FRIONA SCHOOL NEWSLETTER

Dear Uncle Bert:

Gay Cass and her mother attended the state meeting for the F. H. A. girls in Austin last week end. Gay is Area Reporter for this area. According to Gay, about 65 girls and sponsors were present at the 1953-54 F. H. A. State Executive Council meeting held last Saturday. The meeting was held in the Driskill Hotel in Austin, with Betty Cervenka, State President, presiding. Plans were discussed for the next State F. H. A. meeting which will be held in Ft. Worth. The new officers were informed of their duties for the coming year. Various committees met and revised the old constitution, made plans for publicizing F. H. A., etc. One of the ways decided upon was writing items in the local paper, in the area paper, state and national paper.

The meeting beginning at 1 o'clock was held in the Crystal Ball Room which was decorated in pink and grey with brocaded tapestries on the walls.

A lovely arrangement of fall flowers on the mantle was reflected by a mirror in the background.

The highlight of the meeting was the luncheon served by colored waiters dressed spotlessly in white, in the Maximilian room. The room was named Maximilian because of the eight huge mirrors, with heavily engraved gold frames which hung in the room. These had once belonged to Maximilian Carlotta of Spain. The room was carpeted in wine with crystal chandeliers and velvet tapestries. Red roses, the national F. H. A. flower, were placed in the center of the tables covered with white linen.

The council convened again at 1 P. M., and the committee reports were read, discussed and approved. Suggestions were made concerning these by Miss Pazdral, state advisor.

Meeting adjourned at 4:00 with the F. H. A. Prayer Song. The girls returned home with a broader knowledge and understanding of the Future Homemakers of America.

BAND ATTENDED FAIR

Sixty-one band members accompanied by Mr. Fry, the band director, Mrs. H. T. Magness, Mrs.

Sloan Osborn and Mrs. Henry Lewis left Friona about 8:30 A.M. Monday for the Tri-State Fair in Amarillo. Mr. Rolf and Mr. Henderson drove the buses.

The band marched 17 blocks down Polk Street with 50 other bands. The bands were given a police escort to the Fair Grounds. Awards were announced outside the Sports Arena, with Phillips High School winning 1st place for the best playing band. Dimmitt won 1st for the best looking band in the parade. Liberal, Kansas, won 1st prize for the best marching band. Miss Thompson of LeFors won the award for the best baton twirler.

Most of the Friona band members attended the icecapades that began at 2:30 P.M.

The bus began the journey home about 6 o'clock and arrived here at 7:30.

Comments from the students were: We had a wonderful trip; we're very tired and I wish I had my lessons. The band director, Mr. Fry, made this statement: "My feet hurt".

TEACHERS TO MEET

I saw a notice in the Principal's office that the County Teachers Association will meet in Friona Sept. 29th at 8:00 P.M. All the schools in the county will meet here for a dinner and organize their organization for the coming year. This organization meets four times a year, with one of the schools in the county acting as host.

NEW BUS COMING

Mr. Henderson was in Mr. Caffey's office this week to see if the new school bus was in Amarillo, and ready to be picked up. Sure he glad to get another new bus, as we need an extra for an Activity bus. Maybe after the school receives this bus, the routes won't be so crowded. However, this new bus that is coming will only release the present bus the school uses for an activity bus. With this bus free, the students and teachers can plan their field trips without conflict with the regular route buses.

SAFETY NOTE:

Talking about school buses; CONTINUED ON PAGE 5

WINS

The Milking Shorthorn herd of John S. Thompson, Friona, garnered more honors this week with three first places and several lesser places at the Tri-State Fair in Amarillo, topping the list with the Grand Champion bull, Roth Acres Lad's Pride, from a stiff line-up of competition.

Local Scouts Planning Field Day Attendance

Friona Boy Scouts will participate in the Field Day program to be conducted on the West Texas State College grounds Friday and Saturday of this week.

The program will commence with a campfire and welcome by Dr. Cornett at 8 p.m. Friday, and contests will begin on Saturday morning at 9 o'clock. Included will be skeet shooting, archery, bait casting, first aid, compass, water boiling, flipjack flipping, et.

All Scouts and leaders attending will receive free passes to the WT-McMurray football tilt Saturday. Special Field Day awards will be given at the half-time of the game.

Dr. Paul Spring has been in Dallas this week attending a medical meeting.

STORK FEATHERS

Mr. and Mrs. C. W. Perkins of Bovina are the parents of a boy named Leslie Wade, born Sept. 16 and weighing 9 lbs, 1 oz.

Mr. and Mrs. Pete Cornelius are the parents of a girl named Becky Kay, born Sept. 18, weighing 8 lbs, 2 oz.

Mr. and Mrs. Willie Leos are the parents of a girl named Mary Alice, born Sept. 19, weighing 7 lbs, 4 oz.

Mr. and Mrs. Art Mast of Bovina are the parents of twin girls born Sept. 20. Katherine weighed 6 lbs., 13 oz., and Christine weighed 5 lbs., 5 oz.

