

Austin, June 7.—Texas is moving to clean up its insurance "mess."

A study of reform proposals has been scheduled by the Texas Legislative Council, with a special committee of legislators in charge of the project. Other state agencies will participate.

A. W. Worthing, executive director of the council, said that Lieutenant Governor Ben Ramsey has written to all insurance companies operating in Texas, asking for their cooperation in the study.

Sixty insurance companies have failed in Texas since 1939, Worthing said. The council will look at the records of these companies to see why they went bankrupt.

Another aspect of the council's work will be to examine Texas' insurance laws and recommend changes "to assure a sound and stable insurance industry."

Yarborough's Charges.
Ralph W. Yarborough, candidate for governor, charged that there had been "influence peddling" in connection with the insurance situation. Yarborough recommended:

"A complete investigation looking into retainers, bank accounts, expense accounts, income tax returns, and excessive personal expenditures of state government officials connected with insurance law administration in Texas."

Good Business.
Dr. John R. Stockton of the University of Texas Bureau of Business Research says that a trade decline is over and recovery has started.

Business activity rose two percent from March to April in Texas, Dr. Stockton found, representing "a recovery of approximately half of the decline from January, 1953, and January, 1954."
This finding indicates, Dr. Stockton said, "that the decline in business, which has been under way since the spring of 1953, is approaching an end."

Lots of Roads.
A construction program for 1955-1956, costing about \$211 million, was announced by the state highway commission.

It was the largest program ever approved in Texas.
Involved in the construction of 2,663 miles of roads, but said commission chairman E. H. Thornton Jr., "it can only eliminate a minor percent of the critical deficiencies of the (highway) system."

About \$43 million of the money will go for highways within cities. Thirty of the worst bridges will be repaired or replaced.

Political Scene.
State political campaigns opened up, with principal interest in the governor's race.

There, the contenders are incumbent Allan Shivers; Ralph Yarborough, Austin attorney; and J. J. Holmes, Austin contractor.

Yarborough opened up with a speech in which he talked about "the need for integrity in state government and a sound program for the advancement of Texas."

Meanwhile, Austin political observers heard reports from the Rio Grande Valley that national CIO leaders are going all-out in an attempt to defeat Shivers. These reports said that the CIO has put up \$250,000 to finance Yarborough and already has 300 paid workers in the field campaigning against Shivers.

Holmes, who is beginning to step up his pace in the race, says "I'm not mad at anybody. I just want to be Governor of Texas."

Lieutenant Governor.
Opposing Ben Ramsey for lieutenant governor were State Representative George T. Hinson of Mineola and C. T. Johnson Austin business man.

Hinson announced in favor of legislation which would require lobbyists to register with the state and force lawmakers to file a list of all the sources and the amount of their income.

Johnson plugged what he termed the need for "new men" to strengthen insurance laws for the protection of policyholders. Said Johnson: "It's interesting to see those who have been in a position for years and years to clean up the insurance mess suddenly get stirred up about it."

Brewster Starts.
Campaigning for the re-election of Few Brewster, associate justice of the Texas Supreme Court, began with the appointment of Franklin Spears of San Antonio as campaign manager.

William B. Carrow, Austin lawyer, heads up a statewide campaign committee. Brewster is opposed by Robert B. Keenan of Gladewater and Alfred M. Scott of Austin.

Executive Sessions.
State executive committees of both the Democratic and Republican parties will meet here June 14 to prepare the July 24 primary ballot and select sites for the September state conventions.
Republicans will choose a state chairman to succeed Alvin Lane who resigned. George Sandlin of Austin has been chosen Democratic chairman, replacing Wallace Savage, who resigned to run for Congress.

Park Visitors.
Four million people will visit Texas' parks this summer, says Gordon K. Shearer, executive director of the state parks board.

The number will be a record biggest year heretofore having been 1,952, when park visitors numbered 3,808,147. Various improvements have added to the attractiveness of the parks Shearer said.

Home Town Club Pays Tribute in Memoriam Of Deceased Members

Another milestone in the history of the Hico Home Town Club was reached with the meeting of that organization here last Friday and Saturday. This marked the seventh meeting since the celebration of the 50th anniversary of the class of '08 here in 1948.

Sponsored largely by Alsey Alford of Loving, N. M., these meetings have grown from a simple class meeting of a few members to a great list of over 40 old school friends.

The meetings were held in the Bluebonnet Country Club beginning with a business session on the morning of June 4 and culminating with dinner that night at Loudermilk's Cafe, and a farewell hour the next morning at the club house.

Mrs. Adah R. Jackson presided at the dinner with a few well-chosen words of welcome, which were followed by a response from Mr. John Tabor of Dallas.

A corsage was presented to Mrs. Feltie Yager as the first graduate with the love and esteem of all the succeeding graduates.

This was followed by a brief memorial service in honor of several members whose deaths had occurred during the year. Herbert Sellers gave a tribute to two early-day Hico boys, Tom and Thad Grace, who had achieved success and distinction each in his own way. A letter, written by Mrs. Leona Morris in memory of Mrs. Minta Rodgers Cupp, a devoted classmate and a loyal friend and supporter of the club, was read. Also a tribute was paid to the memory of Frank Wiseman whose absence was deeply felt.

Cards and letters of thanks and appreciation were also read.

Then followed short talks by each of the guests, many of them recalling amusing and interesting events in the life of Hico.

Mrs. W. A. Cox read excerpts from letters written by Mrs. Tom Christopher recalling happy school days. Ray Ridenhower told an amusing story about the fame of Hico in other states.

The meeting was closed by Mrs. Jackson, with the hope that the group might have many more happy meetings.

Those present from out of town for the annual meeting were the following:

Mr. and Mrs. John Tabor, Mrs. W. A. Cox, Dallas; Ernest Barrow, C. H. Hooker, Fort Worth; Mr. and Mrs. Olin Ridenhower, Junction; Mrs. J. F. Emonds and Miss Donna Edmonds, Dublin; Ben Barrow, George White Barrow, Houston; Mr. and Mrs. Alsey Alford, Loving, N. M.;

Also Mrs. Bertha Fuller McDermott, San Angelo; Mrs. Helen Williams, Mrs. Laura Fuller, Duncan, Spurr; Mrs. Feltie Weaver Yager, Miss Nina Grace, Abilene; Mr. and Mrs. Tom Burnside, Lamesa; Jim McKinney, Weatherford; Mrs. Perry Maxwell, Hamilton; Mrs. Joe Smith and W. F. Hooker, Stephenville.

They were joined here by the following from Hico: Ray Ridenhower, Mrs. Adah Jackson, Miss Nettie Wieser, Mr. and Mrs. L. N. Lane, Mr. and Mrs. Will Autrey, Mr. and Mrs. J. N. Russell, Mr. and Mrs. J. P. Rodgers Jr., Herbert Sellers, Mrs. Bob Duncan and Mrs. Harry Gleason.

LARGE ATTENDANCE GREET NEW PRESIDENT OF LIONS AT WEDNESDAY'S MEETING

Lion Wayne Rutledge, officiating at his first regular meeting Wednesday at noon, told the club that committee appointments would be read at the meeting next week. Other newly installed officers carried out their duties also.

First meeting of the new directors is set for the first Tuesday in July.

M. I. Knudson announced that four booth spaces at the livestock pavilion were still available for the Annual Reunion in August.

Present with 21 members were five guests: Bill Shannon of Stephenville, Bill Speed of Fort Worth, C. F. Bell of San Antonio, A. Smith of Dallas, and P. W. Hamilton.

OPTIMIST . . . Wm. McChesney Martin, Federal Reserve Board chairman, told Congress "the consumer is no longer forgotten man," and said his attitude on nation's economy is "cautious optimism."

June Is Dairy Month

MILK COSTS YOU LESS: Above, Miss Reggie Dombek steps on a "ladder of milk" to present the history of more milk for your money. In 1953, the average industrial worker's pay for an hour bought 7 1/2 qts. of home-delivered milk. In 1939, an hour's pay purchased only 5.2 qts. In 1929, milk is even cheaper. Daniel M. Dent, national chairman for June Dairy Month, says: "Milk and milk products are tops for taste, health, and economy."

Double Header Set For Little League Tonight at Stadium

The first night game of the series planned during the summer for boys on the Little League baseball team in Hico is scheduled for tonight (Friday) at 8:30 p. m., according to announcement from Fred Red Harris, co-manager of the team.

