have entertained at several children's camps, including handicapped children, and at the Cowboy Christmas Ball at Cottonwood Springs Ranch near Levelland. She and Jimmy also rode in the Rose Parade this year in Pasadena.

The SWCPA was formed to keep alive cowboy traditions, culture and memories. Those interested in the development of the southwest cowboy heritage have a special invitation to attend.

Her program will be followed by members of the Southwest Cowboy Poets Association in an Open Mic session. Cowboy/girl poets, singers, and musicians are encouraged to participate Groups over 10 need to call the Big Texan for reservations at 372-

THINK ABOUT THIS Examine your choice of associates

By T. LEON TALLEY, Sixth Street Church of Christ

This article invites you to consider the influence others have in your life.

Human beings by nature seek the company of other human beings. That's the way God made us and that's the way it should be. However, we need to be selective in our choice of friends. Why? Because our associates have influences on us. The Bible sounds many warnings against choosing the wrong kinds of friends. (Read the following from your Bible along with their

- context. These are just a few found in the Bible.) Ex. 23:2 "You shall not follow a multitude in doing evil."
- Prov. 1:10 "My son, if sinners entice you, do not consent." Prov. 4:14-15 – "Do not enter the path of the wicked." Prov. 14:7 – "Leave the presence of a fool."
- Prov. 22:24 "Do not associate with a man given to anger." Eccl. 9:18 "One sinner destroys much good."

I Cor. 15:33 - "Do not be deceived, bad company corrupts good morals."

Eph. 5:11 - "Do not participate in the unfruitful deeds of darkness, but instead expose them

An unknown poet humorously said it like this: "One night in late October, when I was far from sober, returning with my load of manly pride, my feet began to stutter. So I lay down in the gutter and a pig came near and lay down by my side. A lady passing by was heard to say: "You can tell a man who boozes, by the company he chooses," and the pig got up slowly and walked away

The choice of our friends is up to us but we must realize the damage that can be done if a poor choice is made. Parents, make it your business to know who the friends of

your children are. Do not put your children in a situation that will endanger their moral and religious principles. Above all, try to keep the lines of communication open with your child. Talk with your children about their friends.

Chiefs stung by Hornets, 41-31 Record 20-8, 4-3 **Squaws lose again to Tulia**

BY RON CARR

Is it football or golf that is a game of inches? In high school girl's basketball, the game of inches is usually in height and Tulia's 6'4" post Niki Holt once again led the Lady Hornets to a district win over Friona 60-51.

The game was closer than the score. The Squaws took command early and breezed to lead at the end of the 1Q. Tulia found the range in the 2Q though as they ran away with an 18-6 advantage and held a 23-16 halftime lead over the Squaws.

Friona found renewed energy and rang up 21 points in the 3Q, including 3s by Katy Welch, Brenda Murphree, and Trisha Winebrinner. The Squaws turned it up a notch on defense tea limiting Tulia on defense too, limiting Tulia to 14 points in the 3Q. Things looked good as the Squaws took a come-from-behind 37-36 lead at the end of the 3Q.

The action was fast and furious in Q4. Friona managed only 14 points as Tulia surged to a 24 point quarter and moseyed away to a 9-point win to remain undefeated at 7-0 in District 6-2A. Of the 38 points scored in the 4Q, 23 were free throws, 9by Friona and 14 by Tulia. Each team had 10 team fouls in the second half. The good news is that the Squaws were 14 of 18 from the free throw line for the

Record 21-8, 5-3

game. Tulia went 19 of 24. Friona had five 3s to Tulia's three 3s, but Tulia's all came in the second half.

Tulia managed to outscore Friona in the second half by only a narrow 37-35 margin. Katy Welch was the leading Squaw scorer with 19 points, Winebrinner had 17, B. Murphree 10, Misty Adams 3, and Andrea Geries 2

Friona played a great game. Except for a couple of brief dry scoring runs the Squaws should and could have won the game. But Tulia had some

luck and a 6' 4" post named Holt. She scored 20 points and grabbed a lot of rebounds. It was a game of inches and Friona came up a few inches

Right now it is a race be-tween Friona, Lockney, Tulia and the surprising Olton Fillies. Four teams, three playoff spots. Friona has three games left: Floydada, Olton, and a final game at Lockney. As of last Monday, the Squaws were tied at 4-3 with Lockney for 3rd place. No doubt inches will be important from now on

cop It Up Chiela

TULIA'S 6'4" post Niki Holt (44) tries to catch up with Trisha Winebrinner (40) as she drives the lane in last week's matchup. Tulia won the game and remains in 1st place in District 6-2A. ron carr photo

Winds blow over Chiefs BY DANA D. JAMESON

Starting off slowly and coming to life near the end of the first quarter, the Chiefs showed more hustle against the Floydada Whirlwinds on Tuesday, February 1. But even with more hustle and momentum the Chiefs still came up short in the end.

