

NOT DETROIT OR ST. LOUIS. . . . Just the Texico transport terminal for automobiles being trucked from the factories to California.

A \$10,000 terminal is being built on the lot just east of the port of entry, to consist of a concrete ramp, service station, repair shops, floodlights, and cafe.

The Texico site was selected by the Landy Engineering and Trucking Company because of its strategic location at a halfway point in the overland haul; and because of the load limit of four cars in Texas compared to six in New Mexico. Thus transport trucks from the West can pick up as many cars in two loads at this site as have been unloaded there by three trucks from the East.

Parmer Farmers Plow, Spray in Race To Save Excessive Row Crops in County

Storage Problems Being Eyed By Farmer-Grainman

Spraying Continues In Damp Weather or Dry

Whether the future holds rain and more rain, or dry weather prevails in the Panhandle for a few weeks, Parmer County farmers are anticipating a bumper grain crop from the more than 175,000 acres planted to grain sorghums throughout the county.

Feed ranging from early Martin Milo to late hegarri is growing with the weeds locally in a race only to be stopped with immediate plowing for the weeds or extensive spraying. Due to the series of rains and showers throughout July, feed was planted at a wide variation of time, and some may be seen just coming up alongside crops already in the boot. A veritable checkerboard of fertilized fields over the county adds to the variation in growth of the bumper crops, also.

Many local farmers are spraying their fields from the air, as the 2-4-D solution proves effective on rank weed growth in wet weather or dry; the planes spreading the weed-killers can operate most any day, not having to wait for dry weather or particularly "still" days as is the case when dusting.

E. T. Jennings of the Benger Air Park, who has been spraying extensively in Parmer, Deaf Smith and Castro counties, estimates that the peak of the spraying is hardly reached, and he has already treated some 2,000 acres in Parmer County; he hesitates to predict the large total highly possible. Jennings also reports some acreage of corn being sprayed from the air.

ON VACATION

Mr. and Mrs. Von Bowen, Kay Collins and Donna Smith left Tuesday morning on a two weeks vacation. They are to visit Albuquerque, N. M., the Petrified Forest and Painted Desert in Arizona, going from there to Grand Canyon, Arizona, the Boulder dam, then to Los Angeles, San Francisco and Hollywood, Calif., and also see the Redwoods and all parts of interest in California, and return by Phoenix, Ariz., where they will spend a few days with relatives of Mrs. Bowen and Kay.

Bridal Shower Honors Mrs. Fred Pope Here

Mrs. Fred Pope, nee Jennell Dukes, was honored by a bridal shower Saturday in the home of Mrs. C. B. Hanson.

The bridal colors, aqua and white, were vividly displayed in the decoration theme. The gifts were hidden and alarm clocks revealed their hiding places.

Refreshments of punch, devils food cake, and cookies were served to the twenty-five guests. Twenty-three others sent gifts.

Hostesses were Mrs. Wilson, Mrs. F. E. Gaines, Mrs. Bill Hadley and Mrs. Hanson.

Mr. and Mrs. Pope will be at home in Borger

Requirements Are Set for Enrolling In Friona Schools

"Before children can enter school this year they must have small pox shots and their diphtheria immunization must be up to date; and the Sheick test should also be given if the child has not been tested for some length of time," said Dr. Paul Spring, county school doctor, this week.

A complete physical examination is recommended for those who will enter school for the first time this year. Children must be six years of age before Sept. 1 and birth certificates will be required upon entrance at the beginning of school in September. Supt. Caffey has stated.

Plainview Hearing Called Regarding Water Districts

Parmer Included Among 21 Counties Notified

Parmer County is among 21 Panhandle-South Plains counties given notice of a public hearing in Plainview August 29 at which the State Board will "designate any or all (of the counties) as an underground water reservoir or subdivision thereof."

The Board recently returned filing fees for petitions submitted by Lamb, Hale and Hockley counties, announcing that it has jurisdiction on its own motion under provisions of law to set a hearing. The Board felt that one hearing would expedite the designation required by law.

Counties named in the hearing notice were Armstrong, Bailey, Briscoe, Castro, Cochran, Crosby, Deaf Smith, Dickens, Floyd, Garza, Hale, Hockley, Lamb, Lubbock, Lynn, Oldham, Parmer, Potter, Randall, Swisher and Terry.

Mr. and Mrs. Bert Neeley and sons Robert and Richard, are moving into the John White house just west of the hospital this week.

RURAL TELEPHONE SERVICE IS ONE STEP NEARER

Tommy Jones, Jimmie Gore, Keith Brock Receive Lone Star Farmer Degrees

Awards Were Presented At Childress Banquet

Among the 67 young men presented with Lone Star Farmer Degrees at a banquet in Childress last Friday were Tommy Jones, Jimmie Gore and Keith Brock of Friona. Robert A. Manire, state supervisor of agriculture education, Austin, presented the awards at the annual banquet for Area XI at the Childress hotel.

To earn the Lone Star Farmer Degree an F. F. A. boy must complete all the vocational agricultural courses offered in the school attended or at least three years; must be able to lead a 40 minute group discussion, must have earned at least \$250 on his supervised home projects and the money earned must be in the bank or invested in livestock or equipment. In addition, the boy keeps records of each project. Work in other subjects must also be acceptable.

Jimmie Gore had as his project this year five head of dairy cattle, one litter of fat pigs to market and one sow. Jimmie was on the Farm Skill demonstration team that won state and will complete his fourth year of agriculture next year.

Keith Brock had six beef calves, handled 42 head of hogs, had one jersey heifer and a field crop as his project. Keith will be a senior and complete four years of agriculture next year.

Tommy Jones had two Jersey cows, two sows for litters and one fat litter as his project. Tommy graduated this year, having four years of agriculture accredited him.

All three boys have won prizes at fairs in Friona, Plainview and Amarillo with their animals and projects. They have been of extensive service to the local F.F.A. chapter.

Services Held For Mrs. Mary Mahon, Friona Resident

Funeral services were conducted Monday at the Church of Christ in Friona for Mrs. Mary E. Mahon, Friona resident of 17 years.

Mr. Herb Sweeney, Church of Christ minister, conducted the services with Gilliland Funeral home officiating. Pall-bearers were John Blackburn, Roscoe Ivy, Fern Barnett, Clay Denton, Eune Bogges and Steve Struve. Burial was at Friona.

Mrs. Mahon, ninety-two years old, had been extremely ill for the past seven months, and she passed away at the Parmer County Community hospital here. Mary Eleanor Walker was born Dec. 11, 1857 in Franklin County, Illinois.