The public will be admitted free of charge to the double-header, which will be played at the Tiger football stadium.

Last Sunday afternoon, the boys met their first competition with the Iredell team and were defeated.

The older boys, ages 13 to 14, will play a similar game from Clifton. The boys aged 9 through 12, coached by Sherman Roberson, will play the young league from Hamilton.

Harris said that they anticipated having the uniforms in time to play this game. He expects that all their games will be double-headers, and admission will continue to be free.

School Board Takes Action

Three men have been appointed on a committee to oversee activities at the football stadium, during the time it is used for the baseball games.

This committee was appointed as a result of a meeting of the Board of Trustees of Hico Independent School District held at the office of Supt. O. C. Cook last Friday night, at which time Roberson and Harris met with the board to ask permission to use the stadium.

After granting permission, the board recommended a committee to be composed of one man from the school board, one appointed by the Chamber of Commerce, and one man appointed by the Chamber of Commerce. The following men have been selected: Grady Hooper, to represent the school board; S. W. Everett, from the Lions Club, and M. I. Knudson, appointed by the Chamber of Commerce.

BV League Reaches Climax as Season Passes Halfway Mark

Sunday's game wound up the first half of the season for Bosque Valley League, with Hico clinching second place by defeating Glen Rose 6 to 1.

Dublin won over Iredell, 8 to 6, making a total of nine wins out of ten games played. Alexander won over Gorman 11 to 7.

Sunday is open date for make-up games, and there will be only one game played which will be Alexander at Gorman to make up a rained-out game. This leaves Alexander with one other game to be made up—with Iredell—which will be played if necessary at a later date.

The second half of the season opens Sunday, June 20 and will find Alexander at Hico, Gorman at Dublin, Iredell at Glen Rose. This is the half that really causes enthusiasm. Don't miss these games.

STANDING:

Team	GP	W	L	Per.
Dublin	10	9	1	.900
Hico	10	7	3	.700
Glen Rose	10	6	4	.600

JOINS MP BATTALION

Tokyo—Army Sgt. John H. Loudermilk, 21 son of Mr. and Mrs. Henry S. Loudermilk of Hico, recently joined the 72nd Military Police Battalion in Tokyo.

Loudermilk is a cook in Company A of the battalion which operates patrols in the world's third largest city and aids its civil police in cases involving American personnel or property.

Sergeant Loudermilk entered the Army in May 1951 and served with the 812nd Army Unit in Japan before his present assignment.

MADE A RECENT CHANGE

Cpl. Bobby Ratliff, son of Mr. and Mrs. J. B. Ratliff of Hico, has been transferred from Pusan to Seoul, Korea, according to information received by his mother. He is serving as dental assistant in the medical detachment.

TO CALL FOUR IN JULY

A report from Mrs. Lillian H. Roach, clerk of Texas Selective Service Board at Gatesville, reveals that the board has received notice of July induction call for four men to report July 14.

Also the board has notice of physical examination call for 20 men to report July 14, Mrs. Roach stated.

Applications Sought From Ladies Interested In Garment Factory

Women who have had experience in working in garment factories are requested to sign applications Saturday afternoon at B & R Department Store, according to an announcement from Weldon Pierce.

Pierce reported that he had contacted Oscar Drake, manager of W-J-B Corporation, with general headquarters in Dallas, and Drake asked him to bring the applications to Dallas Tuesday.

No definite information has been received on the possibility of locating this factory in Hico, but Pierce said the subject will be discussed at a civic club meeting next week when he expects to show a film on the subject. He also said that ladies can sign up Monday if they are not in town Saturday.

RECEIVES DEGREE

Mrs. Pat Murphy, daughter of Mr. and Mrs. James Sparks of Hico, and her husband have moved from Waco to Fort Worth.

Murphy received his bachelor of arts degree from Baylor University on May 28, and has enrolled in the Baptist Theological Seminary as a ministerial student for the fall term.

Mrs. Murphy has accepted a position as bookkeeper at the Fort Worth National Bank, and she plans to attend the seminary also.

Local Talent Presented On Program for State Nurses' League at TSC

Young ladies from Hico entertained members of the Texas League of Licensed Vocational Nurses at their third annual convention held at Tarleton State College in Stephenville last Friday and Saturday. The program Friday night, presented by the Tri-County League for the entertainment of out-of-town nurses and guests, was given by young Misses Judy Griffiths and Judy Beth Moore.

A reception was held at Gough Hall reception room the first night with President E. J. Howell welcoming the nurses and inviting them to use the facilities of the college in any way they might wish.

Registration began at 8:00 a. m. Saturday for that day's meeting. A welcome address was given by Dr. Vance Terrell of Stephenville, with the response given by Mrs. Leola Harrell of Lubbock, the first president of the State League.

Mistress of ceremonies was Mrs. Judy Forbes, president of the Bell County League, Temple. Dr. J. B. Brown of King's Daughters in Empire was an honored guest at the meeting.

Guest speaker, Dr. G. E. Waggener of Tarleton College, was introduced by President Howell. His topic was "Social and Personal Preparation for Better Living."

A short talk was given by Dr. J. C. Terrell of Stephenville Hospital.

The group was entertained for a short period before the lunch hour by Rev. Ernest Rippetoe of Stephenville, who presented some of his Vacation Bible School pupils in a song fest.

The accident occurred while Mrs. Donnell was sleeping. Although her husband received only slight injuries, and her son was unharmed, she was killed instantly. The following account of the accident was told in a report from Seymour carried in the Fort Worth Star-Telegram:

"An object protruding from an oncoming truck, which caused Dr. Ralph E. Donnell of Plainview to swerve his car near here Sunday night, was blamed for the death of Mrs. Donnell.

"The car went into a ditch and overturned. State Highway Patrolman George Leedy said the truck did not stop.

"Dr. Donnell and his son Woodie, 8, suffered minor injuries.

"The Donnells had been visiting in Dallas and were returning home when the accident occurred on State Highway 196, a mile east of Seymour, about 8:10 p. m."

Funeral services were held at Lamar and Smith Funeral Chapel, with interment in Laurel Land, Dallas.

Golden Ross Donnell was the daughter of Mrs. Ruth Ross, now of Dallas, and the late Lon T. Ross, who was for many years a watchmaker and jeweler in Hico. Born March 2, 1923, she attended public schools in Hico, where she was an outstanding student and was selected for a number of beauty honors. Her blond beauty, flawless complexion and sweet, reserved personality were attributes that caused her classmates to nickname her "Angel" during their early years in high school when they organized the Bursday Thurper club.

A well-rounded student, Golden was drum major of the Hico school band during the early years of its organization, and was among the top honor students in her graduating class of 1941. She worked for a while at Wiseman Studio before going to Dallas, where she attended Southern Methodist University, and was later employed as stenographer.

On April 14, 1945, she was married to Dr. Ralph E. Donnell, Jr., and they continued to make their home in Dallas for several years before moving to Plainview, where he continued his medical practice.

Surviving are her husband and son, Ralph E. (Woodie) Donnell III, her mother and three sisters, Mrs. Elizabeth Wilhelm and Mrs. C. H. Rierson, both of Dallas, and Mrs. Howard Perkins, Fort Worth.

Those from Hico who attended funeral services were her aunts and cousins, Mrs. Watt Ross and Don, Mr. and Mrs. Morse Ross and Carol and Mr. and Mrs. Goodwyn Phillips.

District Governor Addresses Lions, Ladies and Guests at Installation of New Officers

The school lunchroom was the scene last Thursday night for the Hico Lions Club's annual ladies' eight banquet and installation of officers. An attendance of 52 included Lions, their ladies and guests.

An excellent meal was prepared and served by the regular lunchroom attendants under the supervision of Mrs. E. Slaughter. The committee in charge of arrangements was composed of R. B. Jackson, M. I. Knudson and Odie Petsick.

Claudia Hafer, Judy Jameson and Linda Duncan entertained delightfully with tap and ballet dance numbers, which brought applause for encores.

O. C. Stamey of Cisco, Lions District 2E, Governor, served as installation officer after delivering an impressive talk on Lionism. This was the district governor's third official visit to Hico, and he told of the object of Lionism, "Helping people to help themselves." There are a half million members scattered over 57 geographical locations in the world, and the organization has grown tremendously since it was formed in Texas in 1917.