At half time the Chiefs trailed by only two points 18-16. The third quarter was all Floydada with the Winds hitting 19 points, 37-25. The Chiefs came back in the fourth with 13 points despite a rough and tumble game that more resembled football than basketball. But even with the added points the Chiefs fell to the Winds 49-38

Matt Gammon was hot against the Winds with $15\ points$ including 3-three-pointer. Hector Sanchez dropped in 7 including

Chad Hutson, Hayden Patton and Jon Nava added in 4 each. Hutson hit one three-pointer. Willy Castillo and Rudy Gonzales contributed two points each.

The Chiefs will host the Olton Mustangs Friday, February 4.

BY DANA D. JAMESON The Tulia Hornets visited Friona on Friday, January 28

and stung the Chiefs. Tied at half 10-10, the Chiefs came back the second half and slowly let the Hornets slide into the lead and win 41-31.

Hayden Patton led the scoring with 11 points including 2three pointers and 3 free throws. Patton also had 5 rebounds and one steal to his credit.

Jon Nava and Hector Sanchez each had 6 points. Nava was 2 for 2 at the line with 8 actions of the line with 8 rebounds and an assist. Sanchez had 5 rebounds. Chad Hutson dropped in 5 points including a three-pointer. Hutson had outstanding 5 steals for the night. Matt Gammon scored 3 points with one three pointer and had one steal.

Other Chiefs statistics were Will Hughs 7 rebound and a block, Willy Castillo one assist and a steal, Ramey Alaniz one assist and Rudy Gonzales one assist and a steal assist and a steal.

The Chiefs will travel to Floydada Tuesday February 1 to face the Whirlwinds

JV Chiefs & Squaws split in Floydada

Tuesday night in Floydada.

The Squaws limited the Lady Winds to 6 points in the first half, 31-6 and only 9 more the second half, 41-15

Briar Barnett had a fantastic night hitting 17 points with Miranda Frye dropping in 9.

Kambree Davilla contributed 4 and Leslee Avalos 3. Erica Davilla, Breann Barnett, Julie Echevarria, Deniss Vasquez and Molly Carthel adding in 2 points each

Coach David Towner's JV Chiefs' played a tough game in the first half despite a power failure within the first minute of the game. Leading in the first

Coach Ky Graham's JV Squaws knocked the wind out of Floydada's JV Lady Winds down by one 17-16. The Chiefs came back after

half and let the lead slip to three in the third 26-23. The Whirlwinds got a second wind and came back with 27 points in the fourth to defeat the Chiefs 51-32.

Chance Lewellen led the scoring with 12, Tolby Wilcox 7 and Antonio Monreal 6. Sean Lookingbill dropped in a threewith Andrew Aguirre pointer and Caleb Miller added in 2 each

The JV Squaws and Chiefs' host Olton Friday, February Good Luck Chiefs and Squaws!

Tulia slips by JV **Squaws and Chiefs** BY DANA D. JAMESON

Three seemed to be Friona JV's unlucky number Friday January 28. That is how much each of the JV teams lost by to Tulia. Coach Ky Graham's Squaws led the Lady Hornets at halftime 26-21. Tulia came back after half ready to fight and led at the end

of the third, 37-29. The Hornets only allowed the Squaws points in the third. The Squaws were not to be left behind. With 14 points in the

fourth, they were still short by three when all was said and done,

Leading the scoring was Deniss Vasquez with 14 points, Miranda Frye 8 and Briar Barnett 6. The Davilla cousins, Kambree and Erica, each scored 5 with

Erica contributing 1-three-pointer. Julie Echevarria and Molly Carthel dropped in 2 each and Breann Barnett 1

Coach David Towner's Chiefs held a tight lead on the Tulia Hornets for most of the game on Friday night. At half the Chiefs led 20-19. That one point lead held in the

third 30-29. They widened their lead during the fourth but the Hornets slipped up on them in the final seconds of the game to drop in a free throw and a field goal to pull ahead and win 44-41.