She was married to William P. Sims, March 7, 1878. Of this union there were five children. She was preceded in death by Mr. Sims on Dec. 8, 1918, and by three children, Theodor Sims, Eleanor Sims, and one infant son.

Two daughters survive, Mrs. J. F. Miller of Friona and Mrs. Myrtle Whaley of New Market, Tenn.

Eleven grandchildren, twenty-eight great-grandchildren and four great-great-grandchildren also survive.

In October, 1924, the deceased was married to James Mahon who died Dec. 21, 1928.

Mrs. Mahon was an active member of the Church of Christ since she was a young girl.

She came to Friona in 1933 where she made her home with her son-in-law and daughter, Mr. and Mrs. J. P. Miller until her death on July 29, 1950.

Family Night Will Be Observed Sunday By Congregationalists

The August Family Night for members and friends and their families of the Congregational church of Friona is to be held in the church parlors at 7:45 p. m., August 6, opening with the usual luncheon. The program following will include pictures, "A Visit to London" and "Is Your Home Fun?"

The sermon for the morning worship hour, 11 a. m. is to be of the old testament series and the subject is "The Burning Fiery Furnace," according to the Meyer.

Sunday school is at 10:00 a. m. with Otho Whitefield as superintendent.

Mr. and Mrs. S. L. McLelland and family left Wednesday to visit friends in Oklahoma City.

Fred Neff, Businessman And Hereford Potato Farmer, Dies Wednesday

Fred Neff, 35, prominent farmer and businessman of Hereford, well-known in Friona, died Wednesday afternoon after a short illness. Neff broke his right arm July 11 at Neff Brothers' Potato shed in Hereford, and pneumonia later set in. He had apparently recovered, however, and had been feeling fine for about a week before his unexpected sudden turn for the worse.

Survivors include his wife and daughter, Lynda Jane, his mother, Mrs. Mary Eva Neff of Fresno, Calif., and three brothers, Herman of Hereford, Ernest of Salisaw, Okla., and Otto in Nevada.

Church Party Scheduled By Methodists Friday

An all-church party is planned at the Methodist church in Friona Friday night at 8 o'clock.

The party is sponsored by the MYF young people and will be held in the church annex.

Washington Representatives Confer On Plans and Feasibility of Allotment For Three-County Phone Cooperative

4-H Encampment Begins Monday at Lubbock Campsite

Some fifteen Parmer County 4-H boys plan to attend the District 2 Encampment scheduled for August 7-8-9 in Lubbock, County Agent Joe Jones has indicated.

The annual camp is held at a special site at the Lubbock Fair grounds where time is spent in swimming, baseball, target practice and leathercraft.

Local boys attending include Weldon Crim, Jimmie Ivy, Robert Ivy, Jerry Gleason, Jim Roy Daniel, Don Owens, Bobby Gene Callaway, Larry Ezell, Donald Barron, Donnie Carpenter, Billy Johnson, Eddie B. Smith, and Arlin L. Smith and Dwain Menefee. County Agent Jones and an adult leader will accompany the group.

Additional Applications Are Taken Through REA Office, or by Directors Carpenter and Schlenker

Washington representatives of the loan division, Rural Electrification Administration, spent Monday and Tuesday in this area checking the progress and possibilities of rural telephone service by REA in Parmer, Deaf Smith and Castro Counties.

A comprehensive survey by engineers was promised for execution in the next thirty days, to determine if service for approximately 1000 connections in the three-county area will be feasible. Over 700 applications are now on file; 300 more are needed, and anyone desiring to apply for this service should make application now to the Hereford REA office or to one of the seven directors of the West Texas Rural Telephone Corporation; Harold Carpenter of Oklahoma Lane, and Floyd Schlenker of Rhea are Parmer County directors.

Mr. Leo Forrest, Deaf Smith Rural Electric manager, in a telephone conversation with the Star, was optimistic regarding possibilities of a "go-ahead" for the telephone service here. Contingent upon the engineers' survey, the allotment for construction is highly probable; but material scarcity and available funds could easily stymie an otherwise speedy completion.

This area group was the seventh in the entire United States to make complete preliminary application for the telephone service. Since October 28, 1949, when the plan was announced, the local organization has been quite active in surveying the local needs, and in submitting all proper maps and papers to the national Rural Telephone authorities. In fact Manager Forrest has just returned with a conference of regional and national engineers in Corpus Christi regarding this program.

It is pointed out that though rural telephone service is being operated at the present time on some lines in the nation bought from private companies, there are no operating systems as yet conducted under the REA plan; therefore a go-ahead on the local installations would place this cooperative among the very first in the nation to enjoy the service.

Early estimates indicate an allotment and loan of at least \$400,000.00 would be necessary to provide the three-county service here. Within sixty days definite announcement should be made if this expenditure is feasible, Forrest said.

Schlenker Home Was Site of Church Picnic

The church school of the Congregational church of Friona held its annual picnic on the afternoon of July 30 at the home of Mr. and Mrs. Schlenker. Following games and visiting, an outdoor luncheon was served around the outdoor fireplace with "hot dogs" as the feature. Mrs. Glen Reeve was in charge of the games and assisted by Mrs. Otho Whitefield with the superintendent of the school, Otho Whitefield in charge of the "food."

The day closed with a vesper service held in Easter Canyon with the Rev. Mrs. George E. Meyer as the speaker, using "Trees" as the central thought of her talk.

Babies
Mr. and Mrs. John C. Guinn, Wednesday 19th, Peter Jones.
Mr. and Mrs. Ralph Smith, 20th, girl, Mary Ralph.
Mr. and Mrs. John Allen, boy, 30th, Tommy Frank.
Mr. and Mrs. Vernon Cozart, boy, 30th.

C. C. Dodson, linotype operator at the Star, is leaving today on a vacation with his family. They will visit a son at Houston, and stopping at Dallas for a day.

Legion Post Meets Monday Night; Will Install Officers At Dimmitt Tues.

The August meeting of the Friona post of the American Legion will be held Monday night at 8:00 o'clock, before which time all Legionnaires are requested to return all ballots for new officers. The ballots will be tabulated at that time.

Tuesday night there will be formal installation ceremonies for post officials at Dimmitt. This is the first time that all posts of this area have gathered together to have joint formal ceremonies. Both Legionnaires and members of the Auxiliary are urged to attend the district meet at Dimmitt according to Post Commander O. J. Beene.

