The Lady at the Meeting the Other Night noted that "It's a smart child who understands her parents!"

We are mighty proud of our young "summer reporters," Gay Cass and Evelyn Ray. Gay, who was on the Star staff for the past two summers is now attending Tech and working afternoons on the Lubbock daily paper. She wrote that she has covered her first big city wedding, and the society editor had changed only four words in her story. Evelyn is attending NTSC at Denton, and wrote recently that she liked college, but had stood in line for hours and hours, for days, for everything from food to her postoffice box. We hope she will be back with us next summer.

The new additions are certainly growing. Lakeside addition now has seven new homes in the process of being constructed or nearing completion. Staley addition has about the same number completed. Another wonderful addition to the town is the new hospital which was begun several weeks ago. The foundations have been poured and the sewer lines connecting the hospital are being dug this week.

More and more safety devices are showing up in the new model cars. It's plainly a case of the necessity of protecting the driver against his own mistakes. Not everything that happens is published in the newspapers, for which everyone can be thankful!

Notice two new signs along Main—Allen's Jewelry and Foster's.

The Carl Maurers left Wednesday afternoon for a two weeks vacation in Florida. Sounds wonderful, doesn't it? Carl remarked that he was going to try to get through Mississippi without a mishap such as Bill Sheehan and Allen and Emma Lou Stewart encountered last week on their way to Florida. Bill says that he has heard nineteen different versions of their wreck, and he wants it understood that he was totally innocent—sleeping like a baby, in fact—and it was a negro man, not a highway patrolman that ran into them. (The highway patrolman was parked down the road). Allen said he thought he was just out with a lawyer looking for a lawsuit.

Do you read your horoscope every day? Boyd Knox will tell you it just doesn't pay. One day this week Ruth had reminded him several times to box and put away the summer hats left in stock in their store. He replied that he would have to read his horoscope first. . . . Imagine his surprise when he read "do your part." Ruth says he put up the hats, but not without a few choice words on the subject.

Finishing touches are being made on the Mabry office building which should be ready for occupancy within a month. Really makes one proud of our little city to see all the new homes and business and the beautiful new Church of Christ completed and dedicated last week.

Fire Chief Charlie Bainum remarked last week that the fire department has been "holding their breath," because this is one of the longest periods Friona has gone without a fire in a long time. Glad to see Harry Ratliff back in the pharmacy at the local hospital. He has spent the summer in Oklahoma.

Noticed in the Denver City paper that the city has passed an 11:00 p. m. curfew law there, with parents held responsible for minors. Seems to us that if more parents WERE responsible there would never be a need for a curfew law anywhere.

Believe groundwork is well on schedule—at last—for establishment of a Youth Center in the community. What with the enthusiasm of the young people and the evident interest of the elders, you may expect to hear more and more on this subject.

Representatives of civic clubs, churches and other organizations met this week and got down to brass tacks in discussion of the project. Wes Long was named chairman of a tentative directorate to work with the young people and clubs in investigating ways and means. Mrs. Granville McFarland and Mr. Paul Fortenberry were named on the committee with Long.

The Legion has been most generous in providing a building for the center. So frankly, we believe the big job ahead is for the young folks themselves. Any project is only as good as the effort put into it. More effort—more returns.

The Hardy May family recently donated 5,250 pounds of potatoes to the Tipton Orphan Home in Tipton, Okla. The home is supported by the Churches of Christ. The Mays not only donated the potatoes but paid for the digging and picking up of the potatoes.

The Past Matrons Club is planning a rummage sale to be held in Friona, Saturday, November 5. Time and place will be announced at a later date.

Mr. and Mrs. Ike Worley of Paducah are the parents of a baby girl born October 11. She weighed 6 pounds, 9 ounces.

A 7-pound, 12-ounce baby boy was born October 11 to Mr. and Mrs. Joe Sanchez.

Mr. and Mrs. Truitt Johnson are the parents of a boy born October 13. He weighed 6 pounds, 4 ounces.

W. M. Teague, Scout executive of Amarillo, will conduct a Boy Fact Survey at the Friona schools, Wednesday, October 19, at 1:30 p. m.

This survey will include all boys 11-12-13 years of age, and will concern hobbies, interests, likes and dislikes of the boys. The information will be compiled and used by the school and the Scout organization.

The preliminary report has been issued by the U. S. Department of Commerce, giving Parmer County figures derived from the 1954 census of agriculture, giving some interesting if not valuable facts regarding agricultural trends of the region.

Most noticeable comparative figure is that of number of farms in the county: 909 in 1954 against 777 in 1950, bearing out that easily observed trend of smaller farms replacing the large wheat and ranch acreages. Average size of the 1954 Parmer County farm is reported at 570 acres, compared with the 1950 average of 649 acres.

For the Easterner or even the Californian who considers 7 acres as a ranch, we might point out that only 71 Parmer farms report less than 9 acres, with 616 showing 200 acres and over. In fact, only 75 farms show less than 100 acres, and 156 showing in the "quarter section class," from 100 to 199

acres. And we don't know where the census taker found the situation—but 10 acres of woodland were reported! The government statistics on irrigation development reveal 229,887 acres irrigated in 1954 as against 45,924 in 1949. And the Parmer County farmer evidently is living better, with more modern conveniences: 484 telephones in 1954 against 35 only four years before; 869 farms on electric lines, an increase from 724. Television sets?—327 on the farms in this, a fringe reception area. The dairy industry seems to be losing ground here, however; with 171 milking machines reported in '54, against 73 in 1950! Mechanization seems to be the steady trend, of course; 1424 farm trucks now, 832 in '50; 2,004 tractors, an increase from 1,361. More automobiles, too; 1,108 instead of the previous 817.

Annual F. Bureau Convention Nears

The seventh Annual Parmer County Farm Bureau convention will be conducted at the Bovina School auditorium next Thursday evening, October 20. The session will open with a band concert at 7:30, followed by business meeting at 8 o'clock. Members are urged to attend with their entire families. Leadership pins will be awarded again this year to outstanding 4-H boys and girls, and FFA members and FHA members.