Kelby Monroe led the scoring with 13 points including 2-three-pointers. Chance Lewellen scored 8, Sean Lookingbill 7 and Caleb Miller 6. Lookingbill had one three-pointer. Valente Casas, Andrew Aguirre and Micha Hummes contrib-

uted 2 each with Tolby Wilcox dropping in one.

The Squaws and Chiefs will travel to Floydada on Tuesday February 1 and host Olton on Friday February 4.

IN THE thick of the action underneath, JV Chief Tolby Wilcox (34) goes after a rebound in the Floydada dana d jameson photo game.

9th Squaws win 1st in Dimmitt Tourney

BY DANA D. JAMESON

Coach Lanny Crow has got a great group of girls on his freshman squad this year. They proved it on Thursday January 27 and Saturday January 29 in the Dimmitt Freshmen Tourney by taking first place

In game one on Thursday the Squaws pounded the Lady Mules of Muleshoe, 54-16.

All the Squaws got on the board. Ashley Ingram led the scoring with 19 points including 2-three pointers. Hollis Gurley landed 13 points.

Michelle Martin, Erin Anthony, Brooke Herbert and Morgan Anthony each added 4 points. Erin Austin, Jordan Monroe and Blair Smiley contributed 2 points each.

In game two on Saturday the Squaws led Lady Bobcats of Dimmitt from the first quarter all the way to the end, 44-20.

9th Chiefs win 1st in Dimmitt Tourney BY DANA D. JAMESON

They came, they saw, they conquered. That could best describe Coach Jose Gonzales' 9th grade Chiefs. The Chiefs attended the Dimmitt Tourney January 27 and 29 and easily walked away with first place.

In game one the Chiefs met Muleshoe and led the entire game, 60-54.

Sawyer Reed and Dillon Welch led the scoring with 12 points each; Eric North and Ryan Geries each had 9, ChrisGeries 11 and North and GurleyHaile 8 and Ryan Schwab 6.6 each. Welch contributed 4, Alex Gurley dropped in 3

points and Trent Hudson one. North and Gurley scored one three-pointer each

In game two the Chiefs handled the Dimmitt Bobcats, 50-42.

A former NFL running back, sports official who climbed mountain top in his field, the and a unique basketball-golf the Panhandle area's premier success story lead a distinguished list of honorees set to be recognized during the upcoming Panhandle Sports Hall of Fame ceremonies.

The 47th annual ceremonies are scheduled to begin at 2 p.m., Sunday, February 13, in Ordway Auditorium on the Amarillo College campus in Amarillo. The public is invited to attend the ceremonies, and there is no charge.

Leading the list of honorees are three who will be installed in the PSHOF: former NFL run-Lawrence back ning McCutcheon of Plainview, 133rd member; former football-basketball official Steve Gergeni of Amarillo, 134th member; and Jim Wilcoxson, a Childress native who made a name for himself in golf before a career change enabled him to compile one of the area's most successful basketball coaching careers. Wilcoxson

will be the 135th member. The three inductees will be presented at a press conference beginning at 3 p.m., Saturday, February 12, at the Ambassador Hotel in Amarillo. The press and public are invited to attend this press conference.

McCutcheon, who played on Plainview's first integrated football team in 1967, went on to excel at the college and professional levels. He became Colorado State's all-time leading rusher with 2,917 yards and played in the NFL for 10 seasons, mostly with the Los Angeles Rams. During that decade of playing, he rushed for 6,578 26 touchdowns and yards and had four 1000-yard seasons. He played in the 1980 Super Bowl and now is director of scouting for the Rams.

Gergeni, who retired in 1983 as director of the Amarillo ISD's programs in health, physical education, and safety, made his mark during a sports officiating career that spanned 1937 to 1967. Among highlights of that career were officiating in two NCAA Final Fours in basketball, and two Sun Bowls, one Gator Bowl, and one Sugar Bowl in football.

and state champion golf medallist at Childress, became one of and won amateur gofers after concluding his collegiate career at Texas Tech. He and Housty Brewer teamed to win the prestigious Ross Rogers Partnership in 1967.

He later decided to enter basketball coaching. His high school career began in Booker, continued at Tascosa High School where he led the Lady Rebels to the school's first playoff appearance in girls' basket-

Wilcoxson, an all-state cager at Randall, the Lady Raiders made the playoffs every season and won two state championships. Wilcoxson finished with more than 500 wins in girls' basketball.

Also to be recognized during the ceremonies are coaches and athletes of the year in a variety of sports as well as a variety of special award winners, including Amarillo Dusters coach Don Carthel of Friona.