Mr. and Mrs. Douglas Connelly are the parents of a girl named Sarah Deniese, weighing 6 lbs, 12 ounces.

P-TA Feted Teachers at Reception

Reception committee members at the Teacher Reception given by the Friona Par-Teachers Association last Thursday evening were: Left to right: Megdames Hardy May, H. T. Magness, Til-

Students Continue Studies-Minus Building

Despite the heartbreaking loss of the combination high school-grade school at Bovina, little time has been lost by the students, faculty, board members and the entire community in continuing the educational program and in planning full speed ahead for rebuilding.

Revival Beginning At Local Church

Rev. R. W. Wilburn announces that a revival meeting will commence at the local United Pentecostal Church this Sunday evening. Services will continue in the evenings at 7:45 for about two weeks.

Rev. Billy Joe Martin of Oklahoma City will do the preaching. The public is invited to attend.

Elevator Worker Dies On Job at Black

Funeral services were held yesterday afternoon in Hereford for Oscar H. Altman.

Altman was stricken with a heart attack while working on an elevator at Black.

Cub Leaders To Map Year Program

Local people interested in Cub Scouting are urged to attend the program planning Training Session to be conducted here next Thursday evening.

Cub parents, committeemen and leaders especially are urged to attend.

The meeting will be at 7:30 in the Congregational Church basement.

The full Cubbing program for the year will be set up at that time.

Mr. and Mrs. G. H. Whitaker, Jr. have just returned from a 10-day trip visiting relatives in San Francisco and visiting many of the points of interest along the west coast as far north as Oregon.

New Home Tour Is Slated Friday

New homes of Friona will be viewed Friday in the Home Tour sponsored by the Friona Woman's Club.

Beginning at 2 P. M., the tour will start at the J. C. Wilkerson home, progressing to the homes of John Wise, Mary Boggess, H. K. Kendrick, Dan Ethridge, Wilmot Crow, Truitt Johnson, A. W. Anthony and the C. W. Dixon home where refreshments will be served.

Tickets at the price of \$1 will be on sale for the tour at the Wilkerson residence.

Funeral Held Here For Jeff Trigg

Funeral services for Jeff D. Trigg, 55, were conducted Tuesday afternoon at the Church of Christ in Friona.

Mr. Trigg died Sunday in the hospital at Hereford. He had only been ill a short time.

He was born November 25, 1897, in Grapevine, Texas, moving to Friona in 1930 from Oklahoma.

Survivors include five brothers, G. Trigg of Friona, Zac of Amarillo; Steve, Borger; Jack, Santa Fe, New Mexico; and three sisters, Mrs. Nettie N. Hardin of Garfield, Okla., Mrs. J. E. King, Lawton; and Mrs. Maude Hall of Lawton.

Burial was in the Friona Cemetery.

Friona Football News in School Column

Lazduddie Romps Over Smyer In Second Win

BY BARBARA HINKSON

Lazduddie continued their spectacular football form last Friday winning their second game, this one from Smyer to the tune of 27-0.

The Longhorns got off to a fast start in the first quarter. After recovering the kick-off from the Bobcats, White made a touchdown in the first minutes of the game. Extra point was made with a pass from Gleason to Briggs, the quarter ending 7-0.

In the second period Gleason covered a Smyer fumble, and White ran for paydirt. Gleason kicked the extra point. Halftime found the score 15-0.

White got off a 40-yard pass downfield to Briggs in the end zone in the third quarter, scoring yet again in the same quarter by returning a punt 60 yards behind some beautiful blocking from his teammates; score at end of 3rd was 27-0.

Coach Dukes played his reserves most of the last quarter. The teams exchanged possession of the ball several times but no more scores were made.

The Longhorn defense did a magnificent job, not allowing the opponents even a 1st down the entire game.

Those seeing action in the game were Jerry Gleason, Frank Spittler, Leonard Smith, Leon Smith, David White, Sammy Cox, Joe Briggs, Jimmy Oliver, Jim Gerdon, Chunky Ivy, Durwood Teague, Johnny Gammon, Jim Roy Dandiel, Robert Ivy and Jimmy Ivy.

HOSPITAL NOTES

ADMITTED

Mrs. C. W. Perkins, OB, Bovina. Bryan Jameson, tonsilectomy, Friona.

Mr. W. H. Woods, med. Farwell. Mrs. Kenneth Keeth, med. Lazduddie.

EDITORIALLY SPEAKING

"A Vigilant Press has made the American People the Best Informed in the World"

Monday Morning Musings

Even with the atom bomb, television, guided missiles, jet propulsion, etc., we must yet be shown that the world of today is more complex in its problems than were the worlds of yesteryear as seen by their generations.

All in all, it is not the invention, the material at hand, or the geopolitics of a time that perplexes the peoples of the world, but it is the ATTITUDES of the people themselves that render a thing as disastrous, beneficial, phenomenal or insurmountable.

