

## HIGH PLAINS POLL

Mark your preference for President and return to the office of this newspaper.

- FOR GOV. ADLAI STEVENSON
- FOR GEN. DWIGHT EISENHOWER

# Ike - 46; Adlai - 10 In First Poll; To Continue

Fifty-six ballots in the High Plains Poll of presidential favorites have been returned to the Star. Results: Eisenhower 46, Stevenson 10. Is this the true local picture? Have you voted?

## Column Left . . .

Baking troubles? Then attend the bake sale to be held at the White Auto Store in Friona this Saturday.

Commencing about 10 o'clock in the morning, the sale is sponsored by the ladies of the Pentecostal church.

American Legion Post 206 will meet Monday night. Hear rumors of an out-of-town speaker that should be most interesting.

More or less as an experiment we are this week carrying the Fort Worth livestock market and overall picture as reported by Ted Gould under the caption "Let's Talk Livestock."

If this column will be of service we will carry it weekly. If not, then it will be dropped. Please let us know some opinions on this - as we want to print what you are interested in. The same goes for some of the other features in this paper. It would be a real service if you would let us know if you read the following, or if you have other preferences: the Walter Rogers column, Courthouse Records, The Law and You, and Small Business.

Its Cub Scout Pack 56 meeting tonight at 8 o'clock, Congregational Church basement. All boys interested should be present.

Bovina plays Anton tonight in a hometown game at Bovina. Be there to support this, another good team in Parmer County.

Add to our correction department: Reference was made, through typographical error last week, to Mr. and Mrs. M. A. Bartlett. Of course this was a regrettable error in that it should have read only Mr. Bartlett, and at his request we are glad to make this correction.

## Band Members Joined In Sudan Fall Festival

Fifty members of the Friona band together with director Fry and Principal Kelley attended the Sudan annual Fall Festival last Friday.

The band joined five other school bands and a colored band in the giant parade.

Mr. Kelly stated that the celebration was one of the best he ever observed, with special emphasis on the parade carrying out the theme "Peace among Nations and Races." All flags of the United Nations were carried in the parade, and elaborate floats representing each of these countries with their contributions to peace and understanding were entered in the parade.

## GRADE STUDENT INJURED

Maretta Watson, daughter of Mr. and Mrs. M. C. Watson, was injured in a fall at the local school ground early this week, separating the growth plate from the bone just below the knee, according to Dr. Metzner. She probably will wear a cast for about two weeks, but she is back in school.

# National Newspaper Week Is Proclaimed

"In the light of international events, our cherished right of freedom of the press takes on added importance. . . . we have reason to take pride in the alert and vigorous press that has been built up in our nation under our traditional freedom of thought and expression." Thus reads the opening words of the proclamation issued this week by Governor Allan Shivers in recognition of National Newspaper Week, October 1-8.

Attention over the entire nation this week is directed to the fact that the situation "could be otherwise" than the existing one wherein the weekly and

daily newspapers of the nation have freedom of expression in their editorial columns and the privilege of reporting the truth in every news column.

We have the following quote from Alberto Gainza Paz, publisher of the now famed La Prensa before it was taken over by the socialistic Argentine government:

"Rather than a newspaperman having the right to publish his ideas without governmental interference and with complete liberty, it has been said with reason that freedom of the Press is the right which every citizen has to read the newspaper of his

own choice and to form his own judgment about diverse opinions and the information set forth in its columns.

"Only the dictatorial governments deny openly or secretly this human right of knowing the truth about the facts and events which concern men and affect the community in which they live.

"Contemporary dictators know that an informed public opinion is incompatible with the systems they are trying to make permanent. It is, therefore, the duty of every citizen to watch carefully to preserve this right to know the truth. This is but

is based on inherent principles of morality and justice.

"The first line of defense of this right to know is in the conscience and hearts of men.

"The press of the United States fulfills effectively its mission of maintaining alive this conscience and these sentiments.

"It is a task which should never be neglected nor deferred until it is necessary to recover what has been lost. It is better and easier to defend what one has. Only thus will one be able to fight successfully against Communism and other totalitarianisms which deny human dignity and are enemies of the

very foundations of our western civilization."

As a small weekly publication, the Star this week joins with similar papers of the country in humbly recognizing our responsibilities which we hope to carry with dignity and integrity in each of the 52 issues of the year.

Governor Adlai Stevenson elaborates upon this practice:

"In the observance this year the newspapers have adopted the theme: 'Your right to know - a Constitutional guarantee.' This theme emphasizes that the

Assets to WTSC - from Friona

Friona pigskin handlers on the West Texas Buffalo squad: left to right, Loyde Jones, Walter Haws, DeWayne Cleveland, Dean Hall, and W. L. Cleveland.

## Friona Ball-handlers Contribute Tonnage, Know-how at WTSC

If Friona has another thousand and pounds of football material the same calibre of the thousand pounds of Friona beef currently on the West Texas State football squad, Coach Frank Kimbrough of the Buffs would welcome it.

Sporting the second largest number of players on the squad, Friona has contributed two sophomores and three freshmen—two ends, two centers and one tackle to the Herd's young but ambitious 1952 team.

One of the players from Friona is holding down a starting post, one is seeing game action plus booting extra points, and the others are high among Kimbrough's reserve talent.

DeWayne Cleveland, 205-pound sophomore, is more than holding his own in the starting right tackle slot. 'Red' as he is known around campus, saw very little high school action but has developed into the Buffs toughest linemen and could be a top All-Conference contender. He and his wife and young daughter live in the college's 'Village.'

Walter Haws, 195-pound freshman, is the Buff's extra-point man and currently is doing a .500 clip. He also sees duty both offensively and defensively.

Two boys who should become standouts for the Herd are 190-pound Loyde Jones who has been shifted from the backfield to an end post; and Dean Hall, 200-pound center and linebacker.

The last, and the least (in weight) of the ex-Chiefs is W. L. Cleveland, younger brother of DeWayne. W. L. of 'Dub' is showing plenty of promise with his 180-pounds at a reserve end post.

Friona fans will have their next chance to see the 'Friona Five' in action in Canyon October 11 when West Texas entertains New Mexico A&M in a Homecoming tilt. Reserve seat duets at \$2.40 each may be reserved via mail by writing Bob Clark, Campus Shop in Canyon. The game is expected to be a sellout.

## Baptist Women Map Plans; Elect Officers

Approximately 40 women of the First Baptist Church met on Tuesday evening for a salad luncheon. Following the meal and period of fellowship, the women retired to the church auditorium for the program.

The incoming officers were installed by Mrs. Jack Roberson. Using the theme of TREES, Mrs. Roberson likened each incoming officer to a certain tree. By her side she had built in miniature a small forest containing each kind of tree she was to use. Closing the installation, Mrs. Russell Pogue read the poem "Trees" by Joyce Kilmer.

The following officers were installed and likened to the following trees:

President—Mrs. Joe Talley, pine tree; Vice Presidents—Mrs. Elmer Euler, Mrs. Clyde Scarborough, Mrs. Lucy Jones, Poplar tree; Recording Secretary—Mrs. Truett Pool, Walnut tree; Corresponding Secretary, Treasurer—Walnut Tree; Young People's Leader—Mrs. Russell Pogue, Spruce Tree; Counsellors for the young people—Spruce tree; Pianist—Mrs. Roy Miller, Elm tree; Chorister—Mrs. Clayton Taylor, Elm tree; Program and Literature chairman—Mrs. C. W. Dixon—Oak tree; Mission and Bible study chairman—Mrs. Ralph Smith, Cedar tree; Stewardship chairman—Mrs. LeVina White, Ash tree; Benevolence chairman—Mrs. W. B. Crow, Willow tree; Community Missions—Mrs. Joe Menefee, Honey Locust tree; Reporter — Mrs. Curtis Murphree—the berried plants; Social and Educational chairman—Mrs. Leonard Haws, the berried plants.

The Business Women organization of the Friona Baptist Church met this week, installed officers, and organized the B.W.C. for the coming year.

Mrs. Clyde Sherrieb will be the B.W.C. adviser.

Officers chosen by the group were: chairman, Mrs. Lucy Jones; membership chairman, Mrs. Carl Hall; program chairman, Mrs. Hub Brewer; social chairman, Mrs. L. W. Sanders; and secretary-treasurer, Mrs. L. R. Dilger.

