Coryell City Nine Meets Emhouse In Trophy Game Tonite 8

Tonight at 8 will be the Waco News-Tribune Baseball Championship Tournament Play-off, which will feature Coryell City and Emhouse, the two percentage leaders in the tournament.

Coryell City lost in the first round, then, won five in a row to get into the finals, depending on the good right arm of pitcher Fortier in the game. He goes in the box tonight.

Emhouse, near Corsicana, lost only to Speegleville, but beat them in a second game.

Drain or Jimmy Blair, former Baylor star, will hurl for Emhouse and it's a toss up game, it's said.

Here is the Coryell City composite team of both Coryell City and Gatesville: Harding, c; Fortier, p; Gholke, 1b; Davidson, 2b; Westerveld, 3b; Landfried, ss; D. Barton, lf; Martin, cf; Richter, r.

All Coryell county baseball fans that can possibly be there are urged to go, and maybe the boys can bring back another trophy.

Ty Cobb scored 2,244 runs during his 22 years in the majors.

Top Vet Dividends On NSLI Computed At \$528: 600 Here

WASHINGTON, Sept. 16. (AP)—The top dividend checks to be sent to World War veterans on the national Service life insurance will be for \$528. Dividends will start going out in January. There are around 600 applications in Coryell county. The dividend is not subject to income tax, and veterans must apply, three-fourths of them have already.

The formula is calculated on the basis of a dividend of 55c for each \$1,000 insurance, for each month the policy was in force before its anniversary date in 1949, for all policy holders who were aged 40 or younger at the time the policy was issued. For older veterans, the dividend declines gradually until it is 20c a month per \$1000 for those 55 and over.

The scale does not apply to insurance on a permanent plan which has been surrendered for a reduced paid-up amount. These will be handled separately.

That City Tax Rate Of 75c Is Split Up Thusly—

In setting the tax rate, City officials, last week divided the tax rate, as follows:

General fund, 25c; street fund, 25c; park and cemetery, 10c; and permanent improvement, 15c.

The same rate prevailed in '48, but valuation of \$4,400,000 is somewhat more, and full collection would net approximately \$33,000.

NEW YORK—(AP)—This is the sixth anniversary of my entrance into prison.

It is a hoosegow of the mind—the business of writing a daily newspaper column. The high walls and iron bars of this mental penitentiary don't show. But they are there—in the convict's brain—growing higher and stronger with the years.

Writing a newspaper column is one of the oddest occupations in our screwball civilization. To become a lawyer, a doctor, or an undertaker you have to go to school. But there is no college for columnists anymore than there is for astrologers.

First PTA Meeting Was Well Attended Last Thursday Night

Entertainment for the first P. T. A. meeting for the year was furnished by band leader Randall Raley, his fine band and the five lovely majorettes, Thursday, September 22, in the High School Gym. President Mrs. Inez Robinson, opened the meeting with County Superintendent Ollie Little leading the group in singing "America". Dr. Clarence A. Morton, pastor of the First Baptist Church, gave the invocation.

The first vice-president, Mrs. Sherrill Kendrick, introduced the speaker of the evening, Superintendent of Schools, L. C. McKamie, whose address was highlighted by statements such as: "Way it looks from here the first meeting of the 1950 and '51 PTA will be held in the new Elementary School Building. Due to the cooperation of the people and school board much has been done to solve a difficult situation, a good school program has always cost money, but we are trying to give these 1200 children something they can carry with them through life." Mr. McKamie concluded with this promise, "any suggestion for the betterment of these boys and girls will be appreciated."

Last year the National Congress of Parents and Teachers, of which the Gatesville Association is a local unit, was particularly active in working for legislation which would provide federal financial aid for the public tax supported schools. A united effort was also made to alleviate the shortage of teachers. Results of this were apparent in the number of new teachers introduced by Principal Sidney Pruitt.

A conducted tour of the improved buildings ended in the cafeteria, where refreshments were served.

30.5 Cut In \$ Value, Pound

LONDON, England, Sept. 19 (AP) A 30.5 percent cut in the dollar value of the pound Sterling hit the British public today like a blow in the face.

