## Look Like Quads, But Ain't: These Baylor Co-Eds

Born singly but often mistaken for quadruplets, the Vincent sisters, Alyce, Agnes, Alma and Margie, are causing a minor sensation on the Baylor University campus, where they are enrolled as freshmen.

The girls call Nunez, La. home, and are of French-Canadian descent. Their parents, Mr. and Mrs. Fernest Vincent, are originally from Ontario.

President Pat M. Neff "discovered" the sisters last summer at a Baptist encampment, and has announced they will sing at Baylor gathering as the Vincent Sisters Quartet.

They have been singing religious songs for the past year and a half, and love it "for the joy of the Lord." They discovered their talent for harmony while doing their daily housework.

## Yes, And The Mayor Had a Wreck! Off Came a Wheel

Off came a wheel without any "express-ion" whatsoever! And, the Mayor's speed was checked.

It happened Friday, or may be Saturday morning.

The Mayor was returning from the depot after depositing his load of express, and at Lutterloh Avenue, (the boulevard) stopped for the red light.

He was just about back in motion, when a left front wheel of the express truck got in a hurry. It left him in front of Mrs. Mabel Gardner's house, and he didn't catch up with it. He had to go after it.

This particular educated wheel was looking over the improvements in Gatesville, like all mayorality wheels should, and went over in front of the front fence of the new home of Mr. and Mrs. Francis Johnson, and, like their new home so much, it deposited itself on the new lawn, not yet grown up with green grass.

And, there the Mayor was, in front of Mrs. Mabel Gardner's and his perfectly good wheel down, in front of Mr. and Mrs. Johnson's.

The whole story is complete and could have been completed in a "personal". Anyway, a shy wheel ran off Mayor C. E. Gandy's truck and left him stranded in the middle of East Main Street, and reinforcements had to be called to assist the Mayor.

The usual prompt and efficient service of the Railway Express Agency was not effected in the least.

Well, we say, you have to do this kin dof thin, sometimes to fill up the front page, and that's the only legitimate reason we know of for all the baloney about the "Saga of the Front Wheel".

## Dave Culberson's Corn Bin Damaged By Fire Saturday

Between 11 and 11:30 last Saturday morning the corn bin on the property of Dave Culberson in south Gatesville caught fire. While burning some shucks in the pig pen, the caretaker discovered that the wind had blown some of the burning ones to the bin.

The firemen answered the call promptly and extinguished the fire before no serious damage was done.

## "Lottery Day" To Be October 29th: Slimson Draws

October 29th will be "Lottery Day" for the Selective Service drawing of the numbers for the first contingent of the draft. The drawing will be made by Secretary Stimson.

It is thought the drawing will take about 12 hours, that is until all the numbers are drawn out of the same "fish bowl" that was used in the draft, along about 1917.

The drawing will begin about 11 o'clock.

## Escapees Attempt Hijack of Iceman: Run, One Caught

Two youngsters, colored, reported escaped from the State Juvenile Training School Sunday, attempted to hijack Grady Beck about 7:30 Sunday evening, as Beck was standing in front of the ice plant.

According to Beck, the boys, dressed in blue denim, said to or "Give us your money". They, Beck said, had a pipe drawn on him.

Beck stepped back to the ice office, opened a drawer and got the revolver and fired "in the air" as the boys ran off.

Later, according to Sheriff J. H. Brown, one of the boys was caught by the guards and County Officers, but the other got away.

In the chase, one of the State dogs was killed by an unknown motorist, who was afterward arrested for speeding.

## JOHN WILLIAM STAPP

The last that was mortal of J. W. (Bill) Stapp was laid to rest in Post Oak Cemetery, near Oglesby October 14th, 1940. The immortal departed from this mortal at Legion, Texas, at 2:45 a. m. October 12th, and Bill Stapp, as we had known and loved him, was no more.

Bill was born near McGregor, April 27th, 1893, and was principally reared within a radius of fifty miles of that city. In early manhood he accepted Christ at the old Lanes Chappel Methodist Church tabernacle, and, in an unassuming way, kept his vows inviolate.

When the call to arms was sounded in 1917, Bill was among the first call of Selective Service men. He was assigned to the artillery of the 90th Division, with which he saw hard service in France. After the Armistice, Nov. 11th, 1918, he was sent into Germany with the Army of Occupation and remained there until June 1919, when he was returned to the United States and honorably discharged from the U. S. Army.

For more than twenty years Bill was a resident of Oglesby and here his exemplary character, won for him, the love and friendship, and respect, of all who knew him. In 1929 he married Hazel Howlin, of Pauls Valley, Oklahoma, who survives.

About one year ago Bills health failed, and three months ago he entered the Veteran's Hospital, where he passed away as indicated above.

## Wreck North of Jonesboro Injuries Gatesville Folks

Sunday evening about 8 o'clock an automobile driven by J. Sherrill Kendrick crashed into the back of another car driven by Virgil Massengale of Hamilton county, Mrs. Kendrick receiving a broken ankle, cuts about the face and body, and Mr. Kendrick sustained cuts over the eye and on head, in addition to bruises. It happened about 2 miles north of Jonesboro.

One report has it the Massengale car was pushing another car with a man named Williams up a long hill, and Kendrick's car crashed into the rear. Mrs. Massengale jumped from the Massengale car and was uninjured, as were both Massengale and Williamson.

On impact, the gas tank of Massengale's car was set afire, and the car partially burned. Kendrick's, after the first blow was said to have swerved, ran up a bank in the highway and then came back to rest in the highway. It is not known how much damage was done to the Williamson car.

