Trudi Hairston, Lu Lee, head cheerleader, Carol Smalley, Paula Wheat and Susan Martin. The quintet will be out in front to promote spirit for the upcoming fall football season.

Cheerleaders Prepare For Week's School At SMU

Gatesville's Hornet football team will be well represented this fall by five hard working cheerleaders who will be going all-out for spirit.

These five young ladies are Susan Martin, daughter of Mr. and Mrs. Paul Martin; Lu Lee, daughter of Mr. and Mrs. Nelson Lee; Trudi Hairston, daughter of Mr. and Mrs. Le Roy Hairston; Carol Smalley, daughter of Mr. and Mrs. Ray Smalley and Paula Wheat, daughter of Mr. and Mrs. G. R. Wheat.

The quintet has put in many summer hours practicing for their trip next week to Dallas and SMU's Cheerleader School. The girls reported that they began afternoon practice three days after the close of the spring school term, and they practice Monday through Friday afternoons.

The camp at SMU will run August 2 to August 7. Each day will be full of hard work and activities. Early morning assembly will begin each day and the girls will then break into smaller classes for instruction. Lunch will be from noon to 1:30 and then its back to class for an afternoon of work. The dinner break gives the cheerleaders from 5:30 to 7:00 p.m. to catch their breath and then its a repeat performance until 9:00 or 9:30.

Mr. "Hirky" Hirkamer has been working with cheerleaders and heading cheerleader schools since the 1940's. He will be in charge of the SMU camp. Assisting Hirkamer and instructing the high school girls will be college cheerleaders and students.

The instructors will teach pom pom routines, new yells, and a subject most fans never consider, controlling crowds at football games. The local girls will also compete with other schools having five cheerleaders. The judging is based on timing, poise, precision and originality of the groups in competition.

In all, there will be approximately 1500 girls from all over the United States in Dallas for the week's school. The Hornet Cheerleaders will return to Gatesville Friday, August 7, prepared for the fall season of action, fun and rivalry that goes hand in hand with football.

Miss Lee will be the head cheerleader for the five and will be a senior at GHS. She and Miss Martin will be out in front of the fans for a second year. Miss Martin and Miss Smalley will be juniors at GHS, with Miss Wheat being a senior and Miss Hairston a sophomore.

COOPER CELEBRATES HALF CENTURY OF BANKING TODAY

Today Bythel Cooper, 69, celebrated a half century of work as a banker in Gatesville.

In 1920 Cooper began work as a bookkeeper for the Guaranty Bond Bank and Trust Co. He had just completed busi-

ness college in Waco when he began his banking career in Gatesville.

A Gatesville High School graduate of 1919, Cooper recalls that the early days of banking included working 8:30 to 4:00 bank hours six days per week. He notes that in the beginning there was no overtime and when the job was done you went home.

In those early days banking centered around rural farm financing and most people used cash for transactions, he recalled. In contrast today banking business in Gatesville revolves around salaried persons and business men with farm economics still important but not the primary bank customer.

Cooper noted that one day recently the Guaranty Bank posted 4000 checks in serving Gatesville money needs. The large volume of checking accounts had caused changes in bank employment over the years, Cooper notes that when he began work the Bank employed five persons and to day 16 persons handle the banking needs of the community.

The mechanical-electronic age has been important in banking life over the years. Machines now process checks and reproduce checks at the rate of 500 per minute.

The Guaranty Bank has paid dividends in each of the past 57 years since it was chartered in 1913. Cooper noted that Gatesville banks were among the first to reopen after the "bank holiday" in 1932.

Banking is pressured by economic and social changes and Cooper noted that with each marked change banks must adopt to serve the customers.

Banker Bythel Cooper is celebrating his 50th year with the Guaranty Bank and Trust Co. Cooper has worked his way from bookkeeper to chairman of the board.

County Artists To Display Works At Centennial

In conjunction with Gatesville's 100th Anniversary week, many local artists will set up displays of their works for a public show and sale. The mid-centennial week

exhibition will be located in the old Cameron Lumber Company building on the lot of Miller Motor. The artists will set up their individual displays the morning

of August 5, and will remain there until 7 p.m. so all working people will be able to come and browse.

The talented Coryellers will be exhibiting their oil

paintings, sculptures, china paintings, water colors and other handi-crafts. These items will be for sale as well as for show. Spokesman for the group, Mrs. George Painter, pointed out that the exhibition is open to county artists only in order to keep the showing on an amateur rather than commercial professional basis.

Among entrees in the display at this point is a collection of hand painted china by Mrs. Glen Gray.