County Bureau officers will be elected, with the president and four directors to be voted upon. Resolutions will be discussed and voted on for adoption.

NOTICE OF ELECTION

Parmer County Soil Conservation District will hold an election Monday, October 17, at the Friona Legion Hall to elect a new supervisor to the Board of Supervisors for the district.

The new supervisor chosen at the election will replace Clyde Sherrieb who has completed his term on the board for the Friona-Black territory.

Election time will be 8:00 p. m.

Grain Meeting Is Called for County

Farmers in general and grain sorghum growers in particular are urged to attend a meeting next Tuesday night called by the Parmer County Grain Sorghum Growers Association. The session will be held in the Bovina school auditorium at 8 p. m.

Arlen Hartzog, president of the relatively new organization, has called the meeting for discussion of possibility of getting grain sorghum made a basic commodity.

Directors of the organization are John Renner and Wes Long of Friona, Truman Kent, Lariat, John Gammon, Lazbuddie, Bob Wilson of Bovina; Pete Braxton, Black; and Bert Williams of Farwell.

WIN!

FRIONA 44

HART 0

The Chieftain tribe of Friona rallied this week to snag Hart in their warpath, 44-0.

Taking control of the game from the opening whistle, the Frionans scored in every stanza to erase any chances of an erratic Longhorn aggregation. First quarter saw two tallies, with Mickey Ready going off tackle for first score, Charles Kirk making an end run for the second payoff.

Half time score was 31-0, after 2nd quarter scoring by Leon Massey on a long pass from Barnett; Donald Bradley on a left end run; Barnett on an end play; and the first extra point, a charge over center by Chiles.

Massey made the lone 3rd quarter touchdown, with Chiles going off tackle for extra point.

Final scoring came with Chiles executing a successful end run.

NEW RESIDENTS

Mr. and Mrs. H. O. Ratliff are moving into the Kermie Deaton rent house. They are from Roosevelt, Okla., and he is a pharmacist at the local hospital.

Mr. and Mrs. Eurchel Perkins have moved into Mrs. M. A. Bartlett's apartment.

REA Reduction Of Rates Tried

In the face of rising prices on every hand, the Board of Directors of the Deaf Smith County Electric Cooperative, Inc., met and agreed that for the month of March, 1956, electricity for irrigation would be 1c per KWH. This is a trial run for the month of March.

At the present time, irrigation rate is 1c per KWH from October 20 to February 20 and for the year 1956, the month of March will be added, making 5 months at 1c per KWH and 7 months at 1 1/2c per KWH.

The board felt that even though cost of production has gone up considerably, the cooperative's position is good enough that this reduction can be made and they feel that since this is a cooperative, reductions will be made whenever it is possible to do so.

Home Wiring Standards Subject of Meeting

Representatives from several branches of the Home Industry met Wednesday night, October 5, at the Friona Clubhouse. Following the meeting the group was guests at a dinner in a local cafe.

Purpose of the meeting was to discuss further home wiring standards and their effect upon the safety, livability and salability of the home in view of current and future developments in the electrical industry.

The Adequate Wiring Bureau was also discussed. This local bureau will receive its charter shortly, stated H. L. Outland, member of the board. Others serving on this board and present at the meeting Wednesday night are Cayce Dunn, H. H. Weis, Nick Dudley, and Weldon Dickson. O. F. Lange is also a board member but was unable to attend. Purpose of the Bureau will be to inspect each new home before its completion, and issue a certificate for adequate wiring, if the inspectors find it has been wired for safety.

The local bureau should be ready to begin operation in about a month according to Outland.

Miss Hettie Burr Dies Near Bovina

Funeral services for Hettie Burr, 72, were held Tuesday at 2 p. m. in the First Baptist Church in McLean. Dr. Buell Wells, pastor, officiated.

Miss Burr died Friday night at the home of a sister, Mrs. H. H. Edens, northeast of Bovina. She had been living with her sister since August.

She was born February 22, 1883, in Fort Worth and formerly lived in Hale Center and McLean. She was a member of the Hale Center Baptist Church.

Interment was in the Hillcrest cemetery at McLean under the direction of the Marcum-Claborn Funeral Home of Friona. Pallbearers were nephews of Miss Burr.

She is survived by four sisters, Mrs. M. T. Wilkerson, McLean; Mrs. T. E. Williams, Klameth Falls, Ore.; Mrs. Lucy Couch, Casper, Wyo.; Mrs. H. H. Edens, Bovina; and several nephews.

Today was a dark Friday in Friona and community, with five car wrecks during the day taking the toll of one life, and with at least nine people injured.

Randal Wayne (Randy) Beavers, 2-year old son of Mr. and Mrs. Wayne Beavers, was killed instantly in a county road intersection collision at the Claude Osborn corner 4 miles west and 2 miles north of Friona, the accident occurring at 6:30 p. m.

Randy was a front seat passenger in a '52 Chevrolet driven by his mother, Mrs. Dorothy Joyce Beavers, 20.

Colliding with the Beavers vehicle was a '54 Dodge truck driven by Mrs. Aubra Cole.

Mrs. Beavers and Mrs. Cole were hospitalized, and reports late tonight indicated severe shock and minor cuts and bruises as extent of injuries.

The group was brought to the local hospital by a Marcum Claborn ambulance.

The Beavers car was completely demolished, with some \$900 estimated by investigating patrolman Kirkwood as truck damage.

The Beavers family has lived on the Sloan Osborn farm about one year, coming from Hart. A younger brother of the elder Beavers had just arrived in Friona to witness the Hart-Friona football game at the time of the fatal wreck. Numerous Hart acquaintances of the family left the game to pay visits at the hospital bedside.