S. S. Prichard brought the smaller potatoes in . . . he didn't want to cut the larger ones in two to carry them! These Number 1 spuds were dug on the Miller farm north of Muleshoe where T. E. Miller and son, W. T. Miller, have harvested some 410 sacks of potatoes per acre on 50 acres. He reports ninety-nine per-cent of them were number ones!

One spud brought in by Prichard measured 18 inches around and 6 1-2 inches long, weighing two and one-eighth pounds!

Local Delegates Tell of Week of International Fellowship, Programs

The Chicago Board of Trade, big league baseball, style shows by Marshall Fields, Skid Row, and Chinatown — all these are vivid memories to Mr. and Mrs. J. T. Gee, Friona Lions club delegates to the recent Lions International convention held in Chicago.

Mr. and Mrs. Gee recounted many of their full week of experiences in a report to the local group in regular meeting last Thursday night at the same time expressing their appreciation to the local club for sending them to the meet.

The Gees stayed at the Hotel Stephens, world's largest hotel, also convention headquarters for over 22,000 delegates. From that home base they ventured out each day, cramming a month of tours into the one week. "No couple could have seen more than we did," Mrs. Gee said.

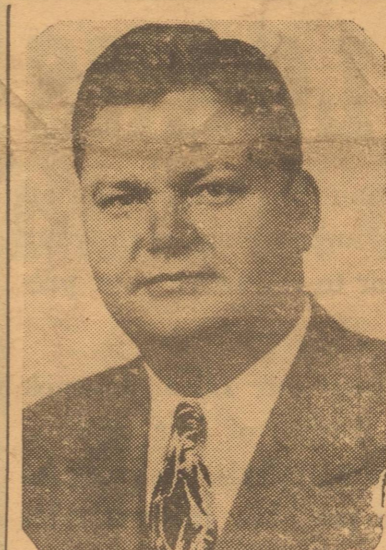

On Thursday morning Mrs. Gee was a guest on the Breakfast Club. ABC aired daily radio program. Only five ladies were privileged to appear on the slate with the master of ceremonies, Don Ameche, these five being selected from a canvas of cards previously filled out by the attendants stating what they would say were they selected for participation. Mrs. Gee gained her position among the lucky five by telling of the badge she wore, displaying in large letters M-A-I-K (meaning "Man, Am I Confused")

The Friona representatives counted among highlights of the convention the stage produced comedy "Two Blind Mice" the satire of national government starring Melvyn Douglass, the trip through the stockyards (first time for Mrs. Gee); visits to historic points such as the first church erected in Chicago, the spot where Mrs. O'Leary's cow kicked over the historic lantern; the Marshall Fields store; Adler Planetarium; Hull House and many other points.

Among convention presentations most enjoyed was the "Calling of the Flags" where girls from every nation entered onto giant stage, dressed in native costume of their country, and escorted by United States Marines bearing flags of the respective countries.

At the much-publicized breakfast attended by 6,000 ladies (reportedly the largest group of women ever served for one meal in Chicago) some 11,000 eggs were served, together with 190 hams, 7,000 rolls, and 2,750 melons!

Texas was well represented at the convention, Mr. and Mrs.

Herbert C. Petry, Jr., was elected president of the Lions International association at the Chicago convention recently attended by Mr. and Mrs. J. T. Gee of Friona. Mr. Petry is from Carizzo Springs, Texas.

Gee report, with most delegates wearing gold shirts, 10-gallon hats, and boots. Certainly, the Texas group was the loudest and friendliest there, they agree. The Texas Tech Glee club was outstanding in its appearances before the convention, sharing equal recognition with Bob Crosby, Dick Contino and his accordion, and a host of other nationally-known entertainers.

Bateman Is Named Manager of Farwell Elevator Company

Effective August 1, Alex Bateman of Farwell has been named general manager and part owner of the Farwell Elevator Company there. Bateman, formerly employed with Roberts Grain Company, is no stranger to this area as he was county agricultural agent in Parmer and Deaf Smith counties for a number of years.

Mr. Bateman says that an expansion program will be launched in services and physical installations of the plant in Farwell. Certified seed will be stocked, as well as the line of Vit-A-Way fertilizers; top prices will be paid for grain at all times.

AWAITS FIFTH APPARITION OF VIRGIN MARY. . . Mrs. Mary Ann Van Hoof, 40 (center) kneels with a number of men, women and children—some with incurable diseases—at a designated spot on her farm near Necedah, Wis., awaiting what she called the "fifth apparition of the blessed Virgin Mary." She reported the Madonna had previously promised to appear at noon on the Feast of the Sacred Heart. The other four appearances have been since April, she reported.

**Community Service
Is Responsibility
Of Business Man**

Occasionally you will find a person who may be doing too much community service. Ordinarily you will find the average citizen too indifferent to the needs of his community.

So it was refreshing the other day to read in Investor's Reader, publication of Merrill Lynch, Pierce, Fenner & Beane, brokers about the views of Frank Lunding, 51 year old president of Jewel Tea Company, which he has developed into one of the largest food retailing firms in the nation.

Lunding, a graduate of the University of North Dakota, went into big business through the law. Recently he became chairman of Lever Brothers, big soap and shortening manufacturing company.

"But the most important reason for the Loop (Chicago) office is Frank Lunding's vast outside activities," states the Investor's Reader. "Aside from his new Lever job, he is chairman of the Chicago Reserve Bank, head of the Chicago Community Fund's quota committee, chairman of the National Association of Food Chains' public relations committee and a member (and ex-chairman) of its executive committee. In addition he is on the advisory committee of Northwestern University and 'Oh yes, I'm also president of my local school board out in Highland Park.'

"These extra-curricular functions stem from active Lunding's basic philosophy: 'I think in business today we have a responsibility to the public to do our share by supporting community activities and working for the betterment of the community. It's more than just public relations or something to be reflected in the amount of business we do. It's a moral obligation.'"

Heading an institution that makes sales in 42 states, Lunding is willing to take time to do his share of public work. If every Panhandle business and professional man and woman could be convinced that there is a need for work to be done in this city, what a change there could be in our life. Panhandle has done well, but there is much that needs the work and leadership of scores of persons.

KITCHEN MEMO
BY
MAN CLARK

The label of "boardinghouse dish" has been tagged to *Trifle* too long. When correctly made, it's a fit dessert for the most epicurean company into a shallow serving dish pour $\frac{1}{2}$ cup sherry. Then put into dish 1 single layer sponge cake (two or three days old) cut into fairly thin slices, spread with currant jelly, raspberry or strawberry jam. While cake soaks up the wine make a boiled custard: Scald 3 cups milk in top of double boiler. Beat 3 eggs with $\frac{1}{4}$ cup sugar and $\frac{1}{2}$ tsp. salt. Pour the hot milk over this stirring constantly. Put back into top of double boiler, cook over medium flame. Stir continuously until just barely thick. Remove and stir in $\frac{1}{4}$ tsp. vanilla. Let cool with cover on, then pour over cake in wine. Chill well. Decorate with dots of jelly or jam and whipped cream if you wish. 4 generous servings.