A reception will follow on the second floor of Parcells Hall on the Amarillo College camball and concluded at Randall pus. The public is invited and High School. During 15 seasons there is no charge.

Sign-up deadline for 2005 EQIP funding

sources Conservation Service for beginning farmers. In 2005, (NRCS) in Texas announced that producers who meet the criteria farmers and ranchers wishing to be considered for 2005 funding in the Environmental Quality Incentives Program (EQIP) should make sure they sign up by the close of business Friday, March 18, 2005.

EOIP was reauthorized in the 2002 Farm Bill to provide a voluntary conservation program for farmers and ranchers that promotes agricultural production and environmental quality as compatible national goals. EQIP offers financial and technical help to assist eligible participants install or implement structural and/or management practices on eligible agricultural land.

In 2005 Texas will receive ap proximately \$64 million in EQIP financial assistance funds and approximately \$5.5 million in Ground and Surface Water EQIP funds

The funds will help farmers and ranchers improve the natural resources on private working lands in Texas," said Dr. Larry Butler, Texas NRCS State Conservationist. "They will be used to solve locally identified resource problems in each country and will also fund special statewide concerns recommended by the Texas State Technical Committee such as water quantity, water and air quality, wildlife habitat, and treatment of invasive species. This program offers cost share and incentives payments to producers applying approved conservation measures.

Butler explained, "Using national and state EQIP priorities, counties working through a Lo-Work Group chaired by the local Soil and Water Conservation District recommended local concerns to be addressed, eligible practices, and cost-share rates and/or incentive programs. This group also

The USDA-Natural Re- recommended cost-share rates is a Limited Resource Farmer or Rancher can receive 90 percent cost share for eligible practices. The group also recommended an application ranking process to prioritize applications for funding. We have reviewed and concurred in all of their recommendations."

will be ranked and those selected for funding will be approved. A conservation planner will develop a contract and conservation plan for each contract that is approved. Producers who have been awarded contracts can then begin implementing the approved conservation practices this year. Local NRCS field offices have complete details for their county

Additional information and access to ranking criteria, pracand cost share rates for can be found at EOIP www.tx.nrcs.usda.gov/programs/

Futures & options seminar rescheduled

A two-day Advanced Topic Series seminar originally scheduled for December 16-17 has been rescheduled for February The seminar is designed to help agricultural producers better understand futures and options, said a Texas Cooperative Extension economist.

'We will focus on how options fit with cash sales and hedging in a marketing plan, why options work and when they don't work," said Steve Amosson, Extension economist, based in Amarillo. "We will also discuss development of marketing strategies and how to use these strategies based on market conditions.

The seminar will be from 9 a.m. to 4 p.m. at the Texas A&M University System Agricultural Research and Extension Center Amarillo. Alan Brugler of Brugler Marketing and Manage-ment will lead the workshop. Brugler, a former director of marketing for Data Transmission Network, provides a market commentary for the network

"He developed the Brugler Cycle Indicator used by many market traders, and has more than 20 years experience as a commodity analyst," Amosson said. "We will use a combination of classroom lectures and small work groups to provide a learning environment similar to our Master Marketer training."

Registration is \$125 per person, and includes educational materials, breaks, and lunch. "Spouses can attend for the same fee, as long as the couple shares materials," Amosson said.

Pre-registration is required. The registration deadline is February 9. To register or to get more information, contact Amosson at (806) 677-5600. Regcontact istration forms are also available at Extension offices.

What's a Refraction?

"Which is better: A or B?" It's a question heard thousands of times in doctor's offices around the country. Have you ever wondered how your doctor checks for what power you need in your glasses? If so, read on. The large two-sided instrument used to check your vision is called a phoropter, or

check your vision is called a phorpter, or refractor. With all of its lenses, it's a convenient method for checking vision. A refractor has dials for both nearsighted (minus) and farsighted (plus) lenses. It also

(minus) and farsighted (plus) lenses. It also has cylindrical lenses which are for astigmatism. A refraction is simply the process of determining which lenses, plus or minus, astigmatic or not, place a visual image most directly on the retina. Having your old glasses with you help the doctor in making the prescription. Most eye care professional will tell you that refracting is both an art and a science. Good refractions come through the experience of knowing what works and what doesn't. Your symptoms work demands and past prescriptions. If any, all Vour symptoms, work demands, and past prescriptions, or a volume of knowing what works and what doesn't. play a role in your final prescription. Pesticide applicator recertification