Sybil Price, rural mail carrier and active leader of Boy Scouts in the area, will have a large display of wood sculptures at the affair. A few of Price's more noted crafts will include an eagle sculpture of white pine, a "cigar store" Indian, and a roadrunner. He will also have various other objects of interest for public view.

Mrs. George Painter will exhibit approximately twenty to twenty-five oil paintings at the Wednesday showing. Among her prizes will be a canvas of the old log jail house that is located in Raby Park.

There are expected to be water color art works displayed by local area school children at the site.

With several days left before the exhibition, there are expected to be more interested parties entering their original works and crafts in that show. Mrs. Painter noted that anyone who is interested is invited to join the other artists. She pointed out that each entrant will be responsible for his own display and will be expected to make arrangements for its care during the day. "We want everyone to feel free to come by and browse through the exhibition and make a picnic of the day," Mrs. Painter said. There will be many interesting works for the public to view or buy.

Further information on entering art work or crafts in the exhibition can be obtained by calling Mrs. George Painter at 865-5037.

Two local area artists who will be part of the August 5, art exhibition are Sybil Price (left) and Mrs. George Painter.

Here, Mrs. Painter displays two of the twenty to twenty-five oil paintings she will have on hand at the show. Mrs. Painter is holding a canvas of a mill and water fall scene she painted. The painting directly behind the mill scene is a special work of Mrs. Painter. The scene is the old log jail house located in Raby Park. Mrs. Painter noted that this particular painting required fifteen to twenty hours to complete.

Sybil Price proudly displays two objects of his wood sculptures that he will display. Left, Price holds an eagle which he carved from white pine. The carving required eighty hours of work with a chisel and knife. In the other hand is a cigar store Indian which took twenty hours of work to complete.

Price noted that most of his craft is done by a chisel and pocket knife. The pocket knife is chiefly used in the detail work. Other objects of wood carvings will be displayed by the craftsman at the centennial art show.

Group To Charter Museum Corp. Here

Action by a local group of civic minded citizens has started the ball rolling for a Gatesville Museum. The group met with the Public Affairs Committee of the Chamber of Commerce last Monday and proposed the Museum project.

An Organization Meeting has been called for Wednesday July 29 at 7:30 p.m. in the National Bank Civic Room. All interested citizens are invited to attend the meeting and help organize the Coryell County Museum Corporation.

A temporary chairman will be named at the Wednesday meeting to find a location for a Museum.

Co-chairman, Mrs. Bob Miller explains that the Museum hopes to receive antique donations during the cen-

tennial to be permanently displayed in the Museum.

The group, Mrs. Bob Miller, Mrs. Jack Poston, Mrs. Cofton Davidson, and Mrs. Jeff Geyer have fitted for a corporation charter. Bob Cummings is handling the legal

aspect of the proposed corporation.

Mrs. Miller indicated the goal of the Corporation would be to provide a permanent fire proof and safe place to display antiques of Coryell County.

IMPROVEMENTS COMPLETE

Gatesville's City Hall has made another addition to its new look this week. The building's entrance has received two twenty-five foot flag poles, one on either side. The new poles proudly display the United States Flag and the Texas Flag.

The new flag poles and flags have followed suit in "face lifting" the building. Other improvements have been a new coat of white paint for the City offices and black wrought iron trim for the windows.

Pictured above is the platform stage to be used in the three night performance of "To Gatesville With Love." The show will be held in the Firemen's Rodeo Arena and will feature local talent in the actor's spotlight. Tickets for the show as well as the Miss First Century Pageant, the barbecues, and water festival are available now at the centennial headquarters.

Miller Made Vice Chairman of CTLEC

Bob Miller, mayor of Gatesville, was appointed vice chairman of the Central Texas Law Enforcement Council at a meeting in Killeen last week. Chairman of the organization is Jack Tarver, Temple attorney.

The executive committee of CTLEC approved an application by the Central Texas Council of Governments seeking \$12,160 from the Criminal Justice Council for planning a drug abuse and civil disorder program. Local funds would total \$28,630, including in-kind contribution from participation by volunteer workers. Also planned is an awards program to recognize outstanding work by law enforcement officers in the areas of professional training and education, professional duty and skill, and in human relations.

What To Know Before Buying A Diamond

The purchase of a diamond—either as an engagement ring or as a special gift of love—is a momentous occasion in every man's life. Because of this, and because it will represent a significant sum of money, he will want to buy wisely and proudly. The American Gem Society, a non-profit association of gemologists and professional jewelers, offers the following advice to the most often asked questions.