Kendrick's car had one fender torn off, the radiator, bumper, front lights, windshield and the front of the car were badly damaged. Kendrick's car was partially insured.

## Truck Hits Wash Rack: Falls, Damages Car

Sunday, at the Marathon service station on the southeast corner of the square, a Woodson six-wheeler clipped the wash rack shed and it fell, careening and dropped on Peck Dyer's car.

No one was hurt, and the only damage resulting was to Peck's car, the shed in falling, getting the radiator, front end, etc. and his frantic efforts to move his car didn't get the job done. The wash rack top held just long enough for the nails to be pulled out of the boards before the shed fell. Woodson's truck was not damaged.

C. W. Brazzil and family visited in Gatesville over the week end.

Mr. and Mrs. Taylor Kinsey and Mr. and Mrs. Vincent Kinsey visited in Brownwood one day last week.

James Scott formerly of Gatesville but recently of Dallas and Waco is now employed with Central Freight Line in Brownwood.

### HUGE CROWD SEES CLASSY CLIFTON CUBS TOSS THEIR WAY TO 14-0 VICTORY

Flashing a brilliant aerial attack that netted two touchdowns, plus the accurate kicking of a guard named, Townley, gave the Clifton Cubs a 14-0 victory over a hustling crew of Gatesville High School Hornets in the Butter Bowl Friday night. Early in the first quarter after taking advantage of a Hornet fumble on the 20 yard line the Cubs took to the air and scored the first touchdown of the game on a long pass, Orbeck to Hill who was back of the goal line. Townley kicked the extra points. The Hornets threatened in the second quarter when Fry shot a long pass complete to Manning who was out in front and heading for the goal line. However, in making the catch, Manning was forced to break his stride and before he could resume his speed he was downed from behind by Humphries, a Clifton guard.

Passes flew thick and fast during the remainder of the game with both sides intercepting with amazing regularity. In the third frame the Cubs advanced almost to pay dirt again by virtue of a pass and a series of line plays but they bogged down near the 10 yard line and Gatesville got possession of the ball on downs.

To name the outstanding performer on the Clifton Club would be quite a task as we didn't see anybody wearing the Clifton colors that didn't look good. Orbeck 130 pound quarterback gave the Hornets no end of trouble and was the most accurate pass hurler on the field. Stringfellow and Whitley practically ate up the distance with their ground gaining line plays and Nelson and Humphries were demons on defense.

Fry was probably the most outstanding player in the Hornet lineup and was the sparkplug of practically every play. His passing, though not always accurate, were never far from their mark and caused the Cubs a lot of uneasiness on several occasions. Crow punted well, Anderson performed unusually well at center and Sydow, White and Gribble did wonderful work at times in smashing through the Cubs line and dumping the ball carrier for substantial losses.

The Cubs scored their last touchdown with only five minutes of play remaining in the ball game and the Hornets did a swell job of throttling the husky Cubs with the exception of the actual scoring plays.

**First Quarter**  
Gatesville receives, Gohlke kicks to Fry on the 18 yard line who makes a nice return to the 38. Crow plows over RT for 3 yards. Crow at RT makes 2, Hill making the tackle. Crow over center gains 2 yards. Crow kicks out of bounds on the 45.

Orbeck at RE picks up 1 yard. Pass, Holder to Orbeck is incomplete. Orbeck kicks to Hornet's nine yard stripe. Crow at RT gets through for 1 yard. Crow thrown for 3 yard loss when nailed by Whitley and Townley. Crow kicks to Orbeck on the 40 who is stopped for no runback.

Pass, Whitley to Stringfellow is incomplete. Stringfellow over RG for 2 yards. Stringfellow passes long to Whitley, intercepted by King. Sexton picks up two yards at RT. Sexton fumbles and Cubs recover on the Hornet's 22 yard

line. Orbeck climbs over pile of Hornets for 2 yards. Long beautiful pass from Orbeck to Hill is complete back of goal line for the first touchdown of the game. Townley kicks extra point. Score: Clifton 7, Gatesville 0.

Gohlke kicks to King on the 20 who makes a 2 yard return, stopped by Whitley. Fry on reverse picks up 2 yards. Crow at RT fails to gain. Fry makes a nice drive thru hole at center for 7 yards. Crow kicks, ball taken by Orbeck on the 35 who is run out of bounds on the 38. Stringfellow fails to gain at center. Whitley kicks almost back of Hornets goal line. Fry on reverse, makes 1 at center. King on hand-back from Crow picks up 3 yards over RT. Sexton at RG makes 1, end of first quarter. Score: Clifton 7, Gatesville 0.

**Second Quarter**  
Substitues go into Cubs lineup. Crow kicks out of bounds on the Clifton 36. Orbeck weaves around RE for 4 yards. Humphries in for Holder in Cubs lineup. On next play Cubs are off-side and are penalized five yards. Stringfellow gets off a 43 yard punt, ball is taken by Fry on the 32 who runs it back to the 35 yard line where he is hit by Townley. Fry passes, intended for Manning is intercepted by Townley.

Orbeck is dumped for 9 yard loss by Sydow who makes a nice dive through Cubs line. Cubs receive 15 yard penalty for holding. Orbeck passes to Stringfellow and ball is intercepted by Crow. Hornet line does excellent work on this play and the fading Orbeck fails to find a receiver for the pass.