SHIRLEY - McMAHAN

First accident of the day was at 8:30 a. m.; a collision between a '55 Pontiac driven by M. M. Shirley of Friona, and a '50 Ford coupe driven by Don McMahan, also of Friona. Charges of failure to grant right of way were filed against Shirley.

Total vehicle damages were estimated at \$450, near equal on both cars.

SIX MEXICANS INJURED

At 1:30 p. m., about 15 miles northeast of Friona on country road, six Mexicans were injured, all hospitalized, after the '55 GMC pickup in which they were riding overturned. The car was negotiating a curve in the road at the time. Some \$800 damages was done to the vehicle. Driving was Andres Minos, age 34. Occupants were Tefilo Romero, Erminio Suriza, Lenso Lopez and Guadalupe Rodriguez, all of Hereford. The driver was charged with exceeding a safe speed.

C. C. LONDON HURT

Then at 4 p. m. a Chevrolet truck driven by Clyde C. London of Friona and Cassville, Missou-

P-TA MEETING SCHEDULED

The Friona P-TA will meet Thursday night, October 20, at 8 p. m. at the school auditorium.

The Student Faculty Congress will provide entertainment for all children who accompany their parents to the meeting.

FRIONA SCHOOL NEWSLETTER

Dear Uncle Bert, Those who have been kind of lax in their work this past six weeks are really starting to buckle down 'cause it's the starting of six week tests.

F.F.A. queen and showgirl were elected last week. They are Phyllis Buske and Doris McFarland. They are real happy and so are the F.F.A. and the student body.

The Thespians have decided to have a meeting every second Monday of every month. We had a big meeting last night (Monday, October 11). We had a wicker roast at our sponsor's home, Miss Jones. We laughed at a hilarious opera of Othello given by a group of talented opera singers (?).

Our first Arrow came out last Friday and I have a feeling that it's going to be better than ever.

Say, speaking of Friday night, reminds me of the game at Whiteface. It was a real good 0-0 game right up 'till the last quarter. Then the Whiteface Antelopes got busy and beat us 21-0. Wow!

The Friona band gave a good demonstration of what they will do in marching contest this spring.

Birthday Calendar:

- October 16: Gary Lou Renner, J. C. Mears, Rose E. Price.
- October 18: Rhea Foster.
- October 19: R. Lemuel Miller, Danny Kendrick.
- October 20: Jimmy Baxter, Lelia Penn, John G. Hartwell.
- October 21: Dr. Tom Smith, Mary Malinda Dean, Walter Eastep.
- October 22: Clela Hinkle.

ri, overturned 12 miles northeast of Friona. London was hospitalized, with injuries believed not serious. It was thought that mechanical failure, possibly a broken radius rod, caused the wreck, resulting in about \$250 damage to the truck.

THREE VEHICLES INVOLVED

About \$150 damage was not result to three vehicles at a Friona Main Street intersection at 5 o'clock p. m., also today.

A '50 Chevrolet truck driven by Ira Miller of Friona struck a '55 Chevy truck parked on Main Street, causing the second truck to hit a parked '54 Buick sedan. This truck was owned by O. O. Bruce of Rt. 1, Muleshoe; and the car belonged to Edgar Miller of Roosevelt, Oklahoma. No charges were filed.

FIVE OTHERS IN 10 DAYS

Five other wrecks have figured in the local news this month, one of the most serious occurring Sunday night at 11:30 about 1 mile east of Friona on Highway 60.

Two almost new cars struck in a head-on collision, hospitalizing all occupants. The '55 Chevrolet sedan was driven by Harris Dunn of Friona, with one passenger, Sylvester Hartis. The Dunn car crashed head-on with a '56 Ford driven by Delno R. Bilberry of Portales; Mrs. Bilberry also was injured.

All four of the parties involved were 19 years of age.

Hartis appeared most seriously injured, with fractured bones and numerous bruises and lacerations.

Estimated damage by the highway patrol was \$800 to the Dunn car and \$700 to the Ford.

Patrolman Kirkwood filed charges against Dunn of passing without sufficient clearance.

CHARGED WITH DWI

On Wednesday of this week, there was a Friona Main Street collision involving William (Bill) Linderson of Sudan, driving a '55 Chevrolet pickup, and Mrs. Mary Stowers of Friona, driving a '54 Oldsmobile sedan.

Linderson pleaded guilty to charges of Driving While Intoxicated, and was fined \$100 and costs.

TWO ON FIRST DAY

Two collisions occurred on Oct. 1st, setting the pace to follow.

Considerable damage was inflicted to a '49 Ford, driven by Celestino Hernandez, when he hit a cow and calf near Friona.

Later in the day a '54 Ford driven by Betty Joyce Agee of Friona struck a parked '54 Chevrolet sedan near the Piggly Wiggly in Friona. The Chevrolet belonged to B. F. Atchley of Summertield.

ANOTHER ON MAIN STREET

Then on the following Saturday another Main Street collision involved a '55 Chevy pickup driven by Clyde Dene Rule, 16, and a '52 Ford sedan driven by Ronald Gene Wright, 15. About \$50 each was damage assessment on these vehicles.

The S.F.C. met on Tuesday and decided to have meetings every Tuesday. We voted on a lot of things, among them to join the state and national association for student councils. We have also changed hands a lot since last year. We have new committees for morning devotional, safety, assembly and baby sitting for P-T.A. meetings. That reminds me, Uncle Bert, be sure and remind the people that there will be students to entertain the children in the gym at the P-T.A. meetings.

Well, I've got to take a test, so I guess I'll be running along.

Love,
Big Minnie.

S.S. Representative Makes Area Visit

A representative from the Social Security office in Amarillo will be in Hereford, Wednesday, October 19. He can be contacted at the Court House, 9:30 a. m.

This representative can furnish any information or assistance which would be available at the District Office in Amarillo. He will receive applications for retirement or survivors insurance under the Social Security Act; applications for original, duplicate, or change of name social security cards; and applications for employer identification numbers for new employers or employers recently becoming liable for making social security returns.