Several families in multiple buildings can share an average size gas incinerator because it burns up three bushels of garbage per hour. Operating cost is low.

Simple cheese sauce. Heat 1 cup evaporated milk over hot water, pour into $\frac{1}{2}$ lb. grated Cheddar cheese. Stir gently until smooth.

Mushrooms shrivel up and toughen unless they are cooked quickly over a low flame.

A once-a-year check by an expert service man will keep the flues of your gas space heater clean and unblocked.

Baked stuffed peppers, tomatoes, apples or onions keep their shape better if put into a muffin pan.

results of the 1950 antelope census is completed. The executive secretary indicated that the total permits allowed may be less than during the last open season in 1948.

Texas with a first priority rating are being notified and are being sent application blanks. Other hunters may receive the blanks by writing the Game department. Their names will be placed on the eligible list when they return the filled-out blank along with the \$5.00 special license fee.

Official regulations are available at the Star office.

I help build SUB STATIONS?

THAT'S RIGHT . . . many a housewife has a lot to say about building your Public Service Company.

How? Through her investments, of course. Whether it be a sub station or a service car, our company is truly "owned" by the stockholders—ministers, doctors, lawyers, teachers—yes, even you or your neighbor . . . and no one of them owns more than 2% of the total stock.

Perhaps you have a savings account—or a life insurance policy—it's pretty certain that some of those funds have been re-invested in your Public Service Company. And so, you see, we really belong to the people. It's a working example of free enterprise . . . the system that has made America great and strong.

25 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Price Support Is Announced For Hay, Pasture, and Range Grass Seed

The Production and Marketing Administration of the U. S. Department of Agriculture has announced a price support program for 1950 crop hay, pasture and range grass seed, designed to encourage increased production to meet expanding requirements for soil-building crops during the next few years. Particular emphasis is put on the production of improved varieties of seed.

The seeds included are alfalfa, various kinds of clover, lespedeza, except Korean and Kobe, and a number of grasses. Price supports will be offered only to producers and will range from 3 1-2 cents a pound for common Sudan seed to \$1.35 a pound for certified Ladino clover.

Farm-storage and warehouse-storage loans and purchase agreements will be available to producers from time of harvest through January 31, 1951.

Antelope Hunting Details Announced

The executive secretary of the Game Fish and Oyster commission announced details of the special antelope hunt west of the Pecos, October 2 to 10, inclusive. First priority will be given permit holders for the 1948 hunt who withdrew their names in time for assignment of an alternate. The alternates were those whose names were not selected in the drawing which was required when more than 702 applications for permits were made.

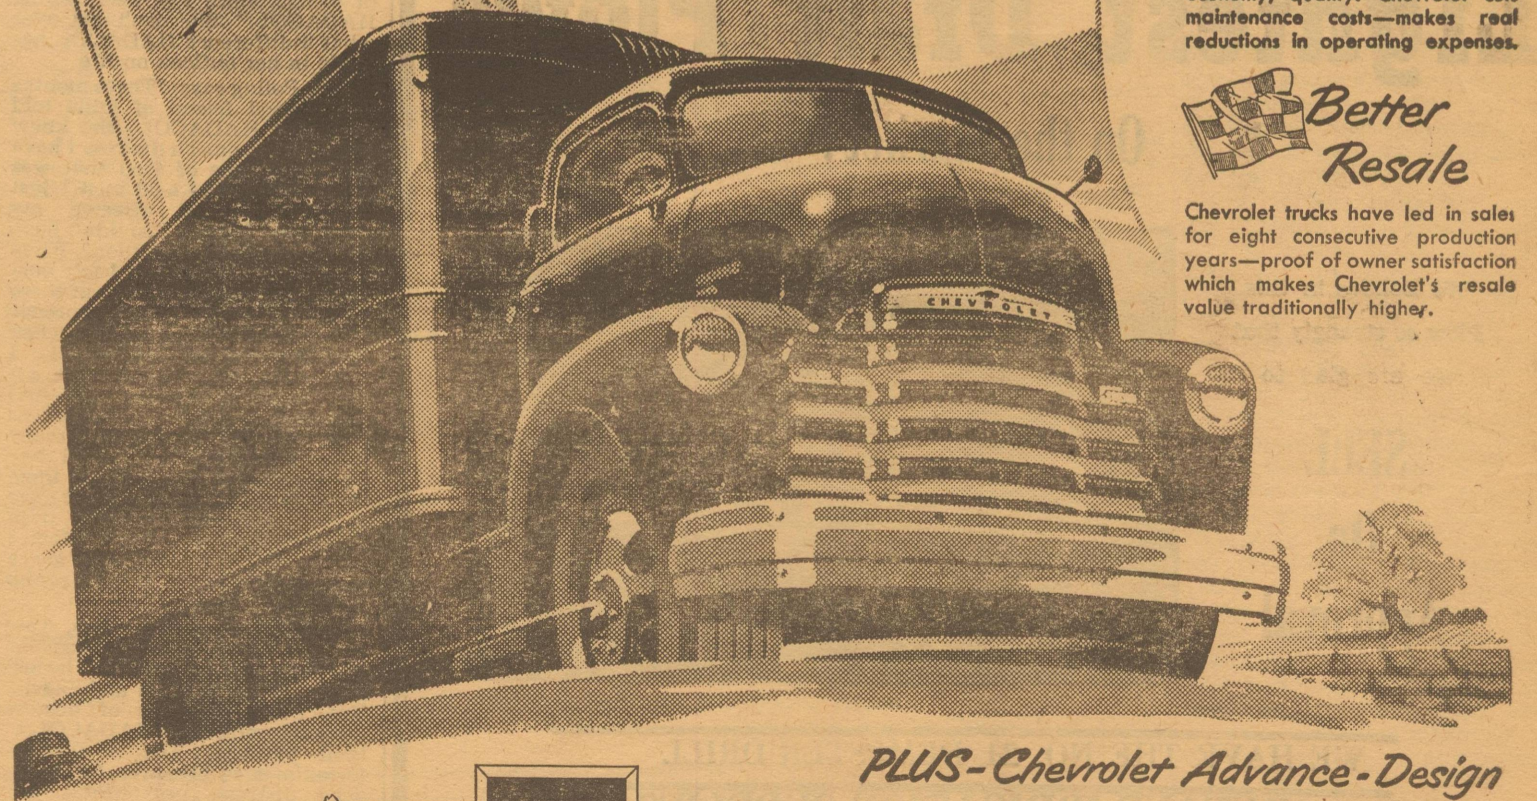

Regulations for the hunt provide that persons who did not apply for an antelope shooting permit in 1948 shall have number two priority. The 1948 permit holders have number three priority.

