## WE GOT A "ROLL" OF MAIL FROM HERMAN C. GLASS, FROM CALIF.

We would give you the substance of the letter, but down at the bottom, it's got a footnote which says "copyright". And, a little bird has told us to leave that sort of stuff alone when it comes to reprinting, especially, without "special permission" and probably with a check attached.

Anyway, it's a clever letter, and even has some of that good California beach sand, which we don't like to get in our shoes.

Herman is with the 2nd Engineers, Co. A, Fleet Marine Force of the U.S. Marine Corps Base, at San Diego, California.

That's in the famous bay section and was being built about 1922 when we left after being on North Island for "our duration", which was 18 months.

Herman can see lots there, go to the South Islands, which are partly in Old Mexico, and see the fishes, sea weed, and all that stuff thru the glass bottom boats; or he can see the horse races at Tia Juana, or La Jolla (It's La Hoya pronounced in California), or a number of beaches, including Coronada's Tent City, Ocean Beach, and others, or, take back to the mountains at some nice resorts there. Try it Herman!

## VEGETABLES AND FRUITS TO BE CANNED BY W.P.A.

At the recently established WPA Food Preservation Center food will be canned during the summer for use in school lunch rooms sponsored by WPA next school term.

A county-wide school garden on the Tom L. Robinson place will furnish some of the garden produce and other will be brought in from school communities which are participating in the program.

Supt. Ollie Little will take the lists of surplus foods and the approximate dates they'll be ready. This is necessary so that the "canning schedule" can be followed.

These "shots" were taken the first day of the Fifth Annual Rodeo and Frontier Celebration of a part of the parade as it passed our "reviewing stand" in front of the News office.

1. Here's the Gatesville High School band, headed by the colorful Majorettes June Marie Chamlee and Sara Frances Graham.

2. This a picture of the one Everett E. Colborn, and probably the Mrs. Colborn—we don't know her.

3. This, the most beautiful float in the big parade, shows Miss Kathryn Spalding and Miss Mabel Marion Brown, who are "in view" on this Chamber of Commerce float.

4. Among the "commercials" that caused the most comment, was Painter's, showing Misses Treva Davis and Miss Mildred Gandy

in their "spectator" bathing suits—at least, they didn't look like they'd stand much water.

5. This is the Red Cross float, which took some of the prize money, and deserved it, both for the "cause" and "because" it was well thought up and decorated.

6. Murray's Grocery and Market depicted the serio-comic side of "what used to be seen every day in Gatesville." The "chauffeur" is none other than Jim, who "delivers", and did on this float.

7. Hazen Ament and Johnnye Carroll et al, and there were a lot of "als" from the looks of this Model T, were a "show piece" of the parade for the Elizabeth Beauty Salon. Two "extras" were carried in Johnnye's arms—dummies tho.

8. The really "sight" of the para-

de was the three-legged horse driven by (we won't say, it's cost us drinks too many times) but they say, he's a Tharp, from out near Turnersville. This contraption is specially constructed to enable the horse to walk. He's two rear or hind, and one front leg. Please copy, "Ripley".

9. Jim McClellan's Cash Store, showed the old times, and included square dancers, a caller, an entire string band, and kept the "business" going all during the parade.

10. You can read it on the side of the car—Cozy Cafe—featuring two of the girls there who bring you your java, ham an', chili, or delightful dinner. These girls are: Zell Kinsey and Clara Parrish. Mrs. Bill Ament is the driver. And, we had nothing to do with the breeze.

## Joseph Thompson Here Saturday: For U.S. Senate

Joseph (Joe) Thompson, candidate for U.S. Senate was a Gatesville visitor Saturday, and was meeting folks and passing out literature. He is a Wacoan.

Mr. Thompson has as his platform: 25 hour work-week; \$50 pension over 60; everybody \$5; government loans and prices as follows: cotton 15c, wheat \$1, corn 75c, oats 45c, beef 10, hogs 9c, separate air corps, 100,000 planes; stop immigration, lobbying, \$30 for soldiers (minimum), anti-aircraft defense in every city; army, 2,000,000; 400,000 of these armored divisions, and a lot of others.