Any farm workers or self-employed farmers wishing information on the new provisions of the law applicable to farmers are also invited to contact this representative.

FRIONA FARMER COUNTY TEXAS

By VERN SANFORD
Texas Press Association

AUSTIN. — A big political question this week was what effect Lt. Gov. Ben Ramsey's new job as national Democratic committeeman from Texas will have on his and Texas' political future.

Ramsey, quiet-mannered and nearly 52, was elected at a Fort Worth meeting of the state executive committee last week. He succeeds Wright Morrow of Houston. Often mentioned as a prospective candidate for governor, the San Augustine lawyer was catapulted into the committee job without advance fanfare. He was labeled a surprise "compromise" nominee after agreement could not be reached on 14 others.

Some viewed it as positioning him on the inside track in the governor's race with firm conservative support and some "loyalist" backing. A few seemed to consider the job a political blind alley. A few others thought Ramsey already had made up his mind against running for anything and welcomed the committee post to stay in public life.

Ramsey himself said he was "grateful and happy," but kept mum on personal political aspirations. He said his only purpose was to help get the best man for the Democratic nominee and to assist in electing him president.

Both House Speaker Sam Rayburn and U. S. Sen. Lyndon Johnson promptly expressed approval of Ramsey's selection. Their approval had been part of the requirements laid down by national party leaders for an "acceptable" committeeman from Texas. Morrow had not been recognized nationally since his bolt from the party ticket to support Eisenhower.

Johnson said Ramsey can do the kind of job that should unite Texas Democrats. Rayburn called him "a good man for the place."

Shivers Sees Victory
Gov. Allan Shivers has launched his drive for conservative control of next year's Democratic party conventions.

Executive committee members planned convention strategy behind closed doors at Fort Worth last week. Then Shivers took the rostrum for a stirring speech at a \$10-a-plate barbecue and rally.

He challenged those who agree with him on party principles to capture next April's precinct conventions.

He said Texas votes in the national convention may be the decisive ones. "We cannot allow—we must not allow—those votes to be cast against the interests of Texas by a delegation representing

a minority of Texans," he said. "We must fight on if we want to see the hand of federal power reach further into the classrooms of our children. We must fight on if we are to hold the right to enforce our own laws and police our own communities."

"The time for quitting has not come. We have won before and we are going to win again."

Duval Indictments Fall

Officials seeking to clean up Duval County's alleged corruption may have to re-do nearly two years work.

A storm of reaction greeted the Court of Criminal Appeals ruling last week that the Duval grand jury which returned 104 indictments was illegally organized.

Atty. Gen. John Ben Shepherd, who worked with the grand jury for months, termed it "a tragic loss."

Specifically, the judgment overturned conviction of R. L. Adams, former Duval County school superintendent charged with felony theft of public funds. But all other indictments by the same grand jury would be subject to the same challenge.

District Judge A. S. Broadfoot named the jury commission that chose the grand jury. He had been sent to Duval County in March, 1954, by the State Supreme Court to replace Woodrow Laughlin, removed for misconduct in office.

Judge Broadfoot's dismissal of the grand jury panel selected under Laughlin and naming a new commission "of his own choosing" was held improper. An open-court hearing should have been held, the appellate court said, to determine if there was cause for dismissal of the old panel.

Judge K. K. Woodley dissented in the two-to-one ruling. He pointed out that in a similar case the court had upheld Broadfoot.

Shepherd also commented on the court's about-face. "The U. S. Supreme Court took 80 years to reverse itself on segregation, but this court reversed itself in 18 months," he said.

He promised re-indictments would be sought before the present Duval grand jury. He also said rehearing would be asked before the appellate court and disqualification of Judge Lloyd W. Davidson might be sought.

Grounds, he said, would be that Judge Davidson had "expressed himself" on the Duval case before he became judge.

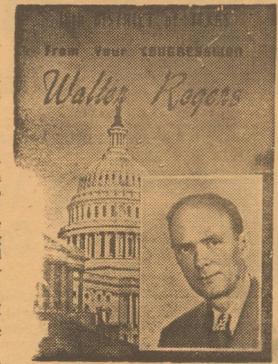

Davidson took office January 1, replacing retired Judge Harry N.

Washington Views:

To the People of the 18th District: CONGRESSIONAL RATINGS

There seems to be a great deal of increased activity in the field of grading Members of Congress. This is done by the numerous organizations throughout the country that hold themselves out as representing particular business groups, labor groups, manufacturing groups, political groups and so forth. You would be surprised at the number

times he voted like they wanted him to. If ten issues are involved and the Congressman has voted in accordance with the wishes of the organization ten times, he bats one hundred per cent. For every wrong vote, of course, he gets reduced ten per cent. The organizations then take the results and hand them out as absolute conclusions of fact that cannot be challenged. That is where the fallacy of the whole proceeding lies. In the first place, no mention is made of who does the deciding and on what basis it was originally concluded that the best interest of the country would be served by a yes or a nay vote. The truth is that these decisions are so often made on the basis of—not what is best for the entire country—but what is best for the particular group that happens to be compiling the statistics. Sometimes the issues chosen are not remotely connected with the particular interest of the group. Sometimes they get the ye and nay votes mixed up and give a Member a black mark when he should have had a white mark according to their yardstick. For instance, on one occasion several years ago, a Member was listed as having opposed a certain piece of legislation that was supported by the particular group. It developed that the Member had actually vigorously supported the legislation. However, a motion to recommit the bill had been made which would have meant the death of the bill. Of course, this Member voted "no" on the motion to recommit. What the group had done was to see that he had cast a nay vote and apparently did not take the trouble to find out what he was voting "no" on.

of such groups that have sprung up in this country in the last ten years.

