## Connally Proclaims Cancer Control Month

GOVERNOR JOHN CONNALLY presents the April "Cancer Control Month" proclamation to the President of the Texas Division of the American Cancer Society, Dr. Robert V. Walker of Dallas. Mr. and Mrs. Jack Pardee of Bryan, Texas, were also present for the ceremonies. Jack Pardee, Los Angeles Rams all pro linebacker, represents one of the 1,500,000 Americans who have won a battle against cancer. Mrs. Pardee, daughter of Mr. and Mrs. Verne Perryman of Pidoce is an officer in the Brazos County Unit and is the first Lifetime Pledge of the American Cancer Society.

## New City Officials To Assume Duties

The Gatesville City Council will change hands at tonight's regular monthly meeting. Retiring mayor, Wendell Lowrey will be in charge of the meeting.

The council will hear a report on last Monday's city election and make an official acceptance of the vote totals. The council will attend to old business, before the swearing in ceremonies of the new council members and new mayor, by Mayor Lowrey.

No information as to topics of discussion were available Monday morning, however, reports from the street committee and parks and recreation committee will probably be heard.

New pipe lines from Bridge Street and 23rd intersection to the intersection of Lovers Lane and Golf Course road will probably receive some discussion. Pipes for the new water line is on order and construction probably will begin soon after the pipe is received.

The City - County airport construction of a small terminal building will probably receive some of the council's time and attention.

The new structure will be a step toward making the airport a possible stop for commercial traffic from Ft. Hood and make possible connecting passenger service with major airlines.

## Hornettes Host Track Meet

The Gatesville Hornette track squad will host a 14-team field, Thursday at McKamie Stadium. The activities will begin at 1:30 with the preliminaries and finals of all field events.

The running events will begin with preliminaries at 2:30 with the finals to take place at 7:30 p.m.

Teams expected to be on hand for Thursday's meet are Robinson, Evans, Jonesboro, Gatesville, Hamilton, Corsicana, Rockdale, Comanche, Midway, Dawson and others.

The Hornette squad, coached by Gerald Poe, will be a top contender for the team championship.

The local girls took top honors at the recent Comanche Maiden Relays.

Tickets are available for the events. Student tickets are 25¢ for each performance.

## Troop Sponsors Political Rally

The Girl Scout Troop of Flat, Texas, is sponsoring a political rally, Friday, April 19, at 7:30 p.m. in the community center at Flat. All candidates are expected to be present and music will be furnished between each speaker.

## Jaycees To Hold First Meeting Of Year

## Bethel Methodist to Hold Easter Revival

Easter Revival will be held at the Bethel Methodist Church, beginning Thursday night at 7:30 with Pastor J.D. Walsh delivering the sermon. Friday night, Saturday night and Sunday morning services will be held by Rev. Wayland Bratton. Night services will begin at 7:30 and Sunday morning service will begin at 10:45.

There will be an Old Time Singing at the Bethel Methodist Church on April 16, at 7:30 p.m. with Benny Franklin in charge.

The public is extended a cordial welcome to attend all of these services.