Lion Stamey called attention to the excellent job Lions are doing, and especially commended the local club for its accomplishments. He said he had enjoyed the pleasure of installing the outgoing president, Harold D. Walker, a year ago, along with Secretary Conda Salmon, whom he described as two of the best officers in his district.

His address closed with repetition of the three-fold challenge of Lionism: A vision to see, a faith to believe, and a courage to do.

Perfect attendance pins were presented to Walker, Sam Everett and Odie Petsick, the latter having earned that honor for the second year in succession.

R. B. Jackson was installed as Lion Tamer, and J. B. Woodard as Tailwaster. S. B. Starnes became third vice-president, Edgar Bulloch second vice-president, and Milburn Knudson first vice-president. New directors are Dr. H. V. Hedges, Odie Petsick and Grady Hooper. Ray Check is the new secretary-treasurer.

In turning over the gavel to the new president, Wayne Rutledge, the retiring president expressed appreciation to the officers and members who had tendered such excellent support and cooperation during the past year. He was presented with a president's pin.

At the end of the ceremony the visiting official admonished the newly installed officers of their responsibilities, and predicted a bright year ahead for the local club, as well as an interesting one. The latter forecast was immediately proved true when Tailwaster Woodard fined President Rutledge. He turned in \$2.13 in fines for his first meeting.

Nine guests attending included Mr. and Mrs. Stamey of Cisco, Mr. and Mrs. Bert Schrank of Hamilton, Mr. and Mrs. Jim Jameson and Judy, and Mrs. Buster Duncan and Linda.

Others present, including Lions, their ladies and visitors, were: Mr. and Mrs. R. B. Jackson, M. I. Knudson and Butch, Mr. and Mrs. Conda W. Salmon, Mr. and Mrs. Harold Walker, Mr. and Mrs. J. B. Woodard, Mr. and Mrs. D. E. Bulloch Jr. and Connie, Mr. and Mrs. S. W. Everett, Mr. and Mrs. Grady Hooper, Mr. and Mrs. L. J. Chaney, Mr. and Mrs. Odie Petsick, Mr. and Mrs. O. C. Cook, Mr. and Mrs. T. A. Randsale, Dr. and Mrs. H. V. Hedges, Mr. and Mrs. J. P. Neel, S. E. Blair Jr., Mr. and Mrs. Wayne Rutledge, Dr. and Mrs. W. Hafer and Claudia, Mr. and Mrs. W. R. McPherson Jr., Mr. and Mrs. W. C. Howard, Mr. and Mrs. W. M. Horsley, Roland Holford and Carolyn Holford.

Golden Ross Donnell Meets Untimely Death In Auto Accident

Funeral services were held Wednesday morning at 10 o'clock in Dallas for Mrs. Ralph Elwood Donnell, the former Golden Ruth Ross of Hico, who met an untimely death in an automobile accident Sunday at dusk. She and her husband and eight-year-old son Woodie were returning to their home in Plainview after visiting in Dallas with her mother and sisters.

The accident occurred while Mrs. Donnell was sleeping. Although her husband received only slight injuries, and her son was unharmed, she was killed instantly. The following account of the accident was told in a report from Seymour carried in the Fort Worth Star-Telegram:

IN YOUR POCKET 2 WAYS

TEXO FEED Tags Are Worth Real Money. You Save Up to \$2.00 a Ton on Your Feed Bill.

It's here! The biggest money-saving plan in feeding history — TEXO FEEDER DIVIDENDS! And it's all so simple. Every TEXO FEED tag has a value of from 5c to 10c per 100 lbs. (depending upon the type of feed). When you have saved a minimum of \$1.00 or more in TEXO FEEDER DIVIDEND tags, send the lower half of each tag to the address shown on the tag. Burrus Feed Mills will then issue a check for the total value of the DIVIDENDS you send in, payable jointly to you and the TEXO Dealer you specify and is redeemable at your TEXO Store for additional Burrus Feed Mills products.

Think of it! That's a real, honest-to-goodness saving of \$1.00 to \$2.00 a ton . . . and that ain't hay! But just wait 'til you see the dividend you get in results!

Remember, only TEXO offers you TEXO FEEDER DIVIDENDS . . . dividends in savings . . . dividends in results. Start saving TEXO FEED tags today and start getting more results from every feeding dollar.

TEXO FEED Is Proven by Feeding Results. You Get More Results from Every Feeding Dollar.

The real pay-off is in results . . . and TEXO tops 'em all in results. Why? Every TEXO FEED is carefully compounded to meet nutritional requirements of livestock and poultry. But this laboratory research is only the beginning. The second step in the development of TEXO FEEDS is practical field research where TEXO is fed under average feeding conditions when the emphasis is placed on performance. Then and only then, is any TEXO FEED placed in your TEXO Store. That's why you know that you can count on TEXO for results. It's proven in the laboratory . . . proven in performance.

Yes, the pay-off is in results . . . results that mean more dollars in your pocket. We invite you to try TEXO. Feed it! Compare it! Then you'll know why thousands of Southwestern feeders are turning to TEXO.

"You'll be way ahead when they're TEXO fed!"

From where I sit... by Joe Marsh

Wise Stepmother

Have you heard about young Skeeter Roberts' unusual pet, the tame owl "Blinky"? He had her about three years.

I say "her" because up to a couple of weeks ago nobody was quite sure. But now "Blinky's" a mother—of two chicks!

Seems "Blinky" had been acting kind of strange—so on a hunch, Skeeter put a couple of hen's eggs in her nest. Darn if "Blinky" didn't set on them for 5 days! Last Friday they hatched, and now "Blinky's" as proud as a mother hen. (So's Skeeter.)

From where I sit, there's a lesson for all of us. Guess you'd call it "tolerance." Birds and animals often seem to do better in that respect than humans. If I like a glass of temperate beer with supper and you'd rather have cider—it should be okay with both of us. Neither of us should give a "hoot" what the other fellow likes, says, or does, as long as he follows the law of the land. Right?

Carlton
 By Mrs. Fred Geyer

CARLTON HOMECOMING
 Carlton's Eighth Homecoming, May 31, was attended by a large crowd and everyone enjoyed the day together. The program was opened with a song, followed by the devotional, given by Rev. Bill Campbell, Baptist pastor. Rev. John Norris, Methodist pastor, gave the welcome address.

It was voted to change the date of the Homecoming to July 4, 1956. Officers re-elected were J. W. Jordan Sr. and Mrs. Fred Geyer, secretary-treasurer. Fritz Campbell was elected vice-president.

At the noon hour a bountiful feast was spread, including barbecue and iced tea. The afternoon was spent in conversation and music furnished by Johnny Robinson of Gustine and his musicians.

Out of town visitors who registered were: Mr. and Mrs. Jim Martin, Vista, Calif., formerly of Palm Rose; Mr. and Mrs. Wilbur Woods, Morton; F. M. R. L. BRIMER

Funeral services were held in the Methodist Church Thursday afternoon at 3 o'clock for R. L. Brimer, who passed away suddenly Wednesday afternoon at his home in Carlton. Rev. John Norris, Methodist pastor, conducted the services, assisted by Rev. Bill Campbell, Baptist pastor.

Robert Lee Brimer was born Feb. 24, 1871, in Jacksonville, Ala. At the time of his death he was 83 years, 3 months, and 6 days of age. He came to Texas at the age of 21. On July 21, 1904, he was united in marriage to Miss Eula Hill of Carlton. To this union was born five sons, Master Sergeant R. L. Brimer Jr. of Foul, France; J. W. Brimer, Keslo, Washington; Cheate Brimer, Houston; Woody Brimer, Englewood, Calif.; and Kenneth Brimer of Houston. Other survivors are his wife and six grandchildren. Many other relatives and dear friends mourn his passing.

J. W. and R. L. Brimer were unable to attend their father's funeral. Burial was in the local cemetery. Pallbearers were Thomas Williams, George Driver, Charley Coor, Lenard Weaver, Otho Stuckey and Jim Pierce.

Washington

"As It Looks From Here" by OMAH BURLISON, Congressman 17th District

Washington, D. C., June 8.—A number of people have written me requesting a complete copy of the secret letter carried by Chou En-lai, second in authority in Communist China, to Malenkov of Russia in March, 1953.

