gatesville, Texas

• Been wondering?

• "What is the perfect woman? The fanciful recipe of the Hindu god who created woman is as follows: 'Take the lightness of the leaf and the glance of the fawn, the gaiety of the sun's rays and the tears of the mist; the inconstancy of the wind and the timidity of the hare; the vanity of the peacock, and the softness of the down on the throat of a swallow. Add the harshness of the diamond, the sweet flavor of the honey, the cruelty of the tiger, the warmth of fire and the chill of snow; the chatter of the jay and the cooing of the turtle dove. Malt and mingle these ingredients and woman is the result.'"

• Now, we know.

• "Socrates was a Greek philosopher who went around giving good advice. They killed him. Must not have been a lawyer or doctor; they sell theirs."

• Paste this in front of your car's driver's seat:
"THE MOTORISTS' PRAYER"
"Give me a steady hand and watchful eye,
That no man shall be hurt when I pass by.
Thou gavest life; I pray no act of mine
May take away or mar this gift of Thine.
Teach me to use my car for others' need
Nor ever miss, through any love of speed,
The beauties of Thy world—and thus I may
With joyous heart and courtesy go my way.—Anonymous."

• Wonder if anonymous is dead? That's good advice.

• If we keep on looking at this "Cheer" pamphlet we don't have to think a bit, which, you might say, is much better. Thanks.

• Writing a column Saturday for publication Tuesday is no joke, son. Just think, tho, what some columnists do—they write 'em for weeks ahead. We just don't see how they keep so interesting. We got 'columnitis'—we read many of them.

• Ought to be something local to talk about, like crickets. We think the UF should write the New York publicists of UF and tell them they don't have to manufacture 'Jimmy Crickets', that old Coryell County has enough to furnish every possible giver to the UF fund one each, and, here'd be no charge to the local United Funds. Maybe we could turn in these crickets for our donation.

• Another kind of philosophy:

GIVE ONCE!

United Fund

TUESDAY, OCTOBER 6, 1959

NUMBER 82

THE RAINS CAME

• Mrs. Jimmy Thompson, with an expression of disgust and dismay on her face, wades away from her home in Richland Hills section of

Fort Worth with a bureau drawer of valuable possessions atop her head. Water was two feet deep in her living room after cloudburst caused unusually heavy rains in the area. (AP Wirephoto)

CASE IN JP COURT, JURY REFUSED: APPEALED TO COUNTY COURT

• A case against John L. Snow, charged with passing in a passing zone has been appealed to County Court, after his attorney Harry W. Flentge was refused a jury in the Justice of the Peace Court. Snow was assessed a fine of \$1 plus costs which added up to \$16.50.

• Attorney Flentge says they CAN have a jury in JP court and officials say NO, and it is expected further suits will be filed regarding this.

• "An egg today is better than a hen tomorrow". In other words: "A bird in the hand is worth 2 in the bush", and you might go on from there.

• "The oldest plastic in the world is a love-stricken boy in the hands of a girl.—Cracklings."

• "A man is not necessarily a gentleman just because he prefers blonds—The Hart County News, Mundfordville, Ky."

• Thanks, "Cheer".

IN THE HOSPITAL . . .

(As of Saturday)

• Mrs. Paul Sawyer, John Culp, Ed Elms, Bill Bamberg, Mrs. Clinton Allison, Mrs. J. T. Liljedahl, Odis Penny, Mrs. Odis Pruitt, W. R. Sims, J. D. Brumbalow, S. L. Parr, C. M. Bates, Mrs. Jim Powell, Mr. Jim Powell, D. F. McCallister,

69

(As of Saturday)

• Baby girl born Oct. 2 at 4:06 p.m., to X Clinton Allison, 1108 N. 3rd, McGregor.

Flood Waters In All Of Coryell County: Big Loss

RAIN TOTALS 6.04, BUT RAIN OVER COUNTY GOES UP TO 11 OR MORE INCHES

• We had it! WATER!
Four men, Sandy Woodley, Nathan Cooper, F. L. Brown and Walter Schaub nearly 'had it' when moving 12 horses that had been trapped at Fauntleoy's Crossing, about 12:30 p.m. Sunday.

• They were in a boat, roping the horses and had led 2 to safety, and had a 3rd when the boat overturned in the swift water. Brown swam 50 yards across the river to get help, the others climbed onto a tree. Ft. Hood sent a 5-man rescue squad to the scene by helicopter, and they strung ropes from tree to tree to reach the banks of the Leon river. They were rescued about 4:30 p.m., and Schaub was taken to the hospital. The river measured 34 feet at 4 p.m. Flood stage is 25 feet, and it was falling slowly by 5 p.m.