The Labor Government in a desperate gamble to save the nation from threatened bankruptcy, hunger and misery, slashed the worth of the pound last night from \$4.03 to \$2.80.

Banks were closed. The London stock exchange and those in France and a number of other countries were shut down.

The Texas Poll

The Statewide Survey of Public Opinion

By JOE BELDEN,
Director, The Texas Poll

Coke Stevenson Willing To Run: O'Daniel Not So Definite About Race

AUSTIN, Texas, Sept. 17.—Should Coke Stevenson and W. Lee O'Daniel try a political come back in 1950?

Stevenson says he is willing to run for governor if there is enough public demand. O'Daniel isn't quite so definite, but recently he inspired reporters to speculate that he must be thinking about a political campaign. Why else, some are asking, would he be out mixing with the folks and letting it be known he needs some hillbilly musicians?

How great is the public demand today for these men?

O'Daniel—the folksy radio artist and bour salesman who rose to fame with the help of a hillbilly band. Twice elected governor of

Texas, twice to the U. S. Senate. Retired unbeaten in any election. Seven years—governor of Texas longer than anyone else in history. A self-educated lawyer and ranch man who stepped into the chief executive's office after many years of service as state representative, speaker of the House, lieutenant governor. A careful, conservative politician who earned the name of "calculatin' Coke". Aspired to be U. S. Senator, but lost by an 87-vote margin out of more than a million ballots cast.

To measure public demand for these men, Texas Poll reporters have just interviewed a cross section of adults in all parts of the state. Here are the results:

Today, less than two out of every ten voters would welcome O'Daniel back in politics. Stevenson seems to be more acceptable. Three out of every ten voters would like to see him run for some office.

The questions asked in this survey, and the answers given by qualified voters and all adults, are as follows:

"Do you think W. Lee O'Daniel should run for any public office

	Qualified Voters	All Voters
Yes, for Gov.....	8%	8%

It will be noted that the names of both men are most often associated with the governor's race. But some voters nominate them for U. S. Senate in 1950, even though as a matter of fact there is no scheduled race for that office next year. Others suggest miscellaneous minor offices, such as state representative, state senator, lieutenant-governor, and U. S. representative.

Coryell County League Play-Off Just Where It Started: The Four Teams Tied One-Up

Four baseball games meant exactly that much—nothing! They did get a lot of practice, but nothing was settled.

Thursday night, Gatesville and Evant played to see who's finally in the finals.

Saturday night, Purlmela and Coryell City do the same thing.

Then, next week, the winners of these games will play Tuesday, Thursday, and if necessary, Sunday afternoon.

Scores for the earlier games were: Gatesville 1, Evant 4; Gatesville 3, Evant 2; Coryell City 3, Purlmela 5; Coryell City 4, Purlmela 1 (a 13 inning ob').

Very briefly, here are the four games (time stopped us this Monday).

Evant 4, Gatesville 1

Gatesville scored in 2d, Cooper grounding to ss, steals 2d, and scores on Ivy's grounder to short, when he muxs. In 4th, June Clifton beats out a slow grounder, catcher; Longmire bunts, both safe 1st and 2nd. J. Inabnet grounds to p. J. Clifton out at 2nd; Longmire scores on Cooper's bad throw at third.

In 6th, Patterson grounds ss, throw slow; Henderson sleeps, p. throws thru him, Patterson to 2d and 3d when Jader makes wild pitch. Griffin hits ss who overthrows trying to cut Patterson. Griffin safe. Doggett singles to cf. J. Inabnet safe when Henderson muxs grounder; Griffin and Doggett score when Hardin throws 2d hits Jack Barton's glove, going to outfield.

Evant 4 hits, 4 runs 3 errors; Johnson, winning pitcher got 4 strikeouts, 1 hit batter, walked 1, made 1 wild pitch.

Gatesville 2 hits, 1 run, 7 errors. Jader Barton, losing pitcher got 16 strikeouts, gave 2 walks.

Purlmela 5, Coryell City 3

It was 0,0 until 5th, Kautzsch, Purlmela singles to cf, and is' safe on 2d oz steal; injured, Millsap runs, and makes 3d and scores on Richter's throw home.