We believe Attitude to be the item of importance for young America, for the student in Friona.

We recall the basic rifle drill in the infantry. There were youths absolutely afraid of a firearm. The experienced instructor pointed out time and again that the rifle was only a combination of wood and metal - an inanimate object that was wholly within the control of a human with the power to think and discern. Would the soldier allow the wood and metal to become his master. Sounds silly, doesn't it?

And in like manner, our attitude toward the atom bomb, the mysteries of television, or even the workings of local or national government, is the important factor.

Our attitudes will determine if Americans use the products of science and evolutionary history

for the betterment of mankind. If we strive religiously to use atomic power for its greatest potentials, then it will be a blessing. The same for all advances of our era. No doubt some fearsome soul of ages past foresaw the invention of the wheel as a device for the destruction of mankind! After all, the wheel was as revolutionary at its time of invention as is the atomic bomb today.

And only with a receptive mind to God's wishes can our attitudes remain right. We believe they will.

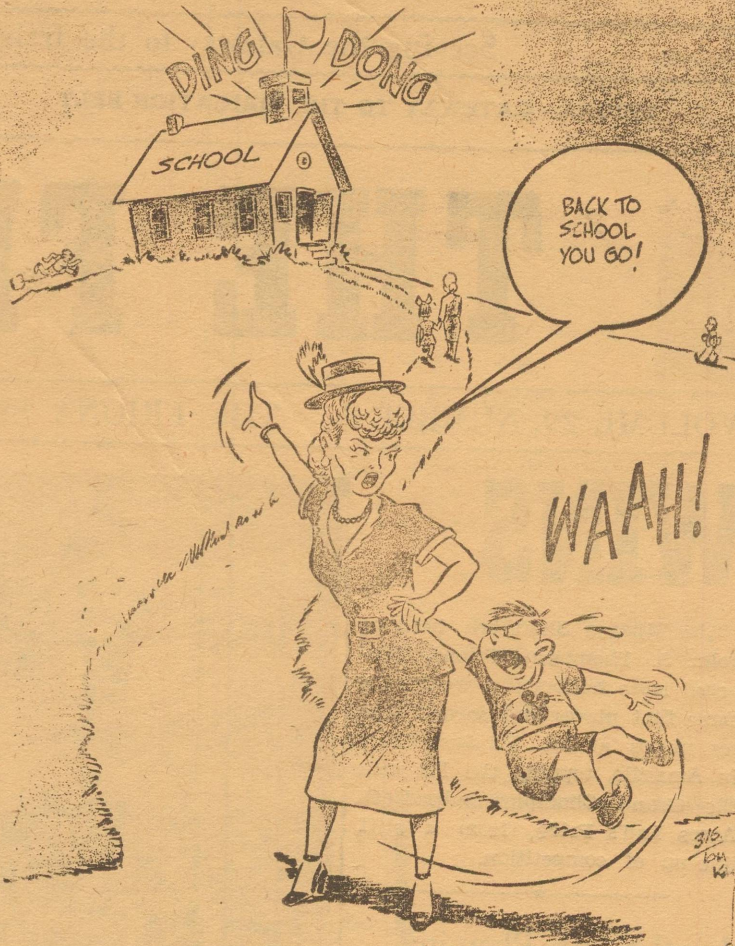

The words of the late President Roosevelt often come to mind when we are distraught: "There is nothing to fear except fear itself."

MMM

BELLINGHAM, WASH., HERALD: "Jobholders in the United States in July numbered 63,120,000, about 1,000,000 more than a year ago. Henry Wallace's goal of 60,000,000 jobs—which he seemed to think was the ultimate in American prosperity—was passed years ago, and still the millennium eludes us."

MARSHFIELD, MO., MAIL: "Many people have the idea that when anyone opposes the closed shop or the union shop (which is the closed shop in disguise), he is opposing unionism. Such a conclusion is not true at all. There is a wide gulf between unionism and compulsory unionism as there is between freedom and slavery."

THE AMERICAN WAY

Now. A Vacation For Mama!

WASHINGTON AND—"Small Business"

—By C. WILSON HARDER

A step toward preservation of American free enterprise was presidential signature of the Small Business Act. This sets up the Small Business Administration empowered to make loans to independent business.

The measure, supported by independent business leaders, was piloted through Congress by Senator Edward J. Thye, Minn. chairman of the Senate Small Business Committee, C.W. Harder, and Rep. Wm. S. Hill, chairman of the House Small Business Committee.

By October, the Small Business Administration should be operating, making loans to small business needing development funds not available elsewhere.

In this new agency, the small business loan functions of the expiring RFC, and the Small Defense Plants Corporation function to help small plants get a fair share of the defense work contracts, have been combined.

SBA, although authorized by law to have a maximum of \$275,000,000 outstanding in business loans at one time, is opening shop with \$55,000,000.

While Congress realized need for assistance to small business, it is waiting to see success of SBA operation before allocating the entire legal limit of funds.