• At Levita, the old Plum Creek was washed into Mike Kitchens field, and La Vern Timmons car stalled trying to cross a creek; he went for help, and when he returned the car was washed away. Another car in the same vicinity

was reported washed off.

• Old timers said the river reached its highest point since 1908.

• All creeks in the Gatesville area were out of their banks. Nine houses in Gatesville along the Leon were evacuated from 8 to 11 a.m.

• At Hamilton, the Leon and Cowhouse were out of their banks. Two sheriff's department cars were washed off the road 2 miles from Evant, and had 2 prisoners from Hale County, headed for Huntsville and one to Gatesville. They were washed about 300 yards, but were uninjured and the prisoners were 'stored' in Coryell County Jail Sunday night.

• Raymond Esteem Kunkel, 21, of Ft. Worth drowned early Sunday in Twa-Mile Creek about 3 miles south of Hamilton on FM 982, when he drove onto a water covered bridge, and ran into a hole. The car was found by a passing motorist about 1 a.m. Sunday, on the bridge with the lights on. His body was found about 6:30 a.m., 300 yards from the bridge. Evidently, he'd stepped into the hole, or off the bridge, and had washed away.

Dentist Trade Gets Restrictions

Texas dentists must now write prescriptions for all work performed for them by dental laboratories. All members of the healing arts profession; physicians, dentists, etc., have long been

required to write prescriptions for drugs, but the dentist now must sign orders for dental plates and other types of appliances which he will fit in his patient's mouth.

The Texas Legislature also wrote in the same bill a provision prohibiting the dental technician and laboratory from dealing directly with the public.

Oct. 4-10 Employ Handicapped Week

Oct. 4-10 has been designated Employ the Physically Handicapped Week in Waco in a proclamation by Waco Mayor Madison Clement. This is in line with the President's proclamation setting those dates for national observance.

"It is imperative," Mayor Clements proclamation states, "that a greater effort be made in the

utilization of the abilities of Waco's physically handicapped persons."

The mayor's proclamation urges all citizens to observe this week by realizing and stressing the need for employing and utilizing the services of the physically handicapped citizens.

WHEN IS TIME FOR YOUR CHILD TO START RIDING BIKE

Sooner or later, almost all par-

ents are faced with the question: At what age should I let my child start riding a bicycle to school?

The answer, of course, will depend on the individual child. Those who are exceptionally intelligent and well coordinated will be able to start using a bicycle for school transportation at an earlier period than those who fall in the "average" group. The trick, here, is for the parent to be objective enough to recognize their own youngster's capabilities.

The citizens of Wharton, La., changed the name of their town to Covington in 1816 after a political rally at which generous portions of Covington (Ky.), whiskey were served.

OBITUARY

MRS. EULA LEE BRASHER

Mrs. Eula Lee Brasher, 70, died Oct. 1 at 11:30 p. m., at Coryell Memorial Hospital. Her home was at 1409 Saunders.

She was born Oct. 7, 1888 in McGregor and her father was H. M. Baker and her mother was the former Miss Mamie Cavitt. She was married to C. C. Basham, December 4, 1910. She lived in Turnersville Community for 45 years and moved to Gatesville about a year ago, and was a member of the Presbyterian Church.

Services were held Oct. 3 at

2 p. m., at Turnersville Presbyterian Church with Rec. E. O. Harrell Jr., conducting the services and interment was in Turnersville Cemetery.

Surviving are her husband, C. C. Basham, Gatesville; 3 daughters, Mrs. J. B. Maxwell and Mrs. S. L. Pruitt, both of Gatesville; Mrs. H. L. Armes, Ft. Worth; 9 grandchildren; 3 sisters, Mrs. Will Leeth, Hico; Mrs. Arlene Dixon, McGregor and Mrs. Stella Hill, Pt. Aransas.

FRED WITTMAN

Fred Wittman, 63 of 970 Althea Drive, Houston, died Friday morning in Houston.

He was married to Miss Lois

Hudson of McGregor after W.W. I., and was a brother-in-law of Cyril Hudson of Gatesville.

Services were held at 4 p. m. Saturday at Lee's Funeral Chapel in McGregor, Rev. Clifford Herrington officiating and burial was in McGregor Cemetery.

Surviving are his wife; a son, Fred Wittman Jr., San Francisco; 3 brothers, William Wittman, Waco; Marion Wittman, Dennison; and Hollis Wittman, Dallas; 2 sisters, Mrs. S. A. Storey, Houston, and Mrs. Claude Smith Dallas.

