# Centennial Parade Termed Biggest, Best-Beautiful

At 5:30 p.m. Thursday afternoon, Gatesville turned back the clock 100 years and relived a century of progress as depicted in the town's centennial parade.

No accurate estimate of the number of parade watchers on hand can be made. Spectators were jammed into the downtown districts and lines four persons deep edged Main Street for blocks. "This is the largest turnout for a small town parade we've ever seen," said the driver of the famed Owen's Country Sausage wagon.

The six part moving history of Gatesville's first 100 years has been termed by a throng of Gatesvilleites as the biggest, best and most beautiful parade in the city's history.

Eiland Lovejoy, Fabian Klecka, Lloyd Mitchell and Clois Stone directed the parade.

Winning first place in the float category and a \$100 prize was the Gatesville State School For Boys entry. The GSSB float featured three sections. The front section bore the Texas Youth Council Seal and the initials GSSB in bright glittering gold against a white background. Bright green trimmed the front section. The mid-section depicted a cotton patch, complete with cotton pickers, cotton plants, fence row and bells. The third

and final display was a look at the GSSB vocational programs. The second two displays were edged with murals showing the school's campus and other scenes from the school's history.

The Methodist Youth float entitled "The Old Brush Arbor Meeting" took second place and a \$75 cash prize. The float consisted of a cedar camooped meeting place, old wooden pews filled with anxious Sunday-go-to-meeting folk and a loud mouth ole time preacher portrayed by Oscar Gomez.

Third place and \$50 went to Medical Plastics for their "Bonified Pioneers" float. The comical display featured a pioneer skeleton family at home and doin' the chores. Honorable mention winners were the red school house and an old surry with pioneer colored citizens aboard.

Individual winners were W. F. and J. F. Barnes Lumber

Donator of the Gatesville townsite, R. G. Grant was portrayed by Emmitt Dickie. The 1970 Coryell County Commissioner's Court represented the 1870 officials and the present day mayor and city council represented the 1870 figures.

Representatives from the town's merchants -- Bigbam, Saunders, Scott, Leaird, Powell -- were featured in the Gatesville 1870 - 1970 section. Floats from modern Gatesville and the city since 1900 followed with entries from numerous civic organizations, business and families. Antique cars, horses and wagons completed the caravan. A bright glittering spectacle, the Owen's Country Sausage wagon added that perfect touch of glamor to the parade. Company's coon hunters, \$25; Gold Dust Sam, \$15; and the red pony cart, \$10.

Leading off the parade were Gatesville's first citizens, the Commanche Indians, Representing the Indians as Chief was Sybil Price. Following the Indians were the colors.

The second part of the parade was the segment of early pioneers. Included in this part were a ox-drawn wagon, horse drawn vehicles with descendants of pioneer families and representatives of early day cattlemen.

## School Board To Discuss Budget At Tuesday Meeting

The Gatesville School Board will meet at 7:30 p.m. Tuesday night at the Gatesville High School.

The school will discuss and adopt a budget for the school year 1970-71. The proposed budget calls for \$1,531,370 and Supt. L. C. McKemie describes the budget as "cut to the bone."

The \$1 1/2 million budget is expected to require an increase in the maintenance tax from \$.75 per \$100 to \$1.00

if the proposed budget is approved. In 1969 the revenue from maintenance tax amounted to \$137,000.

With an increase in maintenance tax the school projects that \$1,665,806 in revenue will be available to operate the school system. This includes \$60,000 in federally impacted school funds. Federal impact money has per \$100 valuation. Revenue from maintenance tax sources is expected to reach \$148,000

been unpredictable in the last year and the \$60,000 is well below federal grants in the past. There are no assurances that the \$60,000 will be paid to the school system.

McKemie proposed budget is "cut to the bone" as noted in several of the figures in the budget. Student Body Activities have been allowed only \$1,000 for all three schools; High School, Junior High and Elementary.

Maintenance for all three plants has been set at \$13,000. Instruction is set at \$728,000 and consists of \$714,000 in salaries to teachers with only \$14,000 for instructional aids for three schools.