Therefore, the success of SBA will depend to a great extent on how actively small businessmen participate in the development of this new agency.

The need for a source of credit for small business was well established during Congressional hearings and study.

Several factors were considered.

Among them was the fact that under tax laws, it is practically impossible for a business to lay aside enough reserves for expansion by the time honored method of setting aside a part of earnings. Usually, a small business gets to a point whereby it remains static, must sell out to a big company or perish.

While many private bankers would like to make more loans to independent business, they are handicapped by federal and local banking laws.

Administrator W. D. Mitchell announces he will work toward the eventual goal of small business loans being underwritten by private capital.

There is precedent.

Under FHA home financing, private capital is employed, with government insurance. The Federal Land Bank system, once heavily financed by the government, has become independent of government finance, and meets needs of farmers to an extent which laws do not permit conventional banks to go.

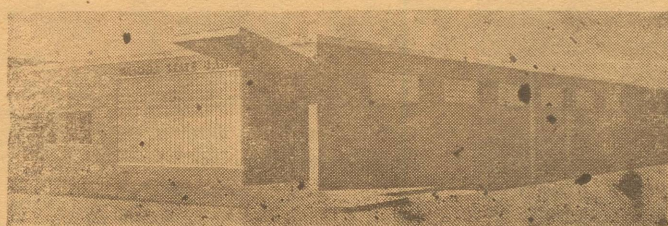

It is much too early to predict what direction the SBA will take. The important point is that government has recognized that first of all small business is vital to the nation; secondly that small business has finance problems requiring under present conditions, special attention beyond legal limitations of private banks.

Therefore, as with so many plans for progress set up in the frame work of a democracy, the success or failure of SBA will depend largely upon the extent to which independent business men work for its success.

Euler Reports from Cool Colorado

Farm Bureau Report

Rhea community road maps are printed. If you would like to have one, we have some in the office. As we have said before, this is an outstanding community accomplishment.

Colorado, from where we are writing, is a state of past and present interest unparalleled. Visiting old mining and quarrying areas, now deserted except for a few who chose to live in the old ghost towns and relate tales of more prosperous eras, is an interesting experience.

In spite of the absence of ghost towns in Texas, we still like the stability that eliminates them. Gold or coal or marble or lead or zinc rushes that end more abruptly than they began, do more to provide material for writers of history than they do for people who need security. Texans, though missing some of the thrill of such rushes, enjoy the tranquility that comes from a more steady stability incurred by agricultural improvement and hard work that accompanies it. We can appreciate the easily farmed plains of West Texas as we see the uneven patches of hard to get to, though fertile areas of Colorado. We're glad we have a simplified water district in the South Plains of Texas, too. Here in Colorado, they're scraping over water on the whole Western and Eastern slopes. The decision that is reached will determine the future of both slopes, agriculturally and commercially for years to come.

In Parmer County, Fair Officials have promised a better planned, more successful Dairy Show and Fair in 1954, including more attractive, inviting fair grounds.

...ing in Lamb, Lubbock and Bailey counties is currently going at \$1.50 and \$1.55 with picking at \$2.05 according to Texas Cotton Growers' Association report brought in by Wright Williams.

CONSIDER THIS: Whoso des...
 pisseth the word shall be destr...

ed; but he that feareth the commandment shall be rewarded. The law of the wise is a fountain of life, to depart from the snares of death. Good understanding giveth favor; but the way of transgressors is hard. Proverbs 13: 13-15.

Scout Meetings

TROOP IV

Girl Scout Troop IV met Monday. We talked about the many uses of fire and how to build fires.

We are divided in patrols. In Patrol No. 1 the girls present were Frieda Jackson, Estella Scales, Margaret Mabry, Cleta Gish, Jolinda Stokes and Mrs. O'Brien, the leader. In Patrol 2, the girls present were Barbara Edens, Elaine Holcomb, Kay Kirk, Janie Parker, Sally Hought, Mary Tom Spring and Mrs. Mabry, the leader.

Mary Tom Spring, Reporter

TROOP V

Troop V met at the Clubhouse Monday afternoon. We had a business meeting with our newly elected president, Linda O'Brien, in charge. Then we formed two groups and Mrs. O'Brien directed one group in building a fire while Mrs. Wilson took the other group grocery shopping. We cooked Bag of Gold, and Cokes were served by Carla Singleberry. Eleven mem-

bers of the troop, three new members and our two leaders, Mrs. Kenneth O'Brien and Mrs. Ralph Wilson, were present.

Every 3 days a new diesel joins the Santa Fe fleet!

A 10-year record of "building new" on the Santa Fe

Christened with California champagne, Santa Fe's first multiple-unit diesel locomotive rolled out of Chicago on Tuesday, May 12, 1936.

It powered the first Super Chief.

39 1/2 hours later it rolled into Los Angeles—and the new age in railroading was born.

There were 3600 "horses" in that one.

Five years later, the first multiple-unit freight diesel rolled on Santa Fe rails.

There were 5400 "horses" in that one.