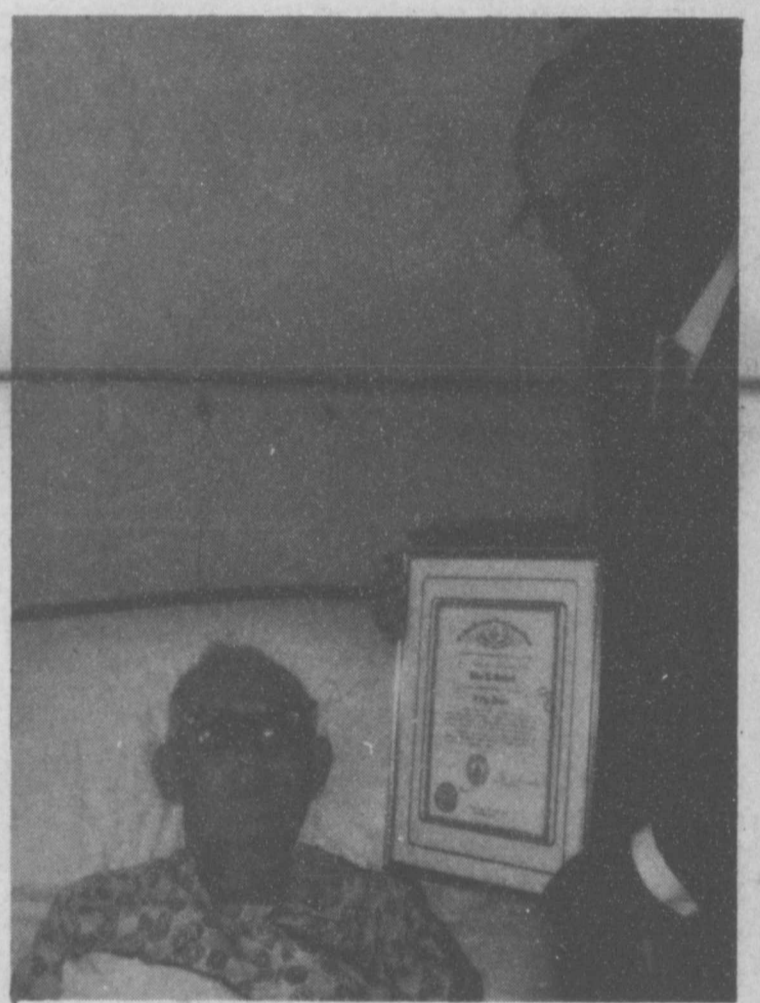

Stella Fry Fechner of Houston lost control of her 1965 Chevrolet Saturday at approximately 5:30 p.m. on Highway 84, west of Gatesville, 1.2 miles. Mrs. Fechner was taken to Coryell Memorial Hospital with head and arm injuries.

## Two Wrecks Reported Over Week-end

Saturday, April 6, at 5:30 p.m., 1.2 miles West of Gatesville, on U.S. 84, a 1965 Chevrolet driven by Stella Fry Fechner of Houston, was headed West on 84 and apparently fell asleep, and lost control of the vehicle and went into the North bar ditch and struck a concrete culvert. Mrs. Fechner sustained head injuries and lacerations of the face, a broken nose, broken arm and did approximately \$600 damage to the vehicle, according to investigating patrolman, Wallace Plentl.

Saturday, April 6, at 10:55 p.m., one-half mile East of Gatesville, on U.S. 84, a 1962 Ford driven by Vernie Jo Crawford of Gatesville was headed East on 84 and attempted a left turn into the VFW Hall and collided with a 1966 Chevrolet pickup driven by Bennie Keith Bankhead of Gatesville, who was headed West on 84. There were no injuries and approximately \$200 damage to the Ford and approximately \$250 damage to the Chevrolet. Investigating officer was State Highway Patrolman, Wallace Plentl.

Mr. J.H. Gordon, formerly of Slaton, Texas and presently living at the Rotunda Retirement and Convalescent Facility, received an award for 50 years service in the Slaton Masonic Lodge 1094.

The award was presented to Mr. Gordon by Mr. Sam Wilson, Deputy District Grand Master of the 93rd Masonic District.

Mr. Gordon's daughter, Mrs. I.T. Petsick lives at 111 Oak Lane, Gatesville. Many representatives of the 1094 Lodge and friends were present for the presentation.

## Peace Corps Tests to be Given

Coryell County area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement Test at 1:30 p.m. on Saturday, April 20 at Waco, Texas.

The Peace Corps uses the Placement Test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. The test requires no preparation and is non-competitive; an applicant can neither pass nor fail.

Persons interested in serving with the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before the test. Application forms are available from post offices or from the Peace Corps in Washington, D.C. 20525.

Twelve thousand volunteers are currently serving in Asia, Africa, Latin America and the Pacific Islands, working with the people of those nations in self-help projects ranging from agriculture and nutrition to auto mechanics, education and health. Many volunteers are needed for programs which will begin this spring and summer.

## Cole And Reeve Win In District

... FLIER

Bobby Cole flies into regional with a 20'8" broad jump in Friday's district meet. San Marcos took top honors at the meet and should be favored at the regional meet and a good prospect to take state.

The Gatesville Hornet track team ran into strong competition from San Marcos in the District 13AAA Championship last Friday at Taylor.

The Hornets qualified two athletes for the regional meet to be held soon. Bobby Cole flew into the regional meet with a 20'8" broad jump, good for second place.