By MONTI VANDIVER, Parmer County Extension Agent-IPM The Texas Pesticide Regulations contain re-

certification requirements for maintaining applicator skills and competency for safety and proper pesticide use through continuing education. Private applicators must obtain 15 continuing education units, including a minimum of 2 credits each of integrated pest management and laws and regulations, in order to recertify

Commercial and noncommercial applicators must earn a minimum of 5 credits per year, including a minimum of one CEU each in a choice of two of the following categories: laws and regulations, integrated pest management (IPM), or drift minimization. Recertification credits can be obtained by attending a TDA accredited course

Currently there are several accredited sponsors who offer continuing education courses either by self-study or over the Internet. Most of the courses have registration fees per credit hour. Applicators must maintain these and selfcertify CEU completion to renew their license Private applicators may also earn the required credits by passing the recertification exam that includes questions on information covered in continuing education courses. Applicators who fail to meet the requirements will be denied license renewal until the required credits are earned. The recertification date for most licenses is February 28.

If you address has changed since you last received a pesticide applicator's license, and or your license information does not include a physical address, TDA must be provided with this information via a change of information

Information about approved TDA courses or the "change of information" form can be found by calling TDA 806-799-8555 or Texas Cooperative Extension 806-481-3300, 806-272-4583, or by Internet at "http://www.agr.state.tx.us/pesticide/ index.htm'

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AN EXISTING FACILITY AIR PERMIT

PROPOSED AIR QUALITY PERMIT NO. 73405

APPLICATION AGP Grain Marketing, LLC, has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of an Existing Facility Air Permit, Air Quality Permit No. 73405, which would authorize operation of the previously grandfathered emission sources at the Popcorn House Grain Handling Facility located at 300 S. Bester, Bovina, Parmer County, Texas. The facility will emit the following air contaminates: particulate matter including particulate matter less than 10 microns in diameter. This permit will not authorize new construction or an increase in emissions.

This application was submitted to the TCEQ on or before August 31, 2004. The application is available for viewing and copying at the TCEQ central office, the TCEQ Amarillo regional office, and the Parmer County Courthouse, 401 $3^{\rm vid}$ Street, Farwell, Parmer County, Texas. The facility's compliance file, if any exists, is available for public review in the Amarillo regional office of the TCEQ.

The TCEQ executive director has determined the application is administratively complete and will conduct a technical review of the application.

PUBLIC COMMENT/PUBLIC MEETING You may submit public comments or request a public meeting or request a notice and comment bearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public comments is 30 days after newspaper notice is published.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

After the final deadline for public comments following any public meeting or notice and comment hearing, the executive director will consider the comments and prepare a response to all relevant and material or significant public comments. If comments are received, the response to comments, along with the executive director's action on the application, will be mailed to everyone who submitted comments or is on a mailing list for this application.

OPPORTUNITY FOR A NOTICE AND COMMENT HEARING A person who may be affected by the emission of air pollutants from the site may request a notice and comment hearing. The TCEQ may grant a notice and comment hearing on this application if a written hearing request is filed within 30 days after publication of this newspaper notice. The purpose of a notice and comment hearing is to provide an opportunity to submit comments on the draft permit. If a notice and comment hearing is granted, all individuals who submitted written comments or a hearing request will receive written notice of the hearing. This notice will identify the date, time, and location for the hearing. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in the proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific application mailed by the Office of the Chief Clerk by sending a written request to the TCEQ Office of the Chief Clerk at the address below.

INFORMATION Written public comments or requests for a public meeting or requests for a notice and comment hearing should be submitted to the Office of the Chief Clerk, MC-105, TCEQ, PO. Box 13087, Austin, Texas 78711-3087. For more information about this permit application or the permitting process, please call the Office of Public Assistance, Toll Free, at 1-800-687-4040. General information regarding the TCEQ can be found at www.tceq.state.tx.us.

Further information may also be obtained from AGP Grain Marketing, LLC, P.O. Box 2047, Omaha, Nebraska 68103-2047 or by calling Mr. Ben Brandvik, General Manager of Texas Operations at (806) 251-1521.