Fry passes complete to Manning, a long perfect heave that is good for 40 yards. Manning is forced to break stride to receive ball and is stopped by a cub before he could regain speed. King on reverse goes over RT for 2 yards. Fry plows over RT for 3 yards. Fry on reverse fails to gain at RE, and Cubs ball on downs.

Stringfellow splits the Hornets line for 18 yards and a first down. Stringfellow hurls long pass to Orbeck, which is intercepted by Fry who makes a spectacular catch and returns 10 yards.

Pass, Fry to Gribble is incomplete. Zander goes into the Cubs line up.

Fry fades to pass, the Hornet line melts and Fry is dumped for a 12 yard loss. Crow kicks to Orbeck on the 32 returned to the 20 stopped by Gribble and Sydow.

Orbeck loses 5 yards as Sydow breaks through Cubs line.

**Third Quarter**  
Clifton receives. Sexton kicks to Humphries on the 25, he returns 10 yards. Stringfellow plows over RT for 3 yards. Stringfellow goes over RT for five yards, and Cubs receive 15 yard penalty for holding. Whitley quick-kicks to Hornets 35, taken by Fry who returns about 5 yards.

Pass, Sexton to Manning is incomplete and almost intercepted by Clifton. Pass Fry to Manning incomplete as Stringfellow bats it down. Fry on reverse, tries center and fails to gain. Crow kicks out on Cubs 46 yard line.

Stringfellow over center makes 5 yard. Clifton line leaks and Humphries is downed for 5 yard loss by Gribble and Sydow, Hornets receiving 5 yard penalty for off-side on the play. Stringfellow fails at center, both sides off side. Orbeck around RE makes 3 yards and a first down. Stringfellow goes over RG for 2 yards.

Pass, Orbeck to Whitley incomplete. Stringfellow makes 6 at LG. Humphries makes first down over LG. Handley goes in for Humphries in Cubs lineup. Davis for Sexton. Handley over RG for 3. Nelson makes first down over center. Orbeck loses 3 at C. Clifton off-side. Orbeck is thrown for 10 yard loss by Gribble who shakes Cubs guards and breaks through to make the tackle. Clifton off-side as Stringfellow at center makes 4. Pass, Nelson to Whitley is complete and good for 18 yards. Cubs bog down and Hornets receive possession of the ball on the 11 yard line.

Crow makes a nice gain of 9 yards over RT as the third quarter ends. Score, Clifton 7, Gatesville 0.

**Fourth Quarter**  
Fry on reverse makes first down at RT. Pass, Sexton to Crow

is complete over center of the line and good for 20 yards. Pass, Sex- (Continued on page Six)

**LIBERTY H-D CLUB**

Grace Elam, Reporter  
 "When Mary Frances Barron invited our club to her home, we all knew in advance that the meeting will be a big event."  
 "Yes, we might as well call her 'Never-fail Mary'".  
 This extract from a conversation between two club members was a prediction that really came true on October 8th when Mrs. J. C. Barron again demonstrated her ability as one of our most capable hostesses. She seemed to be at all strategic places at the right moment, yet never take an unnecessary step. One woman remarked, "Mary can really put it over with-

out a ripple."  
 Mrs. James Billingsley was given a complimentary shower.  
 Mrs. Calvin Perryman, our finance chairman, announced that the Liberty Club would give a 42 and domino party at the Liberty school house Friday night, October 18th, at 8 o'clock. Every man, woman and child is urged to attend—and thereby help one of our most worthy causes. A small admission will be charged. These proceeds will go to help finance the County H-D Council. Since this organization has given educational trips to two of Liberty's young women this year, we sincerely hope that the people of our section will respond to this call. Refreshments will be

served. Everybody is invited. Do not forget the date, next Friday night—plan to be with us.  
 Considering the size of our Club it has been deemed advisable by many of the members to entertain in groups. This measure was necessary because of more invitations into the club homes than could possibly be accepted. The following groups have been arranged:  
 October 22 at the A. G. Kautzsch home: Mrs. A. G. Kautzsch, Mrs. Hill Parrish, Mrs. Willie Wenzel, and Miss Pauline Wenzel joint hostesses. Mrs. Fred Hartgraves will be given a shower. This will be our next meeting.  
 November 12 Liberty will have its Achievement Day with Mrs. John Laxson, our yard demonstrator. We will have a progressive tour, visiting several homes that have made special progress with certain projects. These plans will be published later.  
 November 26, at the Jack Billingsley home, Mrs. Jack Billingsley, Mrs. James Billingsley, Mrs. Clifford Onstott and Mrs. Henry Gatlin will have a Thanksgiving dinner for the families of the club members.  
 December 10 at the J. D. Hedgepeth home, Mrs. J. D. Hedgepeth and Mrs. Calvin Perryman will entertain the Club in honor of Mrs. Clovis Belvin.  
 December 24, at the Sam and Hubert Currey home, Mrs. Sam Currey, Mrs. Hubert Currey, Mrs. J. P. Keller, and Mrs. Curtis Keller will stage the Christmas program.

Miss Mary Virginia Duncan of the local faculty was a Waco visitor over the week end.

The men separated the cotton and weighed it. Part of the men and women were filling the ticks and basting the cotton.

The people were short of mattress needles because the supply was short in town. Several needles were made from an old wornout umbrella. Almost everyone liked to sew with the umbrella needles. Anyway everyone learned to make a good bed.

When the last mattress was finished which was the 29th the beds were numbered, and numbers were put in a box and shook up. Each family drew a number and took the bed their number called for. The beds were finished October 17th at noon.