Q. Is clarity an important factor in the price of a diamond?

A. Clarity is one of the factors affecting diamond value. American Gem Society jewelers point out that minute inclusions seen only under 10-power magnification do not mar the beauty of the gem nor endanger durability, but will reduce the cost. Flaws which are visible to the eye obviously mar the diamond's beauty and may make it more fragile.

Q. Is there a standard for establishing the price of a diamond?

A. Just as a suit of clothes can cost anywhere from \$50 to \$200, a diamond's price may vary too depending on size and quality. Jewelers use what is called the "Four C's" to determine price—Cutting, Color, Clarity and Carat Weight.

Q. What is the most important factor in the beauty of a diamond?

A. American Gem Society jewelers rank Cutting first since that much admired "fire" and brilliance of the diamond is revealed only when it is scientifically cut to correct proportions and with each facet highly polished. Poorly cut stones permit "light leakage" and have a dulled lifeless appearance.

CUMMINGS WINS FRESHMAN PLAYOFF IN TWO GAMES

In two straight games Cummings Insurance won the Freshman League title from Gatesville Firemen Wednesday and Thursday. The two game series featured strong hitting by the Cummings team coupled with masterful pitching from Leon Petty.

The Cummings team lashed out 13 hits in the two nights of baseball. Greg Woodson tripled, Frank Williams singled twice, Calvin Williams singled three times and tripled, Lynn Barnett singled twice and tripled, Har-

lay Ayers singled twice, and Mark Lam doubled.

Petty's pitching included 12 strike-outs on Wednesday and 11 strike-outs on Thursday night. Both nights Petty struck out the last three batters he faced in the game. He allowed four hits in the first game and five hits in the second game. Petty was tagged for a home run by Charles Neimier in the second game and Randy Erwin crashed two straight triples in the first game.

In the Wednesday night

series opener Erwin tripled with one out in the first inning and then scored on a passed ball. Greg Woodson lead off for Cummings Insurance with a triple to right field and scored on a ground ball to short stop.

The Firemen came up with a big inning in the second inning when Randy Bruton reached base on an error and Rob Erwin walked. Greg Blanchard hit a single straight up the middle scoring Bruton. Erwin then hit his second triple to score both Rob

Erwin and Blanchard.

Charles Neimier then began the systematic disposal of three straight Cummings batters striking out all three. Petty then let his infield put out three Firemen in a row.

Neimier and Petty ruled the diamond for the bottom of the third and the top of the fourth innings.

With the score 4 to 1 in the last of the fourth, Frank Williams singled to left field and Calvin Williams smashed a triple to right field scoring Frank from second base.

The Firemen bounced back to meet the challenge with Irwin Southerland reaching base on a single and scoring on an error.

In the last of the sixth Cummings came to life with a strategy session which included two pinch hitters, Johnny Fowler lead off as a pinch hitter and drew a walk. Calvin Williams singled to left field. Petty drew the second walk of the inning to load the bases.

Barnett then sacrificed with a soft ground ball to first base but the play scored Fowler from third base.

With two outs, Mark Lam was sent in to pinch hit. He doubled to left field scoring Williams and Petty. The game winning hit came when Harlan Ayers laced one over the centerfielders head easily scoring Lam from third base.

Thursday night the Cummings team piled all their scoring into the second and third innings. Calvin Williams opened the second inning with a single. Petty walked, and Barnett smashed a triple to right field. Williams and Petty scored to begin the attack. Woodson hit a ground ball through third base which scored Barnett. Next a single by Ayers to centerfield scored Lockhart and Woodson.

Charles Neimier put a scare into the high flying Insurance men when he smashed a home run in the bottom of the second inning. Petty then struck out two batters and a ground out from Frank Williams to Lynn Barnett ended the Firemen threat.

Champions of the Freshman League is Cummings Insurance. Pictured here kneeling are (front row, l. to r.) Johnny Fowler, Bill Don Martin, Cliff Tippit, bat boy; Mark Lam, Leon Petty, Bobby Lockhart, Jeb McClellan and Larry Tippit; (back row, l. to r.) H. M. Lam, Robert Fowler, Harlan Ayers, Frank Williams, Calvin Williams, Lynn Barnett, Greg Woodson, Roy Ayers, and Billy Blanchard.

SAFE AT HOME—Bobby Lockhart of Cummings Insurance just barely slid under the tag of the Fire Department catcher in the above picture. Lockhart scored in the third inning of the second game in the playoffs.

In the Cummings' half of the third inning, Calvin Williams lead off with a single, Petty drew a base on balls, and Barnett singled to right field scoring Williams.

An error got Billy Don Martin to first base and scored Petty from third base. Lockhart walked and errors put Larry Tippit and Woodson on base, and scored Martin and Barnett.