NOTICE OF CONCENTRATED ANIMAL FEEDING OPERATION APPLICATION General Permit Authorization No. TXG92002

APPLICATION. HOWARD FLEMING, 1452 Highway 214, Friona, Texas 79035 has applied to the Texas Commission on Environmental Quality (TCEQ) under General Permit No. TXG920000 for authorization to operate a new dairy facility at 4,000 head of which 3,000 head are milking in Parmer County, Texas. The notice of intent was received by TCEQ on August 23, 2004. No discharge of pollutants into the waters in the state is authorized by this general permit except under chronic or catastrophic rainfall conditions or events. All waste and wastewater will be beneficially used on agricultural land.

e proposed facility will be located on the east side of Highway 214, approximately one mile south of its intersection with Highway 96 in Parmer County, Texas. The facility will be located in the drainage area of White River Lake in Segment No. 1240 of the Brazos River Basin.

A copy of the notice of intent, application, the Executive Director's technical summary, and the CAFO general permit is available for viewing and copying at the Parmer County Courthouse, County Clerks Office, 401 3^{ed} Street, Farwell, Texas 79325.

The Executive Director of the TCEQ has made a preliminary decision to approve coverage of this facility under General Permit No. TXG920000.

PUBLIC COMMENT. Written public comments may be submitted to the Office of Chief Clerk, at the address provided in the information section below, within 30 days of the date of newspaper publication of this notice. In addition, the public may request a public meeting. If significant interest exists, the Executive Director will direct the applicant to publish a notice of the public meeting and hold the public meeting. The applicant must publish notice of a public meeting at least 30 days prior to the meeting in a newspaper of general circulation in the county in which the CAFO is proposed to be located. The Executive Director will consider all relevant information pertaining to whether the applicant meets the requirements of the general permit and will issue a written determination as to any final action on the notice of intent for coverage under the general permit.

FORMATION. Written public comments should be submitted to the Office of the Chief Clerk, MC 105, TCEQ, P.O. Box 13087, Austin, Texas 78711-3087. For additional information, about the application or the procedure for public participation in the general permit process, individual members of the general public may contact the Office of Public Assistance at 1-800-687-4040. General information regarding the TCEQ can be found at our web site at www.tceq.state.tx.us.

Students pitch in for tsunami relief

Over 150 pounds of cash was collected by the Friona junior high campus to donate to the

What started as a simple \$600 goal for the entire junior high school ended up being a total of \$2,061.48 collected by the students. Each grade, 6th, 7th, and 8th, collected more than the original \$600 goal. The 6th grade students col-lected \$600.57, the 7th graders gathered \$699.80,

FHS Choir offering singing valentines

Again this year the Friona High School Choir will deliver their version of a singing valen-

tine to your special person(s). For \$10 choir members will visit your valentine at the loca-tion you specify and as close to the time you specify as possible and sing love tunes to your valentine.

Because of scheduling and the school's February ski break, Monday February 14 is a school holiday. The FHS choir will deliver their singing valentines on February 15. Choir members will be out

selling their singing valentines. If you want to order contact Allison Johnston at the high school or any choir member. Orders by February 8 are \$10 and after February 8 \$15. Money raised is used toward choir trips.

and the 8th grade class total was \$761.11. Junior high principal Kevin Wiseman said the money, mostly coins, was put in a large plastic water container and the money weighed 137 pounds. Combined with a smaller container of money, the total weight of the collections was over 150 pounds. Pictured below are students representing each of the three classes with the two containers of money.

Students nominated for NHS scholarships

Andrea Geries and Tyler Jameson, seniors at Friona High School and members of the Miller-Wilson Chapter of the National Honor Society, have been nominated to compete in the National Honor Society scholarship sponsored by the National Association of Secondary School Principals (NASSP).

FHS principal Denver Crum announced the nomination which places Andrea and Tyler in the national competition. Two hundred national NHS winners will be chosen this spring to receive \$1,000 college scholarships

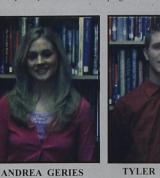

High school National Honor Society chapters from across the country were eligible to nominate two seniors to compete. Nominees were selected based on their leadership skills; participation in service organizations and clubs; achievements in the arts and sciences; employment experience; and academic record. They were also

required to write an essay

"Students nominated for the NHS scholarship are role models for their peers, not only for their academic achievements but also for their outstanding accomplishments in the areas of service, leadership and charac ter," said Rocco Marano, NHS director.

> While at Friona High School Andrea has been president of NHS. She has served as a class officer, participated in student

council, and serves as senior yearbook editor. She is a member of Thespian Troupe 1379 and participates in basketball, track, tennis, and cross country. At FHS Tyler has served as secretary of NHS and senior yearbook editor. He is a member of the Science Club and was selected for Who's Who among high school students. He is the trainer for the Chieftain sports programs.