The group voted to meet on the second and fourth Thursday evenings at the Church. The first meeting of each month will be a covered dish supper to be followed by the missionary program for the month, taken from the Royal Service magazine.

## RETURNS HOME

PFC. J. D. Johnson received his discharge from the army at Fort Bliss and arrived home last Thursday night. J. D. was in Japan for eight months and served in Korea for seven months with the 45th Division.

## Extension Course Will Be Organized in Bovina Meeting Friday Night

A meeting will be held at Bovina Friday night of this week for the purpose of organizing an extension school of WTSC to be conducted weekly in Parmer County.

All teachers interested in an extension course are urged to attend this meeting.

Plans are for an 18-week course, being held one night per week, with 3 hours credit being given.

Teachers planning to take one of the courses are asked to contact Superintendent Willoughby at the Bovina schools and to attend the organizational meeting this week if possible.

## Pep Rally

A pep rally has been scheduled Friday evening for Friona backers of the Chiefs. Everyone is urged to attend the rally, the pep squad has emphasized, to show the local boys the community is behind them in their Clovis game scheduled here Saturday night. The rally will begin at 8 p. m., in front of the high school building.

## Freshmen Girls Were Initiated Into FHA

The Freshmen girls of the Friona High were initiated last Tuesday night into the FHA Club.

An interesting program was presented by the freshmen followed by a scavenger hunt with everyone participating.

After the informal initiation, refreshments of punch and cookies were served in the Home-making Department.

## STORK FEATHERS

A boy, weighing 8 lbs., 14 ozs, was born Sept. 28 to Mr. and Mrs. A. W. Anthony.

A girl, weighing 7 lbs., 10 ozs., was born Sept. 29 to Mr. and Mrs. Braulia Baca. She has been named Gloria Tonne.

Mr. and Mrs. Ralph Miller and Mr. and Mrs. J. F. Miller returned home this week from a trip to Oklahoma.

Mr. and Mrs. C. C. London of Cassville, Mo., were in Friona last week visiting friends and relatives.

## Parmer County Teachers Held Meeting Wednesday

First meeting of the Parmer County Teachers Association was held at Farwell Wednesday night. The four schools of the county were represented. After a meal of chicken, apple pie, coffee, potatoes, green beans, etc., in the new cafeteria the group inspected the new high school building there.

Entertainment was furnished in the auditorium by Mrs. Jobs of the Farwell music department. Music included a duet of violins, a trombone solo, and group singing.

## RETURNS FROM KOREA

Cpl. Jack London, former Friona boy, is now stationed at Camp Crowder, Mo., after returning from Korea where he served with a medical unit for several months.

He reported to Ft. Leonard Wood, Mo., then was sent to Camp Crowder where he is also serving with a medical unit.

## Pictures Being Processed

The Friona seniors have received proofs of their annual pictures, and the completed pictures should be back soon.

All grades had their pictures made this week.

"A vigilant press has made the American people the best informed in the world."

Monday Morning Musings...

This Human Nature!

We add this incident to our collection of the queer quirks of human nature:

Little comment has come to our ears of our recent insistence that better traffic control be initiated adjacent to the public school grounds - yet in asking for a poll of presidential choices the response has been much more enthusiastic than we dared expect.

We are not minimizing the importance of political consciousness, far from it; but we do hope that we as parents and citizens do not lose sight of the everyday hometown situations that merit our consideration.

No doubt the school and/or the city will work out a crossing patrol and traffic lanes in the near future to the east and north of the school; we understand the move is in process of being made - we only hope a definite program is put in effect before any casualties result from the now haphazard and promiscuous crossing of the streets in subject.

We still believe the most effective traffic control there could be realized through student participation - student patrolmen specifically.

—MMM—

We Decided Early

And speaking of politics - as we are prone to do - we're mighty, mighty glad we decided our own policy before the heat of the campaign was felt.

Too often we have seen emotionalism take over in the last throes of national campaigns, earmarked by smear campaigns that in saner moments would appear fantastic - yet they no doubt have a nation-wide influence.

The Saturday Evening Post this week carries a very comprehensive and eye-opening account of the emotional tricks of campaigns throughout the years of our country's history. (The Post is sold by O. J. Beene at the City Drug!)

We decided some weeks ago, not suddenly, but upon continuous observance of the socialistic trends of recent administrations, that the

present incumbents at the White House level were not the Democrats we had been raised to respect, but rather a socialistic group far removed from the basic principals of the Democratic Party. After determining this, we saw only a choice of votes between the Republican nominee and a Socialistic clique. Mr. Truman's low-level ravings of his present whistle-stop tour certainly leave few regrets for this decision.

There will be acceleration of smears - no doubt by both parties - in oncoming weeks. More and more we will hear of the "jackrabbit days" of the Hoover administration. More and more we hear of the prosperity and social reforms of the last decade.

We are thankful for the economic and social improvements in many instances due directly to the Democratic administration. On the other hand we cannot condone the overall administration and the party name simply because it has had its good points. Just as we like food in general, we do not care for the garlic and Swiss cheese!

What we are promoting in the political field is a change of faces. We do not believe the Republican party or its nominee know all the answers - they may be no wiser than the other choice, but change is a great balance wheel.

It's time for the pendulum to swing. Four years from now there may be a true Democratic party and nominee if the Republicans bungle the deal - but we've got to find out what Mr. Eisenhower has to offer, for we cannot endorse open display of corruption, mis-management, and selduggery as condoned by the Truman household of jokers - little men in trying times.

But we want to be fair - why don't some of you who sincerely believe the Democratic party should stay in the saddle write us some letters on the subject; they will be published with pleasure. One must understand every angle of a question to vote and think intelligently - it is the privilege of American journalism to provide a picture of realities from every viewpoint.

How about some letters

—MMM—

Another Angle

We like this colorful comment by the oft-quoted editor of the Weslaco news down in the valley, Brad Smith:

The Nixon "mess" holds not a candle to the Washington "mess," and we'll take little messes over big messes any day. They're easier to clean up. Besides, the Nixon "mess" is a "revelation" by the National Democrats, whom we can't trust after watching them try to pirate the Texas Tidelands!

—MMM—

Mighty Good Land

Had anyone to ask you lately what land is selling for in Parmer County?

That IS a question that's difficult to answer in our books. Just heard of a tract that sold for \$416 per acre! Of course it was only a quarter section and improved better than average - but without a well. Then we hear of \$60 and \$80 land, other tracts going in the \$100-\$150 bracket.

Whatever the answer, Parmer County land is in demand, make no mistake about it; we have something here.

One observer, passing through remarked: "Sure can tell when we hit the Friona area, the Model T's disappear and there's a real estate man on every corner!"

After seeing the "immigrants" buying up the sections here, we wonder if we are utilizing our land to its best advantages - are we diversifying as rapidly as needed?

Actually, what we mean is "Watch our community grow," we're not sure yet whether it's because of our foresight or "in spite of" us!

—MMM—

Official Memorandum  
BY  
ALLAN SHIVERS  
Governor of Texas

AUSTIN, TEXAS

GREETINGS:

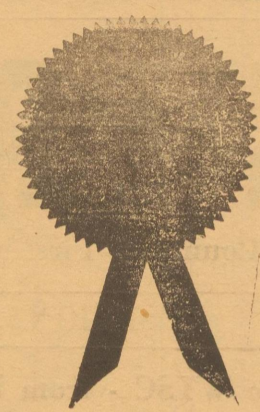

In the light of international events, our cherished right of freedom of the press takes on added importance. For as we consider the pattern of aggression by forces seeking to dominate the world, we find that the gagging of the press is invariably a prelude to the destruction of free government.

We have reason to take pride in the alert and vigorous press that has been built up in our nation under our traditional freedom of thought and expression. We cannot, however, assume that it will always be that way. In our own hemisphere we have witnessed the death of La Prensa, one of the world's great newspapers. Elsewhere, we have seen the perils that beset the men and women of our free press in their pursuit of the truth. We have the example of William N. Catts, now incarcerated behind the Iron Curtain in a mockery of justice by oppressors who know that the printing of the truth interferes with their aim to destroy individual rights and freedom.

In view of these and other disturbing events in the world today, it is appropriate that the slogan "Your Newspaper Lights the Way to Freedom" has been selected for the 13th annual observance of National Newspaper Week.