As soon as a session of Congress is over, the individual voting record of each Member is thoroughly scrutinized by someone connected with the organization doing the grading. Usually the organization has picked out several issues on which they have decided to take a definite stand. They then take the voting record of the Member of Congress and find out how many

Graves. In the previous decision, Judges Graves and Woodley had voted together, with Judge William A. Morrison dissenting. In the new decision, Davidson joined with Morrison to reverse the court's previous stand.

Bell Indictment Uncertain

Indictments seemed to be falling like ninepins. In Sequin the grand jury which indicted Congressman John J. Bell in connection with a veterans land deal was ruled "illegally constituted."

Another unrelated case was involved when the court upheld an attorney's contention that the jury was not qualified because one member had not paid his poll tax.

It seemed certain that Bell's indictment and several others connected with the land scandal investigation also would be invalidated.

Bell, a former state senator who helped set up the veterans land program, was charged with conspiring to steal \$154,000. He repeated his claim of innocence after hearing of the impending quashing of the indictment against him.

The point I want to make is that these matters should be carefully scrutinized by readers. It would be a very simple matter for a communist group to pick ten issues at random and grade the Members of Congress, both House and Senate, on how they voted on those issues, to then list these Members as having voted in accordance with the communist yardstick or against it. Unless the readers of this rating sheet knew the exact issues that were being voted upon, they would have no way of knowing whether there was any soundness in the conclusion of the rating group. This process could be very easily used as a subtle but vicious propaganda vehicle.

Editorial Observations

Do you dare to rate your town?

One year ago we printed the questionnaire found below. Today, 365 days later we re-print the entire list of 40 items—for you to evaluate. How many improvements have been made? How many more demand attention the next 365 days?

We accept the fact that sound businesses must take inventory once a year. Why wouldn't the same principal work for communities and municipalities? We suggest the questionnaire be considered as an inventory, with resulting remedial effects.

No questionnaire is foolproof. But if you can circle "yes" on 30 or more of the virtues below, chances are you live in a town of which you can be proud.

- Most high school graduates stay in town. Yes No
- Getting a loan on a sound business venture is easy. Yes No
- The local paper constantly pushes civic improvements. Yes No
- There's a Chamber of Commerce with a five-wire manager. Yes No
- Local speeders pay the same fines as out-of-towners. Yes No
- There's a place to swim within easy reach. Yes No
- Young couples have little trouble finding a place to live. Yes No
- The head of your government is a "get-things-done" man. Yes No
- Town entrances are free from junk, shacks and billboards. Yes No
- Teachers' salaries are better than the state average. Yes No
- There's at least one doctor per 800 people in your county. Yes No
- There's a library with a good collection of recent books. Yes No
- Newcomers quickly feel they're part of the town. Yes No
- Schools have plenty of room for students. Yes No
- Fire insurance rates are low for your type of town. Yes No

- Service, veterans' and women's clubs team up on projects. Yes No
- There is an active, well-organized Boy Scout troop. Yes No
- A modern hospital is within your trading area. Yes No
- All streets are paved and sidewalks are in good shape. Yes No
- Well-stocked stores keep shoppers in the town. Yes No
- There's a hotel or motel you'd enjoy if you were a visitor. Yes No
- It's easy to find parking space in the business section. Yes No
- At least one restaurant serves outstanding meals. Yes No
- The sewer extension program keeps pace with new housing. Yes No
- It's easy to get volunteers for any worthwhile projects. Yes No

Eva Jo Brooks - Urschel Perkins Wed In Ceremony at Friona Church of Christ

Eva Jo Brooks, daughter of Mr. and Mrs. Alvin Brooks of Friona, became the bride of Urschel Perkins, son of Mr. and Mrs. A. W. Perkins of Trousdale, Okla., on Saturday evening, September 24, in the Sixth Street Church of Christ.

M. B. McKinney, pastor of the church, read the double-ring ceremony before an archway of white and pale pink carnations, flanked by white baskets of pink carnations and tall pink tapers in silver candleabra.

Proceeding the ceremony Phyllis Treider sang "Indian Love Call," "Because," and "Always."

Matron of honor was Marie Perkins, sister-in-law of the bridegroom. She wore a street-length dress of pink tulle designed with a full skirt and sweetheart neckline. She carried a nosegay of pink carnations. Candelighters were Delores Elmore and Eugenia Guinn. They wore full-skirted pink dresses designed similar to that of the matron of honor.

Best man was Cass Perkins, brother of the bridegroom. Ushers were Gary Brooks, brother of the bride, and Donald Bradley.

Given in marriage by her father, the bride wore a waltz length gown of white satin with a full white nylon net overskirt, with inserts of white lace, which also covered the bodice, extending in scallops below the waist. The sweetheart neckline was fashioned with a net yoke outlined with lace flowers. Lace sleeves tapered to points over the hands. Her fingertip length veil of nylon net fell from a beaded net and satin. She carried a white Bible topped with a lavender orchid and white satin streamers.

Mrs. Brooks, mother of the bride, wore a black suit with pink accessories and a pink carnation corsage. Mrs. Perkins, mother of the bridegroom, wore a light gray silk print dress with black accessories and a pink carnation corsage.

Immediately following the ceremony a reception honoring the couple was held in the recreation room of the church. The bride's table was centered with a three-tiered wedding cake topped with a miniature bridal couple.

Guests were registered in the bride's book by Jan Edelman. Serving the cake and punch were Wanda Hawlin of Kansas City, a cousin of the bride, Arvilla Elmore of Friona, and Peggy Wallace of Wichita, Kans., cousin of the bride. Following a wedding trip to Dallas and other points the couple will reside in Friona, where he is employed at Kendrick Oil Company.