MISS BOBBIE ETCHISON

Miss Bobbie Etchison, 47, died Sept. 30 at 4 a. m., at Big Spring. She was born October 28, 1911 at Osage, and was the daughter of R. D. Etchison and the former Miss Alma Byrd.

Services were held October 1, 1 at 3 p. m., at funeral home with Rev. A. Loper conducting the services and interment was in Osage Cemetery.

Surviving are her father, R. D. Etchison, Gatesville; 6 brothers, Hillie, Osage; Carl and Ralph, Gatesville; Waymon and Steve, Big Spring; and one brother in Riverside, Calif; 3 sisters, Mrs. J. B. Edwards and Mrs. Gordon Graham, Gatesville and

THE BIG CHANGE

IS TO AN

ELECTRIC RANGE!

because...

IT'S CLEAN — Electric heat is as clean as electric light. There are no flames to produce soot. Utensils, walls and curtains stay new-looking with less washing and care.

IT'S COOL — The oven is insulated on all six sides to keep heat inside. Surface units transfer heat by direct contact. They heat the utensils, not the kitchen air.

IT'S FAST — Surface units start heating instantly, reach full heat in seconds. The fully insulated oven preheats rapidly. And this fast heat is accurate!

IT'S ECONOMICAL — Most surface cooking, at low heat settings, uses electricity thriftily. Oven heating elements operate less than half the cooking time.

IT'S AUTOMATIC — The clock-controlled electric oven cooks complete meals unattended. Automatic surface units prevent boil-overs and burned foods.

IT'S MODERN — An electric range is engineered for maximum convenience, designed for sleek, modern beauty. It's the truly modern way to cook.

SEE YOUR LOCAL ELECTRIC RANGE DEALER

See the new electric ranges and learn first hand how an electric range can help you Live Better . . . Electrically!

Hornets 'Intergrated' By Kangaroos 20 To 0 In Bang-Up Game Here

HORNETS MEET ROOS WITH WASHINGTON CROSSING THE DELAWARE ANDERSON, TOO

Two negro backs, Willie Washington, half back and Oscar Anderson sunk Gatesville Hornets in an 'integrated' football game at Holmes Stadium Friday evening with the Killeen Kangaroos, 20-0.

Killeen, next time, leave the Negro boys home!

Offensively, they were the big guns for the 'Roos who scored quickly twice in the first period, and followed with another in the 2nd, to close the scoring for the evening. Anderson carried 23 times for 100 yards and Washington 14 times for 94.

The 'Roos Lewis Warren kicked to Gatesville starting the game and the Hornets promptly picked up 2 first downs and went to the Gatesville 46 before quarterback Joe Carothers fumbled and agby recovered on the 50.

A Tommy Buckley pass for 15 yards to Willie Washington on the Gatesville 30 started for the 'Roos, and Washington carried 9 for a 1st on the 15.

On a third and 9 situation, Buckley passed to left halfback Thayne McKnight to set the score up. Oscar Anderson hit right tackle for the TD on the right tackle for the TD and the

pass for te extra failed.

In the 2nd scoring, Anderson returned to the Killeen 47. Washington went thru tackle for 41 and a 1st on the 8. Washington again hit left, this time for a TD from the 16, following a penalty, and Anderson ran the extra for a 14-0 'Roo lead.

In the 2nd quarter, Anderson set up the score when he cut inside left end for 15 and a first down on hte 3. A quarterback sneak failed before Anderson cut inside right end to pay dirt and an incomplete pas for the extra ended the scoring for the evening, 20-0.

Since they couldn't go thru the immense 'Roo line, the Hornets went to the terminals and drove to the Killeen 2 just before the half, but time ended that.

Two more opportunities, two 'Roo fumbles early in the third gave the Hornets opportunities, but they didn't use them, due to the fierce play of Tommy Bagby and Ray Ragland, John Mikles, end, guard, and linebacker respectively.

Fullback Bob Edwards starred for the Hornets, especially with his punting, booting one for 59 yards.

The Hornets, never quitting, but meeting a better club came back in hte 2nd, and Jackie Dixon, Buddy Mitchell and Byron McClellan pushed to the 32, when Mickles recovered a Carothers fumble on the 32, and a Washington fumble again put the 'roos in trouble, Gatesville recovering on the Killeen 22, but the Maroon line held, and Warren broke thru and stopped Carothers on a 4th and 8 situation on the 'Roo 20.