## 'Flash Flood' Washes Out Back Wall Of Swimming Pool

It wasn't exactly a "flash flood". Just before the "keepers" started to turn off the water at 7:00 o'clock Monday morning, the northwest corner of the west wall of the swimming pool went out—and out with it, went all the water.

Only about six "customers" were in the pool at the time, and they were away from the deep end that went out. The steel in the structure, it seemed, was too scarce, and had partly rusted. It looked like the wall had just been pushed out, and in the mud on the bottom, it had scraped marks.

At noon Saturday, workmen had just completed putting in new

woodwork, floor, etc., at the west end of the pool. When it went out, Lake Gatesville was again filled, but the water was soon out at the outlet there.

Whether it will be rewalled was not known yesterday.

## 2001 Miles To See Cowboy Rider In Rodeo Here

Down from Quincy, Massachusetts came Mr. and Mrs. Wm. Hersey and son, Warren, and Mr. and Mrs. C. W. Carlson to see Hughey Long from Cresson, one of the entrants in Gatesville's Rodeo and Frontier Celebration this year.

Here they met, of all places. Hughey is a friend of theirs, and these friends of his from the Commonwealth of Massachusetts really go a long way for their friend.

Incidentally, they can give us some nice publicity to those staid old Bostonians, and tell them about good old Coryell county and Gatesville. Chamber of Commerce publicity and Rodeo promotion would make this happen more often.

### Chapter Five

Upon her return from the London engagement of "The Barker," Claudette Colbert found that Broadway had labeled her "star" and that, accordingly, the motion picture companies were eager for her services.

These entreaties, however, she resisted courageously, in the firm belief that the legitimate theatre gave her everything she desired, and that, further, she desired to remain in New York. After several months of negotiation, Paramount finally solved the problem and won her over by agreeing that she could make all of her film productions at their Long Island Studios. Claudette liked that plan and persuaded Al

She returned from the trip entirely rested, and eager to resume her motion picture career. Her eagerness was equalled by the enthusiasm of her producers to get this new star back into harness and she was immediately thrown into a series of fine productions. This time, her activities kept her at the Long Island studios, where she made "Honor Among Lovers," "The Smiling Lieutenant," "Secrets of a Secretary," "His Woman," "The Wisest Sex," and "Misleading Lady." This series completed, she accepted a stage play, her final appearance, in Elmer Davis' comedy, "See Naples and Die."

Then — Hollywood again, with its

Clark Gable and Claudette Colbert in a scene from their amazing picture "It Happened One Night", which ran off with every major award of the Academy of Motion Picture Arts and Sciences.

Woods to sell his contract with her to the movie company. Twenty-four hours later, her motion picture career had begun — to catapult her to a fame she had never dreamed possible!

It was only natural that her first starring film would find her opposite a Frenchman and oddly enough, it was "The Big Pond," with Maurice Chevallier, that occupied her first month in the making of celluloids. Later came "The Lady Lies," which boosted her another notch in her rise to screen stardom, and then, "Young Man of Manhattan," an uproarious comedy romance that added thousands of new fans to her growing 'public.'

The tremendous success of these three gave her a certain confidence and shortly after the national release of the latter film, Claudette found herself finally wending her way towards Hollywood, a city by now magic in its allure. The Hollywood spirit had finally caught her and she was willing to be convinced. "Manslaughter" was her first West-Coast production, which definitely brought out her full dramatic powers, and which decided her to all but give up the stage for good. Upon completion of this film, she obtained a leave of absence from the studio, and embarked upon a leisurely journey around the world with a group of friends. The entire voyage was made aboard freighters, starting out on the S.S. Cenegalesse Prince, from the Los Angeles Harbor.

excitement, glamor and hard work! Picture after picture followed and Claudette added honor upon honor. In "The Sign of the Cross" she established herself as a star of the first magnitude. Her performance as the wicked, charming Poppaea in this film met with acclaim by critics and public alike! "Three Corners Moon" followed shortly afterward, after which she shifted her make-up box to the Columbia lot for "It Happened One Night." This amazing film, in which she was co-starred with Clark Gable, ran off with every major award of the Academy of Motion Picture Arts and Sciences, and for which performance Mias Colbert herself was given the award for the best feminine performance of the year.