Mark Reeves hurled his way into regional with his 139'6" discus throw, good for second. (For what it's worth, the NEWS was in Taylor and the first person we saw in a sweat suit and "grin", Mark).

It was a heartbreaking day for the Hornet relay squads with some bad hand offs, costing the team a chance at second place.

Another heartbreaker was in the extremely tight 100 yard dash. Raymond Cole ran a 10 flat hundred, same as the event winner and finished sixth. All of the top six finishers had identical times.

## Miss Yows Receives Guard Scholarship Grant

Miss Sue Yows

A high school girl from Brookshire, a co-ed from Southwest Texas State College from Gatesville and a guardsman from Abilene received the highest scholarship grants from the National Guard Association of Texas, it was announced Saturday night.

First place winners of scholarships in three categories were Chandra Johnson, a high school senior from Brookshire, who is the daughter of Sgt. and Mrs. George S. Johnson; Sue Ann Yows, a physical education student at SWTSC in San Marcos and daughter of Lt. Col and Mrs. James T. Yows, Gatesville; and SSG Gary R. Hill, Abilene, a student in the Stenograph Institute of Texas in Abilene, and a member of the Guard since 1964.

Announcement of scholarship winners was made during the 9th Annual Conference of the National Guard Association in progress here through Sunday.

The first two were presented checks for \$500 and Sgt. Hill was awarded \$200 to pursue his vocational studies.

**DON'T MISS . . .** You, don't miss the Miss Gatesville Pageant, April 20! This year's pageant should prove to be the best ever! With such personalities as Miss Fort Worth and Miss Baylor University, the entertainment should be the finest and with the high degree of competition between the talented beauties. The evening should prove to be one not soon to be forgotten.

**TOUR DOGWOOD TRAILS . . .** Mrs. O.C. Fox and Mrs. J.D. Walsh, Jr. of Gatesville, spent a pleasant day Monday, touring the beautiful Dogwood Travel Trails of East Texas. The pair left early Monday morning and spent the entire day enjoying the exquisite beauty that only Mother Nature can unfold.

### Geraniums Excellent - Durable

Geraniums are excellent plants for mass effects in the landscape. They may be planted any time after the night temperature remains above 50 degrees Fahrenheit, says E.E. Jaane, Extension landscape horticulturist at Texas A & M University.

Geraniums are easily grown and will tolerate a wide range of conditions providing sound, healthy plants are obtained, Jaane adds. Plants of the new All-America seed selections should be available in the nursery and garden center outlets at this time. Plants grown from seed will usually provide a source of disease-free plants for the garden. These All-America Seed selections include the following varieties, Care-free Bright Pink, Care-free Deep Salmon and Care-free Deep Scarlet.

Any good, well-drained soil with several inches of coarse

peat moss spaded into the top six inches should produce good geraniums, advises the horticulturist. Two to three pounds of complete fertilizer per 100 square feet, such as 8-8-8 or 12-12-12, should be incorporated into the soil with the peat moss, he adds.

Even though the plants are small when set, be sure to allow ample space for their growth and development. A minimum of 15 inches should be allowed between plants. If the plants are watered and fertilized at regular intervals, they will soon provide a solid blanket of green foliage topped with attractive flowers over the entire bed. Although it is often advocated, pinching the top out of geranium plants is not necessary if ample space is provided. It is only crowded plants that produce the tall, leggy growth, reminds Jaane.

**ENJOY SPRING SCENERY . . .** Mrs. Frank Battle, Mrs. Gladys Saunders and Mrs. Fred Mayberry enjoyed a beautiful spring weekend with sunshine and flowers everywhere. The group traveled to Elkhart, Texas, where they visited Mrs. Eugene Tucker. While there, the Gatesville women traveled the Davey Dogwood Trails, near Palestine and the beautiful Azalea trail through East Texas to Tyler. It's good to hear the citizens of Gatesville are taking advantage of the beauties that only springtime can reveal. Let's see more of you enjoying the great out-of-doors.

### Wilhelms Attend Honor Convocation

#### At U T

Mr. and Mrs. Herschel Wilhelm and daughters and Mr. and Mrs. Henry Wilhelm of Jonesboro, attended the Honors Convocation at the University of Texas in Austin, Saturday, March 30. Their son and grandson, John Wilhelm, who is a sophomore student in the College of Arts and Sciences, has been placed on the Honor List of 1968 by University officials.