## ONE MAN'S OPINION

"The backbone of our country is the people of the small towns and rural sections. We don't mean to minimize the importance of our cities, but we repeat the backbone of our nation is the people who live in the small towns, on the farms and ranches. We are glad the 1940 census reveals a trend back to the rural sections. The people who have rushed into the cities realize they can be happier, healthier and more prosperous on the farm or in the friendly little town. Our radio program covers the great, diversified Southwest, and we want to help improve business and living conditions in the small towns and rural sections of this area. You might gaze off into space and wish you were in Hollywood or New York, but when you analyze the facts, you will know that a better opportunity is knocking at your own door. What helps your home town helps you, and you know it helps your town to trade at home. E. J. Tate, the druggist in Lone Oak can serve his people as well and as cheap as the city druggist. And this goes for every other business in the town. On the other hand, the businessmen in the small towns must understand their success depends upon giving their people as good a deal as they can get anywhere. Not many people will go to the city to do their trading if they can get what they want at a fair price in their home town. It is our purpose to do everything possible to help the small towns and rural sections capitalize on the opportunities. We invite our listeners to write us giving full and complete information about some business or industry in your town that is making real progress—a unique outstanding success. We want to give such businesses publicity, and at the same time help other towns who need encouragement. We believe there is an opportunity in every town with the hearing of our voice for those who have the will to do something worthwhile. As you friends in Lone Oak and everywhere else go about developing your ideas and plans, there is on thing that is well for you to remember, probably above everything else, and that is—what helps my home town helps me."

BECAUSE HE GOT TIRED OF CLIMBING THE CELLAR STAIRS, F.W. ROBERTSHAW INVENTED THE FIRST AUTOMATIC GAS WATER HEATER IN THE UNITED STATES! (Pittsburgh, Pa., Feb. 14, 1825)

A comely young widow of 22 when she married James Madison, Dolly Madison proved to be one of the most charming hostesses in the history of Washington society. She was only 29 when she became "first lady" during the administration of Thomas Jefferson.

F. W. Robertshaw of Pittsburgh, Pa., had a large family—and they all were regular bathers. His many trips to the cellar to light the water heater, spurred him to invent a thermostat to turn the gas on and off automatically. Now millions of Americans enjoy the comfort of ever-ready hot water from automatic gas water heaters.

TOM BOYD OF CORYELL  
CHURCH COMMUNITY  
PASSES AWAY

Tom Boyd was born May 26, 1886 in the Coryell Church community. He was married to Miss Julia Neavitt of Gatesville, June 1, 1913. His life was beautifully and cleanly lived at all times. Tom never lived out of this county. Much of the time he and his family were residing in the Gatesville and Arnett communities. In recent years the residents of Coryell Church community were very happy to have them back.

In the parental home, that of Mr. and Mrs. Felix Boyd, Tom was a beloved, obedient son, a kind

and considerate brother for he was one of a large family of boys and girls. In his own home, the union of him and his kind wife, he was a devoted companion and a loving, attentive father. He was a genial Christian neighbor, not only loved by his family and relatives but by those who had business contacts and dealings with him in the capacity of a neighbor and community associate.

Mr. Boyd was a member of the Missionary Baptist Church, having joined when he was only seventeen years old. Even in the two and one half years of illness, as he suffered much, he bore his pain as if he were constantly remembering that "patience is a virtue" especially for a Christian character such as he.

Death came suddenly Monday afternoon, October 14. The sympathizing and comforting funeral address was brought in the Coryell Church Tuesday afternoon by the Rev. A. Loper of Gatesville and at present pastor of the Coryell Church. As beautiful a floral offering as is ours to witness was one of the expressions of the love and esteem in which Tom Boyd was held. The community tried, too, to express appreciation of his exemplary life and that of his truly fine family, by doing deeds of kindness for them from the first few minutes following the news of his passing.

Mr. Boyd leaves to mourn his going, his wife, Mrs. Julia Boyd; three daughters, Mrs. Ernest Jackson, Mrs. Hollis Yielding and Miss Tommie Boyd; three sons, Neavitt, Joe and Jack, all of the parental home; five grandchildren; his mother, Mrs. Emma Kirkland Boyd; four brothers, Fred, Claude, Pitson and Sumner; three sisters, Mrs. Charity Simmons, Mrs. Eva Ratton and Miss Minnie Boyd, and several nieces and nephews.

Flower girls were, Misses Gladys Jackson, Vondeen Yielding, Juanita Hall, Harriet Robinson and four nieces, Misses Laurene, Willie Mae, Johnnie and Emma Ruth Boyd.

Active pallbearers were, Carl Jackson, Everett Yielding, Curt Bennett, Eual Strickland, and his two sons-in-law, Rev. Hollis Yielding and Earnest Jackson.

Honorary pallbearers were his acquaintances and his friends.

All his nieces and nephews were present except Mrs. Carl Nelson of Crowley, Mrs. Zeke Lassiter of Riesel and Bill Simmons of the Naval Service in the Hawaiian Islands.

Among the nieces present who came from a distance was Mrs. Oscar Griffin and her husband of Quannah; relatives from Hamilton were, Mrs. J. W. Crain and Miss Ruby, Mr. and Mrs. Verne Crain and daughter, Elreta Anne, Mrs. Jess Perry, Mr. and Mrs. Joe Stribling, Messrs. Jack and Ped Stribling and sister, Miss Anna; relatives from Mt. Calm were, Mesdames A. L. and T. A. Kirkland; from Waco, Mrs. Roy Edwards and a long-time friend, Mrs. Ethel Roe Clark; all the relatives and friends from Gatesville, Brownwood, Crawford, Oglesby, McGregor, Coryell and other communities were also present.