WHEREFORE, I, as Governor of the State of Texas, in cooperation with this program of the free press of our nation, do hereby designate the period October 1 - 8, 1952, as

NATIONAL NEWSPAPER WEEK

In Texas, and urge all the people of our state to take the opportunity during this period to become more familiar with the services and facilities offered by their community newspapers and their contribution to the preservation of our way of life.

In official recognition whereof, I hereby affix my signature this 18th day of Sept., 1952

Allan Shivers  
Governor of Texas

WASHINGTON AND

"Small Business"

—By C. WILSON HARDER

In a short time American taxpayers may make a major investment in Communism.

The Mutual Security Agency, the old Marshall Plan under a new name announces it will guarantee dollar returns to American investors in Tito's communist governed Yugoslavia.

MSA states this guarantee only applies on investments made in Yugoslavian enterprises. Americans cannot own any plants, or facilities in Yugoslavia because everything is owned by Tito's government.

Here's the MSA guarantee. If American investors in Yugoslavia cannot get their money out in dollars, the MSA will dig them out of the U. S. Treasury, in the event the Communist Yugoslavian government follows the communist habit and expropriates all foreign investments. MSA is willing to discuss a guarantee against this with American tax dollars.

The Yugoslavian government has announced it is interested in investments in the nation's mining, cement, power, and export industries. As everything in Yugoslavia is state owned, it is merely a bid for American capital to aid Communist development of the country.

Thus while American men and dollars are being spent to defend against Communism, and to fight Communism in Korea, the MSA is now ready to use American dollars to build up the economy of one of communism's strongholds.

Here's the comment around Washington.

"Unless people watch out, the MSA will be buying a seat in the New York Stock Exchange for Joe Stalin."

But, MSA is doing a fine job giving away American tax money.

The total now stands at almost \$15 billion.

Elsewhere in Washington, even supporters of the Office of Price Stabilization are embarrassed by some OPS actions.

An example of actions that have earned OPS the name of Office Plenty Screwly is the filing of a treble damage suit for almost \$1 million against 12 leading New York night clubs on charges they failed to pass along to their plush lined customers substantial savings on food and drink costs. Somehow, somebody in OPS has decided that the prices at the El Morocco are putting a serious strain on the average American family budget.

But of importance to many family budgets is the consent judgment just won by the Anti-Trust Division of the Department of Justice against Luxene, Inc.

It was found Luxene had entered into agreements with dental laboratories over the country to fix prices on plastic material widely used in making dental plates. Newell H. Clapp, Acting Assistant General in charge of anti-trust enforcement states this judgment should result in lower prices to the public on dentures, as Luxene, through agreements with laboratories had been taking an artificially big "bite" out of people who need artificial teeth to bite with.

Use Winter Grazing Crops FOR NEEDED ROUGHAGES

COLLEGE STATION, Sept. 29.—Secure now the seed and prepare the land for planting an increased acreage of winter grazing crops. That advice to farmers and livestock producers comes from E. A. Miller, agronomist for the Texas Agricultural Extension Service. Winter grazing crops, he continues, will provide nutritious feed that are so badly needed now to take the place of drouth ruined pastures and meadows.

For grazing, winter grain crops may be planted as soon as moisture is available after the middle of September. Many farmers plant these crops in dry soil, when the soil has been prepared, in order to save time and get a crop up in a hurry after a rain. In order to get fall grazing, Miller says the crops should be planted, if possible, during the last half of September or the first part of October.

Oats, wheat, barley, rye and rye grass are good winter grazing crops. A mixture of barley and oats, barley and wheat or all three make good combinations for grazing. Barley, in these mixtures, will usually provide more fall and early winter grazing and the oats and wheat reach their maximum later in the season. Abruzzi and Balbo rye are good crops for the sandy soils of East Texas and the West Cross Timbers area.

He points out that vetch or other winter legumes may be planted with these grain crops to improve the grazing. Hairy vetch is widely used in Texas with rye or other grain crops not only for grazing but for seed production and soil improvement. The legumes furnish some fall and winter grazing but make their heaviest growth in the spring.

In the southern half of Texas, fall planted humam, madrid and the annual yellow blossom sweetclovers are all well-adapted for grazing, seed production and soil improvement. On the heavy blacklands, sweetclover and winter grain makes a good combination grazing crop. In extreme South Texas where frost comes late, Miller says cowpeas will supply good fall grazing or may be used for hay.

To get the maximum feed tonnage from these crops, Miller says they should be fertilized. He suggests that local county agents be contacted for the latest information on the grades and amount of fertilizers that should be used. He strongly urges chemical treatment of all small grain planting seed—for smut control and to reduce seedling diseases.

General rains over the state would certainly be worth millions of dollars to farmers and livestock producers but would nullify the need for increased acreages of fall and winter grazing crops. Feed is needed by all types of livestock and the quickest way to get it after the rains come, is from fast growing crops.

THE FALL GARDEN

COLLEGE STATION, Sept. 29.—The home garden has become an economic factor in Texas family living during the past eight years. In 1944 more than one million home gardens were reported to the Agricultural Extension Service of A. and M. College, and the figure has hovered around the half million mark each year since. The total promises to be higher this fall with food prices eighteen percent above pre-Korean War figures.

John Hutchison, horticulturist for the Extension Service, says recent general rains will enable many families to renew efforts to have a successful fall garden. The gardener stands a good chance of harvesting many dollars worth of garden-fresh vegetables to save on the food bill and add variety and essential vitamins and minerals as well as downright goodness to fall and winter eating.

In most areas of Texas there are from 60 to 90 days of good growing weather during the later summer and fall. The horticulturist says, "For the maximum production of the widest variety of vegetables, make every day count."

He recommends planting certain varieties in the fall garden that will mature before frost, withstand light frost, and those that will bear well with heavy frost.

Vegetables that will mature quickly include greenbeans, mustard, Irish potatoes, radishes and squash. The Tendergreen, Topcrop and Stringless Green Pod are varieties of greenbeans for fall planting. The Tendergreen or Florida Broadleaf varieties of mustard will mature from 30 to 60 days. The Bliss Triumph is an Irish potato that matures within 75 to 90 days. For radishes, the Scarlet Globe is a quick maturing variety. The Early Prolific Straightneck squash will be ready for eating in 50 or 55 days.

English peas, turnips, lettuce, are vegetables that withstand light frost in the garden. Varieties for fall planting include the Laxton's Progress for English peas, Purpletop and Shogoin turnips, Great Lakes for head lettuce and Salad Bowl variety for leaf lettuce. The early cabbage varieties are Copenhagen, Charleston Wakefield and Golden Acre. The mid-season variety is Glory of Enkhuzion and the late kind is Flat Dutch. The Detroit Dark Red beet matures in 45 to 60.

Vegetables that withstand heavy frost are collards, onions, spinach and carrots. Fall varieties for planting are Georgia and Louisiana collards, Bermuda and Sweet Spanish onions, Bloomsdale spinach and Danver's Half Long, Red Core Chanteney and Imperator carrots.

Information on seed treatment, fertilizer, insecticides and methods of cultivation are available at all county Extension agents' offices.