By reason of the Army-McCarthy hearings which are now in their fourth week, seemingly there are those who think nothing else is going on in Washington.

Several resolutions have been introduced in the House of Representatives to change the Pledge of Allegiance to the Flag of the United States.

There is a vast difference between flood prevention and flood control. Flood control is an effort to harness water after it has reached the big rivers and creates flood conditions downstream.

Our efforts received somewhat of a blow this past week when a subcommittee of the Congress adopted an amendment which would give the Army Engineers veto power over the Department of Agriculture in constructing small dams and reservoirs on the tributaries of main streams.

We hope to have these restrictions removed when it reaches the Full Committee on Public Works or when it reaches the Floor of Congress.

Listen as the Redbird Rambles By Carolyn Holford

HISTORY... of the little triangular park mentioned heretofore in this column has been unraveled after talking with various members of civic clubs and old-timers who have observed the park from time to time.

Several years prior to that, however, the property was deeded to H. F. Sellers as mayor of the City of Hico, and to his successors in office.

At the time the property was donated, we understand that there was a verbal agreement that the Review Club would maintain these premises.

The above is a 16-year history of the park, as near as can be recalled. The Redbird is indebted for this information to persons too numerous to mention.

PASSED THE TEST... Yes, that's what the Boy Scouts did on their camping trip last Thursday and Friday nights.

While eleven boys were camped out on the Bosque River on the Bob Lewis place, one of them went down to the water and was greeted by one of the permanent inhabitants.

In no time at all, they had frozen the place, cut the wound and drawn the blood, applied a tourniquet, all according to their Boy Scout lesson which they had studied only a few weeks before.

Scoutmaster Weidon Pierce said he had wondered if the boys really had learned the lesson well, and after they had a chance to demonstrate it, he was plenty proud of them.

There's danger of both fire and falling when electric cords are placed under rugs.

Fishermen Urged to Cooperate Fully With Current Creel Census

Austin, June 1.—Texas freshwater fishermen are being recruited by aquatic biologists to advance a creel census as a key factor in fish improvement projects at several large lakes.

The Chief Aquatic Biologist said dozens of fishermen are being checked each month, mainly by field men operating at the landing docks. The checks at Caddo Lake near Marshall necessarily have to be made on the highway.

The anglers are asked to permit their catch to be counted and measured and to tell how many hours it required to make his catch. Length-weight curves have been compiled on the various reservoirs under study.

Such curves, made several years ago, reveal that a two-pound bass from Possum Kingdom would be 13 1/2 inches long; or 16 inches long on Medina Lake; 17 inches on Lake Travis; and 15 1/2 on Texoma.

The variations in weight on the creel census basis themselves provide the field men with data in their study of condition factors, and thus accelerate plans to strengthen food sources in the lagging lakes.

The creel census is designed to determine the catch of fish per man hour; type of fish caught; and a combined total of annual fish production on the lakes being studied.

Lakes now being used in the creel census are Devils Lake, near Del Rio; Medina near San Antonio; Lake Travis near Austin; Navasothly and San Angelo near San Angelo; Whitney near Hillsboro; Caddo near Marshall; and Lake Corpus Christi at Mathis.

The Chief Aquatic Biologist said other lake areas will be checked later as additional phases of the state-wide fish management program are put into effect.

YOUR SENATOR REPORTS

COMMUNIST PATTERN: It seems clear that the communist aggression in Indo-China and the shipment of Iron Curtain arms to Guatemala are pieces of a pattern—a pattern designed to keep the United States off balance in the months ahead.

COURSE OF ACTION: Obviously, we cannot police the whole world. American soldiers cannot act as fire brigades rushing to stamp out flames spurring up at isolated corners of the globe.

WE have to pick and choose. We must select the ground upon which we will stand—and know clearly just who will stand with us.

HARD TASK: Our foreign policy is a complicated network of alliances, pacts and understandings which have been put together in the last few years.

REASON TOGETHER: We need to recall and act upon the Biblical injunction from Isaiah: "Come

now and let us reason together." As Americans, we have our agreements and our disagreements. Regardless of that, I am convinced practically all Americans hold one objective in common.

Most Americans, I am confident, want these things for themselves. I believe they also want them for their fellow-Americans.

TEXAS TIN SMELTER: The Senate acted favorably on my two resolutions expressing the sense of Congress that the Texas City tin smelter should remain in operation at least until June 30, 1955.

SOME 65 per cent of the free world's tin comes from Southeast Asia. We cannot depend with confidence upon that source of supply.

SOCIAL SECURITY: In revising the Social Security program, I certainly do not favor extending coverage on a compulsory basis to members of the medical profession.

MILO MAIZE: Producers of milo maize in South Texas face a serious storage problem. Out-of-State wheat, under Government loan, is using most of the existing storage facilities in Corpus Christi and the surrounding area.

THE result is that the milo maize producers have no place to warehouse their bumper crop. They are faced with the necessity of having to sell of the current market, which would cause them serious loss.

I am doing everything I can to get the Agriculture Department to move out the wheat—most of it from Oklahoma—so that our own farmers will not be penalized in this fashion.

THE STARS

WHY do comedians laugh at their own jokes? This is an un-failing habit which can be traced back to radio but it's even worse now on television when you see them laugh as well as hear them.

There have been two particularly pointed quotations on this subject by far greater people than this columnist so I respectfully submit them to comedians gratis if they promise to study them.

PLATTER CHATTER: COLUMBIA: The best version of "Woman" is by far Jose Ferrer's with his charming wife, Rosemary Clooney taking on "Man on the Hip side... Real cute... Felicia Sanders does a marvelous job on that beautiful lullaby.

REVERSE has "For Sale, One Broken Heart," probably more commercial but we personally favor the lullaby... CAPITOL: "Rosita" is revived in fine fashion by Freddie Chapman.

REASON TOGETHER: We need to recall and act upon the Biblical injunction from Isaiah: "Come

Mrs. Billy Byrd and daughter, Karon Sue accompanied her husband back to Fort Worth Sunday, where he is employed, and visited the first of the week with her mother, Mrs. Jessie Ellington and with her sister, Miss Mary Nell Ellington.

Wedding Vows Said Friday by Patsy Little And Harold Prater

Mr. and Mrs. Harold Glen Prater are at home at 1318 Sixth Avenue, Fort Worth, after a beautiful wedding ceremony performed in the home of the bride's parents, Mr. and Mrs. Chock Little, Friday evening at 8:00 p. m. The bride is the former Miss Patsy Ann Little. Parents of the bridegroom are Mr. and Mrs. J. C. Prater.

Rev. D. R. McCauley, pastor of the First Methodist Church in Hico, read the double ring ceremony before a group of 30 friends and relatives.

Miss Marlene McLendon was maid of honor, attired in a pink organdy dress with a corsage of white carnations. Bridesmaids were Miss Shirley Prater, sister of the bridegroom, and Miss Jean Sherrard, and they both wore light blue dresses with corsages matching that of the maid of honor.

The bride, given in marriage by her father, wore a ballerina length dress of white embroidered nylon, with a high collar and cap sleeves. Her shoulder-length veil was caught to a cap sprinkled with roses. She carried a white Bible, given to her Mrs. H. W. Sherrard, and her flowers were blue carnations with blue streamers.

The bridegroom and his best man, Bill Jones of Cleburne, both wore blue suits.

The living room was attractively decorated with pink gladioli. After the wedding a reception. The dining table was very pretty with a centerpiece of yellow gladioli. The wedding cake of three tiers, topped with miniature bride and groom and decorated with white rosebuds and doves, was baked by the bride's aunt, Mrs. Jim Little of Stephenville.

Misses Peggy Warren and Linda Cox presided at the punch bowl, and cake was served by Mrs. Sherrard. Mrs. Jimmie Wood registered guests at the bride's book.

Mr. Prater is a graduate of Hico High School, and will complete requirements for his degree in business administration at the University of Texas next year, while Mrs. Prater plans to complete her studies at Hico High School, where she will be a senior next year. She formerly attended Fairly Public Schools. Mr. Prater was formerly a student at Tarleton State College, before attending the University.

Brunsons Observe Golden Wedding Anniversary Sunday

In observance of their golden wedding anniversary, Mr. and Mrs. C. W. Brunson were honored at an open house from 1 to 5 o'clock Sunday afternoon at their home in Hico.