The construction cost of the proposed new Elementary school and new Vocational school totaling \$512,000. Construction costs are estimated at \$490,000 with \$10,000 for site clearing and \$12,000 for furnishing s for the two projects.

The School Board will also hear from local citizens concerning the recent school board action to set tax evaluation policies for 1970 while the board of equalization was in session.

Many persons have indicated discontent over the School Boards action on Tax policy. The policy was initiated on July 29 and apparently stemmed from a relatively few complaints from tax payers.

Some persons have indicated that possible lawsuits could be filed against the schools as a result of the school boards tax evaluation policy.

## DIGNITY-PURVEY STOMP SPELLERS, DECIDES WINNER

The words dignity and purvey decided the old time spelling bee in the district courtroom Friday at 2:00 p.m.

In just over an hour of spelling the field of seventeen spellers had dwindled to three winners and then first, second, and third place were established.

Mrs. Erine Whitt, Mrs. Carl Eubanks, Mrs. Maude Alice Painter, Miss Molly Paxton announced "Miss Oscar Gomez?" and Mrs. Kate Lowery had tied in the competition. (Many people would dispute the historical accuracy of the contest results.)

The pageant was light hearted throughout and the performers completed each skit with flawless precision. However, Don Callahan did make a special hit when he fell while jitterbugging.

When the field narrowed to three both Sherill Stewart and Karren Murray missed on

the word purvey and Harold Shultz spelled the word correctly. Purvey means "to provide-to supply."

Then in the bid for second or third place Miss Murray had trouble with "dignity" and Miss Stewart had the correct spelling for second place.

First place was worth three silver dollars, second place two silver dollars and third place one silver dollar. Approximately 250 persons crowded into the courtroom for the old time spelling bee.

Other contestants included: Ken Guthrey, Andy Gomez, Susan Whity, Barbara Simmons, Debbie Simmons, Jimmie Simmons, Robert Murray, Tommy Haferkamp, Alex Chatham, Den Harris, Ronald Snow, Robin Clark, Kathy Wise and Elizabeth Areaga.

## "To Gatesville With Love" Plays To Packed House Three Times

"To Gatesville With Love" completed its run last Saturday night having played to over 1500 persons in the three night show.

The two hour performance

can only be describes as excellent entertainment. The pageant, arranged and directed by Jerry McLaughlin of Baylor University, was the musical story of Gatesville's

past 100 years. Narrator for the trip through history was Gary Paxton. It was a trip of memories in music for many Gatesvilleites and guests as the talented cast performed arrangements of songs popular during the different eras.

Over 25 skits and musical numbers were performed by the local cast. "I am on My Way" "Maria" "Gonna Build a Mountain," "Achison, Topeka and Santa Fe," "Hanging Day," "Put on You Sunday Clothes," "Over There," "Baby Face," "In the Mood" and "Hallelujah, Baby" were some of the fine arrangements.

The fast moving show had the energetic cast on stage much of the performance in a variety of roles.

The 1896 Ruby Saloon Beauty Contest was particularly well received as the gorgeous creatures strolled across the stage. Narrator Paxton announced "Miss Oscar Gomez?" and Mrs. Kate Lowery had tied in the competition. (Many people would dispute the historical accuracy of the contest results.)

The pageant was light hearted throughout and the performers completed each skit with flawless precision. However, Don Callahan did make a special hit when he fell while jitterbugging.

"Put On Your Sunday Clothes" and join the rest of the players on the stage of "To Gatesville With Love" the musical revue of Gatesville First 100 years played to over 1500 persons in three nightly performances.

## Gatesville Over The Past 100 Years

By Mrs. Tom Mears

The act of the State Legislature that created Coryell County in 1854 named certain things that should be done. One of these was that, after the election of the county officers, a committee should be appointed to select three sites suitable for a county seat, and that an election should be held to determine the county seat of the new county. The sites chosen were as follows: No. 1--Fort Gates and 100 acres of land surrounding it; No. 2--Was in the C. Cazanoba Survey of land on the north bank of Leon River and the conditions were that Grant should donate land for the square, the streets and a cemetery. He was also required to donate \$2000 in cash which was considered equivalent

to the value of the buildings at Fort Gates; No. 3--was on the south side of Leon River in the Arocha League and Grant was to donate 100 acres of land wherever the county commissioners chose it. Out of the 52 votes cast in the election, 37 were for site No. 2. The land was given, but Grant never paid the \$2000.