The Law and You  
By Robt. (Bob) Kirk

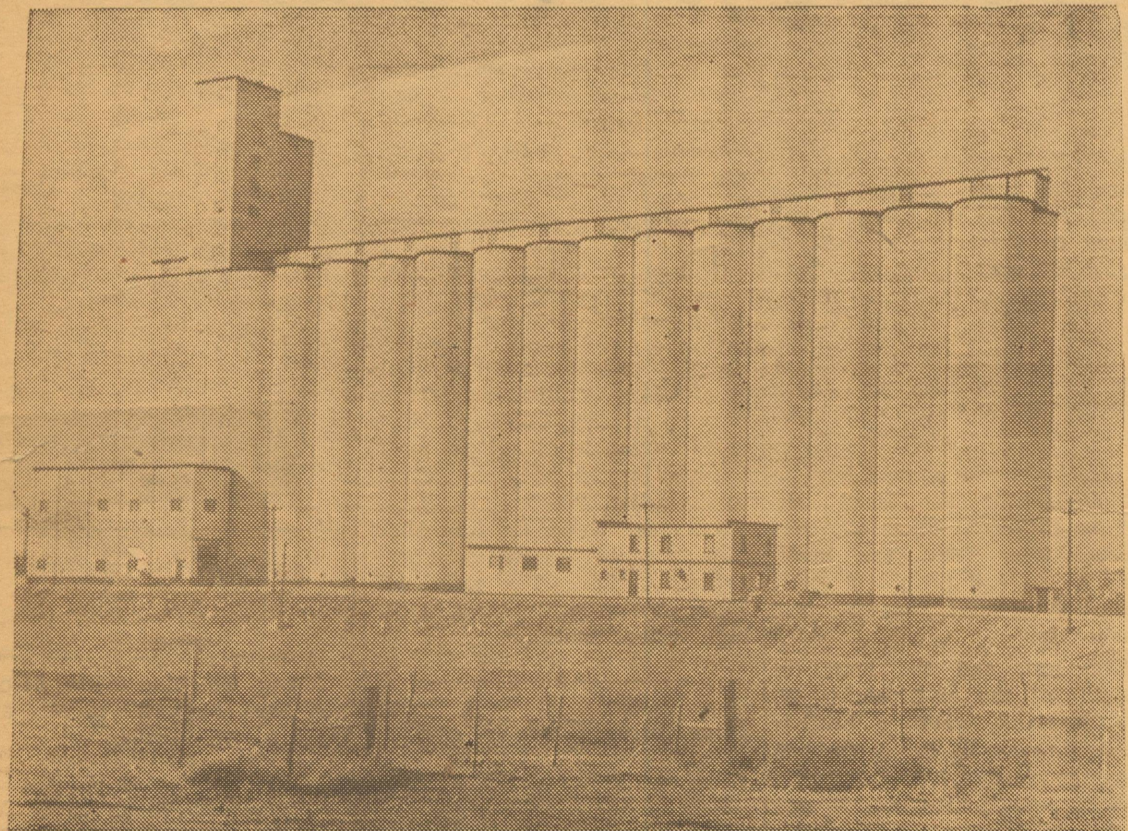

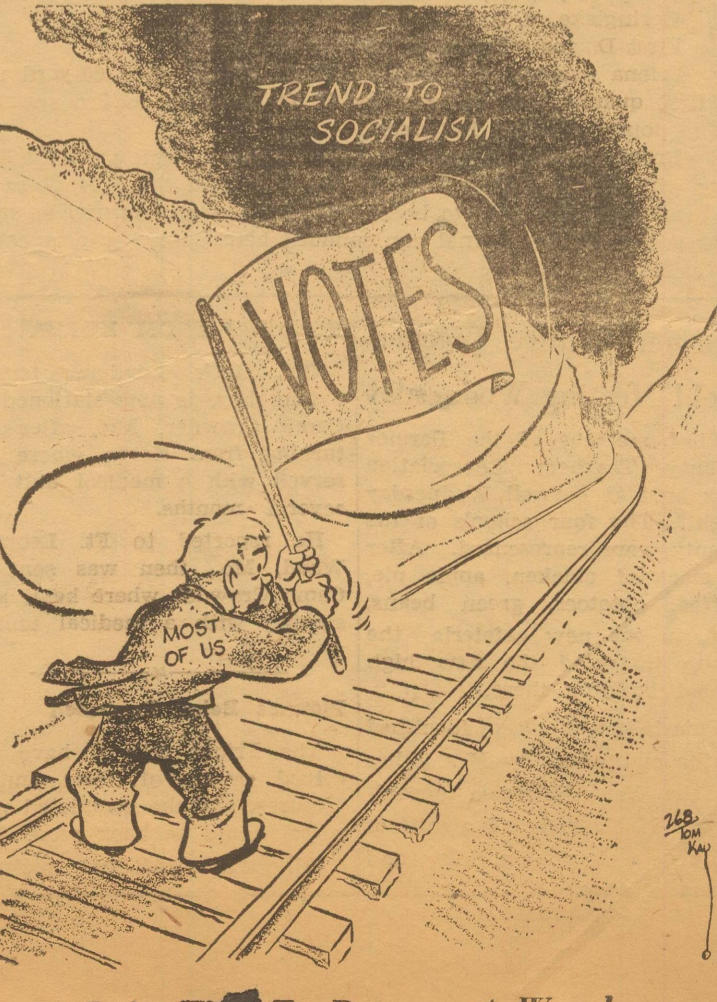

DO YOU KNOW what remedy a person has where there has been a mutual mistake of fact in a contract?

A mutual mistake of fact has been defined by the Courts as an erroneous mental condition, conception or conviction induced by ignorance, misapprehension or misunderstanding of the truth, but without negligence, and resulting in some act or omission done or suffered erroneously by one or both of the parties to a transaction, but without it's erroneous character being intended or known at the time.

Such a mutual mistake of fact to afford one of the parties a remedy, must have been of such a nature as to bring about a contract which the parties never really intended to make. An innocent misrepresentation which does not materially effect the contract is not considered a mutual mistake of fact which will grant relief to one of the parties.

In those conditions where the injured party is entitled to relief because of a mutual mistake of fact, he has three remedies: in the first place he may seek to avoid the contract entirely; or in the second place he may seek to obtain a reformation or performance of the contract according to the actual intent of the parties when the same was entered into; or third where the nature of the injury is such that it is possible to correct the same by the payment of a sum of money, the injured party may seek compensation to put him in as good a position as if the contract had been what it was supposed to have been.

Fort Worth—Heavy pressure continued on cattle and calf prices this week. Another excessive run of grassers and shortfeds appeared at the 12 major markets Monday when over 165,000 cattle and calves appeared and roughly 75 percent of these were grassers and stockers and feeders at many markets. This was over 23,000 over a week earlier and over 42,000 over the same day last year.

Most cattle and calves ruled 50 cents to \$1 or more lower at Fort Worth, with some spots \$1 to \$1.50 off on calves and yearlings and the plain and medium steers. Stocker demand remained narrow over the country and packers reported excessive supplies of meat other than strictly choice grain fed bees.

Deterioration of pastures in Kansas and Oklahoma increased the rush from those areas. Continued lack of moisture dampened prospects for wheat grazing over the Texas-Oklahoma-Kansas plains.

Hogs opened the week with 25 to 50 cents higher prices and a top of \$20.75 to \$21. Sows drew \$17.50 down. Sheep and lambs opened steady.

Good and choice fed steers and yearlings sold for \$23 to \$30, odd club calves \$33 and \$34, while plain and medium slaughter kinds sold at \$14 to \$22 with cutter grades from \$10 to \$14. Stocker steer yearlings bulked at \$14 to \$24, with a few choice lightweights to \$25. Stocker heifers sold from \$22 down.

Fat cows cashed at \$13.50 to \$17, with canners and cutters at \$9 to \$13.50. Stocker cows sold from \$14 to \$18.50. Bulls sold from \$12 to \$19.

Good and choice slaughter calves cleared at \$20 to \$27 and plain and medium slaughter kinds sold from \$14 to \$19, with cull sorts from \$10 to \$14. Good and choice stocker calves sold mostly at \$20 to \$27, while plain and medium sorts sold from \$15 to \$19.

Good and choice lambs sold from \$18 to \$22 and stocker and feeder lambs sold from \$10 to \$17. Cull lambs, yearlings and two's sold from \$8 to \$10. Fresh shorn lambs and sheep usually sold \$1 to \$2 under woolskins.

Yearlings wethers sold at \$17 down, and two-year-olds sold from \$12.50 down. Aged wethers cashed at \$10 down. Slaughter ewes sold from \$5.50 to \$7, and some solid-mouthed ewes drew \$7 to \$8.50. Old bucks cashed at \$6 to \$6.50. Feeder yearlings sold from \$10 to \$12.

## AT COMMERCE

Two Parmer county students are enrolled at East Texas State college for the fall term.

They are Charles Wayne Bainum and Kenneth Waide Bainum, both of Friona.

Kenneth Bainum is a senior agriculture major. Charles Bainum is a junior business administration major.

Mr. J. D. Sanders, Sr., Mr. and Mrs. A. E. Sanders, Mr. and Mrs. Charles Sanders and Children of Morton and Mr. and Mrs. A. E. Sheek and children of Friona visited Sunday with Mr. and Mrs. J. D. Sanders and children.

DWIGHT D. EISENHOWER

# CONDENSATION OF THE REPUBLICAN PLATFORM - 1952

## TIDELANDS

We favor restoration of the title of the Tidelands to the individual States.

## AGRICULTURE

Here is what Eisenhower says about Agriculture:

"They tell you that the Republicans will pull the rug out from under the American farmer. I have an answer to this and it is this: Bunk—just plain bunk. I firmly believe agriculture is entitled to a full share of the National income and a full share is not merely 90% of parity; it is full parity."