Today, there is more than 2,100,000 diesel horsepower on the Santa Fe—1524 mighty diesel units.

From 1943 through 1952, a total of 1261 diesel units were placed in service. Better than one every 3 days for a 10-year record!

And still they come! 222 in 1953!

Every diesel added, every mile of heavier rail, makes America's New Railroad a little more completely new. Why, enough new rail has been laid on the Santa Fe in the last seven years alone to reach from Chicago to Los Angeles!

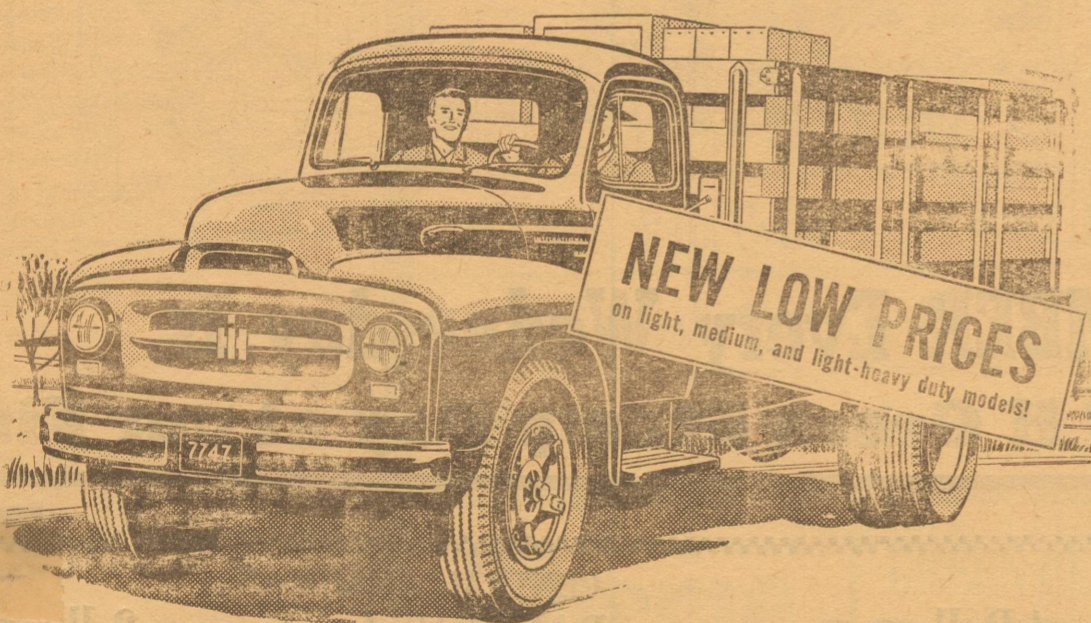

All new—but always the old pride that all this building new costs you, the taxpayer, not one tax penny.

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: Clarence J. Lanotte, and his wife, Mrs. Clarence J. Lanotte, Cora H. Eldredge and her unknown husband or husbands, and the unknown heirs, assigns and legal representatives of the aforementioned Defendants, Greeting: **YOU ARE HEREBY COMMANDED** to appear before the Honorable District Court of Parmer County at the Courthouse thereof, in Farwell, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 19th day of October A. D. 1953, to Plaintiff's Petition filed in said court, on the 1st day of September A. D. 1953, in this cause, numbered 1670 on the docket of said court and styled W. M. White, Plaintiff, vs. Clarence J. Lanotte, et al, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff brings this suit in trespass to try title and alleges that on September 1, 1953, he was the owner in fee simple of Lots 11 and 12, Block 12, McMillen & Ferguson Addition to the Original Town of Friona, Parmer County, Texas. That on such date the Defendants unlawfully entered upon said land and dispossessed him to his damage in the sum of \$500.00. Plaintiff also pleads the 10-year statute of limitations, prays for judgement for title and possession of said land, for his costs, and for his damages, as is more fully shown by Plaintiff's Petition on file in this suit.

Issued and given under my hand and the seal of said court at Farwell, Texas, this 1st day of September A. D. 1953.
(Seal)
Attest: Loyde A. Brewer, Clerk, District Court Parmer County, Texas.

SCHOOL NEWS

(Continued from Page 1)

that reminds me of the rule that is stated in the Texas Driving Handbook regarding to stopping while a school bus is taking on or letting off children. The rule states, "When meeting or overtaking a school bus that has stopped to take on or let off children you must stop. You may then pass at a speed of not over 10 miles per hour if the way is clear." "The Texas Safety Association states that most traffic accidents can be prevented if we will exercise enough care when driving. Let us work together to make our streets and highways the safest in the country. Concentrate on good driving habits and safe driving practices while driving your car, because it may save your life".

YEARBOOK PLANNED

Don Lewis, editor of the Yearbook, called a meeting of the Yearbook staff together Tuesday and discussed plans for the 1953-54 Annual. The way Don presented his plans to us, the Friona yearbook staff is planning to have one of the best annuals that Friona High School has had in years.