Grant immediately set about advertising the sale of lots at public auction on twelve months credit. J. H. Christman tells us this story of the sale of the lots. "Grant, being a wide awake man in his own interest, but of a kind and open disposition, concluded to treat the whole crowd, thinking to himself that it might give to them a better understanding of the value of Texas dirt. The first thing

that we knew there were three large barrels, benches, and a lot of cups being moved to the square where the court-house now stands. The heads of the barrels were knocked out and every man was invited to help himself. One of the barrels contained pure corn whiskey of his own make, manufactured at his still house on the branch north of the town known as Still House Branch. One barrel was sugar and one was water. There were tin cups to be used instead of glasses. The barrels sat there all day free to all.

They could take whiskey straight or mix it with sugar and water to suit their taste. After all had drunk what they wished, the sale began. Most of the front lots on the square were sold to the highest bidder

for twenty dollars to fifty dollars each. Strange to say the barrels stood there open and free to all for all to drink all that they wanted to and at night when the sale closed, there was not a single drunk man on the ground. Those men had come to buy homes where children would be taught and the Bible read.

Grant was not only ready to sell the lots, but he had rawhide lumber there ready to build houses upon those lots. Thus Gatesville began.

On the 17th day of June, 1854, the county records were placed in a small building rented from Grant on the southwest corner of Leon and Seventh Streets. The building was 30 ft. X 40 ft. and the county contracted to pay Grant \$100 per year rent. The Commissioners Court

immediately entered into a contract with R. B. Wells and T. H. Robertson to build a courthouse, but for some reason not shown it was rescinded on August 20, 1856 and they were paid \$200 for the material that they had assembled. In 1857, the county entered into a contract with W. W. Hammack for an office for the county and district clerks. This was a building located where Jim Miller is today and the rent was \$60 per year.

In 1865 the city rented the upper story of the J. R. Saunders building located on the corner of Main and Seventh Streets for a courtroom.

The year 1870 must have been a boom year, because so many things happened about

## I Do Mind

"Unequal taxes but I DON'T MIND" that is a quote I have heard in some circles recently and basically that is the problem that has allowed unequal taxes to compound over the years.

"I DO MIND." That is what we should all be saying when we see gross inequities in tax values in our local governments.

It is not the fault of any one politician because the inequities have developed over a long period of time.

It is the fault of a politician if he does not do his part to correct the equalities. Some politicians lose site of their original obligation to represent all the people that vote in their particular election.

Apparently a large majority of voters (city voters and selected rural voters) have at one time or another said "I DON'T MIND." What they are saying is I don't mind paying for everyone's schooling, county roads and city functions.

Turning to the other side of the coin the taxpayer with the low taxes compared to other property valued on the market equally, Undertaxed Payer you have a good deal now but what happens if the tide goes out and the reverse occurs and you have to carry the tax burden of a school district, county or city.

Under the present structure with the school board taking an active part in tax evaluation no one can blame the under taxed taxpayer for "badgering" a board member over a raise in evaluation. I would use that same avenue of attack to keep my taxes down.

Getting back to the real idea in property tax, we need to value all property equal and tax accordingly.

I DO MIND and I DO MIND an increase in maintenance tax if their is no genuine effort to equalize taxes in the school district. I can not believe the maintenance tax increase will be considered by a competent school board without first attempting to create a more equalized property tax evaluation. I DO MIND. DO YOU?

**STILL FOLLOWING MAMIE ..** Mr. and Mrs. G. R. Williams of Gatesville celebrated 56 years of marriage August 2nd as Gatesville celebrated its 100th anniversary. The Williams couple (pictured above) was all decked out in centennial attire at the campground meeting at Faunt LeRoy's crossing. The jolly couple visited and socialized with friends and anyone could see that magic twinkle in their eyes.