Mr. Brunson and the former Miss Julia Grimes were married June 5, 1904, at the home of the bride's parents, Mr. and Mrs. M. D. Grimes, near Fairy. They spent all of their married life in the Fairy community until Mr. Brunson's retirement from farming a year ago, when they moved to Hico.

Mrs. Brunson is a native and lifelong resident of Hamilton County. Her husband, a native of Kansas, came to Fairy when he was nine years old.

The Brunsons have three children, Mrs. Vernon Chew of Hico, Mrs. Herman Sills of Fairy and David Brunson of Morgan, and nine grandchildren.

Leona Smith Wed To Bobby J. Wolfe In Fort Worth Rites

The marriage of Miss Leona Smith and Bobby J. Wolfe was solemnized at the Harmony Baptist Church in Fort Worth last Saturday, June 2. Parents of the couple are Mr. and Mrs. D. E. Smith of Hico and Mr. and Mrs. T. T. Wolfe of Woodson.

Rev. Raymond C. Marks was the officiating minister. He is pastor of the Harmony Baptist Church. Attendants of the couple were King B. Ferguson and Miss Frances Ferguson, both of Fort Worth, friends of the couple.

The bride is a student of Hico High School and was greatly admired here by her teachers and classmates. Their friends wish them a long and happy wedded life.

Mr. and Mrs. Wolfe will reside in Fort Worth, where the bridegroom is employed. He recently received an honorable discharge from the armed forces.

Helping Hand Class Has Regular Meeting At Methodist Church

The Helping Hand Sunday School class of First Methodist Church met at the church for a class social and business meeting recently.

The class was called to order by the president, Mrs. Annie Waggoner. After the business meeting the meeting was turned over to the program committee.

A very interesting Bible story was given by Mrs. D. R. McCauley. A delicious salad plate was served by the hostesses, Mrs. Annie Waggoner, Mrs. George Stringer and Mrs. John Haines, to the following members: Mrs. Andy Jordan, Mrs. Tyrus King, Mrs. Ruby Williams, Mrs. Nettie Meador, Mrs. Tom Strepy, Mrs. John Rusk and Mrs. McCauley.

MARVIN MASON PHILLIPS
Marvin Mason Phillips was born Sept. 3, 1902 at Gladewater, Texas, and died June 2, 1964 in Iredell at his home with a heart attack.

He was married Feb. 13, 1928, and was a member of the Iredell Baptist Church and was a regular attendant. He was a prosperous farmer. He and his wife had lived here for 11 years. He had many friends. They lived south of town. He was in bad health for some time. He is missed by his wife and daughter and his friends.

The funeral was held June 3 in the Iredell Baptist Church at 2:30 p. m. Rev. Ellis brought the message in the presence of a large crowd of relatives and friends. The floral offerings were large and beautiful. I failed to get the pallbearers.

Interment was in the Gladewater Cemetery, Barrow-Rutledge Funeral Home of Hico had charge.

He is survived by his wife, Mrs. Florie Phillips, one daughter, Mrs. Beverly Pylant of Harlingen; four sisters, Mrs. Marjorie DuPre of Dallas, Mrs. Mae Sherman, Gladewater, Mrs. Daphne Eason, Abilene, and Mrs. Lillian Barcus of Fort Worth; one brother, Mr. Frank Phillips of Gladewater; one grandson, Kris Mason Pylant, Harlingen. He was preceded in death by a son, Baby Marvin, his parents, one sister and one brother. Mrs. Phillips and other relatives have the sympathy of their friends in the loss of their loved one. He is gone but not forgotten.

Mr. and Mrs. Earl Behringer and children spent the past Sunday and Monday in Fort Worth with his parents. Kenneth remained for a longer visit. Jimmie spent the week in Walnut Springs.

Gene won the Drs. J. C. and Vance Terrell scholarship for being the third honor student of his class, having had an A average for his four years in high school.

Fairy

By Mrs. Eunice Massengale

Nine p. m. Monday. Hello folks. We venture to say many of you readers have retired for the day and we too would like to, but since we're running a race with the weatherman, trying to finish up some hoing before he sends us that good rain, we want to have this job off our hands and be ready to take off early in the morning.

Yes, we're needing that good rain and have some indications of rain tonight. There is some quiet ready, while a few farmers are waiting on combines. Some farmers have got in the grass with row crops, due to being busy with the grain harvest. The ground is drying out fast, since we have had extremely high winds the past few days.

Mr. and Mrs. Charles Price, Cheryl and Ronald of Austin visited from Thursday until Friday with her parents. Mr. and Mrs. P. L. Cox, Cheryl remained for an extended visit with her grandparents.

There is quiet a bit of activity going on up on the school grounds, since contractors have started work on the school building and remodeling project.

The writer attended singing at Evergreen southeast of Hamilton Sunday afternoon, accompanying the A. H. Sumerfords from Hamilton. After singing hours the writer visited in the Willis Ogleby home in Hamilton. Sorry to report Mrs. Ogleby seemingly unimproved. We sincerely hope by this writing she is feeling much better.

On our return home from Hamilton Sunday we picked up a lad some 13 years of age or older, who was headed east on Highway 22 a few miles out of Hamilton. It is not our custom to pick up hitchhikers, even though we would like to many times, but judging from his appearance we thought he probably lived only a few miles down the highway, but after learning he was from Waco we didn't feel so secure. We inquired if he had been successful in thumbing rides and he stated he was in coming up but hadn't been on his return. He didn't state where he had been.

We explained to him of why travelers were afraid to pick up strangers and the innocent or harmless, have to suffer because of the many thefts and crimes committed by hitchhikers. We had a thermos jug in the car and thought we would offer him a drink of water when we got to the destination of his ride. Just before reaching the intersection where he would get out, he stated if he had any money he would get him something to eat when he reached Cranfills Gap. We gave him change for a meal and last saw him through the rear-view mirror of our car placing that change in his pocket. After we got a mile or so up the road we thought of that drink we intended to offer him and also a piece of cake which our good friend, Mrs. Sumerford had brought us. Well, we've thought of the little fellow today and wondered what luck he had in getting to Waco and too, we wondered if he had living parents and if so, why he was allowed to be out hitchhiking penniless.

Then too, we thought of an article in our county paper last week which stated a negro from Ballinger was in Hamilton soliciting funds to build a negro church in Gatesville. He was carrying a letter of authorization supposed to be from the church and was doing alright until he called at one of the drug stores and the pharmacist, who had formerly lived at Ballinger recognized him and called the sheriff. After spending a night in jail and paying a \$250.00 fine, he spent the next day refunding some fifty dollars he had collected from local people. It was learned he had collected about \$400.00 in this manner for his so-called church project. "Jes working for de Lawd."

We want to remind you again of that card and letter shower honoring our good friend, Mrs. J. J. Leeth of Hico on her birthday June 18, which will be Friday of next week. As stated last week, she is in her 94th year and has been bed-ridden for several years due to a hip injury. She will appreciate hearing from her many friends, or anyone who would care to write.

Several from here attended open house at the C. W. Brunson home at Hico Sunday honoring the couple on their golden wedding anniversary. They formerly resided near Fairy and still attend church here. Members of the Church of Christ presented them with a beautiful set of dishes. They received many nice and useful gifts.

Mr. and Mrs. Waynand Allison and Johnny of Baytown are spending a portion of his vacation period visiting his parents, Mr. and Mrs. Edd Allison and in Fort Worth on Sunday visiting in the home of his sister, Mr. and Mrs. Edwin Selheimer and family where a family get together was held. Others present were the parents, Mr. and Mrs. Edd Allison, Fairy, Mr. and Mrs. D. E. Allison, Darel and Mrs. Wayne Pittman, Dublin, Mr. and Mrs. George String-

er and family, Hico, Mr. and Mrs. Toxie Dell Allison, Fort Worth. Those unable to attend were Mr. and Mrs. Della Seago and Sherry, Waco (Mrs. Seago was ill), Mr. and Mrs. Pat Patterson and family, Dallas, and Mr. and Mrs. Guy Hart-graves and Mary Lou of Bishop. The Waynand Allisons plan to visit again in Fort Worth this week before returning home. All carried a basket lunch Sunday and enjoyed a bountiful lunch together.

Mr. and Mrs. Porter Hargus and family of Carlsbad, N. M., are visiting during his vacation period with her parents, Mr. and Mrs. A. J. Miller.