John is also a member of the cast of a German play, performed in German, the first presen-

tation was Friday March 29, in Huntsville. On April 5, it was presented at a convention of the Texas Association of German Students at Sam Houston State College. On April 19th and 20th, it will be presented at the University of Texas in Batts Auditorium at 8 p.m. and on April 25th at Texas Lutheran College in Seguin and again May 4th at the Theater Barn of the Winedale Inn Properties of the University of Texas, in Fayette County.

Although the play, "Der Zerbrochene Krug" ("The Broken Jug"), a one-act comedy by Heinrich von Kleist, will be more meaningful to audiences who understand German, it can also be followed with enjoyment by non-German speakers. A synopsis of the action, in English, is provided by Professor Michael.

The annual German play by University students provides funds for an annual scholarship for a deserving undergraduate majoring in German.

## Some Varieties Of Range Grasses Can Survive Flooding

Bermudagrass, buffalograss, vine - mesquite and knotgrass can survive more than 20 days of flooding, according to a United States Department of Agriculture agricultural engineer, E.D. Rhoades, working at the Oklahoma Agricultural Experiment Station at Chickasha, said these flood-tolerant varieties are suitable for planting in detention reservoirs.

Hundreds of retention dams have been built on upstream tributaries of United States rivers in recent years, and the acreage flooded at times is considerable.

These reservoirs store excess runoff water during flood seasons; at other times they are used for grazing livestock. B. J. Ragsdale, Extension range specialist, said the engineer built six impoundment basins that simulated field conditions. Grasses in basins were established and flooded with water from five to 20 days at depths up to six feet.

Tests were run in early spring, midspring and late spring to correspond to normal flood seasons, Ragsdale said.

Varieties which survived up to 20 days of flooding were Kanlow switchgrass, lowland switchgrass, Reed canarygrass, prairie cordgrass, and Florida paspalum.

Caddo switchgrass, upland switchgrass, western wheatgrass, rice cutgrass and smooth seedpaspalum survived 15 days of flooding while big bluestem and sand bluestem, Virginia wildrye and beaked panicum survived for 10 days. Varieties that survived up to five days of flooding were

eastern gamagrass, alkali sacaton, Elkan bluestem, KR bluestem, weeping lovegrass, Kentucky fescue, Indiangrass, smooth brome, and knotroot bristlegass.

## R.E.A. Old Friend Of The Farmer

Dim, flickering and smelly oil lamps were the only source of light in all but a handful of farm and ranch homes when the Rural Electrification Administration was established as a lending agency of the U.S. Department of Agriculture in 1935. Farmers and other rural residents needed electric power, but they had no way of getting it because of distance and prohibitive costs. When the rural electrification program offered a solution through low-interest loans and advice on how to master technicalities in constructing and operating electric systems, response was immediate and widespread.

From this grassroots movement emerged the electric cooperative --- a service organization created, owned and operated by the people it serves. As a group, electric cooperatives have received about 93 percent of almost \$5 billion in electrification loans made by REA and, as a result, have been largely responsible for the extension of electric service into the rural areas of the nation.

search Center, Chickasha, Oklahoma. Ragsdale added that since many retention dams have been constructed in Texas, landowners who have such on their property or have land subject to flooding should consider establishing stands of the flood-tolerant grasses.

For the betterment of themselves, their communities and nation through cooperation with the Rural Electrification Administration.

## Late Planting Of Grain Sorghum May Cause Problem

Planting grain sorghum and corn this late in the season may present problems to many Central Texas producers who have been hampered by the wet, cool weather, says John Box, Extension soil management specialist at Texas A & M University. Although many producers have had little chance to prepare their land for planting, there is still time to do the job correctly without disturbing the soil too much, says Box.

Care should be taken not to overwork the soil and possibly lose necessary moisture which may lead to problems in getting a good stand. A minimum of tillage should be the rule in readying the land for planting, he adds.

A regular medium-late maturing variety should be planted at a rate of six to eight pounds of seed per acre. The seed should be planted when the temperature reaches 60 degrees or more when taken about eight inches deep at 7 or 8 in the morning. With the weather in the Central Texas area as it is, the seed planted now should produce a good stand in five to seven days, says the specialist.