Mrs. Williams, the former Miss Mamie Bush, was born in Derma, Mississippi to Mr. and Mrs. John Bush. She spent her early life on her dad's farm near Wolf, Texas. Mr. Williams was born in Slater to Mr. and Mrs. Joe Williams, a Coryell pioneer farm family.

The couple exchanged Methodist vows, August 2, 1914, in a home ceremony in Cleveland, Arkansas where Mamie's family had moved two years earlier. They returned to Slater and farmed near that Coryell Community until they moved to Gatesville in 1948. Mr. Williams is still farming and ranching.

The Williamses have four children: Mrs. David (Lura) Moore of Greenville; George Williams of Oak Ridge, Tennessee; Joe Bob Williams of Gatesville; and Mrs. Juanell Reese of Killeen. They have 11 grandchildren.

**THEY SPOON FEED YA IN 1970 ...** The life of today's housewife may be more hectic than that of the 1796 spouse but it has certain advantages that make life much easier. Today, less demands are put upon the grey matter of housewife 1970 for remembering how much of this and how much of that it takes for baking the perfect apple pie.

Besides, the housewife of today has more outside responsibilities than the "Boss" of the log cabin. She assumes a much more active roll in society than her 1790 version. On the other hand, take a 1796 recipe for example. No measurements are given. The recipe only directs the log cabin spouse to "sweeten to taste," "salt a little" or "bake gently." The time and cups are up to the cook to decide.

Mrs. J. C. Buser of Purnela sent an especially interesting cook book entitled "AMERICAN COOKERY, or the Art of dressing VIANDS, FISH, POULTRY and VEGETABLES, and the Best Modes of Making PASTES, PUFFS, PIES, TARTS, PUD-DINGS, CUSTARDS and PRESERVES, and all kinds of CAKES,

by sally jund

from the Imperial PLUMB to plain CAKE, How's that for a short title book? Mrs. Buser's cookbook is dated 1796, which would place it almost a century before Gatesville's birthdate. The author is this most interesting booklet of early American cookery was Amelia Simmons. She is identified only as an American orphan.

In the preface, Amelia Simmons speaks about those who will need her book. She discusses the age old problem of conformity and non-conformity, "the good ole way" and the modern way. Her preface follows.

"As this treatise is calculated for the improvement of the rising generation of Females in America, the Lady of fashion and fortune will not be displeas'd, if many hints are suggested for the more general and universal knowledge of those females in this country, who by the loss of their parents, or other unfortunate circumstances, are reduced to the necessity of going into families in the line of domestics, or taking refuge with their friends or relations, and doing those things which are really essential to the perfecting them as good wives, and useful members of society. The orphan, tho' left to the care of virtuous guardians, will find it essentially necessary to have an opinion and determination of her own. The world, and the fashion thereof, is so variable, that old people cannot accommodate themselves to the various changes and fashions which daily occur; they will adhere to the fashion of their day, and will not surrender their attachments to the good old way -- while the young and the gay, bend and conform readily to the taste of the times, and fancy of the hour. By having an opinion and determination, I would not be understood to mean an obstinacy -- by no means, but only an adherence to those rules and maxims which have stood the test of ages, and will forever establish the female character, a virtuous character -- altho' they conform to the ruling taste of the age in cookery, dress, language, manners, etc.

In must ever remain a check upon the poor solitary orphan, that while those females who have parents, or brothers, or riches, to defend their indiscretions, that the orphan must depend solely upon character. How immensely important, therefore, that every action, every word, every thought, be regulated by the strictest purity, and that every movement meet the approbation of the good and wise.

The candor of American Ladies is solicitously intreated by the Authoress, as she is circumscribed in her knowledge, this being an original work in this country. Should any future editions appear, she hopes to render it more valuable.

In the meat section of the book, the author tells how to prepare such unusual "delicacies" as "dressed turtle", "dressed calves head", "foot pie" and "tongue pie." These recipes are complete with the steps in cleaning and cutting the meat into portions.