Still no outs, and Greg Blanchard fired three strikes to Ayers. Frank Williams ground out but scored Tippit from third base for the last score of the inning.

Good pitching from both teams cooled the game down for the rest of the game. The Firemen did get a rally started in the fourth inning as Bruton singled and Balze reached base on an error. An error at first base scored the two base runners but the inning was over before Rob Erwin could advance from first base.

The Firemen scored another run in the fifth inning, but Cummings stopped efforts to catch up by the Firemen.

Frank Williams closes the mitt on another hard hit grounder. The Cummings Insurance short stop is one of the Freshmen League's leading defensive players.

of their own have their milk contaminated by and condemned because of the presence of pesticides and residues is also extended. Another part of the bill extends to the law (P.L. 480) authorizing donations and sales of farm commodities to foreign nations on long-term arrangements, to so-called Food for Peace Program.

It was brought out during hearings that in the event of 1965 Act should expire without a new measure being enacted, the basic 1938 and 1949 Acts, as amended, automatically would once again become effective. Acreage allotments and marketing quotas would go back into effect on wheat and cotton. Commodity payments would end on feed grains, wheat and cotton and wool.

Price support would be provided only through non-recourse loans and purchases by the Commodity Credit Corporation.

Farm income would drop substantially.

HOUSE OF REPRESENTATIVES NEWS

Washington, July 21 ... The House Committee on Agricultural agreed today on terms of a bill to be introduced authorizing a new three year farm program for dairy, wool, wheat, feed grain and cotton producers. It applies to 1971, 1972 and 1973 crops.

Designated the "Agricultural Act of 1970," the new farm measure would become effective on the expiration of the existing "Food and Agriculture Act of 1965," at the end of this year.

Differing from the present law principally in that it establishes an acreage "set-aside" requirement to keep production in approximate line with consumption, the new program would cost about the same as the 1965 Act, a little over \$3 billion a year.

Bipartisan efforts marked consideration of this legislation. Committee Chairman W. R. (Bob) Poage, D-Tex., and Rep. Page Belcher, R-Okla., ranking Minority member of the committee will jointly introduce a bill embodying the provisions in the draft just agreed upon today.

Generally, under the 1965 Act, a grain or cotton producer, to comply with the program and thus become eligible for payments, must limit his production to an allotted number of acres, lest he be subject either to penalties or be denied the benefits of the program. Under the Agricultural Act of 1970 there would be no marketing quota penalties but a producer would be required to "set-aside" or divert acreage equal to a fixed percentage of his acreage allotment. If he complies he then is allotted acres, and additionally he may plant the remainder of his farm in any crop he chooses for sale at market prices, without any supplemental payments.

Another change in the proposed program from the present law pertains to implementation of the parity formula which is designed to give producers a fair return for their investment in time, labor and money -- a return commensurate with the cost of the items that go into production and living expenses for farmers.

While the parity concept is retained, only in the wheat program would payments continue to increase or decrease as the general cost of production rises or falls. In the case of feed grain and cotton

parity is still recognized but supports are tied to specific dollars and cents figures except in regard to non-recourse grain loans which will still be some percent of parity.

Under the provisions relating to feed grains, producers would be guaranteed a minimum payment of 32 cents per bushel for corn (with comparable rates for grain sorghums and barley) on fifty percent of their historic acreage regardless of the market price during the three year life of the Act. Likewise, during this period cotton growers would receive a guaranteed 15-cent-a-pound payment on their share of the production from a base of 11,500,000 acres. Additional payments would be made if necessary to assure an overall return of \$1.35 per bushel on corn and 35 cents a pound on cotton.

Marketing quotas on wheat and cotton are suspended under the new bill for the 1971-73 period. There are no marketing quotas on feed grains now, and none are proposed under the new program.

Approval of the measure came after many months of committee hearings and twenty-seven evening sessions with Department of Agriculture officials at which Chairman Poage and Secretary Clifford M. Hardin led discussions seeking agreement on provisions which would have the mutual support of the Administration and the committee. Representative Belcher coordinated negotiations between the committee and Department officials and helped resolve differences.

The measure as finally approved embodies numerous changes from provisions in various bills under consideration, and represents concessions and compromises in views originally expressed by both Department officials and committee members when they began their series of Monday sessions a year ago.

Although no reference to limitations on the size of crop payments is included in the bill as agreed upon today, it is understood that this provision will be included as a committee amendment in the measure before it is reported to the House. The subject has been discussed at length both in committee sessions and in the evening meetings.

While there had been strong opposition by many committee members to any payment limitations when the farm bill studies began, the majority gradually became