ARROW ORGANIZED

The Arrow Staff held a meeting last week and organized to publish the school newspaper. Dim Discon was elected editor; Don Lewis as co-editor; Deann Buske, feature editor; Gay Ann McFarland, Phyllis Treider, Elizabeth Cocanougher and Sandra Brink were elected feature writers. Denise Magness was elected social editor, and Patsy Anthony, Betty Zon Ashcraft, Nelda May, Elizabeth Cribbs, Mar-O'Brian, Mary Tatum and Marilyn Fairchild were elected social writers. Evelyn Ray was elected F. H. A. editor, and Phyllis Fairchild was elected F. H. A. writer. Morris Bruns was elected FFA editor; Virgil Phipps, sports editor; and Bennie Grubbs, Gaylon Rhodes and Glenna Pope were elected sports writers. Eugenia Landrum was elected cartoonist, and Linda Miller, Sue Cranfill and Gerald Floyd were elected assistant cartoonists.

Phila Mae and Lila Gaye Buske were elected Elementary School editors. Jerry Bell Norwood was elected science editor, and Ann McKee was elected science reporter. Lois Lathan was elected as the copyist, and Donald Green, Anita Scarborough, Donna Miller and Eva White were elected as her assistants. Sally Osborn was elected as the printer. Marie White, Carol Blackburn and Bill Dennis were elected as her assistants. Gay Cass was elected as the proof reader and business manager. Miss Tracy Smith was appointed as the sponsor of the Arrow Staff. With this group on the Arrow staff, the Friona High School should have a paper the size of the Amarillo Globe.

FOOTBALL TALK

Uncle Bert, how did you like the football game last Friday night? I thought the boys played an excellent game. The score was 13-0 in favor of Morton, but the score didn't indicate the way the boys played. I believe in another week or two, if the team keeps down their injuries, they will be a very good team. In fact, I believe we could have won

Study-Social Club Hears Review of Alaskan Country

The Black Social and Study Club met with Mildred Barnett, hostess, and Christine Braxton, co-hostess, at the clubhouse on Thursday afternoon.

Marigolds, ivy and daisies were used through the room. Mrs. Emma Elmore and Lucille Rockey were on the program. Both gave interesting facts and pictures of Alaska. Mrs. Elmore had visited a niece there not very long ago.

The refreshment plate of tuna salad, crackers, pecan pie and pops was served to the following members: Jessie Douglas, Bula Mae Deaton, Maudine Edelman, Emma Elmore, Anna Mae Harp, Alta Presley, Elenora Prewett, Maxine Price Louise Roberson, Lucille Rockey, Carrie Tatum and the Lostesses.

Mr. and Mrs. Raymond Garrett and son, Darrell, have moved from our community to Friona, and are living in the Charlie Jones rent house. This community has lost some very good citizens and Friona has gained some.

Ensign and Mrs. C.A. Tucker visited in the J. R. Braxton home Wednesday enroute to San Diego.

Jim Katy from Kansas was in this community this week to see about the grain harvest. Mr. Katy has been here the past few years with his combines and will return again within a few days.

P. R. Elmore of Tucumcari was visiting his parents, the H. H. Elmore, and brother, W. V. Elmore, and sister, Lucille Rockey, last Tuesday. P. R. is doctoring with the Friona doctors.

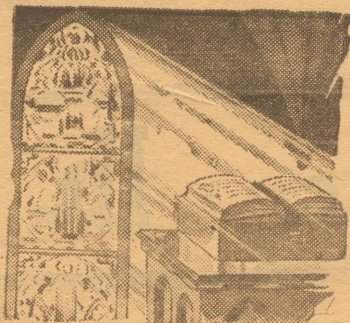

Mr. and Mrs. Dick Rockey and Mrs. H. H. Elmore were visiting in Amarillo Saturday with Mrs. Elmore's sister-in-law, Mrs. Bonita Porter.

Mrs. Tom Presley, Mrs. Kermie Deaton and Mrs. Ellis Tatum were

shopping in Hereford Friday.

Mrs. J. T. Gilbreath, of Muleshoe, and Herbert Gilbreath of Brady visited in the Ellis Tatum home Sunday afternoon.

Pete Braxton was in Galveston over the week-end.

Organic Matter As Vital Soil Productivity Factor Is Emphasized by Local SCS Worker

Editor's Note: The following article has been prepared by Mr. Bavousett of the local Soil Conservation District, as an informative outline of the importance of organic matter in the soil. Bavousett lives and breathes soil conservation, and his knowledge and enthusiasm in this field might well be utilized in the more intensive farming practices taking hold here.

By Steve H. Bavousett

There are many factors that enter into soil fertility. Probably the most important factor is the organic matter content of the soil. Virgin soils of Parmer County contain approximately 3 to 5 per cent of organic matter. Under cultivation this percentage is reduced. The average dryland farm has about 1 per cent. The average content of the irrigated land is about 0.7 per cent. These figures are considerably lower than the figures for the virgin pasture land.