A beautiful duet was rendered at the funeral by Mrs. Margaret Montgomery and Mrs. Gladys Johnson.

Interment was made in the Osage cemetery, Lee's in charge.

BUSY BEE CLUB

The Club met with Mrs. Luther Martin in the afternoon of October 10th. Working on a mattress was the work for the afternoon. Refreshments were served to six members and five visitors, Mesdames Henry Thomson, Jim Watts Roy Gallegly, Sam Patterson, and Wiley Seward.

The next meeting will be October 31st, an all day meeting with Mrs. C. O. Russell.

CARD OF THANKS

We wish to express our sincere appreciation to our many friends, neighbors and relatives for their words of sympathy and kind deeds shown us during the death of our loved one. Also we wish to thank each who sent floral offerings and for the nice lunch prepared for us.

May God's richest blessings be on each of you.

Turnersville Beaten  
By Pottsville Friday

The Turnersville Buffaloes were handed their third straight defeat of the season Friday afternoon at Pottsville when they were defeated by a score of 72-6 by the Pottsville six-man team.

Using both a passing attack and a flock of ground-gaining line plays, the Pottsville crew was out in front early in the game and continued to hold the Buffaloes scoreless.

This was Pottsville's second victory out of three starts this season while Turnersville has thus far failed to break into the win column.

Copperas Cove Wins  
From Pearl Dragons  
32 to 0

Coach Peck Tharp's Pearl Dragons proved to be a shade light when they tangled with the Copperas Cove six-man team at Copperas Cove Friday afternoon and the Dragons were defeated by a count of 32 to 0.

The Copperas Cove lads started the drive to pay dirt in the early stages of the game and never let up until the final whistle. Fabian and Miller sparked most of the plays and were given able assistance by their mates.

Pearl is undoubtedly showing some improvement and at times looked good against the heavier Copperas Cove team. Too, they were playing without Moseley who

Oglesby Runs Wild:  
Beats Lometa 107  
To 0.

The powerful Oglesby six-man machine ran wild Friday afternoon at Lometa, slaughtering the Lometa half-dozen 107-0. Lometa, it is reported, played everybody but the water boy in an attempt to stop the Tigers but to no avail, as McKelvain, Griffin and Terry slashed down through the field for touchdown after touchdown.

Lometa also tried a passing attack in an effort to stop the Tigers but this also bogged down and the Lometa team was forced to play wholly on the defense during the remainder of the game.

The lineups were not available.

Jackets Nose Out  
Ireland 18-20  
Friday

The Ireland six-man team, using a tricky offensive attack almost upset the Flat Yellowjackets at Ireland Friday afternoon, the Flat crew finally wiggling thru to a 20-18 victory.

Late in the third quarter, the Jackets had a comfortable 20-6 lead when the Irish started scoring rally that brought them within two points of their opponents. Lemmer stood out for Ireland figuring in almost every play, while Love and Williams were outstanding for the Jackets. Flat lost several more touchdowns due to fumbles in the early stages of the game and Ireland also threatened on several occasions.

Local Draft Board Member Roger Miller advised Monday that 95 more had registered since Wednesday 1th, "R-Day" since the authorities had "led down the bars" and allowed those, who for various reasons, failed to register to register to register. ## Will Rogers' Humorous Story

By WILL ROGERS

SOMETIMES I think parents deserve all the bawling out they get from their kids before company. If people didn't pretend so many things that ain't so they wouldn't be all the time getting let down when the kids happened to tell the truth. But I don't know

how to make this cover the case I heard of the other day.

The visitors was trying to be nice to the kid by asking her how old she was and everything. She said she was five, and one of the ladies that came to play bridge said, "Well, Mary, and do you enjoy being little, or do you want to grow up?"

"I want to grow up right away. Right now."

"Well, that's queer. I should think you'd like to stay little and cute."

"No. I want to grow up to be a lady right now today."

"But why?"

"Well, Mama says I've got to wash my face and neck, and I want to grow up so's I can just powder over the dirt like you do."

JOHN WILLIAM STPP—

the brothers and sisters to all people who have manifested their esteem for Bill by their generous deeds, to him, while enduring the terrific struggle in which he finally lost; and may the giver of all good gifts, and mercies, attend you in your happiness and in your sorrows.

To the members of the Gatesville Post, American Legion, comrades in arms, and who tendered the last rites as the body was being lowered into the grave, we ex-

tend our sincere thanks and may the Great Commander keep and guide you.

Mrs. John W. Stapp.  
F. M. Stapp, Clifton; Mr. and Mrs. Ed Stapp, Clifton; Mrs. Anna Stapp, Clifton; Mr. and Mrs. A. D. Binns, Moody; Mr. and Mrs. Frank Simmons, Oglesby; Mr. and Mrs. G. Stapp, Pauls Valley, Oklahoma; Mr. and Mrs. Jim Stapp, Waco, Mr. and Mrs. Darrell High, Sweetwater, Texas.

IN cooking, so many dishes require effort that it's a real joy to find an occasional one that practically makes itself.

This Tomato Jelly Salad is like that. It's a quickie that can be put together even during such distractions as caused by a pot boiling over, the back door bell ringing and howls from the baby. It has a bright lively flavor and looks pretty on the plate nestled in crisp greens.