In the 6th, Wright singles lf, takes 3d when Wright misses the pitch. Fore singles cf, makes 2nd on Richter's throw. Wright and Fore score on Millsap's smash to 1b, who muxs.

In the last of 6th, Landfried of Coryell City, grounds thru 2nd, steals 2nd. Gholke walks. Westerfield singles short to rf, makes 2nd and Gholke and Landfried score.

In last 7th Coryell City, Neuman singles, goes to 3r on steal. Strumpler bunts beautifully, Neuman scores from 3rd, Strumpler safe.

In 8th, Fore, Purlmela, beats out roller to 3rd; Millsap hits to 2b, drops, both safe, wild throw at 1b. Whatley hits to 1st, Millsap cnt at 2nd; Fore to 3rd, and scores on Edwards lick to 2nd, Edwards is out at 1st. Whatley crosses on Smiths single thru 2nd.

WHY THE MISSOURI PACIFIC RAILROAD STRIKE?

Over twenty years ago, the Congress of the United States passed the Railway Labor Act. It was hailed by union leaders as a model for the settlement of labor disputes.

efficiently or economically if the leaders of the unions ignore agreements or laws.

Provisions of the Law which are Disregarded

There are five ways under the Railway Labor Act to settle disputes over the meaning of contracts:

- 1—Decision by National Railroad Adjustment Board.
- 2—Decision by System Adjustment Board for the specific railroad.
- 3—Decision by arbitration.
- 4—Decision by neutral referee.
- 5—Decision by courts.

The Missouri Pacific Railroad has been and is entirely willing to have these disputes settled in accordance with the requirements of the Railway Labor Act. Regardless of this fact, the union leaders have shut down that railroad.

Innocent Bystanders Suffer Losses and Hardships

There are about 5,000 engineers, firemen, conductors and trainmen on the Missouri Pacific. They are known as "operating" employes, and are the most highly paid of all employes on the nation's railroads, but their strike action has resulted in the loss of work to 22,500 other employes of the Missouri Pacific. In addition, they have imposed great inconvenience and hardship upon the public and the communities served by that railroad.

The Railway Labor Act was designed to protect the public against just such interruptions of commerce.

If these men will not comply with the provisions of the law for the settlement of such disputes, then all thinking Americans must face the question, "What is the next step?"

THE LEADERS of the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen, Order of Railway Conductors, and the Brotherhood of Railroad Trainmen on the Missouri Pacific Railroad have refused to avail themselves of the peaceful means provided by this Act for settling their disputes. They insist that they be the sole umpire of their own disputes over the meaning of contracts

There is no Need for Strikes

With all of the available methods for the interpretation of contracts, there is no need for a strike or even a threat of a strike, but the leaders of these railroad unions have ignored the ordinary procedures established by law and insist upon imposing their own interpretations of their contracts by means of a strike.

The wheels have stopped rolling on the Missouri Pacific. They may stop rolling on other railroads at any time. Recently the Wabash Railroad was forced to discontinue operation for several days under similar circumstances.

What are These Strikes About?

These strikes and strike threats are not about wage rates or hours. They result from disputes over the meaning of existing contracts. They cover claims for a full day's pay for less than a day's work, or for payments for services performed by others who were fully paid for the work done.

President Truman's Board Condemns Strike

There is an established legal method for handling disputes involving existing written contracts—just as there is such a method of settling any contract dispute which you may have in your daily life.

The President of the United States appointed a Fact Finding Board to investigate and adjust the Missouri Pacific dispute. This Board reported, in part, as follows:

"... it is with a deep sense of regret that we are obliged to report the failure of our mission. It seems inconceivable to us that a coercive strike should occur on one of the nation's major transportation systems, with all of the losses and hardships that would follow, in view of the fact that the Railway Labor Act provides an orderly, efficient and complete remedy for the fair and just settlement of the matters in dispute. Grievances of the character here under discussion are so numerous and of such frequent occurrence on all railroads that the general adoption of the policy pursued by the organizations in this case would soon result in the complete nullification of the Railway Labor Act..."

Obviously the railroads cannot be run