Organic matter is any form of plant or animal bodies that is in the process of decomposition. This includes any part of a crop left on the fields, any crop plowed under green, any barnyard manure that is added, and the bodies of dead animals. The dead animals bodies include anything from a cow to the insects and bacteria of the soil.

The organic matter present in the soil directly affects the water-holding capacity of a soil. The small fragments of organic matter have the ability to hold up to ten times as much water as a soil particle the same size. Therefore any increase in organic matter content will increase the amount of water a soil can store. This is extremely valuable to the dryland farmer who depends on water stored in the fall and winter to produce the next crop and to the irrigation farmer who pre-irrigates. Crop productions depend on the water stored in the soil.

Organic matter increases the permeability (speed and amount of water that passes through the soil) of a soil. During the process of decomposition of the organic matter, there is given off a glue-like substance. This substance tends to stick the soil particles together in small clumps called aggregates. A soil that is well aggregated will take water more rapidly than will a soil in poor condition. This is especially true of tighter soils. To increase the permeability of a soil is helpful in this area where many of the rains fall in a short period of time. A well aggregated soil tends to resist both wind and water erosion. This resistance is due to the fact that several of the smaller particles are stuck together creating a larger aggregate which is not as easily moved.

Increases in organic matter content increases the base exchange capacity of a soil. The base-exchange capacity of a soil is its ability to hold commercial fertilizers and natural plant foods. Then at a later date (when the plant needs it) give up that plant food to the crop. The small par-

ticles of organic matter can hold about four times as much plant food as a soil particle of the same size can hold. Many times, especially on irrigated soils, these plant foods are washed on down through the soil and are lost simply because there is very little organic matter to hold them. Nitrogen fertilizers are easily lost this way. An increase in organic matter also increases the availability of our phosphorus fertilizers. There is no shortage of total phosphorus in the soils of the Parmer County Soil Conservation District. However, it is in a form that cannot be used by the crops. Most of the phosphorus is tied up with calcium as tri-calcium phosphate. Decomposing organic matter gives off an acid that tends to liberate the phosphorus from the calcium. Due to this fact, we should apply our phosphorus fertilizers in bands instead of broadcast.

Probably one of the most important functions of organic matter is the increase in bacterial activity. An abundant supply of microscopic bacteria are necessary for plants to be able to use the nitrogen plant foods. The bacteria use decaying organic matter for food to supply the energy required to change the nitrogen to a form that plants can use. Bacteria are also helpful in the plant utilization of phosphorus by storing the phosphorus in their bodies to be released all during the growing season. The number of bacteria in the soil is amazing. One gram of soil contains from 100,000 to several billion. This means that these are approximately 5,000 pounds per acre on dryland and 20,000 pounds or more per acre on irrigated land of these bacteria in our soils. Without these bacteria working for us our soils would be infertile. Anyway that we can increase the food supply of these bacteria will increase our soil fertility. The most eco-

nomical way to supply this needed organic matter is by the efficient use of crop residues and green manure crops.

The addition of organic matter increases the amount of plant food available to the plant by

speeding the breakdown of the rocks and minerals of the soil. Acids are given off in the decomposition of organic matter. These acids help eat away these minerals leaving the plant foods.

The organic matter content of a

soil is related to the ease of tillage. Soils that are low in organic matter tend to pack and form clay pans or plow soles much more rapidly than soils high in organic matter content. A packed soil reduces the infiltration of the rain and restricts the development of plant roots.

Organic matter is not a "cure-all". The addition of organic matter will not solve all of your fertility problems; however, it is a step in the right direction.

FROM FERTILIZER BAG!

Fad fashions are found in cotton fertilizer bags this year! This talented young lady has taken four cotton fertilizer bags with a linen-like appearance, dyed them a dark green fall shade, and made a versatile coat dress to add to her wardrobe.

SCHOOL NEWS

CONTINUED FROM PAGE 5

over Morton if some of our boys had been ready to play. Jimmy Fobason did not play due to injuries, and Glenn Reeve received an injury the first play. However, Glenn was determined to play, so Mr. Cook put him back in the game, and he did an excellent job in filling his position.

The boys will go to Springlake High School this Friday night. Springlake is another Class "A" high school. Regardless of the class, I know the boys will be in there giving them all they have to win the game. Maybe the student body can give them enough pep Friday afternoon to put them over.

The band and pep squad will leave Friona at 5:30 to go to

Springlake for the football game, according to Mr. Kelley. Uncle Bert, if you ever get an opportunity to ride one of our busses to a football game, you should do it. The students will keep you entertained with some excellent songs.

A NEW PROPOSITION

By the way, I understand through the office that the enrollment in school is up so much that a few more classrooms may have to be built, and if so, with all this HOT WEATHER a swimming pool might be in order. What do you think, Uncle Bert?