If a fertilizer has not already been applied to the soil, it can be added later. From the time the plants emerge until they reach 10 to 14 days old, a complete fertilizer can be chiseled into the soil about 10 inches from the young plants. If it is not possible to get into the field for three or four weeks after emergence, then nitrogen should be sidedressed instead of a complete fertilizer. The nitrogen should be chiseled about 20 inches from the plants and about four to six inches deep.

If weeds become a problem in the growing plants, it may be best to use a rotary hoe, depending on the individual situation, says Box.

## County Agent Report

The Coryell County 4-H and FFA Commercial Lamb Feeders sold 65 lambs, Saturday, March 30 at the local auction. Mr. A.D. Gartman, a local sheep buyer, graded the lambs at the auction ring. The lambs were graded prime, choice and feeder.

The 4-H and FFA members received ribbons on their lambs furnished by the Gatesville Chamber of Commerce.

Gary and Kathy Keeton, of Pearl 4-H fed ten lambs all grading prime. Ronnie Hampton of Pearl 4-H fed ten lambs, all ten graded prime choice. Ronnie's lambs brought the highest price of the group sold, Hampton's lambs brought \$26 a hundred.

Randy Mariott of Pearl 4-H three lambs graded prime and two choice. Randy Mariott is a Pearl 4-H Club member.

Paul and Jimmy Franks sold twenty lambs, had five lambs graded prime, eight choice and seven feeders. Paul and Jimmy Franks are Gatesville 4-H Club members.

## A.S.C.S. NEWSLETTER

Incentive payments under the National Wool Act were mailed to wool and mohair producers on April 1 by the Coryell County ASCS Office. Four hundred ninety - four checks, totaling \$125,123.66 were mailed to producers who had filed applications on their 1967 sales of wool and unshorn lambs. The wool payments were based on 65.8% of the net proceeds from the wool. Unshorn lamb payments were based on \$1.05 per cwt.

Three hundred fifty - eight checks were mailed to mohair producers. These payments totaled \$198,799.35. Mohair payments were computed at 86.8% of the net proceeds from the sale of the mohair.

As authorized by a referendum of wool and mohair growers, a promotion fund deduction of 1.5% per pound was made from wool and mohair payments and 7.5¢ per cwt. on unshorn lambs.

Producers may file applications on their 1968 sales of wool, unshorn lambs, and mohair from the date of sale through January 31, 1969.

Today, more than 96 percent of all U.S. farms have central-station electric service. In Texas, 96.8 percent of the rural residents are serviced efficiently and economically by 77 REA-financed electric distribution cooperatives and other suppliers.

Farmer-owned cooperatives have proved themselves equal to the challenge of servicing neglected rural areas and making it pay. They have wisely invested the REA funds entrusted to them and are paying off their loans faster than they become due.

Texas farmers, ranchmen, country schools, hospitals and small businessmen have at their fingertips the electric energy they need for a better life, increased productivity and opportunity for economic advancement.

In 1949, success of the rural electrification program prompted congressional authorization for REA to make loans to improve and extend telephone service in rural areas. Under this newer program, modern telephone service is becoming a reality for more than 1.2 million American farm and rural families.

Electric power and adequate means of communication are growth and stability. Both are being provided by local people

# MID-TEX TRACK MEET HELD SAT.

## ... HURDLERS

Gatesville's 120 yard hurdle representative, Mike Williams shows his fine form as he clears the first hurdle on his way to a second place finish in the finals with a 14.8 second run.

## ... DASHERS

Billy Merritt, lane five from the left and Ronald Brown, lane seven, placed 5th and 6th respectively in the finish in one of the closest races of the Mid-Texas District meet, Saturday. The top six boys only had 1/2 second difference between them. Time was 11.0, 11.1, 11.3, 11.3, Merritt, 11.4 and Brown 11.5.

The Mid-Texas Junior High School Track meet was held Saturday at McKamie Stadium.

Teams from 11 area Junior High Schools and 9th graders participated in the meet.

Competition was held in three grade classes, 7th, 8th and 9th. The Hornet squads placed well up in the team competition with the 7th grade squad picking up fourth place with 61-1/2 points, behind Travis of Temple with 106 points, first; Belton's 103 points, second and Nolan's 80-1/2 points third.