"Parity is a price for farm products that is fair in relation to the things the farmer must buy."

"We must guarantee present price supports for another two years and then devise programs which will assure higher prices for the farmer."

"We must have a wider range of farm crop supports, including greater protection for producers of perishable products such as meat, milk, eggs, fruits, and vegetables."

"All I know of farmers convinces me that they would rather earn their fair share than have it as a government handout."

## WE FAVOR:

- Commodity loans on non-perishable products.
- "On the farm" storage
- Sufficient farm credit
- Voluntary self-supporting crop insurance
- Constructive and expanded soil conservation program
- Payments for permanent improvements.
- Fuller development of Rural Electrification and Communications
- Federally assisted production of power and facilities for distribution when these are not adequately available through private enterprise.

## TAXES AND INFLATION

Further inflation can and must be stopped.

## WE FAVOR:

- A balanced budget
- Reduced debt
- Cut in taxes
- Reduction of expenditures by eliminating waste
- Complete revision of present hodgepodge of tax laws
- Reformation of present tax structure so as to allow greater fiscal freedom to States and municipalities
- Administration of tax laws in a manner free from corruption, politics and favoritism.

## COMMUNISM

There are no Communists in the Republican Party.

We charge the Administration has appeased Communism at home and abroad and allowed Communists to infiltrate our Federal Government.

## WE FAVOR:

Fair but vigorous enforcement of laws to safeguard the Nation from sub-

## versives

- Appointment of persons of unquestioned loyalty
- Overhauling our security programs.

## FOREIGN POLICY

We charge the Democratic Administration's policy of appeasement and containment of Communism has been a tragic failure.

Our supreme goal is a permanent and honorable peace.

## WE FAVOR:

- Elimination from the State Department all those responsible for the failure of our Foreign Policy and all other loafers and incompetents
- Extension of our friendly influence in Western Europe so as to end political and economic conditions which prevent that vital area from standing on its own feet
- Posting collective security in West Europe so as to end Soviet intimidation of free Nations
- Ending forever the policy of sacrificing the Far East (which Stalin calls "the road to victory over the West") in order to gain time in West Europe
- Strengthening our ties with Latin America
- Repudiating all secret agreements (such as the Yalta Pact) made with Communist Nations
- Abandoning policy of containment which abandons captive Nations and allows them to be forged into a weapon against us
- Strengthening the United Nations Organizations so it will become an effective instrument for peace
- Extending world trade by pressing for elimination of discriminatory practices against our exports (such as preferential tariffs and monetary license restrictions)
- Reciprocal trade agreements which are truly reciprocal.

## WE CONDEMN:

- FOREIGN COMMITMENTS WHICH ENDANGER THE ECONOMIC HEALTH OF THE UNITED STATES.
- THE POLICY OF BUYING GOOD WILL ABROAD. (We must earn good will by constructive policies and action.)

## LABOR

## WE FAVOR:

- RETENTION OF THE TAFT-HARTLEY ACT—with the adoption of such amendments which time and experience show to be desirable and which further protect the rights of labor, management and the public.

## WE CONDEMN:

- The President's seizure of plants and industries to force the settlement of labor disputes.

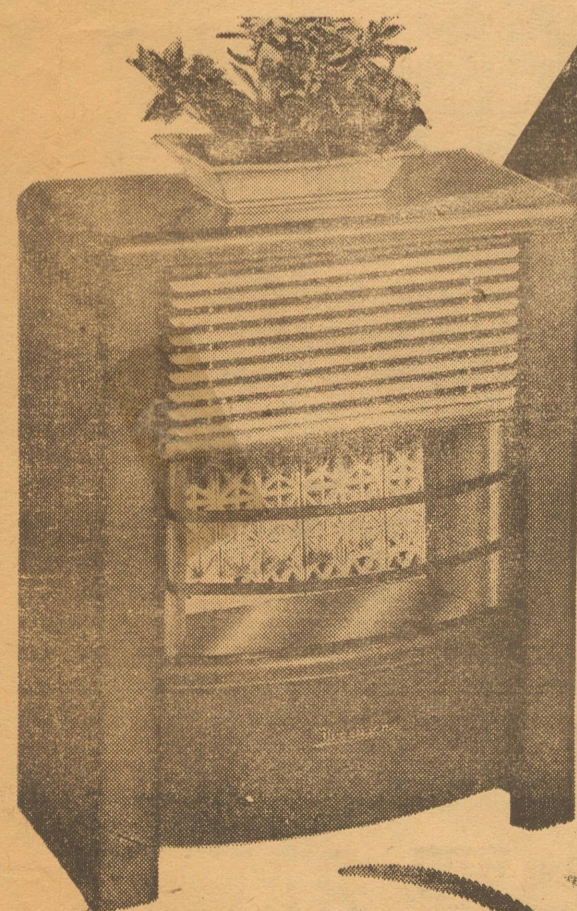

More phases of the Republican platform will be published in later issues. Watch for these informative sketches. Anyone wishing to donate financially to the Parmer County Republican campaign for Eisenhower should make contributions in care of S. L. McLellan.

# Light duty trucks th stand up

Just one of the many International light duty trucks... available in 1/2, 3/4, and 1-ton sizes, with 7 1/2 and 8 1/2 foot bodies.

Lots of owners tell us that you have to operate an International light-duty truck for a couple of years to appreciate just how good it is.

That's true. Internationals are built to grow old profitably, but you can find plenty to appreciate in a hurry.

A few minutes behind the wheel will show you what a pleasure an International is to handle. You'll get a kick out of the power and pickup of an engine that's easy on gas and oil. You'll ride in a new kind of comfort in the roomiest cab of them all.

There's no need to settle for less than an International.

- International light-duty trucks—1/2, 3/4, and 1-ton sizes, 115, 127, and 134 in wheelbases. Body types include stake, panel, Metro, utility and many others.

● Real power plants! Silver Dian valve-in-head engines are rugged with extra power. Engine to save you plenty on gasoline maintenance.

● They handle easily! International great Super-steering system work out of truck driving. axles make possible a full angle for greater maneuverability. You'll find Internationals a pleasure to drive.

● Relax in armchair comfort! Designed it for drivers—and the Co Vision Cab is the roomiest, most comfortable cab on the road. The big holds three men with ease. The piece Sweepstare windshield means fact visibility. And the new green-tint non-glare safety glass is available.

Better roads mean a better America

Let us give you the complete story about International light-duty trucks. Come in soon.

## The 'Good Old Days'

An old, old man eking out a living on a pittance—labor that exploited children of eight or nine in stuffy off-primitive equipment—tiny local markets. And women entirely from earning a decent living by Victorian cotton.

Today, the old, increasingly, live longer and respectful pensions. Boys and girls are free to go to school. Modern women work in well-lighted, airy quarters, using modern machines and American wages set the standard for the world.

To a great degree this is due to the expansion of American business into new fields and new markets. New products sold to more people every year. The wage earner's greatest market of all. And the modern bank which, more than any other agency, has financed American business helped to bring these changes about.

# FRIONA STATE BANK

## Who . . .

Makes the Automobile Insurance Rates

Insurance companies collect premiums from many policyholders. Out of the money thus accumulated, claims are paid to or in behalf of policyholders who are involved in accidents.

If the number of accidents increases, more money must be collected.

If the severity of accidents increases, more money must be collected.

If the cost of repairing cars increases, more money must be collected.

If cost of repairing people increases, more money must be collected.

If juries award larger damages, more money must be collected.

In communities where these increases occur, it takes more money to pay claims and the insurance company must collect more money from each policyholder. On the other hand, in communities where less money is needed to pay claims, less is collected. In the last analysis, therefore, automobile owners make their own insurance rates.

## How . . .

You Can Help to Reduce These Rates

The person who can do the most to keep insurance rates down is you. Here are a few suggestions.

1. Drive carefully.
2. Urge each member of your family to drive carefully.
3. Observe all traffic laws.
4. Support law enforcement.
5. Do not hesitate to report to authorities any gross negligence or violations you may observe; you may save someone's life by so doing.
6. Set a good example as a pedestrian as well as a driver.

by raising the cost of their insurance.