DISTRICT AG. TEACHERS MEET HERE

The F. F. A. boys and Mr. Gee were going in circles Wednesday getting ready for the District Vocational Agriculture Teachers meeting. Mr. Gee says there will be agriculture teachers, here from 14 schools in this district. If all the teachers come to the meeting, there will be representatives from Amherst, Bovina, Rula, Dimmitt, Springlake, Farwell, Friona, Hart, Lazbuddie, Three-way, Muleshoe, Olton, Spade and Sudan. I noticed that Mr. Gee and the boys had an excellent program worked out for the visitors to enjoy. The Friona High School Girls Quartet will be on the program. The FFA boys plan to have a demonstration on vaccinating logs, methods of administering vaccines and serums, treating cattle for leicosis, farm level work, castrating swine, control of round worms, docking of sheep and de-horning calves. It sounds like an interesting program for the visiting Vocational teachers to enjoy.

The Hart High School Vocational High School Chapter will give a demonstration on docking sheep. The Friona FFA boys will give the other demonstrations.

Time for the bell, so will write more next time.

Your loving niece,
Big Mamma

Florence Dean - Billy Sifford Wed Sunday

The wedding of Miss Florence Dean, daughter of Mr. and Mrs. Elmo Dean, and Billy Sifford, son of Mr. and Mrs. Herman Sifford, was read by Rev. Lewis Knight at 3 o'clock Sunday afternoon in the parsonage of the Congregational Church in Friona.

Mrs. Carl Maurer furnished musical selections for the occasion. The bride's mother and her sisters, Gladys and Lindy, parents of the groom, and Mr. and Mrs. F. T. Schlenker, Mrs. Charles Schlegler Mrs. Wabe Hartwell, and Mr. and Mrs. Carl Schlenker and children.

After the ceremony the couple left on a wedding trip to Oklahoma.

Mrs. Reeve and Miller Hostesses at Club

Twenty three members of the Friona Woman's Club were present at their meeting Wednesday afternoon in the Friona Clubhouse.

The program included "Kitchen Symposium" given by Mrs. H. K. Kendrick and Mrs. Pearl Kinsley, and "Taking America for Granted" by Mrs. Floyd Schlenker.

Refreshments of saad and spiced tea were served by the hostesses, Mesdames F. W. Reeve and F. L. Miller.

Personals

Lt. Charles Osborn left Sunday for Fort Ord, California, for overseas assignment. He has been here for the past month visiting his family, the Sloan Osborns.

Mrs. H. S. Hyde spent several days last week in Lubbock seeing an optometrist. Her son and wife, Mr. and Mrs. Truell Hyde, brought her home on Saturday. Truell is enrolling at Texas Tech this fall.

'Spanish Americans' Was Topic of WSCS Meet

The topic, "Spanish Speaking Neighbors", was used as the theme for the program at the Tuesday afternoon meeting of the Women's Society of Christian Service in Friona. This program was an introduction to the study, "Spanish Speaking Americans in the United States", to be taught by Mrs. Joe Moyer.

Program leader was Mrs. Arthur Drake, with a panel discussion by Mrs. Bill Stewart, Mrs. Ralph Shelton, Mrs. Roy Slagle and Mrs. Kenyth Cass.

Mrs. Thelma Ford gave the devotional.

Spanish decorations were furnished by Mrs. Lillard, Mrs. Slagle and Mrs. Kendrick.

Mr. and Mrs. J. T. Dennis of Blair, Oklahoma, are visiting this week in the home of their son and wife, Mr. and Mrs. Fred Dennis.

BRIEFS-

Details Next Week

FUNERAL SERVICES FOR A. S. CURRY WILL BE HELD AT THE FRIONA METHODIST CHURCH FRIDAY AT 2:30 PM.

A CARAVAN FEATURING A NATIVE GALILEAN SHEPHERD TO SHOW MOTION PICTURES OF THE HOLY LAND IN NATURAL COLOR IS SCHEDULED TO APPEAR IN FRIONA ON WEDNESDAY, OCT. 14TH UNDER AUSPICES OF THE LOCAL METHODIST CHURCH.

"Time to Speak Up" was the theme of the unique program presented before the Modern Study Club Tuesday evening.

Jamie Lu Lillard, Doris Boggs and Lorraine Welch participated.

Music included 'The Bell Dance' with Jay Beene, Stevan Thornton, Karen Sue Osborn and Gail McGlothlin.

Flower Arrangements was subject of guest speaker A. Edward Roberson of Hereford the meeting of the Progressive Study Club Tuesday night.

Mr. and Mrs. Will Osborn left Friday for Richland, Washington, on a two-weeks vacation trip and a visit with her sister and family.

Mr. and Mrs. W. B. Norwood and family visited their son and family in Albuquerque over the week-end.

Mrs. Forrest Osborn and Mrs. Wilma Jones attended a Sunday School Workers Conference for the Junior and Nursery Departments in Amarillo on Wednesday.

Mr. and Mrs. Pat Patterson returned Tuesday night from Galveston and Orange where they had been visiting their daughter.