For making that good ole American favorite apple pie, Miss Simmons suggests that you stew and strain the apples. To every three pints, grate the peel of a fresh lemon, add cinnamon, mace, rose water and sugar to your taste -- and bake in paste No. 3 I searched through the leaves of the book and found paste No. 3 So here goes -- to any quantity of flour rub in three fourths of its weight of butter, (twelve eggs to a peck) rub in one third or half and roll in the rest.

Now, if any of you local culinary enthusiasts try this favorite I would like a sample!

**BABY BORN ON GATESVILLE'S BIRTHDAY ...** Little Anissa Jean Sexton will celebrate her birthday with Gatesville each year. She was born August 2, 4:30 a.m. in Coryell Memorial Hospital to Mr. and Mrs. Garland Sexton of Gatesville.

The pink and pretty bundle o' joy weighed in at 7 pounds and measured 20 inches in length. Little Anissa wasted no time in "seeing" her century old hometown during its Birthday celebration. I had a delightful talk with Anissa's mom Thursday afternoon.

Proud grandparents are Mrs. Dollie Sexton, paternal grand mother and Mr. and Mrs. A. R. McLaughlin, maternal grandparents, all of Gatesville. Anissa has two great grandmothers, Mrs. J. L. Bonds and Mrs. A. E. McLaughlin of Gatesville.

Equally as happy at the birth of their great niece are Mr. and Mrs. Sam Patterson and Mrs. Nora Hagan, all of Gatesville. We at the NEWS congratulate the Sextons on their new edition and Gatesville welcomes Anissa Jean!

**BEST PARADE EVER, WASN'T IT? ...** If you missed Gatesville's centennial parade Thursday, you missed what I believe to be the best parade in the city's history. Everything was beautiful...from the appearance of the two shiny police cars to the last antique auto.

The six part review of a century of Gatesville progress was an outstanding display of pioneer Texas. First to top the rise at Lutterloh and Main (our vantage point) were Comanche Indians from an authentically dressed chief (Sybil Price) right down to Indian children on horseback! They represented Gatesville's first citizens.

Following the "Indian party" was an ox-drawn wagon representing (as did all the entries in the second section) the pioneers who arrived at the banks of the Leon River in the frontier days. Riders in the pioneer section represented early-day cattlemen.

Today's Gatesville civic leaders rode in either modern autos or antiques vehicles as part of the Gatesville 1870 section and representing the public officials of a century ago. Also representing early civic leaders was Emmitt Dickie who portrayed pioneer and donor of our townsite R. G. Grant. Such notable families as Powells, Leairds, Bennets, Bigham, Saunders, Scott were represented in the Gatesville 1870-1970 section which depicted the commercial area and life of Gatesville's first century.

The Owen's Country sausage wagon will long be the talk of the town. The magnificent team draped in silver ornamented black harnesses was a beautiful sight to behold. The sausage wagon headed the final modern - day section which was enhanced by the beautiful Gatesville State School for Boys float which won first place.

The parade has been acclaimed as Gatesville's best and I will second the motion!

### LAWN TENDING

If you want to look from your window upon a lawn that will turn your neighbors green with envy, cultivate these do's and don't's suggested by scientists.

Do water a new lawn lightly and often until it is established.

Do soak an established lawn to a depth of three to six inches but don't water again till the soil becomes dry and crumbly.

Don't mow a newly planted lawn until it is three inches high. Then keep it at one and a half or two inches.

Do use a quality seed mixture instead of a bargain-basement mixture; it will prove an economy in the long run.

## Cumming Ins. Advances In Andrews Tournament

Cummings Insurance, Gatesville's representative in the Freshman League Tournament in Andrews last week, jumped off to an early bid for the title with two wins in a row. The Insurance Boy's coached by J. M. Lam surprised a cocky Andrews team in the first outing 4 to 2. The scoring was all off the bat of Calvin Williams who picked up all four "runs batted in."