The number of permits for this fall will not be set until the

DIESEL ECONOMY
with CUSHIONED POWER

THE NEW MASSEY-HARRIS "44" DIESEL

A different kind of Diesel farm power, the Massey-Harris 4-cylinder "44" Diesel brings new efficiency . . . new economy . . . new pulling power . . . new money-saving field performance to the Diesel farmer. It's the result of an amazingly simple engine design. A special firing chamber—called a Dyna-Cell—creates a cyclonic rotary turbulence of the burning fuel on every power stroke. Burning fuel swirls the full-length of the stroke exerting equal pressure on the piston during its travel. Fuel burns slower, smoother . . . delivers a pushing force. It's cushioned power. Dependable power. Greater lugging power because there's full power on every stroke of every piston.

See us soon for complete information . . . be sure to ask about Cushioned Power and Dyna-Cell design.

Friona Lumber Co.
"Where the Home Begins"

Mrs. Ann Poling, 609 Delaware St., Indianapolis, Indiana, who was suffering from deficiencies of Vitamins B₁, B₂, Iron, and Niacin, smiles as she pours herself another cup of coffee. Mrs. Poling says life lately is like it used to be years ago . . . "that is, of course, since I've been taking HADACOL." She can't get over what a difference HADACOL has made in her outlook on life.

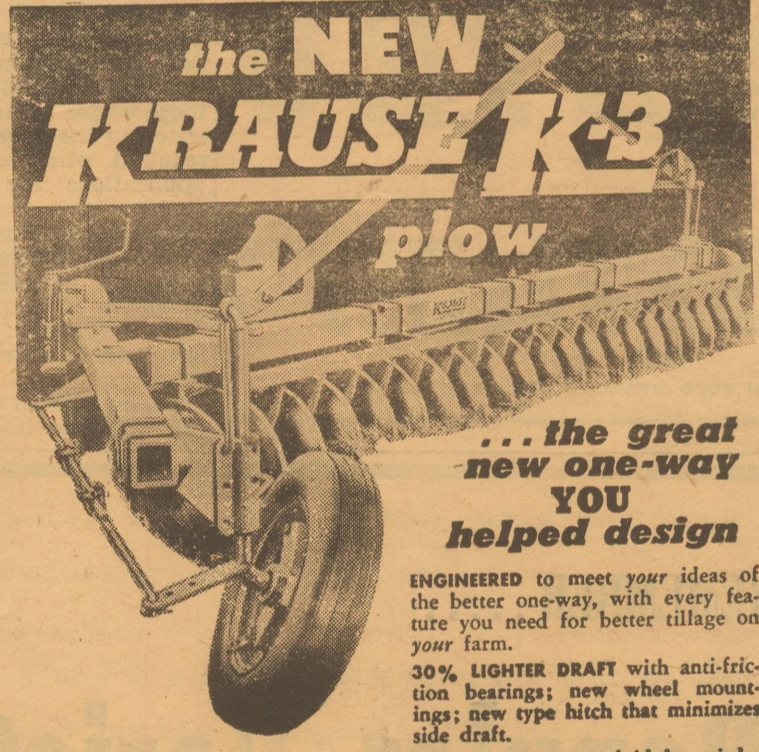

Mrs. Poling says: "Three months ago a good friend of mine told me about HADACOL—she knew how much stomach distress I have had. Any type of food that was fried or that had acid in it I just couldn't eat. It affected my sleep, too. In fact, I couldn't have been in a worse condition. When I ate what I wanted to I felt miserable and when I didn't eat these things—I didn't have a proper diet and still felt bad. Then, when I started taking HADACOL, I felt better immediately. I've got a bottle in the house now—and will continue to keep HADACOL from now on. I have told many folks about HADACOL—and they all thank me for telling them about HADACOL. They all have gotten wonderful results from HADACOL like I have. Now I eat anything I want and get a good night's sleep. I can't praise HADACOL enough."

HADACOL Can Help You, Too! . . . as it has helped thousands of others whose systems lacked Vitamins B₁, B₂, Iron and Niacin. Yes, even hundreds of doctors have recommended HADACOL to their patients. The HADACOL formula is so effective for stomachache, distress, nervousness, insomnia, constipation, aches and pains of neuritis, and a general run-down condition caused by such deficiencies.

Make Up Your Mind . . . to give HADACOL a chance to help you, as it has helped countless thousands of others. Remember, there are no substitutes for HADACOL. Always insist on the genuine HADACOL. No risk involved. Buy a bottle of HADACOL, either the trial size, \$1.25, or the large family or hospital size, \$3.50, and if HADACOL does not help you your money will be refunded.

the NEW KRAUSE K-3 plow

... the great new one-way YOU helped design

ENGINEERED to meet your ideas of the better one-way, with every feature you need for better tillage on your farm.

- 30% LIGHTER DRAFT with anti-friction bearings; new wheel mountings; new type hitch that minimizes side draft.
- DOUBLE STRENGTH rigid box-girder frame makes the K-3 far more durable.
- EASY TO ADJUST with one-bolt visible swath setting; quick, positive depth control.
- VERSATILE—a plow, disc harrow and stalk cutter all in one implement! Contours, terraces, mulches.

8 sizes — 3 1/2 to 15-ft. swath . . . a size for your farm!

SEE THE NEW KRAUSE K-3 the plow that pays for itself!

HERRING IMPLEMENT COMPANY
FRIONA

DO YOU REMEMBER . . .

From the Files of The Star 10 YEARS AGO

The Star celebrated its 15th birthday, having published the first issue July 31, 1925. A. W. Henschel gave the Star its name. An estimated half inch of rain fell in parts of Parmer county bringing much needed moisture to the row crop.

New officers for the Friona American Legion Auxiliary were elected for 1941. Officers to be installed in September are Mrs. Frank Griffith, president; Mrs. David Moseley, fist vice president; and Mrs. Foisler Rector, secretary-treasurer.

Mr. and Mrs. Casey Jones of Bovina visited in Friona Sunday.