A large crowd was present for dedication services of the new Agee Baptist Church Sunday. All brought a basket lunch, which was spread under the tabernacle. Mr. and Mrs. Edd Allison were in Waco one day last week visiting in the home of their daughter, Mr. and Mrs. Della Seago and Sherry.

Mr. and Mrs. Leonard Lively of Hico were out on Memorial Day, placing flags at the tomb of all ex-soldiers at the Fairy cemetery. These were Russell Lee Anderson, Lloyd Akin, Jesse A. Massengale, Sammie Davis, Jesse Gann, Sam Battershell, Capt. Fort, Ashbury Simpson, Harvey Houston, Edred Proffitt and Arthur Moore. Seems they ran short of flags however, since the latter three did not have the new flag, but the flags of last Memorial Day were still waving. Thanks to the American Legion for your service and thoughtfulness.

We promised a list of the pupils winning letter F awards, but since we did not find it in drop box as promised us by the superintendent, we will try again next week. We will have to excuse him since he is so tied up in all that remodeling around him.

Mrs. W. E. Goyno and daughters, Misses Lynda and Wilma Grace returned home last week from Dublin where Mrs. Goyno has been a member of the school faculty. Miss Grace is now in Fort Worth where she has employment following closing of her classes at Tarleton State College. Lynda is taking a summer course in home economics at the Dublin school.

Tuesday morning, Well, the weatherman won after our late hours last night and brought us a very good rain of about 8 to 1 inch precipitation, which will be very beneficial to row crops and grass lands.

Mr. and Mrs. Elzie Lee Parks and Mr. and Mrs. Milford Miller and Ronald Keith, all of Fort Worth visited during the week end with Mrs. E. E. Parks and Audie. The Millers also visited with his parents, Mr. and Mrs. A. J. Miller and sister and family, Mrs. Porter Hargus and family.

There is a century plant budding to bloom at the tomb of Malcom Grimes in the Fairy Cemetery. If there are those who have never seen one in bloom, it might be that they would like to see it some time in the next few days.

TO MARRY TONIGHT

MISS JO ANN MCCOY, daughter of Mr. and Mrs. O. W. McCoy of Iredell, will be married tonight (Friday) at 8:00 p. m. at Iredell Methodist Church to Charles St. Clair, son of Mr. and Mrs. W. G. St. Clair of Meridian. They will be at home following their marriage at Fort Worth, where he is employed at General Motors. The bride is a 1964 graduate of Iredell High School.

Community Cooperation To Feature Next Week's Humble TV Program

Brinker, the winning community in the Texas Rural Neighborhood Program, will be featured next week on Humble Oil & Refining Company's Texas in Review over 14 TV stations.

The program's featured film will show how 64 families in Brinker work together to better their community, improve their farming methods and beautify their farms. It is an interesting film showing what can be done when people work together.

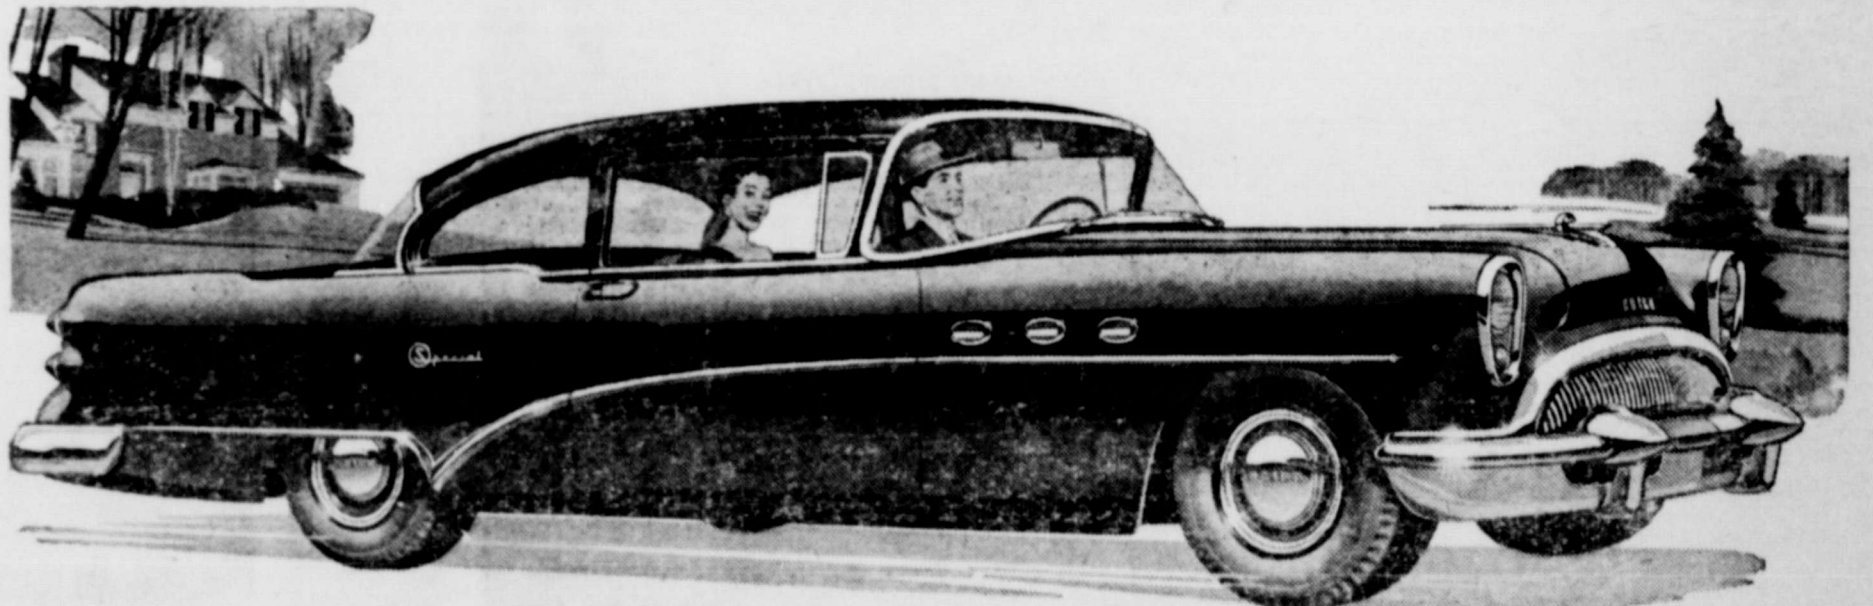

Other Texas happenings shown on the program include the Sidewalk Cattlemen's Association meeting in Austin and the State 4-H Round-Up in College Station.

Monday, June 14, Texas in Review can be seen over KRLD-TV, Dallas, at 9:00 p. m., WBAP-TV, Fort Worth at 8:00 p. m., and several other Texas Stations.

Tuesday June 15, the program will be carried by station KCEN-TV, Temple at 7:00 p. m.

More Wild Life.

Wild animals seem to take a liking to the rugged area west of Austin. There has been a panther scare for several months. Latest report is the appearance of a 33-inch long alligator—which walked out of Shoal Creek almost in the heart of this capitol city.

It's a BUICK! It's a V8!

It's only a few dollars more than the low-price cars!

Come In And Check The Price!
This **1954 BUICK SPECIAL**
2-Door, 6-Passenger Sedan
actually costs less than some
models of the "low-price three"!

No wonder
**Buick Sales
are Soaring!**

TAKE heart, good friend—you can buy a hit-of-the-year Buick if you can afford any new car.

And we'll gladly show our price tag to prove it.

For the price on this tag is the delivered price—the local price—of the new Buick SPECIAL 2-door, 6-passenger Sedan—and it's just a few dollars away from those of the so-called "low-price three"—lower, in fact, than even some models of those very same cars.

But look what this Buick price gets you! It gets you the very look of tomorrow in styling modernity, even to the spectacular new panoramic windshield that seems to outdate everything before it.

It gets you Buick V8 power—highest in

SPECIAL history—plus the economy of new Power-Head Pistons.

It gets you Buick room, Buick luxury, Buick size and structure and solidity—including of course, the famed Million Dollar Ride and a new precision in handling ease.

It gets you, too, solid and deep-down value.