1 package lemon-flavored gelatine  
1 cup hot water  
1 cup tomato juice

Pour the boiling water over the lemon-flavored gelatine and stir until dissolved. Then add the tomato juice. Pour in a mold and set in the refrigerator until firm.

Fill center with lettuce. Serve with mayonnaise, salad dressing or horseradish dressing.

## 1940 Call for Red Cross Recruits

The 1940 Poster of The American Red Cross sounds the call to the nation to serve humanity within the ranks of this army of mercy.

KEEPING step with the boys called to the colors in America's new defense army and navy, will be the American Red Cross, fulfilling its mission of service to the men in the line and to their loved ones at home, Chairman Norman H. Davis announced in Washington.

Several thousand Red Cross nurses already have been called to the colors," Mr. Davis said, "and Red Cross field directors, and thousands of Red Cross workers in Chapters throughout the nation, are ready to help America's soldiers and sailors with personal problems, just as in the 1917-18 World War period.

"Every patriotic man and woman in the United States, who wants to do his or her share in upholding the national defense of our nation, can

do so by sharing in the vitally important work of the Red Cross. Join as a member of the local Chapter, during the roll call, November 11 to 30, and through your support you will strengthen the Red Cross army of mercy.

"Recruits are needed not alone as members, but also as volunteer workers in the Red Cross Chapters."

Red Cross work will continue undiminished in its usual domestic program of relief in disaster; community public health nursing; safety education and promotion of the Junior Red Cross. An individual membership supports all of this work, not only in Red Cross Chapters, but in the nation. Relief to war victims in Europe is financed by the \$20,000,000 war relief fund contributed by the public during the summer of 1940.

been a resident of Coryell County since the age of four or five years.

One daughter, Lilly, preceded her mother in death. There are eleven grandchildren and 2 great-grandchildren.

Pall bearers were Howard Suth-

erland, Euland Coward, Cecil Sharp, Jimmie Barker, Emmett Barker, and Charles Jones. Two granddaughters and a grand-niece were flower girls.

## Jimmie Allen

# "The SKY PARADE"

Serialized by Wallace West from the Paramount Picture of the same name

**SYNOPSIS**  
After the war, Scotty Allen, Speed Robertson, and Casey Cameron, flying pals in France, form an air circus to barnstorm the county fairs. Casey deserts the troupe to fly for Gat Billings, a gangster. Scotty is killed attempting a transatlantic flight and Jerry Croft, the outfit's pretty, parachute jumper, raises Scotty's orphaned son, Jimmie, to manhood. Meanwhile, Speed and Flash, backed by Tommy Wade, a friend, form an air line which prospers. A number of years later, Jerry brings Jimmie to Speed who decides to give him an intensive flying course. Speed and Flash have developed a robot pilot invention which a foreign power has commissioned the notorious Billings and Casey to get for them. Gat and Casey ambush Speed and Jerry, bind them, and force a pilot to fly the robot plane. Jimmie hides in the ship. Accidentally, Gat kills Casey and the pilot leaving nobody on board who knows how to pilot the ship!

### CHAPTER X

AFTER what seemed hours of struggle, although it really was only a few minutes, Speed managed

to reach the splinter of flashlight bulb on the floor of the shack. Though it cut his wrists cruelly he sawed the rope back and forth across the glass until the strands parted. After that it did not take him long to release the others.

When Jerry had staunch the flow of blood and bandaged the flesh wound in his shoulder, the pilot, Flash and the girl scrambled into their plane and took off, paying no attention to the walls of the newspaper reporters that they be taken along too.

As soon as their fast little plane had gained sufficient altitude Speed tossed the radio aerial over the side and began calling Glendale.

"Any news of NCX-9?" he demanded when the field station answered.

"Garbled words," the answer came back. "Sounded like Mexico. Then there was an explosion. Nothing more heard."

"Headed for Mexico," Speed's voice was grim. "That's all I wanted to know." He gave the ship the gun and started South.

"Calling NCX-9—Special flight!" Jimmie started and looked around helplessly as these words began coming through the NCX-9 receiver.

"I'm here!" he puzzled, "but how do I operate this thing so's I can answer?"

"If you can hear, NCX-9—answer," the voice continued. "The set is cut in. Speed Robertson following. Should overtake you."

"Whoopee!" yelled the boy. Then he gasped and staggered. The air was so rarefied that the exertion of shouting had started his heart thumping like a drum. He glanced at the altimeter. It registered 18,000 feet and the needle still was creeping up.

As he reached for the stick to try to level off, the door of the washroom

door crashed open under Gat's repeated attacks and the gangster lunged out into the cabin. The boy leaped from the pilot's seat to face this new enemy and reached for a monkeywrench with which to defend himself.

Gat came on, cursing, and swung his fist at Jimmie's head in what should have been a killing blow. Before the swing was finished, his beefy face went suddenly white. He pitched forward and sprawled on the floor unconscious. The altitude had been too much for his heart.

Jimmie wasn't feeling so well either. He staggered toward a small oxygen tank on the wall, managed to reach it and take a whiff. This revived him sufficiently so that he was able to push the stick forward and head down. Then he stared at the crowded instrument board helplessly. Why hadn't Speed taught him to fly when he had a chance!

"We're going to get married," commanded Speed. "Are we?" gasped the girl.

"Looks like we've lost 'em," said Speed a quarter of an hour later as he surveyed an empty sky.

"We can't lose them, Speed," wailed Jerry. "They've got Jimmie."

"I know it. But I'm helpless. Don't know where to look."

Suddenly through the microphone came the boy's frantic voice.

"Speed! Speed!" he was calling. "Can you hear me?"