# Submarine Visited by Congressman on 'Family Day'

A DAY WITH THE FAMILY

September 15 was the birth-  
day of our eldest child, John.  
He was fourteen years old. On  
his birthday I was in the dis-  
trict, but had promised him  
that upon my return we would  
set aside a day for celebration.  
This was really the work of  
his Mother, who sees that no  
birthday celebrations are over-  
looked. This makes for quite  
a number of celebrations in the  
Rogers family during the year,  
what with Christmas, New  
Years, the Fourth of July,  
Mothers Day, and so forth. John  
invited several of his close  
friends to help him celebrate.  
It occurred to me that they  
might be interested in visit-  
ing a submarine that is station-  
ed at the Naval Gun Factory here. It  
is berthed in the Anacostia Riv-  
er and is used in connection with  
instructions for boys going in-  
to the submarine service. When  
I suggested the trip I found that  
the boys were all deeply in-  
terested, and also the entire  
Rogers family. This made quite  
an entourage, and I am sure  
that we resembled a chartered  
tour when we went aboard. The  
two sailors that were on duty  
at the time were excellent ex-  
amples of the young manhood  
of America, fine physical speci-

mens, mentally alert, and thor-  
oughly familiar with every de-  
tail of their jobs. One of them  
remained topside while the  
other conducted us into the my-  
steries below. To say that the  
revelations were fascinating  
would be a major understat-  
ent. In the first place, it is  
inconceivable that so much can  
be packed into so little space.  
If government operations could  
be conducted with the same  
efficiency exhibited in the  
construction and operating of  
a submarine, there would, no  
doubt, be substantial relief for  
the taxpayer. The boys were  
especially interested, as I am  
sure you can appreciate, in the  
fore and aft torpedo tubes and  
how they were operated. I  
thought that their many ques-  
tions would overcome the sailor  
who was conducting the tour.  
However, he handled the situa-  
tion so well that I was sure  
he must have some children of  
his own. Although he assured  
me that he was not a family  
man, I am convinced that he is  
possessed of excellent qualifica-  
tions in the question-answering  
field. He could set a good ex-  
ample for many fathers, in-  
cluding yours truly. His com-  
plete knowledge of all of the  
levers, buttons, switches, lights,  
charts, controls, gauges, wires,  
pipes and many other gadgets  
was most impressive. This  
particular craft has a comple-  
ment of seventy-five men, and  
we were advised that every-  
one of these was required to  
know the entire story from the  
bow to the stern and be able to  
take over any station on a sec-  
ond's notice. I have definite  
proof that the young man with  
us certainly knew the entire  
story. The boys didn't over-  
look one of the gadgets, nor did  
they fail to ask several ques-  
tions as to each one. The ques-  
tions were answered fully and  
without hesitation, from the  
battery compartments below to

the tip of the periscope, which,  
incidentally, has a radar at-  
tachment. After viewing the  
inner workings, we went back  
on deck. The boys really had a  
time there, because the sailor  
allowed them to maneuver the  
deck guns and explained in de-  
tail to them how the torpedoes  
were loaded and what had to  
be done in order to fire one.  
The craft carried a legend of  
its accomplishments during  
World War II, which included  
many Jap merchantmen, as well  
as warships. All of this, to-  
gether with the presence of a  
little brown dog that was born  
at sea, so impressed the boys  
that I am sure the Navy would  
have had about a dozen recruits  
for submarine service if it  
hadn't been for age limitations.

The sailor kept apologizing that  
the craft was not as clean as it  
should be. Frankly, I was im-  
pressed by the thorough clean-  
liness, as was Mrs. Rogers. We  
spent about two hours on this  
project, and here wasn't a wast-  
ed second during the period.  
We feared that at least one or  
two of our crew would try to  
stow away, but we safely gath-  
ered them together and took our  
departure. I can assure every-  
one that submarines are not  
only very interesting, but they  
are definitely well constructed.  
The proof of this lies in the  
fact that this craft was still in  
operating order after our party  
came back ashore.

**VISITORS:**  
The Capital City was hono-  
red this week with many visitors  
attending the American Auto-  
mobile Association convention.  
The Panhandle was well repre-  
sented by Mr. and Mrs. Morris  
Higley, of Childress Mr. and  
Mrs. George Hammock, Mr. and  
Mrs. Roy Cullum, Clifford Holt,  
and Miss Arvilla Patterson, all  
of Amarillo and Guy Lawrence,  
of Hereford.

Farmers and stockmen are  
urged to secure the planting  
seed and prepare the land for  
planting an increased acreage  
of winter grazing crops. Some  
areas of the state now have  
sufficient moisture to insure a  
stand. Dry planting is  
recommended in the other areas.  
There's still time for planting  
winter legumes. For a good  
grazing crop, mix a legume with  
the small grain.

## GREED AND GOD

When the early explorers set their standards upon the land of the new world they erected both the cross and the flag of Spain in this virgin soil. But later exploiters, motivated more by avarice than the missionary spirit, oft-times forgot the cross in their conquests - it was left up to missionaries to carry the Word. Everywhere these missionaries went, building churches that still stand. And as these churches have endured, they stand today, a tribute to the men who came to our land to establish a new way of life - apart from greed.

And today, as ever, the church stands for service and compassion, love and understanding. Have you attended church lately? Then why not begin next Sunday?

## Rhea News

By FLORENCE DEAN

Mrs. Schma Wagner visited Mrs. Bertha Hurst in Friona Tuesday of last week.

Those attending the birthday party of Florence Dean Sunday afternoon were: Mrs. Geo. Treider, Phyllis and Karen Treider, Sue and Pat Cranfill, and Glenn Evan Reeve of Friona. Mr. and Mrs. Floyd Schlenker, Mrs. Elmo Dean, Lindy and Gladys Dean of this community. The afternoon was spent making candy and ice cream. Refreshments of cake and ice cream were served.

Mr. and Mrs. Cordie Potts and family attended the football game at Friona, Friday nite.

Mr. and Mrs. Floyd Schlenker attended the Tri-State Fair at Amarillo Tuesday.

Florence Dean attended the Tri-State Fair and parade Monday.

Mr. Herman Schueler has a new irrigation well.

Mr. and Mrs. Elmo Dean and girls attended the football game at Bovina Friday nite.

Mrs. Clara Sachs is in the hospital at Friona.

Rev. and Mrs. E. W. Lichtsinn and Lewis went to Littlefield Sunday.

Mr. Ernest Nivens has returned from Memphis to help with the harvest.

Those attending the Mission Festival of the Lutheran at Clovis Sunday were: Mrs. Herman Schueler, Lillian and Herbert Schueler, Mr. and Mrs. Raymond Schueler and Shirley Mr. and Mrs. Norbert Schueler and Threasa, Mr. and Mrs. Walter Schueler and Wayne Allan, Mr. and Mrs. Paul Koeltzaw and boys, Mrs. Selma Wagner, Mr. and Mrs. W. N. Drager and son.

### FORMER RESIDENTS MEET

A group of former Friona families now living in Missouri and Arkansas drove to Lake Wedington last Sunday and had an all day picnic at the picnic grounds twelve miles west of Fayetteville, Arkansas.

Attending the gathering were: Mr. and Mrs. Ralph Tedford, Mr. and Mrs. Alton Tedford and Patsy, Mr. and Mrs. Herman Tedford and children, Mr. and Mrs. Ardeen Fallwell and children, Mr. and Mrs. Roy Lee Jones and baby son, all of Farmington, Arkansas and Mr. and Mrs. Clifford Crow and family of Fayetteville, Ark., Mr. and Mrs. Bill Landrum and boys of Fayetteville, Ark., Mr. and Mrs. Jess Williams of Lincoln, Ark., Mr. and Mrs. Estes Bass and family of Silom Springs, Ark., Mr. and Mrs. J. M. Alexandre, Seligman, Mo., Mr. and Mrs. Milford Alexandre and daughter of Springfield, Mo., Mr. and Mrs. Clyde London, Jack and Dean of Cassville, Mo., and Mr. and Mrs. P. L. London and Richard, who were guests of his brother and family. The John Geades and Pat Terry families were unable to attend.

### CONGREGATIONAL CHURCH NEWS

The October Congregational Church Family night which was to be held the evening of October 5th., has been postponed until the evening of October 7th., Tuesday. It will be held in connection with the Fall Association Meeting of the Congregational Christian Churches which is to be held in the Friona church October 7th., and 8th. The time is set for 6:30 p. m., and the committee asks that everyone be prompt as there is to be an evening session following the dinner to which all are invited as well as the dinner. The church families, members and friends and families will be hose to the visitors in attendance at the Association meeting. Mr. William J. Manspeaker of Denver, Colo., is to be the main speaker of the evening. The Association meeting will be adjourned at 5:00 p. m., so that the local ladies may attend and have time to prepare the tables during recess.