For the Hornet linemen, Jerry Dyson, Big Jim Gooch, Roger Huckabee, Duane Lee, Joe Barton, and Davd Anderson, showed well with their hands as full as they were.

Statistics: 1st downs (Killeen first) 19-9; net yards pushing 274-75, net yards passing 36-28, passes attempted 12-18; passes completed 3-6; intercepted by 0-1; penalties 8 for 53, 3 for 21; Punts 4 for 20, 5 for 40; fumbles lost 4-3.

SNOOKS SHEPHERD ON LAST MONDAY'S PRO-AM WINNING TEAM HERE

C. C. (Snooks) Shepherd is the only Gatesville player to pro-

Copperas Cove Bulldogs Stop Chilton Pirates 42-2

Copperas Cove's Bulldogs stopped Chilton Pirates Friday night 42-2 a tCopperas Cove.

Mike Harman, halfback scored first for the Bulldogs, going 4 yards for a TD on an off tackle play. Paul, wing back ran the extra.

James Fritz, Bulldog fullback ran 20 yards for the 2nd TD Tally and Douglas Goff, end ran the 2 extra.

Later, Paul ran around left end for 40 yards for another, and the PAT was bad.

Unusual play was when Wayne Hummer, QB for the Bulldogs, intercepted a Chilton lateral and ran 40 yards, and the PAT was bad.

In the 3rd, Hummer ran 4 for a TD, and Harmon ran the extra 2.

The Priates made their only counter in the 3rd in a safety. Closing, Harmon in the 4th ran 5 around right end and the PAT was bad.

J. Leach, and W. Lewallen were Chilton's defensive standouts.

"Bs" WIN ONE, DROP ONE: BEAT HILLSBORO 18-0, DROP TO WACO CATHOLIC

GHS "Bs" won one from Hillsboro junior Eagles 18-0, and had the ball on the 1 when they lost the ball. Two TD's were called back, and the Hornets recovered back of the Hillsboro goal for one TD. This is all hearsay. Nothing in any papers about it.

In other game in Gatesville Tuesday night, the Waco Catholics eeked out a close 22-20 win over the "Bs." Sammy Petty showed up and was followed by David Le Bell who scored one, and leaving the game in the middle of the 3rd, we missed the last tally.

On Catholic High's lineup was young Jim Rushing who was well thought of as a Junior High girder.

and Tommy Fonseca of Bryan was medalist with 72, par.

Others players were oJe Skelton, Byron McClellan, Spencer Thompson, R. G. Davidson, W. C. Bradley, and others.

Foundation acquired the worn-out blackland farm as a soil conservation demonstration unit.
As reported by soil and water, the publication of the Association of Texas Soil Conservation Districts, this demonstration land-lord-tenant arrangement is now in its sixth year. It has turned out to be the means of keeping the pilkinton family profitably on the land, where they feel they belong, and has pointed the way to others toward a practical application of a farming system especially drawn up to fit the particular needs of limited, eroded acreage.

One of the major objectives of the demonstration farm has been to show that a progressive land-lord-tenant agreement can develop a complete soil and water conservation program which will pay its own way. Even though the operation was initiated in one of the worst possible weather

just as one of the longest of the long dry spells was getting well under way—it has never failed to show an attractive profit.

During the extremely difficult four-year period from 1954 to 1958, the farm has shown an average gross annual income of \$12,859.82. In 1958, when the weather situation combined with the previous four-year development program to give the operation its first really favorable season, the gross income rose to \$16,155.05. Indications are that '59 will turn out even better.

What Compells a Man?

*"And he said to them all, If any man will come after me, let him deny himself, and take up his cross daily, and follow me."
 St. Luke 9:23*

THIS is one of the most compelling statements Jesus ever made: His invitation to everyone to follow Him. Hundreds of them did as He asked—they followed Him even when it meant discarding worldly possessions, loved ones, and hardships one can not imagine today.

What is more amazing, however, is that this call is literally being answered in our modern world. An article in a national magazine recently told the story of hundreds of men—successful lawyers, doctors, engineers, accountants and even policemen who have abandoned well-paying jobs to become ministers at ages ranging from 40 to 65, when most men are settled into a routine or preparing for retirement.

What compels a man who is successful to give these things up for the daily task of an underpaid ministry?

This is one of God's mysteries, but it is evident that the lessons of the Bible are still being enacted in our modern world.

NOISE
'Unwanted Sound'

Noise has been described as unwanted sound. In other words, noise is generally unpleasant—while sound (music, children's laughter) is pleasant. However, noise can also be dangerous.

It has been estimated that there are approximately one million people in the US who have hearing losses incurred as a result of high noise in their place of employment.