For any way you look at it, you're money ahead with the car that's years-ahead now in looks and line and the lift of its power—and the car that's outselling every other car in America except two of the "low-price three."

Drop in today or the first thing tomorrow—just to try and to drive and to compare a new Buick. We'll let the car prove its points.

Emergency Funds Available

The emergency wind erosion control program for Texas has been given the green light by the Federal Government.

Texas, still plagued by the effects of a record drought, was apportioned an initial \$2,322,000 as its share of the total fifteen million allotted for five states. Other states receiving this type of relief are Colorado, Kansas, New Mexico and Oklahoma.

The first allocation was established in order to permit immediate action in controlling wind erosion in 75 counties of the State. Most of the low are in West Texas and the Panhandle areas. Further allocations have been promised as they are needed.

The funds are earmarked for use to supplement work already being carried out under the Agricultural Conservation Program. The cost of emergency control measures will be shared with individual farmers and ranchers. Through a combination of emergency and ACP funds, the farmer should be spared from very much "out of pocket" costs to himself. State and local committees have been authorized to increase the share to farmers in unusual emergency or hardship conditions.

The funds will apply in designated counties for such emergency

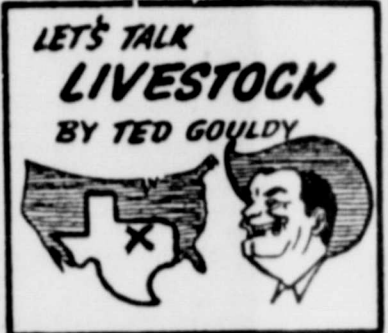

illage operations as deep plowing to bring clods up to the surface, contour listing and contour and cross-slope chiseling, and pit cultivation. Cost-sharing will also be available for emergency seedings of sweet sorghums, millet, and other locally adapted crops which provide a protective cover as soon as there is sufficient moisture.

The leveling of sand dunes or hummocks to prepare the land for seeding is also included as another emergency practice.

Eligible counties in alphabetical order are: Andrews, Armstrong, Bailey, Borden, Briscoe, Carson, Castro, Childress, Cochran, Coke, Collingsworth, Cottle, Crane, Crosby, Culberson.

Also Dallam, Dawson, Deaf Smith, Dickens, Donley, Ector, Fisher, Floyd, Foard, Gaines, Garza, Glasscock, Gray, Hale, Hall, Hansford, Hardeman, Hartley, Haskell, Hemphill, Hockley, Howard, Hutchinson, Irion, Jones, Kent, King, Knox, Lamb, Lipscomb, Loving, Lubbock, Lynn.

And Martin, Midland, Mitchell, Moore, Motley, Nolan, Ochiltree, Ogham, Parmer, Potter, Randall, Reagan, Reeves, Roberts, Scurry, Sherman, Sterling, Stonewall, Swisher, Terry, Tom Green, Upton, Ward, Wheeler, Wilbarger, Winkler, and Yoakum.

Stocker Prices Show Optimistic Thinking
Stocker and feeder cattle and calves of good or choice quality moved out at Fort Worth Monday at steady prices, and quality and fills considered, some spots were firm to strong. The desirable kind of steer calves cleared at \$20 to \$22 weekly, with a few to \$23. Last week some 327-pound steer calves reached \$24 which were consigned by Joy Lina White of McCulloch County.

On Monday some feeder steers of 991-pounds cashed at \$20. Stocker cows find a rather quiet trade, but most observers agree this is due in large part to the scarcity of good cows in the runs that are made up largely of cut-back, culls and aged cows.

In view of the approaching Summer season the good outlet for high grade stockers is considered exceptional by most interests on the market. However, of great importance has been the steady demand for huge quantities of beef over the country.

Mature steers, cows and bulls sold at prices about in line with the low side of last week's close at Fort Worth Monday. Good and choice fed steers and yearlings drew \$18 to \$23, some 811-lb. Foard County yearling sat \$23. Plain to medium grassers drew \$12 to \$17 while canner yearlings ranged down to \$9 or below.

Fat cows drew \$10 to \$13, a few higher. Canners and cutters brought \$6 to \$10. Bulls sold at \$9 to \$14. Good and choice fat calves cleared at \$16.50 to \$21, a few fancy heavies to the butcher trade at \$22. Common to medium butcher calves drew \$10 to \$15.50, and culls earned \$8 to \$10.

Spring Lambs Weak
Other Kinds Steady
Sheep and lambs cleared at prices that were unevenly steady on most kinds with the low close of the previous week, except new crop Spring lambs lost around \$1 per hundred.

Trade has been more quiet on stocker types of ewes as many potential buyers have been busy with farm work.

Good and choice Spring lambs topped at \$23 at Fort Worth Monday. Good to choice kinds sold from \$18 to \$23, with common and medium sorts \$12 to \$18, and culls \$10 to \$12. Shorn fat old crop lambs bulked at \$15 to \$16, a few to \$17. Common and medium kinds drew \$11 to \$14, with culls around \$10. Feeder old crop lambs drew \$14 to \$16 down.

Slaughter ewes bulked at \$5 to \$6. Old wethers sold for \$8 to \$11. Two-year-old muttons cashed at \$10 to \$13. Old bucks sold around \$4 to \$5.

Hogs picked themselves up off the mat for a 25 to 50 cent advance Monday and a top of \$26.50 at Fort Worth. Last week they closed at \$26, the lowest levels since March here.

Hogs of less desirable slaughter qualities and less attractive weights sold at \$23 to \$26.50. Sows cashed at \$18 to \$21.

It is not often we need shed a tear for the very efficient operators of our nation's meat business. They are very able and competent, and heaven help them is they were not!

However, last week they had our heartfelt sympathy! Last Friday the regional report

from the USDA that covers the East—and such cities as New York, Baltimore, Washington, Philadelphia and Boston—reported that in the late trade lamb carcasses were selling from \$2 higher to \$3 lower, while at the same interval pork was selling from \$3 higher to \$2 lower!

With a swing of 5 cents per pound in the wholesale prices of the same kind of meat in a single day, imagine if you can a poor packer buyer trying to buy livestock at Fort Worth that will sell next week in that densely populated area in the East!

Wow! There are times when I've wondered what cruel fate steered my bewildered steps into the news writing game—but last week I expect the gentlemen trying to operate the packing houses were really in a state of mind that made them dream of taking up beach-combing for a living!

Children Can Be Saved From Ice-Box Tragedies By Using Proper Caution

Between January, 1948, and January, 1954, 79 small children crawled into discarded iceboxes, refrigerators or home freezers, closed the doors and died tragic deaths by suffocation.

Furthermore, the potentiality for this type of tragedy is on the increase. There are more than 50 million iceboxes, refrigerators, freezers and other such airtight cabinets in use today.

The above figures have been released by the National Safety Council in connection with the "Discarded Refrigerator and Freezer Safety Drive," which got underway this week.

Community action and city ordinance or state law are being used to combat this hazard in many places. Parents should cooperate by warning their children of the dangers.

An essential condition for a refrigerator or freezer is that it must be airtight. Once the door is closed, which automatically latches it, whatever air is inside the box will be exhausted in a relatively short time.

Those responsible for discarded refrigerators, in communities where specific arrangements are not provided for hauling them away and destroying them, can render the abandoned boxes harmless in one of several ways.

It is better, of course, to destroy the box altogether. Above all, parents are urged to warn their children of the hazards involved in playing around these death traps.

Now is the "season" for abandoned refrigerator accidents. May through September have proved to be the critical months, when children are out of school and playing outdoors.

Summer Vacationists Should Avoid Danger of Contaminated Water

Austin, June 10.—One of the most important factors contributing to the well-being of summer vacationists is a safe and healthful water supply. Contaminated water is the annual cause of much sickness and many fatalities.

Dr. Henry A. Hollie, State Health Officer, stated this week that most municipal water supplies in Texas are periodically inspected and samples submitted to the State or local public health laboratories for examination.

"Families away from home on picnics, excursions, or vacation trips," Dr. Hollie said, should either ascertain that their water supply is safe or they should make it safe for human consumption.

If drinking water is obtained from a private well, Dr. Hollie advised vacationists to look for these protective features: a well-site protected from flooding with good drainage, and a concrete platform surrounding the pump.

"Texas big dairy industry opened up a 30-day campaign, whooping it up about how much dairy products mean to the state's people. Included in the program were guided tours through model dairy farms, speeches, menus on the newspaper food pages, exhibits, and advertising."