Mrs. Jane Meyer, associate pastor of the Congregational Church is to be in charge of the church's annual observance of World Wide Communion Sunday service, Sunday October 5th. The service is scheduled for the usual hour which is 11:00 a. m. Mrs. Meyer will be assisted by the deaconesses of the church at the observance.

The general program of the Fall Meeting will be as follows: The program opens at 3:00 p. m. Oct. 7th., and there will be the afternoon session of the 7th.; the Fellowship Dinner at 6:30; with an evening session following. There will be brief separate meetings following the close of the formal evening session for laymen, women and ministers. The conference will convene at 9:00 a. m., Wednesday. Following the opening devotionals Mrs. Emmons E. White of Aruppukottai, India will give her second address. The conference will close with a Communion service at 11:00 a. m., following an intermission immediately preceding it. Rev. Edward L. Trindle of the Lawton, Oklahoma church is in charge of the communion service.

### Girls Auxiliary Holds Initiation, Elects Officers

The members of the Girls Auxiliaries of the First Baptist Church met on Monday evening for a period of fellowship and inspiration. They entertained their mothers at this time.

The program began with Lila Gay Buske at the piano as Phila May Buske led the group in singing. Luann Hardesty, retiring president, of the Arise and shine G.A., gave a devotional, based on the first chapter of Psalms. Following this, the girls were each initiated into the Girls Auxiliary. Having made a blindfolded journey through a complicated avenue, the girls gathered around the table for the Initiated ritual.

The table was centered with a large star, symbolic of the star ideals of the organization, having a white candle at the tip of

each point. The star was centered with a low golden bouquet. Mrs. Leonard Haws, associational young people's leader, and Mrs. Joe Menefee, retiring W. M. U. president, read the meaning of the star ideals to the girls, having the candles lighted as each ideal was mentioned. The girls then repeated the Girls Auxiliary allegiance and sang the G.A. hymn, "We've a Story to Tell to the Nations." Mrs. Joe Taley, incoming W.M.U. President, led in a prayer of dedication. Each girl was then privileged to sign her name in the roll book for the auxiliary.

Mrs. Russell Pogue led the group in the installation of the new officers for the coming year. Using as her theme, "Apples of Gold in Pictures of Silver," she installed the following officers in the Intermediate G.A.: President — Margaret Rhodes; Secretary-Treasurer — Sandra Brock; Program Chairman — Janice Miller; Pianist — Kathryn Dunn; Counsellor — Mrs. Curtis Murphree.

The following officers were installed for the "Arise and Shine" G.A., which is for Junior girls, ages 9-12.

President — Phila Mae Buske; Vice President — Judy Smith; Secretary-treasurer — Ray Jene Jones; Pianist — Betty Agee; Chorister — Jacquelyn Magness; Counsellors — Mrs. Spencer Hough, Mrs. O. C. Rhodes.

## BOVINA, TEXAS

**NOTICE OF ELECTION FOR THE RE-ALLOCATION OF COUNTY TAXES**

THE STATE OF TEXAS  
COUNTY OF FARMER

To the Resident Qualified Property Taxpaying Voters of Farmer County, Texas:

TAKE NOTICE that an election will be held on the 4th day of November, 1952, in said County, in obedience to an order duly entered by the Commissioners Court on the 8th day of September, 1952, which is as follows:

On this the 8th day of September, 1952, the Commissioners Court of Farmer County, Texas, convened in regular session, at the regular meeting place there-

with the following members of the Court, to-wit: A. D. Smith, County Judge, E. R. Day, Commissioner Precinct No. 1, C. H. Jefferson, Commissioner Precinct No. 2, E. F. Billingsley, Commissioner Precinct No. 3, H. L. Ivy, Commissioner Precinct No. 4, being present, and, among other proceedings had by the Court were the following:

Commissioner E. R. Day introduced an order and moved its adoption. The motion was seconded by Commissioner C. H. Jefferson. The motion, carrying with it the adoption of the order, prevailed by the following vote:

AYES: Commissioners E. R. Day, E. F. Billingsley, C. H. Jefferson, H. L. Ivy;  
NOES: Commissioners None;  
The order is as follows:

election held throughout the State of Texas on November 7, 1944, the qualified electors of the State, voting on the proposition, approved the amendment to Section 9, of Article 8, of the Texas Constitution, which amendment provides that the Commissioners Court in any county may re-allocate the county tax levies authorized in Section 9 of Article 8, by charging the rates provided for any of the purposes authorized in said Section by either increasing or decreasing the same, but in no event shall the total of such taxes exceed Eighty (80) Cents on the one hundred dollars' valuation for any one year, provided that before the Commissioners Court may make such re-allocations and changes in such levies the same shall be submitted to the qualified property taxpaying voters of such county at a general or special election; and in event such re-allocations and changes are approved by a majority of the qualified property taxpaying voters of any such county, such re-allocations and changes shall remain in force and effect for a period of six (6) years from the date of the election at which same shall have been approved, unless the same again shall have been changed by a majority of the qualified property taxpaying voters of such county, voting on the proposition; and

WHEREAS, the Commissioners Court of Farmer County, Texas, deems it advisable and to the best interest of said County to re-allocate the county taxes authorized to be levied annually by Section 9, Article 8, of the Constitution, by changing the dates in respect to certain county taxes as herein provided;

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS COURT OF FARMER COUNTY, TEXAS:

That a special election be held in said County on the 4th day of November, 1952, which is not less than thirty (30) days from the date of the adoption of this order, at which election the following proposition shall be submitted to the qualified property taxpaying voters, who own taxable property in said County and who have duly rendered the same for taxation, for their action thereupon:

"Shall the Commissioners Court of Farmer County, Texas, be authorized to levy and collect in each year for a period of six (6) years from the date of said election, county taxes as follows:

Not exceeding fifty five Cents (55c) on the \$100.00 valuation, in any one year, for County purposes;

(15c on the \$100.00 valuation, in any one year, for roads and bridges;

Not exceeding five Cents (5c) on the \$100.00 valuation, in any one year, to supplement the jury fund of the County; and

Not exceeding five Cents (5c) on the \$100.00 valuation, in any one year, for the erection of public buildings and other permanent improvements."

In the event that the annual levy of a tax not exceeding fifteen (15c) cents on the one hundred dollars' valuation for the further maintenance of the public roads of said County has heretofore been, or shall hereafter be, authorized by a majority of the qualified property taxpaying voters of the County, voting at an election held for that purpose, nothing herein shall be construed as rescinding or in any manner affecting the power and authority of the Commissioners Court to levy and to continue to levy said tax.

The said election shall be held under the provisions of the Constitution and laws of the State of Texas, particularly amended Section 9, of Article 8, of the Constitution, and Section 3a, Article 6, of the Constitution, and all persons who are legally qualified voters of said County, and who are resident property taxpayers who own taxable property in said County and who have duly rendered the same for taxation, shall be entitled to vote at said election.

The ballots for said election shall have written or printed thereon the following:

"FOR RE-ALLOCATION OF COUNTY TAXES."

"AGAINST RE-ALLOCATION OF COUNTY TAXES."

Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his or her vote.

The polling places and presiding officers of said election shall be respectively as follows: Precinct No. Voting Place Presiding Officer

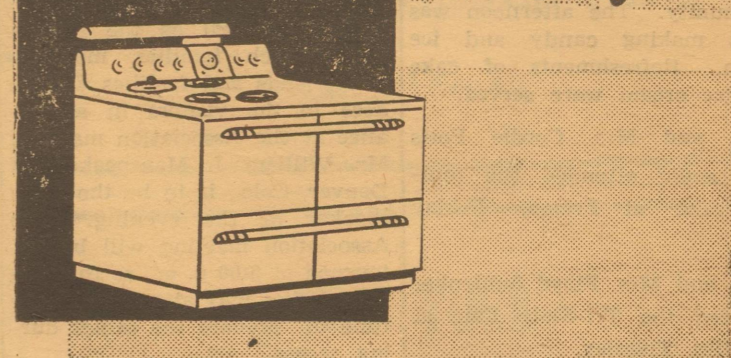

- 1 Black John Bengert
- 2 Friona T. J. Crawford
- 3 Bovina S. A. Calhoun
- 4 Farwell Albert Smith
- 5 Lazbuddy E. V. Crain
- 6 Okla. Lane Sam Sides
- 7 Rhea Melvin Sachs
- 8 Lakeview Otho Whitefield

The manner of holding said election shall be governed by the laws of the State regulating general elections.