"Yes," whooped the pilot. "Are you all right?"

"Yeah . . . I'm all right, but I'm lost. The NCX-9 is flying over a big body of water right now—headed south."

"Sounds like the Salton Sea. Where's the pilot? Tell him to throttle down. We'll catch you."

"They got him. I'm all alone. You should have taught me to fly."

"That ship will fly itself." Speed was beside himself with joy. "Do you think you can take her off the automatic pilot if I tell you what to do?"

"I'll sure try."

"All right. Now listen carefully. We're about 150 miles off the course . . . as soon as we're back on it you can cut in the automatic again." He gave detailed directions for making the shift, then added: "She'll buck a little but don't let that get your goat. All set. Go!"

her. She'll take herself home." Then to Jerry he added: "The kid's doing all right. I think he's going to make it home."

"How long will it take us to get back to the field?"

"Let's see . . . 7:15 . . . we should make it in four hours. I'll tell 'em to clear the field and have ambulances ready, although . . ." as he caught sight of her strained, white face, ". . . although we won't need 'em."

Soon the NCX-9 hove in sight as a speck in the sky. After that it was not long until the two planes were flying side by side, and they continued to do so until the Glendale port showed up ahead.

"Jimmie, get ready to level off," commanded Speed. "When you are in position set down, give her the gun just before you kill the motor. Don't try it till I have landed and got this ship off the field."

The home port was a scene of mad excitement when Speed and his fellow passengers taxied in. Sirens were hooting, doctors were hurrying about and a large crowd had gathered to watch what most of its members considered was sure to be a bad crash.

"That kid can't land a plane," groaned Mac as his head thickly bandaged. He hurried up to welcome them.

"You're crazy," laughed Flash broadly. "He'll make it. Come on, I wanna see them pinch Casey and Gat." He ran toward a waiting police car.

Speed and Jerry dashed into the radio room and the former began giving last-minute instructions as the NCX-9 circled lower and lower around the field.

"Take it easy, Jimmie," he pleaded. "Now pull the stick back just a fraction. Lift her nose! Lift her nose! Oh, Lord! He's made it," he shouted as the boy landed with scarcely a bump and taxied toward the hangar.

Then he and Jerry were dancing around the room, wild with delight.

As the boy leaped from the cabin and ran toward the radio room five policemen piled aboard the NCX-9 and came out dragging the limp bodies of Gat and Casey.

"Who're they?" asked a spectator. "Where are they being taken?"

"I don't know," grinned Flash. "But I bet it will take them thirty years to get back."

Speed had Tommy Wade on the long distance wire when Jimmie burst into the radio room.

"The kid will be here in just a minute," the aviator was shouting. Then he added: "Say, Tommy, you've got a date with Jerry and me . . . We're going to get married!"

"Are we?" gasped the girl.

Then, as Speed hung up the receiver and gathered her into his arms, she added breathlessly.

"It's about time!"

## TEMPO OF THE WAR

Although the Nazis probably will not attempt an invasion of the British Isles until spring, if then, we must deduce from this assumption that active fighting in the sea, on the sea and on the land will cease for the duration of the winter.

The totalitarian political and industrial machines are not geared for a prolonged war, and the failure of the Germans to follow their successes on the Continent with a knockout blow against the British likely is a subject of much concern both in Berlin and in Rome.

The fact that the Nazis have, to all appearances, turned their faces eastward and away from England does not mean that there will be months of inactivity even in the war zone surrounding the United Kingdom. Shifting of the critical scene of the battle to the East will no relieve congested English areas of continued bombardment. No lull in the merciless bombing which London and other industrial centers have experienced is in store for the British in the immediate future.

Preliminary movements are now in progress which portend of significant developments in South-eastern Europe and the Near East. No one outside of the German and Italian high commands knows precisely what the axis plans to do during the ensuing winter period to cripple or destroy the British.

The best guess is that a double purpose campaign was mapped out in the Hitler-Mussolini conversations designed to procure needed oil supplies for the axis and to destroy British power in the Eastern Mediterranean.

If reports from the Channel fighting zone are correct, the Germans already are using inferior grade oil in their fighting planes. This would indicate that by next spring Goering's mighty air legion

may be woefully crippled by lack of fuel oil if new supplies are not made available within a relatively short period.

Rumania, now under axis domination, is incapable of providing even half of the annual German and Italian consumption. But in Iraq and in Iran (Persia), where large British-owned wells produce tremendous quantities of petroleum each year, the axis partners could secure ample supplies for all their needs.

Furthermore, now that the British have demonstrated the difficulty of a Channel crossing and invasion, the axis undoubtedly feels the need for new adventures to stimulate their peoples to fresh enthusiasm—a perpetual need of dictator states.

The British would be hard-pressed to maintain their hold in Egypt and in the Near Eastern oil regions alone, but with the aid of Turkey, Egypt and Russia could withstand any attacks which the German Italian combination might launch. Developments which may align Turkey and Russia with either side thus are of the utmost significance to the future course of this conflict, as the loss of the Suez Canal, the foothold in Egypt, and control of the oil wells well might prove a fatal blow to Britain and her Empire.

## This Is New York

The glint of superiority in the eyes of the boys who shine shoes via electricity, when one of the old-fashioned shoe shiners passes their shops . . . The lacy title of a shoe store on 57th St., "Clinique des Pieds Sensibles" . . . The antiseptic look of the town around six ayem, after the long evening has cleansed the city's face . . . Men trying to clutch onto their summer sun-tans via barber shop sunlamps. A bitter winter war between the machines and nature.