Born to Mr. and Mrs. G. B. Buske at Hereford on July 24, twin daughters.

Miss Loraine Watson is visiting friends in Los Angeles, Calif.

20 YEARS AGO

Wicks Hatchery of Clovis announced that they would install a large branch hatchery in Friona. A 52,000 capacity egg machine had been ordered.

Pete Buske spent the weekend in Abernathy.

The suit filed against the board of trustees of the Friona Independent school district pleading that the bond election held in May be set aside because of alleged irregularities was dismissed because the time limit for instituting proceedings elapsed before the suit was filed. With legal hindrances removed, the bonds will be issued and sold and actual construction begun.

Mrs. G. L. Mingus and chil-

dren are visiting Mrs. Mingus' mother and other relatives in Arnette, Okla.

Henry Habbinga of Abernathy spent several days here with his brother, D. E. Haggings.

Ad appearing in the Star: We loan Kodaks free of charge. Friona Drug Co.

25 YEARS AGO

Parmer County was assured bumper row crops when extensive rains fell the first of the week.

Wilkinson Implement Co. celebrated its opening with a machine demonstration and free lunch at the noon hour. Representatives of the International Harvester Co. were present. Approximately 75 farmers attended. After the crowd dispersed the large 25x80 foot floor was cleared and a dance followed in the evening with 110 couples present.

The Fort Worth Record wrote to Friona asking that arrangements be made for a regular correspondent.

Orville Stevick was contracted to pebbledash two buildings for J. Sam Gaines, Bovina hardware dealer.

Wilkinson Implement Co. was the first to hand in ad copy and the first to run a want ad in the newly established Friona Star.

There was talk about the condition of the roads leading into Friona. The main road going west was described as deplorable and practically impassable for heavy vehicles.

Jones Barber and Tailor Shop said in an ad that they had 600 new fall and winter samples from which to choose a new suit.

SANTA FE CARLOADINGS

Santa Fe system carloadings for week ending July 22, 1950 were 23,561 compared with 24,804 for same week in 1949. Cars received from connections totaled 11,723 compared with 9,305 for same week in 1949. Total cars moved were 35,284 compared with 34,109 for same week in 1949. Santa Fe handled a total of 36,635 cars in preceding week of this year.

CARD OF THANKS

Mr. and Mrs. J. F. Miller, Mrs. Myrtle Whaley, Mrs. Cleola Kirk and children, Mr. and Mrs. Roy Miller and family, Mr. and Mrs. Ralph Miller and family, Mr. and Mrs. J. B. Taylor and children, Mr. and Mrs. Ansel Renner and baby, wish to express their appreciation for the many kind expressions of sympathy in their recent bereavement.

Mr. and Mrs. John Wood of Hereford, and Mr. and Mrs. G. H. Whitaker, Jr., fished near Durango, Colo., last week.

Captain and Mrs. John R. Chandler and children have been visiting in the paternal Bill Stewart home in Friona. Their daughter, Melanie Ann, returned with them after staying for a few days with the grandparents here. Capt. Chandler is stationed at the Sandia Air base.

Miss Wilma Fehr and Gilbert Schueler Are United in Candlelight Rites Sunday

Rev. Schorelemer Reads Vows in Amarillo Church

Candlelight rites read Sunday evening, July 30, in Beautiful Savior Lutheran church, Amarillo, united n marriage Wilma Annetta Fehr and Gilbert Schueler.

The bride is the daughter of Mr. and Mrs. Hugo Fehr of Emporia, Kans., and the bridegroom's parents are Mr. and Mrs. Herman Schueler, route 2, Friona.

Vows were read by the Rev. Daniel Schorelemer before a background of candelabra, white gladioli asters and palm.

The bride's aisle was covered with the white bridal runner and the pews of the aisle were marked with white satin bows holding arrangements of gladioli, daisies, sweet peas and palm.

Wears Traditional Gown

Entering on the arm of her brother, Wilford Fehr, who gave her in marriage, the bride was attired in a nylon gown featuring a lace yoke, tight fitting sleeves with lace petal points extending over the hands. The bodice was buttoned down the front with tiny nylon covered to a graceful train. Her veil of buttons. The skirt extended in illusion was fastened to a tiara of white rose buds and stapanotis. She carried a white Prayer Book topped with rose buds with streamers of white satin ribbons. She wore a double strand of pearls, a gift of the bridegroom, and a bracelet belonging to her great grandmother.

Bridal Attendants

Attendants to the bride wore identical dresses of taffeta with net overskirts and net stolls. They carried nosegays of asters and wore bandeaus of white asters in their hair. Mrs. Dorothy Feh of Emporia, Kans., wore orchid and Miss Dorothy Schueler wore a yellow and Miss Bernice Fehr, sister of the bride and maid-of-honor, was attired in pale green. Janie Shrelemer was the flower girl and wore a white organdy frock with a bandeau of pink rose buds in her hair. She carried a pink organdy basket filled with pink and white rose petals.

Walter Schueler was his brother's best man. Ushers were Raymond Schueler and Willard Spis-

er. Herbert Schueler and Melvin Fehr lighted the candles.

The bride's mother wore a floral dress. Her corsage was of rose buds. The bridegroom's mother also wore a floral dress and a corsage of rose buds.

Mrs. C. L. Braadfladt sang, "Perfect Love" and "Because," accompanied by Arnold Schueler, who also played the traditional wedding marches.

N. C. White, Jr.

Bovina's Main Street where plans are now underway to provide curbs and gutters in a program sponsored by the Bovina Chamber of Commerce.

Elton Venable, Bovina grocerman, is president of the Bovina commerce organization that meets the first three Tuesdays of each month for luncheon meetings and on the fourth Monday night each month for a discussion period.

Frank Truitt, Bovina Drug owner, is active as secretary of the group. Truitt has been a leader in civic enterprise since entering business in Bovina, and he recently led in the chamber's all-out clean up drive, designed to prevent polio in the town, as well as improve the city's appearance.

Bovina Commerce Organization Meets Four Times Monthly, Waging Aggressive Action for Civic-Community Progress

Trades Day Being Planned by Group

One of the more active small chambers of commerce in the plains area is the Bovina organization, meeting four times monthly to discuss and act on projects for city and community betterment in the Bovina territory.

President Elton Venable and Secretary Frank Truitt are now leading the organization of some thirty members in projects including a proposed trades day for Bovina, plans for curb and gutter installations on Main street, an alley to be opened between main street and the railroad, and extensive street lighting.