In the 8th grade class, the Hornets finished in a fourth-place tie with Belton, with 47 points. Finishing in first place was Nolan with 116 points, second place went to Rancier with 108 points and third place went to Travis with 71 points.

The Hornet ninth grade squad finished in second place behind Temple's Travis, who scored a whopping 142 points for first place. Gatesville scored 76 points, followed by Rancier with 73-1/2 points, Bryan Lamar, 61-1/2 points and Belton 54 points.

The Hornet freshmen, coached by Jack Bell proved hard to handle, scoring enough points on individual performance to capture second place, without scoring any points in relay races.

Results of all events in all classes were:

## GOLDEN TROPHY SHOOT HELD

The Gold Trophy Shoot, open to all members of the Corvell County Rifle and Pistol Club, was held at the club range, April 7, 1968. Match was center fire rifle, not over 10 lbs, in weight and not over 10 power in scope, any caliber, sporter rifle.

First match, ten shot group, for score: Harmon Seller, 1st place for the champion (10 by 8x); Ed Ray, 2nd place, RU Champion (100 by 7x) and Jack Poston, 3rd place (100 by 3x). The best group of the day was shot by 35 grs. of 4064, Retarded Sed.

In a hotly challenged two-man team contest, the team of Robert Powell and Ed Ray put down in defeat the team of Will Russell and Harmon Sellers, in a two out of three series. The total aggregate for the winning team of Powell and Ray was 594 by 24x.

There will be several other matches scheduled during the summer months for all different types of rifles and pistols. Trophies will be awarded the individual winners of these shoots.

Member participation in this shoot was light, probably due to spring feveritis.

## GOLDEN CIRCLE MEETS

The Golden Circle Sunday School Class of the First Baptist Church of Gatesville, held its monthly meeting in the home of hostess, Mrs. LaQuita Barton, at 210 Spindletop on April 4, at 7:30 p.m.

The members enjoyed refreshments and discussed visitation plans for the month of April. Those members of the Golden Circle attending were, Mrs. Lynita Salter, Mrs. Barbara Smith, Mrs. Barbara Edwards, Miss Gina Loring, Mrs. Dorothy Hunt, Mrs. Barbara Huntley, Mrs. Patricia Jones, Mrs. H.K. Jackson, Sr., teacher and Mrs. LaQuita Barton.

Then, there's that once a month when a girl could use a good old-fashioned medicine.

Maybe you feel just plain bad then. Or maybe a little lonely and sad, like you could use a pair of arms around you.

Well, we have just the thing for this once a month time. Lydia E. Pinkham Tablets. They're made with gentle, natural ingredients, including one that works to help relax tightened muscles that give you cramps. Plus a little iron that a girl could use at a time like this. And, you don't run any chance of the kind of unpleasant side effects you could get from some of the newer drugs.

With an old-fashioned problem like this, couldn't you take an old-fashioned medicine.

## IMPROVE YOUR SPORT

Tips from the Experts

WHAT'S THE MOST IMPORTANT PART OF A GOLFER'S DRIVE? Arnold Palmer says it's the 12 inches away from the ball at the start of the swing. To improve your drive take the club back slowly, parallel to the ground for the first 12 inches; let your hands do all the work. Then, in unison, turn your shoulders, hips and knees - with the left shoulder and arm bringing the club back to the top of the backswing.