A copy of this order, signed by the County Judge of said County, and certified to by the County Clerk of said County shall serve as proper and sufficient notice of said election.

Notice of said election shall be given by posting a copy of this order at the top of which shall appear the words "NOTICE OF ELECTION FOR THE RE-ALLOCATION OF COUNTY TAXES," at the Courthouse door of said County, and in each of the election precincts of said County for thirty (30) days prior to the election, which notices shall be posted by the Sheriff or a constable, who shall make return on a copy of such notice, how and when he executed the same.

Notice of said election shall also be given by publication thereof in a newspaper publish-

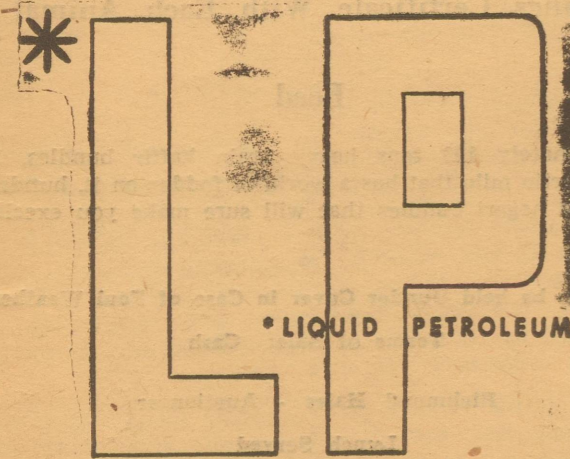

**MORE AND MORE HOMES ARE USING THE RANGE THAT OFFERS THE MOST IN MODERN COOKING**

Brands are a symbol of quality in the Southwest in both cattle and cooking. The superior brand of cooking is obtained when you use the best brand of range — the electric range.

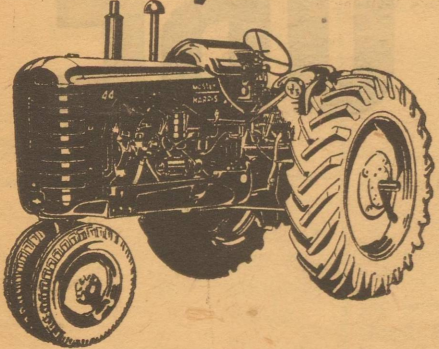

Choose the cooking method that offers you the most. There's one brand that brings you everything you want in cooking pleasure. Of course, it's electric.

Newspaper -  
(Continued from Page One)

right of the people 'to know' is a vital part of the public responsibility of newspapers, a responsibility implicit in the first amendment pledging that the freedom of the press shall never be abridged.

"Nowhere in the world today is the press more conscious of its duty to 'light the way of freedom' than in America. Nowhere has the value of a free press in protecting and fostering the democratic processes been more dramatically demonstrated.

"Our newspapers express a wide variety of viewpoints. That in itself is an element of strength. Tyranny can never take root or flourish in a climate which recognizes and respects the imperative need for freedom of expression.

General Eisenhower aptly notes:

"There are countries where news is controlled in various degrees by the government. These situations make us more readily appreciative of the benefits of our own free press. There have been those in this country who have advocated measures of news suppression and censorship. Every good citizen should resist these efforts, and I promise you that I will always resist such attempts. Unless actual and real national security is involved, the flow of all news — and particularly concerning the affairs of our government — must be kept full and free.

John Edgar Hoover of the FBI flatly states:

"Only an enlightened citizenry can combat the evil forces which threaten the American way of life."

So much for the overall picture.

We are glad to be the newspaper that makes its home in Friona and Parmer County, serving those about us, most of whom we know by their first names. We are glad to be of some service to our friends — the only paper that gives a hoot about the daily welfare and the future of the individual and cumulative citizenship of this community.

Joy Mack Y.W.A. Has  
Missionary Program

By Group Reporter  
The Joy Mack Y. W. A., met at the First Baptist Church for a meeting Monday of this week.

Nancy Messenger had charge of the regular Mary Hill Davis program. This is based on "Going." We were told how by the giving of our money and through prayer we could help our missionaries on different fields. Those having parts on this program were Deann Buske, Denjese Magness, Anita Scarborough, Margie Haws, also Betty Rhodes who was unable to attend because of illness.

A short business meeting followed the program. President Mary Joyce Renner, was in charge. The different chairmen gave reports on their progress. The community Missions chairman, Beverly Sue Jones gave a report on our work with our Mexican friends.

Refreshments were served to these present: Nancy Messenger, Mary Joyce Renner, Margie Haws, Denjese Magness, Laura Moyer, Anita Scarborough, Lois Latham, Beverly Sue Jones, Linda Miller, Donna Miller, Deann Buske, Katherine Brand and our counselors Mrs. Roy Lovett and Mrs. T. E. Lovett.

We like being YOUR paper. Incidentally, your visits are welcomed at the Star during this National Newspaper Week or ANY week. Your hometown newspaper is not a thing apart, but is a very real part of your community life; we want you to know us better, understand how a newspaper is made up and published, how the actual typesetting takes place, how the news is selected and written, how the entire mechanical set-up functions.

Come in, let's learn more of one another's jobs - for it is said that the only real difference in people is their ignorance of different things! Let's learn more of our respective jobs - to the benefit of a community in which we are justly proud - the Friona area.

Personals

Mr. and Mrs. Ray McKee and children visited in Hereford Sunday with Mr. and Mrs. Marvin Boeder.

Dale Houlette and Dub Cleveland attended the ball game Friday night at WTSC, in Canyon.

Cliff Larkin of Amarillo, claim adjuster of Motors Insurance, was a business visitor in Friona Tuesday.

Jerry McGlothlin, Chris and Susan, visited Tuesday with his parents and sisters, Mr. and Mrs. Bill McGlothlin and Mary Bell, Francis and Gail.

Mr. and Mrs. Ed Hanibas are visiting in Friona. He has recently been discharged from the army.

Mr. and Mrs. Wayne Stark, Nate and Kenn, were Sunday visitors with his parents, Mr. and Mrs. W. B. Stark. Wayne is assistant football coach at the Hereford High School.

The J. D. Sanders family spent Sunday in Morton visiting his father, J. D. Sanders.

Mr. and Mrs. James Terrell and children attended the Ice Follies in Amarillo Saturday.

Mrs. Arma Coffman, Mrs. J. D. Sanders and boys, and Mrs. Earl Darke and boys attended the Fair in Amarillo Saturday.

Mr. and Mrs. Pete Cornelius and Mr. and Mrs. C. L. Lillard attended the Fair and Ice Follies in Amarillo Saturday.

Mr. and Mrs. W. B. Stark were business visitors in Hereford Saturday night.

Mrs. Alice Horn of Paducah, Tex., is visiting her mother, Mrs. Rosa Anderson.

Mr. and Mrs. Arthur Drake attended the Ice Follies in Amarillo Saturday night.

The Jim McLain family spent Saturday in Amarillo attending the Fair.

Mr. and Mrs. J. W. Brington and twins, Landra and Sandra, of Petersburg spent the weekend with her parents and brother, Mr. and Mrs. Cliff Cribbs and Wayne of Friona.

Evert Adams of Houston and Carl Wilderson of Tipton, Oklahoma are visiting friends in Friona.

TROOP II

The girls of Scout Troop II met Monday afternoon and planned a party, had fire drill and finished their out-door safety badge.

Patsy Anthony was hostess for the meeting and served pop and cookies to Gladys Baxter, Kathryn Dunn, Merelene Gibson, Doris McFarland, Loretta O'Brian, Carolyn Stowers, Phyllis Treider and Mrs. O'Brian.

TROOP V

Troop V had a very interesting ABC nature hike, visiting Mr. Spring's orchard and other places of interest. One member, Mareta Watson, had the misfortune of breaking her leg at school and was unable to attend.

Nine members and the leaders, Mrs. Potts and Mrs. Snead were present.

Miss Jean Crawford returned home from Minneapolis, Minn., last Friday. She was to enter the University of Minnesota but found that she was unable to get the subjects she was interested in taking.