Accomplishment of civic jobs such as these can be credited to the plain hard work and drive of the chamber members, as it is through their leadership rather than their budget that these projects can be attempted, with the organization operating on a maximum budget of some \$200.00 monthly, the meals served at the first three meetings each month being taken care of in this figure.

The Bovina Chamber of Commerce was organized in 1928 and it immediately launched several civic projects, charter member O. W. Rhinehart recalls. Mr. Rhinehart, a real estate and insurance dealer, likes to recount the number of progressive moves sponsored or encouraged by this Bovina group, among which he lists early sponsorship of a school building program; the sending of delegations to Highway 60 association meetings; and the sponsoring of the Highway Park development and location.

Rhinehart pointed out that the organization was alert in

encouraging development of both Highway 60 and 86, and in working out details of the financial program for paving the main street from curb to curb.

Mrs. A. G. White, Bovina representative of the Friona Star, has observed first handed and has learned the details from interviews with Mr. Rhinehart and present organization members, how the group has for over twenty years been on the job, encouraging and cooperating in the church building programs of Bovina faiths.

Mrs. White states that every one of the modern church buildings of Bovina is free of debt; there are no church notes in Bovina! The commerce group also encouraged and assisted in the American Legion's program of building its large and convenient meeting place; it assisted the Masonic lodge with its building program for the lodge where the Masons, Eastern Star and Rainbow Girls of Parmer County hold their regular meetings.

Lighting of the athletic field was sponsored by the chamber. But of all the accomplishments of the group, Mrs. White concludes, the most outstanding benefits are the friendliness and good will created among the members and the entire community, a worthy attribute of any organization or any town.

CARD OF THANKS

We take this means to thank our many friends for their many deeds of kindness and sympathy in our bereavement. To the women who prepared and served the lunch, to every one who had any part in the many things that was done for our benefit and comfort, we haven't the words to express our appreciation.

Thanks and thanks again. God bless everyone of you.

Mr. and Mrs. Willie Osborn

LAZBUDDIE NEWS

Mrs. W. C. Williams, Jr. Reports

Intermediates of the Lazbuddie Methodist church returned from Ceta Canyon Friday, July 28. Each one gave a most interesting report on their weeks' work and play in church Sunday.

Lazbuddie No. 2 ball team played Dimmit at Lazbuddie Sunday evening, July 30, the scores ending with Lazbuddie winning 12 to 3.

Muleshoe team beat Lazbuddie No. 1 team 20 to 9, playing the game on Muleshoe grounds.

The Veterans vocational school of Lazbuddie is having its mid-summer vacation from July 29 through August 11.

All day singing and dinner on the ground was held at the Lazbuddie Methodist church Sunday, July 30. There weren't too many staying for dinner but a nice crowd gathered in the evening and had a very good old time singing. Dr. Hamlett, the Methodist district superintendent, spoke and held conference from four o'clock to five.

The Church of Christ held a week of revival service starting July 23 and ending July 30, with all day services Sunday.

Mrs. Garvin Thorn gave a Stanley party Monday, July 31 at 2 o'clock p. m. in her home near here.

Some repair work is being done on the grade school building here. The area around the

Sander, with his wife, speaks on the telephone at their Candia, New Hampshire, home to his friends and patients who called to congratulate the doctor on his being reinstated into the medical profession recently. Dr. Sander's medical license was revoked last April after he was acquitted of a "mercy slaying" charge.

Russia's Own Men Not Engaged In Fight-Anywhere

With three weeks in which to evaluate the Korean situation, it is increasingly apparent that Washington in exercising swift and decisive leadership, both from this nation's standpoint, and from its position in the United Nations, gave strength where strength was needed among the nations of the world believing in democracy.

From what we are able to determine, it seems that this, too, disturbed Moscow in a way it had not expected. It may have disturbed their timetable of action, and caused them to pause to revalue Western courage and tenacity.

But There is another and an urgent side of the picture to be viewed.

American ground forces are fighting in Korea. The British and Australian Air Forces are in action alongside these of the United States. The British naval forces even exceed in strength the American naval forces now participating in the Korean campaign. Why, then, do the United States men bear the brunt of the action on Korean soil?

When you stop to figure out who has the available ground forces to put there with the Americans, you realize the extent to which the ground forces of the Western Nations are already engaged in one way or

another in situations of Moscow's making, while the forces of Russia itself are not engaged.

It would be most desirable to have forces of an Asiatic nation fighting along with those of the United States in Korea. The nearest friendly Asiatic country is the Philippines. But the armed forces of the Philippines just now have their hands full trying to put down the Hukalahap insurrection—an affair in which Communist influence is plain. Nothing but the merest token force could come from the Philippines.

Nationalist China forces are keen to get into the Korean struggle. But this would simply leave the back door open for the entry of Communist Chinese troops on the other side, and these are near enough as it is. Unless it has to, the United States doesn't want to fight enemies to its back as well as its face.

There are the British troops in Orient. However, they are involved in the situation at Hong Kong and Malaya. These troops have a task as important as saving Korea, and their diversion could so weaken the defenses of southeastern Asia that more serious developments would arise.

France has troops in Indo-China. They, however, can no more than take care of the communist supported trouble they now have on their hands.

The story all comes to this: By the use of the native forces and native problems the Russians have so envolved the ground forces of the stronger Western nations in a series of situations that are not especially headline making, but nevertheless serious until they cannot safely divert them toward Korea.

In the meantime: Not a single division, not a single air squadron, not a single unit of Russia's own armed force is engaged in any theater of action.

THE GIFT OF GIVING UP
"At her request you gave up drinking?"
"Yes."
"And you stopped smoking for the same reason?"
"Yes, I did."
"And it was for her that you gave up dancing, card parties and billiards?"
"Correct."
"Then why didn't you marry her?"
"Well, after all this reforming I decided I could do better."
—Santa Fe Magazine.

RAMSEY THANKS TEXAS VOTERS

BEN RAMSEY, run-off candidate for Lieutenant Governor, thanked Texas voters this week for the vote they gave him in the July 22 primary election. Ramsey, shown here in his San Augustine law office, said his heart was "filled with humble gratitude," and asked his supporters to continue the fight and elect him Lieutenant Governor in the Aug. 26 primary. Ramsey is the only experienced candidate in the race.

We'd like to demonstrate this tractor on your farm

• We'll bring a Ford Tractor out to your place, without any obligation. And with it, one or two of those good Dearborn Implements, specially made for the Ford Tractor. We'll put this Ford Tractor through its paces, then let you take the wheel.