Forum Session Proves Individualism Alive

Farm Bureau Report

By **RAYMOND EULER**

Rhea Farm Bureau had another good meeting last Friday night. They always do, but we think this one deserves special mention. They elected Jack Patterson as their county director. We think he'll give them good representation. . . . State Representative Jesse Osborn explained legislative procedures and processes. On taxes, he stated that taxes that people sometimes don't like to pay are necessitated because of the successful campaigning on their part for certain privileges or state services. Naturally, additional money is necessary for administration of new services, said Osborn. . . . Parmer County Farm Bureau President Gilbert Kallwasser also appeared on the program. He urged participation of the membership in meetings of the farm organization so that directors and officers would have a clear picture of their desires. He also discussed the Soil Fertility Bank farm program proposal, which is gaining in interest since past and present administration methods are failing to solve the growing problem of farm income and commodity surpluses. The open forum meeting in Bovina last week was one of the best we have seen. The only thing lacking, was a few hundred more farmers. There were about 70 present, but a good percentage of them entered into discussion of the problems at hand. We think Gilbert Kallwasser established himself as one of the best chairmen in the area at this meeting. Impartiality is a hard quality to maintain when occupying the chair, as any chairman knows, but Gilbert did so with dignity. Respect of the delegation was evidenced by the orderly procession of the evening.

ty Farm Bureau's policy from now to October, 1956. You can help form those policies at the convention Thursday night. Come and cast your ballot.

CONSIDER THIS: Say not thou, I will recompense evil; but wait on the Lord, and He shall save thee. Proverbs 20:22.

NO CHANGE IN PLANS — Republican National Chairman Leonard W. Hall, conferred with Vice President Nixon and told newsmen that President Eisenhower's illness will not change plans to hold GOP convention in San Francisco on August 20, 1956. He discussed with Nixon arrangements for naming substitutes to fill speaking engagements which the Vice President has in various States. "Naturally, he wants to stay around Washington at this time," Hall said.

Sunday visitors of the Glenn Mingus family were Mr. and Mrs. Dick Habbinga, Mr. and Mrs. Lloyd Mingus and Mr. and Mrs. G. L. Mingus.

Fifteen pertinent questions were presented Parmer County farmers last Thursday evening at the county-wide open-forum meeting called by the Farm Bureau at Bovina.

Majority opinions on the prepared questions were as follows: Thumbs down was the verdict on compulsory Federal Social Security program for farmers.

Second questions was, "Do you think the tax refund on farm used gasoline should be reduced 1c per gallon, the 1c going into the public school fund?" Majority opinion, "No."

Question 3: Do you favor Federal taxation of gasoline for highway improvement, or do you think the states should retain this responsibility? Answer: States' responsibility.

The majority believed farmers should be allowed exemption of 2c Federal tax on gasoline and on any future increased tax on such gasoline.

A water user's tax was advocated as method of financing any water development program adopted in Texas.

No decision was reached on question of manner of selecting a governing body for a Texas water program, with some wanting appointed directors, others showing advantages of elected officers.

Question: Do you think the "Right to Work" law in Texas should be repealed since it works a hardship on labor unions? Answer, "No."

Should laws under which Texas-grown feed has to be sold be written to protect the feed manufacturer or the farmer or rancher buying the product? Answer: For the farmers' protection.

Do you think Texas law should be changed to allow use of a farm licensed pickup as a private passenger car. Majority vote, Yes.

Question: In view of the fact that in numerous instances, grain sorghums shipped from this area to other states have been denied license for feed use because of the presence of Johnson Grass and other noxious weeds, do you favor a penalty system on infested grains at the local market level. Majority acclaimed a plan proposed by County Agent Joe Jones that a premium be paid on pure seed, rather than penalty on the infested seed.

The group favored increased effort in the county weed control program.

Opinion was well divided on question of making grain sorghums a basic commodity with acreage controls.

Opinion was well divided (5 for and 7 against) on favoring of 90 per cent of parity for non-basic commodities as long as supplies are in line with demand.

Question: Do you favor rigid Federal price supports with absolute acreage controls, or flexible Federal price supports based on supply and demand figures? The group indicated belief that lower supports with greater acreage might be the rule.

The meeting was directed by Farm Bureau President Gilbert Kallwasser. Guests present, participating in the discussions, included Representative Jesse Osborn, Roy Freyatt, Castro County Farm Bureau president, and others. Raymond Schueler read the questions to the audience.

WT Homecoming Plans Completed

CANYON, Oct. 13. (Spec.)—West Texas State College's largest student body in history is ready to welcome back to the campus a record-breaking crowd of ex-students for the annual Homecoming celebration, October 22. Members of the Class of 1930 will be honored during the day.

Program for Homecoming Day and "Western Days" preceding the celebration has been completed, with the traditional parade, barbecue and football game heading the list of attractions. An assembly, held for the first time last year, will again be featured during the morning.

Exes will begin registering at 8 a. m. in the Administration building, where they will be given barbecue tickets. A general assembly for students and exes is scheduled at 10:45 a. m. when Luther Roberts, minister of the Gatewood Church of Christ, Borger, will be speaker. Roberts is a member of the Class of 1930. Climaxing the assembly will be the crowning of WT's Homecoming Queen.

Mrs. Frank A. Spring and Mary Tom were in Canyon, Saturday, visiting Mrs. Springs mother, Mrs. G. W. Collins.

Revival Underway At Friona Church

Revival meeting services are now in progress at the Friona Assembly of God Church, according to announcement of the pastor, Rev. W. C. Wade.

Services begin every night except Saturday at 7:30 o'clock. The meeting will extend through next week.

Preaching and special singing will feature each service, Rev. Wade states, and the public is invited to attend.

Personals

Mr. and Mrs. Sam Williams and Mr. and Mrs. Wayne Massey visited Mr. and Mrs. Otis Massey, Monday evening.

Mrs. Maybelle Hartwell is in Philadelphia for a two weeks visit with her daughter, Mrs. Harry Taylor.

Mr. Curtis Baker was in Friona last week-end from Salem, Ore. Mr. Baker lived in Friona in 1920 and many people will remember him as Mrs. Ernest Talkington's brother. He visited Mr. and Mrs. Elmer Euler and many other old settlers.

Mr. J. D. Thompson is in the hospital again. He is suffering from a heart condition.