"Cleopatra" was another great success as was "Private Worlds," which was directed by Gregory La Cava. LaCava also directed her newest and greatest hit, "She Married Her Boss," another Columbia film, which bids fair to equal "It Happened One Night."

Claudette Colbert today is a confirmed Hollywood booster and a true Californian. Her former dislike of the cinema capitol gave way to a hearty embracing of the city, because of the tremendous popularity she enjoyed there. She can even wax enthusiastic about the climate now — a Hollywood habit — and does so at the slightest provocation.

**DRAGON HUNTING**

GET this little thought into your mind: A dictator—or any government by any name—never forbids freedom of thought and speech except from fear of the TRUTH.

It is the TRUTH that hurts. With the press and public speech completely FREE, a lie is quickly exposed.

\* \* \*

We ought to keep these facts right up in front of us. For, every so often, even in free America, you hear agitation for "making" the newspapers or the radio "agree" with this or that group. Notice one thing: In every case it is some person or group anxious to have things ITS way when such agitation occurs.

Perhaps it isn't always the newspapers' own sleuthing which turns up public or private malefactors. But it is generally FROM NEWSPAPERS that YOU get the news!

\* \* \*

That is the job of a newspaper—to slay dragons or furnish aid and support to the dragon hunters. Naturally, the DRAGON doesn't like it.

Hitler didn't take over all Germany's newspapers because they were FAILING

to report facts and honest opinion. He took them over for the OPPOSITE reason. They were "in disagreement with the policy of the State."

Since he WAS "the State," that only meant the press disagreed with HIM.

Over here, we set our papers to the task of watching carefully for any signs that OUR power, the power of the PEOPLE, is being taken over by any group, whether it calls itself "government," or "business," or "labor," or the "Women's Pink Tea Club."

\* \* \*

We value our LIBERTY, our RIGHTS; and we want to know ALL ABOUT anyone who dares to threaten our right to hear any side of any argument which concerns the public interest. We want the TRUTH. We think we can tell truth from lies if there's REAL freedom of expression.

Any time a newspaper fails to serve the PUBLIC, that newspaper is duly punished; many an EX-publisher can testify to the TRUTH of that!

Over 300 leading newspaper publishers join together to bring you this weekly message about the function of the press in a free nation. Newspaper Publishers Committee, 420 Lexington Avenue, New York.

## INDIANS- COVE CLASH IN LEAGUE CONTEST AT COPPERAS COVE SUNDAY

Those Blackfoot Indians and the Copperas Cove baseball nines will meet this coming Sunday at Copperas Cove to determine the leadership of the Coryell County league. At the initial meeting between the two clubs the Cove team took a double header from the Indians, and also took possession of the league leadership. The Indians had held the top slot until that time but the Cove, behind the effective hurling of Edd Fritz, took both of the games and moved up to the number one position in the standing.

Both of these teams feature a great power attack, while both also have fine pitching staffs. The Cove will have Edd Fritz, who turned the trick in the double-header against the Indians, to hurl the important contest. Manager Emmett Gotcher will be behind the bat for the home team, while Hughes, Dub Adams, Cotton Adams, Leroy Fritz will compose the rest of the infield.

In the outfield the Cove will have Magg, Mauel Dewald, and Gotcher.

The Indians will stake their hopes on the hurling of Jack Barton, who has turned the trick against practically every team in the county. Pierce Richards will do the catching, while Jessie Marshall, Robert Wicker, Willard Long and Bill Barton will form the rest of the Indians infield. Joe Milsap, Paul Martin, Lloyd Ivy will probably be in the outfield.

This game will have its importance to the league standing since both of these teams are leading the league. Only one game separates the Indians and the Cove from the top position of the standing. If the Indians win the contest it will throw the league standing into a two way tie, whereas, if the Cove wins they will increase their leadership to two full games over the Indians.

The other game Sunday will be played at Ireland where the Pidcoke Cokers engage the Cards in another important game, which is likely to determine the third place position of the league.