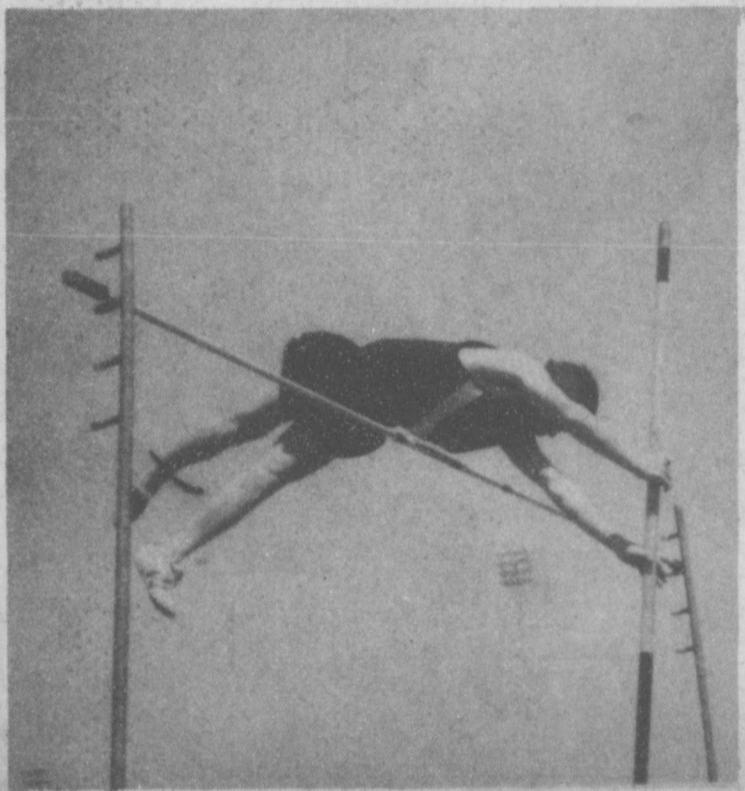

WHICH OF THESE TENNIS MISTAKES DO YOU MAKE? Does your elbow have a tendency to lead? Are you bending from the waist rather than from the knees? Is your racket head dropping below waist level? To correct all these, use both hands when hitting a backhand ball.

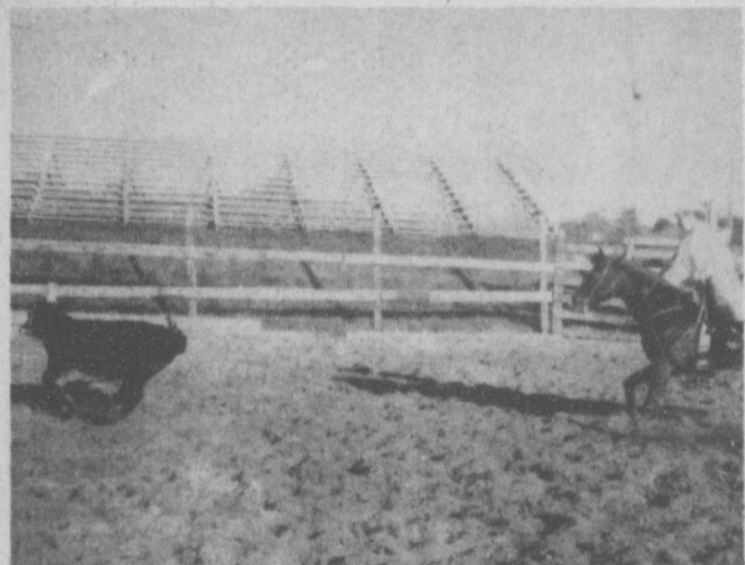

WHEN BOWLING, DO YOU HAVE a difficult time bringing the ball forward with accuracy? To improve your aim, don't let the ball loop behind you. Your arm should travel like a pendulum in the backswing.

"Improve Your Sport" (a \$1 value paperback book) is offered free with the purchase of Yardley Original or Black Label Aftershave or Cologne.

The News Is \$1.00

Steve Palmer captured the top spot in the pole vault for the Freshmen with a 11' vault. Palmer and Hughling of Belton both jumped 11', however, Palmer won on fewer misses.

In Friday afternoon's cutting horse competition, at the Corvell County Horse Show, Johnny Heidle of Mayback, Texas, took top honors on his horse, Lee's Page Boy.

## HOME AND HOME TOURNEY TO BE HELD

Temple on that date are asked to contact either Gordon Smith or Johnny Jones. Under the "home and home" situation, no green fees will be charged the visiting team. Handicap will be used to equate the club teams.

Temple Country Club will be opening up its new nine holes soon and Gatesville members will have the opportunity to play the complete 18 hole facility.

Prospects for future matches between Marlin, Cameron and Rockdale are being discussed. A return match at Gatesville Country Club will be scheduled in the near future.

The Gatesville Country Club will take part in a reciprocal "home and home" golf tournament with Temple Country Club and several other country clubs in the area.

The Gatesville Country Club will play a "home and home" tournament Sunday, April 21, with the Temple Club. Members interested in playing in