Mr. and Mrs. Bobby Stokes and children spent last week with Mr. and Mrs. Rene Snead. Many people around Friona will remember Mrs. Stokes as the former Merl Gray who once attended school in Friona.

Mr. and Mrs. Truett Pool were in Channing, Texas, last week-end visiting Mrs. Pool's niece and husband, Mr. and Mrs. Dorman Clanton.

Mr. and Mrs. Jim Rule returned home this week from Kansas where they have been vacationing for three weeks.

Sunday dinner guests of Mr. and Mrs. James Boyle were Mr. and Mrs. Guy Latta and Mrs. Hershel Johnson and children.

Mr. and Mrs. George Green spent Sunday afternoon with Mr. and Mrs. Winston Wilson.

Inexpensive lamp kit, put together at home, looks good and gives plenty of proper light for reading, sewing, studying and other close tasks.

Getting the correct lighting for reading, sewing or studying is easy with an attractive lamp kit which you can assemble at home and to suit your decorative tastes.

Many 4-H's have found fun in the project, and only recently Mrs. Harriet Brummett, County Home Demonstration Agent in Floyd County, Texas, assembled one of the kits in less than one afternoon. "My husband thinks it is the best reading lamp in the house," says the proud Mrs. Brummett, who adds, "the amazing part about this quality lamp is the low cost. The kit and the approved R-40 bulb cost only about \$4.00."

Your Home Demonstration Club, 4-H Club or other groups can set up a craft lamp-building project with the help of your County Extension Agent. It's not only fun, but the kits come in a variety of colors permitting the homemaker to choose lamps which harmonize with the motif of the home. The Floyd County Home Demonstration Clubs are already planning similar craft lamp projects for this winter.

Important is the fact that although the lamp is extremely attractive, it still entails the design

of good lighting. Good lamp lighting requirements call for a shade that is open at the top for upward reflection of light, sloping sides which direct a soft but adequate flow of light downward on the subject matter being seen. The shade may be opaque and lined in white for maximum light output, or translucent and light in color.

For proper "seeability" a lamp is actually only as good as the bulb used. In this lamp recommended usage calls for a 150 watt, 150 R/W white indirect, bulb. This inside white bulb acts as its own diffusing reflector thus eliminating the use of a glass bowl for that purpose.

Again, the lamp is tall enough to cover a wide working area, and its base is large enough to prevent tipping.

Every home needs several good reading lamps, and here is your opportunity to have as many good reading lamps as you need at a cost you can well afford. With the school season in full swing, good lamps are an investment in good eyesight. Lamps can be replaced as styles change, but eyes are non-replaceable and should be given the proper light to see by.

Read John 15:12-17.

Henceforth I call you not servants . . . but I have called you friends. (John 15:15).
One day a little girl, well known to me, invited a friend into her home to play. Looking at a picture on the wall, the small visitor asked, "Who is the person in the picture?"
"That is Jesus," came the reply.
"Do you know him?" asked the visitor.
"No," said the small hostess, "but my father does; my father is a personal friend of His."

Christ is not merely a figure of past history. True, He walked through the fields of Galilee and the streets of Jerusalem long ago. He was a good man who lived and died in the ancient world. He is also the living Christ of today, an unfailing friend and constant companion with whom we may walk in fellowship and in whose strength we may face each day.

He does not lift us out of life, remove our burdens, or deliver us from the experience of death. He shares with us our life of inspirations, burdens, joys, and sorrows. In love He goes with us and gives His sure help. We are not alone.

Personals

Mr. and Mrs. Volley Hodges visited in Farwell with Mrs. Lorine Bosman, Saturday, then they all went to Clovis to shop and visit.

Mr. and Mrs. Hoyt Smith and children were Sunday dinner guests of Mr. and Mrs. A. W. Anthony, Jr. Mr. and Mrs. Elmo Drake and Mr. and Mrs. Gordon Drake and son spent Sunday in Santa Rosa, N. M.

Mrs. James Proctor is visiting in Lamesa this week.

Mr. and Mrs. Bailey Reese of San Diego, Calif., visited Saturday with the Earl Drakes.

He is our available friend.

Prayer
Our Father, increase our response of faith. Quicken the surrender of our wills. Give us open hearts of love that we may know the friendship of Thy Son, our friend, in whose name we pray. Amen.

Thought for the Day
Christianity is the gift of friendship in which Christ is both the giver and the gift.

VETERANS ? Box

Q.—What is the deadline for getting the special Korean GI insurance available to veterans with service-connected disabilities?

A.—Korea veterans must apply and pay their first premium within one year from the date that VA determines their disabilities are service-connected.

Q.—I was disabled while serving in the WAC during World War II, and as a result I am drawing disability compensation payments. My husband recently died of a service-connected ailment. Would I be entitled to death compensation benefits in addition to my own disability payments?

A.—Yes. The fact that you are receiving disability compensation would not bar you from receiving death compensation benefits as well.

Q.—The house I want to buy with a GI loan does not come under FHA credit controls, because FHA completed all its paperwork before the controls went in effect on July 30, 1955. Will it be subject to VA's credit restrictions?

A.—The house will be exempt from VA credit restrictions only if VA receives a request for an appraisal on or before Sept. 30, 1955.

Q.—I understand that a private profit school has to be in operation for two years before it can accept veterans under the Korean GI Bill. The school I am interested in attending operates nine months a year and is closed for the summer months. In its case, what would VA consider as two years?

A.—In the case of this school, two nine-month school years, covering a period of 24 calendar months, will satisfy the two-year requirement of the law.

PERFECTION**

of course, it's Electric!

It doesn't make any difference whether you live in an apartment, a little house, a mansion, an old home, or are building the most modern house in town. If you want to discover cooking perfection, cook electrically.