At the first meeting between these clubs the Cards walloped the Cokers to the tune of 7 to 1, but since then both nines have improved to a great extent.

Knox Trammel will probably do the Cokers mound chores, while Mike Bratton or Walter Porter will be behind the bat. Left Lemmer, star Ireland athlete, will do the hurling for the Cards.

If the Cards win the contest it will throw a close standing between them and the Cokers, but if the Cokers win it will place the defending champions in reach of the league leadership.

**SPORT SCRAPS**

By **NORRIS**

The strong Copperas Cove nine and the Blackfoot Indians will meet Sunday in the most important contest of the league. At the last meeting of these teams the Cove nine took a twin bill from the Indians by the scores of 11-1 and 6-5.

The other contest Sunday will take place at Ireland where the Ireland Cards meet the defending champs, the Pidcoke Cokers. This game will also have its importance to the league standing, since both of these teams are battling it out for the third position.

## Friendly Service

Here is a situation that might have brought sadness to a little girl.

Her cat has climbed one of our poles and is unwilling or unable to come down. But a company lineman has been notified of her predicament and has saved the day by climbing the pole and retrieving the cat.

A small thing? Yes. But it illustrates the type of friendly service in which employees of this company take pride. They know that no amount of impersonal efficiency can ever take the place of courtesy, friendliness and a sincere desire to be helpful and accommodating. Retrieving a kite or a cat... helping a stranded motorist... repairing a damaged appliance... lending the office for the church circle's rummage sale—all are small things but they represent a concept of service that goes far beyond the mere delivery of current at a stated voltage.

In dealing with your electric service man, you're dealing with a friend and neighbor who is not only interested in seeing that you get good electric service but who wants to make it easy and pleasant for you to do business with the company he represents.

The crowd really gave this bunch of swell sports plenty of support as they braved a threatening rain all during the performance. Langtry, Texas  
May 23, 1941

Mr. Ward Burris, Sports Editor, The Express, San Antonio, Texas, Dear Wardie:

Well, Pal, all I go to say is that it's too bad Rudolph Hess didn't land in Langtry, or I'd a booked him fer a exhibition tour of the United States and made a million bucks. All the Scotch did was give him some tea and keep him.

I'm a goin' to sell my car and maybe you can help me. It's a dern good car, all fine tires, good battery which works onet in a while, in fine runnin' condition, good paint job done by myself, heater (it stays hot all the time), and windshield wiper. It's a 1928 model and I'll take \$39.75 fer it.

You know, I wouldn't misrepresent anthing. Too many bright careers have been ruined by shady deals.

I see where the Missions is fer sale and I put in a bid fer the franchise. I ain't got much cash, but I offered 'em two burros, four pigs, seven goats, one cow, a team of mules and ten bucks in cash, fer a clear title to ever thing but their good will. They can have that and keep it in Sent Louis. We got plenty down here.

My boy friend lost his job appearin' in them shorts fer a movie company and is back home; He is so dumb he thinks Veronica Lake is a new fishin' resort. He thinks "O.P.M." means "other people's money." Wouldn't that jar you?

I'm a making plans to enter that 4th of July bathin' beauty contest at Seguin. You know gals all wear different types of bathin' suits nowadays, but their "designs" are all the same.

I'll be a seein' you Pal,  
Yourn,  
LOONY LUCY

## Notice Egg Shortage!

We look for a good price on eggs this coming year. We understand the Government has asked the packers to hold the price of hens down to reduce the flow on the market of laying hens that should be kept in the laying yard.

Large amount of eggs are being consumed by the Government as well as the general consumption is good also. You are passing up a good opportunity of making some money on poultry this year if you do not feed them on an egg producing laying mash. We know of no feeds balanced to better perfection in Minerals, Proteins and Vitamins than DITTLINGER'S BEST LAYING MASHES to give maximum results at a minimum cost. And the growing demand has doubly convinced us that it is doing the job.

We carry a complete FRESH stock of DITTLINGER'S FEEDS at all times and see us for reasonable prices, also cash buyers of Poultry, Eggs and Cream at top prices.