County School Nurse Ends Third Year Of Special Services

The public school nurse, as provided by the Foundation School Program Act in 1949, has completed its third year of service to Hamilton County children, according to a prepared news release to the News Review from Forest O. Harper, county superintendent.

Such special service units are allotted by the State on a basis of one for each twenty teachers. Schools with less than twenty cooperative agreements and share teachers are permitted to form a unit which in turn is hired by the county board and operates from the county superintendent's office.

Schools using the nurse this year have been: Shive, Aleman, Fairy, Indian Gap, Carlton, Ho, and Pottsville. Mrs. Robert Williams served as school nurse.

Each child in the above named schools had the privilege of having the following health services: Two general health checks of height, weight, dental health, etc. one in the fall and one in the spring.

Another phase of the program has to do with immunization. A survey this year revealed that over 300 children in the participating schools have never had the small pox vaccination.

In response to the growing complexity of our American way of life, school patrons are urged by Superintendent Harper to give due consideration toward what is best for the protection of our children's overall health needs.

JAMISON FAMILY HAS REUNION AT HEAD PARK ON BOSQUE RIVER

All eight children of the Jamison family were present for a family reunion held last Friday, Saturday and Sunday at Head Park on the Bosque River. Plans were set for next year some time in June. No definite date was set.

Those attending were Mr. and Mrs. Arnold Jamison, Bobbie Lee and Robert, Mr. and Mrs. Isom Ferguson, Nelva Joy, Harold and Carroll, Mr. and Mrs. Leidro Jamison, Mr. and Mrs. Lofon Jamison, Glen, Diana and Junior, all of Lamesa; Mr. and Mrs. Olton Jamison and Kay, Big Spring; Mr. and Mrs. Vernon Jamison and Leon, Lariat; Mr. and Mrs. Mack Moore and Faburn, Morgan Mill; Mrs. Lonesha Adkison and Mr. and Mrs. Roy Adkison and Royce, Hico.

All enjoyed a good time together. Dairymen to Promote Industry. June is dairy month. Dairymen of Texas will contribute two cents per hundred weight of milk and one-half a cent per pound butterfat in cream they sell this month to the state ADA headquarters in Austin.

Sam Von Rosenberg, state manager of the American Dairy Association of Texas says that it is a voluntary plan proposed to the 30,000 milk producers in the state, to provide \$160,000 annually to promote an increase in the sale of milk, butter, ice cream, cheese and other dairy products through advertising.

Three Texas Cities Scheduled for Testing Of Atomic Defenses

Austin, June 9.—The eyes of Texas will be on the three largest cities of this state June 14-15, a period in which Houston, Dallas and Fort Worth will get their biggest testing so far of atomic defenses.

The beginning of the test will come with a hypothetical bombing in the down-town areas of the three cities. There will be no actual explosions, although follow-up operations will be as realistic as possible.

On duty will be complete staffs of the three city Civil Defense units. Also on the job will be corresponding staffs of State Disaster Districts and the State Defense and Disaster Relief Council at Austin.

William L. McGill, State Coordinator of Civil Defense and Disaster Relief, said each of the Civil Defense Directors in the three Texas Cities have indicated that they are planning full-scale operations which will include varying degrees of public participation such as the sounding of warnings, taking shelter and evacuation.

McGill added that no actual movement of materials, manpower and supplies will be involved in the test on a state level. However, all requests for aid, damage and other messages will be carried through various channels of communications used in the state's civil defense system as a means of testing their efficiency.

"We want to make the exercise as realistic as possible," he noted. "As a result, we will simulate the use of only those resources known to be available at the time of—and following—the hypothetical attack."

McGill also said that at least four values should be gained from the test: 1. The promotion of increased operational capability, more training and additional interest in civil defense at all levels.

2. The testing of air raid warning systems and communications systems for capabilities and/or deficiencies.

3. The testing of traffic control procedures for vehicles and pedestrians alike, in addition to education of the public in the need for seeking shelter and/or evacuating just before an attack.

4. The coordination of operational procedures and standards at city, district and state levels.

Dallas, Fort Worth and Houston have been selected among 42 in the United States and its territories as part of an International Test Exercise, "Operation Alert," by the Federal Civil Defense Administration.

Survey Under Way Preliminary to Setting Game Harvest Seasons

Austin, June 8.—The Executive Secretary of the Game and Fish Commission said staff employees in various parts of the state are making studies preliminary to setting major game harvest seasons at all levels.

The Commission will meet in Austin in July to make its recommendations on waterfowl, white-winged dove and mourning dove regulations to the United States Fish and Wildlife Service which sets the seasons.

At the same time, the Commission will determine harvest specifications for areas where it has regulatory powers, including the major zones West of the Pecos and in the Panhandle and in smaller regions at scattered points in the state.

The season on big game and quail for the state at large are set by law. Now, Commission staffers are surveying the antelope herds, checking potential whitewing flights in Mexico and inventorying mourning doves.

Meanwhile, meetings between sportsmen and Commission representatives are going ahead in the Panhandle, West of the Pecos and in smaller areas over which the Commission has regulatory authority to determine harvest dimensions on the basis of current developments.

Data likewise is being accumulated, according to the Executive Secretary, to background the state's recommendations to Federal authorities on the duck and goose seasons.

The Director of Wildlife Restoration, W. C. Glazener, reported that the first completed census—that on antelope in the Big Bend area—indicates possibility of too few mature bucks to warrant an open season there this fall. The area has been scourged by drought.

The aerial survey in the Panhandle, which last year had its first antelope hunt in modern times after successful restocking is just getting underway.

Whitewing dove studies in the Rio Grande Valley and in the area southward in Mexico where the fleet birds sometimes concentrate, have been rather pessimistic to date, according to Glazener. The whitewing population, harassed by habitat shrinkage, reached an all-time low last fall and the annual harvest was disappointing.

IT'S THE LAW in Texas A public service feature of the State Bar of Texas

ESTATE PLANNING PROBLEMS DISCUSSED

Many legal problems arise in deciding how to distribute a person's estate after his death. Naturally, large estates present more difficulties, but even the smallest of estates may cause trouble for the heirs if proper arrangements are not made prior to death of the owner.

Where larger estates are concerned, the question of estate taxes is often the greatest problem. Expert help is required to make proper decisions. A lawyer can be of considerable assistance in advising a client how to bequeath his estate so as to take care of his loved ones and at the same time to effect maximum savings in estate taxes.

To illustrate, suppose John Doe and his wife have amassed community property worth \$200,000. John wants his wife to be well taken care of during her lifetime. To save an attorney's fee he writes his own will leaving everything to his wife. He dies soon thereafter and his wife dies six years later. The federal estate taxes on his one-half of the \$200,000 estate amount to \$4,800.

When the wife dies her estate is worth her original one-half of \$200,000 (\$100,000) plus the estate she inherited from her husband, \$95,200. The federal estate tax on her estate, enhanced by what her husband had left her, is \$31,200. If instead of leaving the property to his wife he had left her the income from it for life (the remainder to go to their children upon her death), her taxable estate would have been only \$100,000. The federal estate tax thereon would have been \$4,800.

There would have been a tax saving of \$26,000 (\$31,200 less \$4,800, the tax on her \$100,000 estate). Yet the wife, during her lifetime, would have been well provided for. She would have had \$100,000 (her half of the community estate) plus the income from her husband's half of the community (\$100,000 less estate tax thereon of \$4,800).

Many a man has worked hard and lived frugally all his life in an attempt to provide for his loved ones long corridors of security stretching far into the future but has cheated them of the full benefits of his efforts by failing to plan properly. Perhaps he has failed to make a will. Maybe he has undertaken to write his own will with the result that it fails to take into account contingencies that did not occur to him, or he has prepared a will that is so artlessly drawn that those he loved most become involved in bitter lawsuits. Such legal controversies over estates are wasteful and often leave scars that rankle for years.

The drafting of a will involves the making of decisions requiring special judgment which can be obtained only by years of training and study. Only the practicing lawyer can avoid the enumerable pitfalls and advise the course best

sued for each individual. A free pamphlet containing useful information on wills and related matters may be obtained by sending your name and address on a postcard to State Bar of Texas, Colorado at Fifteenth, Austin 1, Texas.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)