Sweet poppas Esquiring baby stare blonds to the silk and satin spots. But they never bathe in joy like the young couples in the two bit ice cream parlors . . . The dexterity of those who sit in shop windows and build cigars all day. The swift, sure weavings of their fingers show the artistry of these minor league Rembrandts.

The plushy conditions the Rock ettes have. Swanky-dressing rooms and the best in equipment for relaxation. They're the only chorines in town treated like the stars they are . . . The ear-serenade of the town in the middle of the night, about 4 ayem, when the city settles down to a whisper.

Pretty gal barkers urging you to see the wonders of New York by bus But their empty stares tell you they don't think there's anything wonderful about New York . . . The glare of Broadway light blotting out a superior sight: A blue-robed sky stitched with sparkling stars.

The first nights beautifully drowned in sables, silks and stuffed shirts. Only the detached drama critics not getting drunk on the satiny atmosphere and just being themselves . . . The people roller-skating at the Radio City rink wearing swanky costumes, and the kids scooting along the various side streets wearing their joy like a flag unfurled.

The sadness rampant along the waterfronts. Filled with sparkling scenery and ragged knick-knacks that used to call themselves human beings . . . The lady who brings a camp chair to 47th and Broadway and sits there enjoying the electric tricks. She gets everything the cinema could give except Bingo.

The gigantic loneliness of the massive empty Yankee Stadium . . . The rains sweeping people off the Main Stem, giving it a chance to breathe. And a chance to show its pretty face that humans clutter up . . . The description of a woman that fits most of those who cover night club chairs: "Vogue on the outside and vague on the inside" . . . The snooty eateries with their jeweled atmosphere; where everything is the best, except the people.

## Private Papers of A Cub Reporter

Alexander Woolcott's lesson in journalism: It is related of Lawrence Barrett, a once eminent tragedian, that sometimes in his cups he would grow tearful and lament that nightly it was his fate to carve a statue in the snow. On this solemn plaint Brander Matthews made the stinging comment that that artist's fame was the more secure who left no work lying around to be coldly appraised by a later generation. Newspaper work, like acting and singing, is perishable. That is the conventional thing to say about it. It is high time someone also said

## But It's True

Almost 100 years ago the country—from Boston to Philadelphia—was more than upset about a group of radicals who believed that bathing in tubs was a way of gaining health. Majority of opinion believed that getting wet during the winter months was a sure way of getting pneumonia. Further, the habit was considered indecent, as a bather must necessarily be entirely disrobed. Philadelphia also enacted legislation, but not as drastically. It decreed that people could not bathe in tubs between December and March.

The only horses and camels in the world today are domesticated or are descended from domesticates. Some horses in the Americas are not under direct control. If they are running in free packs they are the offspring of horses which were privately owned at one time.

that, like acting and singing, it is therefore profoundly modest. I count it a high honor to belong to a trade in which the good men write each piece, each paragraph, each sentence as painstakingly and as lovingly as any Addison and do so in the full knowledge that by noon next day it will have been used to light a fire or saved, if at all, to line a shelf.

Chinese humor will defeat the Japanese, to hear Jimmy Young, the International Newspaperman, tell it . . . Young offers this as an example . . . The Puppets were holding a big show in Shanghai, thousands attending. Japanese military officials were present by the thousands, also. The Chinese puppet mayor, in a morning coat and striped trousers (a la Nippon) read off a Japanese-prepared congratulatory speech on the new order in Asia . . . The band struck up The Maine Stein Song—as all stood at attention . . . The Japs, it appears, thought it was a patriotic tune . . . The Japanese general, commanding the Expeditionary Forces, read his scroll as all bowed in "reverence" to the conquerors . . . The Chinese band then really went to town—and played "Listen to the Mocking Bird" . . . Four days later the Japs caught onto the slap and went looking for belittlers.

Aint It the Truth!: Oscar Levant met Jimmy Petrillo, the musicians' union chief, on a train the other day . . . "It's a good thing you married a working girl," counseled the labor czar. "Never marry a rich girl—she'll only want you for your piano-playing."

Many night club owners are trying to persuade each other to close on Monday nights, and save a lot of expenses. That's the one night they all play to the waiters, except one or two spots.

In a special meeting of the Knox Curtis Post, No. 42, American Legion, officers were elected for the ensuing year, as follows: Leonard Lamb, Post Commander; L. R. Ables, Adjunt; Dee Swift, Vice-Commander; V. F. Lemons, Chaplain; George Hodges, Sergeant at Arms; Wesley Ford, Finance Officer; and Bill Wiegand, Service Officer.

The color of the mule really was not ascertained. However, during the last big flurry of rain and "fireworks", one good Coryell County mule entered mule Paradise, after a deadly conflict with a bolt of lightning near White Hall. This mule was the property of J. D. Morgan of that community, and was struck by a bolt of lightning about a hundred yards from Mr. Morgan's house during the heavy rain.

Ground was broken for the \$1.-200,000 State Centennial Central exposition Saturday morning, October 12, when Governor James V. Allred set off a charge of dynamite on the building site. A colorful crowd attended the ceremony which also was carried to thousands of listeners over a state-wide radio hook-up.

Bryan Arnold, Coryell county's lone representative in Uncle Sam's schools of Arms, drops a card to the "staff" of the News of which he was a member this past summer. Bryan has this to say: "The routine of classes and drills weighs rather heavily on us after a 10 week's orgy of freedom, but we are looking forward to the football games this fall."