Electric cooking is versatile, and so are electric range sizes and styles. There are 30 inch apartment models for the small kitchen, standard sizes for regular kitchens — and then, the built-ins. Why with built-ins, you can have as many surface units as you want — and have the oven high or low, depending on your height.

Eventually, you'll buy the modern electric range. Why not now?

WHAT IS A TORT?

A "tort" is a legal wrong or injury committed upon the person or property of another. Examples are assault, battery, false imprisonment, libel, slander, malicious prosecution, alienation of affections, and negligence causing personal injuries or property damage.

The remedy provided by law to persons against whom a tort is committed is an action for money damages. Liability arises from a breach of duty primarily fixed by the law. In some cases, the person wronged may have the additional remedy of injunction or of specific restitution of property. The injured party must act in a timely manner, since the statutes impose limitations on the time within which he may begin suit.

A breach of contract is not a tort. Neither is a tort necessarily a crime, although in some instances the same act may be both a tort and a crime. For example, if one man slashes another with a knife, he may be prosecuted criminally. He may also be sued in a civil action for the injuries caused by the assault and battery.

The law of torts is not static. It grows with the growth of society. In some instances it takes an act of the Legislature to keep pace with the changing attitudes of society. In other situations, new torts are developed by the courts. For example, the invasion of a person's right of privacy has come in many states to be recognized as a remedial wrong—that is, a wrong for which the law provides a remedy by way of money damages. Texas has not yet adopted this Lucy Welch's son, Louis.

Torts are sometimes classed as follows:

1. **Intentional wrongs**, such as trespass to land, assault and battery, false imprisonment, and conversion of personal property. In all of these cases the act must be intentionally done.

2. **Negligence**, such as careless operation of a motor vehicle causing injury to another.

3. **Strict liability**, such as the keeping of dangerous animals, or the doing of a potentially dangerous thing, which is not a matter of common usage, such as blasting.

The law of torts, built up over a period of many years by the process of court decisions and legislative enactment, forms a silent but strong protection necessary in an orderly society.

CAUTION IS A GOOD QUALITY

In this age of jets, hasty decisions often are the rule. But when buying insurance, old-fashioned caution still is a good quality.

Buying cautiously begins with your choice of an Insurance Agent. Select an established agency operated by a home-town citizen of experience, integrity and professional ability.

Be sure, too, that your Agent represents only Capital Stock Companies... companies whose policies are recognized everywhere as the "standard of protection." Look for the famous "Standard Protection Seal" that is always displayed by the Capital Stock Agent. It's your guarantee of the right kind and amount of dependable insurance at reasonable cost.

Yes, caution is a good quality when you buy insurance. Be *cautious* and be *sure*. Insure with:

Do You Remember...

21 YEARS AGO —

F. W. Reeve was the Mayor of Friona.

Five-year-old son of Mr. and Mrs. J. J. Jasper died in the Clovis hospital. He fell in a vat of boiling water and received third degree burns.

A Young Democrats Club was organized in Parmer County. Officers were Sam Aldridge, Farwell, president; Dan Ethridge, Friona, vice-president; John Armstrong, Farwell, secretary. The two delegates elected to represent the club at Canyon were Dan Ethridge and Leo McLellan.

Coach Bill Stevens of the Friona High School resigned and moved to Levelland to take a job as football coach.

Orville Whitefield was in his freshman year at West Texas State Teachers College.

Miss Anita Murry and Bernard Meeks were married at Clovis.

Lloyd Brewer enlisted in the C.C.C. and was stationed at High Rolls, N. M.

The Juniors and Seniors of Friona High School presented their Junior-Senior play, entitled "Laugh Clown." Some of the characters were Dorothy Crawford, Mildred Hughes, Paul Spring, Forrest Osborn, Virginia Short, Harold Lillard, Claude Miller, and Orville McElroy.

ODDS and ENDS

HOW SHALL WE PAY FOR HIGHWAYS?

It has been accurately stated that everyone wants more and better highways but no one wants to pay for them.

At the same time, it's obvious that huge sums are going to be spent on new highway programs and that the financing problem will have to be solved one way or another.

President Petersen of the Standard Oil Company of California has offered a logical suggestion. It is based on the idea that a modern, expanded highway system should be paid for out of taxes levied upon more of the people and products benefitting from good roads. This, as he put it, would "include all motor vehicles—automobiles, trucks, busses and trailers. All accessories—tires and tubes of all sizes; batteries, spark plugs and the like." It would also involve additional taxes on the owners of roadside property who gain from highway building, and on paving materials and equipment.

In addition, he had something else to say about the emphasis on gasoline and other motor fuel taxes as a source of highway funds. These taxes are high now and, as he observed, "any substantial increases... might well push the tax up to the point of diminishing returns."

He made still another worthwhile suggestion—that the federal government retire from the field of motor fuels taxation and leave it to the states, where it traditionally and rightfully belongs. The states for their part, should earmark all highway user taxes for highway construction purposes only. They should never be diverted to other purposes.

The whole point is to extend the tax base so as to cover as many highway beneficiaries as possible. There is no other sound and just way of raising the needed money.

Mrs. Bill Moore and Terry of Dawn spent Saturday night and Sunday with Mr. and Mrs. Jennings Duke.

FRIENDSHIP CLASS ATTENDS MOVIE

The Friendship Class of the Methodist Church attended a movie "A Man Called Peter," Monday night.

After the movie the group gathered at the Deon Autry home for refreshments. Approximately 22 people attended.

Frionans Involved In Car Wreck

Bill Sheehan and Mr. and Mrs. Allen Stewart were involved in an auto collision last Wednesday night in Meridan, Mississippi. They were en route to Florida on a business trip. Mr. Stewart received a cut over his right eye, requiring eleven stitches. Other occupants only received bruises and cuts.

About \$700 damage was done to the Sheehan car when it was hit by a car driven by a negro man. Mr. and Mrs. Stewart remained in Meridan while the car was being repaired, and Sheehan went on to Florida by plane.

The party returned to Friona, Sunday night.