Research indicates 20 to 30 per cent of adult employees suffer a significant hearing loss. Many of these hearing defects are not readily detectable in a verbal interview.

If a person is to be exposed to certain levels of noise regularly, safeguards must be taken.

For instance, if a worker is exposed day after day to noise, falling between the 300 to 1200 cycle bands, with a sound level of 85 decibels then noise, level control and periodic tests of hearing loss should be maintained.

The more the octave band levels exceed 85 decibels, the more urgent is the need for a hearing conservation program. Each rise of three decibels means the sound level has doubled.

Eighty-five decibels of sound is the noise comparable to riding inside a sedan with the windows open in city traffic.

Any business which uses machines or maintains large staffs can possibly be exceeding this level with resultant hearing loss among employees.

Means to correct noisy conditions are practical and usually inexpensive.

Business managers can contact either a commercial sound specialist or the Division of Occupational Health of the Texas Dept. of Health for advice.

Health Dept. engineers can measure the intensity of sound, amplitude of vibrations and separate the sound into octave bands and determine the exact level in each octave band.

Occupational health engineers can then recommend proper steps to correct dangerous noise situations.

Corrective measures include insulation and/or isolation of the noise and personal protection (ear plugs).

(This is a weekly feature of Public Health Education, Division, Texas State Dept. of Health.)

Tomecks Acquire Lampasas Ranch

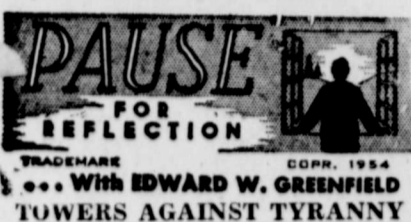

Wm. J. Tomecek and Son have just purchased another small ranch in Lampasas county, and William Tomecek, Jr., is moving there this week.

The Tomecks recently sold their Rambler dealership in Temple to devote the majority of their time to ranching interests. William Tomecek Jr. has been operating a 1,000 acre cattle ranch, specializing in registered Hereford cattle, 10 miles out of Lampasas. The new ranch is located just adjacent to the city of Lampasas. The Tomecks also

Coryell County News, Gatesville, TEXAS, OCTOBER, 1959

own small ranches in Bell and Bandera counties.

Those 309 Blackland acres in Collin County may point the way toward proving to many another Texas family that successful farming is still not entirely a big business proposition.

PAUSE FOR REFLECTION

... With EDWARD W. GREENFIELD

TOWERS AGAINST TYRANNY

It is not difficult to believe that Mr. Khurshchev has encountered many things in America to whet his appetite. Rather than bury us, he would much prefer to embrace, or perhaps the word is "devour."

But as much as he could relish the fabulous fruits of our freedom, there is one feature he could not gracefully swallow. Wherever he is king, he could not tolerate our presumption to talk back and tell him what we think.

There is a brashness about Americans that is not always attractive. We are used to speaking our minds out; we often sound off halfcocked with impertinence. We're not the kind who readily consent to having our opinions stifled.

Our boldness may in many ways make us difficult to live with, even among ourselves. No doubt we could profit from more of the graces of love and humility.

Yet that audacity of temper and independence of mind are among the glories of a free people. They are both a fruit and condition of freedom. To the de-

Look At The Label, Mabel!

BETTER MEALS BUILD BETTER FAMILIES

Yes, I keep up with Financial Matters in My Newspaper!

When I don't understand, or need more information it's the Guaranty I can depend on them, too!!!!

This young householder is 'going places' both financially and otherwise, and, soon she'll have a savings account at the.....

Guaranty Trust Co.

FIRE LOSSES RISE...

Estimated fire losses in the United States during July amounted to \$82,334,000, the National Board of Fire Underwriters has reported.

According to Lewis A. Vincent, NBFU's general manager, this \$82,334,000 loss represents an increase of 1.9 per cent over losses of \$80,782,000 reported for July, 1958, and an increase of 5.7 per cent over losses of \$77,867,000 for June, 1959. Losses for the first seven months of 1959 now total \$643,200,000, a decrease of 2.8 per cent from the first seven months of 1958, when they amounted to \$662,017,000.

These estimated losses include an allowance for un-insured and unreported losses. —FACTS and TRENDS.

FIRE PRE-

VENTION WEEK

Fire Prevention Week October 4--10

The National Fire Protection Association and the National Board of Fire Underwriters both urge you to check ALL possible fire hazards, and keep your home premises clean. Fires cost YOU in fire losses, and determine insurance rates.

A fire costs EVERYBODY!!!