In the third inning little Bobby Lockhart drew a base on balls and stole second base. Greg Blanchard then drew a

ball four count and the pitch went wild behind the catcher. Lockhart attempted to steal third base and the catcher threw him out on the play. Still with Blanchard on first base, Williams came to the plate and smashed the first pitch over the right field fence at the 186 feet mark for a home run.

Andrews came back in the fourth inning for two runs to tie the game up.

The C. I. Boys added their last two runs in the bottom of the fifth inning. The fifth was a hitting inning for C. I.

as four boys hit solid hits, Lyn Barnett singled to start things off, Leon Petty reached first base on an error by the Andrews' third baseman, Blanchard then singled to load the bases, Calvin Williams returned to the batters box and smashed a hard single to center field, Barnett scored from third and the speedy Petty raced home from second base.

Steve Neimier then singled to load the bases but the inning was over before any more runs could score.

Top defensive stars dur-

ing the game were Bobby Lockhart, Calvin Williams and Frank Williams.

On Friday the Insurance

boys won their second game 8 to 2 and included a grand slam home run by Catcher Steve Neimier, Neimier was a pick-up player for the team and his performance has been excellent.

## Gatesville Over The Past 100 Years

at that time. That was the year that Gatesville was incorporated and W. H. Belcher elected mayor. And that the county at last decided to build a courthouse.

At the January term of the District Court in 1871, a tax of fifty cents on each \$100 valuation was levied and the Courthouse building was built at a total cost of \$12,130. The first fence built around the building was a rail one.

This building was used for 25 years and then was replaced by the present building. The reason assigned for tearing it down was that it was too small to hold the records.

On Feb. 11, 1897, the Commissioners Court voted to build a new jail and a new courthouse, and levied a tax not to exceed 3 cents on the \$100 valuation to build the jail and 12 cents on the \$100 valuation to build the Courthouse.

The first jail in Coryell was a log one and was built upon the lot where the National Bank Civic Room now stands. It is today in the Raby Park. Many books have been written about Sam Bass and his escapades in Texas and few people in Coryell County know that Sam Bass was arrested for disturbing the peace at a picnic on Owl Creek and placed in that jail by Ben Friend. Friend was voted for also having arrested Jim Miller, the famous Oklahoma bandit, and Bill Cobb, Jim Lanham, whose mother was a Friend, served Friend's deputy. The story is told that while they were holding a man for Hamilton County, a mob came down to get him out of jail to hang him. Friend and Lanham heard they were coming and hid them in front of the jail. When they demanded the prisoner, Friend said, "He was here for safe keeping and I can't have him." When they began to pull their guns, Friend and Lanham pulled theirs and Friend said, "You can't kill us, but before we

die, many of you will." They turned around and rode off. Jim Lanham later became sheriff himself and was the officer that hung Leeper and Powell, the only two people ever hung in Coryell County. The court had sentenced them to die for highway robbery and murder.

But crimes and criminals in Gatesville were the exception and Gatesville has always been known for its interest in religion and the finer things of life. On the 12th day of November, 1854, the first sermon preached in Gatesville was preached in the Courthouse by a Methodist minister, R. B. Wells. On Jan. 11, 1855, the bishop visited Gatesville and the Methodist Church was officially organized with Wells as pastor and the following members:

D. R. Franks, Tabitha Franks, Mary E. Franks, J. L. Montgomery, Matilda Montgomery, Dr. F. H. Lutterloh, Joe Haynes, Sarah McElroy, Nancy Saunders, Lidie Pollard, L. M. Robinson, Sarah Robinson, T. H. Robinson, Rev. R. B. Wells, Mrs. Mary S. Wells, and Mary E. Wells.

A Baptist Church was organized in September, 1856. It was also organized in the Courthouse and its members were as follows:

Alfred Kirby, Mrs. A. K. Alney, Mrs. George Adams, Wm. H. Logan, Mrs. Wm. H. Logan, Mrs. John M. Brown, Mrs. M. O. Rogers, Jeff Bates, Mrs. Adeline Grant, Mrs. R. E.