You'll find out how easily Ford Hydraulic Touch Control lifts and lowers implements and controls their depth. You can hold your watch while we demonstrate Triple-Quick Attaching of implements. You can get the feel of the easy Ford steering and positive brakes.

Then you'll know why Ford production . . . over 400 tractors a day . . . still can't keep up with demand. See this great Ford! Whatever tractor you own, you owe yourself this Ford Tractor demonstration. When can we make it?

FRIONA MOTOR COMPANY

VANCE CRUME, Manager

Thanks-

to my many loyal friends whose support in the Democratic Primary made me the leading candidate for Congress. Your continued support and the vote of other fine citizens of this district in the August 26th run-off, will be greatly appreciated.

Sincerely yours,
Altavene Clark

IMPORTANT
for young people

The most important thing in a business way for a young man or woman is to establish a sound basis for credit with a good old bank which can take care of your financial needs in good times and in bad times.

There is a lot of satisfaction, not only in knowing the money you have on deposit is safe; but also in knowing that you can get money when you need it, and that your bank can take care of your loan until you can arrange to pay it.

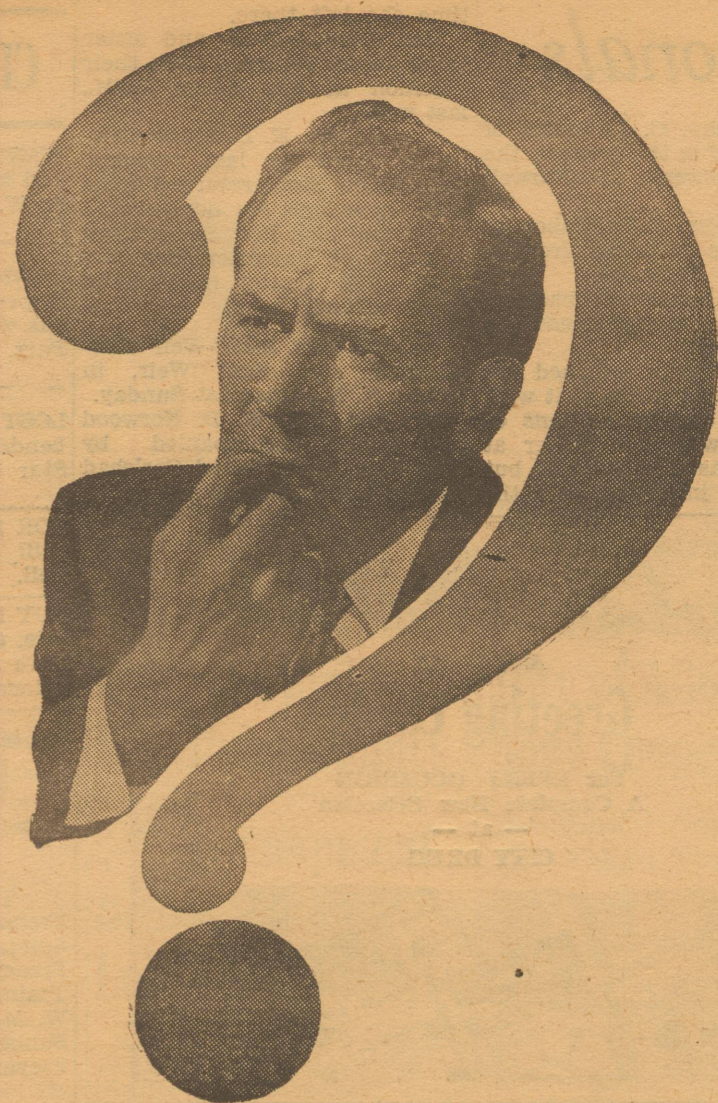

You know Friona State Bank can and will do both of these things; because it has been doing them for years. It has come out of every depression during that time stronger, more modern in its policies and more complete in the services furnished.

We invite all young people to make Friona State Bank their silent partner—
We can help them in many ways

(This is No. 8 of a series of photographs and stories about home people and home scenes. A weekly feature devoted to Parmer County farmers, presented by your Parmer County Implement Company).

Located three and one-half miles west of Friona, this irrigation power unit on the Roy Clements farm is another of the many that Parmer County Implement Co. has installed, now giving more than satisfactory service to the irrigation farmers of this entire area. This particular 8 inch well has a pump setting at 240 feet and irrigates a half section of row crop feed. It was placed in operation in April.

Chiropractic Service Bureau

Amarillo

While the wide scope of Chiropractic is amazing to the uninformed, we do NOT recommend chiropractic as a CURE - ALL. Chiropractic is effective in those cases only where the cause is found to be defective in organic energization due to spinal misalignment (subluxation).

AGREED

"After practicing medicine for 15 years, and spinal orthopedics for 10 years I am daily astonished at the remedial power of Chiropractics as a cure of disease."

LeForest, Potter, M. D. Orthopedist, New York.

AGREED

"The sooner the medical profession recognizes the work of the chiropractor, the better. He is doing a work that medicine cannot do; he belongs exclusively to the class of specialist."
 —Dr. M. E. Kind in the Therapeutic Review.

SKIN RASH

CASE 350 (Umbarger, Texas): A farmer, age 58, came to the

clinic complaining of backache, shoulder ache and leg ache. He said he was constipated, had gas on his stomach and dreamed all night long. Complained both his hands shook and said he had dizzy spells and was also bothered with hayfever. In the process of a chiropractic analysis it was discovered he had a skin rash on his arms and legs that itched constantly. He said, "I don't think anything can be done about that. I have had it for twelve years."

A spinal analysis revealed nerve wave interference and spinal X-rays located the spinal subluxation causing the interference. Adjustments restored alignment. The patient is in general good health now, and does not suffer with the skin rash.

ASTHMA

CASE 325 (Friona, Texas.) On January 31, 1950 a mother brought her nine year old son to the clinic. She said, "I understand Chiropractic is good for asthma." She said that the

family had spent untold sums of money for doctors and medication. They were in hopes Chiropractics could do something for her son. He had suffered from asthma since that age of two weeks. Nightly they had to rub his chest with medication when he woke choking for breath.

Throughout the year they had taken him to several clinics and had tried all kinds of treatments and medication. They were eventually told he would outgrow it. But he was steadily becoming worse.

Chiropractic analysis made Patient adjusted and nerve pressure removed. Within a week attacks had stopped. Boy gained weight and was sleeping the night through. Family overjoyed.

Case dismissed April 30, 1950. Family occasionally brings boy in for checkup.

Case histories published here are from the files of Dr. Stapp. They are displayed here to show the extent and scope of Chiropractic.
